City of Celina Downtown Water Tower Lighting Policy

In 2017, the Celina City Council voted to restore the iconic Downtown Water Tower to stand as a beacon above the City and to serve as a tribute to Celina's historical past. As a part of the renovation, programmable LED lights were installed to illuminate the Tower and to celebrate markers and moments that reflect Celina's heritage and holidays that have been celebrated across the City's history.

Since the Water Tower's rebirth, the City has worked to guard the integrity of the Water Tower's purpose—to celebrate Celina, its heritage, our national and state holidays, and very special occasions, such as a national or state tragedy, the death of a public safety servant, or to celebrate a state championship for a Celina ISD competitive team.

As the community continues to grow, more and more requests are received by the City each year for lighting the Tower to acknowledge occurrences outside the scope of the original intent for the Tower. To that end, the following schedule will identify dates that the iconic Celina Downtown Water Tower may be specially illuminated (other than the normal white lights) throughout the year:

- New Year's Day (January 1)
- Birthday of Martin Luther King, Jr. (Third Monday in January)
- Washington's Birthday (Also known as Presidents Day; third Monday in February)
- Texas Independence Day (March 2)
- Easter (date varies)
- Cinco de Mayo (May 5) and/or Cinco de Mayo Celebration (First Saturday in May)
- Celina Cajun Fest (Second Saturday in May)
- Celina High School Graduation (dates varies in May)
- Memorial Day (Last Monday in May)
- Juneteenth (June 19)
- Splash & Blast (Saturday prior to 4th of July holiday)
- Independence Day (July 4)
- Labor Day (First Monday in September)
- Anniversary of 9/11 (September 11)
- Indigenous Peoples' Day (Also known as Columbus Day; Second Monday in October)
- Beware! of the Square (Saturday before Halloween)
- Halloween (October 31)
- Veterans Day (November 11)
- Thanksgiving Day (Fourth Thursday in November)
- Christmas on the Square (November / December)
- Christmas Day (December 25)

Life Connected.

In addition to federal holidays and selected City of Celina events, the Tower may choose to illuminate the Water Tower for the following reasons:

- An extraordinary event/occurrence of City, State, National, or International significance;
- The observance of a passing City of Celina employee, if requested;
- To honor the life of a fallen public servant;
- On the evening following a State Championship of any Celina ISD Team or Organization;
- To serve as a sign of support for a Celina ISD student/staff member at the discretion of the Celina ISD Superintendent;
- For a State or National tragedy where lives were lost and/or communities were devastated.

1.0 Executive Summary

Data Transfer Solutions, LLC (DTS) performed a pavement condition assessment for the City of Celina, Texas, to complement and update the existing Pavement Management Plan (PMP). The data collection started in February of 2023 and was completed in April of 2023. This report provides the processes and procedures for pavement condition data collection and evaluation, assessment of the results, and maintenance recommendations for the City's maintained roadway network.

The pavement condition assessment includes an automated mobile data collection, calculated Pavement Condition Index (PCI), and an ESRI file geodatabase delivery. The assessment and conditions rating were performed in general accordance with national standards, where applicable.

VUEWorks® Asset Management Software (AMS) was used to calculate the PCI. The PCI is a numerical rating of the pavement condition based on the type and severity of distresses observed on the pavement surface. The PCI value is represented by a numerical index between 0 and 100, where 0 is the worst possible condition and 100 is the best possible condition. The network PCI was determined following the American Society for Testing and Materials (ASTM) D6433-20 "Standard Practice for Roads and Parking Lots Pavement Condition Index Surveys." The average of the road segment PCI values for the collected roads was calculated to be **82** at the time of collection. This value indicates the roadway network is generally in 'Satisfactory' condition.

Table 1 lists the City's roadway network system surveyed as part of this pavement condition project.

Table 1: Pavement Inspection Breakdown

Item	Description	Centerline Miles	Percent of Centerline Miles
1	Asphalt Segments with PCI	64.83	29.00%
2	Concrete Segments with PCI	151.57	67.78%
3	Not Collected – Inaccessible	1.67	0.75%
4	Not Collected – Brick Pavers	0.14	0.06%
5	Not Collected – Private Property	0.01	0.01%
6	Not Collected – Unpaved	5.39	2.40%

2.0 Introduction

A pavement condition survey was conducted from February to April of 2023 on 223.61 centerline miles of the City's roadway network. A Mobile Asset Collection (MAC) vehicle was used to collect street-level right-of-way (ROW) and pavement images. Pavement images were used to determine street segment pavement conditions, while street-level ROW images were used to identify area distresses. The results of this analysis of the roadways were used to develop multiple budget scenarios in VUEWorks® AMS and evaluate the maintenance needs of the City's roadway network.

Roadway networks are usually divided into four pavement surface types: Asphalt Concrete (AC), Portland Cement Concrete (PCC), Brick Pavers (BR), and Unsurfaced (UNS). The distribution of the roadway network by surface types in the City is displayed in Figure 1. These types of roads account for the entirety of the collected roadway network, with approximately 216.40 centerline miles (96.78%) of the surveyed roadway. Approximately 7.21 centerline miles (3.22%) of roadway were unable to be collected (Table 1 lists the inspection breakdown).

The pavement condition survey included a set of pre-defined parameters to develop both a segment and network level index (number) that correlates to existing pavement surface conditions. This project used the ASTM D6433-20 'Standard Practice for Roads and Parking Lots Pavement Condition Index Surveys' pavement condition analysis method to determine the road segment and network PCI. The ASTM D6433-20 method covers the process of quantifying pavement conditions and identifies pavement distress types, distress extent measurements, and distress severity. ASTM D6433-20 outlines the method of PCI value calculation.

This project used VUEWorks® AMS to calculate the PCI value and analyze the network PCI ranges. Additionally, VUEWorks® AMS was used in a parallel analysis to set maintenance procedures and associated costs, develop budgets, and plan projects to meet the City's pavement maintenance requirements.

Figure 1: Surface Type Distribution

2.1 Sample Units

The ASTM D6433-20 procedure outlines how the road network is divided into sections and sample units; first identifying the branches of the pavement with different uses, then dividing each branch into sections based on pavement design, construction history, traffic, and condition. These sections are then divided into sample units that are approximately 2,600 square feet in size. The number of sample units to be inspected within each section may vary based on the following options: all the sample units in the section, a number of sample units that provides a 95% confidence level, or a lesser number. DTS typically follows the 95% confidence level method for a cost-efficient representation. Once the number of sample units to be inspected has been determined, the spacing interval of the units is computed using systematic random sampling. Samples are spaced equally throughout the section, with the first sample selected at random, at least 100 feet from the intersection. The samples surveyed within the City of Celina consisted of approximately 82.03 centerline miles, comprising 36.06% of the total network.

DTS believes this sampling method provides the most economical representation of the 223.61 centerline miles of pavement conditions within the City of Celina. This approach has been used as a national standard for over 40 years to provide adequate representation of the roadway without the need to expend excessive time and money to evaluate 100% of the roadway.

Based upon the national standards, the first survey sample is typically not located within 100 feet of an intersection for multiple reasons. Intersections often contain specific distresses that are not observed throughout the remainder of the pavement section and would not represent the condition of the overall section. Intersections also receive traffic from both directions along with severe turning and stopping movements that are not indicative of the traffic in most of the pavement section. As a result, specific and localized maintenance may be required for the intersections. It is important to note that the PCI method is designed as a network-level analysis for the overall condition of pavement sections and is not intended to provide the information required to make detailed maintenance decisions. DTS recorded and provided images for all intersections; therefore, distress and condition ratings can be extracted from the images in the intersections upon specific request.

3.0 Purpose

This report aims to describe the tools, processes and procedures used to collect and analyze the pavement condition data and provide a summary of the results obtained from calculating each segment's PCI using VUEWorks® AMS.

A pavement begins to deteriorate from the day it is constructed. Many factors affect the deterioration rate, such as traffic loads, climatic conditions, age, material durability, damage caused by poor drainage and construction factors. These factors cause the deterioration rate to be different for every pavement section. In order to manage a large pavement network, “family performance curves” were developed from available data to represent the expected performance of like roadways and to help determine optimal times to apply preventive and rehabilitation treatments. In order to develop more accurate curves, periodic evaluations of the pavement condition must be performed to gain a realistic representation of the condition versus the age of the pavement network. The graph in Figure 2 provides an example deterioration curve that represents the exponential deterioration of a typical pavement.

As shown in the graph, the initial deterioration of the pavement is at a slow rate, and after approximately 40% to 50% of a pavement's service life, the pavement rapidly deteriorates. Understanding the condition and age at which this rapid drop in condition occurs is very valuable in determining the optimal time for maintenance. This philosophy is the basis for good pavement management. This condition evaluation aims to better understand the value of preventive versus reactive maintenance, which is often at a much higher cost.

Figure 2: Deterioration Curve Example

The industry standard is to assess pavements every three to five years. More frequent assessments will likely not indicate significant changes in the condition since most pavements are anticipated to deteriorate two to five points per year. Assessments that take place more than five years apart will likely miss critical changes and not provide adequate data to define points in the curve where

preventive maintenance is best applied. DTS recommends assessments every three years for networks greater than 500 miles. The deterioration curve for the City of Celina was created with the current pavement condition and the construction dates provided by the City. Figure 3 displays the City's deterioration curve.

Figure 3: Deterioration Curve

Based on this analysis, the critical PCI for the City of Celina is estimated to be 40. This is the critical point where the pavement begins to deteriorate at a faster rate. It is also the point at which major rehabilitation and reconstruction will be required as opposed to the lower cost preservation maintenance and minor rehabilitation.

4.0 Project Scope and Methodology

The overall project scope of work included the six tasks outlined below:

- Verify the City's road network
- Mobile image data collection
- Pavement Condition Index (PCI)
- Import pavement condition data to VUEWorks®
- Pavement condition final report
- Pavement maintenance optimization

5.0 Automated Data Collection and Equipment

In order to determine the general distress characteristics of each roadway segment, DTS utilized a MAC vehicle, displayed in Figure 4, to collect street-level ROW imagery and downward pavement imagery. The MAC vehicle utilized a Class 1 device as defined by the specifications.

DTS MAC vehicles combine multiple engineered technologies to collect real-time pavement data, ROW data and images at posted speed limits. This effectively eliminates the need to place pavement inspection technicians in the field in close proximity to vehicle traffic. Some MAC vehicle components include:

Navigation System

- **Inertial Measurement Unit (IMU):** Generates a true representation of vehicle motion in all three axes; produces continuous, accurate position and orientation information
- **Position and Orientation Computer System:** Enables raw GPS data from as few as one satellite to be processed directly into the system, to compute accurate positional information in areas of intermittent, or no GPS reception
- **GPS Receivers:** Provide heading aiding to supplement the inertial data
- **GPS Antennas:** Generate raw observables data
- **Sub-meter accuracy:** Rated to get 0.3 m accuracy in the X, Y position and 0.5 m in the Z position

Distance Measuring Indicator (DMI)

- Allows for collection of high-resolution imagery at posted speeds. DMI computes wheel rotation information to aid vehicle positioning.

Cameras

- High-definition cameras with precision lenses allow for accurate asset extraction and videolog recording
- Frame rate: 15 images per second, with 1936 x 1456 color resolution

Pavement Imaging System

- Two line-scan cameras and lasers configured to image 4m transverse road sections with 1 mm resolution (4000 pixel) at speeds that can reach 100 km/h
- Allows fully illuminated pavement image collection even in heavy shadow/canopy areas

Figure 4: DTS MAC Vehicle

Downward-facing pavement images were used in quantifying distress type, severity, and extent present on road segments. The resolution of the imagery allows distresses to be easily identified and measured during the analysis portion of the contract.

The mobile image collection of the City's roadway network was accomplished through coordination with the City's staff. Efforts associated with the mobile image collection included a review of the client's GIS street centerline file, route planning based on the GIS street centerline, and coordination of existing construction projects along the City's streets. All MAC image collection routes were reviewed by both DTS and the City's staff to ensure all streets attained complete image coverage. This effort was accomplished by reviewing a GIS shapefile of the MAC daily GPS point associated with each image collected overlaid on the GIS street centerline file, as shown in Figure 5. The DTS MAC vehicle collected pavement and ROW images every 25 feet along each street segment.

Figure 5: Network Coverage Map

DTS MAC image collection included a daily check of the onboard systems. This vehicle component check consisted of a calibration site survey of a nine-point grid in state plane coordinates, as displayed in Figure 6. Each morning and afternoon, before and after a day's image collection, the MAC vehicle drove over the surveyed location. The MAC technician then extracted each point's location to verify the location of the point extracted was within approximately three feet of the surveyed points. DTS' QA/QC manual includes additional details regarding MAC quality control procedures.

Figure 6: Nine-Point Calibration Site Example

Each day's image and road data collection were recorded on a MAC server and backed up to an external hard drive. The external hard drives were mailed back to DTS' project office where the data was placed on a production server for post-processing of images and data, quality control review, and pavement distress inventory.

Figure 7: Pavement Image Example

ROW images were also collected as part of this contract. Figure 8 displays an example of a ROW image. The MAC vehicle was configured with a four-camera setup; three forward-facing cameras and one rear-facing camera. The images were captured at roughly 25-foot intervals and were post-processed using collected inertial and GPS data. This allowed for more accurate asset extraction to be completed.

Figure 8: Right-of-Way Image Example

The automated data collection effort for the City of Celina roadway network began and was completed in February of 2023.

6.0 Pavement Condition Assessment

The MAC GPS, IMU, DMI, and ROW imagery is post-processed daily. A project data dictionary that includes all distress types and allowable severities was created after coordination with the City. This data dictionary is provided to trained pavement condition technicians who utilize DTS' spatial image analysis software EarthShaper™ to analyze and digitize pavement distress types, extents and severities as a point, line and/or polygon, displayed in Figure 9. Depending on the distress type measurement required by the project data dictionary, each distress was digitized, recorded in the pavement condition database and associated to the road section that was surveyed. In addition, each road section's total type, severity and extent of distresses was calculated.

Figure 9: EarthShaper™ Pavement Tool Example

This method of pavement distress inventory provides a quantifiable and repeatable process for the City to use in future MAC image collection projects. Each road segment, in conjunction with the pavement and ROW imagery, allows pavement engineers to review each pavement technician's data, allowing for an open quality control process.

After completion of distress identification and analysis, the City's roadway network distress data was then imported into VUEWorks® AMS where the PCI was calculated.

6.1 Pavement Distress Inventory

A pavement distress inventory consists of identifying specific pavement surface distress types that are associated with the degradation of a pavement surface due to traffic loads, environmental factors, lack of maintenance and other anthropogenic or natural occurrences. The distress type is then assigned a severity rating (low/moderate/high), and the extent of the distress type and severity are recorded. For this project, the pavement distress types, severity definitions and measurements were inventoried utilizing the ASTM D6433-20 method of pavement condition assessment for both AC and PCC pavements. The inspections covered 100% of the length of a sample for the outside lane of travel and, for roads with three or more lanes, the inspection covered the outside and the inside lane. Those roads were inspected utilizing the ASTM D6433-20 sampling approach (completed for both directions of travel).

Definitions (units of measure)

- AC Bleeding & Pumping (ft²) represents excessive use of bituminous binder in the asphalt mix.
- AC Fatigue (Alligator) Cracking (ft²) is associated with fatigue due to traffic loading and visually looks as interconnected cracks forming small pieces ranging in size from about 1" to 6" typically in the wheel path.
- AC Block Cracking (ft²) usually intersect at nearly right angles and range from one foot to 10' or more across. The closer spacing indicates more advanced aging caused by shrinking and hardening of the asphalt over time.
- AC Edge Cracking (ft) is parallel to and usually within 1.5 feet of the outer edge of the pavement. This distress is accelerated by traffic loading and can be caused by frost-weakened base or subgrade near the edge of the pavement.
- AC/PCC Lane/Shoulder Drop-off (ft) is a difference in elevation between the pavement edge and the shoulder. This distress is caused by shoulder erosion, shoulder settlement, or by building up the roadway without adjusting the shoulder level.
- AC Linear Cracking (trans/long) (ft) typically occurs in overlays where the crack is reflected through the overlaying asphalt surface.
- AC Patching (ft²) is an area of pavement that has been replaced with new material to repair existing pavement.
- AC Potholes (count) are small, usually less than 30 inches in diameter, bowl-shaped depressions in the pavement surface. Generally, have sharp edges and vertical sides near the top of the hole.
- AC Raveling & Weathering (ft²) is loss of pavement material from the asphalt surface. Typically raveling is caused by stripping of the bituminous film from the aggregate or hardening of asphalt due to aging. Poor compaction, especially in cold weather construction, or insufficient asphalt content are also causes of raveling.
- AC Slippage Cracking (ft²) are crescent or half-moon shaped cracks, usually transverse to the direction of travel. They are produced when braking or turning wheels cause the pavement to slide or deform.
- AC Rutting (ft²) is a surface depression in the wheel paths.
- PCC Corner Break (slab count) is a crack that intersects the joints. Load repetition combined with loss of support and curling stresses usually cause corner breaks.
- PCC Divided Slab (slab count) is when a slab is divided into four or more pieces due to overloading, or inadequate support.

- PCC Durability “D” Cracking (slab count) is caused by freeze-thaw expansion of the large aggregate, which gradually breaks down the concrete. Usually appears as a pattern of cracks running parallel and close to a joint or linear crack.
- PCC Joint Sealant Damage (slab count) is any condition that enables soil or rocks to accumulate in the joints or allows significant water infiltration.
- PCC Linear Cracking (trans/long) (slab count) divide the slab in two or three pieces and are usually caused by a combination of repeated traffic loading, thermal gradient curling and repeated moisture loading.
- PCC Patching, Large/Utility Cut (slab count) is an area where the original pavement has been removed and replaced by new pavement.
- PCC Patching, Small (slab count) is an area where the original pavement has been removed and replaced by filler material.
- PCC Polished Aggregate (slab count) is caused by repeated traffic applications. There are no rough or angular aggregate particles to provide good skid resistance.
- PCC Popouts (slab count) is a small piece of pavement that breaks loose from the surface due to freeze-thaw action, combined with expansive aggregates. Usually range in diameter from 1 to 4 inches and in depth from ½ to 2 inches.
- PCC Punchout (slab count) is a localized area of the slab that is broken into pieces. This distress is caused by heavy repeated loads, inadequate slab thickness, loss of foundation support or localized concrete construction deficiency.
- PCC Scaling/Map Cracking/Crazing (slab count) is a network of shallow, fine or hairline cracks that extend only through the upper surface of the concrete. Usually caused by concrete over-finishing and may lead to scaling, which is the breakdown of the slab surface to a depth of ¼ to ½ in.
- PCC Shrinkage Cracks (slab count) are hairline cracks usually less than 6 feet long and do not extend across entire slab. They are formed during the setting and curing of the concrete and do not extend through the depth of the slab.
- PCC Spalling, Corner (slab count) is the breakdown of the slab within 1.5 feet of the corner. Usually caused by traffic loading or infiltration of incompressible materials, weak concrete and/or water accumulation and freeze-thaw action.
- PCC Spalling, Joint (slab count) is the breakdown of the slab edges within 1.5 feet of the joint. Usually caused by traffic loading or infiltration of incompressible materials, weak concrete and/or water accumulation and freeze-thaw action.

6.2 Pavement Condition Index (PCI) Calculation

Each Road segment's PCI was calculated utilizing VUEWorks® AMS. This AMS is based on the ASTM D6433-20 method of calculating a road segment's PCI value using the pavement inventory database and the ASTM D6433-20 deduct curve.

With a completed pavement condition inventory database, DTS imported the road segment, inspection, sample and distress information into the AMS, where the PCI was calculated. ASTM D6433-20 is based on a 0 to 100 rating scale where 0 represents a failed roadway condition and 100 represent an excellent roadway condition. Table 2 lists the PCI range categories, condition description and percent of the network in each range category and Figure 10 displays the PCI distribution throughout the City. Figure 11 below displays a zoomed-in example of PCI scores in the City of Celina.

Table 2: PCI Ranges by Percent

Pavement Condition Index (PCI) Range	Condition Description	Centerline Miles	Percent of Network
86-100	Good	134.95	60.35%
71-85	Satisfactory	38.64	17.28%
56-70	Fair	14.15	6.33%
41-55	Poor	11.88	5.31%
26-40	Very Poor	11.57	5.18%
11-25	Serious	4.80	2.15%

Total	60.35%	17.28%	6.33%	5.31%	5.18%	2.15%	0.18%	3.22%	100%

The PCI value for each road segment can be viewed in the City's VUEWorks database. The average of the road segment PCI values for the collected roads was calculated to be **82** at the time of collection. This value indicates the roadway network is generally in 'Satisfactory' condition.

6.3 Pavement Condition Assessment Results

The roadway network consists of 223.61 centerline miles of roadway. Table 1 lists the distribution of the current roadway network by surface type and outlines the number of miles that were able to be collected and analyzed, as well as the number of miles that were not able to be collected. Approximately 7.21 centerline miles of segments were not collected due to the segment, being unsurfaced, construction, or the segment not being accessible.

7.0 Pavement Maintenance Methods

The specific activity to perform on each road depends upon the pavement distresses observed. The following pavement maintenance and preservation methods are currently performed on the City's roadways.

Crack Sealing

Sealing and filling asphalt AC pavement cracks is a common road maintenance activity. Specialized materials are placed into or above cracks to prevent the intrusion of water and incompressible material into the cracks and to reinforce the adjacent pavement. This type of distress treatment will address alligator cracking, longitudinal/transverse cracking and block cracking.

Single Chip Seal

A single chip seal is an application of binder followed by an aggregate. This is used as a pavement preservation treatment and provides a new skid resistant wearing surface, arrests raveling, and seals minor cracks.

Double Chip Seal

A double chip seal is a built-up seal coat consisting of double applications of binder and aggregate. As an example, a double chip seal consists of a spray application of binder, spreading a layer of aggregate, rolling the aggregate for embedment, applying an additional application of binder, spreading another layer of aggregate (approximately half the average least dimension of the base coat aggregate), and rolling once more. Sweeping should be done between applications. Double chip seals are used where a harder wearing and longer lasting surface treatment is needed.

Fog Seal

A fog seal will last between one and three years. It is a light spray application of asphalt binder applied to the surface of a chip seal (as part of a regular maintenance program), or an open graded mix, or a weathered hot mix surface or to newly placed hot mix. A fog seal provides some crack sealing, reduces oxidation and raveling, and enriches and seals asphalt surfaces.

Slurry Seal

Slurry seal is a mixture of aggregate (small rock), asphalt emulsion, cement and water. The asphalt emulsion serves as a binder, holding the crushed aggregate together and adhering the new slurry surface to the old surface which it is being applied over. Mixing and spreading are accomplished in one continuous operation, with the applied surface being ready for traffic within a few hours. This is similar to a chip seal but mostly used on low-volume traffic roads.

Micro Surface

Micro surfacing is a protective seal coat which extends the life of pavement. It is a thin, tough layer of asphalt emulsion blended with finely crushed stone for traction. This is a cost-effective method to renew the road surface and seal minor cracks and other irregularities. This preventive maintenance process protects the pavement from moisture penetration and oxidation. Similar to painting a house, micro surfacing creates a protective layer which preserves the underlying structure and prevents the need for more expensive repairs in the future.

Milling and Overlay

Milling of the road's surface is required to remove distresses that extend into the pavement. Asphalt overlay is a plant-mixed combination of asphalt cement and aggregate applied to the pavement in

thicknesses usually between 1.5 inches and 2 inches for thick overlay and 0.625 inch and 1.125 inches for thin overlay. This type of rehabilitation will address alligator cracking, longitudinal/transverse cracking, raveling/weathering, friction loss, roughness, bleeding, block cracking and rutting.

Full Depth Reconstruction

Full depth reconstruction consists of the complete removal of an existing asphaltic or concrete pavement, base re-work and new pavement structure construction. Typically, this method of pavement rehabilitation is used on excessively deteriorated roads with high severity distresses for a majority of the roadway extents. Additional analysis is typically required for a full depth rehabilitation including full depth pavement coring, traffic loading analysis and storm water drainage analysis.

Joint Seal Repair

Resealing concrete pavement joints is a common pavement maintenance activity. Joint sealants reduce the amount of water entering the pavement structure and prevent incompressible materials from filling the joints. Water entering the pavement structure can lead to pumping, faulting, base and sub-base erosion, and loss of support. Incompressible can cause joint spalling, blowups, buckling, and slab shattering.

Epoxy Injection

Concrete epoxy injection is a method to repair structural cracks in concrete structures by pressure injection of epoxy resin into the cracks. Epoxy injection can be used on cracks in wet, dry and damp conditions, but not on active cracks, large numbers of cracks, or uncontrollable water leakage.

Slab Replacement

A slab replacement is defined as a single slab to be replaced in kind. Slab replacement involves the full-depth, full lane width removal of a severely deteriorated concrete slab and replacing it with an appropriate repair material that meets the design life and opening-time demands of the project.

7.1 Pavement Maintenance Funding

Various five-year pavement maintenance program scenarios were conducted for the City's asphalt roads. VUEWorks® AMS was used to determine the required budget levels needed to maintain and improve current conditions. The analyses included:

1. 5-Year Baseline Scenario (Do-Nothing): no budget was allocated to see how the network will deteriorate over five years with no work
2. 5-Year Current Budget Scenario (Best First): using the City's recommended pavement maintenance budget of \$11.2 million per year for five years to perform maintenance to those roads at the highest PCI value first.
3. 5-Year Current Budget Scenario (Worst First)): using the City's recommended pavement maintenance budget of 11.2 million per year for five years to perform maintenance to those roads at the lowest PCI value first.
4. 5-Year Optimized Current Budget Scenario (Worst First) using an optimized pavement maintenance budget of \$11.2 million per year, 69% for Preservation, 22% for Rehabilitation and 9% for Reconstruction, for five years to perform maintenance to those roads at the lowest PCI value first and maintain the current PCI.

As part of this project, the City provided a list of current treatment types used within their preservation, rehabilitation and reconstruction work. The list included the cost for each treatment type per square yard. This inventory of the City's current activities, budgets, conditions and decision matrices was compiled and reviewed as part of this analysis. Tables 6 and 7 lists the treatment activities and costs that were entered in the VUEWorks® AMS and used in the budget analyses.

Table 6: Treatments, Activities, and Costs for Asphalt Pavement Roads

Treatment	Treatment Description	Cost Per SY	Impact	PCI Range
Local Repair	Crack Sealing	\$2.00	Add 5 Points	86 - 100
Preservation	Chip Sealing and Seal Coat	\$11.00	85 Fixed	71 - 85
Minor Rehabilitation	2" Mill and Overlay	\$22.00	95 Fixed	41 - 70
Major Rehabilitation	Minor Base Repair and 2" Mill and Overlay	\$60.00	98 Fixed	26 - 40
Reconstruction	Full Depth Reconstruction	\$105.00	100 Fixed	0 - 25

Table 7: Treatments, Activities, and Costs for Concrete Pavement Roads

Treatment	Treatment Description	Cost Per SY	Impact	PCI Range
Local Repair	Crack Sealing	\$2.50	Add 5 Points	71 - 100
Minor Rehabilitation	Light Panel Replacement, Partial Depth Repairs and Epoxy Injections	\$110.00	95 Fixed	51 - 70
Major Rehabilitation	Extensive Panel Replacement and Base Repair	\$155.00	98 Fixed	26 - 50
Reconstruction	Full Depth Reconstruction	\$190.00	100 Fixed	0 - 25

VUEWorks® AMS was also used to model the existing condition data and develop the deterioration curve displayed in Figure 3. The road segment's PCI value is anticipated to deteriorate according to this curve until pavement maintenance work is performed.

7.2 5-Year Baseline (Do Nothing) Scenario

If no work is performed over the next five years, this PCI rating is expected to decrease to 58 Figures 15 and Table 8 display the PCI and costs, respectively, in a “Do Nothing” scenario.

Figure 15: 5-Year “Do-Nothing” Baseline Scenario – PCI Plot

Table 8: 5-Year “Do-Nothing” Baseline Scenario – Total Funded Plan Cost

Year	Avg. PCI	Cost	Miles
2023	77	\$0.00	0
2024	71	\$0.00	0
2025	66	\$0.00	0
2026	62	\$0.00	0
2027	58	\$0.00	0

In this scenario, the City’s road segments would not receive any treatment and the funding level would be zero for the entire period.

7.3 5-Year Current Budget Scenario (Best First)

The five-year budget scenario was set up to use the City's recommended budget of \$11.2M per year for road maintenance, of which \$10M are allotted to Reconstruction (PCI 0-25). This scenario is targeting the roads in the best condition first (highest PCI value), and the network average PCI would be maintained at 81 throughout the five years. Figure 16 and Table 9 display the average PCI and total funded costs, respectively, in a "5-Year Budget" scenario, and Table 10 lists the treatment activities with the required costs and miles.

Figure 17: 5-Year Current Budget Scenario (Best First) – Distribution of Cost per Activity

Figure 18: 5-Year Current Budget Scenario (Best First) – Distribution of Miles per Activity

Synopsis:

In this five-year budget scenario, the overall network PCI is projected to decrease from the 82 at time of inspection to 81 at the end of 2023, and later be maintained throughout the remaining of the five year program. This option would be feasible if the City utilized their recommended annual budget of \$11.2M using the best first methodology. In this scenario, the City's road segments with the highest PCI values would be targeted first; hence most of the projects consist of Local Repair (PCI 71-100) and Reconstruction (PCI 0-25). The benefits of this scenario are that the best conditions are kept and the best roads are treated, thus maintaining those areas. Also, the number of miles treated in this scenario are significantly high, about 34 miles every year. However, the negative effect of this scenario is that very few or zero Rehabilitation (PCI 26-70) treatments are being performed. Roads in need of Rehabilitation (PCI 26-70) are rarely treated and the backlog of road mileage requiring it would increase until falling into the Reconstruction (PCI 0-25) category.

7.4 5-Year Current Budget Scenario (Worst First)

The five-year budget scenario was set up to use the City's recommended budget of \$11.2M per year for road maintenance, of which \$10M are allotted to Reconstruction (PCI 0-25). In contrast to the previous budget scenario, this scenario is targeting the roads in the worst condition first (lowest PCI value), and the network average PCI would increase from 82 to 84. Figure 19 and Table 11 display the average PCI and total funded costs, respectively, in a "5-Year Budget" scenario, and Table 12 lists the treatment activities with the required costs and miles.

Figure 20: 5-Year Current Budget Scenario (Worst First) – Distribution of Cost per Activity

Figure 21: 5-Year Current Budget Scenario (Worst First) – Distribution of Miles per Activity

Synopsis:

In this five-year budget scenario, the overall network PCI is projected to increase slightly from an 82 at the time of inspection to 83 in at the end of 2023. Then, it is going to oscillate between 83 and 84 throughout the remaining of the five years, after treatments. This option would be feasible if the City utilized their recommended annual budget of \$11.2M using the worst first methodology. In this scenario, the City's road segments with the lowest PCI values would be targeted first; hence most of the projects consist of Reconstruction (PCI 0-25) and Rehabilitation (PCI 26-70). The benefit of this scenario is the worst conditions are addressed and the worst roads in the Rehabilitation (PCI 26-70) category would be treated before deteriorating into the Reconstruction (PCI 0-25) category and the very poor to failed roads are reconstructed. However, the negative effect of this scenario is that zero roads are selected for preventive treatment and more of the budget is expended on Reconstruction (PCI 0-25) and Rehabilitation (PCI 26-70) treatments. Fewer miles are treated in this scenario since the most expensive sections are selected first. Using the scenario, the City will always be catching up to the roads requiring Rehabilitation (PCI 26-70) and Reconstruction (PCI 0-25) and never slowing down the deterioration of other roads until they reach a need for Reconstruction (PCI 0-25).

7.5 5-Year Optimized Current Budget (Worst First)

The five-year budget scenario was set up to increase the current overall network PCI using the City's recommended budget of \$11.2M per year for road maintenance, of which 69% was allotted to Preservation (PCI 71-100), 22% to Rehabilitation (PCI 26-70) and 9% to Reconstruction (PCI 0-25). This scenario is targeting the roads in worst condition first (lowest PCI value), and the network average PCI would increase from an 82 to 84. Figure 22 and Table 13 display the average PCI and total funded costs, respectively, in a "5-Year Budget" scenario, and Table 14 lists the treatment activities with the required costs and miles.

Synopsis:

In this five-year budget scenario, the current overall network PCI is projected to be maintained and later slightly increased throughout the five years. This option would be feasible if the City utilized a recommended annual budget of \$11.2M using the recommended budget breakdown and the worst first methodology. In this scenario, the City's road segments with the lowest PCI values would be targeted first; hence most of the projects consist of Reconstruction (PCI 0-25). The benefit of this scenario is the worst conditions are addressed and the worst roads in the poor category would be treated before deteriorating into the Reconstruction (PCI 0-25) category and the very poor to failed roads are reconstructed. Moreover, roads are selected for preventive treatment and more miles are treated in this scenario, about 150 miles a year, since most of the budget is allotted to the Preservation (PCI 71-100) of the roads in the worst condition needing this type of treatment. Using the scenario, the City will not be catching up to the roads requiring Reconstruction (PCI 0-25) nor never slowing down the deterioration of other roads until they reach a need for Reconstruction (0-25) unlike the previous scenario.

Re: Discussion Regarding Updates to the Downtown Code. (McAfee)

Action Requested:

Discussion regarding updates to the Downtown Code. (McAfee)

Background Information:

It is best practice to periodically review, revise, and update regulations. Since its adoption, staff has observed some areas of the Code requiring further discussion. Staff has consolidated the feedback from the Downtown Commission, Planning & Zoning Commission, and City Council, and is looking for additional feedback.

Draft Addendum

Staff Recommendation:

N/A

Addendum September 2023

This Addendum is intended to serve as a governing policy clarification to the existing Downtown Code and is hereafter incorporated herein by reference. Staff shall administer the Addendum as Ordinance.

Single-Family Architecture

The Downtown Code requires a “faux-historic” aesthetic, representative of homes from the 1890s through the 1930s. Other architectural styles (Modern Farmhouse) may be considered on a case-by-case basis, provided that the home possesses visual interest, is high-quality, and contributes to the fabric of Downtown. Suburban-shaped homes and other architecture styles (Mediterranean, modern, etc.) are prohibited and require a Major Modification for approval. The 4 elements discussed in the Code are suggestions and not qualifications for architectural conformance. For neighborhoods further from the original downtown square, a Minor Modification may be granted for homes that are constructed with the predominant style of their block.

Garages

Garage fronts must be recessed a minimum of 10' from the front building plane, which may include covered porches. Compensatory features (ADD LIST) may serve as credit to the 30% width standard on downtown homes. Covered, tandem garages are encouraged.

Home Conversions

Parking spaces are prohibited between the front plane of a structure and the adjacent roadway. Any on-site parking shall be visually mitigated, preferably in the rear yard. Home conversions are required to maintain the residential character and be faux-historic in nature; however, they may maintain existing architectural styles, including the use of patios. With a Minor Modification, home conversions on Type A or Type B thoroughfares may abide by the parking standards of the Patio Commons District.

Commercial Buildings

New construction should maintain an urban footprint, especially in the Patio Commons District. Exterior materials shall adhere to the Texas Historic Architectural Style, including tripartite design, ornamentation, mass/scaling, materials, and interaction with the street, consistent with main street buildings built between the 1890s and 1930s. Higher scrutiny applies based upon the proximity to the original square.

Infrastructure

City Engineer has the authority to adjust infrastructure requirements to fit the urban context within Downtown.

Other

Painting masonry is discouraged. Existing masonry with paint may be repainted or maintained. Staff has the authority to approve the painting of unpainted masonry on non-contributing structures. No bright or loud colors are permitted.

The private frontages, areas between the building facades and the lot lines, shall generally conform to the Code. Staff has the authority to make Minor Modifications for private frontages that meet the Downtown vision.

When in conflict, lighting, fencing, and landscaping shall generally conform to the base Zoning Ordinance.

Land Uses

Per the existing Downtown Code, the following land uses are prohibited in Downtown:

- Alternative Financial Services (SUP)
- Assisted living/nursing home
- Auto-related
- Gun ranges
- Heavy industrial/dirty industrial
- Pawn shops
- Pick-up/drop-off heavy uses (ex. K-12 schools, drive-thrus)

Budget Summary Report

FY 2022-2023 – 3rd Quarter 6/30/2023

General Fund

The 3rd quarter of fiscal year 2023 began April 1, 2023 and ended June 30, 2023. Through the 3rd quarter, the City of Celina has received 107.2% of its budgeted revenue at \$41.15 million. The current FY 2023 revenue budget is \$38.40 million (excluding contra accounts for property and sales taxes). Revenues in total for the 3rd quarter equaled \$10.02 million.

Gross tax collections received for the 3rd quarter totaled \$1.94 million for all taxes collected. Property taxes collected equaled \$742,234 and sales tax receipts for the quarter are estimated to be \$1,054,471. The remaining \$145,151 balance of revenues collected comes from all other taxes which includes mixed beverage and franchise. Provided below are Celina's three major revenue sources with charts to compare to previous years.

Water & Wastewater Fund

Revenues by Category

The Water/Wastewater Fund ended the 3rd quarter with revenues received totaling \$24.33 million or 86.30% of the overall \$28.19 million Water/Wastewater revenue budget. Revenues for the 3rd quarter equaled \$9.51 million.

Water sales received through the 3rd quarter total \$9.59 million or 70.54% of the total current budget. Wastewater sales are calculated at the winter average consumption rates. Winter consumption was instituted for utility customers on the Wastewater portion of their bill in FY 22. Wastewater sales are tracking at \$6.60 million or 81.49% of their total current revenue budget through the 3rd quarter. All other revenues received through the 3rd quarter total \$8.13 million which represents 125.37% of the overall budget of \$6.49 million for all other revenues. The increase is due to higher interest rates and increased connections to the utility system.

Category	FY 23 Budget	FY 23 YTD	3rd Quarter	Percent of Budget
Water Sales	\$ 13,600,000	\$ 9,593,437	\$ 4,019,985	70.54%

1 - Interest Income exceeds budgeted revenue by \$941,817.

Expenditures by Department

Water/Wastewater Fund expenditures through the 3rd quarter of fiscal year 2023 total \$12.99 million of a \$29.94 million adopted budget or 43.38%. The expenditures are on target for the year. More expenses occur in the later months of the fiscal year when water use increases, debt service payments are made, and transfers are expensed. Current encumbrances in the Water/Wastewater Fund total \$7.08 million. They include \$413,005 to Upper Trinity Regional Water District for water/wastewater debt service, \$2.99 million in Upper Trinity Water/Wastewater payments, \$2.77 million for one-time capital equipment, construction, and vehicle purchases, and the remaining \$0.91 million is for various operating activities across the fund such as water meters and electricity.

NORTH COLLIN COUNTY NEIGHBORHOOD CONFERENCE

The City of Celina partnered up with neighbors McKinney, Prosper, and Anna to host the 2nd annual NCCNC.

VOLUNTEER APPRECIATION DINNER

Life Connected hosted the annual volunteer appreciation dinner. The official volunteer program was named Volunteer in Celina and we celebrated the many incredible volunteers that serve our community.

LIFE CONNECTED SERVICE DAY

Life Connected held the first annual Life Connected Service Day. We were able to make a difference in our community with 13 different projects completed by over 50 volunteers.

COMMUNITY CONNECTED POLICY IN ACTION

Life Connected organized a service day for employees to utilize through the City's Community Connected Policy. Employees volunteered at the grace Bridge Community Garden.

THE DEBRIEF: TRAFFIC

Life Connected and CPD partner together for this quarterly resident workshop. The workshop was taught by Sgt. Phillips to introduce our residents to the new traffic division of CPD

CAJUN FEST - VOLUNTEERS IN CELINA

We had over 60 volunteer opportunities for Cajun Fest with over 30 volunteers that participated in the event. Over 173 hours were volunteered to make this event a success.

BUDDY TO BOSS TRAINING

Organizational Development held its second buddy to boss training for new managers. We received great feedback from the employees that participated.

LEADERSHIP ACADEMY CLASS 2

The Organizational Development team kicked off its second leadership academy! We have a full class of 24 participants and look forward to this group of future leaders!

KEEP TEXAS BEAUTIFUL CONFERENCE

Life Connected attended the Keep Texas Beautiful Conference in preparation for our new commission this fall. Keep Celina Beautiful is now an official affiliate of Keep Texas Beautiful!

Economic Summary – Q2 2023

For more than a year and a half, traders and economists had predicted the U.S. economy was on the verge of recession. Early in 2022, two consecutive quarters of negative GDP growth met the textbook definition, but the National Bureau of Economic Research never officially declared a recession had taken place. And in fact, *it didn't matter* as the unemployment rate continued to fall and inflationary pressure continued to build.

In December, the Bloomberg survey of the nation's top economists had shown a first quarter median growth forecast of 0.0%. But once again, the actual GDP data far exceeded forecasts with solid a +2.0% final Q1 reading. Bloomberg's March survey had indicated a second quarter median forecast of +0.6%, but with the quarter now ended and much of the data input collected, the Atlanta Fed's GDPNow estimate stood at +2.2%. It appears that the frustratingly resilient U.S. economy has outperformed forecasts yet again.

Since persistent growth translates into higher prices, inflation continued to be the Fed's primary focus throughout the second quarter. Headline price pressures were easing quickly, but core prices proved much more stubborn. On May 3rd, Fed officials announced another 25 basis point rate hike, bringing the overnight target above 5% *for the first time since 2007*. Although this marked the 10th consecutive FOMC meeting in which committee members voted to raise rates, Chairman Powell promised future decisions would consider the cumulative effect, granting the committee an opportunity to pause at the next meeting.

It appears that the frustratingly resilient U.S. economy has outperformed forecasts yet again.

At the June meeting, Fed officials voted unanimously to hold the funds rate steady for at least six more weeks. The committee counter-balanced the widely expected pause with updated interest rate projections which had a much more hawkish tone than the markets had anticipated.

At the June meeting, Fed officials voted unanimously to hold the funds rate steady for at least six more weeks. The committee counter-balanced the widely expected pause with updated interest rate projections which had a much more hawkish tone than the markets had anticipated. The new “dot plot” called for another 50 basis points of rate hikes before year end, with a median estimate of 5.625%, up from 5.125% back in March. In addition, the median estimate for the end of 2024 was 25 basis points higher at 4.625%.

This more aggressive forecast reflected the committee’s desire to keep the markets from reading too much into the pause and thereby easing financial conditions prematurely. *This should not have been a surprise.*

At the post-meeting press conference, Powell said all the things he was supposed to say – his most telling admission was the committee had not seen enough progress on core inflation and that they wanted to see it moving down decisively before ending their tightening campaign. It was worth noting that the committee’s summary of economic projections showed both headline and core inflation still above their +2.0% target at the end of 2025.

The May consumer price index (CPI) report was released just before the start of the June FOMC meeting and the message was mixed. Overall CPI rose just +0.1% in May, primarily the result of a -3.6% drop in energy prices. The year-over-year pace was a bright spot, with the headline CPI retreating from +4.9% to +4.0%. Because energy prices were so high a year ago, the *annual change* in overall inflation appears much cooler by comparison. This trend will be even more pronounced in the June CPI report but will reverse itself in July and August.

The year-over-year pace was a bright spot, with the headline CPI retreating from +4.9% to +4.0%. Because energy prices were so high a year ago, the annual change in overall inflation appears much cooler by comparison.

Consumer Price Index (Year-over-Year Percent Change)

Source: Bureau of Labor Statistics

The annual price to insure an automobile has risen +17% over the past year as insurance companies struggle to keep up with settlement costs.

Core CPI rose +0.4% in May, the sixth straight month at or above +0.4%. On an annual basis, core CPI came in at +5.3%, the 18th consecutive month above +5.0%. When Powell talked about not making progress on core inflation, he was pointing to the May CPI report.

The longer it takes to wrestle prices lower, the more likely it is that inflation becomes embedded. Concerns are most evident in the service sector where demand is unlikely to cool without a significant weakening of the economy, while the supply of labor remains woefully inadequate. The imbalance gives inflation-hammered U.S. workers a clear upper hand in wage negotiations:

- Delta Airlines reached a new agreement with pilots in May granting an immediate 18% raise and an additional 13% over the next four years. Both United and American pilots are in negotiations while the pilots' union at Southwest is laying the runway for a strike.
- A potentially crippling west coast port strike was narrowly averted as a tentative agreement on a new contract covering 22,000 dockworkers was announced in June.
- More than 300,000 UPS employees voted to strike if a new contract isn't reached by the end of July.
- Tens of thousands of hotel workers in Southern California and Arizona walked off the job just days before the July 4th holiday demanding higher wages to combat the rising cost of living.

Record prices for food, transportation and rent have been well documented, but inflation has quietly spilled over into related expense categories as well. The annual price to insure an automobile has risen +17% over the past year as insurance companies struggle to keep up with settlement costs, and the average charge for an auto repair has risen +19.7% (BLS) over the past year due primarily to increasingly complex auto technologies and the ongoing shortage of skilled mechanics.

Across industry groups, there simply isn't enough labor. The common and easy narrative is that Americans don't want to work. The reality is that the employment-to-population ratio for prime age workers (ages 25-54) climbed to 80.7% in May, the highest since 2001, while the broader 15-64 age group reached a 16-year high of 71.9% (St. Louis Federal Reserve).

The only group not surpassing pre-COVID employment levels are seniors, 65 and older. A recent Federal Reserve labor study showed 2.4 million more seniors chose to retire during the pandemic than demographic models had predicted. Just 22.8% of this bunch were working in May, down from 25.2% before the pandemic. Unfortunately, this is also the fastest growing demographic. By 2030, every surviving member of the baby boom generation will have turned 65.

Employers are reacting to the shrinking labor pool. IBM, Dell, and Google joined Apple and Tesla in scrapping company degree requirements, while government agencies in Georgia and Florida will now be permitted to hire workers with or without a college degree, as long as experience requirements are met. Eight other states had already made similar concessions.

In the strange post-pandemic employment era, it's unclear whether job growth is good or bad.

Bond yields had been trending higher for much of the quarter, but the Fed's sobering assessment on inflation and the idea that the FOMC would need to inflict more pain added to the market sell-off.

In the strange post-pandemic employment era, it's unclear whether job growth is good or bad. The Fed, recognizing an abundance of available jobs fuels wage pressure, would like to see the unemployment rate rise. Ex-Treasury Secretary Larry Summers has repeatedly said unemployment would need to climb above 5% and remain there for years to fully contain inflation. Fed policymakers have been less specific, *and far less dramatic* than Summers, but the idea's the same: the labor market is too tight.

That being said, the unemployment rate fell to a new 54-year low of 3.4% in April. In May, U.S. businesses added +339k workers to payrolls, while prior month revisions added another +93k. Through the first five months of 2023, payroll growth has averaged a surprisingly robust +331k workers.

Bond yields had been trending higher for much of the quarter, but the Fed's sobering assessment on inflation and the idea that the FOMC would need to inflict more pain added to the market sell-off. The anticipation of a bond supply tsunami related to the debt ceiling resolution didn't help.

Considerable market attention during the quarter was focused on the possibility that failure to raise the federal debt limit could result in a Treasury default. It got tense, but it didn't happen. A compromise was ultimately reached, with the next crisis scheduled for early 2025. However, six months of extraordinary spending measures managed to drain the Treasury, which meant a massive amount of issuance would be necessary to replenish the general fund. Estimates of T-bill issuance required before yearend have topped \$1 trillion.

Six months of emergency measures managed to drain the Treasury, which meant a massive amount of issuance would be necessary to replenish the general fund.

The possibility of a soft-landing, in which the inflation rate gradually returns to the Fed's +2.0% target while the economy sidesteps recession, seems to have gained traction at quarter end. This might be wishful thinking.

Attachment: FY 23 Q3 Investment Report - Apr - Jun 2023 (FY 23 3rd Quarter Investment Report)

Treasury yields were again extremely volatile during the quarter, but the ultimate direction was up. The 12-month T-bill yield ended the period at its highest point in 23 years, while two's approached a 16-year peak. A determined Fed and an overabundance of bonds promise ongoing pressure.

Fed officials recognize (even if they aren't fully articulating it) that the easy part of driving inflation lower is over.

Economic and Interest Rate Outlook

The possibility of a *soft-landing*, in which the inflation rate gradually returns to the Fed's +2.0% target while the economy sidesteps recession, seems to have gained traction at quarter end. *This might be wishful thinking.* Headline inflation will almost certainly *appear* to cool in June, but after that the base effect will reverse itself in subsequent months. Fed officials recognize (even if they aren't fully articulating it) that the easy part of driving inflation lower is over. The FOMC paused its tightening campaign in June but will most likely resume rate hikes at the July meeting. Committee members continue to anticipate the lagging effect of 500 basis points of cumulative tightening, while signaling additional hikes are in the queue. Beyond an increasingly restrictive interest rate policy and passive shrinking of the Fed's balance sheet, several other brakes will be applied to the U.S. economy in the coming months:

With mortgage rates creeping back toward 7%, refi opportunities have dried up. This source of cash is tapped out.

- The prime rate has risen in lockstep with the funds rate and now stands at 8.25%. The average SBA fixed rate on loan balances below \$25,000 is Prime +8%, meaning small businesses would be paying a crushing 16.25% interest rate on new loans.
- The banking crisis appears to be contained for now, but the severe bond market sell-off in May and June will have a negative impact on quarter end balance sheets. At the same time, depositors can easily find higher yielding investment options and are incentivized to further reduce low interest bank balances. The net result will have a negative impact on lending.
- An estimated \$1.4 trillion in commercial real estate loans are coming due over the next two years. These loans will be refinanced at significantly higher interest rates with considerably lower asset valuations. Expect a large number of businesses to mail their keys back and walk away. With regional and community banks holding an estimated \$2.3 trillion in commercial real estate debt (Moody's), banking system concerns are warranted.

- Total U.S. credit card balances held steady at a record \$986 billion in the first quarter. It was the first time since the New York Fed began tracking the data that Americans didn't reduce their balances during the first three months of the year. The average rate on cards carrying a balance rose to a record 20.92% in the first quarter, the highest since tracking began in 1994.
- Between the second quarter of 2020 and the fourth quarter of 2021, 14 million Americans refinanced their mortgages while extracting \$430 billion in home equity value (New York Fed). With mortgage rates creeping back toward 7%, refi opportunities have dried up. This source of cash is tapped out.
- The three-year moratorium on federal student loans payments has ended, with borrowers scheduled to make their first payments in October. This will impact an estimated 27 million Americans. In addition, the Biden administration's proposed student loan forgiveness program, which would have retired entire loan balances for roughly 70% of borrowers, was struck down by the Supreme Court in late June.
- The debt ceiling crisis isn't over, it's just hibernating until after the 2024 election. The underlying problem isn't likely to improve over the next 18 months. Roughly 85% of the federal budget is already being allocated to essential entitlement programs and national defense, while debt expense continues to rise along with interest rates. The CBO projects that by 2050, interest costs will consume more than a third of all federal revenue.

The debt ceiling crisis isn't over, it's just hibernating until after the 2024 election.

There are some puzzling positives in the mix - The S&P 500 was up nearly +16% in the first half of the year while Nasdaq increased by almost +32%. A bullish stock market and record low unemployment combined to push consumer confidence to a 17-month high in June (Conference Board).

As consumer inflation is expected to remain above the Fed's target for the foreseeable future, economists and the media may soon be dusting off their stagflation banners.

However, it's hard to imagine the U.S. economy not faltering in the second half of the year, and if a recession does emerge, it's equally tough to imagine the debt-strapped federal government providing much assistance. As consumer inflation is expected to remain above the Fed's target for the foreseeable future, economists and the media may soon be dusting off their *stagflation* banners. And, with the first presidential primary just seven months away, politicians can be counted on to further amplify the discomfort.

Purchasing
City of Celina, Texas

Memorandum

To: **Honorable Mayor Tubbs and the Celina City Council**
 From: Ryan Quigley, Purchasing Agent
 CC: Amy Alexander, Director of Information Technology
 Date: August 8, 2023
 Re: Upgrade Access Control Systems

Action Requested:

Consider and act to purchase upgrades to the existing access control systems through a cooperative contract with TIPS in an amount not to exceed \$122,421.08. (Quigley)

Background Information:

In an effort to modernize technology, the City has chosen to standardized access control in our new facilities with an enterprise cloud based management system. This request is to upgrade the aging technology at our current facilities with the same technology, reducing staff effort to maintain and manage multiple systems. The open platform solution will enhance security, reliability, provide 24/7/365 support, and allow us to scale as the City continues to grow.

Staff requests authorization to procure upgrades to its existing access control systems at various City locations through the following cooperative agreement.

- Cooperative Agency: TIPS
- Cooperative Contract #: 21020401

The City maintains an executed Interlocal Agreement with the above cooperative agency. Chapter 271 of the Local Government Code authorizes cooperative purchases. Use of the contracts satisfies the competitive bidding requirement while saving time and funding in the development of specifications and duplication of work during the process.

Alternatives:

Council may reject the purchase and direct staff.

Financial Considerations:

Funding is available in the current budget. Expenditures will not exceed funds appropriated and funds will be committed at the issuance of a purchase order.

 Re: 2023-053 Ownsby Parkway (Preston Road to Coit Road) R58

Action Requested:

Consider and act to award bid 2023-053 for Ownsby Parkway Road Improvements to RPM xConstruction in the amount of \$12,116,344.19 plus a ten percent contingency of \$1,211,634.42 for a total amount not to exceed \$13,327,978.61. (Quigley)

Background Information:

On July 25, 2023, the City received responses to bid 2023-053 for Ownsby Parkway (Preston Road to Coit Road). The bid invitation was advertised in the local paper and posted on the City's eProcurement system in which six hundred and seventy-five vendors were notified. One no bid and Five responses were received.

The project includes improvements to Ownsby Parkway from Preston to Coit and CR 83 from Ownsby Parkway to Quail Hollow as a four-lane and two-lane concrete curb and gutter pavement with an associated enclosed drainage system.

An initial review was completed by Purchasing and forwarded to staff and the Engineer of Record. The Engineer reviewed the submittals and verified references. Staff recommends awarding the base bid and alternates one through seven to the lowest responsible bidder.

Alternatives:

Council may reject the award and direct staff.

Financial Considerations:

Funding is available through bond funds. Expenditures will not exceed funds appropriated and funds will be committed at the issuance of a purchase order.

Legal Review:

Contract was previously reviewed and approved.

SECTION 00410
EJCDC STANDARD FORM OF AGREEMENT
BETWEEN OWNER AND CONTRACTOR ON THE BASIS OF A STIPULATED PRICE

THIS AGREEMENT is by and between the **City of Celina** (OWNER) and RPMx Construction, LLC (CONTRACTOR). OWNER and CONTRACTOR, in consideration of the mutual covenants hereby agree as follows:

ARTICLE 1 – WORK

- 1.01 CONTRACTOR shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as follows:

City of Celina
BID 2023-053
PROJECT Ownsby Parkway (Preston Rd. to Coit Rd.)

ARTICLE 2 – THE PROJECT

- 2.01 The Project for which the Work under the Contract Documents may be the whole or only a part is generally described as follows:

The construction project includes:

Road improvements along Ownsby Parkway from Preston Road to Coit Road.

ARTICLE 3 – ENGINEER

- 3.01 The Project has been designed by:

Peloton Land Solutions

which hereinafter called ENGINEER and which is to act as OWNER'S representative, assume all duties and responsibilities, and have the rights and authority assigned to ENGINEER in the Contract Documents in connection with the completion of the Work in accordance with the Contract Documents.

ARTICLE 4 – CONTRACT TIMES

4.01 *Time of the Essence*

- A. All time limits for Milestones, if any, Substantial Completion, and completion and readiness for final payment as stated in the Contract Documents are of the essence of the Contract.

4.02 *Days to Achieve Substantial Completion and Final Payment*

- A. The Work will be substantially completed within **365** days after the date when the Contract Times commence to run as provided in paragraph 2.03 of the General Conditions, and completed and ready for final payment in accordance with paragraph 14.07 of the General Conditions within **425** days after the date when the Contract Times commence to run.

4.03 *Liquidated Damages*

- A. CONTRACTOR and OWNER recognize that time is of the essence of this Agreement and that OWNER will suffer financial loss if the Work is not completed within the times specified in paragraph 4.02 above, plus any extensions thereof allowed in accordance with Article 12 of the General Conditions. The parties also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by OWNER if the Work is not completed on time. Accordingly, instead of requiring any such proof, OWNER and CONTRACTOR agree that as liquidate damages for delay (but not as a penalty), CONTRACTOR shall pay OWNER **\$2500** for each day that expires after the time specified in paragraph 4.02 for Substantial Completion until the Work is substantially

complete. After Substantial Completion, if CONTRACTOR shall neglect, refuse, or fail to complete the remaining Work within the Contract Time or any proper extension thereof granted by OWNER, CONTRACTOR shall pay OWNER \$2500 for each day that expires after the time specified in paragraph 4.02 for completion and readiness for final payment until the Work is completed and ready for final payment.

ARTICLE 5 – CONTRACT PRICE

5.01 OWNER shall pay CONTRACTOR for completion of the Work in accordance with the Contract Documents an amount in current funds equal to the sum of the amounts determined pursuant to paragraphs 5.01.

For all Work other than Unit Price Work, a Lump sum of: \$11,496,521.33

All specific cash allowances are included in the above price and have been computed in accordance with paragraph 11.02 of the General Conditions.

ARTICLE 6 – PAYMENT PROCEDURES

6.01 Submittal and Processing of Payments

A. CONTRACTOR shall submit Applications for Payment in accordance with Article 14 of the General Conditions. Applications for Payment will be processed by ENGINEER as provided in the General Conditions.

6.02 Progress Payments; Retainage

A. OWNER shall make progress payments on account of the Contract Price on the basis of CONTRACTOR'S Applications for Payment on or about the last day of each month during performance of the Work as provided in paragraphs 6.02.A.1 and 6.02.A.2 below. All such payments will be measured by the schedule of values established in paragraph 2.07.A of the General Conditions (and in the case of Unit Price Work based on the number of units completed) or, in the event there is no schedule of values, as provided in the General Requirements:

1. Prior to Substantial Completion, progress payments will be made in an amount equal to the percentage indicated below but, in each case, less the aggregate of payments previously made and less such amounts as ENGINEER may determine or OWNER may withhold, in accordance with paragraph 14.02 of the General Conditions:
 - a. 95% of Work completed (with the balance being retainage).
 - b. 95% of cost of materials and equipment not incorporated in the Work (with the balance being retainage).
2. Upon Substantial Completion, OWNER shall pay an amount sufficient to increase total payments to CONTRACTOR to 95% of the Work completed, less such amounts as ENGINEER shall determine in accordance with paragraph 14.02.B.5 of the General Conditions and less 100% of ENGINEER's estimate of the value of Work to be completed or corrected as shown on the tentative list of items to be completed or corrected attached to the certificate of Substantial Completion.

6.03 Final Payment

A. Upon final completion and acceptance of the Work in accordance with paragraph 14.07 of the General Conditions, OWNER shall pay the remainder of the Contract Price as recommended by ENGINEER as provided in said paragraph 14.07.

ARTICLE 7 – INTEREST

7.01 All moneys not paid when due as provided in Article 14 of the General Conditions shall bear interest at the rate of 0% per annum.

ARTICLE 8 – CONTRACTOR'S REPRESENTATIONS

8.01 In order to induce OWNER to enter into this Agreement CONTRACTOR makes the following representations:

- A. CONTRACTOR has examined and carefully studied the Contract Documents and the other related data identified in the Bidding Documents.
- B. CONTRACTOR has visited the site and become familiar with and is satisfied as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.
- C. CONTRACTOR is familiar with and is satisfied as to all federal, state, and local Laws and Regulations that may affect cost, progress, and performance of the Work.
- D. CONTRACTOR has carefully studied all: (1) Geotechnical Investigations, explorations and tests of subsurface conditions at or contiguous to the Site and all drawings of physical conditions in or relating to existing surface or subsurface structures at or contiguous to the Site which have been identified in the Supplementary Conditions as provided in paragraph 4.02 of the General Conditions.
- E. CONTRACTOR does not consider that any further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Price, within the Contract Times, and in accordance with the other terms and conditions of the Contract Documents.
- F. CONTRACTOR is aware of the general nature of work to be performed by OWNER and others at the Site that relates to the Work as indicated in the Contract Documents.
- G. CONTRACTOR has correlated the information known to CONTRACTOR, information and observations obtained from visits to the Site, reports and drawings identified in the Contract Documents, and all additional examinations, investigations, explorations, tests, studies, and data with the Contract Documents.
- H. CONTRACTOR has given ENGINEER written notice of all conflicts, errors, ambiguities, or discrepancies that CONTRACTOR has discovered in the Contract Documents, and the written resolution thereof by ENGINEER is acceptable to CONTRACTOR.
- I. The Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.

ARTICLE 9 – CONTRACT DOCUMENTS

9.01 Contents

- A. The Contract Documents consist of the following in their entirety:
 - 1. This Agreement;
 - 2. Performance Bond;
 - 3. Payment Bond;
 - 4. Maintenance Bond;

 - a. Written Amendments;
 - b. Work Change Directives;
 - c. Change Order(s).
- B. The documents listed in paragraph 9.01. Are attached to this Agreement (except s expressly noted otherwise above).
- C. There are no Contract Documents other than those listed above in this Article 9.
- D. The Contract Documents may only be amended, modified, or supplemented as provided in paragraph 3.04 of the General Conditions.

ARTICLE 10 – MISCELLANEOUS

10.01 Terms

- A. Terms used in this Agreement will have the meanings indicated in the General Conditions.

10.02 Assignment of Contract

- A. No assignment by a party hereto of any rights under or interests on the Contract will be binding on another party hereto without the written consent of the party sought to be bound; and, specifically but without limitation, moneys that may become due and moneys that are due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

10.03 Successors and Assigns

- A. OWNER and CONTRACTOR each binds itself, its partners, successors, assigns, and legal representatives to the other party hereto, its partners, successors, assigns, and legal representatives in respect to all covenants, agreements, and obligations contained in the Contract Documents.

10.04 Severability

- A. Any provision or part of the Contract Documents held to be void or unenforceable under any Law of Regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon OWNER and CONTRACTOR, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

10.05 Contractor's Certifications

- A. Contractor certifies that it has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for or in executing the Contract. For the purposes of this Paragraph 10.05:
 1. "corrupt practice" means the offering, giving, receiving, or soliciting of anything of value likely to influence the action of a public official in the bidding process or in the Contract execution;
 2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process or the execution of the Contract to the detriment of Owner, (b) to establish Bid or Contract prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish Bid prices at artificial, non-competitive levels; and
4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

IN WITNESS WHEREOF, OWNER and CONTRACTOR have assigned this Agreement in duplicate. One counterpart each has been delivered to OWNER and CONTRACTOR. All portions of the Contract Documents have been signed or identified by OWNER and CONTRACTOR or on their behalf.

 Re: Downtown Patio Project, Amendment 2

Action Requested:

Consider and act to authorize additional contingency funds for the Downtown Patio Project in an amount not to exceed \$110,000.00. (Berry)

Background Information:

On May 10, 2022, Council authorized a contract for the Downtown Patio Project to AUI Partners for construction management services in the guaranteed maximum price (GMP) in the amount of \$2,188,790.00. The GMP included \$75,000.00 or 3.42% for owner contingency. Staff requests an additional \$110,000.00 which brings the total to \$185,000 or 8.45%. The amount is below the normal ten percent requested for construction projects.

The funding will be used to pave additional sidewalk along Walnut adjacent to the alley patio from AT&T building to Hester's, install fiber optic conduit for Wi-Fi, install additional storm drain inlet, electrical upgrade due to design revision, and seal sawed joints.

Amendment 2, exceeds \$50,000 and by statute requires Council authorization.

Alternatives:

Council may reject the amendment and direct staff.

Financial Considerations:

Funding is available through bond funds.

Legal Review:

Contract documents were previously reviewed and approved.

Staff Recommendation:

Authorize Amendment 2.

AMENDMENT TO CONTRACT
CONSTRUCTION MANAGER AT RISK

Amendment 2 - GMP

This Agreement is made by and between the City of Celina, Texas, a home-rule municipality (hereinafter referred to as the "Owner") and **AUI Partners** (hereinafter referred to as the "Provider") for **Downtown Patio Project**, (hereinafter referred to as the "Services"), the Owner and the Provider hereby agree as follows:

AGREEMENT

Amendment 2 modifies the following conditions to the original contract.

1. Article 1, item 8: Add
 - a. Amendment 2: GMP
2. Guaranteed Maximum Price change:

\$	2,188,790.00	Original GMP Amendment
	110,000.00	Amendment 2 Increase Owner Contingency
\$	2,298,790.00	Total Revised GMP

AMENDMENT

This contract may only be amended by the written mutual agreement of both parties.

By signing below, you agree to the amendment of the original contract with the above terms. All other original terms and conditions remain the same.

 Re: DC Ranch Phase 3, D37

Action Requested:

Consider and act to award bid 2023-054 for DC Ranch Phase 3 to ANA Site Construction in the amount of \$266,814.00 plus ten percent contingency in the amount of \$26,681.40 for a total amount not to exceed \$293,495.40 and to reject the low bid from AT Construction. (Berry)

Background Information:

On July 14, 2023, the City received responses to bid 2023-054 for DC Ranch Phase 3. The bid invitation was advertised in the local paper and posted on the City's eProcurement system in which four hundred thirty-seven vendors were notified. Six responses were received.

An initial review was conducted by Procurement to verify all required documents were completed and acceptable. The results were sent to staff and to the Engineer of Record. The Engineer reviewed the contractors experience and verified references. The Engineer recommended ANA Site Construction as the lowest responsible vendor and staff concurs.

Staff requests the bid received from AT Construction be rejected due to references.

Alternatives:

Council may reject the award and direct staff.

Financial Considerations:

Funding is available through bond funds. Expenditures will not exceed funds appropriated and funds will be committed at the issuance of a purchase order.

SECTION 00410
EJCDC STANDARD FORM OF AGREEMENT
BETWEEN OWNER AND CONTRACTOR ON THE BASIS OF A STIPULATED PRICE

THIS AGREEMENT is by and between the **City of Celina** (OWNER) and **ANA Site Construction** (CONTRACTOR). OWNER and CONTRACTOR, in consideration of the mutual covenants hereby agree as follows:

ARTICLE 1 – WORK

- 1.01 CONTRACTOR shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as follows:

City of Celina
DC Ranch Phase 3
BID 2023-054
Project D37

ARTICLE 2 – THE PROJECT

- 2.01 The Project for which the Work under the Contract Documents may be the whole or only a part is generally described as follows:

The construction project includes the replacement of various street and marking signs throughout downtown Celina.

ARTICLE 3 – ENGINEER

- 3.01 The Project has been designed by **TRC Engineers, Inc.** which hereinafter called ENGINEER, and which is to act as OWNER'S representative, assume all duties and responsibilities, and have the rights and authority assigned to ENGINEER in the Contract Documents in connection with the completion of the Work in accordance with the Contract Documents.

ARTICLE 4 – CONTRACT TIMES

4.01 *Time of the Essence*

- A. All time limits for Milestones, if any, Substantial Completion, and completion and readiness for final payment as stated in the Contract Documents are of the essence of the Contract.

4.02 *Days to Achieve Substantial Completion and Final Payment*

- A. The Work will be substantially completed within **20** days after the date when the Contract Times commence to run as provided in paragraph 2.03 of the General Conditions and completed and ready for final payment in accordance with paragraph 14.07 of the General Conditions within **30** days after the date when the Contract Times commence to run.

4.03 *Liquidated Damages*

- A. CONTRACTOR and OWNER recognize that time is of the essence of this Agreement and that OWNER will suffer financial loss if the Work is not completed within the times specified in paragraph 4.02 above, plus any extensions thereof allowed in accordance with Article 12 of the General Conditions. The parties also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by OWNER if the Work is not completed on time. Accordingly, instead of requiring any such proof, OWNER and CONTRACTOR agree that as liquidate damages for delay (but not as a penalty), CONTRACTOR shall pay OWNER **\$500** for each day that expires after the time specified in paragraph 4.02 for Substantial Completion until the Work is substantially complete. After Substantial Completion, if CONTRACTOR shall neglect, refuse, or fail to complete the remaining Work within the Contract Time or any proper extension thereof

granted by OWNER, CONTRACTOR shall pay OWNER \$500 for each day that expires after the time specified in paragraph 4.02 for completion and readiness for final payment until the Work is completed and ready for final payment.

ARTICLE 5 – CONTRACT PRICE

5.01 OWNER shall pay CONTRACTOR for completion of the Work in accordance with the Contract Documents an amount in current funds equal to the sum of the amounts determined pursuant to paragraphs 5.01.

For all Work other than Unit Price Work, a Lump sum of: \$ 266,814.00

All specific cash allowances are included in the above price and have been computed in accordance with paragraph 11.02 of the General Conditions.

ARTICLE 6 – PAYMENT PROCEDURES

6.01 Submittal and Processing of Payments

A. CONTRACTOR shall submit Applications for Payment in accordance with Article 14 of the General Conditions. Applications for Payment will be processed by ENGINEER as provided in the General Conditions.

6.02 Progress Payments; Retainage

A. OWNER shall make progress payments on account of the Contract Price on the basis of CONTRACTOR'S Applications for Payment on or about the last day of each month during performance of the Work as provided in paragraphs 6.02.A.1 and 6.02.A.2 below. All such payments will be measured by the schedule of values established in paragraph 2.07.A of the General Conditions (and in the case of Unit Price Work based on the number of units completed) or, in the event there is no schedule of values, as provided in the General Requirements:

1. Prior to Substantial Completion, progress payments will be made in an amount equal to the percentage indicated below but, in each case, less the aggregate of payments previously made and less such amounts as ENGINEER may determine or OWNER may withhold, in accordance with paragraph 14.02 of the General Conditions:
 - a. 95% of Work completed (with the balance being retainage).
 - b. 95% of cost of materials and equipment not incorporated in the Work (with the balance being retainage).
2. Upon Substantial Completion, OWNER shall pay an amount sufficient to increase total payments to CONTRACTOR to 95% of the Work completed, less such amounts as ENGINEER shall determine in accordance with paragraph 14.02.B.5 of the General Conditions and less 100% of Engineer's estimate of the value of Work to be completed or corrected as shown on the tentative list of items to be completed or corrected attached to the certificate of Substantial Completion.

6.03 Final Payment

A. Upon final completion and acceptance of the Work in accordance with paragraph 14.07 of the General Conditions, OWNER shall pay the remainder of the Contract Price as recommended by ENGINEER as provided in said paragraph 14.07.

ARTICLE 7 – INTEREST

7.01 All moneys not paid when due as provided in Article 14 of the General Conditions shall bear interest at the rate of 0% per annum.

ARTICLE 8 – CONTRACTOR’S REPRESENTATIONS

8.01 In order to induce OWNER to enter into this Agreement CONTRACTOR makes the following representations:

- A. CONTRACTOR has examined and carefully studied the Contract Documents and the other related data identified in the Bidding Documents.
- B. CONTRACTOR has visited the site and become familiar with and is satisfied as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.
- C. CONTRACTOR is familiar with and is satisfied as to all federal, state, and local Laws and Regulations that may affect cost, progress, and performance of the Work.
- D. CONTRACTOR has carefully studied all: (1) Geotechnical Investigations, explorations and tests of subsurface conditions at or contiguous to the Site and all drawings of physical conditions in or relating to existing surface or subsurface structures at or contiguous to the Site which have been identified in the Supplementary Conditions as provided in paragraph 4.02 of the General Conditions.
- E. CONTRACTOR does not consider that any further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Price, within the Contract Times, and in accordance with the other terms and conditions of the Contract Documents.
- F. CONTRACTOR is aware of the general nature of work to be performed by OWNER and others at the Site that relates to the Work as indicated in the Contract Documents.
- G. CONTRACTOR has correlated the information known to CONTRACTOR, information and observations obtained from visits to the Site, reports and drawings identified in the Contract Documents, and all additional examinations, investigations, explorations, tests, studies, and data with the Contract Documents.
- H. CONTRACTOR has given ENGINEER written notice of all conflicts, errors, ambiguities, or discrepancies that CONTRACTOR has discovered in the Contract Documents, and the written resolution thereof by ENGINEER is acceptable to CONTRACTOR.
- I. The Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.

ARTICLE 9 – CONTRACT DOCUMENTS

9.01 *Contents*

- A. The Contract Documents consist of the following in their entirety:
 1. This Agreement;
 2. Performance Bond;
 3. Payment Bond;
 4. Maintenance Bond;
 5. General Conditions;
 6. Supplementary Conditions;
 7. Specification as listed in the table of contents of the Project Manual;
 8. Drawings;
 9. All Addenda;
 10. Exhibits to this Agreement:
 - a. CONTRACTOR’S Bid Response;
 - b. CONTRACTOR’S Insurance
 - c. Documentation submitted by CONTRACTOR prior to Notice of Award

11. The following which may be delivered or issued on or after the Effective Date of the Agreement and are not attached hereto:
 - a. Written Amendments;
 - b. Work Change Directives;
 - c. Change Order(s).
- B. The documents listed in paragraph 9.01. Are attached to this Agreement (except s expressly noted otherwise above).
- C. There are no Contract Documents other than those listed above in this Article 9.
- D. The Contract Documents may only be amended, modified, or supplemented as provided in paragraph 3.04 of the General Conditions.

ARTICLE 10 – MISCELLANEOUS

10.01 Terms

- A. Terms used in this Agreement will have the meanings indicated in the General Conditions.

10.02 Assignment of Contract

- A. No assignment by a party hereto of any rights under or interests on the Contract will be binding on another party hereto without the written consent of the party sought to be bound; and, specifically but without limitation, moneys that may become due and moneys that are due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

10.03 Successors and Assigns

- A. OWNER and CONTRACTOR each binds itself, its partners, successors, assigns, and legal representatives to the other party hereto, its partners, successors, assigns, and legal representatives in respect to all covenants, agreements, and obligations contained in the Contract Documents.

10.04 Severability

- A. Any provision or part of the Contract Documents held to be void or unenforceable under any Law of Regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon OWNER and CONTRACTOR, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

10.05 Contractor's Certifications

- A. Contractor certifies that it has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for or in executing the Contract. For the purposes of this Paragraph 10.05:
 1. "corrupt practice" means the offering, giving, receiving, or soliciting of anything of value likely to influence the action of a public official in the bidding process or in the Contract execution;
 2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process or the execution of the Contract to the detriment of Owner, (b) to establish Bid or Contract prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish Bid prices at artificial, non-competitive levels; and
4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

IN WITNESS WHEREOF, OWNER and CONTRACTOR have assigned this Agreement in duplicate. One counterpart each has been delivered to OWNER and CONTRACTOR. All portions of the Contract Documents have been signed or identified by OWNER and CONTRACTOR or on their behalf.

 Re: Parvin Rd Asphalt Improvements. CO 1, R61

Action Requested:

Consider and act to authorize the use of contingency funds for Parvin Road Asphalt Improvements and authorize Change Order 1 in an amount not to exceed \$174,440.00. (Berry)

Background Information:

On April 11, 2023, Council authorized the award of Bid 2022-033 for Parvin Road Asphalt Improvements. The award authorized and included ten percent contingency funds. Change Order 1 is within the approved ten percent but, exceeds \$50,000 and by statute requires Council authorization.

The proposed change order will cover the cost of the installation of four (4) headwalls at the ends of four existing forty-eight inch (48") corrugated metal pipes. The width of the road at the location of these existing pipes is not wide enough to pave two (2) eleven feet (11') wide lanes. The headwall installation will allow for fill material to be installed behind the headwalls to expand the roadway width. The proposed change order will also cover the cost of installing metal guard rails at the headwall locations due to the five feet (5') or more difference in elevation between the road and the existing ditches.

Alternatives:

Council may reject the change order and direct staff.

Financial Considerations:

Funding is available in the current budget and previously authorized.

- ① Total quantities include one 3'-1" lap for bars over 60' in length.
- ② Quantities shown are for concrete pipe and will increase slightly for metal pipe installations.
- ③ Indicated slope is perpendicular to centerline pipe or pipes.
- ④ For vehicle safety, construct curbs no more than 3" above finished grade. Reduce curb heights, if necessary, to meet these requirements. No changes will be made in quantities and no additional compensation will be allowed for this work.
- ⑤ Dimensions shown are usual and maximum.
- ⑥ Quantities shown are for one structure end only (one headwall).

MATERIAL NOTES:
Provide Grade 60 reinforcing steel.
Provide Class C concrete (f'c = 3,600 psi).

GENERAL NOTES:
Designed according to AASHTO LRFD Bridge Design Specifications.
Do not mount bridge rails of any type directly to these culvert headwalls.
This standard may not be used for wall heights, H, exceeding the values shown.

Cover dimensions are clear dimensions, unless noted otherwise.
Reinforcing dimensions are out-to-out of bars.

1. THE TYPE OF LINE POST (ROUND WOOD POST, RECTANGULAR WOOD POST, OR STEEL POST) WILL BE AS SHOWN IN THE PLANS. THE EXACT POSITION OF THE TRANSITIONS SHALL BE AS SHOWN IN THE PLANS OR AS DIRECTED BY THE ENGINEER. STEEL POSTS TO BE GALVANIZED IN ACCORDANCE WITH ITEM 445, "GALVANIZING."
 2. RAIL ELEMENT SHALL MEET ALL REQUIREMENTS OF ITEM 540, "METAL BEAM GUARD FENCE" EXCEPT AS MODIFIED ON THE PLANS. THE CONTRACTOR MAY FURNISH RAIL ELEMENTS OF 12'- 6" OR 25'- 0" NOMINAL LENGTHS.
 3. RAIL POST HOLES ARE OFFSET 3'- 1 1/2" FROM STANDARD GUARDRAIL TO ACCOMMODATE THE MIDSPAN SPLICING.
 4. BUTTON HEAD "POST BOLTS & NUTS" SHALL MEET THE REQUIREMENTS OF (ASTM A307), AND SHALL BE OF SUFFICIENT LENGTH TO EXTEND THROUGH THE FULL THICKNESS OF THE NUT AND 5/8" WASHER (FWC160) AND NO MORE THAN 1" BEYOND IT.
 5. FITTINGS (BOLTS, NUTS, AND WASHERS) SHALL BE GALVANIZED IN ACCORDANCE WITH ITEM 445, "GALVANIZING". FITTINGS SHALL BE SUBSIDIARY TO THE BID ITEM.
 6. WHERE SOLID ROCK IS ENCOUNTERED, CONTACT THE DESIGN DIVISION FOR ADDITIONAL GUIDANCE. (512) 416-2678
 7. POSTS SHALL NOT BE SET IN CONCRETE, OF ANY DEPTH.

GENERAL NOTES

- FOR SPECIFIC INFORMATION REGARDING INSTALLATION AND TECHNICAL GUIDANCE OF THE SYSTEM, CONTACT: ROAD SYSTEMS, INC. (432)263-2435. 3616 OLD HOWARD COUNTY AIRPORT, BIG SPRING, TX 79720
- FOR INSTALLATION, REPAIR AND MAINTENANCE REFER TO THE: MSKT END TERMINAL, PRODUCT DESCRIPTION ASSEMBLY MANUAL (PUBLICATION-062717).
- APPLY HIGH INTENSITY REFLECTIVE SHEETING, "OBJECT MARKER" ON THE FRONT FACE OF THE DEVICE PER MANUFACTURER'S RECOMMENDATIONS. OBJECT MARKER SHALL CONFORM TO THE STANDARDS REQUIRED IN TEXAS MUTCD.
- FOR POST (LEAVE-OUT) INSTALLATION AND GUIDANCE SEE TxDOT'S LATEST ROADWAY MOW STRIP STANDARD.
- HARDWARE (BOLTS, NUTS, & WASHERS) SHALL BE GALVANIZED IN ACCORDANCE WITH ITEM 44: "GALVANIZING". FITTINGS SHALL BE SUBSIDIARY TO THE BID ITEM.
- SYSTEM SHOWN USING STEEL WIDE FLANGE POSTS WITH COMPOSITE BLOCKOUTS.
- A COMPOSITE MATERIAL BLOCKOUTS THAT MEETS THE REQUIREMENTS OF DMS-7210, MAY BE SUBSTITUTED FOR BLOCKOUTS OF SIMILAR DIMENSIONS. SEE CONSTRUCTION DIVISION MATERIAL PRODUCER LIST (MPL) FOR CERTIFIED PRODUCERS.
- IF SOLID ROCK IS ENCOUNTERED IN THE AREA OF (POST 1) AND / OR (POST 2) CONTACT THE MANUFACTURER, & REFER TO THE LATEST ROADWAY MBGF STANDARD FOR INSTALLATION GUIDANCE.
- POSTS SHALL NOT BE SET IN CONCRETE.
- SYSTEM MUST BE ATTACHED TO STANDARD 31" MBGF.
- UNDER NO CIRCUMSTANCES SHALL THE GUARDRAIL WITHIN THE MSKT SYSTEM BE CURVED.
- A FLARE RATE OF UP TO 25:1 MAY BE USED TO PREVENT THE TERMINAL HEAD FROM ENCRDACHING ON THE SHOULDER, THE FLARE MAY BE DECREASED OR ELIMINATED FOR SPECIFIC INSTALLATIONS, IF DIRECTED BY THE ENGINEER.
- THE SYSTEM IS SHOWN WITH TWO 12'-6" MBGF PANELS, ONE 25'-0" MBGF PANEL IS ALSO ALLOWED IN THEIR PLACE.
- A DRIVING CAP WITH A TIMBER OR PLASTIC INSERT SHALL BE USED WHEN DRIVING POSTS 3 TO PREVENT DAMAGE TO THE GALVANIZING ON TOP OF THE POST. SPECIAL DRIVING CAP TO BE USED ON LOWER POSTS 1 & 2 TO PREVENT DAMAGE TO THE WELDED PLATES.

City of Celina, Texas

Memorandum

To: **Honorable Mayor Tubbs and the Celina City Council**
 From: Ryan Quigley, Purchasing Agent
 CC: Dusty McAfee AICP, Director of Development Services
 Date: August 8, 2023
 Re: FY 2023 Vehicle Purchase - DS

Action Requested:

Consider and act to authorize the purchase of five vehicles for Development Services from Grapevine Dodge and Silsbee Ford through a cooperative agreement with BuyBoard and TIPS in an amount not to exceed \$196,044.25. (Quigley)

Background Information:

Staff requests authorization to procure five new trucks through the Vehicle and Equipment Replacement Fund (VERF) to replace units (1700, 1701, 1702, 1802, 1803) through the following cooperative agreement. Units 1700, 1701, and 1702 were initially slated for replacement last fiscal year but were delayed due to cost and availability.

Quote #	Vendor	Model	Price	Cooperative	Contract #
1	Silsbee Ford	F-150	\$ 40,679.50	TIPS	210907
2	Silsbee Ford	F-150	\$ 40,679.50	TIPS	210907
3	Silsbee Ford	F-150	\$ 37,122.00	TIPS	210907
4	Silsbee Ford	F-150	\$ 38,409.25	TIPS	210907
5	Grapevine DCJ	Ram 1500	\$ 39,154.00	BUYBOARD	601-19

The City maintains an executed Interlocal Agreement with the above cooperative agencies. Chapter 271 of the Local Government Code authorizes cooperative purchases. Use of the contracts satisfies the competitive bidding requirement while saving time and funding in the development of specifications and duplication of work during the process.

Alternatives:

Council may reject the purchase and direct staff.

Financial Considerations:

Funding is available in the current budget. Expenditures will not exceed funds appropriated and funds will be

committed at the issuance of a purchase order.

 From: Dawn Berry, Purchasing Director
 CC: Kim Brawner, Assistant City Manager
 Date: August 8, 2023
 Re: 2023-021 Stormwater & Drainage Update, D39

Action Requested:

Consider and act to award RFQ 2023-021 to review the Stormwater and Drainage Fees Study to Freese and Nichols in an amount not to exceed \$170,000.00. (Berry)

Background Information:

In September 2015, the City of Celina adopted Ordinance 2015-73 and 2015-74 which related to the establishment of a municipal drainage utility fee. Freese & Nichols completed a Stormwater Utility Fee Development Report for the City of Celina in 2016. This study has not been updated since that point. The proposed design contract will review the existing drainage study report. The study will review existing utility policies and goals, complete a cost-of-service evaluation, evaluate the existing fee structure, complete a revenue assessment, and evaluate the integration of stormwater utility billing and GIS. Once the study is complete, staff will provide a summary report of recommendations for changes to policies.

On February 3, 2023, the City received responses to RFQ 2023-021 for Stormwater & Drainage fee review and update. The bid invitation was advertised in the local paper and posted on the City's eProcurement system in which four hundred fifty vendors were notified. One No-Bid and three responses were received.

An initial review was completed by Purchasing and forwarded to staff for further evaluation. The submittals were reviewed by an evaluation committee. The evaluation committee unanimously recommend Freese and Nichols.

Alternatives:

Council may reject the award and direct staff.

Financial Considerations:

Funding is available in the current budget. Expenditures will not exceed funds appropriated and funds will be committed at the issuance of a purchase order.

DRAFT SCOPE OF SERVICES
STORMWATER UTILITY FEE REVIEW AND
ROADWAY USER FEE FEASIBILITY STUDY
JULY 26, 2023**

PROJECT UNDERSTANDING

The City of Celina established a stormwater utility fee to fund the costs necessary for drainage maintenance and improvements throughout the City. Freese and Nichols (FNI) understands that City staff has determined the current fee assessment methodology results in an undesired administrative burden and that the City strives to improve the equitability of the fee assessment methodology, especially for residential properties. Recently the City has determined to evaluate potentially more equitable means of billing for stormwater charges, specifically to assess utility fees based on impervious area. The City has requested FNI to conduct this fee structure evaluation, identify projected costs of service for storm system management, and provide support for updates to utility billing records incorporating a new fee structure and associated rates.

Concurrently, the City has also requested FNI to conceptually evaluate a roadway user fee to provide a dedicated and reliable funding mechanism for ongoing roadway management needs in the City. This fee would be assessed on developed properties in the City based on the estimated use of the roadway network from published industry references based on land use and other relevant property characteristics.

SCOPE OF BASIC SERVICES

PHASE A – STORMWATER UTILITY FEE REVIEW

A1. Review of Utility Policies and Goals

FNI will conduct an initial meeting with the City to discuss the overall project approach and review key topics for the stormwater utility. Example policy issue topics include:

- a) Stormwater services (e.g., compliance, O&M, engineering, CIP)
- b) Approach to assessing utility fee to individual properties (e.g., impervious area, percent imperviousness)
- c) Fee structure adjustments (e.g., residential tiers, base fee)
- d) Rate adjustment frequency (e.g., annual, 5-year)
- e) Property owner incentives to minimize their impact on the drainage system (e.g., fee credits)
- f) Exemptions for certain property owners, as allowed by law
- g) Public outreach goals

A2. Stormwater Management Program Detailed Cost of Service Evaluation

FNI will meet with the City up to three times to develop a five-year program strategy for stormwater management in the City. Cost projections may be compiled and/or developed from a variety of sources, including:

a) Infrastructure inventory

FNI will determine the data that the City has compiled for their stormwater infrastructure and compare it to the data needed to manage the stormwater system, such as two-foot topography, stream studies or master plans, FEMA floodplain data, GIS mapping and inventory of infrastructure, and public complaint databases. FNI will identify data gaps necessary to resolve to effectively manage the City's stormwater system.

b) Regulatory compliance

FNI will review available documentation provided by the City related to stormwater compliance obligations affecting the City. FNI will meet virtually up to two times with City staff to obtain additional information not included in available documentation.

i) Phase II MS4 Stormwater Quality Management Program

ii) Hazard Mitigation Action Plan

iii) NPDES/TPDES construction site erosion control activities

iv) NFIP FEMA floodplain management

c) Storm system operations and maintenance

General review of maintenance planning and implementation of these maintenance activities. The assessment will identify gaps in available equipment, staff or procedures for proper maintenance of the stormwater infrastructure.

d) Capital improvement project ranking and implementation

Review previous studies and master plans to identify non-implemented capital improvement projects. Review available CIP ranking spreadsheets, including implemented projects and expected future implementation of CIPs. The assessment will identify gaps in the process, non-implemented CIPs, lack of identified CIPs, availability of a ranking process or funding for CIP implementation.

A3. Effective Impervious Area Fee Structure Basis

a) Data collection

FNI will compile available data necessary to assign an equitable stormwater utility fee based on impervious area for each non-exempt property. The following data will be evaluated and analyzed, as necessary, for use in determining each developed property's contribution to the drainage system:

i) City electronic parcel data

ii) Recent aerial photography for the City

iii) Planimetrics

b) Residential impervious area determination

FNI will estimate the impervious area for each single-family residence through a geospatially-based algorithmic approach using readily available aerial imagery, parcel boundaries, and land use classifications in the City. The equivalent residential unit (ERU), or average impervious area for the typical residence in the City, will be determined from this evaluation.

c) Non-single family residential property impervious area determination

FNI will identify the impervious area, in whole ERU increments, for each non-single family residential property existing at the time of project notice to proceed based on existing building footprint data provided by the City and electronic parcel data.

d) Fee adjustment factors

FNI will provide the City impervious area adjustment factors for consideration to include in the calculation basis for each property's use of or impact to the storm system. Such factors may include on-site structural controls, percent imperviousness, watershed location, non-structural measures, and land use.

A4. Revenue Assessment

FNI will input information from Tasks 1-3 into FNI's Stormwater Utility Rate Model to identify optimal fee structure options to meet the City's goals. Variations to the implementation schedule, rate, residential tier structure, exemptions, growth rate, costs supported by stormwater utility revenues, and other considerations will be evaluated through the rate model. FNI will develop a 5-year plan, allowing for rate increases at City-preferred frequencies (annual, single, etc.)

FNI will meet with City Staff to develop three fee rate/service level options for City Council consideration. FNI will present the stormwater utility fee options, along with staff's recommended selection, to City Council in one meeting.

A5. Stormwater Utility Billing Integration

FNI will coordinate with City staff to integrate the stormwater utility data developed in GIS into the City's utility billing system. FNI will create unique identifiers for each property assessed a stormwater utility fee to allow for ongoing maintenance of the appropriate stormwater utility fee between the City's GIS and utility billing system.

a) Quality control testing prior to transition

FNI will coordinate with City staff to conduct one trial billing run. FNI will provide the City an assessment of billing accuracy and recommended records corrections, as appropriate.

b) Utility billing maintenance methodology

FNI will coordinate with the City to develop a data integration approach for maintenance of the dataset. This will include maintenance of data through project development to keep dataset current. FNI will develop and deliver an operation and maintenance workflow for use by the City. FNI will meet one time with City staff to review data maintenance workflows.

A6. Draft Stormwater Utility Ordinance and Fee Schedule

FNI will develop a draft stormwater utility ordinance and draft fee schedule for Council adoption. FNI will develop a draft public notice for each. The City will be responsible for publishing the final public notices in a publication of general circulation in the area three times beginning at least 30 days prior to a public hearing. The public hearing must be held prior to the vote by City Council.

A7. City Council Meeting for Utility Ordinance and Fee Schedule Adoption

FNI will attend up to two City Council meetings when the Stormwater Utility Ordinance and Fee Schedule are scheduled to be considered for adoption. FNI will be available upon request from the City staff to address Council or community questions about the Ordinance and/or Fee Schedule. Each public hearing can be held immediately prior to the Council vote.

A8. Stormwater Utility Report

FNI will deliver a report that documents the basis and approach for the development of the City's stormwater utility fee update. FNI will provide the City with up to three hard copies and one electronic file of the draft stormwater utility report upon completion of the project. Upon receipt of the City's final comments, FNI will finalize the report and deliver up to five hard copies and one electronic file to the City.

PHASE B – ROADWAY USER FEE FEASIBILITY STUDY**B1. Identification of Policies and Goals**

FNI will meet with the City to discuss key policy issues for the creation of the Roadway User Fee. The following policy issues will be discussed at the initial meeting to discuss and finalize the methodological approach for the development of the Roadway User Fee.

- a) Identification of system users expected to receive assessment
- b) Approach to assessing fee to individual properties
- c) Fee structure
- d) Exemptions
- e) Appeals policy

B2. Data Compilation

This effort will be limited to existing, available information. FNI will collect and integrate into a GIS database the following information, as available:

- a) Existing parcel information from the City and/or Collin County Appraisal District.
- b) Current utility billing records
- c) Building development area from Appraisal District data or other existing GIS data approved by the City
- d) Land use data from the City, Collin County Appraisal District, North Central Texas Council of Governments, and FNI's internal files
- e) Roadway network use estimation – FNI will utilize the information in the land use vehicle-mile equivalency table (LUVMET) prepared as part of the 2021 Celina Roadway Impact Fee Update as a basis for estimating roadway network use for each developed property.

B3. Roadway User Fee Rate Model

FNI will develop a Roadway User Fee Model based on the information gathered in the previous tasks to aid in the creation of rate and rate structure options. FNI will meet with the City to identify the key variables that should be considered in the development of rate and rate structure options. Each model option will assume a single rate for each single family residential property, and other rates for properties with other land uses will be determined based on a combination of the data collected in the previous tasks. Options will include:

- a) Basis for classification of travel characteristics
- b) Fee structure
- c) Rates (Residential and non-residential fee options) by classification and/or tier

FNI will meet up to two times with City staff to discuss and refine the fee structure options, and based on meeting input from the City staff, FNI will finalize the three fee rate options for potential consideration by City Council.

B4. Roadway User Fee Technical Memorandum

FNI will prepare a final technical memorandum that documents the basis and approach for the development, implementation and maintenance of the City's Roadway User Fee. FNI will provide the City with five hard copies and one electronic file of the draft Roadway User Fee memo upon completion of the project. Upon receipt of the City's final comments, FNI will finalize the memo and deliver five hard copies and one electronic file to the City.

B5. Staff Presentations/City Council Briefings

FNI will present up to two times to staff and/or City Council on the Roadway User Fee evaluation and recommendations, in coordination with City staff, including Council consideration of an Ordinance and Fee Schedule for adoption.

FNI will support the City in the development of a draft Roadway User Fee ordinance and fee schedule for Council adoption. The City will be responsible for all public outreach, required noticing and publishing of public noticing consistent with state and/or local requirements.

ADDITIONAL STORMWATER UTILITY FEE REVIEW SERVICES

Upon request of the City, FNI will provide the following services to support the development and successful implementation of a Stormwater Utility Fee. Unless specifically requested in writing by the City for FNI to provide assistance, FNI understands the following activities will be the sole responsibility of the City.

A9. Public Involvement *(options can be considered separately or together)***OPTION A9a. Public Outreach Content**

FNI will develop up to two instances of informational content to be distributed to the community through the City's preferred mechanisms of communication. The content will provide information to educate the community about the need for and benefit of proper stormwater management, the equitable nature of funding this service through a stormwater utility fee, and the proposed fee

structure adjustments recommended for approval by City Council to improve equitability. This information will be provided to the City in an electronic format for delivery by the City in its preferred method. The City will be responsible for the logistics and cost of distributing the information.

OPTION A9b. Stormwater Management Website

FNI will develop a stormwater management website for the community to learn about current activities, needed activities, and funding options to address both in the long term. The website will be developed as a stand-alone site linked from the City's web site.

OPTION A9c. Town Hall Meeting

FNI will conduct one town hall meeting at a location selected by City staff to educate the community about stormwater management services and needs, to present proposed revisions to the fee structure, and to collect public input. The City will be responsible for securing a location for each meeting and providing seating for attendees. FNI will provide presentation equipment, note boards, comment forms, handouts, and light refreshments.

OPTION A9d. Stakeholder Committee

FNI will facilitate up to six stakeholder committee meetings at a location selected by City staff. Through the facilitation, FNI will educate the committee about stormwater management services and needs, present funding options, collect input, and provide technical feedback to assist in the goal of achieving committee consensus for a stormwater funding recommendation for City Council consideration. The City will be responsible for the selection of the stakeholder committee members and coordination of meeting times and location with the committee. FNI will provide presentation equipment, note boards, comment forms, handouts, and light refreshments.

A10. On-call Assistance

FNI will provide on-call implementation assistance to help the City initiate billing, proactively address key stakeholder concerns, respond to community questions, and other related activities requested by the City.

ADDITIONAL ROADWAY USER FEE FEASIBILITY STUDY SERVICES

Upon request of the City, FNI will provide the following services to support the development and successful implementation of a Roadway User Fee. Unless specifically requested in writing by the City for FNI to provide assistance, FNI understands the following activities will be the sole responsibility of the City.

B6. Public Involvement

a) Public Outreach

Develop up to two mailers and/or social media postings to be distributed to the City of Celina community. The mailers/postings will provide information to educate the community about the need for and benefit of proper pavement management, the equitable nature of funding this service through a Roadway User Fee, and the proposed fee recommended for approval by City Council. This information will be provided to the City in an electronic format for printing as a

utility bill insert, separate mailer, handout, or social media posting. The City will be responsible for the logistics and cost of printing and distributing the information.

b) Roadway User Fee Web Site

Develop a transportation management web site for the College Station community to learn about current activities, needed activities, and funding options to address both in the long term. The web site will be developed as a stand-alone site linked from the City's web site.

c) Town Hall Meeting

Provide technical support to the City for public meetings to educate the community about pavement management and needs, to present funding recommendations, and to collect public input. The City will be responsible for securing a location for each meeting and providing seating for attendees. The City will provide presentation equipment, note boards, comment forms, handouts, and light refreshments. FNI will support with the development of a PowerPoint presentation discussing the methodological approach to the development of the Roadway User Fee, the framework for fee structuring and program implementation.

B7. Roadway User Fee Utility Billing Integration

FNI will coordinate with City staff to integrate the Roadway User Fee data developed in GIS into the City's utility billing system. FNI will utilize the City's unique identifiers for each property to allow for ongoing maintenance of the appropriate Roadway User Fee between the City's GIS and utility billing system. FNI will provide the City with an electronic tabular dataset of records for upload by the City into the City's utility billing system. FNI will participate in up to two meetings with the City's utility billing representatives (staff and/or vendor) to coordinate the data transfer process.

B8. Roadway User Fee Maintenance Methodology, Inquiry/Appeals Process, Billing Audits

FNI will meet up to two times with City staff to develop a data integration approach for ongoing maintenance of the roadway maintenance fee billing dataset to account for new development and redevelopment activities, to process customer inquiries and appeals, and to conduct regular system audits for billing accuracy and revenue collection efficiency. FNI will provide workflows and procedures for each methodology.

B9. On-call Assistance

FNI will provide on-call implementation assistance to help the City initiate billing, proactively address key stakeholder concerns, respond to community questions, and other related activities requested by the City.

TIME OF COMPLETION

This scope of services contains options that affect the schedule to completion. The scope generally can be completed in 6 to 9 months, depending the various options selected.

Memorandum

To: **Honorable Mayor Tubbs and the Celina City Council**
 From: Kim Brawner, Assistant City Manager
 CC: Karla Stovall, Interim City Manager
 Date: August 8, 2023
 Re: Impact Fee Agreement for E. Glendenning Parkway dedication

Action Requested:

Consider and act to authorize the Interim City Manager to execute an agreement by and between the City of Celina and Frostfire Terra, LLC., for right-of-way dedication and impact fee credit. (Brawner)

Background Information:

In 2021, the City of Celina entered into a Development Agreement with Wynne/Jackson for the property known as Hillside Village. As part of this agreement, the City agreed to secure the right-of-way dedication for the Glendenning Parkway Improvements. The City secured the right-of-way for Glendenning Parkway before the property was subdivided in February 2023. After the ROW was secured, the developer's engineer determined that additional easement and/or right of way would be necessary to accommodate the large drainage from the Hillside Village development. The City worked with the new property owner to secure the additional ROW. The Developer requested impact fee credits in lieu of cash payment. This agreement fulfills the City's obligation related to Hillside Village Developers Agreement.

Alternatives:

Council could chose to not approve.

This Agreement (the “Agreement”) is made and entered by and between the City of Celina, a home-rule municipality (the “City”), and Frostfire Terra, LLC, a Texas limited liability company (“Owner”) (each, a “Party” and, collectively, the “Parties”).

RECITALS

WHEREAS, Owner owns approximately 12.32 acres of land in the City of Celina, Collin County, Texas, generally located near the northeast corner of Glendenning Parkway and Preston Road as depicted and described by metes and bounds in Exhibit A, attached hereto and incorporated herein (the “Subject Property”), a portion of which property is in the proposed alignment for improvements to Glendenning Parkway; and

WHEREAS, the portion of the Subject Property that is part of the proposed alignment for Glendenning Parkway consists of 32,537 square feet of land (1.121 acres) described by metes and bounds in Exhibit B, attached hereto and incorporated herein (the “Glendenning Right-of-Way”); and

WHEREAS, the City has requested that Owner dedicate the land for the Glendenning Right-of-Way for the improvement and operation of Glendenning Parkway; and

WHEREAS, dedication by Owner to the City of the Glendenning Right-of-Way will facilitate improvement of Glendenning Parkway and development of the Subject Property; and

WHEREAS, it is in the best interests of the City and its citizens to encourage dedication of land by Owner for improvement of Glendenning Parkway; and

WHEREAS, in accordance with Chapter 10 “Subdivision Regulation”, Article 10.02 “Impact Fees”, Division 2 “Water and Wastewater Facilities” of the City’s Code of Ordinances (the “Impact Fees Ordinance”), the Property shall be assessed water and wastewater impact fees upon application of a building permit (“Water and Wastewater Impact Fees”); and

WHEREAS, pursuant to Chapter 395, Texas Local Government Code (“Chapter 395”), the Parties now desire to enter into this Agreement to provide for the terms by which the Developer shall pay Water and Wastewater Impact Fees and receive reductions in consideration of the Glendenning Right-of-Way.

NOW, THEREFORE, in consideration of the promises, covenants and agreements set forth in this Agreement, the receipt of which are hereby acknowledged, the City and Owner agree as follows:

1. Right-of-Way Dedication and Effective Date. This Agreement will be effective upon execution by Owner of the Glendenning Right-of-Way to the City by special warranty deed free and clear of all liens and encumbrances (“Deed”)(the “Effective Date”). Notwithstanding anything to the contrary in this Agreement, this Agreement shall automatically terminate, be *void ab initio* and shall be of no further force or effect if the Effective Date does not occur within twelve (12) months of the date this Agreement is recorded in the real property records of Collin County, Texas.

2. Right-of-Way Reimbursement. Subject to fulfillment of all the obligations in this Agreement, Owner shall be compensated for dedicating the Glendenning Right-of-Way to the City by receiving reimbursements of Water and Wastewater Impact Fees collected from the Subject Property up to the amount of fifty percent (50%) of the Water and Wastewater Impact Fees collected from the Subject Property upon issuance of a building permit (the “Right-of-Way Reimbursement”); provided that in no event shall the Right-of-Way Reimbursement exceed the appraised value of the land for the Glendenning Right-of-Way at the time of dedication. The Right-of-Way Reimbursement is not transferable to other property or for reimbursement for other impact fees due on the Subject Property. The Water and Wastewater Impact Fees due on the Subject Property will be paid according to the Water and Wastewater Impact Fees Ordinance, as amended. The City will deliver to Owner or its assignees, if any, on a quarterly basis, an amount equal to all Water and Wastewater Impact Fees collected by the City for the Subject Property and an accounting thereof. Such payments shall be delivered in accordance with the notice provisions set out in Section 7.

3. Effect of Reverter of Ownership of Glendenning Right-of-Way to Owner. Following conveyance by Owner, should ownership of all or a portion of the Glendenning Right-of-Way revert to the Owner, whether under the Deed, a reversionary agreement, or other instrument with any third party, regarding, in any way, the Glendenning Right-of-Way, or a portion thereof, Right-of-Way Reimbursements provided pursuant to this Agreement shall, without notice and/or other action of the Parties, be immediately recalculated by removing the reverted-property to get the new total Right-of-Way Reimbursement owed to Owner (the “Recalculated Right-of-Way Reimbursement”)(i.e., if a reversion of a portion of the Glendenning Right-of-Way reduces the value of dedicated land to an amount below the Right-of-Way Reimbursement, the Right-of-Way Reimbursement shall be recalculated to the Recalculated Right-of-Way Reimbursement amount, such that the City’s reimbursements never exceed the value of dedicated land for Glendenning Right-of-Way). Should the Recalculated Right-of-Way Reimbursement be less than the total Right-of-Way Reimbursements paid by the City to Owner as of the date of the reverter, then Owner shall refund to City the difference between the Recalculated Right-of-Way Reimbursement amount and the total Right-of-Way Reimbursement payments made by City under this Agreement (the “Excess Reimbursement”) within thirty (30) days of the effective date of the reverter.

4. Limitations of Agreement. City and the Owner acknowledge and agree this Agreement is limited to the obligations created by the Water and Wastewater Impact Fees

Ordinance, as it may be amended, for Water and Wastewater Impact Fees only. City ordinances covering impact fees for roadways, property taxes, park dedication and/or payment in lieu of dedication of land, utility rates and the like are not affected by this Agreement.

5. Default. In the event the Owner fails to timely pay any Excess Reimbursement to the City, the City may withhold building permits for the Subject Property, file a lien or encumbrance against the Subject Property for the amount due in the real property records of Collin County, Texas, and/or seek specific performance of this Agreement, as its sole and exclusive remedies for such failure. In the event City fails to comply with the terms and conditions of this Agreement, the Owner or any successor owner of the Subject Property may seek specific enforcement of this Agreement as its sole and exclusive remedy. For purposes of enforcing the sole remedy in this Agreement, City waives its immunity from suit.

6. Covenant Running with Land. This Agreement shall be a covenant running with the land and shall be recorded in the real property records of Collin County, Texas.

7. Notices. Any notice provided or permitted to be given under this Agreement must be in writing and may be served by depositing same in the United States mail, addressed to the party to be notified, postage prepaid and registered or certified with return receipt requested, or by delivering the same in person to such party via a hand-delivery service, Federal Express or any courier service that provides a return receipt showing the date of actual delivery of same to the addressee thereof. Notice given in accordance herewith shall be effective upon receipt at the address of the addressee. For purposes of notice, the addresses of the Parties shall be as follows:

If to Owner:

If to City:

City of Celina
142 N. Ohio St.
Celina, TX 75009
Attn: City Manager

With a copy to:

Attn: Julie Fort
Messer & Fort, PLLC
6371 Preston Road, Suite 200
Frisco, Texas 75034

The Parties may change the information set forth below by sending notice of such changes to the other Party as provided in this Section 7.

8. Miscellaneous.

(a) Except as expressly provided for in this Agreement or in other agreements entered into by Owner and the City, Owner shall be subject to all City ordinances and regulations,

including, without limitation, City ordinances covering impact fees, property taxes, park dedication and/or payment in lieu of dedication of land, building codes, and utility rates, provided however, Owner does not waive any rights under Chapters 43, 245 or 395 by execution of this Agreement.

(b) This Agreement contains the entire agreement of the Parties with respect to the matters contained herein and may not be modified or terminated except upon the mutual written agreement of the Parties.

(c) This Agreement shall be construed in accordance with the laws of the State of Texas and shall be performable in Collin County, Texas. Exclusive venue shall be in state district court in Collin County, Texas.

(d) This Agreement may be executed in a number of identical counterparts, each of which shall be deemed an original for all purposes.

(e) The City represents and warrants that this Agreement has been approved and duly adopted by the City Council in accordance with all applicable public notice requirements (including, but not limited to, notices required by the Texas Open Meetings Act), that the individual executing this Agreement on behalf of the City has been duly authorized to do so, and that this Agreement is binding upon, and enforceable against, the City and all future City officials, officers, employees, representatives and agents in accordance with its terms and conditions. Owner represents and warrants that this Agreement has been approved by appropriate action of Owner, that the individual executing this Agreement on behalf of Owner has been duly authorized to do so, and that this Agreement is binding upon, and enforceable against, Owner and Assignees and all officers, employees, representatives, and agents in accordance with its terms and conditions.

(f) This Agreement shall be binding upon and inure to the benefit of the Parties and their respective heirs, executors, administrators, legal representatives, successors and assigns, as allowed herein.

(g) This Agreement, and any right, title, or interest of Owner under this Agreement, including without limitation the right to receive Right-of-Way Reimbursements is assignable, in whole or in part, and any assignee (each, an “Assignee”) becomes the Owner under this Agreement for all purposes to the extent of such assignment, upon satisfaction of the following conditions:

(i) The assignment of the Agreement, in whole or in part, shall be evidenced by a written assignment filed by Owner in the Collin County property records;

(ii) The assignment shall state that the Assignee will be bound by this Agreement and that the assignor will be released as to the right, title or interest assigned; and

(iii) Owner shall provide the City with a copy of the recorded assignment, the name, address, phone number, fax number and the name of a contact person for the Assignee, and a description of the portion of the Subject Property for which the right to receive Right-of-Way Reimbursements has been assigned, if applicable.

(h) In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision hereof, and this Agreement shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

(i) Each signatory represents that this Agreement has been read by the Party by whom this Agreement is executed and that such Party has had an opportunity to confer with its counsel.

(j) This Agreement shall be deemed drafted equally by all Parties hereto. The language of all parts of this Agreement shall be construed as a whole according to its fair meaning, and any presumption or principle that the language herein is to be construed against any party shall not apply. Headings in this Agreement are for the convenience of the Parties and are not intended to be used in construing this Agreement.

(k) This Agreement shall terminate on the earlier of: (a) reimbursement by Owner in full for the Right-of-Way Reimbursement; or (ii) the fiftieth anniversary of the Effective Date.

(l) Neither Party shall be in default under this Agreement until written notice of such Party's alleged failure to perform has been given to such Party (including a description of the alleged failure) and until such Party has had a reasonable opportunity to cure the alleged failure (taking into consideration the nature and extent of the alleged failure, but in no event less than 30 days after the notice is given). If either Party is in default under this Agreement, the other Party has the right to enforce the terms of this Agreement by specific performance or by other remedies available to the other Party. The prevailing Party to any dispute arising out of the enforcement of this Agreement shall be entitled to recover from the losing Party reasonable attorney's fees, expenses, and costs.

(m) The following exhibits attached to this Agreement are incorporated as part of this Agreement for all purposes:

Exhibit A	Subject Property
Exhibit B	Legal Description of Glendenning Right-of-Way

IN WITNESS WHEREOF, the Parties have executed this Agreement and caused this Agreement to be effective on the Effective Date.

GENERAL NOTES:

- All corners are one-half inch iron rods with yellow cap stamp "Bohler Eng." unless otherwise noted.
- The basis of bearing is derived from the Texas AllTerra RTKnet Cooperative Network - Texas State Plane Coordinate System, North Central Zone (4202), NAD83. Elevations, if shown, are derived from North American Vertical Datum (NAVD) 88 using GEIOD12A.
- Notice-Setting a portion of this addition by metes and bounds is a violation of City ordinance and State law and is subject to fines and withholding of utilities and building permits.
- All lots comply with the minimum size requirements of the zoning district.
- This property may be subject to charges related to impact fees and the applicant should contact the City regarding any applicable fees due.
- This plat does not alter or remove existing deed restrictions, if any, on this property.
- Minimum finished floor elevations are at least 2 feet above the 100 year flood plain.
- The subject property does not lie within a 100-year flood plain according to Community Panel No. 4805C0120J, dated June 02, 2009, of the National Flood Insurance Rate Maps for Collin County, Texas.
- No overhead utilities are permitted on the subject property.
- All parking spaces required of new development shall be reserved for general public use by businesses, both on-site and adjacent.
- The purpose of the Conveyance Plat is to provide for its legal conveyance without developing the subject property and for land recordation functions only. Approval and the subsequent filing of this Conveyance Plat does not constitute approval of any type of development on the subject property, as no building or development permits shall be issued, nor permanent utility services provided, for land that has only received approval as a Conveyance Plat.

City of Celina, Texas

Memorandum

To: **Honorable Mayor Tubbs and the Celina City Council**
From: Dusty McAfee AICP, Director of Development Services
CC: Karla Stovall, Interim City Manager
Date: August 8, 2023
Re: Downtown Modular Office - Development Agreement

Action Requested:

Consider and act upon a Development Agreement between the City of Celina and The Rodarmer Family Revocable Living Trust; generally located at the southeast corner of Ohio Street and Walnut Street, within the City Limits. (Downtown Modular Office – DA) (McAfee)

Applicant:

Jill Rodarmer
PO Box 670
Tioga, TX 76271

Background Information:

The property is approximately one acre within the City Limits. A tenant of the existing building desires to utilize a temporary, on-site modular for additional office space until a new, permanent office suite can be secured. Please refer to the attached document for further information.

Staff Recommendation:

Staff recommends approval.

FACILITIES AGREEMENT

This Facilities Agreement (this "Agreement") is entered into by and between The Rodarmer Family Revocable Living Trust, through its Trustees Paul Rodarmer and Nora Jill Rodarmer, (the "Owner") and the City of Celina (the "City"), to be effective on the date upon which the last of all of the Parties has approved and duly executed this Agreement ("Effective Date").

RECITALS

WHEREAS, certain capitalized terms used herein are defined in Article I; and

WHEREAS, the City is a home-rule municipality of the State of Texas located within Denton County and Collin County; and

WHEREAS, the Owner and the City (which are sometimes individually referred to as a "Party" and collectively as the "Parties") desire to enter into this Agreement; and

WHEREAS, on the date the City Council voted to approve this Agreement, Owner owns 0.170 acres of land, generally located at 222 W. Walnut St., which lies within the corporate limits of the City, and within Collin County, Texas and is described on **Exhibit A** and depicted in **Exhibit B** (the "Property"); and

WHEREAS, the Owner intends to install a temporary modular building on the Property, which does not comply with current City Regulations (as hereinafter defined) of the Property ("Facility"), while searching for a separate permanent site; and

WHEREAS, the City intends to allow the Facility on a temporary basis, and the Parties intend for this Agreement to establish certain restrictions, timelines, and commitments in connection with use of the Facility; and

WHEREAS, the Parties intend for the Property to be developed in a manner consistent with the City's zoning requirements and building code requirements, except as otherwise provided herein; and

WHEREAS, the City and the Owner agree that the Facility can best proceed pursuant to an agreement such as this Agreement.

NOW, THEREFORE, for and in consideration of the mutual covenants of the Parties set forth in this Agreement and for other good and valuable consideration, the receipt and adequacy of which are acknowledged, the Parties agree as follows:

ARTICLE I GENERAL TERMS AND DEFINITIONS

1.1 Definitions. Unless the context requires otherwise, the following terms shall have the meanings hereinafter set forth:

Agreement is defined in the introductory paragraph.

City is defined in the introductory paragraph.

City Assignee is defined in Section 6.2.

City Council means the city council of the City.

City Regulation(s) means any ordinance, rule, regulation, standard, policy, order, guideline, master plans, or other City-adopted or City-enforced requirement, as amended and adopted by the City for uniform application throughout the corporate limits, and as are applicable to the Facility.

Claims is defined in Section 3.2(a).

Concept Plan shall have the meaning set forth in Section 2.2.

Effective Date is the date in the introductory paragraph.

Facility is defined in the Recitals.

Indemnified Party is defined in Section 3.2(a).

Owner is defined in the introductory paragraph.

Owner Assignee is defined in Section 6.1(a).

Parties means the Owner and the City.

Party means the Owner or the City.

Property is defined in the Recitals.

Term shall have the meaning provided in Section 4.1.

ARTICLE II **DEVELOPMENT REGULATIONS**

2.1 Full Compliance with City Standards. Development of the Facility, shall be subject to applicable City Regulations, except as otherwise provided herein.

2.2 Facility Regulations. The Facility shall be constructed in accordance with the Concept Plan depicted in **Exhibit C**, attached hereto and incorporated herein for all purposes (the “Concept Plan”), and the following development standards while the temporary Facility is open, with such allowed Facility to end no later than two (2) years from the Effective Date:

- (a) Temporary modular building as depicted in the Concept Plan; and

- (b) 8' tall enhanced fence (cedar, board-on-board, with decorative cap, metal posts on inside) parallel to roadway.

ARTICLE III

DEVELOPMENT PROCESS AND CHARGES

3.1 **Development Fees.** Development of any portion of the Property shall be subject to payment to the City of the applicable fees according to the City Regulations, including without limitation, impact fees, tap fees, technology fees, permit fees, development, inspection fees, and any other charges and fees not expressly exempted or altered by the terms of this Agreement.

3.2 **INDEMNIFICATION AND HOLD HARMLESS.**

(a) **THE OWNER AND ITS SUCCESSORS AND ASSIGNS SHALL INDEMNIFY AND HOLD HARMLESS THE CITY, ITS OFFICIALS, EMPLOYEES, OFFICERS, REPRESENTATIVES AND AGENTS (EACH AN "INDEMNIFIED PARTY"), FROM AND AGAINST ALL ACTIONS, DAMAGES, CLAIMS, LOSSES OR EXPENSE OF EVERY TYPE AND DESCRIPTION TO WHICH THEY MAY BE SUBJECTED OR PUT: (I) BY REASON OF, OR RESULTING FROM THE BREACH OF ANY PROVISION OF THIS AGREEMENT BY THE OWNER; (II) THE OWNER'S NONPAYMENT UNDER CONTRACTS BETWEEN THE OWNER AND ITS CONSULTANTS, ENGINEERS, ADVISORS, CONTRACTORS, SUBCONTRACTORS AND SUPPLIERS; (III) ANY CLAIMS OF PERSONS EMPLOYED BY THE OWNER OR ITS AGENTS TO CONSTRUCT THE FACILITY; OR (IV) ANY CLAIMS AND SUITS OF THIRD PARTIES, INCLUDING BUT NOT LIMITED TO OWNER'S RESPECTIVE PARTNERS, OFFICERS, DIRECTORS, EMPLOYEES, REPRESENTATIVES, AGENTS, SUCCESSORS, ASSIGNEES, VENDORS, GRANTEES, AND/OR TRUSTEES, REGARDING OR RELATED TO CONSTRUCTING THE FACILITY OR ANY AGREEMENT OR RESPONSIBILITY REGARDING THE FACILITY, INCLUDING CLAIMS AND CAUSES OF ACTION WHICH MAY ARISE OUT OF THE PARTIAL NEGLIGENCE OF AN INDEMNIFIED PARTY (THE "CLAIMS"). NOTWITHSTANDING THE FOREGOING, NO INDEMNIFICATION IS GIVEN HEREUNDER FOR ANY ACTION, DAMAGE, CLAIM, LOSS OR EXPENSE DETERMINED BY A COURT OF COMPETENT JURISDICTION TO BE DIRECTLY ATTRIBUTABLE TO THE WILLFUL MISCONDUCT OR SOLE NEGLIGENCE OF ANY INDEMNIFIED PARTY. OWNER IS EXPRESSLY REQUIRED TO DEFEND CITY AGAINST ALL SUCH CLAIMS, AND CITY IS REQUIRED TO REASONABLY COOPERATE AND ASSIST OWNER IN PROVIDING SUCH DEFENSE.**

(b) **IN ITS REASONABLE DISCRETION, CITY SHALL HAVE THE RIGHT TO APPROVE OR SELECT DEFENSE COUNSEL TO BE RETAINED BY OWNER IN FULFILLING ITS OBLIGATIONS HEREUNDER TO DEFEND AND INDEMNIFY THE INDEMNIFIED PARTIES, UNLESS SUCH RIGHT IS EXPRESSLY WAIVED BY CITY IN WRITING. THE INDEMNIFIED PARTIES RESERVE THE RIGHT TO PROVIDE A PORTION OR ALL OF THEIR/ITS OWN DEFENSE, AT THEIR/ITS SOLE COST; HOWEVER, INDEMNIFIED PARTIES ARE UNDER NO OBLIGATION TO DO SO. ANY SUCH ACTION BY AN INDEMNIFIED PARTY IS NOT TO BE CONSTRUED AS A WAIVER OF OWNER'S OBLIGATION TO DEFEND INDEMNIFIED PARTIES OR AS A WAIVER OF OWNER'S OBLIGATION TO INDEMNIFY INDEMNIFIED PARTIES PURSUANT TO THIS AGREEMENT. OWNER SHALL RETAIN CITY-APPROVED DEFENSE COUNSEL WITHIN SEVEN BUSINESS DAYS OF WRITTEN NOTICE FROM AN INDEMNIFIED PARTY THAT IT IS INVOKING ITS RIGHT TO INDEMNIFICATION UNDER THIS AGREEMENT. IF OWNER FAILS TO RETAIN COUNSEL WITHIN SUCH TIME PERIOD, INDEMNIFIED PARTIES SHALL HAVE THE RIGHT TO RETAIN DEFENSE COUNSEL ON THEIR OWN BEHALF, AND**

OWNER SHALL BE LIABLE FOR ALL REASONABLE COSTS INCURRED BY INDEMNIFIED PARTIES. THE CITY AGREES, UNLESS ADVISED BY DEFENSE COUNSEL TO THE CONTRARY, TO ASSERT ITS IMMUNITY FROM LIABILITY AND IMMUNITY FROM SUIT AND/OR OTHER AVAILABLE AFFIRMATIVE DEFENSES

(c) **THIS SECTION 3.2 SHALL SURVIVE THE TERMINATION OF THIS AGREEMENT.**

(d) **THE PARTIES AGREE AND STIPULATE THAT THIS INDEMNIFICATION AND THE EXPRESS NEGLIGENCE TEXT COMPLIES WITH THE CONSPICUOUSNESS REQUIREMENT, AND IS VALID AND ENFORCEABLE AGAINST THE OWNER.**

3.3 THE OWNER'S ACKNOWLEDGEMENT OF THE CITY'S COMPLIANCE WITH FEDERAL AND STATE CONSTITUTIONS, STATUTES AND CASE LAW AND FEDERAL, STATE AND LOCAL ORDINANCES, RULES AND REGULATIONS/OWNERS' WAIVER AND RELEASE OF CLAIMS FOR OBLIGATIONS EXPRESSLY SET FORTH IN THIS AGREEMENT.

(a) **THE OWNER ACKNOWLEDGES AND AGREES THAT, PROVIDED THERE ARE NO CITY DEFAULTS UNDER THIS AGREEMENT:**

(i) **THE REQUIREMENTS EXPRESSLY SET FORTH IN THIS AGREEMENT, AND THE FEES TO BE IMPOSED BY THE CITY PURSUANT TO THIS AGREEMENT, REGARDING THE PROPERTY, IN WHOLE OR IN PART, DO NOT CONSTITUTE A:**

(A) **TAKING UNDER THE TEXAS OR UNITED STATES CONSTITUTION;**

(B) **VIOLATION OF THE TEXAS LOCAL GOVERNMENT CODE, AS IT EXISTS OR MAY BE AMENDED;**

(C) **VIOLATION OF ANY APPLICABLE ROUGH PROPORTIONALITY REQUIREMENTS; AND/OR**

(C) **NUISANCE.**

(b) **THIS SECTION 3.3 SHALL SURVIVE THE TERMINATION OF THIS AGREEMENT.**

ARTICLE IV **TERM**

4.1 **Term.** The term of this Agreement shall begin on the Effective Date and end two (2) years thereafter (the "**Term**"). Before the end of the Term, the Facility shall be removed from the Property.

4.2 **Term Extension.** Owner may request an extension of the Term for up to one (1) year in writing to the City Manager of the City. Owner shall include in the request a plan for transferring operations at the Facility to a permanent site, including but not limited to, updates regarding real estate options or contracts and a timeline. Owner understands and agrees that a material inducement for the City to enter into this Agreement was the Owner's intentions of a temporary modular building on the Property, while searching for a permanent site.

ARTICLE V

EVENTS OF DEFAULT; REMEDIES

5.1 Events of Default. No Party shall be in default under this Agreement until notice of the alleged failure of such Party to perform has been given in writing (which notice shall set forth in reasonable detail the nature of the alleged failure) and until such Party has been given a reasonable time to cure the alleged failure (such reasonable time to be determined based on the nature of the alleged failure, but in no event more than thirty (30) days after written notice of the alleged failure has been given). Notwithstanding the foregoing, no Party shall be in default under this Agreement if, within the applicable cure period, the Party to whom the notice was given begins performance and thereafter diligently and continuously pursues performance until the alleged failure has been cured and within such 30-day period gives written notice to the non-defaulting Party of the details of why the cure will take longer than 30 days with a statement of how many days are needed to cure.

5.2 Remedies.

(a) If a Party is in default, the aggrieved Party may, at its option and without prejudice to any other right or remedy under this Agreement, seek any relief available at law or in equity, including, but not limited to, an action under the Uniform Declaratory Judgment Act, or actions for specific performance, mandamus, or injunctive relief. NOTWITHSTANDING THE FOREGOING, HOWEVER, NO DEFAULT UNDER THIS AGREEMENT SHALL ENTITLE THE AGGRIEVED PARTY TO TERMINATE THIS AGREEMENT OR LIMIT THE TERM OF THIS AGREEMENT.

(b) City's Remedies. In the event that the Owner continues to operate the Facility on the Property beyond the deadline set out in Article IV, the Owner shall pay \$1,000 to the City each day that the Facility operates on the Property thereafter.

ARTICLE VI

ASSIGNMENT AND ENCUMBRANCE

6.1 Assignment by Owner to Successors.

(a) The Owner has the right (from time to time without the consent of the City, but upon prior written notice to the City) to assign this Agreement, in whole or in part, and including any obligation, right, title, or interest of the Owner under this Agreement, to any person or entity (an "Owner Assignee") that (i) is or will become an owner of any portion of the Property or (ii) is controlled by or under common control by the Owner and becomes an owner of any portion of the Property, provided that the Owner is not in breach of this Agreement at the time of such assignment. A Owner Assignee is considered the "Owner" and a "Party," under this Agreement for purposes of the obligations, rights, title, and interest assigned to the Owner Assignee. Notice of each proposed assignment to a Owner Assignee shall be provided to the City at least fifteen (15) days prior to the effective date of the assignment, which notice shall include a copy of the proposed assignment document together with the name, address, telephone number, and e-mail address (if available) of a contact person representing the Owner Assignee.

(b) Each assignment shall be in writing executed by the Owner and the Owner Assignee and shall obligate the Owner Assignee to be bound by this Agreement to the extent this Agreement applies or relates to the obligations, rights, title, or interests being assigned. A copy of each fully executed assignment to a Owner Assignee shall be provided to all Parties within fifteen (15) days after execution. From and after such assignment, the City agrees to look solely to the Owner Assignee for the performance of all obligations assigned to the Owner Assignee and agrees that the Owner shall be released from subsequently performing the assigned obligations and from any liability that results from the Owner Assignee's failure to perform the assigned obligations; provided, however, if a copy of the assignment is not received by the City within 15 days after execution, Owner shall not be released until the City receives such copy of the assignment.

(c) No assignment by Owner shall release Owner from any liability that resulted from an act or omission by Owner that occurred prior to the effective date of the assignment unless the City approves the release in writing.

(d) The Owner shall maintain written records of all assignments made to Owner Assignees, including a copy of each executed assignment and the Owner Assignee's Notice information as required by this Agreement, and, upon written request from another Party, shall provide a copy of such records to the requesting person or entity.

6.2 Assignment by the City. The City has the right (from time to time without the consent of another Party, but upon prior written Notice to each other Party) to assign this Agreement, in whole or in part, and including any obligation, right, title, or interest of the City under this Agreement, to any agency, authority, or political subdivision of the state (a "City Assignee"). Notice of each proposed assignment to a City Assignee shall be provided to each other Party at least 15 days prior to the effective date of the assignment, which Notice shall include a copy of the proposed assignment document together with the name, address, telephone number, and e-mail address of a contact person representing the City Assignee who the other Party may contact for additional information. Each assignment shall be in writing executed by the City and the City Assignee and shall obligate the City Assignee to be bound by this Agreement to the extent this Agreement applies or relates to the obligations, rights, title, or interests being assigned. A copy of each fully executed assignment to a City Assignee shall be provided to all Parties within 15 days after execution. From and after such assignment, all Parties agree to look solely to the City Assignee for the performance of all obligations assigned to the City Assignee and agrees that the City shall be released from subsequently performing the assigned obligations and from any liability that results from the City Assignee's failure to perform the assigned obligations; provided, however, if a copy of the assignment is not received by the other Parties within 15 days after execution, the City shall not be released until the other Parties receive such copy of the assignment. No assignment by the City shall release the City from any liability that resulted from an act or omission by the City that occurred prior to the effective date of the assignment unless the other Parties approve the release in writing. The City shall maintain written records of all assignments made by the City to City Assignees, including a copy of each executed assignment and the City Assignee's Notice information as required by this Agreement, and, upon written request from another Party, shall provide a copy of such records to the requesting person or entity.

6.3 Collateral Assignments. The Owner and Owner Assignees have the right, from time to time, to collaterally assign, pledge, grant a lien or security interest in, or otherwise

encumber any of their respective rights, title, or interest under this Agreement for the benefit of their respective lenders without the consent of, but with prompt written Notice to, the City. The collateral assignment, pledge, grant of lien or security interest, or other encumbrance shall not, however, obligate any lender to perform any obligations or incur any liability under this Agreement unless the lender agrees in writing to perform such obligations or incur such liability. Provided the City has been given a copy of the documents creating the lender's interest, including Notice (hereinafter defined) information for the lender, then that lender shall have the right, but not the obligation, to cure any default under this Agreement and shall be given a reasonable time to do so in addition to the cure periods otherwise provided to the defaulting Party by this Agreement; and the City agrees to accept a cure offered by the lender as if offered by the defaulting Party. A lender is not a Party to this Agreement unless this Agreement is amended, with the consent of the lender, to add the lender as a Party. Notwithstanding the foregoing, however, this Agreement shall continue to bind the Property and shall survive any transfer, conveyance, or assignment occasioned by the exercise of foreclosure or other rights by a lender, whether judicial or non-judicial. Any purchaser from or successor owner through a lender of any portion of the Property shall be bound by this Agreement and shall not be entitled to the rights and benefits of this Agreement with respect to the acquired portion of the Property until all defaults under this Agreement with respect to the acquired portion of the Property have been cured.

6.4 Assignees as Parties. An assignee authorized in accordance with this Agreement and for which notice of assignment has been provided in accordance with this Agreement shall be considered a "Party" for the purposes of this Agreement. Any person or entity upon becoming an owner of land or upon obtaining an ownership interest in any part of the Property shall be deemed to be a "Owner" and have all of the obligations of the Owner as set forth in this Agreement and all related documents to the extent of said ownership or ownership interest.

6.5 No Third-Party Beneficiaries. This Agreement only inures to the benefit of, and may only be enforced by, the Parties. No other person or entity shall have any right, title, or interest under this Agreement or otherwise be deemed to be a third-party beneficiary of this Agreement.

ARTICLE VII **RECORDATION**

This Agreement and all amendments hereto shall be recorded in the deed records of each county within which the Property is located. This Agreement binds and constitutes a covenant running with the Property. Upon the Effective Date, this Agreement shall be binding upon the Parties and their successors and assigns permitted by this Agreement and forms a part of any other requirements for development within the Property.

ARTICLE VIII **ADDITIONAL PROVISIONS**

8.1 Recitals. The recitals contained in this Agreement: (a) are true and correct as of the Effective Date; (b) form the basis upon which the Parties negotiated and entered into this Agreement; (c) are legislative findings of the City Council of the City; and (d) reflect the final

intent of the Parties with regard to the subject matter of this Agreement. In the event it becomes necessary to interpret any provision of this Agreement, the intent of the Parties, as evidenced by the recitals, shall be taken into consideration and, to the maximum extent possible, given full effect. The Parties have relied upon the recitals as part of the consideration for entering into this Agreement and, but for the intent of the Parties reflected by the recitals, would not have entered into this Agreement.

8.2 Notices. Any notice, payment or instrument required or permitted by this Agreement to be given or delivered to any party shall be deemed to have been received when personally delivered or 72 hours following deposit of the same in any United States Post Office, registered or certified mail, postage prepaid, addressed as follows:

To the City:	Attn: City Manager City of Celina 142 North Ohio Celina, TX 75009 E-mail: kstovall@celina-tx.gov TEL: (972) 382-2682
With a copy to:	Attn: Julie Fort Messer & Fort, PLLC 6371 Preston Road, Suite 200 Frisco, Texas 75034 E-mail: Julie@txmunicipallaw.com TEL: (972) 668-6400
To the Owner:	The Rodarmer Family Revocable Living Trust c/o Trustees Paul Rodarmer and Nora Jill Rodarmer PO Box 670 Tioga, TX 76271

Any party may change its address or addresses for delivery of notice by delivering written notice of such change of address to the other party.

8.3 Interpretation. The Parties acknowledge that each has been actively involved in negotiating this Agreement. Accordingly, the rule of construction that any ambiguities are to be resolved against the drafting Party will not apply to interpreting this Agreement. In the event of any dispute over the meaning or application of any provision of this Agreement, the provision will be interpreted fairly and reasonably and neither more strongly for nor against any Party, regardless of which Party originally drafted the provision.

8.4 Time. In this Agreement, time is of the essence and compliance with the times for performance herein is required.

8.5 Authority and Enforceability. The City represents and warrants that this Agreement has been approved by official action by the City Council of the City in accordance with all applicable public notice requirements (including, but not limited to, notices required by the Texas

Open Meetings Act) and that the individual executing this Agreement on behalf of the City has been duly authorized to do so. The Owner represents and warrants that this Agreement has been approved by appropriate action of the Owner, and that the individual executing this Agreement on behalf of the Owner has been duly authorized to do so. Each Party respectively acknowledges and agrees that this Agreement is binding upon such Party and is enforceable against such Party, in accordance with its terms and conditions and to the extent provided by law.

8.6 Entire Agreement. This Agreement, constitutes the entire agreement between the Parties and supersedes all prior agreements, whether oral or written, covering the subject matter of this Agreement. This Agreement shall not be modified or amended except in writing signed by the Parties.

8.7 Severability. If any provision of this Agreement is determined by a court of competent jurisdiction to be unenforceable for any reason, then: (a) such unenforceable provision shall be deleted from this Agreement; (b) the unenforceable provision shall, to the extent possible and upon mutual agreement of the parties, be rewritten to be enforceable and to give effect to the intent of the Parties; and (c) the remainder of this Agreement shall remain in full force and effect and shall be interpreted to give effect to the intent of the Parties.

8.8 Applicable Law; Venue. This Agreement is entered into pursuant to, and is to be construed and enforced in accordance with, the laws of the State of Texas, and all obligations of the Parties are performable in each county in which the Property is located. Exclusive venue for any action to enforce or construe this Agreement shall be in the County District Court in which any of the Property is located.

8.9 Non-Waiver. Any failure by a Party to insist upon strict performance by the other Party of any material provision of this Agreement shall not be deemed a waiver thereof, and the Party shall have the right at any time thereafter to insist upon strict performance of any and all provisions of this Agreement. No provision of this Agreement may be waived except by writing signed by the Party waiving such provision. Any waiver shall be limited to the specific purposes for which it is given. No waiver by any Party of any term or condition of this Agreement shall be deemed or construed to be a waiver of any other term or condition or subsequent waiver of the same term or condition.

8.10 Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original and constitute one and the same instrument.

8.11 Further Documents. The Parties agree that at any time after execution of this Agreement, they will, upon request of another Party, execute and deliver such further documents and do such further acts and things as the other Party may reasonably request in order to effectuate the terms of this Agreement. This provision shall not be construed as limiting or otherwise hindering the legislative discretion of the City Council seated at the time that this Agreement is executed or any future City Council.

8.12 Exhibits. The following exhibits are attached to this Agreement and are incorporated herein for all purposes:

Exhibit A Legal Description of the Property

Exhibit B Depiction of the Property Location
 Exhibit C Concept Plan for Facility

8.13 Governmental Powers; Waivers of Immunity. By its execution of this Agreement, the City does not waive or surrender any of its respective governmental powers, immunities, or rights except as provided in this section. The Parties acknowledge that the City waives its sovereign immunity as to suit solely for the purpose of adjudicating a claim under this Agreement. This is an agreement for the provision of goods or services to the City under Section 271.151 et seq. of the Texas Local Government Code.

8.14 Force Majeure. Each Party shall use good faith, due diligence and reasonable care in the performance of its respective obligations under this Agreement, and time shall be of the essence in such performance; however, in the event a Party is unable, due to force majeure, to perform its obligations under this Agreement, then the obligations affected by the force majeure shall be temporarily suspended. Within three (3) business days after the occurrence of a force majeure event, the Party claiming the right to temporarily suspend its performance, shall give notice to all the Parties, including a detailed explanation of the force majeure and a description of the action that will be taken to remedy the force majeure and resume full performance at the earliest possible time. A Party that fails to provide timely notice of an event of force majeure will be deemed to be able to resume full performance within thirty (30) days of such event. The term "force majeure" shall include events or circumstances that are not within the reasonable control of Party whose performance is suspended and that could not have been avoided by such Party with the good faith exercise of good faith, due diligence and reasonable care.

8.15 Amendments. This Agreement cannot be modified, amended, or otherwise varied, except in writing signed by the City and the Owner expressly amending the terms of this Agreement.

8.16 Consideration. This Agreement is executed by the Parties hereto without coercion or duress and for substantial consideration, the sufficiency of which is hereby acknowledged.

8.17 Form 1295 Certificate. The Owner represents that it has complied with Texas Government Code, Section 2252.908 and in connection therewith, the Owner has completed a Texas Ethics Commission Form 1295 Certificate generated by the Texas Ethics Commission's electronic filing system in accordance with the rules promulgated by the Texas Ethics Commission. The Owner further agrees to print the completed certificate and execute the completed certificate in such form as is required by Texas Government Code, Section 2252.908 and the rules of the Texas Ethics Commission and provide to the City at the time of delivery of an executed counterpart of this Agreement, a duly executed completed Form 1295 Certificate. The Parties agree that, except for the information identifying the City and the contract identification number, the City is not responsible for the information contained in the Form 1295 completed by the Owner. The information contained in the Form 1295 completed by the Owner has been provided solely by the Owner and the City has not verified such information.

SIXTH AMENDMENT TO DEVELOPMENT AGREEMENT

This Sixth Amendment to Development Agreement (the "Sixth Amendment") is by and among the CITY OF CELINA, TEXAS, a home rule city located in Collin and Denton County, Texas (the "City"), SMILEY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 1, a conservation and reclamation district ("Original District" or "District No. 1"), SMILEY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 2 ("District No. 2"), SMILEY ROAD, LTD., a Texas limited partnership ("Smiley"), GREEN MEADOWS COMMUNITIES INC., a Texas corporation ("Green Meadows"), URVI PROPERTIES, LLC, a Texas limited liability company ("URVI"), OPP-GREEN MEADOWS, LP, a Texas limited partnership ("Opp"), STRYKER CELINA LLC, a Texas limited liability company ("Stryker"), and BHUVI ENTERPRISES, LLC, a Texas limited liability company ("BHUVI"). The foregoing parties are sometimes individually referred to as a "Party" and collectively as the "Parties."

RECITALS

WHEREAS, City, Original District and Smiley entered into that certain Development Agreement concerning land previously owned solely by Smiley (the "Property", as described in Exhibit A hereto) and now owned by Smiley and Green Meadows (together "Owner") in the City's extraterritorial jurisdiction with an effective date of August 11, 2008, as subsequently amended ("2008 Development Agreement"); and

WHEREAS, the Original District has been bifurcated into District No. 1 and District No. 2 (individually referred to as "District" and collectively as "Districts"); and

WHEREAS, the 2008 Development Agreement was amended by the First Amendment with an effective date of September 13, 2010, the Second Amendment with an effective date of June 30, 2019, the Third Amendment with an effective date of November 10, 2020, the Fourth Amendment with an effective date of August 11, 2021, and the Fifth Amendment with an effective date of January 2022.

WHEREAS, Article IX of the 2008 Development Agreement provides that the term of the Agreement expires on August 11, 2023.

WHEREAS, the owners of land governed by the 2008 Development Agreement and the City desire to extend the term of the 2008 Development Agreement.

NOW THEREFORE, for and in consideration of these premises and of the mutual promises, obligations, covenants and benefits herein contained, the Parties agree that the term of the 2008 Development Agreement pursuant to Article IX is hereby extended to August 11, 2038.

IN WITNESS WHEREOF, the Parties hereto have executed this Sixth Amendment.

 Re: Prestige - Amendment to Economic Development Incentive Agreement

Action Requested:

Consider and act upon an amendment to the existing Economic Development Agreement for Prestige Pools; generally located north of J Fred Smith Parkway, east of Louisiana Parkway (B 289), and west of BNSF railroad. (Brawner)

Background:

The City of Celina entered into an Economic Development Incentive Agreement in January 2021. The project is into full engineering design and several issues have arisen that need to be addressed.

1. The flood study recommended against the roadway connection between the proposed industrial collector and Louisiana Drive (B 289). Not constructing this roadway will create an over-length cul-de-sac which violates engineering standards. Both engineering and fire have reviewed this recommendation and concur due to the very low expected traffic volumes.
2. The re-alignment of J Fred Smith causes the need for additional right-of-way along J Fred Smith beyond the standard right-of-way dedication. The developer has agreed to provide the additional ROW at no charge to the City in exchange for removing the developer obligation to construct the perimeter street per the City's Subdivision Ordinance.

FIRST AMENDMENT TO THE ECONOMIC DEVELOPMENT INCENTIVE AND PERFORMANCE AGREEMENT

THIS FIRST AMENDMENT TO THE ECONOMIC DEVELOPMENT INCENTIVE AND PERFORMANCE AGREEMENT (“**First Amendment**”) is made and entered into this ____ day of _____, 2023 (the “**Effective Date**”), by and between the City of Celina, Texas (the “**City**”) and 95 Land Partners, LLC (the “**Developer**”)(each a “**Party**” and collectively the “**Parties**”), acting by and through their respective authorized representatives.

WITNESSETH:

WHEREAS, on January 13, 2021, the Parties entered into that certain Economic Development Incentive and Performance Agreement (“**Agreement**”), which addressed the City and CEDC’s economic development grant contributions to the costs of the Developer’s construction of a retail building and office for its business from which it will sell swimming pools and materials for construction of pools and outdoor improvements (the “**Facility**”); and

WHEREAS, the Parties desire to add additional terms to the Agreement for the provision of rights-of-way, oversized water line, and amending requirements related to the onsite roadways.

NOW, THEREFORE, in consideration of the foregoing premises and for other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the Parties, covenant and agree as follows:

1. Agreement Remains in Full Force and Effect. The Parties acknowledge and agree that, except to the extent amended herein, all provisions and terms contained in the Agreement remain in full force and effect. In the event of a conflict between this First Amendment and the Agreement, the terms of this First Amendment shall control.

2. Amendments.

2.1 Article III “Projects”, Section 3.1, Subsection (b) “Development of the Property” of the Agreement shall be amended as follows, with deletions indicated by strikethrough:

“(b) Development of the Property. The Owner understands and acknowledges that formal approval of a final site plan for the Property by the City is required prior to Commencement of Construction of the Facility. The Owner shall submit and use diligent, good faith efforts to obtain City approval of a site plan, elevations and landscaping plan for the Facility prior to Commencement of Construction. ~~A “7” or “L” shaped public right-of-way for the creation of industrial pads shall be dedicated on the final plat.~~ Owner shall cause Commencement of Construction of the Facility within thirty-six (36) months from the Effective Date. The Facility shall be constructed and operated in accordance with the approved site plan, building elevations, and landscape plan approved by the City. Should Owner fail to

comply with this Section 3.1(b) for any portion of the Property, the Owner shall cease the Temporary Uses and remove all materials from the Property, even if Owner has performed any other obligations hereunder. If desired by Owner, or needed for the Facility to be a lawful use on the Property, a rezoning application shall be submitted by Owner to the City for consideration in accordance with the City's Comprehensive Zoning Ordinance."

2.2 Article III "Projects", Section 3.1, Subsection (d) "Easements and Rights-of-Way" of the Agreement shall be amended to read entirely as follows:

"(d) Easements and Rights-of-Way. The Owner shall dedicate and convey all easements and rights-of-way needed on the Property for roadways, drainage, and public utilities, to the City at no charge to the City, and including but not limited to the rights-of-way depicted in Exhibit C, attached hereto and incorporated herein for all purposes."

2.3 Exhibit C shall be added to the Agreement, as attached hereto in Attachment 1, incorporated herein for all purposes.

2.4 As additional consideration for the Developer's performance of their obligations in the Agreement, as amended herein, the City hereby agrees to the following additional terms:

- (a) City will reimburse the Developer for the costs of oversizing the water line depicted in Attachment 2, attached hereto and incorporated herein for all purposes, from 12 inches to 18 inches.
- (b) The City shall allow an overlength cul-de-sac, as depicted in Attachment 3, attached hereto and incorporated herein for all purposes.
- (c) The City will waive the developer's obligation to construct J Fred Smith Parkway adjacent to their development as required in Section 10.03.073 (3)(A) of the City of Celina the Subdivision Ordinance .

3. Binding Obligation. This First Amendment shall become a binding obligation of the signatories upon execution by all signatories hereto. The City warrants and represents that the individuals executing this First Amendment on behalf of the City have full authority to execute this First Amendment and bind the City to the same. Developer warrants and represents that the individual executing this First Amendment on its behalf has full authority to execute this First Amendment and bind it to the same.

4. Severability. In the event any provision of this First Amendment shall be determined by a court of competent jurisdiction to be invalid or unenforceable for any reason, then:

- (a) such unenforceable provision shall be deleted from this First Amendment;
- (b) the

unenforceable provision shall, to the extent possible and upon mutual agreement of the Parties, be rewritten to be enforceable and to give effect to the intent of the Parties; and (c) the remainder of this First Amendment shall, to the extent reasonably possible, remain in force as to the balance of its provisions and be interpreted to give effect to the intent of the Parties.

IN WITNESS WHEREOF, the parties hereto have caused this document to be executed as of the date first above written.

Consider and act upon a sixth amendment to the development agreement by and between the City of Celina and Horizon Rockhill Heights, LLC. (Brawner)

Background Information:

On December 2019, the City and the Developer entered into a Development Agreement for 130.435-acres of property located north of Malone, east of Louisiana Drive, south of J Fred Smith Parkway, and west of Preston Road. The 1st, 2nd, 3rd, 4th, and 5th amendments were executed in 11/2020, 1/2021, 8/2021, 11/2021, and 5/2022 respectively.

The proposed 6th amendment proposes the following changes:

- assigns the developer obligations to the MUD
- removes the obligation to construction Malone
- removed the obligation to the 3rd amendment regarding payment for water lines
- removes city's obligation for cash payment for utilities

Legal Review:

The City Attorney has reviewed and approved the amended agreement.

SIXTH AMENDMENT TO DEVELOPMENT AGREEMENT

This Sixth Amendment to Development Agreement (this “Sixth Amendment”) is made and entered into by and between the City of Celina, Texas (the “City”) and Horizon Rockhill Heights LLC, a Texas limited liability company (the “Owner”), to be effective on the date upon which the last of all of the Parties has approved and duly executed this Sixth Amendment (the “Effective Date”).

RECITALS

WHEREAS, the City and RCI-Celina 115, LLC, a Texas limited liability company (“RCI LLC”), previously entered into that certain Development Agreement, effective December 12, 2019, recorded in the Official Public Records of Collin County as Instrument No. 20191219001619930 (the “Development Agreement”), as assigned by RCI LLC to RCI-Celina 115, LP, a Texas limited partnership (“RCI LP”), governing the development of approximately 130 acres of land (the “Property”), as described in Exhibit A and depicted on Exhibit B of the Development Agreement; and

WHEREAS, the City and RCI LP entered into that certain First Amendment to Development Agreement, effective June 15, 2020; and

WHEREAS, the City and RCI LP entered into that certain Second Amendment to Development Agreement, effective January 26, 2021; and

WHEREAS, the City and RCI LP entered into that certain Third Amendment to Development Agreement, effective August 5, 2021; and

WHEREAS, the City and RCI LP entered into that certain Fourth Amendment to Development Agreement, effective November 11, 2021; and

WHEREAS, RCI LP assigned all of its obligations, rights, title and interest in and to the Development Agreement, as amended, to the Owner, pursuant to an Assignment and Assumption of Development Agreement, effective March 21, 2022; and

WHEREAS, the City and RCI LP entered into that certain Fifth Amendment to Development Agreement, effective May 18, 2022, and the Owner intends to acknowledge, affirm, consent, and agree to the obligations of the Owner set forth in the Fifth Amendment from the effective date of the Fifth Amendment; and

WHEREAS, the Owner and the City now desire to amend the Development Agreement for the purposes set forth in this Sixth Amendment; and

WHEREAS, this Sixth Amendment is entered into pursuant to Section 212.172 of the Texas Local Government Code and other laws and the Owner and the City are proceeding in reliance of the enforceability of this Sixth Amendment.

NOW, THEREFORE, for and in consideration of the mutual covenants of the City and the Owner set forth in this Sixth Amendment and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the City and the Owner hereby agree as follows:

Section 1. Amendments.

- A. Owner hereby acknowledges, affirms, consents, and agrees to the obligations of the Owner contained within the Fifth Amendment to Development Agreement, effective May 18, 2022, and the Parties hereby agree that the Fifth Amendment has been in full force and effect since the effective date of the Fifth Amendment, and remains in full force and effect.
- B. Section 2 of the Fourth Amendment to the Development Agreement is hereby deleted in its entirety. Owner shall have no obligations to construct portions of Malone Street. Owner shall assign and convey all civil plans that have been completed as of the Effective Date of this Sixth Amendment for the construction of Malone Street to the City.
- C. The Third Amendment to the Development Agreement is hereby repealed and terminated in its entirety (but such repeal shall not change the sequence of numbering any future amendments).
- D. Section 7 of the Fourth Amendment to Development Agreement is hereby deleted in its entirety.
- E. Article IX of the Development Agreement is hereby amended to add Section 9.1.1 as follows:

“9.1.1 Assignment by Owner to the MUD. Owner has the right to assign, without the consent of but upon written notice to the City, to the MUD those portions of this Agreement concerning the design, construction, installation, maintenance and repair of any Public Infrastructure. Thereafter, for the limited purposes of such assignment, the MUD shall be considered an “Assignee,” and, therefore, a Party for the purposes of this Agreement. Each assignment must (i) be in writing executed by Owner and the MUD, (ii) must obligate the MUD to be bound by this Agreement to the extent this Agreement applies or relates to the obligations, rights, title, or interest being assigned, and (iii) must identify by section number of the Development Agreement, as amended, the specific obligations to be assumed by the MUD. A copy of each assignment will be provided to all Parties after execution. From and after such assignment, the City agrees to look solely to the MUD for the

performance of all obligations assigned to the MUD and agrees that Owner shall be released from subsequently performing the assigned obligations and from any liability that results from the MUD's failure to perform the assigned obligations; provided, however, Owner shall not be released until the City receives the assignment. No assignment by Owner shall release Owner from any liability resulting from an act or omission by Owner that occurred prior to the effective date of the assignment unless the City approves the release in writing. Owner must maintain written records of all assignments made by Owner to the MUD, including a copy of each executed assignment, and, upon written request from any Party, shall provide a copy of such records to the requesting person or entity."

- F. Exhibits. The following exhibits of the Development Agreement are hereby amended with the exhibits attached hereto and incorporated herein for all purposes:

Exhibit E-1: Roadway Improvements – Malone Street has been removed.

Exhibit F: Waterline Improvements – the offsite water obligations along Malone Street have been removed, the \$500,000 cost associated with 18" Along Louisiana Offsite has been removed, and the offsite water obligations along J. Fred Smith Parkway have been modified as shown on the Exhibit.

Exhibit K: Public Parking – parking shown in BNSF right-of-way has been removed.

Section 2. No Other Amendments. Subject to the amendments contained in this Sixth Amendment, all provisions of the Development Agreement, as amended by the First Amendment, Second Amendment, Third Amendment, Fourth Amendment, and Fifth Amendment, remain in full force and effect.

Section 3. Counterparts. This Sixth Amendment may be executed in any number of counterparts, each of which shall be deemed an original and constitute one and the same instrument.

 Re: Third Amendment to Uptown Development Agreement- Uptown Celina Partners L.P.

Action Requested:

Consider and act to approve the third amendment to Development Agreement between the City of Celina and Uptown Celina Partners L.P. (Brawner)

Background Information:

On January 12, 2021 the City and the original Developer entered into a development agreement establishing a Municipal Utility District that provided a cap of \$100,000,000 on infrastructure bonds. The property has been acquired by Uptown Celina Partners L.P. Council approved the first amendment to this DA in November 2021. Council approved a second amendment to this agreement in May 2022.

The Developer has requested a third amendment to the agreement. The following elements are included in this modification:

- assignment of the developer obligations to the MMD
- reimbursement of 70% of impact fees to cover increasing construction costs
- dedication of one elementary school site to Celina ISD and the reservation of another CISD elementary school site
- increased dedication of land for the downtown WWTP from 15 acres to 20 acres

THIRD AMENDMENT TO DEVELOPMENT AGREEMENT

This Third Amendment to Development Agreement (this “Third Amendment”) is made and entered into by and between the City of Celina, Texas (the “City”) and Uptown Celina Partners L.P., a Texas limited partnership (the “Owner”), to be effective on the date upon which the last of all of the Parties has approved and duly executed this Third Amendment (the “Effective Date”).

RECITALS

WHEREAS, the City and Rockhill Capital & Investments LLC, a Texas limited liability company (“Rockhill”) previously entered into that certain Development Agreement, effective January 14, 2021 recorded in the Official Public Records of Collin County as Instrument No. 20210311000485140 (the “Development Agreement”), governing the development of approximately 567 acres of land (the “Property”), as described in Exhibit A and depicted on Exhibit B of the Development Agreement; and

WHEREAS, Rockhill assigned all of its obligations, rights, title and interest in and to the Development Agreement to the Owner, pursuant to that certain Assignment and Assumption of Development Agreement, effective November 1, 2021; and

WHEREAS, the Owner and the City entered into a First Amendment to Development Agreement, effective November 11, 2021 recorded in the Official Public Records of Collin County as Instrument No. 20211216002537340; and

WHEREAS, the Owner and the City entered into a Second Amendment to Development Agreement, effective May 10, 2022 recorded in the Official Public Records of Collin County as Instrument No. 2022-2022000086305; and

WHEREAS, the Owner and the City now desire to amend the Development Agreement for the purposes set forth in this Third Amendment; and

WHEREAS, this Third Amendment is entered into pursuant to Section 212.172 of the Texas Local Government Code and other laws and the Owner and the City are proceeding in reliance of the enforceability of this Third Amendment.

NOW, THEREFORE, for and in consideration of the mutual covenants of the City and the Owner set forth in this Third Amendment and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the City and the Owner hereby agree as follows:

AGREEMENT

Section 1. Amendments.

- A. Section 2.2(a) of the Development Agreement, as amended, is hereby amended and replaced in its entirety to read as follows:

“(a) One site up to 20 acres in size for expansion of the City’s existing wastewater treatment plant on west side of City, in location generally depicted in **Exhibit F**;

- B. Section 2.2(f) of the Development Agreement, as amended, is hereby amended and replaced in its entirety to read as follows:

“(f) One (1) 10-12 acre site for elementary school to be dedicated to the school district at no cost to the school district, and one (1) 10-12 acre site for elementary school to be reserved by the Owner (this can be dedicated or sold to the school district by separate agreement between the school district and the Owner).”

- C. Section 4.1(e) of the Development Agreement, as amended by the First Amendment, is hereby amended and replaced in its entirety to read as follows:

“(e) Reimbursement of Fees Collected. The City agrees to collect roadway, water and wastewater impact fees and other capital recovery fees from builders of the single-family portions of the Property at the rates charged pursuant to Section 4.1(a) of the Development Agreement (the “Fees”). The City agrees to pay to Owner on a quarterly basis seventy percent (70%) of all Fees collected for single-family lots within the Property.”

- D. Article IX of the Development Agreement is hereby amended to add Section 9.1.1 as follows:

“9.1.1 Assignment by Owner to the MUD. Owner has the right to assign to the MUD those portions of this Agreement concerning the design, construction, installation, maintenance and repair of any Public Infrastructure. Thereafter, for the limited purposes of such assignment, the MUD shall be considered an “Assignee,” and, therefore, a Party for the purposes of this Agreement. Each assignment must be (i) in writing executed by Owner and the MUD, (ii) must obligate the MUD to be bound by this Agreement to the extent this Agreement applies or relates to the obligations, rights, title, or interest being assigned, and (iii) must identify by section number of the Development Agreement, as amended, the specific obligations to be assumed by the MUD. A copy of each assignment will be provided to all Parties after execution. From and after such assignment, the City agrees to look solely to the MUD for the performance of all obligations assigned to the MUD and agrees that Owner shall be released from subsequently performing the assigned obligations and from any liability that results from the MUD’s failure to perform the assigned obligations; provided, however, Owner shall not be released until the City receives the assignment. No assignment by Owner shall

release Owner from any liability resulting from an act or omission by Owner that occurred prior to the effective date of the assignment unless the City approves the release in writing. Owner must maintain written records of all assignments made by Owner to the MUD, including a copy of each executed assignment, and, upon written request from any Party, shall provide a copy of such records to the requesting person or entity.”

Section 2. No Other Amendments. Subject to the amendments contained in this Third Amendment, all provisions of the Development Agreement, as amended by the First Amendment, and Second Amendment, remain in full force and effect. To the extent this Third Amendment conflicts with the Development Agreement, as amended by the First Amendment and Second Amendment, this Third Amendment shall control.

Section 3. Counterparts. This Third Amendment may be executed in any number of counterparts, each of which shall be deemed an original and constitute one and the same instrument.

Memorandum

To: Honorable Mayor Tubbs and the Celina City Council
From: Michael Behringer, Assistant to the City Manager
CC: Karla Stovall, Interim City Manager
Date: August 8, 2023
Re: Atmos Cities Steering Committee (ACSC) 2023 Participation

Action Requested:

Consider and act upon a Resolution authorizing continued participation with the Atmos Cities Steering Committee; and authorizing the payment of five cents per capita to the Atmos Cities Steering Committee to fund regulatory and related activities to Atmos Energy Corporation. (Behringer)

Background Information:

The City of Celina is a regulatory authority under the Gas Utility Regulatory Act (GURA) and has exclusive original jurisdiction over the rates and services of Atmos Energy Corporation, Mid-Tex Division (Atmos) within the municipal boundaries of the City.

The Atmos Cities Steering Committee (ACSC) has historically intervened in Atmos rate proceedings and gas utility related rulemakings to protect the interests of municipalities and gas customers residing within municipal boundaries

Financial Considerations:

With the approval of this resolution, City Council is authorizing the payment of five cents per capita to the Atmos Cities Steering Committee to fund regulatory and related activities to Atmos Energy Corporation.

Legal Review:

The City Attorney has reviewed and approved the Resolution.

**CITY OF CELINA, TEXAS
ORDINANCE NO. 2022-xxx**

AN ORDINANCE OF THE CITY OF CELINA, TEXAS AMENDING ORDINANCE 2022-113, WHICH ADOPTED AND APPROVED THE BUDGET FOR FISCAL YEAR BEGINNING OCTOBER 1, 2022 AND ENDING SEPTEMBER 30, 2023, AND MAKE APPROPRIATIONS FOR EACH DEPARTMENT, PROJECT AND ACCOUNT, BY ADOPTING AN AMENDED FISCAL YEAR 2022-2023 BUDGET FOR THE CITY OF CELINA, TEXAS, REALLOCATING FUNDS BETWEEN ACCOUNTS PURSUANT TO EXHIBIT “A”, ATTACHED HERETO AND INCORPORATED INTO THIS ORDINANCE; PROVIDING FOR INCORPORATION OF PREMISES; PROVIDING FOR FILING OF THE AMENDED BUDGET AND ORDINANCE; PROVIDING A CUMULATIVE CLAUSE; PROVIDING FOR PUBLICATION; PROVIDING FOR ENGROSSMENT AND ENROLLMENT; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of Celina is conducting business pursuant to a budget for fiscal year 2022-2023, heretofore previously adopted by Ordinance 2022-113; and

WHEREAS, Section 102.010 of the Texas Local Government Code authorizes the governing body of a municipality to make changes in the budget for municipal purposes; and

WHEREAS, the City Council has reviewed various line items within the budget and has determined that a valid municipal purpose is served by reallocating funds between various budget line items; and

WHEREAS, a proposed amendment to the budget has been placed on file with the City Secretary of the City of Celina, Texas.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CELINA, TEXAS:

SECTION 1. The above and foregoing premises are incorporated into the body of this Ordinance as if copied herein in their entirety.

SECTION 2. The City’s budget for the fiscal year ending September 30, 2023, heretofore previously adopted by Ordinance 2022-113 duly enacted by the City Council of the City of Celina on September 13, 2022, be and is hereby amended as set out in Exhibit “A” attached hereto and incorporated herein, which amendment is hereby, in all respects, finally approved and adopted as so changed; the remainder of the budget being unchanged and remaining in full force and effect as originally adopted.

SECTION 3. That the amounts specified in Exhibit “A” be hereby appropriated and reallocated as specified for those purposes designated in Exhibit “A”.

SECTION 4. The City Manager shall file or cause to be filed a true and correct copy of the amended budget, along with this Ordinance, with the City Secretary and in the office of the County Clerk of Collin County, Texas and Denton County, Texas.

SECTION 5. This Ordinance shall be cumulative of all provisions of Ordinances of the City of Celina, Texas, except where the provisions of this Ordinance are in direct conflict with the provisions of such Ordinances, in which event the conflicting provisions of such Ordinances are hereby repealed.

SECTION 6. The provisions of this Ordinance are severable. However, in the event this Ordinance or any procedure provided in this Ordinance becomes unlawful, or is declared or determined by a judicial, administrative or legislative authority exercising its jurisdiction to be excessive, unenforceable, void, illegal or otherwise inapplicable, in whole, or in part, the remaining and lawful provisions shall be of full force and effect and the City shall promptly promulgate new revised provisions in compliance with the authority's decision or enactment.

SECTION 7. The City Secretary of the City of Celina is hereby directed to publish in the official newspaper of the City of Celina, the descriptive caption and effective date of this ordinance as required by Section 52.013 of the Local Government Code.

SECTION 8. The City Secretary is hereby directed to engross and enroll this Ordinance by copying the descriptive caption in the minutes of the City Council and by filing this ordinance in the ordinance records of the City.

SECTION 9. This Ordinance shall become effective from and after its date of passage in accordance with law.

IT IS SO ORDAINED.

PASSED AND APPROVED by the City Council of the City of Celina, Texas, this the 8th day of August 2023.

Re: Texas Film Friendly - Ordinance Adoption

Action Requested:

Consider and act upon an Ordinance adopting Film and Media Production regulations. (Texas Film Friendly - Ordinance Adoption) (McAfee)

Background Information:

The adoption of a Texas Film Friendly Ordinance is required for Film Friendly certification. Certification prepares cities to meet the opportunities and challenges of accommodating media production and helps match local businesses with production-related needs. Refer to the attached Ordinance for further information.

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CELINA, TEXAS AMENDING CHAPTER 4 “BUSINESS REGULATIONS” OF THE CITY’S CODE OF ORDINANCES BY ADOPTING ARTICLE 4.11 “FILM AND MEDIA PRODUCTION” FOR REGULATIONS FOR FILMING AFFECTING CITY-OWNED PROPERTY; PROVIDING FINDINGS; PROVIDING CUMULATIVE REPEALER, SAVINGS AND SEVERABILITY CLAUSES; PROVIDING FOR A PENALTY; DETERMINING COMPLIANCE WITH THE TEXAS OPEN MEETINGS ACT; PROVIDING FOR PUBLICATION; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City Council (the “City Council”) of the City of Celina, Texas (the “City”) has determined becoming a Film Friendly Community would benefit the overall economic vitality of the City; and

WHEREAS, the City Council wishes to encourage filmmakers and all media production and moving image professionals to take advantage of the unique beauty, character, culture, and history of the City; and

WHEREAS the City Council and City has developed regulations for filming in the City, including the requirements, responsibilities, and costs; and

WHEREAS, the City Council adopted Chapter 4 “Business Regulations” of the City’s Code of Ordinances to provide various regulations for various types of businesses operating within the City; and

WHEREAS, the City Council wishes to amend Chapter 4 by adopting regulations for any and all types of filming in the City; and

WHEREAS, the City Council wishes to protect the personal and property rights of residents and businesses of the City, and to promote public health, safety, and welfare.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CELINA, TEXAS:

SECTION 1. RECITALS. The recitals contained in the preamble hereof are hereby found to be true, and such recitals are hereby made a part of this Ordinance for all purposes and are adopted as a part of the judgment and findings of the City Council.

SECTION 2. AMENDMENT. The City Council hereby amends Chapter 4 “Business Regulations” of the City’s Code of Ordinances by adopting Article 4.11 “Film and Media Production” as set forth in **Exhibit “A”** attached hereto and incorporated herein.

SECTION 3. CUMULATIVE REPEALER. This Ordinance shall be cumulative of all other Ordinances and shall not repeal any of the provisions of such Ordinances except for those

instances where there are direct conflicts with the provisions of this Ordinance. Ordinances, or parts thereof, in force at the time this Ordinance shall take effect and that are inconsistent with this Ordinance are hereby repealed to the extent that they are inconsistent with this Ordinance. Provided, however, that any complaint, action, claim or lawsuit which has been initiated or has arisen under or pursuant to such other Ordinances on this date of adoption of this Ordinance shall continue to be governed by the provisions of such Ordinance and for that purpose the Ordinance shall remain in full force and effect.

Exhibit A

Article 4.11 Film and Media Production

4.11.001 PURPOSE

- (a) The regulations contained in this article are intended to create a program for promoting economic development activity within the City and its vicinity. The following article is also intended to protect the personal and property rights of the City's residents and businesses, and to promote public health, safety, and welfare. The City Council or the City Manager may impose additional regulations in the interest of public health, safety, and welfare, or if otherwise deemed appropriate.
- (b) This article covers requests for commercial use of City-owned property (including but not limited to public streets, rights-of-way, parks, and/or public buildings), commercial use of private property which may affect adjacent public or private property, and the use of City equipment, resources, and personnel in all types of motion picture production (including, but not limited to, feature films, television programs, commercials, music videos, documentaries, and corporate films).

4.11.002 CITY AUTHORITY

- (a) The City Manager may authorize by permit the use of any street, right-of-way, park, public building, equipment, or personnel for commercial uses in the filming or taping of movies, television programs, documentaries, commercials, training films, or other media, and related activities. In conjunction with these uses, the City Manager may require that any or all of the conditions and/or remuneration herein and as specified on the application be met as a prerequisite to that use.
- (b) The City shall have exclusive authority to grant an applicant the use of public streets, rights-of-way, parks, public buildings, equipment, resources, and personnel of the City, as well as authority to regulate the hours of production and the general location of the production. The City Council reserves the full and absolute right, and authorizes the City Manager, to prohibit all filming or to order cessation of filming when necessary to promote public health, safety, and welfare.
- (c) Any applicant shall allow City departments (e.g., Police, Fire, Building) to inspect all structures, property, devices, and equipment to be used in connection with the filming and taping, as deemed appropriate by the City Manager.
- (d) A permit under this Article does not constitute a grant of any ownership, leasehold, easement, or other property interest or estate in any City property or other property.

4.11.003 PERMIT REQUIREMENTS

- (a) Before filing an application for filming in the City, City staff should be contacted to discuss the production's specific filming requirements and the feasibility of filming in the City, and to coordinate other logistics and/or questions. Any commercial producer who desires to undertake a commercial production in the City is required to complete and return the application for filming to City staff, within the time frames below:
 - i. **Commercials or episodic television:** a minimum of one (1) month prior to the commencement of filming or any substantial activity related to the project.
 - ii. **Feature films:** a minimum of three (3) months prior to the commencement of filming or any substantial activity related to the project.
- (b) For any production requesting closure of City property, the City shall require an application no later than three (3) months before the requested closure.

- (c) The applicant shall obtain and maintain any and all licenses, permits, copyrights, permissions, or other requirements necessary to comply with state and federal laws governing the project.

4.11.004 FEES

An application processing fee, as set forth in the City's comprehensive fee schedule, shall accompany each application for filming in Celina. The applicant shall reimburse the City for costs and inconveniences of using public property, personnel, facilities, and/or other resources, as described in this article. The Master Fee Chart shall outline the fee rate schedule.

4.11.005 USE OF CITY EQUIPMENT AND PERSONNEL

- (a) The applicant shall pay for all costs of any Police, Fire, Public Works, Parks and Recreation, or other City personnel assigned to the project (whether or not specifically requested by the production). Remuneration rates for the use of any City equipment, including police cars and fire equipment, will be established on a case-by-case basis as determined by the City Manager. The applicant shall pay all costs in full within ten (10) days after receipt of an invoice for said costs. The City Manager may, at his/her discretion, require an advance deposit for all costs related City personnel and/or the use of City equipment.
- (b) The City Manager, in consultation with the Chief of Police and/or Fire Chief, shall have the authority to stipulate additional police or fire requirements and level of staffing, at any time during a project if it is determined to be in the best interest of public health, safety, and welfare. Such costs shall be borne entirely by the applicant. Any off-duty police officers or firefighters used shall be paid directly by the applicant at by the production company at a rate no less than one and one-half times their City of Celina hourly rate, or the City's official public safety off-duty rate, whichever is higher.

4.11.006 USE OF CITY-OWNED PROPERTY

- (a) The City Manager may authorize the use of any street, right-of-way, park, or public building, use of City's name, trademark, or logo and/or use of City equipment and/or personnel for commercial uses in the project. In conjunction with these uses, the City Manager may require that any or all of the conditions and/or remuneration as specified herein and on the application be met as a prerequisite to that use. A security or damage deposit may be required within the discretion of the City Manager. The applicant shall not use, and applicant shall prohibit its employees and contractors from using, City property for any activities not expressly permitted by the City, which may include, but is not limited to, construction of structures, changing, modifying, or damaging property, or causing hazardous material to be brought onto the property. Any right of use granted to the applicant for use of City property shall be subject and subordinate to the City's necessary uses for municipal purposes. The City retains the right to all other persons to use the City property at the time that applicant is using the City property in a manner that does not unreasonably interfere with applicant's permitted activities.
- (b) The applicant acknowledges and agrees that the City possesses and retains exclusive authority to grant the applicant a revocable license for the use of its name, trademark, logo, public streets, rights-of-way, parks, and buildings of the City as well as control over the hours of production and the general location of the production. The City reserves the full and absolute right to prohibit all filming or to order cessation of filming activity in order to promote the public health, safety, and welfare, or convenience, or to protect the personal or property rights of City residents or businesses.
- (c) In order to leave City-owned property in as good condition as when received, the applicant is responsible for and must provide professional cleaning, street sweeping, and/or sanitation services upon completion of work, if the City requests such services at any time. Upon such a request by the City, the applicant must obtain approval from the City of the applicant's arrangements for such services (which will not be unreasonably withheld). The City may require such approval before use of the City-owned property before production activity begins.

4.11.007 VEHICLES AND EQUIPMENT

The applicant shall provide a report listing the number of vehicles and types of equipment to be used during the filming, including proposed hours of use and proposed parking locations. Such locations will need to be specifically approved by the City Manager. On-street parking or use of public parking lots is subject to City Manager approval. The use of exterior lighting, power generators, or any other noise- or light-producing equipment requires approval of the City Manager.

4.11.008 HOURS OF FILMING

Unless express written permission has been obtained from the City Manager in advance, and affected property owners, tenants, and residents have been notified, filming will be limited to the following hours:

- (a) **Monday thru Friday:** 7 AM to 9 PM
- (b) **Saturday, Sunday, & City-recognized Holidays:** 8 AM to 10 PM

4.11.009 NOTIFICATION OF NEIGHBORS

The applicant shall provide a short, written description, approved by the City Manager, of the schedule for the proposed production to the owners, tenants, and residents of each property in the affected neighborhood(s) or areas where filming is to occur. The applicant, or his or her designee, shall notify each owner, tenant, and resident of all such property of the impacts to such property during the production (including but not limited to public property or street closures), and shall submit, as part of the application, a report noting any owners', tenants' and/or residents' comments and associated contact information. Based upon this community feedback, and other appropriate factors considered by the City Manager, the City Manager may grant or deny the filming application.

4.11.010 CERTIFICATE OF INSURANCE

The applicant shall attach a valid certificate of insurance, issued by a company authorized to conduct business in the State of Texas, for a policy with insurance amounts and requirements as stated on the application for permit.

4.11.011 DAMAGE TO PROPERTY

The applicant shall restore any property used in accordance with this Article to its original condition prior to the production, or to better than original condition, and pay in full, within ten (10) days of receipt of an invoice, the costs of repair for any and all damage to public or private property, resulting from or in connection with, the production.

4.12.012 HOLD HARMLESS AGREEMENT

The applicant shall sign a Hold Harmless Agreement with the City.

4.12.013 PENALTY

Any person, firm, or corporation who intentionally, knowingly or recklessly violates any provision of this Article, as amended, shall be subject to a fine not to exceed the sum of five hundred dollars (\$500.00) for each offense, and each and every day any such offense shall continue shall be deemed to constitute a separate offense, provided, however, that in all cases involving an intentional, knowing, reckless, or criminally negligent violation of any provision of this Article, as amended, governing public health shall be subject to a fine not to exceed the sum of two thousand dollars (\$2,000.00) for each offense, and each and every day any such offense shall continue shall be deemed to constitute a separate offense.

Memorandum

To: **Honorable Mayor Tubbs and the Celina City Council**
 From: Anthony Satarino, Strategic Services Director
 CC: Karla Stovall, Interim City Manager
 Date: August 8, 2023
 Re: Keep Celina Beautiful

Action Requested:

Consider and act upon an Ordinance of the City of Celina, Texas, amending Ordinance No. 2015-11 restructuring and renaming the Keep Celina Beautiful commission. (Satarino)

Background Information:

Keep Celina Beautiful (KCB) was originally established in 2015. Staff is proposing to reintroduce KCB as a Board appointed by City Council for the upcoming Boards and Commission selection process in September. The Board will formally meet beginning in October. Staff is currently going through the process of becoming an affiliate member of the Keep Texas Beautiful and Keep America Beautiful organizations. As part of the requirements to become an affiliate, Staff has recently submitted the Strategic Plan outlining the roles and responsibilities of KCB to these organizations. Staff expects to become full affiliate members by the first Board meeting in October.

In order to accommodate planned changes to the Board, Staff is proposing Ordinance amendments that address a number of changes as outlined below:

- Updated the introduction section to match the current vision and mission statements as proposed in the Strategic Plan submitted to the Keep Texas Beautiful organization.
- Reduced the number of members from 15 to 7, to be in conformance with other Boards and Commissions. As directed by City Council, there are four at-large members and one member from each of the following groups:
 - o Parks & Recreation Board;
 - o Celina Area Heritage Association;
 - o Celina Garden Club
- Updated terms and membership requirements to be consistent with other Boards and Commissions.
- Updated the roles and responsibilities of the Board to match the proposed responsibilities as outlined in the Strategic Plan as presented to the Keep Texas Beautiful organization.

Alternatives:

City Council may choose not to adopt the revised Ordinance.

DIVISION 5
Keep Celina Beautiful Board

§ 1.04.131. Created.

A Keep Celina Beautiful (KCB) Board is hereby created with the vision to make Celina the cleanest, most beautiful City in the nation. The overall mission is to inspire and empower Celina residents to keep our community clean and beautiful. We focus our efforts in three major areas: volunteerism, beautification, and environmentalism. These efforts support the City's commitment to living Life Connected and assisting the City Council in establishing policies and programs.

§ 1.04.132. Membership.

- (a) The Board provided for herein shall be comprised of seven members to be nominated by and approved by the City Council.
- (b) Four of the seven members are at-large members residing in the City limits and shall be appointed by the City Council during the City's annual appointment process.
 - i. Term: two members shall be appointed to a two-year term while the other two members will be appointed to a three-year term. Thereafter, the term of each board member shall be two-years. No Board member shall serve more than three consecutive terms, provided, however, that the Board member appointed to complete the term of another Board member shall, at the completion of such term, be eligible for appointment for another full term.
- (c) Three of the seven members shall be held by one representative from each of the following:
 - Celina Parks & Recreation Board;
 - Celina Area Heritage Association; and
 - Celina Garden Club.
 - i. These members will be individually nominated by the respective group in August of each year. The names will be submitted to City Council for consideration and approval.
 - ii. Term: Board members appointed from these groups shall serve a one-year term. No Board member shall serve more than three consecutive terms, provided, however, that the Board member appointed to complete the term of another Board member shall, at the completion of such term, be eligible for appointment for another full term.

§ 1.04.133. Ex-officio Staff Member

The ex-officio staff member shall be the custodian of all minutes and records of the commission.

§ 1.04.134. Quorum.

Four members of the Board shall constitute a quorum for the conduct of business. The members of the Board shall regularly attend meetings and serve without compensation except for reimbursement of authorized expenses attendant to the performance of their duties.

§ 1.04.135. Chairperson and vice-chairperson.

The Board shall hold an organizational meeting in October of each year and shall elect a chairperson and vice-chairperson from among its members before proceeding to any other matters of business. The Board shall meet regularly and shall designate the time and place of its meetings.

§ 1.04.136. Meetings.

- (a) The Board shall adopt its own rules of procedure and keep a record of its proceedings in accordance with the provisions of this division and the charter of the City. Newly-appointed members shall be installed at the first regular meeting after their appointment.
- (b) Each month a report shall be submitted to the City Council showing the cumulative attendance of each member with notation of members who have been absent from three consecutive meetings.

§ 1.04.137. Duties and responsibilities.

- (a) The Board shall recommend policies related to volunteerism, beautification, and environmentalism, so that all City activities might meet the vision and mission statements. The Board shall have the following responsibilities, but not limited to:
 - i. Volunteerism: To create and support meaningful community engagement and facilitate community partnerships through opportunities that enhance City services and encourage the community to live Life Connected.
 - Providing opportunities to have a stake in the beautification and integrity of the community.
 - Recognition of volunteers.
 - Educating and informing the public of the financial offset to taxpayers.
 - Continued engagement and support through the KCB board for volunteerism.
 - ii. Beautification: To establish and create key programs that encourage and promote opportunities to improve upon and preserve the natural and created environmental charm of the City.
 - Identify certification opportunities.
 - Maintain Scenic City Platinum Designation.
 - Coordination with the Arts & Culture Board to identify opportunities to procure and maintain public art infrastructure.
 - iii. Environmentalism: To establish and create key programs that encourage and promote opportunities to improve upon and preserve the natural and created environmental charm of the City. To promote environmentalism in the city, the Keep Celina Beautiful program will develop holistic initiatives to educate and motivate residents, City Staff, business owners, and the development community to appreciate the importance of ensuring Celina's natural beauty.
 - Identify opportunities for City-wide waste reduction programs.
 - Enhance tree reforestation fund & identify key projects.
 - Identify framework for the water wise practices to residents.
 - Increase awareness and implementation of recycling programs.
 - Educating residents and developers of the economic benefits of environmental practices.
- (b) To accomplish these responsibilities the Board shall establish subcommittees such as, but not limited to, the areas of business and industry, communications, education, finance/fundraising, and cleanup.
- (c) A Board member will chair each subcommittee with an unspecified number of community volunteers chosen by the Board as working subcommittee members.

Re: SAP Update - Cambridge Crossing PID

Action Requested:

Consider and act upon an Ordinance of the City of Celina, Texas, approving the 2023-2024 Annual Service Plan update to the Service and Assessment Plan for the Cambridge Crossing Public Improvement District and providing an effective date. (Bromiley)

Background Information:

The Cambridge Crossing PID was created by the City Council pursuant to the PID Act and a resolution approved on February 28, 2017. The PID is located approximately two miles west of Preston Road, approximately four and one-half miles north of US 380, and approximately 1,000 feet west of the Dallas North Tollway extension. The PID is anticipated to contain an estimated 1,528 residential units on approximately 484.074 acres within seven phases. The PID annual installments in the Annual Service Plan update include amounts for the payment of principal and interest on the PID bonds and reimbursement agreement, if any, PID administrative expenses, additional interest for prepayment and delinquency reserves and as applicable, TIRZ annual credit amounts committed to pay a portion of the PID bond principal and interest. The Service Plan is prepared annually and presented to Council as required by Chapter 372 of the Texas Local Government Code.

I. INTRODUCTION

The Cambridge Crossing Public Improvement District (the “PID”) was created pursuant to the PID Act and a resolution of the City Council on January 10, 2017, to finance certain public improvement projects for the benefit of the property in the PID.

On August 14, 2018, the City approved issuance of the City of Celina, Texas Special Assessment Revenue Bonds, Series 2018 (Cambridge Crossing Public Improvement District Phase #1 Project) (the “Phase #1 Bonds”) in the aggregate principal amount of \$9,555,000, and the City of Celina, Texas Special Assessment Revenue Bonds, Series 2018 (Cambridge Crossing Public Improvement District Phases #2-7 Major Improvement Project) (the “Phases #2-7 Major Improvement Bonds”) in the aggregate principal amount of \$13,795,000, were issued to finance, refinance, provide or otherwise assist in the acquisition, construction and maintenance of the public improvements provided for the benefit of the property in the PID.

A service and assessment plan (the “Service and Assessment Plan”) was prepared at the direction of the City identifying the public improvements (the “Authorized Improvements”) to be provided by the PID, the costs of the Authorized Improvements, the indebtedness to be incurred for the Authorized Improvements, and the manner of assessing the property in the PID for the costs of the Authorized Improvements. The Service and assessment Plan was updated for Phase #2 on June 14, 2022, to incorporate reimbursement obligations for Phase #2 in the aggregate principal amount of \$5,938,154 (the “Phase #2 Reimbursement Agreement”) to finance the Phase #2 Improvements, and updated for Phase #3 on February 14, 2023 to incorporate reimbursement obligations for the Phase #3 in the aggregate principal amount of \$7,708,239 (the “Phase #3 Reimbursement Agreement”) to finance the Phase #3 Improvements (the “Updated Service and Assessment Plan”).

Pursuant to the PID Act, the Updated Service and Assessment Plan must be reviewed and updated annually for the purpose of determining the annual budget for the Authorized Improvements. This document is the annual update of the Updated Service and Assessment Plan for 2023-24 (the “Annual Service Plan Update”).

The City also adopted an assessment roll for Phase #1 of the PID (the “Phase #1 Assessment Roll”), Phases #2-7 of the PID (the Phases #2-7 Assessment Roll”), Phase #2 of the PID (the “Phase #2 Assessment Roll”), and Phase #3 of the PID (the “Phase #3 Assessment Roll”) attached as Appendix H, Appendix G, Appendix I, and Appendix J respectively, to the Updated Service and Assessment Plan, identifying the assessments on each Parcel within the PID, based on the method of assessment identified in the Updated Service and Assessment Plan. This Annual Service Plan Update also updates the Phase #1 Assessment Roll, the Phases #2-7 Assessment Roll, and the Phase #2 Assessment Roll for 2023-24.

The Texas legislature passed House Bill 1543 as an amendment to the PID Act, requiring, among other things, (i) all Service and Assessment Plans and Annual Service Plan Updates be approved through City ordinance or order to be filed with the county clerk of each county in which all or part of the PID is located within seven days and (ii) include a copy of the notice form required by Section 5.014 of the Texas Property Code (the “PID Assessment Notice”) as disclosure of the obligation to pay PID Assessments. In light of these amendments to the PID Act, this Annual Service Plan Update includes a copy of the PID Assessment Notice as Appendix H and copy of this Annual Service Plan Update will be filed with the county clerk in each county in which all or a part of the PID is located not later than seven (7) days after the date the governing body of the City approves this Annual Service Plan Update.

Section 372.013 of the PID Act, as amended, stipulates that a person who proposes to sell or otherwise convey real property that is located in the PID, except in certain situation described in the PID Act, shall first give to the purchaser of the property a copy of the completed PID Assessment Notice. The PID Assessment Notice shall be given to a prospective purchaser before the execution of a binding contract of purchase and sale, either separately or as an addendum or paragraph of a purchase contract. In the event a contract of purchase and sale is entered into without the seller provided the required notice, the purchaser, subject to certain exceptions described in the PID act, is entitled to terminate the contract.

The PID Assessment Notice shall be executed by the seller and must be filed in the real property records of the County in which the property is located at the closing of the purchase and sale of the property.

Capitalized terms shall have the meanings set forth in the Updated Service and Assessment Plan unless otherwise defined herein.

(remainder of this page is intentionally left blank)

II. UPDATE OF THE SERVICE PLAN

A. UPDATED SOURCES AND USES FOR PUBLIC IMPROVEMENTS

Phase #1 Improvements Sources and Uses

Pursuant to the original Service and Assessment Plan adopted on August 14, 2018, the initial total estimated costs of the Phase #1 Improvements, including the proportional share of the Phases #2-7 Major Improvement costs and bond issuance costs, were equal to \$9,906,948. According to the Developer, there have been line item amount revisions for the Authorized Improvements as shown in Table II-A on the following page.

According to the City, the Phase #1 Improvements were completed and accepted February 24, 2020, and the Outer Loop was completed and accepted on June 10, 2021.

Table II-A on the following page summarizes the updated sources and uses of funds required to (1) construct the Phase #1 Improvements, including the proportional share of the Phases #2-7 Initial Major Improvement costs and Additional Major Improvement, (2) establish the PID, and (3) issue Phase #1 Bonds.

Phase #1 Improvement Cost Variances

As stated in Table II-A on the previous page, there are improvement cost increases of \$2,085,551 of which \$129,734 was funded by additional interest earned in the Phase #1 Improvement Account and Phase #1 Major Improvement Account. The additional increase of \$53,753 for the Phase #1 Improvements and Initial Major Improvements was funded by the Developer. According to the Updated Service and Assessment Plan, the Additional Major Improvement costs of \$1,902,064 will be paid by the developer without reimbursement.

Phases #2-7 Major Improvements Sources and Uses

Pursuant to the original Service and Assessment Plan adopted on August 14, 2018, the initial total estimated costs of the Phases #2-7 Major Improvements, including bond issuance costs, were equal to \$14,028,091. According to the Developer, there have been line item amount revisions for the Authorized Improvements as shown in Table II-B on the following page.

According to the City, the Phases #2-7 Major Improvements were completed and accepted on June 10, 2021.

Table II-B on the following page summarizes the updated sources and uses of funds required to (1) construct the Phases #2-7 Major Improvements, (2) establish the PID, and (3) issue Phases #2-7 Major Improvement Bonds.

3 - A portion of the revised budget variance (\$153,101) attributable for Phases #2-7 Major Improvements costs was paid through additional interest income earned within the Phases #2-7 Major Improvement Account.

Phases #2-7 Major Improvement Area Cost Variances

As stated in Table II-B above, there are improvement cost increases of \$376,967 of which \$153,101 was funded by additional interest earned in the Phases #2-7 Major Improvement Account. The additional increase of \$223,866 was funded by the Developer.

Phase #2 Improvements Sources and Uses

In addition to the actual costs of the Phase #2 Improvements, the Developer has provided additional costs for the Phase #2 Additional Projects. There have been changes reported by the Developer to the revised estimated costs of the Authorized Improvements as shown in the Updated Service and Assessment Plan for Phase #2.

Table II-C below summarizes the updated sources and uses of funds required to construct the Phase #2 Improvements and the Phase #2 share of the Additional Major Improvements. According to the Developer's Quarterly Improvement Implementation Report for Phases #2-7 dated as of June 30, 2023, the Phase #2 Improvements were completed and accepted by the City on August 24, 2022.

2 - According to the Updated Service and Assessment Plan Updated for Phase #3 on February 14, 2023. The Initial Major Improvements costs are final and the Additional Major Improvements costs are estimated and subject to change.

Phase #2 Cost Variances

As shown in Table II-C on the previous page, there is a variance of \$1,081,043 attributable to cost the cost of the Phase #2 Additional Major Improvements. According to the Updated Service and Assessment Plan, the Phase #2 Actual Costs variance will be paid by the Developer without reimbursement.

Phase #3 Improvements Sources and Uses

There have been no changes reported by the Developer to the revised estimated costs of the Authorized Improvement shown in the Updated Service and Assessment Plan for Phase #3.

Table II-D on the following page summarizes the updated sources and uses of funds required to construct the Phase #3 Improvements and the Phase #3 portion of the Additional Major Improvements. According to the Developer's Quarterly Improvement Implementation Report for Phases #2-7 dated as of June 30, 2023, the Phase #3 Improvements were completed and accepted by the City on March 14, 2023.

Phase #3 Cost Variances

As stated in Table II-D above, there are no significant variances between the initial estimated budget and the actual amount spent to be reported at this time.

B. FIVE YEAR SERVICE PLAN

According to the PID Act, a service plan must cover a period of five years. All the Authorized Improvements are expected to be built within a period of five years. The anticipated budget for the Authorized Improvements is shown in Section II.A of this report, and the Annual Installments expected to be collected for these costs is shown by Table II-E on the following page.

Table II-E

C. STATUS OF DEVELOPMENT

Phase #1

According to the City, greater than 95 percent of the total building permits expected to be issued within Phase #1 have been issued as of June 18, 2023. Pursuant to Section 4(a)(ii) of the Phase #1 Continuing Disclosure Agreement of the Issuer, the City is no longer responsible for reporting the number of homes completed in Phase #1 of the PID in the Annual Service Plan Update.

Phases #2-7 Major Improvement Area

According to the City, eighty-eight (88) and thirty-three (33) building permits have been issued for Phase #2 and Phase #3 of the PID, respectively, as of June 18, 2023, representing approximately 10.08 percent of the 1,200 total building permits expected to be issued within the Phases #2-7 Major Improvement Area. As of the same date, nine (9) and zero (0) certificates of occupancy have been issued for Phase #2 and Phase #3 of the PID, respectively, representing approximately 0.75 percent of the 1,200 total certificates of occupancy expected to be issued within the Phases #2-7 Major Improvement Area.

See Table II-F on the following page for the status of completed homes within the Phases #2-7 Major Improvement Area of the PID as of June 18, 2023.

D. ANNUAL BUDGET – PHASE #1

Phase #1 - Annual Installments – 2023-24

The Assessment imposed on any Parcel may be paid in full at any time. If not paid in full, the Assessment shall be payable in thirty Annual Installments of principal and interest beginning with the tax year following the issuance of the Phase #1 Bonds, of which twenty-four (24) Annual Installments remain outstanding.

Pursuant to the Updated Service and Assessment Plan, each Assessment shall bear interest at the rate on the Phase #1 Bonds commencing with the issuance of the Phase #1 Bonds. The effective interest rate on the Phase #1 Bonds is 5.13 percent per annum. Pursuant to Section 372.018 of the PID Act, the interest rate for that assessment may not exceed a rate that is one-half of one percent higher than the actual interest rate paid on the debt. Accordingly, the effective interest rate on the Phase #1 Bonds (5.13 percent) plus an additional interest of one-half of one percent are used to calculate the interest on the Assessments. These payments, the “Annual Installments” of the Assessments, shall be billed by the City in 2023 and will be delinquent on February 1, 2024.

Pursuant to the Updated Service and Assessment Plan, the Annual Service Plan Update shall show the remaining balance of the Assessments, the Annual Installment due for 2023-24 and the Administrative Expenses to be collected from each Parcel. Administrative Expenses shall be allocated to each Parcel pro rata based upon the amount the Annual Installment on a Parcel bears to the total amount of Annual Installments in the PID as a whole that are payable at the time of such allocation. Each Annual Installment shall be reduced by any credits applied under applicable documents including the Updated Service and Assessment Plan and Trust Indenture such as capitalized interest and interest earnings on any account balances and by any other funds available to the PID.

Annual Budget for the Repayment of Indebtedness

Debt service will be paid on the Phase #1 Bonds from the collection of the Annual Installments. In addition, Administrative Expenses are to be collected with the Annual Installments to pay expenses related to the collection of the Annual Installments. The additional interest collected with the Annual Installments will be used to pay the prepayment and delinquency reserve amounts as described in the Updated Service and Assessment Plan and applicable Trust Indenture.

Phase #1 Annual Installments to be Collected for 2023-24

The budget for Phase #1 of the PID will be paid from the collection of Annual Installments collected for 2023-24 as shown by Table II-G below.

Table II-G
Budget for the Phase #1 Annual Installments
to be Collected for 2023-24

	Phase #1 Bonds
Interest payment on March 1, 2024	\$227,676
Interest payment on September 1, 2024	\$227,676
Principal payment on September 1, 2024	\$200,000
<i>Subtotal debt service payments</i>	<i>\$655,352</i>
Administrative expenses	\$38,643
Excess interest for prepayment and delinquency reserves	\$44,380
<i>Subtotal Expenses</i>	<i>\$738,374</i>
Available Reserve Fund Income	(\$18,423)
Available Capitalized Interest Account	\$0
Available Administrative Expense account	\$0
<i>Subtotal funds available</i>	<i>(\$18,423)</i>
Annual Installments	\$719,951

Debt Service Payments

Annual Installments to be collected for principal and interest include interest due on March 1, 2024, in the amount of \$227,676 and on September 1, 2024, in the amount of \$227,676, which equal interest on the outstanding Phase #1 Assessments balance of \$8,876,018 for six months each and an effective interest rate of 5.13 percent. Annual Installments to be collected include a principal amount of \$200,000 due on September 1, 2024. As a result, total Annual Installments to be collected in 2023-24 for principal and interest is estimated to be equal to \$655,352.

Administrative Expenses

Administrative expenses include the City, Trustee, Administrator, auditor, dissemination agent and contingency fees. As shown in Table II-H on the following page, the total Phase #1 administrative expenses to be collected for 2023-24 are estimated to be \$38,643.

Table II-H
Administrative Budget Breakdown

Description	2023-24 Estimated Budget
City	\$6,000
Administrator	\$26,000
Trustee	\$2,750
Auditor	\$2,000
Contingency	\$1,893
Total	\$38,643

Excess Interest for Prepayment and Delinquency Reserve

Annual Installments to be collected for excess interest for prepayment and delinquency reserves in the amount of \$44,380, which equals 0.5 percent interest on the outstanding Phase #1 Assessments balance of \$8,876,018.

Available Reserve Fund Income

As of May 31, 2023, the balance in the Phase #1 Reserve Fund was \$697,286, which includes the Bond Reserve Requirement of \$678,863 and an excess balance of \$18,423. Pursuant to Section 6.7(d) of the Phase #1 Bond Trust Indenture the excess balance of \$18,423 should be transferred to the Phase #1 Principal & Interest Account and used to pay interest on the Phase #1 Bonds on the next interest payment date. As a result, \$18,423 is available to pay a portion of the Phase #1 Bonds debt service.

Available Capitalized Interest Account

As of May 31, 2023, the Trustee reported that the Capitalized Interest Fund has been fully expended. As a result, there is no credit to reduce the Phase #1 2023-24 Annual Installment.

Available Administrative Expense Account

As of May 31, 2023, the balance in the Administrative Expense Fund was \$40,094. Approximately \$40,094 is anticipated to be used for the payment of current year administrative expenses through January 31, 2024. As a result, there are no funds available in the Administrative Expense Fund to reduce the Phase #1 2023-24 Annual Installment.

E. ANNUAL INSTALLMENTS PER UNIT - PHASE #1

According to the Updated Service and Assessment Plan, the Annual Installments shall be collected in an amount sufficient to pay principal and interest on the Phase #1 Bonds, to fund the Prepayment Reserve and Delinquency Reserve described in the Updated Service and Assessment Plan, and to cover Administrative Expenses of Phase #1.

According to the Updated Service and Assessment Plan, 330 units, representing 254.02 total Equivalent Units, are anticipated to be built within Phase #1 of the PID. As of May 31, 2023, four Parcels representing 3.68 Equivalent Unit have prepaid their Phase #1 Assessment. As a result, 326 units representing 250.34 Equivalent Units will be billed for the 2023-24 Annual Installment. Accordingly, the net principal and interest portion of Annual Installment to be collected from each Equivalent Unit will be \$2,721.53 (i.e. $(\$655,352 + \$44,380 - \$18,423) \div 250.34 = \$2,721.53$). The net Administrative Expenses to be collected from each Equivalent Unit will be \$154.36 (i.e., $\$38,643 \div 250.34 = \154.36). As a result, the total Annual Installment to be collected from each Equivalent Unit within Phase #1 will be \$2,875.89 (i.e., $\$2,721.53 + \$154.36 = \$2,875.89$). The Annual Installment to be collected from each Parcel within Phase #1 is calculated by multiplying the Annual Installment for each Equivalent Unit of \$2,875.89 by the total estimated Equivalent Units for each Parcel in Phase #1.

The Annual Installment due to be collected from each Land Use Class in Phase #1 for 2023-24 is shown in Table II-I below.

Table II-I
Annual Installment Per Unit – Phase #1

Land Use Class	Annual Installment Per Equivalent Unit	Equivalent Unit Factor	Annual Installment Per Unit
Lot Type 1 (74 Ft)	\$2,875.89	1.00	\$2,875.89
Lot Type 2 (60 Ft)	\$2,875.89	0.81	\$2,329.47
Lot Type 3 (50 Ft)	\$2,875.89	0.68	\$1,955.61

The list of Parcels within Phase #1 of the PID, the corresponding lot size and lot types of the current residential Parcels, the corresponding total Equivalent Units, the total outstanding Assessment, the annual principal and interest, the Administrative Expenses, and the Annual Installment to be collected for 2023-24 are shown in the Assessment Roll Summary attached hereto as Appendix C.

F. ANNUAL BUDGET – PHASES #2-7 MAJOR IMPROVEMENT AREA

The Assessment imposed on any Parcel may be paid in full at any time. If not paid in full, the Assessment shall be payable in thirty annual installments of principal and interest beginning with the tax year following the issuance of the Phases #2-7 Major Improvement Bonds, of which twenty-five (25) Annual Installments remain outstanding.

Pursuant to the Updated Service and Assessment Plan, each Assessment shall bear interest at the rate on the Bonds commencing with the issuance of the Phases #2-7 Major Improvement Bonds. The effective interest rate on the Phases #2-7 Major Improvement Bonds is 5.52 percent. Pursuant to Section 372.018 of the PID Act, the interest rate for that Assessment may not exceed a rate that is one-half of one percent higher than the actual interest rate paid on the debt. Accordingly, the effective interest rate on the Phases #2-7 Major Improvement Bonds (5.52 percent) plus an additional interest of one-half of one percent are used to calculate the interest on the Assessments. These payments, the “Annual Installments” of the Assessments, shall be billed by the City in 2023 and will be delinquent on February 1, 2024.

Pursuant to the Updated Service and Assessment Plan, the Annual Service Plan Update shall show the remaining balance of the Assessments, the Annual Installment due for 2023-24 and the Administrative Expenses to be collected from each Parcel. Administrative Expenses shall be allocated to each Parcel pro rata based upon the amount the Annual Installment on a Parcel bears to the total amount of Annual Installments in the PID as a whole that are payable at the time of such allocation. Each Annual Installment shall be reduced by any credits applied under an applicable Trust Indenture capitalized interest and interest earnings on any account balances and by any other funds available to the PID.

Annual Budget for the Repayment of Indebtedness

Debt service will be paid on the Phases #2-7 Major Improvement Bonds from the collection of the Annual Installments. In addition, Administrative Expenses are to be collected with the Annual Installments to pay expenses related to the collection of the Annual Installments. The additional interest collected with the Annual Installments will be used to pay the prepayment and delinquency reserve amounts as described in the Updated Service and Assessment Plan and applicable Trust Indenture.

Phases #2-7 Annual Installments to be Collected for 2023-24

The budget for Phase #2-7 of the PID will be paid from the collection of Annual Installments collected for 2023-24 as shown by Table II-J on the following page.

Debt Service Payments

Annual Installments to be collected for principal and interest include interest due on March 1, 2024, in the amount of \$361,575 and on September 1, 2024, in the amount of \$361,575, which equal interest on the outstanding Phases #2-7 Major Improvement Assessments balance of \$13,105,000 for six months each and an effective interest rate of 5.52 percent. Annual Installments to be collected include a principal amount of \$250,000 due on September 1, 2024. As a result, total Phases #2-7 Major Improvement Annual Installments to be collected for principal and interest in 2023-24 is estimated to be equal to \$973,150.

Administrative Expenses

Administrative expenses include the City, Trustee, Administrator, auditor, dissemination agent and contingency fees. As shown in Table II-K on the following page, the total Phases #2-7 Major Improvement administrative expenses to be collected for 2023-24 are estimated to be \$38,643.

Table II-K
Administrative Budget Breakdown

Description	2023-24 Estimated Budget
City	\$6,000
Administrator	\$26,000
Trustee	\$2,750
Auditor	\$2,000
Contingency	\$1,893
Total	\$38,643

Excess Interest for Prepayment and Delinquency Reserve

Annual Installments to be collected for excess interest for prepayment and delinquency reserves in the amount of \$65,525, which equals 0.5 percent interest on the outstanding Phases #2-7 Assessments balance of \$13,105,000.

Available Reserve Fund Income

As of May 31, 2023, the balance in the Phases #2-7 Major Improvement Reserve Fund was \$1,041,518, which includes the Bond Reserve Requirement of \$1,014,000 and an excess balance of \$27,518. Pursuant to Section 6.7(d) of the Phases #2-7 Major Improvement Bond Trust Indenture the excess balance of \$27,518 should be transferred to the Phases #2-7 Major Improvement Principal & Interest Account and used to pay interest on the Phases #2-7 Major Improvement Bonds on the next interest payment date. As a result, \$27,518 is available to pay a portion of the Phases #2-7 Major Improvement Bonds debt service.

Available Capitalized Interest Account

As of May 31, 2023, the Trustee reported that the Capitalized Interest Fund has been fully expended. As a result, there is no capitalized interest account credit available to reduce the Phases #2-7 Major Improvement 2023-24 Annual Installment.

Available Administrative Expense Account

As of May 31, 2023, the balance in the Administrative Expense Fund was \$90,593. Approximately \$90,593 of the current balance is anticipated to be used for the payment of current year administrative expenses through January 31, 2024. As a result, there are no funds available in the Administrative Expense Fund to reduce the Phases #2-7 Major Improvement 2023-24 Annual Installment.

G. ANNUAL INSTALLMENTS PER UNIT - PHASES #2-7 MAJOR IMPROVEMENT AREA

According to the Updated Service and Assessment Plan, the Annual Installments shall be collected in an amount sufficient to pay principal and interest on the Phases #2-7 Major Improvement Bonds, to fund the Prepayment Reserve and Delinquency Reserve described in the Updated Service and Assessment Plan, and to cover Administrative Expenses of the Phases #2-7 Major Improvement Area.

According to the Updated Service and Assessment Plan, 1,200 units representing 891.19 total Equivalent Units are anticipated to be built within the Phases #2-7 Major Improvement Area of the PID. Accordingly, the net principal and interest portion of Annual Installment to be collected from each Equivalent Unit will be \$1,134.62 (i.e. $(\$973,150 + \$65,525 - \$27,518) \div 891.19 = \$1,134.62$) and the Administrative Expenses to be collected from each Equivalent Unit will be \$43.36 (i.e., $\$38,643 \div 891.19 = \43.36). As a result, the total Annual Installment to be collected from each Equivalent Unit within the Phases #2-7 Major Improvement Area will be \$1,177.98 (i.e., $\$1,134.62 + \$43.36 = \$1,177.98$) for each Parcel within the Phases #2-7 Major Improvement Area. The Annual Installment to be collected from each Parcel within the Phases #2-7 Major Improvement Area is calculated by multiplying the Annual Installment for each Equivalent Unit of \$1,177.98 by the total estimated Equivalent Units for each Parcel in the Phases #2-7 Major Improvement Area.

The Annual Installment due to be collected from each Land Use Class in Phases #2-7 for 2023-24 is shown in Table II-L below.

Table II-L
Annual Installment Per Unit – Phases #2-7 Major Improvement Area

Land Use Class	Annual Installment Per Equivalent Unit	Equivalent Unit Factor	Annual Installment Per Unit
Lot Type 1 (74 Ft)	\$1,177.98	0.91	\$1,071.96
Lot Type 2 (60 Ft)	\$1,177.98	0.79	\$930.60
Lot Type 3 (50 Ft)	\$1,177.98	0.71	\$836.36
Lot Type 4 (84 Ft)	\$1,177.98	1.00	\$1,177.98
Lot Type 5 (40 Ft)	\$1,177.98	0.59	\$695.01

The list of Parcels within the Phases #2-7 Major Improvement Area of the PID, the corresponding lot size and lot types of the current residential Parcels, the corresponding total Equivalent Units, the total outstanding Assessment, the annual principal and interest, the Administrative Expenses, and the Annual Installment to be collected for 2023-24 are shown in the Assessment Roll Summary attached hereto as Appendix D.

H. ANNUAL BUDGET – PHASE #2

The Assessment imposed on any Parcel may be paid in full at any time. According to the Updated Service and Assessment Plan, the collection of the first Annual Installment for a Phase #2 Lot or Phase #2 Parcel shall commence upon the earlier of: (i) September 1, 2023 (ii) with tax bills sent the first October after issuance of a series of Bonds for Phase #2 Improvements, such that upon the issuance of Bonds all Assessments in Phase #2 shall begin collection, or (iii) with tax bills sent the first October occurring after the expiration of two years from the date of the levy of Assessments on Phase #2 Assessed Property, such that all Assessments in Phase #2 begin collection immediately after the expiration of such two year period. Such first Annual Installment for a Phase #2 Lot or Phase #2 Parcel shall be due by January 31st of the following calendar year.

According to section (i) stated above, the conditions will be satisfied as of September 1, 2023 and collection of Annual Installments from Parcels within Phase #2 will be due no later than January 31, 2024. As a result, if the Assessment is not paid in full, the Assessment shall be payable in thirty Annual Installments of principal and interest beginning September 1, 2023 of which thirty (30) Annual Installments remain outstanding.

Each Assessment for the Phase #2 Improvements bears interest at the rate on the Reimbursement Agreement for Phase #2 Improvements as described in the Updated Service and Assessment Plan. The effective interest rate on the Reimbursement Agreement for Phase #2 Improvements. is 8.75 percent for 2023-24. These payments, the “Annual Installments” of the Assessments, shall be billed by the City in 2023 and will be delinquent on February 1, 2024.

Pursuant to the Updated Service and Assessment Plan, the Annual Service Plan Update shall show the remaining balance of the Assessments, the Annual Installment due for 2023-24 and the Administrative Expenses to be collected from each Parcel. Administrative Expenses shall be allocated to each Parcel pro rata based upon the amount the Annual Installment on a Parcel bears to the total amount of Annual Installments in the PID as a whole that are payable at the time of such allocation. Each Annual Installment shall be reduced by any credits applied under applicable documents including the Updated Service and Assessment Plan and other applicable documents, such as interest earnings and by any other funds available to the PID.

Annual Budget for the Repayment of Indebtedness

Debt service will be paid on the unpaid balance of Reimbursement Agreement for Phase #2 Improvements and any accrued interest thereon (the “Phase #2 Reimbursement Amount”) from the collection of the Annual Installments in accordance with the Phase #2 Assessment Roll. In addition, Administrative Expenses are to be collected with the Annual Installments to pay expenses related to the collection of such Annual Installments.

Phase #2 Annual Installments to be collected for 2023-24

The budget for Phase #2 of the PID will be paid from the collection of Annual Installments collected for 2023-24 as shown by Table II-M on the following page.

Table II-M
Budget for the Phase #2 Annual Installments
to be Collected for 2023-24

	Phase #2 Reimbursement Agreement
Interest due on Phase #2 Reimbursement Amount	\$519,588
Phase #2 Assessments due	\$1,000
<i>Subtotal debt service</i>	<i>\$520,588</i>
Administrative Expenses	\$40,000
<i>Subtotal Expenses</i>	<i>\$560,588</i>
Available Administrative Expense Account	\$0
<i>Subtotal funds available</i>	<i>\$0</i>
Annual Installments	\$560,588

Debt Service Payments

Annual Installments to be collected for principal and interest include interest due for 2023-24 in the amount of \$519,588, which equal interest on the outstanding Assessments balance of \$5,938,154 for one year and an effective interest rate of 8.75 percent. Annual Installments to be collected include a principal amount of \$1,000. As a result, total Annual Installments to be collected for Phase #2 for principal and interest in 2023-24 is estimated to be equal to \$520,588.

Administrative Expenses

Administrative expenses include the City, Administrator, and contingency fees. As shown in Table II-N below the total administrative expenses to be collected for 2023-24 are estimated to be \$40,000.

Table II-N
Administrative Budget Breakdown

Description	2023-24 Estimated Budget
City	\$6,000
Administrator	\$32,000
Contingency	\$2,000
Total	\$40,000

Available Administrative Expense Account

The balance in the Administrative Expense Account for Phase #2 is anticipated to be used for the payment of current year administrative expenses through January 31, 2024. As a result, funds are not anticipated to be available in the Administrative Expense Fund to reduce the Phase #2 2023-24 Annual Installment.

I. ANNUAL INSTALLMENTS PER UNIT - PHASE #2

According to the Updated Service and Assessment Plan, the Annual Installments shall be collected in an amount sufficient to pay principal and interest on the Phase #2 Reimbursement Agreement and to cover Administrative Expenses of Phase #2.

According to the Developer, 227 units representing 143.60 total Equivalent Units were estimated to be built within Phase #2 of the PID. Accordingly, the principal and interest portion of Annual Installment to be collected from each Equivalent Unit will be \$3,625.27 (i.e., $\$520,588 \div 143.60 = \$3,625.27$) and the Administrative Expenses to be collected from each Equivalent Unit will be \$278.55 (i.e., $\$40,000 \div 143.60 = \278.55). As a result, the total Annual Installment to be collected from each Equivalent Unit within Phase #2 will be \$3,903.82 (i.e., $\$3,625.27 + \$278.55 = \$3,903.82$). The Annual Installment to be collected from each Parcel within Phase #2 is calculated by multiplying the Annual Installment for each Equivalent Unit of \$3,903.82 by the total estimated Equivalent Units for each Parcel in Phase #2.

The Annual Installment due to be collected from each Land Use Class in Phase #2 for 2023-24 is shown in Table II-O below.

Table II-O
Annual Installment Per Unit – Phase #2

Land Use Class	Annual Installment Per Equivalent Unit	Equivalent Unit Factor	Annual Installment Per Unit
Lot Type 1 (74 Ft)	\$3,903.82	0.91	\$3,552.48
Lot Type 2 (60 Ft)	\$3,903.82	0.79	\$3,084.02
Lot Type 4 (84 Ft)	\$3,903.82	1.00	\$3,903.82
Lot Type 5 (40 Ft)	\$3,903.82	0.59	\$2,303.25

The list of Parcels within Phase #2 of the PID, the corresponding lot size and lot types of the current residential Parcels, the corresponding total Equivalent Units, the total outstanding Assessment, the annual principal and interest, the Administrative Expenses, and the Annual Installment to be collected for 2023-24 are shown in the Assessment Roll Summary attached hereto as Appendix E.

J. ANNUAL BUDGET – PHASE #3

The Assessment imposed on any Parcel may be paid in full at any time. According to the Updated Service and Assessment Plan, the collection of the first Annual Installment for a Phase #3 Lot or Phase #3 Parcel shall commence upon the earlier of: (i) September 1, 2024 (ii) with tax bills sent the first October after issuance of a series of Bonds for Phase #3 Improvements, such that upon the issuance of Bonds all Assessments in Phase #3 shall begin collection, or (iii) with tax bills sent the first October occurring after the expiration of two years from the date of the levy of Assessments on Phase #3 Assessed Property, such that all Assessments in Phase #3 begin collection immediately after the expiration of such two year period. Such first Annual Installment for a Phase #3 Lot or Phase #3 Parcel shall be due by January 31st of the following calendar year.

As of June 30, 2023, the above conditions have not been met and as a result, Annual Installments will not be collected for the 2023-24 Assessment Year.

K. BOND REDEMPTION RELATED UPDATES

Phase #1 Bonds

The Phase #1 Bonds were issued in 2018. Pursuant to Section 4.3 of the Phase #1 Trust Indenture, the City reserves the right and option to redeem the Phase #1 Bonds before their scheduled maturity dates, in whole or in part, on any interest payment date on or after **September 1, 2028**, such redemption date or dates to be fixed by the City, at the redemption prices and dates shown in the applicable Trust Indenture.

The Administrator has conducted a preliminary evaluation of the current refunding market conditions, recent PID bond refunding transactions, and other relevant factors. Based on this preliminary evaluation, the Administrator believes a refunding of the Phase #1 Bonds does not appear viable at this time. The Administrator will continue to monitor the refunding market conditions, applicable PID bond refunding transactions, and other relevant factors to determine if refunding becomes viable in the future and will inform the City accordingly.

Phases #2-7 Major Improvement Bonds

The Phase #2-7 Major Improvement Bonds were issued in 2018. Pursuant to Section 4.3 of the Phases #2-7 Major Improvement Trust Indenture, the City reserves the right and option to redeem the Phases #2-7 Major Improvement Bonds before their scheduled maturity dates, in whole or in part, on any interest payment date on or after **September 1, 2028**, such redemption date or dates to be fixed by the City, at the redemption prices and dates shown in the applicable Trust Indenture.

The Administrator has conducted a preliminary evaluation of the current refunding market conditions, recent PID bond refunding transactions, and other relevant factors. Based on this preliminary evaluation, the Administrator believes a refunding of the Phases #2-7 Major Improvement Bonds does not appear viable at this time. The Administrator will continue to monitor the refunding market conditions, applicable PID bond refunding transactions, and other

relevant factors to determine if refunding becomes viable in the future and will inform the City accordingly.

III. UPDATE OF THE ASSESSMENT PLAN

The Updated Service and Assessment Plan adopted by the City Council describes that the Authorized Improvement costs shall be allocated to the Assessed Property equally based on the equivalent number of residential dwelling units anticipated to be built on each Parcel once such property is fully developed, and that such method of allocation will result in the imposition of equal shares of the Authorized Improvement costs to Parcels similarly benefited.

Assessment Methodology

This method of assessing property, as updated in prior Annual Service Plan Updates, has not been changed and Assessed Property will continue to be assessed as provided for in the Updated Service and Assessment Plan.

(remainder of this page is intentionally left blank)

IV. UPDATE OF THE ASSESSMENT ROLL

Pursuant to the Updated Service and Assessment Plan, the Assessment Rolls shall be updated each year to reflect:

(i) the identification of each Parcel (ii) the Assessment for each Parcel of Assessed Property, including any adjustments authorized by the Updated Service and Assessment Plan or in the PID Act; (iii) the Annual Installment for the Assessed Property for the year (if the Assessment is payable in installments); and (iv) payments of the Assessment, if any, as provided by Section VI.H of the Updated Service and Assessment Plan.

The summary of updated Assessment Rolls is shown in Appendix C and Appendix D of this report. Each Parcel in the PID is identified, along with the Assessment on each Parcel and the Annual Installment to be collected from each Parcel. Assessments are to be reallocated for the subdivision of any Parcels.

A. PARCEL UPDATES

According to the Updated Service and Assessment Plan, upon the subdivision of any Parcel, the Administrator shall reallocate the Assessment for the Parcel prior to the subdivision among the new subdivided Parcels according to the following formula:

$$A = B \times (C \div D)$$

Where the terms have the following meanings:

- A = the Assessment for each new subdivided Parcel.
- B = the Assessment for the Parcel prior to subdivision.
- C = the estimated Equivalent Units to be built on each newly subdivided Parcel
- D = the sum of the estimated Equivalent Units to be built on all of the new subdivided Parcels

The calculation of the estimated number of units to be built on a Parcel shall be performed by the Administrator and confirmed by the City Council based on the information available regarding the use of the Parcel. The estimate as confirmed shall be conclusive. The number of units to be built on a Parcel may be estimated by net land area and reasonable density ratios.

According to the Developer and the Collin Central Appraisal District records, Phase #1 of the PID was completely subdivided and final plat recorded on February 12, 2020, and the Assessments allocated proportionally according to Lot Type as shown in the 2020-21 Service and Assessment Plan Update. The various Phase #1 Lots were subdivided from Parcel 985517, Parcel 997979, Parcel 2707966, and Parcel 986384.

According to the Developer and the Collin Central Appraisal District records, Phase #2 of the PID was completely subdivided and final plat recorded on September 2, 2022. Parcels in Phase #2 of the PID were subdivided from Parcels 997979 and 961622.

See Appendix G for the Phases #2-7 Major Improvement Assessment and Phase #2 Assessment allocation prior to and after the subdivision of the Phase #2 Parcels.

B. PREPAYMENT OF ASSESSMENTS

As of May 31, 2023, four Parcels have prepaid their Phase #1 Assessment in full.

See Appendix B for a list of these prepaid Parcels.

The complete Assessment Rolls are available for review at the City Hall, located at 142 N. Ohio, Celina, Texas 75009.

PID Assessment Notice

NOTICE OF OBLIGATION TO PAY PUBLIC IMPROVEMENT DISTRICT ASSESSMENT TO
THE CITY OF CELINA, TEXAS
CONCERNING THE FOLLOWING PROPERTY

[insert property address]

As the purchaser of the real property described above, you are obligated to pay assessments to the City of Celina, Texas (the "City"), for the costs of a portion of a public improvement or services project (the "Authorized Improvements") undertaken for the benefit of the property within the Cambridge Crossing Public Improvement District (the "District") created under Subchapter A, Chapter 372, Local Government Code.

AN ASSESSMENT HAS BEEN LEVIED AGAINST YOUR PROPERTY FOR THE AUTHORIZED IMPROVEMENTS, WHICH MAY BE PAID IN FULL AT ANY TIME. IF THE ASSESSMENT IS NOT PAID IN FULL, IT WILL BE DUE AND PAYABLE IN ANNUAL INSTALLMENTS THAT WILL VARY FROM YEAR TO YEAR DEPENDING ON THE AMOUNT OF INTEREST PAID, COLLECTION COSTS, ADMINISTRATIVE COSTS, AND DELINQUENCY COSTS.

The exact amount of the assessment may be obtained from the City. The exact amount of each annual installment will be approved each year by the City Council in the Annual Service Plan Update for the District. More information about the assessments, including the amounts and due dates, may be obtained from the City or MuniCap, Inc., the District Administrator for the City, located at 600 E. John Carpenter Fwy, Suite 150, Irving, Texas 75062 and available by telephone at (469) 490-2800 or (866) 648-8482 (toll free) and email at txpid@municap.com.

Your failure to pay any assessment or any annual installment may result in penalties and interest being added to what you owe or in a lien on and the foreclosure of your property.

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY OF CELINA APPROVING THE ANNUAL UPDATE OF THE SERVICE AND ASSESSMENT PLAN AND ASSESSMENT ROLLS FOR THE CAMBRIDGE CROSSING PUBLIC IMPROVEMENT DISTRICT IN ACCORDANCE WITH TEXAS LOCAL GOVERNMENT CODE §372.013, AS AMENDED; CONTAINING A CUMMULATIVE CLAUSE; CONTAINING A SAVINGS AND SEVERABILITY CLAUSE; AND PROVIDING AN EFFECTIVE DATE

WHEREAS, on February 28, 2017, the City Council of the City of Celina, Texas (the “City”) approved Resolution No. 2017-10R establishing the Cambridge Crossing Public Improvement District (the “PID”) in accordance with the provisions of Chapter 372 of the Texas Local Government Code (the “Public Improvement District Assessment Act” or “the PID Act”); and

WHEREAS, the City has heretofore levied assessments against property within Phase #1 the PID, pursuant to Ordinance No. 2018-44 which ordinance also approved the Cambridge Crossing Public Improvement District Service and Assessment Plan and Assessment Roll related to Phase #1, dated as of August 14, 2018 (the “Service and Assessment Plan and Phase #1 Assessment Roll”); and

WHEREAS, the City has also heretofore levied assessments against property within the Phases #2-7 Major Improvement Area of the PID, pursuant to Ordinance No. 2018-41 which ordinance also approved the Cambridge Crossing Public Improvement District Service and Assessment Plan and Assessment Roll related to the Phases #2-7 Major Improvement Area, dated as of August 14, 2018 (the “Service and Assessment Plan and Phases #2-7 Major Improvement Area Assessment Roll”); and

WHEREAS, the City has also heretofore levied assessments against property within Phase #2 of the PID, pursuant to Ordinance No. 2022-67 which ordinance also approved the Cambridge Crossing Public Improvement District Service and Assessment Plan and Assessment Roll related to Phase #2, dated as of June 14, 2022 (the “Updated Service and Assessment Plan and Phase #2 Assessment Roll”); and

WHEREAS, the City has also heretofore levied assessments against property within Phase #3 of the PID, pursuant to Ordinance No. 2023-09 which ordinance also approved the Cambridge Crossing Public Improvement District Service and Assessment Plan and Assessment Roll related to Phase #3 – Additional Projects, dated as of February 14, 2023 (the “Updated Service and Assessment Plan and Phase #3 Assessment Roll – Additional Projects”); and

WHEREAS, the City has also heretofore levied assessments against property within Phase #3 of the PID, pursuant to Ordinance No. 2023-10 which ordinance also approved the Cambridge Crossing Public Improvement District Service and Assessment Plan and Assessment Roll related to Phase #3 – Phase #3 Improvements, dated as of February 14, 2023 (the “Updated Service and

Assessment Plan and Phase #3 Assessment Roll – Phase #3 Improvements”) [and, together with the Service and Assessment Plan and Phase #1 Assessment Roll, Phases #2-7 Major Improvement Area Assessment Roll, Phase #2 Assessment Roll, and Phase #3 Assessment Roll – Additional Projects, the “Updated Service and Assessment Plan and Assessment Rolls”]; and

WHEREAS, the Updated Service and Assessment Plan and Assessment Rolls are required to be reviewed and updated annually as described in Sections 372.013 and 372.014 of the PID Act (the “Annual Service Plan Update”); and

WHEREAS, the Annual Service Plan Update, attached hereto as Exhibit A, including the Phase #1 Assessment Roll, Phases #2-7 Major Improvement Area Assessment Roll, Phase #2 Assessment Roll, Phase #3 Assessment Roll – Additional Projects, and Phase #3 Assessment Roll – Phase #3 Improvements attached thereto, update the Updated Service and Assessment Plan and Assessment Rolls to reflect prepayments, property divisions and changes to the budget allocation for the PID that occur during the year, if any; and

WHEREAS, the City Council desires and finds it to be in the public interest to adopt this Ordinance approving and adopting the Annual Service Plan Update and the updated Assessment Rolls attached thereto, in compliance with the PID Act.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CELINA, TEXAS, THAT:

SECTION 1. All matters stated in the preamble are found to be true and correct and are incorporated herein as if copied in their entirety.

SECTION 2. The Cambridge Crossing Public Improvement District Annual Service Plan Update, attached hereto as Exhibit A and incorporated herein by reference, inclusive of the updated Assessment Rolls contained therein and made a part thereof, are hereby accepted and approved.

SECTION 3. The provisions of this ordinance are to be cumulative of all other ordinances or parts of ordinances governing or regulating the same subject matter as that covered herein; provided, however, that all prior ordinances or parts of ordinances inconsistent with or in conflict with any of the provisions of this ordinance are hereby expressly repealed to the extent of any such inconsistency or conflict.

SECTION 4. Should any sentence, paragraph, subdivision, clause, phrase or section of this Ordinance be adjudged or held to be unconstitutional, illegal or invalid, the same shall not affect the validity of this Ordinance as a whole, or any part or provision thereof other than the part so decided to be invalid, illegal or unconstitutional, and shall not affect the validity of the Ordinance as a whole.

SECTION 5. This Ordinance shall take effect immediately after its passage and the publication of the caption, as the law and charter in such case provide. The City Secretary shall cause this Ordinance to be filed with the county clerk in each county in which all or a part of the PID is located not later than seven (7) days after the date the governing body of the City approves this

Annual Service Plan Update.

 Re: SAP Update - Celina Hills PID

Action Requested:

Consider and act upon an Ordinance of the City of Celina, Texas, approving the 2023-2024 Annual Service Plan update to the Service and Assessment Plan for the Celina Hills Public Improvement District and providing an effective date. (Bromiley)

Background Information:

The Celina Hills PID was created by the City Council pursuant to the PID Act and a resolution approved on July 9, 2019. The PID is located approximately one mile east of Preston Road and approximately 5 miles north of US 380, and just north of the City of Prosper. The PID is anticipated to contain an estimated 277 residential units on approximately 80.87 acres within one phase. The PID annual installments in the Annual Service Plan update include amounts for the payment of principal and interest on the PID bonds and reimbursement agreement, if any, PID administrative expenses, additional interest for prepayment and delinquency reserves and as applicable, TIRZ annual credit amounts committed to pay a portion of the PID bond principal and interest. The Service Plan is prepared annually and presented to Council as required by Chapter 372 of the Texas Local Government Code.

I. INTRODUCTION

The Celina Hills Public Improvement District (the “PID”) was created pursuant to the PID Act and Resolution No. 2019-37R of the City Council on July 9, 2019 to finance certain public improvement projects for the benefit of the property in the PID.

On April 12, 2022, the City approved issuance of the City of Celina, Texas Special Assessment Revenue Bonds, Series 2022 (Celina Hills Public Improvement District Project) (the “Bonds”) in the aggregate principal amount of \$7,495,000 were issued to finance, refinance, provide or otherwise assist in the acquisition, construction and maintenance of the public improvements provided for the benefit of the property in the PID. The Bonds are secured by Assessments.

A service and assessment plan dated April 12, 2022 (the “Service and Assessment Plan”) was prepared at the direction of the City identifying the public improvements (the “Authorized Improvements”) to be provided by the PID, the costs of the Authorized Improvements, the indebtedness to be incurred for the Authorized Improvements, and the manner of assessing the property in the PID for the costs of the Authorized Improvements. Pursuant to Chapter 372 of the Texas Local Government Code, as amended (the “PID Act”), the Service and Assessment Plan must be reviewed and updated annually for the purpose of determining the annual budget for the Authorized Improvements. This document is the annual update of the Service and Assessment Plan for 2023-24 (the “Annual Service Plan Update”).

The City also adopted an assessment roll for the PID attached as Appendix G to the Service and Assessment Plan (the “Assessment Roll”) identifying the Assessments on each Parcel of Assessed Property, based on the method of assessment identified in the Service and Assessment Plan. This Annual Service Plan Update also updates the Assessment Roll for 2023-24.

The Texas legislature passed House Bill 1543 as an amendment to the PID Act, requiring, among other things, (i) all Service and Assessment Plans and Annual Service Plan Updates be approved through City ordinance or order to be filed with the county clerk of each county in which all or part of the PID is located within seven days and (ii) include a copy of the notice form required by Section 5.014 of the Texas Property Code (the “PID Assessment Notice”) as disclosure of the obligation to pay PID Assessments. In light of these amendments to the PID Act, this Annual Service Plan Update includes a copy of the PID Assessment Notice as Appendix D and copy of this Annual Service Plan Update will be filed with the county clerk in each county in which all or a part of the PID is located not later than seven (7) days after the date the governing body of the City approves this Annual Service Plan Update.

Section 372.013 of the PID Act, as amended, stipulates that a person who proposes to sell or otherwise convey real property that is located in the PID, except in certain situation described in the PID Act, shall first give to the purchaser of the property a copy of the completed PID Assessment Notice. The PID Assessment Notice shall be given to a prospective purchase before the execution of a binding contract of purchase and sale, either separately or as an addendum or paragraph of a purchase contract. In the event a contract of purchase and sale is entered into without

the seller provided the required notice, the purchaser, subject to certain exceptions described in the PID act, is entitled to terminate the contract.

The PID Assessment Notice shall be executed by the seller and must be filed in the real property records of the County in which the property is located at the closing of the purchase and sale of the property.

Capitalized terms shall have the meanings set forth in the Service and Assessment Plan unless otherwise defined herein.

II. UPDATE OF THE SERVICE PLAN

A. UPDATED SOURCES AND USES FOR PUBLIC IMPROVEMENTS

Pursuant to the original Service and Assessment Plan adopted on April 12, 2022, the initial total estimated costs of the Authorized Improvements, not including Bond issuance costs, were equal to \$6,203,192. According to Requisition #3 approved by the City in November 2022, the actual costs of the Authorized Improvements spent to date are equal to \$6,158,216.

Table II-A below summarizes the updated sources and uses of funds required to (1) construct the Authorized Improvements, (2) establish the PID, and (3) issue the Bonds.

1 - According to the Service and Assessment Plan approved by City Council on April 12, 2022.

2 - According to Requisition #3 approved by the City in November 2022.

B. FIVE YEAR SERVICE PLAN

A service plan must cover a period of five years. All the Authorized Improvements are expected to be built within a period of five years. The anticipated budget for the Authorized Improvements over a period of five years and the indebtedness expected to be incurred for these costs is shown by Table II-B below.

C. STATUS OF DEVELOPMENT

According to the Official Statement, the PID will include 277 residential units. A final plat was filed and recorded with the Collin Central Appraisal District on July 8, 2022. The plat consisted of 277 single family residential lots and 11 HOA and open space lots.

According to the City, 120 building permits have been issued for lots within the PID as of June 18, 2023, representing 43.73 percent of the Assessments for lots within the PID.

See Table II-C on the following page for the status of completed homes within the PID as of June 18, 2023.

D. ANNUAL BUDGET

Annual Installments

The Assessment imposed on any Parcel may be paid in full at any time. If not paid in full, the Assessment shall be payable in thirty Annual Installments of principal and interest beginning with the tax year following the issuance of the Bonds, of which twenty-eight (28) Annual Installments remain outstanding.

Pursuant to the Service and Assessment Plan, each Assessment securing the Bonds shall bear interest at the rate on the Bonds. The effective interest rate on the Bonds is 4.87 percent. Pursuant to Section 372.018 of the PID Act, the interest rate for that Assessment may not exceed a rate that is one-half of one percent higher than the actual interest rate paid on the debt. Accordingly, the effective interest rate on the Bonds plus additional interest of one-half of one percent (to be used for funding the Prepayment Reserve and Delinquency Reserve) equals 5.37 percent and is used to calculate the interest on the Assessments securing the Bonds.

These payments, the “Annual Installments” of the Assessments, shall be billed by the City in 2023 and will be delinquent on February 1, 2024.

Pursuant to the Service and Assessment Plan, the Annual Service Plan Update shall show the remaining balance of the Assessments, the Annual Installment due for 2023-24 and the Administrative Expenses to be collected from each Parcel. Administrative Expenses shall be allocated to each Parcel pro rata based upon the amount the Annual Installment on a Parcel bears to the total amount of Annual Installments in the PID as a whole that are payable at the time of such allocation. Each Annual Installment shall be reduced by any credits applied under applicable documents including the Service and Assessment Plan and Trust Indenture, such as capitalized interest and interest earnings on any account balances and by any other funds available to the PID.

(The remainder of this page is intentionally left blank.)

Annual Budget for the Repayment of Indebtedness

Debt service will be paid on the Bonds from the collection of the Annual Installments of the Assessments on the Assessed Property. In addition, Administrative Expenses are to be collected with the Annual Installments to pay expenses related to the collection of the Annual Installments. The additional interest collected with the Annual Installments will be used to pay the prepayment and delinquency reserve amounts as described in the Service and Assessment plan and applicable Trust Indenture.

Annual Installments to be Collected for 2023-24

The budget for the PID will be paid from the collection of Annual Installments of the Assessments on the Assessed Property collected for 2023-24 as shown by Table II-D-1 below.

Debt Service Payments

Annual Installments to be collected for principal and interest on the Bonds include interest due on March 1, 2024 in the amount of \$179,258 and September 1, 2024 in the amount of \$179,258, which equal interest on the outstanding Bonds of \$7,367,000 for six months each and an effective interest rate of 4.87 percent. Annual Installments to be collected on the Bonds include a principal amount of \$133,000 due on September 1, 2024. As a result, the total debt service due on the Bonds in 2023-24 is estimated to be equal to \$491,515.

Administrative Expenses

Administrative expenses include the City, Trustee, Administrator, dissemination agent expenses and contingency fees. As shown in Table II-D-2 below, the total administrative expenses to be collected for 2023-24 are estimated to be \$46,818.

Table II-D-2
Administrative Budget Breakdown

Description	2023-24
	Estimated Budget (9/1/23-8/31/24)
City	\$6,000
PID Administrator	\$30,000
Trustee	\$2,500
Auditor	\$2,000
Dissemination Agent	\$2,500
Contingency	\$4,818
Total	\$46,818

Excess Interest for Prepayment and Delinquency Reserve

Annual Installments to be collected for excess interest for prepayment and delinquency reserves in the amount of \$36,835, which equals 0.5 percent interest on the outstanding Bond balance of \$7,367,000.

Available Reserve Fund Income

As of May 31, 2023, the balance in the Reserve Fund was \$508,001, which includes the Bond Reserve Requirement of \$493,500 and investment income \$14,501. Pursuant to Section 6.7 (d) of the Trust Indenture, the excess balance of \$14,501 should be transferred to the Principal & Interest Account and used to pay interest on the Bonds on the next interest payment date. As a result, \$14,501 is available to pay a portion of the Bonds debt service.

Available Capitalized Interest Account

The balance deposited in the Capitalized Interest Account was fully expended as of September 1, 2022. As a result, there is no credit to reduce the Annual Installment for 2023-24.

(The remainder of this page is intentionally left blank.)

Available Administrative Expense Account

As of May 31, 2023, the available balance for administrative expenses was \$61,810. Approximately \$56,810 is anticipated to be used for the payment of current year administrative expenses through January 31, 2024. As a result, there is \$5,000 anticipated to be available in the Administrative Expense Fund to reduce the PID Bonds 2023-24 Annual Installment.

E. ANNUAL INSTALLMENTS PER UNIT

According to the Service and Assessment Plan, the Annual Installments shall be collected in an amount sufficient to pay (i) principal and interest on the Bonds, (ii) to fund the Prepayment Reserve and Delinquency Reserve, and (iii) to cover Administrative Expenses of the PID.

According to the GRBK Edgewood, LLC (the “Developer”), 217.57 Equivalent Units are anticipated to be built within the PID. Accordingly, the principal and interest portion of Annual Installment to be collected from each Equivalent Unit will be \$2,361.77, calculated by taking the subtotal debt service on Bonds, including excess interest for prepayment and delinquency, less any available reserve fund income, and dividing by the total Equivalent units [i.e. $(\$491,515 + \$36,835 - \$14,501) \div 217.57 = \$2,361.77$]. The Administrative Expenses to be collected from each Equivalent unit will be \$192.20 [i.e. $(\$46,818 - \$5,000) \div 217.57 = \$192.20$]. As a result, the total Annual Installment to be collected from each Equivalent unit within the PID will be \$2,553.97 (i.e. $\$2,361.77 + \$192.20 = \$2,553.97$). The Annual Installment to be collected from each Parcel within the PID is calculated by multiplying the Annual Installment for each Equivalent Unit of \$2,553.97 by the total estimated Equivalent Units for each Parcel in the PID.

The Annual Installment due to be collected from each Land Use Class in the PID for 2023-24 is shown in Table II-E below.

Table II-E
Annual Installment Per Unit

Land Use Class	Annual Installment Per Equivalent Unit	Equivalent Units	Annual Installment Per Unit
60 Ft Lot	\$2,553.97	1.00	\$2,553.97
50 Ft Lot	\$2,553.97	0.86	\$2,196.41
25 Ft Lot	\$2,553.97	0.63	\$1,609.00

The list of Parcels within the PID, the estimated number of units to be developed on the current residential Parcels, the corresponding total units, the total outstanding Assessment, the annual principal and interest, the Administrative Expenses, and the Annual Installment to be collected for 2023-24 are shown in the Assessment Roll Summary attached hereto as Appendix C.

F. BOND REDEMPTION RELATED UPDATES

The Bonds were issued in May 2022. Pursuant to Section 4.3 of the Trust Indenture, the City reserves the right and option to redeem the Bonds maturing on or after September 1, 2042, before their respective scheduled maturity date, in whole or in part, on any date on or after **September 1, 2032** at the Redemption Price.

The Administrator has conducted a preliminary evaluation of the current refunding market conditions, recent PID bond refunding transactions, and other relevant factors. Based on this preliminary evaluation, the Administrator believes a refunding of the Bonds do not appear viable at this time. The Administrator will continue to monitor the refunding market conditions, applicable PID bond refunding transactions, and other relevant factors to determine if refunding becomes viable in the future and will inform the City accordingly.

III. UPDATE OF THE ASSESSMENT PLAN

The Service and Assessment Plan adopted by the City Council describes that the Authorized Improvement costs shall be allocated to the Assessed Property equally based on the number of residential dwelling units anticipated to be built on each Parcel once such property is fully developed, and that such method of allocation will result in the imposition of equal shares of the Authorized Improvement Costs to Parcels similarly benefited.

Assessment Methodology

This method of assessing property, as updated in prior Annual Service Plan Updates, has not been changed and Assessed Property will continue to be assessed as provided for in the Service and Assessment Plan.

(The remainder of this page is intentionally left blank.)

IV. UPDATE OF THE ASSESSMENT ROLL

Pursuant to the original Service and Assessment Plan, the Assessment Roll shall be updated each year to reflect:

(i) the identification of each Parcel (ii) the Assessment for each Parcel of Assessed Property, including any adjustments authorized by this Service and Assessment Plan or in the PID Act; (iii) the Annual Installment for the Assessed Property for the year (if the Assessment is payable in installments); and (iv) payments of the Assessment, if any, as provided by Section VI.F of the Service and Assessment Plan.

The 2023-24 Assessment Roll Summary is shown in Appendix C of this report. Each Parcel of in the PID is identified, along with the Assessment on each Parcel and the Annual Installment to be collected from each Parcel. Assessments are to be reallocated for the subdivision of any Parcels.

A. PARCEL UPDATES

According to the Service and Assessment Plan, upon the subdivision of any Parcel, the Assessment for the Parcel prior to the subdivision shall be reallocated among the new subdivided Parcels according to the following formula:

$$A = B \times (C \div D)$$

Where the terms have the following meanings:

- A = the Assessment for each new subdivided Parcel
- B = the Assessment for the Parcel prior to subdivision
- C = the estimated total Equivalent Units to be built on each new subdivided Parcel
- D = the sum of the estimated total Equivalent Units to be built on all of the new subdivided Parcels

The calculation of the estimated Equivalent Units to be built on a Parcel shall be performed by the Administrator and confirmed by the City Council based on the information available regarding the use of the Parcel. The estimate as confirmed shall be conclusive. The number of Equivalent Units to be built on a Parcel may be estimated by net land area and reasonable density ratios.

According to the Developer and the Collin Central Appraisal District records, the PID was completely subdivided and final plat was recorded on July 8, 2022, and the Assessments allocated proportionally according to Lot Type as shown in the 2023-24 Service and Assessment Plan Update. The various lots were subdivided from Parcel 2829266.

Table IV–A on the following page shows a summary of the assessment allocation prior to and after the subdivision of the parent parcels.

NOTICE OF OBLIGATION TO PAY PUBLIC IMPROVEMENT DISTRICT ASSESSMENT TO
CITY OF CELINA, TEXAS
CONCERNING THE FOLLOWING PROPERTY

[insert property address]

As the purchaser of the real property described above, you are obligated to pay assessments to the City of Celina, Texas (the "City"), for the costs of a portion of a public improvement or services project (the "Authorized Improvements") undertaken for the benefit of the property within the Celina Hills Public Improvement District (the "District") created under Subchapter A, Chapter 372, Local Government Code.

AN ASSESSMENT HAS BEEN LEVIED AGAINST YOUR PROPERTY FOR THE AUTHORIZED IMPROVEMENTS, WHICH MAY BE PAID IN FULL AT ANY TIME. IF THE ASSESSMENT IS NOT PAID IN FULL, IT WILL BE DUE AND PAYABLE IN ANNUAL INSTALLMENTS THAT WILL VARY FROM YEAR TO YEAR DEPENDING ON THE AMOUNT OF INTEREST PAID, COLLECTION COSTS, ADMINISTRATIVE COSTS, AND DELINQUENCY COSTS.

The exact amount of the assessment may be obtained from the City. The exact amount of each annual installment will be approved each year by the City Council in the Annual Service Plan Update for the District. More information about the assessments, including the amounts and due dates, may be obtained from the City or MuniCap, Inc., the District Administrator for the City, located at 600 E. John Carpenter Fwy, Suite 150, Irving, Texas 75062 and available by telephone at (469) 490-2800 or (866) 648-8482 (toll free) and email at txpid@municap.com.

Your failure to pay any assessment or any annual installment may result in penalties and interest being added to what you owe or in a lien on and the foreclosure of your property.

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY OF CELINA APPROVING THE ANNUAL UPDATE OF THE SERVICE AND ASSESSMENT PLAN AND ASSESSMENT ROLL FOR THE CELINA HILLS PUBLIC IMPROVEMENT DISTRICT IN ACCORDANCE WITH TEXAS LOCAL GOVERNMENT CODE §372.013, AS AMENDED; CONTAINING A CUMMULATIVE CLAUSE; CONTAINING A SAVINGS AND SEVERABILITY CLAUSE; AND PROVIDING AN EFFECTIVE DATE

WHEREAS, on July 9, 2019, the City Council of the City of Celina, Texas (the “City”) approved Resolution No. 2019-37R establishing the Celina Hills Public Improvement District (the “PID”) in accordance with the provisions of Chapter 372 of the Texas Local Government Code (the “Public Improvement District Assessment Act” or “the PID Act”); and

WHEREAS, the City has heretofore levied assessments against property within the PID, pursuant to Ordinance No. 2022-34 which ordinance also approved the Celina Hills Public Improvement District Service and Assessment Plan and Assessment Roll, dated as of April 12, 2022 (the “Service and Assessment Plan and Assessment Roll”); and

WHEREAS, the Service and Assessment Plan and Assessment Roll is required to be reviewed and updated annually as described in Sections 372.013 and 372.014 of the PID Act (the “Annual Service Plan Update”); and

WHEREAS, the Annual Service Plan Update, attached hereto as Exhibit A, including the Assessment Roll attached thereto, update the Service and Assessment Plan and Assessment Roll to reflect prepayments, property divisions and changes to the budget allocation for the PID that occur during the year, if any; and

WHEREAS, the City Council desires and finds it to be in the public interest to adopt this Ordinance approving and adopting the Annual Service Plan Update and the updated Assessment Roll attached thereto, in compliance with the PID Act.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CELINA, TEXAS, THAT:

SECTION 1. All matters stated in the preamble are found to be true and correct and are incorporated herein as if copied in their entirety.

SECTION 2. The Celina Hills Public Improvement District Annual Service Plan Update, attached hereto as Exhibit A and incorporated herein by reference, inclusive of the updated Assessment Roll contained therein and made a part thereof, are hereby accepted and approved.

SECTION 3. The provisions of this ordinance are to be cumulative of all other ordinances or parts of ordinances governing or regulating the same subject matter as that covered herein; provided, however, that all prior ordinances or parts of ordinances inconsistent with or in conflict with any of the provisions of this ordinance are hereby expressly repealed to the extent of any such inconsistency or conflict.

SECTION 4. Should any sentence, paragraph, subdivision, clause, phrase or section of this Ordinance be adjudged or held to be unconstitutional, illegal or invalid, the same shall not affect the validity of this Ordinance as a whole, or any part or provision thereof other than the part so decided to be invalid, illegal or unconstitutional, and shall not affect the validity of the Ordinance as a whole.

SECTION 5. This Ordinance shall take effect immediately after its passage and the publication of the caption, as the law and charter in such case provide. The City Secretary shall cause this Ordinance to be filed with the county clerk in each county in which all or a part of the PID is located not later than seven (7) days after the date the governing body of the City approves this Annual Service Plan Update.

Date: August 8, 2023
Re: SAP Update - Chalk Hill PID

Action Requested:

Consider and act upon an Ordinance of the City of Celina, Texas, approving the 2023-2024 Annual Service Plan update to the Service and Assessment Plan for the Chalk Hill Public Improvement District and providing an effective date. (Bromiley)

Background Information:

The Chalk Hill PID was created by the City Council pursuant to the PID Act and a resolution approved on December 12, 2017. The PID is located east of Preston Road, north of County Road 105, and south of County Road 102. The PID is anticipated to contain an estimated 441 residential units on approximately 94.8 acres within three phases. The PID annual installments in the Annual Service Plan update include amounts for the payment of principal and interest on the PID bonds and reimbursement agreement, if any, PID administrative expenses, additional interest for prepayment and delinquency reserves and as applicable, TIRZ annual credit amounts committed to pay a portion of the PID bond principal and interest. The Service Plan is prepared annually and presented to Council as required by Chapter 372 of the Texas Local Government Code.

I. INTRODUCTION

The Chalk Hill Public Improvement District No. 2 (the “PID”) was created pursuant to the PID Act and a resolution of the City of Celina City Council (the “City”) on December 12, 2017 to finance certain public improvement projects for the benefit of the property in the PID.

On March 23, 2018, the City approved issuance of the City of Celina, Texas Special Assessment Revenue Bonds, Series 2018 (Chalk Hill Public Improvement District No. 2 Phase #1 Project) (the “Phase #1 Bonds”) in the aggregate principal amount of \$4,325,000 and the City of Celina, Texas Special Assessment Revenue Bonds, Series 2018 (Chalk Hill Public Improvement District No. 2 Phases #2-3 Major Improvement Project) (the “Phases #2-3 Major Improvement Bonds”) in the aggregate principal amount of \$3,690,000, to finance, refinance, provide or otherwise assist in the acquisition, construction and maintenance of the public improvements provided for the benefit of the property in the PID.

On July 11, 2023, the City approved issuance of the City of Celina, Texas Special Assessment Revenue Bonds, Series 2023 (Chalk Hill Public Improvement District No. 2 Phases #2-3 Direct Improvement Project) (the “Phases #2-3 Direct Improvement Bonds”) in the aggregate principal amount of \$7,633,000 to finance, refinance, provide or otherwise assist in the acquisition, construction and maintenance of the public improvements provided for the benefit of the property in Phases #2-3 the PID. The City also entered into a reimbursement agreement in the aggregate principal amount of \$1,612,000 (the “Phases #2-3 Direct Reimbursement Agreement”) to finance a portion of the remaining costs of the Phases #2-3 Direct Improvements.

A service and assessment plan dated March 23, 2018 and updated for the Phases #2-3 Direct Improvements on July 11, 2023 (the “Updated Service and Assessment Plan”) was prepared at the direction of the City identifying the public improvements (the “Authorized Improvements”) to be provided by the PID, the costs of the Authorized Improvements, the indebtedness to be incurred for the Authorized Improvements, and the manner of assessing the property in the PID for the costs of the Authorized Improvements. Pursuant to the PID Act, the Updated Service and Assessment Plan must be reviewed and updated annually. This document is the annual update of the Service and Assessment Plan for 2023-24 (the “Annual Service Plan Update”).

The City also adopted assessment rolls for the PID attached as Appendix G, H, and I to the Updated Service and Assessment Plan (the “Assessment Rolls”) identifying the assessments on each Parcel within the PID, based on the method of assessment identified in the Updated Service and Assessment Plan. This Annual Service Plan Update also updates the Assessment Rolls for 2023-24.

The Texas legislature passed House Bill 1543 as an amendment to the PID Act, requiring, among other things, (i) all Service and Assessment Plans and Annual Service Plan Updates be approved through City ordinance or order to be filed with the county clerk of each county in which all or part of the PID is located within seven days and (ii) include a copy of the notice form required by Section 5.014 of the Texas Property Code (the “PID Assessment Notice”) as disclosure of the

obligation to pay PID Assessments. In light of these amendments to the PID Act, this Annual Service Plan Update includes a copy of the PID Assessment Notice as Appendix F and copy of this Annual Service Plan Update will be filed with the county clerk in each county in which all or a part of the PID is located not later than seven (7) days after the date the governing body of the City approves this Annual Service Plan Update.

Section 372.013 of the PID Act, as amended, stipulates that a person who proposes to sell or otherwise convey real property that is located in the PID, except in certain situation described in the PID Act, shall first give to the purchaser of the property a copy of the completed PID Assessment Notice. The PID Assessment Notice shall be given to a prospective purchase before the execution of a binding contract of purchase and sale, either separately or as an addendum or paragraph of a purchase contract. In the event a contract of purchase and sale is entered into without the seller provided the required notice, the purchaser, subject to certain exceptions described in the PID act, is entitled to terminate the contract.

The PID Assessment Notice shall be executed by the seller and must be filed in the real property records of the County in which the property is located at the closing of the purchase and sale of the property.

Capitalized terms shall have the meanings set forth in the Updated Service and Assessment Plan unless otherwise defined herein.

II. UPDATE OF THE SERVICE PLAN

A. UPDATED SOURCES AND USES FOR PUBLIC IMPROVEMENTS

Phase #1 Sources and Uses

Pursuant to the original Service and Assessment Plan adopted on March 23, 2018, the initial total estimated costs of the Phase #1 Improvements, including the proportional share of the Major Improvement costs, were equal to \$4,278,270. As described in the Developer's Quarterly Improvement Implementation Report dated as of June 30, 2021, the actual costs of the Phase #1 Authorized Improvements, including the proportional share of the Phases #2-3 Major Improvement costs, were equal to \$4,414,653. The Major Improvements were completed and accepted in the fourth quarter of 2020.

Table II-A on the following page summarizes the updated sources and uses of funds required to (1) construct the Phase #1 Improvements, (2) establish the PID, and (3) issue Phase #1 Bonds. The actual costs spent to date of the Phase #1 Improvements were provided by the Developer in the Developer's Quarterly Improvement Implementation Report dated as of June 30, 2021. 2 – As of July 10, 2023, the City has not approved any Phases #2-3 Direct Improvement requisitions.

Phases #2-3 Direct Improvement Cost Variances

As stated in Table II-C on the previous page, there is a no significant variance between the initial estimated budget and the updated budget.

B. FIVE YEAR SERVICE PLAN

According to the PID Act, a service plan must cover a period of five years. All the Authorized Improvements are expected to be built within a period of five years. The actual costs of the Authorized Improvements are shown in Section II.A of this report, and the indebtedness expected to be incurred for these costs is shown in Table II-C below.

D. ANNUAL BUDGET – PHASE #1

Phase #1 - Annual Installments – 2023-24

The Assessment imposed on any Parcel may be paid in full at any time. If not paid in full, the Assessment shall be payable in thirty Annual Installments of principal and interest beginning with the tax year following the issuance of the Phase #1 Bonds, of which twenty-five (25) Annual Installments remain outstanding.

Pursuant to the Updated Service and Assessment Plan, each Assessment shall bear interest at the rate on the Phase #1 Bonds commencing with the issuance of the Phase #1 Bonds. The effective interest rate on the Phase #1 Bonds is 6.25 percent per annum. Pursuant to Section 372.018 of the PID Act, the interest rate for that assessment may not exceed a rate that is one-half of one percent higher than the actual interest rate paid on the debt. Accordingly, the effective interest rate on the Phase #1 Bonds (6.25 percent) plus an additional interest of one-half of one percent (to be used for funding the Prepayment Reserve and Delinquency Reserve) equals 6.75 percent and is used to

calculate the interest on the Assessments. These payments, the “Annual Installments” of the Assessments, shall be billed by the City in 2023 and will be delinquent on February 1, 2024.

Pursuant to the Updated Service and Assessment Plan, the Annual Service Plan Update shall show the remaining balance of the Assessments, the Annual Installment due for 2023-24 and the administrative expenses to be collected from each Parcel. Administrative expenses shall be allocated to each Parcel pro rata based upon the amount the Annual Installment on a Parcel bears to the total amount of Annual Installments in the PID as a whole that are payable at the time of such allocation. Each Annual Installment shall be reduced by any credits applied under applicable documents including the Updated Service and Assessment Plan and Trust Indenture, such as the Tax Increment Reinvestment Zone No. 10, City of Celina, Texas (the “TIRZ No. 10”) incremental taxes available to the PID (the “TIRZ Annual Credit Amount”), capitalized interest and interest earnings on any account balances and by any other funds available to the PID.

Annual Budget for the Repayment of Indebtedness

Debt service will be paid on the Phase #1 Bonds from the collection of the Annual Installments on the assessed property. In addition, Administrative Expenses are to be collected with the Annual Installments to pay expenses related to the collection of the Annual Installments. The additional interest collected with the Annual Installments will be used to pay the prepayment and delinquency reserve amounts as described in the Updated Service and Assessment Plan and applicable Trust Indenture.

Phase #1 Annual Installments to be Collected for 2023-24

The budget for Phase #1 of the PID will be paid from the collection of Annual Installments of the Assessments on the assessed property collected for 2023-24 as shown in Table II-E on the following page.

Debt Service Payments

Annual Installments to be collected for principal and interest include interest due on March 1, 2024 in the amount of \$126,351 and on September 1, 2024 in the amount of \$126,351, which equal interest on the outstanding Assessments balance of \$4,043,217 for six months each and an effective interest rate of 6.25 percent. Annual Installments to be collected include a principal amount of \$75,000 due on September 1, 2024. As a result, total principal and interest to be collected for the Phase #1 Bonds in 2023-24 is estimated to be equal to \$327,701.

Administrative Expenses

Administrative expenses include the City, Trustee, Administrator, auditor, Dissemination Agent, auditor expenses and contingency fees. As shown in Table II-F on the following page, the total administrative expenses to be collected for 2023-24 are estimated to be \$36,700.

Table II-F
Phase #1 Administrative Budget Breakdown

Description	2023-24 Estimated Budget (9/1/23-8/31/24)
City	\$6,000
PID Administrator	\$22,000
Trustee	\$2,750
Auditor	\$2,000
Dissemination Agent	\$3,500
Contingency	\$450
Total	\$36,700

Excess Interest for Prepayment and Delinquency Reserve

Annual Installments to be collected for excess interest for prepayment and delinquency reserves in the amount of \$20,216, which equals 0.5 percent interest on the outstanding Phase #1 Bond Assessment balance of \$4,043,217.

Available TIRZ Credit

According to the City, there have been TIRZ incremental revenues collected in 2022 in the total amount of \$73,023 that are available to be used as a TIRZ Credit in 2023-24 for the respective Parcels within Phase #1. This TIRZ Credit amount is allocated based upon the amount of TIRZ increment generated by each Parcel within Phase #1 and each Parcel that has an outstanding Phase #1 Assessment balance as of September 1, 2023. The TIRZ Annual Credit Amount shall be calculated separately for each Parcel and such TIRZ Annual Credit Amount shall be applied on a Parcel-by-Parcel basis. As a result, the TIRZ credit obligation for Phase #1 is \$73,023 as shown in Appendix C-2 of this report.

Available Reserve Fund Income

As of May 31, 2023, the balance in the Phase #1 Reserve Fund was \$337,263, which includes the Bond Reserve Requirement of \$328,349 and an excess balance of \$8,915. As a result, \$8,915 is available to pay a portion of the Phase #1 Bonds debt service.

Available Capitalized Interest Account

As of May 31, 2023, and in accordance with Section 6.4(c) of the Trust Indenture, all Capitalized Interest funds have been fully expended. As a result, there is no credit to reduce the Phase #1 2023-24 Annual Installment.

Available Administrative Expense Account

As of May 31, 2023, there are \$30,820 in available funds to pay Phase #1 administrative expenses. Approximately \$30,820 of the current balance is anticipated to be used for the payment of current year administrative expenses through January 31, 2024. As a result, there are no funds anticipated to be available in the Administrative Expense Fund to reduce the Phase #1 2023-24 Annual Installment.

E. ANNUAL INSTALLMENTS PER UNIT – PHASE #1

According to the Updated Service and Assessment Plan, the Annual Installments shall be collected in an amount sufficient to pay (i) principal and interest on the Phase #1 Bonds, (ii) to fund the prepayment reserve and delinquency reserve, and (iii) to cover Administrative Expenses of Phase #1 of the PID.

According to the Developer, 157 units are estimated to be built within Phase #1 of the PID. According to the Trustee's records, one Parcel has prepaid the Phase #1 Assessment in full as of June 30, 2023. As a result, the total outstanding units within Phase #1 of the PID is 156. Accordingly, the net principal and interest portion of Annual Installment to be collected from each unit will be \$2,173.09 (i.e. $(\$327,701 + \$20,216 - \$8,915) \div 156.00 = \$2,173.09$) and the Administrative Expenses to be collected from each unit will be \$235.26 (i.e. $\$36,700 \div 156.00 = \235.26). As a result, the total Annual Installment to be collected from each unit within Phase #1 will be \$2,408.35 (i.e. $\$2,173.09 + \$235.26 = \$2,408.35$). The Annual Installment to be collected from each Parcel within Phase #1 is calculated by multiplying the Annual Installment for each unit of \$2,465.49 by the total estimated number of units for each Parcel in Phase #1, less the applicable TIRZ Credit, if any, as shown in Appendix C-1.

The Annual Installment due to be collected from each Land Use Class in Phase #1 for 2023-24 is shown in Table II-G below.

F. ANNUAL BUDGET – PHASES #2-3 MAJOR IMPROVEMENT AREA

Phases #2-3 Major Improvement Area - Annual Installments to be Collected for 2023-24

The Assessment imposed on any Parcel may be paid in full at any time. If not paid in full, the Assessment shall be payable in thirty annual installments of principal and interest beginning with the tax year following the issuance of the Phases #2-3 Major Improvement Bonds, of which twenty-five (25) Annual Installments remain outstanding.

Pursuant to the Updated Service and Assessment Plan, each Assessment shall bear interest at the rate on the Bonds commencing with the issuance of the Phases #2-3 Major Improvement Bonds. The effective interest rate on the Phases #2-3 Major Improvement Bonds is 6.625 percent. Pursuant to Section 372.018 of the PID Act, the interest rate for that assessment may not exceed a rate that is one-half of one percent higher than the actual interest rate paid on the debt. Accordingly, the effective interest rate on the Phases #2-3 Major Improvement Bonds (6.625 percent) plus an additional interest of one-half of one percent (to be used for funding the Prepayment Reserve and Delinquency Reserve) equals 7.125 percent is used to calculate the interest on the Assessments. These payments, the “Annual Installments” of the Assessments, shall be billed by the City in 2023 and will be delinquent on February 1, 2024.

Pursuant to the Updated Service and Assessment Plan, the Annual Service Plan Update shall show the remaining balance of the Assessments, the Annual Installment due for 2023-24 and the Administrative Expenses to be collected from each Parcel. Administrative Expenses shall be allocated to each Parcel pro rata based upon the amount the Annual Installment on a Parcel bears to the total amount of Annual Installments in the PID as a whole that are payable at the time of such allocation. Each Annual Installment shall be reduced by any credits applied under an applicable Trust Indenture, such as TIRZ Credit, capitalized interest and interest earnings on any account balances and by any other funds available to the PID.

Annual Budget for the Repayment of Indebtedness

Debt service will be paid on the Phases #2-3 Major Improvement Bonds from the collection of the Annual Installments. In addition, administrative expenses are to be collected with the Annual Installments to pay expenses related to the collection of the Annual Installments. The additional interest collected with the Annual Installments will be used to pay the prepayment and delinquency reserve amounts as described in the Updated Service and Assessment Plan and applicable Trust Indenture.

Phases #2-3 Major Improvement Area Annual Installments to be collected for 2023-24

The budget for Phase #2-3 Major Improvement Area of the PID will be paid from the collection of Annual Installments collected for 2023-24 as shown in Table II-H on the following page.

Debt Service Payments

Annual Installments to be collected for principal and interest include interest due on March 1, 2024 in the amount of \$116,931 and on September 1, 2024 in the amount of \$116,931 which equal interest on the outstanding Phases #2-3 Major Improvement Area Assessments balance of \$3,530,000 for six months each and an effective interest rate of 6.625 percent. Annual Installments to be collected include a principal amount of \$60,000 due on September 1, 2024. As a result, total principal and interest to be collected for the Phases #2-3 Major Improvement Bonds in 2023-24 is estimated to be equal to \$293,863.

Administrative Expenses

Administrative expenses include the City, Trustee, Administrator, auditor, Dissemination Agent expenses and contingency fees. As shown in Table II-I on the following page, the total administrative expenses to be collected for 2023-24 are estimated to be \$35,700.

Table II-I

Excess Interest for Prepayment and Delinquency Reserve

Annual Installments to be collected for excess interest for prepayment and delinquency reserves in the amount of \$17,650, which equals 0.5 percent interest on the outstanding Phases #2-3 Major Improvement Bond Assessment balance of \$3,530,000.

Available TIRZ Credit

According to the City, \$1,000.60 in TIRZ Credits were generated for 2022-23 and \$971.41 in TIRZ Credits were generated for 2023-24 for a total of \$1,972.01. \$1,831.21 in TIRZ Credits were applied to the 2022-23 Phases #2-3 Major Improvement Annual Installments. As a result, the remaining TIRZ Credits available to reduce the 2023-24 Phases #2-3 Major Improvement Annual Installments is \$141.80. This TIRZ Credit amount is allocated based upon the amount of TIRZ increment generated by each Parcel within Phases #2-3 and each Parcel that has an outstanding Phases #2-3 Major Improvement Assessment balance as of September 1, 2023. The TIRZ Annual Credit Amount shall be calculated separately for each Parcel and such TIRZ Annual Credit Amount shall be applied on a Parcel-by-Parcel basis. As a result, the net TIRZ credit obligation for Phases #2-3 is \$140.80 as shown in Appendix D-2 of this report.

\$1,000.60	\$971.41	\$1,972.01	\$1,831.21	\$140.80

Available Reserve Fund Income

As of May 31, 2023, the balance in the Phases #2-3 Major Improvement Area Reserve Fund was \$304,187, which includes the Bond Reserve Requirement of \$296,150 and an excess balance of \$8,037. As a result, \$8,037 is available to pay a portion of the Phases #2-3 Major Improvement Bonds debt service.

Available Capitalized Interest Account

As of May 31, 2023, and in accordance with Section 6.4(c) of the Trust Indenture, all Capitalized Interest funds have been fully expended. As a result, there is no credit to reduce the Phases #2-3 2023-24 Major Improvement Annual Installment.

Available Administrative Expense Account

As of May 31, 2023, there are \$34,728 available funds to pay Phases #2-3 Major Improvement Area administrative expenses. Approximately \$34,728 of the current balance is anticipated to be used for the payment of current year administrative expenses through January 31, 2024. As a result, there are no funds anticipated to be available in the Administrative Expense Fund to reduce the 2023-24 Phase #2-3 Major Improvement Annual Installment.

G. ANNUAL INSTALLMENTS PER UNIT – PHASES #2-3 MAJOR IMPROVEMENT AREA

According to the Updated Service and Assessment Plan, the Annual Installments shall be collected in an amount sufficient to pay (i) principal and interest on the Phases #2-3 Major Improvement Area Bonds, (ii) to fund the prepayment reserve and delinquency reserve, and (iii) to cover Administrative Expenses of the Phase #2-3 Major Improvement Area of the PID.

According to the Developer, 284 units are estimated to be built within the Phases #2-3 Major Improvement Area of the PID. Accordingly, the principal and interest portion of the Phases #2-3 Major Improvement Annual Installment to be collected from each unit will be \$1,068.58 (i.e. $\$293,863 + \$17,650 - \$8,037 \div 284.00 = \$1,068.58$) and the Administrative Expenses to be collected from each unit will be \$125.70 (i.e. $\$35,700 \div 284.00 = \125.70). As a result, the total Annual Installment to be collected from each unit within the Phases #2-3 Major Improvement Area will be \$1,194.28 (i.e. $\$1,068.58 + \$125.70 = \$1,194.28$). The Annual Installment to be collected from each Parcel within the Phases #2-3 Major Improvement Area is calculated by multiplying the Annual Installment for each unit of \$1,194.28 by the total estimated number of units for each Parcel in the Phases #2-3 Major Improvement Area, less the applicable TIRZ Credit, if any, as shown in Appendix D-2.

The Annual Installment due to be collected from each Land Use Class in the Phases #2-3 Major Improvement Area for 2023-24 is shown in Table II-K below.

H. ANNUAL BUDGET – PHASES #2-3 DIRECT IMPROVEMENTS

Phases #2-3 Direct Improvements - Annual Installments to be Collected for 2023-24

The Assessment imposed on any Parcel may be paid in full at any time. If not paid in full, the Assessment shall be payable in thirty annual installments of principal and interest beginning with the tax year following the issuance of the Phases #2-3 Direct Improvement Bonds and/or the execution of the Phases #2-3 Direct Improvement Reimbursement Agreement of which thirty (30) Annual Installments remain outstanding.

Pursuant to the Updated Service and Assessment Plan, each Assessment shall bear interest at the rate on the Bonds commencing with the issuance of the Phases #2-3 Direct Improvement Bonds. The effective interest rate on the Phases #2-3 Direct Improvement Bonds is 6.625 percent and the effective interest rate applicable the Phases #2-3 Direct Improvement Reimbursement Agreement is __ percent per annum for 2023-24. Pursuant to Section 372.018 of the PID Act, the interest rate for that assessment may not exceed a rate that is one-half of one percent higher than the actual interest rate paid on the debt. Accordingly, the effective interest rate on the Phases #2-3 Direct Improvement Bonds (5.55 percent) plus an additional interest of one-half of one percent and the effective interest rate on the Phases #2-3 Direct Improvement Reimbursement Agreement (6.03 percent) are used to calculate the interest on the Assessments. These payments, the “Annual Installments” of the Assessments, shall be billed by the City in 2023 and will be delinquent on February 1, 2024.

Pursuant to the Updated Service and Assessment Plan, the Annual Service Plan Update shall show the remaining balance of the Assessments, the Annual Installment due for 2023-24 and the Administrative Expenses to be collected from each Parcel. Administrative Expenses shall be allocated to each Parcel pro rata based upon the amount the Annual Installment on a Parcel bears to the total amount of Annual Installments in the PID as a whole that are payable at the time of such allocation. Each Annual Installment shall be reduced by any credits applied under an applicable Trust Indenture, such as TIRZ Credit, capitalized interest and interest earnings on any account balances and by any other funds available to the PID.

Annual Budget for the Repayment of Indebtedness

Debt service will be paid on the Phases #2-3 Direct Improvement Bonds and Phases #2-3 Direct Improvement Reimbursement Agreement from the collection of the Annual Installments. In addition, administrative expenses are to be collected with the Annual Installments to pay expenses related to the collection of the Annual Installments. The additional interest collected with the Annual Installments will be used to pay the prepayment and delinquency reserve amounts as described in the Updated Service and Assessment Plan and applicable Trust Indenture.

Phases #2-3 Direct Improvement Annual Installments to be collected for 2023-24

The budget for Phase #2-3 Direct Improvements of the PID will be paid from the collection of Annual Installments collected for 2023-24 as shown in Table II-L below.

There is no Phases #2-3 Direct Improvement Bond principal due on September 1, 2024. As a result, total principal and interest to be collected for the Phases #2-3 Direct Improvement Bonds in 2023-24 is estimated to be equal to \$475,574.

Annual Installments to be collected for Phases #2-3 Direct Improvement Reimbursement Agreement principal and interest include interest due on March 1, 2024 in the amount of \$49,422 and on September 1, 2024 in the amount of \$49,422 which equal interest on the outstanding Phases #2-3 Direct Improvement Reimbursement Agreement Assessments balance of \$1,612,000 for six

months each and an effective interest rate of 6.132 percent. There is no Phases #2-3 Direct Improvement Reimbursement Agreement principal due on September 1, 2024. As a result, total principal and interest to be collected for the Phases #2-3 Direct Improvement Reimbursement Agreement in 2023-24 is estimated to be equal to \$98,845.

Administrative Expenses

As shown in the Updated Service and Assessment Plan, Phases #2-3 Direct Improvement Administrative Expenses will be funded with Phases #2-3 Direct Improvement Bond proceeds for 2023-24. As a result, there are no Phases #2-3 Direct Improvement Administrative Expenses to collected for 2023-24.

Additional Interest Reserves

As shown in the Updated Service and Assessment Plan, Additional Interest will not be collected for the Phases #2-3 Direct Improvement Bonds for 2023-24.

Available TIRZ Credit

The TIRZ Credits generated by the Phases #2-3 Parcels have been applied to the Phases #2-3 Major Improvement Bond Assessments for 2023-24. As a result, there are no Phases #2-3 TIRZ Credits to reduce the Phases #2-3 Direct Improvement Annual Installments for 2023-24.

Available Capitalized Interest Account

As shown in the Updated Service and Assessment Plan, \$475,574 is anticipated to be available and will be transferred to the Principal & Interest Account to fund the interest payment due March 1, 2024 in the amount of \$237,787 and the interest payment due September 1, 2024 in the amount of \$237,787.

Available Administrative Expense Account

As of May 31, 2023, there are no funds available to reduce the Administrative Expenses portion of the 2023-24 Phases #2-3 Direct Improvement Annual Installment.

I. ANNUAL INSTALLMENTS PER UNIT – PHASES #2-3 DIRECT IMPROVEMENT

According to the Updated Service and Assessment Plan, the Annual Installments shall be collected in an amount sufficient to pay (i) principal and interest on the Phases #2-3 Direct Improvement Bonds and Phases #2-3 Direct Improvement Reimbursement Agreement, (ii) to fund the additional interest reserve, and (iii) to cover Administrative Expenses of Phases #2-3 of the PID for the Phases #2-3 Direct Improvements.

According to the Developer, 284 units are estimated to be built within Phases #2-3 of the PID. Accordingly, the principal and interest portion of the Phases #2-3 Direct Improvement Annual

Installment to be collected from each unit will be \$348.04 (i.e. $\$574,419 - \$475,574 \div 284.00 = \$348.04$) and the Administrative Expenses to be collected from each unit will be \$0.00 (i.e. $\$0.00 \div 284.00 = \0.00). As a result, the total Annual Installment to be collected from each unit within Phases #2-3 for the Phases #2-3 Direct Improvements will be \$348.04 (i.e. $\$348.04 + \$0.00 = \$348.04$). The Annual Installment to be collected from each Parcel within the Phases #2-3 for the Phases #2-3 Direct Improvements is calculated by multiplying the Annual Installment for each unit of \$348.04 by the total estimated number of units for each Parcel in Phases #2-3, less the applicable TIRZ Credit, if any.

The Annual Installment due to be collected from each Land Use Class in Phases #2-3 for the Phases #2-3 Direct Improvements for 2023-24 is shown in Table II-M below.

Table II-M
Phases #2-3 Direct Improvement
Annual Installment Per Unit

Land Use Class	Annual Installment Per Unit
50 Ft	\$348.04

¹Annual Installment per Unit represents the gross Annual Installment to be billed and does not reflect applicable Phases #2-3 TIRZ Credits.

The list of Parcels within the Phases #2-3 Area of the PID, the estimated number of units to be developed on the current residential Parcels, the total Assessment, the Annual Assessment, the Administrative Expenses and the Annual Installment to be collected for 2023-24 are shown in the Assessment Roll summary attached hereto as Appendix E-1.

J. BOND REDEMPTION RELATED UPDATES

Phase #1 Bonds

The Phase #1 Bonds were issued in 2018. Pursuant to Section 4.3 of each respective Trust Indenture, the City reserves the right and option to redeem the Phase #1 Bonds before their scheduled maturity dates, in whole or in part, on any interest payment date on or after **September 1, 2028**, such redemption date or dates to be fixed by the City, at the redemption prices and dates shown in the applicable Trust Indenture.

The Administrator has conducted a preliminary evaluation of the current refunding market conditions, recent PID bond refunding transactions, and other relevant factors. Based on this preliminary evaluation, the Administrator believes a refunding of the Phase #1 Bonds do not appear viable at this time. The Administrator will continue to monitor the refunding market conditions, applicable PID bond refunding transactions, and other relevant factors to determine if refunding becomes viable in the future and will inform the City accordingly.

Phases #2-3 Major Improvement Bonds

The Phases #2-3 Major Improvement Bonds were issued in 2018. Pursuant to Section 4.3 of each respective Trust Indenture, the City reserves the right and option to redeem the Phases #2-3 Major Improvement Bonds before their scheduled maturity dates, in whole or in part, on any interest payment date on or after **September 1, 2028**, such redemption date or dates to be fixed by the City, at the redemption prices and dates shown in the applicable Trust Indenture.

The Administrator has conducted a preliminary evaluation of the current refunding market conditions, recent PID bond refunding transactions, and other relevant factors. Based on this preliminary evaluation, the Administrator believes a refunding of the Phases #2-3 Major Improvement Bonds do not appear viable at this time. The Administrator will continue to monitor the refunding market conditions, applicable PID bond refunding transactions, and other relevant factors to determine if refunding becomes viable in the future and will inform the City accordingly.

III. UPDATE OF THE ASSESSMENT PLAN

The Updated Service and Assessment Plan adopted by the City Council provided that the Authorized Improvement costs shall be allocated to the Assessed Property equally on the basis of the number of residential dwelling units anticipated to be built on each Parcel once such property is fully developed, and that such method of allocation will result in the imposition of equal shares of the Authorized Improvement costs to Parcels similarly benefited.

Assessment Methodology

This method of assessing property, as updated in prior Annual Service Plan Updates, has not been changed and Assessed Property will continue to be assessed as provided for in the Updated Service and Assessment Plan.

(The remainder of this page is intentionally left blank)

IV. UPDATE OF THE ASSESSMENT ROLL

Pursuant to the original Service and Assessment Plan, the Assessment Rolls shall be updated each year to reflect:

- (i) the identification of each Parcel (ii) the Assessment for each Parcel of Assessed Property, including any adjustments authorized by this Service and Assessment Plan or in the PID Act; (iii) the Annual Installment for the Assessed Property for the year (if the Assessment is payable in installments); and (iv) payments of the Assessment, if any, as provided by Section VI.H of this Service and Assessment Plan.

The updated Assessment Rolls for are shown in Appendix C-1, D-1, and E-1 of this report. Each Parcel in the PID is identified, along with the Assessment on each Parcel and the Annual Installment to be collected from each Parcel. Assessments are to be reallocated for the subdivision of any Parcels.

A. PARCEL UPDATES

According to the Updated Service and Assessment Plan, upon the subdivision of any Parcel, the Administrator shall reallocate the Assessment for the Parcel prior to the subdivision among the new subdivided Parcels according to the following formula:

$$A = B \times (C \div D)$$

Where the terms have the following meanings:

- A = the Assessment for each new subdivided Parcel.
- B = the Assessment for the Parcel prior to subdivision.
- C = the estimated number of units to be built on each newly subdivided Parcel
- D = the sum of the estimated number of units to be built on all of the new subdivided Parcels

The calculation of the estimated number of units to be built on a Parcel shall be performed by the Administrator and confirmed by the City Council based on the information available regarding the use of the Parcel. The estimate as confirmed shall be conclusive. The number of units to be built on a Parcel may be estimated by net land area and reasonable density ratios.

According to the Developer and the Collin Central Appraisal District records, Phase #1 of the PID was completely subdivided in 2020, and the Assessments allocated proportionally according to Lot Type. The final plat recorded on October 15, 2020 and was subdivided from Parcel 2779860.

B. PREPAYMENT OF ASSESSMENTS

As of June 30, 2023, one Parcel has prepaid their Phase #1 Assessment in full. See Appendix B for a more information related to this prepaid Parcel.

According to the Trustee, an extraordinary optional redemption of the Phase #1 Bonds, in the aggregate amount of \$25,000, occurred July 1, 2022, based on prepaid Phase #1 Assessments received.

The complete Assessment Rolls are available for review at the City Hall, located at 142 N. Ohio, Celina, Texas 75009.

NOTICE OF OBLIGATION TO PAY PUBLIC IMPROVEMENT DISTRICT ASSESSMENT TO
CITY OF CELINA, TEXAS
CONCERNING THE FOLLOWING PROPERTY

[insert property address]

As the purchaser of the real property described above, you are obligated to pay assessments to the City of Celina, Texas (the "City"), for the costs of a portion of a public improvement or services project (the "Authorized Improvements") undertaken for the benefit of the property within the Chalk Hill Public Improvement District No. 2 (the "District") created under Subchapter A, Chapter 372, Local Government Code.

AN ASSESSMENT HAS BEEN LEVIED AGAINST YOUR PROPERTY FOR THE AUTHORIZED IMPROVEMENTS, WHICH MAY BE PAID IN FULL AT ANY TIME. IF THE ASSESSMENT IS NOT PAID IN FULL, IT WILL BE DUE AND PAYABLE IN ANNUAL INSTALLMENTS THAT WILL VARY FROM YEAR TO YEAR DEPENDING ON THE AMOUNT OF INTEREST PAID, COLLECTION COSTS, ADMINISTRATIVE COSTS, AND DELINQUENCY COSTS.

The exact amount of the assessment may be obtained from the City. The exact amount of each annual installment will be approved each year by the City Council in the Annual Service Plan Update for the District. More information about the assessments, including the amounts and due dates, may be obtained from the City or MuniCap, Inc., the District Administrator for the City, located at 600 E. John Carpenter Fwy, Suite 150, Irving, Texas 75062 and available by telephone at (469) 490-2800 or (866) 648-8482 (toll free) and email at txpid@municap.com.

Your failure to pay any assessment or any annual installment may result in penalties and interest being added to what you owe or in a lien on and the foreclosure of your property.

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY OF CELINA APPROVING THE ANNUAL UPDATE OF THE SERVICE AND ASSESSMENT PLAN AND ASSESSMENT ROLLS FOR THE CHALK HILL PUBLIC IMPROVEMENT DISTRICT NO. 2 IN ACCORDANCE WITH TEXAS LOCAL GOVERNMENT CODE §372.013, AS AMENDED; CONTAINING A CUMMULATIVE CLAUSE; CONTAINING A SAVINGS AND SEVERABILITY CLAUSE; AND PROVIDING AN EFFECTIVE DATE

WHEREAS, on December 12, 2017, the City Council of the City of Celina, Texas (the “City”) approved Resolution No. 2017-212R establishing the Chalk Hill Public Improvement District No. 2 (the “PID”) in accordance with the provisions of Chapter 372 of the Texas Local Government Code (the “Public Improvement District Assessment Act” or “the PID Act”); and

WHEREAS, the City has heretofore levied assessments against property within Phase #1 the PID, pursuant to Ordinance No. 2018-12 which ordinance also approved the Chalk Hill Public Improvement District No. 2 Service and Assessment Plan and Assessment Roll related to Phase #1, dated as of March 23, 2018 (the “Service and Assessment Plan and Phase #1 Assessment Roll”); and

WHEREAS, the City has also heretofore levied assessments against property within the Phases #2-3 Major Improvement Area of the PID, pursuant to Ordinance No. 2018-14 which ordinance also approved the Chalk Hill Public Improvement District No. 2 Service and Assessment Plan and Assessment Roll related to the Phases #2-3 Major Improvement Area, dated as of March 23, 2018 (the “Service and Assessment Plan and Phases #2-3 Major Improvement Area Assessment Roll”); and

WHEREAS, the City has also heretofore levied assessments against property within the Phases #2-3 Direct Improvement Area of the PID, pursuant to Ordinance No. 2023-65 which ordinance also approved the Chalk Hill Public Improvement District No. 2 Service and Assessment Plan and Assessment Roll related to the Phases #2-3 Direct Improvements, dated as of July 11, 2023 (the “Service and Assessment Plan and Phases #2-3 Direct Improvements Assessment Roll”) [and, together with the Service and Assessment Plan and Phase #1 and Phases #2-3 Major Improvement Area Assessment Rolls, the “Service and Assessment Plan and Assessment Rolls”]; and

WHEREAS, the Service and Assessment Plan and Assessment Rolls are required to be reviewed and updated annually as described in Sections 372.013 and 372.014 of the PID Act (the “Annual Service Plan Update”); and

WHEREAS, the Annual Service Plan Update, attached hereto as Exhibit A, including the Phase #1, Phases #2-3 Major Improvement Area, and the Phases #2-3 Direct Improvement Assessment Rolls attached thereto, update the Service and Assessment Plan and Assessment Rolls to reflect prepayments, property divisions and changes to the budget allocation for the PID that

occur during the year, if any; and

WHEREAS, the City Council desires and finds it to be in the public interest to adopt this Ordinance approving and adopting the Annual Service Plan Update and the updated Assessment Roll attached thereto, in compliance with the PID Act.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CELINA, TEXAS, THAT:

SECTION 1. All matters stated in the preamble are found to be true and correct and are incorporated herein as if copied in their entirety.

SECTION 2. The Chalk Hill Public Improvement District No. 2 Annual Service Plan Update, attached hereto as Exhibit A and incorporated herein by reference, inclusive of the updated Phase #1, Phases #2-3 Major Improvement Area, and Phases #2-3 Direct Assessment Rolls contained therein and made a part thereof, are hereby accepted and approved.

SECTION 3. The provisions of this ordinance are to be cumulative of all other ordinances or parts of ordinances governing or regulating the same subject matter as that covered herein; provided, however, that all prior ordinances or parts of ordinances inconsistent with or in conflict with any of the provisions of this ordinance are hereby expressly repealed to the extent of any such inconsistency or conflict.

SECTION 4. Should any sentence, paragraph, subdivision, clause, phrase or section of this Ordinance be adjudged or held to be unconstitutional, illegal or invalid, the same shall not affect the validity of this Ordinance as a whole, or any part or provision thereof other than the part so decided to be invalid, illegal or unconstitutional, and shall not affect the validity of the Ordinance as a whole.

SECTION 5. This Ordinance shall take effect immediately after its passage and the publication of the caption, as the law and charter in such case provide. The City Secretary shall cause this Ordinance to be filed with the county clerk in each county in which all or a part of the PID is located not later than seven (7) days after the date the governing body of the City approves this Annual Service Plan Update.

Re: SAP Update - The Columns PID

Action Requested:

Consider and act upon an Ordinance of the City of Celina, Texas, approving the 2023-2024 Annual Service Plan update to the Service and Assessment Plan for The Columns Public Improvement District and providing an effective date. (Bromiley)

Background Information:

The Columns PID was created by the City Council pursuant to the PID Act and a resolution approved on November 14, 2017. The PID is located east of Dallas Parkway and south of County Road 51. The PID is anticipated to contain an estimated 261 residential units on approximately 48.784 acres within one phase. The PID annual installments in the Annual Service Plan update include amounts for the payment of principal and interest on the PID bonds and reimbursement agreement, if any, PID administrative expenses, additional interest for prepayment and delinquency reserves and as applicable, TIRZ annual credit amounts committed to pay a portion of the PID bond principal and interest. The Service Plan is prepared annually and presented to Council as required by Chapter 372 of the Texas Local Government Code.

I. INTRODUCTION

The Columns Public Improvement District (the “PID”) was created pursuant to the PID Act and Resolution No. 2017-203R of the City Council on November 14, 2017 to finance certain public improvement projects for the benefit of the property in the PID.

On April 10, 2018, the City approved issuance of the City of Celina, Texas Special Assessment Revenue Bonds, Series 2018 (The Columns Public Improvement District Project) (the “PID Bonds”) in the aggregate principal amount of \$6,470,000 were issued to finance, refinance, provide or otherwise assist in the acquisition, construction and maintenance of the public improvements provided for the benefit of the property in the PID. In addition, the City approved reimbursement obligations for the PID Reimbursement Agreement (the “PID Reimbursement Agreement Obligation”) in the aggregate principal amount of \$1,030,000 are secured by Assessments.

A service and assessment plan dated April 10, 2018 (the “Service and Assessment Plan”) was prepared at the direction of the City identifying the public improvements (the “Authorized Improvements”) to be provided by the PID, the costs of the Authorized Improvements, the indebtedness to be incurred for the Authorized Improvements, and the manner of assessing the property in the PID for the costs of the Authorized Improvements. Pursuant to Chapter 372 of the Texas Local Government Code, as amended (the “PID Act”), the Service and Assessment Plan must be reviewed and updated annually for the purpose of determining the annual budget for the Authorized Improvements. This document is the annual update of the Service and Assessment Plan for 2023-24 (the “Annual Service Plan Update”).

The City also adopted an assessment roll for the PID attached as Appendix D-1 to the Service and Assessment Plan (the “Assessment Roll”) identifying the Assessments on each Parcel of Assessed Property, based on the method of assessment identified in the Service and Assessment Plan. This Annual Service Plan Update also updates the Assessment Roll for 2023-24.

The Texas legislature passed House Bill 1543 as an amendment to the PID Act, requiring, among other things, (i) all Service and Assessment Plans and Annual Service Plan Updates be approved through City ordinance or order to be filed with the county clerk of each county in which all or part of the PID is located within seven days and (ii) include a copy of the notice form required by Section 5.014 of the Texas Property Code (the “PID Assessment Notice”) as disclosure of the obligation to pay PID Assessments. In light of these amendments to the PID Act, this Annual Service Plan Update includes a copy of the PID Assessment Notice as Appendix D and copy of this Annual Service Plan Update will be filed with the county clerk in each county in which all or a part of the PID is located not later than seven (7) days after the date the governing body of the City approves this Annual Service Plan Update.

Section 372.013 of the PID Act, as amended, stipulates that a person who proposes to sell or otherwise convey real property that is located in the PID, except in certain situation described in the PID Act, shall first give to the purchaser of the property a copy of the completed PID Assessment Notice. The PID Assessment Notice shall be given to a prospective purchase before

the execution of a binding contract of purchase and sale, either separately or as an addendum or paragraph of a purchase contract. In the event a contract of purchase and sale is entered into without the seller provided the required notice, the purchaser, subject to certain exceptions described in the PID act, is entitled to terminate the contract.

The PID Assessment Notice shall be executed by the seller and must be filed in the real property records of the County in which the property is located at the closing of the purchase and sale of the property.

Capitalized terms shall have the meanings set forth in the Service and Assessment Plan unless otherwise defined herein.

II. UPDATE OF THE SERVICE PLAN

A. UPDATED SOURCES AND USES FOR PUBLIC IMPROVEMENTS

Pursuant to the original Service and Assessment Plan adopted on April 10, 2018, the initial total estimated costs of the Authorized Improvements were equal to \$9,200,249. According to the Developer's Quarterly Improvement Implementation Report as of December 31, 2021, the actual costs of the Authorized Improvements equal to \$9,387,315. According to the Developer's Quarterly Implementation Report as of December 31, 2021 all Authorized Improvements were completed and accepted by the City on April 17, 2020.

Table II-A on the following page summarizes the updated sources and uses of funds required to (1) construct the Authorized Improvements, (2) establish the PID, and (3) issue the PID Bonds. The actual costs spent to date of the Authorized Improvements were provided by the Developer in the Developer's Quarterly Improvement Implementation Report dated as of December 31, 2021.

1 – According to the Developer's Quarterly Improvement Implementation Report dated as of December 31, 2021.

Authorized Improvement Cost Variances

As shown in Table II-A above, the actual costs are \$187,066 above the initial estimated budget. The extra costs were funded by the Developer and excess Capitalized Interest proceeds.

B. FIVE-YEAR SERVICE PLAN

All of the Authorized Improvements are expected to be built within a period of five years. The actual costs of the Authorized Improvements are shown in Section II.A of this report and the Annual Installments expected to be collected for these costs are shown in Table II-B on the following page.

1 – Assessment years ending 2019 through 2024 reflect actual Annual Installments and are net of applicable reserve fund income, capitalized interest, and TIRZ Credits. Assessment years 2025 through 2029 reflect projected Annual Installments and are subject to change.

C. STATUS OF DEVELOPMENT

According to the City, greater than 95 percent of the total building permits expected to be issued within the PID have been issued of the PID as of June 18, 2023. Pursuant to Section 4 (a)(ii) of the Continuing Disclosure Agreement of the Issuer, the City is no longer responsible for reporting the number of new homes completed in the PID in the Annual Service Plan Update.

D. ANNUAL BUDGET

Annual Installments

The Assessment imposed on any Parcel may be paid in full at any time. If not paid in full, the Assessment shall be payable in thirty Annual Installments of principal and interest beginning with the tax year following the issuance of the PID Bonds and/or execution of the PID Reimbursement Agreement Obligation, of which twenty-five (25) Annual Installments remain outstanding.

Pursuant to the Service and Assessment Plan, each Assessment securing the PID Bonds shall bear interest at the rate on the PID Bonds. The effective interest rate on the PID Bonds is 6.25 percent. Pursuant to Section 372.018 of the PID Act, the interest rate for that Assessment may not exceed a rate that is one-half of one percent higher than the actual interest rate paid on the debt. Accordingly, the effective interest rate on the PID Bonds plus additional interest of one-half of one percent (to be used for funding the Prepayment Reserve and Delinquency Reserve) equals 6.75 percent and is used to calculate the interest on the Assessments securing the PID Bonds.

Additionally, each Assessment securing the PID Reimbursement Agreement obligation shall bear interest at the rate on the PID Reimbursement Agreement obligation commencing with the effective date of the PID Reimbursement Agreement obligation. The interest rate applicable to the PID Reimbursement Agreement obligation is 6.38 percent per annum and is used to calculate the interest on the Assessments securing the PID Reimbursement Agreement Obligation.

These payments, the “Annual Installments” of the Assessments, shall be billed by the City in 2023 and will be delinquent on February 1, 2024.

Pursuant to the Service and Assessment Plan, the Annual Service Plan Update shall show the remaining balance of the Assessments, the Annual Installment due for 2023-24, and the Administrative Expenses to be collected from each Parcel. Administrative Expenses shall be allocated to each Parcel pro-rata based upon the amount the Annual Installment on a Parcel bears to the total amount of Annual Installments in the PID as a whole that is payable at the time of such allocation. Each Annual Installment shall be reduced by any credits applied under applicable documents including the Service and Assessment Plan and Trust Indenture, such as the Tax Increment Reinvestment Zone No. 9, City of Celina, Texas (the “TIRZ No. 9”) incremental taxes available to the PID (the “TIRZ Annual Credit Amount”), capitalized interest and interest earnings on any account balances and by any other funds available to the PID.

Annual Budget for the Repayment of Indebtedness

Debt service will be paid on the PID Bonds and PID Reimbursement Agreement Obligation from the collection of the Annual Installments of the Assessments on the Assessed Property. In addition, Administrative Expenses are to be collected with the Annual Installments to pay expenses related to the collection of the Annual Installments. The additional interest collected with the Annual Installments will be used to pay the prepayment and delinquency reserve amounts as described in the Service and Assessment plan and applicable Trust Indenture.

Annual Installments to be Collected for 2023-24

The budget for the PID will be paid from the collection of Annual Installments of the Assessments on the Assessed Property collected for 2023-24 as shown by Table II-D on the following page.

Debt Service Payments

Annual Installments to be collected for principal and interest on the PID Bonds include interest due on March 1, 2024, in the amount of \$190,325 and September 1, 2024, in the amount of \$190,325, which equal interest on the outstanding PID Bonds of \$6,090,397 for six months each and an effective interest rate of 6.25 percent. Annual Installments to be collected on the PID Bonds include a principal amount of \$110,000 due on September 1, 2024. As a result, the total principal and interest amounts due on the PID Bonds in 2023-24 are estimated to be equal to \$490,650.

Annual Installments to be collected for principal and interest on the PID Reimbursement Agreement Obligation include interest due on March 1, 2024, in the amount of \$29,876 and September 1, 2024, in the amount of \$29,876, which equal interest on the outstanding balance of \$936,538 for six months each and an effective interest rate of 6.38 percent. Annual Installments to be collected on the Reimbursement Agreement include a principal amount of \$20,000 due on September 1, 2024. As a result, the total Annual Installments to be collected for principal and interest on the PID Reimbursement Agreement Obligation in 2023-24 is estimated to be equal to \$79,751.

(The remainder of this page is intentionally left blank)

Administrative Expenses

Administrative expenses include the City, Trustee, Administrator, dissemination agent expenses and contingency fees. As shown in Table II-E below, the total administrative expenses to be collected for 2023-24 are estimated to be \$45,000.

Table II-E
Administrative Budget Breakdown

Description	2023-24 Estimated Budget (9/1/23-8/31/24)
City	\$6,000
PID Administrator	\$30,200
Trustee	\$2,750
Auditor	\$2,000
Dissemination Agent	\$3,500
Contingency	\$550
Total	\$45,000

Excess Interest for Prepayment and Delinquency Reserve

Annual Installments are to be collected for excess interest for prepayment and delinquency reserves in the amount of \$30,452, which equals 0.5 percent interest on the outstanding PID Bond Assessment balance of \$6,090,397.

Available TIRZ Credit

According to the City, there have been TIRZ increments collected for the tax year 2022 in the total amount of \$150,835 that are available to be used as TIRZ Credit in 2023-24 for the respective Parcels within the PID. This TIRZ Credit amount is allocated based on the amount of TIRZ increment generated by each Parcel within the PID and each Parcel that has an outstanding Assessment balance as of September 1, 2023.

See Appendix C-2 for 2023 TIRZ increment values of all Parcels within the PID.

Available Reserve Fund Income

As of May 31, 2023, the balance in the Reserve Fund was \$516,759, which includes the Bond Reserve Requirement of \$503,105 and an excess balance of \$13,653. There is also a sufficient balance in the Principal and Interest Account to pay debt service on September 1, 2023. Pursuant to Section 6.7 (d) of the Trust Indenture, the excess balance of \$13,653 should be transferred to the Principal & Interest Account and used to pay interest on the Bonds on the next interest payment date. As a result, \$13,653 is available to pay a portion of the PID Bonds debt service.

Available Capitalized Interest Account

According to the Trustee, the Capitalized Interest Fund had been fully expended and was closed as of February 28, 2022. As a result, there is no credit to reduce the Annual Installment.

Available Administrative Expense Account

As of May 31, 2023 the balance in the Administrative Expense Fund was \$16,747. Such funds are anticipated to be used until January 31, 2024. As a result, there is no credit to reduce the Annual Installment.

E. ANNUAL INSTALLMENTS PER UNIT

According to the Service and Assessment Plan, the Annual Installments shall be collected in an amount sufficient to pay (i) principal and interest on the PID Bonds and PID Reimbursement Agreement Obligation, (ii) to fund the Prepayment Reserve and Delinquency Reserve, and (iii) to cover Administrative Expenses of the PID.

According to the Updated Service and Assessment Plan, 261.00 units are built within the PID. As of May 31, 2023, three Parcels have prepaid their PID assessments in full. In addition, one Parcel has prepaid a portion of their PID Bond Assessment representing 0.93 prepaid units. The principal and interest expense of the PID Bonds portion of Annual Installment to be collected per Equivalent Unit will be calculated using the outstanding units of 257.07 (i.e., $261.00 - 3.00 - 0.97 = 257.07$). Accordingly, the net principal and interest expense of the PID Bonds portion of the Annual Installment to be collected from each Equivalent Unit will be \$1,973.97 (i.e., $(\$490,650 + \$30,452 - \$13,653) \div 257.07 = \$1,973.97$). The administrative expense of the PID Bonds portion of Annual Installment to be collected per Equivalent unit will be calculated based on the original units less the fully prepaid units, 258.00. Accordingly, the administrative expense portion of the PID Bond Annual Installment to be collected per Equivalent Unit will be \$151.17 (i.e., $\$39,002 \div 258.00 = \151.17). As a result, the total PID Bond portion of Annual Installment to be collected from each Equivalent Unit within Phase #1 will be \$2,125.14 (i.e., $\$1,973.97 + \$151.17 = \$2,125.14$). The PID Bond portion of Annual Installment to be collected from each Parcel within the PID is calculated by multiplying the Annual Installment for each unit of \$2,125.14 by the total estimated remaining units for each Parcel, less the applicable TIRZ Credit, if any, as shown in Appendix C-2.

The PID Reimbursement Agreement's net principal and interest expense of PID Reimbursement Agreement portion of Annual Installment to be collected from each unit will be \$309.11, calculated by dividing the subtotal debt service on PID Reimbursement Agreement by the outstanding non-partially prepaid total units (i.e., $\$79,751 \div 258.00 = \309.11). The net administrative expenses of the PID Reimbursement Agreement portion of Annual Installment to be collected from each Equivalent Unit will be \$23.25 (i.e., $5,998 \div 258.00 = \$23.25$). As a result, the total PID Reimbursement Agreement portion of Annual Installment to be collected from each unit will be \$332.36 (i.e., $\$309.11 + \$23.25 = \$332.36$) less any applicable TIRZ Credit detailed in Appendix C-2 for each Parcel.

The PID Bond and Reimbursement Agreement total Annual Installment to be collected from each unit will be \$2,457.50 (i.e., \$2,125.14 + \$332.36 = \$2,457.50) less any applicable TIRZ Credit detailed in Appendix C-2 for each Parcel.

The Annual Installment due to be collected from each Land Use Class in the PID for 2023-24 is shown in Table II-F below.

Table II-F
Annual Installment Per Unit

Land Use Class	Annual Installment	Units	Annual Installment Per Unit
40 Ft	\$2,457.50	1.00	\$2,457.50

The list of Parcels within the PID, the number of units to be developed on the current residential Parcels, the corresponding total units, the total outstanding Assessment, the annual principal and interest, the Administrative Expenses, and the Annual Installment to be collected for 2023-24 are shown in the Assessment Roll Summary attached hereto as Appendix C-1.

F. BOND REDEMPTION RELATED UPDATES

The PID Bonds were issued in May 2018. Pursuant to Section 4.3 of the Indenture of Trust, the City reserves the right and option to redeem the PID Bonds before their scheduled maturity dates, in whole or in part, on any interest payment date on or after **September 1, 2028**, such redemption date or dates to be fixed by the City, at the redemption prices and dates shown in the Indenture of Trust.

The Administrator has conducted a preliminary evaluation of the current refunding market conditions, recent PID bond refunding transactions, and other relevant factors. Based on this preliminary evaluation, the Administrator believes a refunding of the PID Bonds does not appear viable at this time. The Administrator will continue to monitor the refunding market conditions, applicable PID bond refunding transactions, and other relevant factors to determine if refunding becomes viable in the future and will inform the City accordingly.

(The remainder of this page is intentionally left blank.)

III. UPDATE OF THE ASSESSMENT PLAN

The Service and Assessment Plan adopted by the City Council describes that the Authorized Improvement costs shall be allocated to the Assessed Property equally based on the number of residential dwelling units anticipated to be built on each Parcel once such property is fully developed and that such method of allocation will result in the imposition of equal shares of the Authorized Improvement Costs to Parcels similarly benefited.

Assessment Methodology

This method of assessing property, as updated in prior Annual Service Plan Updates, has not been changed and Assessed Property will continue to be assessed as provided for in the Service and Assessment Plan.

(The remainder of this page is intentionally left blank.)

IV. UPDATE OF THE ASSESSMENT ROLL

Pursuant to the original Service and Assessment Plan, the Assessment Roll shall be updated each year to reflect:

(i) the identification of each Parcel (ii) the Assessment for each Parcel of Assessed Property, including any adjustments authorized by this Service and Assessment Plan or in the PID Act; (iii) the Annual Installment for the Assessed Property for the year (if the Assessment is payable in installments); and (iv) payments of the Assessment, if any, as provided by Section VI.F of the Service and Assessment Plan.

The 2023-24 Assessment Roll Summary is shown in Appendix C-1 of this report. Each Parcel of in the PID is identified, along with the Assessment on each Parcel and the Annual Installment to be collected from each Parcel. Assessments are to be reallocated for the subdivision of any Parcels.

A. PARCEL UPDATES

According to the Service and Assessment Plan, upon the subdivision of any Parcel, the Administrator shall reallocate the Assessment for the Parcel prior to the subdivision among the new subdivided Parcels according to the following formula:

$$A = B \times (C \div D)$$

Where the terms have the following meanings:

- A = the Assessment for each new subdivided Parcel.
- B = the Assessment for the Parcel prior to subdivision.
- C = the estimated units to be built on each newly subdivided Parcel
- D = the sum of the estimated units to be built on all of the new subdivided Parcels

The calculation of the estimated number of units to be built on a Parcel shall be performed by the Administrator and confirmed by the City Council based on the information available regarding the use of the Parcel. The estimate as confirmed shall be conclusive. The number of units to be built on a Parcel may be estimated by net land area and reasonable density ratios.

According to the Developer and Collin County Central Appraisal District records, Parcel 2780192 was completely subdivided in 2020. Parcel 2780192 was subdivided into 261 40' residential lots as shown in the 2020-21 Annual Service Plan update.

B. PREPAYMENT OF ASSESSMENTS

As of June 30, 2023, three Parcels have prepaid their Assessments in full and one Parcel has partially prepaid their Assessment. See Appendix B for a more information related to the prepaid Parcels.

According to the Trustee, an extraordinary optional redemption of the Bonds, in the aggregate amount of \$20,000, occurred June 1, 2022, based on prepaid Assessments received.

The complete Assessment Roll is available for review at the City Hall, located at 142 N Ohio, Celina, Texas 75009.

NOTICE OF OBLIGATION TO PAY PUBLIC IMPROVEMENT DISTRICT ASSESSMENT TO
THE CITY OF CELINA, TEXAS
CONCERNING THE FOLLOWING PROPERTY

[insert property address]

As the purchaser of the real property described above, you are obligated to pay assessments to the City of Celina, Texas (the "City"), for the costs of a portion of a public improvement or services project (the "Authorized Improvements") undertaken for the benefit of the property within the Columns Public Improvement District (the "District") created under Subchapter A, Chapter 372, Local Government Code.

AN ASSESSMENT HAS BEEN LEVIED AGAINST YOUR PROPERTY FOR THE AUTHORIZED IMPROVEMENTS, WHICH MAY BE PAID IN FULL AT ANY TIME. IF THE ASSESSMENT IS NOT PAID IN FULL, IT WILL BE DUE AND PAYABLE IN ANNUAL INSTALLMENTS THAT WILL VARY FROM YEAR TO YEAR DEPENDING ON THE AMOUNT OF INTEREST PAID, COLLECTION COSTS, ADMINISTRATIVE COSTS, AND DELINQUENCY COSTS.

The exact amount of the assessment may be obtained from the City. The exact amount of each annual installment will be approved each year by the City Council in the Annual Service Plan Update for the District. More information about the assessments, including the amounts and due dates, may be obtained from the City or MuniCap, Inc., the District Administrator for the City, located at 600 E. John Carpenter Fwy, Suite 150, Irving, Texas 75062 and available by telephone at (469) 490-2800 or (866) 648-8482 (toll free) and email at txpid@municap.com.

Your failure to pay any assessment or any annual installment may result in penalties and interest being added to what you owe or in a lien on and the foreclosure of your property.

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY OF CELINA APPROVING THE ANNUAL UPDATE OF THE SERVICE AND ASSESSMENT PLAN AND ASSESSMENT ROLL FOR THE COLUMNS PUBLIC IMPROVEMENT DISTRICT IN ACCORDANCE WITH TEXAS LOCAL GOVERNMENT CODE §372.013, AS AMENDED; CONTAINING A CUMMULATIVE CLAUSE; CONTAINING A SAVINGS AND SEVERABILITY CLAUSE; AND PROVIDING AN EFFECTIVE DATE

WHEREAS, on November 14, 2017, the City Council of the City of Celina, Texas (the “City”) approved Resolution No. 2017-203R establishing The Columns Public Improvement District (the “PID”) in accordance with the provisions of Chapter 372 of the Texas Local Government Code (the “Public Improvement District Assessment Act” or “the PID Act”); and

WHEREAS, the City has heretofore levied assessments against property within the PID, pursuant to Ordinance No. 2018-18 which ordinance also approved The Columns Public Improvement District Service and Assessment Plan and Assessment Roll, dated as of April 10, 2018 (the “Service and Assessment Plan and Assessment Roll”); and

WHEREAS, the Service and Assessment Plan and Assessment Roll is required to be reviewed and updated annually as described in Sections 372.013 and 372.014 of the PID Act (the “Annual Service Plan Update”); and

WHEREAS, the Annual Service Plan Update, attached hereto as Exhibit A, including the Assessment Roll attached thereto, update the Service and Assessment Plan and Assessment Roll to reflect prepayments, property divisions and changes to the budget allocation for the PID that occur during the year, if any; and

WHEREAS, the City Council desires and finds it to be in the public interest to adopt this Ordinance approving and adopting the Annual Service Plan Update and the updated Assessment Roll attached thereto, in compliance with the PID Act.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CELINA, TEXAS, THAT:

SECTION 1. All matters stated in the preamble are found to be true and correct and are incorporated herein as if copied in their entirety.

SECTION 2. The Columns Public Improvement District Annual Service Plan Update, attached hereto as Exhibit A and incorporated herein by reference, inclusive of the updated Assessment Roll contained therein and made a part thereof, are hereby accepted and approved.

SECTION 3. The provisions of this ordinance are to be cumulative of all other ordinances or parts of ordinances governing or regulating the same subject matter as that covered herein; provided, however, that all prior ordinances or parts of ordinances inconsistent with or in conflict with any of the provisions of this ordinance are hereby expressly repealed to the extent of any such inconsistency or conflict.

SECTION 4. Should any sentence, paragraph, subdivision, clause, phrase or section of this Ordinance be adjudged or held to be unconstitutional, illegal or invalid, the same shall not affect the validity of this Ordinance as a whole, or any part or provision thereof other than the part so decided to be invalid, illegal or unconstitutional, and shall not affect the validity of the Ordinance as a whole.

SECTION 5. This Ordinance shall take effect immediately after its passage and the publication of the caption, as the law and charter in such case provide. The City Secretary shall cause this Ordinance to be filed with the county clerk in each county in which all or a part of the PID is located not later than seven (7) days after the date the governing body of the City approves this Annual Service Plan Update.

Re: SAP Update - Creeks of Legacy PID

Action Requested:

Consider and act upon an Ordinance of the City of Celina, Texas, approving the 2023-2024 Annual Service Plan update to the Service and Assessment Plan for the Creeks of Legacy Public Improvement District and providing an effective date. (Bromiley)

Background Information:

The Creeks of Legacy PID was created by the City Council pursuant to the PID Act and a resolution approved on April 29, 2014. The PID is located approximately one mile east of the Dallas North Toll Road service extension. The PID is anticipated to contain an estimated 1,041 residential units on approximately 322 acres within three phases. The PID annual installments in the Annual Service Plan update include amounts for the payment of principal and interest on the PID bonds and reimbursement agreement, if any, PID administrative expenses, additional interest for prepayment and delinquency reserves and as applicable, TIRZ annual credit amounts committed to pay a portion of the PID bond principal and interest. The Service Plan is prepared annually and presented to Council as required by Chapter 372 of the Texas Local Government Code.

I. INTRODUCTION

The Creeks of Legacy Public Improvement District (the “PID”) was created pursuant to the PID Act and a resolution of the City Council on April 29, 2014 to finance certain public improvement projects for the benefit of the property in the PID.

On June 20, 2014, the City approved issuance of the City of Celina, Texas Special Assessment Revenue Bonds, Series 2014 (Creeks of Legacy Public Improvement District Phase #1 Project) (the “Phase #1A Bonds”) in the aggregate principal amount of \$8,750,000, to finance, refinance, provide or otherwise assist in the acquisition, construction and maintenance of the public improvements provided for the benefit of the property in Phase #1 of the PID. In addition, reimbursement obligations for the Phase #1 Reimbursement Agreement in the aggregate principal amount of \$3,750,000 are secured by Special Assessments.

On August 14, 2018, the City approved issuance of the City of Celina, Texas Special Assessment Revenue Bonds, Series 2018 (Creeks of Legacy Public Improvement District Phase #1B Project) (the “Phase #1B Bonds”) in the aggregate principal amount of \$3,750,000 to fully reimburse the Developer for the unpaid balance of the Phase #1 Reimbursement Agreement.

On May 9, 2023, the City approved issuance of the City of Celina, Texas Special Assessment Revenue Refunding Bonds, Series 2023 (Creeks of Legacy Public Improvement District Phase #1 Project) (the “Phase #1 Refunding Bonds”) in the aggregate principal amount of \$10,181,000. The Phase #1 Refunding Bonds were issued to refinance the Phase #1A Bonds and Phase #1B Bonds.

On June 20, 2014, the City approved issuance of the City of Celina, Texas Special Assessment Revenue Bonds, Series 2014 (Creeks of Legacy Public Improvement District Phases #2-3 Major Improvement Project) (the “Phases #2-3 Major Improvement Bonds”) in the aggregate principal amount of \$6,575,000, to finance, refinance, provide or otherwise assist in the acquisition, construction and maintenance of the public improvements provided for the benefit of the property in Phases #2-3 of the PID.

On May 9, 2023, the City approved issuance of the City of Celina, Texas Special Assessment Revenue Refunding Bonds, Series 2023 (Creeks of Legacy Public Improvement District Phases #2-3 Major Improvement Project) (the “Phases #2-3 Major Improvement Refunding Bonds”) in the aggregate principal amount of \$5,415,000. The Phases #2-3 Refunding Bonds were issued to refinance the Phases #2-3 Major Improvement Bonds.

On August 14, 2018, the City approved issuance of the City of Celina, Texas Special Assessment Revenue Bonds, Series 2018 (Creeks of Legacy Public Improvement District Phase #2 Project) (the “Phase #2 Bonds”) in the aggregate principal amount of \$6,875,000 to finance, refinance, provide or otherwise assist in the acquisition, construction and maintenance of the public improvements provided for the benefit of the property in Phase #2 of the PID.

On August 11, 2020, the City approved issuance of the City of Celina, Texas Special Assessment Revenue Bonds, Series 2020 (Creeks of Legacy Public Improvement District Phase #3 Project) (the “Phase #3 Bonds”) in the aggregate principal amount of \$3,600,000 to fully reimburse the Developer for the unpaid balance of the Phase #3 Reimbursement Agreement to finance, refinance, provide or otherwise assist in the acquisition, construction and maintenance of the public improvements provided for the benefit of the property in Phase #3 of the PID.

A service and assessment plan (the “Service and Assessment Plan”) was prepared at the direction of the City identifying the public improvements (the “Authorized Improvements”) to be provided by the PID, the costs of the Authorized Improvements, the indebtedness to be incurred for the Authorized Improvements, and the manner of assessing the property in the PID for the costs of the Authorized Improvements. The Service and Assessment Plan was updated for Phase #2 on March 13, 2018 and August 14, 2018 to incorporate the Phase #2 Bonds, updated for Phase #3 on June 9, 2020 and August 11, 2020 to incorporate the Phase #3 Bonds, and updated for the Phase #1 Refunding Bonds and Phases #2-3 Major Improvement Refunding Bonds on May 9, 2023 (the “Amended and Restated Service and Assessment Plan”). Pursuant to the PID Act, the Amended and Restated Service and Assessment Plan must be reviewed and updated annually. This document is the annual update of the Service and Assessment Plan for 2023-24 (the “Annual Service Plan Update”).

The City also adopted the Phase #1 Assessment Roll, Phases #2-3 Major Improvement Assessment Roll, Phase #2 Assessment Roll, and Phase #3 Assessment Roll attached as Appendix G, Appendix H, Appendix I, and Appendix J, respectively, to the Amended and Restated Service and Assessment Plan, identifying the assessments on each parcel within the PID, based on the method of assessment identified in the Amended and Restated Service and Assessment Plan. This Annual Service Plan Update also updates the Assessment Rolls for 2023-24.

The Texas legislature passed House Bill 1543 as an amendment to the PID Act, requiring, among other things, (i) all Service and Assessment Plans and Annual Service Plan Updates be approved through City ordinance or order to be filed with the county clerk of each county in which all or part of the PID is located within seven days and (ii) include a copy of the notice form required by Section 5.014 of the Texas Property Code (the “PID Assessment Notice”) as disclosure of the obligation to pay PID Assessments. In light of these amendments to the PID Act, this Annual Service Plan Update includes a copy of the PID Assessment Notice as Appendix G and copy of this Annual Service Plan Update will be filed with the county clerk in each county in which all or a part of the PID is located not later than seven (7) days after the date the governing body of the City approves this Annual Service Plan Update.

Section 372.013 of the PID Act, as amended, stipulates that a person who proposes to sell or otherwise convey real property that is located in the PID, except in certain situation described in the PID Act, shall first give to the purchaser of the property a copy of the completed PID Assessment Notice. The PID Assessment Notice shall be given to a prospective purchaser before the execution of a binding contract of purchase and sale, either separately or as an addendum or paragraph of a purchase contract. In the event a contract of purchase and sale is entered into without the seller provided the required notice, the purchaser, subject to certain exceptions described in the PID act, is entitled to terminate the contract.

The PID Assessment Notice shall be executed by the seller and must be filed in the real property records of the County in which the property is located at the closing of the purchase and sale of the property.

Capitalized terms not defined herein shall have the meanings assigned to such terms in the Amended and Restated Service and Assessment Plan.

II. UPDATE OF THE SERVICE PLAN

A. UPDATED SOURCES AND USES FOR PUBLIC IMPROVEMENTS

Phases #2-3 Major Improvement Area Sources and Uses

Pursuant to the original Service and Assessment Plan adopted on June 18, 2014, the initial total estimated costs of the Phase #2-3 Major Improvements, less the proportional share allocated to Phase #1, were equal to \$7,091,043. As described in the Amended and Restated Service and Assessment Plan for Phase #3, the actual costs of the Phase #2-3 Improvements, less the proportional share allocated to Phase #1, were equal to \$12,047,789, representing an increase of \$4,956,746 from the initial total estimated costs.

Table II-A-1 on the following page summarizes the updated sources and uses of funds required to (1) construct the Major Improvements and the Additional Major Improvements (less the proportional share allocated to Phase #1), (2) establish the PID, and (3) Phases #2-3 Major Improvement Bonds. The actual costs of the Phase #2-3 Improvements are shown in Table IV-A.2 in the Amended and Restated Service and Assessment Plan for Phase #3.

The Phase #2-3 Major Improvements were completed and accepted by the City on July 30, 2020.

Attachment: Creeks of Legacy PID - Annual Service Plan Update - 2023-24 v3.1 (SAP Update - Creeks of Legacy PID)

Phase #1 Cost Variances

As shown in Table II-A-3 on the previous page, there are improvement cost increases of \$2,567,919 of which \$1,839,254 represent Additional Major Improvement Costs that were not originally considered for construction and the remainder of the costs increase is due to increased costs of issuance associated with the Phase #1B Bonds. The increase in public improvement costs were funded by the Developer.

Phase #1 Refunding Bonds Sources and Uses

Pursuant to the Amended and Restated Service and Assessment Plan adopted on May 9, 2023, the initial total estimated costs of the Phase #2-3 Major Improvement Area Refunding Bonds were equal to \$6,786,171. According to the Trustee records as of June 30, 2023 and the Phases #2-3 Major Improvement Area Refunding Bond Closing Instruction Letter dated May 31, 2023, the actual costs of the Phase #1 Refunding Bonds remain unchanged.

Table II-A-4 below summarizes the updated sources and uses of funds required to issue the Phase #1 Refunding Bonds.

Assessment Year ending 2024 represents projected Annual Installments to be billed and includes projected available fund credits and applicable TIRZ credits, if any. Assessment Years 2025-2029 represent projected future Annual Installments and do not include any available credits nor applicable TIRZ credits, if any.

C. ANNUAL BUDGET – PHASE #1

Phase #1 - Annual Installments

The Assessment imposed on any Parcel may be paid in full at any time. If not paid in full, the Assessment shall be payable in thirty Annual Installments of principal and interest beginning with the tax year following the issuance of the Phase #1A Bonds and/or execution of the Phase #1 Reimbursement Agreement, of which twenty-one (21) Annual Installments remain outstanding.

Pursuant to the Amended and Restated Service and Assessment Plan, each Assessment shall bear interest at the rate on the Phase #1 Refunding Bonds commencing with the issuance of the Phase #1 Refunding Bonds. The effective interest rate on the Phase #1 Refunding Bonds is 5.11 percent for 2023-24. Pursuant to Section 372.018 of the PID Act, the interest rate for that Assessment may not exceed a rate that is one-half of one percent higher than the actual interest rate paid on the debt. Accordingly, the effective interest rate on the Phase #1 Refunding Bonds (5.11 percent) plus an

additional interest of one-half of one percent are used to calculate the interest on the Assessments. These payments, the “Annual Installments” of the Assessments, shall be billed by the City in 2023 and will be delinquent on February 1, 2024.

Pursuant to the Amended and Restated Service and Assessment Plan, the Annual Service Plan Update shall show the remaining balance of the Assessments, the Annual Installment due for 2023-24, and the Administrative Expenses to be collected from each Parcel. Administrative Expenses shall be allocated to each Parcel pro rata based upon the amount the Annual Installment on a Parcel bears to the total amount of Annual Installments in the PID as a whole that are payable at the time of such allocation. Each Annual Installment shall be reduced by any credits applied under applicable documents including the Amended and Restated Service and Assessment Plan and applicable Trust Indenture, such the TIRZ Credit, capitalized interest and interest earnings on any account balances and by any other funds available to the PID.

Annual Budget for the Repayment of Indebtedness

Debt service will be paid on the Phase #1 Refunding Bonds from the collection of the Annual Installments. In addition, Administrative Expenses are to be collected with the Annual Installments to pay expenses related to the collection of the Annual Installments. The additional interest collected with the Annual Installments will be used to pay the prepayment reserve and delinquency reserve amounts as described in the Amended and Restated Service and Assessment plan and applicable Trust Indenture.

Phase #1 Annual Installments to be collected for 2023-24

The budget for Phase #1 of the PID will be paid from the collection of Annual Installments collected for 2023-24 as shown by Table II-C-1 on the following page.

(remainder of this page is intentionally left blank)

Debt Service Payments

Annual Installments to be collected for principal and interest include Phase #1 Refunding Bond interest due on March 1, 2024, in the amount of \$391,632 and on September 1, 2024, in the amount of \$260,125, which equal interest on the outstanding Phase #1 Assessments balance of \$10,181,000 for 271 days and 180 days, respectively, at an effective interest rate of 5.11 percent. Phase #1 Annual Installments to be collected include a principal amount of \$153,000 due on September 1, 2024. As a result, total Annual Installments to be collected for Phase #1 principal and interest in 2023-24 is equal to \$804,757.

Excess Interest for Additional Interest Reserve

Annual Installments to be collected for excess interest for additional interest reserves in the amount of \$50,905, which equals 0.5 percent interest on the outstanding Phase #1 Assessments balance of \$10,181,000.

Administrative Expenses

Administrative expenses include the City, Trustee, Administrator, auditor, dissemination agent and contingency fees. As shown in Table II-C-2 on the following page, the total Phase #1 administrative expenses to be collected for 2023-24 are estimated to be \$43,860.

Table II-C-2
Phase #1 Administrative Budget Breakdown

Description	2023-24 Estimated Budget
City	\$6,000
Administrator	\$31,000
Trustee	\$2,750
Auditor	\$2,000
Contingency	\$2,110
Total	\$43,860

Available TIRZ Credit

According to the City, there have been TIRZ increments collected in 2022 in the total amount of \$416,892 that are available to be used as TIRZ Credit in 2023-24 for the respective Parcels within Phase #1. This TIRZ Credit amount is allocated based upon the amount of TIRZ increment generated by each Parcel within Phase #1 and each Parcel that has an outstanding Phase #1 Assessment balance as of September 1, 2023 as shown in Appendix C-2.

Available Reserve Fund Income

As of May 31, 2023, the balance in the Phase #1 Reserve Fund was \$207,592, which includes the Bond Reserve Requirement of \$207,592. As a result, there is not a significant excess balance to give a credit to reduce the Phase #1 2023-24 Annual Installment.

Available Administrative Expense Account

As of May 31, 2023, the available balance for administrative expenses was \$37,010. Approximately \$37,010 is anticipated to be used for the payment of current year administrative expenses through January 31, 2024. As a result, there are no funds available in the Administrative Expense Fund to reduce the Phase #1 2023-24 Annual Installment.

D. ANNUAL INSTALLMENTS PER UNIT - PHASE #1

According to the Amended and Restated Service and Assessment Plan, the Annual Installments shall be collected in an amount sufficient to pay principal and interest on the Phase #1 Refunding Bonds, to fund the Prepayment Reserve and Delinquency Reserve described in the Amended and Restated Service and Assessment Plan, and to cover Administrative Expenses of Phase #1.

According to the Amended and Restated Service and Assessment Plan, 427 units representing 374.80 total Equivalent Units were built within Phase #1 of the PID. As of May 31, 2023, two Parcels have prepaid their Phase #1 Assessment in full resulting in 1.73 Equivalent Units being paid off. As a result, 425 units representing 373.07 total Equivalent Units will be billed for the

2023-24 Phase #1 Annual Installment. Accordingly, the principal and interest portion of Annual Installment to be collected from each Equivalent Unit will be \$2,293.57 (i.e. $(\$804,757 + \$50,905) \div 373.07 = \$2,293.57$). The Administrative Expenses to be collected from each Equivalent Unit will be \$117.56 (i.e. $\$43,860 \div 373.07 = \117.56). As a result, the total Annual Installment to be collected from each Equivalent Unit within Phase #1 will be \$2,411.13 (i.e. $\$2,293.57 + \$117.56 = \$2,411.13$). The Annual Installment to be collected from each Parcel within Phase #1 is calculated by multiplying the Annual Installment for each Equivalent Unit of \$2,411.13 by the total estimated Equivalent Units for each Parcel in Phase #1 less the applicable TIRZ Credit, if any, as shown in Appendix C-1.

The Annual Installment due to be collected from each Land Use Class in Phase #1 for 2023-24 is shown in Table II-D-1 below.

Table II-D-1
Annual Installment Per Unit – Phase #1

Land Use Class	Annual Installment per Equivalent Unit¹	Equivalent Unit Factor	Annual Installment²
Lot Type 1 (70' Lot)	\$2,411.13	1.00	\$2,411.13
Lot Type 2 (60' Lot)	\$2,411.13	0.88	\$2,121.80
Lot Type 3 (50' Lot)	\$2,411.13	0.73	\$1,760.13

1 - Based on the current outstanding Equivalent Units

2 - Amounts do not include applicable TIRZ credits, if any.

The list of Parcels within Phase #1 of the PID, the corresponding lot types of the current residential Parcels, the corresponding total initial and outstanding Equivalent Units, the total outstanding Assessment, the annual principal and interest, the Administrative Expenses, the TIRZ Credit and the Annual Installment to be collected for 2023-24 are shown in the Assessment Roll Summary attached hereto as Appendix C-1.

E. ANNUAL BUDGET – PHASES #2-3 MAJOR IMPROVEMENT AREA

The Assessment imposed on any Parcel may be paid in full at any time. If not paid in full, the Assessment shall be payable in thirty Annual Installments of principal and interest beginning with the tax year following the issuance of the Phases #2-3 Major Improvement Bonds, of which seventeen (17) Annual Installments remain outstanding.

Pursuant to the Amended and Restated Service and Assessment Plan, each Assessment shall bear interest at the rate on the Phases #2-3 Major Improvement Refunding Bonds commencing with the issuance of the Phases #2-3 Major Improvement Refunding Bonds. The effective interest rate applicable for 2023-24 on the Phases #2-3 Major Improvement Refunding Bonds is 5.13 percent. Pursuant to Section 372.018 of the PID Act, the interest rate for that Assessment may not exceed a rate that is one-half of one percent higher than the actual interest rate paid on the debt.

Accordingly, the effective interest rate on the Phases #2-3 Major Improvement Refunding Bonds (5.13 percent) plus an additional interest of one-half of one percent are used to calculate the interest on the Assessments. These payments, the “Annual Installments” of the Assessments, shall be billed by the City in 2023 and will be delinquent on February 1, 2024.

Pursuant to the Amended and Restated Service and Assessment Plan, the Annual Service Plan Update shall show the remaining balance of the Assessments, the Annual Installment due for 2023-24, and the Administrative Expenses to be collected from each Parcel. Administrative Expenses shall be allocated to each Parcel pro rata based upon the amount the Annual Installment on a Parcel bears to the total amount of Annual Installments in the PID as a whole that are payable at the time of such allocation. Each Annual Installment shall be reduced by any credits applied under an applicable Trust Indenture, such as TIRZ Credit, capitalized interest and interest earnings on any account balances and by any other funds available to the PID.

Annual Budget for the Repayment of Indebtedness

Debt service will be paid on the Phases #2-3 Major Improvement Refunding Bonds from the collection of the Annual Installments. In addition, Administrative Expenses are to be collected with the Annual Installments to pay expenses related to the collection of the Annual Installments. The additional interest collected with the Annual Installments will be used to pay the prepayment reserve and delinquency reserve amounts as described in the Amended and Restated Service and Assessment plan and applicable Trust Indenture.

Phases #2-3 Major Improvement Area Annual Installments to be collected for 2023-24

The budget for Phases #2-3 Major Improvement Area of the PID will be paid from the collection of Annual Installments collected for 2023-24 as shown by Table II-E-1 on the following page.

(remainder of this page is intentionally left blank)

Debt Service Payments

Annual Installments to be collected for principal and interest include Phases #2-3 Major Improvement Refunding Bond interest due on March 1, 2024, in the amount of \$209,114 and on September 1, 2024, in the amount of \$138,895, which equal interest on the outstanding Phases #2-3 Major Improvement Assessments balance of \$5,415,000 for 271 days and 180 days, respectively, at an effective interest rate of 5.13 percent. Phases #2-3 Major Improvement Annual Installments to be collected include a principal amount of \$138,000 due on September 1, 2024. As a result, total Annual Installments to be collected for Phases #2-3 Major Improvement principal and interest in 2023-24 is equal to \$486,009.

Excess Interest for Additional Interest Reserve

Annual Installments to be collected for excess interest for additional interest reserves in the amount of \$27,075, which equals 0.5 percent interest on the outstanding Phases #2-3 Major Improvement Assessments balance of \$5,415,000.

Administrative Expenses

Administrative expenses include the City, Trustee, Administrator, auditor, dissemination agent and contingency fees. As shown in Table II-E-2 on the following page the total Phases #2-3 administrative expenses to be collected for 2023-24 are estimated to be \$55,080.

Table II-E-2
Phases #2-3 Major Improvement Area
Administrative Budget Breakdown

Description	2023-24 Estimated Budget
City	\$6,000
Administrator	\$41,000
Trustee	\$3,300
Auditor	\$2,000
Contingency	\$2,780
Total	\$55,080

Available TIRZ Credit

According to the City, there have been TIRZ increments collected in 2022 in the total amount of \$389,997 that are available to be used as TIRZ Credit in 2023-24 for the respective Parcels within Phases #2-3. This TIRZ Credit amount is allocated based upon the amount of TIRZ increment generated by each Parcel within Phases #2-3 and each Parcel that has an outstanding Phases #2-3 Assessment balance as of September 1, 2023 as shown in Appendix D-2.

Available Reserve Fund Income

As of May 31, 2023, the balance in the Phases #2-3 Major Improvement Reserve Fund was \$125,700, which includes the Bond Reserve Requirement of \$125,700. As a result, there is not a significant excess balance to give a credit to reduce the Phases #2-3 Major Improvement 2023-24 Annual Installment.

Available Capitalized Interest Account

As of May 31, 2023, the Trustee reported that the Capitalized Interest Fund been fully expended. As a result, there is no credit to reduce the Phases #2-3 Major Improvement 2023-24 Annual Installment.

Available Administrative Expense Account

As of May 31, 2023, the balance in the Administrative Expense Fund was \$50,388. Approximately \$50,388 of the current balance is anticipated to be used for the payment of current year administrative expenses through January 31, 2024. As a result, there are no funds anticipated to be available in the Administrative Expense Fund to reduce the Phases #2-3 Major Improvement 2023-24 Annual Installment.

F. ANNUAL INSTALLMENTS PER UNIT - PHASES #2-3 MAJOR IMPROVEMENT AREA

According to the Amended and Restated Service and Assessment Plan, the Annual Installments shall be collected in an amount sufficient to pay principal and interest on the Phases #2-3 Major Improvement Refunding Bonds, to fund the Prepayment Reserve and Delinquency Reserve described in the Amended and Restated Service and Assessment Plan, and to cover Administrative Expenses of the Phases #2-3 Major Improvement Area.

According to the Amended and Restated Service and Assessment Plan, 614 units representing 502.88 total Equivalent Units were built within Phases #2-3 of the PID. As of May 31, 2023, two Parcels have prepaid the Phases #2-3 Major Improvement Assessment in full representing 1.46 prepaid Equivalent Units and two Parcels have partially prepaid the Phases #2-3 Major Improvement Assessment representing 0.19 prepaid Equivalent Units. The principal and interest portion to be collected per Equivalent Unit will be calculated using the outstanding Equivalent Units of 501.23 (i.e., $502.88 - 1.46 - 0.19 = 501.23$). Accordingly, the net principal and interest expense portion of Annual Installment to be collected from each Equivalent Unit will be \$1,023.65 (i.e., $(\$486,009 + \$27,075) \div 501.23 = \$1,023.65$). The administrative expense portion to be collected per Equivalent Unit will be calculated using the non-fully prepaid outstanding Equivalent units of 501.42 (i.e., $502.88 - 1.46 = 501.42$). Accordingly, the administrative expenses to be collected from each Equivalent Unit will be \$109.85 (i.e., $\$55,080 \div 501.42 = \109.85). As a result, the total Annual Installment to be collected from each Equivalent Unit within the Phases #2-3 Major Improvement Area will be \$1,133.50 (i.e., $\$1,023.65 + \$109.85 = \$1,133.50$). The Annual Installment to be collected from each Parcel within the Phases #2-3 Major Improvement Area is calculated by multiplying the Annual Installment for each Equivalent Unit of \$1,133.50 by the total estimated Equivalent Units for each Parcel in the Phases #2-3 Major Improvement Area less the applicable TIRZ Credit, if any, as shown in Appendix D-1.

The Annual Installment due to be collected from each Land Use Class in Phase #2-3 for 2023-24 is shown in Table II-F-1 below.

Table II-F-1
Annual Installment Per Unit – Phases #2-3 Major Improvement Area

Land Use Class	Annual Installment per Equivalent Unit ¹	Equivalent Unit Factor	Annual Installment ²
Lot Type 1 (70' Lot)	\$1,133.50	1.00	\$1,133.50
Lot Type 2 (60' Lot)	\$1,133.50	0.88	\$997.48
Lot Type 3 (50' Lot)	\$1,133.50	0.73	\$827.45

2 - Amounts do not include applicable TIRZ credits, if any.

The list of Parcels within the Phases #2-3 Major Improvement Area of the PID, the corresponding lot types of the current residential Parcels, the corresponding total initial and outstanding Equivalent Units, the total outstanding Assessment, the annual principal and interest, the Administrative Expenses, the TIRZ Credit and the Annual Installment to be collected for 2023-24 are shown in the Assessment Roll Summary attached hereto as Appendix D-1.

G. ANNUAL BUDGET – PHASE #2

The Assessment imposed on any Parcel may be paid in full at any time. If not paid in full, the Assessment shall be payable in thirty Annual Installments of principal and interest beginning with the tax year following the issuance of the Phase #2 Bonds, of which twenty-five (25) Annual Installments remain outstanding.

Pursuant to the Amended and Restated Service and Assessment Plan, each Assessment shall bear interest at the rate on the Phase #2 Bonds commencing with the issuance of the Phase #2 Bonds. The effective interest rate on the Phase #2 Bonds is 5.61 percent for 2023-24. Pursuant to Section 372.018 of the PID Act, the interest rate for that Assessment may not exceed a rate that is one-half of one percent higher than the actual interest rate paid on the debt. Accordingly, the effective interest rate on the Phase #2 Bonds (5.61 percent) plus an additional interest of one-half of one percent are used to calculate the interest on the Assessments. These payments, the “Annual Installments” of the Assessments, shall be billed by the City in 2023 and will be delinquent on February 1, 2024.

Pursuant to the Amended and Restated Service and Assessment Plan, the Annual Service Plan Update shall show the remaining balance of the Assessments, the Annual Installment due for 2023-24, and the Administrative Expenses to be collected from each Parcel. Administrative Expenses shall be allocated to each Parcel pro rata based upon the amount the Annual Installment on a Parcel bears to the total amount of Annual Installments in the PID as a whole that are payable at the time of such allocation. Each Annual Installment shall be reduced by any credits applied under applicable documents including the Amended and Restated Service and Assessment Plan and applicable Trust Indenture, such as capitalized interest and interest earnings on any account balances and by any other funds available to the PID.

Annual Budget for the Repayment of Indebtedness

Debt service will be paid on the Phase #2 Bonds from the collection of the Annual Installments. In addition, Administrative Expenses are to be collected with the Annual Installments to pay expenses related to the collection of the Annual Installments. The additional interest collected with the Annual Installments will be used to pay the prepayment reserve and delinquency reserve amounts as described in the Amended and Restated Service and Assessment plan and applicable Trust Indenture.

Phase #2 Annual Installments to be collected for 2023-24

The budget for Phase #2 of the PID will be paid from the collection of Annual Installments collected for 2023-24 as shown by Table II-G-1 below.

Table II-G-1
Budget for the Phase #2 Annual Installments
to be Collected for 2023-24

Descriptions	Phase #2 Bonds

Available capitalized interest account	\$0
Available Administrative Expense account	\$0
<i>Subtotal funds available</i>	<i>(\$18,151)</i>
Annual Installments	\$464,542

Debt Service Payments

Annual Installments to be collected for principal and interest include interest due on March 1, 2024 in the amount of \$186,570 and on September 1, 2024 in the amount of \$186,570, which equal interest on the outstanding Phase #2 Assessments balance of \$6,655,376 for six months each and an effective interest rate of 5.61 percent. Annual Installments to be collected include a principal amount of \$50,000 due on September 1, 2024. As a result, total Annual Installments to be collected for Phase #2 principal and interest in 2023-24 is estimated to be equal to \$423,141.

Excess Interest for Additional interest Reserve

Annual Installments to be collected for excess interest for additional interest reserves in the amount of \$33,277, which equals 0.5 percent interest on the outstanding Phase #2 Assessments balance of \$6,655,376.

Administrative Expenses

Administrative expenses include the City, Trustee, Administrator, auditor, dissemination agent and contingency fees. As shown in Table II-G-2 on the following page, the total administrative expenses to be collected for 2023-24 are estimated to be \$26,275.

Table II-G-2
Administrative Budget Breakdown – Phase #2

Description	2023-24 Estimated Budget
City	\$6,000
Administrator	\$14,000
Trustee	\$3,300
Auditor	\$2,000
Contingency	\$975
Total	\$26,275

Available Reserve Fund Income

As of May 31, 2023, the balance in the Phase #2 Reserve Fund was \$686,976, which includes the Bond Reserve Requirement of \$668,825 and an excess balance of \$18,151. Pursuant to Section 6.7(d) of the Phase #2 Bond Trust Indenture the excess balance of \$18,151 should be transferred to the Phase #2 Principal & Interest Account and used to pay interest on the Phase #2 Bonds on the next interest payment date. As a result, \$18,151 is available to pay a portion of the Phase #2 Bonds debt service.

Available Capitalized Interest Account

As of May 31, 2023, the Trustee reported that the Capitalized Interest Fund been fully expended. As a result, there is no credit to reduce the Phase #2 2023-24 Annual Installment.

Available Administrative Expense Account

As of May 31, 2023, the available balance for administrative expenses was \$23,615. Approximately \$23,615 is anticipated to be used for the payment of current year administrative expenses through January 31, 2024. As a result, there are no funds anticipated to be available in the Administrative Expense Fund to reduce the Phase #2 2023-24 Annual Installment.

H. ANNUAL INSTALLMENTS PER UNIT - PHASE #2

According to the Amended and Restated Service and Assessment Plan, the Annual Installments shall be collected in an amount sufficient to pay principal and interest on the Phase #2 Bonds, to fund the Prepayment Reserve and Delinquency reserve described in the Amended and Restated Service and Assessment Plan, and to cover Administrative Expenses of Phase #2.

According to the Amended and Restated Service and Assessment Plan, 403 units representing 339.10 total Equivalent Units were built within Phase #2 of the PID. As of May 31, 2023, four Parcels have prepaid their Phase #2 Assessment in full resulting in 3.22 Equivalent Units being paid off. As a result, 399 units representing 335.88 total Equivalent Units will be billed for the

2023-24 Phase #2 Annual Installment. Accordingly, the principal and interest portion of Annual Installment to be collected from each Equivalent Unit will be \$1,304.83 (i.e. $(\$423,141 + \$33,277 - \$18,151) \div 335.88 = \$1,304.83$). The Administrative Expenses to be collected from each Equivalent Unit will be \$78.23 (i.e. $\$26,275 \div 335.88 = \78.23). As a result, the total Annual Installment to be collected from each Equivalent Unit within Phase #2 will be \$1,383.06 (i.e. $\$1,304.83 + \$78.23 = \$1,383.06$). The Annual Installment to be collected from each Parcel within Phase #2 is calculated by multiplying the Annual Installment for each Equivalent Unit of \$1,383.06 by the total estimated Equivalent Units for each Parcel in Phase #2.

The Annual Installment due to be collected from each Land Use Class in Phase #2 for 2023-24 is shown in Table II-H-1 below.

Table II-H-1
Annual Installment Per Unit – Phase #2

Land Use Class	Annual Installment per Equivalent Unit¹	Equivalent Unit Factor	Annual Installment
Lot Type 1 (70' Lot)	\$1,383.06	1.00	\$1,383.06
Lot Type 2 (60' Lot)	\$1,383.06	0.88	\$1,217.09
Lot Type 3 (50' Lot)	\$1,383.06	0.73	\$1,009.63

1 - Based on the current outstanding Equivalent Units

The list of Parcels within Phase #2 of the PID, the corresponding lot types of the current residential Parcels, the corresponding total initial and outstanding Equivalent Units, the total outstanding Assessment, the annual principal and interest, the Administrative Expenses, and the Annual Installment to be collected for 2023-24 are shown in the Assessment Roll Summary attached hereto as Appendix E.

I. ANNUAL BUDGET – PHASE #3

The Assessment imposed on any Parcel may be paid in full at any time. If not paid in full, the Assessment shall be payable in thirty Annual Installments of principal and interest beginning with the tax year following the issuance of the Phase #3 Bonds, of which twenty-six (26) Annual Installments remain outstanding.

Pursuant to the Amended and Restated Service and Assessment Plan, each Assessment shall bear interest at the rate on the Phase #3 Bonds commencing with the issuance of the Phase #3 Bonds. The effective interest rate on the Phase #3 Bonds is 4.32 percent for 2023-24. Pursuant to Section 372.018 of the PID Act, the interest rate for that Assessment may not exceed a rate that is one-half of one percent higher than the actual interest rate paid on the debt. Accordingly, the effective interest rate on the Phase #3 Bonds (4.32 percent) plus an additional interest of one-half of one percent are used to calculate the interest on the Assessments. These payments, the “Annual

Installments” of the Assessments, shall be billed by the City in 2023 and will be delinquent on February 1, 2024.

Pursuant to the Amended and Restated Service and Assessment Plan, the Annual Service Plan Update shall show the remaining balance of the Assessments, the Annual Installment due for 2023-24, and the Administrative Expenses to be collected from each Parcel. Administrative Expenses shall be allocated to each Parcel pro rata based upon the amount the Annual Installment on a Parcel bears to the total amount of Annual Installments in the PID as a whole that are payable at the time of such allocation. Each Annual Installment shall be reduced by any credits applied under applicable documents including the Amended and Restated Service and Assessment Plan and applicable Trust Indenture, such as capitalized interest and interest earnings on any account balances and by any other funds available to the PID.

Annual Budget for the Repayment of Indebtedness

Debt service will be paid on the Phase #3 Bonds from the collection of the Annual Installments. In addition, Administrative Expenses are to be collected with the Annual Installments to pay expenses related to the collection of the Annual Installments. The additional interest collected with the Annual Installments will be used to pay the prepayment reserve and delinquency reserve amounts as described in the Amended and Restated Service and Assessment plan and applicable Trust Indenture.

Phase #3 Annual Installments to be collected for 2023-24

The budget for Phase #3 of the PID will be paid from the collection of Annual Installments collected for 2023-24 as shown by Table II-I-1 below.

Table II-I-1
Budget for the Phase #3 Annual Installments
to be Collected for 2023-24

Debt Service Payments

Annual Installments to be collected for principal and interest include interest due on March 1, 2024 in the amount of \$76,619 and on September 1, 2024 in the amount of \$76,619, which equal interest on the outstanding Assessments balance of \$3,550,000 for six months each and an effective interest rate of 4.32 percent. Annual Installments to be collected include a principal amount of \$25,000 due on September 1, 2024. As a result, total Annual Installments to be collected for principal and interest in 2023-24 is estimated to be equal to \$178,238.

Excess Interest for Additional interest Reserve

Annual Installments to be collected for excess interest for additional interest reserves in the amount of \$17,750, which equals 0.5 percent interest on the outstanding Phase #3 Assessments balance of \$3,550,000.

Administrative Expenses

Administrative expenses include the City, Trustee, Administrator, auditor, dissemination agent and contingency fees. As shown in Table II-I-2 below, the total administrative expenses to be collected for 2023-24 are estimated to be \$26,530.

Table II-I-2
Administrative Budget Breakdown – Phase #3

Description	2023-24 Estimated Budget
City	\$6,000
Administrator	\$14,000
Trustee	\$3,750
Auditor	\$2,000
Contingency	\$780
Total	\$26,530

Available Reserve Fund Income

As of May 31, 2023, the balance in the Phase #3 Reserve Fund was \$317,367, which includes the Bond Reserve Requirement of \$308,982 and an excess balance of \$8,385. Pursuant to Section 6.7(d) of the Phase #3 Bond Trust Indenture the excess balance of \$8,385 should be transferred to the Phase #3 Principal & Interest Account and used to pay interest on the Phase #3 Bonds on the next interest payment date. As a result, \$8,385 is available to pay a portion of the Phase #3 Bonds debt service.

Available Capitalized Interest Account

As of May 31, 2023, the Trustee reported that the Capitalized Interest Fund been fully expended. As a result, there is no credit to reduce the Phase #3 2023-24 Annual Installment.

Available Administrative Expense Account

As of May 31, 2023, the available balance for administrative expenses was \$18,056. Approximately \$18,056 is anticipated to be used for the payment of current year administrative expenses through January 31, 2024. As a result, there are no funds anticipated to be available in the Administrative Expense Fund to reduce the Phase #3 2023-24 Annual Installment.

J. ANNUAL INSTALLMENTS PER UNIT - PHASE #3

According to the Amended and Restated Service and Assessment Plan, the Annual Installments shall be collected in an amount sufficient to pay principal and interest on the Phase #3 Bonds, to fund the Prepayment Reserve and Delinquency reserve described in the Amended and Restated Service and Assessment Plan, and to cover Administrative Expenses of Phase #3.

According to the Amended and Restated Service and Assessment Plan, 211 units, representing 163.78 total Equivalent Units, are built within Phase #3 of the PID. Accordingly, the net principal and interest portion of Annual Installment to be collected from each Equivalent Unit will be \$1,145.45 (i.e. $(\$178,238 + \$17,750 - \$8,385) \div 163.78 = \$1,145.45$). The Administrative Expenses to be collected from each Equivalent Unit will be \$161.99 (i.e. $\$26,530 \div 163.78 = \161.99). As a result, the total Annual Installment to be collected from each Equivalent Unit within Phase #3 will be \$1,307.44 (i.e. $\$1,145.45 + \$161.99 = \$1,307.44$). The Annual Installment to be collected from each Parcel within Phase #3 is calculated by multiplying the Annual Installment for each Equivalent Unit of \$1,307.44 by the total estimated Equivalent Units for each Parcel in Phase #3.

The Annual Installment due to be collected from each Land Use Class in Phase #3 for 2023-24 is shown in Table II-J-1 below.

Table II-J-1
Annual Installment Per Unit – Phase #3

Land Use Class	Annual Installment per Equivalent Unit ¹	Equivalent Unit Factor	Annual Installment
Lot Type 2 (60' Lot)	\$1,307.44	0.88	\$1,150.55
Lot Type 3 (50' Lot)	\$1,307.44	0.73	\$954.43

1 - Based on the current outstanding Equivalent Units

The list of Parcels within Phase #3 of the PID, the corresponding lot types of the current residential Parcels, the corresponding total initial and outstanding Equivalent Units, the total outstanding Assessment, the annual principal and interest, the Administrative Expenses, and the Annual Installment to be collected for 2023-24 are shown in the Assessment Roll Summary attached hereto as Appendix F.

K. BOND REDEMPTION RELATED UPDATES

Phase #1A Bonds and #1B Bonds

The Phase #1A Bonds were issued in August 2014. Pursuant to Section 4.3 of the Trust Indenture relating to the Phase #1A Bonds, the City reserves the right and option to redeem the Phase #1A Bonds before their scheduled maturity dates, in whole or in part, on any interest payment date on or after **September 1, 2022**, such redemption date or dates to be fixed by the City, at the redemption prices and dates shown in the Trust Indenture.

The issuance of the Phase #1B Bonds was approved in August 2018. Pursuant to Section 4.5 of the Trust Indenture relating to the Phase #1B Bonds, the City reserves the right and option to redeem the Phase #1B Bonds before their scheduled maturity dates, in whole or in part, on any interest payment date on or after **September 1, 2028**, such redemption date or dates to be fixed by the City, at the redemption prices and dates shown in the Trust Indenture.

On May 9, 2023, the City approved issuance of the City of Celina, Texas Special Assessment Revenue Refunding Bonds, Series 2023 (Creeks of Legacy Public Improvement District Phase #1 Project) (the “Phase #1 Refunding Bonds”) in the aggregate principal amount of \$10,181,000. The Phase #1 Refunding Bonds were issued to refinance the Phase #1A Bonds and Phase #1B Bonds.

Phase #1 Refunding Bonds

The Phase #1 Refunding Bonds were issued in May 2023. Pursuant to Section 4.3 of the Trust Indenture relating to the Phase #1 Refunding Bonds, the City reserves the right and option to redeem the Phase #1 Refunding Bonds on any date on or after **September 2, 2027**, such redemption date or dates be fixed by the City, at the Redemption Price as defined in the Trust Indenture.

The Administrator has conducted a preliminary evaluation of the current refunding market conditions, recent PID bond refunding transactions, and other relevant factors. Based on this preliminary evaluation, the Administrator believes a refunding of the Phase #1 Refunding Bonds does not appear viable at this time. The Administrator will continue to monitor the refunding market conditions, applicable PID bond refunding transactions, and other relevant factors to determine if refunding becomes viable in the future and will inform the City accordingly.

Phases #2-3 Major Improvement Bonds

The Phases #2-3 Major Improvement Bonds were issued in August 2014. Pursuant to Section 4.3 of the Trust Indenture, the City reserves the right and option to redeem the Phases #2-3 Major Improvement Bonds before their scheduled maturity dates, in whole or in part, on any interest payment date on or after **September 1, 2022**, such redemption date or dates to be fixed by the City, at the redemption prices and dates shown in the Trust Indenture.

On May 9, 2023, the City approved issuance of the City of Celina, Texas Special Assessment Revenue Refunding Bonds, Series 2023 (Creeks of Legacy Public Improvement District Phases #2-3 Major Improvement Project) (the “Phases #2-3 Major Improvement Refunding Bonds”) in the aggregate principal amount of \$5,415,000. The Phases #2-3 Refunding Bonds were issued to refinance the Phases #2-3 Major Improvement Bonds.

Phases #2-3 Major Improvement Refunding Bonds

The Phases #2-3 Major Improvement Refunding Bonds were issued in May 2023. Pursuant to Section 4.3 of the Trust Indenture relating to the Phases #2-3 Major Improvement Refunding Bonds, the City reserves the right and option to redeem the Phases #2-3 Major Improvement Refunding Bonds on any date on or after **September 2, 2027**, such redemption date or dates be fixed by the City, at the Redemption Price as defined in the Trust Indenture.

The Administrator has conducted a preliminary evaluation of the current refunding market conditions, recent PID bond refunding transactions, and other relevant factors. Based on this preliminary evaluation, the Administrator believes a refunding of the Phase #1 Refunding Bonds does not appear viable at this time. The Administrator will continue to monitor the refunding market conditions, applicable PID bond refunding transactions, and other relevant factors to determine if refunding becomes viable in the future and will inform the City accordingly.

Phase #2 Bonds

The Phase #2 Bonds were issued in August 2018. Pursuant to Section 4.3 of the Trust Indenture relating to the Phase #2 Bonds, the City reserves the right and option to redeem the Phase #2 Bonds before their scheduled maturity dates, in whole or in part, on any interest payment date on or after **September 1, 2028**, such redemption date or dates to be fixed by the City, at the redemption prices and dates shown in the Trust Indenture.

The Administrator has conducted a preliminary evaluation of the current refunding market conditions, recent PID bond refunding transactions, and other relevant factors. Based on this preliminary evaluation, the Administrator believes a refunding of the Phase #2 Bonds does not appear viable at this time. The Administrator will continue to monitor the refunding market conditions, applicable PID bond refunding transactions, and other relevant factors to determine if refunding becomes viable in the future and will inform the City accordingly.

Phase #3 Bonds

The Phase #3 Bonds were issued in August 2020. Pursuant to Section 4.3 of the Trust Indenture relating to the Phase #3 Bonds, the City reserves the right and option to redeem the Phase #3 Bonds before their scheduled maturity dates, in whole or in part, on any interest payment date on or after **September 1, 2030**, such redemption date or dates to be fixed by the City, at the redemption prices and dates shown in the Trust Indenture.

The Administrator has conducted a preliminary evaluation of the current refunding market conditions, recent PID bond refunding transactions, and other relevant factors. Based on this preliminary evaluation, the Administrator believes a refunding of the Phase #3 Bonds does not appear viable at this time. The Administrator will continue to monitor the refunding market conditions, applicable PID bond refunding transactions, and other relevant factors to determine if refunding becomes viable in the future and will inform the City accordingly.

III. UPDATE OF THE ASSESSMENT PLAN

The Amended and Restated Service and Assessment Plan adopted by the City Council describes that the Authorized Improvement costs shall be allocated to the Assessed Property equally based on the equivalent number of residential dwelling units anticipated to be built on each Parcel once such property is fully developed, and that such method of allocation will result in the imposition of equal shares of the Authorized Improvement costs to Parcels similarly benefited.

Assessment Methodology

This method of assessing property, as updated in prior Annual Service Plan Updates, has not been changed and Assessed Property will continue to be assessed as provided for in the Amended and Restated Service and Assessment Plan.

(The remainder of this page is intentionally left blank)

IV. UPDATE OF THE ASSESSMENT ROLL

Pursuant to the original Service and Assessment Plan, the Assessment Rolls shall be updated each year to reflect:

- (i) the identification of each Parcel (ii) the Assessment for each Parcel of Assessed Property, including any adjustments authorized by the Service and Assessment Plan or in the PID Act;
- (iii) the Annual Installment for the Assessed Property for the year (if the Assessment is payable in installments); and (iv) payments of the Assessment, if any, as provided by Section VI.I of the Service and Assessment Plan.

The summary of updated Assessment Rolls is shown in Appendix C-1, D-1, E, and F of this report. Each Parcel in the PID is identified, along with the Assessment on each Parcel and the Annual Installment to be collected from each Parcel. Assessments are to be reallocated for the subdivision of any Parcels.

A. PARCEL UPDATES

According to the Amended and Restated Service and Assessment Plan, upon the subdivision of any Parcel, the Administrator shall reallocate the Assessment for the Parcel prior to the subdivision among the new subdivided Parcels according to the following formula:

$$A = B \times (C \div D)$$

Where the terms have the following meanings:

- A = the Assessment for each new subdivided Parcel.
- B = the Assessment for the Parcel prior to subdivision.
- C = the estimated Equivalent Units to be built on each newly subdivided Parcel
- D = the sum of the estimated Equivalent Units to be built on all of the new subdivided Parcels

The calculation of the estimated number of units to be built on a Parcel shall be performed by the Administrator and confirmed by the City Council based on the information available regarding the use of the Parcel. The estimate as confirmed shall be conclusive. The number of units to be built on a Parcel may be estimated by net land area and reasonable density ratios.

According to Collin Central Appraisal District online records, Phase #1 of the PID was completely subdivided in 2016, and the Assessments were allocated proportionally according to lot type.

According to the Developer and Collin Central Appraisal District Records, Phase #2B, Phase #2C, and Phase #2D of the development were subdivided in 2019, and the Assessments were allocated proportionally according to lot type.

According to the Developer and the Collin Central Appraisal District records, Phase #2A of the PID was completely subdivided and final plat recorded on April 5, 2019. As a result, the Assessments were billed to the two parent Parcels, 2696827 and 2697055. The various Phase #2A Lots were officially recognized within the Collin County Appraisal District records for 2020.

According to Denton Central Appraisal District online records, Phase #3 of the PID was subdivided in 2020 from Parcels 530240 and 713095, and the Assessment was allocated proportionally to each Lot Type.

B. PREPAYMENT OF ASSESSMENTS

As of May 31, 2023, two Parcels have prepaid their Phase #1 Assessment in full. Two Parcels have prepaid their Phases #2-3 Assessment in full and two Parcels have partially prepaid their Phases #2-3 Assessment. Four Parcels have prepaid their Phase #2 Assessment in full.

See Appendix B for a list of these prepaid Parcels.

Phase #1 Bond Extraordinary Optional Redemptions

According to the Trustee, an extraordinary optional redemption of Phase #1A and Phase 1B Bonds, in the aggregate amount of \$50,000, occurred March 1, 2021, based on prepaid Phase #1 Assessments received.

Phase #2 Bond Extraordinary Optional Redemptions

According to the Trustee, an extraordinary optional redemption of Phase #2 Bonds, in the amount of \$45,000, occurred March 1, 2021, based on prepaid Phase #2 Assessments received. In addition, an extraordinary optional redemption of Phase #2 Bonds, in the amount of \$15,000, occurred July 1, 2022, based on additional prepaid Phase #2 Assessments.

The complete Assessment Rolls are available for review at the City Hall, located at 142 N. Ohio, Celina, Texas 75009.
