The Bonds are special and limited obligations of the City, payable solely from and secured solely by the Trust Estate, including the Pledged Revenues and the Pledged Funds; and the Bonds shall never be payable out of funds raised or to be raised by taxation or from any other revenues, properties or income of the City.

Section 2.3. Authorization for Indenture.

The terms and provisions of this Indenture and the execution and delivery hereof by the City to the Trustee have been duly authorized by official action of the City Council of the City. The City has ascertained and it is hereby determined and declared that the execution and delivery of this Indenture is necessary to carry out and effectuate the purposes set forth in the preambles of this Indenture and that each and every covenant or agreement herein contained and made is necessary, useful or convenient in order to better secure the Bonds and is a contract or agreement necessary, useful and convenient to carry out and effectuate the purposes herein described.

Section 2.4. Contract with Owners and Trustee.

(a) The purposes of this Indenture are to establish a lien and the security for, and to prescribe the minimum standards for the authorization, issuance, execution and delivery of, the Bonds and to prescribe the rights of the Owners, and the rights and duties of the City and the Trustee.

(b) In consideration of the purchase and acceptance of any or all of the Bonds by those who shall purchase and hold the same from time to time, the provisions of this Indenture shall be a part of the contract of the City with the Owners, and shall be deemed to be and shall constitute a contract among the City, the Owners, and the Trustee.

Such interest shall be payable semiannually on March 1 and September 1 of each year, commencing September 1, 2023, computed on the basis of a 360-day year of twelve 30-day months.

(c) The Bonds shall mature on September 1 in the years and in the principal amounts and shall bear interest as set forth below:

<u>Year</u>	<u>Principal Amount(\$)</u>	<u>Interest Rate (%)</u>
-------------	---------------------------------	------------------------------

<u>Year</u>	<u>Principal Amount(\$)</u>	<u>Interest Rate (%)</u>

(d) The Bonds shall be subject to mandatory sinking fund redemption, optional redemption, and extraordinary optional redemption prior to maturity as provided in Article IV herein, and shall otherwise have the terms, tenor, denominations, details, and specifications as set forth in the form of Bond set forth in Exhibit A to this Indenture.

Section 3.3. Conditions Precedent to Delivery of Bonds.

(a) The Bonds shall be executed by the City and delivered to the Trustee, whereupon the Trustee shall authenticate the Bonds and, upon payment of the purchase price of the Bonds, shall deliver the Bonds upon the order of the City, but only upon delivery to the Trustee of:

- (i) a copy of the executed Assessment Ordinance;
- (ii) a copy of the executed Bond Ordinance;
- (iii) a copy of the executed PID Reimbursement Agreement;
- (iv) a copy of the executed Construction, Funding, and Acquisition Agreement;
- (v) a copy of this Indenture executed by the Trustee and the City; and

(vi) a City Certificate directing the authentication and delivery of the Bonds, describing the Bonds to be authenticated and delivered, designating the purchasers to whom the Bonds are to be delivered, stating the purchase price of the Bonds and stating that all items required by this Section are therewith delivered to the Trustee in form and substance satisfactory to the City.

Section 3.4. Medium, Method and Place of Payment.

(a) Principal of and interest on the Bonds shall be paid in lawful money of the United States of America, as provided in this Section.

(b) Interest on the Bonds shall be payable to the Owners thereof as shown in the Register at the close of business on the relevant Record Date; provided, however, that in the event of nonpayment of interest on a scheduled Interest Payment Date, and for thirty (30) days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Trustee, if and when funds for the payment of such interest have been received from or on behalf of the City. Notice of the Special Record Date and of the scheduled payment date of the past due interest (the "Special Payment Date," which shall be fifteen (15) days after the Special Record Date) shall be sent at least five (5) Business Days prior to the Special Record Date by United States mail, first-class, postage prepaid, to the address of each Owner of a Bond appearing on the books of the Trustee at the close of business on the last Business Day preceding the date of mailing such notice.

(c) Interest on the Bonds shall be paid by check, dated as of the Interest Payment Date, and sent, United States mail, first-class, postage prepaid, by the Paying Agent/Registrar to each Owner at the address of each Owner as such appears in the Register or by such other customary banking arrangement acceptable to the Paying Agent/Registrar and the Owner; provided, however, the Owner shall bear all risk and expense of such other banking arrangement.

(d) The principal of each Bond shall be paid to the Owner of such Bond on the due date thereof, whether at the maturity date or the date of prior redemption thereof, upon presentation and surrender of such Bond at the Designated Payment/Transfer Office of the Paying Agent/Registrar.

(e) If the date for the payment of the principal of or interest on the Bonds shall be a Saturday, Sunday, legal holiday, or day on which banking institutions in the city where the Designated Payment/Transfer Office of the Paying Agent/Registrar is located are required or authorized by law or executive order to close, the date for such payment shall be the next succeeding day that is not a Saturday, Sunday, legal holiday, or day on which such banking institutions are required or authorized to close, and payment on such date shall for all purposes be deemed to have been made on the due date thereof as specified in Section 3.2 of this Indenture.

(f) Unclaimed payments of amounts due hereunder shall be segregated in a special account and held in trust, uninvested by the Paying Agent/Registrar, for the account of the Owner of the Bonds to which such unclaimed payments pertain. Subject to any escheat, abandoned property, or similar law of the State of Texas, any such payments remaining unclaimed by the Owners entitled thereto for two (2) years after the applicable payment or redemption date shall be applied to the next payment or payments on such Bonds thereafter coming due and, to the extent any such money remains after the retirement of all Outstanding Bonds, shall be paid to the City to be used for any lawful purpose. Thereafter, none of the City, the Paying Agent/Registrar, or any other Person shall be liable or responsible to any Owners of such Bonds for any further payment of such unclaimed moneys or on account of any such Bonds, subject to any applicable escheat law or similar law of the State of Texas.

Section 3.5. Execution and Registration of Bonds.

(a) The Bonds shall be executed on behalf of the City by the Mayor or Mayor Pro Tem and City Secretary by their manual or facsimile signatures, and the official seal of the City shall be impressed or placed in facsimile thereon. Such facsimile signatures on the Bonds shall have the same effect as if each of the Bonds had been signed manually and in person by each of such officers, and such facsimile seal on the Bonds shall have the same effect as if the official seal of the City had been manually impressed upon each of the Bonds.

(b) In the event that any officer of the City whose manual or facsimile signature appears on the Bonds ceases to hold such office before the authentication of such Bonds or before the delivery thereof, such manual or facsimile signature nevertheless shall be valid and sufficient for all purposes as if such officer had remained in such office.

(c) Except as provided below, no Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit of this Indenture unless and until there appears thereon the

Certificate of Trustee substantially in the form provided herein, duly authenticated by manual execution by an officer or duly authorized signatory of the Trustee. It shall not be required that the same officer or authorized signatory of the Trustee sign the Certificate of Trustee on all of the Bonds. In lieu of the executed Certificate of Trustee described above, the Initial Bond delivered at the Closing Date shall have attached thereto the Comptroller's Registration Certificate substantially in the form provided herein, manually executed by the Comptroller of Public Accounts of the State of Texas, or by his or her duly authorized agent, which certificate shall be evidence that the Initial Bond has been duly approved by the Attorney General of the State of Texas, is a valid and binding obligation of the City, and has been registered by the Comptroller of Public Accounts of the State of Texas.

(d) On the Closing Date, one Initial Bond representing the entire principal amount of all Bonds, payable in stated installments to the Purchaser, or its designee, executed with the manual or facsimile signatures of the Mayor or Mayor Pro Tem and the City Secretary approved by the Attorney General, and registered and manually signed by the Comptroller of Public Accounts, will be delivered to the Purchaser or its designee. Upon payment for the Initial Bond, the Trustee shall cancel the Initial Bond and deliver to DTC on behalf of the Purchaser one registered definitive Bond for each year of maturity of the Bonds, in the aggregate principal amount of all Bonds for such maturity, registered in the name of Cede & Co., as nominee of DTC.

Section 3.6. Ownership.

(a) The City, the Trustee, the Paying Agent/Registrar and any other Person may treat the Person in whose name any Bond is registered as the absolute owner of such Bond for the purpose of making and receiving payment as provided herein (except interest shall be paid to the Person in whose name such Bond is registered on the relevant Record Date) and for all other purposes, whether or not such Bond is overdue, and neither the City nor the Trustee, nor the Paying Agent/Registrar, shall be bound by any notice or knowledge to the contrary.

(b) All payments made to the Owner of any Bond shall be valid and effectual and shall discharge the liability of the City, the Trustee and the Paying Agent/Registrar upon such Bond to the extent of the sums paid.

Section 3.7. Registration, Transfer and Exchange.

(a) So long as any Bond remains Outstanding, the City shall cause the Paying Agent/Registrar to keep at the Designated Payment/Transfer Office a Register in which, subject to such reasonable regulations as it may prescribe, the Paying Agent/Registrar shall provide for the registration and transfer of Bonds in accordance with this Indenture. The Paying Agent/Registrar represents and warrants that it will file and maintain a copy of the Register with the City, and shall cause the Register to be current with all registration and transfer information as from time to time may be applicable.

(b) A Bond shall be transferable only upon the presentation and surrender thereof at the Designated Payment/Transfer Office of the Paying Agent/Registrar with such endorsement or other evidence of transfer as is acceptable to the Paying Agent/Registrar. No transfer of any Bond shall be effective until entered in the Register.

(c) The Bonds shall be exchangeable upon the presentation and surrender thereof at the Designated Payment/Transfer Office of the Paying Agent/Registrar for a Bond or Bonds of the same maturity and bearing the same interest rate and in any Authorized Denomination and in an aggregate principal amount equal to the unpaid principal amount of the Bond presented for exchange.

(d) The Trustee is hereby authorized to authenticate and deliver Bonds transferred or exchanged for other Bonds in accordance with this Section. A new Bond or Bonds will be delivered by the Paying Agent/Registrar, in lieu of the Bond being transferred or exchanged, at the Designated Payment/Transfer Office, or sent by United States mail, first-class, postage prepaid, to the Owner or his designee. Each transferred Bond delivered by the Paying Agent/Registrar in accordance with this Section shall constitute an original contractual obligation of the City and shall be entitled to the benefits and security of this Indenture to the same extent as the Bond or Bonds in lieu of which such transferred Bond is delivered.

(e) Each exchange Bond delivered in accordance with this Section shall constitute an original contractual obligation of the City and shall be entitled to the benefits and security of this Indenture to the same extent as the Bond or Bonds in lieu of which such exchange Bond is delivered.

(f) No service charge shall be made to the Owner for the initial registration, subsequent transfer, or exchange for a different Authorized Denomination of any of the Bonds. The Paying Agent/Registrar, however, may require the Owner to pay a sum sufficient to cover any tax or other governmental charge that is authorized to be imposed in connection with the registration, transfer, or exchange of a Bond.

(g) Neither the City nor the Paying Agent/Registrar shall be required to issue, transfer, or exchange any Bond or portion thereof called for redemption prior to maturity within forty-five (45) days prior to the date fixed for redemption; provided, however, such limitation shall not be applicable to an exchange by the Owner of the uncalled principal balance of a Bond redeemed in part.

Section 3.8. Cancellation.

All Bonds paid or redeemed before scheduled maturity in accordance with this Indenture, and all Bonds in lieu of which exchange Bonds or replacement Bonds are authenticated and delivered in accordance with this Indenture, shall be cancelled, and proper records shall be made regarding such payment, redemption, exchange, or replacement. The Paying Agent/Registrar shall dispose of cancelled Bonds in accordance with the records retention requirements of the Trustee.

Section 3.9. Temporary Bonds.

(a) Following the delivery and registration of the Initial Bond and pending the preparation of definitive Bonds, the proper officers of the City may execute and, upon the City's request, the Trustee shall authenticate and deliver, one or more temporary Bonds that are printed, lithographed, typewritten, mimeographed or otherwise produced, in any denomination, substantially of the tenor of the definitive Bonds in lieu of which they are delivered, without coupons, and with such appropriate insertions, omissions, substitutions and other variations as

the officers of the City executing such temporary Bonds may determine, as evidenced by their signing of such temporary Bonds.

(b) Until exchanged for Bonds in definitive form, such Bonds in temporary form shall be entitled to the benefit and security of this Indenture.

(c) The City, without unreasonable delay, shall prepare, execute and deliver to the Trustee the Bonds in definitive form; thereupon, upon the presentation and surrender of the Bond or Bonds in temporary form to the Paying Agent/Registrar, the Paying Agent/Registrar shall cancel the Bonds in temporary form and the Trustee shall authenticate and deliver in exchange therefor a Bond or Bonds of the same maturity and series, in definitive form, in the Authorized Denomination, and in the same aggregate principal amount, as the Bond or Bonds in temporary form surrendered. Such exchange shall be made without the making of any charge therefor to any Owner.

Section 3.10. Replacement Bonds.

(a) Upon the presentation and surrender to the Paying Agent/Registrar of a mutilated Bond, the Trustee shall authenticate and deliver in exchange therefor a replacement Bond of like tenor and principal amount, bearing a number not contemporaneously outstanding. The City or the Paying Agent/Registrar may require the Owner of such Bond to pay a sum sufficient to cover any tax or other governmental charge that is authorized to be imposed in connection therewith and any other expenses connected therewith.

(b) In the event that any Bond is lost, apparently destroyed or wrongfully taken, the Trustee, pursuant to the applicable laws of the State of Texas and in the absence of notice or knowledge that such Bond has been acquired by a bona fide purchaser, shall authenticate and deliver a replacement Bond of like tenor and principal amount bearing a number not contemporaneously outstanding, provided that the Owner first complies with the following requirements:

(i) furnishes to the Paying Agent/Registrar satisfactory evidence of his or her ownership of and the circumstances of the loss, destruction or theft of such Bond;

(ii) furnishes such security or indemnity as may be required by the Paying Agent/Registrar and the Trustee to save them and the City harmless;

(iii) pays all expenses and charges in connection therewith, including, but not limited to, printing costs, legal fees, fees of the Trustee and the Paying Agent/Registrar and any tax or other governmental charge that is authorized to be imposed; and

(iv) satisfies any other reasonable requirements imposed by the City and the Trustee.

(c) After the delivery of such replacement Bond, if a bona fide purchaser of the original Bond in lieu of which such replacement Bond was issued presents for payment such original Bond, the City and the Paying Agent/Registrar shall be entitled to recover such replacement Bond from the Person to whom it was delivered or any Person taking therefrom, except a bona fide purchaser, and shall be entitled to recover upon the security or indemnity

provided therefor to the extent of any loss, damage, cost, or expense incurred by the City, the Paying Agent/Registrar or the Trustee in connection therewith.

(d) In the event that any such mutilated, lost, apparently destroyed or wrongfully taken Bond has become or is about to become due and payable, the Paying Agent/Registrar, in its discretion, instead of issuing a replacement Bond, may pay such Bond if it has become due and payable or may pay such Bond when it becomes due and payable.

(e) Each replacement Bond delivered in accordance with this Section shall constitute an original additional contractual obligation of the City and shall be entitled to the benefits and security of this Indenture to the same extent as the Bond or Bonds in lieu of which such replacement Bond is delivered.

Section 3.11. Book-Entry Only System.

The Bonds shall initially be issued in book-entry-only form and shall be deposited with DTC, which is hereby appointed to act as the securities depository therefor, in accordance with the letter of representations from the City to DTC. On the Closing Date, the definitive Bonds shall be issued in the form of a single typewritten certificate for each maturity thereof registered in the name of Cede & Co., as nominee for DTC.

With respect to Bonds registered in the name of Cede & Co., as nominee of DTC, the City and the Paying Agent/Registrar shall have no responsibility or obligation to any DTC Participant or to any Person on behalf of whom such a DTC Participant holds an interest in the Bonds. Without limiting the immediately preceding sentence, the City and the Paying Agent/Registrar shall have no responsibility or obligation with respect to (i) the accuracy of the records of DTC, Cede & Co. or any DTC Participant with respect to any ownership interest in the Bonds, (ii) the delivery to any DTC Participant or any other Person, other than an Owner, as shown on the Register, of any notice with respect to the Bonds, including any notice of redemption, or (iii) the payment to any DTC Participant or any other Person, other than an Owner, as shown in the Register of any amount with respect to principal of, premium, if any, or interest on the Bonds. Notwithstanding any other provision of this Indenture to the contrary, the City and the Paying Agent/Registrar shall be entitled to treat and consider the Person in whose name each Bond is registered in the Register as the absolute owner of such Bond for the purpose of payment of principal of, premium, if any, and interest on Bonds, for the purpose of giving notices of redemption and other matters with respect to such Bond, for the purpose of registering transfer with respect to such Bond, and for all other purposes whatsoever. The Paying Agent/Registrar shall pay all principal of, premium, if any, and interest on the Bonds only to or upon the order of the respective Owners as shown in the Register, as provided in this Indenture, and all such payments shall be valid and effective to fully satisfy and discharge the City's obligations with respect to payment of principal of, premium, if any, and interest on the Bonds to the extent of the sum or sums so paid. No Person other than an Owner, as shown in the Register, shall receive a Bond certificate evidencing the obligation of the City to make payments of amounts due pursuant to this Indenture. Upon delivery by DTC to the Paying Agent/Registrar of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions in this Indenture with respect to interest checks or drafts being mailed to the registered owner at the close of business on the relevant Record Date, the word "Cede & Co." in this Indenture shall refer to such new nominee of DTC.

Section 3.12. Successor Securities Depository: Transfer Outside Book-Entry-Only System.

In the event that the City determines that DTC is incapable of discharging its responsibilities described herein and in the letter of representations from the City to DTC, the City shall (i) appoint a successor securities depository, qualified to act as such under Section 17A of the Securities and Exchange Act of 1934, as amended, and notify DTC and DTC Participants of the appointment of such successor securities depository and transfer one or more separate Bonds to such successor securities depository; or (ii) notify DTC and DTC Participants of the availability through DTC of certificated Bonds and cause the Paying Agent/Registrar to transfer one or more separate registered Bonds to DTC Participants having Bonds credited to their DTC accounts. In such event, the Bonds shall no longer be restricted to being registered in the Register in the name of Cede & Co., as nominee of DTC, but may be registered in the name of the successor securities depository, or its nominee, or in whatever name or names Owners transferring or exchanging Bonds shall designate, in accordance with the provisions of this Indenture.

Section 3.13. Payments to Cede & Co.

Notwithstanding any other provision of this Indenture to the contrary, so long as any Bonds are registered in the name of Cede & Co., as nominee of DTC, all payments with respect to principal of, premium, if any, and interest on such Bonds, and all notices with respect to such Bonds shall be made and given, respectively, in the manner provided in the blanket letter of representations from the City to DTC.

(b) At least forty-five (45) days prior to each mandatory sinking fund redemption date, and subject to any prior reduction authorized by subparagraphs (c) and (d) of this Section 4.2, the Trustee shall select a principal amount of Bonds (in accordance with Section 4.5) of such maturity equal to the Sinking Fund Installment amount of such Bonds to be redeemed, shall call such Bonds for redemption on such scheduled mandatory sinking fund redemption date, and shall give notice of such redemption, as provided in Section 4.6.

(c) The principal amount of Bonds of a Stated Maturity required to be redeemed on any mandatory sinking fund redemption date pursuant to subparagraph (a) of this Section 4.2 shall be reduced, at the option of the City, by the principal amount of any Bonds of such maturity which, at least forty-five (45) days prior to the mandatory sinking fund redemption date shall have been acquired by the City at a price not exceeding the principal amount of such Bonds plus

accrued and unpaid interest to the date of purchase thereof, and delivered to the Trustee for cancellation.

(d) The principal amount of Bonds required to be redeemed on any mandatory sinking fund redemption date pursuant to subparagraph (a) of this Section 4.2 shall be reduced on a pro rata basis among Sinking Fund Installments by the principal amount of any Bonds which, at least forty-five (45) days prior to the mandatory sinking fund redemption date, shall have been redeemed pursuant to the optional redemption or extraordinary optional redemption provisions hereof and not previously credited to a mandatory sinking fund redemption.

Section 4.3. Optional Redemption.

The City reserves the right and option to redeem Bonds maturing on or after September 1, 20__, before their respective scheduled maturity date, in whole or in part, on any date on or after September 1, 20__ at the Redemption Price.

Section 4.4. Extraordinary Optional Redemption.

Notwithstanding any provision in this Indenture to the contrary, the City reserves the right and option to redeem Bonds before their respective scheduled maturity dates, in whole or in part and in an amount and on any date specified in a City Certificate, at the Redemption Price of such Bonds, or portions thereof, to be redeemed plus accrued interest to the date of redemption from amounts on deposit in the Redemption Fund as a result of Prepayments (including related transfers to the Redemption Fund made pursuant to Sections 6.3(d), 6.7(b), or 6.7(d)), any other transfers to the Redemption Fund under the terms of this Indenture, or as a result of unexpended amounts transferred from the Project Fund pursuant to the terms of this Indenture. The City will provide the Trustee a City Certificate directing the Bonds to be redeemed pursuant to this Section 4.4, and in accordance with the provisions Section 4.5 hereof.

Section 4.5. Partial Redemption.

(a) If less than all of the Bonds are to be redeemed pursuant to Sections 4.2, 4.3, or 4.4, Bonds shall be redeemed in minimum principal amounts of \$1,000 or any integral multiple thereof. Each Bond shall be treated as representing the number of Bonds that is obtained by dividing the principal amount of such Bond by \$1,000. No redemption shall result in a Bond in a denomination of less than the Authorized Denomination in effect at that time; provided, however, if the amount of the Outstanding Bond is less than an Authorized Denomination after giving effect to such partial redemption, a Bond in the principal amount equal to the unredeemed portion, but not less than \$1,000, may be issued.

(b) In selecting the Bonds to be redeemed pursuant to Section 4.2, the Trustee may select Bonds in any method that results in a random selection.

(c) In selecting the Bonds to be redeemed pursuant to Section 4.3, the Trustee may rely on the directions provided in a City Certificate.

(d) If less than all of the Bonds are called for extraordinary optional redemption pursuant to Section 4.4 hereof, the Bonds to be redeemed shall be selected in the following manner:

(i) with respect to a Substantial Amount Redemption, the principal amount called for redemption shall be allocated on a pro rata basis among all Outstanding Bonds of all maturities; and

(ii) with respect to a Minor Amount Redemption, the Outstanding Bonds of all maturities shall be redeemed in inverse order of maturity.

(e) Upon surrender of any Bond for redemption in part, the Trustee in accordance with Section 3.7 of this Indenture, shall authenticate and deliver an exchange Bond or Bonds in an aggregate principal amount equal to the unredeemed portion of the Bond so surrendered, such exchange being without charge.

Section 4.6. Notice of Redemption to Owners.

(a) The Trustee shall give notice of any redemption of Bonds by sending notice by United States mail, first-class, postage prepaid, not less than thirty (30) days before the date fixed for redemption, to the Owner of each Bond or portion thereof to be redeemed, at the address shown in the Register. So long as the Bonds are in book-entry-only form and held by DTC as security depository, references to Owner in this Indenture means Cede & Co., as nominee for DTC.

(b) The notice shall state the redemption date, the Redemption Price, the place at which the Bonds are to be surrendered for payment, and, if less than all the Bonds Outstanding are to be redeemed, and subject to Section 4.5 hereof, an identification of the Bonds or portions thereof to be redeemed, any conditions to such redemption and that on the redemption date, if all conditions, if any, to such redemption have been satisfied, such Bond shall become due and payable.

(c) Any notice given as provided in this Section shall be conclusively presumed to have been duly given, whether or not the Owner receives such notice.

(d) The City has the right to rescind any optional redemption or extraordinary optional redemption described in Section 4.3 or 4.4 by written notice to the Trustee on or prior to the date fixed for redemption. Any notice of redemption shall be cancelled and annulled if for any reason funds are not available on the date fixed for redemption for the payment in full of the Bonds then called for redemption, and such cancellation shall not constitute an Event of Default under the Indenture. The Trustee shall mail notice of rescission of redemption in the same manner notice of redemption was originally provided.

(e) With respect to any optional redemption of the Bonds, unless the Trustee has received funds sufficient to pay the Redemption Price of the Bonds to be redeemed before giving of a notice of redemption, the notice may state the City may condition redemption on the receipt of such funds by the Trustee on or before the date fixed for the redemption, or on the satisfaction of any other prerequisites set forth in the notice of redemption. If a conditional notice of redemption is given and such prerequisites to the redemption are not satisfied and sufficient funds are not received, the notice shall be of no force and effect, the City shall not redeem the Bonds and the Trustee shall give notice, in the manner in which the notice of redemption was given, that the Bonds have not been redeemed.

Section 4.7. Payment Upon Redemption.

(a) The Trustee shall make provision for the payment of the Bonds to be redeemed on such date by setting aside and holding in trust an amount from the Redemption Fund or otherwise received by the Trustee from the City and shall use such funds solely for the purpose of paying the Redemption Price on the Bonds being redeemed.

(b) Upon presentation and surrender of any Bond called for redemption at the Designated Payment/Transfer Office of the Trustee on or after the date fixed for redemption, the Trustee shall pay the Redemption Price on such Bond to the date of redemption from the moneys set aside for such purpose.

Section 4.8. Effect of Redemption.

Notice of redemption having been given as provided in Section 4.6 of this Indenture, the Bonds or portions thereof called for redemption shall become due and payable on the date fixed for redemption provided that funds for the payment of the Redemption Price of such Bonds to the date fixed for redemption are on deposit with the Trustee; thereafter, such Bonds or portions thereof shall cease to bear interest from and after the date fixed for redemption, whether or not such Bonds are presented and surrendered for payment on such date.

ARTICLE V

FORM OF THE BONDS

Section 5.1. Form Generally.

(a) The Bonds, including the Registration Certificate of the Comptroller of Public Accounts of the State of Texas, the Certificate of the Trustee, and the Assignment to appear on each of the Bonds, (i) shall be substantially in the form set forth in Exhibit A to this Indenture with such appropriate insertions, omissions, substitutions, and other variations as are permitted or required by this Indenture, and (ii) may have such letters, numbers, or other marks of identification (including identifying numbers and letters of the Committee on Uniform Securities Identification Procedures of the American Bankers Association) and such legends and endorsements (including any reproduction of an opinion of counsel) thereon as, consistently herewith, may be determined by the City or by the officers executing such Bonds, as evidenced by their execution thereof.

(b) Any portion of the text of any Bonds may be set forth on the reverse side thereof, with an appropriate reference thereto on the face of the Bonds.

(c) The definitive Bonds shall be typewritten, printed, lithographed, or engraved, and may be produced by any combination of these methods or produced in any other similar manner, all as determined by the officers executing such Bonds, as evidenced by their execution thereof.

(d) The Initial Bond submitted to the Attorney General of the State of Texas may be typewritten and photocopied or otherwise reproduced.

Section 5.2. CUSIP Registration.

The City may secure identification numbers through the CUSIP Services, managed by S&P Global Market Intelligence on behalf of The American Bankers Association, New York, New York, and may authorize the printing of such numbers on the face of the Bonds. It is expressly provided, however, that the presence or absence of CUSIP numbers on the Bonds shall be of no significance or effect as regards the legality thereof; and none of the City, the Trustee, nor the attorneys approving the Bonds as to legality are to be held responsible for CUSIP numbers incorrectly printed on the Bonds. The Trustee may include in any redemption notice a statement to the effect that the CUSIP numbers on the Bonds have been assigned by an independent service and are included in such notice solely for the convenience of the Owners of the Bonds and that neither the City nor the Trustee shall be liable for any inaccuracies of such numbers.

Section 5.3. Legal Opinion.

The approving legal opinion of Bond Counsel may be printed on or attached to each Bond over the certification of the City Secretary of the City, which may be executed in facsimile.

ARTICLE VI

FUNDS AND ACCOUNTS

(d) Interest earnings and profit on each respective Fund and Account established by this Indenture shall be applied or withdrawn for the purposes of such Fund or Account as specified below.

Section 6.3. Pledged Revenue Fund.

(a) On or before February 15 of each year while the Bonds are Outstanding and beginning February 15, 2023, the City shall deposit or cause to be deposited the Pledged Revenues into the Pledged Revenue Fund. From amounts deposited to the Pledged Revenue Fund, the City shall deposit or cause to be deposited Assessment Revenues as follows: (i) first, to the Bond Pledged Revenue Account of the Pledged Revenue Fund in an amount sufficient to pay debt service on the Bonds next coming due in such calendar year, (ii) second, to the Reserve Account of the Reserve Fund in an amount to cause the amount in the Reserve Account to equal the Reserve Account Requirement, in accordance with Section 6.7(a) hereof, (iii) third, to the Additional Interest Reserve Account of the Reserve Fund in an amount equal to the Additional Interest collected, if any, in accordance with Section 6.7(b) hereof, (iv) fourth, to the Developer Reimbursement Pledged Revenue Account of the Pledged Revenue Fund to pay the Developer for costs of the Authorized Improvements that have been paid by the Developer (including any accrued interest) pursuant to the terms of the PID Reimbursement Agreement; (v) fifth, to pay Actual Costs of the Authorized Improvements, and (vi) sixth, to pay other costs permitted by the PID Act. Moneys transferred to the Developer Reimbursement Pledged Revenue Account shall not be part of the Trust Estate and are not security for the Bonds.

(b) From time to time as needed to pay the obligations relating to the Bonds, but no later than five (5) Business Days before each Interest Payment Date, the Trustee shall withdraw from the Bond Pledged Revenue Account and transfer to the Principal and Interest Account of the Bond Fund, an amount, taking into account any amounts then on deposit in such Principal and Interest Account and any expected transfers from the Capitalized Interest Account to the Principal and Interest Account, such that the amount on deposit in the Principal and Interest Account equals the principal (including any Sinking Fund Installments) and interest due on the Bonds on the next Interest Payment Date.

(c) If, after the foregoing transfers and any transfer from the Reserve Fund as provided in Section 6.7 herein, there are insufficient funds to make the payments provided in paragraph (b) above, the Trustee shall apply the available funds in the Principal and Interest Account first, to the payment of interest and, second, to the payment of principal (including any Sinking Fund Installments) on the Bonds, as described in Section 11.4(a) hereof.

(d) Subject to the provisions of the PID Reimbursement Agreement, from time to time as needed to pay the obligations relating to Actual Costs of the Authorized Improvements that are paid by the Developer, the Trustee shall, pursuant to a completed Reimbursement Payment Request, withdraw from the Developer Reimbursement Pledged Revenue Account and transfer to the Reimbursement Fund such amount needed to pay the Developer for funds it paid to fund Actual Costs of the Authorized Improvements, including any accrued interest. When all amounts

due to the Developer to pay it for the funds it used to pay for Actual Costs of the Authorized Improvements have been paid to the Developer, whether through Assessments received and applied in accordance with this Indenture and the Service and Assessment Plan or an Annual Service Plan Update, no further deposits shall be made to the Developer Reimbursement Pledged Revenue Account and the Developer Reimbursement Pledged Revenue Account shall be closed.

(e) Notwithstanding Section 6.3(a) hereof, the Trustee shall deposit Prepayments to the Pledged Revenue Fund and as soon as practicable after such deposit shall transfer such Prepayments to the Redemption Fund.

(f) Notwithstanding Section 6.3(a) hereof, the Trustee shall deposit Foreclosure Proceeds to the Pledged Revenue Fund and as soon as practicable after such deposit shall transfer Foreclosure Proceeds first, to the Reserve Account to restore any transfers from the Reserve Account made with respect to the Assessed Parcel(s) to which the Foreclosure Proceeds relate, second, to the Additional Interest Reserve Account to restore any transfers from the Additional Interest Reserve Account made with respect to the Assessed Parcel(s) to which the Foreclosure Proceeds relate, and third to the Redemption Fund.

(g) After satisfaction of the requirement to provide for the payment of the principal and interest on the Bonds and to fund any deficiency that may exist in an account of the Reserve Fund, the City may direct the Trustee by City Certificate to apply Assessments for any lawful purposes permitted by the PID Act for which Assessments may be paid.

(h) Any additional Pledged Revenues remaining after the satisfaction of the foregoing shall be applied by the Trustee, as instructed by the City pursuant to a City Certificate, for any lawful purpose permitted by the PID Act for which such additional Pledged Revenues may be used, including transfers to other Funds and Accounts created pursuant to this Indenture.

Section 6.4. Bond Fund.

(a) On each Interest Payment Date, the Trustee shall withdraw from the Principal and Interest Account and transfer to the Paying Agent/Registrar the principal (including any Sinking Fund Installments) and/or interest then due and payable on the Bonds, less any amount to be used to pay interest on the Bonds on such Interest Payment Date from the Capitalized Interest Account as provided below.

(b) If amounts in the Principal and Interest Account are insufficient for the purposes set forth in paragraph (a) above, the Trustee shall withdraw from the Reserve Fund amounts to cover the amount of such insufficiency in the order described in Section 6.7(f) hereof. Amounts so withdrawn from the Reserve Fund shall be deposited in the Principal and Interest Account and transferred to the Paying Agent/Registrar.

(c) Moneys in the Capitalized Interest Account shall be used for the payment of interest on the Bonds on the following date and in the following amount:

<u>Date</u>	<u>Amount (\$)</u>
-------------	--------------------

Any amounts on deposit in the Capitalized Interest Account after the payment of interest on the dates and in the amounts listed above shall be transferred to the Authorized Improvements Account of the Project Fund, or if the Authorized Improvements Account of the Project Fund has been closed as provided in Section 6.5(f) herein, such amounts shall be transferred to the Redemption Fund to be used to redeem Bonds and the Capitalized Interest Account shall be closed.

Section 6.5. Project Fund.

(a) Money on deposit in the Project Fund shall be used for the purposes specified in Section 3.1 hereof.

(b) Disbursements from the Costs of Issuance Account of the Project Fund shall be made by the Trustee to pay costs of issuance of the Bonds pursuant to either one or more City Certificates or an executed, completed, and accepted Closing Disbursement Request.

(c) Disbursements from the other Accounts of the Project Fund to pay Actual Costs of the Authorized Improvements shall be made by the Trustee upon receipt by the Trustee of either a properly executed and completed Certificate for Payment or written direction from the City or its designee approving the disbursement. The disbursement of funds from the Authorized Improvements Account or the Developer Improvement Account pursuant to a Certificate for Payment shall be pursuant to and in accordance with the disbursement procedures described in the Construction, Funding, and Acquisition Agreement; provided, however, that all disbursement of funds for the Actual Costs of the Authorized Improvements made pursuant to a Certification of Payment shall be made first, from the Authorized Improvements Account, and second, from the Developer Improvement Account. Such provisions and procedures related to such disbursement contained in the Construction, Funding and Acquisition Agreement and no other provisions of the Construction, Funding and Acquisition Agreement, are herein incorporated by reference and deemed set forth herein in full.

(d) If the City Representative determines in his or her sole discretion that amounts then on deposit in the Authorized Improvements Account of the Project Fund are not expected to be expended for purposes of the Project Fund due to the abandonment, or constructive abandonment of the Authorized Improvements, such that, in the opinion of the City Representative, it is unlikely that the amounts in the Authorized Improvements Account of the Project Fund will ever be expended for the purposes of the Project Fund, the City Representative shall file a City Certificate with the Trustee which identifies the amounts then on deposit in the Authorized Improvements Account of the Project Fund that are not expected to be used for purposes of the Project Fund. If such City Certificate is so filed, the amounts on deposit in the Authorized Improvements Account of the Project Fund shall be transferred to the Redemption Fund to redeem Bonds on the earliest practicable date after notice of redemption has been provided in accordance with the Indenture.

(e) In making any determination pursuant to this Section, the City Representative may conclusively rely upon a certificate of an Independent Financial Consultant.

(f) Upon the filing of a City Certificate stating that all Authorized Improvements have been completed and that all Actual Costs of the Authorized Improvements have been paid, or that any such Actual Costs are not required to be paid from the Project Fund pursuant to either a Certificate for Payment or written direction from the City or its designee, the Trustee (i) shall transfer the amount, if any, remaining within the Authorized Improvements Account of the Project Fund to the Bond Fund and (ii) the Authorized Improvements Account of the Project Fund shall be closed. If the Authorized Improvements Account is closed as provided above, the Trustee shall transfer any remaining amounts in the Developer Improvement Account of the Project Fund to the Developer and shall close the Developer Improvement Account of the Project Fund. If both the Authorized Improvements Account of the Project Fund and the Developer Improvement Account of the Project Fund have been closed pursuant to the provisions of this Section and the Costs of Issuance Account of the Project fund has been closed pursuant to the provisions of Section 6.5(g), then the Project Fund shall be closed.

(g) Not later than six months following the Closing Date, or upon a determination by the City Representative that all costs of issuance of the Bonds have been paid, any amounts remaining in the Costs of Issuance Account shall be transferred to the Authorized Improvements Account in the Project Fund and used to pay Actual Costs of the Authorized Improvements, or to the Principal and Interest Account of the Bond Fund and used to pay interest on the Bonds, as directed by the City in a City Certificate filed with the Trustee, and following such transfer, the Costs of Issuance Account shall be closed.

Section 6.6. Redemption Fund.

(a) The Trustee shall cause to be deposited to the Redemption Fund from the Bond Pledged Revenue Account of the Pledged Revenue Fund an amount sufficient to redeem Bonds as provided in Sections 4.3 and 4.4 on the dates specified for redemption as provided in Sections 4.3 and 4.4. Amounts on deposit in the Redemption Fund shall be used and withdrawn by the Trustee to redeem Bonds as provided in Article IV.

Section 6.7. Reserve Fund.

(a) The City agrees with the Owners of the Bonds to accumulate from the deposits outlined in Section 6.3(a) hereof, and when accumulated, maintain in the Reserve Account of the Reserve Fund, an amount equal to not less than the Reserve Account Requirement except to the extent such deficiency is due to the application of Section 6.7(d) hereof. All amounts deposited in the Reserve Account of the Reserve Fund shall be used and withdrawn by the Trustee for the purpose of making transfers to the Principal and Interest Account of the Bond Fund, as provided in this Indenture.

(b) The Trustee, if needed, will transfer from the Bond Pledged Revenue Account of the Pledged Revenue Fund to the Additional Interest Reserve Account on March 1 and September 1 of each year, commencing March 1, 2024, an amount equal to the Additional Interest collected, if any, until the Additional Interest Reserve Requirement has been accumulated in the Additional Interest Reserve Account. If the amount on deposit in the Additional Interest Reserve Account shall at any time be less than the Additional Interest Reserve Requirement, the Trustee shall notify the City, in writing, of the amount of such shortfall, and the City shall resume collecting the Additional Interest and shall file a City Certificate with the Trustee instructing the Trustee to resume depositing the Additional Interest from the Bond Pledged

Revenue Account of the Pledged Revenue Fund into the Additional Interest Reserve Account until the Additional Interest Reserve Requirement has been accumulated in the Additional Interest Reserve Account; provided, however, that the City shall not be required to replenish the Additional Interest Reserve Account in the event funds are transferred from the Additional Interest Reserve Account to the Redemption Fund as a result of an extraordinary optional redemption of Bonds from the proceeds of a Prepayment pursuant to Section 4.4 of this Indenture. In the event the amount on deposit in the Additional Interest Reserve Account is less than the Additional Interest Reserve Requirement, then the deposits described in the immediately preceding sentence shall continue until the Additional Interest Reserve Account has been fully replenished to the Additional Interest Reserve Requirement. If, after such deposits, there is surplus Additional Interest remaining, the Trustee shall transfer such surplus Additional Interest to the Redemption Fund, and shall notify the City of such transfer in writing. In calculating the amounts to be transferred pursuant to this Section, the Trustee may conclusively rely on the Annual Installments as shown on the Assessment Roll in the Service and Assessment Plan or an Annual Service Plan Update unless and until it receives a City Certificate directing that a different amount be used.

(c) Whenever a transfer is made from an Account of the Reserve Fund to the Bond Fund due to a deficiency in the Bond Fund, the Trustee shall provide written notice thereof to the City, specifying the amount withdrawn and the source of such funds.

(d) Whenever Bonds are to be redeemed with the proceeds of Prepayments pursuant to Section 4.4, the Trustee shall transfer, on the Business Day prior to the redemption date (or on such other date as agreed to by the City and the Trustee), from the Reserve Account of the Reserve Fund to the Redemption Fund, an amount specified in a City Certificate to be applied to the redemption of the Bonds. The amount so transferred from the Reserve Account of the Reserve Fund shall be equal to the principal amount of Bonds to be redeemed with Prepayments multiplied by the lesser of: (i) the amount required to be in the Reserve Account of the Reserve Fund divided by the principal amount of Outstanding Bonds prior to the redemption, and (ii) the amount actually in the Reserve Account of the Reserve Fund divided by the principal amount of Outstanding Bonds prior to the redemption. If after such transfer, and after applying investment earnings on the Prepayments toward payment of accrued interest, there are insufficient funds in the Redemption Fund to pay the principal amount plus accrued and unpaid interest to the date fixed for redemption of the Bonds to be redeemed, as identified in a City Certificate as a result of such Prepayments and as a result of the transfer from the Reserve Account under this Section 6.7(d), the Trustee shall transfer an amount equal to the shortfall, and/or any additional amounts necessary to permit the Bonds to be redeemed in minimum principal amounts of \$1,000, from the Additional Interest Reserve Account to the Redemption Fund to be applied to the redemption of the Bonds.

(e) Whenever, on any Interest Payment Date, or on any other date at the written request of a City Representative, the amount in the Reserve Account exceeds the Reserve Account Requirement, the Trustee shall provide written notice to the City Representative of the amount of the excess. Such excess shall be transferred to the Principal and Interest Account to be used for the payment of debt service on the Bonds on the next Interest Payment Date in accordance with Section 6.4 hereof, unless within thirty days of such notice to the City Representative, the Trustee receives a City Certificate instructing the Trustee to apply such excess: (i) to pay amounts due under Section 6.8 hereof, (ii) to an account of the Project Fund if such application and the expenditure of funds is expected to occur within three years of the date

hereof, or (iii) for such other use specified in such City Certificate if the City receives a written opinion of counsel nationally recognized in the field of municipal bond law to the effect that such alternate use will not adversely affect the exemption from federal income tax of the interest on any Bond.

(f) Whenever, on any Interest Payment Date, the amount on deposit in the Bond Fund is insufficient to pay the debt service on the Bonds due on such date, the Trustee shall transfer first, from the Additional Interest Reserve Account of the Reserve Fund to the Bond Fund and second, from the Reserve Account of the Reserve Fund to the Bond Fund the amounts necessary to cure such deficiency.

(g) At the final maturity of the Bonds, the amount on deposit in the Reserve Account and the Additional Interest Reserve Account shall be transferred to the Principal and Interest Account of the Bond Fund and applied to the payment of the principal of the Bonds.

(h) If, after a Reserve Account withdrawal pursuant to Section 6.7(f) hereof, the amount on deposit in the Reserve Account of the Reserve Fund is less than the Reserve Account Requirement, the Trustee shall transfer from the Pledged Revenue Fund to the Reserve Account of the Reserve Fund the amount of such deficiency, in accordance with Section 6.3.

(i) If the amount held in the Reserve Fund together with the amount held in the Bond Fund and Redemption Fund is sufficient to pay the principal amount and of all Outstanding Bonds on the next Interest Payment Date, together with the unpaid interest accrued on such Outstanding Bonds as of such Interest Payment Date, the moneys shall be transferred to the Redemption Fund and thereafter used to redeem all Outstanding Bonds as of such Interest Payment Date.

Section 6.8. Rebate Fund: Rebate Amount.

(a) There is hereby established a special fund of the City to be designated "City of Celina, Texas, Rebate Fund" (the "Rebate Fund") to be held by the Trustee in accordance with the terms and provisions of this Indenture. Amounts on deposit in the Rebate Fund shall be used solely for the purpose of paying amounts relating to the Bonds due the United States Government in accordance with the Code.

(b) In order to assure that Rebate Amount is paid to the United States rather than to a third party, investments of funds on deposit in the Rebate Fund shall be made in accordance with the Code and the Tax Certificate.

(c) The Trustee conclusively shall be deemed to have complied with the provisions of this Section and Section 7.5(h) and shall not be liable or responsible if it follows the instructions of the City and shall not be required to take any action under this Section and Section 7.5(h) in the absence of written instructions from the City.

(d) If, on the date of each annual calculation, the amount on deposit in the Rebate Fund exceeds the Rebate Amount, the City may direct the Trustee, pursuant to a City Certificate, to transfer the amount in excess of the Rebate Amount to the Bond Fund.

Section 6.9. Administrative Fund.

(a) The City shall deposit or cause to be deposited to the District Administration Account of the Administrative Fund the amounts collected each year to pay the Administrative Expenses and Delinquent Collection Costs.

(b) Moneys in the District Administration Account of the Administrative Fund shall be held by the Trustee separate and apart from the other Funds and Accounts created and administered hereunder and used as directed by a City Certificate solely for the purposes set forth in the Service and Assessment Plan.

Section 6.10. Investment of Funds.

(a) Money in any Fund or Account established pursuant to this Indenture shall be invested by the Trustee as directed by the City pursuant to a City Certificate filed with the Trustee at least two (2) days in advance of the making of such investment. The money in any Fund or Account shall be invested in time deposits or certificates of deposit secured in the manner required by law for public funds, or be invested in direct obligations of, including obligations the principal and interest on which are unconditionally guaranteed by, the United States of America, in obligations of any agencies or instrumentalities thereof, or in such other investments as are permitted under the Public Funds Investment Act, Texas Government Code, Chapter 2256, as amended, or any successor law, as in effect from time to time; provided that all such deposits and investments shall be made in such manner (which may include repurchase agreements for such investment with any primary dealer of such agreements) that the money required to be expended from any Fund will be available at the proper time or times. Such investments shall be valued each year in terms of current market value as of September 30. Amounts in the Additional Interest Reserve Account may not be invested above the Yield (as defined in Section 7.5(a) hereof) on the Bonds, unless and until the City receives a written opinion of counsel nationally recognized in the field of municipal bond law to the effect that failure to comply with such yield restriction will not adversely affect the exemption from federal income tax of the interest on any Bond. For purposes of maximizing investment returns, to the extent permitted by law, money in such Funds may be invested in common investments of the kind described above, or in a common pool of such investment which shall be kept and held at an official depository bank, which shall not be deemed to be or constitute a commingling of such money or funds provided that safekeeping receipts or certificates of participation clearly evidencing the investment or investment pool in which such money is invested and the share thereof purchased with such money or owned by such Fund are held by or on behalf of each such Fund. If necessary, such investments shall be promptly sold to prevent any default.

(b) Obligations purchased as an investment of moneys in any Fund or Account shall be deemed to be part of such Fund or Account, subject, however, to the requirements of this Indenture for transfer of interest earnings and profits resulting from investment of amounts in Funds and Accounts. Whenever in this Indenture any moneys are required to be transferred by the City to the Trustee, such transfer may be accomplished by transferring a like amount of Investment Securities.

(c) The Trustee and its affiliates may act as sponsor, advisor, depository, principal or agent in the acquisition or disposition of any investment. The Trustee shall have no investment discretion and the Trustee's shall follow the written instruction of any City Certificate. The Trustee

shall not incur any liability for losses arising from any investments made pursuant to this Section. The Trustee shall not be required to determine the suitability or legality of any investments.

(d) Investments in any and all Funds and Accounts may be commingled in a separate fund or funds for purposes of making, holding and disposing of investments, notwithstanding provisions herein for transfer to or holding in or to the credit of particular Funds or Accounts of amounts received or held by the Trustee hereunder, provided that the Trustee shall at all times account for such investments strictly in accordance with the Funds and Accounts to which they are credited and otherwise as provided in this Indenture.

(e) The Trustee will furnish the City and the Administrator monthly cash transaction statements which include detail for all investment transactions made by the Trustee hereunder; and, unless the Trustee receives a written request, the Trustee is not required to provide brokerage confirmations so long as the Trustee is providing such monthly cash transaction statements.

Section 6.11. Security of Funds.

All Funds or Accounts heretofore created, to the extent not invested as herein permitted, shall be secured in the manner and to the fullest extent required by law for the security of public funds, and such Funds or Accounts shall be used only for the purposes and in the manner permitted or required by this Indenture.

Section 6.12. Reimbursement Fund.

Money on deposit in the Reimbursement Fund shall be disbursed to the Developer to reimburse the Actual Costs of Authorized Improvements paid for by the Developer from the Developer Improvement Account of the Project Fund. Disbursements shall be made pursuant to this section and the PID Reimbursement Agreement, based upon approval of a Reimbursement Payment Request by the City Representative. The Reimbursement Payment Request in the form attached as Exhibit A to the PID Reimbursement Agreement is hereby incorporated into this Indenture. When all amounts due to the Developer to pay it for the funds it has contributed to pay Actual Costs of the Authorized Improvements have been paid to the Developer through Assessments received and applied in accordance with this Indenture and the Service and Assessment Plan or an Annual Service Plan Update no further deposits shall be made to the Reimbursement Fund and the Reimbursement Fund shall be closed.

ARTICLE VII

COVENANTS

Section 7.1. Confirmation of Assessments.

The City hereby confirms, covenants, and agrees that the Assessments to be collected from the Assessed Property are as so reflected in the Service and Assessment Plan (as it may be updated from time to time), and, in accordance with the Assessment Ordinance, it has levied the Assessments against the respective Assessed Parcels from which the Pledged Revenues will be collected and received.

Section 7.2. Collection and Enforcement of Assessments.

(a) For so long as any Bonds are Outstanding, and/or amounts are due to the Developer to pay it for its funds it has contributed to pay Actual Costs of the Authorized Improvements in accordance with the PID Reimbursement Agreement, the City covenants, agrees and warrants that it will take and pursue all actions permissible under Applicable Laws to cause the Assessments to be collected and the liens thereof enforced continuously, in the manner and to the maximum extent permitted by Applicable Laws, and, to the extent permitted by Applicable Laws to cause no reduction, abatement or exemption in the Assessments.

(b) The City will determine or cause to be determined, no later than February 15 of each year, whether or not any Annual Installment is delinquent and, if such delinquencies exist, the City will order and cause to be commenced as soon as practicable any and all appropriate and legally permissible actions to obtain such Annual Installment, and any delinquent charges and interest thereon, including diligently prosecuting an action in district court to foreclose the currently delinquent Annual Installment. Notwithstanding the foregoing, the City shall not be required under any circumstances to purchase or make payment for the purchase of the delinquent Assessment or the corresponding Assessed Parcel. Furthermore, nothing shall obligate the City, the City Attorney, or any appropriate designee to undertake collection or foreclosure actions against delinquent accounts in violation of applicable state law, court order, or existing contractual provisions between the City and its appropriate collections enforcement designees.

Section 7.3. Against Encumbrances.

(a) Other than Refunding Bonds, the City shall not create and, to the extent Pledged Revenues are received, shall not suffer to remain, any lien, encumbrance or charge upon the Trust Estate, other than that specified in Section 9.6 of this Indenture, or upon any other property pledged under this Indenture, except the pledge created for the security of the Bonds, and other than a lien or pledge subordinate to the lien and pledge of such property related to the Bonds.

(b) So long as Bonds are Outstanding hereunder, the City shall not issue any bonds, notes or other evidences of indebtedness other than the Bonds and Refunding Bonds, if any, secured by any pledge of or other lien or charge on the Pledged Revenues or other property pledged under this Indenture, except for other indebtedness incurred in compliance with Section 13.2 of this Indenture.

Section 7.4. Records, Accounts, Accounting Reports.

The City hereby covenants and agrees that so long as any of the Bonds or any interest thereon remain Outstanding and unpaid, and/or the obligation to the Developer to pay it for funds it has contributed to pay Actual Costs of the Authorized Improvements in accordance with the PID Reimbursement Agreement and the Construction, Funding, Acquisition Agreement remain outstanding and unpaid, it will keep and maintain a proper and complete system of records and accounts pertaining to the Assessments. The Trustee and the Owners of any Bonds or any duly authorized agent or agents of such Owners shall have the right at all reasonable times to inspect all such records, accounts, and data relating thereto, upon written request to the City by the Trustee or duly authorized representative, as applicable. The City shall provide the Trustee or duly authorized representative, as applicable, an opportunity to inspect such books and records

relating to the Bonds during the City's regular business hours and on a mutually agreeable date not later than thirty days after the City receives such request.

Section 7.5. Covenants to Maintain Tax-Exempt Status.

(a) Definitions. When used in this Section, the following terms shall have the following meanings:

"Closing Date" means the date on which the Bonds are first authenticated and delivered to the initial purchasers against payment therefor.

"Code" means the Internal Revenue Code of 1986, as amended by all legislation, if any, effective on or before the Closing Date.

"Computation Date" has the meaning set forth in Section 1.148-1(b) of the Regulations.

"Gross Proceeds" means any proceeds as defined in Section 1.148-1(b) of the Regulations, and any replacement proceeds as defined in Section 1.148-1(c) of the Regulations, of the Bonds.

"Investment" has the meaning set forth in Section 1.148-1(b) of the Regulations.

"Nonpurpose Investment" means any investment property, as defined in Section 148(b) of the Code, in which Gross Proceeds of the Bonds are invested and which is not acquired to carry out the governmental purposes of the Bonds.

"Regulations" means any proposed, temporary or final Income Tax Regulations issued pursuant to Sections 103 and 141 through 150 of the Code, and 103 of the Internal Revenue Code of 1954, which are applicable to the Bonds. Any reference to any specific Regulation shall also mean, as appropriate, any proposed, temporary or final Income Tax Regulation designed to supplement, amend or replace the specific Regulation referenced.

"Yield" of (1) any Investment has the meaning set forth in Section 1.148-5 of the Regulations; and (2) the Bonds has the meaning set forth in Section 1.148-4 of the Regulations.

(b) Not to Cause Interest to Become Taxable. The City shall not use, permit the use of, or omit to use Gross Proceeds or any other amounts (or any property the acquisition, construction or improvement of which is to be financed directly or indirectly with Gross Proceeds) in a manner which if made or omitted, respectively, would cause the interest on any Bond to become includable in the gross income, as defined in Section 61 of the Code, of the owner thereof for federal income tax purposes. Without limiting the generality of the foregoing, unless and until the City receives a written opinion of counsel nationally recognized in the field of

municipal bond law to the effect that failure to comply with such covenant will not adversely affect the exemption from federal income tax of the interest on any Bond, the City shall comply with each of the specific covenants in this Section.

(c) No Private Use or Private Payments. Except as permitted by Section 141 of the Code and the Regulations and rulings thereunder, the City shall at all times prior to the last Stated Maturity of Bonds:

(i) exclusively own, operate and possess all property the acquisition, construction or improvement of which is to be financed or refinanced directly or indirectly with Gross Proceeds of the Bonds, and not use or permit the use of such Gross Proceeds (including all contractual arrangements with terms different than those applicable to the general public) or any property acquired, constructed or improved with such Gross Proceeds in any activity carried on by any person or entity (including the United States or any agency, department and instrumentality thereof) other than a state or local government, unless such use is solely as a member of the general public; and

(ii) not directly or indirectly impose or accept any charge or other payment by any person or entity who is treated as using Gross Proceeds of the Bonds or any property the acquisition, construction or improvement of which is to be financed or refinanced directly or indirectly with such Gross Proceeds, other than taxes of general application within the City or interest earned on investments acquired with such Gross Proceeds pending application for their intended purposes.

(d) No Private Loan.

(i) Except to the extent permitted by Section 141 of the Code and the Regulations and rulings thereunder, the City shall not use Gross Proceeds of the Bonds to make or finance loans to any person or entity other than a state or local government. For purposes of the foregoing covenant, such Gross Proceeds are considered to be "loaned" to a person or entity if: (1) property acquired, constructed or improved with such Gross Proceeds is sold or leased to such person or entity in a transaction which creates a debt for federal income tax purposes; (2) capacity in or service from such property is committed to such person or entity under a take-or-pay, output or similar contract or arrangement; or (3) indirect benefits, or burdens and benefits of ownership, of such Gross Proceeds or any property acquired, constructed or improved with such Gross Proceeds are otherwise transferred in a transaction which is the economic equivalent of a loan.

(ii) The City covenants and agrees that the levied Assessments will meet the requirements of the "tax assessment loan exception" within the meaning of Section 1.141-5(d) of the Regulations on the date the Bonds are delivered and will ensure that the Assessments continue to meet such requirements for so long as the Bonds are outstanding hereunder.

(e) Not to Invest at Higher Yield. Except to the extent permitted by Section 148 of the Code and the Regulations and rulings thereunder, the City shall not at any time prior to the final Stated Maturity of the Bonds directly or indirectly invest Gross Proceeds in any Investment (or use Gross Proceeds to replace money so invested) if, as a result of such investment, the

Yield from the Closing Date of all Investments acquired with Gross Proceeds (or with money replaced thereby), whether then held or previously disposed of, exceeds the Yield of the Bonds.

(f) Not Federally Guaranteed. Except to the extent permitted by Section 149(b) of the Code and the Regulations and rulings thereunder, the City shall not take or omit to take any action which would cause the Bonds to be federally guaranteed within the meaning of Section 149(b) of the Code and the Regulations and rulings thereunder.

(g) Information Report. The City shall timely file the information required by Section 149(e) of the Code with the Secretary of the Treasury on Form 8038-G or such other form and in such place as the Secretary may prescribe.

(h) Rebate of Arbitrage Profits. Except to the extent otherwise provided in Section 148(f) of the Code and the Regulations and rulings thereunder:

(i) The City shall account for all Gross Proceeds (including all receipts, expenditures and investments thereof) on its books of account separately and apart from all other funds (and receipts, expenditures and investments thereof) and shall retain all records of accounting for at least six years after the day on which the last outstanding Bond is discharged. However, to the extent permitted by law, the City may commingle Gross Proceeds of the Bonds with other money of the City, provided that the City separately accounts for each receipt and expenditure of Gross Proceeds and the obligations acquired therewith.

(ii) Not less frequently than each Computation Date, the City shall calculate the Rebate Amount in accordance with rules set forth in Section 148(f) of the Code and the Regulations and rulings thereunder. The City shall maintain such calculations with its official transcript of proceedings relating to the issuance of the Bonds until six years after the final Computation Date.

(iii) As additional consideration for the purchase of the Bonds by the Purchasers and the loan of the money represented thereby and in order to induce such purchase by measures designed to insure the excludability of the interest thereon from the gross income of the owners thereof for federal income tax purposes, the City shall, pursuant to a City Certificate, direct the Trustee to transfer to the Rebate Fund from the funds or subaccounts designated in such City Certificate and direct the Trustee to pay to the United States from the Rebate Fund the amount that when added to the future value of previous rebate payments made for the Bonds equals (i) in the case of a Final Computation Date as defined in Section 1.148-3(e)(2) of the Regulations, one hundred percent (100%) of the Rebate Amount on such date; and (ii) in the case of any other Computation Date, ninety percent (90%) of the Rebate Amount on such date. In all cases, the rebate payments shall be made at the times, in the installments, to the place and in the manner as is or may be required by Section 148(f) of the Code and the Regulations and rulings thereunder, and shall be accompanied by Form 8038-T or such other forms and information as is or may be required by Section 148(f) of the Code and the Regulations and rulings thereunder.

(iv) The City shall exercise reasonable diligence to assure that no errors are made in the calculations and payments required by paragraphs (ii) and (iii), and if an error

is made, to discover and promptly correct such error within a reasonable amount of time thereafter (and in all events within one hundred eighty (180) days after discovery of the error), including payment to the United States of any additional Rebate Amount owed to it, interest thereon, and any penalty imposed under Section 1.148-3(h) of the Regulations.

(i) Not to Divert Arbitrage Profits. Except to the extent permitted by Section 148 of the Code and the Regulations and rulings thereunder, the City shall not, at any time prior to the earlier of the Stated Maturity or final payment of the Bonds, enter into any transaction that reduces the amount required to be paid to the United States pursuant to Subsection (h) of this Section because such transaction results in a smaller profit or a larger loss than would have resulted if the transaction had been at arm's length and had the Yield of the Bonds not been relevant to either party.

(j) Elections. The City hereby directs and authorizes the Mayor, Mayor Pro Tem, City Manager, Assistant City Manager, or City Secretary, individually or jointly, to make elections permitted or required pursuant to the provisions of the Code or the Regulations, as they deem necessary or appropriate in connection with the Bonds, in the Tax Certificate or similar or other appropriate certificate, form or document.

ARTICLE VIII

LIABILITY OF CITY

The City shall not incur any responsibility in respect of the Bonds or this Indenture other than in connection with the duties or obligations explicitly herein or in the Bonds assigned to or imposed upon it. The City shall not be liable in connection with the performance of its duties hereunder, except for its own willful default or act of bad faith. The City shall not be bound to ascertain or inquire as to the performance or observance of any of the terms, conditions covenants or agreements of the Trustee herein or of any of the documents executed by the Trustee in connection with the Bonds, or as to the existence of a default or Event of Default thereunder.

In the absence of bad faith, the City may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the City and conforming to the requirements of this Indenture. The City shall not be liable for any error of judgment made in good faith unless it shall be proved that it was negligent in ascertaining the pertinent facts.

No provision of this Indenture, the Bonds, the Assessment Ordinance, or any agreement, document, instrument, or certificate executed, delivered or approved in connection with the issuance, sale, delivery, or administration of the Bonds (the "Bond Documents"), shall require the City to expend or risk its own general funds or otherwise incur any financial liability (other than with respect to the Trust Estate and the Administrative Expenses) in the performance of any of its obligations hereunder, or in the exercise of any of its rights or powers, if in the judgment of the City there are reasonable grounds for believing that the repayment of such funds or liability is not reasonably assured to it.

Neither the Owners nor any other Person shall have any claim against the City or any of its officers, officials, agents, or employees for damages suffered as a result of the City's failure to perform in any respect any covenant, undertaking, or obligation under any Bond Documents or

as a result of the incorrectness of any representation in, or omission from, any of the Bond Documents, except to the extent that any such claim relates to an obligation, undertaking, representation, or covenant of the City, in accordance with the Bond Documents and the PID Act. Any such claim shall be payable only from the Trust Estate, the funds available for such payment in any of the Pledged Funds, if any, or the amounts collected to pay Administrative Expenses on deposit in the Administrative Fund. Nothing contained in any of the Bond Documents shall be construed to preclude any action or proceeding in any court or before any governmental body, agency, or instrumentality against the City or any of its officers, officials, agents, or employees to enforce the provisions of any of the Bond Documents or to enforce all rights of the Owners of the Bonds by mandamus or other proceeding at law or in equity.

The City may rely on and shall be protected in acting or refraining from acting upon any notice, resolution, request, consent, order, certificate, report, warrant, bond, or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or proper parties. The City may consult with counsel with regard to legal questions, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it hereunder in good faith and in accordance therewith.

Whenever in the administration of its duties under this Indenture, the City shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action hereunder, such matter (unless other evidence in respect thereof be herein specifically prescribed) may, in the absence of willful misconduct on the part of the City, be deemed to be conclusively proved and established by a certificate of the Trustee, an Independent Financial Consultant, an independent inspector, the City Manager, or other person designated by the City Council to so act on behalf of the City, and such certificate shall be full warrant to the City for any action taken or suffered under the provisions of this Indenture upon the faith thereof, but in its discretion the City may, in lieu thereof, accept other evidence of such matter or may require such additional evidence as to it may seem reasonable.

In order to perform its duties and obligations hereunder, the City may employ such persons or entities as it deems necessary or advisable. The City shall not be liable for any of the acts or omissions of such persons or entities employed by it in good faith hereunder, and shall be entitled to rely, and shall be fully protected in doing so, upon the opinions, calculations, determinations, and directions of such persons or entities.

ARTICLE IX

THE TRUSTEE

Section 9.1. Trustee as Paying Agent/Registrar.

The Trustee is hereby designated and agrees to act as Paying Agent/Registrar for and in respect to the Bonds.

Section 9.2. Trustee Entitled to Indemnity.

The Trustee shall be under no obligation to spend its own funds, to institute any suit, or to undertake any proceeding under this Indenture, or to enter any appearance or in any way defend in any suit in which it may be made defendant, or to take any steps in the execution of the trusts

hereby created or in the enforcement of any rights and powers hereunder, until it shall be indemnified, to the extent permitted by law, to its satisfaction against any and all costs and expenses, outlays, and counsel fees and other reasonable disbursements, and against all liability except as a consequence of its own negligence or willful misconduct; provided, however, the Trustee may not request or require indemnification as a condition to making any deposits, payments, or transfers when required hereunder, or delivering any notice when required hereunder. Nevertheless, the Trustee may begin suit, or appear in and defend suit, or do anything else in its judgment proper to be done by it as the Trustee, without indemnity, and in such case the Trustee may make transfers from the Pledged Revenue Fund or the District Administration Account of the Administrative Fund to pay all costs and expenses, outlays, and counsel fees and other reasonable disbursements properly incurred in connection therewith and shall, to the extent permitted by law, be entitled to a preference therefor over any Bonds Outstanding hereunder.

Section 9.3. Responsibilities of the Trustee.

The recitals contained in this Indenture and in the Bonds shall be taken as the statements of the City and the Trustee assumes no responsibility for the correctness of the same. The Trustee makes no representations as to the validity or sufficiency of the offering documents, this Indenture, or the Bonds or with respect to the security afforded by this Indenture, and the Trustee shall incur no liability with respect thereto. Except as otherwise expressly provided in this Indenture, the Trustee shall have no responsibility or duty with respect to: (i) the issuance of Bonds for value; (ii) the application of the proceeds thereof, except to the extent that such proceeds are received by it in its capacity as Trustee; (iii) the application of any moneys paid to the City or others in accordance with this Indenture, except as to the application of any moneys paid to it in its capacity as Trustee; or (iv) any calculation of arbitrage or rebate under the Code. The Trustee has the right to act through agents and attorneys and shall have no liability for the negligence or willful misconduct of the agents and attorneys appointed with due care.

The duties and obligations of the Trustee shall be determined by the express provisions of this Indenture, and the Trustee shall not be liable except for the performance of such duties and obligations as are specifically set forth in this Indenture.

The Trustee shall not be liable for any action taken or omitted by it in the performance of its duties under this Indenture, except for its own negligence or willful misconduct, both before and after default by the City. In no event shall the Trustee be liable for incidental, indirect, special or consequential damages in connection with or arising from this Indenture for the existence, furnishing or use of the Authorized Improvements.

The Trustee shall not be required to take notice, and shall not be deemed to have notice, of any default or Event of Default hereunder, unless the Trustee shall be notified specifically of the default or Event of Default in a written instrument or document delivered to it by the City or by the holders of at least fifty-one percent (51%) of the aggregate principal amount of Bonds then Outstanding. In the absence of delivery of a notice satisfying those requirements, the Trustee may assume conclusively that there is no default or Event of Default.

In case a default or an Event of Default has occurred and is continuing hereunder (of which the Trustee has been notified), the Trustee shall exercise those rights and powers vested in it by this Indenture and shall use the same degree of care and skill in its exercise, as a prudent person would exercise or use under the circumstances in the conduct of his own affairs.

Section 9.4. Property Held in Trust.

All moneys and securities held by the Trustee at any time pursuant to the terms of this Indenture shall be held by the Trustee in trust for the purposes and under the terms and conditions of this Indenture.

Section 9.5. Trustee Protected in Relying on Certain Documents.

The Trustee may rely upon any order, notice, request, consent, waiver, certificate, statement, affidavit, requisition, bond, or other document provided to the Trustee in accordance with the terms of this Indenture that it shall in good faith reasonably believe to be genuine and to have been adopted or signed by the proper board or Person or to have been prepared and furnished pursuant to any of the provisions of this Indenture, or upon the written opinion of any counsel, architect, engineer, insurance consultant, management consultant, or accountant believed by the Trustee to be qualified in relation to the subject matter, and the Trustee shall be under no duty to make any investigation or inquiry into any statements contained or matters referred to in any such instrument. The Trustee may consult with counsel, who may or may not be Bond Counsel, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken, suffered, or omitted to be taken by it in good faith and in accordance therewith.

Whenever the Trustee shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action under this Indenture, such matter may be deemed to be conclusively proved and established by a City Certificate, unless other evidence in respect thereof be hereby specifically prescribed. Such City Certificate shall be full warrant for any action taken or suffered in good faith under the provisions hereof, but in its sole discretion the Trustee may in lieu thereof accept other evidence of such fact or matter or may require such further or additional evidence as it may deem reasonable. Except as otherwise expressly provided herein, any request, order, notice, or other direction required or permitted to be furnished pursuant to any provision hereof by the City to the Trustee shall be sufficiently executed if executed in the name of the City by the City Representative.

The Trustee shall not be under any obligation to see to the recording or filing of this Indenture, or otherwise to the giving to any Person of notice of the provisions hereof except as expressly required in Section 9.13 herein.

Section 9.6. Compensation.

Unless otherwise provided by contract with the Trustee, the Trustee shall transfer from the Administrative Fund, from time to time, reasonable compensation for all services rendered by it hereunder, including its services as Registrar and Paying Agent, together with all its reasonable expenses, charges, and other disbursements and those of its counsel, agents and employees, incurred in and about the administration and execution of the trusts hereby created and the exercise of its powers and the performance of its duties hereunder, subject to any limit on the amount of such compensation or recovery of expenses or other charges as shall be prescribed by specific agreement, and the Trustee shall have a lien therefor on any and all funds at any time held by it in the Administrative Fund. None of the provisions contained in this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties or in the exercise of any of its rights or powers, if in the judgment

of the Trustee there are reasonable grounds for believing that the repayment of such funds or liability is not reasonably assured to it. If the City shall fail to make any payment required by this Section, the Trustee may make such payment from any moneys in its possession in the Administrative Fund.

Section 9.7. Permitted Acts.

The Trustee and its directors, officers, employees, or agents may become the owner of or may in good faith buy, sell, own, hold and deal in Bonds and may join in any action that any Owner of Bonds may be entitled to take as fully and with the same rights as if it were not the Trustee. The Trustee may act as depository, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, the City or any committee formed to protect the rights of Owners or to effect or aid in any reorganization growing out of the enforcement of the Bonds or this Indenture, whether or not such committee shall represent the Owners of a majority in aggregate outstanding principal amount of the Bonds.

Section 9.8. Resignation of Trustee.

The Trustee may at any time resign and be discharged of its duties and obligations hereunder by giving not fewer than 30 days' written notice, specifying the date when such resignation shall take effect, to the City and each Owner of any Outstanding Bond. Such resignation shall take effect upon the appointment of a successor as provided in Section 9.10 and the acceptance of such appointment by such successor.

Section 9.9. Removal of Trustee.

The Trustee may be removed at any time by (i) the Owners of at least a majority of the aggregate outstanding principal of the Bonds by an instrument or concurrent instruments in writing signed and acknowledged by such Owners or by their attorneys-in-fact, duly authorized and delivered to the City, or (ii) so long as the City is not in default under this Indenture, the City. Copies of each such instrument shall be delivered by the City to the Trustee and any successor thereof. The Trustee may also be removed at any time for any breach of trust or for acting or proceeding in violation of, or for failing to act or proceed in accordance with, any provision of this Indenture with respect to the duties and obligations of the Trustee by any court of competent jurisdiction upon the application of the City or the Owners of not less than 10% of the aggregate outstanding principal of the Bonds.

Section 9.10. Successor Trustee.

If the Trustee shall resign, be removed, be dissolved, or become incapable of acting, or shall be adjudged as bankrupt or insolvent, or if a receiver, liquidator, or conservator of the Trustee or of its property shall be appointed, or if any public officer shall take charge or control of the Trustee or of its property or affairs, the position of the Trustee hereunder shall thereupon become vacant.

If the position of Trustee shall become vacant for any of the foregoing reasons or for any other reason, a successor Trustee may be appointed within one year after any such vacancy shall have occurred by the Owners of at least twenty-five percent (25%) of the aggregate outstanding principal of the Bonds by an instrument or concurrent instruments in writing signed and

acknowledged by such Owners or their attorneys-in-fact, duly authorized and delivered to such successor Trustee, with notification thereof being given to the predecessor Trustee and the City.

Until such successor Trustee shall have been appointed by the Owners of the Bonds, the City shall forthwith appoint a Trustee to act hereunder. Copies of any instrument of the City providing for any such appointment shall be delivered by the City to the Trustee so appointed. The City shall mail notice of any such appointment to each Owner of any Outstanding Bonds within 30 days after such appointment. Any appointment of a successor Trustee made by the City immediately and without further act shall be superseded and revoked by an appointment subsequently made by the Owners of Bonds.

If in a proper case no appointment of a successor Trustee shall be made within 45 days after the giving by any Trustee of any notice of resignation in accordance with Section 9.8 herein or after the occurrence of any other event requiring or authorizing such appointment, the Trustee or any Owner of Bonds may apply to any court of competent jurisdiction for the appointment of such a successor, and the court may thereupon, after such notice, if any, as the court may deem proper, appoint such successor and the City shall be responsible for the costs of such appointment process.

Any successor Trustee appointed under the provisions of this Section shall be a commercial bank or trust company or national banking association (i) having a capital and surplus and undivided profits aggregating at least \$50,000,000, if there be such a commercial bank or trust company or national banking association willing and able to accept the appointment on reasonable and customary terms, and (ii) authorized by law to perform all the duties of the Trustee required by this Indenture.

Each successor Trustee shall mail, in accordance with the provisions of the Bonds, notice of its appointment to the Trustee, any rating agency which, at the time of such appointment, is providing a rating on the Bonds and each of the Owners of the Bonds.

Section 9.11. Transfer of Rights and Property to Successor Trustee.

Any successor Trustee appointed under the provisions of Section 9.10 shall execute, acknowledge, and deliver to its predecessor and the City an instrument in writing accepting such appointment, and thereupon such successor, without any further act, deed, or conveyance, shall become fully vested with all moneys, estates, properties, rights, immunities, powers, duties, obligations, and trusts of its predecessor hereunder, with like effect as if originally appointed as Trustee. However, the Trustee then ceasing to act shall nevertheless, on request of the City or of such successor, execute, acknowledge, and deliver such instruments of conveyance and further assurance and do such other things as may reasonably be required for more fully and certainly vesting and confirming in such successor all the rights, immunities, powers, and trusts of such Trustee and all the right, title, and interest of such Trustee in and to the Trust Estate, and shall pay over, assign, and deliver to such successor any moneys or other properties subject to the trusts and conditions herein set forth. Should any deed, conveyance, or instrument in writing from the City be required by such successor for more fully and certainly vesting in and confirming to it any such moneys, estates, properties, rights, powers, duties, or obligations, any and all such deeds, conveyances, and instruments in writing, on request and so far as may be authorized by law, shall be executed, acknowledged, and delivered by the City.

Section 9.12. Merger, Conversion or Consolidation of Trustee.

Any corporation or association into which the Trustee may be merged or with which it may be consolidated or any corporation or association resulting from any merger, conversion or consolidation to which it shall be a party or any corporation or association to which the Trustee may sell or transfer all or substantially all of its corporate trust business shall be the successor to such Trustee hereunder, without any further act, deed or conveyance, provided that such corporation or association shall be a commercial bank or trust company or national banking association qualified to be a successor to such Trustee under the provisions of Section 9.10, or a trust company that is a wholly-owned subsidiary of any of the foregoing.

Section 9.13. Trustee to File Continuation Statements.

If necessary, the Trustee shall file or cause to be filed, such continuation statements as are delivered to the Trustee by the City, or on behalf of the City, and which may be required by the Texas Uniform Commercial Code, as from time to time in effect (the "UCC"), in order to continue perfection of the security interest of the Trustee in such items of tangible or intangible personal property and any fixtures as may have been granted to the Trustee pursuant to this Indenture in the time, place and manner required by the UCC.

Section 9.14. Accounts, Periodic Reports and Certificates.

The Trustee shall keep or cause to be kept proper books of record and account (separate from all other records and accounts) in which complete and correct entries shall be made of its transactions relating to the Funds and Accounts established by this Indenture and which shall at all times be subject to inspection by the City, and the Owner or Owners of not less than 10% in principal amount of any Bonds then Outstanding or their representatives duly authorized in writing.

Section 9.15. Construction of Indenture.

The Trustee may construe any of the provisions of this Indenture insofar as the same may appear to be ambiguous or inconsistent with any other provision hereof, and any construction of any such provisions hereof by the Trustee in good faith shall be binding upon the Owners of the Bonds. Permissive rights of the Trustee are not to be construed as duties.

ARTICLE X

MODIFICATION OR AMENDMENT OF THIS INDENTURE

Section 10.1. Amendments Permitted.

This Indenture and the rights and obligations of the City and of the Owners of the Bonds may be modified or amended at any time by a Supplemental Indenture, except as provided below, pursuant to the affirmative vote at a meeting of Owners of the Bonds, or with the written consent without a meeting, of the Owners of at least 51% of the aggregate principal amount of the Bonds then Outstanding. No such modification or amendment shall (i) extend the maturity of any Bond or reduce the interest rate thereon, or otherwise alter or impair the obligation of the City to pay the principal of, and the interest and any premium on, any Bond, without the express consent of the Owner of such Bond, or (ii) permit the creation by the City of any pledge or lien upon the Trust

Estate superior to or on a parity with the pledge and lien created for the benefit of the Bonds (except as otherwise permitted by Applicable Laws and this Indenture), or reduce the percentage of Owners of Bonds required for the amendment hereof. Any such amendment may not modify any of the rights or obligations of the Trustee without its written consent.

This Indenture and the rights and obligations of the City and of the Owners may also be modified or amended at any time by a Supplemental Indenture, without the consent of any Owners, only to the extent permitted by law and only for any one or more of the following purposes:

- (i) to add to the covenants and agreements of the City in this Indenture contained, other covenants and agreements thereafter to be observed, or to limit or surrender any right or power herein reserved to or conferred upon the City;
- (ii) to make modifications not adversely affecting any Outstanding Bonds in any material respect;
- (iii) to make such provisions for the purpose of curing any ambiguity, or of curing, correcting or supplementing any defective provision contained in this Indenture, or in regard to questions arising under this Indenture, as the City and the Trustee may deem necessary or desirable and not inconsistent with this Indenture, and that shall not adversely affect the rights of the Owners of the Bonds;
- (iv) to provide for the issuance of Refunding Bonds, as set forth in Section 13.2 herein; and
- (v) to make such additions, deletions or modifications as may be necessary or desirable to assure exemption from federal income taxation of interest on the Bonds.

Any modification or amendment made pursuant to this paragraph shall not be subject to the notice procedures specified in Section 10.3 below.

Notwithstanding the above, no Supplemental Indenture under subsections (i), (ii), (iii), (v) of this Section shall be effective unless the City first delivers to the Trustee an opinion of Bond Counsel to the effect that such amendment is permitted and will not adversely affect the: (i) interest of the Owners in any material respect, or (ii) exclusion of interest on any Bond Similarly Secured from gross income for purposes of federal income taxation.

Section 10.2. Owners' Meetings.

The City may at any time call a meeting of the Owners of the Bonds. In such event the City is authorized to fix the time and place of such meeting and to provide for the giving of notice thereof, and to fix and adopt rules and regulations for the conduct of the meeting.

Section 10.3. Procedure for Amendment with Written Consent of Owners.

The City and the Trustee may at any time adopt a Supplemental Indenture amending the provisions of the Bonds or of this Indenture, to the extent that such amendment is permitted by Section 10.1 herein, to take effect when and as provided in this Section. A copy of such

Supplemental Indenture, together with a request to Owners for their consent thereto, shall be mailed by first-class mail, by the Trustee to each Owner of Bonds from whom consent is required under this Indenture, but failure to mail copies of such Supplemental Indenture and request shall not affect the validity of the Supplemental Indenture when assented to as in this Section provided.

Such Supplemental Indenture shall not become effective unless there shall be filed with the Trustee the written consents of the Owners as required by this Indenture and a notice shall have been mailed as hereinafter in this Section provided and the City or Bond Counsel, acting on the City's behalf, has delivered to the Trustee an opinion of Bond Counsel to the effect that such amendment is permitted and will not adversely affect the exclusion of interest on any Bond from gross income for purposes of federal income taxation. Each such consent shall be effective only if accompanied by proof of ownership of the Bonds for which such consent is given, which proof shall be such as is permitted by Section 11.6 herein. Any such consent shall be binding upon the Owner of the Bonds giving such consent and on any subsequent Owner (whether or not such subsequent Owner has notice thereof), unless such consent is revoked in writing by the Owner giving such consent or a subsequent Owner by filing such revocation with the Trustee prior to the date when the notice hereinafter in this Section provided for has been mailed.

After the Owners of the required percentage of Bonds shall have filed their consents to the Supplemental Indenture, the City shall mail a notice to the Owners in the manner hereinbefore provided in this Section for the mailing of the Supplemental Indenture, stating in substance that the Supplemental Indenture has been consented to by the Owners of the required percentage of Bonds and will be effective as provided in this Section (but failure to mail copies of such notice shall not affect the validity of the Supplemental Indenture or consents thereto). Proof of the mailing of such notice shall be filed with the Trustee. A record, consisting of the papers required by this Section 10.3 to be filed with the Trustee, shall be proof of the matters therein stated until the contrary is proved. The Supplemental Indenture shall become effective upon the filing with the Trustee of the proof of mailing of such notice, and the Supplemental Indenture shall be deemed conclusively binding (except as otherwise hereinabove specifically provided in this Article) upon the City and the Owners of all Bonds at the expiration of sixty (60) days after such filing, except in the event of a final decree of a court of competent jurisdiction setting aside such consent in a legal action or equitable proceeding for such purpose commenced within such sixty-day period; provided, however, that the Trustee during such sixty day period and any such further period during which any such action or proceeding may be pending shall be entitled in its sole discretion to take such action, or to refrain from taking such action, with respect to such Supplemental Indenture, as it may deem expedient; provided, further, that the Trustee shall have no obligation to take or refrain from taking any such action and the Trustee shall have no liability with respect to any action taken or any instance of inactions.

Section 10.4. Effect of Supplemental Indenture.

From and after the time any Supplemental Indenture becomes effective pursuant to this Article X, this Indenture shall be deemed to be modified and amended in accordance therewith, the respective rights, duties, and obligations under this Indenture of the City, the Trustee, and all Owners of Bonds Outstanding shall thereafter be determined, exercised and enforced hereunder subject in all respects to such modifications and amendments, and all the terms and conditions of any such Supplemental Indenture shall be deemed to be part of the terms and conditions of this Indenture for any and all purposes.

Section 10.5. Endorsement or Replacement of Bonds Issued After Amendments.

The City may determine that Bonds issued and delivered after the effective date of any action taken as provided in this Article X shall bear a notation, by endorsement or otherwise, in form approved by the City, as to such action. In that case, upon demand of the Owner of any Bond Outstanding at such effective date and presentation of his Bond for that purpose at the designated office of the Trustee or at such other office as the City may select and designate for that purpose, a suitable notation shall be made on such Bond. The City may determine that new Bonds, so modified as in the opinion of the City is necessary to conform to such Owners' action, shall be prepared, executed, and delivered. In that case, upon demand of the Owner of any Bonds then Outstanding, such new Bonds shall be exchanged at the designated office of the Trustee without cost to any Owner, for Bonds then Outstanding, upon surrender of such Bonds.

Section 10.6. Amendatory Endorsement of Bonds.

The provisions of this Article X shall not prevent any Owner from accepting any amendment as to the particular Bonds held by such Owner, provided that due notation thereof is made on such Bonds.

Section 10.7. Waiver of Default.

With the written consent of at least fifty-one percent (51%) in aggregate principal amount of the Bonds then Outstanding, the Owners may waive compliance by the City with certain past defaults under the Indenture and their consequences. Any such consent shall be conclusive and binding upon the Owners and upon all future Owners.

Section 10.8. Execution of Supplemental Indenture.

In executing, or accepting the additional trusts created by, any Supplemental Indenture permitted by this Article or the modification thereby of the trusts created by this Indenture, the Trustee shall receive, and shall be fully protected in relying upon, an opinion of counsel addressed and delivered to the Trustee and the City stating that the execution of such Supplemental Indenture is permitted by and in compliance with this Indenture. The Trustee may, but shall not be obligated to, enter into any such Supplemental Indenture which affects the Trustee's own rights, duties and immunities under this Indenture or otherwise.

ARTICLE XI

DEFAULT AND REMEDIES

Section 11.1. Events of Default.

(a) Each of the following occurrences or events shall be and is hereby declared to be an "Event of Default," to wit:

(i) The failure of the City to deposit the Pledged Revenues to the Bond Pledged Revenue Account of the Pledged Revenue Fund;

(ii) The failure of the City to enforce the collection of the Assessments, including the prosecution of foreclosure proceedings;

(iii) The failure to make payment of the principal of or interest on any of the Bonds when the same becomes due and payable and such failure is not remedied within thirty (30) days; provided, however, that the payments are to be made only from Pledged Revenues or other funds currently available in the Pledged Funds and available to the City to make any such payments; and

(iv) Default in the performance or observance of any covenant, agreement or obligation of the City under this Indenture and the continuation thereof for a period of ninety (90) days after written notice to the City by the Trustee, or by the Owners of at least 25% of the aggregate outstanding principal of the Bonds with a copy to the Trustee, specifying such default and requesting that the failure be remedied.

(b) Nothing in Section 11.1(a) will be an Event of Default if it is in violation of any applicable state law or court order.

Section 11.2. Immediate Remedies for Default.

(a) Subject to Article VIII, upon the happening and continuance of any of the Events of Default described in Section 11.1, the Trustee may, and at the written direction of the Owners of at least 25% of the Bonds then Outstanding and its receipt of indemnity satisfactory, shall proceed against the City for the purpose of protecting and enforcing the rights of the Owners under this Indenture, by action seeking mandamus or by other suit, action, or special proceeding in equity or at law, in any court of competent jurisdiction, for any relief to the extent permitted by Applicable Laws, including, but not limited to, the specific performance of any covenant or agreement contained herein, or injunction; provided, however, that no action for money damages against the City may be sought or shall be permitted. The Trustee retains the right to obtain the advice of counsel in its exercise of remedies of default.

(b) THE PRINCIPAL OF THE BONDS SHALL NOT BE SUBJECT TO ACCELERATION UNDER ANY CIRCUMSTANCES.

(c) If the assets of the Trust Estate are sufficient to pay all amounts due with respect to all Outstanding Bonds, in the selection of Trust Estate assets to be used in the payment of Bonds due under this Article, the City shall determine, in its absolute discretion, and shall instruct the Trustee by City Certificate, which Trust Estate assets shall be applied to such payment and shall not be liable to any Owner or other Person by reason of such selection and application. In the event that the City shall fail to deliver to the Trustee such City Certificate, the Trustee shall select and liquidate or sell Trust Estate assets as provided in the following paragraph, and shall not be liable to any Owner, or other Person, or the City by reason of such selection, liquidation or sale.

(b) Subject to Article VIII, nothing in this Indenture shall affect or impair the right of any Owner to enforce, by action at law, payment of any Bond at and after the maturity thereof, or on the date fixed for redemption or the obligation of the City to pay each Bond issued hereunder to the respective Owners thereof at the time and place, from the source and in the manner expressed herein and in the Bonds.

(c) In case the Trustee or any Owners shall have proceeded to enforce any right under this Indenture and such proceedings shall have been discontinued or abandoned for any reason or shall have been determined adversely to the Trustee or any Owners, then and in every such case the City, the Trustee and the Owners shall be restored to their former positions and rights hereunder, and all rights, remedies and powers of the Trustee shall continue as if no such proceedings had been taken.

(c) The restoration of the City to its prior position after any and all defaults have been cured, as provided in Section 11.3, shall not extend to or affect any subsequent default under this Indenture or impair any right consequent thereon.

Section 11.5. Effect of Waiver.

No delay or omission of the Trustee, or any Owner, to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein; and every power and remedy given by this Indenture to the Trustee or the Owners, respectively, may be exercised from time to time and as often as may be deemed expedient.

Where such execution is by an officer of a corporation or association or a member of a partnership, on behalf of such corporation, association or partnership, such signature guarantee, certificate, or affidavit shall also constitute sufficient proof of his authority.

_____ DOLLARS

unless this Bond shall have been sooner called for redemption and the payment of the principal hereof shall have been paid or provision for such payment shall have been made, and to pay interest on the unpaid principal amount hereof from the later of the Date of Delivery, as specified above, or the most recent Interest Payment Date to which interest has been paid or provided for until such principal amount shall have been paid or provided for, at the per annum rate of interest specified above, computed on the basis of a 360-day year of twelve 30-day months, such interest to be paid semiannually on March 1 and September 1 of each year, commencing September 1, 2023, until maturity or prior redemption.

Capitalized terms appearing herein that are defined terms in the Indenture defined below, have the meanings assigned to them in the Indenture. Reference is made to the Indenture for such definitions and for all other purposes.

The principal of this Bond shall be payable without exchange or collection charges in lawful money of the United States of America upon presentation and surrender of this Bond at the corporate trust office in St. Paul, Minnesota (the "Designated Payment/Transfer Office"), of U.S. Bank Trust Company, National Association, as trustee and paying agent/registrar (the "Trustee", which term includes any successor trustee under the Indenture), or, with respect to a successor trustee and paying agent/registrar, at the Designated Payment/Transfer Office of such successor. Interest on this Bond is payable by check dated as of the Interest Payment Date, mailed by the

Trustee to the registered owner at the address shown on the registration books kept by the Trustee or by such other customary banking arrangements acceptable to the Trustee, requested by, and at the risk and expense of, the Person to whom interest is to be paid. For the purpose of the payment of interest on this Bond, the registered owner shall be the Person in whose name this Bond is registered at the close of business on the "Record Date," which shall be the fifteenth calendar day of the month next preceding such Interest Payment Date; provided, however, that in the event of nonpayment of interest on a scheduled Interest Payment Date, and for 30 days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Trustee, if and when funds for the payment of such interest have been received from the City. Notice of the Special Record Date and of the scheduled payment date of the past due interest (the "Special Payment Date," which shall be 15 days after the Special Record Date) shall be sent at least five Business Days prior to the Special Record Date by United States mail, first-class, postage prepaid, to the address of each Owner of a Bond appearing on the books of the Trustee at the close of business on the last Business Day preceding the date of mailing such notice.

If a date for the payment of the principal of or interest on the Bonds is a Saturday, Sunday, legal holiday, or a day on which banking institutions in the city in which the Designated Payment/Transfer Office is located are authorized by law or executive order to close, then the date for such payment shall be the next succeeding Business Day, and payment on such date shall have the same force and effect as if made on the original date payment was due.

This Bond is one of a duly authorized issue of assessment revenue bonds of the City having the designation specified in its title (herein referred to as the "Bonds"), dated March 1, 2023, issued in the aggregate principal amount of \$_____ and issued, with the limitations described herein, pursuant to an Indenture of Trust, dated as of March 1, 2023 (the "Indenture"), by and between the City and the Trustee, to which Indenture reference is hereby made for a description of the amounts thereby pledged and assigned, the nature and extent of the lien and security, the respective rights thereunder to the holders of the Bonds, the Trustee, and the City, and the terms upon which the Bonds are, and are to be, authenticated and delivered and by this reference to the terms of which each holder of this Bond hereby consents. All Bonds issued under the Indenture are equally and ratably secured by the amounts thereby pledged and assigned. The Bonds are being issued for the purpose of (i) paying a portion of the Actual Costs of the Authorized Improvements, (ii) paying a portion of the interest on the Bonds during and after the period of acquisition and construction of the Authorized Improvements, (iii) funding a reserve fund for payment of principal and interest on the Bonds, (iv) paying a portion of the costs incidental to the organization and administration of the District, and (v) paying costs of issuance of the Bonds.

The Bonds are limited obligations of the City payable solely from the Trust Estate as defined in the Indenture. Reference is hereby made to the Indenture, copies of which are on file with and available upon request from the Trustee, for the provisions, among others, with respect to the nature and extent of the duties and obligations of the City, the Trustee and the Owners. The Owner of this Bond, by the acceptance hereof, is deemed to have agreed and consented to the terms, conditions and provisions of the Indenture.

Notwithstanding any provision hereof, the Indenture may be released and the obligation of the City to make money available to pay this Bond may be defeased by the deposit of money and/or certain direct or indirect Defeasance Securities sufficient for such purpose as described in the Indenture.

The Bonds are issuable as fully registered bonds only in Authorized Denominations, subject to the provisions of the Indenture authorizing redemption in denominations of \$100,000 and any multiple of \$1,000 in excess thereof.

The Bonds are subject to sinking fund redemption prior to their respective maturities and will be redeemed by the City in part at a price equal to the principal amount thereof plus accrued and unpaid interest thereon to the date set for redemption from moneys available for such purpose in the Redemption Fund pursuant to Article VI of the Indenture, on the dates and in the Sinking Fund Installment amounts as set forth in the following schedule:

At least forty-five (45) days prior to each mandatory sinking fund redemption date, and subject to any prior reduction authorized by the Indenture, the Trustee shall select for redemption, pursuant to the provisions of the Indenture, a principal amount of Bonds of such maturity equal to the Sinking Fund Installments of such Bonds to be redeemed, shall call such Bonds for redemption on such scheduled mandatory sinking fund redemption date, and shall give notice of such redemption, as provided in the Indenture.

The principal amount of Bonds required to be redeemed on any mandatory sinking fund redemption date shall be reduced, at the option of the City, by the principal amount of any Bonds of such maturity which, at least 45 days prior to the mandatory sinking fund redemption date (i) shall have been acquired by the City at a price not exceeding the principal amount of such Bonds plus accrued and unpaid interest to the date of purchase thereof, and delivered to the Trustee for cancellation, or (ii) shall have been redeemed pursuant to optional redemption or extraordinary optional redemption and not previously credited to a mandatory sinking fund redemption.

The City reserves the right and option to redeem Bonds maturing on or after September 1, 20__ before their scheduled maturity dates, in whole or in part, on any date on or after September 1, 20__, such redemption date or dates to be fixed by the City, at a price of par (the "Redemption Price"), plus accrued interest to the date of redemption.

Bonds are subject to extraordinary optional redemption prior to maturity in whole or in part, on a date specified in a City Certificate, at a Redemption Price equal to the principal amount of the Bonds called for redemption, plus accrued and unpaid interest to the date fixed for redemption, pursuant to the provisions of the Indenture, from amounts on deposit in the Redemption Fund as a result of Prepayments, other transfers to the Redemption Fund pursuant to the Indenture, or as a result of unexpended amounts transferred from the Project Fund as provided in the Indenture.

The Trustee shall give notice of any redemption of Bonds by sending notice by United States mail, first-class, postage prepaid, not less than 30 days before the date fixed for redemption, to the Owner of each Bond (or part thereof) to be redeemed, at the address shown on the Register. The notice shall state the redemption date, the Redemption Price, the place at which the Bonds are to be surrendered for payment, and, if less than all the Bonds Outstanding are to be redeemed, an identification of the Bonds or portions thereof to be redeemed. Any notice so given shall be conclusively presumed to have been duly given, whether or not the Owner receives such notice.

With respect to any optional redemption of the Bonds, unless the Trustee has received funds sufficient to pay the Redemption Price of the Bonds to be redeemed before giving of a notice of redemption, the notice may state the City may condition redemption on the receipt of such funds by the Trustee on or before the date fixed for the redemption, or on the satisfaction of any other prerequisites set forth in the notice of redemption. If a conditional notice of redemption is given and such prerequisites to the redemption are not satisfied and sufficient funds are not received, the notice shall be of no force and effect, the City shall not redeem the Bonds and the Trustee shall give notice, in the manner in which the notice of redemption was given, that the Bonds have not been redeemed.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the City and the rights of the holders of the Bonds under the Indenture at any time Outstanding affected by such modification. The Indenture also contains provisions permitting the holders of specified percentages in aggregate principal amount of the Bonds at the time Outstanding, on behalf of the holders of all the Bonds, to waive compliance by the City with certain past defaults under the Bond Ordinance or the

Indenture and their consequences. Any such consent or waiver by the holder of this Bond or any predecessor Bond evidencing the same debt shall be conclusive and binding upon such holder and upon all future holders thereof and of any Bond issued upon the transfer thereof or in exchange therefor or in lieu thereof, whether or not notation of such consent or waiver is made upon this Bond.

As provided in the Indenture, this Bond is transferable upon surrender of this Bond for transfer at the Designated Payment/Transfer Office, with such endorsement or other evidence of transfer as is acceptable to the Trustee, and upon delivery to the Trustee of such certifications and/or opinion of counsel as may be required under the Indenture for the transfer of this Bond. Upon satisfaction of such requirements, one or more new fully registered Bonds of the same Stated Maturity, of Authorized Denominations, bearing the same rate of interest, and for the same aggregate principal amount will be issued to the designated transferee or transferees.

Neither the City nor the Trustee shall be required to issue, transfer or exchange any Bond called for redemption where such redemption is scheduled to occur within 45 calendar days of the transfer or exchange date; provided, however, such limitation shall not be applicable to an exchange by the registered owner of the uncalled principal balance of a Bond redeemed in part.

The City, the Trustee, and any other Person may treat the Person in whose name this Bond is registered as the owner hereof for the purpose of receiving payment as herein provided (except interest shall be paid to the Person in whose name this Bond is registered on the Record Date or Special Record Date, as applicable) and for all other purposes, whether or not this Bond be overdue, and neither the City nor the Trustee shall be affected by notice to the contrary.

The City has reserved the right to issue Additional Obligations on the terms and conditions specified in the Indenture.

NEITHER THE FULL FAITH AND CREDIT NOR THE GENERAL TAXING POWER OF THE CITY OF CELINA, TEXAS, THE STATE OF TEXAS, OR ANY POLITICAL SUBDIVISION THEREOF, IS PLEDGED TO THE PAYMENT OF THE BONDS.

IT IS HEREBY CERTIFIED AND RECITED that the issuance of this Bond and the series of which it is a part is duly authorized by law; that all acts, conditions and things required to be done precedent to and in the issuance of the Bonds have been properly done and performed and have happened in regular and due time, form and manner, as required by law; and that the total indebtedness of the City, including the Bonds, does not exceed any Constitutional or statutory limitation.

IN WITNESS WHEREOF, the City Council of the City has caused this Bond to be executed under the official seal of the City.

BOND PURCHASE AGREEMENT

February 14, 2023

City of Celina, Texas
 142 N. Ohio Street
 Celina, Texas 76201

Ladies and Gentlemen:

The undersigned, FMSbonds, Inc. (the “Underwriter”), offers to enter into this Bond Purchase Agreement (this “Agreement”) with the City of Celina, Texas (the “City”), which will be binding upon the City and the Underwriter upon the acceptance of this Agreement by the City. This offer is made subject to its acceptance by the City by execution of this Agreement and its delivery to the Underwriter on or before 10:00 p.m., Central Time, on the date hereof and, if not so accepted, will be subject to withdrawal by the Underwriter upon written notice delivered to the City at any time prior to the acceptance hereof by the City. All capitalized terms not otherwise defined herein shall have the meanings given to such terms in the Indenture (defined herein) between the City and U.S. Bank Trust Company, National Association, as trustee (the “Trustee”), authorizing the issuance of the Bonds (defined herein), and in the Limited Offering Memorandum (defined herein).

1. Purchase and Sale of Bonds. Upon the terms and conditions and upon the basis of representations, warranties, and agreements hereinafter set forth, the Underwriter hereby agrees to purchase from the City, and the City hereby agrees to sell to the Underwriter, all (but not less than all) of the \$(PAR AMOUNT) aggregate principal amount of the “City of Celina, Texas, Special Assessment Revenue Bonds, Series 2023 (Harper Estates Public Improvement District Project)” (the “Bonds”), at a purchase price of \$_____ (representing the aggregate principal amount of the Bonds less an Underwriter’s discount of \$_____).

Inasmuch as this purchase and sale represents a negotiated transaction, the City understands, and hereby confirms, that the Underwriter is not acting as a municipal advisor or fiduciary of the City (including, without limitation, a Municipal Advisor (as such term is defined in Section 975(e) of the Dodd Frank Wall Street Reform and Consumer Protection Act)), but rather is acting solely in its capacity as Underwriter for its own account. The City acknowledges and agrees that (i) the purchase and sale of the Bonds pursuant to this Agreement is an arm’s length commercial transaction between the City and the Underwriter and the Underwriter has financial

and other interests that differ from any other party to this Agreement, (ii) in connection therewith and with the discussions, undertakings, and procedures leading up to the consummation of this transaction, the Underwriter is and has been acting solely as a principal and is not acting as the agent, municipal advisor, financial advisor, or fiduciary of the City, (iii) the Underwriter has not assumed an advisory or fiduciary responsibility in favor of the City with respect to the offering described herein or the discussions, undertakings, and procedures leading thereto (regardless of whether the Underwriter has provided other services or is currently providing other services to the City on other matters) and the Underwriter has no obligation to the City with respect to the offering described herein except the obligations expressly set forth in this Agreement, (iv) the City has consulted its own legal, financial and other advisors to the extent it has deemed appropriate, (v) the Underwriter has financial and other interests that differ from those of the City, and (vi) the Underwriter has provided to the City prior disclosures under Rule G-17 of the Municipal Securities Rulemaking Board (“MSRB”), which have been received by the City. The City further acknowledges and agrees that following the issuance and delivery of the Bonds, the Underwriter has indicated that it may have periodic discussions with the City regarding the expenditure of Bond proceeds and the construction of the Authorized Improvements financed with the Bonds and, in connection with such discussions, the Underwriter shall be acting solely as a principal and will not be acting as the agent or fiduciary of, and will not be assuming an advisory or fiduciary responsibility in favor of, the City.

The Bonds shall be dated March 1, 2023 and shall have the maturities and redemption features, if any, and bear interest at the rates per annum shown on Schedule I hereto. Payment for and delivery of the Bonds, and the other actions described herein, shall take place on March 14, 2023 (or such other date as may be agreed to by the City and the Underwriter) (the “Closing Date”).

2. Authorization Instruments and Law. The Bonds were authorized by an Ordinance enacted by the City Council of the City (the “City Council”) on February 14, 2023 (the “Bond Ordinance”) and shall be issued pursuant to the provisions of Subchapter A of Chapter 372, Texas Local Government Code, as amended (the “Act”), and the Indenture of Trust, dated as of March 1, 2023, between the City and the Trustee, authorizing the issuance of the Bonds (the “Indenture”). The Bonds shall be substantially in the form described in, and shall be secured under the provisions of, the Indenture.

The Bonds and interest thereon shall be secured by the proceeds of special assessments (the “Assessments”) levied on the assessable parcels within the Harper Estates Public Improvement District (the “District”). The District was established by a resolution enacted by the City Council on August 9, 2022 (the “Creation Resolution”) in accordance with the Act.

A Service and Assessment Plan (, the “Service and Assessment Plan”) which sets forth the costs of the Authorized Improvements and the method of payment of the Assessments levied against assessable property located within the District, was approved pursuant to an assessment ordinance adopted by the City Council on February 14, 2023 (the “Assessment Ordinance” and, together with the Creation Resolution, the Indenture and the Bond Ordinance, the “Authorizing Documents”). The Bonds shall be further secured by certain applicable funds and accounts created under the Indenture.

The Bonds shall be as described in Schedule I, the Indenture, and the Limited Offering Memorandum. The proceeds of the Bonds shall be used for (i) paying a portion of the Authorized Improvements (as defined in the Indenture) that will benefit the District, (ii) paying a portion of the interest on the Bonds during and after the period of the acquisition and construction of the Authorized Improvements, (iii) funding a reserve fund for the payment of principal of and interest on the Bonds, (iv) paying a portion of the costs incidental to the organization and administration of the District, and (v) paying the costs of issuing the Bonds.

3. Limited Public Offering. The Underwriter agrees to make a bona fide limited public offering of all of the Bonds in accordance with Section 11 hereof. On or before the third (3rd) business day prior to the Closing Date, the Underwriter shall execute and deliver to Bond Counsel the Issue Price Certificate, in substantially the form attached hereto as Appendix B.

4. Limited Offering Memorandum.

(a) Delivery of Limited Offering Memorandum. The City previously has delivered, or caused to be delivered, to the Underwriter the Preliminary Limited Offering Memorandum for the Bonds dated [PLOM DATE], 2023 (the “Preliminary Limited Offering Memorandum”), in a “designated electronic format,” as defined in the Municipal Securities Rulemaking Board (“MSRB”) Rule G-32 (“Rule G-32”). The City will prepare, or cause to be prepared, a final Limited Offering Memorandum relating to the Bonds (the “Limited Offering Memorandum”) which will be (i) dated the date of this Agreement, (ii) complete within the meaning of the United States Securities and Exchange Commission’s Rule 15c2-12, as amended (“Rule 15c2-12”), (iii) in a “designated electronic format,” and (iv) substantially in the form of the most recent version of the Preliminary Limited Offering Memorandum provided to the Underwriter before the execution hereof. The Limited Offering Memorandum, including the cover page thereto, all exhibits, schedules, appendices, maps, charts, pictures, diagrams, reports, and statements included or incorporated therein or attached thereto, and all amendments and supplements thereto that may be authorized for use with respect to the Bonds are collectively referred to herein as the “Limited Offering Memorandum.” Until the Limited Offering Memorandum has been prepared and is available for distribution, the City shall provide to the Underwriter sufficient quantities (which may be in electronic format) of the Preliminary Limited Offering Memorandum as the Underwriter reasonably deems necessary to satisfy the obligation of the Underwriter under Rule 15c2-12 with respect to distribution to each potential customer, upon request, of a copy of the Preliminary Limited Offering Memorandum.

(b) Preliminary Limited Offering Memorandum Deemed Final. The Preliminary Limited Offering Memorandum has been prepared for use by the Underwriter in connection with the offering, sale, and distribution of the Bonds. The City hereby represents and warrants that the Preliminary Limited Offering Memorandum has been deemed final by the City as of its date, except for the omission of such information which is dependent upon the final pricing of the Bonds for completion, all as permitted to be excluded by Section (b)(1) of Rule 15c2-12.

(c) Use of Limited Offering Memorandum in Offering and Sale. The City hereby authorizes the Limited Offering Memorandum and the information therein contained to be used by the Underwriter in connection with the offering and the sale of the Bonds. The City consents to the use by the Underwriter prior to the date hereof of the Preliminary Limited Offering Memorandum in connection with the offering of the Bonds. The City shall provide, or cause to be provided, to the Underwriter as soon as practicable after the date of the City's acceptance of this Agreement (but, in any event, not later than the earlier of the Closing Date or seven (7) business days after the City's acceptance of this Agreement) copies of the Limited Offering Memorandum which is complete as of the date of its delivery to the Underwriter. The City shall provide the Limited Offering Memorandum, or cause the Limited Offering Memorandum to be provided, (i) in a "designated electronic format" consistent with the requirements of Rule G-32 and (ii) in a printed format in such quantity as the Underwriter shall reasonably request in order for the Underwriter to comply with Section (b)(4) of Rule 15c2-12 and the rules of the MSRB.

(d) Updating of Limited Offering Memorandum. If, after the date of this Agreement, up to and including the date the Underwriter is no longer required to provide a Limited Offering Memorandum to potential customers who request the same pursuant to Rule 15c2-12 (the earlier of (i) ninety (90) days from the "end of the underwriting period" (as defined in Rule 15c2-12) and (ii) the time when the Limited Offering Memorandum is available to any person from the MSRB, but in no case less than the 25th day after the "end of the underwriting period" for the Bonds), the City becomes aware of any fact or event which might or would cause the Limited Offering Memorandum, as then supplemented or amended, to contain any untrue statement of a material fact or to omit to state a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, or if it is necessary to amend or supplement the Limited Offering Memorandum to comply with law, the City will notify the Underwriter (and for the purposes of this clause provide the Underwriter with such information as it may from time to time request), and if, in the reasonable judgment of the Underwriter, such fact or event requires preparation and publication of a supplement or amendment to the Limited Offering Memorandum, the City will forthwith prepare and furnish, at no expense to the Underwriter (in a form and manner approved by the Underwriter), either an amendment or a supplement to the Limited Offering Memorandum so that the statements therein as so amended and supplemented will not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading or so that the Limited Offering Memorandum will comply with law; provided, however, that for all purposes of this Agreement and any certificate delivered by the City in accordance herewith, (i) the City makes no representations with respect to the descriptions in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum of The Depository Trust Company, New York, New York ("DTC"), or its book-entry-only system, and (ii) the City makes no representation with respect to the information in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum under the captions and subcaptions "PLAN OF FINANCE — Development Plan and Plan of Finance," "BOOK-ENTRY ONLY SYSTEM," "THE AUTHORIZED IMPROVEMENTS," "THE DEVELOPMENT," "THE DEVELOPER," "BONDHOLDERS' RISKS" (only as it pertains to the Developer, the Authorized

Improvements and the Development), “THE ADMINISTRATOR,” “APPRAISAL OF PROPERTY IN THE DISTRICT,” “LEGAL MATTERS — Litigation — The Developer,” “CONTINUING DISCLOSURE – The Developer,” “ – The Developer’s Compliance with Prior Undertakings,” and “INFORMATION RELATING TO THE TRUSTEE.” If such notification shall be subsequent to the Closing Date, the City, at no expense to the Underwriter, shall furnish such legal opinions, certificates, instruments, and other documents as the Underwriter may reasonably deem necessary to evidence the truth and accuracy of such supplement or amendment to the Limited Offering Memorandum. The City shall provide any such amendment or supplement, or cause any such amendment or supplement to be provided, (i) in a “designated electronic format” consistent with the requirements of Rule G-32 and (ii) in a printed format in such quantity as the Underwriter shall request in order for the Underwriter to comply with Section (b)(4) of Rule 15c2-12 and the rules of the MSRB.

(e) Filing with MSRB. The Underwriter hereby agrees to timely file the Limited Offering Memorandum with the MSRB through its Electronic Municipal Market Access (“EMMA”) system within one business day after receipt but no later than the Closing Date. Unless otherwise notified in writing by the Underwriter, the City can assume that the “end of the underwriting period” for purposes of Rule 15c2-12 is the Closing Date.

(f) Limited Offering. The Underwriter hereby represents, warrants and covenants that the Bonds were initially sold pursuant to a limited offering. The Bonds were sold to not more than thirty-five persons that qualify as “Accredited Investors” (as defined in Rule 501 of Regulation D under the Securities Act (as defined herein)) or “Qualified Institutional Buyers” (within the meaning of Rule 144A under the Securities Act).

5. City Representations, Warranties and Covenants. The City represents, warrants and covenants that:

(a) Due Organization, Existence and Authority. The City is a political subdivision of the State of Texas (the “State”), and has, and at the Closing Date will have, full legal right, power and authority:

(i) to enter into:

(1) this Agreement;

(2) the Indenture;

(3) the “Development Agreement” between the City and MM Celina 100, LLC, a Texas limited liability company, (the “Developer”), effective as of May 10, 2022, (the “Development Agreement”);

(4) the Continuing Disclosure Agreement of the Issuer with respect to the Bonds, dated as of March 1, 2023 (the “City Continuing Disclosure Agreement”), executed and delivered by the City, MuniCap Inc., and HTS Continuing Disclosure Services, a division of Hilltop Securities, Inc., as Dissemination Agent;

(5) the Landowner Agreement, dated as of February 14, 2023 executed by the City and the Developer (the “Landowner Agreement”);

(6) the Harper Estates Public Improvement District Reimbursement Agreement, dated as of February 14, 2023 executed by the City and the Developer (the “Reimbursement Agreement”); and

(7) the Harper Estates Public Improvement District Construction, Funding, and Acquisition Agreement, dated as of February 14, 2023 executed by the City and the Developer (the “CFA Agreement”)

(ii) to issue, sell, and deliver the Bonds to the Underwriter as provided herein; and

(iii) to carry out and consummate the transactions on its part described in (1) the Authorizing Documents, (2) this Agreement, (3) the Development Agreement, (4) the City Continuing Disclosure Agreement, (5) the Landowner Agreement, (6) the Reimbursement Agreement, (7) the CFA Agreement, (8) the Limited Offering Memorandum, and (9) any other documents and certificates described in any of the foregoing (the documents described by subclauses (1) through (7) being referred to collectively herein as the “City Documents”).

(b) Due Authorization and Approval of City. By all necessary official action of the City, the City has duly authorized and approved the adoption or execution and delivery by the City of, and the performance by the City of the obligations on its part contained in, the City Documents and, as of the date hereof, such authorizations and approvals are in full force and effect and have not been amended, modified or rescinded, except as may have been approved by the Underwriter. When validly executed and delivered by the other parties thereto, the City Documents will constitute the legally valid and binding obligations of the City enforceable upon the City in accordance with their respective terms, except insofar as enforcement may be limited by principles of governmental immunity, bankruptcy, insolvency, reorganization, moratorium, or similar laws or equitable principles relating to or affecting creditors’ rights generally. The City has complied, and will at the Closing (as defined herein) be in compliance, in all material respects, with the obligations on its part to be performed on or prior to the Closing Date under the City Documents.

(c) Due Authorization for Issuance of the Bonds. The City has duly authorized the issuance and sale of the Bonds pursuant to the Bond Ordinance, the Indenture, and the Act. The City has, and at the Closing Date will have, full legal right, power and authority (i) to enter into, execute, deliver, and perform its obligations under this Agreement and the other City Documents, (ii) to issue, sell and, deliver the Bonds to the Underwriter pursuant to the Indenture, the Bond Ordinance, the Act, and as provided herein, and (iii) to carry out, give effect to and consummate the transactions on the part of the City described by the City Documents and the Bond Ordinance.

(d) No Breach or Default. As of the time of acceptance hereof, and to the best of its knowledge, the City is not, and as of the Closing Date the City will not be, in breach of or in default in any material respect under any applicable constitutional provision, law or administrative rule or regulation of the State or the United States, or any applicable judgment or decree or any trust agreement, loan agreement, bond, note, resolution, ordinance, agreement or other instrument related to the Bonds and to which the City is a party or is otherwise subject, and no event has occurred and is continuing which, with the passage of time or the giving of notice, or both, would constitute a default or event of default under any such instrument which breach, default or event could have a material adverse effect on the City's ability to perform its obligations under the Bonds or the City Documents; and, as of such times, the authorization, execution and delivery of the Bonds and the City Documents and compliance by the City with obligations on its part to be performed in each of such agreements or instruments does not and will not conflict with or constitute a breach of or default under any applicable constitutional provision, law or administrative rule or regulation of the State or the United States, or any applicable judgment, decree, license, permit, trust agreement, loan agreement, bond, note, resolution, ordinance, agreement or other instrument to which the City (or any of its officers in their respective capacities as such) is subject, or by which it or any of its properties are bound, nor will any such authorization, execution, delivery or compliance result in the creation or imposition of any lien, charge or other security interest or encumbrance of any nature whatsoever upon any of its assets or properties or under the terms of any such law, regulation or instrument, except as may be permitted by the City Documents.

(e) No Litigation. At the time of acceptance hereof there is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, government agency, public board or body (collectively and individually, an "Action") pending against the City with respect to which the City has been served with process, nor to the knowledge of the City is any Action threatened against the City, in which any such Action (i) in any way questions the existence of the City or the rights of the members of the City Council to hold their respective positions, (ii) in any way questions the formation or existence of the District, (iii) affects, contests or seeks to prohibit, restrain or enjoin the issuance or delivery of any of the Bonds, or the payment or collection of any amounts pledged or to be pledged to pay the principal of and interest on the Bonds, or in any way contests or affects the validity of the City Documents or the consummation of the transactions on the part of the City described therein, or contests the exclusion of the interest on the Bonds from federal income taxation, or (iv) which may result in any material adverse change in the financial condition of the City; and, as of the time of acceptance hereof, to the City's knowledge, there is no basis for any action, suit, proceeding, inquiry, or investigation of the nature described in clauses (i) through (iv) of this sentence.

(f) Bonds Issued Pursuant to Indenture. The City represents that the Bonds, when issued, executed, and delivered in accordance with the Indenture and sold to the Underwriter as provided herein, will be validly issued and outstanding obligations of the City subject to the terms of the Indenture, entitled to the benefits of the Indenture and the security of the pledge of the proceeds of the levy of the Assessments received by the City, all to the extent provided for in the Indenture. The Indenture creates a valid pledge of the monies in certain funds and accounts established pursuant to the Indenture to the extent

provided for in the Indenture, including the investments thereof, subject in all cases to the provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth therein.

(g) Assessments. The Assessments constituting the security for the Bonds have been levied by the City in accordance with the Act on those parcels of land identified in the Assessment Roll for the District (as defined in the Service and Assessment Plan). According to the Act, such Assessments constitute a valid and legally binding first and prior lien against the properties assessed, superior to all other liens and claims, except liens or claims for state, county, school district, or municipality ad valorem taxes.

(h) Consents and Approvals. All authorizations, approvals, licenses, permits, consents, elections, and orders of or filings with any governmental authority, legislative body, board, agency, or commission having jurisdiction in the matters which are required by the Closing Date for the due authorization of, which would constitute a condition precedent to or the absence of which would adversely affect the due performance by the City of, its obligations in connection with the City Documents have been duly obtained or made and are in full force and effect, except the approval of the Bonds by the Attorney General of the State, registration of the Bonds by the Comptroller of Public Accounts of the State, and the approvals, consents and orders as may be required under Blue Sky or securities laws of any jurisdiction.

(i) Public Debt. Prior to the Closing, the City will not offer or issue any bonds, notes or other obligations for borrowed money or incur any material liabilities, direct or contingent, payable from or secured by a pledge of the Assessments which secure the Bonds without the prior approval of the Underwriter.

(j) Preliminary Limited Offering Memorandum. The information contained in the Preliminary Limited Offering Memorandum is true and correct in all material respects, and such information does not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; provided, however, that the City makes no representations with respect to (i) the descriptions in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum of DTC, or its book-entry-only system, and (ii) the City makes no representation with respect to the information in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum under the captions and subcaptions “PLAN OF FINANCE — Development Plan and Plan of Finance,” “BOOK-ENTRY ONLY SYSTEM,” “THE AUTHORIZED IMPROVEMENTS,” “THE DEVELOPMENT,” “THE DEVELOPER,” “BONDHOLDERS’ RISKS” (only as it pertains to the Developer, the Authorized Improvements and the Development), “THE ADMINISTRATOR,” “APPRAISAL OF PROPERTY IN THE DISTRICT,” “LEGAL MATTERS — Litigation — The Developer,” “CONTINUING DISCLOSURE – The Developer,” “ – The Developer’s Compliance with Prior Undertakings,” and “INFORMATION RELATING TO THE TRUSTEE.”

At the time of the City's acceptance hereof and (unless the Limited Offering Memorandum is amended or supplemented pursuant to paragraph (d) of Section 4 of this Agreement) at all times subsequent thereto during the period up to and including the 25th day subsequent to the "end of the underwriting period," the information contained in the Limited Offering Memorandum does not and will not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading; provided, however, that the City makes no representations with respect to (i) the descriptions in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum of DTC, or its book-entry-only system, and (ii) the City makes no representation with respect to the information in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum under the captions and subcaptions "PLAN OF FINANCE — Development Plan and Plan of Finance," "BOOK-ENTRY ONLY SYSTEM," "THE AUTHORIZED IMPROVEMENTS," "THE DEVELOPMENT," "THE DEVELOPER," "BONDHOLDERS' RISKS" (only as it pertains to the Developer, the Authorized Improvements and the Development), "THE ADMINISTRATOR," "APPRAISAL OF PROPERTY IN THE DISTRICT," "LEGAL MATTERS — Litigation — The Developer," "CONTINUING DISCLOSURE — The Developer," "— The Developer's Compliance with Prior Undertakings," and "INFORMATION RELATING TO THE TRUSTEE;" and further provided, however, that if the City notifies the Underwriter of any fact or event as required by Section 4(d) hereof, and the Underwriter determines that such fact or event does not require preparation and publication of a supplement or amendment to the Limited Offering Memorandum, then the Limited Offering Memorandum in its then-current form shall be conclusively deemed to be complete and correct in all material respects.

(l) Supplements or Amendments to Limited Offering Memorandum. If the Limited Offering Memorandum is supplemented or amended pursuant to paragraph (d) of Section 4 of this Agreement, at the time of each supplement or amendment thereto and (unless subsequently again supplemented or amended pursuant to such paragraph) at all times subsequent thereto during the period up to and including the 25th day subsequent to the "end of the underwriting period," the Limited Offering Memorandum as so supplemented or amended will not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading; provided, however, that if the City notifies the Underwriter of any fact or event as required by Section 4(d) hereof, and the Underwriter determines that such fact or event does not require preparation and publication of a supplement or amendment to the Limited Offering Memorandum, then the Limited Offering Memorandum in its then-current form shall be conclusively deemed to be complete and correct in all material respects.

(m) Compliance with Rule 15c2-12. During the past five years, the City has complied in all material respects with its previous continuing disclosure undertakings made by it in accordance with Rule 15c2-12, except as described in the Limited Offering Memorandum.

(n) Use of Bond Proceeds. The City will apply, or cause to be applied, the proceeds from the sale of the Bonds as provided in and subject to all of the terms and provisions of the Indenture and will not take or omit to take any action which action or omission will adversely affect the exclusion from gross income for federal income tax purposes of the interest on the Bonds.

(o) Blue Sky and Securities Laws and Regulations. The City will furnish such information and execute such instruments and take such action in cooperation with the Underwriter as the Underwriter may reasonably request, at no expense to the City, (i) to (y) qualify the Bonds for offer and sale under the Blue Sky or other securities laws and regulations of such states and other jurisdictions in the United States as the Underwriter may designate and (z) determine the eligibility of the Bonds for investment under the laws of such states and other jurisdictions and (ii) to continue such qualifications in effect so long as required for the initial distribution of the Bonds by the Underwriter (provided, however, that the City will not be required to qualify as a foreign corporation or to file any general or special consents to service of process under the laws of any jurisdiction) and will advise the Underwriter immediately of receipt by the City of any notification with respect to the suspension of the qualification of the Bonds for sale in any jurisdiction or the initiation or threat of any proceeding for that purpose.

(p) Certificates of the City. Any certificate signed by any official of the City authorized to do so in connection with the transactions described in this Agreement shall be deemed a representation and warranty by the City to the Underwriter as to the statements made therein and can be relied upon by the Underwriter as to the statements made therein.

(q) Intentional Actions Regarding Representations and Warranties. The City covenants that between the date hereof and the Closing it will not intentionally take actions which will cause the representations and warranties made in this Section to be untrue as of the Closing.

(r) Financial Advisor. The City has engaged Hilltop Securities Inc., as its financial advisor in connection with its offering and issuance of the Bonds.

By delivering the Limited Offering Memorandum to the Underwriter, the City shall be deemed to have reaffirmed, with respect to the Limited Offering Memorandum, the representations, warranties and covenants set forth above.

6. Developer Letter of Representations. At the signing of this Agreement, the City and Underwriter shall receive from the Developer, an executed Developer Letter of Representations (the “Developer Letter of Representations”) in the form of Appendix A hereto, and at the Closing, a certificate signed by the Developer as set for in Section 9(e) hereof.

Trustee as provided in the Indenture, and (ii) the City will deliver the closing documents hereinafter mentioned to Norton Rose Fulbright US LLP (“Bond Counsel”), or a place to be mutually agreed upon by the City and the Underwriter. Settlement will be through the facilities of DTC. The Underwriter will accept delivery and pay the purchase price of the Bonds as set forth in Section 1 hereof by wire transfer in federal funds payable to the order of the City or its designee. These payments and deliveries, together with the delivery of the aforementioned documents, are herein called the “Closing.” The Bonds will be made available to the Underwriter for inspection not less than twenty-four (24) hours prior to the Closing.

8. Underwriter’s Closing Conditions. The Underwriter has entered into this Agreement in reliance upon the representations and covenants herein and the performance by the City of its obligations under this Agreement, both as of the date hereof and as of the date of the Closing. Accordingly, the Underwriter’s obligations under this Agreement to purchase, accept delivery of, and pay for the Bonds shall be conditioned upon the performance by the City of its obligations to be performed hereunder at or prior to Closing and shall also be subject to the following additional conditions:

(a) Bring-Down Representations of the City. The representations and covenants of the City contained in this Agreement shall be true and correct in all material respects as of the date hereof and at the time of the Closing, as if made on the Closing Date.

construction of the Authorized Improvements and the Development, and the Developer shall not be in default in the payment of principal or interest on any of its indebtedness which default shall materially adversely impact the ability of such Developer to pay the Assessments when due.

(e) Termination Events. The Underwriter shall have the right to cancel its obligation to purchase the Bonds and to terminate this Agreement without liability therefor by written notification to the City if, between the date of this Agreement and the Closing, in the Underwriter's sole and reasonable judgment, any of the following shall have occurred:

(i) the market price or marketability of the Bonds, or the ability of the Underwriter to enforce contracts for the sale of the Bonds, shall be materially adversely affected by the occurrence of any of the following:

(1) legislation shall have been introduced in or enacted by the Congress of the United States or adopted by either House thereof, or legislation pending in the Congress of the United States shall have been amended, or legislation shall have been recommended to the Congress of the United States or otherwise endorsed for passage (by press release, other form of notice, or otherwise) by the President of the United States, the Treasury Department of the United States, or the Internal Revenue Service or legislation shall have been proposed for consideration by either the U.S. Senate Committee on Finance or the U.S. House of Representatives Committee on Ways and Means or legislation shall have been favorably reported for passage to either House of the Congress of the United States by a Committee of such House to which such legislation has been referred for consideration, or a decision by a court of the United States or the Tax Court of the United States shall be rendered or a ruling, regulation, or official statement (final, temporary, or proposed) by or on behalf of the Treasury Department of the United States, the Internal Revenue Service, or other federal agency shall be made, which would result in federal taxation of revenues or other income of the general character expected to be derived by the City or upon interest on securities of the general character of the Bonds or which would have the effect of changing, directly or indirectly, the federal income tax consequences of receipt of interest on securities of the general character of the Bonds in the hands of the holders thereof, and which in either case, makes it, in the reasonable judgment of the Underwriter, impracticable or inadvisable to proceed with the offer, sale, or delivery of the Bonds on the terms and in the manner described in the Limited Offering Memorandum; or

(2) legislation shall be enacted by the Congress of the United States, or a decision by a court of the United States shall be rendered, or a

stop order, ruling, regulation or official statement by, or on behalf of, the Securities and Exchange Commission (“SEC”) or any other governmental agency having jurisdiction of the subject matter shall be issued or made to the effect that the issuance, offering or sale of obligations of the general character of the Bonds, or the issuance, offering or sale of the Bonds, including all underlying obligations, as described herein or by the Limited Offering Memorandum, is in violation or would be in violation of, or that obligations of the general character of the Bonds, or the Bonds, are not exempt from registration under, any provision of the federal securities laws, including the Securities Act of 1933, as amended and as then in effect (the “Securities Act”), or that the Indenture needs to be qualified under the Trust Indenture Act of 1939, as amended and as then in effect (the “Trust Indenture Act”); or

(3) a general suspension of trading in securities on the New York Stock Exchange, the establishment of minimum prices on such exchange, the establishment of material restrictions (not in force as of the date hereof) upon trading securities generally by any governmental authority or any national securities exchange, a general banking moratorium declared by federal, State of New York, or State officials authorized to do so; or

(4) there shall have occurred any outbreak of hostilities (including, without limitation, an act of terrorism) or other national or international calamity or crisis, including, but not limited to, an escalation of hostilities that existed prior to the date hereof, and the effect of any such event on the financial markets of the United States shall be such as would make it impracticable, in the reasonable judgment of the Underwriter, for it to sell the Bonds on the terms and in the manner contemplated by the Limited Offering Memorandum; or

(5) there shall have occurred since the date of this Agreement any materially adverse change in the affairs or financial condition of the City, except as disclosed in or contemplated by the Limited Offering Memorandum; or

(6) any state blue sky or securities commission or other governmental agency or body in any state in which more than 10% of the Bonds have been offered and sold shall have withheld registration, exemption or clearance of the offering of the Bonds as described herein, or issued a stop order or similar ruling relating thereto; or

(7) any amendment to the federal or state Constitution or action by any federal or state court, legislative body, regulatory body, or other authority materially adversely affecting the tax status of the City, its property, income, securities (or interest thereon), or the validity or

enforceability of the Assessments to pay principal of and interest on the Bonds; or

(ii) the New York Stock Exchange or other national securities exchange or any governmental authority shall impose, as to the Bonds or as to obligations of the general character of the Bonds, any material restrictions not now in force, or increase materially those now in force, with respect to the extension of credit by, or the charge to the net capital requirements of, the Underwriter; or

(iii) any event occurring, or information becoming known which, in the reasonable judgment of the Underwriter, makes untrue in any material respect any statement or information contained in the Limited Offering Memorandum, or has the effect that the Limited Offering Memorandum contains any untrue statement of material fact or omits to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, which change shall occur subsequent to the date of this Agreement and shall not be due to the malfeasance, misfeasance or nonfeasance of the Underwriter; or

(iv) any fact or event shall exist or have existed that, in the Underwriter's reasonable judgment, requires or has required an amendment of or supplement to Limited Offering Memorandum; or

(v) a general banking moratorium shall have been declared by federal or State authorities having jurisdiction and be in force; or

(vi) a material disruption in securities settlement, payment or clearance services shall have occurred; or

(vii) a decision by a court of the United States shall be rendered, or a stop order, release, regulation or no-action letter by or on behalf of the SEC or any other governmental agency having jurisdiction of the subject matter shall have been issued or made, to the effect that the issuance, offering or sale of the Bonds, including the underlying obligations as contemplated by this Agreement or by the Limited Offering Memorandum, or any document relating to the issuance, offering or sale of the Bonds, is or would be in violation of any provision of the federal securities laws on the date of Closing, including the Securities Act, the Securities Exchange Act of 1934 (the "Securities Exchange Act") and the Trust Indenture Act; or

(viii) the purchase of and payment for the Bonds by the Underwriter, or the resale of the Bonds by the Underwriter, on the terms and conditions herein provided shall be prohibited by any applicable law, governmental authority, board, agency or commission, which prohibition shall occur subsequent to the date hereof and shall not be due to the malfeasance, misfeasance, or nonfeasance of the Underwriter.

With respect to the conditions described in subparagraphs (ii), (vii) and (viii) above, the Underwriter is not aware of any current, pending or proposed law or government inquiry

or investigation as of the date of execution of this Agreement which would permit the Underwriter to invoke its termination rights hereunder.

A resolution or certificate of the City (which may be included in the Bond Ordinance) whereby the City has deemed the Preliminary Limited Offering Memorandum final as of its date, except for permitted omissions, as contemplated by Rule 15c2-12 in connection with the offering of the Bonds.

(s) Dissemination Agent. Evidence acceptable to the Underwriter in its sole discretion that the City has engaged a dissemination agent acceptable to the Underwriter for the Bonds, with the execution of the City Continuing Disclosure Agreement and the Continuing Disclosure Agreement of the Developer by other parties thereto being conclusive evidence of such acceptance by the Underwriter.

(t) Lender Consent Certificate. Lender Consent Certificate of American Bank, N.A. consenting to and acknowledging the creation of the District, the adoption of the Assessment Ordinance, the levy of the Assessments and the subordination of its lien to the lien created by the Assessments in a form acceptable to the Underwriter.

(u) BLOR. A copy of the Blanket Letter of Representation to DTC relating to the Bonds and signed by the City.

(v) Additional Documents. Such additional legal opinions, certificates, instruments, and other documents as the Underwriter or their counsel may reasonably deem necessary.

10. City's Closing Conditions. The obligation of the City hereunder to deliver the Bonds shall be subject to receipt on or before the date of the Closing of the purchase price set forth in Section 1 hereof, and the opinion of Bond Counsel described in Section 9(a) hereof.

11. Establishment of Issue Price.

(a) The Underwriter agrees to assist the City in establishing the issue price of the Bonds and shall execute and deliver to the City on or before Closing an "issue price" or similar certificate, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as Appendix B, with such modifications as may be appropriate or necessary, in the reasonable judgment of the Underwriter, the City and Bond Counsel, to accurately reflect, as applicable, the sales price or prices or the initial offering price or prices to the public of the Bonds. All actions to be taken by the City under this Section to establish the issue price of the Bonds may be taken on behalf of the City by the City's Financial Advisor identified herein and any notice or report to be provided to the City may be provided to the City's Financial Advisor.

(b) The Underwriter confirms that it has offered all the Bonds of each maturity to the public on or before the date of this Agreement at the respective offering price (the “initial offering price”), or at the corresponding yield or yields, set forth in Schedule I attached hereto, except as otherwise set forth therein. At or promptly after the execution of this Agreement, the Underwriter shall report to the City as of the sale date the first price at which the Underwriter has sold to the public at least 10% of each maturity of Bonds (the “10% test”), and shall identify to the City as of the sale date those maturities of the Bonds for which the 10% test has not been satisfied. If different interest coupons apply within a maturity, each separate CUSIP number within that maturity will be treated as a separate maturity for this purpose.

(c) The City and the Underwriter agree that the restrictions set forth in the next sentence shall apply to those maturities of the Bonds for which the 10% test has not been met as of the sale date, which will allow the City to treat the initial offering price to the public of each such maturity as of the sale date as the issue price of that maturity (the “hold-the-offering-price rule”). So long as the hold-the-offering-price rule remains applicable to any maturity of the Bonds, the Underwriter will neither offer nor sell unsold Bonds of that maturity to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

- (1) the close of the fifth (5th) business day after the sale date; or
- (2) the date on which the Underwriter has sold at least 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

The Underwriter shall promptly advise the City when the Underwriter has sold 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public, if such sale occurs prior to the close of the fifth (5th) business day after the sale date.

(d) The Underwriter confirms that any selling group agreement and each third-party distribution agreement relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each dealer who is a member of the selling group, and each broker-dealer that is a party to such third-party distribution agreement, as applicable, to (A) to comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the Underwriter and as set forth in the related pricing wires, (B) to promptly notify the Underwriter of any sales of Bonds that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Bonds to the public, and (C) to acknowledge that, unless otherwise advised by the dealer or broker-dealer, the Underwriter shall assume that each order submitted by the dealer or broker-dealer is a sale to the public. The City acknowledges that, in making the representation set forth in this subsection, the Underwriter will rely on (i) in the event a selling group has been created in connection with the initial sale of the Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds,

as set forth in a selling group agreement and the related pricing wires and (ii) in the event that the Underwriter is a party to a third-party distribution agreement that was employed in connection with the initial sale of the Bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds, as set forth in the third-party distribution agreement and the related pricing wires. The City further acknowledges that the Underwriter shall not be liable for the failure of any dealer who is a member of a selling group or of any broker-dealer that is a party to a third-party distribution agreement, to comply with its corresponding agreement to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds.

(e) The Underwriter acknowledges that sales of any Bonds to any person that is a related party to the Underwriter shall not constitute sales to the public for purposes of this Section. Further, for purposes of this Section:

(i) “public” means any person other than an underwriter or a related party,

(ii) “underwriter” means (A) any person that agrees pursuant to a written contract with the City (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Bonds to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the public),

(iii) a purchaser of any of the Bonds is a “related party to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (i) at least 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and

(iv) “sale date” means the date of execution of this Agreement by all parties.

12. Consequences of Termination. If the City shall be unable to satisfy the conditions contained in this Agreement or if the obligations of the Underwriter shall be terminated for any reason permitted by this Agreement, this Agreement shall terminate and the Underwriter and the

City shall have no further obligation hereunder, except as further set forth in Sections 13, 15 and 16 hereof.

13. Costs and Expenses.

(a) The Underwriter shall be under no obligation to pay, and the City shall cause to be paid from proceeds of the Bonds the following expenses incident to the issuance of the Bonds and performance of the City's obligations hereunder: (i) the costs of the preparation and printing of the Bonds; (ii) the cost of preparation, printing, and mailing of the Preliminary Limited Offering Memorandum, the final Limited Offering Memorandum and any supplements and amendments thereto; (iii) the fees and disbursements of the City's financial advisor and legal counsel, the Trustee's counsel, Bond Counsel, Developer's Counsel, and the Trustee relating to the issuance of the Bonds, (iv) the Attorney General's review fees, (v) the fees and disbursements of accountants, advisers and any other experts or consultants retained by the City or the Developer, including but not limited to the fees and expenses of the Appraiser and the PID Administrator, and (vi) the expenses incurred by or on behalf of City employees and representatives that are incidental to the issuance of the Bonds and the performance by the City of its obligations under this Agreement.

(b) The Underwriter shall pay the following expenses: (i) all advertising expenses in connection with the offering of the Bonds; (ii) fees of Underwriter's Counsel; and (iii) all other expenses, including CUSIP fees (including out-of-pocket expenses and related regulatory expenses), incurred by it in connection with its offering and distribution of the Bonds, except as noted in Subsection 13(a) above.

(c) The City acknowledges that the Underwriter will pay from the Underwriter's expense allocation of the underwriting discount the applicable per bond assessment charged by the Municipal Advisory Council of Texas, a nonprofit corporation whose purpose is to collect, maintain and distribute information relating to issuing entities of municipal securities.

15. Entire Agreement. This Agreement is made solely for the benefit of the City and the Underwriter (including their respective successors and assigns), and no other person shall acquire or have any right hereunder or by virtue hereof. All of the City's representations, warranties, and agreements contained in this Agreement shall remain operative and in full force and effect regardless of: (i) any investigations made by or on behalf of the Underwriter, provided the City shall have no liability with respect to any matter of which the Underwriter has actual knowledge prior to the purchase of the Bonds; or (ii) delivery of any payment for the Bonds pursuant to this Agreement. The agreements contained in this Section and in Sections 16 and 18 shall survive any termination of this Agreement.

16. Survival of Representations and Warranties. All representations and warranties of the parties made in, pursuant to or in connection with this Agreement shall survive the execution and delivery of this Agreement, notwithstanding any investigation by the parties. All statements contained in any certificate, instrument, or other writing delivered by a party to this Agreement or in connection with the transactions described in by this Agreement constitute representations and warranties by such party under this Agreement to the extent such statement is set forth as a representation and warranty in the instrument in question.

17. Counterparts. This Agreement may be executed by the parties hereto in separate counterparts, each of which when so executed and delivered shall be an original, but all such counterparts shall together constitute but one and the same instrument.

18. Severability. In case any one or more of the provisions contained herein shall for any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision hereof.

19. State Law Governs. The validity, interpretation, and performance of this Agreement shall be governed by the laws of the State of Texas.

20. No Assignment. The rights and obligations created by this Agreement shall not be subject to assignment by the Underwriter or the City without the prior written consent of the other parties hereto.

21. No Personal Liability. None of the members of the City Council, nor any officer, representative, agent, or employee of the City, shall be charged personally by the Underwriter with any liability, or be held liable to the Underwriter under any term or provision of this Agreement, or because of execution or attempted execution, or because of any breach or attempted or alleged breach of this Agreement.

22. Indemnification. The Underwriter will indemnify and hold harmless the City against any losses, claims, damages or liabilities to which the City may become subject, under the Securities Act or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in the Limited Offering Memorandum, or any amendment or supplement thereto, or arise out of or are based upon any untrue statement or alleged untrue statement of material fact, or any omission or alleged omission of any material fact necessary to make the statements therein in light of the circumstances under which they were made, not misleading, in each case to the extent, but only to the extent, that such untrue statement or alleged untrue statement or omission was made in the Limited Offering Memorandum or any such amendment or supplement in reliance upon and in conformity with information under the heading "UNDERWRITING" in the Limited Offering Memorandum, and will reimburse the City for any legal or other expenses reasonably incurred by the City in connection with investigating or defending any such actions or claims as such expenses are incurred.

23. Form 1295. Submitted herewith or on a date prior hereto is a completed Form 1295 in connection with the Underwriter's participation in the execution of this Agreement generated by the Texas Ethics Commission's (the "TEC") electronic filing application in accordance with

the provisions of Section 2252.908 of the Texas Government Code and the rules promulgated by the TEC (the “Form 1295”). The City hereby confirms receipt of the Form 1295 from the Underwriter. The Underwriter and the City understand and agree that, with the exception of information identifying the City and the contract identification number, neither the City nor its consultants are responsible for the information contained in the Form 1295; that the information contained in the Form 1295 has been provided solely by the Underwriter; and, neither the City nor its consultants have verified such information.

24. Anti-Boycott Verification. The Underwriter hereby verifies that the Underwriter and its parent companies, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott Israel and, to the extent this Contract is a contract for goods or services, will not boycott Israel during the term of this Contract. The foregoing verification is made solely to comply with Section 2271.002, Texas Government Code, and to the extent such Section does not contravene applicable State or Federal Law. As used in the foregoing verification, ‘boycott Israel’ means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes. The Underwriter understands “affiliate” to mean an entity that controls, is controlled by, or is under common control with the Underwriter within the meaning of SEC Rule 405, 17. C.F.R. § 230.405 and exists to make a profit.

25. Iran, Sudan and Foreign Terrorist Organizations. The Underwriter hereby represents that neither the Underwriter nor any of its parent companies, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, and posted on any of the following pages of such officer’s internet website: <https://comptroller.texas.gov/purchasing/docs/sudan-list.pdf>, <https://comptroller.texas.gov/purchasing/docs/iran-list.pdf>, or <https://comptroller.texas.gov/purchasing/docs/fto-list.pdf>. The foregoing representation is made solely to comply with Section 2252.152, Texas Government Code, and to the extent such Section does not contravene applicable State or Federal law and excludes the Underwriter and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization. The Underwriter understands “affiliate” to mean an entity that controls, is controlled by, or is under common control with the Underwriter within the meaning of SEC Rule 405, 17. C.F.R. § 230.405 and exists to make a profit.

26. Verification Regarding Energy Company Boycotts. To the extent this Agreement constitutes a contract for goods or services for which a written verification statement is required under Section 2274.002 (as added by Senate Bill 13 in the 87th Texas Legislative Session), Texas Government Code, as amended, the Underwriter hereby verifies that it and its parent company, wholly- or majority- owned subsidiaries, and other affiliates, if any, do not boycott energy companies and, will not boycott energy companies during the term of this Agreement. The foregoing verification is made solely to comply with Section 2274.002, Texas Government Code, as amended, to the extent Section 2274.002, Texas Government Code does not contravene applicable Texas or federal law. As used in the foregoing verification, “boycott energy companies”

shall mean, without an ordinary business purpose, refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company (A) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable federal and state law; or (B) does business with a company described by (A) above. The Underwriter understands “affiliate” to mean an entity that controls, is controlled by, or is under common control with the Underwriter within the meaning of SEC Rule 405, 17. C.F.R. § 230.405 and exists to make a profit.

27. Verification Regarding Discrimination Against Firearm Entity or Trade Association. To the extent this Agreement constitutes a contract for goods or services for which a written verification statement is required under Section 2274.002 (as added by Senate Bill 19 in the 87th Texas Legislative Session, “SB 19”), Texas Government Code, as amended, the Underwriter hereby verifies that it and its parent company, wholly- or majority- owned subsidiaries, and other affiliates, if any

- (1) do not have a practice, policy, guidance or directive that discriminates against a firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association; and
- (2) will not discriminate during the term of this Agreement against a firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association.

The foregoing verification is made solely to comply with Section 2274.002, Texas Government Code, as amended, to the extent Section 2274.002, Texas Government Code does not contravene applicable Texas or federal law. As used in the foregoing verification, “discriminate against a firearm entity or firearm trade association” (A) means, with respect to the entity or association, to (i) refuse to engage in the trade of any goods or services with the entity or association based solely on its status as a firearm entity or firearm trade association; (ii) refrain from continuing an existing business relationship with the entity or association based solely on its status as a firearm entity or firearm trade association; or (iii) terminate an existing business relationship with the entity or association based solely on its status as a firearm entity or firearm trade association; and (B) does not include: (i) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories; and (ii) a company’s refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship: (aa) to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency; or (bb) for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity’s or association’s status as a firearm entity or firearm trade association. As used in the foregoing verification, (B) ‘firearm entity’ means a manufacturer, distributor, wholesaler, supplier, or retailer of firearms (i.e., weapons that expel projectiles by the action of explosive or expanding gases), firearm accessories (i.e., devices specifically designed or adapted to enable an individual to wear, carry, store, or mount a firearm on the individual or on a conveyance and items used in conjunction with or mounted on a firearm that are not essential to the basic function of the firearm, including detachable firearm magazines), or ammunition (i.e., a

Ladies and Gentlemen:

This letter is being delivered to the City of Celina, Texas (the “City”) and FMSbonds, Inc. (the “Underwriter”), in consideration for your entering into the Bond Purchase Agreement dated the date hereof (the “Bond Purchase Agreement”) for the sale and purchase of the \$(PAR AMOUNT) “City of Celina, Texas, Special Assessment Revenue Bonds, Series 2023 (Harper Estates Public Improvement District Project)” (the “Bonds”). Pursuant to the Bond Purchase Agreement, the Underwriter has agreed to purchase from the City, and the City has agreed to sell to the Underwriter, the Bonds. In order to induce the City to enter into the Bond Purchase Agreement and as consideration for the execution, delivery, and sale of the Bonds by the City and the purchase of them by the Underwriter, the undersigned, MM Celina 100, LLC, a Texas limited liability company (the “Developer”), makes the representations, warranties, and covenants contained in this Developer Letter of Representations. Unless the context clearly indicates otherwise, each capitalized term used in this Developer Letter of Representations will have the meaning set forth in the Bond Purchase Agreement.

1. Purchase and Sale of Bonds. Inasmuch as the purchase and sale of the Bonds represents a negotiated transaction, the Developer understands, and hereby confirms, that the Underwriter is not acting as a fiduciary of the Developer, but rather is acting solely in its capacity as Underwriter of the Bonds for its own account.

2. Updating of the Limited Offering Memorandum. If, after the date of this Developer Letter of Representations, up to and including the date the Underwriter is no longer required to provide a Limited Offering Memorandum to potential customers who request the same pursuant to Rule 15c2-12 (the earlier of (i) ninety (90) days from the “end of the underwriting period” (as defined in Rule 15c2-12) and (ii) the time when the Limited Offering Memorandum is available to any person from the MSRB, but in no case less than twenty-five (25) days after the “end of the underwriting period” for the Bonds), the Developer becomes aware of any fact or event which might or would cause the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum, as then supplemented or amended, to contain any untrue statement of a material fact or to omit to state a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, or if it is necessary to amend or supplement the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum to comply with law, the Developer will notify the Underwriter (and for the purposes of this clause provide the Underwriter with such information as it may from time to time request); however, that for the purposes of this Developer Letter of Representations and any certificate delivered by the Developer in accordance with the Bond Purchase Agreement, the Developer makes no representations with respect to (i) the descriptions in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum of The Depository Trust Company, New York, New York, or its book-entry-only system and (ii) the information in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum under the captions “THE CITY,” “THE DISTRICT,” “BONDHOLDERS’ RISKS” (except as it pertains to the Developer, the Authorized Improvements and the Development, as defined in the Limited Offering Memorandum), “TAX MATTERS,” “LEGAL MATTERS — Litigation — The City,” “CONTINUING DISCLOSURE — The City” and “ — The City’s Compliance with Prior Undertakings,” and “INFORMATION RELATING TO THE TRUSTEE.”

3. Developer Documents. The Developer has executed or caused the execution of and delivered each of the below listed documents (individually, a “Developer Document” and collectively, the “Developer Documents”) in the capacity provided for in each such Developer Document, and each such Developer Document constitutes a valid and binding obligation of Developer, enforceable against the Developer in accordance with its terms:

- (b) the Development Agreement;
- (c) the Landowner Agreement;
- (d) the Reimbursement Agreement;
- (e) the CFA Agreement; and

(c) No Breach. The execution and delivery of the Developer Documents by the Developer does not violate any judgment, order, writ, injunction or decree binding on the Developer or any indenture, agreement, or other instrument to which Developer is a party.

(d) No Litigation. Other than as described in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum, there are no proceedings pending or threatened in writing before any court or administrative agency against the Developer that is either not covered by insurance or which singularly or collectively would have a material, adverse effect on the ability of the Developer to perform its obligations under the Developer Documents in all material respects or that would reasonably be expected to prevent or prohibit the development of the Development in accordance with the description thereof in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum.

(e) Information. The information prepared and submitted by the Developer to the City or the Underwriter in connection with the preparation of the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum was, and is, as of this date, true and correct in all material respects.

(g) Events of Default. No “Event of Default” or “event of default” by the Developer under any of the Developer Documents, any documents to which Developer is a party described in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum, or under any material documents relating to the financing and construction of the Authorized Improvements to which the Developer is a party, or event that, with the passage of time or the giving of notice or both, would constitute such “Event of Default” or “event of default,” by the Developer has occurred and is continuing.

5. Indemnification.

(a) The Developer will indemnify and hold harmless the City and the Underwriter and each of their officers, directors, employees and agents against any losses, claims, damages or liabilities to which any of them may become subject, under the Securities Act or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained or incorporated by reference in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum under the captions “PLAN OF FINANCE — Development Plan and Plan of Finance,” “THE AUTHORIZED IMPROVEMENTS,” “THE DEVELOPMENT,” “THE DEVELOPER,” “BONDHOLDERS’ RISKS” (only as it pertains to the Developer, the Authorized Improvements, and the Development), “LEGAL MATTERS — Litigation – The Developer,” “SOURCES OF INFORMATION; MISCELLANEOUS” (only as it pertains to the Developer) “CONTINUING DISCLOSURE – The Developer,” and “ – The Developer’s Compliance with Prior Undertakings,” or any amendment or supplement to the Limited Offering Memorandum amending or supplementing the information contained under the aforementioned captions (as qualified above), or arise out of or are based upon the omission or alleged untrue statement or omission to state therein a material fact necessary to make the statements under the aforementioned captions (as qualified above) not misleading under the circumstances under which they were made and will reimburse any indemnified party for any reasonable legal or other expenses reasonably incurred by them in connection with investigating or defending any such action or claim as such expenses are incurred.

(b) Promptly after receipt by an indemnified party under subsection (a) above of notice of the commencement of any action, such indemnified party shall, if a claim in respect thereof is to be made against the indemnifying party under such subsection, notify the indemnifying party in writing of the commencement thereof; but the omission so to notify the indemnifying party shall not relieve the indemnifying party from any liability which it may have to the indemnified party otherwise than under such subsection, unless such indemnifying party was prejudiced by such delay or lack of notice. In case any such action shall be brought against an indemnified party, it shall promptly notify the indemnifying party of the commencement thereof, the indemnifying party shall be entitled to participate therein and, to the extent that it shall wish, to assume the defense thereof, with counsel reasonably satisfactory to such indemnified party (who shall not, except with the consent of the indemnified party, be counsel to the indemnifying party), and, after notice from the indemnifying party to such indemnified party of its election so to assume the defense thereof, the indemnifying party shall not be liable to such indemnified party

under such subsection for any legal expenses of other counsel or any other expenses, in each case subsequently incurred by such indemnified party, in connection with the defense thereof other than reasonable costs of investigation. The indemnifying party shall not be liable for any settlement of any such action effected without its consent, but if settled with the consent of the indemnifying party or if there is a final judgment for the plaintiff in any such action, the indemnifying party will indemnify and hold harmless any indemnified party from and against any loss or liability by reason of such settlement or judgment. The indemnity herein shall survive delivery of the Bonds and shall survive any investigation made by or on behalf of the City, the Developer or the Underwriter.

6. Survival of Representations, Warranties and Covenants. All representations, warranties, and agreements in this Developer Letter of Representations will survive regardless of (a) any investigation or any statement in respect thereof made by or on behalf of the Underwriter, (b) delivery of any payment by the Underwriter for the Bonds hereunder, and (c) any termination of the Bond Purchase Agreement.

7. Binding on Successors and Assigns. This Developer Letter of Representations will be binding upon the Developer and its successors and assigns and inure solely to the benefit of the Underwriter and the City, and no other person or firm or entity will acquire or have any right under or by virtue of this Developer Letter of Representations.

We have not made any independent or other investigation, review, analysis, or inquiry as to any of the facts, matters, circumstances or legal opinions or conclusions contained in the Reviewed Documents or

Reliance Materials or the accuracy or completeness thereof. Additionally, we have assumed that none of the Reviewed Documents or Reliance Materials contains any untrue statement of a material fact or omits to state a material fact necessary to make the statements made, in light of the circumstances in which they are made, not misleading. We have not made any examination of any accounting or financial matters, and we express no opinion with respect thereto.

The opinions expressed herein are subject to the correctness in understanding that no beneficiary to this opinion letter may rely on this opinion letter to the extent that such beneficiary or its counsel has actual knowledge of any: (a) applicable laws, facts, or circumstances which would make any opinion expressed herein incorrect, subject to question, or require further investigation of any laws, facts or circumstances; and (b) judicial decision which would make the opinions set forth herein incorrect.

Whenever our opinion or advice with respect to the existence or absence of facts is indicated to be based on our knowledge, we are referring to the actual knowledge of the Messer, Fort & McDonald, PLLC attorneys who have given attention to matters concerning the City during the course of our representation of the City in connection with the Reviewed Documents, which knowledge has been obtained by such attorneys in their capacity as such. In particular, our response does not include matters known to any attorney of our firm in a capacity other than as special counsel to the City. In basing the opinions and other matters set forth herein on “our knowledge,” the words “our knowledge,” “our actual knowledge” and similar expressions signify that, in the course of our representation of the City the principal attorneys in this firm involved in the current actual transaction do not have actual knowledge or actual notice that any such opinions or other matters are not accurate or that any of the documents, certificates, reports and information on which we have relied are not accurate and complete. Further, the words “our knowledge,” “our actual knowledge” and similar expressions used in this opinion letter are intended to be limited to the actual knowledge of the attorneys within our firm who have been directly involved in preparation of the Reviewed Documents in representation of the City. We have not undertaken any independent investigation to determine the existence or absence of such facts, and no inference as to our knowledge concerning such facts should be drawn from the fact that such limited representation has been undertaken by us.

Based upon and subject to the foregoing and the additional qualifications and assumptions set forth herein, we are of the opinion that:

1. The City is a Texas political subdivision and has all necessary power and authority to enter into and perform its obligations under the Authorizing Documents and the Reviewed Documents. The City has taken or obtained all actions, approvals, consents and authorizations required of it by applicable laws in connection with the execution of the Authorizing Documents and the Reviewed Documents and the performance of its obligations thereunder.

2. To the best of our knowledge, there is no action, suit, proceeding, inquiry or investigation at law or in equity, before or by any court, public board or body, pending, or threatened against the City: (a) affecting the existence of the City or the titles of its officers to their respective offices, (b) in any way questioning the formation or existence of the District, (c) affecting, contesting or seeking to prohibit, restrain or enjoin the delivery of any of the Bonds, or the payment, collection or application of any amounts pledged or to be pledged to pay the principal of and interest on the Bonds, including the Assessments in the District pursuant to the provisions

of the Assessment Ordinance and the Service and Assessment Plan referenced therein, (d) contesting or affecting the validity or enforceability or the City's performance of the Reviewed Documents, (e) contesting the exclusion of the interest on the Bonds from federal income taxation, or (f) which may result in any material adverse change relating to the financial condition of the City.

3. The Authorizing Documents and the Reviewed Documents have been duly authorized, executed and delivered by the City and remain legal, valid and binding obligations of the City enforceable against the City in accordance with their terms. However, the enforceability of the obligations of the City under such Reviewed Documents may be limited or otherwise affected by (a) bankruptcy, insolvency, reorganization, moratorium and other laws affecting the rights of creditors generally, (b) principles of equity, whether considered at law or in equity, or (c) the application of Texas law relating to action by future councils and relating to governmental immunity applicable to governmental entities.

4. The performance by the City of the obligations under the Authorizing Documents and the Reviewed Documents will not violate any provision of any Federal or Texas constitutional or statutory provision.

5. No further consent, approval, authorization, or order of any court or governmental agency or body or official is required to be obtained by the City as a condition precedent to the performance by the City of its obligations under the Authorizing Documents and the Reviewed Documents.

6. Based upon our limited participation in the preparation of the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum (collectively, the "Limited Offering Memorandum"), the statements and information contained in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum with respect to the City under the captions and subcaptions "ASSESSMENT PROCEDURES — Assessment Methodology" (first paragraph only), "THE CITY — Background" and "— City Government," "THE DISTRICT," and "LEGAL MATTERS — Litigation — The City," are a fair and accurate summary of the laws and the documents and facts summarized therein and, (ii) with respect to the statements and information contained in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum in the penultimate sentence of "SOURCES OF INFORMATION; MISCELLANEOUS — Information Concerning Centurion VP of Entitlements Sean Terry", based solely on information provided by the Assistant City Manager of the City in December 2020, neither the City Attorney nor the City Manager had been contacted by the Federal Bureau of Investigation.

7. The execution and delivery of the Reviewed Documents and the compliance with the provisions of the Reviewed Documents under the circumstances contemplated thereby, to the best of our knowledge: (a) do not and will not in any material respect conflict with or constitute on the part of the City a breach of or default under any agreement to which the City is a party or by which it is bound, and (b) do not and will not in any material respect conflict with or constitute on the part of the City a violation, breach of or default under any existing law, regulation, court order or consent decree to which the City is subject.

The foregoing opinions are, with your concurrence, predicated on, limited by and qualified in their entirety by the following:

Except as otherwise stated herein, we have undertaken no independent investigation or certification of such matters. The words “our knowledge” and similar language used herein are intended to be limited to the knowledge of the attorneys within our firm who have worked on the matters contemplated by our representation as special counsel.

In rendering the opinions set forth herein, we have assumed, without independent investigation (other than the Developer), that: (i) the due authorization, execution, and delivery of each of the documents referred to in this opinion letter by all parties thereto and that each such document constitutes a valid, binding, and enforceable obligation of each party thereto, (ii) all of the parties to the documents referred to in this opinion letter are duly organized, validly existing, in good standing and have the requisite power, authority (corporate, limited liability company, partnership or other) and legal right to execute, deliver, and perform its obligations under such documents (except to the extent set forth in our opinions set forth herein regarding valid existence and power and authority of the Developer to execute, deliver, and perform its obligations under

the Material Documents), (iii) each certificate from governmental officials reviewed by us is accurate, complete, and authentic, and all official public records are accurate and complete, (iv) the legal capacity of all natural persons, (v) the genuineness of all signatures (other than those of the Developer in respect of the Material Documents), (vi) the authenticity and accuracy of all documents submitted to us as originals, (vii) the conformity to original documents of all documents submitted to us as photostatic or certified copies, (viii) that no laws or judicial, administrative, or other action of any governmental authority of any jurisdiction not expressly opined to herein would adversely affect the opinions set forth herein, and (ix) that the execution and delivery by each party of, and performance of its agreements in, the Material Documents do not breach or result in a default under any existing obligation of such party under any agreements, contracts or instruments to which such party is a party to or otherwise subject to or any order, writ, injunction or decree of any court applicable to such party.

In addition, we have assumed that the Material Documents accurately reflect the complete understanding of the parties with respect to the transactions contemplated thereby and the rights and obligations of the parties thereunder. We have also assumed that the terms and conditions of the transaction as reflected in the Material Documents have not been amended, modified or supplemented, directly or indirectly, by any other agreement or understanding of the parties or waiver of any of the material provisions of the Material Documents.

We assume that none of the parties to the Material Documents (other than the Developer) is a party to any court or regulatory proceeding relating to or otherwise affecting the Material Documents or is subject to any order, writ, injunction or decree of any court or federal, state or local governmental agency or commission that would prohibit the execution and delivery of the Material Documents, or the consummation of the transactions therein contemplated in the manner therein provided, or impair the validity or enforceability thereof. We assume that each of the parties to the Material Documents (other than Developer) has full authority to close this transaction in accordance with the terms and provisions of the Material Documents.

We assume that neither the Underwriter nor the City nor their respective counsel has any current actual knowledge of any facts not known to us or any law or judicial decision which would make the opinions set forth herein incorrect, and that no party upon whom we have relied for purposes of this opinion letter has perpetrated a fraud.

We have only been engaged by our clients in connection with the Material Documents (and the transactions contemplated in the Material Documents) and do not represent these clients generally.

Opinions and Assurances

Based solely upon the foregoing, and subject to the assumptions and limitations set forth herein, we are of the opinion that:

1. The execution and delivery by the Developer of the Material Documents and the performance by the Developer of its obligations under the Material Documents will not (i) violate any applicable law; or (ii) conflict with or result in the breach of any court decree or order of any governmental body identified in the Developer Certificate or otherwise actually known to the lawyers who have provided substantive attention to the representation reflected in this opinion

binding upon or affecting the Developer, the conflict with which or breach of which would have a material, adverse effect on the ability of the Developer to perform its obligations under the Material Documents to which it is a party.

2. To our knowledge, no governmental approval which has not been obtained or taken is required to be obtained or taken by the Developer on or before the date hereof as a condition to the performance by the Developer of its obligations under the Material Documents to which it is a party, except for governmental approvals that may be required to comply with certain covenants contained in the Material Documents (including, without limitation, covenants to comply with applicable laws).

3. The Developer has duly executed and delivered each of the Material Documents to which it is a party, and each of the Material Documents constitute the legal, valid, and binding obligations of the Developer, enforceable against the Developer in accordance with their respective terms, subject to the following qualifications: (i) the effect of applicable bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting the rights of creditors generally, (ii) the effect of the exercise of judicial discretion in accordance with general principles of equity (whether applied by a court of law or of equity), and (iii) the effect that enforceability of the indemnification provisions therein may be limited, in whole or in part. The execution, delivery, and performance by the Developer of its obligations under the Material Documents do not violate any existing laws of the State of Texas applicable to the Developer.

4. To our knowledge after reasonable inquiry, there are no actions, suits or proceedings pending or threatened against the Developer identified in the Developer Certificate or otherwise actually known to the lawyers who have provided substantive attention to the representation reflected in this opinion in any court of law or equity, or before or by any governmental instrumentality with respect to the validity or enforceability against it of such Material Documents or the transactions described therein.

5. The execution and delivery of the Material Documents do not, and the transactions described therein may be consummated and the terms and conditions thereof may be observed and performed in a manner that does not, conflict with or constitute a breach of or default under any loan agreement, Indenture, bond note, resolution, agreement or other instrument to which the Developer is a party or is otherwise subject and which have been identified in the Developer Certificate which violation, breach or default would materially adversely affect the Developer or its performance of its obligations under the transactions described in the Material Documents; nor will any such execution, delivery, adoption, fulfillment, or compliance result in the creation or imposition of any lien, charge, or other security interest or encumbrance of any nature whatsoever upon any of the property or assets of the Developer, except as expressly described in the Material Documents (a) under applicable law or (b) under any such loan agreement, indenture, bond note, resolution, agreement, or other instrument.

6. The information set forth in the Limited Offering Memorandum under the captions "*PLAN OF FINANCE — Status of Development*," "*THE AUTHORIZED IMPROVEMENTS*," "*THE DEVELOPMENT*," "*THE DEVELOPER*," "*BONDHOLDERS' RISKS*" (only as it pertains to the Developer, the Authorized Improvements, and the Development, as defined in the Limited

Offering Memorandum), "LEGAL MATTERS — Litigation — The Developer," "SOURCES OF INFORMATION; MISCELLANEOUS" (only as it pertains to the Developer), "CONTINUING DISCLOSURE — The Developer," and " — The Developer's Compliance with Prior Undertakings," adequately and fairly describe the information summarized under such captions and are correct as to matters of law.

7. Subject to the below qualifications and based upon our participation in the preparation of the Limited Offering Memorandum and our participation at conferences with representatives of the Underwriter and its counsel, of the City and its counsel, and with representatives of the Developer and its lawyers, at which the Limited Offering Memorandum and related matters were discussed, and although we have not independently verified the information in the Limited Offering Memorandum and are not passing upon and do not assume any responsibility for the accuracy, completeness or fairness of the statements contained in the Limited Offering Memorandum and any amendment or supplement thereto, no facts have come to our attention that lead us to believe that the information set forth under the captions referenced in the preceding paragraph as of the date of the Limited Offering Memorandum and the date hereof, contained or contains any untrue statement of a material fact, or omitted or omits to state any material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

Qualifications

In addition to any assumptions, qualifications and other matters set forth elsewhere herein, the opinions set forth above are subject to the following assumptions and qualifications:

(a) We have not examined any court dockets, agency files or other public records regarding the entry of any judgments, writs, decrees or orders or the pendency of any actions, proceedings, investigations or litigation.

(b) We have relied upon the Developer Certificate, as well as the representations of the Developer contained in the Material Documents, with respect to certain facts material to our opinion. Except as otherwise specifically indicated herein, we have made no independent investigation regarding any of the foregoing documents or the representations contained therein.

(c) Our opinion delivered pursuant to Section 3 above is subject to the effect of any applicable bankruptcy, insolvency, reorganization, fraudulent conveyance, moratorium or other laws affecting creditors' rights generally and to the effect of general principles of equity, including (without limitation) remedies of specific performance and injunctive relief and concepts of materiality, reasonableness, good faith and fair dealing (regardless of whether considered in a proceeding in equity or at law).

In addition, we assume no obligation to supplement the opinions expressed herein if any applicable laws change after the date hereof, or if we become aware of any facts or circumstances that affect the opinions expressed herein.

(f) This letter is strictly limited to the matters expressly set forth herein and no statements or opinions should be inferred beyond such matters.

(g) Notwithstanding anything contained herein to the contrary, we express no opinion whatsoever concerning the status of title to any real or personal property.

(h) The opinions expressed herein regarding the enforceability of the Material Documents are subject to the qualification that certain of the remedial, waiver or other provisions thereof may not be enforceable; but such unenforceability will not, in our judgment, render the Material Documents invalid as a whole or substantially interfere with the practical realization of the principal legal benefits provided in the Material Documents, except to the extent of any economic consequences of any procedural delays which may result therefrom.

(i) The opinion expressed herein as to the enforceability of the Material Documents is specifically subject to the qualification that enforceability of the Material Documents is limited by the following: (i) the rights of the United States under the Federal Tax Lien Act of 1966, as amended; (ii) principles of equity, public policy and unconscionability which may limit the availability of certain remedies; (iii) bankruptcy, insolvency, reorganization, fraudulent conveyance, liquidation, probate, conservatorship and other laws applicable to creditors' rights or the collection of debtors' obligations generally; and (iv) requirements of due process under the United States Constitution, the Constitution of the State of Texas and other laws or court decisions limiting the rights of creditors to repossess, foreclose or otherwise realize upon the property of a debtor without appropriate notice or hearing or both.

(j) We express no opinion as to whether a court would grant specific performance or any other equitable remedy with respect to the enforcement of the Material Documents.

(k) We express no opinion as to the validity, binding effect, or enforceability of: (i) provisions which purport to waive rights or notices, including rights to trial by jury, counterclaims or defenses, jurisdiction or venue; (ii) provisions relating to consent judgments, waivers of defenses or the benefits of statutes of limitations, marshaling of assets, the transferability of any assets which by their nature are nontransferable, sales in inverse order of alienation, or severance; (iii) provisions purporting to waive the benefits of present or of future laws relating to exemptions, appraisal, valuation, stay of execution, redemption, extension of time for payment, setoff and similar debtor protection laws; or (iv) provisions requiring a party to pay fees and expenses regardless of the circumstances giving rise to such fees or expenses or the reasonableness thereof.

(l) The opinions expressed herein are subject to the effect of generally applicable rules of law that provide that forum selection clauses in contracts are not necessarily binding on the court(s) in the forum selected.

(m) We express no opinion as to the enforceability of any provisions in the Material Documents purporting to entitle a party to indemnification in respect of any matters arising in whole or in part by reason of any negligent, illegal or wrongful act or omission of such party.

This opinion is furnished to those parties addressed in this letter solely in connection with the transactions, for the purposes and on the terms described above and may not be relied upon for any other purpose or by any other person in any manner or for any purpose.

See Exhibit B hereto for a form for submitting the information set forth in the preceding paragraphs. The Issuer has designated MuniCap, Inc., as the initial Administrator. The Administrator, and if no Administrator is designated, Issuer’s staff, shall prepare the Annual Financial Information. In all cases, the Issuer shall have the sole responsibility for the content, design and other elements comprising substantive contents of the Annual Financial Information and Audited Financial Statements under this Section 4.

Any or all of the items listed above may be included by specific reference to other documents, including disclosure documents of debt issues of the Issuer, which have been submitted to and are publicly accessible from the MSRB. If the document included by reference is a final offering document, it must be available from the MSRB. The Issuer shall clearly identify each such other document so included by reference.

SECTION 5. Reporting of Significant Events.

(a) Pursuant to the provisions of this Section 5, each of the following is a Listed Event with respect to the Bonds:

1. Principal and interest payment delinquencies.
2. Non-payment related defaults, if material.
3. Unscheduled draws on debt service reserves reflecting financial difficulties.
4. Unscheduled draws on credit enhancements reflecting financial difficulties.
5. Substitution of credit or liquidity providers, or their failure to perform.
6. Adverse tax opinions, the issuance by the IRS of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds.
7. Modifications to rights of Owners, if material.
8. Bond calls, if material, and tender offers.
9. Defeasances.
10. Release, substitution, or sale of property securing repayment of the Bonds,
if material.
11. Rating changes.
12. Bankruptcy, insolvency, receivership or similar event of the Issuer.
13. The consummation of a merger, consolidation, or acquisition of the Issuer, or the sale of all or substantially all of the assets of the Issuer, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material.
14. Appointment of a successor or additional trustee under the Indenture or the change of name of a trustee, if material.
15. Incurrence of a Financial Obligation of the Issuer, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the Issuer, any of which affect security holders, if material.
16. Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the Issuer, any of which reflect financial difficulties.

Any sale by the Developer of real property within the District in the ordinary course of the Developer's business will not constitute a Listed Event for the purposes of paragraph (10) above.

For these purposes, any event described in paragraph (12) above is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the Issuer in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the Issuer, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Issuer.

The Issuer intends the words used in paragraphs (15) and (16) above and the definition of Financial Obligation to have the same meanings as when they are used in the Rule, as evidenced by SEC Release No. 34-83885, dated August 20, 2018. For the avoidance of doubt, the incurrence of Additional Obligations will constitute the incurrence of a material Financial Obligation for which a notice of a Listed Event in accordance with Section must be filed with the MSRB.

Upon the occurrence of a Listed Event, the Issuer shall promptly notify the Dissemination Agent in writing and the Issuer shall direct the Dissemination Agent, in writing, to immediately file a notice of such occurrence with the MSRB. The Dissemination Agent shall file such notice no later than the Business Day immediately following the day on which it receives written notice of such occurrence from the Issuer. Any such notice is required to be filed within ten (10) Business Days of the occurrence of such Listed Event.

Additionally, the Issuer shall notify the MSRB, in a timely manner, of any failure by the Issuer to provide Audited Financial Statements (or unaudited financial statements, if Audited Financial Statements are not available) or Annual Financial Information, as applicable, as required under this Disclosure Agreement. See Exhibit A hereto for a form for submitting "Notice to MSRB of Failure to File."

Any notice under the preceding paragraphs shall be accompanied with the text of the disclosure that the Issuer desires to make, the written authorization of the Issuer for the Dissemination Agent to disseminate such information as provided herein, and the date the Issuer desires for the Dissemination Agent to disseminate the information (which date shall not be more than ten (10) Business Days after the occurrence of the Listed Event or failure to file).

In all cases, the Issuer shall have the sole responsibility for the content, design and other elements comprising substantive contents of all disclosures made pursuant to Sections 4 and 5 of this Disclosure Agreement. In addition, the Issuer shall have the sole responsibility to ensure that any notice required to be filed under this Section 5 is filed within ten (10) Business Days of the occurrence of the Listed Event.

(b) The Dissemination Agent shall, promptly, and not more than three (3) Business Days after obtaining actual knowledge of the occurrence of any Listed Event with respect to the Bonds, notify the Disclosure Representative in writing of such Listed Event. The Dissemination

Agent shall not be required to file a notice of the occurrence of such Listed Event with the MSRB unless and until it receives written instructions from the Disclosure Representative to do so. If the Dissemination Agent has been instructed by the Disclosure Representative on behalf of the Issuer to report the occurrence of a Listed Event under this subsection (b), the Dissemination Agent shall file a notice of such occurrence with the MSRB no later than the Business Day immediately following the day on which it receives written instructions from the Issuer. It is agreed and understood that the duty to make or cause to be made the disclosures herein is that of the Issuer and not that of the Trustee or the Dissemination Agent. It is agreed and understood that the Dissemination Agent has agreed to give the foregoing notice to the Issuer as an accommodation to assist it in monitoring the occurrence of such event but is under no obligation to investigate whether any such event has occurred. As used above, “actual knowledge” means the actual fact or statement of knowing, without a duty to make any investigation with respect thereto. In no event shall the Dissemination Agent be liable in damages or in tort to the Issuer, the Participating Underwriter, the Trustee, or any Owner or beneficial owner of any interests in the Bonds as a result of its failure to give the foregoing notice or to give such notice in a timely fashion.

(c) If in response to a notice from the Dissemination Agent under subsection (b), the Issuer determines that the Listed Event under number 2, 7, 8 (as to Bond calls only), 10, 13, 14, or 15 of subparagraph (a) above is not material under applicable federal securities laws, the Issuer shall promptly, but in no case more than five (5) Business Days after occurrence of the event, notify the Dissemination Agent and the Trustee (if the Dissemination Agent is not the Trustee) in writing and instruct the Dissemination Agent not to report the occurrence pursuant to subsection (b).

SECTION 6. Termination of Reporting Obligations. The obligations of the Issuer, the Administrator, and the Dissemination Agent under this Disclosure Agreement shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds, when the Issuer is no longer an obligated person with respect to the Bonds, or upon delivery by the Disclosure Representative to the Dissemination Agent of an opinion of nationally recognized bond counsel to the effect that continuing disclosure is no longer required. So long as any of the Bonds remain Outstanding, the Dissemination Agent may assume that the Issuer is an obligated person with respect to the Bonds until it receives written notice from the Disclosure Representative stating that the Issuer is no longer an obligated person with respect to the Bonds, and the Dissemination Agent may conclusively rely upon such written notice with no duty to make investigation or inquiry into any statements contained or matters referred to in such written notice. If such termination occurs prior to the final maturity of the Bonds, the Issuer shall give notice of such termination in the same manner as for a Listed Event with respect to the Bonds under Section 5(a).

SECTION 7. Dissemination Agent. The Issuer may, from time to time, appoint or engage a Dissemination Agent or successor Dissemination Agent to assist it in carrying out its obligations under this Disclosure Agreement, and may discharge such Dissemination Agent. If the Issuer discharges the Dissemination Agent, the Issuer shall use best efforts to appoint a successor Dissemination Agent within 30 days of such discharge. If at any time there is not any other designated Dissemination Agent, the Issuer shall be the Dissemination Agent. The initial Dissemination Agent appointed hereunder shall be HTS Continuing Disclosure Services, a division of Hilltop Securities Inc. The Issuer will give prompt written notice to the Developer, or

any other party responsible for providing quarterly information pursuant to the Disclosure Agreement of Developer, of any change in the identity of the Dissemination Agent under the Disclosure Agreement of Developer.

SECTION 8. Amendment; Waiver. Notwithstanding any other provisions of this Disclosure Agreement, the Issuer and the Dissemination Agent may amend this Disclosure Agreement (and the Dissemination Agent shall not unreasonably withhold its consent to any amendment so requested by the Issuer), and any provision of this Disclosure Agreement may be waived, provided that the following conditions are satisfied:

(a) If the amendment or waiver relates to the provisions of Sections 3(a), 4, or 5(a), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the Bonds, or the type of business conducted;

(b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the delivery of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment or waiver either (i) is approved by the Owners of the Bonds in the same manner as provided in the Indenture for amendments to the Indenture with the consent of Owners, or (ii) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the Owners or beneficial owners of the Bonds.

In the event of any amendment or waiver of a provision of this Disclosure Agreement, the Issuer shall describe such amendment in the next related Annual Financial Information or Audited Financial Statements, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the Issuer. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 5(a), and (ii) the Audited Financial Statements for the fiscal year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles. No amendment which adversely affects the Dissemination Agent may be made without its prior written consent (which consent will not be unreasonably withheld or delayed).

SECTION 9. Additional Information. Nothing in this Disclosure Agreement shall be deemed to prevent the Issuer from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any Annual Financial Information and Audited Financial Statements or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Agreement. If the Issuer chooses to include any information in any Annual Financial Information, Audited Financial Statements or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, the Issuer shall have no

obligation under this Disclosure Agreement to update such information or include it in any future Annual Financial Information, Audited Financial Statements or notice of occurrence of a Listed Event.

SECTION 10. Default. In the event of a failure of the Issuer to comply with any provision of this Disclosure Agreement, the Dissemination Agent or any Owner or beneficial owner of the Bonds may, and the Trustee (at the request of any Participating Underwriter or the Owners of at least twenty-five percent (25%) aggregate principal amount of Outstanding Bonds and upon being indemnified to its satisfaction) shall, take such actions as may be necessary and appropriate to cause the Issuer to comply with its obligations under this Disclosure Agreement. A default under this Disclosure Agreement shall not be deemed an Event of Default under the Indenture with respect to the Bonds, and the sole remedy under this Disclosure Agreement in the event of any failure of the Issuer to comply with this Disclosure Agreement shall be an action for mandamus or specific performance. A default under this Disclosure Agreement by the Issuer shall not be deemed a default under the Disclosure Agreement of Developer by the Developer, and a default under the Disclosure Agreement of Developer by the Developer shall not be deemed a default under this Disclosure Agreement by the Issuer.

SECTION 11. Duties, Immunities and Liabilities of Dissemination Agent and Administrator.

(a) The Dissemination Agent shall not be responsible in any manner for the content of any notice or report (including without limitation the Annual Financial Information and the Audited Financial Statements) prepared by the Issuer pursuant to this Disclosure Agreement. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Agreement, and no implied covenants shall be read into this Disclosure Agreement with respect to the Dissemination Agent. To the extent permitted by law, the Issuer agrees to hold harmless the Dissemination Agent, its officers, directors, employees and agents, but only with funds to be provided by the Developer or from Administrative Expenses collected from the property owners in the District, against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct; provided, however, that nothing herein shall be construed to require the Issuer to indemnify the Dissemination Agent for losses, expenses or liabilities arising from information provided to the Dissemination Agent by the Developer or the failure of the Developer to provide information to the Dissemination Agent as and when required under the Disclosure Agreement of Developer. The obligations of the Issuer under this Section shall survive resignation or removal of the Dissemination Agent and payment in full of the Bonds. Nothing in this Disclosure Agreement shall be construed to mean or to imply that the Dissemination Agent is an "obligated person" under the Rule. The Dissemination Agent shall not be responsible for the Issuer's failure to submit a complete Annual Financial Information or Audited Financial Statements to the MSRB. The Dissemination Agent is not acting in a fiduciary capacity in connection with the performance of its respective obligations hereunder. The fact that the Dissemination Agent may have a banking or other business relationship with the Issuer or any person with whom the Issuer contracts in connection with the transaction described in the Indenture, apart from the relationship created by the Indenture or this Disclosure Agreement, shall not be construed to mean that the Dissemination Agent has actual knowledge of any event

described in Section 5 above, except as may be provided by written notice to the Dissemination Agent pursuant to this Disclosure Agreement.

The Dissemination Agent may, from time to time, consult with legal counsel of its own choosing in the event of any disagreement or controversy, or question or doubt as to the construction of any of the provisions hereof or their respective duties hereunder, and the Dissemination Agent shall not incur any liability and shall be fully protected in acting in good faith upon the advice of such legal counsel.

(b) The Administrator shall not have any duty with respect to the content of any disclosures made pursuant to the terms hereof. The Administrator shall have only such duties as are specifically set forth in this Disclosure Agreement, and no implied covenants shall be read into this Disclosure Agreement with respect to the Administrator. To the extent permitted by law, the Issuer agrees to hold harmless the Administrator, its officers, directors, employees and agents, but only with funds to be provided by the Developer or from Administrative Expenses collected from the property owners in the District, against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including reasonable attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Administrator's negligence or willful misconduct; provided, however, that nothing herein shall be construed to require the Issuer to indemnify the Administrator for losses, expenses or liabilities arising from information provided to the Administrator by third parties, or the failure of any third party to provide information to the Administrator as and when required under this Disclosure Agreement, or the failure of the Developer to provide information to the Administrator as and when required under the Disclosure Agreement of Developer. The obligations of the Issuer under this Section shall survive resignation or removal of the Administrator and payment in full of the Bonds. Nothing in this Disclosure Agreement shall be construed to mean or to imply that the Administrator is an "obligated person" under the Rule. The Administrator is not acting in a fiduciary capacity in connection with the performance of its respective obligations hereunder. The Administrator shall not in any event incur any liability with respect to (i) any action taken or omitted to be taken in good faith upon advice of legal counsel given with respect to any question relating to duties and responsibilities of the Administrator hereunder, or (ii) any action taken or omitted to be taken in reliance upon any document delivered to the Administrator and believed to be genuine and to have been signed or presented by the proper party or parties.

The Administrator may, from time to time, consult with legal counsel of its own choosing in the event of any disagreement or controversy, or question or doubt as to the construction of any of the provisions hereof or their respective duties hereunder, and the Administrator shall not incur any liability and shall be fully protected in acting in good faith upon the advice of such legal counsel.

(c) UNDER NO CIRCUMSTANCES SHALL THE DISSEMINATION AGENT, THE ADMINISTRATOR, OR THE ISSUER BE LIABLE TO THE OWNER OR BENEFICIAL OWNER OF ANY BOND OR ANY OTHER PERSON, IN CONTRACT OR TORT, FOR DAMAGES RESULTING IN WHOLE OR IN PART FROM ANY BREACH BY THE ISSUER, THE ADMINISTRATOR, OR THE DISSEMINATION AGENT, RESPECTIVELY, WHETHER NEGLIGENT OR WITHOUT FAULT ON ITS PART, OF ANY COVENANT

SPECIFIED IN THIS DISCLOSURE AGREEMENT, BUT EVERY RIGHT AND REMEDY OF ANY SUCH PERSON, IN CONTRACT OR TORT, FOR OR ON ACCOUNT OF ANY SUCH BREACH SHALL BE LIMITED TO AN ACTION FOR MANDAMUS OR SPECIFIC PERFORMANCE. THE DISSEMINATION AGENT OR THE ADMINISTRATOR IS UNDER NO OBLIGATION NOR IS IT REQUIRED TO BRING SUCH AN ACTION.

SECTION 12. Assessments Timeline. The basic expected timeline for the collection of Assessments and the anticipated procedures for pursuing the collection of delinquent Assessments is set forth in Exhibit C which is intended to illustrate the general procedures expected to be followed in enforcing the payment of delinquent Assessments. Failure to adhere to such expected timeline shall not constitute a default by the Issuer under this Disclosure Agreement, the Indenture, the Bonds or any other document related to the Bonds.

SECTION 13. No Personal Liability. No covenant, stipulation, obligation or agreement of the Issuer, the Administrator, or Dissemination Agent contained in this Disclosure Agreement shall be deemed to be a covenant, stipulation, obligation or agreement of any present or future council members, officer, agent or employee of the Issuer, the Administrator, or Dissemination Agent in other than that person's official capacity.

SECTION 14. Severability. In case any section or provision of this Disclosure Agreement, or any covenant, stipulation, obligation, agreement, act or action, or part thereof made, assumed, entered into, or taken thereunder or any application thereof, is for any reasons held to be illegal or invalid, such illegality or invalidity shall not affect the remainder thereof or any other section or provision thereof or any other covenant, stipulation, obligation, agreement, act or action, or part thereof made, assumed, entered into, or taken thereunder (except to the extent that such remainder or section or provision or other covenant, stipulation, obligation, agreement, act or action, or part thereof is wholly dependent for its operation on the provision determined to be invalid), which shall be construed and enforced as if such illegal or invalid portion were not contained therein, nor shall such illegality or invalidity of any application thereof affect any legal and valid application thereof, and each such section, provision, covenant, stipulation, obligation, agreement, act or action, or part thereof shall be deemed to be effective, operative, made, entered into or taken in the manner and to the full extent permitted by law.

SECTION 15. Sovereign Immunity. The Dissemination Agent and the Administrator agree that nothing in this Disclosure Agreement shall constitute or be construed as a waiver of the Issuer's sovereign or governmental immunities regarding liability or suit.

SECTION 16. Beneficiaries. This Disclosure Agreement shall inure solely to the benefit of the Issuer, the Administrator, the Dissemination Agent, the Participating Underwriter, and the Owners and the beneficial owners from time to time of the Bonds and shall create no rights in any other person or entity. Nothing in this Disclosure Agreement is intended or shall act to disclaim, waive or otherwise limit the duties of the Issuer under federal and state securities laws.

SECTION 17. Dissemination Agent and Administrator Compensation. The fees and expenses incurred by the Dissemination Agent and the Administrator for their respective services rendered in accordance with this Disclosure Agreement constitute Administrative Expenses and will be included in the Annual Installments as provided in the annual updates to the Service and

Assessment Plan. The Issuer shall pay or reimburse the Dissemination Agent and the Administrator, but only with funds to be provided from the Administrative Expenses component of the Annual Installments collected from the property owners in the District, for the fees and expenses for their respective services rendered in accordance with this Disclosure Agreement.

SECTION 18. Anti-Boycott Verification. To the extent this Disclosure Agreement constitutes a contract for goods or services for which a written verification is required under Section 2271.002, Texas Government Code, the Dissemination Agent and the Administrator, each respectively, hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott Israel and will not boycott Israel during the term of this Disclosure Agreement. The foregoing verification is made solely to enable the Issuer to comply with such Section and to the extent such Section does not contravene applicable Federal or Texas law. As used in the foregoing verification, ‘boycott Israel’ means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes.

SECTION 19. Iran, Sudan and Foreign Terrorist Organizations. The Dissemination Agent and the Administrator, each respectively, represents that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, and posted on any of the following pages of such officer’s internet website:

<https://comptroller.texas.gov/purchasing/docs/sudan-list.pdf>,
<https://comptroller.texas.gov/purchasing/docs/iran-list.pdf>, or
<https://comptroller.texas.gov/purchasing/docs/fto-list.pdf>.

The foregoing representation is made solely to enable the Issuer to comply with Section 2252.152, Texas Government Code, and to the extent such Section does not contravene applicable Federal law and excludes the Dissemination Agent and the Administrator, each respectively, and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization.

SECTION 20. No Discrimination Against Fossil-Fuel Companies. To the extent this Disclosure Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 13 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Dissemination Agent and the Administrator, each respectively, hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott energy companies and will not boycott energy companies during the term of this Disclosure Agreement. The foregoing verification is made solely to enable the Issuer to comply with such Section and to the extent such Section does not contravene applicable Federal or Texas law. As used in the foregoing verification, “boycott energy companies” shall mean, without an ordinary business purpose, refusing to deal

with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company (A) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable Federal or Texas law; or (B) does business with a company described by (A) above.

SECTION 21. No Discrimination Against Firearm Entities and Firearm Trade Associations. To the extent this Disclosure Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 19 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Dissemination Agent and the Administrator, each respectively, hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate against a firearm entity or firearm trade association during the term of this Disclosure Agreement. The foregoing verification is made solely to enable the Issuer to comply with such Section and to the extent such Section does not contravene applicable Federal or Texas law. As used in the foregoing verification, (a) ‘discriminate against a firearm entity or firearm trade association’ (A) means, with respect to the firearm entity or firearm trade association, to (i) refuse to engage in the trade of any goods or services with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, (ii) refrain from continuing an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, or (iii) terminate an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association and (B) does not include (i) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories and (ii) a company’s refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship (aa) to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency or (bb) for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity’s or association’s status as a firearm entity or firearm trade association. As used in the foregoing verification, (b) ‘firearm entity’ means a manufacturer, distributor, wholesaler, supplier, or retailer of firearms (i.e., weapons that expel projectiles by the action of explosive or expanding gases), firearm accessories (i.e., devices specifically designed or adapted to enable an individual to wear, carry, store, or mount a firearm on the individual or on a conveyance and items used in conjunction with or mounted on a firearm that are not essential to the basic function of the firearm, including detachable firearm magazines), or ammunition (i.e., a loaded cartridge case, primer, bullet, or propellant powder with or without a projectile) or a sport shooting range (as defined by Section 250.001, Texas Local Government Code), and (c) ‘firearm trade association’ means a person, corporation, unincorporated association, federation, business league, or business organization that (i) is not organized or operated for profit (and none of the net earnings of which inures to the benefit of any private shareholder or individual), (ii) has two or more firearm entities as members, and (iii) is exempt from federal income taxation under Section 501(a), Internal Revenue Code of 1986, as an organization described by Section 501(c) of that code.

SECTION 22. Affiliate. As used in Sections 18 through 21, the Dissemination Agent and Administrator, each respectively, understands ‘affiliate’ to mean an entity that controls, is controlled by, or is under common control with the Dissemination Agent or the Administrator within the meaning of SEC Rule 405, 17.C.F.R. § 230.405, and exists to make a profit.

SECTION 23. Disclosure of Interested Parties. Pursuant to Section 2252.908(c)(4), Texas Government Code, as amended, the Dissemination Agent hereby certifies it is a publicly traded business entity and is not required to file a Certificate of Interested Parties Form 1295 related to this Disclosure Agreement.

SECTION 24. Governing Law. This Disclosure Agreement shall be governed by the laws of the State of Texas.

SECTION 25. Counterparts. This Disclosure Agreement may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument. The Issuer, the Administrator and the Dissemination Agent agree that electronic signatures to this Disclosure Agreement may be regarded as original signatures.

(a) No payment hereunder shall be made from the Project Fund to the Developer for work on an Authorized Improvement until a Certificate for Payment is received from the Developer. Upon receipt of a Certificate for Payment substantially in the form of **Exhibit B** hereto (and all accompanying documentation required by the City) from the Developer, the City Inspector shall conduct a review in order to confirm that such request is complete, that the work with respect to such Authorized Improvement identified therein for which payment is requested was completed in accordance with all applicable governmental laws, rules and regulations and applicable Plans therefor and with the terms of this Agreement, the Development Agreement, and to verify and approve the Actual Cost of such work specified in such Certificate for Payment (collectively, the “Developer Compliance Requirements”). The City Inspector and/or the City Representative shall also conduct such review as is required in his discretion to confirm the matters certified in the Certificate for Payment. The Developer agrees to cooperate with the City Inspector and/or City Representative in conducting each such review and to provide the City Inspector and/or City Representative with such additional information and documentation as is reasonably necessary for the City Inspector and/or City Representative to conclude each such review.

(b) Within fifteen (15) business days of receipt of any Certificate for Payment, the City Representative shall either (i) approve and execute the Certificate for Payment and forward the same to the Administrator for approval and delivery to the Trustee for payment to the Developer in accordance with Section 5.03(a) hereof or (ii) in the event the City Representative disapproves the Certificate for Payment, give written notification to the Developer of the City Representative’s disapproval, in whole or in part, of such Certificate for Payment, specifying the reasons for such disapproval and the additional requirements to be satisfied for approval of such Certificate for Payment. If a Certificate for Payment seeking reimbursement is approved only in part, the City Representative shall specify the extent to which the Certificate for Payment is approved and shall deliver such partially approved Certificate for Payment to the Administrator for approval in accordance with Section 5.03 hereof and delivery to the Developer in accordance with Section 5.02(c) hereof, and any such partial work shall be processed for payment under Section 5.03 notwithstanding such partial disapproval.

(c) If the City Representative disapproves the Certificate for Payment, the disapproval must be in writing, stating the reason(s) for disapproval. The disapproval may be appealed to the City Council by the Developer in writing within thirty (30) days after Developer’s receipt of the City’s disapproval pursuant to Section 5.02(b) of this Agreement. Disapproval of the Certificate for Payment by the City Council shall be attempted to be resolved by half-day mediation between the parties in the event an agreement is not otherwise reached by the parties, with the mediator’s fee being paid by Developer. The Certificate for Payment shall not be forwarded to the Trustee for payment until the dispute is resolved by the City and the Developer.

(d) The Developer shall deliver the approved or partially approved Certificate for Payment to the Trustee for payment and the Trustee shall make such payment from the Project Fund in accordance with Section 5.03 below.

Section 5.03. Payment for an Authorized Improvement.

(a) Upon receipt of a reviewed and approved Certificate for Payment, the Trustee shall make payment from the following funds: (1) first from the Authorized Improvements Account of the Project Fund; and then (2) second from the Developer Improvement Account of the Project Fund and designated in the Certificate for Payment pursuant to the terms of the Certificate for Payment and the Indenture in an amount not to exceed the Budgeted Cost for the particular Authorized Improvement, unless a Cost Overrun amount has been approved for a particular Authorized Improvement. If a Cost Overrun amount has been approved, then the amount reimbursed shall not exceed the Budgeted Amount plus the approved Cost Overrun amount.

(b) Approved Certifications for Payment that await reimbursement shall not accrue interest.

(c) Notwithstanding any other provisions of this Agreement, when payment is made, the Trustee shall make payment (i) directly to the general contractor or supplier of materials or services, or (ii) jointly to Developer (or any permitted assignee of such Developer) and the general contractor or supplier of materials or services, as indicated in an approved Certificate for Payment, out of available and appropriate funds in the Project Fund. If the request for payment results in ninety percent (90%) or more of the Budgeted Costs for such Authorized Improvement identified in such request for payment being paid, then Trustee shall hold the payment until work with respect to that Authorized Improvement has been completed and accepted by the City. If an unconditional lien release related to the items referenced in the Certificate for Payment is attached to such Certificate for Payment, the Trustee shall make such payment to the Developer or any permitted assignee of the Developer. In the event the Developer provides a general contractor's or supplier of materials' unconditional lien release for a portion of the work covered by a Certificate for Payment, the Trustee will make such payment directly to the Developer or any permitted assignee of the Developer to the extent of such lien release.

(d) Withholding Payments.

Nothing in this Agreement shall be deemed to prohibit the Developer or the City from contesting in good faith the validity or amount of any mechanics or materialman's lien and/or judgment nor limit the remedies available to the Developer or the City with respect thereto, including the withholding of any payment that may be associated with the exercise of such remedy, so long as such delay in performance shall not subject the Authorized Improvement to foreclosure, forfeiture, or sale. In the event that any such mechanics or materialman's lien and/or judgment with respect to any Authorized Improvement is contested, the Developer shall post or cause delivery of a surety bond in the amount reasonably determined by the City or City may decline to accept the Authorized Improvements until such mechanics or materialman's lien and/or judgment is satisfied.

The City shall approve the preliminary title report unless it reveals a matter which, in the reasonable judgment of the City, could materially affect the City's clean title or use and enjoyment of any part of the property or easement covered by the preliminary title report. In the event the City does not approve the preliminary title report, the City shall not be obligated to accept title to the Authorized Improvement until the Developer has cured such objections to title to the reasonable satisfaction of the City.

Section 6.02. Authorized Improvement Constructed on City Land or Developer Land. If the Authorized Improvement is on land owned by the Developer, the Developer hereby grants to the City a nonexclusive easement to enter upon such land for purposes related to inspection and maintenance (pending acquisition and acceptance by the City) of the Authorized Improvement. The grant of the permanent easement shall not relieve the Developer of any obligation to grant the City title to property and/or easements related to the Authorized Improvement as required by the Development Agreement or as should, in the City's reasonable judgment, be granted to provide for convenient access to and routine and emergency maintenance of such Authorized Improvement. The provisions for inspection and acceptance of such Authorized Improvement otherwise provided herein shall apply.

The Developer covenants to provide, or cause to be provided, such facts and estimates as the City reasonably considers necessary to enable it to execute and deliver its Tax Certificate. The Developer further covenants that (i) such facts and estimates will be based on its reasonable expectations on the date of issuance of the Bonds and will be, to the best of the knowledge of the officers of the Developer providing such facts and estimates, true, correct and complete as of that date, and (ii) the Developer will make reasonable inquiries to ensure such truth, correctness and completeness. The Developer covenants that it will not make, or (to the extent that it exercises control or direction) permit to be made, any use or investment of the Bond Proceeds (including, but not limited to, the use of the Authorized Improvements) that would cause any of the covenants or agreements of the City contained in the Tax Certificate to be violated or that would otherwise have an adverse effect on the tax-exempt status of the interest payable on the Bonds for federal income tax purposes.

(k) Financial Resources. The Developer represents and warrants that it has the financial resources, or the ability to obtain sufficient financial resources, to meet its obligations under this Agreement, the Service and Assessment Plan and the Development Agreement.

Section 7.02. Indemnification and Hold Harmless. THE DEVELOPER SHALL INDEMNIFY AND HOLD HARMLESS THE CITY INSPECTOR, THE CITY, ITS OFFICIALS, EMPLOYEES, OFFICERS, REPRESENTATIVES AND AGENTS (EACH AN “INDEMNIFIED PARTY”), FROM AND AGAINST ALL ACTIONS, DAMAGES, CLAIMS, LOSSES OR EXPENSE OF EVERY TYPE AND DESCRIPTION TO WHICH THEY MAY BE SUBJECTED OR PUT: (I) BY REASON OF, OR RESULTING FROM THE BREACH OF ANY PROVISION OF THIS AGREEMENT BY THE DEVELOPER; (II) THE NEGLIGENT DESIGN, ENGINEERING, AND/OR CONSTRUCTION BY THE DEVELOPER OR ANY ARCHITECT, ENGINEER OR CONTRACTOR HIRED BY THE DEVELOPER OF ANY OF THE AUTHORIZED IMPROVEMENTS ACQUIRED FROM THE DEVELOPER HEREUNDER; (III) THE DEVELOPER’S NONPAYMENT UNDER CONTRACTS BETWEEN THE DEVELOPER AND ITS CONSULTANTS, ENGINEERS, ADVISORS, CONTRACTORS, SUBCONTRACTORS AND SUPPLIERS IN THE PROVISION OF THE AUTHORIZED IMPROVEMENTS; (IV) ANY CLAIMS OF PERSONS EMPLOYED BY THE DEVELOPER OR ITS AGENTS TO CONSTRUCT THE AUTHORIZED IMPROVEMENTS; OR (V) ANY CLAIMS AND SUITS OF THIRD PARTIES, INCLUDING BUT NOT LIMITED TO DEVELOPER’S RESPECTIVE PARTNERS, OFFICERS, DIRECTORS, EMPLOYEES, REPRESENTATIVES, AGENTS, SUCCESSORS, ASSIGNEES, VENDORS, GRANTEEES AND/OR TRUSTEES, REGARDING OR RELATED TO THE AUTHORIZED IMPROVEMENTS OR ANY AGREEMENT OR RESPONSIBILITY REGARDING THE AUTHORIZED IMPROVEMENTS, INCLUDING CLAIMS AND CAUSES OF ACTION WHICH MAY ARISE OUT OF THE SOLE OR PARTIAL NEGLIGENCE OF AN INDEMNIFIED PARTY (THE “CLAIMS”). NOTWITHSTANDING THE FOREGOING, NO INDEMNIFICATION IS GIVEN HEREUNDER FOR ANY ACTION, DAMAGE, CLAIM,

LOSS OR EXPENSE DETERMINED BY A COURT OF COMPETENT JURISDICTION TO BE DIRECTLY ATTRIBUTABLE TO THE WILLFUL MISCONDUCT OR GROSS NEGLIGENCE OF ANY INDEMNIFIED PARTY, DEVELOPER IS EXPRESSLY REQUIRED TO DEFEND CITY AGAINST ALL SUCH CLAIMS, AND CITY IS REQUIRED TO REASONABLY COOPERATE AND ASSIST DEVELOPER IN PROVIDING SUCH DEFENSE.

IN ITS REASONABLE DISCRETION, CITY SHALL HAVE THE RIGHT TO APPROVE OR SELECT DEFENSE COUNSEL TO BE RETAINED BY DEVELOPER IN FULFILLING ITS OBLIGATIONS HEREUNDER TO DEFEND AND INDEMNIFY THE INDEMNIFIED PARTIES, UNLESS SUCH RIGHT IS EXPRESSLY WAIVED BY CITY IN WRITING. THE INDEMNIFIED PARTIES RESERVE THE RIGHT TO PROVIDE A PORTION OR ALL OF THEIR/ITS OWN DEFENSE, AT THEIR/ITS SOLE COST; HOWEVER, INDEMNIFIED PARTIES ARE UNDER NO OBLIGATION TO DO SO. ANY SUCH ACTION BY AN INDEMNIFIED PARTY IS NOT TO BE CONSTRUED AS A WAIVER OF DEVELOPER'S OBLIGATION TO DEFEND THE INDEMNIFIED PARTIES OR AS A WAIVER OF DEVELOPER'S OBLIGATION TO INDEMNIFY THE INDEMNIFIED PARTIES, PURSUANT TO THIS AGREEMENT. DEVELOPER SHALL RETAIN CITY-APPROVED DEFENSE COUNSEL WITHIN SEVEN (7) BUSINESS DAYS OF WRITTEN NOTICE FROM AN INDEMNIFIED PARTY THAT IT IS INVOKING ITS RIGHT TO INDEMNIFICATION UNDER THIS AGREEMENT. IF DEVELOPER FAILS TO RETAIN COUNSEL WITHIN SUCH TIME PERIOD, THE INDEMNIFIED PARTIES SHALL HAVE THE RIGHT TO RETAIN DEFENSE COUNSEL ON ITS OWN BEHALF, AND DEVELOPER SHALL BE JOINTLY AND SEVERALLY LIABLE FOR ALL REASONABLE COSTS INCURRED BY INDEMNIFIED PARTIES.

THIS SECTION 7.02 SHALL SURVIVE THE TERMINATION OF THIS AGREEMENT.

THE PARTIES AGREE AND STIPULATE THAT THIS INDEMNIFICATION COMPLIES WITH THE CONSPICUOUSNESS REQUIREMENT AND THE EXPRESS NEGLIGENCE TEST, AND IS VALID AND ENFORCEABLE AGAINST THE DEVELOPER.

Section 7.03. Use of Monies by City; Changes to Indenture. The City agrees not to take any action or direct the Trustee to take any action to expend, disburse or encumber the monies held in the Project Fund and any monies to be transferred thereto for any purpose other than the purposes permitted by the Indenture. Prior to the acceptance of all the Authorized Improvements, the City agrees not to modify or supplement the Indenture without the approval of the Developer if as a result or as a consequence of such modification or supplement: (a) the amount of monies that would otherwise have been available under the Indenture for disbursement for the Costs of the Authorized Improvements is reduced, delayed or deferred, (b) the obligations or liabilities of the Developer are or may be increased or otherwise adversely affected in any manner, or (c) the rights of the Developer are or may be modified, limited, restricted or otherwise substantially adversely affected in any manner.

Section 7.04. No Reduction of Assessments. The Developer agrees not to take any action or actions to reduce the total amount of such Assessments to be levied as of the effective date of this Agreement.

ARTICLE VIII TERMINATION

Section 8.01. Mutual Consent. This Agreement may be terminated by the mutual, written consent of the City and the Developer, in which event the City may either execute contracts for or perform any remaining work related to the Authorized Improvements not accepted by the City or other appropriate entity and use all or any portion of funds on deposit in the Project Fund or other amounts transferred to the Project Fund under the terms of the Indenture to pay for same, and the Developer shall have no claim or right to any further payments for the Costs of a Authorized Improvement hereunder, except as otherwise may be provided in such written consent.

Section 8.02. City's Election for Cause.

(a) The City, upon notice to Developer and the passage of the cure period identified in subsection (b) below, may terminate this Agreement, without the consent of the Developer if the Developer shall breach any material covenant or default in the performance of any material obligation hereunder.

(b) If any such breach or default described in Section 8.02(a) occurs, the City shall give written notice of its knowledge of such breach or default to the Developer (and any mortgagee or trust deed beneficiary specified in writing by the Developer to the City to receive such notice). Upon receipt of such notice, Developer agrees to promptly meet and confer with the City Inspector and other appropriate City staff and consultants as to available options to assure timely completion, subject to the terms of this Agreement, of the Authorized Improvements. The City shall allow the Developer a minimum of forty-five (45) days to eliminate or to mitigate such breach or default to the reasonable satisfaction of the City ("Cure Period"). The Cure Period may be extended, at the sole discretion of the City, if the Developer, to the reasonable satisfaction of the City, is proceeding with diligence to eliminate or mitigate such breach or default. If at the end of the Cure Period (and any extension thereof), as determined reasonably by the City, the Developer has not eliminated or completely mitigated such grounds to the reasonable satisfaction of the City, the City may then terminate this Agreement. Upon termination of this Agreement, the City shall (i) provide written notice of such termination the Developer (and any mortgagee or trust deed beneficiary specified in writing by the Developer to the City to receive such notice) and (ii) instruct the Trustee to cease making payments for the Actual Costs and/or Budgeted Costs, as appropriate, of Authorized Improvements, provided that the Developer shall receive payment of the Actual Costs or Budgeted Costs, as appropriate, of any Authorized Improvements that were accepted by the City at the time of termination, so long as the Developer has complied with the requirements of the Development Agreement, this Agreement and the Indenture.

(c) If this Agreement is terminated by the City for cause, the City may either execute contracts for or perform any remaining work related to the Authorized Improvements not accepted by the City and use all or any portion of the funds on deposit in the Project Fund or other amounts

transferred to the Project Fund and the Developer shall have no claim or right to any further payments for the Authorized Improvements hereunder, except as otherwise may be provided upon the mutual written consent of the City and the Developer or as provided for in the Reimbursement Agreement. The City shall have no obligation to perform any work related to an Authorized Improvement or to incur any expense or cost in excess of the remaining balance of the Project Fund.

Section 8.03. Termination Upon Redemption or Defeasance of Bonds. This Agreement will terminate automatically and with no further action by the City or the Developer upon the redemption or defeasance of all outstanding Bonds (including any refunding bonds issued to fund the Bonds) issued under the Indenture.

Section 8.04. Construction of the Authorized Improvements Upon Termination of this Agreement. Notwithstanding anything to the contrary contained herein, upon the termination of this Agreement pursuant to this Article VIII, the Developer shall perform its obligations with respect to the Authorized Improvements in accordance with this Agreement and the Development Agreement.

Section 8.05. Force Majeure. Whenever performance is required of a party hereunder, that party shall use all due diligence and take all necessary measures in good faith to perform, but if completion of performance is delayed by reasons of floods, earthquakes or other acts of God, war, civil commotion, riots, strikes, picketing or other labor disputes, damage to work in progress by casualty or by other cause beyond the reasonable control of the party (financial inability excepted), then the specified time for performance shall be extended by the amount of the delay actually so caused. The extension of time to perform allowed by this Section 8.05 shall not apply unless, within ten (10) business days of the occurrence of an event of Force Majeure, the party needing additional time to perform notifies the other party of the event of Force Majeure and the amount of additional time reasonably required as a result of the occurrence of the event of Force Majeure.

ARTICLE IX MISCELLANEOUS

Section 9.01. Limited Liability of City. The Developer agrees that any and all obligations of the City arising out of or related to this Agreement are special obligations of the City, and the City's obligations to make any payments hereunder are restricted entirely to the moneys, if any, in the Project Fund and from no other source. Neither the City, the City Inspector, City Representative nor any other City employee, officer, official or agent shall incur any liability hereunder to the Developer or any other party in their individual capacities by reason of their actions hereunder or execution hereof.

Section 9.02. Audit. The City Inspector, City Representative or a finance officer of the City shall have the right, during normal business hours and upon the giving of three business days' prior written notice to a Developer, to review all books and records of the Developer pertaining to costs and expenses incurred by the Developer with respect to any of the Authorized Improvements and any bids taken or received for the construction thereof or materials therefor.

Section 9.03. Notices. Any notice, payment or instrument required or permitted by this Agreement to be given or delivered to any party shall be deemed to have been received when personally delivered or transmitted by telecopy or facsimile transmission (which shall be immediately confirmed by telephone and shall be followed by mailing an original of the same within 24 hours after such transmission) or 72 hours following deposit of the same in any United States Post Office, registered or certified mail, postage prepaid, addressed as follows:

To the City:	Attn: City Manager City of Celina, Texas 142 N. Ohio Celina, Texas 75009
With a copy to:	Attn: Julie Fort Messer, Fort & McDonald 6371 Preston Road, Suite 200 Frisco, TX 75034

Any party may change its address or addresses for delivery of notice by delivering written notice of such change of address to the other party.

The City shall advise the Developer of the name and address of any person who is to receive any notice or other communication pursuant to this Agreement.

Section 9.04. Severability. If any part of this Agreement is held to be illegal or unenforceable by a court of competent jurisdiction, the remainder of this Agreement shall be given effect to the fullest extent possible.

Section 9.05. Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the successors and assigns of the parties hereto. Any receivables due under this

Agreement may be assigned by the Developer without the consent of, but upon written notice to the City pursuant to Section 9.03 of this Agreement. The obligations, requirements, or covenants of this Agreement shall be able to be assigned to an affiliate or related entity of the Developer, or any lien holder on the Property, without prior written consent of the City. The obligations, requirements, or covenants of this Agreement shall not be assigned by the Developer to a non-affiliate or non-related entity of the Developer without prior written consent of the City Manager, (which consent shall not be unreasonably withheld if assignee demonstrates financial ability to perform), except pursuant to a collateral assignment to any person or entity providing construction financing to the Developer for the Developer for an Authorized Improvement, provided such person or entity expressly agrees to assume all obligations of the Developer hereunder if there is a default under such financing and such Person elects to complete the Authorized Improvement. No such assignment shall be made by the Developer or any successor or assignee of the Developer that results in the City being an “obligated person” within the meaning of Rule 15c2-12 of the United States Securities and Exchange Commission without the express written consent of the City. In any event, any such assignment shall be in writing, shall clearly identify the scope of the rights and/or obligations assigned and may not otherwise amend the terms of this Agreement. The City may assign by a separate writing certain rights as described in this Agreement and in the Indenture, to the Trustee and the Developer hereby consents to such assignment.

Section 9.06. Other Agreements. The obligations of the Developer hereunder shall be those of a party hereto and not as an owner of property in the District. Nothing herein shall be construed as affecting the City’s or the Developer’s rights or duties to perform their respective obligations under other agreements, use regulations, ordinances or subdivision requirements relating to the development of the lands in the District, including the applicable Construction Contracts and the Development Agreement. To the extent there is a conflict between this Agreement and the Development Agreement, the Development Agreement shall control. To the extent there is a conflict between this Agreement and the Indenture, the Indenture shall control.

Section 9.07. Waiver. Failure by a party to insist upon the strict performance of any of the provisions of this Agreement by any other party, or the failure by a party to exercise its rights upon the default of any other party, shall not constitute a waiver of such party’s right to insist and demand strict compliance by such other party with the terms of this Agreement thereafter.

Section 9.08. Merger. No other agreement, statement or promise made by any party or any employee, officer or agent of any party with respect to any matters covered hereby that is not in writing and signed by all the parties to this Agreement shall be binding.

Section 9.09. Parties in Interest. Nothing in this Agreement, expressed or implied, is intended to or shall be construed to confer upon or to give to any person or entity other than the City and the Developer any rights, remedies or claims under or by reason of this Agreement or any covenants, conditions or stipulations hereof, and all covenants, conditions, promises and agreements in this Agreement contained by or on behalf of the City or the Developer shall be for the sole and exclusive benefit of the City and the Developer.

Section 9.10. Amendment. Except as otherwise provided in Section 9.05, upon agreement by the parties, this Agreement may be amended, from time to time in a manner consistent with the

Act, the Indenture, and the Bond Ordinance by written supplement hereto and executed in counterparts, each of which shall be deemed an original.

Section 9.11. Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original.

Section 9.12. Effective Date. This Agreement has been dated as of the date first above written solely for the purpose of convenience of reference and shall become effective upon its execution and delivery, on the Closing Date of the Bonds, by the parties hereto. All representations and warranties set forth therein shall be deemed to have been made on the Closing Date of the Bonds.

Section 9.13. Term. The term of this Agreement, other than the provisions contained in Section 7.02, which shall survive the termination of this Agreement, shall be thirty (30) years or until all amounts under the Reimbursement Agreement have been paid and upon redemption or defeasance of the Bonds (including any refunding bonds issued to refund the Bonds) issued under the Indenture. If the Developer defaults under this Agreement, the Reimbursement Agreement, or the Development Agreement, this Agreement, the Reimbursement Agreement and the Development Agreement shall not terminate with respect to the costs of the Authorized Improvements that have been approved by the City pursuant to a Certificate for Payment prior to the date of termination based on such default.

Section 9.14. No Waiver of Powers or Immunity. The City does not waive or surrender any of its governmental powers, immunities, or rights except as necessary to allow Developer to enforce its remedies under this Agreement.

Section 9.15. No Boycott Israel. To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2271.002, Texas Government Code, the Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott Israel and will not boycott Israel during the term of this Agreement. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Federal law. As used in the foregoing verification, 'boycott Israel,' a term defined in Section 2271.001, Texas Government Code, by reference to Section 808.001(1), Texas Government Code, means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes. The Developer understands 'affiliate' to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit.

Section 9.16. Not a Listed Company. The Developer represents that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, and posted on any of the following pages of such officer's internet website: [https:// comptroller.texas.gov/purchasing/docs/](https://comptroller.texas.gov/purchasing/docs/)

sudan-list.pdf, <https://comptroller.texas.gov/purchasing/docs/iran-list.pdf>, or <https://comptroller.texas.gov/purchasing/docs/fto-list.pdf>. The foregoing representation is made solely to enable the City to comply with Section 2252.152, Texas Government Code, and to the extent such Section does not contravene applicable Federal law and excludes the Developer and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization. As used in this Section, the Developer understands ‘affiliate’ to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 133(f), 17 C.F.R. § 230.133(f), and exists to make a profit.

Section 9.17. Verification Regarding Energy Company Boycotts. To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 13 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott energy companies and will not boycott energy companies during the term of this Agreement. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Texas or federal law. As used in the foregoing verification, “boycott energy companies,” a term defined in Section 2274.001(1), Texas Government Code (as enacted by such Senate Bill) by reference to Section 809.001, Texas Government Code (also as enacted by such Senate Bill), shall mean, without an ordinary business purpose, refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company (A) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable federal and state law; or (B) does business with a company described by (A) above. As used in this Section, the Developer understands ‘affiliate’ to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 133(f), 17 C.F.R. § 230.133(f), and exists to make a profit.

Section 9.18. Verification Regarding Discrimination Against Firearm Entity or Trade Association.

To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 19 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate against a firearm entity or firearm trade association during the term of this Agreement. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Texas or federal law. As used in the foregoing verification and the following definitions:

(i) ‘discriminate against a firearm entity or firearm trade association,’ a term defined in Section 2274.001(3), Texas Government Code (as enacted by such Senate Bill), (A) means, with respect to the firearm entity or firearm trade association, to (i) refuse to engage in the trade of any goods or services with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, (ii) refrain from continuing an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, or (iii) terminate an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association and (B) does not include (i) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories and (ii) a company’s refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship (aa) to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency or (bb) for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity’s or association’s status as a firearm entity or firearm trade association;

(ii) ‘firearm entity,’ a term defined in Section 2274.001(6), Texas Government Code (as enacted by such Senate Bill), means a manufacturer, distributor, wholesaler, supplier, or retailer of firearms (defined in Section 2274.001(4), Texas Government Code, as enacted by such Senate Bill, as weapons that expel projectiles by the action of explosive or expanding gases), firearm accessories (defined in Section 2274.001(5), Texas Government Code, as enacted by such Senate Bill, as devices specifically designed or adapted to enable an individual to wear, carry, store, or mount a firearm on the individual or on a conveyance and items used in conjunction with or mounted on a firearm that are not essential to the basic function of the firearm, including detachable firearm magazines), or ammunition (defined in Section 2274.001(1), Texas Government Code, as enacted by such Senate Bill, as a loaded cartridge case, primer, bullet, or propellant powder with or without a projectile) or a sport shooting range (defined in Section 250.001, Texas Local Government Code, as a business establishment, private club, or association that operates an area for the discharge or other use of firearms for silhouette, skeet, trap, black powder, target, self-defense, or similar recreational shooting); and

(iii) ‘firearm trade association,’ a term defined in Section 2274.001(7), Texas Government Code (as enacted by such Senate Bill), means any person, corporation, unincorporated association, federation, business league, or business organization that (i) is not organized or operated for profit (and none of the net earnings of which inures to the benefit of any private shareholder or individual), (ii) has two or more firearm entities as members, and (iii) is exempt from federal income taxation under Section 501(a), Internal Revenue Code of 1986, as an organization described by Section 501(c) of that code.

As used in this Section, the Developer understands ‘affiliate’ to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 133(f), 17 C.F.R. § 230.133(f), and exists to make a profit.

Section 9.19. Form 1295. Submitted herewith is a completed Form 1295 in connection with the Developer's participation in the execution of this Agreement generated by the Texas Ethics Commission's (the "TEC") electronic filing application in accordance with the provisions of Section 2252.908 of the Texas Government Code and the rules promulgated by the TEC (the "Form 1295"). The City hereby confirms receipt of the Form 1295 from the Developer, and the City agrees to acknowledge such form with the TEC through its electronic filing application not later than the 30th day after the receipt of such form. HARPER ESTATES PUBLIC IMPROVEMENT DISTRICT LANDOWNER AGREEMENT

This **HARPER ESTATES PUBLIC IMPROVEMENT DISTRICT LANDOWNER AGREEMENT** (the “Agreement”), is entered into as of February 14, 2023 between the City of Celina, Texas (the “City”), a home rule municipality of the State of Texas (the “State”), and MM Celina 100, LLC, a Texas limited liability company (the “Landowner”).

RECITALS:

WHEREAS, Landowner owns all of the Assessed Property located within the property described by a metes and bounds description attached as **Exhibit I** to this Agreement, which is incorporated herein for all purposes, comprising all of the non-exempt, privately-owned land described in **Exhibit I** (the “Landowner’s Parcel”) which is located (i) within the Harper Estates Public Improvement District (the “District”) and (ii) within the extraterritorial jurisdiction of the City; and

WHEREAS, the City Council has adopted an Assessment Ordinance for the Authorized Improvements (including all exhibits and attachments thereto, the “Assessment Ordinance”) and the Service and Assessment Plan included as an **Exhibit A** to the Assessment Ordinance (the “Service and Assessment Plan”) and which is incorporated herein for all purposes, and has levied an assessment on each parcel of Assessed Property in the District (as identified in the Service and Assessment Plan) that will be used to reimburse the Landowner for the cost of constructing the Authorized Improvements and/or will be pledged as the security for the payment of bonds or other obligations (the “Bonds”) to be issued for the purpose of paying the costs of certain Authorized Improvements that will benefit the Assessed Property; and

WHEREAS, the Covenants, Conditions and Restrictions attached to this Agreement as **Exhibit II** and which are incorporated herein for all purposes, include the statutory notification required by Texas Property Code, Section 5.014, as amended, to be provided by the seller of residential property that is located in a public improvement district established under Chapter 372 of the Texas Local Government Code, as amended (the “PID Act”), to the purchaser.

NOW, THEREFORE, for and in consideration of the mutual promises, covenants, obligations and benefits hereinafter set forth, the City and the Landowner hereby contract, covenant and agree as follows:

DEFINITIONS; APPROVAL OF AGREEMENTS

Definitions. Capitalized terms used but not defined herein (including each exhibit hereto) shall have the meanings ascribed to them in the Service and Assessment Plan.

Affirmation of Recitals. The findings set forth in the Recitals of this Agreement are hereby incorporated as the official findings of the City Council.

I. AGREEMENTS OF LANDOWNER

A. Affirmation and Acceptance of Agreements and Findings of Benefit. Landowner hereby ratifies, confirms, accepts, agrees to, and approves:

(i) the creation and boundaries of the District, and the boundaries of the Landowner's Parcel, as shown on Exhibit I, and the location and development of the Authorized Improvements on the Landowner's Parcel and on the property within the District;

(ii) the determinations and findings as to the benefits by the City Council in the Service and Assessment Plan and the Assessment Ordinance;

(iii) the Assessment Ordinance and the Service and Assessment Plan.

B. Acceptance and Approval of Assessments and Lien on Property. Landowner consents to, agrees to, acknowledges and accepts the following:

(i) each Assessment levied by the City on the Landowner's Parcel within the District as shown on the assessment roll attached as Appendix G to the Service and Assessment Plan (the "Assessment Roll");

(ii) the Authorized Improvements specially benefit the District, and the Landowner's Parcel, in an amount in excess of the Assessment levied on the Assessed Property within the District, as such Assessment is shown on the Assessment Roll;

(iii) each Assessment is final, conclusive and binding upon Landowner and any subsequent owner of the Landowner's Parcel, regardless of whether such landowner may be required to prepay a portion of, or the entirety of, such Assessment upon the occurrence of a mandatory prepayment event as provided in the Service and Assessment Plan;

(iv) the obligation to pay the Assessment levied on the Landowner's Parcel owned by it when due and in the amount required by and stated in the Service and Assessment Plan and the Assessment Ordinance;

(v) each Assessment or reassessment, with interest, the expense of collection, and reasonable attorney's fees, if incurred, is a first and prior lien against the Landowner's Parcel, superior to all other liens and monetary claims except liens or monetary claims for state, county, school district, or municipal ad valorem taxes, and is a personal liability of and charge against the owner of the Landowner's Parcel regardless of whether such owner is named;

(vi) the Assessment lien on the Landowner's Parcel is a lien and covenant that runs with the land and is effective from the date of the Assessment Ordinance and continues until the Assessment is paid and may be enforced by the governing body of the City in the same manner that an ad valorem tax lien against real property may be enforced by the City;

(vii) delinquent installments of the Assessment shall incur and accrue interest, penalties, and attorney's fees as provided in the PID Act;

(viii) the owner of the Landowner's Parcel may pay at any time the entire Assessment, with interest that has accrued on the Assessment, including on any lot within the Landowner's Parcel;

(ix) the Annual Installments of the Assessments may be adjusted, decreased and extended; and, the assessed parties shall be obligated to pay their respective revised amounts of the annual installments, when due, and without the necessity of further action, assessments or reassessments by the City, the same as though they were expressly set forth herein; and

(x) Landowner has received, or hereby waives, all notices required to be provided to it under Texas law, including the PID Act, prior to the Effective Date (defined herein).

C. Mandatory Prepayment of Assessments. Landowner agrees and acknowledges that Landowner or subsequent landowners may have an obligation to prepay an Assessment upon the occurrence of a mandatory prepayment event, at the sole discretion of the City and as provided in the Service and Assessment Plan, as amended or updated.

D. Notice of Assessments. Landowner further agrees as follows:

(i) the Covenants, Conditions and Restrictions attached hereto as **Exhibit II** shall be terms, conditions and provisions running with the Landowner's Parcel and shall be recorded (the contents of which shall be consistent with the Assessment Ordinance and the Service and Assessment Plan as reasonably determined by the City), in the records of the County Clerk of Collin County, as a lien and encumbrance against such Landowner's Parcel, and Landowner hereby authorizes the City to so record such documents against the Landowner's Parcel owned by Landowner;

(ii) reference to the Covenants, Conditions and Restrictions attached hereto as **Exhibit II** shall be included on all recordable subdivision plats and such plats shall be recorded in the real property records of Collin County, Texas;

(iii) in the event of any subdivision, sale, transfer or other conveyance by the Landowner of the right, title or interest of the Landowner in the Landowner's Parcel or any part thereof, the Landowner's Parcel, or any such part thereof, shall continue to be bound by all of the terms, conditions and provisions of such Covenants, Conditions and Restrictions and any purchaser, transferee or other subsequent owner shall take such Landowner's Parcel subject to all of the terms, conditions and provisions of such Covenants, Conditions and Restrictions; and

(iv) Landowner shall comply with, and shall contractually obligate (and promptly provide written evidence of such contractual provisions to the City) any party who purchases the Landowner's Parcel owned by Landowner, or any portion thereof, for the purpose of constructing residential properties that are eligible for "homestead" designations under State law, to comply with, the Homebuyer Education Program described on **Exhibit III** to this Agreement. Such compliance obligation shall terminate as to each Lot (as defined in the Service and Assessment Plan) if, and when, (i) a final certificate of occupancy for a residential unit on such Lot is issued by the City, and (ii) there is a sale of a Lot to an individual homebuyer, it being the intent of the undersigned that the Homebuyer Education Program shall apply only to a commercial builder who is in the business of constructing and/or selling residences to individual home buyers (a "Builder") but not to subsequent sales of such residence and Lot by an individual home buyer after the initial sale by a Builder.

Notwithstanding the provisions of this Section, upon the Landowner's request and the City's consent, in the City's sole and absolute discretion, the Covenants, Conditions and Restrictions may be included with other written restrictions running with the land on property within the District, provided they contain all the material provisions and provide the same material notice to prospective property owners as does the document attached as Exhibit II.

II. OWNERSHIP AND CONSTRUCTION OF THE AUTHORIZED IMPROVEMENTS

A. Ownership and Transfer of Authorized Improvements. Landowner acknowledges that all of the Authorized Improvements and the land (or easements, as applicable) needed therefor shall be owned by the City as constructed and/or conveyed to the City, and Landowner will execute such conveyances and/or dedications of public rights of way and easements as may be reasonably required to evidence such ownership, as generally described on the current plats of the property within the District.

B. Grant of Easement and License, Construction of the Authorized Improvements.

(i) Any subsequent owner of the Landowner's Parcel shall, upon the request of the City or Landowner, grant and convey to the City or Landowner and its contractors, materialmen and workmen a temporary license and/or easement, as appropriate, to construct the Authorized Improvements on the property within the District, to stage on the property within the District construction trailers, building materials and equipment to be used in connection with such construction of the Authorized Improvements and for passage and use over and across parts of the property within the District as shall be reasonably necessary during the construction of the Authorized Improvements. Any subsequent owner of the Landowner's Parcel may require that each contractor constructing the Authorized Improvements cause such owner of the Landowner's Parcel to be indemnified and/or named as an additional insured under liability insurance reasonably acceptable to such owner of the Landowner's Parcel. The right to use and enjoy any easement and license provided above shall continue until the construction of the Authorized Improvements is complete; provided, however, any such license or easement shall automatically terminate upon the recording of the final plat for the Landowner's Parcel in the real property records of Collin County, Texas.

(ii) Landowner hereby agrees that any right or condition imposed by the Development Agreement, or other agreement, with respect to the Assessments has been satisfied, and that Landowner shall not have any rights or remedies against the City under the Development Agreement, or under any law or principles of equity concerning the Assessments, with respect to the formation of the District, approval of the Service and Assessment Plan and the City's levy and collection of the Assessments.

III. COVENANTS AND WARRANTIES; MISCELLANEOUS

A. Special Covenants and Warranties of Landowner.

Landowner represents and warrants to the City as follows:

(i) Landowner is duly organized, validly existing and, as applicable, in good standing under the laws of the state of its organization and has the full right, power and authority to enter into this Agreement, and to perform all the obligations required to be performed by Landowner hereunder.

(ii) This Agreement has been duly and validly executed and delivered by, and on behalf of, Landowner and, assuming the due authorization, execution and delivery thereof by and on behalf of the City and the Landowner, constitutes a valid, binding and enforceable obligation of such party enforceable in accordance with its terms. This representation and warranty is qualified to the extent the enforceability of this Agreement may be limited by applicable bankruptcy, insolvency, moratorium, reorganization or other similar laws of general application affecting the rights of creditors in general.

(iii) Neither the execution and delivery hereof, nor the taking of any actions contemplated hereby, will conflict with or result in a breach of any of the provisions of, or constitute a default, event of default or event creating a right of acceleration, termination or cancellation of any obligation under, any instrument, note, mortgage, contract, judgment, order, award, decree or other agreement or restriction to which Landowner is a party, or by which Landowner or the Landowner's Parcel is otherwise bound.

(iv) Landowner is, subject to all matters of record in the Collin County, Texas Real Property Records, the sole owner of the Landowner's Parcel.

(v) The Landowner's Parcel owned by Landowner is not subject to, or encumbered by, any covenant, lien, encumbrance or agreement which would prohibit (i) the creation of the District, (ii) the levy of the Assessments, or (iii) the construction of the Authorized Improvements on those portions of the property within the District which are to be owned by the City, as generally described on the current plats of the property within the District (or, if subject to any such prohibition, the approval or consent of all necessary parties thereto has been obtained).

(vi) Landowner covenants and agrees to execute any and all documents necessary, appropriate or incidental to the purposes of this Agreement, as long as such documents are consistent with this Agreement and do not create additional liability of any type to, or reduce the rights of, such Landowner by virtue of execution thereof.

B. Waiver of Claims Concerning the Authorized Improvements. The Landowner, with full knowledge of the provisions, and the rights thereof pursuant to such provisions, of applicable law, waives any claims against the City and its successors, assigns and agents, pertaining to the installation of the Authorized Improvements.

I. No Boycott of Israel.

To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2271.002, Texas Government Code, the Landowner hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott Israel and will not boycott Israel during the term of this Agreement. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Federal law. As used in the foregoing verification, ‘boycott Israel,’ a term defined in Section 2271.001, Texas Government Code, by reference to Section 808.001(1), Texas Government Code, means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes. The Landowner understands ‘affiliate’ to mean an entity that controls, is controlled by, or is under common control with the Landowner within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit.

J. No Business With Sanctioned Countries.

The Landowner represents that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, and posted on any of the following pages of such officer’s internet website: <https://comptroller.texas.gov/purchasing/docs/sudan-list.pdf>, <https://comptroller.texas.gov/purchasing/docs/iran-list.pdf>, or <https://comptroller.texas.gov/purchasing/docs/fto-list.pdf>. The foregoing representation is made solely to enable the City to comply with Section 2252.152, Texas Government Code, and to the extent such Section does not contravene applicable Federal law and excludes the Landowner and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization. As used in this Section, the Landowner understands ‘affiliate’ to mean an entity that controls, is controlled by, or is under common control with the Landowner within the meaning of SEC Rule 133(f), 17 C.F.R. § 230.133(f), and exists to make a profit.

K. Verification Regarding Energy Company Boycotts.

To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 13 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Landowner hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott energy companies and will not boycott energy companies during the term of this Agreement. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Texas or federal law. As used in the foregoing verification, “boycott energy companies,” a term defined in Section 2274.001(1), Texas Government Code (as enacted by such Senate Bill) by reference to Section 809.001, Texas Government Code (also as enacted by such Senate Bill), shall mean, without an ordinary business purpose, refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company (A) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable federal and state law; or (B) does business with a company described by (A) above. As used in this Section, the Landowner understands ‘affiliate’ to mean an entity that controls, is controlled by, or is under common control with the Landowner within the meaning of SEC Rule 133(f), 17 C.F.R. § 230.133(f), and exists to make a profit.

L. Verification Regarding Discrimination Against Firearm Entity or Trade Association.

To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 19 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Landowner hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate against a firearm entity or firearm trade association during the term of this Agreement. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Texas or federal law. As used in the foregoing verification and the following definitions:

(i) ‘discriminate against a firearm entity or firearm trade association,’ a term defined in Section 2274.001(3), Texas Government Code (as enacted by such Senate Bill), (A) means, with respect to the firearm entity or firearm trade association, to (i) refuse to engage in the trade of any goods or services with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, (ii) refrain from continuing an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, or (iii) terminate an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association and (B) does not include (i) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories and (ii) a company’s refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship (aa) to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency or (bb) for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity’s or association’s status as a firearm entity or firearm trade association;

(ii) ‘firearm entity,’ a term defined in Section 2274.001(6), Texas Government Code (as enacted by such Senate Bill), means a manufacturer, distributor, wholesaler, supplier, or retailer of firearms (defined in Section 2274.001(4), Texas Government Code, as enacted by such Senate Bill, as weapons that expel projectiles by the action of explosive or expanding gases), firearm accessories (defined in Section 2274.001(5), Texas Government Code, as enacted by such Senate Bill, as devices specifically designed or adapted to enable an individual to wear, carry, store, or mount a firearm on the individual or on a conveyance and items used in conjunction with or mounted on a firearm that are not essential to the basic function of the firearm, including detachable firearm magazines), or ammunition (defined in Section 2274.001(1), Texas Government Code, as enacted by such Senate Bill, as a loaded cartridge case, primer, bullet, or propellant powder with or without a projectile) or a sport shooting range (defined in Section 250.001, Texas Local Government Code, as a business establishment, private club, or association that operates an area for the discharge or other use of firearms for silhouette, skeet, trap, black powder, target, self-defense, or similar recreational shooting); and

(iii) ‘firearm trade association,’ a term defined in Section 2274.001(7), Texas Government Code (as enacted by such Senate Bill), means any person, corporation, unincorporated association, federation, business league, or business organization that (i) is not organized or operated for profit (and none of the net earnings of which inures to the benefit of any private shareholder or individual), (ii) has two or more firearm entities as members, and (iii) is exempt from federal income taxation under Section 501(a), Internal Revenue Code of 1986, as an organization described by Section 501(c) of that code.

As used in this Section, the Landowner understands ‘affiliate’ to mean an entity that controls, is controlled by, or is under common control with the Landowner within the meaning of SEC Rule 133(f), 17 C.F.R. § 230.133(f), and exists to make a profit.

M. Form 1295 Certificate. Landowner represents that it has complied with Texas Government Code, Section 2252.908 and in connection therewith, the Landowner has completed a Texas Ethics Commission Form 1295 Certificate generated by the Texas Ethics Commission’s electronic filing system in accordance with the rules promulgated by the Texas Ethics Commission. The Landowner further agrees to print the completed certificate and execute the completed certificate in such form as is required by Texas Government Code, Section 2252.908 and the rules of the Texas Ethics Commission and provide to the City at the time of delivery of an executed counterpart of this Agreement, a duly executed completed Form 1295 Certificate. The Parties agree that, except for the information identifying the City and the contract identification number, the City is not responsible for the information contained in the Form 1295 completed by the Landowner. The information contained in the Form 1295 completed by the Landowner has been provided solely by the Landowner and the City has not verified such information.

LANDOWNER AGREEMENT - EXHIBIT II

DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS

This **DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS** (as it may be amended from time to time, this “Declaration”) is made as of _____ by MM Celina 100, LLC, a Texas limited liability company (the “Landowner”).

RECITALS:

- A. The Landowner holds record title to that portion of the real property located in Collin County, Texas, which is described in the attached **Exhibit I** (the “Landowner’s Parcel”).
- B. The City Council of the City of Celina (the “City Council”) upon a petition requesting the establishment of a public improvement district covering the property within the District to be known as the Harper Estates Public Improvement District (the “District”) by the then owners of more than 50% of the appraised value of the taxable real property and owners of more than 50% of the area of all taxable real property within the area requested to be included in the District created such District, in accordance with the Public Improvement District Assessment Act, Chapter 372, Texas Local Government Code, as amended (the “PID Act”).
- C. The City Council has adopted an Assessment Ordinance to levy assessments for certain Authorized Improvements (including all exhibits and attachments thereto, the “Assessment Ordinance”) and the Service and Assessment Plan included as an exhibit to the Assessment Ordinance (as amended from time to time, the “Service and Assessment Plan”), and has levied the assessments (as amended from time to time, the “Assessments”) on property in the District.
- D. The statutory notification required by Texas Property Code, Section 5.014, as amended, to be provided by the seller of residential property that is located in a public improvement district established under Chapter 372 of the Texas Local Government Code, as amended, to the purchaser, is incorporated into these Covenants, Conditions and Restrictions.

DECLARATIONS:

NOW, THEREFORE, the Landowner hereby declares that the Landowner’s Parcel is and shall be subject to, and hereby imposes on the Landowner’s Parcel, the following covenants, conditions and restrictions:

1. **Acceptance and Approval of Assessments and Lien on Property:**

- (a) Landowner accepts each Assessment levied on the Landowner’s Parcel owned by such Landowner.
- (b) The Assessment (including any reassessment, the expense of collection, and reasonable attorney’s fees, if incurred) is (a) a first and prior lien (the “Assessment Lien”) against the property assessed, superior to all other liens or claims except for

liens or claims for state, county, school district or municipality ad valorem property taxes whether now or hereafter payable, and (b) a personal liability of and charge against the owners of the property to the extent of their ownership regardless of whether the owners are named. The Assessment Lien is effective from the date of the Assessment Ordinance until the Assessments are paid and may be enforced by the City in the same manner as an ad valorem property tax levied against real property that may be enforced by the City. The owner of any Assessed Property may pay, at any time, the entire Assessment levied against any such property. Foreclosure of an ad valorem property tax lien on property within the District will not extinguish the Assessment or any unpaid but not yet due annual installments of the Assessment, and will not accelerate the due date for any unpaid and not yet due annual installments of the Assessment.

It is the clear intention of all parties to these Declarations of Covenants, Conditions and Restrictions, that the Assessments, including any annual installments of the Assessments (as such annual installments may be adjusted, decreased or extended), are covenants that run with the Landowner's Parcel and specifically binds the Landowner, its successors and assigns.

In the event of delinquency in the payment of any annual installment of the Assessment, the City is empowered to order institution of an action in district court to foreclose the related Assessment Lien, to enforce personal liability against the owner of the real property for the Assessment, or both. In such action the real property subject to the delinquent Assessment may be sold at judicial foreclosure sale for the amount of such delinquent property taxes and Assessment, plus penalties, interest and costs of collection.

2. Landowner or any subsequent owner of the Landowner's Parcel waives:

- (a) any and all defects, irregularities, illegalities or deficiencies in the proceedings establishing the District and levying and collecting the Assessments or the annual installments of the Assessments;
- (b) any and all notices and time periods provided by the PID Act including, but not limited to, notice of the establishment of the District and notice of public hearings regarding the levy of Assessments by the City Council concerning the Assessments;
- (c) any and all defects, irregularities, illegalities or deficiencies in, or in the adoption of, the Assessment Ordinance by the City Council;
- (d) any and all actions and defenses against the adoption or amendment of the Service and Assessment Plan, the City's finding of a 'special benefit' pursuant to the PID Act and the Service and Assessment Plan, and the levy of the Assessments; and
- (e) any right to object to the legality of any of the Assessments or the Service and Assessment Plan or to any of the previous proceedings connected therewith which occurred prior to, or upon, the City Council's levy of the Assessments.

3. **Amendments:** This Declaration may be terminated or amended only by a document duly executed and acknowledged by the then-current owner(s) of the Landowner's Parcel and the City. No such termination or amendment shall be effective until a written instrument setting forth the terms thereof has been executed by the parties by whom approval is required as set forth above and recorded in the real Property Records of Collin County, Texas.
4. **Third Party Beneficiary:** The City is a third party beneficiary to this Declaration and may enforce the terms hereof.
5. **Notice to Subsequent Purchasers:** Upon the sale of a dwelling unit within the District, the purchaser of such property shall be provided a written notice as required by Section 5.014 of the Texas Property Code, as amended, and as included in the most recent Annual Service Plan Update of the Service and Assessment Plan filed in the real property records of Collin County, Texas.

EXECUTED by the undersigned on the date set forth below to be effective as of the date first above written.

WHEREAS, pursuant to the Series 2023 Bond Indenture, amounts deposited in the Developer Reimbursement Pledged Revenue Account of the Pledged Revenue Fund shall be transferred to the Reimbursement Fund pursuant to a completed Reimbursement Payment Request (defined herein) and used solely and exclusively to pay and reimburse the Developer for a portion of the costs of the Authorized Improvements paid from the Developer Improvement Account of the Project Fund, plus interest, as set forth in this Reimbursement Agreement.

NOW THEREFORE, FOR VALUABLE CONSIDERATION THE RECEIPT AND ADEQUACY OF WHICH ARE ACKNOWLEDGED, THE PARTIES AGREE AS FOLLOWS:

1. The recitals in the “WHEREAS” clauses of this Reimbursement Agreement are true and correct, reflect the intent of the Parties, and are incorporated as part of this Reimbursement Agreement for all purposes.
2. The City shall cause to be deposited into the Pledged Revenue Fund all Assessment Revenues collected (excluding Delinquent Collection Costs and Administrative Expenses) as provided in the Series 2023 Bond Indenture.

3. Developer shall make, or cause to be made, deposits of \$_____ to the Developer Improvement Account of the Project Fund (the “Developer Deposit”) on the Closing Date (as defined in the Series 2023 Bond Indenture) of the Series 2023 Bonds. The Authorized Improvements Costs shall be paid first from the Authorized Improvements Account of the Project Fund and then from the Developer Improvement Account of the Project Fund in accordance with the Indenture and the Construction Funding Agreement.

4. Strictly subject to the terms, conditions, and requirements herein and in the Series 2023 Bond Indenture, and solely from the Assessment Revenues as herein provided, the City agrees to pay to the Developer, and the Developer shall be entitled to receive from the City, the amount equal to the actual costs of the Authorized Improvements incurred by the Developer, but not to exceed the budgeted costs, of the Authorized Improvements, as set forth in the SAP, actually paid from the Developer Improvement Account of the Project Fund (the “Reimbursement Amount”) plus interest on the unpaid balance in accordance with the terms of this Reimbursement Agreement until September 1, 2052 (the “Maturity Date”); provided, however, the principal amount of the Reimbursement Amount shall not exceed **\$200,000.00**. The Reimbursement Amount shall be payable to the Developer solely from the Assessment Revenues deposited in the Developer Reimbursement Pledged Revenue Account of the Pledged Revenue Fund and transferred to the Reimbursement Fund as provided in Article VI of the Series 2023 Bond Indenture. The Authorized Improvements Costs are authorized by the Act and approved by the City Council and represents the total cost of the Authorized Improvements which are eligible public improvements that are being undertaken and financed by the District for the special benefit of the Assessed Property and that upon completion will be dedicated in fee and accepted by the City. The unpaid Reimbursement Amount shall bear simple interest per annum at the rate of (x) ____% for years one through five following the execution of this Reimbursement Agreement, and (y) ____% for years six through thirty-one. The interest rate has been approved by the City Council and is authorized by the Act and was determined based upon the Bond Buyer Revenue Bond Index published in *The Bond Buyer*, a daily publication that publishes this interest rate index, which the highest average index rate for tax-exempt bonds reported in the previous month was ____%. The interest rate of ____% and ____% contained herein comply with Section 372.023 (e)(1) and Section 372.023 (e)(2) of the Act. Reimbursement to the Developer from the Reimbursement Fund as set forth in this section shall be made pursuant to a completed reimbursement form (the “Reimbursement Payment Request”), as set forth in **Exhibit A** attached hereto.

5. The Reimbursement Amount, plus interest, as described above (collectively, the “Unpaid Balance”) is payable to the Developer and secured under this Reimbursement Agreement solely as described in paragraph 4 above. Interest shall accrue on the amounts of the Unpaid Balance equal to the amount withdrawn from the Developer Improvement Account of the Project Fund pursuant to a Certification for Payment (as defined in the Construction Funding Agreement) from the date of each withdrawal until payment from the Reimbursement Fund. The Unpaid Balance shall be payable, if funds

- are available, as set forth in the Construction Funding Agreement and this Agreement. No other City funds, revenue, taxes, income, or property shall be used even if the Unpaid Balance is not paid in full at Maturity. Notwithstanding its collection efforts, if the City fails to receive all or any part of the Assessment Revenues and, as a result, is unable to make transfers from the Developer Reimbursement Pledged Revenue Account of the Pledged Revenue Fund to the Reimbursement Fund for payments to the Developer as required under this Reimbursement Agreement, such failure and inability shall not constitute a Failure or Default by the City under this Reimbursement Agreement. This Reimbursement Agreement shall not and shall never give rise to or create:
- a. a charge against the general credit or taxing powers of the City or any other taxing unit; or
 - b. a debt or other obligation of the City payable from any source of revenue, taxes, income, or properties of the City other than from the Developer Improvement Account of the Project Fund, the Developer Reimbursement Pledged Revenue Account of the Pledged Revenue Fund or the Reimbursement Fund as provided in the Series 2023 Bond Indenture; or
 - c. any obligation of the City to pay any amount due or to become due under this Reimbursement Agreement other than from the Developer Improvement Account of the Project Fund, the Developer Reimbursement Pledged Revenue Account of the Pledged Revenue Fund or the Reimbursement Fund as provided in the Series 2023 Bond Indenture and this Reimbursement Agreement.
6. Within fifteen (15) business days of receipt of any Reimbursement Payment Request, the City shall either (i) approve and execute the Reimbursement Payment Request and forward the same to the Trustee for payment (from those funds available in the Reimbursement Fund), or (ii) in the event the City disapproves the Reimbursement Payment Request, give written notification to the Developer of the City's disapproval, in whole or in part, of such Reimbursement Payment Request, specifying the reasons for such disapproval and the additional requirements to be satisfied for approval of such Reimbursement Payment Request. If a Reimbursement Payment Request seeking reimbursement is approved only in part, the City shall specify the extent to which the Reimbursement Payment Request is approved and shall deliver such partially approved Reimbursement Payment Request to the Trustee for payment.
 7. If on the final maturity date of the Series 2023 Bonds any portion of the Unpaid Balance remains unpaid, such Unpaid Balance shall be canceled and for all purposes this Reimbursement Agreement shall be deemed to have been conclusively and irrevocably PAID IN FULL, and such Unpaid Balance shall no longer be deemed to be payable; provided, however, if any Assessment Revenues remain due and payable and are uncollected on the Maturity Date, such Assessment Revenues, when, as, and if collected after the Maturity Date, shall first be applied to any amounts due in

connection with outstanding Series 2023 Bonds and second, paid to the Developer and applied to the Unpaid Balance.

8. The Developer has the right to convey, transfer, assign, collaterally assign, mortgage, pledge, or otherwise encumber, in whole or in part without the consent of (but with written notice to) the City, the Developer's right, title, or interest to payments under this Reimbursement Agreement (but not performance obligations) including, but not limited to, any right, title, or interest of the Developer in and to payment of the Unpaid Balance (a "Transfer," and the person or entity to whom the Transfer is made, a "Transferee"). Notwithstanding the foregoing, however, no Transfer shall be effective until five (5) days after notice of the Transfer, including, for each Transferee, the information required by Section 13 below, is received by the City. The City may rely on any notice of a Transfer received from the Developer without obligation to investigate or confirm the validity or occurrence of such Transfer. No conveyance, transfer, assignment, mortgage, pledge or other encumbrance shall be made by the Developer or any successor or assignee of the Developer that results in the City being an "obligated person" within the meaning of Rule 15c2-12 of the United States Securities and Exchange Commission without the express written consent of the City. The Developer waives all rights or claims against the City for any such funds provided to a third party as a result of a Transfer for which the City has received notice, and the Developer's sole remedy shall be to seek the funds directly from the Transferee.
9. The obligations of the City under this Reimbursement Agreement are non-recourse and payable only from amounts transferred to the Reimbursement Fund from the Developer Reimbursement Pledged Revenue Account of the Pledged Revenue Fund under the Series 2023 Bond Indenture; and such obligations do not create a debt or other obligation payable from any other City revenues, taxes, income, or property. None of the City or any of its elected or appointed officials or any of its officers or employees shall incur any liability hereunder to the Developer or any other party in their individual capacities by reason of this Reimbursement Agreement or their acts or omissions under this Reimbursement Agreement.
10. If the Developer is in compliance with that certain Harper Estates Development Agreement, effective May 23, 2022 (the "Development Agreement") and following the City's inspection and approval of the Authorized Improvements in accordance with the provisions of the Construction Funding Agreement, there will be no conditions or defenses to the obligation of the City to use amounts transferred to the Reimbursement Fund from the Developer Reimbursement Pledged Revenue Account of the Pledged Revenue Fund, in accordance with and under the Series 2023 Bond Indenture to pay the Unpaid Balance.
11. Nothing in this Reimbursement Agreement is intended to constitute a waiver by the City of any remedy the City may have outside this Reimbursement Agreement against the Developer, any Transferee, or any other person or entity involved in the design, construction, or installation of the Authorized Improvements. The obligations of the Developer hereunder shall be those as a Party hereto and not solely as an owner of

property in the District. Nothing herein shall be constructed, nor is intended, to affect the City's or the Developer's rights and duties to perform their respective obligations under other agreements, regulations and ordinances.

12. This Reimbursement Agreement is being executed and delivered, and is intended to be performed in the State of Texas. Except to the extent that the laws of the United States may apply to the terms hereof, the substantive laws of the State of Texas shall govern the validity, construction, enforcement, and interpretation of this Reimbursement Agreement. In the event of a dispute involving this Reimbursement Agreement, venue for such dispute shall lie in any court of competent jurisdiction in Collin County, Texas.
13. Any notice required or contemplated by this Reimbursement Agreement shall be deemed given at the addresses shown below: (i) when delivered by a national company such as FedEx or UPS with evidence of delivery signed by any person at the delivery address regardless of whether such person was the named addressee; or (ii) 72 hours after the notice was deposited with the United States Postal Service, Certified Mail, Return Receipt Requested. Any Party may change its address by delivering written notice of such change in accordance with this section.

14. If any provision of this Reimbursement Agreement is held invalid by any court, such holding shall not affect the validity of the remaining provisions, and the remainder of this Reimbursement Agreement shall remain in full force and effect.
15. Failure; Default; Remedies.
 - a. If either Party fails to perform an obligation imposed on such Party by this Reimbursement Agreement (a “Failure”) and such Failure is not cured after written notice and the expiration of the cure periods provided in this section, then such Failure shall constitute a “Default.” Upon the occurrence of a Failure by a non-performing Party, the other Party shall notify the non-performing Party and all Transferees of the non-performing Party in writing specifying in reasonable detail the nature of the Failure. The non-performing Party to whom notice of a Failure is given shall have at least thirty (30) days from receipt of the notice within which to cure the Failure; however, if the Failure cannot reasonably be cured within thirty (30) days and the non-performing Party has diligently pursued a cure within such 30-day period and has provided written notice to the other Party that additional time is needed, then the cure period shall be extended for an additional thirty (30) day period so long as the non-performing Party is diligently pursuing a cure. Any Transferee shall have the right, but not the obligation, to cure any alleged Failure by the Developer within the same time periods that are provided to the Developer. The election by a Transferee to cure a Failure by the Developer shall constitute a cure by the Developer but shall not obligate the Transferee to be bound by this Reimbursement Agreement unless the Transferee agrees to be bound.
 - b. If the Developer is in Default, the City shall have available all remedies at law or in equity, provided that no Default by the Developer, however, shall: (1) affect the obligations of the City to use the amounts transferred to the Reimbursement Fund from the Developer Reimbursement Pledged Revenue Account of the Pledged Revenue Fund in accordance with and under the Series 2023 Bond Indenture; or (2) entitle the City to terminate this Reimbursement Agreement.

- c. If the City is in Default, the Developer's sole and exclusive remedies shall be to: (1) seek a writ of mandamus to compel performance by the City; (2) seek specific enforcement of this Reimbursement Agreement; or (3) terminate this Reimbursement Agreement.
- 16. To the extent there is a conflict between this Reimbursement Agreement and the Series 2023 Bond Indenture, the Series 2023 Bond Indenture shall control as the provisions relate to the proceeds of the Series 2023 Bonds, the Developer Deposit, or the collection and transfer of the Assessment Revenues. To the extent there is a conflict between this Reimbursement Agreement and the Construction Funding Agreement, the Construction Funding Agreement shall control. To the extent there is a conflict between this Reimbursement Agreement and the Development Agreement, the Reimbursement Agreement shall control as to provisions relating to the reimbursement of the Developer for the Authorized Improvements Costs previously paid by the Developer.
- 17. The failure by a Party to insist upon the strict performance of any provision of this Reimbursement Agreement by the other Party, or the failure by a Party to exercise its rights upon a Default by the other Party shall not constitute a waiver of such Party's right to insist and demand strict compliance by such other Party with the provisions of this Reimbursement Agreement.
- 18. The City does not waive or surrender any of its governmental powers, immunities, or rights except to the extent permitted by law and necessary to allow the Developer to enforce its remedies under this Reimbursement Agreement.
- 19. Nothing in this Reimbursement Agreement, expressed or implied, is intended to or shall be construed to confer upon or to give to any person or entity other than the City and the Developer any rights, remedies, or claims under or by reason of this Reimbursement Agreement, and all covenants, conditions, promises, and agreements in this Reimbursement Agreement shall be for the sole and exclusive benefit of the City and the Developer.
- 20. This Reimbursement Agreement may be amended only by written agreement of the Parties.
- 21. This Reimbursement Agreement may be executed in counterparts, each of which shall be deemed an original.
- 22. The City shall have the right, during normal business hours and upon three (3) business days' prior written notice to the Developer, to review all books and records of the Developer pertaining to costs and expenses incurred by the Developer with respect to any of the Authorized Improvements. Such accounting books shall be maintained in accordance with customary real estate accounting principles.

23. The Parties agree that at any time after the execution of this Reimbursement Agreement, they will, upon request of another Party, execute and deliver such further documents and do such further acts and things as the other Party may reasonably request in order to effectuate the terms of this Reimbursement Agreement. This provision shall not be construed as limiting or otherwise hindering the legislative discretion of the City Council seated at the time that this Reimbursement Agreement is executed or any future City Council.
24. No Boycott Israel. To the extent this Reimbursement Agreement constitutes a contract for goods or services for which a written verification is required under Section 2271.002, Texas Government Code, the Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott Israel and will not boycott Israel during the term of this Reimbursement Agreement. As used in the foregoing verification, ‘boycott Israel,’ a term defined in Section 2271.001, Texas Government Code, by reference to Section 808.001(1), Texas Government Code, means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes. The Developer understands ‘affiliate’ to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit.
25. Not a Listed Company. The Developer represents that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, and posted on any of the following pages of such officer’s internet website: <https://comptroller.texas.gov/purchasing/docs/sudan-list.pdf>, <https://comptroller.texas.gov/purchasing/docs/iran-list.pdf>, or <https://comptroller.texas.gov/purchasing/docs/fto-list.pdf>. The foregoing representation is made solely to enable the City to comply with Section 2252.152, Texas Government Code, and to the extent such Section does not contravene applicable Federal law and excludes the Developer and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization. As used in this Section, the Developer understands ‘affiliate’ to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 133(f), 17 C.F.R. § 230.133(f), and exists to make a profit.
26. Verification Regarding Energy Company Boycotts. To the extent this Reimbursement Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 13 in the 87th Texas

Legislature, Regular Session), Texas Government Code, as amended, the Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott energy companies and will not boycott energy companies during the term of this Reimbursement Agreement. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Texas or federal law. As used in the foregoing verification, “boycott energy companies,” a term defined in Section 2274.001(1), Texas Government Code (as enacted by such Senate Bill) by reference to Section 809.001, Texas Government Code (also as enacted by such Senate Bill), shall mean, without an ordinary business purpose, refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company (A) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable federal and state law; or (B) does business with a company described by (A) above. As used in this Section, the Developer understands ‘affiliate’ to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 133(f), 17 C.F.R. § 230.133(f), and exists to make a profit.

27. Verification Regarding Discrimination Against Firearm Entity or Trade Association.

To the extent this Reimbursement Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 19 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate against a firearm entity or firearm trade association during the term of this Reimbursement Agreement. Section 2.1. Security for the Bonds Similarly Secured.

The Bonds Similarly Secured, as to both principal and interest, are and shall be equally and ratably secured by and payable from a first lien on and pledge of the Trust Estate.

The lien on and pledge of the Trust Estate shall be valid and binding and fully perfected from and after the Closing Date, without physical delivery or transfer of control of the Trust Estate, the filing of this Indenture or any other act; all as provided in Texas Government Code, Chapter 1208, as amended, which applies to the issuance of the Bonds Similarly Secured and the pledge of the Trust Estate granted by the City under this Indenture, and such pledge is therefore valid, effective and perfected. If Texas law is amended at any time while the Bonds Similarly Secured are Outstanding such that the pledge of the Trust Estate granted by the City under this Indenture is to be subject to the filing requirements of Texas Business and Commerce Code, Chapter 9, as amended, then in order to preserve to the registered owners of the Bonds Similarly Secured the perfection of the security interest in said pledge, the City agrees to take such measures as it determines are reasonable and necessary under Texas law to comply with the applicable provisions of Texas Business and Commerce Code, Chapter 9, as amended, and enable a filing to perfect the security interest in said pledge to occur.

Section 2.2. Limited Obligations.

The Bonds Similarly Secured are special and limited obligations of the City, payable solely from and secured solely by the Trust Estate, including the Pledged Revenues and the Pledged Funds; and the Bonds Similarly Secured shall never be payable out of funds raised or to be raised by taxation or from any other revenues, properties or income of the City.

Section 2.3. Authorization for Indenture.

The terms and provisions of this Indenture and the execution and delivery hereof by the City to the Trustee have been duly authorized by official action of the City Council of the City. The City has ascertained and it is hereby determined and declared that the execution and delivery of this Indenture is necessary to carry out and effectuate the purposes set forth in the preambles of this Indenture and that each and every covenant or agreement herein contained and made is necessary, useful or convenient in order to better secure the Bonds Similarly Secured and is a contract or agreement necessary, useful and convenient to carry out and effectuate the purposes herein described.

Section 3.4. Medium, Method and Place of Payment.

(a) Principal of and interest on the Bonds Similarly Secured shall be paid in lawful money of the United States of America, as provided in this Section.

(b) Interest on the Bonds Similarly Secured shall be payable to the Owners thereof as shown in the Register at the close of business on the relevant Record Date; provided, however, that in the event of nonpayment of interest on a scheduled Interest Payment Date, and for thirty (30) days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Trustee, if and when funds for the payment of such interest have been received from or on behalf of the City. Notice of the Special Record Date and of the scheduled payment date of the past due interest (the "Special Payment Date," which shall be fifteen (15) days after the Special Record Date) shall be sent at least five (5) Business Days prior to the Special Record Date by United States mail, first-class, postage prepaid, to the address of each Owner of a Bond Similarly Secured appearing on the books of the Trustee at the close of business on the last Business Day preceding the date of mailing such notice.

(c) Interest on the Bonds Similarly Secured shall be paid by check, dated as of the Interest Payment Date, and sent, United States mail, first-class, postage prepaid, by the Paying Agent/Registrar to each Owner at the address of each Owner as such appears in the Register or by such other customary banking arrangement acceptable to the Paying Agent/Registrar and the Owner; provided, however, the Owner shall bear all risk and expense of such other banking arrangement.

(d) The principal of each Bond Similarly Secured shall be paid to the Owner of such Bond Similarly Secured on the due date thereof, whether at the maturity date or the date of prior redemption thereof, upon presentation and surrender of such Bond Similarly Secured at the Designated Payment/Transfer Office of the Paying Agent/Registrar.

(e) If the date for the payment of the principal of or interest on the Bonds Similarly Secured shall be a Saturday, Sunday, legal holiday, or day on which banking institutions in the city where the Designated Payment/Transfer Office of the Paying Agent/Registrar is located are required or authorized by law or executive order to close, the date for such payment shall be the next succeeding day that is not a Saturday, Sunday, legal holiday, or day on which such banking institutions are required or authorized to close, and payment on such date shall for all purposes be deemed to have been made on the due date thereof as specified in Section 3.2 of this Indenture.

(f) Unclaimed payments of amounts due hereunder shall be segregated in a special account and held in trust, uninvested by the Paying Agent/Registrar, for the account of the Owner of the Bonds Similarly Secured to which such unclaimed payments pertain. Subject to any escheat, abandoned property, or similar law of the State of Texas, any such payments remaining unclaimed by the Owners entitled thereto for two (2) years after the applicable payment or redemption date shall be applied to the next payment or payments on such Bonds Similarly Secured thereafter coming due and, to the extent any such money remains after the retirement of all Outstanding Bonds Similarly Secured, shall be paid to the City to be used for any lawful purpose. Thereafter, none of the City, the Paying Agent/Registrar, or any other Person shall be liable or responsible to any Owners of such Bonds Similarly Secured for any further payment of such unclaimed moneys or on account of any such Bonds Similarly Secured, subject to any applicable escheat law or similar law of the State of Texas.

Section 3.5. Execution and Registration of Bonds Similarly Secured.

(a) The Bonds Similarly Secured shall be executed on behalf of the City by the Mayor or Mayor Pro Tem and City Secretary, Assistant City Secretary, or Deputy City Secretary by their manual or facsimile signatures, and the official seal of the City shall be impressed or placed in facsimile thereon. Such facsimile signatures on the Bonds Similarly Secured shall have the same effect as if each of the Bonds Similarly Secured had been signed manually and in person by each of said officers, and such facsimile seal on the Bonds Similarly Secured shall have the same effect as if the official seal of the City had been manually impressed upon each of the Bonds Similarly Secured.

(b) In the event that any officer of the City whose manual or facsimile signature appears on the Bonds Similarly Secured ceases to hold such office before the authentication of such Bonds Similarly Secured or before the delivery thereof, such manual or facsimile signature nevertheless shall be valid and sufficient for all purposes as if such officer had remained in such office.

(c) Except as provided below, no Bond Similarly Secured shall be valid or obligatory for any purpose or be entitled to any security or benefit of this Indenture unless and until there appears thereon the Certificate of Trustee substantially in the form provided herein or in a Supplemental Indenture, duly authenticated by manual execution by an officer or duly authorized signatory of the Trustee. It shall not be required that the same officer or authorized signatory of the Trustee sign the Certificate of Trustee on all of the Bonds Similarly Secured. In lieu of the executed Certificate of Trustee described above, the Initial Bond delivered at the Closing Date for such series of Bonds Similarly Secured shall have attached thereto the Comptroller's Registration Certificate substantially in the form provided herein or in a Supplemental Indenture, manually executed by the Comptroller of Public Accounts of the State of Texas, or by his or her duly authorized agent, which certificate shall be evidence that such Initial Bond has been duly approved by the Attorney General of the State of Texas, is a valid and binding obligation of the City, and has been registered by the Comptroller of Public Accounts of the State of Texas.

(d) On the Closing Date for each series of the Bonds Similarly Secured, one Initial Bond representing the entire principal amount of such series of Bonds Similarly Secured, payable in stated installments to the Purchaser of such series of Bonds Similarly Secured or its designee, executed with the manual or facsimile signatures of the Mayor or Mayor Pro Tem and the City Secretary, Assistant City Secretary, or Deputy City Secretary approved by the Attorney General, and registered and manually signed by the Comptroller of Public Accounts, will be delivered to the Purchaser of such series of Bonds Similarly Secured or its designee. Upon payment for such Initial Bond, the Trustee shall cancel the Initial Bond and deliver to DTC on behalf of the Purchaser of such Bonds Similarly Secured one registered definitive bond for each year of maturity of such series of the Bonds Similarly Secured, in the aggregate principal amount of all bonds for such maturity of such series of the Bonds Similarly Secured, registered in the name of Cede & Co., as nominee of DTC.

Section 3.6. Ownership.

(a) The City, the Trustee, the Paying Agent/Registrar and any other Person may treat the Person in whose name any Bond Similarly Secured is registered as the absolute owner of such Bond Similarly Secured for the purpose of making and receiving payment as provided herein (except interest shall be paid to the Person in whose name such Bond Similarly Secured is registered on the relevant Record Date) and for all other purposes, whether or not such Bond Similarly Secured is overdue, and neither the City nor the Trustee, nor the Paying Agent/Registrar, shall be bound by any notice or knowledge to the contrary.

(b) All payments made to the Owner of any Bond Similarly Secured shall be valid and effectual and shall discharge the liability of the City, the Trustee and the Paying Agent/Registrar upon such Bond Similarly Secured to the extent of the sums paid.

Section 3.7. Registration, Transfer and Exchange.

(a) So long as any Bond Similarly Secured remains Outstanding, the City shall cause the Paying Agent/Registrar to keep at the Designated Payment/Transfer Office a Register in which, subject to such reasonable regulations as it may prescribe, the Paying Agent/Registrar shall provide for the registration and transfer of Bonds Similarly Secured in accordance with this Indenture. The Paying Agent/Registrar represents and warrants that it will file and maintain a copy of the Register with the City, and shall cause the Register to be current with all registration and transfer information as from time to time may be applicable.

(b) A Bond Similarly Secured shall be transferable only upon the presentation and surrender thereof at the Designated Payment/Transfer Office of the Paying Agent/Registrar with such endorsement or other evidence of transfer as is acceptable to the Paying Agent/Registrar. No transfer of any Bond Similarly Secured shall be effective until entered in the Register.

(c) The Bonds Similarly Secured shall be exchangeable upon the presentation and surrender thereof at the Designated Payment/Transfer Office of the Paying Agent/Registrar for a Bond Similarly Secured or Bonds Similarly Secured of the same series, and of the same maturity and bearing the same interest rate and in any Authorized Denomination and in an aggregate principal amount equal to the unpaid principal amount of the Bond Similarly Secured presented for exchange.

(d) The Trustee is hereby authorized to authenticate and deliver Bonds Similarly Secured transferred or exchanged for other Bonds Similarly Secured in accordance with this Section. A new Bond Similarly Secured or Bonds Similarly Secured will be delivered by the Paying Agent/Registrar, in lieu of the Bond Similarly Secured being transferred or exchanged, at the Designated Payment/Transfer Office, or sent by United States mail, first-class, postage prepaid, to the Owner or his designee. Each transferred Bond Similarly Secured delivered by the Paying Agent/Registrar in accordance with this Section shall constitute an original contractual obligation of the City and shall be entitled to the benefits and security of this Indenture to the same extent as the Bond Similarly Secured or Bonds Similarly Secured in lieu of which such transferred Bond Similarly Secured is delivered.

(e) Each exchange Bond Similarly Secured delivered in accordance with this Section shall constitute an original contractual obligation of the City and shall be entitled to the benefits and security of this Indenture to the same extent as the Bond Similarly Secured or Bonds Similarly Secured in lieu of which such exchange Bond Similarly Secured is delivered.

(f) No service charge shall be made to the Owner for the initial registration, subsequent transfer, or exchange for a different Authorized Denomination of any of the Bonds Similarly Secured. The Paying Agent/Registrar, however, may require the Owner to pay a sum sufficient to cover any tax or other governmental charge that is authorized to be imposed in connection with the registration, transfer, or exchange of a Bond Similarly Secured.

(g) Neither the City nor the Paying Agent/Registrar shall be required to issue, transfer, or exchange any Bond Similarly Secured or portion thereof called for redemption prior to maturity within forty-five (45) days prior to the date fixed for redemption; provided, however, such limitation shall not be applicable to an exchange by the Owner of the uncalled principal balance of a Bond Similarly Secured redeemed in part.

Section 3.8. Cancellation.

All Bonds Similarly Secured paid or redeemed before scheduled maturity in accordance with this Indenture, and all Bonds Similarly Secured in lieu of which exchange Bonds Similarly Secured or replacement Bonds Similarly Secured are authenticated and delivered in accordance with this Indenture, shall be cancelled, and proper records shall be made regarding such payment, redemption, exchange, or replacement. The Paying Agent/Registrar shall dispose of cancelled Bonds Similarly Secured in accordance with the records retention requirements of the Trustee.

Section 3.9. Temporary Bonds Similarly Secured.

(a) Following the delivery and registration of the respective Initial Bond and pending the preparation of definitive Bonds, the proper officers of the City may execute and, upon the City's request, the Trustee shall authenticate and deliver, one or more temporary Bonds Similarly Secured that are printed, lithographed, typewritten, mimeographed or otherwise produced, in any denomination, substantially of the tenor of the definitive Bonds Similarly Secured in lieu of which they are delivered, without coupons, and with such appropriate insertions, omissions, substitutions and other variations as the officers of the City executing such temporary Bonds Similarly Secured may determine, as evidenced by their signing of such temporary Bonds Similarly Secured.

(b) Until exchanged for Bonds Similarly Secured in definitive form, such Bonds Similarly Secured in temporary form shall be entitled to the benefit and security of this Indenture.

(c) The City, without unreasonable delay, shall prepare, execute and deliver to the Trustee the Bonds Similarly Secured in definitive form; thereupon, upon the presentation and surrender of the Bond Similarly Secured or Bonds Similarly Secured in temporary form to the Paying Agent/Registrar, the Paying Agent/Registrar shall cancel the Bonds Similarly Secured in temporary form and the Trustee shall authenticate and deliver in exchange therefor a Bond Similarly Secured or Bonds Similarly Secured of the same maturity and series, in definitive form, in the Authorized Denomination, and in the same aggregate principal amount, as the Bond Similarly Secured or Bonds Similarly Secured in temporary form surrendered. Such exchange shall be made without the making of any charge therefor to any Owner.

Section 3.10. Replacement Bonds Similarly Secured.

(a) Upon the presentation and surrender to the Paying Agent/Registrar of a mutilated Bond Similarly Secured, the Trustee shall authenticate and deliver in exchange therefor a replacement Bond Similarly Secured of like tenor and principal amount, bearing a number not contemporaneously outstanding. The City or the Paying Agent/Registrar may require the Owner of such Bond Similarly Secured to pay a sum sufficient to cover any tax or other governmental charge that is authorized to be imposed in connection therewith and any other expenses connected therewith.

(b) In the event that any Bond Similarly Secured is lost, apparently destroyed or wrongfully taken, the Trustee, pursuant to the applicable laws of the State of Texas and in the absence of notice or knowledge that such Bond Similarly Secured has been acquired by a bona fide purchaser, shall authenticate and deliver a replacement Bond Similarly Secured of like tenor and principal amount bearing a number not contemporaneously outstanding, provided that the Owner first complies with the following requirements:

(i) furnishes to the Paying Agent/Registrar satisfactory evidence of his or her ownership of and the circumstances of the loss, destruction or theft of such Bond Similarly Secured;

(ii) furnishes such security or indemnity as may be required by the Paying Agent/Registrar and the Trustee to save them and the City harmless;

(iii) pays all expenses and charges in connection therewith, including, but not limited to, printing costs, legal fees, fees of the Trustee and the Paying Agent/Registrar and any tax or other governmental charge that is authorized to be imposed; and

(iv) satisfies any other reasonable requirements imposed by the City and the Trustee.

(c) After the delivery of such replacement Bond Similarly Secured, if a bona fide purchaser of the original Bond Similarly Secured in lieu of which such replacement Bond Similarly Secured was issued presents for payment such original Bond Similarly Secured, the City and the Paying Agent/Registrar shall be entitled to recover such replacement Bond Similarly Secured from the Person to whom it was delivered or any Person taking therefrom, except a bona fide purchaser, and shall be entitled to recover upon the security or indemnity provided therefor to the extent of any loss, damage, cost, or expense incurred by the City, the Paying Agent/Registrar or the Trustee in connection therewith.

(d) In the event that any such mutilated, lost, apparently destroyed or wrongfully taken Bond Similarly Secured has become or is about to become due and payable, the Paying Agent/Registrar, in its discretion, instead of issuing a replacement Bond Similarly Secured, may pay such Bond Similarly Secured if it has become due and payable or may pay such Bond Similarly Secured when it becomes due and payable.

(e) Each replacement Bond Similarly Secured delivered in accordance with this Section shall constitute an original additional contractual obligation of the City and shall be entitled to the benefits and security of this Indenture to the same extent as the Bond Similarly Secured or Bonds Similarly Secured in lieu of which such replacement Bond Similarly Secured is delivered.

Section 3.11. Book-Entry Only System.

The Bonds Similarly Secured shall initially be issued in book-entry-only form and shall be deposited with DTC, which is hereby appointed to act as the securities depository therefor, in accordance with the letter of representations from the City to DTC. On the Closing Date of each series of Bonds Similarly Secured, the definitive Bonds Similarly Secured shall be issued in the form of a single typewritten certificate for each maturity thereof registered in the name of Cede & Co., as nominee for DTC.

With respect to Bonds Similarly Secured registered in the name of Cede & Co., as nominee of DTC, the City and the Paying Agent/Registrar shall have no responsibility or obligation to any DTC Participant or to any Person on behalf of whom such a DTC Participant holds an interest in the Bonds Similarly Secured. Without limiting the immediately preceding sentence, the City and the Paying Agent/Registrar shall have no responsibility or obligation with respect to (i) the accuracy of the records of DTC, Cede & Co. or any DTC Participant with respect to any ownership interest in the Bonds Similarly Secured, (ii) the delivery to any DTC Participant or any other Person, other than an Owner, as shown on the Register, of any notice with respect to the Bonds Similarly Secured, including any notice of redemption, or (iii) the payment to any DTC Participant or any other Person, other than an Owner, as shown in the Register of any amount with respect to principal of, premium, if any, or interest on the Bonds Similarly Secured. Notwithstanding any other provision of this Indenture to the contrary, the City and the Paying Agent/Registrar shall be entitled to treat and consider the Person in whose name each Bond

Similarly Secured is registered in the Register as the absolute owner of such Bond Similarly Secured for the purpose of payment of principal of, premium, if any, and interest on such Bond Similarly Secured, for the purpose of giving notices of redemption and other matters with respect to such Bond Similarly Secured, for the purpose of registering transfer with respect to such Bond Similarly Secured, and for all other purposes whatsoever. The Paying Agent/Registrar shall pay all principal of, premium, if any, and interest on the Bonds Similarly Secured only to or upon the order of the respective Owners as shown in the Register, as provided in this Indenture, and all such payments shall be valid and effective to fully satisfy and discharge the City's obligations with respect to payment of principal of, premium, if any, and interest on the Bonds Similarly Secured to the extent of the sum or sums so paid. No Person other than an Owner, as shown in the Register, shall receive a certificate evidencing the obligation of the City to make payments of amounts due pursuant to this Indenture. Upon delivery by DTC to the Paying Agent/Registrar of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions in this Indenture with respect to interest checks or drafts being mailed to the registered owner at the close of business on the relevant Record Date, the word "Cede & Co." in this Indenture shall refer to such new nominee of DTC.

Section 3.12. Successor Securities Depository: Transfer Outside Book-Entry-Only System.

In the event that the City determines that DTC is incapable of discharging its responsibilities described herein and in the letter of representations from the City to DTC, the City shall (i) appoint a successor securities depository, qualified to act as such under Section 17A of the Securities and Exchange Act of 1934, as amended, notify DTC and DTC Participants of the appointment of such successor securities depository and transfer one or more separate Bonds Similarly Secured to such successor securities depository; or (ii) notify DTC and DTC Participants of the availability through DTC of certificated Bonds Similarly Secured and cause the Paying Agent/Registrar to transfer one or more separate registered Bonds Similarly Secured to DTC Participants having Bonds Similarly Secured credited to their DTC accounts. In such event, the Bonds Similarly Secured shall no longer be restricted to being registered in the Register in the name of Cede & Co., as nominee of DTC, but may be registered in the name of the successor securities depository, or its nominee, or in whatever name or names Owners transferring or exchanging Bonds Similarly Secured shall designate, in accordance with the provisions of this Indenture.

Section 3.13. Payments to Cede & Co.

Notwithstanding any other provision of this Indenture to the contrary, so long as any Bonds Similarly Secured are registered in the name of Cede & Co., as nominee of DTC, all payments with respect to principal of, premium, if any, and interest on such Bonds Similarly Secured, and all notices with respect to such Bonds Similarly Secured shall be made and given, respectively, in the manner provided in the blanket letter of representations from the City to DTC.

(iii) The principal amount of Bonds of a Stated Maturity required to be redeemed on any mandatory sinking fund redemption date pursuant to subparagraph (i) of this Section 4.2(a) shall be reduced, at the option of the City, by the principal amount of any Bonds of such maturity which, at least forty-five (45) days prior to the mandatory sinking fund redemption date shall have been acquired by the City at a price not exceeding the principal amount of such Bonds plus accrued and unpaid interest to the date of purchase thereof, and delivered to the Trustee for cancellation.

Section 4.3. Optional Redemption.

The City will provide the Trustee a City Certificate directing the Bonds to be redeemed pursuant to this Section 4.4 in accordance with the provisions of Section 4.5 hereof.

Section 4.5. Partial Redemption.

(a) If less than all of a series of Bonds Similarly Secured are to be redeemed pursuant to Sections 4.2, 4.3, or 4.4, Bonds Similarly Secured shall be redeemed in minimum principal amounts of \$1,000 or any integral multiple thereof. Each Bond Similarly Secured shall be treated as representing the number of bonds that is obtained by dividing the principal amount of such series of Bonds Similarly Secured by \$1,000. No redemption shall result in a Bond Similarly Secured in a denomination of less than the Authorized Denomination in effect at that time; provided, however, if the amount of the Outstanding Bond Similarly Secured is less than an Authorized Denomination after giving effect to such partial redemption, a Bond Similarly Secured in the principal amount equal to the unredeemed portion, but not less than \$1,000, may be issued.

(b) In selecting the Bonds Similarly Secured to be redeemed pursuant to Section 4.2, the Trustee may select Bonds Similarly Secured in any method that results in a random selection.

(c) In selecting the Bonds Similarly Secured to be redeemed pursuant to Section 4.3, the Trustee may rely on the directions provided in a City Certificate.

(d) If less than all of a series of Bonds Similarly Secured are called for extraordinary optional redemption pursuant to Section 4.4 hereof, the Bonds Similarly Secured or portion of a Bond Similarly Secured, as applicable, of such series to be redeemed shall be selected in the following manner:

(i) with respect to a Substantial Amount Redemption, the principal amount called for redemption shall be allocated on a pro rata basis among all Outstanding Bonds Similarly Secured of such series; and

(ii) with respect to a Minor Amount Redemption, the Outstanding Bonds Similarly Secured of such series shall be redeemed in inverse order of maturity.

(e) Upon surrender of any Bond Similarly Secured for redemption in part, the Trustee, in accordance with Section 3.7 of this Indenture, shall authenticate and deliver an exchange Bond Similarly Secured or Bonds Similarly Secured of the same series and in an aggregate principal amount equal to the unredeemed portion of the Bond Similarly Secured so surrendered, such exchange being without charge.

Section 4.6. Notice of Redemption to Owners.

(a) The Trustee shall give notice of any redemption of Bonds Similarly Secured by sending notice by United States mail, first-class, postage prepaid, not less than 30 days before the date fixed for redemption, to the Owner of each Bond Similarly Secured or portion thereof to be redeemed, at the address shown in the Register. So long as the Bonds Similarly Secured are in book-entry-only form and held by DTC as security depository, references to Owner in this Indenture means Cede & Co., as nominee for DTC.

(b) The notice shall state the redemption date, the Redemption Price, the place at which the Bonds Similarly Secured are to be surrendered for payment, and, if less than all the Outstanding Bonds Similarly Secured are to be redeemed, and subject to Section 4.5 hereof, an identification of the Bonds Similarly Secured or portions thereof to be redeemed, any conditions to such redemption and that on the redemption date, if all conditions, if any, to such redemption have been satisfied, such Bond Similarly Secured shall become due and payable.

(c) Any notice given as provided in this Section shall be conclusively presumed to have been duly given, whether or not the Owner receives such notice.

(d) The City has the right to rescind any optional redemption or extraordinary optional redemption described in Section 4.3 or 4.4 by written notice to the Trustee on or prior to the date fixed for redemption. Any notice of redemption shall be cancelled and annulled if for any reason funds are not available on the date fixed for redemption for the payment in full of the Bonds Similarly Secured then called for redemption, and such cancellation shall not constitute an Event of Default under the Indenture. The Trustee shall mail notice of rescission of redemption in the same manner notice of redemption was originally provided.

(e) With respect to any optional redemption of the Bonds Similarly Secured, unless the Trustee has received funds sufficient to pay the Redemption Price of the Bonds Similarly Secured to be redeemed before giving of a notice of redemption, the notice may state the City may condition redemption on the receipt of such funds by the Trustee on or before the date fixed for the redemption, or on the satisfaction of any other prerequisites set forth in the notice of redemption. If a conditional notice of redemption is given and such prerequisites to the redemption are not satisfied and sufficient funds are not received, the notice shall be of no force and effect, the City shall not redeem the Bonds Similarly Secured and the Trustee shall give notice, in the manner in which the notice of redemption was given, that the Bonds Similarly Secured have not been redeemed.

Section 4.7. Payment Upon Redemption.

(a) The Trustee shall make provision for the payment of the Bonds Similarly Secured to be redeemed on such date by setting aside and holding in trust an amount from the Redemption Fund or otherwise received by the Trustee from the City and shall use such funds solely for the purpose of paying the Redemption Price on the Bonds Similarly Secured being redeemed.

(b) Upon presentation and surrender of any Bond Similarly Secured called for redemption at the Designated Payment/Transfer Office of the Trustee on or after the date fixed

for redemption, the Trustee shall pay the Redemption Price on such Bond Similarly Secured to the date of redemption from the moneys set aside for such purpose.

Section 4.8. Effect of Redemption.

Notice of redemption having been given as provided in Section 4.6 of this Indenture, the Bonds Similarly Secured or portions thereof called for redemption shall become due and payable on the date fixed for redemption provided that funds for the payment of the Redemption Price of such Bonds Similarly Secured to the date fixed for redemption are on deposit with the Trustee; thereafter, such Bonds Similarly Secured or portions thereof shall cease to bear interest from and after the date fixed for redemption, whether or not such Bonds Similarly Secured are presented and surrendered for payment on such date.

It is expressly provided, however, that the presence or absence of CUSIP numbers on the Bonds Similarly Secured shall be of no significance or effect as regards the legality thereof; and none of

(a) On or before February 15 of each year while the Bonds Similarly Secured are Outstanding and beginning February 15, 2024, the City shall deposit or cause to be deposited the Pledged Revenues into the Pledged Revenue Fund. From amounts deposited into the Pledged Revenue Fund, the City shall deposit or cause to be deposited Pledged Revenues as follows: (i) first, to the Bond Pledged Revenue Account of the Pledged Revenue Fund in an amount sufficient to pay debt service on the Bonds Similarly Secured next coming due in such calendar year, (ii) second, to the Reserve Account of the Reserve Fund in an amount to cause the amount in the Reserve Account to equal the Reserve Account Requirement, in accordance with Section 6.7(a) hereof, (iii) third, to the Additional Interest Reserve Account of the Reserve Fund in an amount equal to the Additional Interest collected, if any, in accordance with Section 6.7(b) hereof, (iv) fourth, to the Developer Reimbursement Pledged Revenue Account of the Pledged Revenue Fund to pay the Developer for costs of Improvement Area #1 Projects that have been paid by the Developer (including any accrued interest) pursuant to the terms of the Improvement Area #1 Reimbursement Agreement, (v) fifth, to pay Actual Costs of the Improvement Area #1 Projects, and (vi) sixth, to pay other costs permitted by the PID Act. Moneys transferred to the Developer Reimbursement Pledged Revenue Account shall not be a part of the Trust Estate and are not security for the Bonds Similarly Secured.

(b) From time to time as needed to pay the obligations relating to the Bonds Similarly Secured, but no later than five (5) Business Days before each Interest Payment Date, the Trustee shall withdraw from the Bond Pledged Revenue Account and transfer to the Principal and Interest Account of the Bond Fund, an amount, taking into account any amounts then on deposit in such Principal and Interest Account and any expected transfers from the Capitalized Interest Account to the Principal and Interest Account, such that the amount on deposit in the Principal and Interest Account equals the principal (including any Sinking Fund Installments) and interest due on the Bonds Similarly Secured on the next Interest Payment Date.

(c) If, after the foregoing transfers and any transfer from the Reserve Fund as provided in Section 6.7 herein, there are insufficient funds to make the payments provided in paragraph (b) above, the Trustee shall apply the available funds in the Principal and Interest Account first, to the payment of interest and, second, to the payment of principal (including any Sinking Fund Installments) on the Bonds Similarly Secured, as described in Section 11.4(a) hereof.

(d) Subject to the provisions of the Improvement Area #1 Reimbursement Agreement, from time to time as needed to pay the obligations relating to Actual Costs of the Improvement Area #1 Projects that are paid by the Developer, and once all amounts deposited into the Improvement Area #1 Improvement Account and Improvement Area #1 Major Improvement Account of the Project Fund have been disbursed, the Trustee shall, pursuant to a completed Reimbursement Payment Request, withdraw from the Developer Reimbursement Pledged Revenue Account and transfer to the Reimbursement Fund such amount needed to pay the Developer for funds it paid to fund Actual Costs of the Improvement Area #1 Projects, including any accrued interest. When all amounts due to the Developer to pay it for the funds it used to pay for Actual Costs of the Improvement Area #1 Projects have been paid to the Developer, whether through Assessments received and applied in accordance with this Indenture and the Service and Assessment Plan or an Annual Service Plan Update, or through the proceeds of Additional Bonds, no further deposits shall be made to the Developer Reimbursement Pledged Revenue Account and the Developer Reimbursement Pledged Revenue Account shall be closed.

(e) Notwithstanding Section 6.3(a) hereof, the Trustee shall deposit Prepayments to the Pledged Revenue Fund and as soon as practicable after such deposit shall transfer such Prepayments to the Redemption Fund.

(f) Notwithstanding Section 6.3(a) hereof, the Trustee shall deposit Foreclosure Proceeds to the Pledged Revenue Fund and as soon as practicable after such deposit shall transfer Foreclosure Proceeds first, to the Reserve Account to restore any transfers from the Reserve Account made with respect to the Assessed Parcel(s) to which the Foreclosure Proceeds relate, second, to the Additional Interest Reserve Account to restore any transfers from the Additional Interest Reserve Account made with respect to the Assessed Parcel(s) to which the Foreclosure Proceeds relate, and third, to the Redemption Fund.

(g) After satisfaction of the requirement to provide for the payment of the principal and interest on the Bonds Similarly Secured and to fund any deficiency that may exist in an account of the Reserve Fund, the City may direct the Trustee by City Certificate to apply Assessments for any lawful purposes permitted by the PID Act for which Assessments may be paid, including the funding of any obligations due to the Developer with funds deposited to the Developer Reimbursement Pledged Revenue Account.

(h) Any additional Pledged Revenues remaining after the satisfaction of the foregoing shall be applied by the Trustee, as instructed by the City pursuant to a City Certificate, for any lawful purpose permitted by the PID Act for which such additional Pledged Revenues may be used, including transfers to other Funds and Accounts created pursuant to this Indenture.

Section 6.4. Bond Fund.

(a) On each Interest Payment Date, the Trustee shall withdraw from the Principal and Interest Account and transfer to the Paying Agent/Registrar the principal (including any Sinking Fund Installments) and/or interest then due and payable on the Bonds Similarly Secured, less any amount to be used to pay interest on the Bonds Similarly Secured on such Interest Payment Date from the Capitalized Interest Account, as provided below.

(b) If amounts in the Principal and Interest Account are insufficient for the purposes set forth in paragraph (a) above, the Trustee shall withdraw from the Reserve Fund amounts to cover the amount of such insufficiency in the order described in Section 6.7(f) hereof. Amounts so withdrawn from the Reserve Fund shall be deposited in the Principal and Interest Account and transferred to the Paying Agent/Registrar.

(c) Moneys in the Capitalized Interest Account shall be used for the payment of interest on the Bonds on the following dates and in the following amounts:

<u>Date</u>	<u>Amount (\$)</u>
-------------	--------------------

Any amounts on deposit in the Capitalized Interest Account after the payment of interest on the dates and in the amounts listed above shall be transferred to the Improvement Area #1 Improvements Account or the Improvement Area #1 Major Improvements Account of the Project Fund, as directed by the City pursuant to a City Certificate, or if both of the Improvement Area #1 Improvements Account and the Improvement Area #1 Major Improvements Account have been

Improvement Area #1 Indenture of Trust

104522647.10

closed as provided in Section 6.5(f) herein, such amounts shall be transferred to the Redemption Fund to be used to redeem Bonds Similarly Secured and the Capitalized Interest Account shall be closed.

Section 6.5. Project Fund.

(a) Money on deposit in the Project Fund shall be used for the purposes specified in Section 3.1 hereof. Money on deposit in the Improvement Area #1 Improvements Account of the Project Fund shall only be used to pay Actual Costs of Improvement Area #1 Improvements and money on deposit in the Improvement Area #1 Major Improvements Account of the Project Fund shall only be used to pay Actual Costs of Improvement Area #1 Major Improvements.

(b) Disbursements from the Costs of Issuance Account of the Project Fund shall be made by the Trustee to pay costs of issuance of the Bonds Similarly Secured pursuant to one or more City Certificates. Disbursements from the other Accounts of the Project Fund to pay Actual Costs of the Improvement Area #1 Projects shall be made by the Trustee upon receipt by the Trustee of either properly executed and completed Certification for Payment or written direction from the City or its designee approving the disbursement to the Developer or the Developer's designee. The disbursement of funds from the Improvement Area #1 Improvements Account or the Improvement Area #1 Major Improvements Account pursuant to a Certification for Payment shall be pursuant to and in accordance with the disbursement procedures described in the Improvement Area #1 Construction, Funding, and Acquisition Agreement; provided, however, that all disbursement of funds for the Actual Costs of Improvement Area #1 Improvements made pursuant to a Certification of Payment shall be made first, from the Improvement Area #1 Improvements Account, and second, from the Developer Improvement Account and all disbursements of funds for the Actual Costs of the Improvement Area #1 Major Improvements shall be made first, from the Improvement Area #1 Major Improvements Account, and second, from the Developer Improvement Account. Such provisions and procedures related to such disbursements contained in the Improvement Area #1 Construction, Funding, and Acquisition Agreement, are herein incorporated by reference and deemed set forth herein in full.

(c) If the City Representative determines in his or her sole discretion that amounts then on deposit in the Improvement Area #1 Improvements Account of the Project Fund or the Improvement Area #1 Major Improvements Account of the Project Fund are not expected to be expended for purposes of such Account due to the abandonment, or constructive abandonment of the Improvement Area #1 Improvements or Improvement Area #1 Major Improvements, as applicable, such that, in the opinion of the City Representative, it is unlikely that the amounts in the Improvement Area #1 Improvements Account of the Project Fund or Improvement Area #1 Major Improvements Account of the Project Fund will ever be expended for the purposes of such Account, the City Representative shall file a City Certificate with the Trustee which identifies the amounts then on deposit in the Improvement Area #1 Improvements Account of the Project Fund and/or Improvement Area #1 Major Improvements Account of the Project Fund, as applicable, that are not expected to be used for purposes of such Account. If such City Certificate is so filed, the amounts on deposit in the Improvement Area #1 Improvements Account of the Project Fund and/or Improvement Area #1 Major Improvements Account of the Project Fund shall be transferred to the Redemption Fund to redeem Bonds Similarly Secured on the earliest practicable date after notice of redemption has been provided in accordance with the Indenture.

(d) In making any determination pursuant to this Section, the City Representative may conclusively rely upon a certificate of an Independent Financial Consultant.

(e) Upon the filing of a City Certificate stating that all Improvement Area #1 Improvements have been completed and that all Actual Costs of the Improvement Area #1 Improvements have been paid, or that any such Actual Costs of the Improvement Area #1 Improvements are not required to be paid from the Improvement Area #1 Improvements Account of the Project Fund pursuant to a Certification for Payment, the Trustee (i) shall transfer the amount, if any, remaining within the Improvement Area #1 Improvements Account of the Project Fund to the Bond Fund and (ii) shall close the Improvement Area #1 Improvements Account. Upon the filing of a City Certificate stating that all Improvement Area #1 Major Improvements have been completed and that all Actual Costs of the Improvement Area #1 Major Improvements have been paid, or that any such Actual Costs of the Improvement Area #1 Major Improvements are not required to be paid from the Improvement Area #1 Major Improvements Account of the Project Fund pursuant to a Certification for Payment, the Trustee (i) shall transfer the amount, if any, remaining within the Improvement Area #1 Major Improvements Account of the Project Fund to the Bond Fund and (ii) shall close the Improvement Area #1 Major Improvements Account. If the Improvement Area #1 Improvements Account and the Improvement Area #1 Major Improvements Account are closed as provided above, the Trustee shall transfer any remaining amounts in the Developer Improvement Account of the Project Fund to the Developer and shall close the Developer Improvement Account of the Project Fund. If the Improvement Area #1 Improvements Account, the Improvement Area #1 Major Improvements Account, and the Developer Improvement Account have been closed as provided above and the Cost of Issuance Account of the Project Fund has been closed pursuant to the provisions of Section 6.5(f), the Project Fund shall be closed.

(f) Not later than six months following each respective Closing Date, or upon a determination by the City Representative that all costs of issuance of such series of Bonds Similarly Secured have been paid, any amounts remaining in the Costs of Issuance Account shall be transferred to another Account of the Project Fund and used to pay Actual Costs or to the Principal and Interest Account of the Bond Fund and used to pay interest on the Bonds Similarly Secured, as directed by the City in a City Certificate filed with the Trustee and the Costs of Issuance Account shall be closed.

Section 6.6. Redemption Fund.

(a) The Trustee shall cause to be deposited to the Redemption Fund from the Bond Pledged Revenue Account of the Pledged Revenue Fund an amount sufficient to redeem Bonds Similarly Secured as provided in Sections 4.3 and 4.4 on the dates specified for redemption as provided in Sections 4.3 and 4.4. Amounts on deposit in the Redemption Fund shall be used and withdrawn by the Trustee to redeem Bonds Similarly Secured as provided in Article IV.

Section 6.7. Reserve Fund.

(a) The City agrees with the Owners of the Bonds Similarly Secured to accumulate from the deposits described in Section 6.3(a) hereof, and when accumulated, maintain in the Reserve Account of the Reserve Fund, an amount equal to not less than the Reserve Account Requirement except to the extent such deficiency is due to the application of Section 6.7(d) hereof. All amounts deposited in the Reserve Account of the Reserve Fund shall be used and withdrawn by the Trustee for the purpose of making transfers to the Principal and Interest Account of the Bond Fund as provided in this Indenture.

(b) The Trustee, if needed, will transfer from the Bond Pledged Revenue Account of the Pledged Revenue Fund to the Additional Interest Reserve Account on March 1 and September 1 of each year, commencing March 1, 2024, an amount equal to the Additional Interest collected, if any, until the Additional Interest Reserve Requirement has been accumulated in the Additional Interest Reserve Account. If the amount on deposit in the Additional Interest Reserve Account shall at any time be less than the Additional Interest Reserve Requirement, the Trustee shall notify the City, in writing, of the amount of such shortfall, and the City shall resume collecting the Additional Interest and shall file a City Certificate with the Trustee instructing the Trustee to resume depositing the Additional Interest from the Bond Pledged Revenue Account of the Pledged Revenue Fund into the Additional Interest Reserve Account until the Additional Interest Reserve Requirement has been accumulated in the Additional Interest Reserve Account; provided, however, that the City shall not be required to replenish the Additional Interest Reserve Account in the event funds are transferred from the Additional Interest Reserve Account to the Redemption Fund as a result of an extraordinary optional redemption of Bonds Similarly Secured from the proceeds of a Prepayment pursuant to Section 4.4 of this Indenture. In the event the amount on deposit in the Additional Interest Reserve Account is less than the Additional Interest Reserve Requirement then the deposits described in the immediately preceding sentence shall continue until the Additional Interest Reserve Account has been fully replenished. If, after such deposits, there is surplus Additional Interest remaining, the Trustee shall transfer such surplus Additional Interest to the Redemption Fund, and shall notify the City of such transfer in writing. In calculating the amounts to be transferred pursuant to this Section, the Trustee may conclusively rely on the Annual Installments as shown on the Improvement Area #1 Assessment Roll in the Service and Assessment Plan or an Annual Service Plan Update, unless and until it receives a City Certificate directing that a different amount be used.

(c) Whenever a transfer is made from an Account of the Reserve Fund to the Bond Fund due to a deficiency in the Bond Fund, the Trustee shall provide written notice thereof to the City, specifying the amount withdrawn and the source of said funds.

(d) Whenever Bonds Similarly Secured are to be redeemed with the proceeds of Prepayments pursuant to Section 4.4, the Trustee shall transfer, on the Business Day prior to the redemption date (or on such other date as agreed to by the City and the Trustee), from the Reserve Account of the Reserve Fund to the Redemption Fund, an amount specified in a City Certificate to be applied to the redemption of the Bonds Similarly Secured. The amount so transferred from the Reserve Account of the Reserve Fund shall be equal to the principal amount of Bonds Similarly Secured to be redeemed with Prepayments multiplied by the lesser of: (i) the amount required to be in the Reserve Account of the Reserve Fund divided by the principal amount of Outstanding Bonds Similarly Secured prior to the redemption, and (ii) the amount actually in the Reserve Account of the Reserve Fund divided by the principal amount of Outstanding Bonds Similarly Secured prior to the redemption. If after such transfer, and after applying investment earnings on the Prepayments toward payment of accrued interest, there are insufficient funds in the Redemption Fund to pay the principal amount plus accrued and unpaid interest to the date fixed for redemption of the Bonds Similarly Secured to be redeemed, as identified in a City Certificate, as a result of such Prepayments and as a result of the transfer from the Reserve Account under this Section 6.7(d), the Trustee shall transfer an amount equal to the shortfall, and/or any additional amounts necessary to permit the Bonds Similarly Secured to be redeemed in minimum principal amounts of \$1,000, from the Additional Interest Reserve Account to the Redemption Fund to be applied to the redemption of the Bonds Similarly Secured.

(e) Whenever, on any Interest Payment Date, or on any other date at the written request of a City Representative, the amount in the Reserve Account exceeds the Reserve Account Requirement, the Trustee shall provide written notice to the City Representative of the amount of the excess. Such excess shall be transferred to the Principal and Interest Account to be used for the payment of debt service on the Bonds Similarly Secured on the next Interest Payment Date in accordance with Section 6.4 hereof, unless within thirty days of such notice to the City Representative, the Trustee receives a City Certificate instructing the Trustee to apply such excess: (i) to pay amounts due under Section 6.8 hereof, (ii) to a specified Account of the Project Fund if such application and the expenditure of funds is expected to occur within three years of the date hereof, or (iii) for such other use specified in such City Certificate if the City receives a written opinion of counsel nationally recognized in the field of municipal bond law to the effect that such alternate use will not adversely affect the exemption from federal income tax of the interest on any Bond Similarly Secured.

(f) Whenever, on any Interest Payment Date, the amount on deposit in the Bond Fund is insufficient to pay the debt service on the Bonds Similarly Secured due on such date, the Trustee shall transfer first, from the Additional Interest Reserve Account of the Reserve Fund to the Bond Fund and, second, from the Reserve Account of the Reserve Fund to the Bond Fund the amounts necessary to cure such deficiency.

(g) At the final maturity of the Bonds Similarly Secured, the amount on deposit in the Reserve Account and the Additional Interest Reserve Account shall be transferred to the Principal and Interest Account of the Bond Fund and applied to the payment of the principal of the Bonds Similarly Secured.

(h) If, after a Reserve Account withdrawal pursuant to Section 6.7(f), the amount on deposit in the Reserve Account of the Reserve Fund is less than the Reserve Account Requirement, the Trustee shall transfer from the Pledged Revenue Fund to the Reserve Account of the Reserve Fund the amount of such deficiency, in accordance with Section 6.3.

(i) If the amount held in the Reserve Fund together with the amount held in the Bond Fund and Redemption Fund is sufficient to pay the principal amount of all Outstanding Bonds Similarly Secured on the next Interest Payment Date, together with the unpaid interest accrued on such Outstanding Bonds Similarly Secured as of such Interest Payment Date, the moneys shall be transferred to the Redemption Fund and thereafter used to redeem all Outstanding Bonds Similarly Secured as of such Interest Payment Date.

Section 6.8. Rebate Fund: Rebate Amount.

(a) There is hereby established a special fund of the City to be designated "City of Celina, Texas, Rebate Fund" (the "Rebate Fund") to be held by the Trustee in accordance with the terms and provisions of this Indenture. Amounts on deposit in the Rebate Fund shall be used solely for the purpose of paying amounts relating to the Bonds Similarly Secured due the United States Government in accordance with the Code.

(b) In order to assure that Rebate Amount is paid to the United States rather than to a third party, investments of funds on deposit in the Rebate Fund shall be made in accordance with the Code and each respective Tax Certificate.

(c) The Trustee conclusively shall be deemed to have complied with the provisions of this Section and Section 7.5(h) and shall not be liable or responsible if it follows the instructions

of the City and shall not be required to take any action under this Section and Section 7.5(h) in the absence of written instructions from the City.

(d) If, on the date of each annual calculation, the amount on deposit in the Rebate Fund exceeds the Rebate Amount, the City may direct the Trustee, pursuant to a City Certificate, to transfer the amount in excess of the Rebate Amount to the Bond Fund.

Section 6.9. Administrative Fund.

(a) The City shall deposit or cause to be deposited to the District Administration Account of the Administrative Fund the amounts collected each year to pay Administrative Expenses and Delinquent Collection Costs.

(b) Moneys in the District Administration Account of the Administrative Fund shall be held by the Trustee separate and apart from the other Funds and Accounts created and administered hereunder and used as directed by a City Certificate solely for the purposes set forth in the Service and Assessment Plan.

Section 6.10. Investment of Funds.

(a) Money in any Fund or Account established pursuant to this Indenture shall be invested by the Trustee as directed by the City pursuant to a City Certificate filed with the Trustee at least two (2) days in advance of the making of such investment. The money in any Fund or Account shall be invested in time deposits or certificates of deposit secured in the manner required by law for public funds, or be invested in direct obligations of, including obligations the principal and interest on which are unconditionally guaranteed by, the United States of America, in obligations of any agencies or instrumentalities thereof, or in such other investments as are permitted under the Public Funds Investment Act, Texas Government Code, Chapter 2256, as amended, or any successor law, as in effect from time to time; provided that all such deposits and investments shall be made in such manner (which may include repurchase agreements for such investment with any primary dealer of such agreements) that the money required to be expended from any Fund will be available at the proper time or times. Notwithstanding the preceding sentence, amounts in the Additional Interest Reserve Account may not be invested above the Yield (as defined in Section 7.5(a) hereof) on the Bonds Similarly Secured, unless and until the City receives a written opinion of counsel nationally recognized in the field of municipal bond law to the effect that such investment and/or the failure to comply with such yield restriction will not adversely affect the exemption from federal income tax of the interest on any Bond Similarly Secured. Investments shall be valued each year in terms of current market value as of September 30. For purposes of maximizing investment returns, to the extent permitted by law, money in such Funds or Accounts may be invested in common investments of the kind described above, or in a common pool of such investment which shall be kept and held at an official depository bank, which shall not be deemed to be or constitute a commingling of such money or funds provided that safekeeping receipts or certificates of participation clearly evidencing the investment or investment pool in which such money is invested and the share thereof purchased with such money or owned by such Fund or Account are held by or on behalf of each such Fund or Account. If necessary, such investments shall be promptly sold to prevent any default.

(b) Obligations purchased as an investment of moneys in any Fund or Account shall be deemed to be part of such Fund or Account, subject, however, to the requirements of this Indenture for transfer of interest earnings and profits resulting from investment of amounts in Funds and Accounts. Whenever in this Indenture any moneys are required to be transferred by

the City to the Trustee, such transfer may be accomplished by transferring a like amount of Investment Securities.

(c) The Trustee and its affiliates may act as sponsor, advisor, depository, principal or agent in the acquisition or disposition of any investment. The Trustee shall have no investment discretion and the Trustee's only responsibility for investments shall be to follow the written instructions contained in any City Certificate and to insure that an investment it is directed to purchase is a permitted investment pursuant to the terms of this Indenture. The Trustee shall not incur any liability for losses arising from any investments made pursuant to this Section. The Trustee shall not be required to determine the suitability or legality of any investments.

(d) Investments in any and all Funds and Accounts may be commingled in a separate fund or funds for purposes of making, holding and disposing of investments, notwithstanding provisions herein for transfer to or holding in or to the credit of particular Funds or Accounts of amounts received or held by the Trustee hereunder, provided that the Trustee shall at all times account for such investments strictly in accordance with the Funds and Accounts to which they are credited and otherwise as provided in this Indenture.

(e) The Trustee will furnish the City and the Administrator monthly cash transaction statements which include detail for all investment transactions made by the Trustee hereunder; and, unless the Trustee receives a written request, the Trustee is not required to provide brokerage confirmations so long as the Trustee is providing such monthly cash transaction statements.

Section 6.11. Security of Funds.

All Funds or Accounts heretofore created, to the extent not invested as herein permitted, shall be secured in the manner and to the fullest extent required by law for the security of public funds, and such Funds or Accounts shall be used only for the purposes and in the manner permitted or required by this Indenture.

Section 6.12. Reimbursement Fund.

Money on deposit in the Reimbursement Fund shall be disbursed to the Developer, once all amounts deposited into the Improvement Area #1 Improvement Account and Improvement Area #1 Major Improvement Account of the Project Fund have been disbursed, to reimburse the Actual Costs of the Improvement Area #1 Projects previously paid by the Developer, as evidenced by a Certification of Payment. Disbursements shall be made pursuant to this section and the Improvement Area #1 Reimbursement Agreement, based upon approval of a Reimbursement Payment Request by the City Representative. The Reimbursement Payment Request in the form attached as Exhibit A to the Improvement Area #1 Reimbursement Agreement is hereby incorporated into this Indenture. When all amounts due to the Developer to pay it for the funds it has contributed to pay Actual Costs of the Improvement Area #1 Projects have been paid to the Developer, whether through Assessments received and applied in accordance with this Indenture and the Service and Assessment Plan or an Annual Service Plan Update, or through the proceeds of Additional Bonds, no further deposits shall be made to the Reimbursement Fund and the Reimbursement Fund shall be closed. In the event that the Reimbursement Fund is closed pursuant to the terms of this Section, any remaining balance in the Reimbursement Fund and in any Account therein shall be transferred to the Pledged Revenue Fund and applied in accordance with the priorities set forth in Section 6.3(a) above.

ARTICLE VII

COVENANTS

Section 7.1. Confirmation of Assessments.

The City hereby confirms, covenants, and agrees that the Assessments to be collected from the Assessed Property are as so reflected in the Service and Assessment Plan (as it may be updated from time to time) and, in accordance with the Assessment Ordinance, it has levied the Assessments against the respective Assessed Parcels from which the Pledged Revenues will be collected and received.

Section 7.2. Collection and Enforcement of Assessments.

(a) For so long as any Bonds Similarly Secured are Outstanding and/or amounts are due to the Developer to pay it for funds it has contributed to pay Actual Costs of the Improvement Area #1 Projects in accordance with the Improvement Area #1 Reimbursement Agreement, the City covenants, agrees and warrants that it will take and pursue all actions permissible under Applicable Laws to cause the Assessments to be collected and the liens thereof enforced continuously, in the manner and to the maximum extent permitted by Applicable Laws, and, to the extent permitted by Applicable Laws, to cause no reduction, abatement or exemption in the Assessments.

(b) The City will determine or cause to be determined, no later than February 15 of each year, whether or not any Annual Installment is delinquent and, if such delinquencies exist, the City will order and cause to be commenced as soon as practicable any and all appropriate and legally permissible actions to obtain such Annual Installment, and any delinquent charges and interest thereon, including diligently prosecuting an action in district court to foreclose the currently delinquent Annual Installment. Notwithstanding the foregoing, the City shall not be required under any circumstances to purchase or make payment for the purchase of the delinquent Assessment or the corresponding Assessed Parcel. Furthermore, nothing shall obligate the City, the City Attorney, or any appropriate designee to undertake collection or foreclosure actions against delinquent accounts in violation of applicable state law, court order, or existing contractual provisions between the City and its appropriate collections enforcement designees.

Section 7.3. Against Encumbrances.

(a) Other than Refunding Bonds, the City shall not create and, to the extent Pledged Revenues are received, shall not suffer to remain, any lien, encumbrance or charge upon the Trust Estate, other than that specified in Section 9.6 of this Indenture, or upon any other property pledged under this Indenture, except the pledge created for the security of the Bonds Similarly Secured, and other than a lien or pledge subordinate to the lien and pledge of such property related to the Bonds Similarly Secured.

(b) So long as Bonds Similarly Secured are Outstanding hereunder, and except as set forth in Section 13.2 hereof, the City shall not issue any bonds, notes or other evidences of indebtedness other than the Bonds Similarly Secured and Refunding Bonds, if any, secured by any pledge of or other lien or charge on the Pledged Revenues or other property pledged under this Indenture, except for other indebtedness incurred in compliance with Section 13.2 hereof.

Section 7.4. Records, Accounts, Accounting Reports.

The City hereby covenants and agrees that so long as any of the Bonds Similarly Secured or any interest thereon remain Outstanding and unpaid, and/or the obligation to the Developer to pay it for funds it has contributed to pay Actual Costs of the Improvement Area #1 Projects in accordance with the Improvement Area #1 Reimbursement Agreement and the Improvement Area #1 Construction, Funding, and Acquisition Agreement remain outstanding and unpaid, it will keep and maintain a proper and complete system of records and accounts pertaining to the Assessments. The Trustee and Owners of any Bonds Similarly Secured or any duly authorized agent or agents of such holders shall have the right at all reasonable times to inspect all such records, accounts, and data relating thereto, upon written request to the City by the Trustee or duly authorized representative, as applicable. The City shall provide the Trustee or duly authorized representative, as applicable, an opportunity to inspect such books and records relating to the Bonds Similarly Secured during the City's regular business hours and on a mutually agreeable date not later than thirty days after the City receives such request.

Section 7.5. Covenants to Maintain Tax-Exempt Status.

(a) Definitions. When used in this Section, the following terms shall have the following meanings:

"Closing Date" means the date on which each series of Bonds Similarly Secured are first authenticated and delivered to the respective initial purchasers against payment therefor.

"Code" means the Internal Revenue Code of 1986, as amended by all legislation, if any, effective on or before the Closing Date.

"Computation Date" has the meaning set forth in Section 1.148-1(b) of the Regulations.

"Gross Proceeds" means any proceeds as defined in Section 1.148-1(b) of the Regulations, and any replacement proceeds as defined in Section 1.148-1(c) of the Regulations, of the Bonds Similarly Secured.

"Investment" has the meaning set forth in Section 1.148-1(b) of the Regulations.

"Nonpurpose Investment" means any investment property, as defined in Section 148(b) of the Code, in which Gross Proceeds of the Bonds Similarly Secured are invested and which is not acquired to carry out the governmental purposes of the Bonds Similarly Secured.

"Regulations" means any proposed, temporary or final Income Tax Regulations issued pursuant to Sections 103 and 141 through 150 of the Code, and 103 of the Internal Revenue Code of 1954, which are applicable to the Bonds Similarly Secured. Any reference to any specific Regulation shall also mean, as appropriate, any

proposed, temporary or final Income Tax Regulation designed to supplement, amend or replace the specific Regulation referenced.

“Yield” of (1) any Investment has the meaning set forth in Section 1.148-5 of the Regulations; and (2) the Bonds Similarly Secured, as it pertains to a particular series of Bonds Similarly Secured, has the meaning set forth in Section 1.148-4 of the Regulations.

(b) Not to Cause Interest to Become Taxable. The City shall not use, permit the use of, or omit to use Gross Proceeds or any other amounts (or any property the acquisition, construction or improvement of which is to be financed directly or indirectly with Gross Proceeds) in a manner which if made or omitted, respectively, would cause the interest on any Bond Similarly Secured to become includable in the gross income, as defined in Section 61 of the Code, of the owner thereof for federal income tax purposes. Without limiting the generality of the foregoing, unless and until the City receives a written opinion of counsel nationally recognized in the field of municipal bond law to the effect that failure to comply with such covenant will not adversely affect the exemption from federal income tax of the interest on any Bond Similarly Secured, the City shall comply with each of the specific covenants in this Section.

(c) No Private Use or Private Payments. Except as permitted by Section 141 of the Code and the Regulations and rulings thereunder, the City shall at all times prior to the last Stated Maturity of each series of Bonds Similarly Secured:

(i) exclusively own, operate and possess all property the acquisition, construction or improvement of which is to be financed or refinanced directly or indirectly with Gross Proceeds of the Bonds Similarly Secured of such series, and not use or permit the use of such Gross Proceeds (including all contractual arrangements with terms different than those applicable to the general public) or any property acquired, constructed or improved with such Gross Proceeds in any activity carried on by any person or entity (including the United States or any agency, department and instrumentality thereof) other than a state or local government, unless such use is solely as a member of the general public; and

(ii) not directly or indirectly impose or accept any charge or other payment by any person or entity who is treated as using Gross Proceeds of the Bonds Similarly Secured of such series or any property the acquisition, construction or improvement of which is to be financed or refinanced directly or indirectly with such Gross Proceeds, other than taxes of general application within the City or interest earned on investments acquired with such Gross Proceeds pending application for their intended purposes.

(d) No Private Loan.

(i) Except to the extent permitted by Section 141 of the Code and the Regulations and rulings thereunder, the City shall not use Gross Proceeds of any Bonds Similarly Secured to make or finance loans to any person or entity other than a state or local government. For purposes of the foregoing covenant, such Gross Proceeds are considered to be “loaned” to a person or entity if: (1) property acquired, constructed or improved with such Gross Proceeds is sold or leased to such person or entity in a transaction which creates a debt for federal income tax purposes; (2) capacity in or service from such property is committed to such person or entity under a take-or-pay, output or

similar contract or arrangement; or (3) indirect benefits, or burdens and benefits of ownership, of such Gross Proceeds or any property acquired, constructed or improved with such Gross Proceeds are otherwise transferred in a transaction which is the economic equivalent of a loan.

(ii) The City covenants and agrees that the levied Assessments will meet the requirements of the "tax assessment loan exception" within the meaning of Section 1.141-5(d) of the Regulations on the date that each series of the Bonds Similarly Secured are delivered and will ensure that the Assessments continue to meet such requirements for so long as Bonds Similarly Secured are outstanding.

(e) Not to Invest at Higher Yield. Except to the extent permitted by Section 148 of the Code and the Regulations and rulings thereunder, the City shall not at any time prior to the final Stated Maturity of any series of Bonds Similarly Secured directly or indirectly invest Gross Proceeds in any Investment (or use Gross Proceeds to replace money so invested) if, as a result of such investment, the Yield from the Closing Date of all Investments acquired with Gross Proceeds (or with money replaced thereby), whether then held or previously disposed of, exceeds the Yield of such series of Bonds Similarly Secured.

(f) Not Federally Guaranteed. Except to the extent permitted by Section 149(b) of the Code and the Regulations and rulings thereunder, the City shall not take or omit to take any action which would cause the Bonds Similarly Secured to be federally guaranteed within the meaning of Section 149(b) of the Code and the Regulations and rulings thereunder.

(g) Information Report. The City shall timely file the information required by Section 149(e) of the Code with the Secretary of the Treasury on Form 8038-G or such other form and in such place as the Secretary may prescribe with respect to each series of Bonds Similarly Secured.

(h) Rebate of Arbitrage Profits. Except to the extent otherwise provided in Section 148(f) of the Code and the Regulations and rulings thereunder:

(i) The City shall account for all Gross Proceeds (including all receipts, expenditures and investments thereof) on its books of account separately and apart from all other funds (and receipts, expenditures and investments thereof) and shall retain all records of accounting for at least six years after the day on which the last outstanding Bond Similarly Secured is discharged. However, to the extent permitted by law, the City may commingle Gross Proceeds of the Bonds Similarly Secured with other money of the City, provided that the City separately accounts for each receipt and expenditure of Gross Proceeds and the obligations acquired therewith.

(ii) Not less frequently than each Computation Date for each series of Bonds Similarly Secured, the City shall calculate the Rebate Amount for the respective series of Bonds in accordance with rules set forth in Section 148(f) of the Code and the Regulations and rulings thereunder. The City shall maintain such calculations with its official transcript of proceedings relating to the issuance of each series of the Bonds Similarly Secured until six years after the final Computation Date.

(iii) As additional consideration for the purchase of the Bonds Similarly Secured by the Purchasers and the loan of the money represented thereby and in order to induce such purchase by measures designed to insure the excludability of the interest thereon

Improvement Area #1 Indenture of Trust

from the gross income of the owners thereof for federal income tax purposes, the City shall, pursuant to a City Certificate, direct the Trustee to transfer to the Rebate Fund from the funds or subaccounts designated in such City Certificate and direct the Trustee to pay to the United States from the Rebate Fund the amount that when added to the future value of previous rebate payments made for any series of Bonds Similarly Secured equals (i) in the case of a Final Computation Date as defined in Section 1.148-3(e)(2) of the Regulations, one hundred percent (100%) of the Rebate Amount on such date; and (ii) in the case of any other Computation Date, ninety percent (90%) of the Rebate Amount on such date. In all cases, the rebate payments shall be made at the times, in the installments, to the place and in the manner as is or may be required by Section 148(f) of the Code and the Regulations and rulings thereunder, and shall be accompanied by Form 8038-T or such other forms and information as is or may be required by Section 148(f) of the Code and the Regulations and rulings thereunder.

(iv) The City shall exercise reasonable diligence to assure that no errors are made in the calculations and payments required by paragraphs (ii) and (iii), and if an error is made, to discover and promptly correct such error within a reasonable amount of time thereafter (and in all events within one hundred eighty (180) days after discovery of the error), including payment to the United States of any additional Rebate Amount owed to it, interest thereon, and any penalty imposed under Section 1.148-3(h) of the Regulations.

(i) Not to Divert Arbitrage Profits. Except to the extent permitted by Section 148 of the Code and the Regulations and rulings thereunder, the City shall not, at any time prior to the earlier of the Stated Maturity or final payment of the Bonds Similarly Secured, enter into any transaction that reduces the amount required to be paid to the United States pursuant to Subsection (h) of this Section because such transaction results in a smaller profit or a larger loss than would have resulted if the transaction had been at arm's length and had the Yield of the Bonds Similarly Secured not been relevant to either party.

(j) Elections. The City hereby directs and authorizes the Mayor, Mayor Pro Tem, City Manager, Assistant City Manager, Director of Finance, City Secretary, Assistant City Secretary, or Deputy City Secretary individually or jointly, to make elections permitted or required pursuant to the provisions of the Code or the Regulations, as they deem necessary or appropriate in connection with each series of the Bonds Similarly Secured, in the Tax Certificate or similar or other appropriate certificate, form or document.

ARTICLE VIII

LIABILITY OF CITY

The City shall not incur any responsibility in respect of the Bonds Similarly Secured or this Indenture other than in connection with the duties or obligations explicitly herein or in the Bonds Similarly Secured assigned to or imposed upon it. The City shall not be liable in connection with the performance of its duties hereunder, except for its own willful default or act of bad faith. The City shall not be bound to ascertain or inquire as to the performance or observance of any of the terms, conditions, covenants or agreements of the Trustee herein or of any of the documents executed by the Trustee in connection with the Bonds Similarly Secured, or as to the existence of a default or event of default thereunder.

In the absence of bad faith, the City may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the City and conforming to the requirements of this Indenture. The City shall not be liable for any error of judgment made in good faith unless it shall be proved that it was negligent in ascertaining the pertinent facts.

No provision of this Indenture, the Bonds Similarly Secured, the Assessment Ordinance, or any agreement, document, instrument, or certificate executed, delivered or approved in connection with the issuance, sale, delivery, or administration of the Bonds Similarly Secured (the "Bond Documents"), shall require the City to expend or risk its own general funds or otherwise incur any financial liability (other than with respect to the Trust Estate and the Administrative Expenses) in the performance of any of its obligations hereunder, or in the exercise of any of its rights or powers, if in the judgment of the City there are reasonable grounds for believing that the repayment of such funds or liability is not reasonably assured to it.

Neither the Owners nor any other Person shall have any claim against the City or any of its officers, officials, agents, or employees for damages suffered as a result of the City's failure to perform in any respect any covenant, undertaking, or obligation under any Bond Documents or as a result of the incorrectness of any representation in, or omission from, any of the Bond Documents, except to the extent that any such claim relates to an obligation, undertaking, representation, or covenant of the City, in accordance with the Bond Documents and the PID Act. Any such claim shall be payable only from Trust Estate, the funds available for such payment in any of the Pledged Funds, if any, or the amounts collected to pay Administrative Expenses on deposit in the Administrative Fund. Nothing contained in any of the Bond Documents shall be construed to preclude any action or proceeding in any court or before any governmental body, agency, or instrumentality against the City or any of its officers, officials, agents, or employees to enforce the provisions of any of the Bond Documents or to enforce all rights of the Owners of the Bonds Similarly Secured by mandamus or other proceeding at law or in equity.

The City may rely on and shall be protected in acting or refraining from acting upon any notice, resolution, request, consent, order, certificate, report, warrant, bond, or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or proper parties. The City may consult with counsel with regard to legal questions, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it hereunder in good faith and in accordance therewith.

Whenever in the administration of its duties under this Indenture, the City shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action hereunder, such matter (unless other evidence in respect thereof be herein specifically prescribed) may, in the absence of willful misconduct on the part of the City, be deemed to be conclusively proved and established by a certificate of the Trustee, an Independent Financial Consultant, an independent inspector or City Manager or other person designated by the City Council to so act on behalf of the City, and such certificate shall be full warrant to the City for any action taken or suffered under the provisions of this Indenture upon the faith thereof, but in its discretion the City may, in lieu thereof, accept other evidence of such matter or may require such additional evidence as to it may seem reasonable.

In order to perform its duties and obligations hereunder, the City may employ such persons or entities as it deems necessary or advisable. The City shall not be liable for any of the acts or omissions of such persons or entities employed by it in good faith hereunder, and shall be entitled

to rely, and shall be fully protected in doing so, upon the opinions, calculations, determinations, and directions of such persons or entities.

ARTICLE IX

THE TRUSTEE

Section 9.1. Trustee as Paying Agent/Registrar.

The Trustee is hereby designated and agrees to act as Paying Agent/Registrar for and in respect to the Bonds Similarly Secured.

Section 9.2. Trustee Entitled to Indemnity.

The Trustee shall be under no obligation to spend its own funds, to institute any suit, or to undertake any proceeding under this Indenture, or to enter any appearance or in any way defend in any suit in which it may be made defendant, or to take any steps in the execution of the trusts hereby created or in the enforcement of any rights and powers hereunder, until it shall be indemnified, to the extent permitted by law, to its satisfaction against any and all costs and expenses, outlays, and counsel fees and other reasonable disbursements, and against all liability except as a consequence of its own negligence or willful misconduct; provided, however, the Trustee may not request or require indemnification as a condition to making any deposits, payments, or transfers when required hereunder, or delivering any notice when required hereunder. Nevertheless, the Trustee may begin suit, or appear in and defend suit, or do anything else in its judgment proper to be done by it as the Trustee, without indemnity, and in such case the Trustee may make transfers from the Pledged Revenue Fund or the District Administration Account of the Administrative Fund to pay all costs and expenses, outlays, and counsel fees and other reasonable disbursements properly incurred in connection therewith and shall, to the extent permitted by law, be entitled to a preference therefor over any Bonds Similarly Secured Outstanding hereunder.

Section 9.3. Responsibilities of the Trustee.

The recitals contained in this Indenture and in the Bonds Similarly Secured shall be taken as the statements of the City and the Trustee assumes no responsibility for the correctness of the same. The Trustee makes no representations as to the validity or sufficiency of the offering documents, this Indenture, or the Bonds Similarly Secured or with respect to the security afforded by this Indenture, and the Trustee shall incur no liability with respect thereto. Except as otherwise expressly provided in this Indenture, the Trustee shall have no responsibility or duty with respect to: (i) the issuance of Bonds Similarly Secured for value; (ii) the application of the proceeds thereof, except to the extent that such proceeds are received by it in its capacity as Trustee; (iii) the application of any moneys paid to the City or others in accordance with this Indenture, except as to the application of any moneys paid to it in its capacity as Trustee; or (iv) any calculation of arbitrage or rebate under the Code. The Trustee has the right to act through agents and attorneys.

The duties and obligations of the Trustee shall be determined by the express provisions of this Indenture, and the Trustee shall not be liable except for the performance of such duties and obligations as are specifically set forth in this Indenture.

The Trustee shall not be liable for any action taken or omitted by it in the performance of its duties under this Indenture, except for its own negligence or willful misconduct, both before Improvement Area #1 Indenture of Trust

104522647.10

and after default by the City. In no event shall the Trustee be liable for incidental, indirect, special or consequential damages in connection with or arising from this Indenture for the existence, furnishing or use of the Improvement Area #1 Projects.

The Trustee shall not be required to take notice, and shall not be deemed to have notice, of any default or Event of Default hereunder, unless the Trustee shall be notified specifically of the default or Event of Default in a written instrument or document delivered to it by the City or by the holders of at least a majority of the aggregate principal amount of Bonds then Outstanding. In the absence of delivery of a notice satisfying those requirements, the Trustee may assume conclusively that there is no default or Event of Default.

In case a default or an Event of Default has occurred and is continuing hereunder (of which the Trustee has been notified), the Trustee shall exercise those rights and powers vested in it by this Indenture and shall use the same degree of care and skill in its exercise, as a prudent person would exercise or use under the circumstances in the conduct of his own affairs.

Section 9.4. Property Held in Trust.

All moneys and securities held by the Trustee at any time pursuant to the terms of this Indenture shall be held by the Trustee in trust for the purposes and under the terms and conditions of this Indenture.

Section 9.5. Trustee Protected in Relying on Certain Documents.

The Trustee may rely upon any order, notice, request, consent, waiver, certificate, statement, affidavit, requisition, bond, or other document provided to the Trustee in accordance with the terms of this Indenture that it shall in good faith reasonably believe to be genuine and to have been adopted or signed by the proper board or Person or to have been prepared and furnished pursuant to any of the provisions of this Indenture, or upon the written opinion of any counsel, architect, engineer, insurance consultant, management consultant, or accountant believed by the Trustee to be qualified in relation to the subject matter, and the Trustee shall be under no duty to make any investigation or inquiry into any statements contained or matters referred to in any such instrument. The Trustee may consult with counsel, who may or may not be Bond Counsel, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken, suffered, or omitted to be taken by it in good faith and in accordance therewith.

Whenever the Trustee shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action under this Indenture, such matter may be deemed to be conclusively proved and established by a City Certificate, unless other evidence in respect thereof be hereby specifically prescribed. Such City Certificate shall be full warrant for any action taken or suffered in good faith under the provisions hereof, but in its sole discretion the Trustee may in lieu thereof accept other evidence of such fact or matter or may require such further or additional evidence as it may deem reasonable. Except as otherwise expressly provided herein, any request, order, notice, or other direction required or permitted to be furnished pursuant to any provision hereof by the City to the Trustee shall be sufficiently executed if executed in the name of the City by the City Representative.

The Trustee shall not be under any obligation to see to the recording or filing of this Indenture, or otherwise to the giving to any Person of notice of the provisions hereof except as expressly required in Section 9.13 herein.

Section 9.6. Compensation.

Unless otherwise provided by contract with the Trustee, the Trustee shall transfer from the District Administration Account of the Administrative Fund, from time to time, reasonable compensation for all services rendered by it hereunder, including its services as Paying Agent/Registrar, together with all its reasonable expenses, charges, and other disbursements and those of its counsel, agents and employees, incurred in and about the administration and execution of the trusts hereby created and the exercise of its powers and the performance of its duties hereunder, subject to any limit on the amount of such compensation or recovery of expenses or other charges as shall be prescribed by specific agreement, and the Trustee shall have a lien therefor on any and all funds at any time held by it in the Administrative Fund. None of the provisions contained in this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties or in the exercise of any of its rights or powers, if in the judgment of the Trustee there are reasonable grounds for believing that the repayment of such funds or liability is not reasonably assured to it. If the City shall fail to make any payment required by this Section, the Trustee may make such payment from any moneys in its possession in the Administrative Fund.

Section 9.7. Permitted Acts.

The Trustee and its directors, officers, employees, or agents may become the owner of or may in good faith buy, sell, own, hold and deal in Bonds Similarly Secured and may join in any action that any Owner of Bonds Similarly Secured may be entitled to take as fully and with the same rights as if it were not the Trustee. The Trustee may act as depository, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, the City or any committee formed to protect the rights of Owners or to effect or aid in any reorganization growing out of the enforcement of the Bonds Similarly Secured or this Indenture, whether or not such committee shall represent the Owners of a majority in aggregate outstanding principal amount of the Bonds Similarly Secured.

Section 9.8. Resignation of Trustee.

The Trustee may at any time resign and be discharged of its duties and obligations hereunder by giving not fewer than 30 days' written notice, specifying the date when such resignation shall take effect, to the City and each Owner of any Outstanding Bond Similarly Secured. Such resignation shall take effect upon the appointment of a successor as provided in Section 9.10 and the acceptance of such appointment by such successor.

Section 9.9. Removal of Trustee.

The Trustee may be removed at any time by (i) the Owners of at least a majority of the aggregate outstanding principal of the Bonds Similarly Secured by an instrument or concurrent instruments in writing signed and acknowledged by such Owners or by their attorneys-in-fact, duly authorized and delivered to the City, or (ii) so long as the City is not in default under this Indenture, the City. Copies of each such instrument shall be delivered by the City to the Trustee and any successor thereof. The Trustee may also be removed at any time for any breach of trust or for acting or proceeding in violation of, or for failing to act or proceed in accordance with, any provision of this Indenture with respect to the duties and obligations of the Trustee by any court of competent jurisdiction upon the application of the City or the Owners of not less than 10% of the aggregate outstanding principal of the Bonds Similarly Secured.

Section 9.10. Successor Trustee.

If the Trustee shall resign, be removed, be dissolved, or become incapable of acting, or shall be adjudged as bankrupt or insolvent, or if a receiver, liquidator, or conservator of the Trustee or of its property shall be appointed, or if any public officer shall take charge or control of the Trustee or of its property or affairs, the position of the Trustee hereunder shall thereupon become vacant.

If the position of Trustee shall become vacant for any of the foregoing reasons or for any other reason, a successor Trustee may be appointed within one year after any such vacancy shall have occurred by the Owners of at least twenty-five percent (25%) of the aggregate outstanding principal of the Bonds Similarly Secured by an instrument or concurrent instruments in writing signed and acknowledged by such Owners or their attorneys-in-fact, duly authorized and delivered to such successor Trustee, with notification thereof being given to the predecessor Trustee and the City.

Unless such successor Trustee shall have been appointed by the Owners of the Bonds Similarly Secured, the City shall forthwith appoint a Trustee to act hereunder. Copies of any instrument of the City providing for any such appointment shall be delivered by the City to the Trustee so appointed. The City shall mail notice of any such appointment to each Owner of any Outstanding Bonds Similarly Secured within 30 days after such appointment. Any appointment of a successor Trustee made by the City immediately and without further act shall be superseded and revoked by an appointment subsequently made by the Owners of Bonds Similarly Secured, in accordance with the immediately preceding paragraph.

If in a proper case no appointment of a successor Trustee shall be made within 45 days after the giving by any Trustee of any notice of resignation in accordance with Section 9.8 herein or after the occurrence of any other event requiring or authorizing such appointment, the Trustee or any Owner of Bonds Similarly Secured may apply to any court of competent jurisdiction for the appointment of such a successor, and the court may thereupon, after such notice, if any, as the court may deem proper, appoint such successor and the City shall be responsible for the costs of such appointment process.

Any successor Trustee appointed under the provisions of this Section shall be a commercial bank or trust company or national banking association (i) having a capital and surplus and undivided profits aggregating at least \$50,000,000, if there be such a commercial bank or trust company or national banking association willing and able to accept the appointment on reasonable and customary terms, and (ii) authorized by law to perform all the duties of the Trustee required by this Indenture.

Each successor Trustee shall mail, in accordance with the provisions of the Bonds Similarly Secured, notice of its appointment to the Trustee, any rating agency which, at the time of such appointment, is providing a rating on the Bonds Similarly Secured and each of the Owners of the Bonds Similarly Secured.

Section 9.11. Transfer of Rights and Property to Successor Trustee.

Any successor Trustee appointed under the provisions of Section 9.10 shall execute, acknowledge, and deliver to its predecessor and the City an instrument in writing accepting such appointment, and thereupon such successor, without any further act, deed, or conveyance, shall become fully vested with all moneys, estates, properties, rights, immunities, powers, duties, Improvement Area #1 Indenture of Trust

104522647.10

obligations, and trusts of its predecessor hereunder, with like effect as if originally appointed as Trustee. However, the Trustee then ceasing to act shall nevertheless, on request of the City or of such successor, execute, acknowledge, and deliver such instruments of conveyance and further assurance and do such other things as may reasonably be required for more fully and certainly vesting and confirming in such successor all the rights, immunities, powers, and trusts of such Trustee and all the right, title, and interest of such Trustee in and to the Trust Estate, and shall pay over, assign, and deliver to such successor any moneys or other properties subject to the trusts and conditions herein set forth. Should any deed, conveyance, or instrument in writing from the City be required by such successor for more fully and certainly vesting in and confirming to it any such moneys, estates, properties, rights, powers, duties, or obligations, any and all such deeds, conveyances, and instruments in writing, on request and so far as may be authorized by law, shall be executed, acknowledged, and delivered by the City.

Section 9.12. Merger, Conversion or Consolidation of Trustee.

Any corporation or association into which the Trustee may be merged or with which it may be consolidated or any corporation or association resulting from any merger, conversion or consolidation to which it shall be a party or any corporation or association to which the Trustee may sell or transfer all or substantially all of its corporate trust business shall be the successor to such Trustee hereunder, without any further act, deed or conveyance, provided that such corporation or association shall be a commercial bank or trust company or national banking association qualified to be a successor to such Trustee under the provisions of Section 9.10, or a trust company that is a wholly-owned subsidiary of any of the foregoing.

Section 9.13. Trustee to File Continuation Statements.

If necessary, the Trustee shall file or cause to be filed, such continuation statements as are delivered to the Trustee by the City, or on behalf of the City, and which may be required by the Texas Uniform Commercial Code, as from time to time in effect (the "UCC"), in order to continue perfection of the security interest of the Trustee in such items of tangible or intangible personal property and any fixtures as may have been granted to the Trustee pursuant to this Indenture in the time, place and manner required by the UCC.

Section 9.14. Construction of Indenture.

The Trustee may construe any of the provisions of this Indenture insofar as the same may appear to be ambiguous or inconsistent with any other provision hereof, and any construction of any such provisions hereof by the Trustee in good faith shall be binding upon the Owners of the Bonds Similarly Secured. Permissive rights of the Trustee are not to be construed as duties.

ARTICLE X

MODIFICATION OR AMENDMENT OF THIS INDENTURE

Section 10.1. Amendments Permitted.

A copy of such Supplemental Indenture, together with a request to Owners for their consent thereto, shall be mailed by first-class mail, by the Trustee to each Owner of Bonds Similarly Secured from whom consent is required under this Indenture, but failure to mail copies of such Supplemental Indenture and request shall not affect the validity of the Supplemental Indenture when assented to as in this Section provided.

Such Supplemental Indenture shall not become effective unless there shall be filed with the Trustee the written consents of the Owners as required by this Indenture and a notice shall have been mailed as hereinafter in this Section provided and the City or Bond Counsel, acting on the City's behalf, has delivered to the Trustee an opinion of Bond Counsel to the effect that such amendment is permitted and will not adversely affect the exclusion of interest on any Bond from gross income for purposes of federal income taxation. Any such consent shall be binding upon the Owner of the Bonds Similarly Secured giving such consent and on any subsequent Owner (whether or not such subsequent Owner has notice thereof), unless such consent is revoked in writing by the Owner giving such consent or a subsequent Owner by filing such revocation with the Trustee prior to the date when the notice hereinafter in this Section provided for has been mailed.

Proof of the mailing of such notice shall be filed with the Trustee. A record, consisting of the papers required by this Section 10.3 to be filed with the Trustee, shall be proof of the matters therein stated until the contrary is proved. The Supplemental Indenture shall become effective upon the filing with the Trustee of the proof of mailing of such notice, and the Supplemental Indenture shall be deemed conclusively binding (except as otherwise hereinabove specifically provided in this Article) upon the City and the Owners of all Bonds Similarly Secured at the expiration of sixty (60) days after such filing, except in the event of a final decree of a court of competent jurisdiction setting aside such consent in a legal action or equitable proceeding for such purpose commenced within such sixty-day period; provided, however, that the Trustee during such sixty day period and any such further period during which any such action or proceeding may be pending shall be entitled in its sole discretion to take such action, or to refrain from taking such action, with respect to such Supplemental Indenture, as it may deem expedient; provided, further, that the Trustee shall have no obligation to take or refrain from taking any such action and the Trustee shall have no liability with respect to any action taken or any instance of inactions.

Section 10.7. Waiver of Default

With the written consent of at least a majority in aggregate principal amount of the Bonds Similarly Secured then Outstanding, the Owners may waive non-compliance by the City with certain past defaults under the Indenture and their consequences. Section 15.6. Partial Invalidity.

If any Section, paragraph, sentence, clause, or phrase of this Indenture shall for any reason be held illegal or unenforceable, such holding shall not affect the validity of the remaining portions of this Indenture. This Indenture may be executed in counterparts, each of which shall be deemed an original.

The Trustee understands 'affiliate' to mean an entity that controls, is controlled by, or is under common control with the Trustee within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit.

Section 15.12. No Discrimination Against Fossil Fuel Companies.

The Trustee understands 'affiliate' to mean an entity that controls, is controlled by, or is under common control with the Trustee within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit.

Section 15.13. No Discrimination Against Firearm Entities and Firearm Trade Associations.

The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Texas or federal law. As used in the foregoing verification and the following definitions:

(i) 'discriminate against a firearm entity or firearm trade association,' a term defined in Section 2274.001(3), Texas Government Code (as enacted by such Senate Bill), (A) means, with respect to the firearm entity or firearm trade association, to (i) refuse to engage in the trade of any goods or services with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, (ii) refrain from continuing an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, or (iii) terminate an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association and (B) does not include (i) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories and (ii) a company's refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship (aa) to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency or (bb) for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity's or association's status as a firearm entity or firearm trade association;

unless this Bond shall have been sooner called for redemption and the payment of the principal hereof shall have been paid or provision for such payment shall have been made, and to pay interest on the unpaid principal amount hereof from the later of the Date of Delivery, as specified above, or the most recent Interest Payment Date to which interest has been paid or provided for until such principal amount shall have been paid or provided for, at the per annum rate of interest specified above, computed on the basis of a 360-day year of twelve 30-day months, such interest to be paid semiannually on March 1 and September 1 of each year, commencing September 1, 2023, until maturity or prior redemption.

Capitalized terms appearing herein that are defined terms in the Indenture defined below, have the meanings assigned to them in the Indenture. Reference is made to the Indenture for such definitions and for all other purposes.

The principal of this Bond shall be payable without exchange or collection charges in lawful money of the United States of America upon presentation and surrender of this Bond at the corporate trust office in St. Paul, Minnesota (the "Designated Payment/Transfer Office"), of U.S. Bank Trust Company, National Association, as trustee and paying agent/registrar (the "Trustee", which term includes any successor trustee under the Indenture), or, with respect to a successor trustee and paying agent/registrar, at the Designated Payment/Transfer Office of such successor. Interest on this Bond is payable by check dated as of the Interest Payment Date, mailed by the Trustee to the registered owner at the address shown on the registration books kept by the

Trustee or by such other customary banking arrangements acceptable to the Trustee, requested by, and at the risk and expense of, the Person to whom interest is to be paid. For the purpose of the payment of interest on this Bond, the registered owner shall be the Person in whose name this Bond is registered at the close of business on the "Record Date," which shall be the fifteenth calendar day of the month next preceding such Interest Payment Date; provided, however, that in the event of nonpayment of interest on a scheduled Interest Payment Date, and for 30 days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Trustee, if and when funds for the payment of such interest have been received from the City. Notice of the Special Record Date and of the scheduled payment date of the past due interest (the "Special Payment Date," which shall be 15 days after the Special Record Date) shall be sent at least five Business Days prior to the Special Record Date by United States mail, first-class, postage prepaid, to the address of each Owner of a Bond appearing on the books of the Trustee at the close of business on the last Business Day preceding the date of mailing such notice.

If a date for the payment of the principal of or interest on the Bonds is a Saturday, Sunday, legal holiday, or a day on which banking institutions in the city in which the Designated Payment/Transfer Office is located are authorized by law or executive order to close, then the date for such payment shall be the next succeeding Business Day, and payment on such date shall have the same force and effect as if made on the original date payment was due.

This Bond is one of a duly authorized issue of assessment revenue bonds of the City having the designation specified in its title (herein referred to as the "Bonds"), dated March 9, 2023 and issued in the aggregate principal amount of \$_____ and issued, with the limitations described herein, pursuant to an Indenture of Trust, dated as of March 1, 2023 (the "Indenture"), by and between the City and the Trustee, to which Indenture reference is hereby made for a description of the amounts thereby pledged and assigned, the nature and extent of the lien and security, the respective rights thereunder to the holders of the Bonds, the Trustee, and the City, and the terms upon which the Bonds are, and are to be, authenticated and delivered and by this reference to the terms of which each holder of this Bond hereby consents. All Bonds issued under the Indenture are equally and ratably secured by the amounts thereby pledged and assigned. The Bonds are being issued for the purpose of (i) paying a portion of the Actual Costs of the Improvement Area #1 Projects, (ii) paying a portion of the interest on the Bonds during and after the period of acquisition and construction of the Improvement Area #1 Projects, (iii) funding a reserve fund for payment of principal and interest on the Bonds, (iv) paying a portion of the costs incidental to the organization and administration of the District, and (v) paying costs of issuance.

The Bonds are limited obligations of the City payable solely from the Trust Estate as defined in the Indenture. Reference is hereby made to the Indenture, copies of which are on file with and available upon request from the Trustee, for the provisions, among others, with respect to the nature and extent of the duties and obligations of the City, the Trustee and the Owners. The Owner of this Bond, by the acceptance hereof, is deemed to have agreed and consented to the terms, conditions and provisions of the Indenture.

Notwithstanding any provision hereof, the Indenture may be released and the obligation of the City to make money available to pay this Bond may be defeased by the deposit of money and/or certain direct or indirect Defeasance Securities sufficient for such purpose as described in the Indenture.

The Bonds are issuable as fully registered bonds only in Authorized Denominations, subject to the provisions of the Indenture authorizing redemption in denominations of \$100,000 and any multiple of \$1,000 in excess thereof.

The Bonds are subject to sinking fund redemption prior to their respective maturities and will be redeemed by the City in part at a price equal to the principal amount thereof plus accrued and unpaid interest thereon to the date set for redemption from moneys available for such purpose in the Redemption Fund pursuant to Article VI of the Indenture, on the dates and in the Sinking Fund Installment amounts as set forth in the following schedule:

At least forty-five (45) days prior to each mandatory sinking fund redemption date, and subject to any prior reduction authorized by the Indenture, the Trustee shall select for redemption, pursuant to the provisions of the Indenture, a principal amount of Bonds of such maturity equal to the Sinking Fund Installments of such Bonds to be redeemed, shall call such Bonds for redemption on such scheduled mandatory sinking fund redemption date, and shall give notice of such redemption, as provided in the Indenture.

The principal amount of Bonds required to be redeemed on any mandatory sinking fund redemption date shall be reduced, at the option of the City, by the principal amount of any Bonds of such maturity which, at least 45 days prior to the mandatory sinking fund redemption date (i) shall have been acquired by the City at a price not exceeding the principal amount of such Bonds plus accrued and unpaid interest to the date of purchase thereof, and delivered to the Trustee for cancellation, or (ii) shall have been redeemed pursuant to the optional redemption or extraordinary optional redemption and not previously credited to a sinking fund redemption.

The City reserves the right and option to redeem Bonds maturing on or after September 1, 20__ before their scheduled maturity dates, in whole or in part, on any date on or after September 1, 20__, such redemption date or dates to be fixed by the City, at the redemption price of par plus accrued interest to the date of redemption.

Bonds are subject to extraordinary optional redemption prior to maturity in whole or in part, on the first day of any month, at a redemption price equal to the principal amount of the Bonds called for redemption, plus accrued and unpaid interest to the date fixed for redemption, pursuant to the provisions of the Indenture, from amounts on deposit in the Redemption Fund as a result of Prepayments, other transfers to the Redemption Fund pursuant to the Indenture, or as a result of unexpended amounts transferred from the Project Fund as provided in the Indenture.

The Trustee shall give notice of any redemption of Bonds by sending notice by United States mail, first-class, postage prepaid, not less than 30 days before the date fixed for redemption, to the Owner of each Bond (or part thereof) to be redeemed, at the address shown on the Register. The notice shall state the redemption date, the Redemption Price, the place at which the Bonds are to be surrendered for payment, and, if less than all the Bonds Outstanding are to be redeemed, an identification of the Bonds or portions thereof to be redeemed. Any notice so given shall be conclusively presumed to have been duly given, whether or not the Owner receives such notice.

With respect to any optional redemption of the Bonds, unless the Trustee has received funds sufficient to pay the redemption price of the Bonds to be redeemed before giving of a notice of redemption, the notice may state the City may condition redemption on the receipt of such

funds by the Trustee on or before the date fixed for the redemption, or on the satisfaction of any other prerequisites set forth in the notice of redemption. If a conditional notice of redemption is given and such prerequisites to the redemption are not satisfied and sufficient funds are not received, the notice shall be of no force and effect, the City shall not redeem the Bonds, and the Trustee shall give notice, in the manner in which the notice of redemption was given, that the Bonds have not been redeemed.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the City and the rights of the holders of the Bonds under the Indenture at any time Outstanding affected by such modification. The Indenture also contains provisions permitting the holders of specified percentages in aggregate principal amount of the Bonds at the time Outstanding, on behalf of the holders of all the Bonds, to waive compliance by the City with certain past defaults under the Bond Ordinance or the Indenture and their consequences. Any such consent or waiver by the holder of this Bond or any predecessor Bond evidencing the same debt shall be conclusive and binding upon such holder and upon all future holders thereof and of any Bond issued upon the transfer thereof or in exchange therefor or in lieu thereof, whether or not notation of such consent or waiver is made upon this Bond.

As provided in the Indenture, this Bond is transferable upon surrender of this Bond for transfer at the Designated Payment/Transfer Office, with such endorsement or other evidence of transfer as is acceptable to the Trustee, and upon delivery to the Trustee of such certifications and/or opinion of counsel as may be required under the Indenture for the transfer of this Bond. Upon satisfaction of such requirements, one or more new fully registered Bonds of the same Stated Maturity, of Authorized Denominations, bearing the same rate of interest, and for the same aggregate principal amount will be issued to the designated transferee or transferees.

Neither the City nor the Trustee shall be required to issue, transfer or exchange any Bond called for redemption where such redemption is scheduled to occur within 45 calendar days of the transfer or exchange date; provided, however, such limitation shall not be applicable to an exchange by the registered owner of the uncalled principal balance of a Bond redeemed in part.

The City, the Trustee, and any other Person may treat the Person in whose name this Bond is registered as the owner hereof for the purpose of receiving payment as herein provided (except interest shall be paid to the Person in whose name this Bond is registered on the Record Date or Special Record Date, as applicable) and for all other purposes, whether or not this Bond be overdue, and neither the City nor the Trustee shall be affected by notice to the contrary.

The City has reserved the right to issue Additional Bonds on the terms and conditions specified in the Indenture.

NEITHER THE FULL FAITH AND CREDIT NOR THE GENERAL TAXING POWER OF THE CITY OF CELINA, TEXAS, THE STATE OF TEXAS, OR ANY POLITICAL SUBDIVISION THEREOF, IS PLEDGED TO THE PAYMENT OF THE BONDS.

IT IS HEREBY CERTIFIED AND RECITED that the issuance of this Bond and the series of which it is a part is duly authorized by law; that all acts, conditions and things required to be done precedent to and in the issuance of the Bonds have been properly done and performed and have happened in regular and due time, form and manner, as required by law; and that the total indebtedness of the City, including the Bonds, does not exceed any Constitutional or statutory limitation.

IN WITNESS WHEREOF, the City Council of the City has caused this Bond to be executed under the official seal of the City.

(NORTH SKY PUBLIC IMPROVEMENT DISTRICT
IMPROVEMENT AREA #1 PROJECT)

BOND PURCHASE AGREEMENT

February 14, 2023

City of Celina, Texas
 142 N. Ohio St.
 Celina, Texas 75009

Ladies and Gentlemen:

The undersigned, FMSbonds, Inc. (the “Underwriter”), offers to enter into this Bond Purchase Agreement (this “Agreement”) with the City of Celina, Texas (the “City”), which will be binding upon the City and the Underwriter upon the acceptance of this Agreement by the City. This offer is made subject to its acceptance by the City by execution of this Agreement and its delivery to the Underwriter on or before 10:00 p.m., Central Time, on the date hereof and, if not so accepted, will be subject to withdrawal by the Underwriter upon written notice delivered to the City at any time prior to the acceptance hereof by the City. All capitalized terms not otherwise defined herein shall have the meanings given to such terms in the Indenture (defined herein), between the City and U.S. Bank Trust Company, National Association, as trustee (the “Trustee”), authorizing the issuance of the Bonds (defined herein), and the Limited Offering Memorandum (defined herein).

1. Purchase and Sale of Bonds. Upon the terms and conditions and upon the basis of representations, warranties, and agreements hereinafter set forth, the Underwriter hereby agrees to purchase from the City, and the City hereby agrees to sell to the Underwriter, all (but not less than all) of the \$6,715,000 aggregate principal amount of the “City of Celina, Texas, Special Assessment Revenue Bonds, Series 2023 (North Sky Public Improvement District Improvement Area #1 Project)” (the “Bonds”), at a purchase price of \$_____ (representing the aggregate principal amount of the Bonds, less an Underwriter’s discount of \$_____) and no accrued interest.

Inasmuch as this purchase and sale represents a negotiated transaction, the City understands, and hereby confirms, that the Underwriter is not acting as a municipal advisor or fiduciary of the City (including, without limitation, a “municipal advisor” (as such term is defined in Section 975(e) of the Dodd Frank Wall Street Reform and Consumer Protection Act)), but rather is acting solely in its capacity as Underwriter for its own account. The City acknowledges and agrees that (i) the purchase and sale of the Bonds pursuant to this Agreement is an arm’s length commercial transaction between the City and the Underwriter, (ii) in connection with the

discussions, undertakings, and procedures leading up to the consummation of this transaction, the Underwriter is and has been acting solely as a principal and is not acting as the agent, municipal advisor, financial advisor, or fiduciary of the City, (iii) the Underwriter has not assumed an advisory or fiduciary responsibility in favor of the City with respect to the offering described herein or the discussions, undertakings, and procedures leading thereto (regardless of whether the Underwriter has provided other services or is currently providing other services to the City on other matters) and the Underwriter has no obligation to the City with respect to the offering described herein except the obligations expressly set forth in this Agreement, (iv) the City has consulted its own legal, financial, and other advisors to the extent it has deemed appropriate, (v) the Underwriter has financial and other interests that differ from those of the City, and (vi) the Underwriter has provided to the City prior disclosures under Rule G-17 of the Municipal Securities Rulemaking Board (“MSRB”), which have been received by the City. The City further acknowledges and agrees that following the issuance and delivery of the Bonds, the Underwriter has indicated that it may have periodic discussions with the City regarding the expenditure of Bond proceeds and the construction of the Improvement Area #1 Projects financed with the Bonds and, in connection with such discussions, the Underwriter shall be acting solely as a principal and will not be acting as the agent or fiduciary of, and will not be assuming an advisory or fiduciary responsibility in favor of, the City.

The Bonds shall be dated as of the Closing Date (defined below), and shall have the maturities and redemption features, if any, and bear interest at the rates per annum shown on Schedule I hereto. Payment for and delivery of the Bonds, and the other actions described herein, shall take place on March 9, 2023 (or such other date as may be agreed to by the City and the Underwriter) (the “Closing Date”).

2. Authorization Instruments and Law. The Bonds were authorized by an ordinance enacted by the City Council of the City (the “City Council”) on February 14, 2023 (the “Bond Ordinance”), and shall be issued pursuant to the provisions of the Public Improvement District Assessment Act, Subchapter A of Chapter 372, Texas Local Government Code, as amended (the “Act”), and the Indenture of Trust, dated as of March 1, 2023, between the City and the Trustee, authorizing the issuance of the Bonds (the “Indenture”). The Bonds shall be substantially in the form described in, and shall be secured under the provisions of, the Indenture.

The Bonds and interest thereon shall be secured by the Trust Estate (as defined in the Indenture) consisting primarily of revenue from assessments (the “Assessments”) levied pursuant to a separate ordinance adopted by the City Council on February 14, 2023 (the “Assessment Ordinance”), against assessable property (the “Assessed Property”) located within Improvement Area #1 of the North Sky Public Improvement District (the “District”) all to the extent and upon the conditions described in the Indenture. The District was established by a resolution (the “Creation Resolution”), enacted by the City Council on June 8, 2021, in accordance with the Act. The service and assessment plan for the District was approved on February 14, 2023 (the “Service and Assessment Plan”). The Creation Resolution, the Assessment Ordinance, the Bond Ordinance, and the Indenture are collectively referred to herein as the “Authorizing Documents.”

The Bonds shall be as described in Schedule I attached hereto, the Indenture, and the Limited Offering Memorandum. The proceeds of the Bonds shall be used for the purposes described in the Limited Offering Memorandum under “PLAN OF FINANCE – The Bonds” and

shall be generally applied as described in the Limited Offering Memorandum under “SOURCES AND USES OF FUNDS.”

The City has been advised that the Reserve Account, funded at the Reserve Account Requirement, is reasonably required for the purposes for which the Reserve Account has been established, is a vital factor in marketing the Bonds, and facilitates the marketing of the Bonds at interest rates comparable to those of other bonds of a similar type.

3. Public Offering. The Underwriter agrees to make a bona fide limited public offering of all of the Bonds in accordance with Section 4 hereof to no more than thirty-five persons that qualify as “Accredited Investors” (as defined in Rule 501 of Regulation D under the Securities Act of 1933, as amended and as then in effect (the “Securities Act”)) or “Qualified Institutional Buyers” (within the meaning of Rule 144A under the Securities Act). On or before the third (3rd) business day prior to the Closing Date, the Underwriter shall execute and deliver to Bond Counsel (as defined herein) the Issue Price Certificate (as defined herein), in substantially the form attached hereto as Appendix B.

4. Establishment of Issue Price.

a. The Underwriter agrees to assist the City in establishing the issue price of the Bonds and shall execute and deliver to the City on or before the third (3rd) business day prior to the Closing Date an “issue price” or similar certificate, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as Appendix B (the “Issue Price Certificate”), with such modifications as may be appropriate or necessary, in the reasonable judgment of the Underwriter, the City and Bond Counsel, to accurately reflect, as applicable, the sales price or prices or the initial offering price or prices to the public of the Bonds. All actions to be taken by the City under this Section to establish the issue price of the Bonds may be taken on behalf of the City by the Financial Advisor (defined below) and any notice or report to be provided to the City may be provided to the Financial Advisor or to Bond Counsel.

b. The Underwriter confirms that it has offered all the Bonds of each maturity to the public on or before the date of this Agreement at the respective offering price (the “initial offering price”), or at the corresponding yield or yields, set forth in Schedule I attached hereto, except as otherwise set forth therein. The City will treat the first price at which 10% of each maturity of the Bonds is sold to the public as of the sale date as the issue price of that maturity (the “10% test”). At or promptly after the execution of this Agreement, the Underwriter shall report to the City on Schedule A to the Issue Price Certificate the first price at which the Underwriter has sold to the public each maturity of Bonds and shall identify to the City on Schedule A to the Issue Price Certificate those maturities of the Bonds for which the 10% test has not been satisfied. If different interest coupons apply within a maturity, each separate CUSIP number within that maturity will be treated as a separate maturity for this purpose.

c. The City and the Underwriter agree that the restrictions set forth in the next sentence shall apply to those maturities of the Bonds for which the 10% test has not been met as of the date of this Agreement, which will allow the City to treat the initial offering

price to the public of each such maturity as of the sale date as the issue price of that maturity (the “hold-the-offering-price rule”). So long as the hold-the-offering-price rule remains applicable to any maturity of the Bonds, the Underwriter will neither offer nor sell unsold Bonds of that maturity to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

- (i) the close of the fifth (5th) business day after the sale date; or
- (ii) the date on which the Underwriter has sold at least 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

The Underwriter shall promptly advise the City when the Underwriter has sold 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public, if such sale occurs prior to the close of the fifth (5th) business day after the sale date.

d. The Underwriter confirms that any selling group agreement and each third-party distribution agreement relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each dealer who is a member of the selling group and each broker-dealer that is a party to such third-party distribution agreement, as applicable, to (A) comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the Underwriter and as set forth in the related pricing wires, (B) promptly notify the Underwriter of any sales of Bonds that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Bonds to the public, and (C) acknowledge that, unless otherwise advised by the dealer or broker-dealer, the Underwriter shall assume that each order submitted by the dealer or broker-dealer is a sale to the public. The City acknowledges that, in making the representation set forth in this subsection, the Underwriter will rely on (i) in the event a selling group has been created in connection with the initial sale of the Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the hold-the-offering-price rule, if applicable, as set forth in a selling group agreement and the related pricing wires, and (ii) in the event that a third-party distribution agreement was employed in connection with the initial sale of the Bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the hold-the-offering-price rule, if applicable, as set forth in the third-party distribution agreement and the related pricing wires. The City further acknowledges that the Underwriter shall not be liable for the failure of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a third-party distribution agreement, to comply with its corresponding agreement regarding the hold-the-offering-price rule as applicable to the Bonds.

e. The Underwriter acknowledges that sales of any Bonds to any person that is a related party to the Underwriter shall not constitute sales to the public for purposes of this Section. Further, for purposes of this Section:

(i) “public” means any person other than an underwriter or a related party to an underwriter;

(ii) “underwriter” means (A) any person that agrees pursuant to a written contract with the City (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Bonds to the public (including a member of a selling group or a party to a third-party distribution agreement participating in the initial sale of the Bonds to the public);

(iii) a purchaser of any of the Bonds is a “related party” to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (i) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other); and

(iv) “sale date” means the date of execution of this Agreement by all parties.

5. Limited Offering Memorandum.

a. Delivery of Limited Offering Memorandum. The City previously has delivered, or caused to be delivered, to the Underwriter the Preliminary Limited Offering Memorandum for the Bonds dated January [31], 2023 (the “Preliminary Limited Offering Memorandum”), in a “designated electronic format,” as defined in the MSRB Rule G-32 (“Rule G-32”). The City will prepare, or cause to be prepared, a final Limited Offering Memorandum relating to the Bonds (as more particularly defined below, the “Limited Offering Memorandum”) which will be (i) dated the date of this Agreement, (ii) complete within the meaning of the United States Securities and Exchange Commission’s Rule 15c2-12, as amended (“Rule 15c2-12”), (iii) in a “designated electronic format,” and (iv) substantially in the form of the most recent version of the Preliminary Limited Offering Memorandum provided to the Underwriter before the execution hereof, except for the inclusion of the information permitted to be excluded from the Preliminary Limited Offering Memorandum by Section (b)(1) of Rule 15c2-12. The Limited Offering Memorandum, including the cover page thereto, all exhibits, schedules, appendices, maps, charts, pictures, diagrams, reports, and statements included or incorporated therein or attached thereto, and all amendments and supplements thereto that may be authorized for use with respect to the Bonds, are collectively referred to herein as the “Limited Offering Memorandum.” Until the Limited Offering Memorandum has been prepared and is available for distribution, the City shall provide to the Underwriter, upon request, sufficient

quantities (which may be in electronic format) of the Preliminary Limited Offering Memorandum as the Underwriter reasonably deems necessary to satisfy the obligation of the Underwriter under Rule 15c2-12 with respect to distribution to each potential customer.

b. Preliminary Limited Offering Memorandum Deemed Final. The Preliminary Limited Offering Memorandum has been prepared for use by the Underwriter in connection with the public offering, sale, and distribution of the Bonds. The City hereby represents and warrants that the Preliminary Limited Offering Memorandum has been deemed “final” by the City as of its date, except for the omission of such information which is dependent upon the final pricing of the Bonds for completion, all as permitted to be excluded by Section (b)(1) of Rule 15c2-12.

c. Use of Limited Offering Memorandum in Offering and Sale. The City hereby authorizes the Limited Offering Memorandum and the information therein contained to be used by the Underwriter in connection with the public offering and the sale of the Bonds. The City consents to the use by the Underwriter prior to the date hereof of the Preliminary Limited Offering Memorandum in connection with the public offering of the Bonds. The City shall provide, or cause to be provided, to the Underwriter as soon as practicable after the date of the City’s acceptance of this Agreement (but, in any event, not later than the earlier of the Closing Date or seven (7) business days after the City’s acceptance of this Agreement) copies of the Limited Offering Memorandum which is complete as of the date of its delivery to the Underwriter. The City shall provide the Limited Offering Memorandum, or cause the Limited Offering Memorandum to be provided, (i) in a “designated electronic format” consistent with the requirements of Rule G-32, and (ii) in a printed format in such quantity as the Underwriter shall reasonably request in order for the Underwriter to comply with Section (b)(4) of Rule 15c2-12 and the rules of the MSRB.

d. Updating of Limited Offering Memorandum. If, after the date of this Agreement, up to and including the date the Underwriter is no longer required to provide a Limited Offering Memorandum to potential customers who request the same pursuant to Rule 15c2-12 (the earlier of (i) ninety (90) days from the “end of the underwriting period” (as defined in Rule 15c2-12) and (ii) the time when the Limited Offering Memorandum is available to any person from the MSRB, but in no case less than the twenty-fifth (25th) day after the “end of the underwriting period” for the Bonds), the City becomes aware of any fact or event which might or would cause the Limited Offering Memorandum, as then supplemented or amended, to contain any untrue statement of a material fact or to omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, or if it is necessary to amend or supplement the Limited Offering Memorandum to comply with law, the City will promptly notify the Underwriter (and for the purposes of this clause provide the Underwriter with such information as it may from time to time reasonably request), and if, in the reasonable judgment of the Underwriter, such fact or event requires preparation and publication of a supplement or amendment to the Limited Offering Memorandum, the City will forthwith prepare and furnish, at no expense to the Underwriter (in a form and manner approved by the Underwriter), either an amendment or a supplement to the Limited Offering Memorandum so that the statements therein as so amended and

supplemented will not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading or so that the Limited Offering Memorandum will comply with law; provided, however, that for all purposes of this Agreement and any certificate delivered by the City in accordance herewith, the City makes no representations with respect to the following information (collectively, the “Non-City Disclosures”) (i) the descriptions in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum of The Depository Trust Company, New York, New York (“DTC”), or its book-entry-only system, and (ii) the information in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum in the maps of the District therein or under the captions and subcaptions “PLAN OF FINANCE” (except for the information under the subcaptions “– The Bonds” and “– Additional Indebtedness”), “LIMITATIONS APPLICABLE TO INITIAL PURCHASERS,” “BOOK-ENTRY ONLY SYSTEM,” “THE IMPROVEMENT AREA #1 PROJECTS,” “THE DEVELOPMENT,” “THE DEVELOPER,” “THE PID ADMINISTRATOR,” “APPRAISAL,” “BONDHOLDERS’ RISKS” (only as it pertains to the Developer, the Improvement Area #1 Projects, and the Development (as defined in the Limited Offering Memorandum)), “LEGAL MATTERS – Litigation – The Developer,” “CONTINUING DISCLOSURE – The Developer” and “– The Developer’s Compliance with Prior Undertakings,” “INFORMATION RELATING TO THE TRUSTEE,” “APPENDIX E-2,” and “APPENDIX I.” If such notification shall be subsequent to the Closing Date, the City, at no expense to the Underwriter, shall furnish such legal opinions, certificates, instruments, and other documents as the Underwriter may reasonably deem necessary to evidence the truth and accuracy of such supplement or amendment to the Limited Offering Memorandum. The City shall provide any such amendment or supplement or cause any such amendment or supplement to be provided, (i) in a “designated electronic format” consistent with the requirements of Rule G-32 and (ii) in a printed format in such quantity as the Underwriter shall reasonably request in order for the Underwriter to comply with Section (b)(4) of Rule 15c2-12 and the rules of the MSRB.

e. Filing with MSRB. The Underwriter hereby agrees to timely file the Limited Offering Memorandum with the MSRB through its Electronic Municipal Market Access (“EMMA”) system within one (1) business day after receipt but no later than the Closing Date. Unless otherwise notified in writing by the Underwriter, the City can assume that the “end of the underwriting period” for purposes of Rule 15c2-12 is the Closing Date.

f. Limited Offering. The Underwriter hereby represents, warrants, and covenants that the Bonds were initially sold pursuant to a limited offering. The Bonds were sold to not more than thirty-five (35) persons that qualify as “Accredited Investors” (as defined in Rule 501 of Regulation D under the Securities Act) or “Qualified Institutional Buyers” (within the meaning of Rule 144A under the Securities Act).

6. City Representations, Warranties and Covenants. The City represents, warrants, and covenants that:

a. Due Organization, Existence and Authority. The City is a political subdivision of the State of Texas (the “State”), and has, and at the Closing Date will have, full legal right, power, and authority:

- (i) to enter into and perform its duties and obligations under:
 - (1) this Agreement;
 - (2) the Indenture;
 - (3) the Development Agreement, between the City and Pilatus Investments, LLC, approved by the City on February 9, 2021, assigned to CCD – North Sky, LLC, a Texas limited liability company (the “Developer”) (as amended, the “Development Agreement”);
 - (4) the North Sky Public Improvement District Improvement Area #1 Reimbursement Agreement, effective February 14, 2023, between the City and the Developer (the “Reimbursement Agreement”);
 - (5) the North Sky Public Improvement District Improvement Area #1 Construction, Funding, and Acquisition Agreement, effective February 14, 2023, between the City and the Developer (the “Construction Funding Agreement”); and
 - (6) the Continuing Disclosure Agreement of Issuer with respect to the Bonds, dated as of March 1, 2023 (the “Continuing Disclosure Agreement of Issuer”), executed and delivered by the City, MuniCap, Inc., as PID Administrator (the “PID Administrator”), and HTS Continuing Disclosure Services, a division of Hilltop Securities Inc., as Dissemination Agent (the “Dissemination Agent”);
- (ii) to issue, sell, and deliver the Bonds to the Underwriter as provided herein; and
- (iii) to carry out and consummate the transactions on its part described in (1) the Authorizing Documents, (2) this Agreement, (3) the Development Agreement, (4) the Reimbursement Agreement, (5) the Construction Funding Agreement, (6) the Continuing Disclosure Agreement of Issuer, (7) the Limited Offering Memorandum, and (8) any other documents and certificates described in any of the foregoing (the documents described by subclauses (1) through (8) being referred to collectively herein as the “City Documents”).

b. Due Authorization and Approval of City. By all necessary official action of the City, the City has duly authorized and approved the adoption or execution and delivery by the City of, and the performance by the City of the obligations on its part contained in, the City Documents and, as of the date hereof, such authorizations and approvals are in full force and effect and have not been amended, modified, or rescinded, except as may have been approved by the Underwriter. When validly executed and

delivered by the other parties thereto, the City Documents will constitute the legally valid and binding obligations of the City enforceable upon the City in accordance with their respective terms, except insofar as enforcement may be limited by principles of sovereign immunity, bankruptcy, insolvency, reorganization, moratorium, or similar laws or equitable principles relating to or affecting creditors' rights generally. The City has complied, and will at the Closing be in compliance, in all material respects, with the obligations on its part to be performed on or prior to the Closing Date under the City Documents.

c. Due Authorization for Issuance of the Bonds. The City has duly authorized the issuance and sale of the Bonds pursuant to the Bond Ordinance, the Indenture, and the Act. The City has, and at the Closing will have, full legal right, power, and authority (i) to enter into, execute, deliver, and perform its obligations under this Agreement and the other City Documents, (ii) to issue, sell, and deliver the Bonds to the Underwriter pursuant to the Indenture, the Bond Ordinance, the Act, and as provided herein, and (iii) to carry out, give effect to, and consummate the transactions on the part of the City described by the Bond Ordinance and the other City Documents.

d. No Breach or Default. As of the time of acceptance hereof, and to its knowledge, the City is not, and as of the Closing Date the City will not be, in breach of or in default in any material respect under any applicable constitutional provision, law or administrative rule or regulation of the State or the United States, or any applicable judgment or decree or any trust agreement, loan agreement, bond, note, resolution, ordinance, agreement, or other instrument related to the Bonds and to which the City is a party or is otherwise subject, and no event has occurred and is continuing which, with the passage of time or the giving of notice, or both, would constitute a default or event of default under any such instrument which breach, default, or event could have a material adverse effect on the City's ability to perform its obligations under the Bonds or the City Documents; and, as of such times, the authorization, execution, and delivery of the Bonds and the City Documents and compliance by the City with obligations on its part to be performed in each of such agreements or instruments does not and will not conflict with or constitute a breach of or default under any applicable constitutional provision, law, or administrative rule or regulation of the State or the United States, or any applicable judgment, decree, license, permit, trust agreement, loan agreement, bond, note, resolution, ordinance, agreement, or other instrument to which the City (or any of its officers in their respective capacities as such) is subject, or by which it or any of its properties are bound, nor will any such authorization, execution, delivery, or compliance result in the creation or imposition of any lien, charge, or other security interest or encumbrance of any nature whatsoever upon any of its assets or properties or under the terms of any such law, regulation, or instrument, except as may be permitted by the City Documents.

e. No Litigation. At the time of acceptance hereof there is no action, suit, proceeding, inquiry, or investigation, at law or in equity, before or by any court, government agency, public board or body (collectively and individually, an "Action") pending against the City with respect to which the City has been served with process, nor to the knowledge of the City is any Action threatened against the City, in which any such Action (i) in any way questions the existence of the City or the rights of the members of

the City Council to hold their respective positions, (ii) in any way questions the formation or existence of the District, (iii) affects, contests, or seeks to prohibit, restrain, or enjoin the issuance or delivery of any of the Bonds, or the payment or collection of any amounts pledged or to be pledged to pay the principal of and interest on the Bonds, or in any way contests or affects the validity of the City Documents or the consummation of the transactions on the part of the City described therein, or contests the exclusion of the interest on the Bonds from federal income taxation, or (iv) which may result in any material adverse change in the financial condition of the City; and, as of the time of acceptance hereof, to the City's knowledge, there is no basis for any action, suit, proceeding, inquiry, or investigation of the nature described in clauses (i) through (iv) of this sentence.

f. Bonds Issued Pursuant to Indenture. The City represents that the Bonds, when issued, executed, and delivered in accordance with the Indenture and sold to the Underwriter as provided herein, will be validly issued and outstanding obligations of the City subject to the terms of the Indenture, entitled to the benefits of the Indenture and the security of the pledge of the proceeds of the levy of the Assessments received by the City, all to the extent provided for in the Indenture. The Indenture creates a valid pledge of certain revenues and the monies in certain funds and accounts established pursuant to the Indenture to the extent provided for in the Indenture, including the investments thereof, subject in all cases to the provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth therein.

g. Assessments. The Assessments constituting the security for the Bonds have been levied by the City in accordance with the Act on those parcels of land identified in the Assessment Roll (as defined in the Service and Assessment Plan). According to the Act, such Assessments constitute a valid and legally binding first and prior lien against the properties assessed, superior to all other liens and claims, except liens or claims for state, county, school district, or municipality ad valorem taxes.

h. Consents and Approvals. All authorizations, approvals, licenses, permits, consents, elections, and orders of or filings with any governmental authority, legislative body, board, agency, or commission having jurisdiction in the matters which are required by the Closing Date for the due authorization of, which would constitute a condition precedent to, or the absence of which would adversely affect the due performance by the City of its obligations in connection with the City Documents have been duly obtained or made and are in full force and effect, except the approval of the Bonds by the Attorney General of the State, registration of the Bonds by the Comptroller of Public Accounts of the State, and the approvals, consents, and orders as may be required under Blue Sky or securities laws of any jurisdiction.

i. Public Debt. Prior to the Closing, the City will not offer or issue any bonds, notes, or other obligations for borrowed money or incur any material liabilities, direct or contingent, payable from or secured by a pledge of the Assessments which secure the Bonds without the prior approval of the Underwriter.

j. Preliminary Limited Offering Memorandum. The information contained in the Preliminary Limited Offering Memorandum is true and correct in all material respects,

and such information does not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; provided, however, that the City makes no representations with respect to the Non-City Disclosures.

k. Limited Offering Memorandum. At the time of the City's acceptance hereof and (unless the Limited Offering Memorandum is amended or supplemented pursuant to paragraph (d) of Section 5 of this Agreement) at all times subsequent thereto during the period up to and including the twenty-fifth (25th) day subsequent to the "end of the underwriting period," the information contained in the Limited Offering Memorandum does not and will not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; provided, however, that the City makes no representations with respect to the Non-City Disclosures; and further provided, however, that if the City notifies the Underwriter of any fact or event as required by Section 5(d) hereof, and the Underwriter determines that such fact or event does not require preparation and publication of a supplement or amendment to the Limited Offering Memorandum, then the Limited Offering Memorandum in its then-current form shall be conclusively deemed to be complete and correct in all material respects.

l. Supplements or Amendments to Limited Offering Memorandum. If the Limited Offering Memorandum is supplemented or amended pursuant to paragraph (d) of Section 5 of this Agreement, at the time of each supplement or amendment thereto and (unless subsequently again supplemented or amended pursuant to such paragraph) at all times subsequent thereto during the period up to and including the twenty-fifth (25th) day subsequent to the "end of the underwriting period," the Limited Offering Memorandum as so supplemented or amended will not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; provided, however, that if the City notifies the Underwriter of any fact or event as required by Section 5(d) hereof, and the Underwriter determines that such fact or event does not require preparation and publication of a supplement or amendment to the Limited Offering Memorandum, then the Limited Offering Memorandum in its then-current form shall be conclusively deemed to be complete and correct in all material respects.

m. Compliance with Rule 15c2-12. During the past five (5) years, the City has complied in all material respects with its previous continuing disclosure undertakings made by it in accordance with Rule 15c2-12, except as described in the Limited Offering Memorandum.

The City will apply, or cause to be applied, the proceeds from the sale of the Bonds as provided in and subject to all of the terms and provisions of the Indenture and will not take or omit to take any action which action or omission will adversely affect the exclusion from gross income for federal income tax purposes of the interest on the Bonds.

o. Blue Sky and Securities Laws and Regulations. The City will furnish such information and execute such instruments and take such action in cooperation with the Underwriter as the Underwriter may reasonably request, at no expense to the City, (i) to (y) qualify the Bonds for offer and sale under the Blue Sky or other securities laws and regulations of such states and other jurisdictions in the United States as the Underwriter may designate, and (z) determine the eligibility of the Bonds for investment under the laws of such states and other jurisdictions, and (ii) to continue such qualifications in effect so long as required for the initial distribution of the Bonds by the Underwriter (provided, however, that the City will not be required to qualify as a foreign corporation or to file any general or special consents to service of process under the laws of any jurisdiction) and will advise the Underwriter immediately of receipt by the City of any notification with respect to the suspension of the qualification of the Bonds for sale in any jurisdiction or the initiation or threat of any proceeding for that purpose.

(x) any fact or event shall exist or have existed that, in the Underwriter's reasonable judgment, requires or has required an amendment of or supplement to the Limited Offering Memorandum; or

(xi) a general banking moratorium shall have been declared by federal or State authorities having jurisdiction and shall be in force; or

(xii) a material disruption in securities settlement, payment or clearance services shall have occurred; or

(xiii) a decision by a court of the United States shall be rendered, or a stop order, release, regulation or no-action letter by or on behalf of the Securities and Exchange Commission or any other governmental agency having jurisdiction of the subject matter shall have been issued or made, to the effect that the issuance, offering or sale of the Bonds, including the underlying obligations as described in this Agreement or in the Limited Offering Memorandum, or any document relating to the issuance, offering or sale of the Bonds, is or would be in violation of any provision of the federal securities laws on the Closing Date, including the Securities Act, the Securities Exchange Act of 1934 and the Trust Indenture Act; or

As used in the foregoing verification, “boycott Israel” means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes.

22. Iran, Sudan and Foreign Terrorist Organizations. The Underwriter represents that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, and posted on any of the following pages of such officer’s internet website:

<https://comptroller.texas.gov/purchasing/docs/sudan-list.pdf>,
<https://comptroller.texas.gov/purchasing/docs/iran-list.pdf>, or
<https://comptroller.texas.gov/purchasing/docs/fto-list.pdf>.

The foregoing representation is made solely to enable the Issuer to comply with Section 2252.152, Texas Government Code, and to the extent such Section does not contravene applicable State or federal law and excludes the Underwriter and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization.

23. No Discrimination Against Fossil-Fuel Companies. To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 13 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Underwriter hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott

energy companies and will not boycott energy companies during the term of this Agreement. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable federal or Texas law. As used in the foregoing verification, “boycott energy companies,” shall mean, without an ordinary business purpose, refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company (A) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable federal and State law; or (B) does business with a company described by (A) above.

24. No Discrimination Against Firearm Entities and Firearm Trade Associations. To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 19 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Underwriter hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate against a firearm entity or firearm trade association during the term of this Agreement. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable federal or State law.

As used in the foregoing verification,

(a) “discriminate against a firearm entity or firearm trade association” (A) means, with respect to the firearm entity or firearm trade association, to (i) refuse to engage in the trade of any goods or services with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, (ii) refrain from continuing an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, or (iii) terminate an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association and (B) does not include (i) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories and (ii) a company’s refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship (aa) to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency or (bb) for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity’s or association’s status as a firearm entity or firearm trade association,

(b) “firearm entity” means a manufacturer, distributor, wholesaler, supplier, or retailer of firearms (i.e., weapons that expel projectiles by the action of explosive or expanding gases), firearm accessories (i.e., devices specifically designed or adapted to enable an individual to wear, carry, store, or mount a firearm on the individual or on a conveyance and items used in conjunction with or mounted on a firearm that are not essential to the basic function of the firearm, including detachable firearm magazines), or ammunition (i.e., a loaded cartridge case, primer, bullet, or

propellant powder with or without a projectile) or a sport shooting range (as defined by Section 250.001, Texas Local Government Code), and

(c) “firearm trade association” means a person, corporation, unincorporated association, federation, business league, or business organization that (i) is not organized or operated for profit (and none of the net earnings of which inures to the benefit of any private shareholder or individual), (ii) has two or more firearm entities as members, and (iii) is exempt from federal income taxation under Section 501(a), Internal Revenue Code of 1986, as an organization described by Section 501(c) of that code.

25. Affiliate. As used in Sections 21 through 24, the Underwriter understands “affiliate” to mean an entity that controls, is controlled by, or is under common control with the Underwriter within the meaning of SEC Rule 405, 17 C.F.R. § 230.133(f), and exists to make a profit.

26. Form 1295. Submitted herewith is a completed Form 1295 in connection with the Underwriter’s participation in the execution of this Agreement generated by the Texas Ethics Commission’s (the “TEC”) electronic filing application in accordance with the provisions of Section 2252.908 of the Texas Government Code and the rules promulgated by the TEC (the “Form 1295”). The City hereby confirms receipt of the Form 1295 from the Underwriter, and the City agrees to acknowledge such form with the TEC through its electronic filing application not later than the 30th day after the receipt of such form. The Underwriter and the City understand and agree that, with the exception of information identifying the City and the contract identification number, neither the City nor its consultants are responsible for the information contained in the Form 1295; that the information contained in the Form 1295 has been provided solely by the Underwriter; and neither the City nor its consultants have verified such information.

27. Entire Agreement. This Agreement is made solely for the benefit of the City and the Underwriter (including their respective successors and assigns), and no other person shall acquire or have any right hereunder or by virtue hereof. All of the City’s representations, warranties, and agreements contained in this Agreement shall remain operative and in full force and effect regardless of: (i) any investigations made by or on behalf of the Underwriter, provided the City shall have no liability with respect to any matter of which the Underwriter has actual knowledge prior to the purchase of the Bonds; or (ii) delivery of any payment for the Bonds pursuant to this Agreement. The agreements contained in this Section and in Sections 13 and 15 shall survive any termination of this Agreement.

Ladies and Gentlemen:

This letter is being delivered to the City of Celina, Texas (the “City”) and FMSbonds, Inc. (the “Underwriter”), in consideration for your entering into the Bond Purchase Agreement dated the date hereof (the “Bond Purchase Agreement”) for the sale and purchase the \$6,715,000 “City of Celina, Texas, Special Assessment Revenue Bonds, Series 2023 (North Sky Public Improvement District Improvement Area #1 Project)” (the “Bonds”). Pursuant to the Bond Purchase Agreement, the Underwriter has agreed to purchase from the City, and the City has agreed to sell to the Underwriter, the Bonds. In order to induce the City to enter into the Bond Purchase Agreement and as consideration for the execution, delivery, and sale of the Bonds by the City and the purchase of them by the Underwriter, CCD – North Sky, LLC, a Texas limited liability company (the “Developer”), makes the representations, warranties, and covenants contained in this Developer Letter of Representations. Unless the context clearly indicates otherwise, each capitalized term used in this Developer Letter of Representations will have the meaning set forth in the Bond Purchase Agreement.

1. Purchase and Sale of Bonds. Inasmuch as the purchase and sale of the Bonds represents a negotiated transaction, the Developer understands, and hereby confirms, that the Underwriter is not acting as a fiduciary of the Developer, but rather is acting solely in its capacity as Underwriter of the Bonds for its own account.

2. Updating of the Limited Offering Memorandum. If, after the date of this Developer Letter of Representations up to and including the date the Underwriter is no longer required to

provide a Limited Offering Memorandum to potential customers who request the same pursuant to Rule 15c2-12 (the earlier of (i) ninety (90) days from the “end of the underwriting period” (as defined in Rule 15c2-12) and (ii) the time when the Limited Offering Memorandum is available to any person from the MSRB, but in no case less than twenty-five (25) days after the “end of the underwriting period” for the Bonds), the Developer becomes aware of any fact or event which might or would cause the Limited Offering Memorandum, as then supplemented or amended, to contain any untrue statement of a material fact or to omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, or if it is necessary to amend or supplement the Limited Offering Memorandum to comply with law, the Developer will notify the Underwriter (and for the purposes of this clause provide the Underwriter with such information as it may from time to time request); however, that for the purposes of this Developer Letter of Representations and any certificate delivered by the Developer in accordance with the Bond Purchase Agreement, the Developer makes no representations with respect to the information appearing in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum except for the information set forth in the maps of the District therein and under the captions and subcaptions “PLAN OF FINANCE” (except for the information under the subcaptions “– The Bonds” and “Additional Indebtedness”), “THE IMPROVEMENT AREA #1 PROJECTS,” “THE DEVELOPMENT,” and “THE DEVELOPER” and, to the Developer’s knowledge after due inquiry, under the captions “BONDHOLDERS’ RISKS” (only as it pertains to the Developer, the Improvement Area #1 Projects, and the Development (as defined in the Limited Offering Memorandum)), “LEGAL MATTERS – Litigation – The Developer,” “CONTINUING DISCLOSURE – The Developer” and “– The Developer’s Compliance with Prior Undertakings,” “SOURCES OF INFORMATION – Source of Certain Information,” “APPENDIX E-2,” “APPENDIX F,” “APPENDIX G,” and “APPENDIX H” (collectively, the “Developer Disclosures”) in accordance with subsection 4(f) herein.

3. Developer Documents. The Developer has executed and delivered each of the below listed documents (individually, a “Developer Document” and collectively, the “Developer Documents”) in the capacity provided for in each such Developer Document, and each such Developer Document constitutes a valid and binding obligation of the Developer, enforceable against the Developer in accordance with its terms:

- a. this Developer Letter of Representations;
- b. the Development Agreement, between the City and Pilatus Investments, LLC, approved by the City of February 9, 2021, assigned to the Developer, as amended;
- c. the North Sky Public Improvement District Improvement Area #1 Reimbursement Agreement, effective February 14, 2023, between the City and the Developer;
- d. the North Sky Public Improvement District Improvement Area #1 Construction, Funding, and Acquisition Agreement, effective February 14, 2023, between the City and the Developer; and
- e. the Continuing Disclosure Agreement of Developer with respect to the Bonds, dated as of March 1, 2023, executed and delivered by the Developer,

MuniCap, Inc., as PID Administrator, and HTS Continuing Disclosure Services, a division of Hilltop Securities, Inc., as Dissemination Agent.

The Developer has complied in all material respects with all of the Developer's agreements and covenants and satisfied all conditions required to be complied with or satisfied by the Developer under the Developer Documents on or prior to the date hereof.

The representations and warranties of the Developer contained in the Developer Documents are true and correct in all material respects on and as of the date hereof.

4. Developer Representations, Warranties and Covenants. The Developer represents, warrants, and covenants to the City and the Underwriter that:

a. Due Organization and Existence. The Developer is duly formed and validly existing as a limited liability company under the laws of the State of Texas.

b. Organizational Documents. The copies of the organizational documents of the Developer provided by the Developer (the "Developer Organizational Documents") to the City and the Underwriter are fully executed, true, correct, and complete copies of such documents and such documents have not been amended or supplemented and are in full force and effect as of the date hereof.

c. No Breach. The execution and delivery of the Developer Documents by the Developer does not violate any judgment, order, writ, injunction, or decree binding on the Developer or any indenture, agreement, or other instrument to which the Developer is a party.

d. No Litigation. There are no proceedings pending or threatened in writing before any court or administrative agency against the Developer that are either not covered by insurance or which singularly or collectively would have a material, adverse effect on the ability of the Developer to perform its obligations under the Developer Documents in all material respects or that would reasonably be expected to prevent or prohibit the development of the District in accordance with the description thereof in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum.

e. Information. The information prepared and submitted by the Developer to the City or the Underwriter in connection with the preparation of the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum was, and is as of this date, true and correct in all material respects.

f. Preliminary Limited Offering Memorandum and Limited Offering Memorandum. The Developer represents and warrants that the information set forth in the Developer Disclosures in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum is true and correct and does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading. The Developer agrees to provide a certificate dated the Closing Date affirming, as of such date, the representations

contained in this subsection (f) with respect to the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum.

g. Events of Default. No “Event of Default” or “event of default” by the Developer under any of the Developer Documents, any documents to which the Developer is a party described in the Limited Offering Memorandum, or under any material documents relating to the financing and construction of the Improvement Area #1 Projects to which the Developer is a party, or event that, with the passage of time or the giving of notice or both, would constitute such “Event of Default” or “event of default” by the Developer has occurred and is continuing.

5. Indemnification.

a. The Developer will indemnify and hold harmless the City and the Underwriter and each of their officers, directors, employees, and agents against any losses, claims, damages or liabilities to which any of them may become subject, under the Securities Act of 1933 or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained or incorporated by reference in the Developer Disclosures in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum, or any amendment or supplement to the Limited Offering Memorandum amending or supplementing the information contained under the aforementioned captions (as qualified above), or arise out of or are based upon the omission, untrue statement, or alleged untrue statement or omission to state therein a material fact necessary to make the statements under the aforementioned captions (as qualified above) not misleading under the circumstances under which they were made and will reimburse any indemnified party for any reasonable legal or other expenses reasonably incurred by them in connection with investigating or defending any such action or claim as such expenses are incurred.

b. Promptly after receipt by an indemnified party under subsection (a) above of notice of the commencement of any action, such indemnified party shall, if a claim in respect thereof is to be made against the indemnifying party under such subsection, notify the indemnifying party in writing of the commencement thereof; but the omission so to notify the indemnifying party shall not relieve the indemnifying party from any liability which it may have to the indemnified party otherwise than under such subsection, unless such indemnifying party was prejudiced by such delay or lack of notice. In case any such action shall be brought against an indemnified party, it shall promptly notify the indemnifying party of the commencement thereof, the indemnifying party shall be entitled to participate therein and, to the extent that it shall wish, to assume the defense thereof, with counsel reasonably satisfactory to such indemnified party (who shall not, except with the consent of the indemnified party, be counsel to the indemnifying party), and, after notice from the indemnifying party to such indemnified party of its election so to assume the defense thereof, the indemnifying party shall not be liable to such indemnified party under such subsection for any legal expenses of other counsel or any other expenses, in each case subsequently incurred by such indemnified party, in connection with the defense thereof other than reasonable costs of investigation. The indemnifying party shall not be liable for any settlement of any such action effected without its consent, but if settled with the consent of the indemnifying party or if there is a final judgment for the plaintiff in any such action, the indemnifying party will indemnify and hold harmless any indemnified party from and against any loss or liability by reason of such

settlement or judgment. The indemnity herein shall survive delivery of the Bonds and shall survive any investigation made by or on behalf of the City, the Developer, or the Underwriter.

6. Survival of Representations, Warranties and Covenants. All representations, warranties, and agreements in this Developer Letter of Representations will survive regardless of (a) any investigation or any statement in respect thereof made by or on behalf of the Underwriter, (b) delivery of any payment by the Underwriter for the Bonds, and (c) any termination of the Bond Purchase Agreement.

7. Binding on Successors and Assigns. This Developer Letter of Representations will be binding upon the Developer and its successors and assigns and inure solely to the benefit of the Underwriter and the City, and no other person or firm or entity will acquire or have any right under or by virtue of this Developer Letter of Representations.

Whenever our opinion or advice with respect to the existence or absence of facts is indicated to be based on our knowledge, we are referring to the actual knowledge of the Messer, Fort & McDonald, PLLC attorneys who have given substantive attention to matters concerning the City during the course of our representation of the City in connection with the Reviewed Documents, which knowledge has been obtained by such attorneys in their capacity as such. In particular, our response does not include matters known to any attorney of our firm in a capacity other than as counsel to the City. In basing the opinions and other matters set forth herein on "our knowledge," the words "our knowledge," "our actual knowledge" and similar expressions signify that, in the course of our representation of the City the principal attorneys in this firm involved in the current actual transaction do not have actual knowledge or actual notice that any such opinions or other matters are not accurate or that any of the documents, certificates, reports and information on which we have relied are not accurate and complete. Further, the words "our knowledge," "our actual knowledge" and similar expressions used in this opinion letter are intended to be limited to the actual knowledge of the attorneys within our firm who have been directly involved in preparation of the Reviewed Document in representation of the City. We have not undertaken any independent investigation to determine the existence or absence of such facts, and no inference as to our knowledge concerning such facts should be drawn from the fact that such limited representation has been undertaken by us.

Based upon and subject to the foregoing and the additional qualifications and assumptions set forth herein, we are of the opinion that:

1. The City is a Texas political subdivision and has all necessary power and authority to enter into and perform its obligations under the Authorizing Documents and the Reviewed Documents. The City has taken or obtained all actions, approvals, consents, and authorizations required of it by applicable laws in connection with the execution of the Authorizing Documents and the Reviewed Documents and the performance of its obligations thereunder.

2. To the best of our knowledge, there is no action, suit, proceeding, inquiry, or investigation at law or in equity, before or by any court, public board or body, pending, or threatened against the City: (a) affecting the existence of the City or the titles of its officers to their respective offices, (b) in any way questioning the formation or existence of the District, (c) affecting, contesting, or seeking to prohibit, restrain, or enjoin the delivery of any of the Bonds, or the payment, collection, or application of any amounts pledged or to be pledged to pay the principal of and interest on the Bonds, including the Assessments in Improvement Area #1 of the District pursuant to the provisions of the Assessment Ordinance, and the Service and Assessment Plan referenced therein, (d) contesting or affecting the validity or enforceability of the City's performance of the Reviewed Documents, (e) contesting the exclusion of the interest on the Bonds from federal income taxation, or (f) which may result in any material adverse change relating to the financial condition of the City.

3. The Authorizing Documents were duly enacted by the City and remain in full force and effect on the date hereof.

4. The Reviewed Documents have been duly authorized, executed and delivered by the City and remain legal, valid, and binding obligations of the City enforceable against the City in accordance with their terms. However, the enforceability of the obligations of the City under such Reviewed Documents may be limited or otherwise affected by (a) bankruptcy, insolvency, reorganization, moratorium, and other laws affecting the rights of creditors generally, (b) principles of equity, whether considered at law or in equity, and (c) the application of Texas law relating to action by future councils and relating to governmental immunity applicable to governmental entities.

5. The performance by the City of the obligations under the Authorizing Documents and the Reviewed Documents will not violate any provision of any Federal or Texas constitutional or statutory provision.

6. No further consent, approval, authorization, or order of any court or governmental agency or body or official is required to be obtained by the City as a condition precedent to the performance by the City of its obligations under the Authorizing Documents and the Reviewed Documents.

7. The adoption of the Authorizing Documents and the execution and delivery of the Reviewed Documents and the compliance with the provisions of the Authorizing Documents and the Reviewed Documents under the circumstances contemplated thereby, to the best of our knowledge: (a) do not and will not in any material respect conflict with or constitute on the part of the City a breach of or default under any agreement to which the City is a party or by which it is bound, and (b) do not and will not in any material respect conflict with or constitute on the part of

the City a violation, breach of or default under any existing law, regulation, court order, or consent decree to which the City is subject.

- (d) Such other documents, records, agreements, and certificates of the Developer as we have deemed necessary or appropriate to render the opinions expressed below.

In basing the opinions and other matters set forth herein on “our knowledge,” the words “our knowledge” signify that, in the course of our representation of the Developer the principal attorneys in this firm involved in the current actual transaction do not have actual knowledge or actual notice that any such opinions or other matters are not accurate or that any of the documents, certificates, reports and information on which we have relied are not accurate and complete. Except as otherwise stated herein, we have undertaken no independent investigation or certification of such matters. The words “our knowledge” and similar language used herein are

intended to be limited to the knowledge of the attorneys within our firm who have worked on the matters contemplated by our representation as special counsel.

In rendering the opinions set forth herein, we have assumed, without independent investigation (other than the Developer, as applicable), that: (i) the due authorization, execution, and delivery of each of the documents referred to in this opinion letter by all parties thereto (other than the authorization, execution, and delivery by the Developer) and that each such document constitutes a valid, binding, and enforceable obligation of each party (other than the Developer) thereto, (ii) all of the parties to the documents referred to in this opinion letter are duly organized, validly existing, in good standing and have the requisite power, authority (corporate, limited liability company, partnership or other) and legal right to execute, deliver, and perform its obligations under such documents (except to the extent set forth in our opinions set forth herein regarding valid existence and power and authority of the Developer to execute, deliver, and perform its respective obligations under the Material Documents), (iii) each certificate from governmental officials reviewed by us is accurate, complete, and authentic, and all official public records are accurate and complete, (iv) the legal capacity of all natural persons, (v) the genuineness of all signatures (other than those of the Developer in respect of the Material Documents), (vi) the authenticity and accuracy of all documents submitted to us as originals, (vii) the conformity to original documents of all documents submitted to us as photostatic or certified copies, (viii) that no laws or judicial, administrative, or other action of any governmental entity of any jurisdiction not expressly opined to herein would adversely affect the opinions set forth herein, and (ix) that the execution and delivery by each party of, and performance of its agreements in, the Material Documents do not breach or result in a default under any existing obligation of such party under any agreements, contracts or instruments to which such party is a party to or otherwise subject to or any order, writ, injunction, or decree of any court applicable to such party.

In addition, we have assumed that the Material Documents accurately reflect the complete understanding of the parties with respect to the transactions contemplated thereby and the rights and obligations of the parties thereunder. We have also assumed that the terms and conditions of the transaction as reflected in the Material Documents have not been amended, modified, or supplemented, directly or indirectly, by any other agreement or understanding of the parties or waiver of any of the material provisions of the Material Documents.

We assume that none of the parties to the Material Documents (other than the Developer) is a party to any court or regulatory proceeding relating to or otherwise affecting the Material Documents or is subject to any order, writ, injunction, or decree of any court or federal, state, or local governmental agency or commission that would prohibit the execution and delivery of the Material Documents, or the consummation of the transactions therein contemplated in the manner therein provided, or impair the validity or enforceability thereof. We assume that each of the parties to the Material Documents (other than the Developer) has full authority to close this transaction in accordance with the terms and provisions of the Material Documents.

We assume that neither the Underwriter nor the City nor their respective counsel has any current actual knowledge of any facts not known to us or any law or judicial decision which would make the opinions set forth herein incorrect, and that no party upon whom we have relied for purposes of this opinion letter has perpetrated a fraud.

We have only been engaged by our clients in connection with the Material Documents (and the transactions contemplated in the Material Documents) and do not represent these clients generally.

II. Opinions and Assurances

Based solely upon the foregoing, and subject to the assumptions and limitations set forth herein, we are of the opinion that:

(a) The Developer is a limited liability company formed under the laws of the State of Texas and qualified to transact business as a limited liability company, and in good standing under the laws of the State of Texas.

(b) The Developer has the power and authority to execute and deliver the Material Documents to which it is a party, and to perform its obligations thereunder.

(c) The execution and delivery by the Developer of the Material Documents to which it is a party, and the performance by the Developer of its obligations under the Material Documents will not (i) violate any applicable law; or (ii) conflict with or result in the breach of any court decree or order of any governmental body identified in the Developer Certificate or otherwise actually known to the lawyers who have provided substantive attention to the representation reflected in this opinion binding upon or affecting the Developer, the conflict with which or breach of which would have a material, adverse effect on the ability of the Developer to perform its obligations under the Material Documents to which it is a party.

(d) To our knowledge, no governmental approval which has not been obtained is required to be obtained by the Developer on or before the date hereof as a condition to the performance by the Developer of its obligations under the Material Documents to which it is a party, except for governmental approvals that may be required to comply with certain covenants contained in the Material Documents (including, without limitation, covenants to comply with applicable laws).

(e) Based solely on the Developer Certificate, the Developer has duly executed and delivered each of the Material Documents to which it is a party, and each of the Material Documents constitute the legal, valid, and binding obligations of the Developer, enforceable against the Developer in accordance with their respective terms, subject to the following qualifications: (i) the effect of applicable bankruptcy, insolvency, reorganization, moratorium, and other similar laws affecting the rights of creditors generally, (ii) the effect of the exercise of judicial discretion in accordance with general principles of equity (whether applied by a court of law or of equity), and (iii) the effect that enforceability of the indemnification provisions therein may be limited, in whole or in part. The execution, delivery, and performance by the Developer of its respective obligations under the Material Documents do not violate any existing laws of the State of Texas applicable to the Developer.

(f) To our knowledge, there are no actions, suits, or proceedings pending or threatened against the Developer identified in the Developer Certificate, or otherwise actually known to the lawyers who have provided substantive attention to the representation reflected in this opinion in any court of law or equity, or before or by any governmental instrumentality with respect to: (i) its organization or existence or qualification to do business in the State of Texas; (ii) its authority to

execute or deliver the Material Documents to which it is a party; (iii) the titles of the parties executing the Material Documents; (iv) the execution, delivery, validity, or enforceability of the Material Documents on behalf of the Developer; (v) the operations or financial condition of the Developer that would materially adversely affect those operations or the financial condition of the Developer; or (vi) the acquisition and construction of the property and improvements identified in the Limited Offering Memorandum the cost of which is to be funded or reimbursed, in whole or in part, by proceeds of the Bonds.

(g) Based solely on the Developer Certificate, the execution and delivery of the Material Documents do not, and the transactions described therein may be consummated and the terms and conditions thereof may be observed and performed in a manner that does not, conflict with or constitute a breach of or default under any loan agreement, indenture, bond note, resolution, agreement, or other instrument to which the Developer is a party or is otherwise subject and which have been identified in the Developer Certificate, which violation, breach, or default would materially adversely affect the Developer or its performance of its respective obligations under the transactions described in the Material Documents; nor will any such execution, delivery, adoption, fulfillment, or compliance result in the creation or imposition of any lien, charge, or other security interest or encumbrance of any nature whatsoever upon any of the property or assets of the Developer, except as expressly described in the Material Documents (a) under applicable law, or (b) under any such loan agreement, indenture, bond note, resolution, agreement, or other instrument.

(h) The information set forth in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum in the maps included therein, and under the captions “PLAN OF FINANCE – Development Plan” and “– Lot Purchase and Sale Agreements,” “THE IMPROVEMENT AREA #1 IMPROVEMENTS,” “THE DEVELOPMENT,” “THE DEVELOPER,” “BONDHOLDERS’ RISKS” (only as it pertains to the Developer, the Improvement Area #1 Projects, and the Development (as defined in the Limited Offering Memorandum)), “LEGAL MATTERS – Litigation – The Developer,” and “CONTINUING DISCLOSURE – The Developer,” and “– The Developer’s Compliance with Prior Undertakings” adequately and fairly describe the information summarized under such captions and are correct as to matters of law.

(i) Subject to the below qualifications and based upon our participation in the preparation of the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum and our participation at conferences with representatives of the Underwriter and its counsel, of the City and its counsel, and with representatives of the Developer at which the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum and related matters were discussed, and although we have not independently verified the information in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum and are not passing upon and do not assume any responsibility for the accuracy, completeness or fairness of the statements contained in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum and any amendment or supplement thereto, no facts have come to our attention that lead us to believe that the information set forth under the captions referenced in the preceding paragraph with respect to the Preliminary Limited Offering Memorandum, as of the date of the Preliminary Limited Offering Memorandum and as of February 14, 2023, and with respect to the Limited Offering Memorandum, as of the date of the Limited Offering Memorandum and the date hereof, contained or contains any untrue statement of a material fact, or omitted or omits

to state any material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

III. Qualifications

In addition to any assumptions, qualifications, and other matters set forth elsewhere herein, the opinions set forth above are subject to the following assumptions and qualifications:

(a) We have not examined any court dockets, agency files or other public records regarding the entry of any judgments, writs, decrees, or orders or the pendency of any actions, proceedings, investigations, or litigation.

(b) We have relied upon the Developer Certificate, as well as the representations of the Developer contained in the Material Documents, with respect to certain facts material to our opinion. Except as otherwise specifically indicated herein, we have made no independent investigation regarding any of the foregoing documents, or the representations contained therein. With respect to our opinion in II(a) relating to the Developer's good standing, we have relied solely on a Certificate of Fact being issued by the Secretary of State of Texas with respect to the Developer and an online search of the Franchise Tax Account Status page of the website of the Texas Comptroller of Public Accounts which indicated the right of the Developer to do business in the State of Texas is intact.

(c) Our opinion delivered pursuant to Section II(c) above is subject to the effect of any applicable bankruptcy, insolvency, reorganization, fraudulent conveyance, moratorium or other laws affecting creditors' rights generally and to the effect of general principles of equity, including (without limitation) remedies of specific performance and injunctive relief and concepts of materiality, reasonableness, good faith, and fair dealing (regardless of whether considered in a proceeding in equity or at law).

(d) Except for the Material Documents, we have not reviewed, and express no opinion as to, any other contracts or agreements to which the Developer is a party or by which the Developer is or may be bound.

(e) The opinions expressed herein are based upon and limited to the applicable laws of the State of Texas and the laws of the United States of America, excluding the principles of conflicts of laws thereof, as in effect as of the date hereof, and our knowledge of the facts relevant to such opinions on such date. In this regard, we note that we are members of the Bar of the State of Texas, we do not express any opinion herein as to matters governed by the laws of any other jurisdiction, except the United States of America, we do not purport to be experts in any other laws, and we can accept no responsibility for the applicability or effect of any such laws. In addition, we assume no obligation to supplement the opinions expressed herein if any applicable laws change after the date hereof, or if we become aware of any facts or circumstances that affect the opinions expressed herein.

(f) This letter is strictly limited to the matters expressly set forth herein and no statements or opinions should be inferred beyond such matters.

(g) Notwithstanding anything contained herein to the contrary, we express no opinion whatsoever concerning the status of title to any real or personal property.

(h) The opinions expressed herein regarding the enforceability of the Material Documents are subject to the qualification that certain of the remedial, waiver or other provisions thereof may not be enforceable; but such unenforceability will not, in our judgment, render the Material Documents invalid as a whole or substantially interfere with the practical realization of the principal legal benefits provided in the Material Documents, except to the extent of any economic consequences of any procedural delays which may result therefrom.

(i) The opinion expressed herein as to the enforceability of the Material Documents is specifically subject to the qualification that enforceability of the Material Documents is limited by the following: (i) the rights of the United States under the Federal Tax Lien Act of 1966, as amended; (ii) principles of equity, public policy and unconscionability which may limit the availability of certain remedies; (iii) bankruptcy, insolvency, reorganization, fraudulent conveyance, liquidation, probate, conservatorship, and other laws applicable to creditors' rights or the collection of debtors' obligations generally; and (iv) requirements of due process under the United States Constitution, the Constitution of the State of Texas, and other laws or court decisions limiting the rights of creditors to repossess, foreclose, or otherwise realize upon the property of a debtor without appropriate notice or hearing or both.

(j) We express no opinion as to whether a court would grant specific performance or any other equitable remedy with respect to the enforcement of the Material Documents.

(k) We express no opinion as to the validity, binding effect, or enforceability of: (i) provisions which purport to waive rights or notices, including rights to trial by jury, counterclaims or defenses, jurisdiction, or venue; (ii) provisions relating to consent judgments, waivers of defenses or the benefits of statutes of limitations, marshaling of assets, the transferability of any assets which by their nature are nontransferable, sales in inverse order of alienation, or severance; (iii) provisions purporting to waive the benefits of present or of future laws relating to exemptions, appraisal, valuation, stay of execution, redemption, extension of time for payment, setoff, and similar debtor protection laws; or (iv) provisions requiring a party to pay fees and expenses regardless of the circumstances giving rise to such fees or expenses or the reasonableness thereof.

6. Adverse tax opinions, the issuance by the IRS of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds.
7. Modifications to rights of Owners, if material.
8. Bond calls, if material, and tender offers.
9. Defeasances.
10. Release, substitution, or sale of property securing repayment of the Bonds, if material.
11. Rating changes.
12. Bankruptcy, insolvency, receivership or similar event of the Issuer.
13. The consummation of a merger, consolidation, or acquisition of the Issuer, or the sale of all or substantially all of the assets of the Issuer, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material.

Any sale by the Developer of real property within Improvement Area #1 in the ordinary course of the Developer's business will not constitute a Listed Event for the purposes of paragraph (10) above.

For these purposes, any event described in paragraph (12) above is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the Issuer in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the Issuer, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the

supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Issuer.

The Issuer intends the words used in paragraphs (15) and (16) above and the definition of Financial Obligation to have the same meanings as when they are used in the Rule, as evidenced by SEC Release No. 34-83885, dated August 20, 2018 (the “2018 Release”) and any further written guidance provided by the SEC or its staff with respect to the amendments to the Rule effected by the 2018 Release. For the avoidance of doubt, the issuance of Additional Bonds under the Indenture or the incurrence of Additional Obligations without the filing of a corresponding official statement with the MSRB will constitute the incurrence of a material Financial Obligation for which a notice of a Listed Event in accordance with this Section must be filed with the MSRB.

Upon the occurrence of a Listed Event, the Issuer shall promptly notify the Dissemination Agent in writing and the Issuer shall direct the Dissemination Agent, in writing, to immediately file a notice of such occurrence with the MSRB. The Dissemination Agent shall file such notice no later than the Business Day immediately following the day on which it receives written notice of such occurrence from the Issuer. Any such notice is required to be filed within ten (10) Business Days of the occurrence of such Listed Event.

Additionally, the Issuer shall notify the MSRB, in a timely manner, of any failure by the Issuer to provide Audited Financial Statements (or unaudited financial statements, if Audited Financial Statements are not available) or Annual Financial Information, as applicable, as required under this Disclosure Agreement. See Exhibit A hereto for a form for submitting “Notice to MSRB of Failure to File.”

Any notice under the preceding paragraphs shall be accompanied with the text of the disclosure that the Issuer desires to make, the written authorization of the Issuer for the Dissemination Agent to disseminate such information as provided herein, and the date the Issuer desires for the Dissemination Agent to disseminate the information (which date shall not be more than ten (10) Business Days after the occurrence of the Listed Event or failure to file).

In all cases, the Issuer shall have the sole responsibility for the content, design, and other elements comprising substantive contents of all disclosures made pursuant to Sections 4 and 5 of this Disclosure Agreement. In addition, the Issuer shall have the sole responsibility to ensure that any notice required to be filed under this Section 5 is filed within ten (10) Business Days of the occurrence of the Listed Event.

(b) The Dissemination Agent shall, promptly, and not more than three (3) Business Days after obtaining actual knowledge of the occurrence of any Listed Event with respect to the Bonds, notify the Disclosure Representative in writing of such Listed Event. The Dissemination Agent shall not be required to file a notice of the occurrence of such Listed Event with the MSRB unless and until it receives written instructions from the Disclosure Representative to do so. If the Dissemination Agent has been instructed by the Disclosure Representative on behalf of the Issuer to report the occurrence of a Listed Event under this subsection (b), the Dissemination Agent shall file a notice of such occurrence with the MSRB no later than the Business Day immediately following the day on which it receives written instructions from the Issuer. It is agreed and

understood that the duty to make or cause to be made the disclosures herein is that of the Issuer and not that of the Dissemination Agent. It is agreed and understood that the Dissemination Agent has agreed to give the foregoing notice to the Issuer as an accommodation to assist it in monitoring the occurrence of such event but is under no obligation to investigate whether any such event has occurred. As used above, “actual knowledge” means the actual fact or statement of knowing, without a duty to make any investigation with respect thereto. In no event shall the Dissemination Agent be liable in damages or in tort to the Issuer, the Participating Underwriter, the Trustee, or any Owner or beneficial owner of any interests in the Bonds as a result of its failure to give the foregoing notice or to give such notice in a timely fashion.

(c) If in response to a notice from the Dissemination Agent under subsection (b), the Issuer determines that the Listed Event under number 2, 7, 8 (as to Bond calls only), 10, 13, 14, or 15 of subparagraph (a) above is not material under applicable federal securities laws, the Issuer shall promptly, but in no case more than five (5) Business Days after occurrence of the event, notify the Dissemination Agent and the Trustee (if the Dissemination Agent is not the Trustee) in writing and instruct the Dissemination Agent not to report the occurrence pursuant to subsection (b).

SECTION 6. Termination of Reporting Obligations. The obligations of the Issuer, the Administrator, and the Dissemination Agent under this Disclosure Agreement shall terminate upon the legal defeasance, prior redemption, or payment in full of all of the Bonds, when the Issuer is no longer an obligated person with respect to the Bonds, or upon delivery by the Disclosure Representative to the Dissemination Agent of an opinion of nationally recognized bond counsel to the effect that continuing disclosure is no longer required with respect to the Bonds. So long as any of the Bonds remain Outstanding, the Dissemination Agent may assume that the Issuer is an obligated person with respect to the Bonds until it receives written notice from the Disclosure Representative stating that the Issuer is no longer an obligated person with respect to the Bonds, and the Dissemination Agent may conclusively rely upon such written notice with no duty to make investigation or inquiry into any statements contained or matters referred to in such written notice. If such termination occurs prior to the final maturity of the Bonds, the Issuer shall give notice of such termination in the same manner as for a Listed Event with respect to the Bonds under Section 5(a).

SECTION 7. Dissemination Agent. The Issuer may, from time to time, appoint or engage a Dissemination Agent or successor Dissemination Agent to assist it in carrying out its obligations under this Disclosure Agreement, and may discharge such Dissemination Agent. If the Issuer discharges the Dissemination Agent, the Issuer shall use best efforts to appoint a successor Dissemination Agent within 30 days of such discharge. If at any time there is not any other designated Dissemination Agent, the Issuer shall be the Dissemination Agent. The initial Dissemination Agent appointed hereunder shall be HTS Continuing Disclosure Services, a division of Hilltop Securities Inc. The Issuer will give prompt written notice to the Developer, or any other party responsible for providing quarterly information pursuant to the Disclosure Agreement of Developer, of any change in the identity of the Dissemination Agent under the Disclosure Agreement of Developer.

SECTION 8. Amendment; Waiver. Notwithstanding any other provisions of this Disclosure Agreement, the Issuer and the Dissemination Agent may amend this Disclosure

Agreement (and the Dissemination Agent shall not unreasonably withhold its consent to any amendment so requested by the Issuer), and any provision of this Disclosure Agreement may be waived, provided that the following conditions are satisfied:

(a) If the amendment or waiver relates to the provisions of Sections 3(a), 4, or 5(a), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of an obligated person with respect to the Bonds, or the type of business conducted;

(b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the delivery of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment or waiver either (i) is approved by the Owners of the Bonds in the same manner as provided in the Indenture for amendments to the Indenture with the consent of Owners, or (ii) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the Owners or beneficial owners of the Bonds.

In the event of any amendment or waiver of a provision of this Disclosure Agreement, the Issuer shall describe such amendment in the next related Annual Financial Information or Audited Financial Statements, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the Issuer. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 5(a), and (ii) the Audited Financial Statements for the fiscal year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles. No amendment which adversely affects the Dissemination Agent may be made without its prior written consent (which consent will not be unreasonably withheld or delayed).

SECTION 9. Additional Information. Nothing in this Disclosure Agreement shall be deemed to prevent the Issuer from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any Annual Financial Information and Audited Financial Statements or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Agreement. If the Issuer chooses to include any information in any Annual Financial Information, Audited Financial Statements, or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, the Issuer shall have no obligation under this Disclosure Agreement to update such information or include it in any future Annual Financial Information, Audited Financial Statements, or notice of occurrence of a Listed Event.

SECTION 10. Default. In the event of a failure of the Issuer to comply with any provision of this Disclosure Agreement, the Dissemination Agent or any Owner or beneficial

owner of the Bonds may, and the Dissemination Agent (at the request of any Participating Underwriter or the Owners of at least twenty-five percent (25%) aggregate principal amount of Outstanding Bonds and upon being indemnified to its satisfaction) shall, take such actions as may be necessary and appropriate to cause the Issuer to comply with its obligations under this Disclosure Agreement. A default under this Disclosure Agreement shall not be deemed an Event of Default under the Indenture with respect to the Bonds, and the sole remedy under this Disclosure Agreement in the event of any failure of the Issuer to comply with this Disclosure Agreement shall be an action for mandamus or specific performance. A default under this Disclosure Agreement by the Issuer shall not be deemed a default under the Disclosure Agreement of Developer by the Developer, and a default under the Disclosure Agreement of Developer by the Developer shall not be deemed a default under this Disclosure Agreement by the Issuer.

SECTION 11. Duties, Immunities and Liabilities of Dissemination Agent and Administrator.

(a) The Dissemination Agent shall not be responsible in any manner for the content of any notice or report (including without limitation the Annual Financial Information and the Audited Financial Statements) prepared by the Issuer pursuant to this Disclosure Agreement. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Agreement, and no implied covenants shall be read into this Disclosure Agreement with respect to the Dissemination Agent. To the extent permitted by law, the Issuer agrees to hold harmless the Dissemination Agent, its officers, directors, employees, and agents, but only with funds to be provided by the Developer or from Administrative Expenses collected from the property owners in Improvement Area #1, against any loss, expense, and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct; provided, however, that nothing herein shall be construed to require the Issuer to indemnify the Dissemination Agent for losses, expenses, or liabilities arising from information provided to the Dissemination Agent by the Developer or the failure of the Developer to provide information to the Dissemination Agent as and when required under the Disclosure Agreement of Developer. The obligations of the Issuer under this Section shall survive resignation or removal of the Dissemination Agent and payment in full of the Bonds. Nothing in this Disclosure Agreement shall be construed to mean or to imply that the Dissemination Agent is an "obligated person" under the Rule. The Dissemination Agent shall not be responsible for the Issuer's failure to submit a complete Annual Financial Information or Audited Financial Statements to the MSRB. The Dissemination Agent is not acting in a fiduciary capacity in connection with the performance of its respective obligations hereunder. The fact that the Dissemination Agent may have a banking or other business relationship with the Issuer or any person with whom the Issuer contracts in connection with the transaction described in the Indenture, apart from the relationship created by this Disclosure Agreement, shall not be construed to mean that the Dissemination Agent has actual knowledge of any event described in Section 5 above, except as may be provided by written notice to the Dissemination Agent pursuant to this Disclosure Agreement.

The Dissemination Agent may, from time to time, consult with legal counsel of its own choosing in the event of any disagreement or controversy, or question or doubt as to the construction of any of the provisions hereof or their respective duties hereunder, and the

Dissemination Agent shall not incur any liability and shall be fully protected in acting in good faith upon the advice of such legal counsel.

(b) The Administrator shall not have any duty with respect to the content of any disclosures made pursuant to the terms hereof. The Administrator shall have only such duties as are specifically set forth in this Disclosure Agreement, and no implied covenants shall be read into this Disclosure Agreement with respect to the Administrator. To the extent permitted by law, the Issuer agrees to hold harmless the Administrator, its officers, directors, employees, and agents, but only with funds to be provided by the Developer or from Administrative Expenses collected from the property owners in Improvement Area #1, against any loss, expense, and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including reasonable attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Administrator's negligence or willful misconduct; provided, however, that nothing herein shall be construed to require the Issuer to indemnify the Administrator for losses, expenses, or liabilities arising from information provided to the Administrator by third parties, or the failure of any third party to provide information to the Administrator as and when required under this Disclosure Agreement, or the failure of the Developer to provide information to the Administrator as and when required under the Disclosure Agreement of Developer. The obligations of the Issuer under this Section shall survive resignation or removal of the Administrator and payment in full of the Bonds. Nothing in this Disclosure Agreement shall be construed to mean or to imply that the Administrator is an "obligated person" under the Rule. The Administrator is not acting in a fiduciary capacity in connection with the performance of its respective obligations hereunder. The Administrator shall not in any event incur any liability with respect to (i) any action taken or omitted to be taken in good faith upon advice of legal counsel given with respect to any question relating to duties and responsibilities of the Administrator hereunder, or (ii) any action taken or omitted to be taken in reliance upon any document delivered to the Administrator and believed to be genuine and to have been signed or presented by the proper party or parties.

The Administrator may, from time to time, consult with legal counsel of its own choosing in the event of any disagreement or controversy, or question or doubt as to the construction of any of the provisions hereof or their respective duties hereunder, and the Administrator shall not incur any liability and shall be fully protected in acting in good faith upon the advice of such legal counsel.

(c) UNDER NO CIRCUMSTANCES SHALL THE DISSEMINATION AGENT, THE ADMINISTRATOR, OR THE ISSUER BE LIABLE TO THE OWNER OR BENEFICIAL OWNER OF ANY BOND OR ANY OTHER PERSON, IN CONTRACT OR TORT, FOR DAMAGES RESULTING IN WHOLE OR IN PART FROM ANY BREACH BY THE ISSUER, THE ADMINISTRATOR, OR THE DISSEMINATION AGENT, RESPECTIVELY, WHETHER NEGLIGENT OR WITHOUT FAULT ON ITS PART, OF ANY COVENANT SPECIFIED IN THIS DISCLOSURE AGREEMENT, BUT EVERY RIGHT AND REMEDY OF ANY SUCH PERSON, IN CONTRACT OR TORT, FOR OR ON ACCOUNT OF ANY SUCH BREACH SHALL BE LIMITED TO AN ACTION FOR MANDAMUS OR SPECIFIC PERFORMANCE. EXCEPT AS DESCRIBED IN SECTION 10 WITH RESPECT TO THE DISSEMINATION AGENT, NEITHER THE DISSEMINATION AGENT NOR THE

ADMINISTRATOR IS UNDER ANY OBLIGATION NOR IS IT REQUIRED TO BRING SUCH AN ACTION.

SECTION 12. Assessments Timeline. The basic expected timeline for the collection of the Assessments and the anticipated procedures for pursuing the collection of delinquent Assessments is set forth in Exhibit C which is intended to illustrate the general procedures expected to be followed in enforcing the payment of delinquent Assessments. Failure to adhere to such expected timeline shall not constitute a default by the Issuer under this Disclosure Agreement, the Indenture, the Bonds, or any other document related to the Bonds.

SECTION 13. No Personal Liability. No covenant, stipulation, obligation or agreement of the Issuer, the Administrator, or Dissemination Agent contained in this Disclosure Agreement shall be deemed to be a covenant, stipulation, obligation, or agreement of any present or future council members, officer, agent, or employee of the Issuer, the Administrator, or Dissemination Agent in other than that person's official capacity.

SECTION 14. Severability. In case any section or provision of this Disclosure Agreement, or any covenant, stipulation, obligation, agreement, act or action, or part thereof made, assumed, entered into, or taken thereunder or any application thereof, is for any reasons held to be illegal or invalid, such illegality or invalidity shall not affect the remainder thereof or any other section or provision thereof or any other covenant, stipulation, obligation, agreement, act, or action, or part thereof made, assumed, entered into, or taken thereunder (except to the extent that such remainder or section or provision or other covenant, stipulation, obligation, agreement, act, or action, or part thereof, is wholly dependent for its operation on the provision determined to be invalid), which shall be construed and enforced as if such illegal or invalid portion were not contained therein, nor shall such illegality or invalidity of any application thereof affect any legal and valid application thereof, and each such section, provision, covenant, stipulation, obligation, agreement, act, or action, or part thereof, shall be deemed to be effective, operative, made, entered into, or taken in the manner and to the full extent permitted by law.

SECTION 15. Sovereign Immunity. The Dissemination Agent and the Administrator agree that nothing in this Disclosure Agreement shall constitute or be construed as a waiver of the Issuer's sovereign or governmental immunities regarding liability or suit.

SECTION 16. Beneficiaries. This Disclosure Agreement shall inure solely to the benefit of the Issuer, the Administrator, the Dissemination Agent, the Participating Underwriter, and the Owners and the beneficial owners from time to time of the Bonds and shall create no rights in any other person or entity. Nothing in this Disclosure Agreement is intended or shall act to disclaim, waive, or otherwise limit the duties of the Issuer under federal and state securities laws.

SECTION 17. Dissemination Agent and Administrator Compensation. The fees and expenses incurred by the Dissemination Agent and the Administrator for their respective services rendered in accordance with this Disclosure Agreement constitute Administrative Expenses and will be included in the Annual Installments as provided in the annual updates to the Service and Assessment Plan. The Issuer shall pay or reimburse the Dissemination Agent and the Administrator, but only with funds to be provided from the Administrative Expenses component of the Annual Installments collected from the property owners in Improvement Area #1, for the

fees and expenses for their respective services rendered in accordance with this Disclosure Agreement.

SECTION 18. Anti-Boycott Verification. To the extent this Disclosure Agreement constitutes a contract for goods or services for which a written verification is required under Section 2271.002, Texas Government Code, the Dissemination Agent and the Administrator, each respectively, hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott Israel and will not boycott Israel during the term of this Disclosure Agreement. The foregoing verification is made solely to enable the Issuer to comply with such Section and to the extent such Section does not contravene applicable Federal or Texas law. As used in the foregoing verification, ‘boycott Israel’ means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes.

SECTION 19. Iran, Sudan and Foreign Terrorist Organizations. The Dissemination Agent and the Administrator, each respectively, represents that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, and posted on any of the following pages of such officer’s internet website:

<https://comptroller.texas.gov/purchasing/docs/sudan-list.pdf>,
<https://comptroller.texas.gov/purchasing/docs/iran-list.pdf>, or
<https://comptroller.texas.gov/purchasing/docs/fto-list.pdf>.

The foregoing representation is made solely to enable the Issuer to comply with Section 2252.152, Texas Government Code, and to the extent such Section does not contravene applicable Federal law and excludes the Dissemination Agent and the Administrator, each respectively, and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization.

SECTION 20. No Discrimination Against Fossil-Fuel Companies. To the extent this Disclosure Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 13 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Dissemination Agent and the Administrator, each respectively, hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott energy companies and will not boycott energy companies during the term of this Disclosure Agreement. The foregoing verification is made solely to enable the Issuer to comply with such Section and to the extent such Section does not contravene applicable Federal or Texas law. As used in the foregoing verification, “boycott energy companies” shall mean, without an ordinary business purpose, refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with a company because the

company (A) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable Federal or Texas law; or (B) does business with a company described by (A) above.

SECTION 21. No Discrimination Against Firearm Entities and Firearm Trade Associations. To the extent this Disclosure Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 19 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Dissemination Agent and the Administrator, each respectively, hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate against a firearm entity or firearm trade association during the term of this Disclosure Agreement. The foregoing verification is made solely to enable the Issuer to comply with such Section and to the extent such Section does not contravene applicable Federal or Texas law. As used in the foregoing verification, (a) ‘discriminate against a firearm entity or firearm trade association’ (A) means, with respect to the firearm entity or firearm trade association, to (i) refuse to engage in the trade of any goods or services with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, (ii) refrain from continuing an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, or (iii) terminate an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association and (B) does not include (i) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories and (ii) a company’s refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship (aa) to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency or (bb) for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity’s or association’s status as a firearm entity or firearm trade association. As used in the foregoing verification, (b) ‘firearm entity’ means a manufacturer, distributor, wholesaler, supplier, or retailer of firearms (i.e., weapons that expel projectiles by the action of explosive or expanding gases), firearm accessories (i.e., devices specifically designed or adapted to enable an individual to wear, carry, store, or mount a firearm on the individual or on a conveyance and items used in conjunction with or mounted on a firearm that are not essential to the basic function of the firearm, including detachable firearm magazines), or ammunition (i.e., a loaded cartridge case, primer, bullet, or propellant powder with or without a projectile) or a sport shooting range (as defined by Section 250.001, Texas Local Government Code), and (c) ‘firearm trade association’ means a person, corporation, unincorporated association, federation, business league, or business organization that (i) is not organized or operated for profit (and none of the net earnings of which inures to the benefit of any private shareholder or individual), (ii) has two or more firearm entities as members, and (iii) is exempt from federal income taxation under Section 501(a), Internal Revenue Code of 1986, as an organization described by Section 501(c) of that code.

SECTION 22. Affiliate. As used in Sections 18 through 21, the Dissemination Agent and Administrator, each respectively, understands ‘affiliate’ to mean an entity that controls, is

controlled by, or is under common control with the Dissemination Agent or the Administrator within the meaning of SEC Rule 405, 17.C.F.R. § 230.405, and exists to make a profit.

SECTION 23. Disclosure of Interested Parties. Issuer notifies Trustee and Dissemination Agent of Foreclosure filing status in writing. Dissemination Agent notifies Owners.

If Owners and Dissemination Agent have not been notified of a foreclosure action, Dissemination Agent will notify the Issuer that it is appropriate to file action.

A committee of not less than 25% of the Owners may request a meeting with the City Manager or Director of Finance to discuss the Issuer's actions in pursuing the repayment of any delinquencies. This would also occur after day 30 if it is apparent that a Reserve Fund draw is required. Further, if delinquencies exceed 5%, Owners may also request a meeting with the Issuer at any time to discuss the Issuer's plan and progress on collection and foreclosure activity. If the Issuer is not diligently proceeding with the foreclosure process, the Owners may seek an action for mandamus or specific performance to direct the Issuer to pursue the collections of delinquent Special Assessments.

(f) The Developer acknowledges that as a result of the anticipation (but without guarantee) that the bonds are being issued in two series, some funds may not be immediately

The City Inspector and/or the City Representative shall also conduct such review as is required in his discretion to confirm the matters certified in the Certification for Payment. The Developer agrees to cooperate with the City Inspector and/or City Representative in conducting each such review and to provide the City Inspector and/or City Representative with such additional information and documentation as is reasonably necessary for the City Inspector and/or City Representative to conclude each such review.

(b) Within fifteen (15) business days of receipt of any Certification for Payment, the City Representative shall either (i) approve and execute the Certification for Payment and forward the same to the Administrator for approval and delivery to the Trustee for payment to the Developer in accordance with Section 5.03(a) hereof or (ii) in the event the City Representative disapproves the Certification for Payment, give written notification to the Developer of the City Representative’s disapproval, in whole or in part, of such Certification for Payment, specifying the reasons for such disapproval and the additional requirements to be satisfied for approval of such Certification for Payment. If a Certification for Payment seeking reimbursement is approved only in part, the City Representative shall specify the extent to which the Certification for Payment is

approved and shall deliver such partially approved Certification for Payment to the Administrator for approval in accordance with Section 5.03 hereof and delivery to the Developer in accordance with Section 5.02(c) hereof, and any such partial work shall be processed for payment under Section 5.03 notwithstanding such partial denial.

(c) If the City Representative denies the Certification for Payment, the denial must be in writing, stating the reason(s) for denial. The denial may be appealed to the City Council by the Developer in writing within thirty (30) days of being denied by the City Representative. Denial of the Certification for Payment by the City Council shall be attempted to be resolved by half-day mediation between the parties in the event an agreement is not otherwise reached by the parties, with the mediator's fee being paid by Developer. The Certification for Payment shall not be forwarded to the Trustee for payment until the dispute is resolved by the City and the Developer.

If the request for payment results in ninety percent (90%) or more of the Budgeted Costs for such Improvement Area #1 Project identified in such request for payment being paid, then Trustee shall hold the payment until work with respect to that Improvement Area #1 Project has been completed and accepted by the City. If an unconditional lien release related to the items referenced in the

Certification for Payment is attached to such Certification for Payment, the Trustee shall make such payment to the Developer or any permitted assignee of the Developer. The City shall approve the preliminary title report unless it reveals a matter which, in the reasonable judgment of the City, could materially affect the City's clean title or use and enjoyment of any part of the property or easement covered by the preliminary title report. In the event the City does not approve the preliminary title report, the City shall not be obligated to accept title to the Improvement Area #1 Project until the Developer has cured such objections to title to the satisfaction of the City.

Section 7.03. Use of Monies by City; Changes to Indenture. The City agrees not to take any action or direct the Trustee to take any action to expend, disburse or encumber the monies held in the Project Fund or the Reimbursement Fund and any monies to be transferred thereto for any purpose other than the purposes permitted by the Indenture. Prior to the acceptance of all the Improvement Area #1 Projects, the City agrees not to modify or supplement the Indenture without the approval of the Developer if as a result or as a consequence of such modification or supplement: (a) the amount of monies that would otherwise have been available under the Indenture for disbursement for the Costs of the Improvement Area #1 Projects is reduced, delayed or deferred, (b) the obligations or liabilities of the Developer is or may be substantially increased or otherwise adversely affected in any manner, or (c) the rights of the Developer is or may be modified, limited, restricted or otherwise substantially adversely affected in any manner.

Section 7.04. No Reduction of Assessments. The Developer agrees not to take any action or actions to reduce the total amount of such Assessments to be levied as of the effective date of this Agreement.

ARTICLE VIII TERMINATION

Section 8.01. Mutual Consent. This Agreement may be terminated by the mutual, written consent of the City and the Developer, in which event the City may either execute contracts for or perform any remaining work related to the Improvement Area #1 Projects not accepted by the City or other appropriate entity and use all or any portion of funds on deposit in the Project Fund or other amounts transferred to the Project Fund under the terms of the Indenture to pay for same, and the Developer shall have no claim or right to any further payments for the Costs of an Improvement Area #1 Project hereunder, except as otherwise may be provided in such written consent.

Section 8.02. City's Election for Cause.

(a) The City, upon notice to Developer and the passage of the cure period identified in subsection (b) below, may terminate this Agreement, without the consent of the Developer if the Developer shall breach any material covenant or default in the performance of any material obligation hereunder.

(b) If any such event described in Section 8.02(a) occurs, the City shall give written notice of its knowledge of such event to the Developer, and the Developer agrees to promptly meet and confer with the City Inspector and other appropriate City staff and consultants as to options available to assure timely completion, subject to the terms of this Agreement, of the Improvement Area #1 Projects. Such options may include, but not be limited to, the termination of this Agreement by the City. If the City elects to terminate this Agreement, the City shall first notify the Developer (and any mortgagee or trust deed beneficiary specified in writing by the Developer to the City to receive such notice) of the grounds for such termination and allow the Developer a minimum of 45 days to eliminate or to mitigate to the satisfaction of the City the grounds for such termination. Such period may be extended, at the sole discretion of the City, if the Developer, to the reasonable satisfaction of the City, is proceeding with diligence to eliminate or mitigate such grounds for termination. If at the end of such period (and any extension thereof), as determined reasonably by the City, the Developer has not eliminated or completely mitigated such grounds to the satisfaction of the City, the City may then terminate this Agreement. In the event of the termination of this Agreement, the Developer is entitled to payment for work accepted by the City related to an Improvement Area #1 Project only as provided for under the terms of the Indenture and this Agreement prior to the termination date of this Agreement. Notwithstanding the foregoing, so long as the Developer has breached any material covenant or defaulted in the performance of any material obligation hereunder, notice of which has been given by the City to the Developer, and such event has not been cured or otherwise eliminated by the Developer, the City may in its discretion cause the Trustee to cease making payments for the Actual Costs of Improvement Area #1 Projects, provided that the Developer shall receive payment of the Actual Costs of any Improvement Area #1 Projects that were accepted by the City at the time of the occurrence of such breach or default by the Developer upon submission of the documents and compliance with the other applicable requirements of this Agreement.

(c) If this Agreement is terminated by the City for cause, the City may either execute contracts for or perform any remaining work related to the Improvement Area #1 Projects not accepted by the City and use all or any portion of the funds on deposit in the Project Fund or other amounts transferred to the Project Fund and the Developer shall have no claim or right to any further payments for the Improvement Area #1 Projects hereunder, except as otherwise may be provided upon the mutual written consent of the City and the Developer or as provided for in the Reimbursement Agreement. The City shall have no obligation to perform any work related to an Improvement Area #1 Project or to incur any expense or cost in excess of the remaining balance of the Project Fund.

Section 8.03. Termination Upon Redemption or Defeasance of Bonds. This Agreement will terminate automatically and with no further action by the City or the Developer upon the redemption or defeasance of all outstanding Bonds (including any refunding bonds issued to refund the Bonds) issued under the Indenture.

Section 8.04. Construction of the Improvement Area #1 Projects Upon Termination of this Agreement. Notwithstanding anything to the contrary contained herein, upon the termination of this Agreement pursuant to this Article VIII, the Developer shall perform its obligations with respect to the Improvement Area #1 Projects in accordance with this Agreement and the Development Agreement.

Section 8.05. Force Majeure. Whenever performance is required of a party hereunder, that party shall use all due diligence and take all necessary measures in good faith to perform, but if completion of performance is delayed by reasons of floods, earthquakes or other acts of God, war, civil commotion, riots, strikes, picketing or other labor disputes, damage to work in progress by casualty or by other cause beyond the reasonable control of the party (financial inability excepted) (“Force Majeure”), then the specified time for performance shall be extended by the amount of the delay actually so caused. The extension of time to perform allowed by this Section 8.05 shall not apply unless, upon the occurrence of an event of Force Majeure, the party needing additional time to perform notifies the other party of the event of Force Majeure and the amount of additional time reasonably required within ten (10) business days of the occurrence of the event of Force Majeure.

ARTICLE IX MISCELLANEOUS

Section 9.01. Limited Liability of City. The Developer agrees that any and all obligations of the City arising out of or related to this Agreement are special obligations of the City, and the City’s obligations to make any payments hereunder are restricted entirely to the moneys, if any, in the Project Fund and the Reimbursement Fund and from no other source. Neither the City, the City Inspector, City Representative nor any other City employee, officer, official or agent shall

incur any liability hereunder to the Developer or any other party in their individual capacities by reason of their actions hereunder or execution hereof.

Section 9.02. Audit. The City Inspector, City Representative or a finance officer of the City shall have the right, during normal business hours and upon the giving of three business days' prior written notice to a Developer, to review all books and records of the Developer pertaining to costs and expenses incurred by the Developer with respect to any of the Improvement Area #1 Projects and any bids taken or received for the construction thereof or materials therefor.

Section 9.03. Notices. Any notice, payment or instrument required or permitted by this Agreement to be given or delivered to any party shall be deemed to have been received when personally delivered or transmitted by telecopy or facsimile transmission (which shall be immediately confirmed by telephone and shall be followed by mailing an original of the same within 24 hours after such transmission) or 72 hours following deposit of the same in any United States Post Office, registered or certified mail, postage prepaid, addressed as follows:

Any party may change its address or addresses for delivery of notice by delivering written

notice of such change of address to the other party.

The City shall advise the Developer of the name and address of any person who is to receive any notice or other communication pursuant to this Agreement.

Section 9.04. Severability. If any part of this Agreement is held to be illegal or unenforceable by a court of competent jurisdiction, the remainder of this Agreement shall be given effect to the fullest extent possible.

Section 9.05. Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the successors and assigns of the parties hereto. Any receivables due under this Agreement may be assigned by the Developer without the consent of, but upon written notice to the City pursuant to Section 9.03 of this Agreement. The obligations, requirements, or covenants of this Agreement shall be able to be assigned to an affiliate or related entity of the Developer, or any lien holder on the Property, without prior written consent of the City. The obligations, requirements, or covenants of this Agreement shall not be assigned by the Developer to a non-affiliate or non-related entity of the Developer without prior written consent of the City Manager, except pursuant to a collateral assignment to any person or entity providing construction financing to the Developer for an Improvement Area #1 Project, provided such person or entity expressly agrees to assume all obligations of the Developer hereunder if there is a default under such financing and such Person elects to complete the Improvement Area #1 Project. No such assignment shall be made by the Developer or any successor or assignee of the Developer that results in the City being an “obligated person” within the meaning of Rule 15c2-12 of the United States Securities and Exchange Commission without the express written consent of the City. In connection with any consent of the City, the City may condition its consent upon the acceptability of the financial condition of the proposed assignee, upon the assignee’s express assumption of all obligations of the Developer hereunder and/or upon any other reasonable factor which the City deems relevant in the circumstances. In any event, any such assignment shall be in writing, shall clearly identify the scope of the rights and/or obligations assigned. The City may assign by a separate writing certain rights as described in this Agreement and in the Indenture, to the Trustee and the Developer hereby consents to such assignment.

Section 9.06. Other Agreements. The obligations of the Developer hereunder shall be those of a party hereto and not as an owner of property in the District. Nothing herein shall be construed as affecting the City’s or the Developer’s rights or duties to perform their respective obligations under other agreements, use regulations, ordinances or subdivision requirements relating to the development of the lands in the District, including the applicable Construction Contracts and the Development Agreement. To the extent there is a conflict between this Agreement and the Development Agreement, the Development Agreement shall control. To the extent there is a conflict between this Agreement and the Indenture, the Indenture shall control.

Section 9.07. Waiver. Failure by a party to insist upon the strict performance of any of the provisions of this Agreement by any other party, or the failure by a party to exercise its rights upon the default of any other party, shall not constitute a waiver of such party's right to insist and demand strict compliance by such other party with the terms of this Agreement thereafter.

Section 9.08. Merger. No other agreement, statement or promise made by any party or any employee, officer or agent of any party with respect to any matters covered hereby that is not in writing and signed by all the parties to this Agreement shall be binding.

Section 9.09. Parties in Interest. Nothing in this Agreement, expressed or implied, is intended to or shall be construed to confer upon or to give to any person or entity other than the City and the Developer any rights, remedies or claims under or by reason of this Agreement or any covenants, conditions or stipulations hereof, and all covenants, conditions, promises and agreements in this Agreement contained by or on behalf of the City or the Developer shall be for the sole and exclusive benefit of the City and the Developer.

Section 9.10. Amendment. This Agreement may be amended upon agreement of the parties, from time to time in a manner consistent with the Act, the Indenture, and the Bond Ordinance by written supplement hereto and executed in counterparts, each of which shall be deemed an original.

Section 9.11. Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original.

Section 9.12. Effective Date. This Agreement has been dated as of the date first above written solely for the purpose of convenience of reference and shall become effective upon its execution and delivery, on the Closing Date of the Bonds, by the parties hereto. All representations and warranties set forth therein shall be deemed to have been made on the Closing Date of the Bonds.

Section 9.13. Term. The term of this Agreement, other than the provisions contained in Section 7.02, which shall survive the termination of this Agreement, shall be thirty (30) years or until all amounts under the Reimbursement Agreement have been paid or the Reimbursement Agreement has otherwise terminated in accordance with its terms and upon redemption or defeasance of the Bonds (including any refunding bonds issued to refund the Bonds) issued under the Indenture. If the Developer defaults under this Agreement, the Reimbursement Agreement, or the Development Agreement, this Agreement, the Reimbursement Agreement and the Development Agreement shall not terminate with respect to the Costs of the Improvement Area #1 Projects that have been approved by the City pursuant to a Certification for Payment prior to the date of default.

Section 9.14 No Waiver of Powers or Immunity. The City does not waive or surrender any of its governmental powers, immunities, or rights except as necessary to allow Developer to enforce its remedies under this Agreement.

Section 9.15. No Boycott Israel. To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2271.002, Texas Government Code, the Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott Israel and will not boycott Israel during the term of this Agreement. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Federal law. As used in the foregoing verification, ‘boycott Israel,’ a term defined in Section 2271.001, Texas Government Code, by reference to Section 808.001(1), Texas Government Code, means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes. The Developer understands ‘affiliate’ to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit.

Section 9.16. Not a Listed Company. The Developer represents that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, and posted on any of the following pages of such officer’s internet website: <https://comptroller.texas.gov/purchasing/docs/sudan-list.pdf>, <https://comptroller.texas.gov/purchasing/docs/iran-list.pdf>, or <https://comptroller.texas.gov/purchasing/docs/fto-list.pdf>. The foregoing representation is made solely to enable the City to comply with Section 2252.152, Texas Government Code, and to the extent such Section does not contravene applicable Federal law and excludes the Developer and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization. As used in this Section, the Developer understands ‘affiliate’ to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 133(f), 17 C.F.R. § 230.133(f), and exists to make a profit.

Section 9.17. Verification Regarding Energy Company Boycotts. To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 13 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott

energy companies and will not boycott energy companies during the term of this Agreement. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Texas or federal law. As used in the foregoing verification, “boycott energy companies,” a term defined in Section 2274.001(1), Texas Government Code (as enacted by such Senate Bill) by reference to Section 809.001, Texas Government Code (also as enacted by such Senate Bill), shall mean, without an ordinary business purpose, refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company (A) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable federal and state law; or (B) does business with a company described by (A) above. As used in this Section, the Developer understands ‘affiliate’ to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 133(f), 17 C.F.R. § 230.133(f), and exists to make a profit.

Section 9.18. Verification Regarding Discrimination Against Firearm Entity or Trade Association.

To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 19 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate against a firearm entity or firearm trade association during the term of this Agreement. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Texas or federal law. As used in the foregoing verification and the following definitions:

(i) ‘discriminate against a firearm entity or firearm trade association,’ a term defined in Section 2274.001(3), Texas Government Code (as enacted by such Senate Bill), (A) means, with respect to the firearm entity or firearm trade association, to (i) refuse to engage in the trade of any goods or services with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, (ii) refrain from continuing an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, or (iii) terminate an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association and (B) does not include (i) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories and (ii) a company’s refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing

business relationship (aa) to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency or (bb) for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity's or association's status as a firearm entity or firearm trade association;

(ii) 'firearm entity,' a term defined in Section 2274.001(6), Texas Government Code (as enacted by such Senate Bill), means a manufacturer, distributor, wholesaler, supplier, or retailer of firearms (defined in Section 2274.001(4), Texas Government Code, as enacted by such Senate Bill, as weapons that expel projectiles by the action of explosive or expanding gases), firearm accessories (defined in Section 2274.001(5), Texas Government Code, as enacted by such Senate Bill, as devices specifically designed or adapted to enable an individual to wear, carry, store, or mount a firearm on the individual or on a conveyance and items used in conjunction with or mounted on a firearm that are not essential to the basic function of the firearm, including detachable firearm magazines), or ammunition (defined in Section 2274.001(1), Texas Government Code, as enacted by such Senate Bill, as a loaded cartridge case, primer, bullet, or propellant powder with or without a projectile) or a sport shooting range (defined in Section 250.001, Texas Local Government Code, as a business establishment, private club, or association that operates an area for the discharge or other use of firearms for silhouette, skeet, trap, black powder, target, self-defense, or similar recreational shooting); and

(iii) 'firearm trade association,' a term defined in Section 2274.001(7), Texas Government Code (as enacted by such Senate Bill), means any person, corporation, unincorporated association, federation, business league, or business organization that (i) is not organized or operated for profit (and none of the net earnings of which inures to the benefit of any private shareholder or individual), (ii) has two or more firearm entities as members, and (iii) is exempt from federal income taxation under Section 501(a), Internal Revenue Code of 1986, as an organization described by Section 501(c) of that code.

As used in this Section, the Developer understands 'affiliate' to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 133(f), 17 C.F.R. § 230.133(f), and exists to make a profit.

(ii) the Improvement Area #1 Projects specially confer a benefit on Improvement Area #1 of the District, and the Landowner’s Parcel, in an amount at least equal to the Improvement Area #1 Assessment levied on the Improvement Area #1 Assessed Property, including the Landowner’s Parcel, within Improvement Area #1 of the District, as such Improvement Area #1 Assessment is shown on the Improvement Area #1 Assessment Roll;

(iii) each Improvement Area #1 Assessment is final, conclusive and binding upon Landowner and any subsequent owner of any of the Improvement Area #1 Assessed Property, including the Landowner’s Parcel, regardless of whether such landowner may be required to prepay a portion of, or the entirety of, such Improvement Area #1 Assessment upon the occurrence of a mandatory prepayment event as provided in the Service and Assessment Plan;

(iv) the obligation to pay the Improvement Area #1 Assessment levied on the Improvement Area #1 Assessed Property owned by the Landowner and any subsequent owner of any of the Improvement Area #1 Assessed Property when due and in the amount required by and stated in the Service and Assessment Plan and the Assessment Ordinance;

(v) each Improvement Area #1 Assessment or reassessment, with interest, the expense of collection, and reasonable attorney’s fees, if incurred, is a first and prior lien against the Parcels constituting the Improvement Area #1 Assessed Property, superior to all other liens and monetary claims except liens or monetary claims for state, county, school district, or municipality ad valorem taxes, and is a personal liability of and charge against the owner of any Improvement Area #1 Assessed Property regardless of whether such owner is named;

(vi) the Improvement Area #1 Assessment lien on the Improvement Area #1 Assessed Property is a lien and covenant that runs with the land and is effective from the date of the Assessment Ordinance and continues until the Improvement Area #1 Assessment is paid and may be enforced by the governing body of the City in the same manner that an ad valorem tax lien against real property may be enforced by the City;

(vii) delinquent installments of the Improvement Area #1 Assessment shall incur and accrue interest, penalties, and attorney’s fees as provided in the Chapter 372 of the Texas Local Government Code, as amended (the “PID Act”);

(viii) the owner of any Improvement Area #1 Assessed Property may pay at any time the entire Improvement Area #1 Assessment, with interest that has accrued on the Improvement Area #1 Assessment, on any parcel in the Improvement Area #1 Assessed Property;

(ix) the Annual Installments of the Improvement Area #1 Assessments may be adjusted, decreased and extended; and, the Landowner and any subsequent owner of any Improvement Area #1 Assessed Property shall be obligated to pay their respective revised amounts of the Annual Installments, when due, and without the necessity of further action, assessments or reassessments by the City, the same as though they were expressly set forth herein; and

(x) Landowner has timely received, or hereby waives, all notices required to be provided to it under Texas law, including the PID Act, in connection with the creation of the District and the adoption and approval by the City Council of the Assessment Ordinance, the Service and Assessment Plan, and the Improvement Area #1 Assessment Roll.

C. Mandatory Prepayment of Improvement Area #1 Assessments. Landowner agrees and acknowledges that Landowner or subsequent landowners may have an obligation to prepay an Improvement Area #1 Assessment upon the occurrence of a mandatory prepayment event, at the sole discretion of the City and as provided in the Service and Assessment Plan, as amended or updated.

D. Notice of Assessments. Landowner further agrees as follows:

(i) in the event of any subdivision, sale, transfer or other conveyance by the Landowner of the right, title or interest of the Landowner in the Landowner's Parcel or any part thereof, the Landowner's Parcel, or any such part thereof, any purchaser, transferee or other subsequent owner shall take such Improvement Area #1 Assessed Property or portion thereof, subject to all of the terms, conditions and provisions of the Service and Assessment Plan; and

(ii) Landowner shall comply with, and shall contractually obligate (and, upon the City's request, promptly provide written evidence of such contractual provisions to the City) any party who purchases any Improvement Area #1 Assessed Property owned by Landowner, or any portion thereof, for the purpose of constructing residential properties that are eligible for "homestead" designations under State law, to comply with, the Homebuyer Education Program described on Exhibit B to this Agreement. Such compliance obligation shall terminate as to each Lot if, and when, (i) a final certificate of occupancy for a residential unit on such Lot is issued by the City, and (ii) there is a sale of a Lot to an individual homebuyer, it being the intent of the undersigned that the Homebuyer Education Program shall apply only to a commercial builder who is in the business of constructing and/or selling residences to individual home buyers (a "Builder") but not to subsequent sales of such residence and Lot by an individual home buyer after the initial sale by a Builder.

II. OWNERSHIP AND CONSTRUCTION OF IMPROVEMENT AREA #1 PROJECTS

A. Ownership and Transfer of Improvement Area #1 Projects. Landowner acknowledges that the Improvement Area #1 Projects and the land (or easements, as applicable) needed therefor shall be dedicated, conveyed, leased, or otherwise provided to or for the benefit of the City, as described in the Service and Assessment Plan. Landowner agrees to execute such conveyances and/or dedications as may be required by the City to evidence same.

B. Grant of Easement and License, Construction of Improvement Area #1 Projects.

(i) Any subsequent owner of the Landowner's Parcel shall, upon the request of the City or Landowner, grant and convey to the City (upon a Landowner request) or Landowner (upon a City request) and its contractors, materialmen and workmen a temporary license and/or easement, as appropriate, to construct the Improvement Area #1 Projects on the property owned by the Landowner within the District, to stage on the property owned by the Landowner within the District construction trailers, building materials and equipment to be used in connection with such construction of the Improvement Area #1 Projects and to provide for passage and use over and across parts of the property within the District as shall be reasonably necessary during the construction of the Improvement Area #1 Projects. Any subsequent owner of the Landowner's Parcel may require that each contractor constructing the Improvement Area #1 Projects cause such owner of any of the Landowner's Parcel to be indemnified and/or named as an additional insured under liability insurance reasonably acceptable to such owner of the Landowner's Parcel. The right to use and enjoy any easement and license provided above shall continue until the construction of the Improvement Area #1 Projects is complete; provided, however, any such license or easement shall automatically terminate upon the recording of the final plat for the Landowner's Parcel in the real property records of Collin County, Texas.

(ii) Landowner hereby agrees that any right or condition imposed by the Development Agreement by and between the City and Pilatus Investments, LLC, approved by the City on February 9, 2021, as assigned to the Landowner, and as may be amended (the "Development Agreement"), or other agreement, with respect to the Improvement Area #1 Assessments has been satisfied, and that Landowner shall not have any rights or remedies against the City under the Development Agreement or under any law or principles of equity concerning the Improvement Area #1 Assessments, with respect to the formation of the District, approval of the Service and Assessment Plan and the City's levy and collection of the Improvement Area #1 Assessments.

III. COVENANTS AND WARRANTIES; MISCELLANEOUS

A. Special Covenants and Warranties of Landowner.

Landowner represents and warrants to the City as follows:

This representation and warranty is qualified to the extent the enforceability of this Agreement may be limited by applicable bankruptcy, insolvency, moratorium, reorganization or other similar laws of general application affecting the rights of creditors in general.

(iii) Neither the execution and delivery hereof, nor the taking of any actions contemplated hereby, will conflict with or result in a breach of any of the provisions of, or constitute a default, event of default or event creating a right of acceleration, termination or cancellation of any obligation under, any instrument, note, mortgage, contract, judgment, order, award, decree or other agreement or restriction to which Landowner is a party, or by which Landowner or Landowner's Parcel is otherwise bound.

(iv) Landowner is, subject to all matters of record in the Collin County, Texas Real Property Records, the sole owner of the Landowner's Parcel.

(v) The Landowner's Parcel is not subject to, or encumbered by, any covenant, lien, encumbrance or agreement which would prohibit (i) the creation of the District, (ii) the levy of the Improvement Area #1 Assessments and the priority of the lien related to the Improvement Area #1 Assessments as described in this Agreement, or (iii) the construction of the Improvement Area #1 Projects on property within Improvement Area #1 of the District, as generally described on the current plats of the property within the District (or, if subject to any such prohibition, the approval or consent of all necessary parties thereto has been obtained).

(vi) Landowner covenants and agrees to execute any and all documents necessary, appropriate or incidental to the purposes of this Agreement, as long as such documents are consistent with this Agreement and do not create additional liability of any type to, or reduce the rights of, such Landowner by virtue of execution thereof.

B. Waiver of Claims Concerning Improvement Area #1 Projects. The Landowner, with full knowledge of the provisions, and the rights thereof pursuant to such provisions, of applicable law, waives any claims against the City and its successors, assigns and agents, pertaining to the installation of the Improvement Area #1 Projects.

4. Strictly subject to the terms, conditions, and requirements herein and in the Series 2023 Improvement Area #1 Bond Indenture, and solely from the Improvement Area #1 Assessment Revenues as herein provided, the City agrees to pay to the Developer, and the Developer shall be entitled to receive from the City, once all amounts deposited to the Proceeds Accounts have been disbursed in accordance with the terms of this Reimbursement Agreement and the Construction Funding Agreement, the amount equal to the Actual Costs of the Improvement Area #1 Projects incurred by the Developer, but not to exceed the costs of the Improvement Area #1 Projects, as set forth in the SAP, actually paid by the Developer, as approved in a Certification for Payment and/or a Reimbursement Payment Request, as hereinafter defined (the “Reimbursement Amount”) plus interest on the unpaid balance in accordance with the terms of this Reimbursement Agreement until September 1, 2053 (the “Maturity Date”); provided, however, the principal amount of the Reimbursement Amount shall not exceed \$ _____. Reimbursement to the Developer from the Developer Improvement Account shall be made pursuant to a completed Certificate for Payment submitted pursuant to the Construction Funding Agreement.
5. The Reimbursement Amount, plus interest, as described above (collectively, the “Unpaid Balance”) is payable to the Developer and secured under this Reimbursement Agreement solely as described in paragraph 4 above. Interest shall accrue on the amount approved in a Reimbursement Payment Request from the date of the approval of the Reimbursement Payment Request until payment from the Reimbursement Fund. The Unpaid Balance shall be payable, if funds are available, as set forth in the Construction Funding Agreement. No other City funds, revenue, taxes, income, or property shall be used even if the Unpaid Balance is not paid in full at the Maturity Date, and the Unpaid Balance is not a debt of the City, within the meaning of Article XI, Section 5, of the Constitution of the State of Texas. Notwithstanding its collection efforts, if the City fails to receive all or any part of the Improvement Area #1 Assessment Revenues and, as a result, is unable to make transfers from the Developer Reimbursement Pledged Revenue Account of the Pledged Revenue Fund to the Reimbursement Fund for payments to the Developer as required under this Reimbursement Agreement, such failure and inability shall not constitute a Failure or Default by the City under this Reimbursement Agreement. This Reimbursement Agreement and/or any Future Improvement Area #1 Bonds shall not and shall never give rise to or create:
- a. a charge against the general credit or taxing powers of the City or any other taxing unit; or
 - b. a debt or other obligation of the City payable from any source of revenue, taxes, income, or properties of the City other than from the Developer Improvement Account of the Project Fund, the Developer Reimbursement Pledged Revenue Account of the Pledged Revenue Fund or the Reimbursement Fund as provided in the Series 2023 Improvement Area #1 Bond Indenture or from the net proceeds of any Future Improvement Area #1 Bonds; or

- c. any obligation of the City to issue Future Improvement Area #1 Bonds or other obligations; or
 - d. any obligation of the City to pay any amount due or to become due under this Reimbursement Agreement other than from (i) the Developer Improvement Account of the Project Fund, the Developer Reimbursement Pledged Revenue Account of the Pledged Revenue Fund or the Reimbursement Fund as provided in the Series 2023 Improvement Area #1 Bond Indenture and this Reimbursement Agreement, or (ii) from the net proceeds of any Future Improvement Area #1 Bonds.
6. Within fifteen (15) business days of receipt of any Reimbursement Payment Request, the City shall either (i) approve and execute the Reimbursement Payment Request and forward the same to the Trustee for payment (from those funds available in the Reimbursement Fund), or (ii) in the event the City disapproves the Reimbursement Payment Request, give written notification to the Developer of the City's disapproval, in whole or in part, of such Reimbursement Payment Request, specifying the reasons for such disapproval and the additional requirements to be satisfied for approval of such Reimbursement Payment Request. If a Reimbursement Payment Request seeking reimbursement is approved only in part, the City shall specify the extent to which the Reimbursement Payment Request is approved and shall deliver such partially approved Reimbursement Payment Request to the Trustee for payment.
7. If Future Improvement Area #1 Bonds are issued, the net proceeds of such Future Improvement Area #1 Bonds shall be used, from time to time, first to pay the Unpaid Balance due to the Developer under this Reimbursement Agreement for the costs of Improvement Area #1 Projects paid by the Developer and owed to the Developer pursuant to a Reimbursement Payment Request, and then to pay all or any portion of any Improvement Area #1 Projects Costs. If, after application of the net proceeds of such Future Improvement Area #1 Bonds, any Improvement Area #1 Projects Costs remain unpaid, then the Developer shall pay such cost. If, after application of the net proceeds of any Future Improvement Area #1 Bonds, the Unpaid Balance due the Developer remains unpaid, all payments toward the Unpaid Balance due the Developer shall be paid from (i) amounts transferred to the Reimbursement Fund from the Developer Reimbursement Pledged Revenue Account of the Pledged Revenue Fund under the Series 2023 Improvement Area #1 Bond Indenture, and (ii) amounts deposited into any funds created for such purpose under any supplemental indenture relating to any Future Improvement Area #1 Bonds. Once the principal amount of all Future Improvement Area #1 Bonds plus all payments paid to the Developer under this Reimbursement Agreement equal the Unpaid Balance, this Reimbursement Agreement shall terminate.

8. If on the later of the final maturity date of the Series 2023 Improvement Area #1 Bonds or the Future Improvement Area #1 Bonds, after application of the net proceeds of any Future Improvement Area #1 Bonds, any portion of the Unpaid Balance remains unpaid, such Unpaid Balance shall be canceled and for all purposes this Reimbursement Agreement shall be deemed to have been conclusively and irrevocably PAID IN FULL, and such Unpaid Balance shall no longer be deemed to be payable.
9. The Developer has the right to convey, transfer, assign, collaterally assign, mortgage, pledge, or otherwise encumber, in whole or in part without the consent of (but with written notice to) the City, the Developer's right, title, or interest to payments under this Reimbursement Agreement (but not performance obligations) including, but not limited to, any right, title, or interest of the Developer in and to payment of the Unpaid Balance, whether such payment is from (i) amounts transferred to the Reimbursement Fund from the Developer Reimbursement Pledged Revenue Account of the Pledged Revenue Fund under the Series 2023 Improvement Area #1 Bond Indenture, or (ii) net proceeds of any Future Improvement Area #1 Bonds (any of the foregoing, a "Transfer," and the person or entity to whom the Transfer is made, a "Transferee"). Notwithstanding the foregoing, however, no Transfer shall be effective until five days after notice of the Transfer, including, for each Transferee, the information required by Section 17 below, is received by the City. The City may rely on any notice of a Transfer received from the Developer without obligation to investigate or confirm the validity or occurrence of such Transfer. No conveyance, transfer, assignment, mortgage, pledge or other encumbrance shall be made by the Developer or any successor or assignee of the Developer that results in (i) the issuance of municipal securities (ii) the City being an "obligated person" within the meaning of Rule 15c2-12 of the United States Securities and Exchange Commission, and/or (iii) the City being subject to additional reporting or record keeping duties without the express written consent of the City. The Developer waives all rights or claims against the City for any such funds provided to a third party as a result of a Transfer for which the City has received notice, and the Developer's sole remedy shall be to seek the funds directly from the Transferee.
10. The inability or failure of the City to issue Future Improvement Area #1 Bonds shall not constitute a Failure or Default under this Reimbursement Agreement.
11. The obligations of the City under this Reimbursement Agreement are non-recourse and payable only from (i) amounts on deposit in the Developer Improvement Account, (ii) amounts transferred to the Reimbursement Fund from the Developer Reimbursement Pledged Revenue Account of the Pledged Revenue Fund under the Series 2023 Improvement Area #1 Bond Indenture, or (iii) net proceeds of any Future Improvement Area #1 Bonds; and such obligations do not create a debt or other obligation payable from any other City revenues, taxes, income, or property including any debt within the meaning of Article XI, Section 5, of the Constitution of the State of Texas. None of

- the City or any of its elected or appointed officials or any of its officers or employees shall incur any liability hereunder to the Developer or any other party in their individual capacities by reason of this Reimbursement Agreement or their acts or omissions under this Reimbursement Agreement.
12. If the Developer is in compliance with that certain Development Agreement, between the City and Pilatus Investments, LLC, approved by the City on February 9, 2021, as assigned to the Developer (as amended, the “Development Agreement”) and following the City’s inspection and approval of the Improvement Area #1 Projects in accordance with the provisions of the Construction Funding Agreement and until Future Improvement Area #1 Bonds are issued, if ever, there will be no conditions or defenses to the obligation of the City to use amounts transferred to the Reimbursement Fund from the Developer Reimbursement Pledged Revenue Account of the Pledged Revenue Fund, in accordance with and under the Construction Funding Agreement and the Series 2023 Improvement Area #1 Bond Indenture, to pay the Unpaid Balance.
 13. If the Developer is in compliance with the Development Agreement, following the City’s inspection and approval of the Improvement Area #1 Projects and if Future Improvement Area #1 Bonds are issued, there will be no conditions or defenses to the obligation of the City to use the net proceeds of any Future Improvement Area #1 Bonds in accordance with the terms of the Series 2023 Improvement Area #1 Bond Indenture to pay the Unpaid Balance and to pledge the Improvement Area #1 Assessment Revenues as security for the Future Improvement Area #1 Bonds.
 14. Nothing in this Reimbursement Agreement is intended to constitute a waiver by the City of any remedy the City may have outside this Reimbursement Agreement against the Developer, any Transferee, or any other person or entity involved in the design, construction, or installation of the Improvement Area #1 Projects. The obligations of the Developer hereunder shall be those as a Party hereto and not solely as an owner of property in the District. Nothing herein shall be constructed, nor is intended, to affect the City’s or the Developer’s rights and duties to perform their respective obligations under other agreements, regulations and ordinances.
 15. The City may consider issuing one or more series of Future Improvement Area #1 Bonds to pay the Unpaid Balance; however, the Parties covenant and acknowledge that approval of the issuance of any Future Improvement Area #1 Bonds by the City Council is a governmental function within the City’s sole discretion.
 16. This Reimbursement Agreement is being executed and delivered, and is intended to be performed in the State of Texas. Except to the extent that the laws of the United States may apply to the terms hereof, the substantive laws of the State of Texas shall govern the validity, construction, enforcement, and interpretation of this Reimbursement

Agreement. In the event of a dispute involving this Reimbursement Agreement, venue for such dispute shall lie in any court of competent jurisdiction in Collin County, Texas.

17. Any notice required or contemplated by this Reimbursement Agreement shall be deemed given at the addresses shown below: (i) when delivered by a national company such as FedEx or UPS with evidence of delivery signed by any person at the delivery address regardless of whether such person was the named addressee; or (ii) 72 hours after the notice was deposited with the United States Postal Service, Certified Mail, Return Receipt Requested. Any Party may change its address by delivering written notice of such change in accordance with this section.

18. If any provision of this Reimbursement Agreement is held invalid by any court, such holding shall not affect the validity of the remaining provisions, and the remainder of this Reimbursement Agreement shall remain in full force and effect.
19. Failure; Default; Remedies.

- a. If either Party fails to perform an obligation imposed on such Party by this Reimbursement Agreement (a “Failure”) and such Failure is not cured after written notice and the expiration of the cure periods provided in this section, then such Failure shall constitute a “Default.” Upon the occurrence of a Failure by a non-performing Party, the other Party shall notify the non-performing Party and all Transferees of the non-performing Party in writing specifying in reasonable detail the nature of the Failure. The non-performing Party to whom notice of a Failure is given shall have at least 30 days from receipt of the notice within which to cure the Failure; however, if the Failure cannot reasonably be cured within 30 days and the non-performing Party has diligently pursued a cure within such 30-day period and has provided written notice to the other Party that additional time is needed, then the cure period shall be extended for an additional 30 day period so long as the non-performing Party is, in the reasonable opinion of the non-performing Party, diligently pursuing a cure. Any Transferee shall have the right, but not the obligation, to cure any alleged Failure by the Developer within the same time periods that are provided to the Developer. The election by a Transferee to cure a Failure by the Developer shall constitute a cure by the Developer but shall not obligate the Transferee to be bound by this Reimbursement Agreement unless the Transferee agrees to be bound.
 - b. If the Developer is in Default, the City shall have available all remedies at law or in equity, provided that no Default by the Developer, however, shall: (1) affect the obligations of the City to use the amounts transferred to the Reimbursement Fund from the Developer Reimbursement Pledged Revenue Account of the Pledged Revenue Fund in accordance with and under the Series 2023 Improvement Area #1 Bond Indenture and the net proceeds of Future Improvement Area #1 Bonds as provided in this Reimbursement Agreement; or (2) entitle the City to terminate this Reimbursement Agreement.
 - c. If the City is in Default, the Developer’s sole and exclusive remedies shall be to: (1) seek a writ of mandamus to compel performance by the City; (2) seek specific enforcement of this Reimbursement Agreement; or (3) terminate this Reimbursement Agreement.
20. To the extent there is a conflict between this Reimbursement Agreement and the Series 2023 Improvement Area #1 Bond Indenture, the Series 2023 Improvement Area #1 Bond Indenture shall control. To the extent there is a conflict between this Reimbursement Agreement and the Construction Funding Agreement, the Construction Funding Agreement shall control.

21. The failure by a Party to insist upon the strict performance of any provision of this Reimbursement Agreement by the other Party, or the failure by a Party to exercise its rights upon a Default by the other Party shall not constitute a waiver of such Party's right to insist and demand strict compliance by such other Party with the provisions of this Reimbursement Agreement.
22. The City does not waive or surrender any of its governmental powers, immunities, or rights except to the extent permitted by law and necessary to allow the Developer to enforce its remedies under this Reimbursement Agreement.
23. Nothing in this Reimbursement Agreement, expressed or implied, is intended to or shall be construed to confer upon or to give to any person or entity other than the City and the Developer any rights, remedies, or claims under or by reason of this Reimbursement Agreement, and all covenants, conditions, promises, and agreements in this Reimbursement Agreement shall be for the sole and exclusive benefit of the City and the Developer.
24. This Reimbursement Agreement may be amended only by written agreement of the Parties.
25. This Reimbursement Agreement may be executed in counterparts, each of which shall be deemed an original.
26. The City shall have the right, during normal business hours and upon three business days' prior written notice to the Developer, to review all books and records of the Developer pertaining to costs and expenses incurred by the Developer with respect to any of the Improvement Area #1 Projects. For a period of two years after completion of the Improvement Area #1 Projects, the Developer shall maintain proper books of record and account for the construction of the Improvement Area #1 Projects and all costs related thereto. Such accounting books shall be maintained in accordance with customary real estate accounting principles.
27. The Parties agree that at any time after the execution of this Reimbursement Agreement, they will, upon request of another Party, execute and deliver such further documents and do such further acts and things as the other Party may reasonably request in order to effectuate the terms of this Reimbursement Agreement. This provision shall not be construed as limiting or otherwise hindering the legislative discretion of the City Council seated at the time that this Reimbursement Agreement is executed or any future City Council.
28. No Boycott Israel. To the extent this Reimbursement Agreement constitutes a contract for goods or services for which a written verification is required under Section

- 2271.002, Texas Government Code, the Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott Israel and will not boycott Israel during the term of this Reimbursement Agreement. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Federal law. As used in the foregoing verification, ‘boycott Israel,’ a term defined in Section 2271.001, Texas Government Code, by reference to Section 808.001(1), Texas Government Code, means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes. The Developer understands ‘affiliate’ to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit.
29. Not a Listed Company. The Developer represents that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, and posted on any of the following pages of such officer’s internet website: <https://comptroller.texas.gov/purchasing/docs/sudan-list.pdf>, <https://comptroller.texas.gov/purchasing/docs/iran-list.pdf>, or <https://comptroller.texas.gov/purchasing/docs/fto-list.pdf>. The foregoing representation is made solely to enable the City to comply with Section 2252.152, Texas Government Code, and to the extent such Section does not contravene applicable Federal law and excludes the Developer and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization. As used in this Section, the Developer understands ‘affiliate’ to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 133(f), 17 C.F.R. § 230.133(f), and exists to make a profit.
30. Verification Regarding Energy Company Boycotts. To the extent this Reimbursement Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 13 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott energy companies and will not boycott energy companies during the term of this Reimbursement Agreement. The foregoing

verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Texas or federal law. As used in the foregoing verification, “boycott energy companies,” a term defined in Section 2274.001(1), Texas Government Code (as enacted by such Senate Bill) by reference to Section 809.001, Texas Government Code (also as enacted by such Senate Bill), shall mean, without an ordinary business purpose, refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company (A) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable federal and state law; or (B) does business with a company described by (A) above. As used in this Section, the Developer understands ‘affiliate’ to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 133(f), 17 C.F.R. § 230.133(f), and exists to make a profit.

31. Verification Regarding Discrimination Against Firearm Entity or Trade Association.

To the extent this Reimbursement Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 19 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate against a firearm entity or firearm trade association during the term of this Reimbursement Agreement. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Texas or federal law. As used in the foregoing verification and the following definitions:

(i) ‘discriminate against a firearm entity or firearm trade association,’ a term defined in Section 2274.001(3), Texas Government Code (as enacted by such Senate Bill), (A) means, with respect to the firearm entity or firearm trade association, to (i) refuse to engage in the trade of any goods or services with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, (ii) refrain from continuing an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, or (iii) terminate an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association and (B) does not include (i) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories and (ii) a company’s refusal to engage in the trade of any goods

or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship (aa) to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency or (bb) for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity's or association's status as a firearm entity or firearm trade association;

(ii) 'firearm entity,' a term defined in Section 2274.001(6), Texas Government Code (as enacted by such Senate Bill), means a manufacturer, distributor, wholesaler, supplier, or retailer of firearms (defined in Section 2274.001(4), Texas Government Code, as enacted by such Senate Bill, as weapons that expel projectiles by the action of explosive or expanding gases), firearm accessories (defined in Section 2274.001(5), Texas Government Code, as enacted by such Senate Bill, as devices specifically designed or adapted to enable an individual to wear, carry, store, or mount a firearm on the individual or on a conveyance and items used in conjunction with or mounted on a firearm that are not essential to the basic function of the firearm, including detachable firearm magazines), or ammunition (defined in Section 2274.001(1), Texas Government Code, as enacted by such Senate Bill, as a loaded cartridge case, primer, bullet, or propellant powder with or without a projectile) or a sport shooting range (defined in Section 250.001, Texas Local Government Code, as a business establishment, private club, or association that operates an area for the discharge or other use of firearms for silhouette, skeet, trap, black powder, target, self-defense, or similar recreational shooting); and

(iii) 'firearm trade association,' a term defined in Section 2274.001(7), Texas Government Code (as enacted by such Senate Bill), means any person, corporation, unincorporated association, federation, business league, or business organization that (i) is not organized or operated for profit (and none of the net earnings of which inures to the benefit of any private shareholder or individual), (ii) has two or more firearm entities as members, and (iii) is exempt from federal income taxation under Section 501(a), Internal Revenue Code of 1986, as an organization described by Section 501(c) of that code.

As used in this Section, the Developer understands 'affiliate' to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 133(f), 17 C.F.R. § 230.133(f), and exists to make a profit.
