The Assessments will repay financing that is on advantageous terms, as the Bonds issued to finance the Authorized Improvements will pay interest that is exempt from federal income tax. As

a result, all other terms being equal (e.g., maturity, fixed vs. variable rate, credit quality), the tax-exempt bonds will have a lower interest rate than debt that is not tax-exempt. The Bonds also have a longer term than other available financings and may either be repaid or assumed by a buyer at the buyer's option. As a result of these advantageous terms, the financing provided by the PID is the most beneficial means of financing the Authorized Improvements.

Each owner of the Assessed Property will ratify, confirm, accept, agree to and approve: (i) the determinations and finding by the City Council as to the special benefits described in this Service and Assessment Plan and the Assessment Ordinance; (ii) the Service and Assessment Plan and the Assessment Ordinance, and (iii) the levying of Assessments on the Assessed Property. Use of the Assessed Property as described in this Service and Assessment Plan and as authorized by the PID Act requires that Authorized Improvements be acquired, constructed, installed, and/or improved. Funding the Actual Costs of the Authorized Improvements through the PID has been determined by the City Council to be the most beneficial means of doing so. As a result, the Authorized Improvements result in a special benefit to the Assessed Property, and this special benefit exceeds the amount of the Assessment. This conclusion is based on and supported by the evidence, information, and testimony provided to the City Council.

In summary, the Authorized Improvements result in a special benefit to the Assessed Property for the following reasons:

1. The Authorized Improvements are being provided specifically for the use of the Assessed Property, are necessary for the proposed best use of the property and provide a special benefit to the Assessed Property as a result;
2. The Developer has consented to the imposition of the Assessments for the purpose of providing the Authorized Improvements and the Developer is acting in its interest by consenting to this imposition;
3. The highest and best use of the Assessed Property is the use of the Assessed Property that is most valuable (including any costs associated with the use of the Assessed Property);
4. Financing of the costs of the Authorized Improvements through the PID is determined to be the most beneficial means of providing for the Authorized Improvements; and,
5. As a result, the special benefit to the Assessed Property from the Authorized Improvements will be equal to or greater than the Assessments.

C. ASSESSMENT METHODOLOGY

The costs of the Authorized Improvements may be assessed by the City Council against the Assessed Property so long as the special benefit conferred upon the Assessed Property by the Authorized Improvements equals or exceeds the Assessments. The costs of the Authorized Improvements may be assessed using any methodology that results in the imposition of equal shares of the Actual Costs on Assessed Property similarly benefited.

1. Assessment Methodology for the Authorized Improvements

For purpose of this Service and Assessment Plan, the City Council has determined that the Budgeted Costs of the Authorized Improvements to be financed with the PID Bonds and/or PID Reimbursement Agreement shall be allocated to the Assessed Property by spreading the entire Assessment across the Parcels based on the estimated Equivalent Units anticipated to be developed on each Parcel within the PID.

Based on the Budgeted Costs of the Authorized Improvements, as set forth in Table III-A, the City Council has determined that the benefit to the Assessed Property of the Authorized Improvements is at least equal to the Assessments levied on the Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the estimated Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Parcel based on the ratio of the estimated Equivalent Units at the time residential Lots are platted to the total estimated Equivalent Units of all Lots in the platted Parcel, as calculated and shown in Appendix F using the types, number and average home value of Lots anticipated to be developed on each Parcel.

The Assessment and Annual Installments for each Parcel or Lot located within the PID is shown on the Assessment Roll, attached as Appendix G, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

D. ASSESSMENTS

The Assessments are being levied on each Parcel according to the Assessment Roll, attached hereto as Appendix G. The Annual Installments will be collected at the time and in the amounts shown on the Assessment Roll subject to any revisions made during an Annual Service Plan Update.

E. ADMINISTRATIVE EXPENSES

The cost of administering the PID and collecting the Annual Installments shall be paid for on a pro rata basis by each Parcel based on the amount of Assessment levied against the Parcel. The Administrative Expenses shall be collected as part of and in the same manner as Annual Installments in the amounts shown on each Assessment Roll, attached as Appendix G, which may be revised based on Actual Costs incurred in Annual Service Plan Updates.

F. ADDITIONAL INTEREST RESERVE

Pursuant to the PID Act, the interest rate for the portion of the Assessments which secure a series of Bonds may exceed the actual interest rate per annum paid on the related Bonds by no more than one half of one percent (0.50%). The interest rate used to determine the Assessments that secure the PID Bonds is one half of one percent (0.50%) per annum higher than the actual rate paid on the PID Bonds, with the Additional Interest Component of the Annual Installments allocated to fund a reserve to be used for paying interest associated with a prepayment and to offset any

possible delinquency related costs. The Additional Interest Reserve shall be funded until it reaches 5.50% of the outstanding Bonds unless otherwise stipulated in the Trust Indenture. Once the Additional Interest Reserve is funded in full, the City may allocate the Additional Interest Component of the Annual Installments as provided in the applicable Trust Indenture. No Additional Interest will be collected from any portion of the Assessments which secures a reimbursement obligation and not a series of Bonds.

VI. TERMS OF THE ASSESSMENTS

A. AMOUNT OF ASSESSMENTS AND ANNUAL INSTALLMENTS FOR PARCELS LOCATED WITHIN THE PID

The Assessment and Annual Installments for each Assessed Property located within the PID is shown on the Assessment Roll, attached as Appendix G, and no Assessment shall be changed except as authorized by this Service and Assessment Plan and the PID Act.

The Annual Installments shall be collected from the Assessed Property in an amount sufficient to pay (i) principal and interest on the PID Bonds, (ii) principal and interest due under the PID Reimbursement Agreement (iii) to fund the Additional Interest Reserve described in Section V, and (iv) to pay Administrative Expenses related to the PID. The Annual Installment for each Parcel in the PID shall be calculated by taking into consideration any available capitalized interest applicable to the Parcel.

B. REALLOCATION OF ASSESSMENTS

1. Subdivision

Upon the subdivision of any Parcel, the Assessment for the Parcel prior to the subdivision shall be reallocated among the new subdivided Parcels according to the following formula:

$$A = B \times (C \div D)$$

Where the terms have the following meanings:

- A = the Assessment for each new subdivided Parcel
- B = the Assessment for the Parcel prior to subdivision
- C = the estimated total Equivalent Units to be built on each new subdivided Parcel
- D = the sum of the estimated total Equivalent Units to be built on all of the new subdivided Parcels

The calculation of the estimated Equivalent Units to be built on a Parcel shall be performed by the Administrator and confirmed by the City Council based on the information available regarding the use of the Parcel. The estimate as confirmed shall be conclusive. The number of Equivalent Units to be built on a Parcel may be estimated by net land area and reasonable density ratios.

The sum of the Assessments for all newly subdivided Parcels shall equal the Assessment for the Parcel prior to subdivision. The calculation shall be made separately for each newly subdivided Parcel. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation and to the extent the reallocation would exceed such amount, it shall be prepaid by such amount by the party requesting the subdivision of the

Parcels. Any reallocation pursuant to this section shall be reflected in an Annual Service Plan Update approved by the City Council.

2. Consolidation

Upon the consolidation of two or more Parcels, the Assessment for the consolidated Parcel shall be the sum of the Assessments for the Parcels prior to consolidation. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation and to the extent the reallocation would exceed such amount, it shall be prepaid by such amount by the party requesting the consolidation of the Parcels. Any reallocation pursuant to this section shall be reflected in an Annual Service Plan Update approved by the City Council.

C. MANDATORY PREPAYMENT OF ASSESSMENTS

1. If a Parcel subject to Assessments is transferred to a party that is exempt from the payment of the Assessment under applicable law, or if an owner causes a Parcel subject to Assessments to become Non-Benefited Property, the owner of such Parcel shall pay to the City the full amount of the principal portion of the Assessment on such Parcel, plus all Prepayment Costs, prior to any such transfer or act.
2. If at any time the Assessment per unit on a Parcel exceeds the applicable Maximum Assessment per Unit shown in this Service and Assessment Plan as a result of any changes in land use, subdivision, consolidation or reallocation of the Assessment authorized by this Service and Assessment Plan and initiated by the owner of the Parcel, then such owner shall pay to the City prior to the recordation of the document subdividing the Parcel the amount calculated by the Administrator by which the Assessment per unit for the Parcel exceeds the applicable Maximum Assessment per Unit calculated in this Service and Assessment Plan.
3. The payments required above shall be treated the same as any Assessment that is due and owing under the PID Act, the Assessment Ordinance, and this Service and Assessment Plan, including the same lien priority, penalties, procedures, and foreclosure specified by the PID Act.

D. REDUCTION OF ASSESSMENTS

1. If after all Authorized Improvements to be funded with a series of Bonds and/or reimbursement agreement have been completed and Actual Costs for such Authorized Improvements are less than the Actual Costs or Budgeted Costs of the Authorized Improvements used to calculate the Assessments securing such series of Bonds and/or related reimbursement agreement, resulting in excess Bond proceeds being available to redeem Bonds and/or reduce obligations under a reimbursement agreement, as the case may be, and such excess proceeds shall be applied to redeem Bonds and/or the obligations under a reimbursement agreement may be reduced as provided in the Indenture or the terms of the reimbursement agreement, then the Assessment securing such series of Bonds and/or related reimbursement agreement for each Parcel of Assessed Property shall be reduced by the City Council pro rata such that the sum of the resulting reduced Assessments for all Assessed

Properties equals the reduced Actual Costs. The Assessments shall not be reduced to an amount less than the related outstanding series of Bonds and/or amounts due under a related reimbursement agreement. If all of the Authorized Improvements are not completed, the City may reduce the Assessments in another method if it determines such method would better reflect the benefit received by the Parcels from the Authorized Improvements completed.

2. If all the Authorized Improvements are not undertaken, resulting in excess Bonds proceeds being available to redeem Bonds and/or a need to reduce the obligations under a reimbursement agreement, and such excess proceeds shall be applied to redeem Bonds and/or reduce obligations under a reimbursement agreement, as the case may be, as provided in the Indenture or the terms of the reimbursement agreement, then the Assessments and Annual Installments for each Parcel shall be appropriately reduced by the City Council to reflect only the amounts required to repay the Bonds and/or repay obligations under a reimbursement agreement, including interest on the Bonds (including Additional Interest) and/or interest due under a reimbursement agreement and Administrative Expenses. The City Council may reduce the Assessments and the Annual Installments for each Parcel (i) in an amount that represents the Authorized Improvements provided for each Parcel or (ii) by an equal percentage calculated based on number of units, if determined by the City Council to be the most fair and practical means of reducing the Assessments for each Parcel, such that the sum of the resulting reduced Assessments equals the amount required to repay the Bonds and/or repay the obligations under a reimbursement agreement, including interest thereon and Administrative Expenses. The principal portion of the Assessment for each Parcel shall be reduced pro rata to the reduction in the Assessments for each Parcel such that the sum of the resulting reduced principal portion of the Bonds and/or obligations under a reimbursement agreement is equal to the outstanding principal amount of the Bonds and/or reimbursement agreement.

E. PAYMENT OF ASSESSMENTS

1. Payment in Full

- (a) The Assessment for any Parcel may be paid in full at any time. Such payment shall include all Prepayment Costs. If prepayment in full will result in redemption of Bonds, the payment amount shall be reduced by the amount, if any, of interest through the date of redemption of Bonds and reserve funds applied to the redemption under the Trust Indenture, net of any other costs applicable to the redemption of Bonds.
- (b) If an Annual Installment has been billed prior to payment in full of an Assessment, the Annual Installment shall be due and payable and shall be credited against the payment-in-full amount.
- (c) Upon payment in full of the Assessment and all Prepayment Costs, the City shall deposit the payment in accordance with the Trust Indenture; whereupon, the Assessment shall be reduced to zero, and the owner's obligation to pay the Assessment and Annual Installments thereof shall automatically terminate.

- (d) At the option of the owner, the Assessment on any Parcel plus Prepayment Costs may be paid in part in an amount sufficient to allow for a convenient redemption of Bonds as determined by the Administrator. Upon the payment of such amounts for a Parcel, the Assessment for the Parcel shall be reduced, the Assessment Roll shall be updated to reflect such partial payment, and the obligation to pay the Annual Installment for such Parcel shall be reduced to the extent the partial payment is made.

2. Payment in Annual Installments

The PID Act provides that an Assessment for a Parcel may be paid in full at any time. If not paid in full, the PID Act authorizes the Assessment to be paid in installments and additionally allows the City to collect interest, administrative expenses and other authorized charges in installments. An Assessment for a Parcel that is not paid in full will be collected in Annual Installments each year in the amounts shown on the Assessment Roll, as updated as provided for herein, which include interest, Administrative Expenses, and payments required for the Additional Interest Reserve. Payment of the Annual Installments shall commence with tax bills mailed after the issuance of the PID Bonds.

Each Assessment shall be paid with interest of no more than the actual interest rate paid on the PID Bonds and the PID Reimbursement Agreement, as applicable, and as described below. The Assessment Roll sets forth for each year the Annual Installment for each Parcel within the PID based on an interest rate of 6.25%, and, with respect to the portion of the Assessment to be collected from the Assessed Property to secure the PID Bonds, an Additional Interest at the rate of 0.5% for the Additional Interest Reserve. Interest on the portion of the Assessments collected from the Assessed Property that secure the PID Reimbursement Agreement shall be paid based on an interest rate of 5.65% per annum for years 1 through 30 (2023-2053) in accordance with the PID Reimbursement Agreement. Each Assessment shall be paid at a rate not to exceed five hundred basis points above the highest average index rate for tax-exempt bond reported in a daily or weekly bond index approved by the City and reported in the month prior to the date of the establishment of the Assessments and continuing for a period of five years from such date. Such rate shall then adjust and shall not exceed two hundred basis points above the bond index rate described above and shall continue until the Assessments are paid in full. The index approved by the City is the Bond Buyer Index for which the highest average rate during January, 2023 was 3.65%. The City has determined that the portion of the Assessments that secure the City's obligation under the PID Reimbursement Agreement shall bear interest at the interest rate of 5.65% per annum for years 1 through 30 (2023-2053), which rates are equal to or less than the initial maximum allowable rate of interest of 5.65% for years 1 through 5 and equal to the maximum allowable rate of interest following the fifth Annual Installment, which would be 5.65%. Furthermore, the Annual Installments may not exceed the amounts shown on the Assessment Roll. The Assessment Roll, shown as Appendix G, will be updated with the actual interest rates on the PID Bonds and the applicable rates for the PID Reimbursement Agreement.

The Annual Installments shall be reduced to equal the Actual Costs of repaying the PID Bonds and/or PID Reimbursement Agreement and actual Administrative Expenses (as provided for in the definition of such term), taking into consideration any other available funds for these costs, such as interest income on account balances.

The City reserves and shall have the right and option to refund the Bonds in accordance with Section 372.027 of the PID Act. In the event of such refunding, the Administrator shall recalculate the Annual Installments, and if necessary, may adjust, or decrease, the amount of the Annual Installments so that total Annual Installments of Assessments will be produced in annual amounts that are required to pay the refunding bonds when due and payable as required by and established in the ordinance and/or the indenture authorizing and securing the refunding bonds, and such refunding bonds shall constitute Bonds for purposes of this Service and Assessment Plan.

F. COLLECTION OF ANNUAL INSTALLMENTS

No less frequently than annually, the Administrator shall prepare, and the City Council shall consider, an Annual Service Plan Update to allow for the billing and collection of Annual Installments. Each Annual Service Plan Update shall include an updated Assessment Roll and a calculation of the Annual Installment for each Parcel. Administrative Expenses shall be allocated among Parcels in proportion to the amount of the Annual Installments for the Parcels. Each Annual Installment shall be reduced by any credits applied under the applicable Trust Indenture, such as capitalized interest, interest earnings on any account balances, and any other funds available to the Trustee for such purpose, including any existing deposits for a prepayment reserve. Annual Installments shall be collected by the City in the same manner and at the same time as ad valorem taxes and shall be subject to the same penalties, procedures, and foreclosure sale in case of delinquencies as are provided for ad valorem taxes of the City. The City Council may provide for other means of collecting the Annual Installments to the extent permitted under the PID Act. The Assessments shall have lien priority as specified in the PID Act.

Any sale of property for nonpayment of the Annual Installments shall be subject to the lien established for the remaining unpaid Annual Installments against such property and such property may again be sold at a judicial foreclosure sale if the purchaser thereof fails to make timely payment of the non-delinquent Annual Installments against such property as they become due and payable.

Each Annual Installment, including the interest on the unpaid amount of an Assessment, shall be updated annually. Each Annual Installment together with interest thereon shall be delinquent if not paid prior to February 1 of the following year. Collection of the initial Annual Installments relating to the Authorized Improvements that benefit the Assessed Property will be due when billed and will be delinquent if not paid prior to the first February 1 following the issuance of the PID Bonds.

G. SURPLUS FUNDS REMAINING IN THE PID BOND ACCOUNT

If proceeds from the PID Bonds remain after all of the Authorized Improvements are constructed and accepted by the City, the proceeds may be utilized in accordance with the applicable Trust Indenture.

VII. THE ASSESSMENT ROLL

A. ASSESSMENT ROLL

The City Council has evaluated each Parcel in the PID based on numerous factors such as the applicable zoning for developable area, the use of proposed Homeowner Association Property, the Public Property, the types of Authorized Improvements, and other development factors deemed relevant to determine the amount of Assessed Property within the PID.

The Assessed Property is being assessed for the special benefits conferred upon the property resulting from the Authorized Improvements. Table VII-A summarizes the \$8,697,979 in special benefit received by the Assessed Property from the Authorized Improvements (including both the portion to be paid from with proceeds of the PID Bonds as well as from funds contributed under the PID Reimbursement Agreement), the costs of the PID formation, and the PID Bond issuance costs. The par amount of the PID Bonds and the principal amount due pursuant to the terms of the PID Reimbursement Agreement is, collectively, \$7,600,000, which is less than the benefit received by the Assessed Property. Accordingly, the total Assessment to be applied to all the Assessed Property is \$7,600,000 plus, interest, Additional Interest (as applicable), and annual Administrative Expenses. The Assessment for each Assessed Property is calculated based on the allocation methodologies described in Section V.C. The Assessment Roll is attached hereto as Appendix G.

B. ANNUAL ASSESSMENT ROLL UPDATES

The Administrator shall prepare, and shall submit to the City Council for approval, annual updates to the Assessment Roll in conjunction with the Annual Service Plan Update to reflect the following matters, together with any other changes helpful to the Administrator or the City and permitted by the PID Act: (i) the identification of each Parcel (ii) the Assessment for each Parcel of Assessed Property, including any adjustments authorized by this Service and Assessment Plan and in the PID Act; (iii) the Annual Installment for the Assessed Property for the year (if the Assessment is payable in installments); and (iv) payments of the Assessment, if any, as provided by Section VI.E. of this Service and Assessment Plan. The Assessment Roll shall be updated, which update may be done in the next Annual Service Plan Update, to reflect the issuance of Bonds, if any.

Once the PID Bonds are issued, the Assessment Roll shall be updated, which update may be done in the next Annual Service Plan Update, to reflect any changes resulting from the issuance of the PID Bonds and/or approval of a reimbursement agreement. This update shall reflect the actual interest on the PID Bonds and/or due under a related reimbursement agreement on which the Annual Installments shall be paid, any reduction in the Assessments, and any revisions in the Actual Costs to be funded by the PID Bonds and Developer funds.

VIII. MISCELLANEOUS PROVISIONS

A. ADMINISTRATIVE REVIEW

The City may elect to designate a third party to serve as Administrator. The City shall notify Developer in writing at least thirty (30) days in advance before appointing a third party Administrator.

To the extent consistent with the PID Act, an owner of an Assessed Parcel claiming that a calculation error has been made in the Assessment Roll(s), including the calculation of the Annual Installment, shall send a written notice describing the error to the City not later than thirty (30) days after the date any amount which is alleged to be incorrect is due prior to seeking any other remedy. The Administrator shall promptly review the notice, and if necessary, meet with the Assessed Parcel owner, consider written and oral evidence regarding the alleged error and decide whether, in fact, such a calculation error occurred.

If the Administrator determines that a calculation error has been made and the Assessment Roll should be modified or changed in favor of the Assessed Parcel owner, such change or modification shall be presented to the City Council for approval to the extent permitted by the PID Act. A cash refund may not be made for any amount previously paid by the Assessed Parcel owner (except for the final year during which the Annual Installment shall be collected or if it is determined there are sufficient funds to meet the expenses of the PID for the current year), but an adjustment may be made in the amount of the Annual Installment to be paid in the following year. The decision of the Administrator regarding a calculation error relating to the Assessment Roll may be appealed to the City Council. Any amendments made to the Assessment Roll(s) pursuant to calculation errors shall be made pursuant to the PID Act.

The decision of the Administrator, or if such decision is appealed to the City Council, the decision of the City Council shall be conclusive as long as there is a reasonable basis for such determination. This procedure shall be exclusive and its exhaustion by any property owner shall be a condition precedent to any other appeal or legal action by such owner.

B. TERMINATION OF ASSESSMENTS

Each Assessment shall be extinguished on the date the Assessment is paid in full, including unpaid Annual Installments and Delinquent Collection Costs, if any. After the extinguishment of an Assessment and the collection of any delinquent Annual Installments and Delinquent Collection Costs, the City shall provide the owner of the affected Parcel a recordable “Notice of the PID Assessment Termination”.

C. AMENDMENTS

Amendments to the Service and Assessment Plan can be made as permitted or required by the PID Act and under Texas law.

The City Council reserves the right to the extent permitted by the PID Act to amend this Service and Assessment Plan without notice under the PID Act and without notice to property owners of Parcels:

- (i) to correct mistakes and clerical errors; (ii) to clarify ambiguities; and (iii) to provide procedures for the collection and enforcement of Assessments, Prepayment Costs, Collection Costs, and other charges imposed by the Service and Assessment Plan.

D. ADMINISTRATION AND INTERPRETATION OF PROVISIONS

The City Council shall administer the PID, this Service and Assessment Plan, and all Annual Service Plan Updates consistent with the PID Act and shall make all interpretations and determinations related to the application of this Service and Assessment Plan unless stated otherwise herein or in the Trust Indenture, such determination shall be conclusive.

E. SEVERABILITY

If any provision, section, subsection, sentence, clause or phrase of this Service and Assessment Plan or the application of same to an Assessed Parcel or any person or set of circumstances is for any reason held to be unconstitutional, void or invalid, the validity of the remaining portions of this Service and Assessment Plan or the application to other persons or sets of circumstances shall not be affected thereby, it being the intent of the City Council in adopting this Service and Assessment Plan that no part hereof or provision or regulation contained herein shall become inoperative or fail by reason of any unconstitutionality, voidness or invalidity of any other part hereof, and all provisions of this Service and Assessment Plan are declared to be severable for that purpose.

If any provision of this Service and Assessment Plan is determined by a court to be unenforceable, the unenforceable provision shall be deleted from this Service and Assessment Plan and the unenforceable provision shall, to the extent possible, be rewritten to be enforceable and to give effect to the intent of the City.

APPENDIX F
ASSESSMENT PER UNIT, PROJECTED LEVERAGE AND PROJECTED TAX RATE
EQUIVALENTS

Appendix F

For purposes of calculating and allocating the Assessments, the Assessed Property has been classified as one Lot Type.

“**Lot Type 1**” means lots identified as such on the Assessment Roll, being lots typically with a Lot width of approximately 100 feet, as provided by the development standards shown in the Development Agreement.

A) Proposed Development

Table F-1 shows the proposed residential units to be developed within the PID.

Table F-1
Proposed Development within the PID

Description		Proposed Development
Lot Type 1 (100 Ft)	76	Units
Total	76	Units

B) Calculation of Equivalent Units

As explained under Section IV, for purpose of this Service and Assessment Plan, the City Council has determined that the Budgeted Costs of the Authorized Improvements to be financed with the PID Bonds and PID Reimbursement Agreement shall be allocated to the Assessed Property by spreading the entire Assessment across the Parcels based on the estimated Equivalent Units.

For purposes of this Plan, the City Council has determined that the Assessments shall be allocated to the Assessed Property on the basis of the average home value of each Lot Type, and that such method of allocation will result in the imposition of equal shares of the Assessments on Parcels similarly benefited. In determining the average home value of each Lot Type, the City Council has taken into consideration (i) the type of lots (i.e., 100 Ft lots); (ii) current and projected home prices; (iii) the costs of the Authorized Improvements, and (iv) the ability of different property types to utilize and benefit from the Authorized Improvements.

Having taken into consideration the matters described above, the City Council has determined that allocating the Assessments among Parcels based on average home value is best accomplished by creating classifications of benefited Parcels based on the “Lot Types” defined above. This classification, Lot Type 1 (100 Ft Lots), represents the current projected highest value for residential lots are set forth in Table F-2. Assessments are allocated to each Lot Type on the basis of the average home value for each class of lots. This is accomplished by giving each Lot Type an Equivalent Unit factor. Equivalent Units are the ratio of the average value of lots within each assessment class, setting the Equivalent Unit factor for Lot Type 1 (100 Ft Lots) to 1.0.

Table F-2
Equivalent Unit Factors

Lot Type	Estimated Average Value	Equivalent Unit Factor
Lot Type 1 (100 Ft)	\$1,100,000	1.00 Per dwelling unit

The total Equivalent Units for the PID are shown in Table F-3 as calculated based on the Equivalent Unit factors shown in Table F-2, estimated Lot Types and number of units estimated to be built within the PID.

Table F-3
Equivalent Units- PID

Description	Planned No. of Units	Equivalent Unit Factor	Total Equivalent Units
Lot Type 1 (100 Ft)	76	1.00	76.00
Total	76		76.00

C) Allocation of Assessments to Lots within the PID

The total amount of the PID Bonds and PID Reimbursement Agreement which represents the total Assessment to be allocated on all Parcels within the PID, is \$7,600,000 As shown in Table F-3, there are a total of 76.00 Equivalent Units, resulting in an Assessment per Equivalent Unit of \$100,000.00 (i.e., $\$7,600,000 \div 76.00 = \$100,000.00$).

The Assessment per dwelling unit is calculated as the product of (i) \$100,000.00 multiplied by (ii) the applicable Equivalent Unit value for each Lot Type. For example, the Assessment for a Lot Type 1 (100 Ft Lot) dwelling unit is \$100,000.00 (i.e. $\$100,000.00 \times 1.00$).

Table F-4 sets forth the Assessment per dwelling unit within the PID.

Table F-4
Assessment Per Unit – PID

Description	Planned No. of Units	Assessment per Equivalent Unit	Equivalent Unit Factor	Assessment per Dwelling Unit	Total Assessments
Lot Type 1 (100 Ft)	76	\$100,000	1.00	\$100,000.00 Per dwelling unit	\$7,600,000
Total	76				\$7,600,000

The projected leverage calculated based on the estimated finished lot values and home values for each unit is shown in Table F-5.

Table F-5
Projected Leverage – PID

Description	Planned No. of Units	Estimated Finished Lot Value per unit	Projected Home Value per unit	Assessment per Unit	Leverage (Lot Value)	Leverage (Home Value)
Lot Type 1 (100 Ft)	76	\$250,000	\$1,100,000	\$100,000.00	2.50	11.00

The projected tax rate equivalent per unit calculated based on the estimated finished lot values and home values for each unit is shown in Table F-6.

Table F-6
Estimated Tax Rate Equivalent per unit – PID

Description	Planned No. of Units	Estimated Finished Lot Value per unit	Projected Home Value per unit	Projected Average Annual Installment per unit	Tax Rate Equivalent (per \$100 Lot Value)	Tax Rate Equivalent (per \$100 Home Value)
Lot Type 1 (100 Ft)	76	\$250,000	\$1,100,000	\$8,766.76	\$3.51	\$0.80

The Assessment and Annual Installments for each Parcel or Lot located within the PID is shown on the Assessment Roll, attached as Appendix G, and no Assessment shall be changed except as authorized by this Service and Assessment Plan and the PID Act.

WHEREAS, the City Council further finds that there were no objections or evidence submitted to the City Secretary in opposition to the Service and Assessment Plan, the allocation of the Actual Costs of the Phase #7 Projects (as described in the Service and Assessment Plan), the Assessment Roll, or the levy of the Assessments against the Phase #7 Assessed Property; and

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CELINA, TEXAS:

Section 1. Terms.

Terms not otherwise defined herein are defined in the Service and Assessment Plan.

Section 2. Findings.

The findings and determinations set forth in the preambles hereof are hereby incorporated by reference and made a part of this Ordinance for all purposes as if the same were restated in full in this Section. The City Council hereby finds, determines, and ordains, as follows:

(a) The apportionment of the Actual Costs of the Phase #7 Projects (as reflected in the Service and Assessment Plan), and the Administrative Expenses (as defined in and as described by the Service and Assessment Plan) is fair and reasonable, reflects an accurate presentation of the special benefit each assessed parcel of Phase #7 Assessed Property will receive from the construction of the Phase #7 Projects identified in the Service and Assessment Plan, and is hereby approved;

(b) The Service and Assessment Plan (i) covers a period of at least five years, (ii) defines the annual indebtedness and projected costs for the Phase #7 Projects, and (iii) includes a copy of the notice form required by Section 5.014 of the Texas Property Code, as amended.

(c) The Service and Assessment Plan apportions the Actual Costs of the Phase #7 Projects to be assessed against the Phase #7 Assessed Property as Assessments and such apportionment is made on the basis of special benefits accruing to the property because of the Phase #7 Projects;

(d) All of the real property in Phase #7 of the District which is being assessed in the amounts shown in the Assessment Roll will be benefited by the Phase #7 Projects proposed to be constructed as described in the Service and Assessment Plan, and each assessed parcel of Phase #7 Assessed Property will receive special benefits during the term of the Assessments equal to or greater than the total amount assessed;

(e) The method of apportionment of the Actual Costs of the Phase #7 Projects and Administrative Expenses set forth in the Service and Assessment Plan results in imposing equal shares of the Actual Costs of the Phase #7 Projects and Administrative Expenses on property similarly benefited, and results in a reasonable classification and formula for the apportionment of the Actual Costs;

(f) The Service and Assessment Plan should be approved as the service plan and assessment plan for the District as described in Sections 372.013 and 372.014 of the PID Act;

(g) The Assessment Roll should be approved as the assessment roll for the Phase #7 Assessed Property within the District;

(h) The provisions of the Service and Assessment Plan relating to due and delinquency dates for the Assessments, interest on Annual Installments, interest and penalties on delinquent Assessments and delinquent Annual Installments, and procedures in connection with the imposition and collection of Assessments should be approved and will expedite collection of the Assessments in a timely manner in order to provide the services and improvements needed and required for the District; and

(i) A written notice of the date, hour, place and subject of this meeting of the City Council was posted at a place convenient to the public for the time required by law preceding this meeting, as required by the Open Meetings Act, Chapter 551, Texas Government Code, as amended, and this meeting has been open to the public as required by law at all times during which this Ordinance and the subject matter hereof has been discussed, considered, and formally acted upon.

Section 3. Service and Assessment Plan.

The Service and Assessment Plan is hereby accepted and approved pursuant to Sections 372.013 and 372.014 of the PID Act as the service plan and the assessment plan for the District.

Section 4. Assessment Roll.

The Assessment Roll is hereby accepted and approved pursuant to Section 372.016 of the PID Act as the Assessment Roll of Phase #7 of the District.

Section 5. Levy and Payment of Assessments for Actual Costs of the Phase #7 Projects.

(a) The City Council hereby levies an assessment on each parcel of Phase #7 Assessed Property (excluding Non-Benefitted Property, as defined in the Service and Assessment Plan), as shown and described in the Service and Assessment Plan and the Assessment Roll, in the respective amounts shown on the Assessment Roll, as a special assessment on the properties set forth in the Assessment Roll.

(b) The levy of the Assessments shall be effective on the date of the adoption of this Ordinance levying Assessments and strictly in accordance with the terms of the Service and Assessment Plan and the PID Act.

(c) The collection of the Assessments shall be as described in the Service and Assessment Plan and the PID Act.

(d) Each Assessment may be paid in a lump sum at any time or may be paid in Annual Installments pursuant to the terms of the Service and Assessment Plan.

(e) Each Assessment shall bear interest at the rate or rates specified in the Service and Assessment Plan.

(f) Each Annual Installment shall be collected each year in the manner set forth in the Service and Assessment Plan.

(g) The Administrative Expenses for Assessed Property shall be calculated and collected pursuant to the terms of the Service and Assessment Plan.

Section 6. Method of Assessment.

The method of apportioning the Actual Costs of the Phase #7 Projects and Administrative Expenses are set forth in the Service and Assessment Plan.

Section 7. Penalties and Interest on Delinquent Assessments.

Delinquent Assessments shall be subject to the penalties, interest, procedures, and foreclosure sales set forth in the Service and Assessment Plan and as allowed by law.

Section 8. Prepayments of Assessments.

As provided in Section VI of the Service and Assessment Plan, the owner of any Phase #7 Assessed Property subject to an Assessment may prepay the Assessments levied by this Ordinance.

Section 9. Lien Priority.

The City Council and the Landowners intend for the obligations, covenants and burdens on the Landowners of each parcel of Phase #7 Assessed Property, including without limitation such Landowners' obligations related to payment of the Assessments and the Annual Installments thereof, to constitute covenants that shall run with the land. The Assessments and the Annual Installments thereof which are levied hereby shall be binding upon the Landowners, as the owners of each parcel of Phase #7 Assessed Property, and their respective transferees, legal representatives, heirs, devisees, successors and assigns in the same manner and for the same period as such parties would be personally liable for the payment of ad valorem taxes under applicable law. Assessments shall have lien priority as specified in the Service and Assessment Plan and the PID Act.

Section 10. Appointment of Administrator and Collector of Assessments.

(a) Appointment of Administrator.

MuniCap, Inc., is hereby appointed and designated to initially serve, or until otherwise determined by the City Council, as the Administrator of the Service and Assessment Plan and of the Assessments levied by this Ordinance. The Administrator shall perform the duties of the Administrator described in the Service and Assessment Plan and in this Ordinance. The Administrator's fees, charges and expenses for providing such service shall constitute an Administrative Expense.

(b) Appointment of Collector.

The Collin County Tax Assessor and Collector is hereby appointed and designated as the collector of the Assessments.

Section 11. Applicability of Tax Code.

To the extent not inconsistent with this Ordinance, and not inconsistent with the PID Act or the other laws governing public improvement districts, the provisions of the Texas Tax Code shall be applicable to the imposition and collection of the Assessments by the City.

Section 12. Filing in Land Records. The City Secretary is directed to cause a copy of this Ordinance, including the Service and Assessment Plan and the Assessment Roll, to be recorded in the real property records of Collin County, not later than the seventh day after the date the City Council adopts this Ordinance approving the Service and Assessment Plan. The City Secretary is further directed to similarly file each Annual Service Plan Update (as defined in the Service and Assessment Plan) approved by the City Council not later than the seventh day after the date that the City Council approves each Annual Service Plan Update.

Section 13. Severability.

If any provision, section, subsection, sentence, clause, or phrase of this Ordinance, or the application of the same to any person or set of circumstances is for any reason held to be unconstitutional, void, or invalid, the validity of the remaining portions of this Ordinance or the application to other persons or sets of circumstances shall not be affected thereby, it being the intent of the City Council that no portion hereof, or provision or regulation contained herein shall become inoperative or fail by reason of any unconstitutionality, voidness, or invalidity or any other portion hereof, and all provisions of this ordinance are declared to be severable for that purpose.

Section 14. Effective Date.

This Ordinance shall take effect, and the levy of the Assessments, and the provisions and terms of the Service and Assessment Plan shall be and become effective upon passage hereof.

I. PLAN DESCRIPTION AND DEFINED TERMS

A. INTRODUCTION

On March 10, 2008 the City Council of the City of Celina, Texas passed Resolution No. 2008-06R approving and authorizing the creation of The Lakes at Mustang Ranch Public Improvement District (the “PID”) to finance the costs of certain public improvements for the benefit of property in the PID, all of which is located within the City.

The property in the PID is proposed to be developed in approximately nine phases, and the PID will finance public improvements for each phase as each phase is developed. Assessments will be imposed on all property in the PID for the public improvements that benefit the entire PID and on the property in each phase for the public improvements to be provided for that phase. Additionally, certain improvements that benefit the entire PID and certain improvements that benefit property within each phase will be paid for by the Developer without reimbursement.

Chapter 372 of the Texas Local Government Code, the “Public Improvement District Assessment Act” (as amended, the “PID Act”), governs the creation and operation of public improvement districts within the State of Texas. The Original Service and Assessment Plan, as updated from time to time, and as amended and restated by the 2020 Amended and Restated Service and Assessment Plan (as updated), and as further updated by this Amended and Restated The Lakes at Mustang Ranch Public Improvement District Service and Assessment Plan updated for Phase #7 (the Original Service and Assessment Plan, the 2020 Amended and Restated Service and Assessment Plan and all updates are referred to collectively as the “Service and Assessment Plan”) has been prepared in accordance with the PID Act and specifically Sections 372.013, 372.014, 372.015 and 372.016, which address the requirements of a service and assessment plan and the assessment roll. According to Section 372.013 of the PID Act, a service plan “must (i) cover a period of at least five years; (ii) define the annual indebtedness and the projected costs for improvements; and (iii) include a copy of the notice form required by Section 5.014, Property Code.” The service plan is described in Section IV of this Service and Assessment Plan. The copy of the notice form required by Section 5.014 of the Texas Property Code, as amended, is attached hereto as Appendix E.

Section 372.014 of the PID Act requires that “an assessment plan must be included in the annual service plan.” The assessment plan is described in Section V of this Service and Assessment Plan.

Section 372.015 of the PID Act requires that “the governing body of the municipality or county shall apportion the cost of an improvement to be assessed against property in an improvement district.” The method of assessing the costs of the Authorized Improvements and apportionment of such costs to the property in the PID is included in Section V of this Service and Assessment Plan.

Section 372.016 of the PID Act requires that “after the total cost of an improvement is determined, the governing body of the municipality or county shall prepare a proposed assessment roll. The roll must state the assessment against each parcel of land in the district, as determined by the method of assessment chosen by the municipality or county under this subchapter”. The Assessment Rolls for the PID are included as Appendix F, Appendix G, Appendix H, Appendix I, Appendix J, Appendix

K, Appendix L, and Appendix M of this Service and Assessment Plan. The Assessments as shown on each applicable Assessment Roll are based on the method of assessment and apportionment of costs described in Section V of this Service and Assessment Plan.

C. PID ASSESSMENT NOTICE

The PID Act requires that this Service and Assessment Plan and each Annual Service Plan Update include a copy of the notice form required by Section 5.014 of the Texas Property Code. The “PID Assessment Notice” is attached hereto as Appendix D and may be updated in an Annual Service Plan Update.

V. ASSESSMENT PLAN

A. INTRODUCTION

The PID Act requires the City Council to apportion the costs of the Authorized Improvements on the basis of special benefits conferred upon the property because of the Authorized Improvements. The PID Act provides that the costs of the Authorized Improvements may be assessed: (i) equally per front foot or square foot; (ii) according to the value of the property as determined by the governing body, with or without regard to improvements on the property; or (iii) in any other manner that results in imposing equal shares of the cost on property similarly benefited. The PID Act further provides that the governing body may establish by ordinance or order reasonable classifications and formulas for the apportionment of the cost between the municipality and the area to be assessed and the methods of assessing the special benefits for various classes of improvements.

The proposed bond issuance program entails a series of bond financings and/or obligations under the Reimbursement Agreement that are intended to finance and/or reimburse the costs of the public infrastructure required for the development of property within the PID. This financing will necessarily be undertaken in phases to coincide with the private investment and development of the Authorized Improvements. The City previously issued the Phase #1 Bonds the Phases #2-9 Major Improvement Area Bonds, and the Phase #1 Refunding Bonds to refund the Phase #1 Bonds. The City has also levied assessments on property within Phase #2, Phase #3, Phase #4, Phase #5, and Phase #6 in connection with obligations under the Reimbursement Agreement related to Authorized Improvements undertaken in each Phase and anticipates levying an assessment on property within Phase #7 in connection with obligations under the Reimbursement Agreement relating to the Phase #7 Projects. Subsequent Bonds are anticipated to be issued and/or obligations under the Reimbursement Agreement are anticipated to be incurred over the upcoming decade as the Future Phases of the PID are gradually constructed.

The purpose of this gradual issuance of bonds in phases is to mirror the actual private development of the Authorized Improvements. The Bonds to be issued are most prudently and efficiently utilized when directly coinciding with construction of public infrastructure needed for private development that is to occur once the infrastructure is completed; it is most effective to issue the Bonds when the infrastructure is needed, not before. Furthermore, there is no economic advantage, and several disadvantages, to issuing debt and encumbering property within the PID prior to the need for the Authorized Improvements.

For purposes of this Service and Assessment Plan, the City Council has determined that the costs of the Authorized Improvements shall be allocated as described below:

1. The Actual Costs of the Authorized Improvements shall be allocated to the Assessed Property on the basis of Equivalent Units calculated using the average home price of each Lot Type once such property is developed, and that such method of allocation will result in the imposition of equal shares of the costs of the Authorized Improvements to Parcels similarly benefited.

2. The City Council has concluded that larger more expensive homes are likely to be built on the larger lots, and that larger more expensive homes are likely to make greater use of and receive greater benefit from the Authorized Improvements. In determining the relative values of Parcels, the City Council has taken in to consideration: (i) the type of development (i.e., residential, commercial, etc.), (ii) single-family lot sizes and the size of homes likely to be built on lots of different sizes, (iii) current and projected home prices provided by the Developer, (iv) the Authorized Improvements to be provided and the estimated costs, and (v) the ability of different property types to utilize and benefit from the improvements.
3. The Assessed Property is classified into different Lot Types as described in Appendix E based on the type and size of proposed development on each Parcel.
4. Equivalent Units are calculated for each Lot Type based on the relative value of each Lot Type.
5. The Actual Costs of the Initial Major Improvements are proportionally allocated to the Phases #2-9 Major Improvement Area Assessed Property and the Phase #1 Assessed Property based on the ratio of total original Equivalent Units calculated for the Phases #2-9 Major Improvement Area Assessed Property and the Phase #1 Assessed Property.
6. The Phases #2-9 Major Improvement Area Assessed Property's proportional share of the costs for the Initial Major Improvements is allocated to each Parcel within the Phase #2, Phase #3, Phase #4, and Phase #5 based on the total 2016 revised Equivalent Units calculated for each Parcel.
7. The Phases #2-9 Major Improvement Area Assessed Property's proportional share of the costs for the Initial Major Improvements (excluding Phase #2, Phase #3, Phase #4, and Phase #5 allocable shared) is allocated to each Parcel within the Phase #6, Phase #7, and the Future Phases based on the ratio of the total 2022 revised Equivalent Units calculated for each Parcel for the Phase #6 Assessed Property, Phase #7 Assessed Property, and the Assessed Property within the Future Phases.
8. The Phases #2-9 Major Improvement Area Assessed Property's proportional share of the costs for the Additional Major Improvements is allocated to each Parcel within the Phases #2-9 Major Improvement Area based on the total 2022 revised Equivalent Units calculated for each Parcel.
9. The Actual Costs of the Phase #1 Improvements are allocated to each Parcel within the Phase #1 Assessed Property based on the total 2016 revised Equivalent Units calculated for each Parcel.
10. The Phase #1 Assessed Property's proportional share of the costs of the Initial Major Improvements are allocated to each Parcel within the Phase #1 Assessed Property based on the total 2016 revised Equivalent Units calculated for each Parcel.
11. The Phase #1 Assessed Property's proportional share of the costs of the Additional Major Improvements are allocated to each Parcel within the Phase #1 Assessed Property based on the total 2022 revised Equivalent Units calculated for each Parcel.

12. The Phase #2 Improvements are allocated to each Parcel within the Phase #2 Assessed Property based on the original total Equivalent Units calculated for each Parcel.
13. The Phase #3 Improvements are allocated to each Parcel within the Phase #3 Assessed Property based on the original total Equivalent Units calculated for each Parcel.
14. The Phase #4 Improvements are allocated to each Parcel within the Phase #4 Assessed Property based on the original total Equivalent Units calculated for each Parcel.
15. The Phase #5 Improvements are allocated to each Parcel within the Phase #5 Assessed Property based on the original total Equivalent Units calculated for each Parcel.
16. The Phase #6 Improvements are allocated to each Parcel within the Phase #6 Assessed Property based on the total 2022 revised Equivalent Units calculated for each Parcel.
17. The Phase #7 Improvements are allocated to each Parcel within the Phase #7 Assessed Property based on the total 2022 revised Equivalent Units calculated for each Parcel.

Table V-A provides the original allocation of costs of the Initial Major Improvements and Phase #1 Improvements. Table V-B provides the allocation of the costs of the Initial Major Improvements to property within Phase #2, Phase #3, Phase #4, Phase #5. Table V-C provides the allocation of the costs of the Initial Major Improvements to Phase #6, Phase #7, and the Future Phases. Table V-D provides the allocation of the costs of the Additional Major Improvements to property within Phase #1, Phase #2, Phase #3, Phase #4, Phase #5, Phase #6, Phase #7, and the Future Phases.

At this time, it is impossible to determine with absolute certainty the amount of special benefit each Parcel within Future Phases will receive from internal subdivision Authorized Improvements that will benefit each individual phase and that are to be financed with Bonds. Therefore, at this time Parcels are only assessed or expected to be assessed for the special benefits conferred upon the Parcel because of its allocable portion of the Initial Major Improvements, Additional Major Improvements, Phase #1 Improvements, Phase #2 Improvements, Phase #3 Improvements, Phase #4 Improvements, Phase #5 Improvements, Phase #6 Improvements and Phase #7 Improvements.

In connection with the issuance of Bonds and/or obligations incurred under the Reimbursement Agreement, this Service and Assessment Plan will be updated to reflect the special benefit each Parcel of Assessed Property within a Future Phase receives from the specific Authorized Improvements funded with those Bonds issued and/or obligation under the Reimbursement Agreement with respect to that Future Phase. Prior to assessing Parcels located within Future Phases in connection with issuance of Bonds and/or incurring an obligation under the Reimbursement Agreement, each owner of the Parcels to be assessed must acknowledge that the Authorized Improvements to be financed confer a special benefit on their Parcel and must consent to the imposition of the Assessments to pay for the Actual Costs of such Authorized Improvements.

This section of this Service and Assessment Plan currently: (i) describes the special benefit received by each Parcel within the PID as a result of the Initial Major Improvements, Additional Major Improvements, Phase #1 Improvements, the Phase #2 Improvements, the Phase #3 Improvements, the Phase #4 Improvements, the Phase #5 Improvements, the Phase #6 Improvements, and the Phase

#7 Improvements, (ii) provides the basis and justification for the determination that this special benefit exceeds the amount of the Assessments levied or being levied on the Phase #1 Assessed Property, Phases #2-9 Major Improvement Area Assessed Property, the Phase #2 Assessed Property, the Phase #3 Assessed Property, the Phase #4 Assessed Property, the Phase #5 Assessed Property, the Phase #6 Assessed Property, and the Phase #7 Assessed Property for that property's allocable portion of such improvements, and (iii) establishes the methodologies by which the City Council allocates and reallocates the special benefit of the Initial Major Improvements, Additional Major Improvements, Phase #1 Improvements, the Phase #2 Improvements, the Phase #3 Improvements, the Phase #4 Improvements, the Phase #5 Improvements, the Phase #6 Improvements, and the Phase #7 Improvements to Parcels in a manner that results in equal shares of the Actual Costs of such improvements being apportioned to Parcels similarly benefited. The determination by the City Council of the assessment methodologies set forth below is the result of the discretionary exercise by the City Council of its legislative authority and governmental powers and is conclusive and binding on the Developer and all future owners and developers of the Assessed Property.

As Future Phases are developed, in connection with the issuance of Bonds and/or obligations are incurred under the Reimbursement Agreement, this Service and Assessment Plan will be updated based on the City's determination of the assessment methodology for each Future Phase.

B. SPECIAL BENEFIT

Assessed Property must receive a direct and special benefit from the Authorized Improvements, and this benefit must be equal to or greater than the amount of the Assessments. The Authorized Improvements are provided specifically for the benefit of the Assessed Property. The Authorized Improvements (more particularly described in line-item format in Appendix B to this Service and Assessment Plan) and the costs of issuance and payment of costs incurred in the establishment of the PID are authorized by the PID Act. These improvements are provided specifically for the benefit of the Assessed Property.

Each owner of the Assessed Property has acknowledged that the Authorized Improvements confer a special benefit on the Assessed Property and has consented to the imposition of the Assessments to pay for the Actual Costs associated therewith. Each of the owners is acting in its interest in consenting to this apportionment and levying of the Assessments because the special benefit conferred upon the Assessed Property by the Authorized Improvements exceeds the amount of the Assessments.

The Authorized Improvements provide a special benefit to the Assessed Property as a result of the close proximity of these improvements to the Assessed Property and the specific purpose of these improvements of providing infrastructure for the Assessed Property. In other words, the Assessed Property could not be used in the manner proposed without the construction of the Authorized Improvements. The Authorized Improvements are being provided specifically to meet the needs of the Assessed Property as required for the proposed use of the property.

The Assessments are being levied to provide the Authorized Improvements that are required for the highest and best use of the Assessed Property (i.e., the use of the property that is most valuable,

including any costs associated with that use). Highest and best use can be defined as “the reasonably probable and legal use of property, which is physically possible, appropriately supported, financially feasible, and that results in the highest value.” (Dictionary of Real Estate Appraisal, Third Edition.) The Authorized Improvements are expected to be required for the proposed use of the Assessed Property to be physically possible, appropriately supported, financially feasible, and maximally productive.

The Developer has evaluated the potential use of the property and has determined that the highest and best use of the property is the use intended and the legal use for the property as described in Section II of this Service and Assessment Plan. The use of the Assessed Property as described herein will require the construction of the Authorized Improvements.

The Assessments will repay financing that is on advantageous terms, as the Bonds issued to finance the public improvements will pay interest that is exempt from federal income tax. As a result, all other terms being equal (e.g., maturity, fixed vs. variable rate, credit quality), the tax- exempt bonds will have a lower interest rate than debt that is not tax-exempt. The Bonds also have a longer term than other available financings and may either be repaid or assumed by a buyer at the buyer’s option. As a result of these advantageous terms, the financing provided by the PID is the most beneficial means of financing the Authorized Improvements.

Each owner of the Assessed Property will ratify, confirm, accept, agree to and approve; (i) the determinations and finding by the City Council as to the special benefits described in this Service and Assessment Plan and the Assessment Ordinance; (ii) the Service and Assessment Plan and the Assessment Ordinance, and (iii) the levying of Assessments on the Assessed Property. Use of the Assessed Property as described in this Service and Assessment Plan and as authorized by the PID Act requires that Authorized Improvements be acquired, constructed, installed, and/or improved. Funding the Actual Costs of the Authorized Improvements through the PID has been determined by the City Council to be the most beneficial means of doing so. As a result, the Assessments result in a special benefit to the Assessed Property, and this special benefit exceeds the amount of the Assessment. This conclusion is based on and supported by the evidence, information, and testimony provided to the City Council.

In summary, the Authorized Improvements result in a special benefit to the Assessed Property for the following reasons:

1. The Authorized Improvements are being provided specifically for the use of the Assessed Property, are necessary for the proposed best use of the property and provide a special benefit to the Assessed Property as a result;
2. The property owner has consented to the imposition of the Assessments for the purpose of providing the Authorized Improvements and the property owner is acting in its interest by consenting to this imposition;
3. The Authorized Improvements are required for the highest and best use of the Assessed Property;

4. The highest and best use of the Assessed Property is the use of the Assessed Property that is most valuable (including any costs associated with the use of the Assessed Property);
5. Financing of the costs of the Authorized Improvement through the PID is determined to be the most beneficial means of providing for the Authorized Improvements; and,
6. As a result, the special benefits to the Assessed Property from the Authorized Improvements will be equal to or greater than the Assessments.

C. ALLOCATION OF INITIAL MAJOR IMPROVEMENTS TO ASSESSED PROPERTY

The Initial Major Improvements will provide a special benefit to all property in the PID. Accordingly, the Actual Costs of the Initial Major Improvements must be allocated throughout all Assessed Property in the District. Table V-A summarizes the allocation of Actual Costs for each Initial Major Improvement to Phase #1 and the Phases #2-9 Major Improvement Area.

Phase #1 contains 335 residential units, and the Phases #2-9 Major Improvement Area was, as part of the 2016 development plan update, projected to contain 1,437 residential units as shown in Appendix E on Table E-6 and Table E-8, respectively. As shown in Appendix E on Table E-22, the total projected 2016 revised Equivalent Units for Phase #1 was calculated as 210.80 and the total projected 2016 revised Equivalent Units for the Phases #2-9 Major Improvement Area was calculated as 888.39, as shown on Table E-25. The total projected 2016 revised Equivalent Units in the PID was, therefore, calculated to be 1,099.19 (i.e., $210.80 + 888.39 = 1,099.19$). As a result, 19.18 percent of the Actual Costs of the Initial Major Improvements (i.e., $210.80 \div 1,099.19 = 19.18\%$) were allocated to the Phase #1 Assessed Property and 80.82 percent of the Actual Costs of the Initial Major Improvements (i.e., $888.39 \div 1,099.19 = 80.82\%$) were allocated to the Phases #2-9 Major Improvement Area Assessed Property. Table V-A summarizes the original allocation of Budgeted Costs of the Initial Major Improvements to Phase #1 and the Phases #2-9 Major Improvement Area.

Projected total Equivalent Units	888.39
% of total Equivalent Units	80.82%
Proportionate share of costs ¹	\$13,578,272

¹The Phases #2-9 Major Improvement area share of Initial Major Improvement Costs is \$13,578,272, which includes \$1,347,708 in estimated bond issuance costs included in the original budget that has subsequently been substituted with other soft and miscellaneous costs.

As shown in Table V-A the total amount of the Actual Costs of the Initial Major Improvements originally allocated to the Phases #2-9 Major Improvement Area was \$13,578,272.

Phase #2 contains 360 residential units. As shown in Table E-28 of Appendix E, the original total projected Equivalent Units for Phase #2 was calculated as 214.67. The Phases #2-9 Major Improvement Area was projected to contain 1,437 residential units in the 2016 development plan update, resulting in a total 2016 updated Equivalent Units of 888.39 as shown in Table E-25 of Appendix E. As a result, the percentage used to reallocate the Phases #2-9 Major Improvement Area's share of the Initial Major Improvements applicable to the Phase #2 Assessed Property was calculated as 24.16 percent of the costs of the Phases #2-9 Major Improvement Area Initial Major Improvements (i.e., $214.67 \div 888.39 = 24.16\%$) originally allocated to the Phases #2-9 Major Improvement Area Assessed Property. These costs are applicable to the Phase #2 Assessed Property and were reallocated Phase #2 Assessed Property.

Phase #3 contains 195 residential units. As shown in Table E-30 of Appendix E, the original total projected Equivalent Units for Phase #3 was calculated as 131.67. The Phases #2-9 Major Improvement Area was projected to contain 1,437 residential units in the 2016 development plan update, resulting in a total 2016 updated Equivalent Units was 888.39 as shown in Table E-25 of Appendix E. As a result, the percentage used to reallocate the Phases #2-9 Major Improvement Area's share of the Initial Major Improvements applicable to the Phase #3 Assessed Property was calculated as 14.82 percent of the costs of the Phases #2-9 Major Improvement Area Initial Major Improvements (i.e., $131.67 \div 888.39 = 14.82\%$) originally allocated to the Phases #2-9 Major

Improvement Area Assessed Property. These costs are applicable to the Phase #3 Assessed Property and were reallocated Phase #3 Assessed Property as shown in Table V-B.

Phase #4 contains 9 residential units. As shown in Table E-32 of Appendix E, the original total projected Equivalent Units for Phase #2 was calculated as 5.94. The Phases #2-9 Major Improvement Area was projected to contain 1,437 residential units in the 2016 development plan update, resulting in a total 2016 updated Equivalent Units was 888.39 as shown in Table E-25 of Appendix E. As a result, the percentage used to reallocate the Phases #2-9 Major Improvement Area's share of the Initial Major Improvements applicable to the Phase #4 Assessed Property was calculated as 0.67 percent of the costs of the Phases #2-9 Major Improvement Area Initial Major Improvements (i.e., $5.94 \div 888.39 = 0.67\%$) originally allocated to the Phases #2-9 Major Improvement Area Assessed Property. These costs are applicable to the Phase #2 Assessed Property and were reallocated Phase #2 Assessed Property as shown in Table V-B.

Phase #5 contains 96 residential units. As shown in Table E-35 of Appendix E, the 2021 revised total projected Equivalent Units for Phase #5 is calculated as 72.84. The Phases #2-9 Major Improvement Area was originally projected to contain 1,437 residential units in the 2016 development plan update, resulting in a total 2016 updated Equivalent Units was 888.39 as shown in Table E-25 of Appendix E. As a result, the percentage used to reallocate the Phases #2-9 Major Improvement Area's share of the Initial Major Improvements applicable to the Phase #5 Assessed Property was calculated as 8.20 percent of the costs of the Phases #2-9 Major Improvement Area Initial Major Improvements (i.e., $72.84 \div 888.39 = 8.20\%$) originally allocated to the Phases #2-9 Major Improvement Area Assessed Property. These costs are applicable to the Phase #5 Assessed Property and were reallocated Phase #5 Assessed Property as shown in Table V-B.

As shown in Table V-B, the total Initial Major Improvements allocable to Phases #2-9 Major Improvement Area was \$13,578,272 and the specific phase proportional amount allocable to Phase #2, Phase #3, Phase #4, and Phase #5 were \$3,281,045, \$2,012,462, \$90,788, and \$1,113,296, respectively. As a result, the total Initial Major Improvements allocable to Phases #2-9 Major Improvement Area remaining to be reallocated to Phase #6, Phase #7, and the Future Phases is \$7,080,681 (i.e., $\$13,578,272 - \$3,281,045 - \$2,012,462 - \$90,788 - \$1,113,296 = \$7,080,681$).

¹Represents the original allocated amount of Initial Major Improvements to the Phases #2-9 Major Improvement Area as shown in Table V-A.

As part of the 2022 development plan update, the Phases #2-9 Major Improvement Area is now projected to contain 1,366 residential units resulting in a total 2022 revised Equivalent Units of 534.07 as shown in Table E-26 of Appendix E. The total 2022 revised Equivalent Units for Phase #2, Phase #3 Phase #4, and Phase #5 are calculated to be 128.56, 77.97, 3.53, and 42.48 as shown in Table E-29, Table E-31, Table E-33, and Table E-36 of Appendix E, respectively. As a result, the Phases #2-9 Major Improvement Area's 2022 revised Equivalent Units applicable to Phase #6, Phase #7, and Future Phases is 281.53 (i.e., $534.07 - 128.56 - 77.97 - 3.53 - 42.48 = 281.53$).

Phase #6 contains 257 residential units. As shown in Table E-37 of Appendix E, the total Equivalent Units for Phase #6 is calculated as 83.22. As shown above, the Phases #2-9 Major Improvement Area 2022 revised Equivalent Units applicable to Phase #6 and Future Phases, collectively, is 281.65. As a result, the percentage used to reallocate the Phases #2-9 Major Improvement Area's share of the Initial Major Improvements applicable to the Phase #6 Assessed Property is 29.55 percent (i.e., $83.22 \div 281.65 = 29.55\%$).

Phase #7 contains 171 residential units. As shown in Table E-38 of Appendix E, the total Equivalent Units for Phase #7 is calculated as 93.51. As shown above, the Phases #2-9 Major Improvement Area 2022 revised Equivalent Units applicable to Phase #7 and Future Phases, collectively, is 281.65. As a result, the percentage used to reallocate the Phases #2-9 Major Improvement Area's share of the Initial Major Improvements applicable to the Phase #7 Assessed Property is 29.56 percent (i.e., $93.51 \div 281.65 = 33.20\%$) and the percentage used to reallocate the Phases #2-9 Major Improvement Area's share of the Initial Major Improvements applicable to the Future Phases is 37.25 percent (i.e., $104.92 \div 281.65 = 37.25\%$) as shown in Table V-C.

D. ALLOCATION OF ADDITIONAL MAJOR IMPROVEMENTS TO ASSESSED PROPERTY

As shown in Table E-23 and Table E-27 of Appendix E, the 2022 revised total Equivalent Units for Phase #1 and Phases #2-9 Major Improvement Area are calculated as 132.57 and 534.19, respectively, resulting in 666.76 2022 revised total Equivalent Units for the entire PID (i.e., $132.57 + 534.19 = 666.76$). As a result, the percentage used to reallocate the Additional Major Improvements applicable to the Phase #1 Assessed Property is calculated as 19.88 percent of the costs of the Additional Major Improvements (i.e., $132.57 \div 666.76 = 19.88\%$) and the percentage used to reallocate the Additional Major Improvements applicable to the Phases #2-9 Major Improvement Area Assessed Property is calculated as 80.12 percent of the costs of the Additional Major Improvements (i.e., $534.19 \div 666.76 = 80.12\%$) as shown in Table V-D.

As shown in Table E-29 of Appendix E, the 2022 revised total Equivalent Units for Phase #2 is calculated as 128.56. As shown above, the 2022 revised total Equivalent Units for the entire PID is 666.76. As a result, the percentage used to reallocate the Additional Major Improvements applicable to the Phase #2 Assessed Property is calculated as 19.28 percent of the costs of the Additional Major Improvements (i.e., $128.56 \div 666.76 = 19.28\%$) as shown in Table V-D.

As shown in Table E-31 of Appendix E, the 2022 revised total Equivalent Units for Phase #3 is calculated as 77.97. As shown above, the 2022 revised total Equivalent Units for the entire PID is 666.76. As a result, the percentage used to reallocate the Additional Major Improvements applicable to the Phase #3 Assessed Property is calculated as 11.69 percent of the costs of the Additional Major Improvements (i.e., $77.97 \div 666.76 = 11.69\%$) as shown in Table V-D.

As shown in Table E-33 of Appendix E, the 2022 revised total Equivalent Units for Phase #4 is calculated as 3.53. As shown above, the 2022 revised total Equivalent Units for the entire PID is 666.76. As a result, the percentage used to reallocate the Additional Major Improvements applicable to the Phase #4 Assessed Property is calculated as 0.53 percent of the costs of the Additional Major Improvements (i.e., $3.53 \div 666.76 = 0.53\%$) as shown in Table V-D.

As shown in Table E-36 of Appendix E, the 2022 revised total Equivalent Units for Phase #5 is calculated as 42.48. As shown above, the 2022 revised total Equivalent Units for the entire PID is 666.76. As a result, the percentage used to reallocate the Additional Major Improvements applicable to the Phase #5 Assessed Property is calculated as 6.37 percent of the costs of the Additional Major Improvements (i.e., $42.48 \div 666.76 = 6.37\%$) as shown in Table V-D.

As shown in Table E-37 of Appendix E, the total Equivalent Units for Phase #6 is calculated as 83.22. As shown above, the 2022 revised total Equivalent Units for the entire PID is 666.76. As a result, the percentage used to reallocate the Additional Major Improvements applicable to the Phase #6 Assessed Property is calculated as 12.48 percent of the costs of the Additional Major Improvements (i.e., $83.22 \div 666.76 = 12.48\%$) as shown in Table V-D.

As shown in Table E-38 of Appendix E, the total Equivalent Units for Phase #7 is calculated as 93.51. As shown above, the 2022 revised total Equivalent Units for the entire PID is 666.76. As a result, the percentage used to reallocate the Additional Major Improvements applicable to the Phase #7 Assessed Property is calculated as 14.02 percent of the costs of the Additional Major Improvements (i.e., $93.51 \div 666.76 = 14.02\%$) as shown in Table V-D.

The remaining portion of the Additional Major Improvements allocated to the Phases #2-9 Major Improvement Area are allocated to the Future Phases. The percentage used to reallocate the Additional Major Improvements applicable to the Future Phases within the Phases #2-9 Major Improvement Area is calculated as 15.74 percent of the costs of the Additional Major Improvements (i.e., $80.12\% - 19.28\% - 11.69\% - 0.53\% - 6.37\% - 12.48\% - 14.02\% = 15.74\%$) as shown in Table V-D.

E. ASSESSMENT METHODOLOGY

The Actual Costs may be assessed by the City Council against the Assessed Property so long as the special benefit conferred upon the Assessed Property by the Authorized Improvements equals or exceeds the Assessments. The Actual Costs may be assessed using any methodology that results in the imposition of equal shares of the Actual Costs on Assessed Property similarly benefited.

1. *Assessment Methodology for the Phases #2-9 Major Improvement Area*

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Phases #2-9 Major Improvement Area Initial Projects and the Phases #2-9 Major Improvement Area Additional Projects financed with the Phases #2-9 Major Improvement Area Bonds and by the Developer under the Reimbursement Agreement and otherwise without reimbursement shall be allocated to the Phases #2-9 Major Improvement Area Assessed Property by spreading the entire Assessment across the Parcels within the Phases #2-9 Major Improvement Area based on the estimated number of Equivalent Units anticipated to be developed on each Parcel.

Based on the Actual Costs of the Phases #2-9 Major Improvement Area Initial Projects and the Budgeted Costs of the Phases #2-9 Major Improvement Area Additional Projects, as set forth in Table III-A and III-B, the City Council has determined that the benefit to the Phases #2-9 Major Improvement Area Assessed Property from the Phases #2-9 Major Improvement Area Initial Projects and the Phases #2-9 Major Improvement Area Additional Projects is at least equal to the Assessments levied on the Phases #2-9 Major Improvement Area Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Lot Type based on the ratio of the Equivalent Unit applicable to each Lot Type at the time residential Lots are platted to the total Equivalent Units of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council. As part of the determination as to the ability of different Lot Types to utilize and benefit from the Authorized Improvements, the City Council has taken into consideration that larger, more expensive homes, on average, will create more vehicle trips and greater demands for water and wastewater consumption, and larger, more expensive homes are likely to be built on larger, more valuable lots placing greater demand on the Authorized Improvements.

The Assessment and Annual Installments for each Parcel or Lot located within Phases #2-9 is shown on the Phases #2-9 Major Improvement Area Assessment Roll, attached as Appendix F, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

2. *Assessment Methodology for Phase #1*

For purpose of this Service and Assessment Plan, the City Council has determined that the Budgeted Costs of the Phase #1 Initial Projects and Phase #1 Additional Projects, shall be allocated to the

Phase #1 Assessed Property by spreading the entire Assessment across the Parcels within Phase #1 based on the estimated Equivalent Units anticipated to be developed on each Parcel.

Based on the Actual Costs of the Phase #1 Initial Projects and the Budgeted Costs of the Phase #1 Additional Projects, as set forth in Table III-D, the City Council has determined that the benefit to Phase #1 Assessed Property from the Phase #1 Initial Projects and the Phase #1 Additional Projects is at least equal to the Assessments levied on the Phase #1 Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Lot Type based on the ratio of the Equivalent Unit applicable to each Lot Type at the time residential Lots are platted to the total Equivalent Units of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council. The result of this approach will be that each final residential Lot within a recorded subdivision plat with similar values will have the same Assessment, with larger, more valuable Lots having a proportionately larger share of the Assessments than smaller, less valuable Lots. As part of the determination as to the ability of different Lot Types to utilize and benefit from the Authorized Improvements, the City Council has taken into consideration that larger, more expensive homes, on average, will create more vehicle trips and greater demands for water and wastewater consumption, and larger, more expensive homes are likely to be built on larger, more valuable lots placing greater demand on the Authorized Improvements.

The Assessment and Annual Installments for each Parcel or Lot located within Phase #1 is shown on the Phase #1 Assessment Roll, attached as Appendix G, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

Appendix E shows the detailed calculation of the Assessment per Equivalent Unit and the Assessment for each Lot Type.

3. *Assessment Methodology for Phase #2*

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Phase #2 Improvements shall be allocated to the Phase #2 Assessed Property by spreading the entire Assessment across the Parcels within Phase #2 based on the estimated Equivalent Units anticipated to be developed on each Parcel.

Based on the Actual Costs of the Phase #2 Initial Projects and the Budgeted Costs of the Phase #2 Additional Projects, as set forth in Table III-E, the City Council has determined that the benefit to Phase #2 Assessed Property from the Phase #2 Improvements is at least equal to the Assessments levied on the Phase #2 Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Lot Type based on the ratio of the Equivalent Unit applicable to each Lot Type at the time residential

Lots are platted to the total Equivalent Units of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council. The result of this approach will be that each final residential Lot within a recorded subdivision plat with similar values will have the same Assessment, with larger, more valuable Lots having a proportionately larger share of the Assessments than smaller, less valuable Lots. As part of the determination as to the ability of different Lot Types to utilize and benefit from the Authorized Improvements, the City Council has taken into consideration that larger, more expensive homes, on average, will create more vehicle trips and greater demands for water and wastewater consumption, and larger, more expensive homes are likely to be built on larger, more valuable lots placing greater demand on the Authorized Improvements.

The Assessment and Annual Installments for each Parcel or Lot located within Phase #2 is shown on the Phase #2 Assessment Roll, attached as Appendix H, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

4. Assessment Methodology for Phase #3

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Phase #3 Improvements shall be allocated to the Phase #3 Assessed Property by spreading the entire Assessment across the Parcels within Phase #3 based on the estimated Equivalent Units anticipated to be developed on each Parcel.

Based on the Actual Costs of the Phase #3 Initial Projects and the Budgeted Costs of the Phase #3 Additional Projects as set forth in Table III-F, the City Council has determined that the benefit to Phase #3 Assessed Property from the Phase #3 Improvements is at least equal to the Assessments levied on the Phase #3 Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Lot Type based on the ratio of the Equivalent Unit applicable to each Lot Type at the time residential Lots are platted to the total Equivalent Units of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council. The result of this approach will be that each final residential Lot within a recorded subdivision plat with similar values will have the same Assessment, with larger, more valuable Lots having a proportionately larger share of the Assessments than smaller, less valuable Lots. As part of the determination as to the ability of different Lot Types to utilize and benefit from the Authorized Improvements, the City Council has taken into consideration that larger, more expensive homes, on average, will create more vehicle trips and greater demands for water and wastewater consumption, and larger, more expensive homes are likely to be built on larger, more valuable lots placing greater demand on the Authorized Improvements.

The Assessment and Annual Installments for each Parcel or Lot located within Phase #3 is shown on the Phase #3 Assessment Roll, attached as Appendix I, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

5. *Assessment Methodology for Phase #4*

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Phase #4 Improvements shall be allocated to the Phase #4 Assessed Property by spreading the entire Assessment across the Parcels within Phase #4 based on the estimated Equivalent Units anticipated to be developed on each Parcel.

Based on the Actual Costs of the Phase #4 Initial Projects and the Budgeted Costs of the Phase #4 Additional Projects, as set forth in Table III-G, the City Council has determined that the benefit to Phase #4 Assessed Property from the Phase #4 Improvements is at least equal to the Assessments levied on the Phase #4 Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Lot Type based on the ratio of the Equivalent Unit applicable to each Lot Type at the time residential Lots are platted to the total Equivalent Units of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council. The result of this approach will be that each final residential Lot within a recorded subdivision plat with similar values will have the same Assessment, with larger, more valuable Lots having a proportionately larger share of the Assessments than smaller, less valuable Lots. As part of the determination as to the ability of different Lot Types to utilize and benefit from the Authorized Improvements, the City Council has taken into consideration that larger, more expensive homes, on average, will create more vehicle trips and greater demands for water and wastewater consumption, and larger, more expensive homes are likely to be built on larger, more valuable lots placing greater demand on the Authorized Improvements.

The Assessment and Annual Installments for each Parcel or Lot located within Phase #4 is shown on the Phase #4 Assessment Roll, attached as Appendix J, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

6. *Assessment Methodology for Phase #5*

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Phase #5 Improvements shall be allocated to the Phase #5 Assessed Property by spreading the entire Assessment across the Parcels within Phase #5 based on the estimated Equivalent Units anticipated to be developed on each Parcel.

Based on the Actual Costs of the Phase #5 Initial Projects and the Budgeted Costs of the Phase #5 Additional Projects, as set forth in Table III-H, the City Council has determined that the benefit to Phase #5 Assessed Property from the Phase #5 Improvements is at least equal to the Assessments levied on the Phase #5 Assessed Property

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each

Lot Type based on the ratio of the Equivalent Unit applicable to each Lot Type at the time residential Lots are platted to the total Equivalent Units of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council. The result of this approach will be that each final residential Lot within a recorded subdivision plat with similar values will have the same Assessment, with larger, more valuable Lots having a proportionately larger share of the Assessments than smaller, less valuable Lots. As part of the determination as to the ability of different Lot Types to utilize and benefit from the Authorized Improvements, the City Council has taken into consideration that larger, more expensive homes, on average, will create more vehicle trips and greater demands for water and wastewater consumption, and larger, more expensive homes are likely to be built on larger, more valuable lots placing greater demand on the Authorized Improvements.

The Assessment and Annual Installments for each Parcel or Lot located within Phase #5 is shown on the Phase #5 Assessment Roll, attached as Appendix K, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

7. Assessment Methodology for Phase #6

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Phase #6 Projects shall be allocated to the Phase #6 Assessed Property by spreading the entire Assessment across the Parcels within Phase #6 based on the estimated Equivalent Units anticipated to be developed on each Parcel.

Based on the Budgeted Costs of the Phase #6 Projects, as set forth in Tables III-I, the City Council has determined that the benefit to Phase #6 Assessed Property from the Phase #6 Projects is at least equal to the Assessments levied on the Phase #6 Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Lot Type based on the ratio of the Equivalent Unit applicable to each Lot Type at the time residential Lots are platted to the total Equivalent Units of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council. The result of this approach will be that each final residential Lot within a recorded subdivision plat with similar values will have the same Assessment, with larger, more valuable Lots having a proportionately larger share of the Assessments than smaller, less valuable Lots. As part of the determination as to the ability of different Lot Types to utilize and benefit from the Authorized Improvements, the City Council has taken into consideration that larger, more expensive homes, on average, will create more vehicle trips and greater demands for water and wastewater consumption, and larger, more expensive homes are likely to be built on larger, more valuable lots placing greater demand on the Authorized Improvements.

The Assessment and Annual Installments for each Parcel or Lot located within Phase #6 is shown on the Phase #6 Assessment Roll, attached as Appendix L, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

8. *Assessment Methodology for Phase #7*

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Phase #7 Projects shall be allocated to the Phase #7 Assessed Property by spreading the entire Assessment across the Parcels within Phase #7 based on the estimated Equivalent Units anticipated to be developed on each Parcel.

Based on the Budgeted Costs of the Phase #7 Projects, as set forth in Tables III-I, the City Council has determined that the benefit to Phase #7 Assessed Property from the Phase #7 Projects is at least equal to the Assessments levied on the Phase #7 Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Lot Type based on the ratio of the Equivalent Unit applicable to each Lot Type at the time residential Lots are platted to the total Equivalent Units of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council. The result of this approach will be that each final residential Lot within a recorded subdivision plat with similar values will have the same Assessment, with larger, more valuable Lots having a proportionately larger share of the Assessments than smaller, less valuable Lots. As part of the determination as to the ability of different Lot Types to utilize and benefit from the Authorized Improvements, the City Council has taken into consideration that larger, more expensive homes, on average, will create more vehicle trips and greater demands for water and wastewater consumption, and larger, more expensive homes are likely to be built on larger, more valuable lots placing greater demand on the Authorized Improvements.

The Assessment and Annual Installments for each Parcel or Lot located within Phase #7 is shown on the Phase #7 Assessment Roll, attached as Appendix M, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

9. *Assessment Methodology for Future Phases*

When any given Future Phase is developed, and Bonds for that Future Phase are to be issued and/or a related obligation is incurred under the Reimbursement Agreement, this Service and Assessment Plan will be amended to determine the assessment methodology that results in the imposition of equal shares of the Actual Costs on Assessed Property similarly benefited within that Phase.

F. ASSESSMENTS

The Assessments for the Phases #2-9 Major Improvement Area, Phase #1, Phase #2, Phase #3, Phase #4, Phase #5, Phase #6 and Phase #7 are levied on each Parcel according to the Phases #2-9 Major Improvement Area Assessment Roll, the Phase #1 Assessment Roll, the Phase #2 Assessment Roll, the Phase #3 Assessment Roll, the Phase #4 Assessment Roll, the Phase #5 Assessment Roll, the Phase #6 Assessment Roll, and the Phase #7 Assessment Roll attached hereto as Appendix F, Appendix G, Appendix H, Appendix I, Appendix J, Appendix K, Appendix L, and Appendix M, respectively. The Annual Installments of the Assessments will be collected at the time and in the

amounts shown on the Assessment Rolls, subject to any revisions made during an Annual Service Plan Update. Non-Benefitted Property will not be subject to any Assessments.

G. ADMINISTRATIVE EXPENSES

The cost of administering the PID and collecting the Annual Installments shall be paid for on a pro rata basis by each Parcel based on the amount of Assessment levied against the Parcel. The Administrative Expenses shall be collected as part of and in the same manner as Annual Installments in the amounts shown on the Assessment Roll, which may be revised based on Actual Costs incurred in Annual Service Plan Updates.

H. PREPAYMENT RESERVE

Pursuant to the PID Act, the interest rate for Assessments that secure a series of Bonds may exceed the actual interest rate per annum paid on the related Bonds by no more than one half of one percent (0.50%). The interest rate used to determine the Assessments which secure a series of Bonds is one half of one percent (0.50%) per annum higher than the actual rate paid on the Bonds (the “Additional Interest Component”) and with respect to the Phases #2-9 Major Improvement Area Bonds, with up to 0.20% (the “Prepayment Component”) of such Additional Interest Component allocated to fund the associated interest charged between the date of prepayment of an Assessment and the date on which Phases #2-9 Major Improvement Area Bonds are prepaid, and with respect to the Phases #2-9 Major Improvement Area Bonds, up to 0.30% (the “Delinquency Component”) of such Additional Interest Component allocated to fund a Delinquency Reserve account as described below. The Prepayment Component shall be deposited to a Prepayment Reserve until it reaches 1.50% of the outstanding Phases #2-9 Major Improvement Area Bonds as stipulated in the Phases #2-9 Major Improvement Bond documents. Once the Prepayment Reserve is funded in full, the Prepayment Component will continue to be collected and the Prepayment Component shall be deposited in a Delinquency Reserve account as described in sub-section I below.

I. DELINQUENCY RESERVE

The City has allocated the Delinquency Component of the Annual Installments, and with respect to the Phases #2-9 Major Improvement Area Bonds, to offset any possible delinquent payments. The Delinquency Reserve shall be funded up to 4% of the outstanding Phases #2-9 Major Improvement Area Bonds. Once the Delinquency Reserve has reached such level, the Delinquency Component may not continue to be collected. The City may allocate a portion of the Delinquency Component of the Annual Installments to pay for Administrative Expenses, improvement costs, and any other use that benefits the Assessed Property or reduce the Assessments, as determined by the City Council.

J. ADDITIONAL INTEREST RESERVE

Funds generated by the Additional Interest Rate related to the Phase #1 Refunding Bonds and Future Phase Bonds are held in reserves held under the applicable Trust Indenture (the “Additional Interest Reserve”), which may be used to fund the associated interest charged between the date of prepayment of an Assessment and the date on which Phase #1 Refunding Bonds or Future Phase

Bonds are prepaid, to offset any possible delinquent payments and pay Administrative Expenses provided for in the applicable Trust Indenture.

The Assessments shall not exceed the benefit received by the Assessed Property.

J. REALLOCATION OF ASSESSMENTS

1. Subdivision

Upon the subdivision of any Parcel, the Assessment for the Parcel prior to the subdivision shall be reallocated among the new subdivided Parcels according to the following formula:

$$A = B \times (C \div D)$$

Where the terms have the following meanings:

A = the Assessment for each new subdivided Parcel

- B = the Assessment for the Parcel prior to subdivision
- C = the estimated number of Equivalent Units to be built on each new subdivided Parcel
- D = the sum of the estimated number of Equivalent Units to be built on all of the new subdivided Parcels

The calculation of the estimated number of Equivalent Units to be built on a Parcel shall be performed by the Administrator and confirmed by the City Council based on the information available regarding the use of the Parcel. The estimate as confirmed shall be conclusive. The number of Equivalent Units to be built on a Parcel may be estimated by net land area and reasonable density ratios.

The sum of the Assessments for all newly subdivided Parcels shall equal the Assessment for the Parcel prior to subdivision. The calculation shall be made separately for each newly subdivided Parcel. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation and to the extent the reallocation would exceed such amount, it shall be prepaid by such amount by the party requesting the subdivision of the Parcels. Any reallocation pursuant to this section shall be reflected in an Annual Service Plan Update approved by the City Council.

2. Consolidation

Upon the consolidation of two or more Parcels, the Assessment for the consolidated Parcel shall be the sum of the Assessments for the Parcels existing prior to consolidation. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation and to the extent the reallocation would exceed such amount, it shall be prepaid by such amount and related Prepayment Costs by the party requesting the consolidation of the Parcels. Any reallocation pursuant to this section shall be reflected in an Annual Service Plan Update approved by the City Council.

K. MANDATORY PREPAYMENT OF ASSESSMENTS

1. If a Parcel subject to Assessments is transferred to a party that is exempt from the payment of the Assessment under applicable law, or if an owner causes a Parcel subject to Assessments to become Non-Benefited Property, the owner of such Parcel shall pay to the City the full amount of the principal portion of the Assessment on such Parcel, plus all Prepayment Costs, prior to any such transfer or act.
2. Payments required as described in Section I or this Section J shall be treated the same as any Assessment that is due and owing under the PID Act, the Assessment Ordinance, and this Service and Assessment Plan, including the same lien priority, penalties, procedures, and foreclosure specified by the PID Act.

L. REDUCTION OF ASSESSMENTS

1. If after all Authorized Improvements to be funded with a series of Bonds and/or an obligation due under the Reimbursement Agreement have been completed and Actual Costs for such Authorized Improvements are less than the Actual Costs or Budgeted Costs of the Authorized

Improvements used to calculate the Assessments securing such series of Bonds and/or obligation under the Reimbursement Agreement, resulting in excess Bond proceeds or Assessment Revenues being available to redeem Bonds of such series and/or a need to reduce the related obligation under the Reimbursement Agreement, as the case may be, then the Assessment securing such series of Bonds and/or obligations under the Reimbursement Agreement for each Parcel of Assessed Property shall be reduced by the City Council pro rata such that the sum of the resulting reduced Assessments for all Assessed Properties equals the actual reduced Actual Costs and such excess Bond proceeds or Assessment Revenues shall applied to redeem Bonds of such series as provided in the Indenture or to reduce the obligation under the Reimbursement Agreement, as applicable. The Assessments shall not be reduced to an amount less than the related outstanding series of Bonds and/or amounts due under the Reimbursement Agreement. If all of the Authorized Improvements are not completed, the City may reduce the Assessments in another method if it determines such method would better reflect the benefit received by the Parcels from the Authorized Improvements completed.

2. If all the Authorized Improvements are not undertaken, resulting in excess Bond proceeds being available to redeem Bonds and/or a need to reduce the obligations under the Reimbursement Agreement, then the Assessments and Annual Installments for each Parcel shall be appropriately reduced by the City Council to reflect only the amounts required to repay obligations under the Reimbursement Agreement and/or to repay the Bonds, including interest on the Bonds and Administrative Expenses, and such excess Bond proceeds shall be applied to redeem Bonds. The City Council may reduce the Assessments and the Annual Installments for each Parcel (i) in an amount that represents the Authorized Improvements provided for each Parcel or (ii) by an equal percentage calculated based on number of units, if determined by the City Council to be the most fair and practical means of reducing the Assessments for each Parcel, such that the sum of the resulting reduced Assessments equals the amount required to repay the Bonds and/or repay the obligations under the Reimbursement Agreement, including interest thereon and Administrative Expenses. The principal portion of the Assessment for each Parcel shall be reduced pro rata to the reduction in the Assessments for each Parcel such that the sum of the resulting reduced principal portion of the Bonds and/or obligations under the Reimbursement Agreement is equal to the outstanding principal amount of the Bonds and/or the amount outstanding under the Reimbursement Agreement.

M. PAYMENT OF ASSESSMENTS

1. Payment in Full

- (a) The Assessment for any Parcel may be paid in full at any time. Such payment shall include all Prepayment Costs. If prepayment in full will result in redemption of Bonds, the payment amount shall be reduced by the amount, if any, of interest through the date of redemption of Bonds and reserve funds applied to the redemption under the Trust Indenture, net of any other costs applicable to the redemption of Bonds.
- (b) If an Annual Installment has been billed prior to payment in full of an Assessment, the Annual Installment shall be due and payable and shall be credited against the payment-in-full amount.

- (c) Upon payment in full of the Assessment and all Prepayment Costs, the City shall deposit the payment in accordance with the Trust Indenture or applicable reimbursement agreement; whereupon, the Assessment shall be reduced to zero, and the owner's obligation to pay the Assessment and Annual Installments thereof shall automatically terminate.
- (d) At the option of the owner responsible to pay an Assessment, the Assessment on any Parcel plus Prepayment Costs related thereto may be paid in part; provided, however, if PID Bonds have been issued, then such payment shall be in an amount sufficient to allow for a convenient redemption of Bonds as determined by the Administrator and approved by the City. Upon the payment of such amounts for a Parcel, the Assessment for the Parcel shall be reduced, the Assessment Roll shall be updated to reflect such partial payment, and the obligation to pay the Annual Installment for such Parcel shall be reduced to the extent the partial payment is made.

2. Payment in Annual Installments

The PID Act provides that an Assessment for a Parcel may be paid in full at any time. If not paid in full, the PID Act authorizes the Assessment to be paid in installments and additionally allows the City to collect interest, Administrative Expenses and other authorized charges in installments. An Assessment for a Parcel that is not paid in full will be collected in Annual Installments each year in the amounts shown on the Assessment Roll, as updated as provided for herein, which include interest, Administrative Expenses, and payments required for the Additional Interest Component.

VII. THE ASSESSMENT ROLL

A. PHASES #2-9 MAJOR IMPROVEMENT AREA ASSESSMENT ROLL

Each Parcel within the Phases #2-9 Major Improvement Area has been evaluated by the City Council (based on the concept plan, developable area, proposed Homeowner Association Property and Public Property, the major improvements, best and highest use of land, and other development factors deemed relevant by the City Council) to determine the amount of Assessed Property within the Phases #2-9 Major Improvement Area.

Phases #2-9 Major Improvement Area Assessed Property has been assessed for the special benefits conferred upon the property as a result of the Phases #2-9 Major Improvement Area Initial Projects and receives benefit from the Phases #2-9 Major Improvement Area Additional Projects being paid for by the Developer. Table VII-A summarizes the \$21,575,915 in special benefit received by the Phases #2-9 Major Improvement Area Initial Projects and the Phases #2-9 Major Improvement Area Additional Projects, the pro rata costs of the PID formation, and issuance costs for the Phases #2-9 Major Improvement Area Bonds. The amount of Phases #2-9 Major Improvement Area Bonds and the Reimbursement Agreement for the Phases #2-9 Major Improvement Area is calculated as \$18,150,000 [\$13,150,000 + \$5,000,000 = \$18,150,000], which is less than the benefit received by Phases #2-9 Major Improvement Area Assessed Property for the Phases #2-9 Major Improvement Area Initial Projects and the Phases #2-9 Major Improvement Area Additional Projects, and as such the total Assessment for all Assessed Property within Phases #2-9 Major Improvement Area for the Phases #2-9 Major Improvement Area Projects is \$18,150,000 plus annual Administrative Expenses and other authorized charges. The Assessment for each Parcel of Assessed Property within the Phases #2-9 Major Improvement Area is calculated based on the allocation methodologies described in Section V.D of this Service and Assessment Plan. The Phases #2-9 Major Improvement Area Assessment Roll is attached hereto as Appendix F.

B. PHASE #1 ASSESSMENT ROLL

Phase #1 Assessed Property has been assessed for the special benefits conferred upon the property as a result of the Phase #1 Initial Projects and receives benefit from the Phase #1 Additional Projects being paid for by the Developer. Table VII-B summarizes the \$11,397,743 in special benefit received by Phase #1 Assessed Property from the Phase #1 Initial Projects and Phase #1 Additional Projects, the pro rata costs of the PID formation, and the issuance costs for the Phase #1 Bonds. The original amount of Phase #1 Bonds was \$9,000,000, which was less than the benefit received by Phase #1 Assessed Property, and as such the total Assessment for all Assessed Property within Phase #1 was \$9,000,000 plus annual Administrative Expenses and other authorized charges. In addition, the Phase #1 Assessments were adjusted to reflect the Phase #1 Refunding Bond related savings in the total amount of \$475,000. As a result, the net assessment on the Phase #1 Assessed Property was \$8,525,000, resulting in \$2,872,743 in excess benefit as shown below. The Assessment for each Parcel of Assessed Property within Phase #1 is calculated based on the allocation methodologies described in Section V.E of this Service and Assessment Plan. The Phase #1 Assessment Roll is attached hereto as Appendix G.

VIII. MISCELLANEOUS PROVISIONS

A. ADMINISTRATIVE REVIEW

The City may elect to designate a third party to serve as Administrator. The City shall notify Developer in writing at least thirty (30) days in advance before appointing a third party Administrator.

To the extent consistent with the PID Act, an owner of Assessed Property claiming that a calculation error has been made in the Assessment Roll(s), including the calculation of the Annual Installment, shall send a written notice describing the error to the City not later than thirty (30) days after the date any amount which is alleged to be incorrect is due prior to seeking any other remedy. The Administrator shall promptly review the notice, and if necessary, meet with the Assessed Property owner, consider written and oral evidence regarding the alleged error and decide whether, in fact, such a calculation error occurred.

If the Administrator determines that a calculation error has been made and the Assessment Roll should be modified or changed in favor of the Assessed Property owner, such change or modification shall be presented to the City Council for approval to the extent permitted by the PID Act. A cash refund may not be made for any amount previously paid by the Assessed Property owner (except for the final year during which the Annual Installment shall be collected or if it is determined there are sufficient funds to meet the expenses of the PID for the current year), but an adjustment may be made in the amount of the Annual Installment to be paid in the following year. The decision of the Administrator regarding a calculation error relating to the Assessment Roll may be appealed to the City Council. Any amendments made to the Assessment Roll(s) pursuant to calculation errors shall be made pursuant to the PID Act.

The decision of the Administrator, or if such decision is appealed to the City Council, the decision of the City Council shall be conclusive as long as there is a reasonable basis for such determination. This procedure shall be exclusive and its exhaustion by any property owner shall be a condition precedent to any other appeal or legal action by such owner.

B. TERMINATION OF ASSESSMENTS

Each Assessment shall be extinguished on the date the Assessment is paid in full, including unpaid Annual Installments and Delinquent Collection Costs, if any. After the extinguishment of an Assessment and the collection of any delinquent Annual Installments and Delinquent Collection Costs, the City shall provide the owner of the affected Parcel a recordable "Notice of the PID Assessment Termination".

C. AMENDMENTS

Amendments to the Service and Assessment Plan can be made as permitted or required by the PID Act and under Texas law.

The City Council reserves the right to the extent permitted by the PID Act to amend this Service and Assessment Plan without notice under the PID Act and without notice to property owners of Parcels:

(i) to correct mistakes and clerical errors; (ii) to clarify ambiguities; and (iii) to provide procedures for the collection and enforcement of Assessments, Prepayment Costs, Administrative Expenses, and other charges imposed by the Service and Assessment Plan.

D. ADMINISTRATION AND INTERPRETATION OF PROVISIONS

The City Council shall administer the PID, this Service and Assessment Plan, and all Annual Service Plan Updates consistent with the PID Act and shall make all interpretations and determinations related to the application of this Service and Assessment Plan unless stated otherwise herein or in the applicable Trust Indenture, such determination shall be conclusive. Tables within this Service and Assessment Plan may be rounded to the nearest dollar.

If any provision of this Service and Assessment Plan is determined by a court to be unenforceable, the unenforceable provision shall be deleted from this Service and Assessment Plan and the unenforceable provision shall, to the extent possible, be rewritten to be enforceable and to give effect to the intent of the City.

GENERAL NOTES:

- IT IS IMPORTANT TO NOTE THAT THIS REPORT IS LIMITED IN ACCURACY BECAUSE IT WAS PREPARED WITHOUT THE BENEFIT OF PERMITTED CONSTRUCTION DOCUMENTS AND/OR ENGINEERING REPORTS, THAT MAY BE REQUIRED FOR PERMITTING AND THAT MAY YIELD NEW INFORMATION WHICH COULD AFFECT THE FINAL DEVELOPMENT COST.
- ALL INFRASTRUCTURE COST IDENTIFIED ABOVE ARE PREDICATED ON THE ASSUMPTIONS AND EXCLUSIONS IDENTIFIED IN THE DETAILED COST "BREAK-DOWN" OF PROBABLE COST BY TRACT.
- THE COST ILLUSTRATED ABOVE FOR EACH TRACT ARE ONLY FOR THOSE CATEGORIES SPECIFICALLY OUTLINED BY THE DETAILED COST BREAK-DOWN AND DO NOT NECESSARILY REPRESENT THE TOTAL DEVELOPMENT COST FOR THE PROJECT. IN ADDITION, IN SOME INSTANCES, THE FUTURE DEVELOPMENT OF ONE TRACT MAY NECESSITATE THE EXPENDITURE OF MONIES ALLOCATED WITHIN ANOTHER.
- THIS OPINION OF PROBABLE COST IS ASSOCIATED WITH THE SPECIFIC LAND PLAN SHOWN AT THE TOP OF THIS PAGE. THE SCOPE OF ANY FUTURE LAND PLAN REVISIONS WILL HAVE A DIRECT BEARING ON THE DEVELOPMENT COST.
- UNIT PRICES ARE BASED ON SIMILAR PROJECTS BID IN 2014, HOWEVER SHOULD BE VERIFIED WITH A CONTRACTOR DUE TO THE VOLATILITY OF PRICES TODAY.
- IMPACT FEES DUE AT TIME OF BUILDING PERMIT
- ASSUMES PROJECT SHALL BE DEVELOPED IN 8 DIFFERENT PHASES
- ASSUMES CITY WILL APPROVE ZONING CHANGE
- PREPARED WITHOUT THE BENEFIT OF A GEOTECHNICAL REPORT AND PHASE 1 ENVIRONMENTAL ASSESSMENT
- PREPARED WITHOUT THE BENEFIT OF A CITY MEETING REGARDING THE CONCEPT PLAN

B) Calculation of Equivalent Units

As explained under Section V.D for purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Authorized Improvements shall be allocated to the parcel of the Assessed Property receiving benefit from such Authorized Improvements by spreading the entire Assessment across the Parcels based on the estimated Equivalent Units.

For purposes of this Service and Assessment Plan, the City Council has determined that the Assessments shall be allocated to the Assessed Property on the basis of the average home value of each Lot Type, and that such method of allocation will result in the imposition of equal shares of the Assessments on Parcels similarly benefited. In determining the average home value of each Lot Type, the City Council has taken into consideration (i) the type of Lots (i.e., One-acre, 100 Ft, etc.); (ii) current and projected home prices; (iii) the costs of the Authorized Improvements, and (iv) the ability of different property types to utilize and benefit from the Authorized Improvements. Having taken into consideration the matters described above, the City Council has determined that allocating the Assessments among Parcels based on average home value is best accomplished by creating classifications of benefited Parcels based on the “Lot Types” defined above. These classifications from Lot Type 1 (One-acre Lots) representing the highest value to Lot Type 9 (35 Ft Lot) representing the lowest value for residential lots are set forth in Table E-20. Assessments are allocated to each Lot Type on the basis of the average home value for each class of Lots. This is accomplished by giving each Lot Type an Equivalent Unit factor. Equivalent Units are the ratio of the average value of lots within each assessment class, setting the Equivalent Unit factor for Lot Type 1 (One-acre Lots) to 1.0.

Table E-18 shows the original Equivalent Unit factors within the PID that were used to allocate the Initial Major Improvements between Phase #1 and Phases #2-9 Major Improvement Area, as well as reallocate the Phases #2-9 Major Improvement Area share of the Initial Major Improvements, to Phase #2, Phase #3, and Phase #4.

(remainder of this page is intentionally left blank)

Table E-18
Equivalent Unit Factors - Original

Lot Type	Estimated Average Unit Value	Equivalent Unit Factor
Lot Type 1 (One-acre Lot)	\$825,000	1.00 per dwelling unit
Lot Type 2 (100 Ft Lot)	\$725,000	0.88 per dwelling unit
Lot Type 3 (86 Ft Lot)	\$688,000	0.83 per dwelling unit
Lot Type 4 (74 Ft Lot)	\$592,000	0.72 per dwelling unit
Lot Type 5 (60 Ft Lot)	\$480,000	0.58 per dwelling unit
Lot Type 6 (50 Ft Lot)	\$400,000	0.48 per dwelling unit

The Lot Type classifications and Equivalent Unit calculations described above were revised by the City Council in 2021 following additional changes to the development process and the request from the Developer. These classifications were expanded to cover from Lot Type 1 (One-Acre Lot) representing the highest value to Lot Type 6 (50 Ft Lot) representing the lowest value for residential Lots. Equivalent Units are the ratio of the average value of Lots within each assessment class, setting the 2021 updated Equivalent Unit factor for Lot Type 1 (One-Acre Lot) to 1.0.

Table E-19 shows the 2021 revised Equivalent Unit factors within the PID that were used to 1.) include Lot Type 7, 2.) allocate costs of the Phase #5 Improvements, and 3.) reallocate the Phases #2-9 Major Improvement Area's share of the Initial Major Improvements to Phase #5.

Table E-19
Equivalent Unit Factors – 2021 Revised

Lot Type	Estimated Average Unit Value	Equivalent Unit Factor
Lot Type 1 (One-acre Lot)	\$825,000	1.00 per dwelling unit
Lot Type 2 (100 Ft Lot)	\$725,000	0.88 per dwelling unit
Lot Type 3 (86 Ft Lot)	\$688,000	0.83 per dwelling unit
Lot Type 4 (74 Ft Lot)	\$592,000	0.72 per dwelling unit
Lot Type 5 (60 Ft Lot)	\$480,000	0.58 per dwelling unit
Lot Type 6 (50 Ft Lot)	\$400,000	0.48 per dwelling unit
Lot Type 7 (65 Ft Lot)	\$537,000	0.65 per dwelling unit

The Lot Type classifications and Equivalent Unit calculations described above are being revised by the City Council in 2022 following additional changes to the development process, substantial changes to the estimated average home prices and the request from the Developer. These classifications were expanded to cover from Lot Type 1 (One-Acre Lot) representing the highest value to Lot Type 9 (35 Ft Lot) representing the lowest value for residential Lots. Equivalent Units are calculated as the ratio of the average value of Lots within each assessment class, setting the 2022 revised Equivalent Unit factor for Lot Type 1 (One-Acre Lot) to 1.0.

Table E-20 shows the 2022 revised Lot Types and Equivalent Unit factors within the PID that are used to 1.) include Lot Type 8 and Lot Type 9, 2.) allocate Phase #6 Projects, and 3.) allocate the Additional Major Improvements to Phase #1, Phase #2, Phase #3, Phase #4, Phase #5, Phase #6, Phase #7, and Future Phases.

C) Original Allocation of Assessments to Lots within Phase #1 (Before Refunding)

As shown in Table E-39, the total amount of the Phase #1 Bonds, which represented the total Assessment originally allocated to all Parcels within Phase #1, was \$9,000,000. As shown in Table E-21, there were a total of 334 residential units representing a total of 209.97 estimated original Equivalent Units for the residential development in Phase #1, resulting in an original Assessment per Equivalent Unit of \$42,863.27.

The original Assessment per dwelling unit was calculated as the product of (i) \$42,863.27 multiplied by (ii) the applicable original Equivalent Unit value for each Lot Type. For example, the original Assessment for a Lot Type 1 (One-Acre Lot) dwelling unit was \$42,863.27 (i.e., \$42,863.27 × 1.00). The original Assessment for a Lot Type 3 (86 Ft Lot) dwelling unit was \$35,576.51 (i.e., \$42,863.27 × 0.83). The original Assessment for a Lot Type 4 (74 Ft Lot) dwelling unit was \$30,861.55 (i.e., \$42,863.27 × 0.72). The original Assessment for a Lot Type 5 (60 Ft Lot) dwelling unit was \$24,860.69 (i.e., \$42,863.27 × 0.58). The original Assessment for a Lot Type 6 (50 Ft Lot) dwelling unit is \$20,574.37 (i.e., \$42,863.27 × 0.48). Table E-39 sets forth the original Assessment per dwelling unit for each of the five Lot Types in Phase #1.

G) 2016 Revised Allocation of Assessments to Lot Types in the Phases #2-9 Major Improvement Area

As shown in Table E-53 the total amount of the Phases #2-9 Major Improvement Area Bonds and obligation under the Reimbursement Agreement, which represents the total Assessment allocated on all Parcels within the Phases #2-9 Major Improvement Area, is \$18,150,000. As shown in Table E-25, there were a total of 1,437 residential units representing a total of 888.39 estimated 2016 revised Equivalent Units for the residential development in the Phases #2-9 Major Improvement Area, resulting in a 2016 revised Assessment per Equivalent Unit of \$20,430.22.

The 2016 revised Assessment per dwelling unit was calculated as the product of (i) \$20,430.22 multiplied by (ii) the applicable original Equivalent Unit value for each Lot Type. For example, the 2016 revised Assessment for a Lot Type 1 (One-Acre Lot) dwelling unit was \$20,430.22 (i.e., $\$20,430.22 \times 1.00$). The 2016 revised Assessment for a Lot Type 2 (100 Ft Lot) dwelling unit was \$17,978.59 (i.e., $\$20,430.22 \times 0.88$). As shown in Table E-28, there are a total of 360 residential units representing a total of 214.67 estimated original Equivalent Units for the residential development in Phase #2, resulting in an original Assessment per Equivalent Unit of \$24,689.06.

The original Assessment per dwelling unit was calculated as the product of (i) \$24,689.06 multiplied by (ii) the applicable original Equivalent Unit value for each Lot Type. For example, the original Assessment for a Lot Type 2 (100 Ft Lot) dwelling unit is \$21,726.37 (i.e., \$24,689.06 × 1.00). The original Assessment for a Lot Type 3 (86 Ft Lot) dwelling unit is \$20,491.92 (i.e., \$24,689.06 × 0.83). The original Assessment for a Lot Type 4 (74 Ft Lot) dwelling unit is \$17,776.12 (i.e., \$24,689.06 × 0.72). The original Assessment for a Lot Type 5 (60 Ft Lot) dwelling unit is \$14,319.65 (i.e., \$24,689.06 × 0.58). The original Assessment for a Lot Type 6 (50 Ft Lot) dwelling unit is \$11,850.75 (i.e., \$24,689.06 × 0.48). Table E-62 sets forth the original Assessment per dwelling unit for each of the five Lot Types in Phase #2.

O) Allocation of Assessments to Lots within Phase #6

As shown in Table E-83, the total amount of the Reimbursement Agreement for Phase #6, which represents the total Assessment to be allocated on all Parcels within Phase #6, is \$5,967,861. As shown in Table E-37, there are a total of 257 residential units representing a total of 83.22 estimated Equivalent Units for the residential development in Phase #6, resulting in an Assessment per Equivalent Unit of \$71,711.86.

The Assessment per dwelling unit was calculated as the product of (i) \$71,711.86 multiplied by (ii) the applicable 2022 revised Equivalent Unit value for each Lot Type. For example, the Assessment for a Lot Type 4 (74 Ft Lot) dwelling unit is \$30,836.10 (i.e., \$71,711.86 × 0.43). The Assessment for a Lot Type 5 (60 Ft Lot) dwelling unit is \$24,382.03 (i.e., \$71,711.86 × 0.34). The Assessment for a Lot Type 6 (50 Ft Lot) dwelling unit is \$20,796.44 (i.e., \$71,711.86 × 0.29). The Assessment for a Lot Type 8 (40 Ft Lot) dwelling unit is \$17,210.85 (i.e., \$71,711.86 × 0.24). Table E-83 sets forth the Assessment per dwelling unit for each of the two Lot Types in Phase #6.

¹The principal and interest amounts represent the debt service requirements of the Reimbursement Agreement for the Phase #2 Improvements. The interest amounts are calculated using 8.87% per annum for years 1 to 5 and 5.87% per annum thereafter.

²Projected revised principal amounts represent regularly schedule principal payments, Assessment prepayments, and excess principal payments paid to the Developer. Principal redemptions reflect prepayments received through September 1, 2022. Future principal and interest amounts shown above are subject to change based upon, but not limited to, additional prepayments received.

³Projected revised principal and projected revised interest amounts from 2019 through 2022 represent actual payments made to the Developer under the terms of the Reimbursement Agreement.

⁴Administrative Expenses are estimated and will be updated each year in the Annual Service Plan Updates.

¹The principal and interest amounts represent the debt service requirements of the Reimbursement Agreement for the Phase #3 Improvements. The interest amounts are calculated using 8.33% per annum for years 1 to 5 and 5.33% per annum thereafter.

²Projected revised principal amounts represent regularly schedule principal payments, Assessment prepayments, and excess principal payments paid to the Developer. Principal redemptions reflect prepayments received through September 1, 2022. Future principal and interest amounts shown above are subject to change based upon, but not limited to, additional prepayments received.

³Projected revised principal and projected revised interest amounts from 2019 through 2022 represent actual payments made to the Developer under the terms of the Reimbursement Agreement.

⁴Administrative Expenses are estimated and will be updated each year in the Annual Service Plan Updates.

(e) The method of apportionment of the Actual Costs of the Improvement Area #1 Projects and Administrative Expenses set forth in the Service and Assessment Plan results in imposing equal shares of the Actual Costs of the Improvement Area #1 Projects and Administrative Expenses on property similarly benefited, and results in a reasonable classification and formula for the apportionment of the Actual Costs;

(f) The Service and Assessment Plan should be approved as the service plan and assessment plan for the District as described in Sections 372.013 and 372.014 of the PID Act;

(g) The Improvement Area #1 Assessment Roll should be approved as the assessment roll for the Improvement Area #1 Assessed Property within the Improvement Area #1 of the District;

(h) The provisions of the Service and Assessment Plan relating to due and delinquency dates for the Assessments, interest on Annual Installments, interest and penalties on delinquent Assessments and delinquent Annual Installments, and procedures in connection with the imposition and collection of the Assessments should be approved and will expedite collection of the Assessments in a timely manner in order to provide the services and improvements needed and required for the Improvement Area #1 of the District; and

(i) A written notice of the date, hour, place and subject of this meeting of the City Council was posted at a place convenient to the public for the time required by law preceding this meeting, as required by the Open Meetings Act, Chapter 551, Texas Government Code, as amended, and this meeting has been open to the public as required by law at all times during which this Ordinance and the subject matter hereof has been discussed, considered, and formally acted upon.

I. PLAN DESCRIPTION AND DEFINED TERMS

A. INTRODUCTION

On June 8, 2021, the City Council of the City of Celina, Texas passed and approved Resolution No. 2021-39R approving and authorizing the creation of the North Sky Public Improvement District (the “PID”) to finance the costs of certain public improvements for the benefit of property in such public improvement district, all of which was located within the extraterritorial jurisdiction of the City at the time the PID was created. The City annexed the property within the PID on March 15, 2022.

The property in the PID is proposed to be developed in multiple phases, and the PID will finance public improvements as the property is developed. Assessments will be imposed on the property that receives a special benefit from the Authorized Improvements for the public improvements to be constructed.

Chapter 372 of the Texas Local Government Code, the “Public Improvement District Assessment Act” (as amended, the “PID Act”), governs the creation and operation of public improvement districts within the State of Texas. The North Sky Public Improvement District Service and Assessment Plan (the “Service and Assessment Plan”) has been prepared in accordance with the PID Act and specifically Sections 372.013, 372.014, 372.015 and 372.016, which address the requirements of a service and assessment plan and the assessment roll. According to Section 372.013 of the PID Act, a service plan “must (i) cover a period of at least five years; (ii) define the annual indebtedness and the projected costs for improvements; and (iii) include a copy of the notice form required by Section 5.014, Property Code.” The service plan is described in Section IV of this Service and Assessment Plan. The copy of the notice form required by Section 5.014 of the Texas Property Code, as amended, is attached hereto as Appendix E.

Section 372.014 of the PID Act requires that “an assessment plan must be included in the annual service plan.” The assessment plan is described in Section V of this Service and Assessment Plan.

Section 372.015 of the PID Act requires that “the governing body of the municipality or county shall apportion the cost of an improvement to be assessed against property in an improvement district.” The method of assessing the costs of the Authorized Improvements and apportionment of such costs to the property in the PID is included in Section V of this Service and Assessment Plan.

Section 372.016 of the PID Act requires that “after the total cost of an improvement is determined, the governing body of the municipality or county shall prepare a proposed assessment roll. The roll must state the assessment against each parcel of land in the district, as determined by the method of assessment chosen by the municipality or county under this subchapter.” The Assessment Rolls for the PID are currently included as Appendix G and Appendix H of this Service and Assessment Plan and additional Assessment Rolls may be added to this Service and Assessment Plan in the future. The Assessments as shown on each Assessment Roll are based on the method of assessment and apportionment of costs described in Section V of this Service and Assessment Plan.

Any change to the list of Authorized Improvements will require the approval of the City and an update to this Service and Assessment Plan.

B. DESCRIPTIONS AND COSTS OF MAJOR IMPROVEMENTS

The Major Improvements benefit the entire PID. The costs of the Major Improvements are allocated proportionally throughout the entire PID, excluding Non-Benefited Property, in a manner that anticipates planned development of the PID based on the anticipated number of Equivalent Units. Each of Improvement Area #1 and Major Improvement Area will be proportionally allocated the costs of the Major Improvements, as shown on Table III-A.

The Major Improvements descriptions are presented below as provided by the project engineer. The Budgeted Costs of the Major Improvements are shown in Table III-A and may be revised in Annual Service Plan Updates, including such other improvements as deemed necessary to further improve the properties within the PID.

A description of the Major Improvements are as follows:

IV. SERVICE PLAN

A. PROJECTED SOURCES AND USES OF FUNDS

The PID Act requires the service plan to cover a period of at least five years. The service plan is required to define the annual projected costs and indebtedness for the Authorized Improvements undertaken within the PID during the five year period. It is anticipated that construction of the Major Improvement Area Projects will be completed in the third quarter of 2023. It is anticipated that construction of the Improvement Area #1 Projects will be completed in the third quarter of 2023. At some point after all or a portion of the Major Improvement Area Projects and Improvement Area #1 Projects are constructed, development in Future Improvement Areas will begin, with each Future Improvement Area to be subsequently developed corresponding to the Service and Assessment Plan to be updated with that development.

The Budgeted Costs for Major Improvements Area Projects plus costs related to the issuance of the Major Improvement Area Bonds and payment of expenses incurred in the establishment, administration and operation of the PID allocable to the Major Improvement Area is \$3,495,000 shown in Table IV-A. The Budgeted Costs for the Improvement Area #1 Projects plus costs related to the issuance of the Improvement Area #1 Bonds and the expenses incurred in the establishment, administration, and operation of the PID allocable to Improvement Area #1 are \$14,600,018 as shown in Table IV-B. The service plan shall be reviewed and updated at least annually for the purpose of determining the annual budget for Administrative Expenses, updating the Budgeted Costs of the Authorized Improvements, and updating the Assessment Roll(s). Any update to this Service and Assessment Plan is herein referred to as an “Annual Service Plan Update.”

As Future Improvement Areas are developed in connection with the issuance of Future Improvement Area Bonds and/or execution of a related reimbursement agreement, this Service and Assessment Plan will be amended (e.g. Table IV-C will be amended to show the sources and uses for the Future Improvement Area Improvements financed within the specific Future Improvement Area being developed, etc.).

The Major Improvement Area Bonds shown in Table IV-A are being issued in 2023 and will be used to finance the costs of Major Improvement Area Projects.

C. PID ASSESSMENT NOTICE

The PID Act requires that this Service and Assessment Plan and each Annual Service Plan update include a copy of the notice form required by Section 5.014 of the Texas Property Code (the “PID Assessment Notice”). The PID Assessment Notice is attached hereto as Appendix E and may be updated in an Annual Service Plan Update.

(remainder of this page is intentionally left blank)

V. ASSESSMENT PLAN

A. INTRODUCTION

The PID Act requires the City Council to apportion the costs of the Authorized Improvements on the basis of special benefits conferred upon the property because of the Authorized Improvements. The PID Act provides that the costs of the Authorized Improvements may be assessed: (i) equally per front foot or square foot; (ii) according to the value of the property as determined by the governing body, with or without regard to improvements on the property; or (iii) in any other manner that results in imposing equal shares of the cost on property similarly benefited. The PID Act further provides that the governing body may establish by ordinance or order reasonable classifications and formulas for the apportionment of the cost between the municipality and the area to be assessed and the methods of assessing the special benefits for various classes of improvements.

The proposed bond issuance program entails a series of bond financings that are intended to finance the public infrastructure required for the development. This financing will necessarily be undertaken in phases to coincide with the private investment and development of the Authorized Improvements. Following the issuance of the Improvement Area #1 Bonds and the Major Improvement Area Bonds anticipated to be issued in 2023, subsequent financings may be issued over the upcoming decade as the Future Improvement Areas of the development are gradually constructed.

The purpose of this gradual issuance of bonds in phases is to mirror the actual private development of the Authorized Improvements. The Bonds to be issued are most prudently and efficiently utilized when directly coinciding with construction of public infrastructure needed for private development that is to occur once the infrastructure is completed; it is most effective to issue the Bonds when the infrastructure is needed, not before. Furthermore, there is no economic advantage, and several disadvantages, to issuing debt and encumbering property within the PID prior to the need for the Authorized Improvements.

For purposes of this Service and Assessment Plan, the City Council has determined that the Budgeted Costs of the Authorized Improvements shall be allocated as described below:

1. The costs of the Major Improvement Area Projects and the Improvement Area #1 Projects shall be allocated on the basis of Equivalent Units once such property is developed, and that such method of allocation will result in the imposition of equal shares of the costs of the Authorized Improvements to Parcels similarly benefited.
2. The costs of the Major Improvements are proportionally allocated to the Major Improvement Area Assessed Property and the Improvement Area #1 Assessed Property based on the ratio of Equivalent Units for the Major Improvement Area Assessed Property and the Improvement Area #1 Assessed Property.
3. The Major Improvement Area Assessed Property's proportional share of the costs for the Major Improvements is allocated to each Parcel within the Major Improvement Area Assessed Property based on the total estimated Equivalent Units for each Parcel.

4. The Improvement Area #1 Projects costs are allocated to each Parcel within the Improvement Area #1 Assessed Property based on the total estimated Equivalent Units for each Parcel within Improvement Area #1.
5. The City Council has concluded that larger more expensive homes are likely to be built on the larger lots, and that larger more expensive homes are likely to make greater use of and receive greater benefit from the Authorized Improvements. In determining the relative values of Parcels, the City Council has taken into consideration (i) the type of development (i.e., residential, commercial, etc.), (ii) single-family lot sizes and the size of homes likely to be built on lots of different sizes, (iii) current and projected home prices provided by the Developer, (iv) the Authorized Improvements to be provided and the estimated costs, and (v) the ability of different property types to utilize and benefit from the Authorized Improvements.
6. The Assessed Property is classified into different Lot Types as described in Appendix F based on the type and size of proposed development on each Parcel.
7. Equivalent Units are calculated for each Lot Type based on the relative average home value of each Lot Type.

Table V-A provides the estimated allocation of costs of the Major Improvements between the Major Improvement Area and Improvement Area #1.

At this time, it is impossible to determine with absolute certainty the amount of special benefit each Parcel within Future Improvement Areas will receive from the direct Authorized Improvements that will benefit each individual Improvement Area and that are to be financed with Future Improvement Area Bonds. Therefore, Parcels will only be assessed for the special benefits conferred upon the Parcel at this time because of the Improvement Area #1 Projects and Major Improvement Area Projects.

In connection with the issuance of Future Improvement Area Bonds and/or execution of related reimbursement agreements, this Service and Assessment Plan will be updated to reflect the special benefit each Parcel of Assessed Property within a Future Improvement Area receives from the specific Future Improvement Area Improvements funded with those Future Improvement Area Bonds issued and/or reimbursement agreement executed with respect to that Future Improvement Areas. Prior to assessing Parcels located within Future Improvement Areas in connection with issuance of Future Improvement Area Bonds and/or execution of a reimbursement agreement, each owner of the Parcels to be assessed must acknowledge that the Future Improvement Area Improvements to be financed confer a special benefit on their Parcel and must consent to the imposition of the Assessments to pay for the Actual Costs of such Future Improvement Area Improvements.

This section of this Service and Assessment Plan currently (i) describes the special benefit received by each Parcel within the PID as a result of the Major Improvement Area Projects and the Improvement Area #1 Projects, as applicable, (ii) provides the basis and justification for the

determination that this special benefit exceeds the amount of the Assessments being levied on the Improvement Area #1 Assessed Property and the Major Improvement Area Assessed Property for such improvements, and (iii) establishes the methodologies by which the City Council allocates and reallocates the special benefit of the Major Improvement Area Projects and the Improvement Area #1 Projects to Parcels in a manner that results in equal shares of the Actual Costs of such improvements being apportioned to Parcels similarly benefited. The determination by the City Council of the assessment methodologies set forth below is the result of the discretionary exercise by the City Council of its legislative authority and governmental powers and is conclusive and binding on the Developer and all future owners and developers of the Assessed Property.

As Future Improvement Areas are developed, in connection with the issuance of Future Improvement Area Bonds and/or execution of a related reimbursement agreement this Service and Assessment Plan will be updated based on the City's determination of the assessment methodology for each Future Improvement Area.

B. SPECIAL BENEFIT

Assessed Property must receive a direct and special benefit from the Authorized Improvements, and this benefit must be equal to or greater than the amount of the Assessments. The Authorized Improvements are provided specifically for the benefit of the Assessed Property. The Authorized Improvements (more particularly described in line-item format in Appendix B to this Service and Assessment Plan) and the costs of issuance and payment of costs incurred in the establishment of the PID shown in Table IV-A and IV-B are authorized by the PID Act. These Authorized Improvements are provided specifically for the benefit of the Assessed Property.

Each owner of the Assessed Property has acknowledged that the Authorized Improvements confer a special benefit on the Assessed Property and has consented to the imposition of the Assessments to pay for the Actual Costs associated therewith. Each of the owners is acting in its interest in consenting to this apportionment and levying of the Assessments because the special benefit conferred upon the Assessed Property by the Authorized Improvements exceeds the amount of the Assessments.

The Authorized Improvements provide a special benefit to the Assessed Property as a result of the close proximity of these improvements to the Assessed Property and the specific purpose of these improvements of providing infrastructure for the Assessed Property. In other words, the Assessed Property could not be used in the manner proposed without the construction of the Authorized Improvements. The Authorized Improvements are being provided specifically to meet the needs of the Assessed Property as required for the proposed use of the property.

The Assessments are being levied to provide the Authorized Improvements that are required for the highest and best use of the Assessed Property (i.e., the use of the property that is most valuable, including any costs associated with that use). Highest and best use can be defined as "the reasonably probable and legal use of property, which is physically possible, appropriately supported, financially feasible, and that results in the highest value." (*Dictionary of Real Estate Appraisal, Third Edition.*) The Authorized Improvements are expected to be required for the proposed use of the Assessed

Property to be physically possible, appropriately supported, financially feasible, and maximally productive.

The Developer has evaluated the potential use of the property and has determined that the highest and best use of the property is the use intended and the legal use for the property as described in Section II of this Service and Assessment Plan. The use of the Assessed Property as described herein will require the construction of the Authorized Improvements.

The Assessments will repay financing that is on advantageous terms, as the Bonds issued to finance the Authorized Improvements will pay interest that is exempt from federal income tax. As a result, all other terms being equal (e.g., maturity, fixed vs. variable rate, credit quality), the tax- exempt bonds will have a lower interest rate than debt that is not tax-exempt. The Bonds also have a longer term than other available financings and may either be repaid or assumed by a buyer at the buyer's option. As a result of these advantageous terms, the financing provided by the PID is the most beneficial means of financing the Authorized Improvements.

Each owner of the Assessed Property will ratify, confirm, accept, agree to and approve: (i) the determinations and finding by the City Council as to the special benefits described in this Service and Assessment Plan and the Assessment Ordinance; (ii) the Service and Assessment Plan and the Assessment Ordinance, and (iii) the levying of Assessments on the Assessed Property. Use of the Assessed Property as described in this Service and Assessment Plan and as authorized by the PID Act requires that Authorized Improvements be acquired, constructed, installed, and/or improved. Funding the Actual Costs of the Authorized Improvements through the PID has been determined by the City Council to be the most beneficial means of doing so. As a result, the Authorized Improvements result in a special benefit to the Assessed Property, and this special benefit exceeds the amount of the Assessment. This conclusion is based on and supported by the evidence, information, and testimony provided to the City Council.

In summary, the Authorized Improvements result in a special benefit to the Assessed Property for the following reasons:

1. The Authorized Improvements are being provided specifically for the use of the Assessed Property, are necessary for the proposed best use of the property and provide a special benefit to the Assessed Property as a result;
2. The Developer has consented to the imposition of the Assessments for the purpose of providing the Authorized Improvements and the Developer is acting in its interest by consenting to this imposition;
3. The Authorized Improvements are required for the highest and best use of the property;
4. The highest and best use of the Assessed Property is the use of the Assessed Property that is most valuable (including any costs associated with the use of the Assessed Property);
5. Financing of the costs of the Authorized Improvement through the PID is determined to be the most beneficial means of providing for the Authorized Improvements; and,

6. As a result, the special benefits to the Assessed Property from the Authorized Improvements will be equal to or greater than the Assessments.

C. ALLOCATION OF COSTS TO ASSESSED PROPERTY

The Major Improvements will provide a special benefit to all property in the PID. Accordingly, the estimated Major Improvement costs must be allocated throughout all Assessed Property in the District. Table V-A summarizes the allocation of Actual Costs for each type of Major Improvement. The costs shown in Table V-A are estimates and may be revised in Annual Service Plan Updates, but the related Assessment may not be increased.

Improvement Area #1 is projected to contain 322 residential units and the Major Improvement Area is projected to contain 464 residential units. As shown in Appendix F, the total projected Equivalent Units for Improvement Area #1 is calculated as 280.90 and the total projected Equivalent Units for the Major Improvement Area is calculated as 407.22. The total projected Equivalent Units in the PID is, therefore, calculated to be 688.12 (i.e., $280.90 + 408.22 = 688.12$). As a result, 40.82 percent of the Budgeted Costs of the Major Improvements (i.e. $280.90 \div 688.12 = 40.82\%$) are allocated to the Improvement Area #1 Assessed Property and 59.18 percent of the Budgeted Costs of the Major Improvements (i.e., $407.22 \div 688.12 = 59.18\%$) are allocated to the Major Improvement Area Assessed Property. The Major Improvement Area Bonds will fund the Budgeted Costs of the Major Improvement Area Projects. The Improvement Area #1 Bonds will fund the Budgeted Costs of the Improvement Area #1 Projects. One hundred percent (100%) of the Improvement Area #1 Improvements are allocated to the Improvement Area #1 Assessed Property.

D. ASSESSMENT METHODOLOGY

The costs of the Authorized Improvements may be assessed by the City Council against the Assessed Property so long as the special benefit conferred upon the Assessed Property by the Authorized Improvements equals or exceeds the Assessments. The costs of the Authorized Improvements may be assessed using any methodology that results in the imposition of equal shares of the Actual Costs on Assessed Property similarly benefited.

1. *Assessment Methodology for the Major Improvement Area Projects*

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Major Improvement Area Projects to be financed with the Major Improvement Area Bonds shall be allocated to the Major Improvement Area Assessed Property by spreading the entire Assessment across the Parcels within the Major Improvement Area based on the estimated number of Equivalent Units anticipated to be developed on each Parcel.

Based on the Budgeted Costs of the Major Improvement Area Projects, as set forth in Table III-A, the City Council has determined that the benefit to the Major Improvement Area Assessed Property of the Major Improvement Area Projects is at least equal to the Assessments levied on the Major Improvement Area Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the estimated number of Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Parcel based on the ratio of the estimated number of Equivalent Units at the time residential Lots are platted to the total estimated number of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council.

The Assessment and Annual Installments for each Parcel or Lot located within the Major Improvement Area is shown on the Major Improvement Area Assessment Roll, attached as Appendix G, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

2. *Assessment Methodology for the Improvement Area #1 Projects*

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Improvement Area #1 Projects to be financed with the Improvement Area #1 Bonds and by the Developer under the Improvement Area #1 Reimbursement Agreement shall be allocated to the Improvement Area #1 Assessed Property by spreading the entire Assessment across the Parcels within Improvement Area #1 based on the estimated number of Equivalent Units anticipated to be developed on each Parcel.

Based on the Budgeted Costs of the Improvement Area #1 Projects, as set forth in Table III-B, the City Council has determined that the benefit to Improvement Area #1 Assessed Property of the Improvement Area #1 Projects is at least equal to the Assessments levied on the Improvement Area #1 Assessed Property.

Upon subsequent divisions of any Parcel within Improvement Area #1, the Assessment applicable to it will then be apportioned pro rata based on the estimated Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Parcel based on the ratio of the estimated Equivalent Units at the time residential Lots are platted to the total estimated Equivalent Units for Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council.

The Assessment and Annual Installments for each Parcel or Lot located within Improvement Area #1 is shown on the Improvement Area #1 Assessment Roll, attached as Appendix H, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

3. *Assessment Methodology for Future Improvement Areas*

When any given Future Improvement Areas are developed, and Future Improvement Area Bonds for that Future Improvement Area are to be issued and/or a related reimbursement agreement is executed, this Service and Assessment Plan will be amended to determine the assessment methodology that results in the imposition of equal shares of the Actual Costs on Assessed Property similarly benefited within that Future Improvement Area.

E. ASSESSMENTS

The Assessments are being levied on each Parcel of Assessed Property within the Major Improvement Area and Improvement Area #1 according to the Assessment Rolls, attached hereto as Appendix G and Appendix H, respectively. The Annual Installments of the Assessments will be collected at the time and in the amounts shown on the Assessment Rolls, subject to any revisions made during an Annual Service Plan Update. Non-Benefitted Property will not be subject to any Assessments.

See Appendix F for Assessment per Equivalent Unit, leverage, and estimated tax rate equivalent calculation details.

F. ADMINISTRATIVE EXPENSES

The cost of administering the PID and collecting the Annual Installments shall be paid for on a pro rata basis by each Parcel based on the amount of Assessment levied against the Parcel. The Administrative Expenses shall be collected as part of and in the same manner as Annual Installments in the amounts shown on each Assessment Roll, which may be revised based on actual costs incurred in Annual Service Plan Updates.

G. ADDITIONAL INTEREST RESERVE

Pursuant to the PID Act, the interest rate for any portion of the Assessments which secure a series of Bonds may exceed the actual interest rate per annum paid on the related Bonds by no more than one half of one percent (0.50%). The interest rate used to determine the Assessments that secure the Bonds is one half of one percent (0.50%) per annum higher than the actual rate paid on the Bonds, with the Additional Interest Component of the Annual Installments allocated to fund a reserve to be

used for paying interest associated with a prepayment and to offset any possible delinquency related costs. The Additional Interest Reserve shall be funded until it reaches 5.50% of the outstanding Bonds unless otherwise stipulated in the Bond documents. Once the Additional Interest Reserve is funded in full, the City may allocate the Additional Interest Component of the Annual Installments as provided in the applicable Trust Indenture. No Additional Interest will be collected from any portion of an Assessment which secures a reimbursement obligation and not a series of Bonds.

VI. TERMS OF THE ASSESSMENTS

A. AMOUNT OF ASSESSMENTS AND ANNUAL INSTALLMENTS FOR PARCELS LOCATED WITHIN THE MAJOR IMPROVEMENT AREA

The Assessment and Annual Installments for each Assessed Property located within the Major Improvement Area are shown on the Major Improvement Area Assessment Roll, attached as Appendix G, and no Assessment shall be changed except as authorized by this Service and Assessment Plan and the PID Act.

The Annual Installments shall be collected from the Major Improvement Area Assessed Property in an amount sufficient to pay (i) principal and interest on the Major Improvement Area Bonds, (ii) to fund the Additional Interest Reserve described in Section V, and (iii) to pay Administrative Expenses related to the PID.

B. AMOUNT OF ASSESSMENTS AND ANNUAL INSTALLMENTS FOR PARCELS LOCATED WITHIN IMPROVEMENT AREA #1

The Assessment and Annual Installments for each Assessed Property located within the PID is shown on the Assessment Roll, attached as Appendix H, and no Assessment shall be changed except as authorized by this Service and Assessment Plan and the PID Act.

The Annual Installments shall be collected from the Assessed Property in an amount sufficient to pay (i) principal and interest on the Improvement Area #1 Bonds, (ii) principal and interest on the Improvement Area #1 Reimbursement Agreement (iii) to fund the Additional Interest Reserve (with respect to the portion of the assessment securing the Improvement Area #1 Bonds) described in Section V, and (iv) to pay Administrative Expenses related to the PID. The Annual Installment for each Parcel in the PID shall be calculated by taking into consideration any available capitalized interest applicable to the Parcel.

C. AMOUNT OF ASSESSMENTS AND ANNUAL INSTALLMENTS FOR PARCELS LOCATED WITHIN FUTURE IMPROVEMENT AREAS

As Future Improvement Areas are developed, this Service and Assessment Plan will be amended to determine the Assessment and Annual Installments for each Assessed Property located within Future Improvement Areas (e.g., an Appendix will be added as the Assessment Roll for Improvement Area #2, etc.). The Assessments shall not exceed the benefit received by the Assessed Property.

(remainder of this page is intentionally left blank)

D. REALLOCATION OF ASSESSMENTS

1. Subdivision

Upon the subdivision of any Parcel, the Assessment for the Parcel prior to the subdivision shall be reallocated among the new subdivided Parcels according to the following formula:

$$A = B \times (C \div D)$$

Where the terms have the following meanings:

- A = the Assessment for each new subdivided Parcel
- B = the Assessment for the Parcel prior to subdivision
- C = the estimated number of Equivalent Units to be built on each new subdivided Parcel
- D = the sum of the estimated number of Equivalent Units to be built on all of the new subdivided Parcels

The calculation of the estimated number of Equivalent Units to be built on a Parcel shall be performed by the Administrator and confirmed by the City Council based on the information available regarding the use of the Parcel. The estimate as confirmed shall be conclusive. The number of Equivalent Units to be built on a Parcel may be estimated by net land area and reasonable density ratios.

The sum of the Assessments for all newly subdivided Parcels shall equal the Assessment for the Parcel prior to subdivision. The calculation shall be made separately for each newly subdivided Parcel. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation and to the extent the reallocation would exceed such amount, it shall be prepaid by such amount by the party requesting the subdivision of the Parcels. Any reallocation pursuant to this section shall be reflected in an Annual Service Plan Update approved by the City Council.

2. Consolidation

Upon the consolidation of two or more Parcels, the Assessment for the consolidated Parcel shall be the sum of the Assessments for the Parcels prior to consolidation. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation and to the extent the reallocation would exceed such amount, it shall be prepaid by such amount by the party requesting the consolidation of the Parcels. Any reallocation pursuant to this section shall be reflected in an Annual Service Plan Update approved by the City Council.

E. MANDATORY PREPAYMENT OF ASSESSMENTS

1. If a Parcel subject to Assessments is transferred to a party that is exempt from the payment of the Assessment under applicable law, or if an owner causes a Parcel subject to Assessments to become Non-Benefited Property, the owner of such Parcel shall pay to the City the full amount of the principal portion of the Assessment on such Parcel, plus all Prepayment Costs, prior to any such transfer or act.

2. If at any time the Assessment per Equivalent Unit on a Parcel exceeds the applicable Improvement Area #1 Maximum Assessment per Equivalent Unit calculated in this Service and Assessment Plan as a result of any changes in land use, subdivision, consolidation or reallocation of the Assessment authorized by this Service and Assessment Plan and initiated by the owner of the Parcel, then such owner shall pay to the City prior to the recordation of the document subdividing the Parcel the amount calculated by the Administrator by which the Assessment per Unit for the Parcel exceeds the applicable Improvement Area #1 Maximum Assessment per Unit calculated in this Service and Assessment Plan.
3. The payments required above shall be treated the same as any Assessment that is due and owing under the PID Act, the Assessment Ordinance, and this Service and Assessment Plan, including the same lien priority, penalties, procedures, and foreclosure specified by the PID Act.

F. REDUCTION OF ASSESSMENTS

1. If after all Authorized Improvements to be funded with a series of Bonds and/or reimbursement agreement have been completed and Actual Costs for such Authorized Improvements are less than the Actual Costs or Budgeted Costs of the Authorized Improvements used to calculate the Assessments securing such series of Bonds and/or related reimbursement agreement, resulting in excess Bond proceeds being available to redeem Bonds and/or reduce obligations under a reimbursement agreement, as the case may be, and such excess proceeds shall be applied to redeem Bonds and/or the obligations under a reimbursement agreement may be reduced as provided in the Indenture or the terms of the reimbursement agreement, then the Assessment securing such series of Bonds and/or related reimbursement agreement for each Parcel of Assessed Property shall be reduced by the City Council pro rata such that the sum of the resulting reduced Assessments for all Assessed Properties equals the reduced Actual Costs. The Assessments shall not be reduced to an amount less than the related outstanding series of Bonds and/or amounts due under a related reimbursement agreement. If all of the Authorized Improvements are not completed, the City may reduce the Assessments in another method if it determines such method would better reflect the benefit received by the Parcels from the Authorized Improvements completed.
2. If all the Authorized Improvements are not undertaken, resulting in excess Bonds proceeds being available to redeem Bonds and/or a need to reduce the obligations under a reimbursement agreement, and such excess proceeds shall be applied to redeem Bonds and/or reduce obligations under a reimbursement agreement, as the case may be, as provided in the Indenture or the terms of the reimbursement agreement, then the Assessments and Annual Installments for each Parcel shall be appropriately reduced by the City Council to reflect only the amounts required to repay the Bonds and/or repay obligations under a reimbursement agreement, including interest on the Bonds (including Additional Interest) and/or interest due under a reimbursement agreement and Administrative Expenses. The City Council may reduce the Assessments and the Annual Installments for each Parcel (i) in an amount that represents the Authorized Improvements provided for each Parcel or (ii) by an equal percentage calculated based on number of Equivalent Units, if determined by the City Council to be the most fair and practical means of reducing the Assessments for each Parcel, such that the sum of the resulting reduced Assessments equals the amount required to repay the Bonds and/or repay the

obligations under a reimbursement agreement, including interest thereon and Administrative Expenses. The principal portion of the Assessment for each Parcel shall be reduced pro rata to the reduction in the Assessments for each Parcel such that the sum of the resulting reduced principal portion of the Bonds and/or obligations under a reimbursement agreement is equal to the outstanding principal amount of the Bonds and/or reimbursement agreement.

G. PAYMENT OF ASSESSMENTS

1. Payment in Full

- (a) The Assessment for any Parcel may be paid in full at any time. Such payment shall include all Prepayment Costs. If prepayment in full will result in redemption of Bonds, the payment amount shall be reduced by the amount, if any, of interest through the date of redemption of Bonds and reserve funds applied to the redemption under the Trust Indenture, net of any other costs applicable to the redemption of Bonds.
- (b) If an Annual Installment has been billed prior to payment in full of an Assessment, the Annual Installment shall be due and payable and shall be credited against the payment-in-full amount.
- (c) Upon payment in full of the Assessment and all Prepayment Costs, the City shall deposit the payment in accordance with the Trust Indenture; whereupon, the Assessment shall be reduced to zero, and the owner's obligation to pay the Assessment and Annual Installments thereof shall automatically terminate.
- (d) At the option of the owner, the Assessment on any Parcel plus Prepayment Costs may be paid in part in an amount sufficient to allow for a convenient redemption of Bonds as determined by the Administrator. Upon the payment of such amounts for a Parcel, the Assessment for the Parcel shall be reduced, the Assessment Roll shall be updated to reflect such partial payment, and the obligation to pay the Annual Installment for such Parcel shall be reduced to the extent the partial payment is made.

2. Payment in Annual Installments

The PID Act provides that an Assessment for a Parcel may be paid in full at any time. If not paid in full, the PID Act authorizes the Assessment to be paid in installments and additionally allows the City to collect interest, administrative expenses and other authorized charges in installments. An Assessment for a Parcel that is not paid in full will be collected in Annual Installments each year in the amounts shown on the Assessment Roll, as updated as provided for herein, which include interest, Administrative Expenses, and payments required for the Additional Interest Reserve. Payment of the Annual Installments shall commence with tax bills mailed after the initial issuance of Bonds.

Each Assessment for the Major Improvement Area Assessed Property shall be paid with interest of no more than the lesser of the actual interest rate paid on the Major Improvement Area Bonds. The Major Improvement Area Assessment Roll sets forth for each year the Annual Installment for each Parcel within the Major Improvement Area based on an interest rate of 7.25% and Additional Interest at the rate of 0.5% for the Additional Interest Reserve. Furthermore, the Annual Installments related to the Major Improvement Area Bonds may not exceed the amounts shown on the Major

Improvement Area Assessment Roll. The Major Improvement Area Assessment Roll is shown as Appendix G.

Each Assessment for the Improvement Area #1 Assessed Property shall be paid with interest of no more than the lesser of the actual interest rate paid on the Improvement Area #1 Bonds and Improvement Area #1 Reimbursement Agreement, respectively. Interest on the Improvement Area #1 Bonds is based on an interest rate of 6.50% and Additional Interest at the rate of 0.5% for the Additional Interest Reserve. Interest on the Improvement Area #1 Reimbursement Agreement shall be paid based on an interest rate of 5.65% per annum for years 1 through 5 and 5.65% per annum following the fifth Annual Installment. The interest on the Improvement Area #1 Reimbursement Agreement shall be paid at a rate not to exceed five hundred basis points (5.00%) above the highest average index rate for tax-exempt bond reported in a daily or weekly bond index approved by the City and reported in the month prior to the establishment of the Assessments and continuing for a period of five years from such date. Such rate shall then adjust and shall not exceed two hundred basis points (2.00%) above the bond index rate described above and shall continue until the Assessments are paid in full. The index approved by the City is the *Bond Buyer Index* for which the highest average rate during the previous thirty days prior to the levy of Assessments was 3.65%. The City has determined that the Improvement Area #1 Reimbursement Agreement shall bear interest at the interest rate of 5.65% per annum for years 1 through 5 and 5.65% per annum following the fifth Annual Installment, which rates are equal to or less than the initial maximum allowable rate of interest of 8.65% for years 1 through 5 and equal to the maximum allowable rate of interest following the fifth Annual Installment, which would be 5.65%. Furthermore, the Annual Installments related to the Improvement Area #1 Bonds and the Improvement Area #1 Reimbursement Agreement may not exceed the amounts shown on the Improvement Area #1 Assessment Roll. The Improvement Area #1 Assessment Roll is shown as Appendix H.

The Annual Installments shall be reduced to equal the actual costs of repaying the Improvement Area #1 Bonds, Major Improvement Area Bonds, and/or Improvement Area #1 Reimbursement Agreement and actual Administrative Expenses (as provided for in the definition of such term), taking into consideration any other available funds for these costs, such as interest income on account balances.

The City reserves and shall have the right and option to refund the Bonds and/or issue additional Bonds in accordance with Section 372.027 of the PID Act. In the event of such refunding, the Administrator shall recalculate the Annual Installments, and if necessary, may adjust, or decrease, the amount of the Annual Installments so that total Annual Installments of Assessments will be produced in annual amounts that are required to pay the refunding bonds when due and payable as required by and established in the ordinance and/or the indenture authorizing and securing the refunding bonds, and such refunding bonds shall constitute Bonds for purposes of this Service and Assessment Plan.

H. COLLECTION OF ANNUAL INSTALLMENTS

No less frequently than annually, the Administrator shall prepare, and the City Council shall consider, an Annual Service Plan Update to allow for the billing and collection of Annual Installments. Each Annual Service Plan Update shall include updated Assessment Rolls and a calculation of the Annual Installment for each Parcel. Administrative Expenses shall be allocated

among Parcels in proportion to the amount of the Annual Installments for the Parcels. Each Annual Installment shall be reduced by any credits applied under the applicable Trust Indenture, such as capitalized interest, interest earnings on any account balances, and any other funds available to the Trustee for such purpose, including any existing deposits for a prepayment reserve. Annual Installments shall be collected by the City in the same manner and at the same time as ad valorem taxes and shall be subject to the same penalties, procedures, and foreclosure sale in case of delinquencies as are provided for ad valorem taxes of the City. The City Council may provide for other means of collecting the Annual Installments to the extent permitted under the PID Act. The Assessments shall have lien priority as specified in the PID Act.

Any sale of property for nonpayment of the Annual Installments shall be subject to the lien established for the remaining unpaid Annual Installments against such property and such property may again be sold at a judicial foreclosure sale if the purchaser thereof fails to make timely payment of the non-delinquent Annual Installments against such property as they become due and payable.

Each Annual Installment, including the interest on the unpaid amount of an Assessment, shall be calculated as of September 1 and updated annually. Each Annual Installment together with interest thereon shall be delinquent if not paid prior to February 1 of the following year. The initial Annual Installments relating to the Improvement Area #1 Bonds, Improvement Area #1 Reimbursement Agreement, and Major Improvement Area Bonds will be due when billed and will be delinquent if not paid prior to February 1, 2024.

I. SURPLUS FUNDS REMAINING IN THE MAJOR IMPROVEMENT AREA BOND ACCOUNT

If proceeds from the Major Improvement Area Bonds still remain after all of the Major Improvement Area Projects are constructed and accepted by the City, the proceeds may be utilized in accordance with the applicable Trust Indenture.

J. SURPLUS FUNDS REMAINING IN THE IMPROVEMENT AREA # 1 BOND ACCOUNT

If proceeds from the Improvement Area #1 Bonds remain after all of the Improvement Area #1 Projects are constructed and accepted by the City, the proceeds may be utilized in accordance with the applicable Trust Indenture.

VII. THE ASSESSMENT ROLL

A. MAJOR IMPROVEMENT AREA ASSESSMENT ROLL

The City Council has evaluated each Parcel within the Major Improvement Area (based on numerous factors such as the applicable zoning for developable area, the use of proposed Homeowner Association Property, the Public Property, the types of public improvements, and other development factors deemed relevant by the City Council) to determine the amount of Assessed Property within the Major Improvement Area.

The Major Improvement Area Assessed Property is being assessed for the special benefits conferred upon the property resulting from the Major Improvement Area Projects. Table VII-A summarizes the \$3,495,000 in special benefit received by the Major Improvement Area Assessed Property from the Major Improvement Area Projects, a portion of the costs of the PID formation, and the Major Improvement Area Bond issuance costs. The par amount of the Major Improvement Area Bonds is \$3,495,000, which is equal to the benefit received by the Major Improvement Area Assessed Property. Accordingly, the total Assessment to be applied to all the Major Improvement Area Assessed Property is \$3,495,000 plus annual Administrative Expenses. The Assessment for the Major Improvement Area Assessed Property is calculated based on the allocation methodologies described in Section V.D. The Major Improvement Area Assessment Roll is attached hereto as Appendix G.

B. IMPROVEMENT AREA #1 ASSESSMENT ROLL

The City Council has evaluated each Parcel in Improvement Area #1 (based on numerous factors such as the applicable zoning for developable area, the use of proposed Homeowner Association Property, the Public Property, the types of public improvements, and other development factors deemed relevant by the City Council) to determine the amount of Assessed Property within the Improvement Area #1.

The Improvement Area #1 Assessed Property is being assessed for the special benefits conferred upon the property resulting from the Improvement Area #1 Projects. Table VII-B summarizes the \$14,600,018 in special benefit received by the Improvement Area #1 Assessed Property from the Improvement Area #1 Projects, the costs of the PID formation, and the Improvement Area #1 Bond issuance costs. The par amount of the Improvement Area #1 Bonds and Improvement Area #1 Reimbursement Agreement is \$12,765,000, which is less than the benefit received by the Improvement Area #1 Assessed Property. Accordingly, the total Assessment to be applied to all the Improvement Area #1 Assessed Property is \$12,765,000 plus, interest, Additional Interest, and annual Administrative Expenses. The Assessment for each Improvement Area #1 Assessed Property is calculated based on the allocation methodologies described in Section V.D. The Improvement Area #1 Assessment Roll is attached hereto as Appendix H.

C. FUTURE IMPROVEMENT AREAS ASSESSMENT ROLLS

As Future Improvement Areas are developed, this Service and Assessment Plan will be amended to determine the Assessment for each Parcel or Lot located within such Future Improvement Areas (e.g. an appendix will be added as the Assessment Roll for Future Improvement Areas).

D. ANNUAL ASSESSMENT ROLL UPDATES

The Administrator shall prepare, and shall submit to the City Council for approval, annual updates to the Improvement Area #1 Assessment Roll and the Major Improvement Area Assessment Roll in conjunction with the Annual Service Plan Update to reflect the following matters, together with any other changes helpful to the Administrator or the City and permitted by the PID Act: (i) the identification of each Parcel (ii) the Assessment for each Parcel of Assessed Property, including any adjustments authorized by this Service and Assessment Plan or in the PID Act; (iii) the Annual Installment for the Assessed Property for the year (if the Assessment is payable in installments); and (iv) payments of the Assessment, if any, as provided by Section VI.G of this Service and Assessment Plan.

Once Bonds are issued, the Assessment Rolls shall be updated, which update may be done in the next Annual Service Plan Update, to reflect any changes resulting from the issuance of the Bonds and/or approval of a reimbursement agreement. This update shall reflect the actual interest on the Bonds and/or due under a related reimbursement agreement on which the Annual Installments shall be paid, any reduction in the Assessments, and any revisions in the Actual Costs to be funded by the Bonds and Developer funds.

VIII. MISCELLANEOUS PROVISIONS

A. ADMINISTRATIVE REVIEW

The City may elect to designate a third party to serve as Administrator. The City shall notify Developer in writing at least thirty (30) days in advance before appointing a third party Administrator.

To the extent consistent with the PID Act, an owner of an Assessed Parcel claiming that a calculation error has been made in the Assessment Roll(s), including the calculation of the Annual Installment, shall send a written notice describing the error to the City not later than thirty (30) days after the date any amount which is alleged to be incorrect is due prior to seeking any other remedy. The Administrator shall promptly review the notice, and if necessary, meet with the Assessed Parcel owner, consider written and oral evidence regarding the alleged error and decide whether, in fact, such a calculation error occurred.

If the Administrator determines that a calculation error has been made and the applicable Assessment Roll should be modified or changed in favor of the Assessed Parcel owner, such change or modification shall be presented to the City Council for approval to the extent permitted by the PID Act. A cash refund may not be made for any amount previously paid by the Assessed Parcel owner (except for the final year during which the Annual Installment shall be collected or if it is determined there are sufficient funds to meet the expenses of the PID for the current year), but an adjustment may be made in the amount of the Annual Installment to be paid in the following year. The decision of the Administrator regarding a calculation error relating to an Assessment Roll may be appealed to the City Council. Any amendments made to the Assessment Roll(s) pursuant to calculation errors shall be made pursuant to the PID Act.

The decision of the Administrator, or if such decision is appealed to the City Council, the decision of the City Council shall be conclusive as long as there is a reasonable basis for such determination. This procedure shall be exclusive and its exhaustion by any property owner shall be a condition precedent to any other appeal or legal action by such owner.

B. TERMINATION OF ASSESSMENTS

Each Assessment shall be extinguished on the date the Assessment is paid in full, including unpaid Annual Installments and Delinquent Collection Costs, if any. After the extinguishment of an Assessment and the collection of any delinquent Annual Installments and Delinquent Collection Costs, the City shall provide the owner of the affected Parcel a recordable “Notice of the PID Assessment Termination”.

C. AMENDMENTS

Amendments to the Service and Assessment Plan can be made as permitted or required by the PID Act and under Texas law.

The City Council reserves the right to the extent permitted by the PID Act to amend this Service and Assessment Plan without notice under the PID Act and without notice to property owners of Parcels: (i) to correct mistakes and clerical errors; (ii) to clarify ambiguities; and (iii) to provide procedures for the collection and enforcement of Assessments, Prepayment Costs, collection costs, and other charges imposed by the Service and Assessment Plan.

D. ADMINISTRATION AND INTERPRETATION OF PROVISIONS

The City Council shall administer the PID, this Service and Assessment Plan, and all Annual Service Plan Updates consistent with the PID Act and shall make all interpretations and determinations related to the application of this Service and Assessment Plan unless stated otherwise herein or in the Trust Indenture, such determination shall be conclusive. Tables in this Service and Assessment Plan may be rounded to the nearest whole number.

E. SEVERABILITY

If any provision, section, subsection, sentence, clause or phrase of this Service and Assessment Plan or the application of same to an assessed Parcel or any person or set of circumstances is for any reason held to be unconstitutional, void or invalid, the validity of the remaining portions of this Service and Assessment Plan or the application to other persons or sets of circumstances shall not be affected thereby, it being the intent of the City Council in adopting this Service and Assessment Plan that no part hereof or provision or regulation contained herein shall become inoperative or fail by reason of any unconstitutionality, voidness or invalidity of any other part hereof, and all provisions of this Service and Assessment Plan are declared to be severable for that purpose.

If any provision of this Service and Assessment Plan is determined by a court to be unenforceable, the unenforceable provision shall be deleted from this Service and Assessment Plan and the unenforceable provision shall, to the extent possible, be rewritten to be enforceable and to give effect to the intent of the City.

OPC NOTES, ASSUMPTIONS, QUALIFICATIONS, ETC.

- 1. Communications franchise service cost is not assumed to be paid by developer, and is not included.
- 2. Land cost, interest, legal, marketing, financing, closing costs, cost of sales, HOA funding, overhead, maintenance, insurance, taxes, etc. are not included.
- 3. Park fees are not included and are assumed to be paid at time of building permit.
- 4. Unit prices are subject to market conditions and may vary from this OPC.
- 5. Inflation is not factored in this OPC.
- 6. Professional fees included are for budgeting purposes only and do not constitute proposals. Fees are subject to change, and the % of cost assumptions will vary.
- 7. Budgeting by line item, sections, or divisions should be avoided. OPC line items cost are less accurate than section/division subtotals, and section/division subtotals are less accurate than the total project cost.
- 8. Cost associated with the ongoing operations and management of a PID are not included.
- 9. The cost per lot for moisture conditioning of pads is assumed based on the geotechnical report for Phase 1. A final geotechnical report for Phases 2 and 3 is required to confirm moisture conditioning requirements for streets and pads in those phases.
- 10. Public-Major and Public-Reimbursed costs apportioned to each phase per number of lots. Improvements may be constructed with another phase.
- 11. Questions regarding this OPC should be directed to Kimley-Horn and Associates, Kevin Kane, P.E. (972) 335-3580.

For purposes of calculating and allocating the Assessments, the Assessed Property has been classified in one of three Lot Types.

“Lot Type 1” means lots identified as such on the Assessment Roll, being lots typically with a Lot width of approximately 65 feet, as provided by the development standards shown in the Development Agreement.

“Lot Type 2” means lots identified as such on the Assessment Roll, being lots typically with a Lot width of approximately 55 feet, as provided by the development standards shown in the Development Agreement.

“Lot Type 3” means lots identified as such on the Assessment Roll, being lots typically with a Lot width of approximately 40 feet, as provided by the development standards shown in the Development Agreement.

B) Calculation of Equivalent Units

As explained under Section V.D, for purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Improvement Area #1 Projects and the Major Improvement Area Projects to be financed with (i) the Improvement Area #1 Bonds and Improvement Area #1 Reimbursement Agreement and (ii) the Major Improvement Area Bonds, respectively, shall be allocated to the Improvement Area #1 Assessed Property and the Major Improvement Area Assessed Property by spreading the entire Assessment across the Parcels within Improvement Area #1 and Major Improvement Area based on the estimated Equivalent Units.

For purposes of this Service and Assessment Plan, the City Council has determined that the Assessments shall be allocated to Improvement Area #1 Assessed Property and Major Improvement Area Assessed Property on the basis of the average home value of each Lot Type, and that such method of allocation will result in the imposition of equal shares of the Assessments on Parcels similarly benefited. In determining the average home value of each Lot Type, the City Council has taken into consideration (i) the type of lots (i.e., 65 Ft, 55 Ft, etc.); (ii) current and projected home prices; (iii) the costs of the Authorized Improvements, and (iv) the ability of different property types to utilize and benefit from the Authorized Improvements.

Having taken into consideration the matters described above, the City Council has determined that allocating the Assessments among Parcels based on average home value is best accomplished by creating classifications of benefited Parcels based on the “Lot Types” defined above. These classifications (from Lot Type 1 (65 Ft Lots) representing the highest value to Lot Type 3 (40 Ft Lot) representing the lowest value for residential lots are set forth in Table F-4. Assessments are allocated to each Lot Type on the basis of the average home value for each class of lots. This is accomplished by giving each Lot Type an Equivalent Unit factor. Equivalent Units are the ratio of the average value of lots within each assessment class, setting the Equivalent Unit factor for Lot Type 1 (65 Ft Lots) to 1.0.

Table F-4
Equivalent Unit Factors

Lot Type	Estimated Average Unit Value	Equivalent Unit Factor
Lot Type 1 (65 Ft)	\$510,000	1.00 per dwelling unit
Lot Type 2 (55 Ft)	\$450,000	0.88 per dwelling unit
Lot Type 3 (40 Ft)	\$375,000	0.74 per dwelling unit

The total estimated Equivalent Units for the Major Improvement Area are shown in Table F-5 as calculated based on the Equivalent Unit factors shown in Table F-4, estimated Lot Types and number of units estimated to be built within the Major Improvement Area.

Table F-5
Estimated Equivalent Units –Major Improvement Area

Lot Type	Planned No. of units	Equivalent Unit Factor	Total Equivalent Units
Lot Type 1 (65 Ft)	125	1.00	125.00
Lot Type 2 (55 Ft)	224	0.88	197.12
Lot Type 3 (40 Ft)	115	0.74	85.10
Total Equivalent Units	464		407.22

The total estimated Equivalent Units for Improvement Area #1 are shown in Table F-6 as calculated based on the Equivalent Unit factors shown in Table F-4, estimated Lot Types and number of units estimated to be built within Improvement Area #1.

Table F-6
Estimated Equivalent Units - Improvement Area #1

Lot Type	Planned No. of units	Equivalent Unit Factor	Total Equivalent Units
Lot Type 1 (65 Ft)	109	1.00	109.00
Lot Type 2 (55 Ft)	102	0.88	89.76
Lot Type 3 (40 Ft)	111	0.74	82.14
Total Equivalent Units	322		280.90

C) Allocation of Assessments to Lots within the Major Improvement Area

As shown in Section IV of this Service and Assessment Plan, the total amount of the Major Improvement Area Bonds, which represents the total Assessment to be allocated on all Parcels within the Major Improvement Area, is \$3,495,000. As shown in Table F-5, there are a total of 407.22 estimated Equivalent Units in the Major Improvement Area, resulting in an Assessment per Equivalent Unit of \$8,582.58.

The Assessment per dwelling unit or acre is calculated as the product of (i) \$8,582.58 multiplied by (ii) the applicable Equivalent Unit value for each Lot Type. For example, The Assessment for a Lot Type 1 (65 Ft Lot) dwelling unit is \$8,582.58 (i.e. \$8,582.58 x 1.00). The Assessment for a Lot Type 2 (55 Ft Lot) dwelling unit is \$7,552.67 (i.e. \$8,582.58 x 0.88). The Assessment for a Lot Type 3 (40 Ft Lot) dwelling unit is \$6,351.11 (i.e. \$8,582.58 x 0.74). Table F-7 sets forth the Assessment per dwelling unit for each Lot Type in the Major Improvement Area.

Table F-7
Assessment Per Unit –Major Improvement Area

Type	Planned No. of units	Assessment per Equivalent Unit	Equivalent Unit Factor	Assessment per unit	Total Assessments
Lot Type 1 (65 Ft)	125	\$8,582.58	1.00	\$8,582.58 per dwelling unit	\$1,072,823
Lot Type 2 (55 Ft)	224	\$8,582.58	0.88	\$7,552.67 per dwelling unit	\$1,691,799
Lot Type 3 (40 Ft)	115	\$8,582.58	0.74	\$6,351.11 per dwelling unit	\$730,378
Total	464				\$3,495,000

The projected leverage calculated based on the estimated finished lot values and home values for each unit is shown in Table F-8.

Table F-8

D) Allocation of Assessments to Lots within Improvement Area #1

As shown in Section IV of this Service and Assessment Plan, the total amount of the Improvement Area #1 Bonds and Improvement Area #1 Reimbursement Agreement, which represents the total Assessment to be allocated on all Parcels within Improvement Area #1, is \$12,765,000. As shown in Table F-6, there are a total of 280.90 estimated Equivalent Units in Improvement Area #1, resulting in an Assessment per Equivalent Unit of \$45,443.22.

The Assessment per dwelling unit or acre is calculated as the product of (i) \$45,443.22 multiplied by (ii) the applicable Equivalent Unit value for each Lot Type. NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CELINA, TEXAS:

Section 1. Terms.

Terms not otherwise defined herein are defined in the Service and Assessment Plan.

Section 2. Findings.

The findings and determinations set forth in the preambles hereof are hereby incorporated by reference and made a part of this Ordinance for all purposes as if the same were restated in full in this Section. The City Council hereby finds, determines, and ordains, as follows:

(a) The apportionment of the Actual Costs of the Major Improvement Area Projects (as reflected in the Service and Assessment Plan), and the Administrative Expenses (as defined in and as described by the Service and Assessment Plan) is fair and reasonable, reflects an accurate presentation of the special benefit each assessed parcel within the Major Improvement Area Assessed Property will receive from the construction of the Major Improvement Area Projects identified in the Service and Assessment Plan, and is hereby approved;

(b) The Service and Assessment Plan (i) covers a period of at least five years, (ii) defines the annual indebtedness and projected costs for the Major Improvement Area Projects, and (iii) includes a copy of the notice form required by Section 5.014 of the Texas Property Code, as amended;

(c) The Service and Assessment Plan apportions the Actual Costs of the Major Improvement Area Projects to be assessed against the Major Improvement Area Assessed Property as Assessments and such apportionment is made on the basis of special benefits accruing to the Major Improvement Area Assessed Property because of the Major Improvement Area Projects;

(d) All of the real property in the Major Improvement Area of the District which is being assessed in the amounts shown in the Major Improvement Area Assessment Roll, will be benefited by the Major Improvement Area Projects proposed to be constructed as described in the Service and Assessment Plan, and each assessed parcel of Major Improvement Area Assessed Property will receive special benefits during the term of the Major Improvement Area Assessments equal to or greater than the total amount assessed;

(e) The method of apportionment of the Actual Costs of the Major Improvement Area Projects and Administrative Expenses set forth in the Service and Assessment Plan results in imposing equal shares of the Actual Costs of the Major Improvement Area Projects and Administrative Expenses on property similarly benefited, and results in a reasonable classification and formula for the apportionment of the Actual Costs;

(f) The Service and Assessment Plan should be approved as the service plan and assessment plan for the District as described in Sections 372.013 and 372.014 of the PID Act;

(g) The Major Improvement Area Assessment Roll should be approved as the assessment roll for the Major Improvement Area Assessed Property within the Major Improvement Area of the District;

(h) The provisions of the Service and Assessment Plan relating to due and delinquency dates for the Assessments, interest on Annual Installments, interest and penalties on delinquent Assessments and delinquent Annual Installments, and procedures in connection with the imposition and collection of the Assessments should be approved and will expedite collection of the Assessments in a timely manner in order to provide the services and improvements needed and required for the Major Improvement Area of the District; and

(i) A written notice of the date, hour, place and subject of this meeting of the City Council was posted at a place convenient to the public for the time required by law preceding this meeting, as required by the Open Meetings Act, Chapter 551, Texas Government Code, as amended, and this meeting has been open to the public as required by law at all times during which this Ordinance and the subject matter hereof has been discussed, considered, and formally acted upon.

Section 3. Service and Assessment Plan.

The Service and Assessment Plan is hereby accepted and approved pursuant to Sections 372.013 and 372.014 of the PID Act as the service plan and the assessment plan for the District.

Section 4. Assessment Roll.

The Major Improvement Area Assessment Roll is hereby accepted and approved pursuant to Section 372.016 of the PID Act as the assessment roll for the Major Improvement Area of the District.

Section 5. Levy and Payment of Assessments for Actual Costs of the Major Improvement Area Projects.

(a) The City Council hereby levies an assessment on each parcel of Major Improvement Area Assessed Property (excluding Non-Benefitted Property, as defined in the Service and Assessment Plan), as shown and described in the Service and Assessment Plan and the Major Improvement Area Assessment Roll, in the respective amounts shown on the Major Improvement Area Assessment Roll, as a special assessment on the properties set forth in the Major Improvement Area Assessment Roll.

(b) The levy of the Assessments shall be effective on the date of the adoption of this Ordinance levying Assessments and strictly in accordance with the terms of the Service and Assessment Plan and the PID Act.

(c) The collection of the Assessments shall be as described in the Service and Assessment Plan and the PID Act.

(d) Each Assessment may be paid in a lump sum at any time or may be paid in Annual Installments pursuant to the terms of the Service and Assessment Plan.

(e) Each Assessment shall bear interest at the rate or rates specified in the Service and Assessment Plan.

(f) Each Annual Installment shall be collected each year in the manner set forth in the Service and Assessment Plan.

(g) The Administrative Expenses for the Major Improvement Area Assessed Property shall be calculated and collected pursuant to the terms of the Service and Assessment Plan.

Section 6. Method of Assessment.

The method of apportioning the Actual Costs of the Major Improvement Area Projects and Administrative Expenses are set forth in the Service and Assessment Plan.

Section 7. Penalties and Interest on Delinquent Assessments.

Delinquent Assessments shall be subject to the penalties, interest, procedures, and foreclosure sales set forth in the Service and Assessment Plan and as allowed by law.

Section 8. Prepayments of Assessments.

As provided in Section VI of the Service and Assessment Plan, the owner of any Major Improvement Area Assessed Property subject to an Assessment may prepay the Assessments levied by this Ordinance.

Section 9. Lien Priority.

The City Council and the Landowners intend for the obligations, covenants and burdens on the Landowners of each parcel of Major Improvement Area Assessed Property, including without limitation such Landowners' obligations related to payment of the Assessments and the Annual Installments thereof, to constitute covenants that shall run with the land. The Assessments and the Annual Installments thereof which are levied hereby shall be binding upon the Landowners, as the owners of each parcel of Major Improvement Area Assessed Property, and their respective transferees, legal representatives, heirs, devisees, successors and assigns in the same manner and for the same period as such parties would be personally liable for the payment of ad valorem taxes under applicable law. The Assessments shall have lien priority as specified in the Service and Assessment Plan and the PID Act.

Section 10. Appointment of Administrator and Collector of Assessments.

(a) **Appointment of Administrator.**

(b) **Appointment of Collector.**

The Collin County Tax Assessor and Collector is hereby appointed and designated as the collector of the Assessments.

Section 11. Applicability of Tax Code.

To the extent not inconsistent with this Ordinance, and not inconsistent with the PID Act or the other laws governing public improvement districts, the provisions of the Texas Tax Code shall be applicable to the imposition and collection of the Assessments by the City.

Section 12. Filing in Land Records. The City Secretary is directed to cause a copy of this Ordinance, including the Service and Assessment Plan and the Major Improvement Area Assessment Roll, to be recorded in the real property records of Collin County, not later than the seventh day after the date the City Council adopts this Ordinance approving the Service and Assessment Plan. The City Secretary is further directed to similarly file each Annual Service Plan Update (as defined in the Service and Assessment Plan) approved by the City Council not later than the seventh day after the date that the City Council approves each Annual Service Plan Update.

Section 13. Severability.

If any provision, section, subsection, sentence, clause, or phrase of this Ordinance, or the application of the same to any person or set of circumstances is for any reason held to be unconstitutional, void, or invalid, the validity of the remaining portions of this Ordinance or the

application to other persons or sets of circumstances shall not be affected thereby, it being the intent of the City Council that no portion hereof, or provision or regulation contained herein shall become inoperative or fail by reason of any unconstitutionality, voidness, or invalidity or any other portion hereof, and all provisions of this ordinance are declared to be severable for that purpose.

Section 14. Effective Date.

This Ordinance shall take effect, and the levy of the Assessments, and the provisions and terms of the Service and Assessment Plan shall be and become effective upon passage hereof.

I. PLAN DESCRIPTION AND DEFINED TERMS

A. INTRODUCTION

On June 8, 2021, the City Council of the City of Celina, Texas passed and approved Resolution No. 2021-39R approving and authorizing the creation of the North Sky Public Improvement District (the “PID”) to finance the costs of certain public improvements for the benefit of property in such public improvement district, all of which was located within the extraterritorial jurisdiction of the City at the time the PID was created. The City annexed the property within the PID on March 15, 2022.

The property in the PID is proposed to be developed in multiple phases, and the PID will finance public improvements as the property is developed. Assessments will be imposed on the property that receives a special benefit from the Authorized Improvements for the public improvements to be constructed.

Chapter 372 of the Texas Local Government Code, the “Public Improvement District Assessment Act” (as amended, the “PID Act”), governs the creation and operation of public improvement districts within the State of Texas. The North Sky Public Improvement District Service and Assessment Plan (the “Service and Assessment Plan”) has been prepared in accordance with the PID Act and specifically Sections 372.013, 372.014, 372.015 and 372.016, which address the requirements of a service and assessment plan and the assessment roll. According to Section 372.013 of the PID Act, a service plan “must (i) cover a period of at least five years; (ii) define the annual indebtedness and the projected costs for improvements; and (iii) include a copy of the notice form required by Section 5.014, Property Code.” The service plan is described in Section IV of this Service and Assessment Plan. The copy of the notice form required by Section 5.014 of the Texas Property Code, as amended, is attached hereto as Appendix E.

Section 372.014 of the PID Act requires that “an assessment plan must be included in the annual service plan.” The assessment plan is described in Section V of this Service and Assessment Plan.

Section 372.015 of the PID Act requires that “the governing body of the municipality or county shall apportion the cost of an improvement to be assessed against property in an improvement district.” The method of assessing the costs of the Authorized Improvements and apportionment of such costs to the property in the PID is included in Section V of this Service and Assessment Plan.

Section 372.016 of the PID Act requires that “after the total cost of an improvement is determined, the governing body of the municipality or county shall prepare a proposed assessment roll. The roll must state the assessment against each parcel of land in the district, as determined by the method of assessment chosen by the municipality or county under this subchapter.” The Assessment Rolls for the PID are currently included as Appendix G and Appendix H of this Service and Assessment Plan and additional Assessment Rolls may be added to this Service and Assessment Plan in the future. The Assessments as shown on each Assessment Roll are based on the method of assessment and apportionment of costs described in Section V of this Service and Assessment Plan.

C. PID ASSESSMENT NOTICE

The PID Act requires that this Service and Assessment Plan and each Annual Service Plan update include a copy of the notice form required by Section 5.014 of the Texas Property Code (the “PID Assessment Notice”). The PID Assessment Notice is attached hereto as Appendix E and may be updated in an Annual Service Plan Update.

V. ASSESSMENT PLAN

A. INTRODUCTION

The PID Act requires the City Council to apportion the costs of the Authorized Improvements on the basis of special benefits conferred upon the property because of the Authorized Improvements. The PID Act provides that the costs of the Authorized Improvements may be assessed: (i) equally per front foot or square foot; (ii) according to the value of the property as determined by the governing body, with or without regard to improvements on the property; or (iii) in any other manner that results in imposing equal shares of the cost on property similarly benefited. The PID Act further provides that the governing body may establish by ordinance or order reasonable classifications and formulas for the apportionment of the cost between the municipality and the area to be assessed and the methods of assessing the special benefits for various classes of improvements.

The proposed bond issuance program entails a series of bond financings that are intended to finance the public infrastructure required for the development. This financing will necessarily be undertaken in phases to coincide with the private investment and development of the Authorized Improvements. Following the issuance of the Improvement Area #1 Bonds and the Major Improvement Area Bonds anticipated to be issued in 2023, subsequent financings may be issued over the upcoming decade as the Future Improvement Areas of the development are gradually constructed.

The purpose of this gradual issuance of bonds in phases is to mirror the actual private development of the Authorized Improvements. The Bonds to be issued are most prudently and efficiently utilized when directly coinciding with construction of public infrastructure needed for private development that is to occur once the infrastructure is completed; it is most effective to issue the Bonds when the infrastructure is needed, not before. Furthermore, there is no economic advantage, and several disadvantages, to issuing debt and encumbering property within the PID prior to the need for the Authorized Improvements.

For purposes of this Service and Assessment Plan, the City Council has determined that the Budgeted Costs of the Authorized Improvements shall be allocated as described below:

1. The costs of the Major Improvement Area Projects and the Improvement Area #1 Projects shall be allocated on the basis of Equivalent Units once such property is developed, and that such method of allocation will result in the imposition of equal shares of the costs of the Authorized Improvements to Parcels similarly benefited.
2. The costs of the Major Improvements are proportionally allocated to the Major Improvement Area Assessed Property and the Improvement Area #1 Assessed Property based on the ratio of Equivalent Units for the Major Improvement Area Assessed Property and the Improvement Area #1 Assessed Property.
3. The Major Improvement Area Assessed Property's proportional share of the costs for the Major Improvements is allocated to each Parcel within the Major Improvement Area Assessed Property based on the total estimated Equivalent Units for each Parcel.

4. The Improvement Area #1 Projects costs are allocated to each Parcel within the Improvement Area #1 Assessed Property based on the total estimated Equivalent Units for each Parcel within Improvement Area #1.
5. The City Council has concluded that larger more expensive homes are likely to be built on the larger lots, and that larger more expensive homes are likely to make greater use of and receive greater benefit from the Authorized Improvements. In determining the relative values of Parcels, the City Council has taken into consideration (i) the type of development (i.e., residential, commercial, etc.), (ii) single-family lot sizes and the size of homes likely to be built on lots of different sizes, (iii) current and projected home prices provided by the Developer, (iv) the Authorized Improvements to be provided and the estimated costs, and (v) the ability of different property types to utilize and benefit from the Authorized Improvements.
6. The Assessed Property is classified into different Lot Types as described in Appendix F based on the type and size of proposed development on each Parcel.
7. Equivalent Units are calculated for each Lot Type based on the relative average home value of each Lot Type.

Table V-A provides the estimated allocation of costs of the Major Improvements between the Major Improvement Area and Improvement Area #1.

At this time, it is impossible to determine with absolute certainty the amount of special benefit each Parcel within Future Improvement Areas will receive from the direct Authorized Improvements that will benefit each individual Improvement Area and that are to be financed with Future Improvement Area Bonds. Therefore, Parcels will only be assessed for the special benefits conferred upon the Parcel at this time because of the Improvement Area #1 Projects and Major Improvement Area Projects.

In connection with the issuance of Future Improvement Area Bonds and/or execution of related reimbursement agreements, this Service and Assessment Plan will be updated to reflect the special benefit each Parcel of Assessed Property within a Future Improvement Area receives from the specific Future Improvement Area Improvements funded with those Future Improvement Area Bonds issued and/or reimbursement agreement executed with respect to that Future Improvement Areas. Prior to assessing Parcels located within Future Improvement Areas in connection with issuance of Future Improvement Area Bonds and/or execution of a reimbursement agreement, each owner of the Parcels to be assessed must acknowledge that the Future Improvement Area Improvements to be financed confer a special benefit on their Parcel and must consent to the imposition of the Assessments to pay for the Actual Costs of such Future Improvement Area Improvements.

This section of this Service and Assessment Plan currently (i) describes the special benefit received by each Parcel within the PID as a result of the Major Improvement Area Projects and the Improvement Area #1 Projects, as applicable, (ii) provides the basis and justification for the

determination that this special benefit exceeds the amount of the Assessments being levied on the Improvement Area #1 Assessed Property and the Major Improvement Area Assessed Property for such improvements, and (iii) establishes the methodologies by which the City Council allocates and reallocates the special benefit of the Major Improvement Area Projects and the Improvement Area #1 Projects to Parcels in a manner that results in equal shares of the Actual Costs of such improvements being apportioned to Parcels similarly benefited. The determination by the City Council of the assessment methodologies set forth below is the result of the discretionary exercise by the City Council of its legislative authority and governmental powers and is conclusive and binding on the Developer and all future owners and developers of the Assessed Property.

As Future Improvement Areas are developed, in connection with the issuance of Future Improvement Area Bonds and/or execution of a related reimbursement agreement this Service and Assessment Plan will be updated based on the City's determination of the assessment methodology for each Future Improvement Area.

B. SPECIAL BENEFIT

Assessed Property must receive a direct and special benefit from the Authorized Improvements, and this benefit must be equal to or greater than the amount of the Assessments. The Authorized Improvements are provided specifically for the benefit of the Assessed Property. The Authorized Improvements (more particularly described in line-item format in Appendix B to this Service and Assessment Plan) and the costs of issuance and payment of costs incurred in the establishment of the PID shown in Table IV-A and IV-B are authorized by the PID Act. These Authorized Improvements are provided specifically for the benefit of the Assessed Property.

Each owner of the Assessed Property has acknowledged that the Authorized Improvements confer a special benefit on the Assessed Property and has consented to the imposition of the Assessments to pay for the Actual Costs associated therewith. Each of the owners is acting in its interest in consenting to this apportionment and levying of the Assessments because the special benefit conferred upon the Assessed Property by the Authorized Improvements exceeds the amount of the Assessments.

The Authorized Improvements provide a special benefit to the Assessed Property as a result of the close proximity of these improvements to the Assessed Property and the specific purpose of these improvements of providing infrastructure for the Assessed Property. In other words, the Assessed Property could not be used in the manner proposed without the construction of the Authorized Improvements. The Authorized Improvements are being provided specifically to meet the needs of the Assessed Property as required for the proposed use of the property.

The Assessments are being levied to provide the Authorized Improvements that are required for the highest and best use of the Assessed Property (i.e., the use of the property that is most valuable, including any costs associated with that use). Highest and best use can be defined as "the reasonably probable and legal use of property, which is physically possible, appropriately supported, financially feasible, and that results in the highest value." (*Dictionary of Real Estate Appraisal, Third Edition.*) The Authorized Improvements are expected to be required for the proposed use of the Assessed

Property to be physically possible, appropriately supported, financially feasible, and maximally productive.

The Developer has evaluated the potential use of the property and has determined that the highest and best use of the property is the use intended and the legal use for the property as described in Section II of this Service and Assessment Plan. The use of the Assessed Property as described herein will require the construction of the Authorized Improvements.

The Assessments will repay financing that is on advantageous terms, as the Bonds issued to finance the Authorized Improvements will pay interest that is exempt from federal income tax. As a result, all other terms being equal (e.g., maturity, fixed vs. variable rate, credit quality), the tax- exempt bonds will have a lower interest rate than debt that is not tax-exempt. The Bonds also have a longer term than other available financings and may either be repaid or assumed by a buyer at the buyer's option. As a result of these advantageous terms, the financing provided by the PID is the most beneficial means of financing the Authorized Improvements.

Each owner of the Assessed Property will ratify, confirm, accept, agree to and approve: (i) the determinations and finding by the City Council as to the special benefits described in this Service and Assessment Plan and the Assessment Ordinance; (ii) the Service and Assessment Plan and the Assessment Ordinance, and (iii) the levying of Assessments on the Assessed Property. Use of the Assessed Property as described in this Service and Assessment Plan and as authorized by the PID Act requires that Authorized Improvements be acquired, constructed, installed, and/or improved. Funding the Actual Costs of the Authorized Improvements through the PID has been determined by the City Council to be the most beneficial means of doing so. As a result, the Authorized Improvements result in a special benefit to the Assessed Property, and this special benefit exceeds the amount of the Assessment. This conclusion is based on and supported by the evidence, information, and testimony provided to the City Council.

In summary, the Authorized Improvements result in a special benefit to the Assessed Property for the following reasons:

1. The Authorized Improvements are being provided specifically for the use of the Assessed Property, are necessary for the proposed best use of the property and provide a special benefit to the Assessed Property as a result;
2. The Developer has consented to the imposition of the Assessments for the purpose of providing the Authorized Improvements and the Developer is acting in its interest by consenting to this imposition;
3. The Authorized Improvements are required for the highest and best use of the property;
4. The highest and best use of the Assessed Property is the use of the Assessed Property that is most valuable (including any costs associated with the use of the Assessed Property);
5. Financing of the costs of the Authorized Improvement through the PID is determined to be the most beneficial means of providing for the Authorized Improvements; and,

6. As a result, the special benefits to the Assessed Property from the Authorized Improvements will be equal to or greater than the Assessments.

C. ALLOCATION OF COSTS TO ASSESSED PROPERTY

The Major Improvements will provide a special benefit to all property in the PID. Accordingly, the estimated Major Improvement costs must be allocated throughout all Assessed Property in the District. Table V-A summarizes the allocation of Actual Costs for each type of Major Improvement. The costs shown in Table V-A are estimates and may be revised in Annual Service Plan Updates, but the related Assessment may not be increased.

Improvement Area #1 is projected to contain 322 residential units and the Major Improvement Area is projected to contain 464 residential units. As shown in Appendix F, the total projected Equivalent Units for Improvement Area #1 is calculated as 280.90 and the total projected Equivalent Units for the Major Improvement Area is calculated as 407.22. The total projected Equivalent Units in the PID is, therefore, calculated to be 688.12 (i.e., $280.90 + 407.22 = 688.12$). As a result, 40.82 percent of the Budgeted Costs of the Major Improvements (i.e. $280.90 \div 688.12 = 40.82\%$) are allocated to the Improvement Area #1 Assessed Property and 59.18 percent of the Budgeted Costs of the Major Improvements (i.e., $407.22 \div 688.12 = 59.18\%$) are allocated to the Major Improvement Area Assessed Property. The Major Improvement Area Bonds will fund the Budgeted Costs of the Major Improvement Area Projects. The Improvement Area #1 Bonds will fund the Budgeted Costs of the Improvement Area #1 Projects. One hundred percent (100%) of the Improvement Area #1 Improvements are allocated to the Improvement Area #1 Assessed Property.

D. ASSESSMENT METHODOLOGY

The costs of the Authorized Improvements may be assessed by the City Council against the Assessed Property so long as the special benefit conferred upon the Assessed Property by the Authorized Improvements equals or exceeds the Assessments. The costs of the Authorized Improvements may be assessed using any methodology that results in the imposition of equal shares of the Actual Costs on Assessed Property similarly benefited.

1. *Assessment Methodology for the Major Improvement Area Projects*

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Major Improvement Area Projects to be financed with the Major Improvement Area Bonds shall be allocated to the Major Improvement Area Assessed Property by spreading the entire Assessment across the Parcels within the Major Improvement Area based on the estimated number of Equivalent Units anticipated to be developed on each Parcel.

Based on the Budgeted Costs of the Major Improvement Area Projects, as set forth in Table III-A, the City Council has determined that the benefit to the Major Improvement Area Assessed Property of the Major Improvement Area Projects is at least equal to the Assessments levied on the Major Improvement Area Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the estimated number of Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Parcel based on the ratio of the estimated number of Equivalent Units at the time residential Lots are platted to the total estimated number of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council.

The Assessment and Annual Installments for each Parcel or Lot located within the Major Improvement Area is shown on the Major Improvement Area Assessment Roll, attached as Appendix G, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

2. *Assessment Methodology for the Improvement Area #1 Projects*

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Improvement Area #1 Projects to be financed with the Improvement Area #1 Bonds and by the Developer under the Improvement Area #1 Reimbursement Agreement shall be allocated to the Improvement Area #1 Assessed Property by spreading the entire Assessment across the Parcels within Improvement Area #1 based on the estimated number of Equivalent Units anticipated to be developed on each Parcel.

Based on the Budgeted Costs of the Improvement Area #1 Projects, as set forth in Table III-B, the City Council has determined that the benefit to Improvement Area #1 Assessed Property of the Improvement Area #1 Projects is at least equal to the Assessments levied on the Improvement Area #1 Assessed Property.

Upon subsequent divisions of any Parcel within Improvement Area #1, the Assessment applicable to it will then be apportioned pro rata based on the estimated Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Parcel based on the ratio of the estimated Equivalent Units at the time residential Lots are platted to the total estimated Equivalent Units for Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council.

The Assessment and Annual Installments for each Parcel or Lot located within Improvement Area #1 is shown on the Improvement Area #1 Assessment Roll, attached as Appendix H, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

3. *Assessment Methodology for Future Improvement Areas*

When any given Future Improvement Areas are developed, and Future Improvement Area Bonds for that Future Improvement Area are to be issued and/or a related reimbursement agreement is executed, this Service and Assessment Plan will be amended to determine the assessment methodology that results in the imposition of equal shares of the Actual Costs on Assessed Property similarly benefited within that Future Improvement Area.

E. ASSESSMENTS

The Assessments are being levied on each Parcel of Assessed Property within the Major Improvement Area and Improvement Area #1 according to the Assessment Rolls, attached hereto as Appendix G and Appendix H, respectively. The Annual Installments of the Assessments will be collected at the time and in the amounts shown on the Assessment Rolls, subject to any revisions made during an Annual Service Plan Update. Non-Benefitted Property will not be subject to any Assessments.

See Appendix F for Assessment per Equivalent Unit, leverage, and estimated tax rate equivalent calculation details.

F. ADMINISTRATIVE EXPENSES

The cost of administering the PID and collecting the Annual Installments shall be paid for on a pro rata basis by each Parcel based on the amount of Assessment levied against the Parcel. The Administrative Expenses shall be collected as part of and in the same manner as Annual Installments in the amounts shown on each Assessment Roll, which may be revised based on actual costs incurred in Annual Service Plan Updates.

G. ADDITIONAL INTEREST RESERVE

Pursuant to the PID Act, the interest rate for any portion of the Assessments which secure a series of Bonds may exceed the actual interest rate per annum paid on the related Bonds by no more than one half of one percent (0.50%). The interest rate used to determine the Assessments that secure the Bonds is one half of one percent (0.50%) per annum higher than the actual rate paid on the Bonds, with the Additional Interest Component of the Annual Installments allocated to fund a reserve to be

used for paying interest associated with a prepayment and to offset any possible delinquency related costs. The Additional Interest Reserve shall be funded until it reaches 5.50% of the outstanding Bonds unless otherwise stipulated in the Bond documents. Once the Additional Interest Reserve is funded in full, the City may allocate the Additional Interest Component of the Annual Installments as provided in the applicable Trust Indenture. No Additional Interest will be collected from any portion of an Assessment which secures a reimbursement obligation and not a series of Bonds.

VI. TERMS OF THE ASSESSMENTS

A. AMOUNT OF ASSESSMENTS AND ANNUAL INSTALLMENTS FOR PARCELS LOCATED WITHIN THE MAJOR IMPROVEMENT AREA

The Assessment and Annual Installments for each Assessed Property located within the Major Improvement Area are shown on the Major Improvement Area Assessment Roll, attached as Appendix G, and no Assessment shall be changed except as authorized by this Service and Assessment Plan and the PID Act.

The Annual Installments shall be collected from the Major Improvement Area Assessed Property in an amount sufficient to pay (i) principal and interest on the Major Improvement Area Bonds, (ii) to fund the Additional Interest Reserve described in Section V, and (iii) to pay Administrative Expenses related to the PID.

B. AMOUNT OF ASSESSMENTS AND ANNUAL INSTALLMENTS FOR PARCELS LOCATED WITHIN IMPROVEMENT AREA #1

The Assessment and Annual Installments for each Assessed Property located within the PID is shown on the Assessment Roll, attached as Appendix H, and no Assessment shall be changed except as authorized by this Service and Assessment Plan and the PID Act.

The Annual Installments shall be collected from the Assessed Property in an amount sufficient to pay (i) principal and interest on the Improvement Area #1 Bonds, (ii) principal and interest on the Improvement Area #1 Reimbursement Agreement (iii) to fund the Additional Interest Reserve (with respect to the portion of the assessment securing the Improvement Area #1 Bonds) described in Section V, and (iv) to pay Administrative Expenses related to the PID. The Annual Installment for each Parcel in the PID shall be calculated by taking into consideration any available capitalized interest applicable to the Parcel.

C. AMOUNT OF ASSESSMENTS AND ANNUAL INSTALLMENTS FOR PARCELS LOCATED WITHIN FUTURE IMPROVEMENT AREAS

As Future Improvement Areas are developed, this Service and Assessment Plan will be amended to determine the Assessment and Annual Installments for each Assessed Property located within Future Improvement Areas (e.g., an Appendix will be added as the Assessment Roll for Improvement Area #2, etc.). The Assessments shall not exceed the benefit received by the Assessed Property.

(remainder of this page is intentionally left blank)

D. REALLOCATION OF ASSESSMENTS

1. Subdivision

Upon the subdivision of any Parcel, the Assessment for the Parcel prior to the subdivision shall be reallocated among the new subdivided Parcels according to the following formula:

$$A = B \times (C \div D)$$

Where the terms have the following meanings:

- A = the Assessment for each new subdivided Parcel
- B = the Assessment for the Parcel prior to subdivision
- C = the estimated number of Equivalent Units to be built on each new subdivided Parcel
- D = the sum of the estimated number of Equivalent Units to be built on all of the new subdivided Parcels

The calculation of the estimated number of Equivalent Units to be built on a Parcel shall be performed by the Administrator and confirmed by the City Council based on the information available regarding the use of the Parcel. The estimate as confirmed shall be conclusive. The number of Equivalent Units to be built on a Parcel may be estimated by net land area and reasonable density ratios.

The sum of the Assessments for all newly subdivided Parcels shall equal the Assessment for the Parcel prior to subdivision. The calculation shall be made separately for each newly subdivided Parcel. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation and to the extent the reallocation would exceed such amount, it shall be prepaid by such amount by the party requesting the subdivision of the Parcels. Any reallocation pursuant to this section shall be reflected in an Annual Service Plan Update approved by the City Council.

2. Consolidation

Upon the consolidation of two or more Parcels, the Assessment for the consolidated Parcel shall be the sum of the Assessments for the Parcels prior to consolidation. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation and to the extent the reallocation would exceed such amount, it shall be prepaid by such amount by the party requesting the consolidation of the Parcels. Any reallocation pursuant to this section shall be reflected in an Annual Service Plan Update approved by the City Council.

E. MANDATORY PREPAYMENT OF ASSESSMENTS

1. If a Parcel subject to Assessments is transferred to a party that is exempt from the payment of the Assessment under applicable law, or if an owner causes a Parcel subject to Assessments to become Non-Benefited Property, the owner of such Parcel shall pay to the City the full amount of the principal portion of the Assessment on such Parcel, plus all Prepayment Costs, prior to any such transfer or act.

2. If at any time the Assessment per Equivalent Unit on a Parcel exceeds the applicable Improvement Area #1 Maximum Assessment per Equivalent Unit calculated in this Service and Assessment Plan as a result of any changes in land use, subdivision, consolidation or reallocation of the Assessment authorized by this Service and Assessment Plan and initiated by the owner of the Parcel, then such owner shall pay to the City prior to the recordation of the document subdividing the Parcel the amount calculated by the Administrator by which the Assessment per Unit for the Parcel exceeds the applicable Improvement Area #1 Maximum Assessment per Unit calculated in this Service and Assessment Plan.
3. The payments required above shall be treated the same as any Assessment that is due and owing under the PID Act, the Assessment Ordinance, and this Service and Assessment Plan, including the same lien priority, penalties, procedures, and foreclosure specified by the PID Act.

F. REDUCTION OF ASSESSMENTS

1. If after all Authorized Improvements to be funded with a series of Bonds and/or reimbursement agreement have been completed and Actual Costs for such Authorized Improvements are less than the Actual Costs or Budgeted Costs of the Authorized Improvements used to calculate the Assessments securing such series of Bonds and/or related reimbursement agreement, resulting in excess Bond proceeds being available to redeem Bonds and/or reduce obligations under a reimbursement agreement, as the case may be, and such excess proceeds shall be applied to redeem Bonds and/or the obligations under a reimbursement agreement may be reduced as provided in the Indenture or the terms of the reimbursement agreement, then the Assessment securing such series of Bonds and/or related reimbursement agreement for each Parcel of Assessed Property shall be reduced by the City Council pro rata such that the sum of the resulting reduced Assessments for all Assessed Properties equals the reduced Actual Costs. The Assessments shall not be reduced to an amount less than the related outstanding series of Bonds and/or amounts due under a related reimbursement agreement. If all of the Authorized Improvements are not completed, the City may reduce the Assessments in another method if it determines such method would better reflect the benefit received by the Parcels from the Authorized Improvements completed.
2. If all the Authorized Improvements are not undertaken, resulting in excess Bonds proceeds being available to redeem Bonds and/or a need to reduce the obligations under a reimbursement agreement, and such excess proceeds shall be applied to redeem Bonds and/or reduce obligations under a reimbursement agreement, as the case may be, as provided in the Indenture or the terms of the reimbursement agreement, then the Assessments and Annual Installments for each Parcel shall be appropriately reduced by the City Council to reflect only the amounts required to repay the Bonds and/or repay obligations under a reimbursement agreement, including interest on the Bonds (including Additional Interest) and/or interest due under a reimbursement agreement and Administrative Expenses. The City Council may reduce the Assessments and the Annual Installments for each Parcel (i) in an amount that represents the Authorized Improvements provided for each Parcel or (ii) by an equal percentage calculated based on number of Equivalent Units, if determined by the City Council to be the most fair and practical means of reducing the Assessments for each Parcel, such that the sum of the resulting reduced Assessments equals the amount required to repay the Bonds and/or repay the

obligations under a reimbursement agreement, including interest thereon and Administrative Expenses. The principal portion of the Assessment for each Parcel shall be reduced pro rata to the reduction in the Assessments for each Parcel such that the sum of the resulting reduced principal portion of the Bonds and/or obligations under a reimbursement agreement is equal to the outstanding principal amount of the Bonds and/or reimbursement agreement.

G. PAYMENT OF ASSESSMENTS

1. Payment in Full

- (a) The Assessment for any Parcel may be paid in full at any time. Such payment shall include all Prepayment Costs. If prepayment in full will result in redemption of Bonds, the payment amount shall be reduced by the amount, if any, of interest through the date of redemption of Bonds and reserve funds applied to the redemption under the Trust Indenture, net of any other costs applicable to the redemption of Bonds.
- (b) If an Annual Installment has been billed prior to payment in full of an Assessment, the Annual Installment shall be due and payable and shall be credited against the payment-in-full amount.
- (c) Upon payment in full of the Assessment and all Prepayment Costs, the City shall deposit the payment in accordance with the Trust Indenture; whereupon, the Assessment shall be reduced to zero, and the owner's obligation to pay the Assessment and Annual Installments thereof shall automatically terminate.
- (d) At the option of the owner, the Assessment on any Parcel plus Prepayment Costs may be paid in part in an amount sufficient to allow for a convenient redemption of Bonds as determined by the Administrator. Upon the payment of such amounts for a Parcel, the Assessment for the Parcel shall be reduced, the Assessment Roll shall be updated to reflect such partial payment, and the obligation to pay the Annual Installment for such Parcel shall be reduced to the extent the partial payment is made.

2. Payment in Annual Installments

The PID Act provides that an Assessment for a Parcel may be paid in full at any time. If not paid in full, the PID Act authorizes the Assessment to be paid in installments and additionally allows the City to collect interest, administrative expenses and other authorized charges in installments. An Assessment for a Parcel that is not paid in full will be collected in Annual Installments each year in the amounts shown on the Assessment Roll, as updated as provided for herein, which include interest, Administrative Expenses, and payments required for the Additional Interest Reserve. Payment of the Annual Installments shall commence with tax bills mailed after the initial issuance of Bonds.

Each Assessment for the Major Improvement Area Assessed Property shall be paid with interest of no more than the lesser of the actual interest rate paid on the Major Improvement Area Bonds. The Major Improvement Area Assessment Roll sets forth for each year the Annual Installment for each Parcel within the Major Improvement Area based on an interest rate of 7.25% and Additional Interest at the rate of 0.5% for the Additional Interest Reserve. Furthermore, the Annual Installments related to the Major Improvement Area Bonds may not exceed the amounts shown on the Major

Improvement Area Assessment Roll. The Major Improvement Area Assessment Roll is shown as Appendix G.

Each Assessment for the Improvement Area #1 Assessed Property shall be paid with interest of no more than the lesser of the actual interest rate paid on the Improvement Area #1 Bonds and Improvement Area #1 Reimbursement Agreement, respectively. Interest on the Improvement Area #1 Bonds is based on an interest rate of 6.50% and Additional Interest at the rate of 0.5% for the Additional Interest Reserve. Interest on the Improvement Area #1 Reimbursement Agreement shall be paid based on an interest rate of 5.65% per annum for years 1 through 5 and 5.65% per annum following the fifth Annual Installment. The interest on the Improvement Area #1 Reimbursement Agreement shall be paid at a rate not to exceed five hundred basis points (5.00%) above the highest average index rate for tax-exempt bond reported in a daily or weekly bond index approved by the City and reported in the month prior to the establishment of the Assessments and continuing for a period of five years from such date. Such rate shall then adjust and shall not exceed two hundred basis points (2.00%) above the bond index rate described above and shall continue until the Assessments are paid in full. The index approved by the City is the *Bond Buyer Index* for which the highest average rate during the previous thirty days prior to the levy of Assessments was 3.65%. The City has determined that the Improvement Area #1 Reimbursement Agreement shall bear interest at the interest rate of 5.65% per annum for years 1 through 5 and 5.65% per annum following the fifth Annual Installment, which rates are equal to or less than the initial maximum allowable rate of interest of 8.65% for years 1 through 5 and equal to the maximum allowable rate of interest following the fifth Annual Installment, which would be 5.65%. Furthermore, the Annual Installments related to the Improvement Area #1 Bonds and the Improvement Area #1 Reimbursement Agreement may not exceed the amounts shown on the Improvement Area #1 Assessment Roll. The Improvement Area #1 Assessment Roll is shown as Appendix H.

The Annual Installments shall be reduced to equal the actual costs of repaying the Improvement Area #1 Bonds, Major Improvement Area Bonds, and/or Improvement Area #1 Reimbursement Agreement and actual Administrative Expenses (as provided for in the definition of such term), taking into consideration any other available funds for these costs, such as interest income on account balances.

The City reserves and shall have the right and option to refund the Bonds and/or issue additional Bonds in accordance with Section 372.027 of the PID Act. In the event of such refunding, the Administrator shall recalculate the Annual Installments, and if necessary, may adjust, or decrease, the amount of the Annual Installments so that total Annual Installments of Assessments will be produced in annual amounts that are required to pay the refunding bonds when due and payable as required by and established in the ordinance and/or the indenture authorizing and securing the refunding bonds, and such refunding bonds shall constitute Bonds for purposes of this Service and Assessment Plan.

H. COLLECTION OF ANNUAL INSTALLMENTS

No less frequently than annually, the Administrator shall prepare, and the City Council shall consider, an Annual Service Plan Update to allow for the billing and collection of Annual Installments. Each Annual Service Plan Update shall include updated Assessment Rolls and a calculation of the Annual Installment for each Parcel. Administrative Expenses shall be allocated

among Parcels in proportion to the amount of the Annual Installments for the Parcels. Each Annual Installment shall be reduced by any credits applied under the applicable Trust Indenture, such as capitalized interest, interest earnings on any account balances, and any other funds available to the Trustee for such purpose, including any existing deposits for a prepayment reserve. Annual Installments shall be collected by the City in the same manner and at the same time as ad valorem taxes and shall be subject to the same penalties, procedures, and foreclosure sale in case of delinquencies as are provided for ad valorem taxes of the City. The City Council may provide for other means of collecting the Annual Installments to the extent permitted under the PID Act. The Assessments shall have lien priority as specified in the PID Act.

Any sale of property for nonpayment of the Annual Installments shall be subject to the lien established for the remaining unpaid Annual Installments against such property and such property may again be sold at a judicial foreclosure sale if the purchaser thereof fails to make timely payment of the non-delinquent Annual Installments against such property as they become due and payable.

Each Annual Installment, including the interest on the unpaid amount of an Assessment, shall be calculated as of September 1 and updated annually. Each Annual Installment together with interest thereon shall be delinquent if not paid prior to February 1 of the following year. The initial Annual Installments relating to the Improvement Area #1 Bonds, Improvement Area #1 Reimbursement Agreement, and Major Improvement Area Bonds will be due when billed and will be delinquent if not paid prior to February 1, 2024.

I. SURPLUS FUNDS REMAINING IN THE MAJOR IMPROVEMENT AREA BOND ACCOUNT

If proceeds from the Major Improvement Area Bonds still remain after all of the Major Improvement Area Projects are constructed and accepted by the City, the proceeds may be utilized in accordance with the applicable Trust Indenture.

J. SURPLUS FUNDS REMAINING IN THE IMPROVEMENT AREA # 1 BOND ACCOUNT

If proceeds from the Improvement Area #1 Bonds remain after all of the Improvement Area #1 Projects are constructed and accepted by the City, the proceeds may be utilized in accordance with the applicable Trust Indenture.

VII. THE ASSESSMENT ROLL

A. MAJOR IMPROVEMENT AREA ASSESSMENT ROLL

The City Council has evaluated each Parcel within the Major Improvement Area (based on numerous factors such as the applicable zoning for developable area, the use of proposed Homeowner Association Property, the Public Property, the types of public improvements, and other development factors deemed relevant by the City Council) to determine the amount of Assessed Property within the Major Improvement Area.

The Major Improvement Area Assessed Property is being assessed for the special benefits conferred upon the property resulting from the Major Improvement Area Projects. Table VII-A summarizes the \$3,495,000 in special benefit received by the Major Improvement Area Assessed Property from the Major Improvement Area Projects, a portion of the costs of the PID formation, and the Major Improvement Area Bond issuance costs. The par amount of the Major Improvement Area Bonds is \$3,495,000, which is equal to the benefit received by the Major Improvement Area Assessed Property. Accordingly, the total Assessment to be applied to all the Major Improvement Area Assessed Property is \$3,495,000 plus annual Administrative Expenses. The Assessment for the Major Improvement Area Assessed Property is calculated based on the allocation methodologies described in Section V.D. The Major Improvement Area Assessment Roll is attached hereto as Appendix G.

B. IMPROVEMENT AREA #1 ASSESSMENT ROLL

The City Council has evaluated each Parcel in Improvement Area #1 (based on numerous factors such as the applicable zoning for developable area, the use of proposed Homeowner Association Property, the Public Property, the types of public improvements, and other development factors deemed relevant by the City Council) to determine the amount of Assessed Property within the Improvement Area #1.

The Improvement Area #1 Assessed Property is being assessed for the special benefits conferred upon the property resulting from the Improvement Area #1 Projects. Table VII-B summarizes the \$14,600,018 in special benefit received by the Improvement Area #1 Assessed Property from the Improvement Area #1 Projects, the costs of the PID formation, and the Improvement Area #1 Bond issuance costs. The par amount of the Improvement Area #1 Bonds and Improvement Area #1 Reimbursement Agreement is \$12,765,000, which is less than the benefit received by the Improvement Area #1 Assessed Property. Accordingly, the total Assessment to be applied to all the Improvement Area #1 Assessed Property is \$12,765,000 plus, interest, Additional Interest, and annual Administrative Expenses. The Assessment for each Improvement Area #1 Assessed Property is calculated based on the allocation methodologies described in Section V.D. The Improvement Area #1 Assessment Roll is attached hereto as Appendix H.

C. FUTURE IMPROVEMENT AREAS ASSESSMENT ROLLS

As Future Improvement Areas are developed, this Service and Assessment Plan will be amended to determine the Assessment for each Parcel or Lot located within such Future Improvement Areas (e.g. an appendix will be added as the Assessment Roll for Future Improvement Areas).

D. ANNUAL ASSESSMENT ROLL UPDATES

The Administrator shall prepare, and shall submit to the City Council for approval, annual updates to the Improvement Area #1 Assessment Roll and the Major Improvement Area Assessment Roll in conjunction with the Annual Service Plan Update to reflect the following matters, together with any other changes helpful to the Administrator or the City and permitted by the PID Act: (i) the identification of each Parcel (ii) the Assessment for each Parcel of Assessed Property, including any adjustments authorized by this Service and Assessment Plan or in the PID Act; (iii) the Annual Installment for the Assessed Property for the year (if the Assessment is payable in installments); and (iv) payments of the Assessment, if any, as provided by Section VI.G of this Service and Assessment Plan.

Once Bonds are issued, the Assessment Rolls shall be updated, which update may be done in the next Annual Service Plan Update, to reflect any changes resulting from the issuance of the Bonds and/or approval of a reimbursement agreement. This update shall reflect the actual interest on the Bonds and/or due under a related reimbursement agreement on which the Annual Installments shall be paid, any reduction in the Assessments, and any revisions in the Actual Costs to be funded by the Bonds and Developer funds.

VIII. MISCELLANEOUS PROVISIONS

A. ADMINISTRATIVE REVIEW

The City may elect to designate a third party to serve as Administrator. The City shall notify Developer in writing at least thirty (30) days in advance before appointing a third party Administrator.

To the extent consistent with the PID Act, an owner of an Assessed Parcel claiming that a calculation error has been made in the Assessment Roll(s), including the calculation of the Annual Installment, shall send a written notice describing the error to the City not later than thirty (30) days after the date any amount which is alleged to be incorrect is due prior to seeking any other remedy. The Administrator shall promptly review the notice, and if necessary, meet with the Assessed Parcel owner, consider written and oral evidence regarding the alleged error and decide whether, in fact, such a calculation error occurred.

If the Administrator determines that a calculation error has been made and the applicable Assessment Roll should be modified or changed in favor of the Assessed Parcel owner, such change or modification shall be presented to the City Council for approval to the extent permitted by the PID Act. A cash refund may not be made for any amount previously paid by the Assessed Parcel owner (except for the final year during which the Annual Installment shall be collected or if it is determined there are sufficient funds to meet the expenses of the PID for the current year), but an adjustment may be made in the amount of the Annual Installment to be paid in the following year. The decision of the Administrator regarding a calculation error relating to an Assessment Roll may be appealed to the City Council. Any amendments made to the Assessment Roll(s) pursuant to calculation errors shall be made pursuant to the PID Act.

The decision of the Administrator, or if such decision is appealed to the City Council, the decision of the City Council shall be conclusive as long as there is a reasonable basis for such determination. This procedure shall be exclusive and its exhaustion by any property owner shall be a condition precedent to any other appeal or legal action by such owner.

B. TERMINATION OF ASSESSMENTS

Each Assessment shall be extinguished on the date the Assessment is paid in full, including unpaid Annual Installments and Delinquent Collection Costs, if any. After the extinguishment of an Assessment and the collection of any delinquent Annual Installments and Delinquent Collection Costs, the City shall provide the owner of the affected Parcel a recordable "Notice of the PID Assessment Termination".

C. AMENDMENTS

Amendments to the Service and Assessment Plan can be made as permitted or required by the PID Act and under Texas law.

The City Council reserves the right to the extent permitted by the PID Act to amend this Service and Assessment Plan without notice under the PID Act and without notice to property owners of Parcels: (i) to correct mistakes and clerical errors; (ii) to clarify ambiguities; and (iii) to provide procedures for the collection and enforcement of Assessments, Prepayment Costs, collection costs, and other charges imposed by the Service and Assessment Plan.

D. ADMINISTRATION AND INTERPRETATION OF PROVISIONS

The City Council shall administer the PID, this Service and Assessment Plan, and all Annual Service Plan Updates consistent with the PID Act and shall make all interpretations and determinations related to the application of this Service and Assessment Plan unless stated otherwise herein or in the Trust Indenture, such determination shall be conclusive. Tables in this Service and Assessment Plan may be rounded to the nearest whole number.

E. SEVERABILITY

If any provision, section, subsection, sentence, clause or phrase of this Service and Assessment Plan or the application of same to an assessed Parcel or any person or set of circumstances is for any reason held to be unconstitutional, void or invalid, the validity of the remaining portions of this Service and Assessment Plan or the application to other persons or sets of circumstances shall not be affected thereby, it being the intent of the City Council in adopting this Service and Assessment Plan that no part hereof or provision or regulation contained herein shall become inoperative or fail by reason of any unconstitutionality, voidness or invalidity of any other part hereof, and all provisions of this Service and Assessment Plan are declared to be severable for that purpose.

If any provision of this Service and Assessment Plan is determined by a court to be unenforceable, the unenforceable provision shall be deleted from this Service and Assessment Plan and the unenforceable provision shall, to the extent possible, be rewritten to be enforceable and to give effect to the intent of the City.

- 2. Land cost, interest, legal, marketing, financing, closing costs, cost of sales, HOA funding, overhead, maintenance, insurance, taxes, etc. are not included.
- 3. Park fees are not included and are assumed to be paid at time of building permit.
- 4. Unit prices are subject to market conditions and may vary from this OPC.
- 5. Inflation is not factored in this OPC.
- 6. Professional fees included are for budgeting purposes only and do not constitute proposals. Fees are subject to change, and the % of cost assumptions will vary.

B) Calculation of Equivalent Units

As explained under Section V.D, for purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Improvement Area #1 Projects and the Major Improvement Area Projects to be financed with (i) the Improvement Area #1 Bonds and Improvement Area #1 Reimbursement Agreement and (ii) the Major Improvement Area Bonds, respectively, shall be allocated to the Improvement Area #1 Assessed Property and the Major Improvement Area Assessed Property by spreading the entire Assessment across the Parcels within Improvement Area #1 and Major Improvement Area based on the estimated Equivalent Units.

For purposes of this Service and Assessment Plan, the City Council has determined that the Assessments shall be allocated to Improvement Area #1 Assessed Property and Major Improvement Area Assessed Property on the basis of the average home value of each Lot Type, and that such method of allocation will result in the imposition of equal shares of the Assessments on Parcels similarly benefited. In determining the average home value of each Lot Type, the City Council has taken into consideration (i) the type of lots (i.e., 65 Ft, 55 Ft, etc.); (ii) current and projected home prices; (iii) the costs of the Authorized Improvements, and (iv) the ability of different property types to utilize and benefit from the Authorized Improvements.

Having taken into consideration the matters described above, the City Council has determined that allocating the Assessments among Parcels based on average home value is best accomplished by creating classifications of benefited Parcels based on the “Lot Types” defined above. These classifications (from Lot Type 1 (65 Ft Lots) representing the highest value to Lot Type 3 (40 Ft Lot) representing the lowest value for residential lots are set forth in Table F-4. Assessments are allocated to each Lot Type on the basis of the average home value for each class of lots. This is accomplished by giving each Lot Type an Equivalent Unit factor. Equivalent Units are the ratio of the average value of lots within each assessment class, setting the Equivalent Unit factor for Lot Type 1 (65 Ft Lots) to 1.0.

Table F-4
Equivalent Unit Factors

Lot Type	Estimated Average Unit Value	Equivalent Unit Factor
Lot Type 1 (65 Ft)	\$510,000	1.00 per dwelling unit
Lot Type 2 (55 Ft)	\$450,000	0.88 per dwelling unit
Lot Type 3 (40 Ft)	\$375,000	0.74 per dwelling unit

The total estimated Equivalent Units for the Major Improvement Area are shown in Table F-5 as calculated based on the Equivalent Unit factors shown in Table F-4, estimated Lot Types and number of units estimated to be built within the Major Improvement Area.

Table F-5
Estimated Equivalent Units –Major Improvement Area

Lot Type	Planned No. of units	Equivalent Unit Factor	Total Equivalent Units
Lot Type 1 (65 Ft)	125	1.00	125.00
Lot Type 2 (55 Ft)	224	0.88	197.12
Lot Type 3 (40 Ft)	115	0.74	85.10
Total Equivalent Units	464		407.22

The total estimated Equivalent Units for Improvement Area #1 are shown in Table F-6 as calculated based on the Equivalent Unit factors shown in Table F-4, estimated Lot Types and number of units estimated to be built within Improvement Area #1.

Table F-6
Estimated Equivalent Units - Improvement Area #1

Lot Type	Planned No. of units	Equivalent Unit Factor	Total Equivalent Units
Lot Type 1 (65 Ft)	109	1.00	109.00
Lot Type 2 (55 Ft)	102	0.88	89.76
Lot Type 3 (40 Ft)	111	0.74	82.14
Total Equivalent Units	322		280.90

C) Allocation of Assessments to Lots within the Major Improvement Area

As shown in Section IV of this Service and Assessment Plan, the total amount of the Major Improvement Area Bonds, which represents the total Assessment to be allocated on all Parcels within the Major Improvement Area, is \$3,495,000. As shown in Table F-5, there are a total of 407.22 estimated Equivalent Units in the Major Improvement Area, resulting in an Assessment per Equivalent Unit of \$8,582.58.

The Assessment per dwelling unit or acre is calculated as the product of (i) \$8,582.58 multiplied by (ii) the applicable Equivalent Unit value for each Lot Type. For example, The Assessment for a Lot Type 1 (65 Ft Lot) dwelling unit is \$8,582.58 (i.e. \$8,582.58 x 1.00). The Assessment for a Lot Type 2 (55 Ft Lot) dwelling unit is \$7,552.67 (i.e. \$8,582.58 x 0.88). The Assessment for a Lot Type 3 (40 Ft Lot) dwelling unit is \$6,351.11 (i.e. \$8,582.58 x 0.74). Table F-7 sets forth the Assessment per dwelling unit for each Lot Type in the Major Improvement Area.

Table F-7
Assessment Per Unit –Major Improvement Area

Type	Planned No. of units	Assessment per Equivalent Unit	Equivalent Unit Factor	Assessment per unit	Total Assessments
Lot Type 1 (65 Ft)	125	\$8,582.58	1.00	\$8,582.58 per dwelling unit	\$1,072,823
Lot Type 2 (55 Ft)	224	\$8,582.58	0.88	\$7,552.67 per dwelling unit	\$1,691,799
Lot Type 3 (40 Ft)	115	\$8,582.58	0.74	\$6,351.11 per dwelling unit	\$730,378
Total	464				\$3,495,000

The projected leverage calculated based on the estimated finished lot values and home values for each unit is shown in Table F-8.

Table F-8

D) Allocation of Assessments to Lots within Improvement Area #1

As shown in Section IV of this Service and Assessment Plan, the total amount of the Improvement Area #1 Bonds and Improvement Area #1 Reimbursement Agreement, which represents the total Assessment to be allocated on all Parcels within Improvement Area #1, is \$12,765,000. As shown in Table F-6, there are a total of 280.90 estimated Equivalent Units in Improvement Area #1, resulting in an Assessment per Equivalent Unit of \$45,443.22.

The Assessment per dwelling unit or acre is calculated as the product of (i) \$45,443.22 multiplied by (ii) the applicable Equivalent Unit value for each Lot Type. IRRIGATION EVALUATION PROGRAM

Upper Trinity Regional Water District offers a Residential Irrigation Evaluation Program at no charge to the resident. But due to their large region, only a small percentage of Celina utility residential customers annually receive this service. This program is designed to expand the number of Celina customers receiving an irrigation audit optimizing their residential water irrigation system which usually results in reduced water consumption and lower residential water bills.

Frisco and Prosper developed and expended their irrigation evaluation programs due to the popularity and success.

 - 1) City of Celina will advertise to eligible residents the availability of the program. The communication will communicate this is a No Charge to the Homeowner, Water Conservation Program. The term "Free" should not be used.
 - 2) In the communication to the residents, a specific and unique URL will be provided so the resident can click on the URL and immediately go to the MMII Sprinkler Evaluation site to request an evaluation.
 - 3) When the resident completes the information on the site to request an

evaluation, and clicks on the “submit” button, the request then becomes “live” in the system.

- 4) At this point both MMII and the city of Celina will have visibility to the request.
- 5) The city of Celina personnel could at this point review to determine eligibility.
- 6) Normally MMII personnel make the eligibility determination based on prior instruction from the city.
- 7) If the resident that has requested an evaluation, is outside the normal, then MMII would contact city of Celina representative for a determination of eligibility.
- 8) Once eligibility is confirmed MMII will move forward to book appointment.
- 9) MMII personnel will make the first contact attempt to resident within 3 business days of receiving the request.
- 10) MMII will attempt to contact the resident using one or more of these three methods: email, phone, and/or text. The MMII System records a time and date stamp for each attempt made to reach the resident.
- 11) MMII will determine the best first attempt method to contact the resident.
- 12) MMII has a process to contact the residents up to 4 times in a 10-day period to book an appointment for the evaluation.
- 13) If the resident does not communicate with MMII and confirm an appointment time after 4 contact attempts, the resident is then put into an “Incompletable” category and is removed from being actively contacted to set an appointment.
- 14) As stated earlier, all attempts to contact the requestor to set appointments are time and date stamped within the system, along with the method used to contact the requestor.
- 15) The appointment for the resident is set for a specific time. The hours of evaluations vary.
- 16) The resident will be reminded one business day before the evaluation either by phone, text or email that they have an evaluation the next day. Monday evaluation reminders will be made either on Friday, or Saturday at the discretion of MMII.
- 17) Homeowner or representative is required to be on site for evaluation and participate by walking with the evaluator, during the evaluation.
- 18) Upon arrival we will identify ourselves as a Licensed Irrigator, here to do the sprinkler evaluation for city of Celina.
- 19) MMII has a defined process to evaluate the resident's irrigation system following the Field Form we use for the evaluation. Once all the information is recorded, the evaluator describes the modified ET watering program and how to set it on the controller. This program is based on recommending that mature plant material in the DFW area needs 1” of precipitation per week in the summer months. This is a recommendation by Texas Agri-Life Extension, as well as the city and UTRWD water conservation managers.
- 20) It is pointed out that the 1” is in conjunction with “mother nature” and if she provides the 1” herself, we do not need to supplement, but if not, we should use the irrigation system to supply the required water.
- 21) The evaluator then points out the seasonal adjust/water budget feature and review with them how to use this. Both cards provided to the resident on both processes.

- 22) If the customer requests, I will provide the name of an entity to do the work that is suggested. I do not do any of this work. Most situations we recommend "The Green Pro's Directory". This is a source for a list of licensed irrigators in the area.
- 23) On return to the office, the data from the field report is input into the MMII System.
- 24) Once the data is input and it is designated as "published" in the MMII System, an email is automatically sent to the customer.
- 25) The report at that point is also available to the city "moderators" that have been established. The completed report is provided to the homeowner as a "link" inside the email sent. The report can be viewed digitally or printed by the homeowner if preferred.
- 26) The report will automatically provide a **"Potential Weekly Gallons Savings /Increase"** number to the residents upon the report being published. This number is available to be produced as long as the water meter is accessible and readable at the beginning and end of the evaluation.
- 27) A positive number in this location, is an estimated amount the resident could save by making the adjustments to the controller recommended. A negative number would indicate that the resident would use more water but may have better looking performing plant material if the recommendations are followed.
- 28) **The resident is always instructed that these are recommendations by TX A&M along with the water conservation managers for the city. These are only recommendations and are NOT requirements.**
- 29) There are times the meters are covered by water in the box, or the meter box cannot be opened or the meter is in a position that it is not readable. Also there have been times when the meter does not function properly during the evaluation period.
- 30) The report will also automatically accumulate and provide to the homeowner the quantity of items that could be addressed in each category in "total for the system". This line is located just before the recommendations section for run times.
- 31) The MMII System has been established to allow the city moderators to have full access to view all attempts to contact the residents, the dates and times that have been established to do the evaluation with the homeowner and then have access to view and print the reports which have been provided to the residents.

Memorandum

To: **Honorable Mayor Terry and the Celina City Council**
 From: Kim Brawner, Assistant City Manager
 CC: Jason Laumer, City Manager
 Date: February 14, 2023
 Re: CCN Transfer Policy

Action Requested:

Consider and act upon a Resolution of the City Council of the City of Celina Texas, adopting the city's certificate of convenience and necessity transfer policy; repealing all conflicting policies; providing a severability clause; and providing for an effective date. (Brawner)

Background Information:

The City is required to obtain Certificates of Convenience and Necessity (CCN) to provide water and sewer service to property owners. The City's subdivision ordinance requires the transfer of Certificates of Convenience and Necessity (CCN) to the City as part of the development process and expansion of the City's utility system. The City of Celina and Mustang Special Utility District have entered into an interlocal agreement allowing a single transfer of the CCNs to the City of Celina.

The City of Celina does not currently have a CCN transfer policy, and the City Council has determined that the adoption of a CCN transfer policy to establish the procedure for the systematic transfer of the future areas into the City of Celina utility system is in the best interest of the City.

The CCN Transfer policy outlines the City's objective to make the process smooth for property owners.

Alternatives:

City Council could choose to not adopt the policy and provide staff direction.

AGREEMENT TO PURCHASE AND TRANSFER WATER CCN SERVICE AREA

This Agreement to Purchase and Transfer Water CCN Service Area (this “Agreement”) is entered into on this the 13th day of September 2022, (the “Effective Date”), by and between the City of Celina, Texas (the “City”), and Mustang Special Utility District (the “District”, f/k/a Marilee Special Utility District, f/k/a Gunter Special Utility District f/k/a Gunter Rural Water Supply Corporation). The City and the District are individually referred to as a “Party” and collectively as the “Parties.”

RECITALS

WHEREAS, the District, organized and operating pursuant to Chapters 65 and 49 of the Texas Water Code, owns and operates a retail public water utility system under Certificates of Convenience and Necessity (“CCN”) No. 10150 and 11856 supplying potable water for human consumption and domestic use; and

WHEREAS, the City is a Home Rule municipality located in Collin County, Texas, and Denton County, Texas created in accordance with the provisions of the Texas Local Government Code and operating pursuant to the Celina Home Rule Charter, and currently holds CCN No. 20764 for retail sewer service and CCN No. 12667 for retail public water service; and

WHEREAS, the District desires to transfer to the City all of the District’s CCN area located within those areas located in Collin County, consisting of approximately 20,754 acres, more or less, as described and depicted in **Exhibit A** (the “Transfer Area”), and the City desires to purchase and certificate said Transfer Area, pursuant to Texas Water Code § 13.242, and other applicable statutes and regulations; and

WHEREAS, the transfer is subject to, and may not be consummated without the prior approval of the Public Utility Commission of Texas (“PUC”) pursuant to Texas Water Code § 13.248; and

WHEREAS, this Agreement is intended to replace the obligations of the Parties in their entirety under that certain Full and Final Settlement Agreement and Release entered to settle Collin County 401st District Court Cause NO.401-01829-00 (the “Settlement Agreement”) executed between the Parties on April 21, 2001, and subsequently amended, and the Parties intend to terminate such Settlement Agreement; and

WHEREAS, the Parties agree to cooperate fully and in good faith to execute any and all documents and to take all actions which are necessary to give full force and effect to the transfer of the Transfer Area to the City.

NOW, THEREFORE, in consideration of the mutual benefits and promises contained herein and for other good and valuable consideration, the adequacy and receipt of which is hereby acknowledged, the Parties agree as follows:

The City may make pre-payments or pay the full amount owed at any time without penalty.

B. If this Agreement is terminated by the City after the Transfer Area is transferred to the City and prior to the City making all payments described in 2.04.A above, the City's obligations under 2.04.A. will be immediately due and payable in full upon the date of termination. The provisions of this Section 2.04 survive any termination of this Agreement until District has been satisfied in full.

No Party shall be in default under this Agreement until notice of the alleged failure of such Party to perform has been given (which notice shall set forth in reasonable detail the nature of the alleged failure) and until such Party has been given a reasonable time to cure the alleged failure (such reasonable time determined based on the nature of the alleged failure, but in no event less than thirty (30) days after written notice of the alleged failure has been given). In addition, no Party shall be in default under this Agreement if, within the applicable cure period, the Party to whom the notice was given begins performance and thereafter diligently and continuously pursues performance until the alleged failure has been cured. Notwithstanding the foregoing, however, a Party shall be in default of its obligation to make any payment required under this Agreement if such payment is not made within thirty (30) business days after it is due.

3.02 Remedies. If a Party is in default, the aggrieved Party may, at its option and without prejudice to any other right or remedy under this Agreement, seek any relief available at law or in equity, including, but not limited to, an action under the Uniform Declaratory Judgment Act, or actions for specific performance, mandamus, or injunctive relief. NOTWITHSTANDING THE FOREGOING, HOWEVER, NO DEFAULT UNDER THIS AGREEMENT SHALL ENTITLE THE AGGRIEVED PARTY TO TERMINATE THIS AGREEMENT OR LIMIT THE TERM OF THIS AGREEMENT.

The Bonds are special and limited obligations of the City, payable solely from and secured solely by the Trust Estate, including the Pledged Revenues and the Pledged Funds; and the Bonds shall never be payable out of funds raised or to be raised by taxation or from any other revenues, properties or income of the City.

Section 2.3. Authorization for Indenture.

The terms and provisions of this Indenture and the execution and delivery hereof by the City to the Trustee have been duly authorized by official action of the City Council of the City. The City has ascertained and it is hereby determined and declared that the execution and delivery of this Indenture is necessary to carry out and effectuate the purposes set forth in the preambles of this Indenture and that each and every covenant or agreement herein contained and made is necessary, useful or convenient in order to better secure the Bonds and is a contract or agreement necessary, useful and convenient to carry out and effectuate the purposes herein described.

(b) In consideration of the purchase and acceptance of any or all of the Bonds by those who shall purchase and hold the same from time to time, the provisions of this Indenture shall be a part of the contract of the City with the Owners, and shall be deemed to be and shall constitute a contract among the City, the Owners, and the Trustee.

(c) The Bonds shall mature on September 1 in the years and in the principal amounts and shall bear interest as set forth below:

<u>Year</u>	<u>Principal Amount (\$)</u>	<u>Interest Rate (%)</u>

(d) The Bonds shall be subject to mandatory sinking fund redemption, optional redemption, and extraordinary optional redemption prior to maturity as provided in Article IV herein, and shall otherwise have the terms, tenor, denominations, details, and specifications as set forth in the form of Bond set forth in Exhibit A to this Indenture.

Section 3.3. Conditions Precedent to Delivery of Bonds.

(a) The Bonds shall be executed by the City and delivered to the Trustee, whereupon the Trustee shall authenticate the Bonds and, upon payment of the purchase price of the Bonds, shall deliver the Bonds upon the order of the City, but only upon delivery to the Trustee of:

Section 3.4. Medium, Method and Place of Payment.

(a) Principal of and interest on the Bonds shall be paid in lawful money of the United States of America, as provided in this Section.

(b) Interest on the Bonds shall be payable to the Owners thereof as shown in the Register at the close of business on the relevant Record Date; provided, however, that in the event of nonpayment of interest on a scheduled Interest Payment Date, and for thirty (30) days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Trustee, if and when funds for the payment of such interest have been received from or on behalf of the City. Notice of the Special Record Date and of the scheduled payment date of the past due interest (the "Special Payment Date," which shall be fifteen (15) days after the Special Record Date) shall be sent at least five (5) Business Days prior to the Special Record Date by United States mail, first-class, postage prepaid, to the address of each Owner of a Bond appearing on the books of the Trustee at the close of business on the last Business Day preceding the date of mailing such notice.

(c) Interest on the Bonds shall be paid by check, dated as of the Interest Payment Date, and sent, United States mail, first-class, postage prepaid, by the Paying Agent/Registrar to each Owner at the address of each Owner as such appears in the Register or by such other customary banking arrangement acceptable to the Paying Agent/Registrar and the Owner; provided, however, the Owner shall bear all risk and expense of such other banking arrangement.

(d) The principal of each Bond shall be paid to the Owner of such Bond on the due date thereof, whether at the maturity date or the date of prior redemption thereof, upon presentation and surrender of such Bond at the Designated Payment/Transfer Office of the Paying Agent/Registrar.

(e) If the date for the payment of the principal of or interest on the Bonds shall be a Saturday, Sunday, legal holiday, or day on which banking institutions in the city where the Designated Payment/Transfer Office of the Paying Agent/Registrar is located are required or authorized by law or executive order to close, the date for such payment shall be the next succeeding day that is not a Saturday, Sunday, legal holiday, or day on which such banking institutions are required or authorized to close, and payment on such date shall for all purposes be deemed to have been made on the due date thereof as specified in Section 3.2 of this Indenture.

(f) Unclaimed payments of amounts due hereunder shall be segregated in a special account and held in trust, uninvested by the Paying Agent/Registrar, for the account of the Owner of the Bonds to which such unclaimed payments pertain. Subject to any escheat, abandoned property, or similar law of the State of Texas, any such payments remaining unclaimed by the Owners entitled thereto for two (2) years after the applicable payment or redemption date shall be applied to the next payment or payments on such Bonds thereafter coming due and, to the extent any such money remains after the retirement of all Outstanding Bonds, shall be paid to the City to be used for any lawful purpose. Thereafter, none of the City, the Paying Agent/Registrar, or any other Person shall be liable or responsible to any Owners of such Bonds for any further payment of such unclaimed moneys or on account of any such Bonds, subject to any applicable escheat law or similar law of the State of Texas.

Section 3.5. Execution and Registration of Bonds.

(a) The Bonds shall be executed on behalf of the City by the Mayor or Mayor Pro Tem and City Secretary, Assistant City Secretary, or Deputy City Secretary by their manual or facsimile signatures, and the official seal of the City shall be impressed or placed in facsimile thereon. Such facsimile signatures on the Bonds shall have the same effect as if each of the Bonds had been signed manually and in person by each of said officers, and such facsimile seal on the Bonds shall have the same effect as if the official seal of the City had been manually impressed upon each of the Bonds.

(b) In the event that any officer of the City whose manual or facsimile signature appears on the Bonds ceases to hold such office before the authentication of such Bonds or before the delivery thereof, such manual or facsimile signature nevertheless shall be valid and sufficient for all purposes as if such officer had remained in such office.

(c) Except as provided below, no Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit of this Indenture unless and until there appears thereon the Certificate of Trustee substantially in the form provided herein, duly authenticated by manual execution by an officer or duly authorized signatory of the Trustee. It shall not be required that the same officer or authorized signatory of the Trustee sign the Certificate of Trustee on all of the Bonds. In lieu of the executed Certificate of Trustee described above, the Initial Bond delivered at the Closing Date shall have attached thereto the Comptroller's Registration Certificate substantially in the form provided herein, manually executed by the Comptroller of Public Accounts of the State of Texas, or by his or her duly authorized agent, which certificate shall be evidence that the Initial Bond has been duly approved by the Attorney General of the State of Texas, is a valid and binding obligation of the City, and has been registered by the Comptroller of Public Accounts of the State of Texas.

(d) On the Closing Date, one Initial Bond representing the entire principal amount of all Bonds, payable in stated installments to the Purchaser or its designee, executed with the manual or facsimile signatures of the Mayor or Mayor Pro Tem and the City Secretary, Assistant City Secretary, or Deputy City Secretary approved by the Attorney General, and registered and manually signed by the Comptroller of Public Accounts, will be delivered to the Purchaser or its designee. Upon payment for such Initial Bond, the Trustee shall cancel the Initial Bond and deliver to DTC on behalf of the Purchaser of such Bonds one registered definitive bond for each year of maturity of the Bonds, in the aggregate principal amount of all bonds for such maturity, registered in the name of Cede & Co., as nominee of DTC.

Section 3.6. Ownership.

(a) The City, the Trustee, the Paying Agent/Registrar and any other Person may treat the Person in whose name any Bond is registered as the absolute owner of such for the purpose of making and receiving payment as provided herein (except interest shall be paid to the Person in whose name such Bond is registered on the relevant Record Date) and for all other purposes, whether or not such Bond is overdue, and neither the City nor the Trustee, nor the Paying Agent/Registrar, shall be bound by any notice or knowledge to the contrary.

(b) All payments made to the Owner of any Bond shall be valid and effectual and shall discharge the liability of the City, the Trustee and the Paying Agent/Registrar upon such Bond to the extent of the sums paid.

Section 3.7. Registration, Transfer and Exchange.

(a) So long as any Bond remains Outstanding, the City shall cause the Paying Agent/Registrar to keep at the Designated Payment/Transfer Office a Register in which, subject to such reasonable regulations as it may prescribe, the Paying Agent/Registrar shall provide for the registration and transfer of Bonds in accordance with this Indenture. The Paying Agent/Registrar represents and warrants that it will file and maintain a copy of the Register with the City, and shall cause the Register to be current with all registration and transfer information as from time to time may be applicable.

(b) A Bond shall be transferable only upon the presentation and surrender thereof at the Designated Payment/Transfer Office of the Paying Agent/Registrar with such endorsement or other evidence of transfer as is acceptable to the Paying Agent/Registrar. No transfer of any Bond shall be effective until entered in the Register.

(c) The Bonds shall be exchangeable upon the presentation and surrender thereof at the Designated Payment/Transfer Office of the Paying Agent/Registrar for a Bond or Bonds of the same maturity and bearing the same interest rate and in any Authorized Denomination and in an aggregate principal amount equal to the unpaid principal amount of the presented for exchange.

(d) The Trustee is hereby authorized to authenticate and deliver Bonds transferred or exchanged for other Bonds in accordance with this Section. A new Bond or Bonds will be delivered by the Paying Agent/Registrar, in lieu of the Bond being transferred or exchanged, at the Designated Payment/Transfer Office, or sent by United States mail, first-class, postage prepaid, to the Owner or his designee. Each transferred Bond delivered by the Paying Agent/Registrar in accordance with this Section shall constitute an original contractual obligation of the City and shall be entitled to the benefits and security of this Indenture to the same extent as the Bond or Bonds in lieu of which such transferred Bond is delivered.

(e) Each exchange Bond delivered in accordance with this Section shall constitute an original contractual obligation of the City and shall be entitled to the benefits and security of this Indenture to the same extent as the Bond or Bonds in lieu of which such exchange Bond is delivered.

(f) No service charge shall be made to the Owner for the initial registration, subsequent transfer, or exchange for a different Authorized Denomination of any of the Bonds. The Paying Agent/Registrar, however, may require the Owner to pay a sum sufficient to cover any tax or other governmental charge that is authorized to be imposed in connection with the registration, transfer, or exchange of a Bond.

(g) Neither the City nor the Paying Agent/Registrar shall be required to issue, transfer, or exchange any Bond or portion thereof called for redemption prior to maturity within forty-five (45) days prior to the date fixed for redemption; provided, however, such limitation shall not be applicable to an exchange by the Owner of the uncalled principal balance of a Bond redeemed in part.

Section 3.8. Cancellation.

All Bonds paid or redeemed before scheduled maturity in accordance with this Indenture, and all Bonds in lieu of which exchange Bonds or replacement Bonds are authenticated and MIA Indenture of Trust

delivered in accordance with this Indenture, shall be cancelled, and proper records shall be made regarding such payment, redemption, exchange, or replacement. The Paying Agent/Registrar shall dispose of cancelled Bonds in accordance with the records retention requirements of the Trustee.

Section 3.9. Temporary Bonds.

(a) Following the delivery and registration of the Initial Bond and pending the preparation of definitive Bonds, the proper officers of the City may execute and, upon the City's request, the Trustee shall authenticate and deliver, one or more temporary Bonds are printed, lithographed, typewritten, mimeographed or otherwise produced, in any denomination, substantially of the tenor of the definitive Bonds in lieu of which they are delivered, without coupons, and with such appropriate insertions, omissions, substitutions and other variations as the officers of the City executing such temporary Bonds may determine, as evidenced by their signing of such temporary Bonds.

(b) Until exchanged for Bonds in definitive form, such Bonds in temporary form shall be entitled to the benefit and security of this Indenture.

(c) The City, without unreasonable delay, shall prepare, execute and deliver to the Trustee the Bonds in definitive form; thereupon, upon the presentation and surrender of the Bond or Bonds in temporary form to the Paying Agent/Registrar, the Paying Agent/Registrar shall cancel the Bonds in temporary form and the Trustee shall authenticate and deliver in exchange therefor a Bond or Bonds of the same maturity and series, in definitive form, in the Authorized Denomination, and in the same aggregate principal amount, as the Bond or Bonds in temporary form surrendered. Such exchange shall be made without the making of any charge therefor to any Owner.

Section 3.10. Replacement Bonds.

(a) Upon the presentation and surrender to the Paying Agent/Registrar of a mutilated Bond, the Trustee shall authenticate and deliver in exchange therefor a replacement Bond of like tenor and principal amount, bearing a number not contemporaneously outstanding. The City or the Paying Agent/Registrar may require the Owner of such Bond to pay a sum sufficient to cover any tax or other governmental charge that is authorized to be imposed in connection therewith and any other expenses connected therewith.

(b) In the event that any Bond is lost, apparently destroyed or wrongfully taken, the Trustee, pursuant to the applicable laws of the State of Texas and in the absence of notice or knowledge that such Bond has been acquired by a bona fide purchaser, shall authenticate and deliver a replacement Bond of like tenor and principal amount bearing a number not contemporaneously outstanding, provided that the Owner first complies with the following requirements:

- (i) furnishes to the Paying Agent/Registrar satisfactory evidence of his or her ownership of and the circumstances of the loss, destruction or theft of such Bond;
- (ii) furnishes such security or indemnity as may be required by the Paying Agent/Registrar and the Trustee to save them and the City harmless;

(iii) pays all expenses and charges in connection therewith, including, but not limited to, printing costs, legal fees, fees of the Trustee and the Paying Agent/Registrar and any tax or other governmental charge that is authorized to be imposed; and

(iv) satisfies any other reasonable requirements imposed by the City and the Trustee.

(c) After the delivery of such replacement Bond, if a bona fide purchaser of the original Bond in lieu of which such replacement Bond was issued presents for payment such original Bond, the City and the Paying Agent/Registrar shall be entitled to recover such replacement Bond from the Person to whom it was delivered or any Person taking therefrom, except a bona fide purchaser, and shall be entitled to recover upon the security or indemnity provided therefor to the extent of any loss, damage, cost, or expense incurred by the City, the Paying Agent/Registrar or the Trustee in connection therewith.

(d) In the event that any such mutilated, lost, apparently destroyed or wrongfully taken Bond has become or is about to become due and payable, the Paying Agent/Registrar, in its discretion, instead of issuing a replacement Bond, may pay such Bond if it has become due and payable or may pay such Bond when it becomes due and payable.

(e) Each replacement Bond delivered in accordance with this Section shall constitute an original additional contractual obligation of the City and shall be entitled to the benefits and security of this Indenture to the same extent as the Bond or Bonds in lieu of which such replacement Bond is delivered.

Section 3.11. Book-Entry Only System.

The Bonds shall initially be issued in book-entry-only form and shall be deposited with DTC, which is hereby appointed to act as the securities depository therefor, in accordance with the letter of representations from the City to DTC. On the Closing Date, the definitive Bonds shall be issued in the form of a single typewritten certificate for each maturity thereof registered in the name of Cede & Co., as nominee for DTC.

With respect to Bonds registered in the name of Cede & Co., as nominee of DTC, the City and the Paying Agent/Registrar shall have no responsibility or obligation to any DTC Participant or to any Person on behalf of whom such a DTC Participant holds an interest in the Bonds. Without limiting the immediately preceding sentence, the City and the Paying Agent/Registrar shall have no responsibility or obligation with respect to (i) the accuracy of the records of DTC, Cede & Co. or any DTC Participant with respect to any ownership interest in the Bonds, (ii) the delivery to any DTC Participant or any other Person, other than an Owner, as shown on the Register, of any notice with respect to the Bonds, including any notice of redemption, or (iii) the payment to any DTC Participant or any other Person, other than an Owner, as shown in the Register of any amount with respect to principal of, premium, if any, or interest on the Bonds. Notwithstanding any other provision of this Indenture to the contrary, the City and the Paying Agent/Registrar shall be entitled to treat and consider the Person in whose name each Bond is registered in the Register as the absolute owner of such Bond for the purpose of payment of principal of, premium, if any, and interest on such Bond, for the purpose of giving notices of redemption and other matters with respect to such Bond, for the purpose of registering transfer with respect to such Bond, and for all other purposes whatsoever. The Paying Agent/Registrar shall pay all principal of, premium, if any, and interest on the Bonds only to or upon the order of

the respective Owners as shown in the Register, as provided in this Indenture, and all such payments shall be valid and effective to fully satisfy and discharge the City's obligations with respect to payment of principal of, premium, if any, and interest on the Bonds to the extent of the sum or sums so paid. No Person other than an Owner, as shown in the Register, shall receive a certificate evidencing the obligation of the City to make payments of amounts due pursuant to this Indenture. Upon delivery by DTC to the Paying Agent/Registrar of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions in this Indenture with respect to interest checks or drafts being mailed to the registered owner at the close of business on the relevant Record Date, the word "Cede & Co." in this Indenture shall refer to such new nominee of DTC.

Section 3.12. Successor Securities Depository: Transfer Outside Book-Entry-Only System.

In the event that the City determines that DTC is incapable of discharging its responsibilities described herein and in the letter of representations from the City to DTC, the City shall (i) appoint a successor securities depository, qualified to act as such under Section 17A of the Securities and Exchange Act of 1934, as amended, notify DTC and DTC Participants of the appointment of such successor securities depository and transfer one or more separate Bonds to such successor securities depository; or (ii) notify DTC and DTC Participants of the availability through DTC of certificated Bonds and cause the Paying Agent/Registrar to transfer one or more separate registered Bonds to DTC Participants having Bonds credited to their DTC accounts. In such event, the Bonds shall no longer be restricted to being registered in the Register in the name of Cede & Co., as nominee of DTC, but may be registered in the name of the successor securities depository, or its nominee, or in whatever name or names Owners transferring or exchanging Bonds shall designate, in accordance with the provisions of this Indenture.

Section 3.13. Payments to Cede & Co.

Notwithstanding any other provision of this Indenture to the contrary, so long as any Bonds are registered in the name of Cede & Co., as nominee of DTC, all payments with respect to principal of, premium, if any, and interest on such Bonds, and all notices with respect to such Bonds shall be made and given, respectively, in the manner provided in the blanket letter of representations from the City to DTC.

(b) At least forty-five (45) days prior to each mandatory sinking fund redemption date, and subject to any prior reduction authorized by subparagraphs (c) and (d) of this Section 4.2, the Trustee shall select a principal amount of Bonds (in accordance with Section 4.5) of such maturity equal to the Sinking Fund Installment amount of such Bonds to be redeemed, shall call such Bonds for redemption on such scheduled mandatory sinking fund redemption date, and shall give notice of such redemption, as provided in Section 4.6.

(c) The principal amount of Bonds of a Stated Maturity required to be redeemed on any mandatory sinking fund redemption date pursuant to subparagraph (a) of this Section 4.2 shall be reduced, at the option of the City, by the principal amount of any Bonds of such maturity which, at least 45 days prior to the mandatory sinking fund redemption date shall have been acquired by the City at a price not exceeding the principal amount of such Bonds plus accrued and unpaid interest to the date of purchase thereof, and delivered to the Trustee for cancellation.

(d) The principal amount of Bonds required to be redeemed on any mandatory sinking fund redemption date pursuant to subparagraph (a) of this Section 4.2 shall be reduced on a pro rata basis among Sinking Fund Installments by the principal amount of any Bonds which, at least forty-five (45) days prior to the mandatory sinking fund redemption date, shall have been redeemed pursuant to the optional redemption or extraordinary optional redemption provisions hereof and not previously credited to a mandatory sinking fund redemption.

Section 4.3. Optional Redemption.

The City reserves the right and option to redeem Bonds maturing on or after September 1, 20__, before their respective scheduled maturity dates, in whole or in part, on any date on or after September 1, 2031, such redemption date or dates to be fixed by the City, at the Redemption Price.

Section 4.4. Extraordinary Optional Redemption.

Notwithstanding any provision in this Indenture to the contrary, the City reserves the right and option to redeem Bonds before their scheduled maturity dates, in whole or in part and in an amount and on a date specified in a City Certificate, on the first day of any month, at the Redemption Price of such Bonds, or portions thereof, to be redeemed plus accrued interest to the date of redemption from amounts on deposit in the Redemption Fund as a result of Prepayments (including related transfers to the Redemption Fund made pursuant to the terms of this Indenture, any other transfers to the Redemption Fund under the terms of this Indenture or as a result of unexpended amounts transferred from the Project Fund pursuant to the terms of this Indenture). The City will provide the Trustee a City Certificate directing the Bonds to be redeemed pursuant to this Section 4.4 in accordance with the provisions of Section 4.5 hereof.

Section 4.5. Partial Redemption.

(a) If less than all of the Bonds are to be redeemed pursuant to Sections 4.2, 4.3, or 4.4, Bonds shall be redeemed in minimum principal amounts of \$1,000 or any integral thereof. Each Bond shall be treated as representing the number of bonds that is obtained by dividing the principal amount of such Bonds by \$1,000. No redemption shall result in a Bond in a denomination of less than the Authorized Denomination in effect at that time; provided, however, if the amount of the Outstanding Bond is less than an Authorized Denomination after giving effect to such partial redemption, a Bond in the principal amount equal to the unredeemed portion, but not less than \$1,000, may be issued.

(b) In selecting the Bonds to be redeemed pursuant to Section 4.2, the Trustee may select Bonds in any method that results in a random selection.

(c) In selecting the Bonds to be redeemed pursuant to Section 4.3, the Trustee may rely on the directions provided in a City Certificate.

(d) If less than all the Bonds are called for extraordinary optional redemption pursuant to Section 4.4 hereof, the Bonds or portion of a Bond, as applicable, to be redeemed shall be selected in the following manner:

(i) with respect to a Substantial Amount Redemption, the principal amount called for redemption shall be allocated on a pro rata basis among all Outstanding Bonds; and

(ii) with respect to a Minor Amount Redemption, the Outstanding Bonds of such series shall be redeemed in inverse order of maturity.

(e) Upon surrender of any Bond for redemption in part, the Trustee, in accordance with Section 3.7 of this Indenture, shall authenticate and deliver an exchange Bond or Bonds in an aggregate principal amount equal to the unredeemed portion of the Bond so surrendered, such exchange being without charge.

Section 4.6. Notice of Redemption to Owners.

(a) The Trustee shall give notice of any redemption of Bonds by sending notice by United States mail, first-class, postage prepaid, not less than 30 days before the date fixed for redemption, to the Owner of each Bond or portion thereof to be redeemed, at the address shown in the Register. So long as the Bonds are in book-entry-only form and held by DTC as security depository, references to Owner in this Indenture means Cede & Co., as nominee for DTC.

(b) The notice shall state the redemption date, the Redemption Price, the place at which the Bonds are to be surrendered for payment, and, if less than all the Outstanding Bonds are to be redeemed, and subject to Section 4.5 hereof, an identification of the Bonds or portions thereof to be redeemed, any conditions to such redemption and that on the redemption date, if all conditions, if any, to such redemption have been satisfied, such Bond shall become due and payable.

(c) Any notice given as provided in this Section shall be conclusively presumed to have been duly given, whether or not the Owner receives such notice.

(d) The City has the right to rescind any optional redemption or extraordinary optional redemption described in Section 4.3 or 4.4 by written notice to the Trustee on or prior to the date fixed for redemption. Any notice of redemption shall be cancelled and annulled if for any reason funds are not available on the date fixed for redemption for the payment in full of the Bonds then called for redemption, and such cancellation shall not constitute an Event of Default under the Indenture. The Trustee shall mail notice of rescission of redemption in the same manner notice of redemption was originally provided.

(e) With respect to any optional redemption of the Bonds, unless the Trustee has received funds sufficient to pay the Redemption Price of the Bonds to be redeemed before giving of a notice of redemption, the notice may state the City may condition redemption on the receipt of such funds by the Trustee on or before the date fixed for the redemption, or on the satisfaction of any other prerequisites set forth in the notice of redemption. If a conditional notice of redemption is given and such prerequisites to the redemption are not satisfied and sufficient funds are not received, the notice shall be of no force and effect, the City shall not redeem the

Bonds and the Trustee shall give notice, in the manner in which the notice of redemption was given, that the Bonds have not been redeemed.

Section 4.7. Payment Upon Redemption.

(a) The Trustee shall make provision for the payment of the Bonds to be redeemed on such date by setting aside and holding in trust an amount from the Redemption Fund or otherwise received by the Trustee from the City and shall use such funds solely for the purpose of paying the Redemption Price on the Bonds being redeemed.

(b) Upon presentation and surrender of any Bond called for redemption at the Designated Payment/Transfer Office of the Trustee on or after the date fixed for redemption, the Trustee shall pay the Redemption Price on such Bond to the date of redemption from the moneys set aside for such purpose.

Section 4.8. Effect of Redemption.

Notice of redemption having been given as provided in Section 4.6 of this Indenture, the Bonds or portions thereof called for redemption shall become due and payable on the date fixed for redemption provided that funds for the payment of the Redemption Price of such Bonds to the date fixed for redemption are on deposit with the Trustee; thereafter, such Bonds or portions thereof shall cease to bear interest from and after the date fixed for redemption, whether or not such Bonds are presented and surrendered for payment on such date.

It is expressly provided, however, that the presence or absence of CUSIP numbers on the shall be of no significance or effect as regards the legality thereof; and none of the City, the Trustee, nor the attorneys approving said Bonds as to legality are to be held responsible for CUSIP numbers incorrectly printed on the Bonds.

(c) Each Fund and each Account created within such Fund shall be maintained by the Trustee separate and apart from all other funds and accounts of the City. The Pledged Funds shall constitute trust funds which shall be held in trust by the Trustee as part of the Trust Estate solely for the benefit of the Owners of the Bonds.

(d) Interest earnings and profit on each respective Fund and Account established by this Indenture shall be applied or withdrawn for the purposes of such Fund or Account as specified below.

Section 6.3. Pledged Revenue Fund.

(a) On or before February 15 of each year while the Bonds are Outstanding and beginning February 15, 2024, the City shall deposit or cause to be deposited the Pledged Revenues into the Pledged Revenue Fund. From amounts deposited into the Pledged Revenue Fund, the City shall deposit or cause to be deposited Pledged Revenues as follows: (i) first, to the Bond Pledged Revenue Account of the Pledged Revenue Fund in an amount sufficient to pay debt service on the Bonds next coming due in such calendar year, (ii) second, to the Reserve

Account of the Reserve Fund in an amount to cause the amount in the Reserve Account to equal the Reserve Account Requirement, in accordance with Section 6.7(a) hereof, (iii) third, to the Additional Interest Reserve Account of the Reserve Fund in an amount equal to the Additional Interest collected, if any, in accordance with Section 6.7(b) hereof, (iv) fourth, to pay Actual Costs of the Major Improvement Area Projects, and (v) fifth, to pay other costs permitted by the PID Act.

(b) From time to time as needed to pay the obligations relating to the Bonds, but no later than five (5) Business Days before each Interest Payment Date, the Trustee shall withdraw from the Bond Pledged Revenue Account and transfer to the Principal and Interest Account of the Bond Fund, an amount, taking into account any amounts then on deposit in such Principal and Interest Account and any expected transfers from the Capitalized Interest Account to the Principal and Interest Account, such that the amount on deposit in the Principal and Interest Account equals the principal (including any Sinking Fund Installments) and interest due on the Bonds on the next Interest Payment Date.

(c) If, after the foregoing transfers and any transfer from the Reserve Fund as provided in Section 6.7 herein, there are insufficient funds to make the payments provided in paragraph (b) above, the Trustee shall apply the available funds in the Principal and Interest Account first, to the payment of interest and, second, to the payment of principal (including any Sinking Fund Installments) on the Bonds, as described in Section 11.4(a) hereof.

(d) Notwithstanding Section 6.3(a) hereof, the Trustee shall deposit Prepayments to the Pledged Revenue Fund and as soon as practicable after such deposit shall transfer such Prepayments to the Redemption Fund.

(e) Notwithstanding Section 6.3(a) hereof, the Trustee shall deposit Foreclosure Proceeds to the Pledged Revenue Fund and as soon as practicable after such deposit shall transfer Foreclosure Proceeds first, to the Reserve Account to restore any transfers from the Reserve Account made with respect to the Assessed Parcel(s) to which the Foreclosure Proceeds relate, second, to the Additional Interest Reserve Account to restore any transfers from the Additional Interest Reserve Account made with respect to the Assessed Parcel(s) to which the Foreclosure Proceeds relate, and third, to the Redemption Fund.

(f) After satisfaction of the requirement to provide for the payment of the principal and interest on the Bonds and to fund any deficiency that may exist in an account of the Reserve Fund, the City may direct the Trustee by City Certificate to apply Assessments for any lawful purposes permitted by the PID Act for which Assessments may be paid.

(g) Any additional Pledged Revenues remaining after the satisfaction of the foregoing shall be applied by the Trustee, as instructed by the City pursuant to a City Certificate, for any lawful purpose permitted by the PID Act for which such additional Pledged Revenues may be used, including transfers to other Funds and Accounts created pursuant to this Indenture.

Section 6.4. Bond Fund.

(a) On each Interest Payment Date, the Trustee shall withdraw from the Principal and Interest Account and transfer to the Paying Agent/Registrar the principal (including any Sinking Fund Installments) and/or interest then due and payable on the Bonds, less any amount to be used to pay interest on the Bonds on such Interest Payment Date from the Capitalized Interest Account, as provided below.

(b) If amounts in the Principal and Interest Account are insufficient for the purposes set forth in paragraph (a) above, the Trustee shall withdraw from the Reserve Fund amounts to cover the amount of such insufficiency in the order described in Section 6.7(f) hereof. Amounts so withdrawn from the Reserve Fund shall be deposited in the Principal and Interest Account and transferred to the Paying Agent/Registrar.

(c) Moneys in the Capitalized Interest Account shall be used for the payment of interest on the Bonds on the following dates and in the following amounts:

<u>Date</u>	<u>Amount (\$)</u>
-------------	--------------------

Any amounts on deposit in the Capitalized Interest Account after the payment of interest on the dates and in the amounts listed above shall be transferred to the Major Improvement Area Projects Account of the Project Fund, or if the Major Improvement Area Projects Account of the Project Fund has been closed as provided in Section 6.5(e) herein, such amounts shall be transferred to the Redemption Fund to be used to redeem Bonds and the Capitalized Interest Account shall be closed.

Section 6.5. Project Fund.

(a) Money on deposit in the Project Fund shall be used for the purposes specified in Section 3.1 hereof.

(b) Disbursements from the Costs of Issuance Account of the Project Fund shall be made by the Trustee to pay costs of issuance of the Bonds pursuant to one or more City Certificates. Disbursements from the Major Improvement Area Projects Account of the Project Fund to pay Actual Costs of the Major Improvement Area Projects shall be made by the Trustee upon receipt by the Trustee of either a properly executed and completed Certification for Payment or written direction from the City or its designee approving the disbursement to the Developer or the Developer's designee. The disbursement of funds from the Major Improvement Area Projects Account pursuant to a Certification for Payment shall be pursuant to and in accordance with the disbursement procedures described in the Major Improvement Area Projects Construction, Funding and Acquisition Agreement. Such provisions and procedures related to such disbursements contained in the Major Improvement Area Projects Construction, Funding and Acquisition Agreement, are herein incorporated by reference and deemed set forth herein in full.

(c) If the City Representative determines in his or her sole discretion that amounts then on deposit in the Major Improvement Area Projects Account of the Project Fund are not expected to be expended for purposes of the Major Improvement Area Projects Account of the Project Fund due to the abandonment, or constructive abandonment, of the Major Improvement Area Projects, such that, in the opinion of the City Representative, it is unlikely that the amounts in the Major Improvement Area Projects Account of the Project Fund will ever be expended for the purposes of such Account, the City Representative shall file a City Certificate with the Trustee which identifies the amounts then on deposit in the Major Improvement Area Projects Account of the Project Fund that are not expected to be used for purposes of such Account. If such City

Certificate is so filed, the amounts on deposit in the Major Improvement Area Projects Account of the Project Fund shall be transferred to the Redemption Fund to redeem Bonds on the earliest practicable date after notice of redemption has been provided in accordance with the Indenture.

(d) In making any determination pursuant to this Section, the City Representative may conclusively rely upon a certificate of an Independent Financial Consultant.

(e) Upon the filing of a City Certificate stating that all Major Improvement Area Projects have been completed and that all Actual Costs of the Major Improvement Area Projects have been paid, or that any such Actual Costs are not required to be paid from the Major Improvement Area Projects Account of the Project Fund pursuant to a Certification for Payment or written direction from the City or its designee, the Trustee (i) shall transfer the amount, if any, remaining within the Major Improvement Area Projects Account of the Project Fund to the Bond Fund, and (ii) shall close the Major Improvement Area Projects Account. If the Major Improvement Area Project Account has been closed as provided above and the Costs of Issuance Account has been closed as provided in Section 6.5(f) below, the Project Fund shall be closed.

(f) Not later than six months following the Closing Date, or upon an earlier determination by the City Representative that all costs of issuance of the Bonds have been paid, any amounts remaining in the Costs of Issuance Account shall be transferred to another Account of the Project Fund and used to pay Actual Costs or to the Principal and Interest Account of the Bond Fund and used to pay interest on the Bonds, as directed by the City in a City Certificate filed with the Trustee, and the Costs of Issuance Account shall be closed.

Section 6.6. Redemption Fund.

(a) The Trustee shall cause to be deposited to the Redemption Fund from the Bond Pledged Revenue Account of the Pledged Revenue Fund an amount sufficient to redeem Bonds as provided in Sections 4.3 and 4.4 on the dates specified for redemption as provided in Sections 4.3 and 4.4. Amounts on deposit in the Redemption Fund shall be used and withdrawn by the Trustee to redeem Bonds as provided in Article IV.

Section 6.7. Reserve Fund.

(a) The City agrees with the Owners of the Bonds to accumulate from the deposits described in Section 6.3(a) hereof, and when accumulated, maintain in the Reserve Account of the Reserve Fund, an amount equal to not less than the Reserve Account Requirement except to the extent such deficiency is due to the application of Section 6.7(d) hereof. All amounts deposited in the Reserve Account of the Reserve Fund shall be used and withdrawn by the Trustee for the purpose of making transfers to the Principal and Interest Account of the Bond Fund as provided in this Indenture.

(b) The Trustee, if needed, will transfer from the Bond Pledged Revenue Account of the Pledged Revenue Fund to the Additional Interest Reserve Account on March 1 and September 1 of each year, commencing March 1, 2024, an amount equal to the Additional Interest collected, if any, until the Additional Interest Reserve Requirement has been accumulated in the Additional Interest Reserve Account. If the amount on deposit in the Additional Interest Reserve Account shall at any time be less than the Additional Interest Reserve Requirement, the Trustee shall notify the City, in writing, of the amount of such shortfall, and the City shall resume collecting the Additional Interest and shall file a City Certificate with the Trustee

instructing the Trustee to resume depositing the Additional Interest from the Bond Pledged Revenue Account of the Pledged Revenue Fund into the Additional Interest Reserve Account until the Additional Interest Reserve Requirement has been accumulated in the Additional Interest Reserve Account; provided, however, that the City shall not be required to replenish the Additional Interest Reserve Account in the event funds are transferred from the Additional Interest Reserve Account to the Redemption Fund as a result of an extraordinary optional redemption of Bonds from the proceeds of a Prepayment pursuant to Section 4.4 of this Indenture. In the event the amount on deposit in the Additional Interest Reserve Account is less than the Additional Interest Reserve Requirement then the deposits described in the immediately preceding sentence shall continue until the Additional Interest Reserve Account has been fully replenished. If, after such deposits, there is surplus Additional Interest remaining, the Trustee shall transfer such surplus Additional Interest to the Redemption Fund, and shall notify the City of such transfer in writing. In calculating the amounts to be transferred pursuant to this Section, the Trustee may conclusively rely on the Annual Installments as shown on the Major Improvement Area Assessment Roll in the Service and Assessment Plan or an Annual Service Plan Update, unless and until it receives a City Certificate directing that a different amount be used.

(c) Whenever a transfer is made from an Account of the Reserve Fund to the Bond Fund due to a deficiency in the Bond Fund, the Trustee shall provide written notice thereof to the City, specifying the amount withdrawn and the source of said funds.

(d) Whenever Bonds are to be redeemed with the proceeds of Prepayments pursuant to Section 4.4, the Trustee shall transfer, on the Business Day prior to the redemption date (or on such other date as agreed to by the City and the Trustee), from the Reserve Account of the Reserve Fund to the Redemption Fund, an amount specified in a City Certificate to be applied to the redemption of the Bonds. The amount so transferred from the Reserve Account of the Reserve Fund shall be equal to the principal amount of Bonds to be redeemed with Prepayments multiplied by the lesser of: (i) the amount required to be in the Reserve Account of the Reserve Fund divided by the principal amount of Outstanding Bonds prior to the redemption, and (ii) the amount actually in the Reserve Account of the Reserve Fund divided by the principal amount of Outstanding Bonds prior to the redemption. If after such transfer, and after applying investment earnings on the Prepayments toward payment of accrued interest, there are insufficient funds in the Redemption Fund to pay the principal amount plus accrued and unpaid interest to the date fixed for redemption of the Bonds to be redeemed, as identified in a City Certificate, as a result of such Prepayments and as a result of the transfer from the Reserve Account under this Section 6.7(d), the Trustee shall transfer an amount equal to the shortfall, and/or any additional amounts necessary to permit the Bonds to be redeemed in minimum principal amounts of \$1,000, from the Additional Interest Reserve Account to the Redemption Fund to be applied to the redemption of the Bonds.

(e) Whenever, on any Interest Payment Date, or on any other date at the written request of a City Representative, the amount in the Reserve Account exceeds the Reserve Account Requirement, the Trustee shall provide written notice to the City Representative of the amount of the excess. Such excess shall be transferred to the Principal and Interest Account to be used for the payment of debt service on the Bonds on the next Interest Payment Date in accordance with Section 6.4 hereof, unless within thirty days of such notice to the City Representative, the Trustee receives a City Certificate instructing the Trustee to apply such excess: (i) to pay amounts due under Section 6.8 hereof, (ii) to a specified Account of the Project Fund if such application and the expenditure of funds is expected to occur within three years of

the date hereof, or (iii) for such other use specified in such City Certificate if the City receives a written opinion of counsel nationally recognized in the field of municipal bond law to the effect that such alternate use will not adversely affect the exemption from federal income tax of the interest on any Bond.

(f) Whenever, on any Interest Payment Date, the amount on deposit in the Bond Fund is insufficient to pay the debt service on the Bonds due on such date, the Trustee shall transfer first, from the Additional Interest Reserve Account of the Reserve Fund to the Bond Fund and, second, from the Reserve Account of the Reserve Fund to the Bond Fund the amounts necessary to cure such deficiency.

(g) At the final maturity of the Bonds, the amount on deposit in the Reserve Account and the Additional Interest Reserve Account shall be transferred to the Principal and Interest Account of the Bond Fund and applied to the payment of the principal of the Bonds.

(h) If, after a Reserve Account withdrawal pursuant to Section 6.7(f), the amount on deposit in the Reserve Account of the Reserve Fund is less than the Reserve Account Requirement, the Trustee shall transfer from the Pledged Revenue Fund to the Reserve Account of the Reserve Fund the amount of such deficiency, in accordance with Section 6.3.

(i) If the amount held in the Reserve Fund together with the amount held in the Bond Fund and Redemption Fund is sufficient to pay the principal amount of all Outstanding Bonds on the next Interest Payment Date, together with the unpaid interest accrued on such Outstanding Bonds as of such Interest Payment Date, the moneys shall be transferred to the Redemption Fund and thereafter used to redeem all Outstanding Bonds as of such Interest Payment Date.

Section 6.8. Rebate Fund: Rebate Amount.

(a) There is hereby established a special fund of the City to be designated "City of Celina, Texas, Rebate Fund" (the "Rebate Fund") to be held by the Trustee in accordance with the terms and provisions of this Indenture. Amounts on deposit in the Rebate Fund shall be used solely for the purpose of paying amounts relating to the Bonds due the United States Government in accordance with the Code.

(b) In order to assure that Rebate Amount is paid to the United States rather than to a third party, investments of funds on deposit in the Rebate Fund shall be made in accordance with the Code and the Tax Certificate.

(c) The Trustee conclusively shall be deemed to have complied with the provisions of this Section and Section 7.5(h) and shall not be liable or responsible if it follows the instructions of the City and shall not be required to take any action under this Section and Section 7.5(h) in the absence of written instructions from the City.

(d) If, on the date of each annual calculation, the amount on deposit in the Rebate Fund exceeds the Rebate Amount, the City may direct the Trustee, pursuant to a City Certificate, to transfer the amount in excess of the Rebate Amount to the Bond Fund.

Section 6.9. Administrative Fund.

(a) The City shall deposit or cause to be deposited to the District Administration Account of the Administrative Fund the amounts collected each year to pay Administrative Expenses and Delinquent Collection Costs.

(b) Moneys in the District Administration Account of the Administrative Fund shall be held by the Trustee separate and apart from the other Funds and Accounts created and administered hereunder and used as directed by a City Certificate solely for the purposes set forth in the Service and Assessment Plan.

Section 6.10. Investment of Funds.

(a) Money in any Fund or Account established pursuant to this Indenture shall be invested by the Trustee as directed by the City pursuant to a City Certificate filed with the Trustee at least two (2) days in advance of the making of such investment. The money in any Fund or Account shall be invested in time deposits or certificates of deposit secured in the manner required by law for public funds, or be invested in direct obligations of, including obligations the principal and interest on which are unconditionally guaranteed by, the United States of America, in obligations of any agencies or instrumentalities thereof, or in such other investments as are permitted under the Public Funds Investment Act, Texas Government Code, Chapter 2256, as amended, or any successor law, as in effect from time to time; provided that all such deposits and investments shall be made in such manner (which may include repurchase agreements for such investment with any primary dealer of such agreements) that the money required to be expended from any Fund will be available at the proper time or times. Notwithstanding the preceding sentence, amounts in the Additional Interest Reserve Account may not be invested above the Yield (as defined in Section 7.5(a) hereof) on the Bonds, unless and until the City receives a written opinion of counsel nationally recognized in the field of municipal bond law to the effect that such investment and/or the failure to comply with such yield restriction will not adversely affect the exemption from federal income tax of the interest on any Bond. Investments shall be valued each year in terms of current market value as of September 30. For purposes of maximizing investment returns, to the extent permitted by law, money in such Funds or Accounts may be invested in common investments of the kind described above, or in a common pool of such investment which shall be kept and held at an official depository bank, which shall not be deemed to be or constitute a commingling of such money or funds provided that safekeeping receipts or certificates of participation clearly evidencing the investment or investment pool in which such money is invested and the share thereof purchased with such money or owned by such Fund or Account are held by or on behalf of each such Fund or Account. If necessary, such investments shall be promptly sold to prevent any default.

(b) Obligations purchased as an investment of moneys in any Fund or Account shall be deemed to be part of such Fund or Account, subject, however, to the requirements of this Indenture for transfer of interest earnings and profits resulting from investment of amounts in Funds and Accounts. Whenever in this Indenture any moneys are required to be transferred by the City to the Trustee, such transfer may be accomplished by transferring a like amount of Investment Securities.

(c) The Trustee and its affiliates may act as sponsor, advisor, depository, principal or agent in the acquisition or disposition of any investment. The Trustee shall have no investment discretion and the Trustee's only responsibility for investments shall be to follow the written instructions contained in any City Certificate and to insure that an investment it is directed to

purchase is a permitted investment pursuant to the terms of this Indenture. The Trustee shall not incur any liability for losses arising from any investments made pursuant to this Section. The Trustee shall not be required to determine the suitability or legality of any investments.

(d) Investments in any and all Funds and Accounts may be commingled in a separate fund or funds for purposes of making, holding and disposing of investments, notwithstanding provisions herein for transfer to or holding in or to the credit of particular Funds or Accounts of amounts received or held by the Trustee hereunder, provided that the Trustee shall at all times account for such investments strictly in accordance with the Funds and Accounts to which they are credited and otherwise as provided in this Indenture.

(e) The Trustee will furnish the City and the Administrator monthly cash transaction statements which include detail for all investment transactions made by the Trustee hereunder; and, unless the Trustee receives a written request, the Trustee is not required to provide brokerage confirmations so long as the Trustee is providing such monthly cash transaction statements.

Section 6.11. Security of Funds.

All Funds or Accounts heretofore created, to the extent not invested as herein permitted, shall be secured in the manner and to the fullest extent required by law for the security of public funds, and such Funds or Accounts shall be used only for the purposes and in the manner permitted or required by this Indenture.

ARTICLE VII

COVENANTS

Section 7.1. Confirmation of Assessments.

The City hereby confirms, covenants, and agrees that, the Assessments to be collected from the Assessed Property are so reflected in the Service and Assessment Plan (as it may be updated from time to time) and in accordance with the Assessment Ordinance, it has levied the Assessments against the respective Assessed Parcels from which the Pledged Revenues will be collected and received.

Section 7.2. Collection and Enforcement of Assessments.

(a) For so long as any Bonds are Outstanding, and/or amounts are due to the Developer to pay it for funds it has contributed to pay Actual Costs of the Major Improvement Area Projects in accordance with the Major Improvement Area Projects Construction, Funding, and Acquisition Agreement, the City covenants, agrees and warrants that it will take and pursue all actions permissible under Applicable Laws to cause the Assessments to be collected and the liens thereof enforced continuously, in the manner and to the maximum extent permitted by Applicable Laws, and, to the extent permitted by Applicable Laws, to cause no reduction, abatement or exemption in the Assessments.

(b) The City will determine or cause to be determined, no later than February 15 of each year, whether or not any Annual Installment is delinquent and, if such delinquencies exist, the City will order and cause to be commenced as soon as practicable any and all appropriate and legally permissible actions to obtain such Annual Installment, and any delinquent charges and interest thereon, including diligently prosecuting an action in district court to foreclose the MIA Indenture of Trust

currently delinquent Annual Installment. Notwithstanding the foregoing, the City shall not be required under any circumstances to purchase or make payment for the purchase of the delinquent Assessment or the corresponding Assessed Parcel. Furthermore, nothing shall obligate the City, the City Attorney, or any appropriate designee to undertake collection or foreclosure actions against delinquent accounts in violation of applicable state law, court order, or existing contractual provisions between the City and its appropriate collections enforcement designees.

Section 7.3. Against Encumbrances.

(a) Other than Refunding Bonds, the City shall not create and, to the extent Pledged Revenues are received, shall not suffer to remain, any lien, encumbrance or charge upon the Trust Estate, other than that specified in Section 9.6 of this Indenture, or upon any other property pledged under this Indenture, except the pledge created for the security of the Bonds, and other than a lien or pledge subordinate to the lien and pledge of such property related to the Bonds.

(b) So long as Bonds are Outstanding hereunder, and except as set forth in Section 13.2 hereof, the City shall not issue any bonds, notes or other evidences of indebtedness other than the Bonds and Refunding Bonds, if any, secured by any pledge of or other lien or charge on the Trust Estate or other property pledged under this Indenture, except for other indebtedness incurred in compliance with Section 13.2 hereof.

Section 7.4. Records, Accounts, Accounting Reports.

The City hereby covenants and agrees that so long as any of the Bonds or any interest thereon remain Outstanding and unpaid, and/or the obligation to the Developer to pay it for funds it has contributed to pay Actual Costs of the Major Improvement Area Projects in accordance with the Major Improvement Area Projects Construction, Funding, and Acquisition Agreement remain outstanding and unpaid, it will keep and maintain a proper and complete system of records and accounts pertaining to the Assessments. The Trustee and Owners of any Bonds or any duly authorized agent or agents of such holders shall have the right at all reasonable times to inspect all such records, accounts, and data relating thereto, upon written request to the City by the Trustee or duly authorized representative, as applicable. The City shall provide the Trustee or duly authorized representative, as applicable, an opportunity to inspect such books and records relating to the Bonds during the City's regular business hours and on a mutually agreeable date not later than thirty days after the City receives such request.

Section 7.5. Covenants to Maintain Tax-Exempt Status.

(a) Definitions. When used in this Section, the following terms shall have the following meanings:

"*Closing Date*" means the date on which the Bonds are first authenticated and delivered to the initial purchasers against payment therefor.

"*Code*" means the Internal Revenue Code of 1986, as amended by all legislation, if any, effective on or before the Closing Date.

"*Computation Date*" has the meaning set forth in Section 1.148-1(b) of the Regulations.

“Gross Proceeds” means any proceeds as defined in Section 1.148-1(b) of the Regulations, and any replacement proceeds as defined in Section 1.148-1(c) of the Regulations, of the Bonds.

“Investment” has the meaning set forth in Section 1.148-1(b) of the Regulations.

“Nonpurpose Investment” means any investment property, as defined in Section 148(b) of the Code, in which Gross Proceeds of the Bonds are invested and which is not acquired to carry out the governmental purposes of the Bonds.

“Regulations” means any proposed, temporary or final Income Tax Regulations issued pursuant to Sections 103 and 141 through 150 of the Code, and 103 of the Internal Revenue Code of 1954, which are applicable to the Bonds. Any reference to any specific Regulation shall also mean, as appropriate, any proposed, temporary or final Income Tax Regulation designed to supplement, amend or replace the specific Regulation referenced.

“Yield” of (1) any Investment has the meaning set forth in Section 1.148-5 of the Regulations; and (2) the Bonds has the meaning set forth in Section 1.148-4 of the Regulations.

(b) Not to Cause Interest to Become Taxable. The City shall not use, permit the use of, or omit to use Gross Proceeds or any other amounts (or any property the acquisition, construction or improvement of which is to be financed directly or indirectly with Gross Proceeds) in a manner which if made or omitted, respectively, would cause the interest on any Bond to become includable in the gross income, as defined in Section 61 of the Code, of the owner thereof for federal income tax purposes. Without limiting the generality of the foregoing, unless and until the City receives a written opinion of counsel nationally recognized in the field of municipal bond law to the effect that failure to comply with such covenant will not adversely affect the exemption from federal income tax of the interest on any Bond, the City shall comply with each of the specific covenants in this Section.

(c) No Private Use or Private Payments. Except as permitted by Section 141 of the Code and the Regulations and rulings thereunder, the City shall at all times prior to the last Stated Maturity of Bonds:

(i) exclusively own, operate and possess all property the acquisition, construction or improvement of which is to be financed or refinanced directly or indirectly with Gross Proceeds of the Bonds, and not use or permit the use of such Gross Proceeds (including all contractual arrangements with terms different than those applicable to the general public) or any property acquired, constructed or improved with such Gross Proceeds in any activity carried on by any person or entity (including the United States or any agency, department and instrumentality thereof) other than a state or local government, unless such use is solely as a member of the general public; and

(ii) not directly or indirectly impose or accept any charge or other payment by any person or entity who is treated as using Gross Proceeds of the Bonds or any property the acquisition, construction or improvement of which is to be financed or refinanced

directly or indirectly with such Gross Proceeds, other than taxes of general application within the City or interest earned on investments acquired with such Gross Proceeds pending application for their intended purposes.

(d) No Private Loan.

(i) Except to the extent permitted by Section 141 of the Code and the Regulations and rulings thereunder, the City shall not use Gross Proceeds of the Bonds to make or finance loans to any person or entity other than a state or local government. For purposes of the foregoing covenant, such Gross Proceeds are considered to be "loaned" to a person or entity if: (1) property acquired, constructed or improved with such Gross Proceeds is sold or leased to such person or entity in a transaction which creates a debt for federal income tax purposes; (2) capacity in or service from such property is committed to such person or entity under a take-or-pay, output or similar contract or arrangement; or (3) indirect benefits, or burdens and benefits of ownership, of such Gross Proceeds or any property acquired, constructed or improved with such Gross Proceeds are otherwise transferred in a transaction which is the economic equivalent of a loan.

(ii) The City covenants and agrees that the levied Assessments will meet the requirements of the "tax assessment loan exception" within the meaning of Section 1.141-5(d) of the Regulations on the date the Bonds are delivered and will ensure that the Assessments continue to meet such requirements for so long as the Bonds are outstanding hereunder.

(e) Not to Invest at Higher Yield. Except to the extent permitted by Section 148 of the Code and the Regulations and rulings thereunder, the City shall not at any time prior to the final Stated Maturity of Bonds directly or indirectly invest Gross Proceeds in any Investment (or use Gross Proceeds to replace money so invested) if, as a result of such investment, the Yield from the Closing Date of all Investments acquired with Gross Proceeds (or with money replaced thereby), whether then held or previously disposed of, exceeds the Yield of the Bonds.

(f) Not Federally Guaranteed. Except to the extent permitted by Section 149(b) of the Code and the Regulations and rulings thereunder, the City shall not take or omit to take any action which would cause the Bonds to be federally guaranteed within the meaning of Section 149(b) of the Code and the Regulations and rulings thereunder.

(g) Information Report. The City shall timely file the information required by Section 149(e) of the Code with the Secretary of the Treasury on Form 8038-G or such other form and in such place as the Secretary may prescribe.

(h) Rebate of Arbitrage Profits. Except to the extent otherwise provided in Section 148(f) of the Code and the Regulations and rulings thereunder:

(i) The City shall account for all Gross Proceeds (including all receipts, expenditures and investments thereof) on its books of account separately and apart from all other funds (and receipts, expenditures and investments thereof) and shall retain all records of accounting for at least six years after the day on which the last outstanding Bond is discharged. However, to the extent permitted by law, the City may commingle Gross Proceeds of the Bonds with other money of the City, provided that the City separately accounts for each receipt and expenditure of Gross Proceeds and the obligations acquired therewith.

(ii) Not less frequently than each Computation Date, the City shall calculate the Rebate Amount in accordance with rules set forth in Section 148(f) of the Code and the Regulations and rulings thereunder. The City shall maintain such calculations with its official transcript of proceedings relating to the issuance of the Bonds until six years after the final Computation Date.

(iii) As additional consideration for the purchase of the Bonds by the Purchasers and the loan of the money represented thereby and in order to induce such purchase by measures designed to insure the excludability of the interest thereon from the gross income of the owners thereof for federal income tax purposes, the City shall, pursuant to a City Certificate, direct the Trustee to transfer to the Rebate Fund from the funds or subaccounts designated in such City Certificate and direct the Trustee to pay to the United States from the Rebate Fund the amount that when added to the future value of previous rebate payments made for the Bonds equals (i) in the case of a Final Computation Date as defined in Section 1.148-3(e)(2) of the Regulations, one hundred percent (100%) of the Rebate Amount on such date; and (ii) in the case of any other Computation Date, ninety percent (90%) of the Rebate Amount on such date. In all cases, the rebate payments shall be made at the times, in the installments, to the place and in the manner as is or may be required by Section 148(f) of the Code and the Regulations and rulings thereunder, and shall be accompanied by Form 8038-T or such other forms and information as is or may be required by Section 148(f) of the Code and the Regulations and rulings thereunder.

(iv) The City shall exercise reasonable diligence to assure that no errors are made in the calculations and payments required by paragraphs (ii) and (iii), and if an error is made, to discover and promptly correct such error within a reasonable amount of time thereafter (and in all events within one hundred eighty (180) days after discovery of the error), including payment to the United States of any additional Rebate Amount owed to it, interest thereon, and any penalty imposed under Section 1.148-3(h) of the Regulations.

(i) Not to Divert Arbitrage Profits. Except to the extent permitted by Section 148 of the Code and the Regulations and rulings thereunder, the City shall not, at any time prior to the earlier of the Stated Maturity or final payment of the Bonds, enter into any transaction that reduces the amount required to be paid to the United States pursuant to Subsection (h) of this Section because such transaction results in a smaller profit or a larger loss than would have resulted if the transaction had been at arm's length and had the Yield of the Bonds not been relevant to either party.

(j) Elections. The City hereby directs and authorizes the Mayor, Mayor Pro Tem, City Manager, Assistant City Manager, Director of Finance, City Secretary, Assistant City Secretary, or Deputy City Secretary individually or jointly, to make elections permitted or required pursuant to the provisions of the Code or the Regulations, as they deem necessary or appropriate in connection with the Bonds, in the Tax Certificate or similar or other appropriate certificate, form or document.

ARTICLE VIII

LIABILITY OF CITY

The City shall not incur any responsibility in respect of the Bonds or this Indenture other than in connection with the duties or obligations explicitly herein or in the Bonds assigned to or imposed upon it. The City shall not be liable in connection with the performance of its duties hereunder, except for its own willful default or act of bad faith. The City shall not be bound to ascertain or inquire as to the performance or observance of any of the terms, conditions, covenants or agreements of the Trustee herein or of any of the documents executed by the Trustee in connection with the Bonds, or as to the existence of a default or event of default thereunder.

In the absence of bad faith, the City may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the City and conforming to the requirements of this Indenture. The City shall not be liable for any error of judgment made in good faith unless it shall be proved that it was negligent in ascertaining the pertinent facts.

No provision of this Indenture, the Bonds, the Assessment Ordinance, or any agreement, document, instrument, or certificate executed, delivered or approved in connection with the issuance, sale, delivery, or administration of the Bonds (the "Bond Documents"), shall require the City to expend or risk its own general funds or otherwise incur any financial liability (other than with respect to the Trust Estate and the Administrative Expenses) in the performance of any of its obligations hereunder, or in the exercise of any of its rights or powers, if in the judgment of the City there are reasonable grounds for believing that the repayment of such funds or liability is not reasonably assured to it.

Neither the Owners nor any other Person shall have any claim against the City or any of its officers, officials, agents, or employees for damages suffered as a result of the City's failure to perform in any respect any covenant, undertaking, or obligation under any Bond Documents or as a result of the incorrectness of any representation in, or omission from, any of the Bond Documents, except to the extent that any such claim relates to an obligation, undertaking, representation, or covenant of the City, in accordance with the Bond Documents and the PID Act. Any such claim shall be payable only from Trust Estate, the funds available for such payment in any of the Pledged Funds, if any, or the amounts collected to pay Administrative Expenses on deposit in the Administrative Fund. Nothing contained in any of the Bond Documents shall be construed to preclude any action or proceeding in any court or before any governmental body, agency, or instrumentality against the City or any of its officers, officials, agents, or employees to enforce the provisions of any of the Bond Documents or to enforce all rights of the Owners of the Bonds by mandamus or other proceeding at law or in equity.

The City may rely on and shall be protected in acting or refraining from acting upon any notice, resolution, request, consent, order, certificate, report, warrant, bond, or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or proper parties. The City may consult with counsel with regard to legal questions, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it hereunder in good faith and in accordance therewith.

Whenever in the administration of its duties under this Indenture, the City shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action hereunder, such matter (unless other evidence in respect thereof be herein specifically prescribed) may, in the absence of willful misconduct on the part of the City, be deemed to be conclusively proved and established by a certificate of the Trustee, an Independent Financial Consultant, an independent inspector or City Manager or other person designated by the City Council to so act on behalf of the City, and such certificate shall be full warrant to the City for any action taken or suffered under the provisions of this Indenture upon the faith thereof, but in its discretion the City may, in lieu thereof, accept other evidence of such matter or may require such additional evidence as to it may seem reasonable.

In order to perform its duties and obligations hereunder, the City may employ such persons or entities as it deems necessary or advisable. The City shall not be liable for any of the acts or omissions of such persons or entities employed by it in good faith hereunder, and shall be entitled to rely, and shall be fully protected in doing so, upon the opinions, calculations, determinations, and directions of such persons or entities.

ARTICLE IX

THE TRUSTEE

Section 9.1. Trustee as Paying Agent/Registrar.

The Trustee is hereby designated and agrees to act as Paying Agent/Registrar for and in respect to the Bonds.

Section 9.2. Trustee Entitled to Indemnity.

The Trustee shall be under no obligation to spend its own funds, to institute any suit, or to undertake any proceeding under this Indenture, or to enter any appearance or in any way defend in any suit in which it may be made defendant, or to take any steps in the execution of the trusts hereby created or in the enforcement of any rights and powers hereunder, until it shall be indemnified, to the extent permitted by law, to its satisfaction against any and all costs and expenses, outlays, and counsel fees and other reasonable disbursements, and against all liability except as a consequence of its own negligence or willful misconduct; provided, however, the Trustee may not request or require indemnification as a condition to making any deposits, payments, or transfers when required hereunder, or delivering any notice when required hereunder. Nevertheless, the Trustee may begin suit, or appear in and defend suit, or do anything else in its judgment proper to be done by it as the Trustee, without indemnity, and in such case the Trustee may make transfers from the Pledged Revenue Fund or the District Administration Account of the Administrative Fund to pay all costs and expenses, outlays, and counsel fees and other reasonable disbursements properly incurred in connection therewith and shall, to the extent permitted by law, be entitled to a preference therefor over any Bonds Outstanding hereunder.

Section 9.3. Responsibilities of the Trustee.

The recitals contained in this Indenture and in the Bonds shall be taken as the statements of the City and the Trustee assumes no responsibility for the correctness of the same. The Trustee makes no representations as to the validity or sufficiency of the offering documents, this Indenture, or the Bonds or with respect to the security afforded by this Indenture, and the Trustee shall incur no liability with respect thereto. Except as otherwise expressly provided in this MIA Indenture of Trust

104751070.9

Indenture, the Trustee shall have no responsibility or duty with respect to: (i) the issuance of Bonds for value; (ii) the application of the proceeds thereof, except to the extent that such proceeds are received by it in its capacity as Trustee; (iii) the application of any moneys paid to the City or others in accordance with this Indenture, except as to the application of any moneys paid to it in its capacity as Trustee; or (iv) any calculation of arbitrage or rebate under the Code. The Trustee has the right to act through agents and attorneys.

The duties and obligations of the Trustee shall be determined by the express provisions of this Indenture, and the Trustee shall not be liable except for the performance of such duties and obligations as are specifically set forth in this Indenture.

The Trustee shall not be liable for any action taken or omitted by it in the performance of its duties under this Indenture, except for its own negligence or willful misconduct, both before and after default by the City. In no event shall the Trustee be liable for incidental, indirect, special or consequential damages in connection with or arising from this Indenture for the existence, furnishing or use of the Major Improvement Area Projects.

The Trustee shall not be required to take notice, and shall not be deemed to have notice, of any default or Event of Default hereunder, unless the Trustee shall be notified specifically of the default or Event of Default in a written instrument or document delivered to it by the City or by the holders of at least a majority of the aggregate principal amount of Bonds then Outstanding. In the absence of delivery of a notice satisfying those requirements, the Trustee may assume conclusively that there is no default or Event of Default.

In case a default or an Event of Default has occurred and is continuing hereunder (of which the Trustee has been notified), the Trustee shall exercise those rights and powers vested in it by this Indenture and shall use the same degree of care and skill in its exercise, as a prudent person would exercise or use under the circumstances in the conduct of his own affairs.

Section 9.4. Property Held in Trust.

All moneys and securities held by the Trustee at any time pursuant to the terms of this Indenture shall be held by the Trustee in trust for the purposes and under the terms and conditions of this Indenture.

Section 9.5. Trustee Protected in Relying on Certain Documents.

The Trustee may rely upon any order, notice, request, consent, waiver, certificate, statement, affidavit, requisition, bond, or other document provided to the Trustee in accordance with the terms of this Indenture that it shall in good faith reasonably believe to be genuine and to have been adopted or signed by the proper board or Person or to have been prepared and furnished pursuant to any of the provisions of this Indenture, or upon the written opinion of any counsel, architect, engineer, insurance consultant, management consultant, or accountant believed by the Trustee to be qualified in relation to the subject matter, and the Trustee shall be under no duty to make any investigation or inquiry into any statements contained or matters referred to in any such instrument. The Trustee may consult with counsel, who may or may not be Bond Counsel, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken, suffered, or omitted to be taken by it in good faith and in accordance therewith.

Whenever the Trustee shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action under this Indenture, such matter may be deemed to be conclusively proved and established by a City Certificate, unless other evidence in respect thereof be hereby specifically prescribed. Such City Certificate shall be full warrant for any action taken or suffered in good faith under the provisions hereof, but in its sole discretion the Trustee may in lieu thereof accept other evidence of such fact or matter or may require such further or additional evidence as it may deem reasonable. Except as otherwise expressly provided herein, any request, order, notice, or other direction required or permitted to be furnished pursuant to any provision hereof by the City to the Trustee shall be sufficiently executed if executed in the name of the City by the City Representative.

The Trustee shall not be under any obligation to see to the recording or filing of this Indenture, or otherwise to the giving to any Person of notice of the provisions hereof except as expressly required in Section 9.13 herein.

Section 9.6. Compensation.

Unless otherwise provided by contract with the Trustee, the Trustee shall transfer from the District Administration Account of the Administrative Fund, from time to time, reasonable compensation for all services rendered by it hereunder, including its services as Paying Agent/Registrar, together with all its reasonable expenses, charges, and other disbursements and those of its counsel, agents and employees, incurred in and about the administration and execution of the trusts hereby created and the exercise of its powers and the performance of its duties hereunder, subject to any limit on the amount of such compensation or recovery of expenses or other charges as shall be prescribed by specific agreement, and the Trustee shall have a lien therefor on any and all funds at any time held by it in the Administrative Fund. None of the provisions contained in this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties or in the exercise of any of its rights or powers, if in the judgment of the Trustee there are reasonable grounds for believing that the repayment of such funds or liability is not reasonably assured to it. If the City shall fail to make any payment required by this Section, the Trustee may make such payment from any moneys in its possession in the Administrative Fund.

Section 9.7. Permitted Acts.

The Trustee and its directors, officers, employees, or agents may become the owner of or may in good faith buy, sell, own, hold and deal in Bonds and may join in any action that any Owner of Bonds may be entitled to take as fully and with the same rights as if it were not the Trustee. The Trustee may act as depository, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, the City or any committee formed to protect the rights of Owners or to effect or aid in any reorganization growing out of the enforcement of the Bonds or this Indenture, whether or not such committee shall represent the Owners of a majority in aggregate outstanding principal amount of the Bonds.

Section 9.8. Resignation of Trustee.

The Trustee may at any time resign and be discharged of its duties and obligations hereunder by giving not fewer than 30 days' written notice, specifying the date when such resignation shall take effect, to the City and each Owner of any Outstanding Bond. Such

resignation shall take effect upon the appointment of a successor as provided in Section 9.10 and the acceptance of such appointment by such successor.

Section 9.9. Removal of Trustee.

The Trustee may be removed at any time by (i) the Owners of at least a majority of the aggregate outstanding principal of the Bonds by an instrument or concurrent instruments in writing signed and acknowledged by such Owners or by their attorneys-in-fact, duly authorized and delivered to the City, or (ii) so long as the City is not in default under this Indenture, the City. Copies of each such instrument shall be delivered by the City to the Trustee and any successor thereof. The Trustee may also be removed at any time for any breach of trust or for acting or proceeding in violation of, or for failing to act or proceed in accordance with, any provision of this Indenture with respect to the duties and obligations of the Trustee by any court of competent jurisdiction upon the application of the City or the Owners of not less than 10% of the aggregate outstanding principal of the Bonds.

Section 9.10. Successor Trustee.

If the Trustee shall resign, be removed, be dissolved, or become incapable of acting, or shall be adjudged as bankrupt or insolvent, or if a receiver, liquidator, or conservator of the Trustee or of its property shall be appointed, or if any public officer shall take charge or control of the Trustee or of its property or affairs, the position of the Trustee hereunder shall thereupon become vacant.

If the position of Trustee shall become vacant for any of the foregoing reasons or for any other reason, a successor Trustee may be appointed within one year after any such vacancy shall have occurred by the Owners of at least twenty-five percent (25%) of the aggregate outstanding principal of the Bonds by an instrument or concurrent instruments in writing signed and acknowledged by such Owners or their attorneys-in-fact, duly authorized and delivered to such successor Trustee, with notification thereof being given to the predecessor Trustee and the City.

Unless such successor Trustee shall have been appointed by the Owners of the Bonds, the City shall forthwith appoint a Trustee to act hereunder. Copies of any instrument of the City providing for any such appointment shall be delivered by the City to the Trustee so appointed. The City shall mail notice of any such appointment to each Owner of any Outstanding Bonds within 30 days after such appointment. Any appointment of a successor Trustee made by the City immediately and without further act shall be superseded and revoked by an appointment subsequently made by the Owners of Bonds, in accordance with the immediately preceding paragraph.

If in a proper case no appointment of a successor Trustee shall be made within 45 days after the giving by any Trustee of any notice of resignation in accordance with Section 9.8 herein or after the occurrence of any other event requiring or authorizing such appointment, the Trustee or any Owner of Bonds may apply to any court of competent jurisdiction for the appointment of such a successor, and the court may thereupon, after such notice, if any, as the court may deem proper, appoint such successor and the City shall be responsible for the costs of such appointment process.

Any successor Trustee appointed under the provisions of this Section shall be a commercial bank or trust company or national banking association (i) having a capital and surplus and undivided profits aggregating at least \$50,000,000, if there be such a commercial bank or MIA Indenture of Trust

104751070.9

trust company or national banking association willing and able to accept the appointment on reasonable and customary terms, and (ii) authorized by law to perform all the duties of the Trustee required by this Indenture.

Each successor Trustee shall mail, in accordance with the provisions of the Bonds, notice of its appointment to the Trustee, any rating agency which, at the time of such appointment, is providing a rating on the Bonds and each of the Owners of the Bonds.

Section 9.11. Transfer of Rights and Property to Successor Trustee.

Any successor Trustee appointed under the provisions of Section 9.10 shall execute, acknowledge, and deliver to its predecessor and the City an instrument in writing accepting such appointment, and thereupon such successor, without any further act, deed, or conveyance, shall become fully vested with all moneys, estates, properties, rights, immunities, powers, duties, obligations, and trusts of its predecessor hereunder, with like effect as if originally appointed as Trustee. However, the Trustee then ceasing to act shall nevertheless, on request of the City or of such successor, execute, acknowledge, and deliver such instruments of conveyance and further assurance and do such other things as may reasonably be required for more fully and certainly vesting and confirming in such successor all the rights, immunities, powers, and trusts of such Trustee and all the right, title, and interest of such Trustee in and to the Trust Estate, and shall pay over, assign, and deliver to such successor any moneys or other properties subject to the trusts and conditions herein set forth. Should any deed, conveyance, or instrument in writing from the City be required by such successor for more fully and certainly vesting in and confirming to it any such moneys, estates, properties, rights, powers, duties, or obligations, any and all such deeds, conveyances, and instruments in writing, on request and so far as may be authorized by law, shall be executed, acknowledged, and delivered by the City.

Section 9.12. Merger, Conversion or Consolidation of Trustee.

Any corporation or association into which the Trustee may be merged or with which it may be consolidated or any corporation or association resulting from any merger, conversion or consolidation to which it shall be a party or any corporation or association to which the Trustee may sell or transfer all or substantially all of its corporate trust business shall be the successor to such Trustee hereunder, without any further act, deed or conveyance, provided that such corporation or association shall be a commercial bank or trust company or national banking association qualified to be a successor to such Trustee under the provisions of Section 9.10, or a trust company that is a wholly-owned subsidiary of any of the foregoing.

Section 9.13. Trustee to File Continuation Statements.

If necessary, the Trustee shall file or cause to be filed, such continuation statements as are delivered to the Trustee by the City, or on behalf of the City, and which may be required by the Texas Uniform Commercial Code, as from time to time in effect (the "UCC"), in order to continue perfection of the security interest of the Trustee in such items of tangible or intangible personal property and any fixtures as may have been granted to the Trustee pursuant to this Indenture in the time, place and manner required by the UCC.

Section 9.14. Construction of Indenture.

The Trustee may construe any of the provisions of this Indenture insofar as the same may appear to be ambiguous or inconsistent with any other provision hereof, and any construction of MIA Indenture of Trust

104751070.9

any such provisions hereof by the Trustee in good faith shall be binding upon the Owners of the Bonds. Permissive rights of the Trustee are not to be construed as duties.

ARTICLE X

MODIFICATION OR AMENDMENT OF THIS INDENTURE

Section 10.1. Amendments Permitted.

(a) This Indenture and the rights and obligations of the City and of the Owners of the Bonds may be modified or amended at any time by a Supplemental Indenture, except as provided below, pursuant to the affirmative vote at a meeting of Owners of the Bonds, or with the written consent without a meeting, of the Owners of at least a majority of the aggregate principal amount of the Bonds then Outstanding. No such modification or amendment shall (i) extend the maturity of any Bond or reduce the interest rate thereon, or otherwise alter or impair the obligation of the City to pay the principal of, and the interest and any premium on, any Bond, without the express consent of the Owner of such Bond, or (ii) permit the creation by the City of any pledge or lien upon the Trust Estate superior to or on a parity with the pledge and lien created for the benefit of the Bonds (except as otherwise permitted by Applicable Laws and this Indenture), or reduce the percentage of Owners of Bonds required for the amendment hereof. Any such amendment may not modify any of the rights or obligations of the Trustee without its written consent.

(b) This Indenture and the rights and obligations of the City and of the Owners may also be modified or amended at any time by a Supplemental Indenture, without the consent of any Owners, only to the extent permitted by law and only for any one or more of the following purposes:

(i) to add to the covenants and agreements of the City in this Indenture contained, other covenants and agreements thereafter to be observed, or to limit or surrender any right or power herein reserved to or conferred upon the City;

(ii) to make modifications not adversely affecting any Outstanding Bonds in any material respect;

(iii) to make such provisions for the purpose of curing any ambiguity, or of curing, correcting or supplementing any defective provision contained in this Indenture, or in regard to questions arising under this Indenture, as the City and the Trustee may deem necessary or desirable and not inconsistent with this Indenture, and that shall not adversely affect the rights of the Owners of the Bonds;

(iv) to provide for the issuance of Refunding Bonds as set forth in Section 13.2 hereof; and

(v) to make such additions, deletions or modifications as may be necessary or desirable to assure exemption from federal income taxation of interest on the Bonds.

(c) Any modification or amendment made pursuant to Section 10.1(b) shall not be subject to the notice procedures specified in Section 10.3 below.

(d) Notwithstanding the above, no Supplemental Indenture under subsections (a) or (b)(i), (b)(ii), (b)(iii), (b)(v) of this Section shall be effective unless the City first delivers to the Trustee an opinion of Bond Counsel to the effect that such amendment is permitted and will not adversely affect the: (i) interest of the Owners in any material respect, or (ii) exclusion of interest on any Bonds from gross income for purposes of federal income taxation.

Section 10.2. Owners' Meetings.

The City may at any time call a meeting of the Owners of the Bonds. In such event the City is authorized to fix the time and place of said meeting and to provide for the giving of notice thereof, and to fix and adopt rules and regulations for the conduct of said meeting.

Section 10.3. Procedure for Amendment with Written Consent of Owners.

The City and the Trustee may at any time adopt a Supplemental Indenture amending the provisions of the Bonds or of this Indenture, to the extent that such amendment is permitted by Section 10.1 herein, to take effect when and as provided in this Section. A copy of such Supplemental Indenture, together with a request to Owners for their consent thereto, shall be mailed by first-class mail, by the Trustee to each Owner of Bonds from whom consent is required under this Indenture, but failure to mail copies of such Supplemental Indenture and request shall not affect the validity of the Supplemental Indenture when assented to as in this Section provided.

Such Supplemental Indenture shall not become effective unless there shall be filed with the Trustee the written consents of the Owners as required by this Indenture and a notice shall have been mailed as hereinafter in this Section provided and the City or Bond Counsel, acting on the City's behalf, has delivered to the Trustee an opinion of Bond Counsel to the effect that such amendment is permitted and will not adversely affect the exclusion of interest on any Bond from gross income for purposes of federal income taxation. Each such consent shall be effective only if accompanied by proof of ownership of the Bonds for which such consent is given, which proof shall be such as is permitted by Section 11.6 herein. Any such consent shall be binding upon the Owner of the Bonds giving such consent and on any subsequent Owner (whether or not such subsequent Owner has notice thereof), unless such consent is revoked in writing by the Owner giving such consent or a subsequent Owner by filing such revocation with the Trustee prior to the date when the notice hereinafter in this Section provided for has been mailed.

After the Owners of the required percentage of Bonds shall have filed their consents to the Supplemental Indenture, the City shall mail a notice to the Owners in the manner hereinbefore provided in this Section for the mailing of the Supplemental Indenture, stating in substance that the Supplemental Indenture has been consented to by the Owners of the required percentage of Bonds and will be effective as provided in this Section (but failure to mail copies of said notice shall not affect the validity of the Supplemental Indenture or consents thereto). Proof of the mailing of such notice shall be filed with the Trustee. A record, consisting of the papers required by this Section 10.3 to be filed with the Trustee, shall be proof of the matters therein stated until the contrary is proved. The Supplemental Indenture shall become effective upon the filing with the Trustee of the proof of mailing of such notice, and the Supplemental Indenture shall be deemed conclusively binding (except as otherwise hereinabove specifically provided in this Article) upon the City and the Owners of all Bonds at the expiration of sixty (60) days after such filing, except in the event of a final decree of a court of competent jurisdiction setting aside such consent in a legal action or equitable proceeding for such purpose commenced within such sixty-day period; provided, however, that the Trustee during such sixty day period and any such further

period during which any such action or proceeding may be pending shall be entitled in its sole discretion to take such action, or to refrain from taking such action, with respect to such Supplemental Indenture, as it may deem expedient; provided, further, that the Trustee shall have no obligation to take or refrain from taking any such action and the Trustee shall have no liability with respect to any action taken or any instance of inactions.

Section 10.4. Effect of Supplemental Indenture.

From and after the time any Supplemental Indenture becomes effective pursuant to this Article X, this Indenture shall be deemed to be modified and amended in accordance therewith, the respective rights, duties, and obligations under this Indenture of the City, the Trustee and all Owners of Outstanding Bonds shall thereafter be determined, exercised and enforced hereunder subject in all respects to such modifications and amendments, and all the terms and conditions of any such Supplemental Indenture shall be deemed to be part of the terms and conditions of this Indenture for any and all purposes.

Section 10.5. Endorsement or Replacement of Bonds Issued After Amendments.

The City may determine that Bonds issued and delivered after the effective date of any action taken as provided in this Article X shall bear a notation, by endorsement or otherwise, in form approved by the City, as to such action. In that case, upon demand of the Owner of any Bond Outstanding at such effective date and presentation of his Bond for that purpose at the designated office of the Trustee or at such other office as the City may select and designate for that purpose, a suitable notation shall be made on such Bond. The City may determine that new Bonds, so modified as in the opinion of the City is necessary to conform to such Owners' action, shall be prepared, executed, and delivered. In that case, upon demand of the Owner of any Bonds then Outstanding, such new Bonds shall be exchanged at the designated office of the Trustee without cost to any Owner, for Bonds then Outstanding, upon surrender of such Bonds.

Section 10.6. Amendatory Endorsement of Bonds.

The provisions of this Article X shall not prevent any Owner from accepting any amendment as to the particular Bonds held by such Owner, provided that due notation thereof is made on such Bonds.

Section 10.7. Waiver of Default

With the written consent of at least a majority in aggregate principal amount of the Bonds then Outstanding, the Owners may waive non-compliance by the City with certain past defaults under the Indenture and their consequences. Any such consent shall be conclusive and binding upon the Owners and upon all future Owners.

Section 10.8. Execution of Supplemental Indenture.

In executing, or accepting the additional trusts created by, any Supplemental Indenture permitted by this Article or the modification thereby of the trusts created by this Indenture, the Trustee shall receive, and shall be fully protected in relying upon, an opinion of counsel addressed and delivered to the Trustee and the City stating that the execution of such Supplemental Indenture is permitted by and in compliance with this Indenture. The Trustee may, but shall not be obligated to, enter into any such Supplemental Indenture which affects the Trustee's own rights, duties and immunities under this Indenture.

ARTICLE XI

DEFAULT AND REMEDIES

Section 11.1. Events of Default.

(a) Each of the following occurrences or events shall be and is hereby declared to be an "Event of Default," to wit:

(i) The failure of the City to deposit the Pledged Revenues to the Bond Pledged Revenue Account of the Pledged Revenue Fund;

(ii) The failure of the City to enforce the collection of the Assessments, including the prosecution of foreclosure proceedings;

(iii) The failure to make payment of the principal of or interest on any of the Bonds when the same becomes due and payable and such failure is not remedied within thirty (30) days; provided, however, that the payments are to be made only from Pledged Revenues or other funds currently available in the Pledged Funds and available to the City to make the payments; and

(iv) Default in the performance or observance of any covenant, agreement or obligation of the City under this Indenture and the continuation thereof for a period of ninety (90) days after written notice to the City by the Trustee, or by the Owners of at least 25% of the aggregate Outstanding principal of the Bonds with a copy to the Trustee, specifying such default and requesting that the failure be remedied.

(b) Nothing in Section 11.1(a) will be an Event of Default if it is in violation of any applicable state law or court order.

Section 11.2. Immediate Remedies for Default.

(a) Subject to Article VIII, upon the happening and continuance of any of the Events of Default described in Section 11.1, the Trustee may, and at the written direction of the Owners of at least 25% of the Bonds then Outstanding and its receipt of indemnity satisfactory to it, shall proceed against the City for the purpose of protecting and enforcing the rights of the Owners under this Indenture, by action seeking mandamus or by other suit, action, or special proceeding in equity or at law, in any court of competent jurisdiction, for any relief to the extent permitted by Applicable Laws, including, but not limited to, the specific performance of any covenant or agreement contained herein, or injunction; provided, however, that no action for money damages against the City may be sought or shall be permitted. The Trustee retains the right to obtain the advice of counsel in its exercise of remedies of default.

(b) THE PRINCIPAL OF THE BONDS SHALL NOT BE SUBJECT TO ACCELERATION UNDER ANY CIRCUMSTANCES.

(c) If the assets of the Trust Estate are sufficient to pay all amounts due with respect to all Outstanding Bonds, in the selection of Trust Estate assets to be used in the payment of Bonds due under this Article, the City shall determine, in its absolute discretion, and shall instruct the Trustee by City Certificate, which Trust Estate assets shall be applied to such payment and shall not be liable to any Owner or other Person by reason of such selection and application. In the event that the City shall fail to deliver to the Trustee such City Certificate, the Trustee shall

select and liquidate or sell Trust Estate assets as provided in the following paragraph, and shall not be liable to any Owner, or other Person, or the City by reason of such selection, liquidation or sale.

(d) Whenever moneys are to be applied pursuant to this Article XI, irrespective of and whether other remedies authorized under this Indenture shall have been pursued in whole or in part, the Trustee may cause any or all of the assets of the Trust Estate, including Investment Securities, to be sold. The Trustee may so sell the assets of the Trust Estate and all right, title, interest, claim and demand thereto and the right of redemption thereof, in one or more parts, at any such place or places, and at such time or times and upon such notice and terms as the Trustee may deem appropriate and as may be required by law and apply the proceeds thereof in accordance with the provisions of this Section. Upon such sale, the Trustee may make and deliver to the purchaser or purchasers a good and sufficient assignment or conveyance for the same, which sale shall be a perpetual bar both at law and in equity against the City, and all other Persons claiming such properties. No purchaser at any sale shall be bound to see to the application of the purchase money proceeds thereof or to inquire as to the authorization, necessity, expediency, or regularity of any such sale. Nevertheless, if so requested by the Trustee, the City shall ratify and confirm any sale or sales by executing and delivering to the Trustee or to such purchaser or purchasers all such instruments as may be necessary or, in the judgment of the Trustee, proper for the purpose which may be designated in such request.

Section 11.3. Restriction on Owner's Action.

The City of Celina, Texas (the "City"), for value received, hereby promises to pay, solely from the Trust Estate, to

or registered assigns, on the Maturity Date, as specified above, the sum of

_____ DOLLARS

unless this Bond shall have been sooner called for redemption and the payment of the principal hereof shall have been paid or provision for such payment shall have been made, and to pay interest on the unpaid principal amount hereof from the later of the Date of Delivery, as specified above, or the most recent Interest Payment Date to which interest has been paid or provided for until such principal amount shall have been paid or provided for, at the per annum rate of interest specified above, computed on the basis of a 360-day year of twelve 30-day months, such interest to be paid semiannually on March 1 and September 1 of each year, commencing September 1, 2023, until maturity or prior redemption.

Capitalized terms appearing herein that are defined terms in the Indenture defined below, have the meanings assigned to them in the Indenture. Reference is made to the Indenture for such definitions and for all other purposes.

The principal of this Bond shall be payable without exchange or collection charges in lawful money of the United States of America upon presentation and surrender of this Bond at the corporate trust office in St. Paul, Minnesota (the "Designated Payment/Transfer Office"), of U.S. Bank Trust Company, National Association, as trustee and paying agent/registrars (the "Trustee", which term includes any successor trustee under the Indenture), or, with respect to a successor trustee and paying agent/registrars, at the Designated Payment/Transfer Office of such successor.

Interest on this Bond is payable by check dated as of the Interest Payment Date, mailed by the Trustee to the registered owner at the address shown on the registration books kept by the Trustee or by such other customary banking arrangements acceptable to the Trustee, requested by, and at the risk and expense of, the Person to whom interest is to be paid. For the purpose of the payment of interest on this Bond, the registered owner shall be the Person in whose name this Bond is registered at the close of business on the "Record Date," which shall be the fifteenth calendar day of the month next preceding such Interest Payment Date; provided, however, that in the event of nonpayment of interest on a scheduled Interest Payment Date, and for 30 days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Trustee, if and when funds for the payment of such interest have been received from the City. Notice of the Special Record Date and of the scheduled payment date of the past due interest (the "Special Payment Date," which shall be 15 days after the Special Record Date) shall be sent at least five Business Days prior to the Special Record Date by United States mail, first-class, postage prepaid, to the address of each Owner of a Bond appearing on the books of the Trustee at the close of business on the last Business Day preceding the date of mailing such notice.

If a date for the payment of the principal of or interest on the Bonds is a Saturday, Sunday, legal holiday, or a day on which banking institutions in the city in which the Designated Payment/Transfer Office is located are authorized by law or executive order to close, then the date for such payment shall be the next succeeding Business Day, and payment on such date shall have the same force and effect as if made on the original date payment was due.

This Bond is one of a duly authorized issue of assessment revenue bonds of the City having the designation specified in its title (herein referred to as the "Bonds"), dated March 9, 2023 and issued in the aggregate principal amount of \$_____ and issued, with the limitations described herein, pursuant to an Indenture of Trust, dated as of March 1, 2023 (the "Indenture"), by and between the City and the Trustee, to which Indenture reference is hereby made for a description of the amounts thereby pledged and assigned, the nature and extent of the lien and security, the respective rights thereunder to the holders of the Bonds, the Trustee, and the City, and the terms upon which the Bonds are, and are to be, authenticated and delivered and by this reference to the terms of which each holder of this Bond hereby consents. All Bonds issued under the Indenture are equally and ratably secured by the amounts thereby pledged and assigned. The Bonds are being issued for the purpose of (i) paying a portion of the Actual Costs of the Major Improvement Area Projects, (ii) paying a portion of the interest on the Bonds during and after the period of acquisition and construction of the Major Improvement Area Projects, (iii) funding a reserve fund for payment of principal and interest on the Bonds, (iv) paying a portion of the costs incidental to the organization and administration of the District, and (v) paying costs of issuance.

The Bonds are limited obligations of the City payable solely from the Trust Estate as defined in the Indenture. Reference is hereby made to the Indenture, copies of which are on file with and available upon request from the Trustee, for the provisions, among others, with respect to the nature and extent of the duties and obligations of the City, the Trustee and the Owners. The Owner of this Bond, by the acceptance hereof, is deemed to have agreed and consented to the terms, conditions and provisions of the Indenture.

Notwithstanding any provision hereof, the Indenture may be released and the obligation of the City to make money available to pay this Bond may be defeased by the deposit of money and/or certain direct or indirect Defeasance Securities sufficient for such purpose as described in the Indenture.

The Bonds are issuable as fully registered bonds only in Authorized Denominations, subject to the provisions of the Indenture authorizing redemption in denominations of \$100,000 and any multiple of \$1,000 in excess thereof.

The Bonds are subject to sinking fund redemption prior to their respective maturities and will be redeemed by the City in part at a price equal to the principal amount thereof plus accrued and unpaid interest thereon to the date set for redemption from moneys available for such purpose in the Redemption Fund pursuant to Article VI of the Indenture, on the dates and in the Sinking Fund Installment amounts as set forth in the following schedule:

At least forty-five (45) days prior to each mandatory sinking fund redemption date, and subject to any prior reduction authorized by the Indenture the Trustee shall select for redemption, pursuant to the provisions of the Indenture, a principal amount of Bonds of such maturity equal to the Sinking Fund Installments of such Bonds to be redeemed, shall call such Bonds for redemption on such scheduled mandatory sinking fund redemption date, and shall give notice of such redemption, as provided in the Indenture.

The principal amount of Bonds required to be redeemed on any mandatory sinking fund redemption date shall be reduced, at the option of the City, by the principal amount of any Bonds of such maturity which, at least 45 days prior to the mandatory sinking fund redemption date (i) shall have been acquired by the City at a price not exceeding the principal amount of such Bonds plus accrued and unpaid interest to the date of purchase thereof, and delivered to the Trustee for cancellation, or (ii) shall have been redeemed pursuant to the optional redemption or extraordinary optional redemption and not previously credited to a sinking fund redemption.

The City reserves the right and option to redeem Bonds maturing on or after September 1, 20__ before their scheduled maturity dates, in whole or in part, on any date on or after September 1, 20__, such redemption date or dates to be fixed by the City, at the redemption price of par plus accrued interest to the date of redemption.

Bonds are subject to extraordinary optional redemption prior to maturity in whole or in part, on the first day of any month, at a redemption price equal to the principal amount of the Bonds called for redemption, plus accrued and unpaid interest to the date fixed for redemption pursuant to the provisions of the Indenture, from amounts on deposit in the Redemption Fund as a result of Prepayments, other transfers to the Redemption Fund pursuant to the Indenture, or as a result of unexpended amounts transferred from the Project Fund as provided in the Indenture.

The Trustee shall give notice of any redemption of Bonds by sending notice by United States mail, first-class, postage prepaid, not less than 30 days before the date fixed for redemption, to the Owner of each Bond (or part thereof) to be redeemed, at the address shown on the Register. The notice shall state the redemption date, the Redemption Price, the place at which the Bonds are to be surrendered for payment, and, if less than all the Bonds Outstanding are to be redeemed, an identification of the Bonds or portions thereof to be redeemed. Any notice so given shall be conclusively presumed to have been duly given, whether or not the Owner receives such notice.

With respect to any optional redemption of the Bonds, unless the Trustee has received funds sufficient to pay the redemption price of the Bonds to be redeemed before giving of a notice of redemption, the notice may state the City may condition redemption on the receipt of such funds by the Trustee on or before the date fixed for the redemption, or on the satisfaction of any other prerequisites set forth in the notice of redemption. If a conditional notice of redemption is given and such prerequisites to the redemption are not satisfied and sufficient funds are not

received, the notice shall be of no force and effect, the City shall not redeem the Bonds, and the Trustee shall give notice, in the manner in which the notice of redemption was given, that the Bonds have not been redeemed.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the City and the rights of the holders of the Bonds under the Indenture at any time Outstanding affected by such modification. The Indenture also contains provisions permitting the holders of specified percentages in aggregate principal amount of the Bonds at the time Outstanding, on behalf of the holders of all the Bonds, to waive compliance by the City with certain past defaults under the Bond Ordinance or the Indenture and their consequences. Any such consent or waiver by the holder of this Bond or any predecessor Bond evidencing the same debt shall be conclusive and binding upon such holder and upon all future holders thereof and of any Bond issued upon the transfer thereof or in exchange therefor or in lieu thereof, whether or not notation of such consent or waiver is made upon this Bond.

As provided in the Indenture, this Bond is transferable upon surrender of this Bond for transfer at the Designated Payment/Transfer Office, with such endorsement or other evidence of transfer as is acceptable to the Trustee, and upon delivery to the Trustee of such certifications and/or opinion of counsel as may be required under the Indenture for the transfer of this Bond. Upon satisfaction of such requirements, one or more new fully registered Bonds of the same Stated Maturity, of Authorized Denominations, bearing the same rate of interest, and for the same aggregate principal amount will be issued to the designated transferee or transferees.

Neither the City nor the Trustee shall be required to issue, transfer or exchange any Bond called for redemption where such redemption is scheduled to occur within 45 calendar days of the transfer or exchange date; provided, however, such limitation shall not be applicable to an exchange by the registered owner of the uncalled principal balance of a Bond, redeemed in part.

The City, the Trustee, and any other Person may treat the Person in whose name this Bond is registered as the owner hereof for the purpose of receiving payment as herein provided (except interest shall be paid to the Person in whose name this Bond is registered on the Record Date or Special Record Date, as applicable) and for all other purposes, whether or not this Bond be overdue, and neither the City nor the Trustee shall be affected by notice to the contrary.

The City has reserved the right to issue Additional Obligations on the terms and conditions specified in the Indenture.

NEITHER THE FULL FAITH AND CREDIT NOR THE GENERAL TAXING POWER OF THE CITY OF CELINA, TEXAS, THE STATE OF TEXAS, OR ANY POLITICAL SUBDIVISION THEREOF, IS PLEDGED TO THE PAYMENT OF THE BONDS.

IT IS HEREBY CERTIFIED AND RECITED that the issuance of this Bond and the series of which it is a part is duly authorized by law; that all acts, conditions and things required to be done precedent to and in the issuance of the Bonds have been properly done and performed and have happened in regular and due time, form and manner, as required by law; and that the total indebtedness of the City, including the Bonds, does not exceed any Constitutional or statutory limitation.

IN WITNESS WHEREOF, the City Council of the City has caused this Bond to be executed under the official seal of the City.

BOND PURCHASE AGREEMENT

February 14, 2023

City of Celina, Texas
 142 N. Ohio St.
 Celina, Texas 75009

Ladies and Gentlemen:

The undersigned, FMSbonds, Inc. (the “Underwriter”), offers to enter into this Bond Purchase Agreement (this “Agreement”) with the City of Celina, Texas (the “City”), which will be binding upon the City and the Underwriter upon the acceptance of this Agreement by the City. This offer is made subject to its acceptance by the City by execution of this Agreement and its delivery to the Underwriter on or before 10:00 p.m., Central Time, on the date hereof and, if not so accepted, will be subject to withdrawal by the Underwriter upon written notice delivered to the City at any time prior to the acceptance hereof by the City. All capitalized terms not otherwise defined herein shall have the meanings given to such terms in the Indenture (defined herein), between the City and U.S. Bank Trust Company, National Association, as trustee (the “Trustee”), authorizing the issuance of the Bonds (defined herein), and the Limited Offering Memorandum (defined herein).

1. Purchase and Sale of Bonds. Upon the terms and conditions and upon the basis of representations, warranties, and agreements hereinafter set forth, the Underwriter hereby agrees to purchase from the City, and the City hereby agrees to sell to the Underwriter, all (but not less than all) of the \$3,705,000 aggregate principal amount of the “City of Celina, Texas, Special Assessment Revenue Bonds, Series 2023 (North Sky Public Improvement District Major Improvement Area Project)” (the “Bonds”), at a purchase price of \$_____ (representing the aggregate principal amount of the Bonds, less an Underwriter’s discount of \$_____) and no accrued interest.

Inasmuch as this purchase and sale represents a negotiated transaction, the City understands, and hereby confirms, that the Underwriter is not acting as a municipal advisor or fiduciary of the City (including, without limitation, a “municipal advisor” (as such term is defined in Section 975(e) of the Dodd Frank Wall Street Reform and Consumer Protection Act)), but rather is acting solely in its capacity as Underwriter for its own account. The City acknowledges and agrees that (i) the purchase and sale of the Bonds pursuant to this Agreement is an arm’s length commercial transaction between the City and the Underwriter, (ii) in connection with the

discussions, undertakings, and procedures leading up to the consummation of this transaction, the Underwriter is and has been acting solely as a principal and is not acting as the agent, municipal advisor, financial advisor, or fiduciary of the City, (iii) the Underwriter has not assumed an advisory or fiduciary responsibility in favor of the City with respect to the offering described herein or the discussions, undertakings, and procedures leading thereto (regardless of whether the Underwriter has provided other services or is currently providing other services to the City on other matters) and the Underwriter has no obligation to the City with respect to the offering described herein except the obligations expressly set forth in this Agreement, (iv) the City has consulted its own legal, financial, and other advisors to the extent it has deemed appropriate, (v) the Underwriter has financial and other interests that differ from those of the City, and (vi) the Underwriter has provided to the City prior disclosures under Rule G-17 of the Municipal Securities Rulemaking Board (“MSRB”), which have been received by the City. The City further acknowledges and agrees that following the issuance and delivery of the Bonds, the Underwriter has indicated that it may have periodic discussions with the City regarding the expenditure of Bond proceeds and the construction of the Major Improvement Area Projects financed with the Bonds and, in connection with such discussions, the Underwriter shall be acting solely as a principal and will not be acting as the agent or fiduciary of, and will not be assuming an advisory or fiduciary responsibility in favor of, the City.

The Bonds shall be dated as of the Closing Date (defined below), and shall have the maturities and redemption features, if any, and bear interest at the rates per annum shown on Schedule I hereto. Payment for and delivery of the Bonds, and the other actions described herein, shall take place on March 9, 2023 (or such other date as may be agreed to by the City and the Underwriter) (the “Closing Date”).

2. Authorization Instruments and Law. The Bonds were authorized by an ordinance enacted by the City Council of the City (the “City Council”) on February 14, 2023 (the “Bond Ordinance”), and shall be issued pursuant to the provisions of the Public Improvement District Assessment Act, Subchapter A of Chapter 372, Texas Local Government Code, as amended (the “Act”), and the Indenture of Trust, dated as of March 1, 2023, between the City and the Trustee, authorizing the issuance of the Bonds (the “Indenture”). The Bonds shall be substantially in the form described in, and shall be secured under the provisions of, the Indenture.

The Bonds and interest thereon shall be secured by the Trust Estate (as defined in the Indenture) consisting primarily of revenue from assessments (the “Assessments”) levied pursuant to a separate ordinance adopted by the City Council on February 14, 2023 (the “Assessment Ordinance”), against assessable property (the “Assessed Property”) located within the Major Improvement Area of the North Sky Public Improvement District (the “District”) all to the extent and upon the conditions described in the Indenture. The District was established by a resolution (the “Creation Resolution”), enacted by the City Council on June 8, 2021, in accordance with the Act. The service and assessment plan for the District was approved on February 14, 2023 (the “Service and Assessment Plan”). The Creation Resolution, the Assessment Ordinance, the Bond Ordinance, and the Indenture are collectively referred to herein as the “Authorizing Documents.”

The Bonds shall be as described in Schedule I attached hereto, the Indenture, and the Limited Offering Memorandum. The proceeds of the Bonds shall be used for the purposes described in the Limited Offering Memorandum under “PLAN OF FINANCE – The Bonds” and

shall be generally applied as described in the Limited Offering Memorandum under “SOURCES AND USES OF FUNDS.”

The City has been advised that the Reserve Account, funded at the Reserve Account Requirement, is reasonably required for the purposes for which the Reserve Account has been established, is a vital factor in marketing the Bonds, and facilitates the marketing of the Bonds at interest rates comparable to those of other bonds of a similar type.

3. Public Offering. The Underwriter agrees to make a bona fide limited public offering of all of the Bonds in accordance with Section 4 hereof to no more than thirty-five persons that qualify as “Accredited Investors” (as defined in Rule 501 of Regulation D under the Securities Act of 1933, as amended and as then in effect (the “Securities Act”)) or “Qualified Institutional Buyers” (within the meaning of Rule 144A under the Securities Act). On or before the third (3rd) business day prior to the Closing Date, the Underwriter shall execute and deliver to Bond Counsel (as defined herein) the Issue Price Certificate (as defined herein), in substantially the form attached hereto as Appendix B.

4. Establishment of Issue Price.

a. The Underwriter agrees to assist the City in establishing the issue price of the Bonds and shall execute and deliver to the City on or before the third (3rd) business day prior to the Closing Date an “issue price” or similar certificate, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as Appendix B (the “Issue Price Certificate”), with such modifications as may be appropriate or necessary, in the reasonable judgment of the Underwriter, the City and Bond Counsel, to accurately reflect, as applicable, the sales price or prices or the initial offering price or prices to the public of the Bonds. All actions to be taken by the City under this Section to establish the issue price of the Bonds may be taken on behalf of the City by the Financial Advisor (defined below) and any notice or report to be provided to the City may be provided to the Financial Advisor or to Bond Counsel.

b. The Underwriter confirms that it has offered all the Bonds of each maturity to the public on or before the date of this Agreement at the respective offering price (the “initial offering price”), or at the corresponding yield or yields, set forth in Schedule I attached hereto, except as otherwise set forth therein. The City will treat the first price at which 10% of each maturity of the Bonds is sold to the public as of the sale date as the issue price of that maturity (the “10% test”). At or promptly after the execution of this Agreement, the Underwriter shall report to the City on Schedule A to the Issue Price Certificate the first price at which the Underwriter has sold to the public each maturity of Bonds and shall identify to the City on Schedule A to the Issue Price Certificate those maturities of the Bonds for which the 10% test has not been satisfied. If different interest coupons apply within a maturity, each separate CUSIP number within that maturity will be treated as a separate maturity for this purpose.

c. The City and the Underwriter agree that the restrictions set forth in the next sentence shall apply to those maturities of the Bonds for which the 10% test has not been met as of the date of this Agreement, which will allow the City to treat the initial offering

price to the public of each such maturity as of the sale date as the issue price of that maturity (the “hold-the-offering-price rule”). So long as the hold-the-offering-price rule remains applicable to any maturity of the Bonds, the Underwriter will neither offer nor sell unsold Bonds of that maturity to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

- (i) the close of the fifth (5th) business day after the sale date; or
- (ii) the date on which the Underwriter has sold at least 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

The Underwriter shall promptly advise the City when the Underwriter has sold 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public, if such sale occurs prior to the close of the fifth (5th) business day after the sale date.

d. The Underwriter confirms that any selling group agreement and each third-party distribution agreement relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each dealer who is a member of the selling group and each broker-dealer that is a party to such third-party distribution agreement, as applicable, to (A) comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the Underwriter and as set forth in the related pricing wires, (B) promptly notify the Underwriter of any sales of Bonds that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Bonds to the public, and (C) acknowledge that, unless otherwise advised by the dealer or broker-dealer, the Underwriter shall assume that each order submitted by the dealer or broker-dealer is a sale to the public. The City acknowledges that, in making the representation set forth in this subsection, the Underwriter will rely on (i) in the event a selling group has been created in connection with the initial sale of the Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the hold-the-offering-price rule, if applicable, as set forth in a selling group agreement and the related pricing wires, and (ii) in the event that a third-party distribution agreement was employed in connection with the initial sale of the Bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the hold-the-offering-price rule, if applicable, as set forth in the third-party distribution agreement and the related pricing wires. The City further acknowledges that the Underwriter shall not be liable for the failure of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a third-party distribution agreement, to comply with its corresponding agreement regarding the hold-the-offering-price rule as applicable to the Bonds.

e. The Underwriter acknowledges that sales of any Bonds to any person that is a related party to the Underwriter shall not constitute sales to the public for purposes of this Section. Further, for purposes of this Section:

(i) “public” means any person other than an underwriter or a related party to an underwriter;

(ii) “underwriter” means (A) any person that agrees pursuant to a written contract with the City (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Bonds to the public (including a member of a selling group or a party to a third-party distribution agreement participating in the initial sale of the Bonds to the public);

(iii) a purchaser of any of the Bonds is a “related party” to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (i) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other); and

(iv) “sale date” means the date of execution of this Agreement by all parties.

5. Limited Offering Memorandum.

a. Delivery of Limited Offering Memorandum. The City previously has delivered, or caused to be delivered, to the Underwriter the Preliminary Limited Offering Memorandum for the Bonds dated January [31], 2023 (the “Preliminary Limited Offering Memorandum”), in a “designated electronic format,” as defined in the MSRB Rule G-32 (“Rule G-32”). The City will prepare, or cause to be prepared, a final Limited Offering Memorandum relating to the Bonds (as more particularly defined below, the “Limited Offering Memorandum”) which will be (i) dated the date of this Agreement, (ii) complete within the meaning of the United States Securities and Exchange Commission’s Rule 15c2-12, as amended (“Rule 15c2-12”), (iii) in a “designated electronic format,” and (iv) substantially in the form of the most recent version of the Preliminary Limited Offering Memorandum provided to the Underwriter before the execution hereof, except for the inclusion of the information permitted to be excluded from the Preliminary Limited Offering Memorandum by Section (b)(1) of Rule 15c2-12. The Limited Offering Memorandum, including the cover page thereto, all exhibits, schedules, appendices, maps, charts, pictures, diagrams, reports, and statements included or incorporated therein or attached thereto, and all amendments and supplements thereto that may be authorized for use with respect to the Bonds, are collectively referred to herein as the “Limited Offering Memorandum.” Until the Limited Offering Memorandum has been prepared and is available for distribution, the City shall provide to the Underwriter, upon request, sufficient

quantities (which may be in electronic format) of the Preliminary Limited Offering Memorandum as the Underwriter reasonably deems necessary to satisfy the obligation of the Underwriter under Rule 15c2-12 with respect to distribution to each potential customer.

b. Preliminary Limited Offering Memorandum Deemed Final. The Preliminary Limited Offering Memorandum has been prepared for use by the Underwriter in connection with the public offering, sale, and distribution of the Bonds. The City hereby represents and warrants that the Preliminary Limited Offering Memorandum has been deemed “final” by the City as of its date, except for the omission of such information which is dependent upon the final pricing of the Bonds for completion, all as permitted to be excluded by Section (b)(1) of Rule 15c2-12.

c. Use of Limited Offering Memorandum in Offering and Sale. The City hereby authorizes the Limited Offering Memorandum and the information therein contained to be used by the Underwriter in connection with the public offering and the sale of the Bonds. The City consents to the use by the Underwriter prior to the date hereof of the Preliminary Limited Offering Memorandum in connection with the public offering of the Bonds. The City shall provide, or cause to be provided, to the Underwriter as soon as practicable after the date of the City’s acceptance of this Agreement (but, in any event, not later than the earlier of the Closing Date or seven (7) business days after the City’s acceptance of this Agreement) copies of the Limited Offering Memorandum which is complete as of the date of its delivery to the Underwriter. The City shall provide the Limited Offering Memorandum, or cause the Limited Offering Memorandum to be provided, (i) in a “designated electronic format” consistent with the requirements of Rule G-32, and (ii) in a printed format in such quantity as the Underwriter shall reasonably request in order for the Underwriter to comply with Section (b)(4) of Rule 15c2-12 and the rules of the MSRB.

d. Updating of Limited Offering Memorandum. If, after the date of this Agreement, up to and including the date the Underwriter is no longer required to provide a Limited Offering Memorandum to potential customers who request the same pursuant to Rule 15c2-12 (the earlier of (i) ninety (90) days from the “end of the underwriting period” (as defined in Rule 15c2-12) and (ii) the time when the Limited Offering Memorandum is available to any person from the MSRB, but in no case less than the twenty-fifth (25th) day after the “end of the underwriting period” for the Bonds), the City becomes aware of any fact or event which might or would cause the Limited Offering Memorandum, as then supplemented or amended, to contain any untrue statement of a material fact or to omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, or if it is necessary to amend or supplement the Limited Offering Memorandum to comply with law, the City will promptly notify the Underwriter (and for the purposes of this clause provide the Underwriter with such information as it may from time to time reasonably request), and if, in the reasonable judgment of the Underwriter, such fact or event requires preparation and publication of a supplement or amendment to the Limited Offering Memorandum, the City will forthwith prepare and furnish, at no expense to the Underwriter (in a form and manner approved by the Underwriter), either an amendment or a supplement to the Limited Offering Memorandum so that the statements therein as so amended and

supplemented will not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading or so that the Limited Offering Memorandum will comply with law; provided, however, that for all purposes of this Agreement and any certificate delivered by the City in accordance herewith, the City makes no representations with respect to the following information (collectively, the “Non-City Disclosures”) (i) the descriptions in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum of The Depository Trust Company, New York, New York (“DTC”), or its book-entry-only system, and (ii) the information in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum in the maps of the District therein or under the captions and subcaptions “PLAN OF FINANCE” (except for the information under the subcaptions “– The Bonds” and “– Additional Indebtedness”), “LIMITATIONS APPLICABLE TO INITIAL PURCHASERS,” “BOOK-ENTRY ONLY SYSTEM,” “THE MAJOR IMPROVEMENT AREA PROJECTS,” “THE DEVELOPMENT,” “THE DEVELOPER,” “THE PID ADMINISTRATOR,” “APPRAISAL,” “BONDHOLDERS’ RISKS” (only as it pertains to the Developer, the Major Improvement Area Projects, and the Development (as defined in the Limited Offering Memorandum)), “LEGAL MATTERS – Litigation – The Developer,” “CONTINUING DISCLOSURE – The Developer” and “– The Developer’s Compliance with Prior Undertakings,” “INFORMATION RELATING TO THE TRUSTEE,” “APPENDIX E-2,” and “APPENDIX H.” If such notification shall be subsequent to the Closing Date, the City, at no expense to the Underwriter, shall furnish such legal opinions, certificates, instruments, and other documents as the Underwriter may reasonably deem necessary to evidence the truth and accuracy of such supplement or amendment to the Limited Offering Memorandum. The City shall provide any such amendment or supplement or cause any such amendment or supplement to be provided, (i) in a “designated electronic format” consistent with the requirements of Rule G-32 and (ii) in a printed format in such quantity as the Underwriter shall reasonably request in order for the Underwriter to comply with Section (b)(4) of Rule 15c2-12 and the rules of the MSRB.

e. Filing with MSRB. The Underwriter hereby agrees to timely file the Limited Offering Memorandum with the MSRB through its Electronic Municipal Market Access (“EMMA”) system within one (1) business day after receipt but no later than the Closing Date. Unless otherwise notified in writing by the Underwriter, the City can assume that the “end of the underwriting period” for purposes of Rule 15c2-12 is the Closing Date.

f. Limited Offering. The Underwriter hereby represents, warrants, and covenants that the Bonds were initially sold pursuant to a limited offering. The Bonds were sold to not more than thirty-five (35) persons that qualify as “Accredited Investors” (as defined in Rule 501 of Regulation D under the Securities Act) or “Qualified Institutional Buyers” (within the meaning of Rule 144A under the Securities Act).

6. City Representations, Warranties and Covenants. The City represents, warrants, and covenants that:

a. Due Organization, Existence and Authority. The City is a political subdivision of the State of Texas (the “State”), and has, and at the Closing Date will have, full legal right, power, and authority:

(i) to enter into and perform its duties and obligations under:

(1) this Agreement;

(2) the Indenture;

(3) the Development Agreement, between the City and Pilatus Investments, LLC, approved by the City on February 9, 2021, assigned to CCD – North Sky, LLC, a Texas limited liability company (the “Developer”) (as amended, the “Development Agreement”);

(4) the North Sky Public Improvement District Major Improvement Area Construction, Funding, and Acquisition Agreement, effective February 14, 2023, between the City and the Developer (the “Construction Funding Agreement”); and

(5) the Continuing Disclosure Agreement of Issuer with respect to the Bonds, dated as of March 1, 2023 (the “Continuing Disclosure Agreement of Issuer”), executed and delivered by the City, MuniCap, Inc., as PID Administrator (the “PID Administrator”), and HTS Continuing Disclosure Services, a division of Hilltop Securities Inc., as Dissemination Agent (the “Dissemination Agent”);

(ii) to issue, sell, and deliver the Bonds to the Underwriter as provided herein; and

(iii) to carry out and consummate the transactions on its part described in (1) the Authorizing Documents, (2) this Agreement, (3) the Development Agreement, (4) the Construction Funding Agreement, (5) the Continuing Disclosure Agreement of Issuer, (6) the Limited Offering Memorandum, and (7) any other documents and certificates described in any of the foregoing (the documents described by subclauses (1) through (7) being referred to collectively herein as the “City Documents”).

b. Due Authorization and Approval of City. By all necessary official action of the City, the City has duly authorized and approved the adoption or execution and delivery by the City of, and the performance by the City of the obligations on its part contained in, the City Documents and, as of the date hereof, such authorizations and approvals are in full force and effect and have not been amended, modified, or rescinded, except as may have been approved by the Underwriter. When validly executed and delivered by the other parties thereto, the City Documents will constitute the legally valid and binding obligations of the City enforceable upon the City in accordance with their respective terms, except insofar as enforcement may be limited by principles of sovereign immunity, bankruptcy, insolvency, reorganization, moratorium, or similar laws or

equitable principles relating to or affecting creditors' rights generally. The City has complied, and will at the Closing be in compliance, in all material respects, with the obligations on its part to be performed on or prior to the Closing Date under the City Documents.

c. Due Authorization for Issuance of the Bonds. The City has duly authorized the issuance and sale of the Bonds pursuant to the Bond Ordinance, the Indenture, and the Act. The City has, and at the Closing will have, full legal right, power, and authority (i) to enter into, execute, deliver, and perform its obligations under this Agreement and the other City Documents, (ii) to issue, sell, and deliver the Bonds to the Underwriter pursuant to the Indenture, the Bond Ordinance, the Act, and as provided herein, and (iii) to carry out, give effect to, and consummate the transactions on the part of the City described by the Bond Ordinance and the other City Documents.

d. No Breach or Default. As of the time of acceptance hereof, and to its knowledge, the City is not, and as of the Closing Date the City will not be, in breach of or in default in any material respect under any applicable constitutional provision, law or administrative rule or regulation of the State or the United States, or any applicable judgment or decree or any trust agreement, loan agreement, bond, note, resolution, ordinance, agreement, or other instrument related to the Bonds and to which the City is a party or is otherwise subject, and no event has occurred and is continuing which, with the passage of time or the giving of notice, or both, would constitute a default or event of default under any such instrument which breach, default, or event could have a material adverse effect on the City's ability to perform its obligations under the Bonds or the City Documents; and, as of such times, the authorization, execution, and delivery of the Bonds and the City Documents and compliance by the City with obligations on its part to be performed in each of such agreements or instruments does not and will not conflict with or constitute a breach of or default under any applicable constitutional provision, law, or administrative rule or regulation of the State or the United States, or any applicable judgment, decree, license, permit, trust agreement, loan agreement, bond, note, resolution, ordinance, agreement, or other instrument to which the City (or any of its officers in their respective capacities as such) is subject, or by which it or any of its properties are bound, nor will any such authorization, execution, delivery, or compliance result in the creation or imposition of any lien, charge, or other security interest or encumbrance of any nature whatsoever upon any of its assets or properties or under the terms of any such law, regulation, or instrument, except as may be permitted by the City Documents.

e. No Litigation. At the time of acceptance hereof there is no action, suit, proceeding, inquiry, or investigation, at law or in equity, before or by any court, government agency, public board or body (collectively and individually, an "Action") pending against the City with respect to which the City has been served with process, nor to the knowledge of the City is any Action threatened against the City, in which any such Action (i) in any way questions the existence of the City or the rights of the members of the City Council to hold their respective positions, (ii) in any way questions the formation or existence of the District, (iii) affects, contests, or seeks to prohibit, restrain, or enjoin the issuance or delivery of any of the Bonds, or the payment or collection of any amounts pledged or to be pledged to pay the principal of and interest on the Bonds, or in any way

contests or affects the validity of the City Documents or the consummation of the transactions on the part of the City described therein, or contests the exclusion of the interest on the Bonds from federal income taxation, or (iv) which may result in any material adverse change in the financial condition of the City; and, as of the time of acceptance hereof, to the City's knowledge, there is no basis for any action, suit, proceeding, inquiry, or investigation of the nature described in clauses (i) through (iv) of this sentence.

f. Bonds Issued Pursuant to Indenture. The City represents that the Bonds, when issued, executed, and delivered in accordance with the Indenture and sold to the Underwriter as provided herein, will be validly issued and outstanding obligations of the City subject to the terms of the Indenture, entitled to the benefits of the Indenture and the security of the pledge of the proceeds of the levy of the Assessments received by the City, all to the extent provided for in the Indenture. The Indenture creates a valid pledge of certain revenues and the monies in certain funds and accounts established pursuant to the Indenture to the extent provided for in the Indenture, including the investments thereof, subject in all cases to the provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth therein.

g. Assessments. The Assessments constituting the security for the Bonds have been levied by the City in accordance with the Act on those parcels of land identified in the Assessment Roll (as defined in the Service and Assessment Plan). According to the Act, such Assessments constitute a valid and legally binding first and prior lien against the properties assessed, superior to all other liens and claims, except liens or claims for state, county, school district, or municipality ad valorem taxes.

h. Consents and Approvals. All authorizations, approvals, licenses, permits, consents, elections, and orders of or filings with any governmental authority, legislative body, board, agency, or commission having jurisdiction in the matters which are required by the Closing Date for the due authorization of, which would constitute a condition precedent to, or the absence of which would adversely affect the due performance by the City of its obligations in connection with the City Documents have been duly obtained or made and are in full force and effect, except the approval of the Bonds by the Attorney General of the State, registration of the Bonds by the Comptroller of Public Accounts of the State, and the approvals, consents, and orders as may be required under Blue Sky or securities laws of any jurisdiction.

i. Public Debt. Prior to the Closing, the City will not offer or issue any bonds, notes, or other obligations for borrowed money or incur any material liabilities, direct or contingent, payable from or secured by a pledge of the Assessments which secure the Bonds without the prior approval of the Underwriter.

j. Preliminary Limited Offering Memorandum. The information contained in the Preliminary Limited Offering Memorandum is true and correct in all material respects, and such information does not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading;

provided, however, that the City makes no representations with respect to the Non-City Disclosures.

k. Limited Offering Memorandum. At the time of the City's acceptance hereof and (unless the Limited Offering Memorandum is amended or supplemented pursuant to paragraph (d) of Section 5 of this Agreement) at all times subsequent thereto during the period up to and including the twenty-fifth (25th) day subsequent to the "end of the underwriting period," the information contained in the Limited Offering Memorandum does not and will not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; provided, however, that the City makes no representations with respect to the Non-City Disclosures; and further provided, however, that if the City notifies the Underwriter of any fact or event as required by Section 5(d) hereof, and the Underwriter determines that such fact or event does not require preparation and publication of a supplement or amendment to the Limited Offering Memorandum, then the Limited Offering Memorandum in its then-current form shall be conclusively deemed to be complete and correct in all material respects.

l. Supplements or Amendments to Limited Offering Memorandum. If the Limited Offering Memorandum is supplemented or amended pursuant to paragraph (d) of Section 5 of this Agreement, at the time of each supplement or amendment thereto and (unless subsequently again supplemented or amended pursuant to such paragraph) at all times subsequent thereto during the period up to and including the twenty-fifth (25th) day subsequent to the "end of the underwriting period," the Limited Offering Memorandum as so supplemented or amended will not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; provided, however, that if the City notifies the Underwriter of any fact or event as required by Section 5(d) hereof, and the Underwriter determines that such fact or event does not require preparation and publication of a supplement or amendment to the Limited Offering Memorandum, then the Limited Offering Memorandum in its then-current form shall be conclusively deemed to be complete and correct in all material respects.

m. Compliance with Rule 15c2-12. During the past five (5) years, the City has complied in all material respects with its previous continuing disclosure undertakings made by it in accordance with Rule 15c2-12, except as described in the Limited Offering Memorandum.

n. Use of Bond Proceeds. The City will apply, or cause to be applied, the proceeds from the sale of the Bonds as provided in and subject to all of the terms and provisions of the Indenture and will not take or omit to take any action which action or omission will adversely affect the exclusion from gross income for federal income tax purposes of the interest on the Bonds.

o. Blue Sky and Securities Laws and Regulations. The City will furnish such information and execute such instruments and take such action in cooperation with the Underwriter as the Underwriter may reasonably request, at no expense to the City, (i) to

(y) qualify the Bonds for offer and sale under the Blue Sky or other securities laws and regulations of such states and other jurisdictions in the United States as the Underwriter may designate, and (z) determine the eligibility of the Bonds for investment under the laws of such states and other jurisdictions, and (ii) to continue such qualifications in effect so long as required for the initial distribution of the Bonds by the Underwriter (provided, however, that the City will not be required to qualify as a foreign corporation or to file any general or special consents to service of process under the laws of any jurisdiction) and will advise the Underwriter immediately of receipt by the City of any notification with respect to the suspension of the qualification of the Bonds for sale in any jurisdiction or the initiation or threat of any proceeding for that purpose.

p. Certificates of the City. Any certificate signed by any official of the City authorized to do so in connection with the transactions described in this Agreement shall be deemed a representation and warranty by the City to the Underwriter as to the statements made therein and can be relied upon by the Underwriter as to the statements made therein.

q. Intentional Actions Regarding Representations and Warranties. The City covenants that between the date hereof and the Closing Date it will not intentionally take actions which will cause the representations and warranties made in this Section to be untrue as of the Closing Date.

r. Financial Advisor. The City has engaged Hilltop Securities Inc. as its financial advisor (the “Financial Advisor”) in connection with its offering and issuance of the Bonds.

By delivering the Limited Offering Memorandum to the Underwriter, the City shall be deemed to have reaffirmed, with respect to the Limited Offering Memorandum, the representations, warranties, and covenants set forth above.

7. Developer Letter of Representations. At the signing of this Agreement, the City and Underwriter shall receive from the Developer an executed Developer Letter of Representations (the “Developer Letter of Representations”) in the form of Appendix A hereto, and on the Closing Date, a certificate signed by the Developer as set forth in Section 10(e) hereof (the “Developer Closing Certificate”).

8. The Closing. At 10:00 a.m., Central time, on the Closing Date, or at such other time or on such earlier or later business day as shall have been mutually agreed upon by the City and the Underwriter, (i) the City will deliver or cause to be delivered to DTC through its “FAST” System the Bonds in the form of one fully registered Bond for each maturity, registered in the name of Cede & Co., as nominee for DTC, duly executed by the City and authenticated by the Trustee as provided in the Indenture, and (ii) the City will deliver the closing documents hereinafter mentioned to Norton Rose Fulbright US LLP (“Bond Counsel”), or a place to be mutually agreed upon by the City and the Underwriter. Settlement will be through the facilities of DTC. The Underwriter will accept delivery and pay the purchase price of the Bonds as set forth in Section 1 hereof by wire transfer in federal funds payable to the order of the City or its designee. These payments and deliveries, together with the delivery of the aforementioned documents, are

herein called the “Closing.” The Bonds will be made available to the Underwriter or Underwriter’s Counsel (defined herein) for inspection not less than twenty-four (24) hours prior to the Closing.

9. Underwriter’s Closing Conditions. The Underwriter has entered into this Agreement in reliance upon the representations and covenants herein and in the Developer Letter of Representations and the performance by the City of its obligations under this Agreement, both as of the date hereof and as of the Closing Date. Accordingly, the Underwriter’s obligations under this Agreement to purchase, accept delivery of, and pay for the Bonds shall be conditioned upon the performance by the City of its obligations to be performed hereunder at or prior to Closing and shall also be subject to the following additional conditions:

a. Bring-Down Representations of the City. The representations and covenants of the City contained in this Agreement shall be true and correct in all material respects as of the date hereof and at the time of the Closing, as if made on the Closing Date.

b. Executed Agreements and Performance Thereunder. At the time of the Closing:

(i) the City Documents shall be in full force and effect, and shall not have been amended, modified, or supplemented except with the written consent of the Underwriter;

(ii) the Authorizing Documents shall be in full force and effect;

(iii) there shall be in full force and effect such other resolutions or actions of the City as, in the opinion of Bond Counsel and Underwriter’s Counsel, shall be necessary on or prior to the Closing Date in connection with the transactions on the part of the City described in this Agreement and the City Documents;

(iv) there shall be in full force and effect such other resolutions or actions of the Developer as, in the opinion of Locke Lord LLP (“Developer’s Counsel”), shall be necessary on or prior to the Closing Date in connection with the transactions on the part of the Developer described in the Developer Letter of Representations, the Development Agreement, the Construction Funding Agreement, and the Continuing Disclosure Agreement of Developer with respect to the Bonds, dated as of March 1, 2023, executed and delivered by the Developer, the PID Administrator, and the Dissemination Agent (the “Continuing Disclosure Agreement of Developer” and, together with the Developer Letter of Representations, the Development Agreement, and the Construction Funding Agreement, the “Developer Documents”); and

(v) the City shall perform or have performed its obligations required or specified in the City Documents to be performed at or prior to Closing.

c. No Default. At the time of the Closing, no default shall have occurred or be existing and no circumstances or occurrences that, with the passage of time or giving of notice, shall constitute an event of default under this Agreement, the Indenture, the City Documents, the Developer Documents, or other documents relating to the financing and

construction of the Major Improvement Area Projects and the Development (as defined in the Limited Offering Memorandum), and the Developer shall not be in default in the payment of principal of or interest on any of its indebtedness which default shall materially adversely impact the ability of the Developer to pay the Assessments when due or to complete the Major Improvement Area Projects.

d. Closing Documents. At or prior to the Closing, the Underwriter shall have received each of the documents required under Section 10 below.

e. Termination Events. The Underwriter shall have the right to cancel its obligation to purchase the Bonds and to terminate this Agreement without liability therefor by written notification to the City if, between the date of this Agreement and the Closing, in the Underwriter's reasonable judgment, the market price or marketability of the Bonds, or the ability of the Underwriter to enforce contracts for the sale of the Bonds, shall be materially adversely affected by the occurrence of any of the following:

(i) legislation shall have been introduced in or enacted by the Congress of the United States or adopted by either the House or the Senate thereof, or legislation pending in the Congress of the United States shall have been amended, or legislation shall have been recommended to the Congress of the United States or otherwise endorsed for passage (by press release, other form of notice, or otherwise) by the President of the United States, the Treasury Department of the United States, or the Internal Revenue Service or legislation shall have been proposed for consideration by either the U.S. Senate Committee on Finance or the U.S. House of Representatives Committee on Ways and Means or legislation shall have been favorably reported for passage to either the House or the Senate of the Congress of the United States by a Committee of such the House or the Senate to which such legislation has been referred for consideration, or a decision by a court of the United States or the Tax Court of the United States shall be rendered or a ruling, regulation, or official statement (final, temporary, or proposed) by or on behalf of the Treasury Department of the United States, the Internal Revenue Service, or other federal agency shall be made, which would result in federal taxation of revenues or other income of the general character expected to be derived by the City or upon interest on securities of the general character of the Bonds or which would have the effect of changing, directly or indirectly, the federal income tax consequences of receipt of interest on securities of the general character of the Bonds in the hands of the holders thereof; or

(ii) legislation shall be enacted by the Congress of the United States, or a decision by a court of the United States shall be rendered, or a stop order, ruling, regulation or official statement by, or on behalf of, the Securities and Exchange Commission or any other governmental agency having jurisdiction of the subject matter shall be issued or made to the effect that the issuance, offering or sale of obligations of the general character of the Bonds, or the issuance, offering or sale of the Bonds, including all underlying obligations, as described herein or by the Limited Offering Memorandum, is in violation or would be in violation of, or that obligations of the general character of the Bonds, or the Bonds, are not exempt from

registration under, any provision of the federal securities laws, including the Securities Act, or that the Indenture needs to be qualified under the Trust Indenture Act of 1939, as amended and as then in effect (the “Trust Indenture Act”); or

(iii) a general suspension of trading in securities on the New York Stock Exchange, the establishment of minimum prices on such exchange, the establishment of material restrictions (not in force as of the date hereof) upon trading securities generally by any governmental authority or any national securities exchange, a general banking moratorium declared by federal, State of New York, or State officials authorized to do so; or

(iv) there shall have occurred (whether or not foreseeable) (i) any outbreak of hostilities (including, without limitation, an act of terrorism) including, but not limited to, an escalation of hostilities that existed prior to the date hereof, (ii) national or international calamity or crisis, including, but not limited to, an escalation in the scope or magnitude of any pandemic or natural disaster, or (iii) material financial crisis or adverse change in the financial or economic conditions affecting the United States government or the securities markets in the United States, and the effect of any such event on the financial markets of the United States shall be such as would make it impracticable, in the reasonable judgment of the Underwriter, for it to sell the Bonds on the terms and in the manner described in the Limited Offering Memorandum; or

(v) there shall have occurred since the date of this Agreement any materially adverse change in the affairs or financial condition of the City, except as disclosed or described in the Limited Offering Memorandum; or

(vi) any state blue sky or securities commission or other governmental agency or body in any state in which more than ten percent (10%) of the Bonds have been offered and sold shall have withheld registration, exemption or clearance of the offering of the Bonds as described herein, or issued a stop order or similar ruling relating thereto; or

(vii) any amendment to the federal or State Constitution or action by any federal or State court, legislative body, regulatory body, or other authority materially adversely affecting the tax status of the City, its property, income, securities (or interest thereon), or the validity or enforceability of the Assessments pledged to pay principal of and interest on the Bonds; or

(viii) the New York Stock Exchange or other national securities exchange or any governmental authority shall impose, as to the Bonds or as to obligations of the general character of the Bonds, any material restrictions not now in force, or increase materially those now in force, with respect to the extension of credit by, or the charge to the net capital requirements of, the Underwriter; or

(ix) any event occurring, or information becoming known which, in the reasonable judgment of the Underwriter, makes untrue in any material respect any

statement or information contained in the Limited Offering Memorandum, or has the effect that the Limited Offering Memorandum contains any untrue statement of a material fact or omits to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, which change shall occur subsequent to the date of this Agreement and shall not be due to the malfeasance, misfeasance or nonfeasance of the Underwriter; or

(x) any fact or event shall exist or have existed that, in the Underwriter's reasonable judgment, requires or has required an amendment of or supplement to the Limited Offering Memorandum; or

(xi) a general banking moratorium shall have been declared by federal or State authorities having jurisdiction and shall be in force; or

(xii) a material disruption in securities settlement, payment or clearance services shall have occurred; or

(xiii) a decision by a court of the United States shall be rendered, or a stop order, release, regulation or no-action letter by or on behalf of the Securities and Exchange Commission or any other governmental agency having jurisdiction of the subject matter shall have been issued or made, to the effect that the issuance, offering or sale of the Bonds, including the underlying obligations as described in this Agreement or in the Limited Offering Memorandum, or any document relating to the issuance, offering or sale of the Bonds, is or would be in violation of any provision of the federal securities laws on the Closing Date, including the Securities Act, the Securities Exchange Act of 1934 and the Trust Indenture Act; or

(xiv) the purchase of and payment for the Bonds by the Underwriter, or the resale of the Bonds by the Underwriter, on the terms and conditions herein provided shall be prohibited by any applicable law, governmental authority, board, agency or commission, which prohibition shall occur subsequent to the date hereof and shall not be due to the malfeasance, misfeasance, or nonfeasance of the Underwriter.

With respect to the conditions described in subparagraphs (viii), (xiii) and (xiv) above, the Underwriter is not aware of any current, pending, or proposed law or government inquiry or investigation as of the date of execution of this Agreement which would permit the Underwriter to invoke its termination rights hereunder.

10. Closing Documents. At or prior to the Closing, the Underwriter (or Underwriter's Counsel on behalf of the Underwriter) shall receive the following documents:

a. Bond Opinion. The approving opinion of Bond Counsel, dated the Closing Date and substantially in the form included as Appendix D to the Limited Offering Memorandum, together with a reliance letter from Bond Counsel, dated the Closing Date and addressed to the Underwriter, which may be included in the supplemental opinion required by Section 10(b) hereof, to the effect that the foregoing opinion may be relied upon by the Underwriter to the same extent as if such opinion were addressed to it.

b. Supplemental Opinion. A supplemental opinion of Bond Counsel dated the Closing Date and addressed to the City and the Underwriter, in form and substance acceptable to Underwriter's Counsel, to the following effect:

(ii) Such counsel is not passing upon and does not assume any responsibility for the accuracy, completeness, or fairness of any of the statements contained in the Preliminary Limited Offering Memorandum or in the Limited Offering Memorandum and it has not independently verified the accuracy, completeness, or fairness of any such statements. In its capacity as counsel to the Underwriter, to assist the Underwriter in part of its responsibility with respect to the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum, such counsel has participated in conferences with representatives of the Underwriter, representatives of the City, and its counsel, Norton Rose Fulbright US LLP, as bond counsel, Hilltop Securities Inc., as Financial Advisor, the PID Administrator, the Developer and its counsel and its engineers and others, during which the contents of the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum and related matters were discussed. Preliminary Limited Offering Memorandum contained any untrue statement of a material fact or omitted to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading (except any information marked as preliminary or subject to change, any information permitted to be omitted by Securities and Exchange Commission Rule 15c2-12 or otherwise left blank, and any other differences with the information in the Limited Offering Memorandum), and (b) no facts had come to the attention of the attorneys in such counsel's firm rendering legal service to the Underwriter in connection with the Limited Offering Memorandum which caused such counsel to believe that the Limited Offering Memorandum as of its date contained or contains any untrue statement of a material fact or omitted or omits to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; provided that such counsel expressly excludes from the scope of this paragraph and expresses no opinion or conclusion with respect to both the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum about any CUSIP numbers, financial, accounting, statistical or economic, engineering or demographic data or forecasts, numbers, charts, tables, graphs, estimates, projections, assumptions or expressions of opinion, any information about verification, feasibility, valuation, appraisals, absorption, real estate or environmental matters, relationship among the parties, Appendices, or any information about book-entry, DTC, Cede & Co., tax exemption, underwriters, or underwriting included or referred to therein or omitted therefrom. No responsibility is undertaken or conclusion expressed with respect to any other disclosure document, materials or activity, or as to any information from another document or source referred to by or incorporated by reference in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum; and

(iii) The Continuing Disclosure Agreement of Issuer satisfies the requirements contained in Securities and Exchange Commission Rule 15c2-12(b)(5) for an undertaking by the City for the benefit of the holders of the Bonds to provide the information at the times and in the manner required by said Rule; provided that, for purposes of this opinion, such counsel is not expressing any view regarding the content of the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum that is not expressly stated in numbered paragraph ii, above.

n. Attorney General Opinion and Comptroller Registration. The approving opinion of the Attorney General of the State regarding the Bonds and the Comptroller of the State’s Certificate of Registration for the Initial Bond.

v. Dissemination Agent. 15. Survival of Representations and Warranties. All representations and warranties of the parties made in, pursuant to, or in connection with this Agreement shall survive the execution and delivery of this Agreement, notwithstanding any investigation by the parties. All statements contained in any certificate, instrument, or other writing delivered by a party to this Agreement or in connection with the transactions described in or by this Agreement constitute representations and warranties by such party under this Agreement to the extent such statement is set forth as a representation and warranty in the instrument in question.

16. Counterparts. This Agreement may be executed by the parties hereto in separate counterparts, each of which when so executed and delivered shall be an original, but all such counterparts shall together constitute but one and the same instrument. The City and the Underwriter agree that electronic signatures to this Agreement may be regarded as original signatures.

17. Severability. In case any one or more of the provisions contained herein shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision hereof.

18. State Law Governs. The validity, interpretation, and performance of this Agreement shall be governed by the laws of the State.

19. No Assignment. The rights and obligations created by this Agreement shall not be subject to assignment by the Underwriter or the City without the prior written consent of the other party hereto.

20. No Personal Liability. None of the members of the City Council, nor any officer, representative, agent, or employee of the City, shall be charged personally by the Underwriter with any liability, or be held liable to the Underwriter under any term or provision of this Agreement,

or because of execution or attempted execution, or because of any breach or attempted or alleged breach of this Agreement.

21. Anti-Boycott Verification. To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2271.002, Texas Government Code, the Underwriter hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott Israel and will not boycott Israel during the term of this Agreement. The foregoing verification is made solely to enable the Issuer to comply with such Section and to the extent such Section does not contravene applicable federal law. As used in the foregoing verification, “boycott Israel” means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes.

22. Iran, Sudan and Foreign Terrorist Organizations. The Underwriter represents that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, and posted on any of the following pages of such officer’s internet website:

<https://comptroller.texas.gov/purchasing/docs/sudan-list.pdf>,
<https://comptroller.texas.gov/purchasing/docs/iran-list.pdf>, or
<https://comptroller.texas.gov/purchasing/docs/fto-list.pdf>.

The foregoing representation is made solely to enable the Issuer to comply with Section 2252.152, Texas Government Code, and to the extent such Section does not contravene applicable State or federal law and excludes the Underwriter and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization.

23. No Discrimination Against Fossil-Fuel Companies. To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 13 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Underwriter hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott energy companies and will not boycott energy companies during the term of this Agreement. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable federal or Texas law. As used in the foregoing verification, “boycott energy companies,” shall mean, without an ordinary business purpose, refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company (A) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable federal and State law; or (B) does business with a company described by (A) above.

24. No Discrimination Against Firearm Entities and Firearm Trade Associations. To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 19 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Underwriter hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate against a firearm entity or firearm trade association during the term of this Agreement. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable federal or State law.

As used in the foregoing verification,

(a) “discriminate against a firearm entity or firearm trade association” (A) means, with respect to the firearm entity or firearm trade association, to (i) refuse to engage in the trade of any goods or services with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, (ii) refrain from continuing an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, or (iii) terminate an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association and (B) does not include (i) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories and (ii) a company’s refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship (aa) to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency or (bb) for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity’s or association’s status as a firearm entity or firearm trade association,

(b) “firearm entity” means a manufacturer, distributor, wholesaler, supplier, or retailer of firearms (i.e., weapons that expel projectiles by the action of explosive or expanding gases), firearm accessories (i.e., devices specifically designed or adapted to enable an individual to wear, carry, store, or mount a firearm on the individual or on a conveyance and items used in conjunction with or mounted on a firearm that are not essential to the basic function of the firearm, including detachable firearm magazines), or ammunition (i.e., a loaded cartridge case, primer, bullet, or propellant powder with or without a projectile) or a sport shooting range (as defined by Section 250.001, Texas Local Government Code), and

(c) “firearm trade association” means a person, corporation, unincorporated association, federation, business league, or business organization that (i) is not organized or operated for profit (and none of the net earnings of which inures to the benefit of any private shareholder or individual), (ii) has two or more firearm entities as members, and (iii) is exempt from federal income taxation under Section 501(a), Internal Revenue Code of 1986, as an organization described by Section 501(c) of that code.

25. Affiliate. As used in Sections 21 through 24, the Underwriter understands “affiliate” to mean an entity that controls, is controlled by, or is under common control with the

Underwriter within the meaning of SEC Rule 405, 17 C.F.R. § 230.133(f), and exists to make a profit.

26. Form 1295. Submitted herewith is a completed Form 1295 in connection with the Underwriter's participation in the execution of this Agreement generated by the Texas Ethics Commission's (the "TEC") electronic filing application in accordance with the provisions of Section 2252.908 of the Texas Government Code and the rules promulgated by the TEC (the "Form 1295"). The City hereby confirms receipt of the Form 1295 from the Underwriter, and the City agrees to acknowledge such form with the TEC through its electronic filing application not later than the 30th day after the receipt of such form. The Underwriter and the City understand and agree that, with the exception of information identifying the City and the contract identification number, neither the City nor its consultants are responsible for the information contained in the Form 1295; that the information contained in the Form 1295 has been provided solely by the Underwriter; and neither the City nor its consultants have verified such information.

27. Entire Agreement. This Agreement is made solely for the benefit of the City and the Underwriter (including their respective successors and assigns), and no other person shall acquire or have any right hereunder or by virtue hereof. All of the City's representations, warranties, and agreements contained in this Agreement shall remain operative and in full force and effect regardless of: (i) any investigations made by or on behalf of the Underwriter, provided the City shall have no liability with respect to any matter of which the Underwriter has actual knowledge prior to the purchase of the Bonds; or (ii) delivery of any payment for the Bonds pursuant to this Agreement. The agreements contained in this Section and in Sections 13 and 15 shall survive any termination of this Agreement.

The Developer has complied in all material respects with all of the Developer's agreements and covenants and satisfied all conditions required to be complied with or satisfied by the Developer under the Developer Documents on or prior to the date hereof.

The representations and warranties of the Developer contained in the Developer Documents are true and correct in all material respects on and as of the date hereof.

4. Developer Representations, Warranties and Covenants. The Developer represents, warrants, and covenants to the City and the Underwriter that:

a. Due Organization and Existence. The Developer is duly formed and validly existing as a limited liability company under the laws of the State of Texas.

b. Organizational Documents. The copies of the organizational documents of the Developer provided by the Developer (the "Developer Organizational Documents") to the City and the Underwriter are fully executed, true, correct, and complete copies of such documents and such documents have not been amended or supplemented and are in full force and effect as of the date hereof.

c. No Breach. The execution and delivery of the Developer Documents by the Developer does not violate any judgment, order, writ, injunction, or decree binding on the Developer or any indenture, agreement, or other instrument to which the Developer is a party.

d. No Litigation. There are no proceedings pending or threatened in writing before any court or administrative agency against the Developer that are either not covered by insurance or which singularly or collectively would have a material, adverse effect on the ability of the Developer to perform its obligations under the Developer Documents in all material respects or that would reasonably be expected to prevent or prohibit the development of the District in accordance with the description thereof in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum.

e. Information. The information prepared and submitted by the Developer to the City or the Underwriter in connection with the preparation of the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum was, and is as of this date, true and correct in all material respects.

f. Preliminary Limited Offering Memorandum and Limited Offering Memorandum. The Developer represents and warrants that the information set forth in the Developer Disclosures in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum is true and correct and does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading. The Developer agrees to provide a certificate dated the Closing Date affirming, as of such date, the representations contained in this subsection (f) with respect to the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum.

g. Events of Default. No “Event of Default” or “event of default” by the Developer under any of the Developer Documents, any documents to which the Developer is a party described in the Limited Offering Memorandum, or under any material documents relating to the financing and construction of the Major Improvement Area Projects to which the Developer is a party, or event that, with the passage of time or the giving of notice or both, would constitute such “Event of Default” or “event of default” by the Developer has occurred and is continuing.

5. Indemnification.

a. The Developer will indemnify and hold harmless the City and the Underwriter and each of their officers, directors, employees, and agents against any losses, claims, damages or liabilities to which any of them may become subject, under the Securities Act of 1933 or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained or incorporated by reference in the Developer Disclosures in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum, or any amendment or supplement to the Limited Offering Memorandum amending or supplementing the information contained under the aforementioned captions (as qualified above), or arise out of or are based upon the omission, untrue statement, or alleged untrue statement or omission to state therein a material fact necessary to make the statements under the aforementioned captions (as qualified above) not misleading under the circumstances under which they were made and will reimburse any indemnified party for any reasonable legal or other expenses reasonably incurred by them in connection with investigating or defending any such action or claim as such expenses are incurred.

b. Promptly after receipt by an indemnified party under subsection (a) above of notice of the commencement of any action, such indemnified party shall, if a claim in respect thereof is to be made against the indemnifying party under such subsection, notify the indemnifying party in writing of the commencement thereof; but the omission so to notify the indemnifying party shall not relieve the indemnifying party from any liability which it may have to the indemnified party otherwise than under such subsection, unless such indemnifying party was prejudiced by such delay or lack of notice. In case any such action shall be brought against an indemnified party, it shall promptly notify the indemnifying party of the commencement thereof, the indemnifying party shall be entitled to participate therein and, to the extent that it shall wish, to assume the defense thereof, with counsel reasonably satisfactory to such indemnified party (who shall not, except with the consent of the indemnified party, be counsel to the indemnifying party), and, after notice from the indemnifying party to such indemnified party of its election so to assume the defense thereof, the indemnifying party shall not be liable to such indemnified party under such subsection for any legal expenses of other counsel or any other expenses, in each case subsequently incurred by such indemnified party, in connection with the defense thereof other than reasonable costs of investigation. The indemnifying party shall not be liable for any settlement of any such action effected without its consent, but if settled with the consent of the indemnifying party or if there is a final judgment for the plaintiff in any such action, the indemnifying party will indemnify and hold harmless any indemnified party from and against any loss or liability by reason of such settlement or judgment. The indemnity herein shall survive delivery of the Bonds and shall survive any investigation made by or on behalf of the City, the Developer, or the Underwriter.

6. Survival of Representations, Warranties and Covenants. All representations, warranties, and agreements in this Developer Letter of Representations will survive regardless of (a) any investigation or any statement in respect thereof made by or on behalf of the Underwriter, (b) delivery of any payment by the Underwriter for the Bonds, and (c) any termination of the Bond Purchase Agreement.

7. Binding on Successors and Assigns. This Developer Letter of Representations will be binding upon the Developer and its successors and assigns and inure solely to the benefit of the Underwriter and the City, and no other person or firm or entity will acquire or have any right under or by virtue of this Developer Letter of Representations.

In rendering the opinions set forth below, we have also relied upon: (a) the representations and warranties contained in the Reviewed Documents; (b) the resolutions and other documents of the parties to the Reviewed Documents authorizing or approving the Reviewed Documents; (c) the

We have not made any independent or other investigation, review, analysis, or inquiry as to any of the facts, matters, circumstances, or legal opinions or conclusions contained in the Reviewed Documents or Reliance Materials or the accuracy or completeness thereof. Additionally, we have assumed that none of the Reviewed Documents or Reliance Materials contains any untrue statement of a material fact or omits to state a material fact necessary to make the statements made, in the light of the circumstances in which they are made, not misleading. We have not made any examination of any accounting or financial matters, and we express no opinion with respect thereto.

The opinions expressed herein are subject to the correctness in understanding that no beneficiary to this opinion letter may rely on this opinion letter to the extent that such beneficiary or its counsel has actual knowledge of any: (a) applicable laws, facts, or circumstances which would make any opinion expressed herein incorrect, subject to question, or require further investigation of any laws, facts, or circumstances; and (b) judicial decisions which would make the opinions set forth herein incorrect.

Whenever our opinion or advice with respect to the existence or absence of facts is indicated to be based on our knowledge, we are referring to the actual knowledge of the Messer, Fort & McDonald, PLLC attorneys who have given substantive attention to matters concerning the City during the course of our representation of the City in connection with the Reviewed Documents, which knowledge has been obtained by such attorneys in their capacity as such. In particular, our response does not include matters known to any attorney of our firm in a capacity other than as counsel to the City. In basing the opinions and other matters set forth herein on "our knowledge," the words "our knowledge," "our actual knowledge" and similar expressions signify that, in the course of our representation of the City the principal attorneys in this firm involved in the current actual transaction do not have actual knowledge or actual notice that any such opinions or other matters are not accurate or that any of the documents, certificates, reports and information on which we have relied are not accurate and complete. Further, the words "our knowledge," "our actual knowledge" and similar expressions used in this opinion letter are intended to be limited to the actual knowledge of the attorneys within our firm who have been directly involved in preparation of the Reviewed Documents in representation of the City. We have not undertaken any independent investigation to determine the existence or absence of such facts, and no inference as to our knowledge concerning such facts should be drawn from the fact that such limited representation has been undertaken by us.

Based upon and subject to the foregoing and the additional qualifications and assumptions set forth herein, we are of the opinion that:

1. The City is a Texas political subdivision and has all necessary power and authority to enter into and perform its obligations under the Authorizing Documents and the Reviewed Documents. The City has taken or obtained all actions, approvals, consents, and authorizations

required of it by applicable laws in connection with the execution of the Authorizing Documents and the Reviewed Documents and the performance of its obligations thereunder.

2. To the best of our knowledge, there is no action, suit, proceeding, inquiry, or investigation at law or in equity, before or by any court, public board or body, pending, or threatened against the City: (a) affecting the existence of the City or the titles of its officers to their respective offices, (b) in any way questioning the formation or existence of the District, (c) affecting, contesting, or seeking to prohibit, restrain, or enjoin the delivery of any of the Bonds, or the payment, collection, or application of any amounts pledged or to be pledged to pay the principal of and interest on the Bonds, including the Assessments in the Major Improvement Area of the District pursuant to the provisions of the Assessment Ordinance, and the Service and Assessment Plan referenced therein, (d) contesting or affecting the validity or enforceability or the City's performance of the Reviewed Documents, (e) contesting the exclusion of the interest on the Bonds from federal income taxation, or (f) which may result in any material adverse change relating to the financial condition of the City.

3. The Authorizing Documents were duly enacted by the City and remain in full force and effect on the date hereof.

4. The Reviewed Documents have been duly authorized, executed and delivered by the City and remain legal, valid, and binding obligations of the City enforceable against the City in accordance with their terms. However, the enforceability of the obligations of the City under such Reviewed Documents may be limited or otherwise affected by (a) bankruptcy, insolvency, reorganization, moratorium, and other laws affecting the rights of creditors generally, (b) principles of equity, whether considered at law or in equity, and (c) the application of Texas law relating to action by future councils and relating to governmental immunity applicable to governmental entities.

5. The performance by the City of the obligations under the Authorizing Documents and the Reviewed Documents will not violate any provision of any Federal or Texas constitutional or statutory provision.

6. No further consent, approval, authorization, or order of any court or governmental agency or body or official is required to be obtained by the City as a condition precedent to the performance by the City of its obligations under the Authorizing Documents and the Reviewed Documents.

7. The adoption of the Authorizing Documents and the execution and delivery of the Reviewed Documents and the compliance with the provisions of the Authorizing Documents and the Reviewed Documents under the circumstances contemplated thereby, to the best of our knowledge: (a) do not and will not in any material respect conflict with or constitute on the part of the City a breach of or default under any agreement to which the City is a party or by which it is bound, and (b) do not and will not in any material respect conflict with or constitute on the part of the City a violation, breach of or default under any existing law, regulation, court order, or consent decree to which the City is subject.

- (d) Such other documents, records, agreements, and certificates of the Developer as we have deemed necessary or appropriate to render the opinions expressed below.

In basing the opinions and other matters set forth herein on “our knowledge,” the words “our knowledge” signify that, in the course of our representation of the Developer the principal attorneys in this firm involved in the current actual transaction do not have actual knowledge or actual notice that any such opinions or other matters are not accurate or that any of the documents, certificates, reports and information on which we have relied are not accurate and complete. Except as otherwise stated herein, we have undertaken no independent investigation or certification of such matters. The words “our knowledge” and similar language used herein are intended to be limited to the knowledge of the attorneys within our firm who have worked on the matters contemplated by our representation as special counsel.

In rendering the opinions set forth herein, we have assumed, without independent investigation (other than the Developer, as applicable), that: (i) the due authorization, execution, and delivery of each of the documents referred to in this opinion letter by all parties thereto (other than the authorization, execution, and delivery by the Developer) and that each such document constitutes a valid, binding, and enforceable obligation of each party (other than the Developer) thereto, (ii) all of the parties to the documents referred to in this opinion letter are duly organized, validly existing, in good standing and have the requisite power, authority (corporate, limited liability company, partnership or other) and legal right to execute, deliver, and perform its obligations under such documents (except to the extent set forth in our opinions set forth herein regarding valid existence and power and authority of the Developer to execute, deliver, and perform its respective obligations under the Material Documents), (iii) each certificate from governmental officials reviewed by us is accurate, complete, and authentic, and all official public records are accurate and complete, (iv) the legal capacity of all natural persons, (v) the genuineness of all signatures (other than those of the Developer in respect of the Material Documents), (vi) the authenticity and accuracy of all documents submitted to us as originals, (vii) the conformity to original documents of all documents submitted to us as photostatic or certified copies, (viii) that no laws or judicial, administrative, or other action of any governmental entity of any jurisdiction not expressly opined to herein would adversely affect the opinions set forth herein, and (ix) that the execution and delivery by each party of, and performance of its agreements in, the Material Documents do not breach or result in a default under any existing obligation of such party under any agreements, contracts or instruments to which such party is a party to or otherwise subject to or any order, writ, injunction, or decree of any court applicable to such party.

In addition, we have assumed that the Material Documents accurately reflect the complete understanding of the parties with respect to the transactions contemplated thereby and the rights and obligations of the parties thereunder. We have also assumed that the terms and conditions of the transaction as reflected in the Material Documents have not been amended, modified, or supplemented, directly or indirectly, by any other agreement or understanding of the parties or waiver of any of the material provisions of the Material Documents.

We assume that none of the parties to the Material Documents (other than the Developer) is a party to any court or regulatory proceeding relating to or otherwise affecting the Material Documents or is subject to any order, writ, injunction, or decree of any court or federal, state, or local governmental agency or commission that would prohibit the execution and delivery of the Material Documents, or the consummation of the transactions therein contemplated in the manner therein provided, or impair the validity or enforceability thereof. We assume that each of the parties to the Material Documents (other than the Developer) has full authority to close this transaction in accordance with the terms and provisions of the Material Documents.

We assume that neither the Underwriter nor the City nor their respective counsel has any current actual knowledge of any facts not known to us or any law or judicial decision which would make the opinions set forth herein incorrect, and that no party upon whom we have relied for purposes of this opinion letter has perpetrated a fraud.

We have only been engaged by our clients in connection with the Material Documents (and the transactions contemplated in the Material Documents) and do not represent these clients generally.

II. Opinions and Assurances

Based solely upon the foregoing, and subject to the assumptions and limitations set forth herein, we are of the opinion that:

(a) The Developer is a limited liability company formed under the laws of the State of Texas and qualified to transact business as a limited liability company, and in good standing under the laws of the State of Texas.

(b) The Developer has the power and authority to execute and deliver the Material Documents to which it is a party, and to perform its obligations thereunder.

(c) The execution and delivery by the Developer of the Material Documents to which it is a party, and the performance by the Developer of its obligations under the Material Documents will not (i) violate any applicable law; or (ii) conflict with or result in the breach of any court decree or order of any governmental body identified in the Developer Certificate or otherwise actually known to the lawyers who have provided substantive attention to the representation reflected in this opinion binding upon or affecting the Developer, the conflict with which or breach of which would have a material, adverse effect on the ability of the Developer to perform its obligations under the Material Documents to which it is a party.

(d) To our knowledge, no governmental approval which has not been obtained is required to be obtained by the Developer on or before the date hereof as a condition to the performance by the Developer of its obligations under the Material Documents to which it is a party, except for governmental approvals that may be required to comply with certain covenants contained in the Material Documents (including, without limitation, covenants to comply with applicable laws).

(e) Based solely on the Developer Certificate, the Developer has duly executed and delivered each of the Material Documents to which it is a party, and each of the Material Documents constitute the legal, valid, and binding obligations of the Developer, enforceable against the Developer in accordance with their respective terms, subject to the following qualifications: (i) the effect of applicable bankruptcy, insolvency, reorganization, moratorium, and other similar laws affecting the rights of creditors generally, (ii) the effect of the exercise of judicial discretion in accordance with general principles of equity (whether applied by a court of law or of equity), and (iii) the effect that enforceability of the indemnification provisions therein may be limited, in whole or in part. The execution, delivery, and performance by the Developer of its respective obligations under the Material Documents do not violate any existing laws of the State of Texas applicable to the Developer.

(f) To our knowledge, there are no actions, suits, or proceedings pending or threatened against the Developer identified in the Developer Certificate, or otherwise actually known to the lawyers who have provided substantive attention to the representation reflected in this opinion in any court of law or equity, or before or by any governmental instrumentality with respect to: (i) its organization or existence or qualification to do business in the State of Texas; (ii) its authority to

execute or deliver the Material Documents to which it is a party; (iii) the titles of the parties executing the Material Documents; (iv) the execution, delivery, validity, or enforceability of the Material Documents on behalf of the Developer; (v) the operations or financial condition of the Developer that would materially adversely affect those operations or the financial condition of the Developer; or (vi) the acquisition and construction of the property and improvements identified in the Limited Offering Memorandum the cost of which is to be funded or reimbursed, in whole or in part, by proceeds of the Bonds.

(g) Based solely on the Developer Certificate, the execution and delivery of the Material Documents do not, and the transactions described therein may be consummated and the terms and conditions thereof may be observed and performed in a manner that does not, conflict with or constitute a breach of or default under any loan agreement, indenture, bond note, resolution, agreement, or other instrument to which the Developer is a party or is otherwise subject and which have been identified in the Developer Certificate, which violation, breach, or default would materially adversely affect the Developer or its performance of its respective obligations under the transactions described in the Material Documents; nor will any such execution, delivery, adoption, fulfillment, or compliance result in the creation or imposition of any lien, charge, or other security interest or encumbrance of any nature whatsoever upon any of the property or assets of the Developer, except as expressly described in the Material Documents (a) under applicable law, or (b) under any such loan agreement, indenture, bond note, resolution, agreement, or other instrument.

(h) The information set forth in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum in the maps included therein, and under the captions “PLAN OF FINANCE – Development Plan” and “– Lot Purchase and Sale Agreements,” “THE MAJOR IMPROVEMENT AREA IMPROVEMENTS,” “THE DEVELOPMENT,” “THE DEVELOPER,” “BONDHOLDERS’ RISKS” (only as it pertains to the Developer, the Major Improvement Area Projects, and the Development (as defined in the Limited Offering Memorandum)), “LEGAL MATTERS – Litigation – The Developer,” and “CONTINUING DISCLOSURE – The Developer,” and “– The Developer’s Compliance with Prior Undertakings” adequately and fairly describe the information summarized under such captions and are correct as to matters of law.

(i) Subject to the below qualifications and based upon our participation in the preparation of the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum and our participation at conferences with representatives of the Underwriter and its counsel, of the City and its counsel, and with representatives of the Developer at which the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum and related matters were discussed, and although we have not independently verified the information in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum and are not passing upon and do not assume any responsibility for the accuracy, completeness or fairness of the statements contained in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum and any amendment or supplement thereto, no facts have come to our attention that lead us to believe that the information set forth under the captions referenced in the preceding paragraph with respect to the Preliminary Limited Offering Memorandum, as of the date of the Preliminary Limited Offering Memorandum and as of February 14, 2023, and with respect to the Limited Offering Memorandum, as of the date of the Limited Offering Memorandum and the date hereof, contained or contains any untrue statement of a material fact, or omitted or omits

to state any material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

III. Qualifications

In addition to any assumptions, qualifications, and other matters set forth elsewhere herein, the opinions set forth above are subject to the following assumptions and qualifications:

(a) We have not examined any court dockets, agency files or other public records regarding the entry of any judgments, writs, decrees, or orders or the pendency of any actions, proceedings, investigations, or litigation.

(b) We have relied upon the Developer Certificate, as well as the representations of the Developer contained in the Material Documents, with respect to certain facts material to our opinion. Except as otherwise specifically indicated herein, we have made no independent investigation regarding any of the foregoing documents, or the representations contained therein. With respect to our opinion in II(a) relating to the Developer's good standing, we have relied solely on a Certificate of Fact being issued by the Secretary of State of Texas with respect to the Developer and an online search of the Franchise Tax Account Status page of the website of the Texas Comptroller of Public Accounts which indicated the right of the Developer to do business in the State of Texas is intact.

(c) Our opinion delivered pursuant to Section II(c) above is subject to the effect of any applicable bankruptcy, insolvency, reorganization, fraudulent conveyance, moratorium or other laws affecting creditors' rights generally and to the effect of general principles of equity, including (without limitation) remedies of specific performance and injunctive relief and concepts of materiality, reasonableness, good faith, and fair dealing (regardless of whether considered in a proceeding in equity or at law).

(d) Except for the Material Documents, we have not reviewed, and express no opinion as to, any other contracts or agreements to which the Developer is a party or by which the Developer is or may be bound.

(e) The opinions expressed herein are based upon and limited to the applicable laws of the State of Texas and the laws of the United States of America, excluding the principles of conflicts of laws thereof, as in effect as of the date hereof, and our knowledge of the facts relevant to such opinions on such date. In this regard, we note that we are members of the Bar of the State of Texas, we do not express any opinion herein as to matters governed by the laws of any other jurisdiction, except the United States of America, we do not purport to be experts in any other laws, and we can accept no responsibility for the applicability or effect of any such laws. In addition, we assume no obligation to supplement the opinions expressed herein if any applicable laws change after the date hereof, or if we become aware of any facts or circumstances that affect the opinions expressed herein.

(f) This letter is strictly limited to the matters expressly set forth herein and no statements or opinions should be inferred beyond such matters.

(g) Notwithstanding anything contained herein to the contrary, we express no opinion whatsoever concerning the status of title to any real or personal property.

(h) The opinions expressed herein regarding the enforceability of the Material Documents are subject to the qualification that certain of the remedial, waiver or other provisions thereof may not be enforceable; but such unenforceability will not, in our judgment, render the Material Documents invalid as a whole or substantially interfere with the practical realization of the principal legal benefits provided in the Material Documents, except to the extent of any economic consequences of any procedural delays which may result therefrom.

(i) The opinion expressed herein as to the enforceability of the Material Documents is specifically subject to the qualification that enforceability of the Material Documents is limited by the following: (i) the rights of the United States under the Federal Tax Lien Act of 1966, as amended; (ii) principles of equity, public policy and unconscionability which may limit the availability of certain remedies; (iii) bankruptcy, insolvency, reorganization, fraudulent conveyance, liquidation, probate, conservatorship, and other laws applicable to creditors' rights or the collection of debtors' obligations generally; and (iv) requirements of due process under the United States Constitution, the Constitution of the State of Texas, and other laws or court decisions limiting the rights of creditors to repossess, foreclose, or otherwise realize upon the property of a debtor without appropriate notice or hearing or both.

(j) We express no opinion as to whether a court would grant specific performance or any other equitable remedy with respect to the enforcement of the Material Documents.

(k) We express no opinion as to the validity, binding effect, or enforceability of: (i) provisions which purport to waive rights or notices, including rights to trial by jury, counterclaims or defenses, jurisdiction, or venue; (ii) provisions relating to consent judgments, waivers of defenses or the benefits of statutes of limitations, marshaling of assets, the transferability of any assets which by their nature are nontransferable, sales in inverse order of alienation, or severance; (iii) provisions purporting to waive the benefits of present or of future laws relating to exemptions, appraisal, valuation, stay of execution, redemption, extension of time for payment, setoff, and similar debtor protection laws; or (iv) provisions requiring a party to pay fees and expenses regardless of the circumstances giving rise to such fees or expenses or the reasonableness thereof.

(l) The opinions expressed herein are subject to the effect of generally applicable rules of law that provide that forum selection clauses in contracts are not necessarily binding on the court(s) in the forum selected.

(m) We express no opinion as to the enforceability of any provisions in the Material Documents purporting to entitle a party to indemnification in respect of any matters arising in whole or in part by reason of any negligent, illegal, or wrongful act or omission of such party.

This opinion is furnished to those parties addressed in this letter solely in connection with the transactions, for the purposes and on the terms described above and may not be relied upon for any other purpose or by any other person in any manner or for any purpose.

Very truly yours,

See Exhibit B hereto for a form for submitting the information set forth in the preceding paragraphs. The Issuer has designated MuniCap, Inc., as the initial Administrator. The Administrator, and if no Administrator is designated, Issuer’s staff, shall prepare and provide to the Dissemination Agent the Annual Financial Information on behalf of the Issuer within the timeline described in subsection (a). SECTION 5. Reporting of Significant Events.

(a) Pursuant to the provisions of this Section 5, each of the following is a Listed Event with respect to the Bonds:

1. Principal and interest payment delinquencies.
2. Non-payment related defaults, if material.
3. Unscheduled draws on debt service reserves reflecting financial difficulties.

4. Unscheduled draws on credit enhancements reflecting financial difficulties.
5. Substitution of credit or liquidity providers, or their failure to perform.
6. Adverse tax opinions, the issuance by the IRS of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds.

8. Bond calls, if material, and tender offers.
9. Defeasances.

11. Rating changes.
12. Bankruptcy, insolvency, receivership or similar event of the Issuer.
13. The consummation of a merger, consolidation, or acquisition of the Issuer, or the sale of all or substantially all of the assets of the Issuer, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material.
14. Appointment of a successor or additional trustee under the Indenture or the change of name of a trustee, if material.

Any sale by the Developer of real property within the Major Improvement Area in the ordinary course of the Developer's business will not constitute a Listed Event for the purposes of paragraph (10) above.

For these purposes, any event described in paragraph (12) above is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the Issuer in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the Issuer, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the

supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Issuer.

The Issuer intends the words used in paragraphs (15) and (16) above and the definition of Financial Obligation to have the same meanings as when they are used in the Rule, as evidenced by SEC Release No. 34-83885, dated August 20, 2018 (the “2018 Release”) and any further written guidance provided by the SEC or its staff with respect to the amendments to the Rule effected by the 2018 Release. For the avoidance of doubt, the issuance of Additional Bonds under the Indenture or the incurrence of Additional Obligations without the filing of a corresponding official statement with the MSRB will constitute the incurrence of a material Financial Obligation for which a notice of a Listed Event in accordance with this Section must be filed with the MSRB.

Upon the occurrence of a Listed Event, the Issuer shall promptly notify the Dissemination Agent in writing and the Issuer shall direct the Dissemination Agent, in writing, to immediately file a notice of such occurrence with the MSRB. The Dissemination Agent shall file such notice no later than the Business Day immediately following the day on which it receives written notice of such occurrence from the Issuer. Any such notice is required to be filed within ten (10) Business Days of the occurrence of such Listed Event.

Additionally, the Issuer shall notify the MSRB, in a timely manner, of any failure by the Issuer to provide Audited Financial Statements (or unaudited financial statements, if Audited Financial Statements are not available) or Annual Financial Information, as applicable, as required under this Disclosure Agreement. See Exhibit A hereto for a form for submitting “Notice to MSRB of Failure to File.”

Any notice under the preceding paragraphs shall be accompanied with the text of the disclosure that the Issuer desires to make, the written authorization of the Issuer for the Dissemination Agent to disseminate such information as provided herein, and the date the Issuer desires for the Dissemination Agent to disseminate the information (which date shall not be more than ten (10) Business Days after the occurrence of the Listed Event or failure to file).

In all cases, the Issuer shall have the sole responsibility for the content, design and other elements comprising substantive contents of all disclosures made pursuant to Sections 4 and 5 of this Disclosure Agreement. In addition, the Issuer shall have the sole responsibility to ensure that any notice required to be filed under this Section 5 is filed within ten (10) Business Days of the occurrence of the Listed Event.

(b) The Dissemination Agent shall, promptly, and not more than three (3) Business Days after obtaining actual knowledge of the occurrence of any Listed Event with respect to the Bonds, notify the Disclosure Representative in writing of such Listed Event. The Dissemination Agent shall not be required to file a notice of the occurrence of such Listed Event with the MSRB unless and until it receives written instructions from the Disclosure Representative to do so. If the Dissemination Agent has been instructed by the Disclosure Representative on behalf of the Issuer to report the occurrence of a Listed Event under this subsection (b), the Dissemination Agent shall file a notice of such occurrence with the MSRB no later than the Business Day immediately following the day on which it receives written instructions from the Issuer. It is agreed and

understood that the duty to make or cause to be made the disclosures herein is that of the Issuer and not that of the Dissemination Agent. It is agreed and understood that the Dissemination Agent has agreed to give the foregoing notice to the Issuer as an accommodation to assist it in monitoring the occurrence of such event but is under no obligation to investigate whether any such event has occurred. As used above, “actual knowledge” means the actual fact or statement of knowing, without a duty to make any investigation with respect thereto. In no event shall the Dissemination Agent be liable in damages or in tort to the Issuer, the Participating Underwriter, the Trustee, or any Owner or beneficial owner of any interests in the Bonds as a result of its failure to give the foregoing notice or to give such notice in a timely fashion.

(c) If in response to a notice from the Dissemination Agent under subsection (b), the Issuer determines that the Listed Event under number 2, 7, 8 (as to Bond calls only), 10, 13, 14, or 15 of subparagraph (a) above is not material under applicable federal securities laws, the Issuer shall promptly, but in no case more than five (5) Business Days after occurrence of the event, notify the Dissemination Agent and the Trustee (if the Dissemination Agent is not the Trustee) in writing and instruct the Dissemination Agent not to report the occurrence pursuant to subsection (b).

SECTION 6. Termination of Reporting Obligations. The obligations of the Issuer, the Administrator, and the Dissemination Agent under this Disclosure Agreement shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds, when the Issuer is no longer an obligated person with respect to the Bonds, or upon delivery by the Disclosure Representative to the Dissemination Agent of an opinion of nationally recognized bond counsel to the effect that continuing disclosure is no longer required with respect to the Bonds. So long as any of the Bonds remain Outstanding, the Dissemination Agent may assume that the Issuer is an obligated person with respect to the Bonds until it receives written notice from the Disclosure Representative stating that the Issuer is no longer an obligated person with respect to the Bonds, and the Dissemination Agent may conclusively rely upon such written notice with no duty to make investigation or inquiry into any statements contained or matters referred to in such written notice. If such termination occurs prior to the final maturity of the Bonds, the Issuer shall give notice of such termination in the same manner as for a Listed Event with respect to the Bonds under Section 5(a).

SECTION 7. Dissemination Agent. The Issuer may, from time to time, appoint or engage a Dissemination Agent or successor Dissemination Agent to assist it in carrying out its obligations under this Disclosure Agreement, and may discharge such Dissemination Agent. If the Issuer discharges the Dissemination Agent, the Issuer shall use best efforts to appoint a successor Dissemination Agent within 30 days of such discharge. If at any time there is not any other designated Dissemination Agent, the Issuer shall be the Dissemination Agent. The initial Dissemination Agent appointed hereunder shall be HTS Continuing Disclosure Services, a division of Hilltop Securities Inc. The Issuer will give prompt written notice to the Developer, or any other party responsible for providing quarterly information pursuant to the Disclosure Agreement of Developer, of any change in the identity of the Dissemination Agent under the Disclosure Agreement of Developer.

SECTION 8. Amendment; Waiver. Notwithstanding any other provisions of this Disclosure Agreement, the Issuer and the Dissemination Agent may amend this Disclosure

Agreement (and the Dissemination Agent shall not unreasonably withhold its consent to any amendment so requested by the Issuer), and any provision of this Disclosure Agreement may be waived, provided that the following conditions are satisfied:

(a) If the amendment or waiver relates to the provisions of Sections 3(a), 4, or 5(a), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the Bonds, or the type of business conducted;

(b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the delivery of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment or waiver either (i) is approved by the Owners of the Bonds in the same manner as provided in the Indenture for amendments to the Indenture with the consent of Owners, or (ii) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the Owners or beneficial owners of the Bonds.

In the event of any amendment or waiver of a provision of this Disclosure Agreement, the Issuer shall describe such amendment in the next related Annual Financial Information or Audited Financial Statements, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the Issuer. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 5(a), and (ii) the Audited Financial Statements for the fiscal year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles. No amendment which adversely affects the Dissemination Agent may be made without its prior written consent (which consent will not be unreasonably withheld or delayed).

SECTION 9. Additional Information. Nothing in this Disclosure Agreement shall be deemed to prevent the Issuer from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any Annual Financial Information and Audited Financial Statements or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Agreement. If the Issuer chooses to include any information in any Annual Financial Information, Audited Financial Statements, or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, the Issuer shall have no obligation under this Disclosure Agreement to update such information or include it in any future Annual Financial Information, Audited Financial Statements or notice of occurrence of a Listed Event.

SECTION 10. Default. In the event of a failure of the Issuer to comply with any provision of this Disclosure Agreement, the Dissemination Agent or any Owner or beneficial

owner of the Bonds may, and the Dissemination Agent (at the request of any Participating Underwriter or the Owners of at least twenty-five percent (25%) aggregate principal amount of Outstanding Bonds and upon being indemnified to its satisfaction) shall, take such actions as may be necessary and appropriate to cause the Issuer to comply with its obligations under this Disclosure Agreement. A default under this Disclosure Agreement shall not be deemed an Event of Default under the Indenture with respect to the Bonds, and the sole remedy under this Disclosure Agreement in the event of any failure of the Issuer to comply with this Disclosure Agreement shall be an action for mandamus or specific performance. A default under this Disclosure Agreement by the Issuer shall not be deemed a default under the Disclosure Agreement of Developer by the Developer, and a default under the Disclosure Agreement of Developer by the Developer shall not be deemed a default under this Disclosure Agreement by the Issuer.

SECTION 11. Duties, Immunities and Liabilities of Dissemination Agent and Administrator.

(a) The Dissemination Agent shall not be responsible in any manner for the content of any notice or report (including without limitation the Annual Financial Information and the Audited Financial Statements) prepared by the Issuer pursuant to this Disclosure Agreement. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Agreement, and no implied covenants shall be read into this Disclosure Agreement with respect to the Dissemination Agent. To the extent permitted by law, the Issuer agrees to hold harmless the Dissemination Agent, its officers, directors, employees, and agents, but only with funds to be provided by the Developer or from Administrative Expenses collected from the property owners in the Major Improvement Area, against any loss, expense, and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct; provided, however, that nothing herein shall be construed to require the Issuer to indemnify the Dissemination Agent for losses, expenses, or liabilities arising from information provided to the Dissemination Agent by the Developer or the failure of the Developer to provide information to the Dissemination Agent as and when required under the Disclosure Agreement of Developer. The obligations of the Issuer under this Section shall survive resignation or removal of the Dissemination Agent and payment in full of the Bonds. Nothing in this Disclosure Agreement shall be construed to mean or to imply that the Dissemination Agent is an "obligated person" under the Rule. The Dissemination Agent shall not be responsible for the Issuer's failure to submit a complete Annual Financial Information or Audited Financial Statements to the MSRB. The Dissemination Agent is not acting in a fiduciary capacity in connection with the performance of its respective obligations hereunder. The fact that the Dissemination Agent may have a banking or other business relationship with the Issuer or any person with whom the Issuer contracts in connection with the transaction described in the Indenture, apart from the relationship created by this Disclosure Agreement, shall not be construed to mean that the Dissemination Agent has actual knowledge of any event described in Section 5 above, except as may be provided by written notice to the Dissemination Agent pursuant to this Disclosure Agreement.

The Dissemination Agent may, from time to time, consult with legal counsel of its own choosing in the event of any disagreement or controversy, or question or doubt as to the construction of any of the provisions hereof or their respective duties hereunder, and the

Dissemination Agent shall not incur any liability and shall be fully protected in acting in good faith upon the advice of such legal counsel.

(b) The Administrator shall not have any duty with respect to the content of any disclosures made pursuant to the terms hereof. The Administrator shall have only such duties as are specifically set forth in this Disclosure Agreement, and no implied covenants shall be read into this Disclosure Agreement with respect to the Administrator. To the extent permitted by law, the Issuer agrees to hold harmless the Administrator, its officers, directors, employees and agents, but only with funds to be provided by the Developer or from Administrative Expenses collected from the property owners in the Major Improvement Area, against any loss, expense, and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including reasonable attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Administrator's negligence or willful misconduct; provided, however, that nothing herein shall be construed to require the Issuer to indemnify the Administrator for losses, expenses, or liabilities arising from information provided to the Administrator by third parties, or the failure of any third party to provide information to the Administrator as and when required under this Disclosure Agreement, or the failure of the Developer to provide information to the Administrator as and when required under the Disclosure Agreement of Developer. The obligations of the Issuer under this Section shall survive resignation or removal of the Administrator and payment in full of the Bonds. Nothing in this Disclosure Agreement shall be construed to mean or to imply that the Administrator is an "obligated person" under the Rule. The Administrator is not acting in a fiduciary capacity in connection with the performance of its respective obligations hereunder. The Administrator shall not in any event incur any liability with respect to (i) any action taken or omitted to be taken in good faith upon advice of legal counsel given with respect to any question relating to duties and responsibilities of the Administrator hereunder, or (ii) any action taken or omitted to be taken in reliance upon any document delivered to the Administrator and believed to be genuine and to have been signed or presented by the proper party or parties.

The Administrator may, from time to time, consult with legal counsel of its own choosing in the event of any disagreement or controversy, or question or doubt as to the construction of any of the provisions hereof or their respective duties hereunder, and the Administrator shall not incur any liability and shall be fully protected in acting in good faith upon the advice of such legal counsel.

(c) UNDER NO CIRCUMSTANCES SHALL THE DISSEMINATION AGENT, THE ADMINISTRATOR, OR THE ISSUER BE LIABLE TO THE OWNER OR BENEFICIAL OWNER OF ANY BOND OR ANY OTHER PERSON, IN CONTRACT OR TORT, FOR DAMAGES RESULTING IN WHOLE OR IN PART FROM ANY BREACH BY THE ISSUER, THE ADMINISTRATOR, OR THE DISSEMINATION AGENT, RESPECTIVELY, WHETHER NEGLIGENT OR WITHOUT FAULT ON ITS PART, OF ANY COVENANT SPECIFIED IN THIS DISCLOSURE AGREEMENT, BUT EVERY RIGHT AND REMEDY OF ANY SUCH PERSON, IN CONTRACT OR TORT, FOR OR ON ACCOUNT OF ANY SUCH BREACH SHALL BE LIMITED TO AN ACTION FOR MANDAMUS OR SPECIFIC PERFORMANCE. EXCEPT AS DESCRIBED IN SECTION 10 WITH RESPECT TO THE DISSEMINATION AGENT, NEITHER THE DISSEMINATION AGENT NOR THE

ADMINISTRATOR IS UNDER ANY OBLIGATION NOR IS IT REQUIRED TO BRING SUCH AN ACTION.

SECTION 12. Assessments Timeline. The basic expected timeline for the collection of the Assessments and the anticipated procedures for pursuing the collection of delinquent Assessments is set forth in Exhibit C which is intended to illustrate the general procedures expected to be followed in enforcing the payment of delinquent Assessments. Failure to adhere to such expected timeline shall not constitute a default by the Issuer under this Disclosure Agreement, the Indenture, the Bonds, or any other document related to the Bonds.

SECTION 13. No Personal Liability. No covenant, stipulation, obligation or agreement of the Issuer, the Administrator, or Dissemination Agent contained in this Disclosure Agreement shall be deemed to be a covenant, stipulation, obligation or agreement of any present or future council members, officer, agent, or employee of the Issuer, the Administrator, or Dissemination Agent in other than that person's official capacity.

SECTION 14. Severability. In case any section or provision of this Disclosure Agreement, or any covenant, stipulation, obligation, agreement, act or action, or part thereof made, assumed, entered into, or taken thereunder or any application thereof, is for any reasons held to be illegal or invalid, such illegality or invalidity shall not affect the remainder thereof or any other section or provision thereof or any other covenant, stipulation, obligation, agreement, act, or action, or part thereof made, assumed, entered into, or taken thereunder (except to the extent that such remainder or section or provision or other covenant, stipulation, obligation, agreement, act, or action, or part thereof, is wholly dependent for its operation on the provision determined to be invalid), which shall be construed and enforced as if such illegal or invalid portion were not contained therein, nor shall such illegality or invalidity of any application thereof affect any legal and valid application thereof, and each such section, provision, covenant, stipulation, obligation, agreement, act, or action, or part thereof, shall be deemed to be effective, operative, made, entered into, or taken in the manner and to the full extent permitted by law.

SECTION 15. Sovereign Immunity. The Dissemination Agent and the Administrator agree that nothing in this Disclosure Agreement shall constitute or be construed as a waiver of the Issuer's sovereign or governmental immunities regarding liability or suit.

SECTION 16. Beneficiaries. This Disclosure Agreement shall inure solely to the benefit of the Issuer, the Administrator, the Dissemination Agent, the Participating Underwriter, and the Owners and the beneficial owners from time to time of the Bonds and shall create no rights in any other person or entity. Nothing in this Disclosure Agreement is intended or shall act to disclaim, waive, or otherwise limit the duties of the Issuer under federal and state securities laws.

SECTION 17. Dissemination Agent and Administrator Compensation. The fees and expenses incurred by the Dissemination Agent and the Administrator for their respective services rendered in accordance with this Disclosure Agreement constitute Administrative Expenses and will be included in the Annual Installments as provided in the annual updates to the Service and Assessment Plan. The Issuer shall pay or reimburse the Dissemination Agent and the Administrator, but only with funds to be provided from the Administrative Expenses component of the Annual Installments collected from the property owners in the Major Improvement Area,

for the fees and expenses for their respective services rendered in accordance with this Disclosure Agreement.

The foregoing verification is made solely to enable the Issuer to comply with such Section and to the extent such Section does not contravene applicable Federal or Texas law. As used in the foregoing verification, ‘boycott Israel’ means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes.

SECTION 19. Iran, Sudan and Foreign Terrorist Organizations. The Dissemination Agent and the Administrator, each respectively, represents that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, and posted on any of the following pages of such officer’s internet website:

<https://comptroller.texas.gov/purchasing/docs/iran-list.pdf>, or
<https://comptroller.texas.gov/purchasing/docs/fto-list.pdf>.

The foregoing representation is made solely to enable the Issuer to comply with Section 2252.152, Texas Government Code, and to the extent such Section does not contravene applicable Federal law and excludes the Dissemination Agent and the Administrator, each respectively, and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization.

(a) No payment hereunder shall be made from the Project Fund to the Developer for work on a Major Improvement Area Project until a Certification for Payment is received from the Developer. Upon receipt of a Certification for Payment substantially in the form of **Exhibit B** hereto (and all accompanying documentation required by the City) from the Developer, the City Inspector shall conduct a review in order to confirm that such request is complete, that the work with respect to such Major Improvement Area Project identified therein for which payment is requested was completed in accordance with all applicable governmental laws, rules and regulations and applicable Plans therefor and with the terms of this Agreement, the Development Agreement, and to verify and approve the Actual Cost of such work specified in such Certification for Payment (collectively, the “Developer Compliance Requirements”). The City Inspector and/or the City Representative shall also conduct such review as is required in his discretion to confirm the matters certified in the Certification for Payment. The Developer agrees to cooperate with the City Inspector and/or City Representative in conducting each such review and to provide the City Inspector and/or City Representative with such additional information and documentation as is reasonably necessary for the City Inspector and/or City Representative to conclude each such review.

(b) Within fifteen (15) business days of receipt of any Certification for Payment, the City Representative shall either (i) approve and execute the Certification for Payment and forward the same to the Administrator for approval and delivery to the Trustee for payment to the Developer in accordance with Section 5.03(a) hereof or (ii) in the event the City Representative

disapproves the Certification for Payment, give written notification to the Developer of the City Representative's disapproval, in whole or in part, of such Certification for Payment, specifying the reasons for such disapproval and the additional requirements to be satisfied for approval of such Certification for Payment. If a Certification for Payment seeking reimbursement is approved only in part, the City Representative shall specify the extent to which the Certification for Payment is approved and shall deliver such partially approved Certification for Payment to the Administrator for approval in accordance with Section 5.03 hereof and delivery to the Developer in accordance with Section 5.02(c) hereof, and any such partial work shall be processed for payment under Section 5.03 notwithstanding such partial denial.

(c) If the City Representative denies the Certification for Payment, the denial must be in writing, stating the reason(s) for denial. The denial may be appealed to the City Council by the Developer in writing within thirty (30) days of being denied by the City Representative. Denial of the Certification for Payment by the City Council shall be attempted to be resolved by half-day mediation between the parties in the event an agreement is not otherwise reached by the parties, with the mediator's fee being paid by Developer. The Certification for Payment shall not be forwarded to the Trustee for payment until the dispute is resolved by the City and the Developer.

(d) The Developer shall deliver the approved or partially approved Certification for Payment to the Trustee for payment and the Trustee shall make such payment from the Project Fund in accordance with Section 5.03 below.

Section 5.03. Payment for Major Improvement Area Project.

(a) Upon receipt of a reviewed and approved Certification for Payment, the Trustee shall make payment from Major Improvement Area Projects Account of the Project Fund pursuant to the terms of the Certification for Payment and the Indenture in an amount not to exceed the Budgeted Cost for the particular Major Improvement Area Project, unless a Cost Overrun amount has been approved for a particular Major Improvement Area Project. If a Cost Overrun amount has been approved, then the amount reimbursed shall not exceed the Budgeted Amount plus the approved Cost Overrun amount.

(b) Approved Certifications for Payment that await reimbursement shall not accrue interest.

(c) Notwithstanding any other provisions of this Agreement, when payment is made, the Trustee shall make payment directly to the general contractor or supplier of materials or services or jointly to Developer (or any permitted assignee of such Developer) and the general contractor or supplier of materials or services, as indicated in an approved Certification for Payment, out of available and appropriate funds in the Project Fund. If the request for payment results in ninety percent (90%) or more of the Budgeted Costs for such Major Improvement Area Project identified in such request for payment being paid, then Trustee shall hold the payment until

work with respect to that Major Improvement Area Project has been completed and accepted by the City. If an unconditional lien release related to the items referenced in the Certification for Payment is attached to such Certification for Payment, the Trustee shall make such payment to the Developer or any permitted assignee of the Developer. In the event the Developer provides a general contractor's or supplier of materials' unconditional lien release for a portion of the work covered by a Certification for Payment, the Trustee will make such payment directly to the Developer or any permitted assignee of the Developer to the extent of such lien release.

(d) Withholding Payments.

Nothing in this Agreement shall be deemed to prohibit the Developer or the City from contesting in good faith the validity or amount of any mechanics or materialman's lien and/or judgment nor limit the remedies available to the Developer or the City with respect thereto, including the withholding of any payment that may be associated with the exercise of such remedy, so long as such delay in performance shall not subject the Major Improvement Area Project to foreclosure, forfeiture, or sale. In the event that any such mechanics or materialman's lien and/or judgment with respect to any Major Improvement Area Project is contested, the Developer shall post or cause delivery of a surety bond in the amount determined by the City or City may decline to accept the Major Improvement Area Projects until such mechanics or materialman's lien and/or judgment is satisfied.

ARTICLE VI

OWNERSHIP AND TRANSFER OF MAJOR IMPROVEMENT AREA PROJECT

Section 6.01. Major Improvement Area Project to be Owned by the City– Title Evidence. If required by the City, the Developer shall furnish to the City a preliminary title report for land with respect to a Major Improvement Area Project to be acquired and accepted by the City from the Developer and not previously dedicated or otherwise conveyed to the City for review and approval at least thirty (30) calendar days prior to the transfer of title of a Major Improvement Area Project to the City. The City shall approve the preliminary title report unless it reveals a matter which, in the reasonable judgment of the City, could materially affect the City's clean title or use and enjoyment of any part of the property or easement covered by the preliminary title report. In the event the City does not approve the preliminary title report, the City shall not be obligated to accept title to the Major Improvement Area Project until the Developer has cured such objections to title to the satisfaction of the City.

Section 6.02. Major Improvement Area Project Constructed on City Land or Developer Land. If the Major Improvement Area Project is on land owned by the City, the City hereby grants to the Developer a license to enter upon such land for purposes related to construction (and maintenance pending acquisition and acceptance) of the Major Improvement Area Project. If the Major Improvement Area Project is on land owned by the Developer, the Developer hereby grants to the City an easement to enter upon such land for purposes related to inspection and maintenance

(pending acquisition and acceptance) of the Major Improvement Area Project. The grant of the permanent easement shall not relieve the Developer of any obligation to grant the City title to property and/or easements related to the Major Improvement Area Project as required by the Development Agreement or as should in the City's reasonable judgment be granted to provide for convenient access to and routine and emergency maintenance of such Major Improvement Area Project. The provisions for inspection and acceptance of such Major Improvement Area Project otherwise provided herein shall apply.

ARTICLE VII REPRESENTATIONS, WARRANTIES AND COVENANTS

Section 7.01. Representations, Covenants and Warranties of the Developer. The Developer represents and warrants for the benefit of the City as follows:

(a) Organization. The Developer is a limited liability company duly formed, organized and validly existing under the laws of the State of Texas, is in compliance with the laws of the State of Texas, and has the power and authority to own its properties and assets and to fulfill its obligations in this Agreement and the Development Agreement and to carry on its business in the State of Texas as now being conducted as hereby contemplated.

(g) Plans. The Developer represents that it has obtained or will obtain approval of the Plans from all appropriate departments of the City and from any other public entity or public utility from which such approval must be obtained. The Developer further agrees that, subject to the terms hereof, the Major Improvement Area Projects have been or will be constructed in full compliance with such Plans and any change orders thereto consistent with the Act, this Agreement and the Development Agreement. Developer shall provide as-built plans for all Major Improvement Area Projects to the City.

(h) Additional Information. The Developer agrees to cooperate with all reasonable written requests for nonproprietary information by the initial purchaser of the Bonds, the City Manager and the City Representative related to the status of construction of the Major Improvement Area Projects within the District, the anticipated completion dates for future improvements and any other matter that the initial purchaser of the Bonds or City Representative deems material to the investment quality of the Bonds.

(i) Continuing Disclosure Agreement. The Developer agrees to provide the information required pursuant to the Continuing Disclosure Agreement of the Developer executed by the Developer in connection with the Bonds.

(j) Tax Certificate. The City will deliver a certificate relating to the Bonds (such certificate, as it may be amended and supplemented from time to time, being referred to herein as the “Tax Certificate”) containing covenants and agreements designed to satisfy the requirements of 26 U.S. Code Sections 103 and 141 through 150, inclusive, and the federal income tax regulations issued thereunder relating to the use of the proceeds of the Bonds or of any monies, securities or other obligations on deposit to the credit of any of the funds and accounts created by the Indenture or this Agreement or otherwise that may be deemed to be proceeds of the Bonds within the meaning of 26 U.S. Code Section 148 (collectively, “Bond Proceeds”).

The Developer covenants to provide, or cause to be provided, such facts and estimates as the City reasonably considers necessary to enable it to execute and deliver its Tax Certificate. The Developer further covenants that (i) such facts and estimates will be based on its reasonable expectations on the date of issuance of the Bonds and will be, to the best of the knowledge of the officers of the Developer providing such facts and estimates, true, correct and complete as of that date, and (ii) the Developer will make reasonable inquiries to ensure such truth, correctness and completeness. The Developer covenants that it will not make, or (to the extent that it exercises control or direction) permit to be made, any use or investment of the Bond Proceeds (including, but not limited to, the use of the Major Improvement Area Projects) that would cause any of the covenants or agreements of the City contained in the Tax Certificate to be violated or that would

otherwise have an adverse effect on the tax-exempt status of the interest payable on the Bonds for federal income tax purposes.

(k) Financial Resources. The Developer represents and warrants that it has the financial resources, or the ability to obtain sufficient financial resources, to meet its obligations under this Agreement, the Service and Assessment Plan and the Development Agreement.

Section 7.02. Indemnification and Hold Harmless. THE DEVELOPER SHALL INDEMNIFY AND HOLD HARMLESS THE CITY INSPECTOR, THE CITY, ITS OFFICIALS, EMPLOYEES, OFFICERS, REPRESENTATIVES AND AGENTS (EACH AN “INDEMNIFIED PARTY”), FROM AND AGAINST ALL ACTIONS, DAMAGES, CLAIMS, LOSSES OR EXPENSE OF EVERY TYPE AND DESCRIPTION TO WHICH THEY MAY BE SUBJECTED OR PUT: (I) BY REASON OF, OR RESULTING FROM THE BREACH OF ANY PROVISION OF THIS AGREEMENT BY THE DEVELOPER; (II) THE NEGLIGENT DESIGN, ENGINEERING, AND/OR CONSTRUCTION BY THE DEVELOPER OR ANY ARCHITECT, ENGINEER OR CONTRACTOR HIRED BY THE DEVELOPER OF ANY OF THE MAJOR IMPROVEMENT AREA PROJECTS ACQUIRED FROM THE DEVELOPER HEREUNDER; (III) THE DEVELOPER’S NONPAYMENT UNDER CONTRACTS BETWEEN THE DEVELOPER AND ITS CONSULTANTS, ENGINEERS, ADVISORS, CONTRACTORS, SUBCONTRACTORS AND SUPPLIERS IN THE PROVISION OF THE MAJOR IMPROVEMENT AREA PROJECTS; (IV) ANY CLAIMS OF PERSONS EMPLOYED BY THE DEVELOPER OR ITS AGENTS TO CONSTRUCT THE MAJOR IMPROVEMENT AREA PROJECTS; OR (V) ANY CLAIMS AND SUITS OF THIRD PARTIES, INCLUDING BUT NOT LIMITED TO DEVELOPER’S RESPECTIVE PARTNERS, OFFICERS, DIRECTORS, EMPLOYEES, REPRESENTATIVES, AGENTS, SUCCESSORS, ASSIGNEES, VENDORS, GRANTEEES AND/OR TRUSTEES, REGARDING OR RELATED TO THE MAJOR IMPROVEMENT AREA PROJECTS OR ANY AGREEMENT OR RESPONSIBILITY REGARDING THE MAJOR IMPROVEMENT AREA PROJECTS, INCLUDING CLAIMS AND CAUSES OF ACTION WHICH MAY ARISE OUT OF THE SOLE OR PARTIAL NEGLIGENCE OF AN INDEMNIFIED PARTY (THE “CLAIMS”). NOTWITHSTANDING THE FOREGOING, NO INDEMNIFICATION IS GIVEN HEREUNDER FOR ANY ACTION, DAMAGE, CLAIM, LOSS OR EXPENSE DETERMINED BY A COURT OF COMPETENT JURISDICTION TO BE DIRECTLY ATTRIBUTABLE TO THE WILLFUL MISCONDUCT OF ANY INDEMNIFIED PARTY, DEVELOPER IS EXPRESSLY REQUIRED TO DEFEND CITY AGAINST ALL SUCH CLAIMS, AND CITY IS REQUIRED TO REASONABLY COOPERATE AND ASSIST DEVELOPER IN PROVIDING SUCH DEFENSE.

IN ITS REASONABLE DISCRETION, CITY SHALL HAVE THE RIGHT TO APPROVE OR SELECT DEFENSE COUNSEL TO BE RETAINED BY DEVELOPER IN FULFILLING ITS OBLIGATIONS HEREUNDER TO DEFEND AND INDEMNIFY THE INDEMNIFIED PARTIES, UNLESS SUCH RIGHT IS EXPRESSLY WAIVED BY CITY IN WRITING. THE INDEMNIFIED PARTIES RESERVE THE RIGHT TO PROVIDE A

PORTION OR ALL OF THEIR/ITS OWN DEFENSE, AT THEIR/ITS SOLE COST; HOWEVER, INDEMNIFIED PARTIES ARE UNDER NO OBLIGATION TO DO SO. ANY SUCH ACTION BY AN INDEMNIFIED PARTY IS NOT TO BE CONSTRUED AS A WAIVER OF DEVELOPER'S OBLIGATION TO DEFEND INDEMNIFIED PARTIES OR AS A WAIVER OF DEVELOPER'S OBLIGATION TO INDEMNIFY INDEMNIFIED PARTIES, PURSUANT TO THIS AGREEMENT. DEVELOPER SHALL RETAIN CITY-APPROVED DEFENSE COUNSEL WITHIN SEVEN (7) BUSINESS DAYS OF WRITTEN NOTICE FROM AN INDEMNIFIED PARTY THAT IT IS INVOKING ITS RIGHT TO INDEMNIFICATION UNDER THIS AGREEMENT. IF DEVELOPER FAILS TO RETAIN COUNSEL WITHIN SUCH TIME PERIOD, INDEMNIFIED PARTIES SHALL HAVE THE RIGHT TO RETAIN DEFENSE COUNSEL ON ITS OWN BEHALF, AND DEVELOPER SHALL BE JOINTLY AND SEVERALLY LIABLE FOR ALL REASONABLE COSTS INCURRED BY INDEMNIFIED PARTIES.

THIS SECTION 7.02 SHALL SURVIVE THE TERMINATION OF THIS AGREEMENT.

THE PARTIES AGREE AND STIPULATE THAT THIS INDEMNIFICATION COMPLIES WITH THE CONSPICUOUSNESS REQUIREMENT AND THE EXPRESS NEGLIGENCE TEST, AND IS VALID AND ENFORCEABLE AGAINST THE DEVELOPER.

Section 7.03. Use of Monies by City; Changes to Indenture. The City agrees not to take any action or direct the Trustee to take any action to expend, disburse or encumber the monies held in the Project Fund and any monies to be transferred thereto for any purpose other than the purposes permitted by the Indenture. Prior to the acceptance of all the Major Improvement Area Projects, the City agrees not to modify or supplement the Indenture without the approval of the Developer if as a result or as a consequence of such modification or supplement: (a) the amount of monies that would otherwise have been available under the Indenture for disbursement for the Costs of the Major Improvement Area Projects is reduced, delayed or deferred, (b) the obligations or liabilities of the Developer is or may be substantially increased or otherwise adversely affected in any manner, or (c) the rights of the Developer is or may be modified, limited, restricted or otherwise substantially adversely affected in any manner.

Section 7.04. No Reduction of Assessments. The Developer agrees not to take any action or actions to reduce the total amount of such Assessments to be levied as of the effective date of this Agreement.

ARTICLE VIII TERMINATION

Section 8.01. Mutual Consent. This Agreement may be terminated by the mutual, written consent of the City and the Developer, in which event the City may either execute contracts for or

perform any remaining work related to the Major Improvement Area Projects not accepted by the City or other appropriate entity and use all or any portion of funds on deposit in the Project Fund or other amounts transferred to the Project Fund under the terms of the Indenture to pay for same, and the Developer shall have no claim or right to any further payments for the Costs of a Major Improvement Area Project hereunder, except as otherwise may be provided in such written consent.

Section 8.02. City's Election for Cause.

(a) The City, upon notice to Developer and the passage of the cure period identified in subsection (b) below, may terminate this Agreement, without the consent of the Developer if the Developer shall breach any material covenant or default in the performance of any material obligation hereunder.

(b) If any such event described in Section 8.02(a) occurs, the City shall give written notice of its knowledge of such event to the Developer, and the Developer agrees to promptly meet and confer with the City Inspector and other appropriate City staff and consultants as to options available to assure timely completion, subject to the terms of this Agreement, of the Major Improvement Area Projects. Such options may include, but not be limited to, the termination of this Agreement by the City. If the City elects to terminate this Agreement, the City shall first notify the Developer (and any mortgagee or trust deed beneficiary specified in writing by the Developer to the City to receive such notice) of the grounds for such termination and allow the Developer a minimum of 45 days to eliminate or to mitigate to the satisfaction of the City the grounds for such termination. Such period may be extended, at the sole discretion of the City, if the Developer, to the reasonable satisfaction of the City, is proceeding with diligence to eliminate or mitigate such grounds for termination. If at the end of such period (and any extension thereof), as determined reasonably by the City, the Developer has not eliminated or completely mitigated such grounds to the satisfaction of the City, the City may then terminate this Agreement. In the event of the termination of this Agreement, the Developer is entitled to payment for work accepted by the City related to a Major Improvement Area Project only as provided for under the terms of the Indenture and this Agreement prior to the termination date of this Agreement. Notwithstanding the foregoing, so long as the Developer has breached any material covenant or defaulted in the performance of any material obligation hereunder, notice of which has been given by the City to the Developer, and such event has not been cured or otherwise eliminated by the Developer, the City may in its discretion cause the Trustee to cease making payments for the Actual Costs of Major Improvement Area Projects, provided that the Developer shall receive payment of the Actual Costs of any Major Improvement Area Projects that were accepted by the City at the time of the occurrence of such breach or default by the Developer upon submission of the documents and compliance with the other applicable requirements of this Agreement.

(c) If this Agreement is terminated by the City for cause, the City may either execute contracts for or perform any remaining work related to the Major Improvement Area Projects not

accepted by the City and use all or any portion of the funds on deposit in the Project Fund or other amounts transferred to the Project Fund and the Developer shall have no claim or right to any further payments for the Major Improvement Area Projects hereunder, except as otherwise may be provided upon the mutual written consent of the City and the Developer. The City shall have no obligation to perform any work related to a Major Improvement Area Project or to incur any expense or cost in excess of the remaining balance of the Project Fund.

Section 8.03. Termination Upon Redemption or Defeasance of Bonds. This Agreement will terminate automatically and with no further action by the City or the Developer upon the redemption or defeasance of all outstanding Bonds (including any refunding bonds issued to refund the Bonds) issued under the Indenture.

Section 8.04. Construction of the Major Improvement Area Projects Upon Termination of this Agreement. Notwithstanding anything to the contrary contained herein, upon the termination of this Agreement pursuant to this Article VIII, the Developer shall perform its obligations with respect to the Major Improvement Area Projects in accordance with this Agreement and the Development Agreement.

Section 8.05. Force Majeure. Whenever performance is required of a party hereunder, that party shall use all due diligence and take all necessary measures in good faith to perform, but if completion of performance is delayed by reasons of floods, earthquakes or other acts of God, war, civil commotion, riots, strikes, picketing or other labor disputes, damage to work in progress by casualty or by other cause beyond the reasonable control of the party (financial inability excepted) (“Force Majeure”), then the specified time for performance shall be extended by the amount of the delay actually so caused. The extension of time to perform allowed by this Section 8.05 shall not apply unless, upon the occurrence of an event of Force Majeure, the party needing additional time to perform notifies the other party of the event of Force Majeure and the amount of additional time reasonably required within ten (10) business days of the occurrence of the event of Force Majeure.

ARTICLE IX MISCELLANEOUS

Section 9.01. Limited Liability of City. The Developer agrees that any and all obligations of the City arising out of or related to this Agreement are special obligations of the City, and the City’s obligations to make any payments hereunder are restricted entirely to the moneys, if any, in the Project Fund and from no other source. Neither the City, the City Inspector, City Representative nor any other City employee, officer, official or agent shall incur any liability hereunder to the Developer or any other party in their individual capacities by reason of their actions hereunder or execution hereof.

Section 9.02. Audit. The City Inspector, City Representative or a finance officer of the City shall have the right, during normal business hours and upon the giving of three business days' prior written notice to a Developer, to review all books and records of the Developer pertaining to costs and expenses incurred by the Developer with respect to any of the Major Improvement Area Projects and any bids taken or received for the construction thereof or materials therefor.

Section 9.03. Notices. Any notice, payment or instrument required or permitted by this Agreement to be given or delivered to any party shall be deemed to have been received when personally delivered or transmitted by telecopy or facsimile transmission (which shall be immediately confirmed by telephone and shall be followed by mailing an original of the same within 24 hours after such transmission) or 72 hours following deposit of the same in any United States Post Office, registered or certified mail, postage prepaid, addressed as follows:

Any party may change its address or addresses for delivery of notice by delivering written notice of such change of address to the other party.

The City shall advise the Developer of the name and address of any person who is to receive any notice or other communication pursuant to this Agreement.

Section 9.04. Severability. If any part of this Agreement is held to be illegal or unenforceable by a court of competent jurisdiction, the remainder of this Agreement shall be given effect to the fullest extent possible.

Section 9.05. Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the successors and assigns of the parties hereto. Any receivables due under this Agreement may be assigned by the Developer without the consent of, but upon written notice to the City pursuant to Section 9.03 of this Agreement. The obligations, requirements, or covenants of this Agreement shall be able to be assigned to an affiliate or related entity of the Developer, or any lien holder on the Property, without prior written consent of the City. The obligations, requirements, or covenants of this Agreement shall not be assigned by the Developer to a non-affiliate or non-related entity of the Developer without prior written consent of the City Manager, except pursuant to a collateral assignment to any person or entity providing construction financing to the Developer for a Major Improvement Area Project, provided such person or entity expressly agrees to assume all obligations of the Developer hereunder if there is a default under such financing and such Person elects to complete the Major Improvement Area Project. No such assignment shall be made by the Developer or any successor or assignee of the Developer that results in the City being an “obligated person” within the meaning of Rule 15c2-12 of the United States Securities and Exchange Commission without the express written consent of the City. In connection with any consent of the City, the City may condition its consent upon the acceptability of the financial condition of the proposed assignee, upon the assignee’s express assumption of all obligations of the Developer hereunder and/or upon any other reasonable factor which the City deems relevant in the circumstances. In any event, any such assignment shall be in writing, shall clearly identify the scope of the rights and/or obligations assigned. The City may assign by a separate writing certain rights as described in this Agreement and in the Indenture, to the Trustee and the Developer hereby consents to such assignment.

Section 9.06. Other Agreements. The obligations of the Developer hereunder shall be those of a party hereto and not as an owner of property in the District. Nothing herein shall be construed as affecting the City’s or the Developer’s rights or duties to perform their respective obligations under other agreements, use regulations, ordinances or subdivision requirements relating to the development of the lands in the District, including the applicable Construction Contracts and the Development Agreement. To the extent there is a conflict between this Agreement and the Development Agreement, the Development Agreement shall control. To the extent there is a conflict between this Agreement and the Indenture, the Indenture shall control.

Section 9.07. Waiver. Failure by a party to insist upon the strict performance of any of the provisions of this Agreement by any other party, or the failure by a party to exercise its rights upon the default of any other party, shall not constitute a waiver of such party’s right to insist and demand strict compliance by such other party with the terms of this Agreement thereafter.

Section 9.08. Merger. No other agreement, statement or promise made by any party or any employee, officer or agent of any party with respect to any matters covered hereby that is not in writing and signed by all the parties to this Agreement shall be binding.

Section 9.09. Parties in Interest. Nothing in this Agreement, expressed or implied, is intended to or shall be construed to confer upon or to give to any person or entity other than the City and the Developer any rights, remedies or claims under or by reason of this Agreement or any covenants, conditions or stipulations hereof, and all covenants, conditions, promises and agreements in this Agreement contained by or on behalf of the City or the Developer shall be for the sole and exclusive benefit of the City and the Developer.

Section 9.10. Amendment. This Agreement may be amended upon agreement of the parties, from time to time in a manner consistent with the Act, the Indenture, and the Bond Ordinance by written supplement hereto and executed in counterparts, each of which shall be deemed an original.

Section 9.11. Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original.

Section 9.12. Effective Date. This Agreement has been dated as of the date first above written solely for the purpose of convenience of reference and shall become effective upon its execution and delivery, on the Closing Date of the Bonds, by the parties hereto. All representations and warranties set forth therein shall be deemed to have been made on the Closing Date of the Bonds.

Section 9.13. Term. The term of this Agreement, other than the provisions contained in Section 7.02, which shall survive the termination of this Agreement, shall be thirty (30) years and upon redemption or defeasance of the Bonds (including any refunding bonds issued to refund the Bonds) issued under the Indenture. If the Developer defaults under this Agreement or the Development Agreement, this Agreement and the Development Agreement shall not terminate with respect to the Costs of the Major Improvement Area Projects that have been approved by the City pursuant to a Certification for Payment prior to the date of default.

Section 9.14. No Waiver of Powers or Immunity. The City does not waive or surrender any of its governmental powers, immunities, or rights except as necessary to allow Developer to enforce its remedies under this Agreement.

Section 9.15. No Boycott Israel. To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2271.002, Texas Government Code, the Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott Israel and will not boycott Israel during the term of this Agreement. The foregoing verification is made solely to enable the

City to comply with such Section and to the extent such Section does not contravene applicable Federal law. As used in the foregoing verification, ‘boycott Israel,’ a term defined in Section 2271.001, Texas Government Code, by reference to Section 808.001(1), Texas Government Code, means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes. The Developer understands ‘affiliate’ to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit.

Section 9.16. Not a Listed Company. The Developer represents that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, and posted on any of the following pages of such officer’s internet website: <https://comptroller.texas.gov/purchasing/docs/sudan-list.pdf>, <https://comptroller.texas.gov/purchasing/docs/iran-list.pdf>, or <https://comptroller.texas.gov/purchasing/docs/fto-list.pdf>. The foregoing representation is made solely to enable the City to comply with Section 2252.152, Texas Government Code, and to the extent such Section does not contravene applicable Federal law and excludes the Developer and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization. As used in this Section, the Developer understands ‘affiliate’ to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 133(f), 17 C.F.R. § 230.133(f), and exists to make a profit.

Section 9.17. Verification Regarding Energy Company Boycotts. To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 13 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott energy companies and will not boycott energy companies during the term of this Agreement. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Texas or federal law. As used in the foregoing verification, “boycott energy companies,” a term defined in Section 2274.001(1), Texas Government Code (as enacted by such Senate Bill) by reference to Section 809.001, Texas Government Code (also as enacted by such Senate Bill), shall mean, without an ordinary business purpose, refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company (A) engages in the exploration, production, utilization,

transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable federal and state law; or (B) does business with a company described by (A) above. As used in this Section, the Developer understands ‘affiliate’ to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 133(f), 17 C.F.R. § 230.133(f), and exists to make a profit.

Section 9.18. Verification Regarding Discrimination Against Firearm Entity or Trade Association.

To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 19 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate against a firearm entity or firearm trade association during the term of this Agreement. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Texas or federal law. As used in the foregoing verification and the following definitions:
