NOTICE OF OBLIGATION TO PAY PUBLIC IMPROVEMENT DISTRICT ASSESSMENT TO
THE CITY OF CELINA, TEXAS
CONCERNING THE FOLLOWING PROPERTY

[insert property address]

As the purchaser of the real property described above, you are obligated to pay assessments to the City of Celina, Texas (the "City"), for the costs of a portion of a public improvement or services project (the "Authorized Improvements") undertaken for the benefit of the property within the Wells South Public Improvement District (the "District") created under Subchapter A, Chapter 372, Local Government Code.

AN ASSESSMENT HAS BEEN LEVIED AGAINST YOUR PROPERTY FOR THE AUTHORIZED IMPROVEMENTS, WHICH MAY BE PAID IN FULL AT ANY TIME. IF THE ASSESSMENT IS NOT PAID IN FULL, IT WILL BE DUE AND PAYABLE IN ANNUAL INSTALLMENTS THAT WILL VARY FROM YEAR TO YEAR DEPENDING ON THE AMOUNT OF INTEREST PAID, COLLECTION COSTS, ADMINISTRATIVE COSTS, AND DELINQUENCY COSTS.

The exact amount of the assessment may be obtained from the City. The exact amount of each annual installment will be approved each year by the City Council in the Annual Service Plan Update for the District. More information about the assessments, including the amounts and due dates, may be obtained from the City or MuniCap, Inc., the District Administrator for the City, located at 600 E. John Carpenter Fwy, Suite 150, Irving, Texas 75062 and available by telephone at (469) 490-2800 or (866) 648-8482 (toll free) and email at txpid@municap.com.

Your failure to pay any assessment or any annual installment may result in penalties and interest being added to what you owe or in a lien on and the foreclosure of your property.

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY OF CELINA APPROVING THE ANNUAL UPDATE OF THE SERVICE AND ASSESSMENT PLAN AND ASSESSMENT ROLLS FOR THE WELLS SOUTH PUBLIC IMPROVEMENT DISTRICT IN ACCORDANCE WITH TEXAS LOCAL GOVERNMENT CODE §372.013, AS AMENDED; CONTAINING A CUMMULATIVE CLAUSE; CONTAINING A SAVINGS AND SEVERABILITY CLAUSE; AND PROVIDING AN EFFECTIVE DATE

WHEREAS, on July 14, 2015, the City Council of the City of Celina, Texas (the “City”) approved Resolution No. 2015-34R establishing the Wells South Public Improvement District (the “PID”) in accordance with the provisions of Chapter 372 of the Texas Local Government Code (the “Public Improvement District Assessment Act” or “the PID Act”); and

WHEREAS, the City has heretofore levied assessments against property within Neighborhood Improvement Area #1 of the PID, pursuant to Ordinance No. 2015-66 which ordinance also approved the Wells South Public Improvement District Service and Assessment Plan and Assessment Roll related to Neighborhood Improvement Area #1, dated as of December 7, 2015, (the “Service and Assessment Plan and Neighborhood Improvement Area #1 Assessment Roll”); and

WHEREAS, the City has also heretofore levied assessments against property within the Major Improvement Area of the PID, pursuant to Ordinance No. 2015-65 which ordinance also approved the Wells South Public Improvement District Service and Assessment Plan and Assessment Roll related to the Major Improvement Area, dated as of December 7, 2015 (the “Service and Assessment Plan and Major Improvement Area Assessment Roll”); and

WHEREAS, the City has also heretofore levied assessments against property within Neighborhood Improvement Area #2 of the PID, pursuant to Ordinance No. 2018-31 which ordinance also approved the Wells South Public Improvement District Service and Assessment Plan and Assessment Roll related to Neighborhood Improvement Area #2, dated as of July 10, 2018 (the “Updated Service and Assessment Plan and Neighborhood Improvement Area #2 Assessment Roll”); and

WHEREAS, the City has also heretofore levied assessments against property within Neighborhood Improvement Area #3 of the PID, pursuant to Ordinance No. 2020-75 which ordinance also approved the Wells South Public Improvement District Service and Assessment Plan and Assessment Roll related to Neighborhood Improvement Area #3, dated as of September 8, 2020 (the “Updated Service and Assessment Plan and Neighborhood Improvement Area #3 Assessment Roll”); and

WHEREAS, the City has also heretofore levied assessments against property within Neighborhood Improvement Area #4 of the PID, pursuant to Ordinance No. 2021-78 which ordinance also approved the Wells South Public Improvement District Service and Assessment

Plan and Assessment Roll related to Neighborhood Improvement Area #4, dated as of September 28, 2021 (the “Updated Service and Assessment Plan and Neighborhood Improvement Area #4 Assessment Roll”); and

WHEREAS, the City has also heretofore levied assessments against property within Neighborhood Improvement Area #5 of the PID, pursuant to Ordinance No. 2022-110 which ordinance also approved the Wells South Public Improvement District Service and Assessment Plan and Assessment Roll related to Neighborhood Improvement Area #5, dated as of September 13, 2022 (the “Updated Service and Assessment Plan and Neighborhood Improvement Area #5 Assessment Roll”) [and, together with the Service and Assessment Plan and Neighborhood Improvement Area #1, Major Improvement Area, Neighborhood Improvement Area #2, Neighborhood Improvement Area #3, and the Neighborhood Improvement Area #4 Assessment Rolls, the “Updated Service and Assessment Plan and Assessment Rolls”]; and

WHEREAS, the Updated Service and Assessment Plan and Assessment Rolls are required to be reviewed and updated annually as described in Sections 372.013 and 372.014 of the PID Act (the “Annual Service Plan Update”); and

WHEREAS, the Annual Service Plan Update, attached hereto as Exhibit A, including the Neighborhood Improvement Area #1, Major Improvement Area, Neighborhood Improvement Area #2, Neighborhood Improvement Area #3, Neighborhood Improvement Area #4, and Neighborhood Improvement Area #5 Assessment Rolls (the “Assessment Rolls”) attached thereto, update the Updated Service and Assessment Plan and Assessment Rolls to reflect prepayments, property divisions and changes to the budget allocation for the PID that occur during the year, if any; and

WHEREAS, the City Council desires and finds it to be in the public interest to adopt this Ordinance approving and adopting the Annual Service Plan Update and the updated Assessment Rolls attached thereto, in compliance with the PID Act.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CELINA, TEXAS, THAT:

SECTION 1. All matters stated in the preamble are found to be true and correct and are incorporated herein as if copied in their entirety.

SECTION 2. The Wells South Public Improvement District Annual Service Plan Update, attached hereto as Exhibit A and incorporated herein by reference, inclusive of the updated Assessment Rolls contained therein and made a part thereof, are hereby accepted and approved.

SECTION 3. The provisions of this ordinance are to be cumulative of all other ordinances or parts of ordinances governing or regulating the same subject matter as that covered herein; provided, however, that all prior ordinances or parts of ordinances inconsistent with or in conflict with any of the provisions of this ordinance are hereby expressly repealed to the extent of any such inconsistency or conflict.

SECTION 4. Should any sentence, paragraph, subdivision, clause, phrase or section of this Ordinance be adjudged or held to be unconstitutional, illegal or invalid, the same shall not affect the validity of this Ordinance as a whole, or any part or provision thereof other than the part so decided to be invalid, illegal or unconstitutional, and shall not affect the validity of the Ordinance as a whole.

SECTION 5. This Ordinance shall take effect immediately after its passage and the publication of the caption, as the law and charter in such case provide. The City Secretary shall cause this Ordinance to be filed with the county clerk in each county in which all or a part of the PID is located not later than seven (7) days after the date the governing body of the City approves this Annual Service Plan Update.

Re: SAP Update - Wilson Creek Meadows PID

Action Requested:

Consider and act upon an Ordinance of the City of Celina, Texas, approving the 2023-2024 Annual Service Plan update to the Service and Assessment Plan for the Wilson Creek Meadows Public Improvement District and providing an effective date. (Bromiley)

Background Information:

The Wilson Creek Meadows PID was created by the City Council pursuant to the PID Act and a resolution approved on July 9, 2019. The PID is generally located east of Kinship Parkway and South of Choate Parkway. The PID is anticipated to contain an estimated 652 residential units within multiple phases. The PID annual installments in the Annual Service Plan update include amounts for the payment of principal and interest on the PID bonds and reimbursement agreement, if any, PID administrative expenses, additional interest for prepayment and delinquency reserves and as applicable, TIRZ annual credit amounts committed to pay a portion of the PID bond principal and interest. The Service Plan is prepared annually and presented to Council as required by Chapter 372 of the Texas Local Government Code.

I. INTRODUCTION

The Wilson Creek Meadows Public Improvement District (the “PID”) was created pursuant to the PID act and Resolution 2019-38R of the City Council (the “City Council”), on July 9, 2019 to finance certain public improvement projects for the benefit of the property in the PID.

PID Reimbursement obligations for the PID Reimbursement Agreement in the aggregate principal amount of \$12,864,000 are secured by Assessments (the “Assessments”).

A service and assessment plan (the “Service and Assessment Plan”) was prepared at the direction of the City identifying the Authorized Improvements to be provided by the PID, the costs of the Authorized Improvements, the indebtedness to be incurred for the Authorized Improvements, and the manner of assessing the property in the PID for the costs of the Authorized Improvements. Pursuant to the PID Act, the Service and Assessment Plan must be reviewed and updated annually. This document is the annual update of the Service and Assessment Plan for 2023-24 (the “Annual Service Plan Update”).

The City also adopted Assessment Rolls identifying the assessments on each Parcel within the PID, based on the method of assessment identified in the Service and Assessment Plan. This Annual Service Plan Update also updates the Assessment Roll for 2023-24.

The Texas legislature passed House Bill 1543 as an amendment to the PID Act, requiring, among other things, (i) all Service and Assessment Plans and Annual Service Plan Updates be approved through City ordinance or order to be filed with the county clerk of each county in which all or part of the PID is located within seven days and (ii) include a copy of the notice form required by Section 5.014 of the Texas Property Code (the “PID Assessment Notice”) as disclosure of the obligation to pay PID Assessments. In light of these amendments to the PID Act, this Annual Service Plan Update includes a copy of the PID Assessment Notice as Appendix D and copy of this Annual Service Plan Update will be filed with the county clerk in each county in which all or a part of the PID is located not later than seven (7) days after the date the governing body of the City approves this Annual Service Plan Update.

Section 372.013 of the PID Act, as amended, stipulates that a person who proposes to sell or otherwise convey real property that is located in the PID, except in certain situation described in the PID Act, shall first give to the purchaser of the property a copy of the completed PID Assessment Notice. The PID Assessment Notice shall be given to a prospective purchase before the execution of a binding contract of purchase and sale, either separately or as an addendum or paragraph of a purchase contract. In the event a contract of purchase and sale is entered into without the seller provided the required notice, the purchaser, subject to certain exceptions described in the PID act, is entitled to terminate the contract.

The PID Assessment Notice shall be executed by the seller and must be filed in the real property records of the County in which the property is located at the closing of the purchase and sale of the property

Capitalized terms in this section not defined herein shall have the meanings assigned to such terms in the Amended and Restated Service and Assessment Plan.

2- According to Requisition #1 approved by the city on January 18, 2023.

Cost Variances

As shown in Table II-A on the previous page, there are no significant variances for the Authorized Improvement costs.

B. FIVE YEAR SERVICE PLAN

According to the PID act, a service plan must cover a period of five years.

The Annual Installments expected to be collected during the next five years is shown in Table II-B below.

Table II-B
Annual Projected Costs and Annual Projected Indebtedness (2021-2029)

2027	\$812,845
2028	\$812,845
2029	\$812,845
Total	\$4,877,070

1- Assessment years ending 2021 through 2024 reflect actual annual installments. Assessment years ending 2025-2029 reflect projected annual installments and are subject to change.

C. STATUS OF DEVELOPMENT

According to the original Service and Assessment Plan dated October 12, 2021, there are 652 units expected to be built within the PID. As of June 21, 2023, Wilson Creek Meadows Phase #1, Wilson Creek Meadow Phase #2 and Wilson Creek Meadow West Phase #1 have been platted according to the Collin Central Appraisal District (the “CCAD”). See Table II-C below for the plat information.

D. ANNUAL BUDGET

Annual Installments – 2023-24

The Assessment imposed on any Parcel may be paid in full at any time. If not paid in full, the Assessment shall be payable in thirty Annual Installments of principal and interest beginning with the tax year following the earlier of (i) with tax bills sent the first October after issuance of a series of Bonds for the Assessed Property, such that upon the issuance of Bonds, all Assessments in the applicable phase shall begin collection, or (ii) with tax bills sent the first October occurring after the expiration of two years from the date of the levy of Assessments on the Assessed Property, such that all Assessments in the applicable phase begin collection immediately after the expiration of such two year period. Two years have expired since the levy of Assessments. As a result, the first Annual Installments are due on January 31, 2024 and thirty (30) Annual Installments remain outstanding.

Pursuant to the Service and Assessment Plan, each Assessment shall bear interest at the rate on the PID Reimbursement Agreement. The effective interest rate is 4.00 percent for 2023-24. These payments, the “Annual Installments” of the Assessments, shall be billed by the City in 2023 and will be delinquent on February 1, 2024.

Pursuant to the Service and Assessment Plan, each Annual Installment, including the interest on the unpaid amount of an Assessment, shall be updated annually. Each Annual Installment together with interest thereon shall be delinquent if not paid prior to February 1 of the following year.

Annual Installments to be collected for 2023-24

The budget for the PID will be paid from the collection of Annual Installments collected for 2023-24 as shown in Table II-E below.

Table II-E
Budget for the PID Annual Installments
to be Collected for 2023-24

Descriptions	<u>Total</u>
Interest payment on March 1, 2024	\$257,280
Interest payment on September 1, 2024	\$257,280

<i>Subtotal debt service on bonds</i>	<i>\$761,560</i>
Administrative Expenses	\$51,285
<i>Subtotal Expenses</i>	<i>\$812,845</i>
Other funds available	\$0
<i>Subtotal funds available</i>	<i>\$0</i>
Annual Installments	\$812,845

Debt Service Payments

Annual Installments to be collected for principal and interest on the PID Reimbursement Agreement include interest due on March 1, 2024, in the amount of \$257,280 and September 1, 2024, in the amount of \$257,280, which equal interest on the outstanding balance of \$12,864,000 for six months each and an effective interest rate of 4.00 percent. Annual Installments to be collected on the PID Reimbursement Agreement include a principal amount of \$247,000 due on September 1, 2024. As a result, the total Annual Installments to be collected for principal and interest on the PID Reimbursement Agreement in 2023-24 is estimated to be equal to \$761,560.

Administrative Expenses

Administrative expenses for the PID include the City, Administrator, and contingency. As shown in Table II-F on the following page, the total administrative expenses to be collected for 2023-24 are estimated to be \$51,285.

Table II-F
Administrative Budget Breakdown

Description	2023-2024
	Estimated Budget (9/1/23-8/31/24)
City	\$6,000
PID Administrator	\$36,285
Contingency	\$9,000
Total	\$51,285

Available Administrative Expense Account

There are no funds anticipated to be available in the Administrative Expense Fund to reduce the 2023-24 PID Annual Installment.

E. ANNUAL INSTALLMENTS PER UNIT

According to the Service and Assessment Plan, the Annual Installments shall be collected in an amount sufficient to pay principal and interest on the outstanding PID Reimbursement Agreement described in the Service and Assessment Plan, and to cover Administrative Expenses of the PID.

According to the Service and Assessment Plan, 435 lots representing 405.41 Equivalent Units are anticipated to be built within the PID. Accordingly, the net principal and interest portion of Annual Installment to be collected from each Equivalent Unit will be \$1,878.49 (i.e. $\$761,560 \div 405.41 = \$1,878.49$) and the Administrative Expenses to be collected from each Equivalent Unit will be \$126.50 (i.e. $\$51,285 \div 405.41 = \126.50). As a result, the total Annual Installment to be collected from each Equivalent Unit within the PID will be \$2,004.99 (i.e. $\$1,878.49 + \$126.50 = \$2,004.99$) shown in Appendix C for each Parcel within the PID.

The Annual Installment due to be collected from each Land Use Class in the PID for 2023-24 is shown in Table II-G below.

Table II-G
Annual Installment Per Unit

Land Use Class	Annual Installment Per Equivalent Unit	Equivalent Units	Annual Installment Per Unit
50 Ft Lot	\$2,004.99	1.00	\$1,840.20
60 Ft Lot	\$2,004.99	0.96	\$1,922.59
70 Ft Lot	\$2,004.99	0.92	\$2,004.99

The list of Parcels within the PID, the number of units to be developed on the current residential Parcels, the corresponding total Units, the total outstanding Assessment, the annual principal and interest, the Administrative Expenses, and the Annual Installment to be collected for 2023-24 are shown in the Assessment Roll Summary attached hereto as Appendix C.

III. UPDATE OF THE ASSESSMENT PLAN

The Service and Assessment Plan adopted by the City Council provided that the Authorized Improvement Costs shall be allocated to the Assessed Property equally on the basis of the number of residential dwelling units anticipated to be built on each Parcel once such property is fully developed, and that such method of allocation will result in the imposition of equal shares of the Authorized Improvement Costs to Parcels similarly benefited.

This method of assessing property has not been changed and Assessed Property will continue to be assessed as provided for in the Service and Assessment Plan.

(remainder of this page is intentionally left blank)

IV. UPDATE OF THE ASSESSMENT ROLL

Pursuant to the original Service and Assessment Plan, the Assessment Rolls shall be updated each year to reflect:

(i) the identification of each Parcel (ii) the Assessment for each Parcel of Assessed Property, including any adjustments authorized by this Service and Assessment Plan or in the PID Act; (iii) the Annual Installment for the Assessed Property for the year (if the Assessment is payable in installments); and (iv) payments of the Assessment, if any, as provided by Section VI.G of this Service and Assessment Plan.

The summary of the updated Assessment Roll is shown in Appendix C of this report. Each Parcel in the PID is identified, along with the Assessment on each Parcel and the Annual Installment to be collected from each Parcel. Assessments are to be reallocated for the subdivision of any Parcels.

A. PARCEL UPDATES

According to the Service and Assessment Plan, upon the subdivision of any Parcel, the Administrator shall reallocate the Assessment for the Parcel prior to the subdivision among the new subdivided Parcels according to the following formula:

$$A = B \times (C \div D)$$

Where the terms have the following meanings:

- A = the Assessment for each new subdivided Parcel
- B = the Assessment for the Parcel prior to subdivision
- C = the estimated number of Equivalent Units to be built on each new subdivided Parcel
- D = the sum of the estimated number of Equivalent Units to be built on all of the new subdivided Parcels

The calculation of the estimated number of Equivalent Units to be built on a Parcel shall be performed by the Administrator and confirmed by the City Council based on the information available regarding the use of the Parcel. The estimate as confirmed shall be conclusive. The number of Equivalent Units to be built on a Parcel may be estimated by net land area and reasonable density ratios.

According to the Developer and the Collin Central Appraisal District records, the final plats for Phase #1, Phase #2, and West Phase #1 were recorded on October 14, 2021, November 12, 2021 and January 27, 2023 respectively and the Assessments allocated proportionally according to Lot Type as shown in the 2023-24 Service and Assessment Plan Update. The various PID Lots were subdivided from Parcel 2829266.

Table I–A below shows a summary of the assessment allocation prior to and after the subdivision of the parent parcels.

B. PREPAYMENT OF ASSESSMENTS

There have been no Assessment prepayments as of June 30, 2023.

The complete Assessment Rolls are available for review at the City Hall, located at 142 N. Ohio, Celina, Texas 75009.

APPENDIX D
PID ASSESSMENT NOTICE

NOTICE OF OBLIGATION TO PAY PUBLIC IMPROVEMENT DISTRICT ASSESSMENT TO
CITY OF CELINA, TEXAS
CONCERNING THE FOLLOWING PROPERTY

[insert property address]

As the purchaser of the real property described above, you are obligated to pay assessments to the City of Celina, Texas (the "City"), for the costs of a portion of a public improvement or services project (the "Authorized Improvements") undertaken for the benefit of the property within the Wilson Creek Meadows Public Improvement District (the "District") created under Subchapter A, Chapter 372, Local Government Code.

AN ASSESSMENT HAS BEEN LEVIED AGAINST YOUR PROPERTY FOR THE AUTHORIZED IMPROVEMENTS, WHICH MAY BE PAID IN FULL AT ANY TIME. IF THE ASSESSMENT IS NOT PAID IN FULL, IT WILL BE DUE AND PAYABLE IN ANNUAL INSTALLMENTS THAT WILL VARY FROM YEAR TO YEAR DEPENDING ON THE AMOUNT OF INTEREST PAID, COLLECTION COSTS, ADMINISTRATIVE COSTS, AND DELINQUENCY COSTS.

The exact amount of the assessment may be obtained from the City. The exact amount of each annual installment will be approved each year by the City Council in the Annual Service Plan Update for the District. More information about the assessments, including the amounts and due dates, may be obtained from the City or MuniCap, Inc., the District Administrator for the City, located at 600 E. John Carpenter Fwy, Suite 150, Irving, Texas 75062 and available by telephone at (469) 490-2800 or (866) 648-8482 (toll free) and email at txpid@municap.com.

Your failure to pay any assessment or any annual installment may result in penalties and interest being added to what you owe or in a lien on and the foreclosure of your property.

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY OF CELINA APPROVING THE ANNUAL UPDATE OF THE SERVICE AND ASSESSMENT PLAN AND ASSESSMENT ROLL FOR THE WILSON CREEK MEADOWS PUBLIC IMPROVEMENT DISTRICT IN ACCORDANCE WITH TEXAS LOCAL GOVERNMENT CODE §372.013, AS AMENDED; CONTAINING A CUMMULATIVE CLAUSE; CONTAINING A SAVINGS AND SEVERABILITY CLAUSE; AND PROVIDING AN EFFECTIVE DATE

WHEREAS, on July 9, 2019, the City Council of the City of Celina, Texas (the “City”) approved Resolution No. 2019-38R establishing the Wilson Creek Meadows Public Improvement District (the “PID”) in accordance with the provisions of Chapter 372 of the Texas Local Government Code (the “Public Improvement District Assessment Act” or “the PID Act”); and

WHEREAS, the City has heretofore levied assessments against property within the PID, pursuant to an Ordinance also approved the Wilson Creek Meadows Public Improvement District Service and Assessment Plan and Assessment Roll, dated as of October 12, 2021 (the “Service and Assessment Plan and Assessment Roll”); and

WHEREAS, the Service and Assessment Plan and Assessment Roll is required to be reviewed and updated annually as described in Sections 372.013 and 372.014 of the PID Act (the “Annual Service Plan Update”); and

WHEREAS, the Annual Service Plan Update, attached hereto as Exhibit A, including the Assessment Roll attached thereto, update the Service and Assessment Plan and Assessment Roll to reflect prepayments, property divisions and changes to the budget allocation for the PID that occur during the year, if any; and

WHEREAS, the City Council desires and finds it to be in the public interest to adopt this Ordinance approving and adopting the Annual Service Plan Update and the updated Assessment Roll attached thereto, in compliance with the PID Act.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CELINA, TEXAS, THAT:

SECTION 1. All matters stated in the preamble are found to be true and correct and are incorporated herein as if copied in their entirety.

SECTION 2. The Wilson Creek Meadows Public Improvement District Annual Service Plan Update, attached hereto as Exhibit A and incorporated herein by reference, inclusive of the updated Assessment Roll contained therein and made a part thereof, are hereby accepted and approved.

SECTION 3. The provisions of this ordinance are to be cumulative of all other ordinances or parts of ordinances governing or regulating the same subject matter as that covered herein; provided,

however, that all prior ordinances or parts of ordinances inconsistent with or in conflict with any of the provisions of this ordinance are hereby expressly repealed to the extent of any such inconsistency or conflict.

SECTION 4. Should any sentence, paragraph, subdivision, clause, phrase or section of this Ordinance be adjudged or held to be unconstitutional, illegal or invalid, the same shall not affect the validity of this Ordinance as a whole, or any part or provision thereof other than the part so decided to be invalid, illegal or unconstitutional, and shall not affect the validity of the Ordinance as a whole.

SECTION 5. This Ordinance shall take effect immediately after its passage and the publication of the caption, as the law and charter in such case provide. The City Secretary shall cause this Ordinance to be filed with the county clerk in each county in which all or a part of the PID is located not later than seven (7) days after the date the governing body of the City approves this Annual Service Plan Update.

 Re: Amended and Restated Final PFP - TIRZ #2 Creeks of Legacy

Action Requested:

Conduct a public hearing to consider and act upon an Ordinance of the City Council of the City of Celina, Texas adopting an Amended and Restated Final Project And Financing Plan for Tax Increment Reinvestment Zone Number Two and providing for severability. (TIRZ #2 - Creeks of Legacy) (Behringer)

Background Information:

On May 22, 2014, the City Council approved and adopted Ordinance No. 2014-21, which created, established, and designated Tax Increment Reinvestment Zone Number Two (the "Zone"); established a Board of Directors for the Zone, and established a tax increment fund (the "TIRZ Fund") into which the City is required by the Act to deposit its tax increment for approximately ±321.417 acres of land.

On June 18, 2014, the City Council adopted Ordinance No. 2014-26, approving the Reinvestment Zone Number Two, City of Celina Final Project and Finance Plan.

Board Review/Citizen Input:

The Board of Directors for the Zone have submitted this Amended and Restated Final Project and Financing Plan to the City Council with a recommendation for approval.

Legal Review:

The Ordinance has been reviewed by the City Attorney.

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CELINA, TEXAS ADOPTING AN AMENDED & RESTATED FINAL PROJECT AND FINANCING PLAN FOR TAX INCREMENT REINVESTMENT ZONE NUMBER TWO; PROVIDING FOR SEVERABILITY; PROVIDING AN EFFECTIVE DATE; AND FINDING AND DETERMINING THE MEETING AT WHICH THIS ORDINANCE IS ADOPTED TO BE OPEN TO THE PUBLIC AS REQUIRED BY LAW.

WHEREAS, the City of Celina, Texas (hereinafter referred to as the “City”), pursuant to Chapter 311 of the Texas Tax Code, as amended (hereinafter referred to as the “Act”), on May 22, 2014, the City Council of the City of Celina, Texas, approved and adopted Ordinance No. 2014-21, which among other things, created, established and designated Tax Increment Reinvestment Zone No. 2 (the “Zone”); established a Board of Directors for the Zone, and established a tax increment fund (the “TIRZ Fund”) into which the City is required by the Act to deposit its tax increment for approximately ±321.417 acres of land lying wholly within the city limits of the City (the “Property”);

WHEREAS, on June 18, 2014, the City Council adopted Ordinance No. 2014-26, approving the Reinvestment Zone Number Two, City of Celina Final Project and Finance Plan;

WHEREAS, the Zone Board of Directors convened in a duly noticed public meeting on August 8, 2023, and recommended approval and adoption of an Amended & Restated Final Project and Financing Plan attached hereto and incorporated herein by reference as *Exhibit “A”*; and

WHEREAS, the City Council, following a duly notice public hearing held on August 8, 2023, desires to approve the Amended & Restated Final Project and Financing Plan.

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CELINA, TEXAS:

SECTION 1. FINDINGS. That the facts and recitations contained in the preamble of this Ordinance are incorporated into the body of this Ordinance as if fully set forth herein and are hereby found and declared to be true and correct legislative findings and are hereby adopted as part of this Ordinance for all purposes.

SECTION 2. SUFFICIENCY. The Amended & Restated Final Project and Financing Plan for the Zone conforms with and satisfies all requirements set forth in Sections 311.011 of the Act. Specifically, the Final Project Plan, as amended and restated, includes, but is not limited to, (1) a description and map showing existing uses and conditions of real property in the Zone and proposed uses of that property, (2) any proposed changes of zoning ordinances, the master plan of the municipality, building codes, other municipal ordinances,

TIRZ No. 2 Creeks of Legacy Amended & Restated Project and Finance Plan Adoption

and subdivision rules and regulations, if any, of the county, (3) a list of estimated non-project costs, and (4) a statement of a method of relocating persons to be displaced, if any, as a result of implementing the plan. The Amended & Restated Final Financing Plan includes, but is not limited to, (1) a detailed list describing the estimated project costs/economic development grants of the Zone, including administrative expenses, (2) a statement listing the proposed kind, number, and location of all public works or public improvements to be financed by the Zone, (3) a finding that the plan is economically feasible and an economic study, (4) the estimated amount of bond indebtedness to be incurred, (5) the estimated time when related costs/grants or monetary obligations are to be incurred, (6) a description of the methods of financing all estimated project costs/economic development grants and the expected sources of revenue to finance or pay project costs/economic development grants, including the percentage of tax increment to be derived from the property taxes of each taxing unit anticipated to contribute tax increment to the Zone that levies taxes on real property in the Zone, (7) the current total appraised value of taxable real property in the Zone, (8) the estimated captured appraised value of the Zone during each year of its existence, and (9) the duration of the Zone.

SECTION 3. FEASIBILITY. The City Council, pursuant to Section 311.011 of the Act, finds that the Amended & Restated Final Project and Finance Plan is feasible.

SECTION 4. APPROVAL OF AMENDED & RESTATED FINAL PROJECT AND FINANCING PLAN AND PARTICIPATION AMOUNT. The Board of Directors for the Zone have submitted this Amended & Restated Final Project and Financing Plan to the City Council with a recommendation for approval. The City Council hereby approves the Amended & Restated Final Project and Financing Plan (“Plan”), a copy of which is attached hereto as *Exhibit A* and is incorporated herein for all purposes. The percent of participation in the Zone shall be as reflected in the Plan.

SECTION 5. SEVERABILITY. If any section, article, paragraph, sentence, clause, phrase or word in this Ordinance, or the application thereto to any persons or circumstances, is held invalid or unconstitutional by a Court of competent jurisdiction, such holding shall not affect the validity of the remaining portions of this Ordinance; and the City Council hereby declares it would have passed such remaining portions of this Ordinance despite such invalidity, which remaining portions shall remain in full force and effect.

SECTION 6. EFFECTIVE DATE. This Ordinance shall be effective from and after its date of passage in accordance with law.

1. INTRODUCTION

1.1. AUTHORITY AND PURPOSE

The City of Celina, Texas, a Texas home rule municipality (the “City”), has the authority under Chapter 311, Texas Tax Code, as amended (the “Act”) to designate a contiguous or noncontiguous geographic area within the corporate limits of the City and within the extraterritorial jurisdiction of the City as a tax increment reinvestment zone to promote development or redevelopment of the area if the governing body of the City (the “City Council”) determines that development or redevelopment would not occur solely through private investment in the reasonably foreseeable future, that the tax increment reinvestment zone is feasible, and that creation of the tax increment reinvestment zone is in the best interest of the City and the property in the tax increment reinvestment zone. The purpose of a tax increment reinvestment zone is to facilitate such development or redevelopment by financing the costs of public works, public improvements, programs, and other projects benefiting the tax increment reinvestment zone, plus other costs incidental to those expenditures, all of which costs are authorized by the Act.

1.2. ELIGIBILITY REQUIREMENTS

Except as provided in the Act, an area may be designated as a tax increment reinvestment zone if such area is predominantly open or undeveloped and, because of obsolete platting, deterioration of structures or site improvements, or other factors, substantially impairs or arrests the sound growth of the City. The City cannot, however, designate a zone if more than 30% of the property in the proposed zone, excluding property that is publicly owned, is “used for residential purposes” (defined by the Act as follows: “... property is used for residential purposes if it is occupied by a house having fewer than five living units ...”) or if the total appraised value of taxable real property in the proposed zone and in existing reinvestment zones exceeds 50% of the total appraised value of taxable real property in the City and in industrial districts created by the City.

The Zone. By City Council action on May 22, 2014, the City created a tax increment reinvestment zone to be known as “Tax Increment Reinvestment Zone No. 2, City of Celina” (the “Zone” or “TIRZ”) that includes approximately 318.357 acres depicted on **Exhibit A** and described on **Exhibit B** (the “Property”). The Property meets the eligibility requirements of the Act. The Property is undeveloped, and due to its size, location, and physical characteristics, development will not occur solely through private investment in the foreseeable future. The Property substantially impairs and arrests the sound growth of the City because it is predominately underdeveloped due to factors such as no public infrastructure and the need for economic incentives to attract development to the Zone for the purpose of providing long-term economic benefits including, but not limited to, increased real property tax base for all taxing units in the Zone, increased sales and use tax for the City and the State of Texas, and increased job opportunities for residents of the City and the region. If the public works, public improvements, programs, and other projects are financed as contemplated by the Final Plan (hereinafter defined), the City envisions that the Property will be developed to take full advantage of the opportunity to bring to the City and to all of the region quality developments.

1.3. PRELIMINARY PLAN; HEARING

Before the City adopted the ordinance designating the Zone, the City Council prepared a preliminary reinvestment zone financing plan in accordance with the Act and, on May 22, 2014, held a public hearing on the creation of the proposed zone and its benefits to the City and to the Property, at which public hearing interested persons spoke for and against the creation of the Zone, the boundaries of the Zone, and the concept of tax increment financing, and at which hearing the owners of the Property (collectively the “Owners”) were given a reasonable opportunity to protest the inclusion of the Property in the Zone. The requirement of the Act for a preliminary reinvestment zone financing plan was satisfied by the preliminary plan dated May 22, 2014 (the “Preliminary Plan”), the purpose of which is to describe, in general terms, the public works, public improvements, programs, and other projects that will be undertaken and financed by the Zone. A description of how such public works, improvements, programs, and projects are to be undertaken and financed will be determined by the Final Plan and by the Development Agreement (both hereinafter defined), which require approval by the Board (hereinafter defined) and by the City Council.

1.4. CREATION OF THE ZONE

Subsequent to the above-referenced public hearing, the City Council adopted Ordinance No. 2014-21 on May 22, 2014 (the “Creation Ordinance”) in accordance with the Act creating the Zone after the City Council found that development or redevelopment of the Property would not occur solely through private investment in the reasonably foreseeable future, that the Zone is feasible, and that creation of the Zone is in the best interest of the City and the Property. The ordinance creating the Zone appointed a Board of Directors for the Zone initially consisting of six (6) members (the “Board”).

1.5. BOARD RECOMMENDATIONS

Upon the creation of the Zone, the Board, during its June 18, 2014, meeting, reviewed the *Final Project and Finance Plan for Tax Increment Reinvestment Zone No. 2, City of Celina* (the “Final Plan”), and approved and recommended to the City Council the Final Plan, pursuant to which the City will contribute a portion of the ad valorem tax increment (the “Tax Increment”) attributable to new development in the Zone into a tax increment fund created by the City and segregated from all other funds of the City (the “TIRZ Fund”) to the costs of public works, public improvements, programs, and other projects benefiting the Zone.

(the remainder of this page is intentionally left blank)

1.6. COUNCIL ACTION

The City Council, taking into consideration the recommendations of the Board, considered and approved the Final Plan on June 18, 2014. The Final Plan is amended and restated in this Amended and Restated Plan (the “Amended Plan”) to reflect the change in the TIRZ participation level.

1.7. SUMMARY OF RESULTS

As real property taxes are generated on an ad valorem basis from assessed values, it is first necessary to estimate the future assessed value resulting from the Zone. This plan provides assessed value information based on the following:

- The development is completed as proposed by CADG FRONTIER 192, LLC (the “Developer”);
- The development is anticipated to be fully buildout by 2025;
- The units are sold according to the development pace estimated by the Developer, as summarized in subsequent sections of the Final Plan;
- The real property tax rate remains static at the fiscal year 2022 level in future years;
- The Zone is anticipated to include the 318.357 acres comprising the Property; and
- The City had originally committed to use 47.63% of the incremental revenues generated from the Property, which is now amended to 35.09%.

In summary, the TIRZ financing analysis indicates that, assuming three percent (3%) annual inflation through 2049 (and after completion of all phases), the Zone is estimated to have an incremental value of \$879,683,498 as of January 1, 2048.

Table 1-A below provides the projected total and incremental assessed value for the Zone in 2048. Refer to **Exhibit C**, attached hereto, for more information on the projected incremental value for each year.

Table 1-A
Projected Assessed Values

Year	Projected Taxable Value	Base Value ^(a)	Incremental Taxable Value
2048	\$884,899,069	\$5,215,571	\$879,683,498

(a) The base value of \$5,215,571 represents the 2014 taxable assessed value shown in DCAD and CCAD records for the applicable parcels within the Zone.

The assessed values displayed in Table 1-A above are the basis for estimating incremental real property taxes. The projected incremental taxes are shown in Table 1-B on the following page. The Property is anticipated to be fully built out by December 2024, and such fully built-out values are anticipated to be reflected in the 2025 property appraisal and the related incremental taxes will become fully available on taxes dues as of January 2026. The new proposed development could not occur without the Public Improvements (as defined herein) required to be constructed within the Zone. The total projected taxable value of the new development at build-out as of January 1, 2025, is \$448,371,057 with an incremental value of \$443,155,486. Table 1-B illustrates the

projected assessed value for taxes due as January 2025, assuming three percent (3%) annual inflation.

Table 1-B
Projected Incremental Tax Revenue

Jurisdiction	Total Projected Appraised Value at Buildout as of January 1, 2025	Base Value^(a)	Total Projected Incremental Appraised Value at Buildout as of January 1, 2025	Total Projected Incremental Tax Revenue as of January 31, 2026
City of Celina	\$448,371,057	\$5,215,571	\$443,155,486	\$2,812,974

(a) The base value of \$5,215,271 represents the allocable share of the 2014 taxable assessed value shown in DCAD and CCAD records for the applicable parcels within the Zone.

Refer to **Exhibit C** for projected tax increment revenues for each year.

The financing plan for the categories of public works and public improvements (the "**Public Improvements**") contemplates the issuance of special revenue bonds by the City and/or reimbursement agreement(s) secured by special assessments ("**PID Assessments**") levied on property within the Creeks of Legacy Public Improvement District (the "**PID**"). The bonds secured by the PID Assessments are referred to as the "**PID Bonds**" and the total par amount for the initial series of PID Bonds was \$15,325,000 and the principal amount of the reimbursement agreement for the initial phase of development was \$3,750,000.

A portion of the total Public Improvement costs are proposed to be funded with the PID Bonds and/or reimbursement agreements. As a result, real property tax increment revenues will be used to pay a portion of the Project Costs by offsetting the PID Assessments imposed on the property within the PID.

2. ASSESSMENT AND TAX COLLECTION PROCEDURES

2.1 AUTHORITY AND PURPOSE

Pursuant to Texas Tax Code, all taxable property is appraised at its market value as of January 1 of each year. Each county in Texas is served by an appraisal district, which determines the value of all that county's taxable property. Generally, local governments that collect property taxes, such as counties, cities and school districts, are members of the appraisal district.

2.2 METHODOLOGY

Each county appraisal district determines the value of all taxable property within the county boundaries. Tax Code Section 25.18 requires appraisal districts to reappraise all property in its jurisdiction at least once every three years. Tax Code Section 23.01 requires that appraisal districts comply with the Uniform Standards of Professional Appraisal Practice if mass appraisal is used and that the same appraisal methods and techniques be used in appraising the same or similar kinds of property. Individual characteristics that affect the property's market value must be evaluated in determining the property's market value.

Before appraisals begin, the appraisal district compiles a list of taxable property. The list contains a description and the name and address of the owner for each property. In a mass appraisal, the appraisal district then classifies properties according to a variety of factors, such as size, use and construction type. Using data from recent property sales, the appraisal district appraises the value of typical properties in each class. Taking into account differences such as age or location, the appraisal district uses typical property values to appraise all the properties in each class.

With few exceptions, Tax Code Section 23.01 requires taxable property to be appraised at market value as of January 1. Market value is the price at which a property would transfer for cash or its equivalent under prevailing market conditions if:

- it is exposed for sale in the open market with a reasonable time for the seller to find a purchaser;
- both the seller and the purchaser know of all the uses and purposes to which the property is adapted and for which it is capable of being used and of the enforceable restrictions on its use; and
- both the seller and purchaser seek to maximize their gains and neither is in a position to take advantage of the exigencies of the other.

2.3 APPEALS

According to the Denton County Appraisal District (“DCAD”) and the Collin County Appraisal District (“CCAD”), property owners may utilize the applicable DCAD appeal procedures if they have a concern about:

- the market or appraised value of the property;
- unequal appraisal of the property compared to other properties;
- the inclusion of the property on the appraisal roll;
- any exemptions that may apply to the property owner;
- the qualification for an agricultural or timber appraisal;
- the taxable status of the property;
- the local governments which should be taxing the property;
- the ownership of property;
- a change of use of land receiving special appraisal; and/or
- any action taken by the chief appraiser, DCAD or Appraisal Review Board (“ARB”) that applies to and adversely affects the property.

If property owners cannot resolve their concern informally with the DCAD staff, they may have their cases heard by the ARB. The ARB is an independent board of citizens that review problems with appraisals or other concerns listed above. It has the power to order the DCAD to make the necessary changes to solve problems. If a property owner files a written request for an ARB hearing (called a notice of protest) on or before May 31 (or 30 days after the notice of appraised value was mailed to the property owner, whichever is later), the ARB will set the case for a hearing. The property owner will receive written notice of the time, date, and place of the hearing. After it decides the case, the ARB must send them a copy of its order by certified mail. If the property owner is not satisfied with the decision, it has the right to appeal. If it chooses to go to court, the property owner must start the process by filing a petition within 60 days of the date it receives the ARB’s order. In certain cases, as an alternative to filing an appeal in district court, the property owner may file not later than the 45th day after it receives notice of the ARB order a request for binding arbitration with the DCAD. In certain cases, originating in certain counties, as an alternative to filing an appeal in district court, the property owner may appeal to the State Office of Administrative Hearings (SOAH). An appeal to SOAH is initiated by not later than the 30th day after the property owner receives notice of the ARB’s order by filing with the chief appraiser of the DCAD a notice of appeal. The same process is applicable for CCAD.

2.4 TAXATION PROCEDURES

The assessment and property tax process for each tax year includes the steps shown in Table 2-A on the following page.

(the remainder of this page is intentionally left blank)

Table 2-A
Property Tax Timeline

Date(s)	Event
January 1	CADs are required to appraise property on this date. A lien attaches to each taxable property to ensure property tax payment.
January 1 - April 30	CAD completes appraisals and processes applications for exemptions.
April - May	Appraisal districts send notices of appraised value.
May 1	Appraisal review board begins hearing protests from property owners.
July 1	Local taxing units may impose additional penalties for legal costs related to collecting unpaid taxes.
August - September	Local taxing units adopt tax rates.
October 1	Local taxing units (or county tax assessor-collector, acting on their behalf) begin sending tax bills to property owners.
January 1	Taxes due to local taxing units (or county tax assessor-collector, if acting on their behalf).
February 1	Local taxing units begin charging penalty and interest for unpaid tax bills.

2.5 PENALTIES AND INTEREST

According to the Texas Comptroller, if taxes are not paid by January 31st, penalties and interest will accrue are shown in Table 2-B.

Table 2-B
Penalties and Interest

If Tax Paid In:	Penalty		Interest		Total
February	6%	+	1%	=	7%
March	7%	+	2%	=	9%
April	8%	+	3%	=	11%
May	9%	+	4%	=	13%
June	10%	+	5%	=	15%
July	12%	+	6%	=	18%

Penalties reach a maximum of 12% and interest of 1% is added each month after the due date. All real property accounts not paid in full by June 30th of the year in which they become delinquent will be referred to the delinquent tax attorney for enforced collection and will incur an additional penalty equal to 15% - 20% of the total taxes, penalties, and interest due.

2.6 TAX SALE

According to the Denton County Tax Collector's website, tax sales are held once orders of sale are issued from the district courts in reference to tax judgments for delinquent taxes. Real property being sold as a result of a foreclosure to satisfy delinquent taxes is required by Texas law to be sold on the first Tuesday of the month. All counties have sales on the same day.

2.7 TAX RATES

Tax rates are set on an annual basis by the City. For fiscal year 2022, the real property tax rate in the City is \$0.634759 per \$100 of assessed value.

The City tax rates have fluctuated in past years. It is likely that the tax rate will continue to change overtime; for purposes of this study, however, it is assumed that the tax rate will remain at its current level in future years.

Table 2-C below provides historical tax rates from fiscal years 2015 to 2022.

Table 2-C
Historical Tax Rates 2015-2022

Fiscal Year	City Tax Rate Per \$100 Assessed Value (M&O)	City Tax Rate Per \$100 Assessed Value (I&S)	City Tax Rate Per \$100 Assessed Value (Total)
2015-16	0.433512	0.211488	0.645000
2016-17	0.423269	0.221731	0.645000
2017-18	0.427800	0.217200	0.645000
2018-19	0.385416	0.259584	0.645000
2019-20	0.453683	0.191317	0.645000

3. PROJECT PLAN

3.1. DESCRIPTIONS AND MAPS

Existing Uses and Conditions. The Property in the Zone is currently located within the City. The Property is comprised of approximately 318.357 acres.

The Property was undeveloped, and there was limited public infrastructure to support development. Development will require public infrastructure that: (1) the City could not provide; and (2) would not be provided solely through private investment in the foreseeable future. A map of the Property and the Zone are shown on Exhibit A.

Proposed Uses. The Property was zoned consistent with the development regulations, which are also attached herein as Exhibit I (the “Development Regulations”). A map of the Property is shown on Exhibit A and description of the proposed uses within the Property are shown on Table 3-A below and shown on Exhibit D.

Table 3-A
Description of Proposes Uses

Property Type	Estimated Completion	Quantity	Measurement
Single-Family - 50 Ft	2025	404	Units
Single-Family - 60 Ft	2025	452	Units
Single-Family - 70 Ft	2025	185	Units
Total		1,041	

Metes and Bounds Description. Metes and bounds descriptions of the various tracts that comprise the Property are provided on Exhibit B. The list of Parcels in the Zone is shown in Exhibit E.

3.2. PROPOSED CHANGES TO ORDINANCES, PLANS, CODES, RULES AND REGULATIONS

Development of the Property involves only those changes established by the City pursuant to the applicable Development Standards.

3.3. ESTIMATED NON-PROJECT COSTS

Non-project costs are funds that will be spent to develop in the Zone but will not be financed by the Zone. There are significant Non-project costs which are estimated at approximately \$28,140,000, for the total property within the Zone.

3.4. RELOCATION OF DISPLACED PERSONS

No persons will be displaced or relocated due to the creation of the Zone or implementation of the Final Plan.

(the remainder of this page is intentionally left blank)

4. FINANCING PLAN

4.1. ESTIMATED PROJECT COSTS

The total project costs of the Zone (the “Project Costs”) include the Administrative Costs, defined below, and the costs of the initial Public Improvements as well as related expenses, are estimated to be approximately \$8,928,417 (excluding the Administrative Costs), as set forth in Exhibit F. The Project Costs for administration of the Zone shall be the actual, direct costs paid or incurred by or on behalf of the City to administer of the Zone (the “Administrative Costs”). The Administrative Costs include the costs of professional services, including those for planning, engineering, and legal services paid by or on behalf of the City. The Administrative Costs also include organizational costs, including the costs of conducting studies, the cost of publicizing the creation of the Zone, and the cost of implementing the project plan for the Zone paid by or on behalf of the City. The Administrative Costs shall be paid each year from the TIRZ Fund before any other Project Costs are paid.

4.2. PROPOSED PUBLIC IMPROVEMENTS

Categories of Public Improvements. The public improvements to be financed as TIRZ Projects are described below. The estimated costs of the TIRZ Projects eligible for financing through TIRZ incremental revenues are shown in Table V-A. The costs shown are estimates and may be revised in the future, including the addition of such other improvements as deemed necessary to further improve the properties within the TIRZ.

Roadway Improvements

Frontier Parkway is currently a 2-lane gravel road. The Creeks of Legacy development will expand that to a 3-lane (120’ right-of-way) paved road approximately 7,485. Legacy Drive is currently a 2-lane gravel road. The Creeks of Legacy development will expand that to a six lane (120’ right-of-way) paved road approximately 3,430 linear feet.

Water Distribution System Improvements

Currently, there are no water services adjacent to the development. A twelve (12”) inch water line will be constructed to serve the development. The line starts at an existing stub near the entrance of Light Farms to the northeast. The line will continue along the east side of the Dallas North Tollway. The line will cross underneath the tollway and along the north side of Frontier Parkway. The total length along the tollway is 5,685 linear feet. An additional 12 inch water line extension will extend along Frontier Parkway to the west side of the Creeks of Legacy boundary and along Legacy Dr for approximately 16,594 linear feet.

Sanitary Sewer Improvements

An existing thirty-six (36”) inch Doe Branch sanitary sewer line is located north of the development. An eighteen (18”) inch gravity sanitary sewer line is proposed to connect into Doe Branch and then reduces to a fifteen (15”) inch gravity flow sewer line that runs along Frontier

Parkway until it reaches the Dallas North Tollway. The proposed line is designed to carry the flow of the development along with the future commercial tracts that will be located between the development and the Dallas North Tollway. The sanitary sewer line has also factored approximately 500 acres of commercial tracts located east of the tollway. This line benefits the entire development along with the surrounding future areas.

Locations of Public Improvements. The estimated locations of the proposed Public Improvements to be constructed within the Zone, as further described in the Service and Assessment Plan for the PID, are shown in Exhibit G. These locations are provided for informational purposes only and may be revised by City Staff without amending the Amended Plan.

4.3. ECONOMIC FEASIBILITY

The development was proposed to be developed on vacant land. As shown in Exhibit H, the base year (2014) aggregate taxable assessed value of the property in the development was \$5,215,271 (shown as assessed value in the DCAD and CCAD records). The development is projected to be fully built out by December 2024 based on the preliminary absorption estimated by the Developer.

For purposes of this Plan, economic feasibility has been evaluated over the term of the Zone based on the projected taxable value growth as shown in the projected absorption, projected incremental assessed values and projected incremental taxes shown in Exhibit C. This evaluation focuses only on ‘direct’ financial benefits (i.e., projected tax revenues from new development in the Zone) of the Public Improvements to be constructed within the Zone and does not take into consideration the potential ‘multiplier effect’ of this development towards new development outside the Zone and the non-property tax revenue-related benefits like job creation to the properties within and outside of the Zone. The new proposed development could not occur without the Public Improvements required to be constructed within the Zone. The total projected value of the new development is \$884,899,069 as of January 1, 2048, with an incremental value of \$879,683,498. The new development is projected to generate approximately \$5,583,870 in annual projected incremental real property taxes by January 31, 2049, and approximately \$107,644,459 during the anticipated term of the Zone as shown in Table 4-A below.

Table 4-A
Projected Incremental Tax Revenue

Jurisdiction	Total Projected Incremental Appraised Value as of January 1, 2048	Total Projected Annual Incremental Tax Revenue (Due by January 31, 2049)	Total Projected Incremental Tax Revenue during the Term of the TIRZ
City of Celina	\$879,683,498	\$5,583,870	\$107,664,459

Approximately 64.91% of the new tax revenue generated from the new development within the Zone will be retained by the City. The remaining approximately 35.09% of the new tax revenue generated by the new development within the Zone will be available to pay for Project Costs until any of the following: (i) on December 31, 2049; (ii) at an earlier time designated by subsequent ordinance; (iii) at such time, subsequent to the issuance of tax increment bonds, if any, that all

project costs, tax increment bonds, notes and other obligations of the Zone, and the interest thereon, have been paid in full, in accordance with Section 311. 017 of the Act; or (iv) at such time that the obligation to support any indebtedness of the Creeks of Legacy PID has been satisfied.

Upon expiration or termination of the Zone, 100% of all tax revenue generated within the Zone will be retained by the City.

These projections assume a three percent (3%) annual property value inflation factor. As shown in **Exhibit C**, the total incremental tax revenue is projected to be \$107,644,459. The TIRZ contribution amount towards the TIRZ Projects (Public Improvements) is anticipated to be \$38,389,359. As a result, the TIRZ is anticipated to generate \$69,255,100 (i.e., \$107,644,459 - \$38,389,359) in excess incremental real property taxes during the anticipated term of the Zone to be retained by the City for the payment of other costs of the City, demonstrating economic feasibility of the proposed TIRZ structure.

Table 4-B on the following page shows the projected TIRZ contribution by each participating jurisdiction.

Table 4-B
Projected TIRZ Contribution

Jurisdiction	Total Projected Incremental Tax Revenue during the Term of the TIRZ^(a)	Total Projected Incremental Tax Revenue Available for payment of Project Costs^(b)	Total Projected Incremental Tax Revenue Retained by the City^(c)
City of Celina	\$107,644,459	\$38,389,359	\$69,255,100

^(a) Represents the projected incremental tax revenues generated from the Property.

^(b) Represents the total projected incremental tax revenue available for the payment of the Project Costs.

^(c) Represents the total projected incremental tax revenue available for the City assuming the TIRZ Contributions are paid out as projected.

4.4. TIRZ PARTICIPATION LEVEL

For properties within the TIRZ, 35.09% of the total City incremental real property tax revenue will be pledged to the TIRZ Fund as shown in Table 4-C below.

Table 4-C
TIRZ Participation by Entity

Jurisdiction	TIRZ Participation level
City of Celina	35.09%

4.5. ESTIMATED BONDED INDEBTEDNESS

The approximately 318.357 acres comprising the Zone will also be located within the PID. PID Bonds were issued in 2014 and 2018 to pay for and/or reimburse the Project Costs, in which a credit in the amount equal to 35.09% of the City total incremental real property tax revenue for properties within the Zone will be made to offset the PID Assessment imposed on the property in the PID.

4.6. ESTIMATED TIME FOR COSTS OR OBLIGATIONS

The Project Costs have been incurred and the Public Improvements have been constructed. The Administrative Costs will be incurred annually and will continue to be collected until all Project Costs are reimbursed or the term of the Zone has expired.

4.7. METHOD OF FINANCING

The City has been paying and will continue to pay (using the TIRZ funds) the Project Costs as annual TIRZ contributions paid to the PID. The Final Plan has obligated the City to pay from the TIRZ Fund annual TIRZ contributions related to the Project Costs, which shall be reviewed and approved by the City. Funds deposited into the TIRZ Fund shall always first be applied to pay the Administrative Costs. After the Administrative Costs have been paid, funds in the TIRZ Fund shall next be used to pay the TIRZ contributions to the PID as an offset to the PID Assessment imposed on the property in the PID or reimburse the Project Costs, if any. All payments of Project Costs shall be made solely from the TIRZ Fund and from no other funds of the City unless otherwise approved by the respective governing body, and the TIRZ Fund shall only be used to pay the Project Costs. The Amended Plan is obligating the City to deposit into the TIRZ Fund each year for the duration of the Zone a portion of the Tax increment calculated as a millage rate per \$100 of taxable assessed value in the Zone that equals 35.09% of taxable incremental assessed value in the Zone from the City incremental property taxes collected in the Zone for the TIRZ term described in 4.10 herein.

4.8. TOTAL APPRAISED VALUE

The base year (2014) total taxable assessed value of taxable real property in the Zone was \$5,215,571 as shown in Exhibit H. It is estimated that upon expiration of the term of the Zone, the total taxable real property value in the Zone is estimated to be \$884,899,069.

4.9. ESTIMATED CAPTURED APPRAISED VALUE TAXABLE BY THE CITY

The captured appraised value of the Property taxable by the City for a year is the total taxable value of the Property for that year less the tax increment base of the Property. The tax increment base of the Property is the total taxable value of the Property for the year in which the Zone was designated. If the Zone was created during calendar year 2014, the tax increment base of the Property will be \$5,215,271 as shown in Exhibit H.

4.10. DURATION OF THE ZONE; TERMINATION

The stated term of the Zone shall be until any of the following: (i.) on December 31, 2049; (ii.) at an earlier time designated by subsequent ordinance; (iii.) at such time, subsequent to the issuance of tax increment bonds, if any, that all project costs, tax increment bonds, notes and other obligations of the Zone, and the interest thereon, have been paid in full, in accordance with Section 311. 017 of the Act; or (iv.) at such time that the obligation to support any indebtedness of the Creeks of Legacy PID has been satisfied.

The City shall have the right to terminate the Zone prior to the expiration of its stated term if all of the Project Costs have been paid. If upon expiration of the stated term of the Zone, Project Costs have not been paid, the City has no obligation to pay the shortfall. The provisions of this section shall be included in the ordinance that creates the Zone. Nothing in this section is intended to prevent the City from extending the term of the Zone in accordance with the Act.

5. ASSUMPTION AND LIMITATIONS

The valuation of property for real property tax purposes is determined by the DCAD or CCAD. This plan attempts to estimate how the DCAD or CCAD may estimate the value of the subject properties in the future. The values estimated by the DCAD or CCAD will almost certainly differ from the estimates included in this report. Values can change significantly over time, and these changes can be significantly higher or lower than values in previous years. Determining property values for tax purposes is not as straight forward or as simple as the analysis in this report. Many factors not considered in this report may impact actual future values. Furthermore, property values are not likely to be consistent from year to year.

The DCAD or CCAD often relies on market data to estimate the value of property. Property values can be appealed, competition can be greater, national or local market conditions can change; in short, there are many factors that can affect the valuation of property. These factors make the projection of future values an imprecise exercise. The successful development of the subject properties is critical to the values estimated in the report.

This report has assumed property taxes are paid as due. This report does not include an analysis to determine if the owners of property within the Zone will be able or willing to pay property taxes or if the tax collector will be able to collect unpaid taxes. The actual delinquencies in the payment of real property taxes in the Zone will likely be different than assumed in this report and a significant increase in the failure to pay property taxes would materially affect the tax increment revenues available for the payment of Project Costs.

This report estimates future tax increment revenues based on current real property tax rates. Scenarios do not assume real property tax rates in the future will be different than tax rates for fiscal year 2021 as shown in Table 2-C. Real property tax rates have varied over the years and have declined over the years. Real property tax rates will likely vary significantly in future years and be different than assumed in this report and a significant decrease in real property tax rates could materially affect the tax increment revenues available for the payment of Project Costs.

This report includes projections of tax increment revenues based on three percent annual appreciation for real property. Changes in values will not be consistent from year to year. Future values are estimated based on values in 2022. Values in any future year may be less than values in 2022.

This report assumes that the subject properties will be developed as projected in this report. A delay in the development of properties or changes to the program of development would reduce tax increment revenues during the years of the delay and could result in there being inadequate tax increment revenues to pay the Project Costs. No analysis has been conducted to determine if the subject properties are likely to be developed as projected.

Numerous sources of information were relied on in the preparation of this report. These sources are believed to be reliable; however, no effort has been made to verify information obtained from other sources.

In summary, this report necessarily incorporates numerous estimates and assumptions with respect to property performance, general and local business and economic conditions, the absence of material changes in the competitive environment and other matters. Some estimates or assumptions will inevitably not materialize, and unanticipated events and circumstance will occur. As a result, actual results will vary from the estimates in this report and the variations may be material.

Other assumptions made in the preparation of this report and limiting conditions to this report are as follows:

1. There are no zoning, building, safety, environmental or other federal, state, or local laws, regulations, or codes that would prohibit or impair the development, marketing or operation of the subject properties in the manner contemplated in this report, and the subject properties will be developed, marketed and operated in compliance with all applicable laws, regulations, and codes.
2. No material changes will occur in (a) any federal, state, or local law, regulation or code affecting the subject properties or (b) any federal, state, or local grant, financing, or other program to be utilized in connection with the subject properties.
3. The local, national and international economies will not deteriorate and there will be no significant changes in interest rates or in rates of inflation or deflation.
4. The subject properties will be served by adequate transportation, utilities and governmental facilities.
5. The subject properties will not be subjected to any war, energy crises, embargo, strike, earthquake, flood, fire or other casualty or act of God.
6. The subject properties will be developed, marketed, and operated in a highly professional manner.
7. There is no existing, impending, or threatened litigation that could hinder the development, marketing, or operation of the subject properties.
8. MuniCap, Inc. does not have expertise in and has no responsibility for legal, environmental, architectural, geologic, engineering, and other matters related to the development and operation of the subject properties.

¹ The incremental taxable values through 2022 represent actual values per DCAD and CCAD. The incremental taxable values from 2023 onwards are estimated based on a projected full stabilization in 2025.

² The tax rates through 2022 are actual tax rates. Incremental real property taxes from 2023 onwards are projected based on 2022-23 city tax rate.

³ The City's TIRZ participation level was 47.63% through 2022-23 and is being amended to 35.09% after refunding of the related PID bonds. 35.09% of the incremental real property tax will be available to the PID to pay debt service on the 2023 PID refunding Bonds.

DEVELOPMENT REGULATIONS

DEFINITIONS

Any capitalized terms not defined below are per the definition as provided in the City of Celina Code of Ordinance Chapter 14.

Common Area: Any portion of the PD District that does not constitute a residential lot or street right-of-way and is owned by the Homeowners Association.

Homeowner Association: An association governed by by-laws, deed restrictions, and architectural guidelines of the community. All lot owners will have mandatory membership in the homeowner association, which, among other things, will require financial obligations in the form of annual membership dues.

PD District Concept Plan (Exhibit B): The graphic plan for PD District that establishes and delineates the location of the respective Lot Types and is attached as Exhibit B.

Main Structure: The primary residence to be constructed on any Lot.

Open Space: Publicly or privately accessible parks, greens, sports fields, plazas, landscaped areas, natural flood plain or drainage areas, and tot lots, shall constitute Open Space.

Parkway: The area between the curb and the right-of-way in front of residential lots.

PD District: The land and/or lots contained within the legal boundaries identified in Exhibit A.

Shall: A term requiring compliance.

Should: A term encouraging compliance.

CONCEPT PLAN

Exhibit B identifies and locates the proposed land uses outlined within the Property. All land uses shall conform to the District Regulations in place at the time of development unless modified herein. The proposed development should have unified and consistent design elements and provide an integrated development that follows the Comprehensive Plan dated April, 2013 and compliments the City of Celina.

Commercial

PERMISSIBLE USES

The requirements and types of commercial uses allowed for commercial lots within this PD shall follow Chapter 14 of the City of Celina's Zoning Ordinance, as amended, which details the requirements of the C-2 General Commercial Zoning District. All uses allowed under the C-2 zoning districts as established in the City of Celina Zoning Ordinance, as amended, are hereby allowed under this PD ordinance except as follows:

Uses not permitted:

1. dyeing facilities
2. ice cream plants
3. ice plants/cold storage plants
4. mortuaries
5. pumping stations
6. tire repair shops, except as incidental to auto repair operations
7. auto body operations
8. spray-painting operations
9. storage of rental trucks and trailers

10. taxidermists

Single-Family**PERMISSIBLE USES**

The following uses shall be allowed:

1. Agricultural Uses – Agricultural uses whose products are grown primarily for home consumption, such as domestic gardening, berry or bush crops, tree crops, flower gardening, orchards, and aviaries.
2. Residential Uses: Single-family detached dwellings
3. Community Facility Uses
 - A. Public and private parks;
 - B. Recreational and open space including but not limited to playgrounds, parkways, greenbelts, ponds and lakes, botanical gardens, pedestrian paths, bicycle paths, equestrian bridle trails, nature centers, bird and wildlife sanctuaries;
 - C. Amenity centers.
4. Temporary structure for storage of building materials and equipment used for initial residential construction, when on the same or adjoining lot, for a period not to exceed the duration of the construction. This shall include temporary trailers for construction and sales activity. Building material storage will be allowed adjacent to temporary trailers or in a lot designated for storage.
5. Manufactured and/or modular homes are prohibited in this PD district.

SINGLE-FAMILY RESIDENTIAL DESIGN GUIDELINES**I. Lot Type Regulations**

The PD District will include a variety of lot types in order to achieve the goals established for the district.

The lot types and requirements for each shall be as follows:

A. Lot Type 1:

1. Purpose: This lot type is designed to allow single family detached dwellings on lots of not less than five thousand five hundred (5,500) square feet, with front-entry garages, together with the allowed incidental and accessory uses.
2. Height Regulations: No building shall exceed forty feet (40') or two and one-half (2-1/2) stories in height to the highest point of its roof.
3. Area Regulations: The following minimum standards shall be required as measured from property lines:

Lot Size: Five thousand five hundred (5,500) square feet.

Lot Coverage: The maximum Lot Coverage shall not exceed sixty percent (60%).

Minimum Floor Area: The minimum square footage of a dwelling unit, exclusive of garages, breezeways and porches, shall be seventeen hundred (1,700) square feet.

Front Yard: Front yard setbacks shall vary and shall be shown on the Final Plat for the subdivision. To create a variety of front yards on each street, a relatively equal number of lots shall be platted with twenty feet (20') and twenty-five feet (25') minimum front yards. Covered Front Porches may extend over the front building setback line up to five feet (5'), but the garage door must remain at or behind the front setback line in all instances.

Rear Yard: Ten feet (10') minimum.

Side Yard: Five feet (5') minimum.

Side Yard Adjacent to Street: Fifteen feet (15') minimum.

Lot Width: Fifty feet typical (50'); forty feet (40') minimum (@ right-of-way) on cul-de-sac lots.

Lot Depth: One hundred ten feet (110') minimum.
 Lot Depth (cul-de-sac lot): Eighty-five feet (85') minimum.
 Garage Orientation: May face the street.
 Garage Setback: Equivalent to the front yard setback shown on the final plat for the applicable lot.

B. Lot Type 2:

1. Purpose: This lot type is designed to allow single family detached dwellings on lots of not less than six thousand six hundred (6,600) square feet, with front-entry garages, together with the allowed incidental and accessory uses.
2. Height Regulations: No building shall exceed forty feet (40') or two and one-half (2-1/2) stories in height to the highest point of its roof.
3. Area Regulations: The following minimum standards shall be required as measured from property lines:

Lot Size: Six thousand six hundred (6,600) square feet.
 Lot Coverage: The maximum Lot Coverage shall not exceed fifty-five percent (55%).
 Minimum Floor Area: The minimum square footage of a dwelling unit, exclusive of garages, breezeways and porches, shall be nineteen hundred (1,900) square feet.
 Front Yard: Front yard setbacks shall vary and shall be shown on the Final Plat for the subdivision. To create a variety of front yards on each street, a relatively equal number of lots shall be platted with twenty feet (20') and twenty-five feet (25') minimum front yards. Covered Front Porches may extend over the front building setback line up to five feet (5'), but the garage door must remain at or behind the front setback line in all instances.
 Rear Yard: Ten feet (10') minimum.
 Side Yard: Five feet (5') minimum.
 Side Yard Adjacent to Street: Fifteen feet (15') minimum.
 Lot Width: Sixty feet (60') typical; fifty feet (50') minimum (@ right-of-way) on cul-de-sac lots.
 Lot Depth: One hundred ten feet (110') minimum.
 Lot Depth (cul-de-sac lot): Eighty-five feet (85') minimum.
 Garage Orientation: May face the street.
 Garage Setback: Equivalent to the front yard setback shown on the final plat for the applicable lot.

C. Lot Type 3:

1. Purpose: This lot type is designed to allow single family detached dwellings on lots of not less than seven thousand seven hundred (7,700) square feet, together with the allowed incidental and accessory uses.
2. Height Regulations: No building shall exceed forty feet (40') or two and one-half (2-1/2) stories in height to the highest point of its roof.
3. Area Regulations: The following minimum standards shall be required as measured from property lines:

Lot Size: Seven thousand seven hundred (7,700) square feet.
 Lot Coverage: The maximum Lot Coverage shall not exceed sixty percent (60%).
 Minimum Floor Area: The minimum square footage of a dwelling unit, exclusive of garages, breezeways and porches, shall be two thousand four hundred (2,400) square feet.
 Front Yard: Front yard setbacks shall vary and shall be shown on the Final Plat for the subdivision. To create a variety of front yards on each street, a relatively equal

number of lots shall be platted with twenty feet (20') and twenty-five feet (25') minimum front yards. Covered Front Porches may extend over the front building setback line up to five feet (5'), but the garage door must remain at or behind the front setback line in all instances.

Rear Yard: Ten feet (10') minimum.

Side Yard: Five feet (5') minimum.

Side Yard Adjacent to Street: Fifteen feet (15') minimum.

Lot Width: Seventy feet (70') typical; sixty feet (60') minimum (@ right-of-way) on cul-de-sac lots.

Lot Depth: One hundred ten feet (110') minimum.

Lot Depth (corner or cul-de-sac lot): Eighty-five feet (85') minimum.

Garage Orientation: May face the street; garage access should be accomplished utilizing "swing-in" driveways for a maximum of 50% of this lot type.

Garage Setback: Equivalent to the front yard setback shown on the final plat for the applicable lot.

II. Neighborhood Regulations

The maximum number of lots permitted within the PD District shall not exceed 1064 lots. The maximum percentage of lots per Lot Type is as follows:

Lot Type 1: 60 %

Lot Type 2: 30% Minimum

Lot Type 3: 12% Minimum

The lot types shall generally conform to the layout shown in Exhibit B.

III. Development and Design Standards

A. Sign Program: This development shall conform to the City's current sign ordinance as it currently exists or may be amended.

B. Landscape Standards: All development within PD District shall comply with the following:

1. Tree Requirements:

i. Trees are required to be planted by the homebuilder in the front yard of all lots per the following schedule:

- Lot Type 1 – one, 4" caliper tree, measured at 12 inches above ground
- Lot Type 2 – one, 4" caliper trees, measured at 12 inches above ground
- Lot type 3 – two, 4" caliper tree, measured at 12 inches above ground

ii. Trees shall be planted adjacent to all thoroughfares and collector roads per the following schedule:

- One, 3" caliper tree, measured at 12 inches above ground, spaced every 125'
- Trees shall be planted between the rear property line of the adjacent Lot and the sidewalk

- Planted at the time the adjacent Lot(s) are developed Planted at the time a phase is constructed.
- iii. Tree species shall comply with the City of Celina Zoning Ordinance Chapter 14.05 Appendix E.

Mixed Use Regional District MU-2

The MU-2 requirements shall follow Chapter 14 of the City of Celina's Zoning Ordinance, as amended, which details the requirements of the MU-2 Mixed Use Regional District. All uses and development regulations allowed under the MU-2 zoning district as established in the City of Celina Zoning Ordinance, as amended, are hereby allowed under this PD ordinance except as follows:

Density:

Multiple-family units; maximum twenty two (22) du/ga.

Land use mix limits: The MU-2 zoning district will have a mix of residential and nonresidential uses at the following rates:

Nonresidential uses (stand-alone): shall not exceed 40% of the gross area of the MU-2 zoning district.

Multiple-family uses (stand-alone): Shall not exceed forty (40) percent of the gross area of the MU-2 zoning district.

MISCELLANEOUS

HOMEOWNERS ASSOCIATION

Homeowner Associations or Property Owner Associations will be established as each residential parcel of land is developed. The PD shall contain one or multiple Homeowner Associations/Property Owner Associations.

OPEN SPACE

The Single Family and Commercial (not including MU-2 zoning) tracts of the PD will contain approximately 37 acres of Open Space.

City Council
August 8, 2023

LOCATION MAP

The subject property is generally located west and east of Custer Road and north and south of GA Moore Parkway

BACKGROUND

- The subject property is approximately 641 acres, located in the City Limits
- The property is currently zoned Planned Development No. 70 and has an existing Development Agreement, approved in July 2016
- The applicant's request is to enter into a new Development Agreement to replace the existing agreement to update entitlements

AGREEMENT OVERVIEW

- The Development Agreement proposes updated zoning for the property, including modern amenities, open space/parks, and trails which are not part of the existing entitlement
- Additionally, the agreement proposes a school site and adherence to all modern design standards and the Neighborhood Vision Book (NVB)
- The agreement proposes customized infrastructure obligations
- Land use mix generally remains the same, and includes Mixed-Use (MU) and Single-Family Residential Detached or Attached (SF-R or SF-A)
- 13 acres being dedicated adjacent to Northeast Park
- Allows for a Municipal Management District (MMD) financing tool

CONCEPT PLAN - ORIGINAL

CONCEPT PLAN - PROPOSED

OPEN SPACE PLAN

POLICY CONSIDERATIONS

- The DA provides modern design standards
- Reservation of school site and dedicated parkland adjacent to Northeast Park
- Developed as an integrated neighborhood with a mix of lot sizes rather than separated pods per the original DA
- Several amenity centers throughout rather than just one
- Customized infrastructure
- Use of Municipal Management District (MMD) financing tool

P&Z PUBLIC HEARING

- The only speaker noted that MF-o (horizontal multi-family) proposals seemed more common recently

ADDITIONAL DISCUSSION

Staff recently provided additional clarification on the following topics since the July packet posted:

- The “large” & “small” amenity center language used in the agreement is consistent with base ordinances
- Both the “large” and “small” amenity center sizes have defined scopes
- The purpose of 4 (1 large, 3 small) was to prevent residents from having to cross roadways to enjoy neighborhood amenities
- Celina Association of Renaissance Excellence (CARE) is the legal business entity that executes the vision of the program commonly referred to as the Celina Education Fund

ROADWAY

On site Roadway Obligations:

- 2-lane of GA Moore from E end to W End (1.2 M @ \$1500/ft = \$9.5M)
- 2- lanes of Custer from N to S end (0.4 mi @ \$1500/ft = \$3.2 M)

Off-site Roadway obligation

- 2 lanes of GA Moore from Preston to E End (~1.05 mi @ \$1500/ft = \$9.6M)

Waiving

- 2 lanes of GA Moore from E to W End (~1.2 mi @ \$1200/ft = \$7.6M)
- 2 lanes of Custer from N to S End (0.4 mi @ \$1200/ft = \$2.5M)

PARKLAND DEDICATION

- Create 10' trail through the development
- Dedicate a 12 acre park on N side adjacent to NE community park
- Create 4 amenity areas to avoid residents needing to cross arterials like Creeks of Legacy

RECOMMENDATION

- The Planning & Zoning Commission unanimously recommended approval at its regular meeting in June
- Staff recommends approval as presented

DEVELOPMENT AGREEMENT

This Development Agreement (this “Agreement”) is entered into by and between HFI Celina Realty, LLC (the “Developer”) and the City of Celina (the “City”), to be effective on the date upon which the last of all of the Parties has approved and duly executed this Agreement (“Effective Date”).

RECITALS

WHEREAS, certain capitalized terms used herein are defined in Article I; and

WHEREAS, the City is a home-rule municipality of the State of Texas located within Denton County and Collin County; and

WHEREAS, the Developer and the City (which are sometimes individually referred to as a “Party” and collectively as the “Parties”) desire to enter into this Agreement; and

WHEREAS, on the date the City Council voted to approve this Agreement, Developer owns approximately 640.575 acres of land, generally located south and east of the intersection of CR 131 and CR 132, which lies within the corporate limits of the City, and within Collin County, Texas and is described by metes and bounds on Exhibit A and depicted in Exhibit B, (the “Property”); and

WHEREAS, the City previously entered into a development agreement with Celina Partners, LTD, Legacy Equestrian Center, LLC, and Patricia Deason governing the Property recorded on July 12, 2016 as instrument number 20160712000888000 in the Collin County property records (“Prior DA”); and

WHEREAS, Developer represents that it is the sole assignee of the Prior DA, and the Developer and the City intend to terminate Prior DA and replace it with this Agreement; and

WHEREAS, the Developer intends to develop the Property as a planned development with residential and commercial uses (the “Development”); and

WHEREAS, the Parties intend for this Agreement to establish certain restrictions and to impose certain commitments in connection with the development of the Property; and

WHEREAS, the Parties intend for the Property to be developed in a manner consistent with the City’s zoning requirements, building material requirements, and building code requirements, except as otherwise provided herein; and

WHEREAS, the Parties intend that the Property will be developed in accordance with the concept plan attached hereto as Exhibit C (the “Concept Plan”), the development standards attached hereto as Exhibit D (the “Development Standards”), the trails and open space improvements attached herein as Exhibit E, the roadway improvements attached hereto as Exhibit F (the “Roadway Improvements”), the water improvements attached hereto as Exhibit G (the “Water Improvements”), and the wastewater improvements attached hereto as Exhibit H (the “Wastewater Improvements”); and

Attachment: Draft Agreement (O'Donnell (HFI & Rainwater Crossing) – Development Agreement)

WHEREAS, the Developer intends to construct and/or make financial contributions to certain onsite and/or offsite public improvements to serve the Development; and

WHEREAS, in consideration of the Developer's agreements contained herein to develop the Property as envisioned by the Parties, and to incentivize the development of the Property, the City has agreed to reduce the capital recovery fees for the Development as specifically set forth in this Agreement; and

WHEREAS, the City will hold the certificates of convenience and necessity (the "CCNs") to provide retail water and wastewater service to the Property, and the Parties intend for the City to provide retail water and wastewater service to the Property; and

WHEREAS, subject to any cost participation undertaken by the City for oversizing water or wastewater facilities inside the Property to serve surrounding properties, the Development will require Developer to build certain onsite infrastructure, including streets and roads; drainage; water, sanitary sewer, and other utility systems; parks, open space, landscaping, and trail systems; and dedicate land for all of the onsite public improvements (collectively, "Onsite Public Improvements") and together with the Roadway Improvements, Wastewater Improvements, and Water Improvements (the "Public Infrastructure"); and

WHEREAS, the City has determined that full development of the Property as provided herein will promote local economic development within the City and will stimulate business and commercial activity within the City, which will drive infrastructure investment and job creation, and have a multiplier effect that increases both the City's tax base and utility revenues; and

WHEREAS, the Parties have determined that the Development will increase the quality of housing within the City; and

WHEREAS, the Parties have determined that the financing of the Public Infrastructure necessary for the Development can best be achieved by means of the creation through the Texas Commission on Environmental Quality (the "TCEQ") of a Municipal Management District pursuant to Chapter 375 of the Texas Local Government Code, as amended; and

WHEREAS, Developer has submitted to the City a written petition requesting the City's consent to the creation of, and the inclusion of the Property in, a Municipal Management District to be known as "Rainwater Crossing Municipal Management District of Collin County"; and

WHEREAS, as evidence of the City's consent, contemporaneously with the approval of this Agreement, the City intends to adopt a Consent Resolution (the "Consent Resolution") in the form attached hereto as **Exhibit J** demonstrating the City's consent, pursuant to Section 54.016 of the Texas Water Code, to the inclusion of the Property in the MMD; and

WHEREAS, the conditions in the Consent Resolution were a material inducement to the City in providing the Consent Resolution and entering this Agreement; and

WHEREAS, the Parties desire for the MMD, or a Public Improvement District (a "PID") described in Chapter 372, Texas Local Government Code, as amended, entitled the "Public

Improvement District Assessment Act” (the “PID Act”), as amended, to be utilized to aid in the development of the Property, pursuant to the terms of this Agreement and the PID and MMD creation documents, as applicable; and

WHEREAS, the City and the Developer agree that the Development can best proceed pursuant to a development agreement such as this Agreement.

NOW, THEREFORE, for and in consideration of the mutual covenants of the Parties set forth in this Agreement and for other good and valuable consideration, the receipt and adequacy of which are acknowledged, the Parties agree as follows:

ARTICLE II

CONSENT TO CREATION OF THE MMD

2.1 Consent to MMD Creation. Contemporaneously with the approval of this Agreement, the City Council agrees to adopt the Consent Resolution in generally the form attached hereto as Exhibit J demonstrating the City's consent, pursuant to Section 54.016 of the Texas Water Code, to the inclusion of the Property in the MMD. This Agreement and the Consent Resolution constitute the irrevocable and unconditional consent of the City to the creation of the MMD encompassing the Property pursuant to the authority of Article III, Section 52, and Article XVI, Section 59, of the Texas Constitution, Chapter 49 of the Texas Water Code, and Chapter 375 of the Texas Local Government Code, as amended.

2.2 Consent Resolution; Other Documents. The City agrees to adopt such further resolutions or ordinances and execute such further documents as reasonably requested by Developer, the MMD, the TCEQ, the Attorney General of the State of Texas, or any governmental agency or political subdivision having jurisdiction over the MMD, to evidence the City's consents as set forth in this Agreement and the Consent Resolution.

2.3 No Limitation of Powers. Nothing herein is intended to limit, impair, or conflict with the authority of or powers granted to the MMD by the Texas Constitution, Texas Water Code, Texas Local Government Code, or any other current or future statute applicable to municipal management districts.

2.4 Full Satisfaction. The consents contained in this Article II and in the Consent Resolution (the "District Consent") are given by the City: (a) in full and exclusive satisfaction of any applicable requirements for MMD consents contained in any statute or otherwise required by law, rule, regulation or policy, including, but not limited to, consents required by the Texas Water Code, as amended, the Texas Local Government Code, as amended, any rules, regulations or policies of the TCEQ, or any rules, regulations or policies of the Texas Attorney General; (b) with the understanding that the District Consent are irrevocable and cannot be withdrawn or modified in any way by the City or by any action of the City Council without the prior written approval of Developer unless Developer has failed to comply with the conditions in the District Consent; and (c) with the understanding the Developer has relied on the District Consent to Developer's material detriment and but for the District Consent Developer would not have entered into this Agreement; and (d) with the understanding that the District Consent shall not be affected by (1) any default under this Agreement, whether by Developer or any other person or entity that is now or hereafter becomes bound by this Agreement unless Developer has failed to comply with the conditions in the District Consent, (2) any other act or omission by Developer or any other person or entity, whether or not related to this Agreement or the Property, and (3) any act or omission by the MMD, whether or not related to this Agreement or the Property.

ARTICLE III **PUBLIC INFRASTRUCTURE**

3.1 Public Infrastructure.

(a) Standards. Except as otherwise expressly provided for in this Agreement, all Public Infrastructure shall be designed, constructed and installed by the Developer in compliance with the City Regulations. Construction and/or installation of Public Infrastructure shall not begin until complete and accurate plans and specifications have been approved by the City. Each contract for construction of Public Infrastructure shall require a two-year maintenance bond following completion of such Public Infrastructure, which bond shall run in favor of the Party responsible for maintenance of the completed Public Infrastructure. To the extent easements or rights-of-way are needed within the Property and/or on the perimeter of the Property, they shall be dedicated by the Developer to the City at no cost to the City. The Public Infrastructure will be installed within easements granted to the City or in the public right-of-way, however utilities must be in an easement separate from the right-of-way. The size of the Public Infrastructure shall be as finally determined by the City's engineer, however, should the City's engineer determine oversizing is needed to serve property other than the Development, then the City shall pay its proportionate share of such oversizing costs as they become due and payable under the construction contract.

(b) ROW Dedication. The Developer shall, either by plat at the time of development or by deed within ninety (90) days of a request by the City, dedicate the right-of-way for thoroughfares, roads, streets, and alleys.

(c) Roadway Improvements by Developer. As required by the City Regulations, and at the locations depicted on **Exhibit F**, Developer shall, at its sole cost and expense, design and construct the following (the "Roadway Improvements") in accordance with the City's thoroughfare plan, to be completed with the phase of Development adjacent to each road, except as otherwise provided herein:

(1) All roadway Onsite Public Improvements required by the City Regulations and needed to serve the Development;

(2) Two (2) lanes of N. Custer Road;

(3) Two (2) lanes of CR 130 to be built or costs to be deposited in escrow with the City in accordance with a written agreement with the City at the development of the adjacent phase;

(4) Two (2) lanes of CR 132 to be built costs to be deposited in escrow with the City in accordance with a written agreement with the City at the development of the adjacent phase; and

(5) Two (2) lanes of GA Moore Parkway/FM 455 from Preston Road to the Property to be completed by the sooner of (i) the 3rd phase of the Development, or (ii) the City's issuance of a 500th building permit for the entire Development.

(d) Water Improvements by Developer. As required by the City Regulations and as depicted on Exhibit G, Developer shall, at its sole cost and expense, design and construct all water Onsite Public Improvements required by the City Regulations and needed to serve the Development, and all offsite water public improvements, in the sizes and locations provided in Exhibit G, provided however that any lines over 18 inches in size shall be considered oversized and subject to City's proportionate share of oversizing costs (the "Water Improvements"). The Water Improvements to serve each phase shall be completed with such phase. Notwithstanding the foregoing, if the City installs at its own costs any Water Improvements required in this paragraph to be paid for by Developer, Developer shall reimburse the City for such costs.

(e) Wastewater Improvements by Developer. As required by the City Regulations and as depicted on Exhibit H, Developer shall, at its sole cost and expense, design and construct all wastewater Onsite Public Improvements required by the City Regulations and needed to serve the Development, including lift stations, and all offsite wastewater improvements, in the sizes and general locations provided in Exhibit H ("Wastewater Improvements"). The Wastewater Improvements to serve each phase shall be completed with such phase and sized for the ultimate capacity needed to serve the Development. Notwithstanding the foregoing, if the City installs at its own costs any Wastewater Improvements required in this paragraph to be paid for by Developer, Developer shall reimburse the City for such costs.

3.2 Inspections, Acceptance of Public Infrastructure.

(a) Roadway and Storm Infrastructure. The City shall have the right to inspect, at any time, the construction of all roadway and storm water Public Infrastructure, and any related Public Infrastructure necessary to support the proposed development within the Property, which shall be inspected, designed and constructed in compliance with all statutory and regulatory requirements, including design and construction criteria, and the City Regulations, unless as otherwise provided herein.

(b) Water and Wastewater Infrastructure. The City shall have the right to inspect the construction of all water and wastewater Public Infrastructure at any time, which water and wastewater shall be inspected, designed and constructed in compliance with all statutory and regulatory requirements, including design and construction criteria, and the City Regulations. The timing of construction of the various components of the water and wastewater Public Infrastructure shall be as required by the City Regulations, unless as otherwise provided herein.

(c) No Release. The City's inspections shall not release the Developer from its responsibility to construct, or ensure the construction of, adequate Public Infrastructure in accordance with approved engineering plans, construction plans, and other approved plans related to the Development provided the City satisfies its obligations under this Agreement.

(d) City Owned. From and after the inspection and acceptance by the City of the Public Infrastructure and any other dedications required under this Agreement, such improvements and dedications shall be owned and maintained by the City.

(e) Approval of Plats/Plans. Approval of plats, permits, plans, designs or specifications by the City shall be in accordance with the City Regulations, unless as otherwise provided herein.

Approval by the City, the City's engineer or other City employee or representative of any plats, permits, plans, designs or specifications submitted pursuant to this Agreement or pursuant to the City Regulations shall not constitute or be deemed to be a release of the responsibility and liability of the Developer, his engineer, employees, officers or agents for the accuracy and competency of their design and specifications. Further, any such approvals shall not be deemed to be an assumption of such responsibility and liability by the City for any defect in the design and specifications prepared by the Developer or the Developer's engineer, or engineer's officers, agents, servants, or employees, it being the intent of the parties that approval by the City's engineer signifies the City's approval on only the general design concept of the improvements to be constructed. All plats and plans of the Developer related to the Property shall meet the requirements of the applicable City Regulations, unless as otherwise provided herein.

3.3 Eminent Domain. The Developer agrees to use commercially reasonable efforts to obtain all third-party rights-of-way, consents, or easements, if any, required for the Public Infrastructure. If, however, the Developer is unable to obtain such third-party rights-of-way, consents, or easements within ninety (90) days of the Effective Date, the City agrees to take reasonable steps to secure same (subject to City Council authorization after a finding of public necessity) through the use of the City's power of eminent domain. The Developer shall be responsible for funding all reasonable and necessary legal proceeding/litigation costs, attorney's fees and related expenses, and appraiser and expert witness fees (collectively, "Eminent Domain Fees") paid or incurred by the City in the exercise of its eminent domain powers and shall, if requested in writing by the City, escrow with a mutually agreed upon escrow agent the City's reasonably estimated Eminent Domain Fees both in advance of the initiations of each eminent domain proceeding and as funds are needed by the City. Provided that the escrow fund remains appropriately funded in accordance with this Agreement, the City will use all reasonable efforts to expedite such condemnation procedures so that the Public Infrastructure can be constructed as soon as reasonably practicable in accordance with the timing contemplated within this Agreement. If the City's Eminent Domain Fees exceed the amount of funds escrowed in accordance with this paragraph, the Developer shall deposit additional funds as requested by the City into the escrow account within ten (10) days after written notice from the City. City is not required to continue pursuing the eminent domain unless and until the Developer deposits additional Eminent Domain Fees with the City. Any unused escrow funds will be refunded to the Developer with thirty (30) days after any condemnation award or settlement becomes final and non-appealable. Nothing in this subsection is intended to constitute a delegation of the police powers or governmental authority of the City, and the City reserves the right, at all times, to control its proceedings in eminent domain.

3.4 Operation and Maintenance.

(a) Upon inspection, approval, and acceptance of the water and wastewater Public Infrastructure or any portion thereof, the City shall maintain and operate the accepted water and wastewater infrastructure or any accepted portion thereof and provide water and wastewater service to the Property.

(b) Upon inspection, approval, and acceptance of the roadway and storm water Public Infrastructure or any portion thereof, the City shall maintain and operate the roadways and storm water infrastructure or any accepted portion thereof.

(c) Maintenance and operation by Developer, HOA, or MMD of open spaces, trails, common areas, right-of-way irrigation systems, right-of-way landscaping, screening walls, detention ponds and any other common improvements or appurtenances is addressed in the Development Standards, and to the extent not addressed shall be maintained and operated by a homeowner's association in accordance with the City Regulations.

ARTICLE IV

DEVELOPMENT REGULATIONS

4.1 Full Compliance with City Standards.

(a) Development of the Property shall be subject to the applicable City Regulations, unless as otherwise provided herein.

(b) The Parties agree the Concept Plan was created by the Developer for illustrating the boundary, lot mix and general layout of the Development. Any amendment to the Concept Plan shall be considered an amendment to this Agreement and shall replace the attached Concept Plan and become a part of this Agreement. The City Manager of the City may administratively approve any amendments to the Concept Plan that the City Manager deems in his reasonable discretion to be minor in nature. If the City Manager deems an amendment to not be minor in nature, the Concept Plan may be amended as set forth in the City Regulations.

4.2 **Plat.** The Developer may submit a plat for all or any portion of the Property. Any plat shall be in general conformance with the Concept Plan, including any amendments. The processing and content of all plats must adhere to the City Regulations, as they may be expressly altered by this Agreement.

4.3 **Vested Rights.** This Agreement shall constitute a "permit" under Chapter 245 of the Texas Local Government Code that is deemed filed with the City on the date upon which the last of all of the Parties has approved and duly executed this Agreement. The Developer does not, by entering into this Agreement, waive any rights or obligations arising under Chapter 245 of the Texas Local Government Code. Upon an administratively complete application for a final plat for any portion of the Property, Developer may claim vested rights as to the portion of the Property contained in the final plat based upon ordinances in effect at the time of final plat application, except to the extent such claim would cause the City's building material regulations in the zoning ordinance or in other City ordinances to be inapplicable, unless as otherwise provided herein.

4.4 **Building Codes, Fire Codes and Building Materials.** *As consideration for the capital recovery fees being reduced and impact fees being waived for the Property, Developer has consented to and requested, and the Parties agree, that **Exhibit D**, the City-adopted building codes and local amendments as subsequently amended, the City-adopted fire codes and local amendments as subsequently amended, and the City's building material regulations contained in the zoning ordinance and in other City ordinances, all as subsequently amended, to apply to the Property, and voluntarily agrees to burden the Property with their applicability, despite Texas Government Code Chapter 3000, effective September 1, 2019, as it presently exists or may be subsequently amended. The Parties further acknowledge and agree that the terms, provisions, covenants, and agreements contained in, or referenced in, this paragraph are covenants that touch*

and concern the Property and that it is the intent of the Parties that such terms, provisions, covenants, and agreements shall run with the Property and shall be binding upon the Parties hereto, their successors and assigns, and all subsequent owners of the Property. Should any amendment to the building material regulations contained in the zoning ordinance and in other city ordinances be held to be invalid by a court of competent jurisdiction, the Parties agree that the building material regulations in effect on August 1, 2019 shall then touch and concern the Property and be binding upon the Property, unless as otherwise provided herein.

4.5 Internet and Gas Lines. Simultaneously with the construction of water Public Infrastructure, the Developer shall install within public rights-of-way or public easements high-speed internet infrastructure (either fiber or a future technology approved by the City) and gas lines to the perimeter of each lot. The high-speed internet infrastructure/fiber and gas lines shall be adequately sized to serve the intended use of the lot, with the high-speed internet infrastructure/fiber being capable of transmitting high-speed internet of at least 1 gig per second. Once installed, the Developer shall have no obligation to own, maintain or upgrade such high-speed internet infrastructure or gas lines.

4.6 Amenity Centers. Developer shall construct the amenity center(s) described on **Exhibit D.** Completion of the amenity centers by Developer shall be evidenced by a certificate of occupancy from the City. Construction of the first amenity center shall commence prior to the issuance of the 200th building permit for a single family home within the Development.

4.7 Dedications for Public Parks, Open Space, and Schools.

(a) Developer shall dedicate thirteen (13) acres for park land. At least 42.51 acres of the Property shall be developed as open space, inclusive of the park land dedication and amenities as depicted in **Exhibit E.** The parks and open space will be developed in phases in accordance with **Exhibit E** when the adjacent phase of development is final platted. Developer, HOA, or MMD-owned open space areas shall be maintained by HOA, but shall be open to the public (excluding amenity centers, which shall be private). Open space shall be in conformance with the City's Neighborhood Vision Book, unless as otherwise provided herein.

(b) One school site of at least eleven (11) acres for an elementary school shall be reserved by the Developer. The site may be dedicated or sold to the school district at the Developer's acquisition cost by separate agreement between the school district and the Developer, which, at such parties' discretion, may include a reverter clause if the school is not built within five (5) years.

ARTICLE V

DEVELOPMENT PROCESS AND CHARGES

5.1 Capital Recovery Fees.

(a) Residential Fees Altered. Except as specifically described below, the Property shall be subject to those fees and charges due and payable to the City in connection with the Development that are charged pursuant to City Regulations to other developments located in the corporate limits of the City. Notwithstanding the foregoing, no capital recovery fees, including, but not limited to, pro rata fees, impact fees for water, sewer and roadways and other capital

recovery fees shall be charged for single-family development against the Property other than: (i) park fees in an amount not exceeding \$1,500 per residential dwelling unit; (ii) technology fees in an amount not to exceed \$500 per residential dwelling unit; (iii) roadway capital fees of \$3,500 per residential dwelling unit; (iv) water capital fees of \$3,000 per residential dwelling unit; and (v) wastewater capital fees of \$3,500 per residential dwelling unit. Roadway, water, and wastewater capital fees shall each escalate by an additional \$500 per residential dwelling unit upon reaching the five-year anniversary of the Effective Date, and again upon the next succeeding ten-year anniversary. All capital recovery fees applicable to individual lots will be due and payable at the time building permits are issued for each lot.

(b) Commercial and Multifamily Fees. The Property will be subject to those fees and charges that are applicable at the time of building permit for the commercial and multifamily portions of the Development that are charged pursuant to City Regulations.

(c) Parkland Dedication Fees. Parkland Dedication Fees shall be waived so long as Developer makes the park land dedication described in Section 4.7(a).

(d) Public Education Support. Developer requests, and City agrees, that the City collect an additional One Hundred dollars (\$100.00) with every building permit application submitted to the City for new construction on the Property. No less than annually, the City shall remit the funds collected in accordance with this paragraph to the Celina Education Foundation. Further, Developer agrees to cause the homeowner's association that Developer intends to create over all or some of the Property (which will initially be controlled by Developer) to approve the public educational support agreement, in a form substantially similar to the agreement attached hereto as Exhibit I, at the first/organization meeting of said association. In addition, when Developer creates the homeowner's association, the covenants, conditions and restrictions shall contain language substantially similar to Exhibit B of Exhibit I.

(e) Tree Mitigation Fees. Tree mitigation fees shall be \$250,000 to be paid in \$50,000 increments prior to City's acceptance of a final plat for each of the first five (5) phases. A tree survey shall not be required for any portion of the Development.

5.2 INDEMNIFICATION AND HOLD HARMLESS.

(a) **THE DEVELOPER AND ITS SUCCESSORS AND ASSIGNS SHALL INDEMNIFY AND HOLD HARMLESS THE CITY, ITS OFFICIALS, EMPLOYEES, OFFICERS, REPRESENTATIVES AND AGENTS (EACH AN "INDEMNIFIED PARTY"), FROM AND AGAINST ALL ACTIONS, DAMAGES, CLAIMS, LOSSES OR EXPENSE OF EVERY TYPE AND DESCRIPTION TO WHICH THEY MAY BE SUBJECTED OR PUT: (I) BY REASON OF, OR RESULTING FROM THE BREACH OF ANY PROVISION OF THIS AGREEMENT BY THE DEVELOPER; (II) THE NEGLIGENT DESIGN, ENGINEERING AND/OR CONSTRUCTION BY THE DEVELOPER OR ANY ARCHITECT, ENGINEER OR CONTRACTOR HIRED BY THE DEVELOPER OF ANY OF THE PUBLIC INFRASTRUCTURE ACQUIRED FROM THE DEVELOPER HEREUNDER; (III) THE DEVELOPER'S NONPAYMENT UNDER CONTRACTS BETWEEN THE DEVELOPER AND ITS CONSULTANTS, ENGINEERS, ADVISORS, CONTRACTORS, SUBCONTRACTORS AND SUPPLIERS IN THE PROVISION AND/OR CONSTRUCTION OF THE PUBLIC INFRASTRUCTURE; (IV) ANY CLAIMS OF PERSONS EMPLOYED BY THE DEVELOPER OR ITS AGENTS TO CONSTRUCT THE PUBLIC INFRASTRUCTURE; OR (V) ANY CLAIMS AND SUITS OF THIRD PARTIES, INCLUDING**

BUT NOT LIMITED TO DEVELOPER'S RESPECTIVE PARTNERS, OFFICERS, DIRECTORS, EMPLOYEES, REPRESENTATIVES, AGENTS, SUCCESSORS, ASSIGNEES, VENDORS, GRANTEES, AND/OR TRUSTEES, REGARDING OR RELATED TO THE PUBLIC INFRASTRUCTURE OR ANY AGREEMENT OR RESPONSIBILITY REGARDING THE PUBLIC INFRASTRUCTURE, INCLUDING CLAIMS AND CAUSES OF ACTION WHICH MAY ARISE OUT OF THE PARTIAL NEGLIGENCE OF AN INDEMNIFIED PARTY (THE "CLAIMS"). NOTWITHSTANDING THE FOREGOING, NO INDEMNIFICATION IS GIVEN HEREUNDER FOR ANY ACTION, DAMAGE, CLAIM, LOSS OR EXPENSE DETERMINED BY A COURT OF COMPETENT JURISDICTION TO BE DIRECTLY ATTRIBUTABLE TO THE WILLFUL MISCONDUCT OR SOLE NEGLIGENCE OF ANY INDEMNIFIED PARTY. DEVELOPER IS EXPRESSLY REQUIRED TO DEFEND CITY AGAINST ALL SUCH CLAIMS, AND CITY IS REQUIRED TO REASONABLY COOPERATE AND ASSIST DEVELOPER IN PROVIDING SUCH DEFENSE.

(b) IN ITS REASONABLE DISCRETION, CITY SHALL HAVE THE RIGHT TO APPROVE OR SELECT DEFENSE COUNSEL TO BE RETAINED BY DEVELOPER IN FULFILLING ITS OBLIGATIONS HEREUNDER TO DEFEND AND INDEMNIFY THE INDEMNIFIED PARTIES, UNLESS SUCH RIGHT IS EXPRESSLY WAIVED BY CITY IN WRITING. THE INDEMNIFIED PARTIES RESERVE THE RIGHT TO PROVIDE A PORTION OR ALL OF THEIR/ITS OWN DEFENSE, AT THEIR/ITS SOLE COST; HOWEVER, INDEMNIFIED PARTIES ARE UNDER NO OBLIGATION TO DO SO. ANY SUCH ACTION BY AN INDEMNIFIED PARTY IS NOT TO BE CONSTRUED AS A WAIVER OF DEVELOPER'S OBLIGATION TO DEFEND INDEMNIFIED PARTIES OR AS A WAIVER OF DEVELOPER'S OBLIGATION TO INDEMNIFY INDEMNIFIED PARTIES PURSUANT TO THIS AGREEMENT. DEVELOPER SHALL RETAIN CITY-APPROVED DEFENSE COUNSEL WITHIN SEVEN BUSINESS DAYS OF WRITTEN NOTICE FROM AN INDEMNIFIED PARTY THAT IT IS INVOKING ITS RIGHT TO INDEMNIFICATION UNDER THIS AGREEMENT. IF DEVELOPER FAILS TO RETAIN COUNSEL WITHIN SUCH TIME PERIOD, INDEMNIFIED PARTIES SHALL HAVE THE RIGHT TO RETAIN DEFENSE COUNSEL ON THEIR OWN BEHALF, AND DEVELOPER SHALL BE LIABLE FOR ALL REASONABLE COSTS INCURRED BY INDEMNIFIED PARTIES. THE CITY AGREES, UNLESS ADVISED BY DEFENSE COUNSEL TO THE CONTRARY, TO ASSERT ITS IMMUNITY FROM LIABILITY AND IMMUNITY FROM SUIT AND/OR OTHER AVAILABLE AFFIRMATIVE DEFENSES

(c) THIS SECTION 5.2 SHALL SURVIVE THE TERMINATION OF THIS AGREEMENT.

(d) THE PARTIES AGREE AND STIPULATE THAT THIS INDEMNIFICATION AND THE EXPRESS NEGLIGENCE TEXT COMPLIES WITH THE CONSPICUOUSNESS REQUIREMENT, AND IS VALID AND ENFORCEABLE AGAINST THE DEVELOPER.

5.3 THE DEVELOPER'S ACKNOWLEDGEMENT OF THE CITY'S COMPLIANCE WITH FEDERAL AND STATE CONSTITUTIONS, STATUTES AND CASE LAW AND FEDERAL, STATE AND LOCAL ORDINANCES, RULES AND REGULATIONS/DEVELOPERS' WAIVER AND RELEASE OF CLAIMS FOR OBLIGATIONS EXPRESSLY SET FORTH IN THIS AGREEMENT.

(a) THE DEVELOPER ACKNOWLEDGES AND AGREES THAT, PROVIDED THERE ARE NO CITY DEFAULTS UNDER THIS AGREEMENT:

(i) THE PUBLIC INFRASTRUCTURE EXPRESSLY SET FORTH IN THIS AGREEMENT TO BE CONSTRUCTED UNDER THIS AGREEMENT, AND THE FEES TO BE

IMPOSED BY THE CITY PURSUANT TO THIS AGREEMENT, REGARDING THE PROPERTY, IN WHOLE OR IN PART, DO NOT CONSTITUTE A:

- (A) TAKING UNDER THE TEXAS OR UNITED STATES CONSTITUTION;
- (B) VIOLATION OF THE TEXAS LOCAL GOVERNMENT CODE, AS IT EXISTS OR MAY BE AMENDED; AND/OR
- (C) NUISANCE.

(II) THE AMOUNT OF THE DEVELOPER'S FINANCIAL AND INFRASTRUCTURE CONTRIBUTION FOR THE PUBLIC INFRASTRUCTURE EXPRESSLY SET FORTH IN THIS AGREEMENT IS ROUGHLY PROPORTIONAL TO THE DEMAND THAT THE DEVELOPER'S ANTICIPATED IMPROVEMENTS AND DEVELOPER'S DEVELOPMENT OF THE PROPERTY PLACES ON THE CITY'S INFRASTRUCTURE.

(III) THE DEVELOPER HEREBY AGREES, STIPULATES AND ACKNOWLEDGES THAT: (A) ANY PROPERTY WHICH IT CONVEYS TO THE CITY OR ACQUIRES FOR THE CITY PURSUANT TO THIS AGREEMENT IS ROUGHLY PROPORTIONAL TO THE BENEFIT RECEIVED BY THE DEVELOPER FOR SUCH LAND, AND THE DEVELOPER HEREBY WAIVES ANY CLAIM THEREFOR THAT IT MAY HAVE; AND (B) ALL PREREQUISITES TO SUCH DETERMINATION OF ROUGH PROPORTIONALITY HAVE BEEN MET, AND ANY VALUE RECEIVED BY THE CITY RELATIVE TO SAID CONVEYANCE IS RELATED BOTH IN NATURE AND EXTENT TO THE IMPACT OF THE DEVELOPMENT OF THE PROPERTY ON THE CITY'S INFRASTRUCTURE. THE DEVELOPER FURTHER AGREES TO WAIVE AND RELEASE ALL CLAIMS IT MAY HAVE AGAINST THE CITY UNDER THIS AGREEMENT RELATED TO ANY AND ALL: (A) CLAIMS OR CAUSES OF ACTION BASED ON ILLEGAL OR EXCESSIVE EXACTIONS; AND (B) ROUGH PROPORTIONALITY AND INDIVIDUAL DETERMINATION REQUIREMENTS MANDATED BY THE UNITED STATES SUPREME COURT IN *DOLAN V. CITY OF TIGARD*, 512 U.S. 374 (1994), AND ITS PROGENY, AS WELL AS ANY OTHER REQUIREMENTS OF A NEXUS BETWEEN DEVELOPMENT CONDITIONS AND THE PROJECTED IMPACT OF THE PUBLIC INFRASTRUCTURE.

(b) THIS SECTION 5.3 SHALL SURVIVE THE TERMINATION OF THIS AGREEMENT.

ARTICLE VI

TERM

The term of this Agreement shall be for a period of twenty (20) years after the Effective Date, except that Section 4.4, plus all provisions referenced in Section 4.4, of this Agreement are covenants that touch and concern the Property and shall run with the Property following the termination of this Agreement. The Parties may extend the term of this Agreement if they execute an agreement in writing.

ARTICLE VII

ZONING

The Parties agree that the Concept Plan, Development Standards and the applicable provisions of this Agreement memorialize the plan for development of the Property as provided for under applicable law. The City shall consider rezoning the Property consistent with the Concept Plan, Development Standards and applicable provisions of this Agreement. Through this Agreement, the Developer expressly consents and agrees to the rezoning of the Property consistent with and as contemplated by this section. In the event of a conflict between this Agreement and the zoning of the Property, the Parties agree that this Agreement shall control. The Developer agrees that nothing in this Agreement shall prevent **Exhibit D**, Section 4.4 of this Agreement, and the City Regulations, including but not limited to zoning, from being enforced against an End-Buyer.

ARTICLE VIII

INFRASTRUCTURE FINANCING

8.1 Generally. Developer shall be responsible for the installation of all Public Infrastructure as shown on any plat and related construction plans. The Public Infrastructure to be financed by the MMD or PID shall include public improvement projects authorized under the PID Act and/or MMD creation order, including Texas Local Government Code Chapters 372 and 375. The timing and requirements for completion of the Public Infrastructure shall be determined for each phase of development, at the time Developer is ready to develop a phase, in accordance with the City Regulations and this Agreement. The Developer will design, construct, and install the Public Infrastructure using funds advanced by Developer, the MMD, and/or PID.

8.2 MMD Financing.

(a) The Parties agree that the MMD may be used to finance the Public Infrastructure.

(b) The City recognizes that the MMD would have authority to issue bonds pursuant to the terms of this Agreement and the City agrees that the MMD may, subject to then current conditions in the municipal debts markets and the conditions in this Agreement and the City's Resolution for consent, issue bonds secured by funds available to the MMD in accordance with applicable statutes (the "MMD Bonds"), for financing and constructing the Public Infrastructure by the MMD and subsequent conveyance to the City, the proceeds of which will be used to pay construction costs or reimburse Developer for, among other things, its actual construction costs for the Public Infrastructure and costs related to easement and/or right-of-way acquisition. The issuance of MMD Bonds by the MMD shall be subject to the following conditions:

- i. the adoption or amendment of a service and assessment plan, assessment roll, and an assessment order by the MMD, if applicable;
- ii. the MMD may issue debt for onsite or offsite projects, but may only issue bonds secured by assessment revenues if such bonds are for major improvements that serve a majority of the Property; however, the MMD may issue unlimited tax bonds secured by

taxes levied by the MMD in accordance with applicable law, for any onsite or offsite projects, whether for major improvements serve a majority of the Property or not;

iii. bonds secured by assessment revenues that meet the parameters of this paragraph may be issued by the MMD without further City consent: (i) minimum 3 to 1 value to lien pursuant to appraisal, (ii) no third-party financing or issuance by a public finance authority located outside the State of Texas, (iii) required minimum \$100,000 denominations, and (iv) maximum 30-year maturity for each series of bonds. The MMD may issue assessment revenue bonds outside of these parameters only with written consent of the City Council;

iv. bonds issued by the MMD shall not exceed an aggregate principal amount sufficient to fund: (i) the actual costs of the Public Infrastructure to be funded by the MMD, (ii) required reserves and capitalized interest during the period of construction and not more than 12 months after the completion of construction and in no event for a period greater than 2 years from the date of the initial delivery of the MMD Bonds, and (iii) any costs of issuance;

v. issuance of bonds by the MMD to directly fund construction of Public Infrastructure will require additional City written consent to each issuance of a series of bonds utilized to fund construction of Public Infrastructure;

vi. issuance of bonds by the MMD for reimbursement to Developer by the MMD or acquisition of previously constructed Public Infrastructure may be issued without City written consent, subject to the other parameters of this Section;

vii. approval by the Texas Attorney General of the MMD Bonds and registration of the MMD Bonds by the Comptroller of Public Accounts of the State of Texas;

viii. the Developer is current on all taxes, assessments, fees and obligations to the City;

ix. no outstanding MMD Bonds or PID Bonds are in default and no reserve funds have been drawn upon that have not been replenished;

x. review and approval by the City of the plats, construction plans and Service and Assessment Plan for the Public Infrastructure;

xi. the Public Infrastructure to be financed by the MMD Bonds have been or will be constructed according to the approved design specifications and construction standards imposed by this Agreement including any City Regulations;

xii. no information regarding the City, including, without limitation, financial information, shall be included in any offering document relating to MMD Bonds without the written consent of the City; and

xiii. the Developer agrees to provide periodic information and notices of material events regarding the Developer as it relates to the development of the Property

within the MMD in accordance with Securities and Exchange Commission Rule 15c2-12, as amended, any MMD Bond indenture, and any continuing disclosure agreements executed by the Developer in connection with the issuance of MMD Bonds.

(c) The consultants, underwriter, and appraiser for the MMD and the MMD Bonds will be selected by the MMD.

(d) No additional cash deposit, security or surety, beyond the land and any improvements on the land, will be provided by the Developer, or its assignees, in connection with the MMD Bonds unless so required by the underwriter for the MMD Bonds.

(e) The Parties acknowledge that expansion of the MMD territory is limited to an additional 150 acres, which must all be located in the City limits.

8.3 PID Financing. If requested by Developer, the City shall create the PID, to fund, in part, the Public Infrastructure that is not funded by the Developer or MMD and that will confer a special benefit upon the Property. As soon as reasonably practicable following a request by the Developer, and provided the City's financial advisor confirms the bonds meet the below requirements and are marketable to third party institutional investors, the City agrees to issue PID Bonds, subject to City Council approval.

(a) If Developer wishes for the City to create the PID, Developer will submit a PID creation petition for the Property to the City.

(b) PID funding of certain Public Infrastructure as authorized by the PID Act, including but not limited to local streets, water, sewer and storm drainage improvements and appurtenances providing special benefit to a development phases and/or planning area, will include, to the maximum extent authorized by State law, and only as requested by the Developer, one or more of the following: (i) annual payments by the City to the Developer of PID assessments not pledged to the repayment of PID Bonds; (ii) the issuance by the City of PID Bonds secured by PID assessments and/or other security, with a total overall minimum value to lien ratio of 3 to 1 (unless the City, in its sole discretion approves a lower value to lien ratio) assuming that the Public Infrastructure to be financed by the PID as well as other infrastructure for which completion guarantees have been provided are in place as of the date of valuation; (iii) the issuance by the City of other bonds secured by PID assessments and/or other security; or (iv) any other method approved by the Parties. The total amount of PID Bonds secured by assessments from the Property shall not exceed the amount stated in the PID creation petition which amount shall not exceed \$250,000,000.

(c) The Public Infrastructure to be funded by the PID will be described in the PID Service and Assessment Plan, which Public Infrastructure is described in this Agreement and confers a special benefit on the Property (the "PID Projects").

(d) The total estimated cost of the PID Projects (the "PID Project Costs") will be as stated in the PID Service and Assessment Plan, as amended. The PID Project Costs will include the cost of two-year maintenance bonds for the PID Projects.

(e) The Developer shall determine the PID Project Costs, and the City will prepare a Service and Assessment Plan for the PID. After the City approves the final PID Project Costs, prepares a proposed assessment roll based thereon, and files the Service and Assessment Plan and proposed assessment roll with the City Secretary for public inspection, the City will levy special assessments against the Property.

(f) The City shall review and update the Service and Assessment Plan consistent with the requirements of Section 372.013(b) of the PID Act. As needed for consistency with the updated Service and Assessment Plan and consistent with the requirements of Sections 372.019 and 372.020 of the PID Act, the City shall make supplemental assessments, reassessments or new assessments such that assessments reflect the updated PID Project Costs. Concurrent with the levy of PID assessments and as needed to implement the Service and Assessment Plan, the City and the Developer will enter into a PID reimbursement agreement that provides for the Developer's construction of certain PID Projects and the City's reimbursement to the Developer of certain PID Project Costs.

(g) The City will use its reasonable efforts to issue one or more series of PID Bonds secured, in whole or in part, by assessments levied against benefited property within the PID. PID Bonds may also be secured by any other revenue authorized by the PID Act or other State law and approved by the City Council of the City. The net proceeds from the sale of PID Bonds (i.e., net of costs and expenses of issuance and amounts for debt service reserves and capitalized interest) will be used to pay PID Project Costs. Notwithstanding the foregoing, the obligation of the City to issue PID Bonds is conditioned upon there being a total overall minimum value to lien ratio of 3 to 1 (unless the City, in its sole discretion approves a lower value to lien ratio) assuming that the Public Infrastructure to be financed by the PID as well as other infrastructure for which completion guarantees have been provided are in place as of the date of the fair market valuation as determined by an appraisal and the adequacy of the bond security and the financial obligation of the Developer to pay the amount, if any, by which PID Project Costs exceed the net proceeds from the sale of PID Bonds and the amount, if any, of cost overruns. The City will require the Developer to secure its obligation to pay such deficit by providing a hold back of a portion of the PID Bond proceeds not supported by the total overall 3 to 1 value to lien ratio and/or the deposit of cash to the trust estate for the shortfall. In certain limited circumstances, a performance bond, a letter of credit, or other security acceptable to the City prior to the issuance of the PID Bonds may be considered. The net proceeds from the sale of the PID Bonds will be deposited in and disbursed from a construction fund created and administered pursuant to the indenture under which the PID Bonds are issued.

8.4 Emergency Sirens. In consideration for the City's assistance and cooperation in connection with the issuance by the City of PID Bonds for any part of the Development and/or consent to the MMD, the Developer agrees to pay the City, simultaneously with the closing and funding of the second issuance and third issuance of PID Bonds, a fee in the amount of \$75,000, with both fees to be used by the City to purchase and install one emergency warning siren for each \$75,000 received.

8.5 Costs for Non-Bank Qualified Bonds.

(a) If in any calendar year the City issues bonds, notes or other obligations as approved by the City Council for any given year in question that would constitute a qualified tax-exempt obligation but for the issuance of the PID Bonds or other bonds, notes or other obligations supporting public improvements for non-City owned development projects or City owned projects financed for a direct benefit to the non-City owned development projects, including either bonds authorized by Texas Tax Code Chapter 311 or bonds authorized by the PID Act, then the Developer shall pay to the City a fee (the “Bank Qualified Debt Fee”) to compensate the City for the debt service savings the City would have achieved had the debt issued by the City been able to be classified as a qualified tax-exempt obligation provided that all other developers or owners benefitting from the City issuing debt are similarly burdened with an obligation to compensate the City. The Bank Qualified Debt Fee of the Developer and all other developers or owners on whose behalf the City issues debt, will be calculated as follows:

The net present value (calculated based on the Internal Revenue Service bond yield) of the debt service savings that would have accrued to the City had it been able to issue qualified tax-exempt obligation debt multiplied by a fraction, the numerator of which is the amount of debt issued by the City for any particular owner or developer (including the Developer, as applicable) and the denominator of which is the total debt issued by the City for the benefit of all owners or developers (including the Developer, as applicable).

(b) To the extent any developer(s) or owner(s) (including the Developer, as applicable) has (have) paid the Bank Qualified Debt Fee for any particular calendar year, any such Bank Qualified Debt Fee paid subsequently by a developer or owner (including the Developer, as applicable) to the City applicable to the same calendar year shall be reimbursed by the City to the developer(s) or owner(s) (including the Developer, as applicable) as necessary so as to put all developers and owners so paying for the same calendar year in the required payment proportion as set forth above, said reimbursement to be made by the City within ten (10) business days after its receipt of such subsequent payments of the Bank Qualified Debt Fee.

(c) If in any calendar year the City issues PID Bonds on its own account that exceed the amount that would otherwise qualify the City for the issuance of bank qualified debt, or if the City fails to charge the Bank Qualified Debt Fee to any other developer or owner on whose behalf the City has issued debt and fails to cure such oversight, then no Bank Qualified Debt Fee shall be due under this provision and if any Bank Qualified Debt Fee had already been paid to the City under this provision, then such Bank Qualified Debt Fee shall be reimbursed promptly to the Developer from lawfully available and otherwise unencumbered funds.

8.6 PID Notices. When selling any of the Property after the PID is created, if applicable, the Developer shall provide notices in a form required by and in compliance with Title 2, Chapter 5 of the Texas Property Code, as amended, to anyone who purchases property within the PID and shall notify the purchaser: (a) that the property is located in the PID; (b) that the City has issued or may issue PID bonds; (c) that the City has levied or may levy PID assessments; (d) of the unpaid reimbursement amount of the PID assessment against the Property; (e) of the estimated annual installments if PID assessments are not paid in full; and (f) of the estimated duration of the PID assessment and annual installments. Further, the Developer shall contractually require builders selling homes to continuously post a notice of the PID assessments in a

conspicuous location in each model home and provide an explanation of the PID assessments in written brochures and promotional materials given to each prospective purchaser. This section applies to all owners of all or any portion of the Property

ARTICLE IX

EVENTS OF DEFAULT; REMEDIES

9.1 Events of Default. No Party shall be in default under this Agreement until notice of the alleged failure of such Party to perform has been given in writing (which notice shall set forth in reasonable detail the nature of the alleged failure) and until such Party has been given a reasonable time to cure the alleged failure (such reasonable time to be determined based on the nature of the alleged failure, but in no event more than 30 days after written notice of the alleged failure has been given). Notwithstanding the foregoing, no Party shall be in default under this Agreement if, within the applicable cure period, the Party to whom the notice was given begins performance and thereafter diligently and continuously pursues performance until the alleged failure has been cured and within such 30-day period gives written notice to the non-defaulting Party of the details of why the cure will take longer than 30 days with a statement of how many days are needed to cure.

9.2 Remedies. If a Party is in default, the aggrieved Party may, at its option and without prejudice to any other right or remedy under this Agreement, seek any relief available at law or in equity, including, but not limited to, an action under the Uniform Declaratory Judgment Act, or actions for specific performance, mandamus, or injunctive relief. NOTWITHSTANDING THE FOREGOING, HOWEVER, NO DEFAULT UNDER THIS AGREEMENT SHALL ENTITLE THE AGGRIEVED PARTY TO TERMINATE THIS AGREEMENT OR LIMIT THE TERM OF THIS AGREEMENT.

ARTICLE X

ASSIGNMENT AND ENCUMBRANCE

10.1 Assignment by Developer to Successors.

(a) The Developer has the right (from time to time without the consent of the City, but upon prior written notice to the City) to assign this Agreement, in whole or in part, and including any obligation, right, title, or interest of the Developer under this Agreement, to any person or entity (an “Developer Assignee”) that (i) is or will become an owner of any portion of the Property or (ii) is controlled by or under common control by the Developer and becomes an owner of any portion of the Property, provided that the Developer is not in breach of this Agreement at the time of such assignment. A Developer Assignee is considered the “Developer” and a “Party,” under this Agreement for purposes of the obligations, rights, title, and interest assigned to the Developer Assignee. Notice of each proposed assignment to a Developer Assignee shall be provided to the City at least fifteen (15) days prior to the effective date of the assignment, which notice shall include a copy of the proposed assignment document together with the name, address, telephone number, and e-mail address (if available) of a contact person representing the Developer Assignee.

(b) Each assignment shall be in writing executed by the Developer and the Developer Assignee and shall obligate the Developer Assignee to be bound by this Agreement to the extent this Agreement applies or relates to the obligations, rights, title, or interests being assigned. A copy of each fully executed assignment to a Developer Assignee shall be provided to all Parties within fifteen (15) days after execution. From and after such assignment, the City agrees to look solely to the Developer Assignee for the performance of all obligations assigned to the Developer Assignee and agrees that the Developer shall be released from subsequently performing the assigned obligations and from any liability that results from the Developer Assignee's failure to perform the assigned obligations; provided, however, if a copy of the assignment is not received by the City within 15 days after execution, Developer shall not be released until the City receives such copy of the assignment.

(c) No assignment by Developer shall release Developer from any liability that resulted from an act or omission by Developer that occurred prior to the effective date of the assignment unless the City approves the release in writing.

(d) The Developer shall maintain written records of all assignments made to Developer Assignees, including a copy of each executed assignment and the Developer Assignee's Notice information as required by this Agreement, and, upon written request from another Party, shall provide a copy of such records to the requesting person or entity.

10.2 Assignment by the City. The City has the right (from time to time without the consent of another Party, but upon prior written Notice to each other Party) to assign this Agreement, in whole or in part, and including any obligation, right, title, or interest of the City under this Agreement, to any agency, authority, or political subdivision of the state (a "City Assignee"). Notice of each proposed assignment to a City Assignee shall be provided to each other Party at least 15 days prior to the effective date of the assignment, which Notice shall include a copy of the proposed assignment document together with the name, address, telephone number, and e-mail address of a contact person representing the City Assignee who the other Party may contact for additional information. Each assignment shall be in writing executed by the City and the City Assignee and shall obligate the City Assignee to be bound by this Agreement to the extent this Agreement applies or relates to the obligations, rights, title, or interests being assigned. A copy of each fully executed assignment to a City Assignee shall be provided to all Parties within 15 days after execution. From and after such assignment, all Parties agree to look solely to the City Assignee for the performance of all obligations assigned to the City Assignee and agrees that the City shall be released from subsequently performing the assigned obligations and from any liability that results from the City Assignee's failure to perform the assigned obligations; provided, however, if a copy of the assignment is not received by the other Parties within 15 days after execution, the City shall not be released until the other Parties receive such copy of the assignment. No assignment by the City shall release the City from any liability that resulted from an act or omission by the City that occurred prior to the effective date of the assignment unless the other Parties approve the release in writing. The City shall maintain written records of all assignments made by the City to City Assignees, including a copy of each executed assignment and the City Assignee's Notice information as required by this Agreement, and, upon written request from another Party, shall provide a copy of such records to the requesting person or entity.

10.3 Collateral Assignments. The Developer and Developer Assignees have the right, from time to time, to collaterally assign, pledge, grant a lien or security interest in, or otherwise encumber any of their respective rights, title, or interest under this Agreement for the benefit of their respective lenders without the consent of, but with prompt written Notice to, the City. The collateral assignment, pledge, grant of lien or security interest, or other encumbrance shall not, however, obligate any lender to perform any obligations or incur any liability under this Agreement unless the lender agrees in writing to perform such obligations or incur such liability. Provided the City has been given a copy of the documents creating the lender's interest, including Notice information for the lender, then that lender shall have the right, but not the obligation, to cure any default under this Agreement and shall be given a reasonable time to do so in addition to the cure periods otherwise provided to the defaulting Party by this Agreement; and the City agrees to accept a cure offered by the lender as if offered by the defaulting Party. A lender is not a Party to this Agreement unless this Agreement is amended, with the consent of the lender, to add the lender as a Party. Notwithstanding the foregoing, however, this Agreement shall continue to bind the Property and shall survive any transfer, conveyance, or assignment occasioned by the exercise of foreclosure or other rights by a lender, whether judicial or non-judicial. Any purchaser from or successor owner through a lender of any portion of the Property shall be bound by this Agreement and shall not be entitled to the rights and benefits of this Agreement with respect to the acquired portion of the Property until all defaults under this Agreement with respect to the acquired portion of the Property have been cured.

10.4 Transfer of Warranties. Any Public Infrastructure that are transferred to the City shall be accompanied by all applicable third-party bonds and warranties related to construction and maintenance of such Public Infrastructure.

10.5 Assignees as Parties. An assignee authorized in accordance with this Agreement and for which notice of assignment has been provided in accordance with this Agreement shall be considered a "Party" for the purposes of this Agreement. With the exception of the End-Buyer of a lot within the Property, any person or entity upon becoming an owner of land or upon obtaining an ownership interest in any part of the Property shall be deemed to be a "Developer" and have all of the obligations of the Developer as set forth in this Agreement and all related documents to the extent of said ownership or ownership interest.

10.6 No Third-Party Beneficiaries. This Agreement only inures to the benefit of, and may only be enforced by, the Parties. No other person or entity shall have any right, title, or interest under this Agreement or otherwise be deemed to be a third-party beneficiary of this Agreement.

ARTICLE XI

RECORDATION AND ESTOPPEL CERTIFICATES

11.1 Binding Obligations. This Agreement and all amendments hereto (including amendments to the Concept Plan as allowed in this Agreement) and assignments hereof shall be recorded in the deed records of each county within which the Property is located. This Agreement binds and constitutes a covenant running with the Property. Upon the Effective Date, this Agreement shall be binding upon the Parties and their successors and assigns permitted by this Agreement and forms a part of any other requirements for Development within the Property. This

Agreement, when recorded on or after the Effective Date, shall be binding upon the Parties and their successors and assigns as permitted by this Agreement and upon the Property; however, except for the obligations of Developer, its successors and assigns, for compliance with City Regulations, including but not limited to zoning ordinances, as they currently exist or may be amended, this Agreement shall not be binding upon, and shall not constitute any encumbrance to title as to, any end-buyer/homebuyer of a fully developed and improved lot (an “End-Buyer”).

11.2 Estoppel Certificates. From time to time upon written request of the Developer, if needed to facilitate a sale of all or a portion of the Property or a loan secured by all or a portion of the Property, the City will execute a written estoppel certificate in a form and substance satisfactory to the City, to its reasonable knowledge and belief, identifying any obligations of the Developer under this Agreement that are in default. The Developer shall pay the City \$1,000 at the time of the Developer’s request for an estoppel certificate for each request in excess of one (1) per calendar year.

ARTICLE XII **ADDITIONAL PROVISIONS**

12.1 Prior DA Termination. The Parties hereby terminate the Prior DA effective on the Effective Date of this Agreement.

12.2 Recitals. The recitals contained in this Agreement: (a) are true and correct as of the Effective Date; (b) form the basis upon which the Parties negotiated and entered into this Agreement; (c) are legislative findings of the City Council of the City; and (d) reflect the final intent of the Parties with regard to the subject matter of this Agreement. In the event it becomes necessary to interpret any provision of this Agreement, the intent of the Parties, as evidenced by the recitals, shall be taken into consideration and, to the maximum extent possible, given full effect. The Parties have relied upon the recitals as part of the consideration for entering into this Agreement and, but for the intent of the Parties reflected by the recitals, would not have entered into this Agreement.

12.3 Notices. Any notice, payment or instrument required or permitted by this Agreement to be given or delivered to any Party shall be deemed to have been received when personally delivered or 72 hours following deposit of the same in any United States Post Office, registered or certified mail, postage prepaid, addressed as follows (“Notice”):

Any Party may change its address or addresses for delivery of notice by delivering written notice of such change of address to the other Party.

12.4 Interpretation. The Parties acknowledge that each has been actively involved in negotiating this Agreement. Accordingly, the rule of construction that any ambiguities are to be resolved against the drafting Party will not apply to interpreting this Agreement. In the event of any dispute over the meaning or application of any provision of this Agreement, the provision will be interpreted fairly and reasonably and neither more strongly for nor against any Party, regardless of which Party originally drafted the provision.

12.5 Time. In this Agreement, time is of the essence and compliance with the times for performance herein is required.

12.6 Authority and Enforceability. The City represents and warrants that this Agreement has been approved by official action by the City Council of the City in accordance with all applicable public notice requirements (including, but not limited to, notices required by the Texas Open Meetings Act) and that the individual executing this Agreement on behalf of the City has been duly authorized to do so. The Developer represents and warrants that this Agreement has been approved by appropriate action of the Developer, and that the individual executing this Agreement on behalf of the Developer has been duly authorized to do so. Each Party respectively acknowledges and agrees that this Agreement is binding upon such Party and is enforceable against such Party, in accordance with its terms and conditions and to the extent provided by law.

12.7 Entire Agreement. This Agreement, and any agreement related to fees to be charged by a homeowner's association to support public education, constitutes the entire agreement between the Parties and supersedes all prior agreements, whether oral or written, covering the subject matter of this Agreement. This Agreement shall not be modified or amended except in writing signed by the Parties.

12.8 Severability. If any provision of this Agreement is determined by a court of competent jurisdiction to be unenforceable for any reason, then: (a) such unenforceable provision shall be deleted from this Agreement; (b) the unenforceable provision shall, to the extent possible and upon mutual agreement of the Parties, be rewritten to be enforceable and to give effect to the intent of the Parties; and (c) the remainder of this Agreement shall remain in full force and effect and shall be interpreted to give effect to the intent of the Parties.

12.9 Applicable Law; Venue. This Agreement is entered into pursuant to, and is to be construed and enforced in accordance with, the laws of the State of Texas, and all obligations of the Parties are performable in each county in which the Property is located. Exclusive venue for any action to enforce or construe this Agreement shall be in the County District Court in which any of the Property is located.

12.10 Non-Waiver. Any failure by a Party to insist upon strict performance by the other Party of any material provision of this Agreement shall not be deemed a waiver thereof, and the Party shall have the right at any time thereafter to insist upon strict performance of any and all provisions of this Agreement. No provision of this Agreement may be waived except by writing signed by the Party waiving such provision. Any waiver shall be limited to the specific purposes for which it is given. No waiver by any Party of any term or condition of this Agreement shall be deemed or construed to be a waiver of any other term or condition or subsequent waiver of the same term or condition.

12.11 Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original and constitute one and the same instrument.

12.12 Further Documents. The Parties agree that at any time after execution of this Agreement, they will, upon request of another Party, execute and deliver such further documents and do such further acts and things as the other Party may reasonably request in order to effectuate the terms of this Agreement. This provision shall not be construed as limiting or otherwise hindering the legislative discretion of the City Council seated at the time that this Agreement is executed or any future City Council.

12.13 Exhibits. The following exhibits are attached to this Agreement and are incorporated herein for all purposes:

Exhibit A	Legal Description of the Property
Exhibit B	Depiction of the Property
Exhibit C	Concept Plan
Exhibit D	Development Standards
Exhibit E	Open Space Improvements
Exhibit F	Roadway Improvements
Exhibit G	Water Improvements
Exhibit H	Wastewater Improvements
Exhibit I	Preliminary HOA Education Support Agreement with Preliminary CCR Terms
Exhibit J	Consent Resolution

12.14 Governmental Powers; Waivers of Immunity. By its execution of this Agreement, the City does not waive or surrender any of its respective governmental powers, immunities, or rights except as provided in this section. The Parties acknowledge that the City waives its sovereign immunity as to suit solely for the purpose of adjudicating a claim under this Agreement. This is an agreement for the provision of goods or services to the City under Section 271.151 et seq. of the Texas Local Government Code.

12.15 Force Majeure. Each Party shall use good faith, due diligence and reasonable care in the performance of its respective obligations under this Agreement, and time shall be of the essence in such performance; however, in the event a Party is unable, due to force majeure, to perform its obligations under this Agreement, then the obligations affected by the force majeure shall be temporarily suspended. Within three (3) business days after the occurrence of a force majeure event, the Party claiming the right to temporarily suspend its performance, shall give notice to all the Parties, including a detailed explanation of the force majeure and a description of the action that will be taken to remedy the force majeure and resume full performance at the earliest possible time. A Party that fails to provide timely notice of an event of force majeure will be deemed to be able to resume full performance within thirty (30) days of such event. The term “force majeure” shall include events or circumstances that are not within the reasonable control of Party whose performance is suspended and that could not have been avoided by such Party with the good faith exercise of good faith, due diligence and reasonable care.

12.16 Amendments. This Agreement cannot be modified, amended, or otherwise varied, except in writing signed by the City and the Developer expressly amending the terms of this Agreement.

12.17 Consideration. This Agreement is executed by the Parties hereto without coercion or duress and for substantial consideration, the sufficiency of which is hereby acknowledged.

12.18 Form 1295 Certificate. The Developer represents that it has complied with Texas Government Code, Section 2252.908 and in connection therewith, the Developer has completed a Texas Ethics Commission Form 1295 Certificate generated by the Texas Ethics Commission’s electronic filing system in accordance with the rules promulgated by the Texas Ethics Commission. The Developer further agrees to print the completed certificate and execute the completed certificate in such form as is required by Texas Government Code, Section 2252.908 and the rules of the Texas Ethics Commission and provide to the City at the time of delivery of an executed counterpart of this Agreement, a duly executed completed Form 1295 Certificate. The Parties agree that, except for the information identifying the City and the contract identification number, the City is not responsible for the information contained in the Form 1295 completed by the Developer. The information contained in the Form 1295 completed by the Developer has been provided solely by the Developer and the City has not verified such information.

12.19 Certifications. The Developer certifies:

- (a) Pursuant to Texas Government Code Chapter 2271, as amended, the Developer verifies that at the time of execution and delivery of this Agreement and for the term of this Agreement, neither the Developer, its parent companies, nor its common-control affiliates currently boycott or will boycott Israel. The term “boycott Israel” as used in

this paragraph has the meaning assigned to the term “boycott Israel” in Section 808.001 of the Texas Government Code, as amended; and

- (b) Pursuant to Texas Government Code, Chapter 2252, as amended, the Developer represents and verifies that at the time of execution and delivery of this Agreement and for the term of this Agreement, neither the Developer, their parent companies, nor their common-control affiliates (i) engage in business with Iran, Sudan, or any foreign terrorist organization as described in Chapters 806 or 807 of the Texas Government Code, or Subchapter F of Chapter 2252 of the Texas Government Code, or (ii) is a company listed by the Texas Comptroller of Public Accounts under Sections 806.051, 807.051, or 2252.153 of the Texas Government Code.
- (c) Pursuant to Chapter 2274 of the Texas Government Code (as added by Senate Bill 13, 87th Texas Legislature, Regular Session), the Developer certifies that it is not a company that boycotts energy companies and agrees it will not boycott energy companies during the term of this Agreement. The terms “boycotts energy companies” and “boycott energy companies” have the meaning assigned to the term “boycott energy company” in Section 809.001, Texas Government Code. For purposes of this paragraph, “Company” means a for-profit sole proprietorship, organization, association, corporation, partnership, joint venture, limited partnership, limited liability partnership, or limited liability company, including a wholly owned subsidiary, majority-owned subsidiary, parent company, or affiliate of those entities or business associations, that exists to make a profit, but does not include a sole proprietorship.
- (d) Pursuant to Chapter 2274 of the Texas Government Code (as added by Senate Bill 19, 87th Texas Legislature, Regular Session, “SB 19”), the Developer certifies that it is not a Company that has a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and agrees it will not discriminate against a firearm entity or firearm trade association during the term of this Agreement. The terms “discriminates against a firearm entity or firearm trade association” and “discriminate against a firearm entity or firearm trade association” have the meaning assigned to the term “discriminate against a firearm entity or firearm trade association” in Section 2274.001(3), Texas Government Code (as added by SB 19). For purposes of this paragraph, “Company” means a for-profit organization, association, corporation, partnership, joint venture, limited partnership, limited liability partnership, or limited liability company, including a wholly owned subsidiary, majority-owned subsidiary, parent company, or affiliate of those entities or business associations, that exists to make a profit, but does not mean a sole proprietorship.

EXHIBIT B
DEPICTION OF THE PROPERTY

EXHIBIT C CONCEPT PLAN

EXHIBIT D

DEVELOPMENT STANDARDS

Concept Plan:

The subject property shall generally develop per the attached Concept Plan. The Concept Plan displays the general location and configurations of major thoroughfares and zoning classifications, all of which can be adjusted for pragmatic purposes at time of permitting. Such modifications shall not be unreasonably withheld but are subject to review and approval by the Director of Development Services. Nothing on the Concept Plan precludes the administration of Engineering requirements, such as detention, right-of-way dedication, or any other design regulation.

Architecture:

The subject property is an architecturally, historically, and culturally significant tract of land that is meaningfully located along a regionally significant thoroughfare; thus, all structures shall abide by the City's architectural standards, and as may be amended.

Amenities & Open Space:

- Trails shall generally be provided along the gas easement, creeks, floodplains, perimeter rights-of-way, and around detention ponds per City regulations, in addition to meeting all other connectivity and internal pedestrian requirements as shown on the Trails and Open Space Plan.
- Adherence to the Neighborhood Vision Book (NVB) shall be accomplished in accordance with Section 4.7(a) of this Agreement by useable open space that is amenitized or otherwise programmed (excludes perimeter landscape buffers) and distributed well throughout. Floodplains, creeks, and easements may be considered useable when amenitized.
- One (1) large amenity center shall be provided (generally in the northwest quadrant) that contains bathrooms, swimming pool, shade structure, playground, dog park or sports court, and smaller amenities, such as fire pits, gathering areas, etc.
- Three (3) small amenity centers shall be provided (generally in the other 3 quadrants) that contain bathrooms, swimming pool or splash pad, shade structure, playground, and smaller amenities. One (1) of the three (3) small amenity centers must include a swimming pool.

Design Standards:

Development of the subject property shall abide by all standards in the Zoning Ordinance, Subdivision Regulations, and all other applicable City ordinances, as may be amended, except where otherwise described herein and below:

- The landscape buffers along E. GA Moore Parkway and N. Custer Road shall be no less than 30 feet in width and shall be permitted to serve as a dual-purpose utility easement(s).
- Access shall be preserved for the future park to the north.

Mixed-Use (MU) Tracts:

The Mixed-Use tracts shall generally develop per the MU (Mixed-Use) zoning district, except as follows:

- A minimum of 20 acres shall be reserved for C (Commercial, Retail, & Office)
- A maximum of 1,000 units may develop as MF-2 or MF-3
- A maximum of 300 units may develop as MF-0
- Parking may be 1.6 spaces per unit
- Single family detached or attached residential lots developed in the MU Tracts may be developed as “SF-R” or “SF-A” as stated herein and are in addition to the lot maximums specified herein for the “SF-R” and “SF-A” Lots.

Single Family Residential Detached (SF-R) Tracts:

Neighborhoods shall generally develop per the SF-R (Single Family Residential) detached zoning district, except as follows:

- Maximum Density within SF-R Tracts shall be 2,200
- Lots adjacent to existing estate residential neighborhoods, such as DC Ranch, shall be a minimum 80’ in width as shown on the concept plan.
- All lots less than 50’ in width require alleys
- The following lot mix shall apply:
 - Minimum 10% of SF-R lots shall be 70’ wide lots or larger
 - Minimum 20% of SF-R lots shall be 60’ wide lots or larger
 - Maximum of 60% of SF-R lots shall be 50’ wide or less
 - Maximum of 35% of SF-R lots shall be 40’ wide or less
 - Maximum of 500 units may be townhomes (SF-A)
- The minimum front & rear sliding setbacks shall be 35’ for SF-R and 30’ for SF-A (excluding garage) with the minimum of either setback being 10 feet.
- The minimum lot width (at building line) for SF-A shall be 20’.
- The minimum side yard setbacks for all SF lots sizes other than SF-A shall be 5’ or 0’/10’ if developed as zero lot line product.
- Lot coverage percentages shall not apply but shall not exceed the minimum setbacks set forth above.
- Where front porches are provided, they shall be permitted to encroach a maximum of five (5) feet into the front yard setback line.
- Differential finish grades on driveways may be up to a maximum 12% slope.

EDUCATION FUND AGREEMENT
[INSERT NAME OF DEVELOPMENT]

This EDUCATION FUND AGREEMENT (this “Agreement”) is made between (INSERT NAME OF HOA) (the “HOA”) and the Celina Association of Renaissance Excellence (“CARE”), a 501(c)(3) nonprofit corporation registered in the State of Texas. The HOA and CARE may be referred to herein individually as a “Party” or collectively as the “Parties”. The effective date of this Agreement (the “Effective Date”) shall be the latest date on which this Agreement is fully executed by the HOA and CARE.

RECITALS

WHEREAS, HOA is the homeowners’ association of a master planned community located in (INSERT COUNTY NAME) County, Texas, containing approximately (INSERT NUMBER OF ACRES) acres of property, as described in **Exhibit A** hereto, known as “_____” (the “Community”), which shall be governed by the HOA in accordance with the terms and provisions of a master covenant, as the same may be amended from time to time (the “Master Covenant”); and

WHEREAS, the Parties desire to enter into a written agreement to memorialize the terms obligating the HOA to establish a continuing education fund (the “Fund”), described hereunder, to directly benefit the Community and each residential lot within the Community by providing educational, charitable and recreational activities and/or infrastructure to support quality of life (“Community Benefits”); and

WHEREAS, CARE is a corporation exempt from federal taxation under Section 501(c)(3), Internal Revenue Code of 1986 and was established to benefit Celina, Texas student academic improvement and achievement and to encourage students within the Celina Independent School District (“CISD”) to pursue academic excellence; and

WHEREAS, the Parties agree that CARE shall be the sole beneficiary of the Fund and that all Fund balances shall be donated to CARE (the “Donations”); and

WHEREAS, CARE hereby promises and agrees to use all Donations exclusively for the benefit of the Community and each residential lot within the Community by providing Community Benefits; and

WHEREAS, the Parties intend this Agreement to fully satisfy the requirement of Texas Property Code Chapter 5, Subchapter G, and agree that the contribution covenant described hereunder does not create a “private transfer fee” and that all Fund contributions arising from the sale and resale of homes within the Community (the “Contributions”) qualify under Texas Property Code Section 5.202(b)(9)(C) as permissible.

NOW THEREFORE, for and in consideration of the mutual promises of the Parties as set forth in this Agreement and for other good and valuable consideration the receipt and adequacy of which are acknowledged, the Parties agree as follows:

ARTICLE I.
EDUCATION FUND CONTRIBUTION

1.1 Community Contribution Covenant. HOA shall cause to be recorded that certain Community Contribution Covenant, in the Official Public Records of each county in which said property is located (the “CCC”). The terms and provisions of the CCC shall be administered by the HOA and be substantially and functionally similar as the sample attached hereto as **Exhibit B**.

1.2 Continuing Education Fund. The CCC shall provide (a) that the HOA is required to collect a Contribution at the closing of each conveyance of a residential lot with a completed residence thereon (each a “Home”); (b) that said Contribution shall be in an amount equal to the sales price of the Home multiplied by .001, e.g., a house sale of \$400,000 would generate a \$400 contribution; (c) that all Contributions shall be deposited into the Fund’s account and kept separate from all other HOA collections; and (d) that all Contributions shall be used in compliance with Texas Property Code Section 5.202(b)(9)(C) for the benefit of the Community and each Home within the Community. The HOA shall deliver Donations to CARE biannually, with payments being made on or before June 30th and December 31st of each calendar year. Donations must be made in amounts that represent the total of all Contributions actually collected and deposited into the Fund since the date of the last payment.

1.3 Use of Contributions by CARE. CARE shall only use Contributions to support educational, charitable, and recreational activities within CISD and hereby promises and agrees not to use Contributions for operational expenses, including but not limited to rent and utilities, wages and salaries, accounting and legal fees, interest expense, business travel, other overhead costs, and general and administrative expenses. CARE further promises and agrees to not grant CISD Contributions for operational expenses.

1.4 Right of Audit. CARE shall deliver an accounting of expenditures to the HOA on June 30th and December 31st of each calendar year detailing how Contribution payments have been spent since the date of last payment.

1.5 (INCLUDE ONLY FOR COMMUNITIES IN DENTON COUNTY)Encumbered Property. The property described in **Exhibit A** is located in a public school attendance zone within a county with a population over 650,000, which is adjacent to both Dallas County and Tarrant County, each with a population over 1.8 million.

ARTICLE II.

ADDITIONAL PROVISIONS

2.1 Recitals. The recitals contained in this Agreement: (a) are true and correct as of the Effective Date; (b) form the basis upon which the Parties negotiated and entered into this Agreement; and (c) reflect the final intent of the Parties with regard to the subject matter of this Agreement. In the event it becomes necessary to interpret any provision of this Agreement, the intent of the Parties, as evidenced by the recitals, shall be taken into consideration and, to the maximum extent possible, given full effect. The Parties have relied upon the recitals as part of the consideration for entering into this Agreement and, but for the intent of the Parties reflected by the recitals, would not have entered into this Agreement.

2.2 Severability. If any provision of this Agreement is determined by the final judgment of any court to be unenforceable, then such unenforceable provision shall be deleted from this Agreement, and the remainder of this Agreement shall be enforceable and shall be interpreted to give effect to the purposes and intent of the Parties represented by the remainder of this Agreement.

2.3 Term. The term of this Agreement shall begin on the Effective Date and shall continue until either the HOA or CARE dissolves, ceases to exist, or when all obligations of HOA, and CARE under this Agreement have been fulfilled.

2.4 Default and Remedies. No Party shall be in default under this Agreement until notice of the alleged failure of such Party to perform has been given (which notice shall set forth in reasonable detail the nature of the alleged failure) and until such Party has had a reasonable time to cure the alleged failure (such reasonable time shall be determined based on the nature of the alleged failure and shall not to exceed thirty (30) days). In addition, no Party shall be in default under this Agreement if, within the applicable reasonable cure period, the Party to whom the default notice was given begins performance and thereafter uses its best efforts to diligently and continuously pursue performance until the alleged failure has been cured. If a Party is in default under this Agreement, then the non-defaulting Party shall be entitled to all remedies available under applicable law. The failure of either Party to insist, in one or more instances, upon performance by the other Party of any provision of this Agreement shall not be construed as a waiver of future performance of such provision.

2.5 Notices. Any notice required or contemplated by this Agreement shall be deemed given: (a) if mailed via U.S. Mail, Certified mail Return Receipt Requested, on the date actually received at the delivery address; or (b) if deposited with a private delivery service (such as UPS or FedEx), when delivered, as evidenced by a receipt signed by a person at the delivery address. All notices shall be addressed as set forth below; however, any Party may change its address for purposes of this Agreement by giving notice of such change, as provided by this Section 2.6.

2.6 Applicable Law. This Agreement shall be interpreted in accordance with the Laws of the State of Texas and venue for any action in connection with this Agreement and shall be Collin County, Texas.

2.7 Benefited Parties. This Agreement is for the benefit of the HOA and its members, the Community and each Home within the Community, CISD students in the Community and the CISD community, and CARE. This Agreement shall not be construed as conferring any right on or to any other party.

2.8 Entire Agreement. This Agreement constitutes the entire agreement and understanding of the Parties with regard to the subject matter of this Agreement and supersedes and replaces any and all prior understandings and agreements, whether written or oral. This Agreement shall not be amended except in writing signed by the Parties.

2.9 Good Faith Cooperation. The Parties agree to use good faith in the performance of their respective duties and obligations under this Agreement such that the intent of the Parties shall be fulfilled. The Parties further agree to take such additional actions, from time to time, as may be necessary to fully carry out the purposes and intent of this Agreement including, but not limited to, the execution of further documentation.

2.10 Representations and Warranties. Each Party represents and warrants that: (a) the

execution of this Agreement has been approved and authorized by such Party; (b) this Agreement is binding upon and enforceable against such Party in accordance with the provisions hereof; (c) such Party has the ability to perform its duties and obligations under this Agreement; and (d) that the performance by such Party of its duties and obligations under this Agreement will not violate any other agreement by which such Party is bound. Should any provision of this Agreement be held by a court of competent jurisdiction to be void, invalid or unenforceable, the Parties agree to amend this Agreement in a manner that is lawful but still satisfies the intent of the Parties.

2.11 Attorney's Fees. In the event either Party files a lawsuit in connection with the enforcement of this Agreement, each Party shall be responsible for its own attorney's fees, whether or not such Party is the prevailing Party and might otherwise be entitled to recover all reasonable costs and expenses paid or incurred as the prevailing Party in connection with such lawsuit.

2.12 Miscellaneous. This Agreement may be executed in the multiple separate counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument. Signatures on counterparts of this Agreement that are transmitted electronically shall be deemed effective for all purposes. If, pursuant to this Agreement, any date indicated herein falls on a holiday or a Saturday or Sunday, the date so indicated shall mean the next business day following such date. The term "holiday" shall mean any day on which state or national banks are not open for business in the State of Texas or public schools of CISD are not open for classes.

ARTICLE XX
DEFINITIONS

Any capitalized terms used and not otherwise defined herein shall have the meanings set forth in the Master Covenant. Additionally, unless the context otherwise specifies or requires, the following words and phrases when used in this Covenant will have the meanings hereinafter specified.

“**Association**” means (insert HOA name and Secretary of State Registry) created under the Master Covenant to administer and govern the Community. The Association acts through a Majority vote of the Board.

“**Board**” means the Board of Directors of the Association. All acts of the Board hereunder shall be deemed an act of the Association when taken by a Majority vote of the Board.

“**Community**” refers to all or any portion of the Property made subject to the Master Covenant, and therefore this Covenant, which is described in the Notice of Applicability recorded pursuant to *Section XX* of the Master Covenant.

“**Community Enhancement Fee**” means a fee equal to the Transfer Price (as defined herein) multiplied by .001, e.g., a house sale of \$400,000 would generate a \$400 fee, unless the Transfer in question is excluded under this Covenant, which is payable to the Association upon the Transfer of any Lot or Condominium Unit with the Community.

“**Community Investment Fund**” means the account designated pursuant to this Covenant to receive the Community Enhancement Fee.

“**Condominium Unit**” means an individual unit, including any common element assigned thereto, within a condominium regime, if any, established within the Community. A Condominium Unit may be intended and designated in any Development Area Declaration for residential, commercial or live/work purposes.

“**Lot**” means any portion of the Community designated by Declarant in a Recorded written instrument or as shown as a subdivided lot on a plat other than Common Area, Special Common Area, or Lot on which a condominium regime has been established, and shall include both Commercial Lots and Residential Lots.

“**Majority**” means more than half.

“**Transfer**” means, for the purposes of the Community Enhancement Fee, any conveyance, assignment, or other grant or transfer of beneficial ownership of a Lot or Condominium Unit, whether occurring in one transaction or a series of related transactions, including but not limited

to: (a) the conveyance of fee simple title to any Lot or Condominium Unit; (b) the transfer of more than fifty percent (50%) of the outstanding shares of the voting stock of a corporation which, directly, or indirectly, owns one or more Lots or Condominium Units; and (c) the transfer of more than fifty percent (50%) of the interests in net profits or net losses of any partnership, limited liability company, joint venture or other entity which, directly or indirectly, owns one or more Lots or Condominium Units; but “Transfer” shall not mean or include grants or conveyances expressly excluded under this Covenant.

“Transferred Price” means the greater of: (a) the price paid by the Transferee for the Lot or Condominium Unit; or (b) the value of the Lot or Condominium Unit, including any improvements or betterments constructed thereon, as determined by the Central Appraisal District of the county in which the Lot or Condominium Unit is located in their most recent valuation, excluding any reductions or exemptions, of such Lot or Condominium Unit for ad valorem tax purposes. For purposes of subparagraph (b) of the immediately preceding sentence, “valuation” means the appraised value without giving effect to any applicable tax exemptions.

“Transferee” means all parties to whom any interest passes by a Transfer, and each party included in the term Transferee shall have joint and several liability for all obligations of that transfer, as provided for in this Covenant.

“Transferor” means all parties who pass or convey any interest by a Transfer, and each party included in the term Transferor shall have joint and several liability for all obligations of that Transfer as provided for in this Covenant.

ARTICLE XX **COMMUNITY ENHANCEMENT FEE**

Community Enhancement Fee. The Board, acting on behalf of the Association shall levy and collect the Community Enhancement Fee, as further set forth below.

Community Activities, Services and Programs. The Community Enhancement Fee shall be used to directly benefit the members of the Association and each Lot and Condominium Unit within the Association by providing the Community Enhancement Fee to entities which are exempt from federal income taxes under Sections 501(c)(3) or 501(c)(4), as the Internal Revenue Code may be amended from time to time, that support the educational, charitable and recreational purposes of Celina Independent School District, in accordance with this Covenant, provided the recipient of the Community Enhancement Fee uses the funds for such stated purposes, in accordance with its bylaws, and not for operations or administration of the receiving entity.

Community Enhancement Fee Obligations. The covenants, conditions and restrictions set forth below are hereby impressed upon the Property.

- (a) Obligation to Pay Community Enhancement Fee. Upon the Transfer of any Lot or

Condominium Unit within the Community, the Transferor thereof shall be obligated to pay a **Community Enhancement Fee** to the Association equal to the **Transfer Price multiplied .001** (for example, the Community Enhancement Fee shall be \$400 for the Transfer of a \$400,000 Lot or Condominium Unit), unless the Transfer in question is excluded under this Covenant. The Community Enhancement Fee is imposed not as a penalty and not as a tax but as a means to provide additional funding to fulfill the goals set forth in the Master Covenant and this Covenant for the betterment of the Community. As such, the Community Enhancement Fee shall be deemed an assessment imposed by and subject to all rights, obligations and provisions set forth in the Master Covenant and this Covenant.

(b) **Liability for the Community Enhancement Fee.** If the Transferor does not pay the Community Enhancement Fee as required by this section, the Community Enhancement Fee payment shall become the personal obligation of the Transferee under the Transfer in question and there shall be a lien against the applicable Lot or Condominium Unit for the amount of the Community Enhancement Fee and any fees or sums associated with collection of same, and, if unpaid, shall be handled in accordance with the Master Covenant.

(c) **Deposit of Community Enhancement Fee into Community Investment Fund.** On behalf of the Association, the Board will establish a Community Investment Fund with a reputable financial institution for purposes of depositing, receiving and distributing the proceeds of the Community Enhancement Fee. No other funds will be deposited or held in the Community Investment Fund other than the proceeds of the Community Enhancement Fee and any interest earned thereon. Within sixty (60) days after the end of each calendar year, the Board shall cause to be prepared a Community Enhancement Fee receipts and disbursements schedule which may be in form which may be reviewed, on an annual basis, by a Certified Public Accountant.

(d) **Due on Closing and Method for Payment.** Payment of the Community Enhancement Fee shall be made upon the closing of the Transfer in cash or cash equivalent funds to the Association, at the address and account number specified by the Board from time to time. With such payment, the Transferor shall provide, or cause to be provided by the title company, a written report in a form approved by the Board (the “**Community Enhancement Fee Report**”) which: (i) describes the Transfer and the Lot or Condominium Unit; (ii) sets forth the Transfer Price for the Transfer and the names and addresses of Transferor and Transferee; and (iii) provides such other information as the Board may reasonably require. The Board, at its own expense, shall have the right at any time during regular business hours to inspect and copy all records of a property closing of any owner or Transferor which are reasonably related to the payment of the Community Enhancement Fee.

(e) **Disbursements.** Upon majority vote, the Board may, from time to time, but no less frequently than bi-annually on June 30th and December 31st of each calendar year, make disbursements from the Community Investment Fund to entities which are exempt from federal income taxes under Sections 501(c)(3) or 501(c)(4), as the Internal Revenue Code may be amended from time to time, that support the educational, charitable and recreational purposes of Celina Independent School District or to pay costs to administer this Covenant or the Community Investment Fund. The Association waives its statutory right to control a qualified recipient of disbursements hereunder.

(f) **Community Enhancement Fee Lien and Foreclosure.** Each owner, by accepting an interest in or title to a Lot or Condominium Unit, whether or not it is so expressed in the instrument of conveyance, covenants and agrees to pay the Community Enhancement Fee to the Association. Each Community Enhancement Fee is a charge on the Lot or Condominium Unit and is secured

by a continuing lien on the Lot or Condominium Unit in the same manner as an assessment lien arising under the Master Covenant. Each owner, and each prospective owner, is placed on notice that the owner's title may be subject to the continuing lien for the Community Enhancement Fee attributable to a period prior to the date that the owner purchased a Lot or Condominium Unit. An express lien on each Lot or Condominium Unit is hereby granted and conveyed by Declarant to the Association to secure the payment of the Community Enhancement Fee which shall be enforced as an assessment lien in accordance with the terms and provisions set forth in the Master Covenant. The Community Enhancement Fee lien is superior to all other liens and encumbrances on a Lot or Condominium Unit, except only for: (i) tax and governmental assessment liens; (ii) all sums secured by a first Recorded deed of trust lien, to the extent such lien secures sums borrowed for the acquisition or improvement of the Lot or Condominium Unit in question; and (iii) home equity loans or home equity lines of credit which are secured by a Recorded second deed of trust lien; provided that, in the case of subparagraphs (ii) and (iii) above, such deed of trust lien was Recorded before the Community Enhancement Fee lien. The Community Enhancement Fee lien is superior to a lien arising from the construction of improvements to the Lot or Condominium Unit regardless of when recorded or perfected. It is also superior to any recorded assignment of the right to insurance proceeds on the Lot unless the assignment is part of a superior deed of trust lien. Foreclosure of a superior lien extinguishes the Association's claim against the Lot or Condominium Unit for an unpaid Community Enhancement Fee that became due before the sale, but does not extinguish the Association's claim against the former owner personally for the payment of such Community Enhancement Fee. The Association's lien for the Community Enhancement Fee is created by recordation of this Covenant, which constitutes record notice and perfection of the lien. No other recordation of a lien or notice of lien is required. However, the Association may record a notice of the lien in the Official Public Records of the county in which the property is located. If the debt is cured after a notice has been recorded, the Association will record a release of the notice of lien at the expense of the curing owner and may require reimbursement of its costs of preparing and recording the notice of lien before granting the release. By accepting an interest in or title to a Lot or Condominium Unit, each owner grants to the Association a power of sale in connection with the Community Enhancement Fee lien, which may be exercised in the same manner as all other assessment liens as further set forth in the Master Covenant.

(g) Reporting Required for Exclusions from Community Enhancement Fee. If a Transferor is involved in a Transfer that Transferor believes is excluded from the requirement to pay the Community Enhancement Fee under this Covenant, the Transferor shall provide written notice (the "Notice of Claim of Exclusion") to the Board a minimum of five (5) business days prior to the Transfer in question. The Notice of Claim of Exclusion shall include the Transfer details and the reason the Transferor believes such Transfer should be excluded. If, after review of the Notice of Claim of Exclusion, the Board does not concur that the Transfer in question should be excluded from the Community Enhancement Fee, (i) the Board will notify the Transferor or the Transferor's title company of its obligation to pay the Community Enhancement Fee to the Association and (ii) the Transferor shall pay the applicable Community Enhancement Fee. Prior to its decision on any Notice of Claim of Exclusion, the Board may request additional information or clarification from the Transferor submitting a Notice of Claim of Exclusion, and the Transferor shall promptly provide the Board with the additional information being requested by the Board. Copies of all notices and correspondence between the Transferor and the Board under this section shall be provided to the Transferee by the Transferor.

(h) Exclusions from the Community Enhancement Fee. The Community Enhancement Fee shall not apply to the following, except to the extent any of the following Transfers (set forth below in subparagraphs i – xiii) are used for the purpose of avoiding the Community Enhancement Fee.

- i. Transfers to Certain Governmental Agencies. Any Transfer to the United States, or any agency or instrumentality thereof, the State of Texas, or any city, county, municipality, district or other political subdivision thereof.
- ii. Transfer to the Association. Any Transfer to the property owner association created pursuant to the Master Covenant, or its respective successors or assignees.
- iii. Transfer to Declarant. Any Transfer to Declarant, any affiliate of Declarant or their successors or assignees.
- iv. Transfer from Declarant. Any Transfer from Declarant, any affiliate of Declarant or their successors or assignees.
- v. Transfer to Development Owner. Any Transfer from Declarant, or its successors, assignees or affiliates to Development Owner. For purposes of this subparagraph, “**Development Owner**” means any owner who acquires a Lot for the purpose of resale to a Homebuilder; and “**Homebuilder**” means any owner who is in the business of constructing residences for resale to third parties and intends to construct a residence on a Lot or Condominium Unit for resale to a third party.
- vi. Exempt Family or Related Transfers. Any Transfer, whether outright or in trust that is for the benefit of the Transferor or his or her relatives, but only if there is no more than nominal consideration for the Transfer. For the purposes of this exclusion, the relatives of a Transferor shall include all lineal descendants of any grandparent of the Transferor, and the spouses of the descendants. Any person’s stepchildren and adopted children shall be recognized as descendants of that person for all purposes of this exclusion.
- vii. Exemption for Transfers on Death. Any Transfer or change of interest by reason of death, whether provided for in a will, trust or decree of distribution.
- viii. Exempt Technical Transfers. Any Transfer made solely for the purpose of confirming, correcting, modifying or supplementing a Transfer previously recorded, making minor boundary adjustments, removing clouds on titles, or granting easements, rights-of-way or licenses.
- ix. Exempt Court Ordered Transfers. Any Transfer pursuant to any decree or order of a court of record determining or vesting title, including a final order awarding title pursuant to a divorce or condemnation proceeding.
- x. Exempt Transfers on Conveyance to Satisfy Certain Debts. Any Transfer to secure a debt or other obligation or to release property which is security for a debt or other obligation, including Transfers in connection with foreclosure of a deed of trust or Transfers in connection with a deed given in lieu of foreclosure.
- xi. Holding Company Exception. Any Transfer made by a corporation or other entity, for consideration (i) to any other corporation or entity which owns one-hundred percent (100%) of its equity securities (a “**Holding Company**”), or (ii) to a corporation or entity whose stock or other equity securities are owned,

- directly or indirectly, one-hundred percent (100%) by such Holding Company.
- xii. Subsidiary Conveyance Exemption. Any Transfer from a partially owned direct or indirect subsidiary corporation to its direct or indirect parent corporation where consideration is paid for, or in connection with such transfer.
- xiii. Exemption for Certain Conveyances of Convenience. The consecutive Transfer of a Lot or Condominium Unit wherein the interim owner acquires such Lot or Condominium Unit for the sole purpose of immediately re-conveying such Lot or Condominium Unit to the ultimate owner and such interim owner receives no right to use or enjoyment of such Lot or Condominium Unit, provided the Board specifically approves such exemption in each particular case.

Attachment: Staff Presentation (Wood Tract – PD Amendment)

LOCATION MAP

The subject property is generally located at the intersection of two 6-lane roadways (Coit Road and Ownsby Parkway)

BACKGROUND

- The subject property is approximately 41 acres
- The subject property was annexed into City Limits and zoned a Planned Development (PD-74) in 2016
- The City is constructing Ownsby Parkway, and ROW is needed from the applicant; the rezoning is connected to the ROW dedication, through an associated Development Agreement
- The applicant's proposal is to amend the existing Mixed Use Planned Development with Commercial, Office, & Retail District (C) and Multi-Family, Horizontal District (MF-0) base zoning

EXISTING ENTITLEMENT (PD-74)

- Commercial, office, & retail land uses
- Multi-Family land uses (up to 4 stories)
- 30' and 40' wide lots (10 units/acre)
- 15' ROW landscape buffers
- Old 10% open space standard

PROPOSAL

- Horizontal Multi-Family (MF-0) north of Ownsby Parkway
- 25' ROW landscape buffers
- Commercial, Office, & Retail land uses south of Ownsby Parkway
- 1-story garden office adjacent to CR 83 (across from single-family estate)

CR 83 BUFFERING

In order to mitigate the impact to the estate residential to the west, the following has been discussed:

- 1-story garden office
- Single-family for rent (MF-o)
- 8' masonry screening wall

CURRENT V. PROPOSED

	CURRENT	PROPOSED
MF (3-4 stories)	Both north and south sides of Ownsby	Not allowed
MF (1-2 stories)	Not included	North of Ownsby
Landscape Buffers	15'	25'
Commercial	Allowed	Allowed
Open Space	10%	20%

POLICY CONSIDERATIONS

- North of Ownsby, the MF-0 product type is smaller and shorter in scale than the townhomes currently entitled and does not increase density
- The MF-0 land use is more appropriate adjacent to metal contractor shops and beneath an elevated water tower
- South of Ownsby, the non-residential along CR 83 is limited to 1-story, which is shorter than the 30 & 40 foot lots that are currently entitled
- Ownsby Parkway is critical to regional mobility, connecting Preston Road to Custer Road
- The commercial component is already entitled
- The existing entitlement allows for 3-4 story multi-family

P&Z PUBLIC HEARING

- The applicant discussed the reasoning for the re-evaluation of the zoning due to the Ownsby re-alignment
- Several Preston Hills residents spoke in opposition to the rezoning (commercial development, multi-family development, noise, traffic, property values, crime, etc.)
- Some speakers wondered why the existing mixed-use development could not be rezoned to an estate residential neighborhood

P&Z DISCUSSION

- The Commission discussed how the existing commercial entitlements were not changing and were still appropriate for the intersection of two 6-lane roadways
- The Commission believed that the proposed MF-0 was preferred over the existing 3-4 multi-family and townhome entitlements
- The Commission was concerned about the CR 83 transition and buffering

RECOMMENDATION

- The Planning & Zoning Commission unanimously recommended approval of the request at its July regular meeting, with the following commentary:
 - That the applicant speak to the adjacent neighbors to work out the southwestern buffer adjacent to the estate lots
- Staff recommends approval as presented

CITY OF CELINA, TEXAS

ORDINANCE 2023-_____
WOOD TRACT

AN AMENDMENT TO PLANNED DEVELOPMENT #74

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CELINA, TEXAS, AMENDING ORDINANCE NO. 2006-57, AS HERETOFORE AMENDED, THE SAME BEING THE COMPREHENSIVE ZONING ORDINANCE, AND AMENDING THE OFFICIAL ZONING MAP OF THE CITY BY DESIGNATING THE REZONING OF LAND THAT IS APPROXIMATELY 41 ACRES LOCATED IN THE MCKINZIE WILHITE SURVEY, ABSTRACT NO. 1008 COLLIN COUNTY, TEXAS, AND GENERALLY LOCATED WEST OF FUTURE COIT ROAD AND NORTH & SOUTH OF FUTURE OWNSBY PARKWAY; AS DESCRIBED IN EXHIBIT “A” AND INCORPORATED HEREIN TO AMEND PLANNED DEVELOPMENT NO. 74 (PD-74), WITH A BASE ZONING OF MULTI-FAMILY, HORIZONTAL DISTRICT (MF-0) AND COMMERCIAL, OFFICE, & RETAIL DISTRICT (C); PROVIDING FOR INCORPORATION OF PREMISES, FINDINGS, AMENDMENT OF ZONING CLASSIFICATION, ZONING DESIGNATION AND DEVELOPMENT REGULATIONS, REVISION OF ZONING MAP, COMPLIANCE; PROVIDING FOR A PENALTY NOT TO EXCEED \$2,000.00 PER OFFENSE AND OTHER ENFORCEMENT MECHANISMS; PROVIDING CUMULATIVE REPEALER, SAVINGS AND SEVERABILITY CLAUSES; PROVIDING FOR PUBLICATION; PROVIDING FOR ENGROSSMENT AND ENROLLMENT; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of Celina is a home rule municipality located in Collin and Denton County, Texas created in accordance with the provisions of the Texas Local Government Code, The Texas Constitution and operating pursuant to the enabling legislation of the state of Texas; and

WHEREAS, the City Council of the City of Celina, Texas (the “City Council”) is empowered under Local Government Code 54.001 to do all acts and make all regulations which may be necessary or expedient for the promotion of the public health, safety and general welfare; and

WHEREAS, Section 211.003 of the Texas Local Government Code, empowers a municipality to, among other things, establish and amend zoning districts, classifications of land use, adopt a comprehensive plan to regulate the use of land and open spaces, adopt and amend zoning regulations, regulate population density, and regulate the use and location of buildings; and

WHEREAS, this Ordinance amends a portion of PD #74, which was enacted through Ordinance 2016-74; and

WHEREAS, the establishment of a zoning classification has been requested for the property more specifically described in Exhibit “A” and depicted in Exhibit “B”, attached hereto and incorporated as though fully set forth herein (the “Property”); and

WHEREAS, the Land Plan and Development Regulations, set forth in Exhibits “C” and “D,” attached hereto and incorporated herein, define the base zoning districts, and provide for certain modifications to such district regulations.

WHEREAS, the City Council has considered, among other things, the character of the property and its suitability for particular uses, with a view of encouraging the most appropriate use of land in the City, and is in the interest of public health, safety, and welfare, and does hereby find that the requested zoning accomplishes such objectives and is consistent with the provisions of the Celina 2040 Comprehensive Plan

Attachment: Draft Ordinance (Wood Tract – PD Amendment)

of the City of Celina; and

WHEREAS, the Planning and Zoning Commission of the City of Celina and the City Council of the City of Celina, in compliance with the laws of the State of Texas and the ordinances of the City of Celina, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area and in the vicinity thereof; and

WHEREAS, the City Council, in the exercise of its legislative discretion has concluded that the zoning classification on the tract of land described herein should be changed and the zoning map so amended.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CELINA, TEXAS

SECTION 1 **INCORPORATION OF PREMISES**

The above and foregoing premises are true and correct and are incorporated herein and made a part hereof for all purposes.

SECTION 2 **FINDINGS**

After due deliberations the City Council has concluded that the adoption of this Ordinance is in the best interest of the City of Celina, Texas and of the public health, safety and welfare.

SECTION 3 **AMENDMENT OF ZONING CLASSIFICATION**

That Ordinance No. 2006-57 of the City of Celina, Texas, as heretofore amended, the same being the City's Comprehensive Zoning Ordinance, is hereby amended to establish the zoning classification for the Property as "PD" Planned Development (PD) No. 74 with a base of Multi-Family, Horizontal District (MF-0) and Commercial, Office, & Retail District (C), and is subject to the following PD regulations, which exhibits are incorporated as if fully set forth herein:

- | | |
|------------|-------------------------|
| Exhibit A: | Legal Description |
| Exhibit B: | Depiction of Property |
| Exhibit C: | Land Plan |
| Exhibit D: | Development Regulations |

SECTION 4 **ZONING DESIGNATION AND DEVELOPMENT REGULATIONS**

That Ordinance No. 2006-57 of the City of Celina, Texas, as heretofore amended, the same being the City's Comprehensive Zoning Ordinance, is hereby amended by designating the zoning on the land, described in Exhibit "A", and depicted in Exhibit "B" attached hereto and incorporated herein as "PD" Planned Development No. 74 with a base of Multi-Family, Horizontal District (MF-0) and Commercial, Office, & Retail District (C), and incorporates the Land Plan and Development Regulations, attached hereto as Exhibit "C" and "D," respectively.

SECTION 5 **REVISION OF ZONING MAP**

That the City Manager for the City of Celina is hereby directed to mark and indicate on the official Zoning District Map of the City the zoning change herein made.

SECTION 6 **COMPLIANCE REQUIRED**

That the property described on Exhibit “A” and depicted in Exhibit “B” hereto shall be used only in the manner and for the purposes provided for in this ordinance and the Comprehensive Zoning Ordinance, of the City of Celina as amended.

SECTION 7 **PENALTY**

7.01 Any person, firm or corporation violating any of the provisions or terms of this ordinance or of the Code of Ordinances as amended hereby, shall be subject to the same penalty as provided for in the Code of Ordinances of the City of Celina, and upon conviction shall be punished by a fine not to exceed Two Thousand Dollars (\$2,000.00) for each offense.

7.02 If the governing body of the City of Celina determines that a violation of this Ordinance has occurred, the City of Celina may bring suit in district court to enjoin the person, firm, partnership, corporation, or association from engaging in the prohibited activity.

SECTION 8 **CUMULATIVE REPEALER CLAUSE**

This Ordinance shall be cumulative of all other Ordinances and shall not repeal any of the provisions of such Ordinances except for those instances where there are direct conflicts with the provisions of this Ordinance. Ordinances, or parts thereof, in force at the time this Ordinance shall take effect and that are inconsistent with this Ordinance are hereby repealed to the extent that they are inconsistent with this Ordinance. Provided however, that any complaint, action, claim or lawsuit which has been initiated or has arisen under or pursuant to such other Ordinances on this date of adoption of this Ordinance shall continue to be governed by the provisions of such Ordinance and for that purpose the Ordinance shall remain in full force and effect.

SECTION 9 **SAVINGS CLAUSE**

All rights and remedies of the City of Celina, Texas are expressly saved as to any and all violations of the provisions of any other ordinance affecting zoning regulation which have secured at the time of the effective date of this ordinance; and, as to such accrued violations and all pending litigation, both civil and criminal, whether pending in court or not, under such ordinances same shall not be affected by this Ordinance but may be prosecuted until final disposition by the court.

SECTION 10 **SEVERABILITY**

The provisions of the Ordinance are severable. However, in the event this Ordinance or any procedure provided in this Ordinance becomes unlawful, or is declared or determined by a judicial, administrative or legislative authority exercising its jurisdiction to be excessive, unenforceable, void, illegal or otherwise inapplicable, in whole or in part, the remaining and lawful provisions shall be of full force and effect and the City shall promptly promulgate new revised provisions in compliance with the authority's decisions or enactment.

SECTION 11 **PUBLICATION CLAUSE**

The City Secretary of the City of Celina is hereby directed to publish in the Official Newspaper of the City of Celina the Caption, and Effective Date of this Ordinance as required by Section 52.013 of the Local Government Code.

SECTION 12
ENGROSSMENT AND ENROLLMENT

The City Secretary is hereby directed to engross and enroll this Ordinance by copying the descriptive Caption in the minutes of the City Council and by filing this Ordinance in the Ordinance records of the City.

SECTION 13
EFFECTIVE DATE

This Ordinance shall become effective from and after its date of passage and publication as required by law.

AND IT IS SO ORDAINED.

PASSED AND APPROVED by the City Council of the City of Celina, Texas this 8th day of August 2023.

ORDINANCE NO. 2023-____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CELINA, TEXAS ACCEPTING AND APPROVING AN AMENDED AND RESTATED SERVICE AND ASSESSMENT PLAN AND NEIGHBORHOOD IMPROVEMENT AREA #6 ASSESSMENT ROLL FOR THE WELLS SOUTH PUBLIC IMPROVEMENT DISTRICT; MAKING A FINDING OF SPECIAL BENEFIT TO THE PROPERTY IN NEIGHBORHOOD IMPROVEMENT AREA #6 OF THE DISTRICT; LEVYING SPECIAL ASSESSMENTS AGAINST PROPERTY WITHIN NEIGHBORHOOD IMPROVEMENT AREA #6 OF THE DISTRICT AND ESTABLISHING A LIEN ON SUCH PROPERTY; PROVIDING FOR THE METHOD OF ASSESSMENT AND THE PAYMENT OF THE NEIGHBORHOOD IMPROVEMENT AREA #6 ASSESSMENTS IN ACCORDANCE WITH CHAPTER 372, TEXAS LOCAL GOVERNMENT CODE, AS AMENDED; PROVIDING PENALTIES AND INTEREST ON DELINQUENT ASSESSMENTS; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, on May 21, 2015, a petition was submitted and filed with the City Secretary (the “City Secretary”) of the City of Celina, Texas (the “City”) pursuant to the Public Improvement District Assessment Act, Chapter 372, Texas Local Government Code, as amended (the “PID Act”), requesting the creation of a public improvement district in the extraterritorial jurisdiction of the City; and

WHEREAS, the petition contained the signature of the owner of taxable property representing more than fifty percent of the appraised value of taxable real property liable for assessment within the District, as determined by the then current ad valorem tax rolls of the Collin Central Appraisal District, and the signature of the record owner of real taxable real property that constitutes more than fifty percent of the area of all taxable property that is liable for assessment by the District; and

WHEREAS, on July 14, 2015, after due notice, the City Council of the City (the “City Council”) held a public hearing in the manner required by law on the advisability of the public improvements and services described in the petition as required by Section 372.009 of the PID Act and made the findings required by Section 372.009(b) of the PID Act and, by Resolution No. 2015-34R (the “Authorization Resolution”) adopted by a majority of the members of the City Council, authorized and created the Wells South Public Improvement District (the “District”) in accordance with its finding as to the advisability of the Authorized Improvements; and

WHEREAS, the City published the Authorization Resolution as required by law; and

WHEREAS, no written protests regarding the creation of the District from any owners of record of property within the District were filed with the City Secretary; and

WHEREAS, the District is now located entirely within the corporate limits of the City; and

WHEREAS, the City has issued \$8,040,000 City of Celina, Texas Special Assessment Revenue Bonds, Series 2015 (Wells South Public Improvement District Major Improvement Area

Attachment: Draft Ordinance (Wells South (Lilyana) PID IA #6 – Levy Ordinance)

Project) (the "Major Improvement Area Bonds") that are secured by special assessments levied on the Major Improvement Area Assessed Property (as defined in the Service and Assessment Plan); and

WHEREAS, the City has issued \$5,790,000 City of Celina, Texas Special Assessment Revenue Bonds, Series 2015 (Wells South Public Improvement District Neighborhood Improvement Area #1 Project) (the "Neighborhood Improvement Area #1 Bonds") that are secured by special assessments levied on the Neighborhood Improvement Area #1 Assessed Property (as defined in the Service and Assessment Plan); and

WHEREAS, the City has issued \$3,195,000 City of Celina, Texas Special Assessment Revenue Bonds, Series 2020 (Wells South Public Improvement District Neighborhood Improvement Areas #2-3 Project) (the "Neighborhood Improvement Areas #2-3 Bonds") that are secured by (i) special assessments levied on the Neighborhood Improvement Area #2 Assessed Property (as defined in the Service and Assessment Plan) and (ii) special assessments levied on the Neighborhood Improvement Area #3 Assessed Property (as defined in the Service and Assessment Plan); and

WHEREAS, the City has issued \$5,255,000 City of Celina, Texas Special Assessment Revenue Bonds, Series 2021 (Wells South Public Improvement District Neighborhood Improvement Area #4 Project) (the "Neighborhood Improvement Area #4 Bonds") that are secured by special assessments levied on the Neighborhood Improvement Area #4 Assessed Property (as defined in the Service and Assessment Plan); and

WHEREAS, the City has issued \$6,463,000 City of Celina, Texas Special Assessment Revenue Bonds, Series 2022 (Wells South Public Improvement District Neighborhood Improvement Area #5 Project) (the "Neighborhood Improvement Area #5 Bonds") that are secured by special assessments levied on the Neighborhood Improvement Area #5 Assessed Property (as defined in the Service and Assessment Plan); and

WHEREAS, on July 11, 2023, the City Council adopted a resolution approving a preliminary amended and restated service and assessment plan update, including a proposed assessment roll for Neighborhood Improvement Area #6 of the District; calling for a public hearing to consider an ordinance levying assessments on property within Neighborhood Improvement Area #6 of the District (the "Neighborhood Improvement Area #6 Assessments"); authorizing and directing the City Secretary of the City to file the proposed assessment roll for Neighborhood Improvement Area #6 of the District and make such assessment roll available for public inspection; authorizing and directing the publication of notice of a public hearing to consider the levying of the Neighborhood Improvement Area #6 Assessments against the property within Neighborhood Improvement Area #6 of the District (the "Levy and Assessment Hearing"); authorizing and directing the mailing of notice of the Levy and Assessment Hearing to owners of property liable for assessment; and directing related action; and

WHEREAS, on July 12, 2023, the City Secretary filed the Neighborhood Improvement Area #6 Assessment Roll (defined below) and made the same available for public inspection; and

WHEREAS, the City Secretary, pursuant to Section 372.016(b) of the PID Act, published notice of the Levy and Assessment Hearing on July 24, 2023 in the *Celina Record*, a newspaper of general circulation in the City; and

WHEREAS, the City Secretary, pursuant to Section 372.016(c) of the PID Act, mailed the notice of the Levy and Assessment Hearing to the last known addresses of the owners of the property liable for the Neighborhood Improvement Area #6 Assessments; and

WHEREAS, the City Council opened and convened the Levy and Assessment Hearing on August 8, 2023, and at which all persons who appeared, or requested to appear, in person or by their attorney, were given the opportunity to contend for or contest the Neighborhood Improvement Area #6 Assessment Roll, and the proposed Neighborhood Improvement Area #6 Assessments, and to offer testimony pertinent to any issue presented on the amount of the Neighborhood Improvement Area #6 Assessments, the allocation of the Actual Costs of the Authorized Improvements to be undertaken for the benefit of the Neighborhood Improvement Area #6 Assessed Property (as defined in the Service and Assessment Plan) (the "Neighborhood Improvement Area #6 Improvements"), the purposes of the Neighborhood Improvement Area #6 Assessments, the special benefits of the Neighborhood Improvement Area #6 Improvements, and the penalties and interest on annual installments and on delinquent annual installments of the Neighborhood Improvement Area #6 Assessments; and

WHEREAS, the City Council finds and determines that the Neighborhood Improvement Area #6 Assessment Roll and the Wells South Public Improvement District Amended and Restated Service and Assessment Plan, dated December 7, 2015, as updated for Neighborhood Improvement Area #2 on July 10, 2018, Neighborhood Improvement Area #3 on September 8, 2020, Neighborhood Improvement Area #4 on September 28, 2021, Neighborhood Improvement Area #5 on September 13, 2022, and Neighborhood Improvement Area #6 on August 8, 2023, in a form substantially similar to the attached **Exhibit A**, (as updated, the "Service and Assessment Plan"), and which is incorporated herein for all purposes, should be approved and that the Neighborhood Improvement Area #6 Assessments should be levied as provided in this Ordinance and the Service and Assessment Plan and the assessment roll attached thereto as Appendix K (the "Neighborhood Improvement Area #6 Assessment Roll"); and

WHEREAS, the City Council further finds that there were no objections or evidence submitted to the City Secretary in opposition to the Service and Assessment Plan, the allocation of the Actual Costs of the Neighborhood Improvement Area #6 Improvements (as described in the Service and Assessment Plan), the Neighborhood Improvement Area #6 Assessment Roll, or the levy of the Neighborhood Improvement Area #6 Assessments against the Neighborhood Improvement Area #6 Assessed Property; and

WHEREAS, the owners (the "Landowners"), or their representatives, of the majority of the privately-owned and taxable property located within Neighborhood Improvement Area #6 of the District, who are the persons to be assessed pursuant to this Ordinance, have indicated their approval and acceptance of the Service and Assessment Plan, approval of the Neighborhood Improvement Area #6 Assessment Roll, approval of this Ordinance, and approval of the levy of

the Neighborhood Improvement Area #6 Assessments against their property located within Neighborhood Improvement Area #6 of the District; and

WHEREAS, the City Council closed the hearing, and, after considering all written and documentary evidence presented at the hearing, including all written comments and statements filed with the City, determined to proceed with the adoption of this Ordinance in conformity with the requirements of the PID Act.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CELINA, TEXAS:

Section 1. Terms.

Terms not otherwise defined herein are defined in the Service and Assessment Plan.

Section 2. Findings.

The findings and determinations set forth in the preambles hereof are hereby incorporated by reference and made a part of this Ordinance for all purposes as if the same were restated in full in this Section. The City Council hereby finds, determines, and ordains, as follows:

(a) The apportionment of the Actual Costs of the Neighborhood Improvement Area #6 Improvements (as reflected in the Service and Assessment Plan), and the Administrative Expenses (as defined in and as described by the Service and Assessment Plan) is fair and reasonable, reflects an accurate presentation of the special benefit each assessed parcel within the Neighborhood Improvement Area #6 Assessed Property will receive from the construction of the Neighborhood Improvement Area #6 Improvements identified in the Service and Assessment Plan, and is hereby approved;

(b) The Service and Assessment Plan (i) covers a period of at least five years, (ii) defines the annual indebtedness and projected costs for the Neighborhood Improvement Area #6 Improvements, and (iii) includes a copy of the notice form required by Section 5.014 of the Texas Property Code, as amended. The Service and Assessment Plan has been reviewed and updated annually, including the updated Service and Assessment Plan attached hereto as **Exhibit A**;

(c) The Service and Assessment Plan apportions the Actual Costs of the Neighborhood Improvement Area #6 Improvements to be assessed against the Neighborhood Improvement Area #6 Assessed Property as Neighborhood Improvement Area #6 Assessments and such apportionment is made on the basis of special benefits accruing to the property because of the Neighborhood Improvement Area #6 Improvements;

(d) All of the real property in Neighborhood Improvement Area #6 of the District which is being assessed in the amounts shown in the Neighborhood Improvement Area #6 Assessment Roll will be benefited by the Neighborhood Improvement Area #6 Improvements proposed to be constructed as described in the Service and Assessment

Plan, and each assessed parcel of Neighborhood Improvement Area #6 Assessed Property will receive special benefits during the term of the Neighborhood Improvement Area #6 Assessments equal to or greater than the total amount assessed;

(e) The method of apportionment of the Actual Costs of the Neighborhood Improvement Area #6 Improvements and Administrative Expenses set forth in the Service and Assessment Plan results in imposing equal shares of the Actual Costs of the Neighborhood Improvement Area #6 Improvements and Administrative Expenses on property similarly benefited, and results in a reasonable classification and formula for the apportionment of the Actual Costs;

(f) The Service and Assessment Plan should be approved as the service plan and assessment plan for the District as described in Sections 372.013 and 372.014 of the PID Act;

(g) The Neighborhood Improvement Area #6 Assessment Roll should be approved as the Neighborhood Improvement Area #6 Assessment Roll for the Neighborhood Improvement Area #6 Assessed Property within the District;

(h) The provisions of the Service and Assessment Plan relating to due and delinquency dates for the Neighborhood Improvement Area #6 Assessments, interest on Annual Installments, interest and penalties on delinquent Neighborhood Improvement Area #6 Assessments and delinquent Annual Installments, and procedures in connection with the imposition and collection of Neighborhood Improvement Area #6 Assessments should be approved and will expedite collection of the Neighborhood Improvement Area #6 Assessments in a timely manner in order to provide the services and improvements needed and required for Neighborhood Improvement Area #6 of the District; and

(i) A written notice of the date, hour, place and subject of this meeting of the City Council was posted at a place convenient to the public for the time required by law preceding this meeting, as required by the Open Meetings Act, Chapter 551, Texas Government Code, as amended, and this meeting has been open to the public as required by law at all times during which this Ordinance and the subject matter hereof has been discussed, considered, and formally acted upon.

Section 3. Service and Assessment Plan.

The Service and Assessment Plan is hereby accepted and approved pursuant to Sections 372.013 and 372.014 of the PID Act as the service plan and the assessment plan for the District.

Section 4. Neighborhood Improvement Area #6 Assessment Roll.

The Neighborhood Improvement Area #6 Assessment Roll is hereby accepted and approved pursuant to Section 372.016 of the PID Act as the Neighborhood Improvement Area #6 Assessment Roll of the District.

Section 5. Levy and Payment of Neighborhood Improvement Area #6 Assessments for Actual Costs of the Neighborhood Improvement Area #6 Improvements.

(a) The City Council hereby levies an assessment on each parcel of Neighborhood Improvement Area #6 Assessed Property (excluding Non-Benefitted Property, as defined in the Service and Assessment Plan), as shown and described in the Service and Assessment Plan and the Neighborhood Improvement Area #6 Assessment Roll, in the respective amounts shown on the Neighborhood Improvement Area #6 Assessment Roll, as a special assessment on the properties set forth in the Neighborhood Improvement Area #6 Assessment Roll.

(b) The levy of the Neighborhood Improvement Area #6 Assessments shall be effective on the date of execution of this Ordinance levying Neighborhood Improvement Area #6 Assessments and strictly in accordance with the terms of the Service and Assessment Plan and the PID Act.

(c) The collection of the Neighborhood Improvement Area #6 Assessments shall be as described in the Service and Assessment Plan and the PID Act.

(d) Each Neighborhood Improvement Area #6 Assessment may be paid in a lump sum at any time or may be paid in Annual Installments pursuant to the terms of the Service and Assessment Plan.

(e) Each Neighborhood Improvement Area #6 Assessment shall bear interest at the rate or rates specified in the Service and Assessment Plan.

(f) Each Annual Installment shall be collected each year in the manner set forth in the Service and Assessment Plan.

(g) The Administrative Expenses for Neighborhood Improvement Area #6 Assessed Property shall be calculated and collected pursuant to the terms of the Service and Assessment Plan.

Section 6. Method of Assessment.

The method of apportioning the Actual Costs of the Neighborhood Improvement Area #6 Improvements and Administrative Expenses are set forth in the Service and Assessment Plan.

Section 7. Penalties and Interest on Delinquent Neighborhood Improvement Area #6 Assessments.

Delinquent Neighborhood Improvement Area #6 Assessments shall be subject to the penalties, interest, procedures, and foreclosure sales set forth in the Service and Assessment Plan and as allowed by law.

Section 8. Prepayments of Neighborhood Improvement Area #6 Assessments.

As provided in Section VI of the Service and Assessment Plan, the owner of any Neighborhood Improvement Area #6 Assessed Property subject to a Neighborhood Improvement Area #6 Assessment may prepay the Neighborhood Improvement Area #6 Assessments levied by this Ordinance.

Section 9. Lien Priority.

The City Council and the Landowners intend for the obligations, covenants and burdens on the Landowners of each parcel of Neighborhood Improvement Area #6 Assessed Property, including without limitation such Landowners' obligations related to payment of the Neighborhood Improvement Area #6 Assessments and the Annual Installments thereof, to constitute covenants that shall run with the land. The Neighborhood Improvement Area #6 Assessments and the Annual Installments thereof which are levied hereby shall be binding upon the Landowners, as the owners of each parcel of Neighborhood Improvement Area #6 Assessed Property, and their respective transferees, legal representatives, heirs, devisees, successors and assigns in the same manner and for the same period as such parties would be personally liable for the payment of ad valorem taxes under applicable law. Neighborhood Improvement Area #6 Assessments shall have lien priority as specified in the Service and Assessment Plan and the PID Act.

Section 10. Appointment of Administrator and Collector of Assessments.

(a) Appointment of Administrator.

MuniCap, Inc., is hereby appointed and designated to initially serve, or until otherwise determined by the City Council, as the Administrator of the Service and Assessment Plan and of the Neighborhood Improvement Area #6 Assessments levied by this Ordinance. The Administrator shall perform the duties of the Administrator described in the Service and Assessment Plan and in this Ordinance. The Administrator's fees, charges and expenses for providing such service shall constitute an Administrative Expense.

(b) Appointment of Collector.

The Collin County Tax Assessor and Collector is hereby appointed and designated as the collector of the Neighborhood Improvement Area #6 Assessments.

Section 11. Applicability of Tax Code.

To the extent not inconsistent with this Ordinance, and not inconsistent with the PID Act or the other laws governing public improvement districts, the provisions of the Texas Tax Code shall be applicable to the imposition and collection of the Neighborhood Improvement Area #6 Assessments by the City.

Section 12. Filing in Land Records.

The City Secretary is directed to cause a copy of this Ordinance, including the Service and Assessment Plan and the Neighborhood Improvement Area #6 Assessment Roll, to be

recorded in the real property records of Collin County, not later than the seventh day after the date the City Council adopts this Ordinance approving the Service and Assessment Plan. The City Secretary is further directed to similarly file each Annual Service Plan Update (as defined in the Service and Assessment Plan) approved by the City Council not later than the seventh day after the date that the City Council approves each Annual Service Plan Update.

Section 13. Severability.

If any provision, section, subsection, sentence, clause, or phrase of this Ordinance, or the application of the same to any person or set of circumstances is for any reason held to be unconstitutional, void, or invalid, the validity of the remaining portions of this Ordinance or the application to other persons or sets of circumstances shall not be affected thereby, it being the intent of the City Council that no portion hereof, or provision or regulation contained herein shall become inoperative or fail by reason of any unconstitutionality, voidness, or invalidity or any other portion hereof, and all provisions of this ordinance are declared to be severable for that purpose.

Section 14. Effective Date.

This Ordinance shall take effect, and the levy of the Neighborhood Improvement Area #6 Assessments, and the provisions and terms of the Service and Assessment Plan shall be and become effective upon passage and execution hereof.

NOW THEREFORE, the 2023 Amended and Restated Service and Assessment Plan is set forth below:

I. PLAN DESCRIPTION AND DEFINED TERMS

A. INTRODUCTION

The City Council of the City of Celina, Texas authorized the creation of the PID to finance the costs of certain public improvements for the benefit of property in such public improvement district, all of which was located within the extraterritorial jurisdiction of the City at the time the PID was created and all of which was subsequently annexed by the City and is now located within the corporate limits of the City.

The property in the PID is proposed to be developed in multiple phases, and the PID will finance public improvements as the property is developed. Assessments will be imposed on the property that receives a special benefit from the Authorized Improvements to be constructed.

Chapter 372 of the Texas Local Government Code (as amended, the “PID Act”), governs the creation and operation of public improvement districts within the State of Texas. This Service and Assessment Plan (this “SAP”) was prepared pursuant to the PID Act. The PID Act requires that a service plan “(i) cover a period of at least five years; (ii) define the annual indebtedness and the projected costs for improvements, and (iii) include a copy of the notice form required by Section 5.014 of the Texas Property Code, as amended.” The PID Act also requires the City “review and update the service plan annually for the purpose of determining the annual budget for improvements.” The service plan for the PID is described in more detail in Section IV herein. The copy of the notice form required by Section 5.014 of the Texas Property Code, as amended, is attached hereto as Appendix C.

Section 372.014 of the PID Act requires that “an assessment plan must be included in the annual service plan.” The assessment plan is described in Section V of this Service and Assessment Plan.

Section 372.015 of the PID Act requires that “the governing body of the municipality or county shall apportion the cost of an improvement to be assessed against property in an improvement district.” The method of assessing the costs of the Authorized Improvements and apportionment of such costs to the property in the PID is included in Section V of this Service and Assessment Plan.

Section 372.016 of the PID Act requires that “after the total cost of an improvement is determined, the governing body of the municipality or county shall prepare a proposed Assessment Roll. The roll must state the assessment against each parcel of land in the district, as determined by the method of assessment chosen by the municipality or county under this subchapter. The current Assessment Rolls for the PID are included as Appendix E, Appendix F, Appendix G, Appendix H, Appendix I, Appendix J, and Appendix K of this Service and Assessment Plan. The Assessments as shown on each applicable Assessment Roll are based on the method of assessment and apportionment of costs described in Section V of this Service and Assessment Plan.

Proposed Development	Quantity	Measurement
Single Family – 70 Ft	85	Units
Single Family – 60 Ft	111	Units
Single Family – 50 Ft	97	Units
Total	293	Units

C. PROPERTY LOCATED IN THE MAJOR IMPROVEMENT AREA

The Major Improvement Area consists of Neighborhood Improvement Area #2, Neighborhood Improvement Area #3, Neighborhood Improvement Area #4, Neighborhood Improvement Area #5, Neighborhood Improvement Area #6, and the Future Neighborhood Improvement Areas. A map of the property within the Major Improvement Area is shown on Appendix A and described in Appendix B-1 (save and accept for the approximately 93.2 acres within Neighborhood Improvement Area #1 legally described in Appendix B-2) to this Service and Assessment Plan.

At completion, the Major Improvement Area is expected to consist of 1,016 single family residential units, 78 attached townhomes, and approximately 53,143 gross square feet of commercial, right-of-way, landscaping, and infrastructure necessary to provide roadways, drainage, and utilities to the PID.

The property within the Major Improvement Area is proposed to be developed as shown in Table II-C.

Actual Development – Neighborhood Improvement Area #2

Development	Quantity	Measurement
Single Family – 70 Ft	7	Units
Single Family – 50 Ft	92	Units
Total	99	Units

E. PROPERTY LOCATED IN NEIGHBORHOOD IMPROVEMENT AREA #3

Neighborhood Improvement Area #3 consists of approximately 44.724 acres and contains 182 single family residential units. A map of the property within Neighborhood Improvement Area #3 is shown on Appendix A and described in Appendix B-4 to this Service and Assessment Plan.

The property within Neighborhood Improvement Area #3 of the PID has been developed as shown in Table II-E.

Proposed Development – Neighborhood Improvement Area #5

Proposed Development	Quantity	Measurement
Single Family – 60 Ft	68	Units
Single Family – 50 Ft	139	Units
Total	207	Units

H. PROPERTY LOCATED IN NEIGHBORHOOD IMPROVEMENT AREA #6

Neighborhood Improvement Area #6 consists of approximately 21.063 acres and projected to contain 100 single family residential units. A map of the property within Neighborhood Improvement Area #6 is shown on Appendix A and described in Appendix B-7 to this Service and Assessment Plan.

The property within Neighborhood Improvement Area #6 of the PID is anticipated to be developed as shown in Table II-H.

I. PROPERTY LOCATED IN FUTURE NEIGHBORHOOD IMPROVEMENT AREAS

As Future Neighborhood Improvement Areas are developed, it is anticipated that additional PID Bonds may be issued and/or obligations may be incurred under the PID Reimbursement Agreement for each new Neighborhood Improvement Area. In connection with the issuance of each new series of PID Bonds and/or new obligations under the PID Reimbursement Agreement, this Service and Assessment Plan will be updated to add additional details of each new Neighborhood Improvement Area as shown above. A map of the projected property within each Future Neighborhood Improvement Area is shown in Appendix A. The Future Neighborhood Improvement Areas are shown for illustrative purposes only and are subject to adjustment. The current Parcels in the PID are shown on the Assessment Rolls included as Appendix E, Appendix F, Appendix G, Appendix H, Appendix I, Appendix J, and Appendix K.

The estimated number of units at the build-out of the PID is based on the land use approvals by the City for the property, the anticipated subdivision of property in the PID, and the Developer's estimate of the highest and best use of the property within the PID.

III. DESCRIPTION OF THE AUTHORIZED IMPROVEMENTS

A. AUTHORIZED IMPROVEMENT OVERVIEW

372.003. Authorized Improvements

(a) If the governing body of a municipality or county finds that it promotes the interests of the municipality or county, the governing body may undertake an improvement project that confers a special benefit on a definable part of the municipality or county or the municipality's extraterritorial jurisdiction. A project may be undertaken in the municipality or county or the municipality's extraterritorial jurisdiction.

(b) A public improvement may include:

- (i) landscaping;
- (ii) erection of fountains, distinctive lighting, and signs;
- (iii) acquiring, constructing, improving, widening, narrowing, closing, or rerouting of sidewalks or of streets, any other roadways, or their rights-of way;
- (iv) construction or improvement of pedestrian malls;
- (v) acquisition and installation of pieces of art;
- (vi) acquisition, construction, or improvement of libraries;
- (vii) acquisition, construction, or improvement of off-street parking facilities;
- (viii) acquisition, construction, improvement, or rerouting of mass transportation facilities;
- (ix) acquisition, construction, or improvement of water, wastewater, or drainage facilities or improvements;
- (x) the establishment or improvement of parks;
- (xi) projects similar to those listed in Subdivisions (i)-(x);
- (xii) acquisition, by purchase or otherwise, of real property in connection with an authorized improvement;
- (xiii) special supplemental services for improvement and promotion of the district, including services relating to advertising, promotion, health and sanitation, water and wastewater, public safety, security, business recruitment, development, recreation, and cultural enhancement;
- (xiv) payment of expenses incurred in the establishment, administration and operation of the district; and
- (xv) the development, rehabilitation, or expansion of affordable housing

The City has determined that of the improvements authorized under the PID Act, it will undertake at this time only those Authorized Improvements more particularly described in Section III.B, Section III.C, Section III.D, Section III.E, Section III.F., Section III.G, and Section III.H. Any change to the list of Authorized Improvements, including any Future Neighborhood Improvement Area Improvements as described in Section III.I, will require the approval of the City.

B. DESCRIPTIONS AND COSTS OF MAJOR IMPROVEMENTS

The Major Improvements benefit the entire PID. The Actual Costs of the Major Improvements are allocated proportionally throughout the entire PID, excluding Non-Benefited Property, in a manner that anticipates planned development of the PID based on the estimated build-out-value.

The Major Improvements descriptions are presented below as provided by the project engineer. The Actual Costs of the Major Improvements are shown in Table III-A.

A description of the Major Improvements follows:

Roadway Improvements

The roadway improvement portion of the Major Improvements consists of the construction of perimeter road and thoroughfare improvements, including related paving, sidewalks, retaining walls, signage, and traffic control devices, and the acquisition of related rights-of-way, as described in the Development Agreement and which benefit the Major Improvement Area Assessed Property. The City has determined that the acquisition of rights-of-way related to road improvements as described in the Development Agreement meets the requirements of its current policy on the financing of roadway rights-of-way through public improvement district assessments. The roadway improvements have been constructed according to City standards.

Storm Drainage Improvements

The storm drainage improvement portion of the Major Improvements consists of the construction of two detention ponds and appurtenances thereto to appropriately control and convey storm water. The storm drainage improvements have been constructed according to City standards.

Wastewater Improvements

The wastewater improvement portion of the Major Improvements consists of construction and installation of pipes, service lines, manholes, encasements and appurtenances necessary to provide sanitary sewer service to the Assessed Property. The wastewater improvements have been constructed according to City standards.

Water Improvements

The water improvement portion of the Major Improvements consists of construction and installation of waterlines, mains, pipes, valves and appurtenances, necessary for the water distribution system that services the Assessed Property. The water improvements have been constructed according to City standards.

Open Space/Trail System Improvements

The open space and trail system improvement portion of the Major Improvements consists of certain public open space and trail systems as described in the Development Agreement. The

public open space and trail system improvements have been constructed according to City standards.

C. DESCRIPTIONS AND COSTS OF NEIGHBORHOOD IMPROVEMENT AREA #1 IMPROVEMENTS

The Neighborhood Improvement Area #1 Improvements descriptions are presented below as provided by the project engineer. The Actual Costs of the Neighborhood Improvement Area #1 Projects are shown in Table III-B.

A description of the Neighborhood Improvement Area #1 Improvements are as follows:

Roadway Improvements

The roadway improvement portion of the Neighborhood Improvement Area #1 Improvements consists of the construction of road and thoroughfare improvements, including related paving, sidewalks, retaining walls, signage, and traffic control devices, and the acquisition of related rights-of-way, as described in the Development Agreement and which benefit the Neighborhood Improvement Area #1 Assessed Property. The City has determined that the acquisition of rights-of-way related to roadway improvements as described in the Development Agreement meets the requirements of its current policy on the financing of roadway rights-of-way through public improvement district assessments. The roadway improvements have been constructed according to City standards.

Storm Drainage Improvements

The storm drainage improvement portion of the Neighborhood Improvement Area #1 Improvements consists of construction of detention ponds and appurtenances thereto to appropriately control and convey storm water. The storm drainage improvements have been constructed according to City standards.

Wastewater Improvements

The wastewater improvement portion of the Neighborhood Improvement Area #1 Improvements consists of construction and installation of pipes, service lines, manholes, encasements and appurtenances necessary to provide sanitary sewer service to Neighborhood Improvement Area #1 Assessed Property. The wastewater improvements have been constructed according to City standards.

Water Improvements

The water improvement portion of the Neighborhood Improvement Area #1 Improvements consists of construction and installation of a looped water main network, waterlines, mains, pipes, valves and appurtenances, necessary for the portion of the water distribution system that will service the Neighborhood Improvement Area #1 Assessed Property. The water improvements have been constructed according to City standards.

D. DESCRIPTIONS AND COSTS OF NEIGHBORHOOD IMPROVEMENT AREA #2 IMPROVEMENTS

The Neighborhood Improvement Area #2 Improvements descriptions are presented below as provided by the project engineer. The Actual Costs of the Neighborhood Improvement Area #2 Improvements are shown in Table III-C.

A description of the Neighborhood Improvement Area #2 Improvements are as follows:

Roadway Improvements

The roadway improvement portion of the Neighborhood Improvement Area #2 Improvements consists of the construction of road and thoroughfare improvements, including related paving, sidewalks, retaining walls, signage, and traffic control devices, and the acquisition of related rights-of-way, as described in the Development Agreement and which benefit the Neighborhood Improvement Area #2 Assessed Property. The City has determined that the acquisition of rights-of-way related to roadway improvements as described in the Development Agreement meets the

requirements of its current policy on the financing of roadway rights-of-way through public improvement district assessments. The roadway improvements have been constructed according to City standards.

Storm Drainage Improvements

The storm drainage improvement portion of Neighborhood Improvement Area #2 Improvements consists of the construction of erosion control improvements to appropriately control and convey storm water for the benefit of Neighborhood Improvement Area #2 Assessed Property. The storm drainage improvements have been constructed according to City standards.

Wet Utility Improvements

The wet utility improvements portion of the Neighborhood Improvement Area #2 Improvements consists of construction and installation of pipes, service lines, manholes, encasements and appurtenances necessary to provide sanitary sewer service and construction and installation of a looped water main network, waterlines, mains, pipes, valves and appurtenances, necessary for the portion of the water distribution system that will service the Neighborhood Improvement Area #2 Assessed Property. The wet utilities improvements have been constructed according to City standards.

Note: Actual Costs provided by the Master Developer.

E. DESCRIPTIONS AND COSTS OF NEIGHBORHOOD IMPROVEMENT AREA #3 IMPROVEMENTS

The Neighborhood Improvement Area #3 Improvements descriptions are presented below as provided by the project engineer. The Actual Costs of the Neighborhood Improvement Area #3 Improvements are shown in Table III-D. Information relating to the costs of the Neighborhood Improvement Area #1 Projects in the indentures relating to the Major Improvement Area Bonds and the Neighborhood Improvement Area #1 Bonds is now included in Table III-B.

A description of the Neighborhood Improvement Area #3 Improvements are as follows:

Roadway Improvements

The roadway improvement portion of the Neighborhood Improvement Area #3 Improvements consists of the construction of road and thoroughfare improvements, including related paving, sidewalks, retaining walls, signage, and traffic control devices, and the acquisition of related rights-of-way, as described in the Development Agreement and which benefit the Neighborhood

Improvement Area #3 Assessed Property. The City has determined that the acquisition of rights-of-way related to roadway improvements as described in the Development Agreement meets the requirements of its current policy on the financing of roadway rights-of-way through public improvement district assessments. The roadway improvements have been constructed according to City standards.

Storm Drainage Improvements

The storm drainage improvement portion of Neighborhood Improvement Area #3 Improvements consists of the construction of erosion control improvements to appropriately control and convey storm water for the benefit of Neighborhood Improvement Area #3 Assessed Property. The storm drainage improvements have been constructed according to City standards.

F. DESCRIPTIONS AND COSTS OF NEIGHBORHOOD IMPROVEMENT AREA #4 IMPROVEMENTS

The Neighborhood Improvement Area #4 Improvements descriptions are presented below as provided by the project engineer. The Actual Costs of the Neighborhood Improvement Area #4 Improvements are shown in Table III-E.

A description of the Neighborhood Improvement Area #4 Improvements are as follows:

Roadway Improvements

The roadway improvement portion of the Neighborhood Improvement Area #4 Improvements consists of the construction of road and thoroughfare improvements, including related paving, sidewalks, retaining walls, signage, and traffic control devices, and the acquisition of related rights-of-way, as described in the Development Agreement and which benefit the Neighborhood

Improvement Area #4 Assessed Property. The City has determined that the acquisition of rights-of-way related to roadway improvements as described in the Development Agreement meets the requirements of its current policy on the financing of roadway rights-of-way through public improvement district assessments. The roadway improvements will be constructed according to City standards.

Water Improvements

The water improvement portion of the Neighborhood Improvement Area #4 Improvements consists of construction and installation of a looped water main network, waterlines, mains, pipes, valves and appurtenances, necessary for the portion of the water distribution system that will service the Neighborhood Improvement Area #4 Assessed Property. The water improvements will be constructed according to City standards.

Wastewater Improvements

I. FUTURE NEIGHBORHOOD IMPROVEMENT AREA IMPROVEMENTS

As Future Neighborhood Improvement Areas are developed and Future Neighborhood Improvement Area Bonds are issued, this SAP will be amended to identify the specific Future Neighborhood Improvement Area Improvements that confer a special benefit to the property inside each Future Neighborhood Improvement Area (e.g. a Table III-H will be added to show the costs for the specific Future Neighborhood Improvement Area Improvements financed within the specific Future Neighborhood Improvement Area being developed.)

(remainder of this page is intentionally left blank)

IV. SERVICE PLAN

A. INTRODUCTION

The PID Act requires the service plan to cover a period of at least five years. The service plan is required to define the annual projected costs and indebtedness for the Authorized Improvements undertaken within the PID during the five-year period. The Major Improvements, the Neighborhood Improvement Area #1 Projects, the Neighborhood Improvement Area #2 Improvements, the Neighborhood Improvement Area #3 Improvements, and Neighborhood Improvement Area #4 Improvements, and Neighborhood Improvement Area #5 Improvements have been constructed and accepted by the City. Construction of the Neighborhood Improvement Area #6 Improvements began in March 2023, and are anticipated to be complete by September 2023.

The service plan shall be reviewed and updated at least annually for the purpose of determining the annual budget for Administrative Expenses, updating the estimated Authorized Improvement costs, and updating the Assessment Rolls. Any update to this Service and Assessment Plan is herein referred as an “Annual Service Plan Update.”

As Future Neighborhood Improvement Areas are developed in connection with the issuance of PID Bonds or the creation of an obligations under the PID Reimbursement Agreement related to such Future Neighborhood Improvement Area, this Service and Assessment Plan will be amended (e.g. a new table will be added to include Neighborhood Improvement Area #7, etc.).

(remainder of this page is intentionally left blank)

Major Improvement Area

The Actual Costs for the Major Improvement Area Projects plus costs related to the issuance of the Major Improvement Area Bonds, and payment of expenses incurred in the establishment, administration and operation of the PID is \$8,471,369 as shown in Table IV-A.

C. PID ASSESSMENT NOTICE

The PID Act requires that this Service and Assessment Plan and each Annual Service Plan Update include a copy of the notice form required by Section 5.014 of the Texas Property Code (the “PID Assessment Notice”). The PID Assessment Notice is attached hereto as Appendix C and may be updated in an Annual Service Plan Update.

(remainder of this page is intentionally left blank)

V. ASSESSMENT PLAN

A. INTRODUCTION

The PID Act requires the City Council to apportion the costs of the Authorized Improvements on the basis of special benefits conferred upon the property because of the Authorized Improvements. The PID Act provides that the costs of the Authorized Improvements may be assessed: (i) equally per front foot or square foot; (ii) according to the value of the property as determined by the governing body, with or without regard to improvements on the property; or (iii) in any other manner that results in imposing equal shares of the cost on property similarly benefited. The PID Act further provides that the governing body may establish by ordinance or order reasonable classifications and formulas for the apportionment of the cost between the municipality and the area to be assessed and the methods of assessing the special benefits for various classes of improvements.

For purposes of this Service and Assessment Plan, the City Council has determined that the costs of the Authorized Improvements shall be allocated in such a manner that the Actual Costs of the Authorized Improvements that only benefit the PID shall be allocated on the basis of estimated buildout value of each Lot Type once such property is developed, and that such method of allocation will result in the imposition of equal shares of the Actual Costs of the Authorized Improvements to Parcels similarly benefited.

At this time, it is impossible to determine with absolute certainty the amount of special benefit each Parcel within the Future Neighborhood Improvement Area will receive from the Future Neighborhood Improvement Area Improvements that are to be financed with PID Bonds and/or the PID Reimbursement Agreement for each Future Neighborhood Improvement Area. Therefore, Parcels within the Future Neighborhood Improvement Area have only been assessed for the special benefits conferred upon such Parcel at this time from the Major Improvements.

In connection with the issuance of PID Bonds and/or incurrence of an obligation under the PID Reimbursement Agreement relating to the Future Neighborhood Improvement Area, this Service and Assessment Plan will be updated to reflect the special benefit each Parcel of Future Neighborhood Improvement Area Assessed Property receives from the Future Neighborhood Improvement Area Improvements. Prior to assessing Parcels located within the Future Neighborhood Improvement Area in connection with issuance of PID Bonds and/or the incurrence of an obligation under the PID Reimbursement Agreement for each Future Neighborhood Improvement Area, each owner of the Parcels to be assessed must acknowledge that the Authorized Improvements to be financed confer a special benefit on their Parcel and must consent to the imposition of Assessments to pay for the Actual Costs of such Authorized Improvements.

This section of this Service and Assessment Plan currently (i) describes the special benefit received by each Parcel within the PID as a result of the Authorized Improvements, (ii) provides the basis and justification for the determination that this special benefit exceeds the amount of the Assessments levied or to be levied on the Assessed Property for such Authorized Improvements, and (iii) establishes the methodologies by which the City Council allocates and reallocates the special benefit of the Authorized Improvements, as applicable, to Parcels in a manner that results

in equal shares of the Actual Costs of such Authorized Improvements being apportioned to Parcels similarly benefited. The determination by the City Council of the assessment methodologies set forth below is the result of the discretionary exercise by the City Council of its legislative authority and governmental powers, rationally exercised on the basis of analysis of relevant facts and upon advice of qualified consultants and is conclusive and binding on the Developer and all future owners and developers of the Assessed Property.

B. SPECIAL BENEFIT

The Assessed Property must receive a direct and special benefit from the Authorized Improvements, which must be equal to or greater than the amount of the Assessments. The Authorized Improvements are provided specifically for the benefit of the Assessed Property. The Authorized Improvements and the costs of issuance and payment of costs incurred in the establishment of the PID are authorized by the Act. These Authorized Improvements are provided specifically for the benefit of the Assessed Property.

Each owner of the Assessed Property has acknowledged that the Authorized Improvements confer a special benefit on the Assessed Property and has or will consent to the imposition of the Assessments to pay for the Actual Costs associated therewith. Each of the owners is acting in its interest in consenting to this apportionment and levying of the Assessments because the special benefit conferred upon the Assessed Property by the Authorized Improvements exceeds the amount of the Assessments.

The Authorized Improvements provide a special benefit to the Assessed Property as a result of the close proximity of these improvements to the Assessed Property and the specific purpose of these improvements of providing infrastructure for the Assessed Property. In other words, the Assessed Property could not be used in the manner proposed without the construction of the Authorized Improvements. The Authorized Improvements are being provided specifically to meet the needs of the Assessed Property as required for the proposed use of the property.

The Assessments are being levied to provide the Authorized Improvements that are required for the highest and best use of the Assessed Property (i.e., the use of the property that is most valuable, including any costs associated with that use). Highest and best use can be defined as “the reasonably probable and legal use of property, which is physically possible, appropriately supported, financially feasible, and that results in the highest value.” (*Dictionary of Real Estate Appraisal, Third Edition.*) The Authorized Improvements are expected to be required for the proposed use of the Assessed Property to be physically possible, appropriately supported, financially feasible, and maximally productive.

The Developer has evaluated the potential use of the property and has determined that the highest and best use of the property is the use intended and the legal use for the property as described in Section II of this Service and Assessment Plan. The use of the Assessed Property as described herein will require the construction of the Authorized Improvements.

The Assessments will repay financing that is on advantageous terms, as the PID Bonds issued to finance the Authorized Improvements will pay interest that is exempt from federal income tax. As a result, all other terms being equal (e.g., maturity, fixed vs. variable rate, credit quality), the tax-

exempt bonds will have a lower interest rate than debt that is not tax-exempt. The PID Bonds also have a longer term than other available financings and may either be repaid or assumed by a buyer at the buyer's option. As a result of these advantageous terms, the financing provided by the PID is the most beneficial means of financing the Authorized Improvements.

Each owner of the Assessed Property has or will ratify, confirm, accept, agree to and approve: (i) the determinations and finding by the City Council as to the special benefits described in this Service and Assessment Plan and the Assessment Ordinance; (ii) the Service and Assessment Plan and the Assessment Ordinance, and (iii) the levying of the Assessments on the Assessed Property. Use of Assessed Property as described in this Service and Assessment Plan and as authorized by the PID Act requires that Authorized Improvements be acquired, constructed, installed, and/or improved. Funding the Actual Costs of the Authorized Improvements through the PID has been determined by the City Council to be the most beneficial means of doing so. As a result, the Authorized Improvements result or will result in a special benefit to the Major Assessed Property, and this special benefit exceeds or will exceed the amount of the Assessment. This conclusion is based on and supported by the evidence, information, and testimony provided to the City Council.

In summary, the Authorized Improvements result in a special benefit to the Assessed Property for the following reasons:

1. The Authorized Improvements are being provided specifically for the use of the Assessed Property, are necessary for the proposed best use of the property and provide a special benefit to the Assessed Property as a result;
2. The property owner has consented to the imposition of the Assessments for the purpose of providing the Authorized Improvements and the property owner is acting in its interest by consenting to this imposition;
3. The Authorized Improvements are required for the highest and best use of the Assessed Property;
4. The highest and best use of the Assessed Property is the use of the Assessed Property that is most valuable (including any costs associated with the use of the Assessed Property);
5. Financing of the costs of the Authorized Improvement through the PID is determined to be the most beneficial means of providing for the Authorized Improvements; and,
6. As a result, the special benefits to the Assessed Property from the Authorized Improvements will be equal to or greater than the Assessments.

C. ALLOCATION OF ACTUAL COSTS OF MAJOR IMPROVEMENTS

The Major Improvements will provide a special benefit to the Property, other than the Non-Benefited Property, in the Major Improvement Area and the Property, other than the Non-Benefited Property, in the Neighborhood Improvement Area #1. The Actual Costs of the Major Improvements are, therefore, allocated to the Major Improvement Area Assessed Property and the Neighborhood Improvement Area #1 Assessed Property, as shown in Table V-A. The costs

detailed in Table V-A are subject to revision through the Annual Service Plan Updates but may not result in increased Assessments except as authorized under this SAP or the PID Act.

(a) See Table III-A for details.

D. ASSESSMENT METHODOLOGY

The Actual Costs may be assessed by the City Council against the Assessed Property so long as the special benefit conferred upon the Assessed Property by the Authorized Improvements equals or exceeds the Assessments. The Actual Costs may be assessed using any methodology that results in the imposition of equal shares of the Actual Costs on Assessed Property similarly benefited.

1. Assessment Methodology for the Major Improvement Area

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Major Improvement Area Projects financed with the Major Improvement Area Bonds and by the Master Developer shall be allocated to the Major Improvement Area Assessed Property by spreading the entire Assessment across the Parcels based on the ratio of the estimated buildout value of each Lot to the estimated total buildout value for all Parcels within the Major Improvement Area.

Based on the Actual Costs of the Major Improvement Area Projects, the City Council has determined that the benefit to the Major Improvement Area Assessed Property from the Major Improvement Area Projects is at least equal to the Assessments levied on the Major Improvement Area Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the ratio of the estimated buildout value of each lot to the total estimated buildout value for all Parcels. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Parcel based on the ratio of the estimated buildout value at the time residential Lots are platted to the total estimated buildout value for lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council. For multifamily units, when final multifamily building sites are platted, Assessments will be apportioned proportionately among each multifamily unit based on the ratio of the estimated buildout value at the time multifamily units are platted to the total estimated buildout value of all multifamily units in the platted Parcel, as determined by the Administrator and confirmed by the

City Council. For non-residential Parcels, when final building sites are platted, Assessments will be apportioned proportionately among each Parcel based ratio of the estimated buildout value at the time non-residential Parcels are platted to the total estimated buildout value for lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council.

The Assessment and Annual Installments for each Parcel or Lot located within the Major Improvement Area is shown on the Major Improvement Area Assessment Roll, attached as Appendix E, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

2. Assessment Methodology for Neighborhood Improvement Area #1

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Neighborhood Improvement Area #1 Projects financed with the Neighborhood Improvement Area #1 Bonds and by the Master Developer shall be allocated to the Neighborhood Improvement Area #1 Assessed Property by spreading the entire Assessment across the Parcels based on the ratio of the estimated buildout value of each Lot to the estimated total buildout value for all Parcels within Neighborhood Improvement Area #1.

Based on the Actual Costs provided by the Master Developer for the Neighborhood Improvement Area #1 Projects, the City Council has determined that the benefit to the Neighborhood Area #1 Assessed Property from the Neighborhood Improvement Area #1 Projects is at least equal to the Assessments levied on the Neighborhood Improvement Area #1 Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the ratio of the estimated buildout value of each lot to the total estimated buildout value for all Parcels. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Parcel based on the ratio of the estimated buildout value at the time residential Lots are platted to the total estimated buildout value for lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council.

The Assessment and Annual Installments for each Parcel or Lot located within Neighborhood Improvement Area #1 is shown on the Neighborhood Improvement Area #1 Assessment Roll, attached as Appendix F, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

3. Assessment Methodology for Neighborhood Improvement Area #2

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Neighborhood Improvement Area #2 Improvements financed with the Neighborhood Improvement Areas #2-3 Bonds and by the Master Developer shall be allocated to the Neighborhood Improvement Area #2 Assessed Property by spreading the entire Assessment across the Parcels based on the ratio of the estimated buildout value of each Lot to the estimated total buildout value for all Parcels within Neighborhood Improvement Area #2.

Based on the Actual Costs provided by the Master Developer for the Neighborhood Improvement Area #2 Improvements, the City Council has determined that the benefit to the Neighborhood Area #2 Assessed Property from the Neighborhood Improvement Area #2 Improvements is at least equal to the Assessments levied on the Neighborhood Improvement Area #2 Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the ratio of the estimated buildout value of each lot to the total estimated buildout value for all Parcels. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Parcel based on the ratio of the estimated buildout value at the time residential Lots are platted to the total estimated buildout value for lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council.

The Assessment and Annual Installments for each Parcel or Lot located within Neighborhood Improvement Area #2 is shown on the Neighborhood Improvement Area #2 Assessment Roll, attached as Appendix G, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

4. Assessment Methodology for Neighborhood Improvement Area #3

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Neighborhood Improvement Area #3 Improvements financed with the Neighborhood Improvement Areas #2-3 Bonds and by the Master Developer shall be allocated to the Neighborhood Improvement Area #3 Assessed Property by spreading the entire Assessment across the Parcels based on the ratio of the estimated buildout value of each Lot to the estimated total buildout value for all Parcels within Neighborhood Improvement Area #3.

Based on the Actual Costs provided by the Master Developer for the Neighborhood Improvement Area #3 Improvements, the City Council has determined that the benefit to the Neighborhood Area #3 Assessed Property from the Neighborhood Improvement Area #3 Improvements is at least equal to the Assessments levied on the Neighborhood Improvement Area #3 Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the ratio of the estimated buildout value of each lot to the total estimated buildout value for all Parcels. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Parcel based on the ratio of the estimated buildout value at the time residential Lots are platted to the total estimated buildout value for lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council.

The Assessment and Annual Installments for each Parcel or Lot located within Neighborhood Improvement Area #3 is shown on the Neighborhood Improvement Area #3 Assessment Roll, attached as Appendix H, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

5. Assessment Methodology for Neighborhood Improvement Area #4

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Neighborhood Improvement Area #4 Improvements to be financed with the Neighborhood Improvement Areas #4 Bonds and by the Master Developer shall be allocated to the Neighborhood Improvement Area #4 Assessed Property by spreading the entire Assessment across the Parcels based on the ratio of the estimated buildout value of each Lot to the estimated total buildout value for all Parcels within Neighborhood Improvement Area #4.

Based on the Actual Costs provided by the Master Developer for the Neighborhood Improvement Area #4 Improvements, the City Council has determined that the benefit to the Neighborhood Area #4 Assessed Property from the Neighborhood Improvement Area #4 Improvements is at least equal to the Assessments levied on the Neighborhood Improvement Area #4 Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the ratio of the estimated buildout value of each lot to the total estimated buildout value for all Parcels. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Parcel based on the ratio of the estimated buildout value at the time residential Lots are platted to the total estimated buildout value for lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council.

The Assessment and Annual Installments for each Parcel or Lot located within Neighborhood Improvement Area #4 is shown on the Neighborhood Improvement Area #4 Assessment Roll, attached as Appendix I, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

6. Assessment Methodology for Neighborhood Improvement Area #5

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Neighborhood Improvement Area #5 Improvements to be financed with the Neighborhood Improvement Areas #5 Bonds and by the Neighborhood Improvement Areas #5-7 Developer shall be allocated to the Neighborhood Improvement Area #5 Assessed Property by spreading the entire Assessment across the Parcels based on the ratio of the estimated buildout value of each Lot to the estimated total buildout value for all Parcels within Neighborhood Improvement Area #5.

Based on the Budgeted Costs provided by the Neighborhood Improvement Areas #5-7 Developer and the Neighborhood Improvement Areas #5-7 Fee Developer for the Neighborhood Improvement Area #5 Improvements, the City Council has determined that the benefit to the Neighborhood Area #5 Assessed Property from the Neighborhood Improvement Area #5 Improvements is at least equal to the Assessments levied on the Neighborhood Improvement Area #5 Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the ratio of the estimated buildout value of each lot to the total estimated buildout value for all Parcels. For residential Lots, when final residential building sites are platted,

Assessments will be apportioned proportionately among each Parcel based on the ratio of the estimated buildout value at the time residential Lots are platted to the total estimated buildout value for lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council.

The Assessment and Annual Installments for each Parcel or Lot located within Neighborhood Improvement Area #5 is shown on the Neighborhood Improvement Area #5 Assessment Roll, attached as Appendix J, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

7. Assessment Methodology for Neighborhood Improvement Area #6

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Neighborhood Improvement Area #6 Improvements to be financed by the Neighborhood Improvement Areas #6 Reimbursement Agreement Obligation and by the Neighborhood Improvement Areas #5-7 Developer shall be allocated to the Neighborhood Improvement Area #6 Assessed Property by spreading the entire Assessment across the Parcels based on the ratio of the estimated buildout value of each Lot to the estimated total buildout value for all Parcels within Neighborhood Improvement Area #6.

Based on the Budgeted Costs provided by the Neighborhood Improvement Areas #5-7 Developer and the Neighborhood Improvement Areas #5-7 Fee Developer for the Neighborhood Improvement Area #6 Improvements, the City Council has determined that the benefit to the Neighborhood Area #6 Assessed Property from the Neighborhood Improvement Area #6 Improvements is at least equal to the Assessments levied on the Neighborhood Improvement Area #6 Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the ratio of the estimated buildout value of each lot to the total estimated buildout value for all Parcels. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Parcel based on the ratio of the estimated buildout value at the time residential Lots are platted to the total estimated buildout value for lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council.

The Assessment and Annual Installments for each Parcel or Lot located within Neighborhood Improvement Area #6 is shown on the Neighborhood Improvement Area #6 Assessment Roll, attached as Appendix K, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

8. Assessment Methodology for Future Neighborhood Improvement Areas

When any given Future Neighborhood Improvement Areas are developed and the issuance of Future Neighborhood Improvement Area Bonds or the incurrence of an obligation under the PID Reimbursement Agreement related to such Future Neighborhood Improvement Area(s) are contemplated, this SAP will be amended to determine the assessment methodology necessary to

apply equal shares of the Actual Costs of Future Neighborhood Improvement Area Improvements on Assessed Property similarly benefited within that Future Neighborhood Improvement Area.

E. ASSESSMENTS

The Assessments have been levied or are being levied on each Parcel of Assessed Property within the Major Improvement Area, Neighborhood Improvement Area #1, Neighborhood Improvement Area #2, Neighborhood Improvement Area #3, Neighborhood Improvement Area #4, Neighborhood Improvement Area #5, and Neighborhood Improvement Area #6 according to the Assessment Rolls, attached hereto as Appendix E, Appendix F, Appendix G, Appendix H, Appendix I, Appendix J, and Appendix K, respectively. The Annual Installments of the Assessments will be collected at the time and in the amounts shown on the Assessment Rolls, subject to any revisions made during an Annual Service Plan Update. Non-Benefitted Property will not be subject to any Assessments.

See Appendix D for Assessment per unit and estimated tax rate equivalent calculation details.

F. ADMINISTRATIVE EXPENSES

The cost of administering the PID and collecting the Annual Installments shall be paid for on a pro rata basis by each Parcel or Lot based on the amount of outstanding assessment remaining on the Parcel or Lot. The Administrative Expenses shall be collected as part of and in the same manner as Annual Installments in the amounts shown on the Major Improvement Area Assessment Roll, the Neighborhood Improvement Area #1 Assessment Roll, the Neighborhood Improvement Area #2 Assessment Roll, the Neighborhood Improvement Area #3 Assessment Roll, the Neighborhood Improvement Area #4 Assessment Roll, the Neighborhood Improvement Area #5 Assessment Roll, and the Neighborhood Improvement Area #6 Assessment Roll shown on Appendix E, Appendix F, Appendix G, Appendix H, Appendix I, Appendix J, and Appendix K, respectively, which are subject to revision through Annual Service Plan Updates.

G. PREPAYMENT RESERVE – MAJOR IMPROVEMENT AREA BONDS & NEIGHBORHOOD IMPROVEMENT AREA #1 BONDS

A portion of the funds generated by the Additional Interest Rate collected in connection with Assessments levied against the Major Improvement Area and Neighborhood Improvement Area #1 will be allocated to fund the associated interest charged between the date of prepayment of an Assessment levied against the Major Improvement Area and Neighborhood Improvement Area #1 and the date on which related PID Bonds are actually redeemed (the "Prepayment Reserve"). The Prepayment Reserve shall be funded each year until it reaches 1.5% of the par amount of the related PID Bonds, but in no event will the annual collections be more than 0.20% per annum higher than the actual interest rate paid on the related PID Bonds. If the PID Act is subsequently amended to allow a prepayment of an Assessment levied against the Major Improvement Area and Neighborhood Improvement Area #1 to include all applicable interest from the date of prepayment through and including the date of the regularly scheduled PID Bond payments to be charged upon the prepayment of the Assessment levied against the Major Improvement Area and Neighborhood Improvement Area #1, the 0.20% per annum allocated to fund the associated interest charged between the date of prepayment of the Assessment levied against the Major Improvement Area

and Neighborhood Improvement Area #1 and the date on which the related PID Bonds are actually prepaid may be eliminated at the election of the City. If the Prepayment Reserve requirement is so eliminated or in a given year the additional reserve is fully funded at 1.5% of the par amount of the related PID Bonds, the City can allocate the Prepayment Reserve component of the Additional Interest Rate collected during that year to the Delinquency Reserve or to pay Administrative Expenses as set forth in the Indentures related to such PID Bonds. No additional interest will be collected from any portion of an Assessment which secures an obligation under the PID Reimbursement Agreement and not a series of PID Bonds

H. DELINQUENCY RESERVE – MAJOR IMPROVEMENT AREA BONDS & NEIGHBORHOOD IMPROVEMENT AREA #1 BONDS

A portion of the funds generated by the Additional Interest collected in connection with Assessments levied against the Major Improvement Area and Neighborhood Improvement Area #1 will be allocated to offset any possible delinquent payments. This additional reserve (the “Delinquency Reserve”) shall be funded each year up to 4.0% of the par amount of the related PID Bonds, but in no event will the annual collection of the Delinquency Reserve be more than 0.30% per annum higher than the actual interest rate paid on the related PID Bonds. If in a given year the additional reserve is fully funded at 4.0% of the par amount of the related PID Bonds, the City can allocate the Delinquency Reserve component of the Additional Interest Rate collected during that year to redeem PID Bonds as set forth in the Indenture. No Additional Interest will be collected from any portion of an Assessment which secures an obligation under the PID Reimbursement Agreement and not a series of PID Bonds

I. ADDITIONAL INTEREST RESERVE – NEIGHBORHOOD IMPROVEMENT AREAS #2-3 BONDS, NEIGHBORHOOD IMPROVEMENT AREA #4 BONDS, AND NEIGHBORHOOD IMPROVEMENT AREA #5 BONDS

Pursuant to the PID Act, the interest rate for any portion of the Assessments collected in connection with Assessments levied against Neighborhood Improvement Area #2, Neighborhood Improvement Area #3, Neighborhood Improvement Area #4, and/or Neighborhood Improvement Area #5 which secure a series of PID Bonds may exceed the actual interest rate per annum paid on the related PID Bonds by no more than one half of one percent (0.50%). The interest rate used to determine the Assessments that secure the PID Bonds is one half of one percent (0.50%) per annum higher than the actual rate paid on the PID Bonds, with the Additional Interest Rate of the Annual Installments allocated to fund a reserve to be used for paying interest associated with a prepayment and to offset any possible delinquency related costs. The Additional Interest Reserve shall be funded until it reaches 5.50% of the outstanding PID Bonds unless otherwise stipulated in the Bond documents. Once the Additional Interest Reserve is funded in full, the City may allocate the Additional Interest Rate of the Annual Installments as provided in the applicable Trust Indenture. No Additional Interest will be collected from any portion of an Assessment which secures an obligation under the PID Reimbursement Agreement and not a series of PID Bonds.

VI. TERMS OF THE ASSESSMENTS

A. AMOUNT OF ASSESSMENTS AND ANNUAL INSTALLMENTS FOR PARCELS LOCATED WITHIN THE MAJOR IMPROVEMENT AREA

The Assessments and Annual Installments for the Major Improvement Area Assessed Property are shown on the Major Improvement Area Assessment Roll in Appendix E. The Assessment and Annual Installments shall not be changed except as authorized under the terms of this SAP and the PID Act.

The Annual Installments shall be collected in an amount sufficient to pay (i) the principal and interest on the Major Improvement Area Bonds, (ii) to fund the Prepayment Reserve described in Section V.G , (iii) to fund the Delinquency Reserve described in Section V.H, and (iv) to cover the Administrative Expenses of the Major Improvement Area.

B. AMOUNT OF ASSESSMENTS AND ANNUAL INSTALLMENTS FOR PARCELS LOCATED WITHIN NEIGHBORHOOD IMPROVEMENT AREA #1

The Assessments and Annual Installments for the Neighborhood Improvement Area #1 Assessed Property are shown on the Neighborhood Improvement Area #1 Assessment Roll in Appendix F. The Assessment and Annual Installments shall not be changed except as authorized under the terms of this SAP and the PID Act.

The Annual Installments shall be collected in an amount sufficient to pay (i) the principal and interest on the Neighborhood Improvement Area Bonds, (ii) to fund the Prepayment Reserve described in Section V.G , (iii) to fund the Delinquency Reserve described in Section V.H, and (iv) to cover the Administrative Expenses of Neighborhood Improvement Area #1.

C. AMOUNT OF ASSESSMENTS AND ANNUAL INSTALLMENTS FOR PARCELS LOCATED WITHIN NEIGHBORHOOD IMPROVEMENT AREA #2

The Assessments and Annual Installments for the Neighborhood Improvement Area #2 Assessed Property are shown on the Neighborhood Improvement Area #2 Assessment Roll in Appendix G. The Assessment and Annual Installments shall not be changed except as authorized under the terms of this SAP and the PID Act.

The Annual Installments shall be collected in an amount sufficient to pay (i) Neighborhood Improvement Area #2's portion of the principal and interest on the Neighborhood Improvement Areas #2-3 Bonds, (ii) to fund the Additional Interest Reserve described in Section V.I, and (iii) to cover Administrative Expenses of Neighborhood Improvement Area #2.

D. AMOUNT OF ASSESSMENTS AND ANNUAL INSTALLMENTS FOR PARCELS LOCATED WITHIN NEIGHBORHOOD IMPROVEMENT AREA #3

The Assessments and Annual Installments for the Neighborhood Improvement Area #3 Assessed Property are shown on the Neighborhood Improvement Area #3 Assessment Roll in Appendix H.

The Assessment and Annual Installments shall not be changed except as authorized under the terms of this SAP and the PID Act.

The Annual Installments shall be collected in an amount sufficient to pay (i) Neighborhood Improvement Area #3's portion of the principal and interest on the Neighborhood Improvement Areas #2-3 Bonds, (ii) to fund the Additional Interest Reserve described in Section V.I, and (iii) to cover Administrative Expenses of Neighborhood Improvement Area #3.

E. AMOUNT OF ASSESSMENTS AND ANNUAL INSTALLMENTS FOR PARCELS LOCATED WITHIN NEIGHBORHOOD IMPROVEMENT AREA #4

The Assessments and Annual Installments for the Neighborhood Improvement Area #4 Assessed Property are shown on the Neighborhood Improvement Area #4 Assessment Roll in Appendix I. The Assessment and Annual Installments shall not be changed except as authorized under the terms of this SAP and the PID Act.

The Annual Installments shall be collected in an amount sufficient to pay (i) the principal and interest on the Neighborhood Improvement Area #4 Bonds, (ii) to fund the Additional Interest Reserve described in Section V.I, and (iii) to cover Administrative Expenses of Neighborhood Improvement Area #4.

F. AMOUNT OF ASSESSMENTS AND ANNUAL INSTALLMENTS FOR PARCELS LOCATED WITHIN NEIGHBORHOOD IMPROVEMENT AREA #5

The Assessments and Annual Installments for the Neighborhood Improvement Area #5 Assessed Property are shown on the Neighborhood Improvement Area #5 Assessment Roll in Appendix J. The Assessment and Annual Installments shall not be changed except as authorized under the terms of this SAP and the PID Act.

The Annual Installments shall be collected in an amount sufficient to pay (i) the principal and interest on the Neighborhood Improvement Area #5 Bonds, (ii) to fund the Additional Interest Reserve described in Section V.I, and (iii) to cover Administrative Expenses of Neighborhood Improvement Area #5.

G. AMOUNT OF ASSESSMENTS AND ANNUAL INSTALLMENTS FOR PARCELS LOCATED WITHIN NEIGHBORHOOD IMPROVEMENT AREA #6

The Assessments and Annual Installments for the Neighborhood Improvement Area #6 Assessed Property are shown on the Neighborhood Improvement Area #6 Assessment Roll in Appendix K. The Assessment and Annual Installments shall not be changed except as authorized under the terms of this SAP and the PID Act.

The Annual Installments shall be collected in an amount sufficient to pay (i) the principal and interest on the Neighborhood Improvement Area #6 Reimbursement Agreement Obligation, and (ii) to cover Administrative Expenses of Neighborhood Improvement Area #6.

H. AMOUNT OF ASSESSMENTS AND ANNUAL INSTALLMENTS FOR PARCELS LOCATED WITHIN FUTURE NEIGHBORHOOD IMPROVEMENT AREAS

As Future Neighborhood Improvement Areas are developed, this Service and Assessment Plan will be amended to determine the Assessment and Annual Installments for each Assessed Property located within Future Neighborhood Improvement Areas (e.g., an Appendix will be added as the Assessment Roll for Neighborhood Improvement Area #7, etc.). The Assessments shall not exceed the benefit received by the Assessed Property.

I. REALLOCATION OF ASSESSMENTS

1. Upon Division Prior to Recording of Subdivision Plat

Upon the division of any Assessed Property (without the recording of subdivision plat), the Administrator shall reallocate the Assessment for the Assessed Property prior to the division among the newly divided Assessed Properties according to the following formula:

$$A = B \times (C \div D)$$

Where the terms have the following meanings:

A = the Assessment for the new divided Assessed Property

B = the Assessment for the Assessed Property prior to division

C = the estimated build out value of the new divided Assessed Property

D = the sum of the estimated build out value for all of the new divided Assessed Properties

The calculation of the estimated build out value of an Assessed Property shall be performed by the Administrator based on information from the City, the Developer, third party consultants, the Official Public Records of Collin County, Texas, and any other relevant source of information regarding the Assessed Property. The calculation as confirmed by the City Council shall be conclusive.

The sum of the Assessments for all newly divided Assessed Properties shall equal the Assessment for the Assessed Property prior to subdivision. The calculation shall be made separately for each newly divided Assessed Property. The reallocation of an Assessment for an Assessed Property that is a homestead under Texas law may not exceed the Assessment prior to the reallocation. Any reallocation pursuant to this section shall be reflected in an update to this Service and Assessment Plan approved by the City Council.

(remainder of this page is intentionally left blank)

2. Upon Subdivision by a Recorded Subdivision Plat

Upon the subdivision of any Assessed Property based on a recorded Subdivision Plat, the Administrator shall reallocate the Assessment for the Assessed Property prior to the subdivision among the new subdivided Lots according to the following formula:

$$A = [B \times (C \div D)]/E$$

Where the terms have the following meanings:

A = the Assessment for the new subdivided Lot

B = the Assessment for the Parcel prior to subdivision

C = the sum of the estimated build out value of all new subdivided Lots with same Lot Type

D = the sum of the estimated build out value for all of the new subdivided Lots excluding Non-Benefitted Property

E = the number of Lots with same Lot Type

Prior to the recording of a subdivision plat, the Developer shall provide the City an estimated build out value as of the date of the recorded subdivision plat for each Lot created by the recorded subdivision plat considering factors such as density, lot size, proximity to amenities, view premiums, location, market conditions, historical sales, discussions with homebuilders, and any other factors that may impact future as-built Lot value and any other information available to the Developer. The calculation of the estimated as-built Lot value for a Lot shall be performed by the Administrator and confirmed by the City Council based on information provided by the Developer, homebuilders, third party consultants, and/or the Official Public Records of the County regarding the Lot.

The sum of the Assessments for all newly subdivided Lots shall not exceed the Assessment for the portion of the Assessed Property subdivided prior to subdivision. The calculation shall be made separately for each newly subdivided Assessed Property. The reallocation of an Assessment for an Assessed Property that is a homestead under Texas law may not exceed the Assessment prior to the reallocation. Any reallocation pursuant to this section shall be reflected in an update to this Service and Assessment Plan approved by the City Council.

3. Upon Consolidation

Upon the consolidation of two or more Parcels, the Assessment for the consolidated Parcel shall be the sum of the Assessments for the Parcels prior to consolidation. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation and to the extent the reallocation would exceed such amount, it shall be prepaid by such amount by the party requesting the consolidation of the Parcels. Any reallocation pursuant to this section shall be reflected in an Annual Service Plan Update approved by the City Council.

4. Upon Change from a Commercial Parcel to a Residential Parcel

Should an owner of an Assessed Property choose to change the intended land use for all or a portion of a Commercial Parcel to a Residential Parcel, the owner will, upon approval for the initial single family residential home building permit from the City, be required to pay down the

Assessment and all Prepayment Costs for each Lot on the affected Assessed Property to a level equal to the average Assessment that a Lot within its similar Lot type is assessed.

J. MANDATORY PREPAYMENT OF ASSESSMENTS

1. If a Parcel subject to Assessments is transferred to a party that is exempt from the payment of the Assessment under applicable law, or if an owner causes a Parcel subject to Assessments to become Non-Benefited Property, the owner of such Parcel shall pay to the City the full amount of the principal portion of the Assessment on such Parcel, plus all Prepayment Costs, prior to any such transfer or act.
2. The payments required above shall be treated the same as any Assessment that is due and owing under the PID Act, the Assessment Ordinance, and this Service and Assessment Plan, including the same lien priority, penalties, procedures, and foreclosure specified by the PID Act.

K. REDUCTION OF ASSESSMENTS

1. If after all Authorized Improvements to be funded with a series of PID Bonds have been completed and Actual Costs for such Authorized Improvements are less than the Actual Costs used to calculate the Assessments securing such series of PID Bonds, resulting in excess PID Bond proceeds being available to redeem PID Bonds of such series, then the Assessment securing such series of PID Bonds for each Parcel of Assessed Property shall be reduced by the City Council (in accordance with the applicable Indenture) such that the sum of the resulting reduced Assessments for all Assessed Properties equals the actual reduced Actual Costs and such excess Bond proceeds shall applied to redeem PID Bonds of such series. The Assessments shall not be reduced to an amount less than the related outstanding series of PID Bonds. If all of the Authorized Improvements are not completed, the City may reduce the Assessments in another method if it determines such method would better reflect the benefit received by the Parcels from the Authorized Improvements completed.
2. If all the Authorized Improvements are not undertaken, resulting in excess PID Bond proceeds being available to redeem PID Bonds, then the Assessments and Annual Installments for each Parcel shall be appropriately reduced by the City Council to reflect only the amounts required to repay the PID Bonds, including interest on the PID Bonds and Collection Costs, and such excess Bond proceeds shall be applied to redeem PID Bonds, in accordance with the applicable Indenture. The City Council may reduce the Assessments and the Annual Installments for each Parcel (i) in an amount that represents the Authorized Improvements provided for each Parcel or (ii) by an equal percentage calculated based on estimated build out value of each Parcel or Lot, if determined by the City Council to be the most fair and practical means of reducing the Assessments for each Parcel, and in accordance with the terms of the applicable Indenture, such that the sum of the resulting reduced Assessments equals the amount required to repay the PID Bonds, including interest on the PID Bonds and Administrative Expenses. The principal portion of the Assessment for each Parcel shall be reduced pro rata to the reduction in the Assessments for each Parcel such that the sum of the resulting reduced principal portion of the PID Bonds is equal to the outstanding principal amount of the PID Bonds.

3. If after all Authorized Improvements to be funded with a series of PID Bonds have been completed and the Actual Costs for the Authorized Improvements are less than the Budgeted Costs used to calculate the Assessments securing the PID Bonds, resulting in excess Bond proceeds, then the City Council may reduce the Assessment securing the PID Bonds for each Assessed Property on a pro rata basis, and in accordance with the terms of the applicable Indenture, such that the sum of the resulting reduced Assessments for all Assessed Properties equals the reduced Actual Costs. The Assessments shall not be reduced to an amount less than the related outstanding series of PID Bonds.
4. Similarly, if the City does not undertake some of the Authorized Improvements with the PID Bonds then the City Council may reduce the Assessment securing the PID Bonds for each Assessed Property pro-rata to reflect only the Actual Costs that were expended. The Assessments shall not be reduced to an amount less than the related outstanding series of PID Bonds and in accordance with the terms of the applicable Indenture.
5. The City Council may apply excess PID Bond proceeds to the redemption of the respective PID Bonds in accordance with the terms of the applicable Indenture.

L. PAYMENT OF ASSESSMENTS

1. Payment in Full

- (a) The Assessment for any Parcel may be paid in full at any time. Such payment shall include all Prepayment Costs. If prepayment in full will result in redemption of PID Bonds, the payment amount shall be reduced by the amount, if any, of interest through the date of redemption of PID Bonds and reserve funds applied to the redemption under the applicable Indenture, net of any other costs applicable to the redemption of PID Bonds.
- (b) If an Annual Installment has been billed prior to payment in full of an Assessment, the Annual Installment shall be due and payable and shall be credited against the payment-in-full amount.
- (c) Upon payment in full of the Assessment and all Prepayment Costs, the City shall deposit the payment in accordance with the Trust Indenture or applicable reimbursement agreement; whereupon, the Assessment shall be reduced to zero, and the owner's obligation to pay the Assessment and Annual Installments thereof shall automatically terminate.
- (d) At the option of the owner responsible to pay an Assessment, the Assessment on any Parcel plus Prepayment Costs related thereto may be paid in part. Upon the payment of such amounts for a Parcel, the Assessment for the Parcel shall be reduced, the Assessment Roll shall be updated to reflect such partial payment, and the obligation to pay the Annual Installment for such Parcel shall be reduced to the extent the partial payment is made.

2. Payment of Annual Installments

The PID Act provides that an Assessment for a Parcel may be paid in full at any time. If not paid in full, the PID Act authorizes the Assessment to be paid in installments and additionally allows

the City to collect interest, Administrative Expenses and other authorized charges in installments. An Assessment for a Parcel that is not paid in full will be collected in Annual Installments each year in the amounts shown on the Assessment Roll, as updated as provided for herein, which include interest, Administrative Expenses, and payments required for the Additional Interest Rate (if applicable).

Major Improvement Area

Each Assessment for the Major Improvement Area Assessed Property shall be paid with interest of no more than the actual interest rate paid on the Major Improvement Area Bonds. The Major Improvement Area Assessment Roll set forth for each year the Annual Installment for each Parcel based on an interest rate of 7.50% in years 1 through 30 (2016-2045) and the Additional Interest at the rate of 0.5% to fund Prepayment Reserve and Delinquency Reserve. Furthermore, the Annual Installments may not exceed the amounts shown on the Major Improvement Area Assessment Roll, attached hereto as Appendix E.

Neighborhood Improvement Area #1

Each Assessment for the Neighborhood Improvement Area #1 Assessed Property shall be paid with interest of no more than the actual interest rate paid on the Neighborhood Improvement Area #1 Bonds. The Neighborhood Improvement Area #1 Assessment Roll sets forth for each year the Annual Installment for each Parcel based on an interest rate of 6.25% in years 1 through 30 (2016-2045) and the Additional Interest at the rate of 0.5% to fund Prepayment Reserve and Delinquency Reserve. Furthermore, the Annual Installments may not exceed the amounts shown on the Neighborhood Improvement Area #1 Assessment Roll, attached hereto as Appendix F.

Neighborhood Improvement Area #2

Each Assessment for the Neighborhood Improvement Area #2 Assessed Property shall be paid with interest of no more than the actual interest rate paid on the Neighborhood Improvement Areas #2-3 Bonds. The Neighborhood Improvement Area #2 Assessment Roll sets forth for each year the Annual Installment for each Parcel based on an interest rate of 2.50% in years 1 through 5 (2021-2025), 3.125% in years 6 through 10 (2026-2030), and 4.00% in years 11 through 30 (2031-2050) and the Additional Interest at the rate of 0.5% to fund the Additional Interest Reserve. Furthermore, the Annual Installments may not exceed the amounts shown on the Neighborhood Improvement Area #2 Assessment Roll, attached hereto as Appendix G.

Neighborhood Improvement Area #3

Each Assessment for the Neighborhood Improvement Area #3 Assessed Property shall be paid with interest of no more than the actual interest rate paid on the Neighborhood Improvement Areas #2-3 Bonds. The Neighborhood Improvement Area #3 Assessment Roll sets forth for each year the Annual Installment for each Parcel based on an interest rate of 2.50% in years 1 through 5 (2021-2025), 3.125% in years 6 through 10 (2026-2030), and 4.00% in years 11 through 30 (2031-2050) and the Additional Interest at the rate of 0.5% to fund the Additional Interest Reserve. Furthermore, the Annual Installments may not exceed the amounts shown on the Neighborhood Improvement Area #3 Assessment Roll, attached hereto as Appendix H.

Neighborhood Improvement Area #4

Each Assessment for the Neighborhood Improvement Area #4 Assessed Property shall be paid with interest of no more than the actual interest rate paid on the Neighborhood Improvement Area #4 Bonds. The Neighborhood Improvement Area #4 Assessment Roll sets forth for each year the Annual Installment for each Parcel based on an interest rate of 2.50% in years 1 through 5 (2022-2026), 3.00% in years 6 through 10 (2027-2031), 3.375% in years 11 through 20 (2032-2041) , and 4.00% in years 21 through 30 (2042-2051) and the Additional Interest at the rate of 0.5% to fund the Additional Interest Reserve. Furthermore, the Annual Installments may not exceed the amounts shown on the Neighborhood Improvement Area #4 Assessment Roll, attached hereto as Appendix I.

Neighborhood Improvement Area #5

Each Assessment for the Neighborhood Improvement Area #5 Assessed Property shall be paid with interest of no more than the actual interest rate paid on the Neighborhood Improvement Area #5 Bonds. The Neighborhood Improvement Area #5 Assessment Roll sets forth for each year the Annual Installment for each Parcel based on an interest rate of 4.50% in years 1 through 5 (2023-2027), 4.875% in years 6 through 10 (2028-2032), 5.50% in years 11 through 20 (2033-2042), and 5.625% in years 21 through 30 (2043-2052) and the Additional Interest at the rate of 0.5% to fund the Additional Interest Reserve. Furthermore, the Annual Installments may not exceed the amounts shown on the Neighborhood Improvement Area #5 Assessment Roll, attached hereto as Appendix J.

Neighborhood Improvement Area #6

Each Assessment for the Neighborhood Improvement Area #6 Assessed Property shall be paid with interest related to the actual interest rate paid on the Neighborhood Improvement Area #6 Reimbursement Agreement Obligation, as shown in the Neighborhood Improvement Area #6 Assessment Roll. Interest on the Neighborhood Improvement Area #6 Reimbursement Agreement Obligation shall be paid based on an interest rate of 5.94% per annum for years 1 through 5 and 5.94% per annum following the fifth Annual Installment. The interest on the Neighborhood Improvement Area #6 Reimbursement Agreement Obligation shall be paid at a rate not to exceed five hundred basis points (5.00%) above the highest average index rate for tax-exempt bond reported in a daily or weekly bond index approved by the City and reported in the month prior to the establishment of the Assessments and continuing for a period of five years from such date. Such rate shall then adjust and shall not exceed two hundred basis points (2.00%) above the bond index rate described above and shall continue until the Assessments are paid in full. The index approved by the City is the *Bond Buyer Index* for which the highest average rate during the previous thirty days prior to the levy of Assessments was 3.94%. The City has determined that the Neighborhood Improvement Area #6 Reimbursement Agreement Obligation under the Reimbursement Agreement shall bear interest at the interest rate of 5.94% per annum for years 1 through 5 and 5.94% per annum following the fifth Annual Installment, which rates are equal to or less than the initial maximum allowable rate of interest of 8.94% for years 1 through 5 and equal to the maximum allowable rate of interest following the fifth Annual Installment, which would be 5.94%. Furthermore, the Annual Installments may not exceed the amounts shown on

the Neighborhood Improvement Area #6 Assessment Roll. The Neighborhood Improvement Area #6 Assessment Roll is shown in Appendix K.

The Annual Installments shall be reduced to equal the actual costs of repaying the related series of PID Bonds and/or obligations under the PID Reimbursement Agreement and actual Administrative Expenses (as provided for in the definition of such term), taking into consideration any other available funds for these costs, such as interest income on account balances.

The City reserves and shall have the right and option to refund PID Bonds in accordance with Section 372.027 of the PID Act and the Indenture related to such PID Bonds. In the event of issuance of refunding bonds, the Administrator shall recalculate the Annual Installments, and if necessary, may adjust, or decrease, the amount of the Annual Installment so that total Annual Installments of Assessments will be produced in annual amounts that are required to pay the debt service on the refunding bonds when due and payable as required by and established in the ordinance and/or the indenture authorizing and securing the refunding bonds, and such refunding bonds shall constitute “PID Bonds” for purposes of this SAP.

M. COLLECTION OF ANNUAL INSTALLMENTS

The Administrator shall, no less frequently than annually, prepare and submit to the City for its approval, an Annual Service Plan Update to allow for the billing and collection of Annual Installments. Each Annual Service Plan Update shall include an updated Assessment Roll and a calculation of the Annual Installment for each Assessed Property. Administrative Expenses shall be allocated among Assessed Properties in proportion to the amount of the Annual Installments before Administrative Expenses for the Assessed Property. Each Annual Installment shall be reduced by any credits applied under the applicable Indenture, such as capitalized interest, interest earnings on any account balances, and any other funds available to the Trustee for such purpose, and existing deposits for a Prepayment Reserve or Additional Interest Reserve, as applicable. Annual Installments may be collected by the City (or such entity to whom the City directs) in the same manner and at the same time as ad valorem taxes. Annual Installments shall be subject to the penalties, procedures, and foreclosure sale in case of delinquencies as set forth in the PID Act. The Assessments shall have lien priority as specified in the PID Act.

Any sale of Assessed Property for nonpayment of the delinquent Annual Installments shall be subject to the lien established for the remaining unpaid Assessment against such Assessed Property and such Assessed Property may again be sold at a judicial foreclosure sale if the purchaser thereof fails to make timely payment of the non-delinquent Annual Installments against such Assessed Property as they become due and payable.

Major Improvement Area

Each Annual Installment, including the interest on the unpaid amount of an Assessment, shall be updated annually. Each Annual Installment together with interest thereon shall be delinquent if not paid prior to February 1 of the following year. The initial Annual Installments relating to the Major Improvement Area Bonds were due when billed and were delinquent if not paid prior to February 1, 2017.

Neighborhood Improvement Area #1

Each Annual Installment, including the interest on the unpaid amount of an Assessment, shall be updated annually. Each Annual Installment together with interest thereon shall be delinquent if not paid prior to February 1 of the following year. The initial Annual Installments relating to the Neighborhood Improvement Area #1 Bonds were due when billed and were delinquent if not paid prior to February 1, 2017.

Neighborhood Improvement Area #2

Calculation of Annual Installments shall be as of September 1 of each year. Collection of the initial Annual Installments relating to the Neighborhood Improvement Area #2 Improvements that benefit the Neighborhood Improvement Area #2 Assessed Property were due when billed, and were delinquent if not paid prior to February 1, 2021

Neighborhood Improvement Area #3

Calculation of Annual Installments shall be as of September 1 of each year. Collection of the initial Annual Installments relating to the Neighborhood Improvement Area #3 Improvements that benefit the Neighborhood Improvement Area #3 Assessed Property were due when billed, and were delinquent if not paid prior to February 1, 2021

Neighborhood Improvement Area #4

Calculation of Annual Installments shall be as of September 1 of each year. Collection of the initial Annual Installments relating to the Neighborhood Improvement Area #4 Improvements that benefit the Neighborhood Improvement Area #4 Assessed Property will be due when billed and will be delinquent if not paid prior to the first February 1 following issuance of the Neighborhood Improvement Area #4 Bonds. The first payment of the Annual Installment of the Assessment levied against the Neighborhood Improvement Area #4 Assessed Property were due when billed, and were delinquent if not paid prior to February 1, 2022

Neighborhood Improvement Area #5

Calculation of Annual Installments shall be as of September 1 of each year. Collection of the initial Annual Installments relating to the Neighborhood Improvement Area #5 Improvements that benefit the Neighborhood Improvement Area #5 Assessed Property will be due when billed and will be delinquent if not paid prior to the first February 1 following issuance of the Neighborhood Improvement Area #5 Bonds. The first payment of the Annual Installment of the Assessment levied against the Neighborhood Improvement Area #5 Assessed Property were due when billed, and were delinquent if not paid prior to February 1, 2023.

Neighborhood Improvement Area #6

Calculation of Annual Installments shall be as of September 1 of each year. Collection of the initial Annual Installments relating to the Neighborhood Improvement Area #6 Improvements that benefit the Neighborhood Improvement Area #6 Assessed Property shall commence upon the earlier of:

(i) September 1, 2025, (ii) with tax bills sent the first October after issuance of a series of Bonds for the Neighborhood Improvement Area #6 Improvements, such that upon the issuance of Bonds all Assessments in Neighborhood Improvement Area #6 shall begin collection, or (iii) with tax bills sent the first October occurring after the expiration of two years from the date of the levy of Assessments on the Neighborhood Improvement Area #6 Assessed Property, such that all Assessments in the Neighborhood Improvement Area #6 begin collection immediately after the expiration of such two year period. Such first Annual Installment for a Lot or Parcel of Neighborhood Improvement Area #6 Assessed Property for which collection has begun, shall be due by January 31st of the following calendar year.

N. SURPLUS FUNDS REMAINING IN THE MAJOR IMPROVEMENT AREA BOND ACCOUNT

If proceeds from the Major Improvement Area Bonds still remain after all of the Major Improvements are constructed and accepted by the City, the proceeds may be utilized in accordance with the Indenture related to the Major Improvement Area Bonds.

O. SURPLUS FUNDS REMAINING IN THE NEIGHBORHOOD IMPROVEMENT AREA #1 BOND ACCOUNT

If proceeds from the Neighborhood Improvement Area #1 Bonds still remain after all of the Neighborhood Improvement Area #1 Projects are constructed and accepted by the City, the proceeds may be utilized in accordance with the Indenture related to the Neighborhood Improvement Area #1 Bonds.

P. SURPLUS FUNDS REMAINING IN THE NEIGHBORHOOD IMPROVEMENT AREAS #2-3 BOND ACCOUNT

If proceeds from the Neighborhood Improvement Areas #2-3 Bonds still remain after all of the Neighborhood Improvement Area #2 Improvements and Neighborhood Improvement Area #3 Improvements are constructed and accepted by the City, the proceeds may be utilized in accordance with the Indenture related to the Neighborhood Improvement Areas #2-3 Bonds.

Q. SURPLUS FUNDS REMAINING IN THE NEIGHBORHOOD IMPROVEMENT AREA #4 BOND ACCOUNT

If proceeds from the Neighborhood Improvement Area #4 Bonds still remain after all of the Neighborhood Improvement Area #4 Improvements are constructed and accepted by the City, the proceeds may be utilized in accordance with the Indenture related to the Neighborhood Improvement Area #4 Bonds.

R. SURPLUS FUNDS REMAINING IN THE NEIGHBORHOOD IMPROVEMENT AREA #5 BOND ACCOUNT

If proceeds from the Neighborhood Improvement Area #5 Bonds still remain after all of the Neighborhood Improvement Area #5 Improvements are constructed and accepted by the City, the proceeds may be utilized in accordance with the Indenture related to the Neighborhood Improvement Area #5 Bonds.

VII. THE ASSESSMENT ROLL

A. MAJOR IMPROVEMENT AREA ASSESSMENT ROLL

The City Council has evaluated each Parcel in the Major Improvement Area (based on numerous factors such as the applicable zoning for developable area, the use of proposed Owner's Association Property, the Public Property, the types of Authorized Improvements, and other development factors deemed relevant by the City Council) to determine the amount of Assessed Property within the Major Improvement Area.

The Major Improvement Area Assessed Property was assessed for the special benefits conferred upon the property resulting from the Major Improvement Area Projects. Table VII-A summarizes the \$8,471,369 in special benefit received by the Major Improvement Area Assessed Property from the Major Improvement Area Projects, a portion of the costs of the PID formation and administration, and the Major Improvement Area Bond issuance costs. The par amount of the Major Improvement Area Bonds is \$8,040,000, which is less than the benefit received by the Major Improvement Area Assessed Property. Accordingly, the total Assessment to be applied to all the Major Improvement Area Assessed Property is \$8,040,000 plus annual Administrative Expenses. The Assessment for each Major Improvement Area Assessed Property is calculated based on the allocation methodologies described in Section V.D.1. The Major Improvement Area Assessment Roll is attached hereto as Appendix E.

B. NEIGHBORHOOD IMPROVEMENT AREA #1 ASSESSMENT ROLL

The City Council has evaluated each Parcel in Neighborhood Improvement Area #1 (based on numerous factors such as the applicable zoning for developable area, the use of proposed Owner's Association Property, the Public Property, the types of Authorized Improvements, and other development factors deemed relevant by the City Council) to determine the amount of Assessed Property within the Parcel.

The Neighborhood Improvement Area #1 Assessed Property was assessed for the special benefits conferred upon the property resulting from the Neighborhood Improvement Area #1 Projects. Table VII-B summarizes the \$6,978,902 in special benefit received by the Neighborhood Improvement Area #1 Assessed Property from the Neighborhood Improvement Area #1 Projects, a portion of the costs of the PID formation and administration, and the Neighborhood Improvement Area #1 Bond issuance costs. The par amount of the Neighborhood Improvement Area #1 Bonds is \$5,790,000, which is less than the benefit received by the Neighborhood Improvement Area #1 Assessed Property. Accordingly, the total Assessment to be applied to all the Neighborhood Improvement Area #1 Assessed Property is \$5,790,000 plus annual Administrative Expenses. The Assessment for each Neighborhood Improvement Area #1 Assessed Property is calculated based on the allocation methodologies described in Section V.D.2 The Neighborhood Improvement Area #1 Assessment Roll is attached hereto as Appendix F.

C. NEIGHBORHOOD IMPROVEMENT AREA #2 ASSESSMENT ROLL

The City Council has evaluated each Parcel in Neighborhood Improvement Area #2 (based on numerous factors such as the applicable zoning for developable area, the use of proposed Owner's Association Property, the Public Property, the types of Authorized Improvements, and other development factors deemed relevant by the City Council) to determine the amount of Assessed Property within the Parcel.

The Neighborhood Improvement Area #2 Assessed Property will be assessed for the special benefits conferred upon the property resulting from the Neighborhood Improvement Area #2 Improvements. Table VII-C summarizes the \$3,649,490 in special benefit received by the Neighborhood Improvement Area #2 Assessed Property from the Neighborhood Improvement Area #2 Improvements, a portion of the costs of the PID administration, costs related to financing the Neighborhood Improvement Area #2 Improvements, and the issuance of the Neighborhood Improvement Areas #2-3 Bonds. The portion of the par amount of the Neighborhood Improvement Areas #2-3 Bonds relating to Neighborhood Improvement Area #2 is \$920,000 plus \$25,000 in principal payments paid under the PID Reimbursement Agreement, which is less than the benefit received by the Neighborhood Improvement Area #2 Assessed Property. Accordingly, the total Assessment to be applied to all the Neighborhood Improvement Area #2 Assessed Property is \$945,000 plus annual Administrative Expenses. The Assessment for each Neighborhood Improvement Area #2 Assessed Property is calculated based on the allocation methodologies described in Section V.D.3. The Neighborhood Improvement Area #2 Assessment Roll is attached hereto as Appendix G.

D. NEIGHBORHOOD IMPROVEMENT AREA #3 ASSESSMENT ROLL

The City Council has evaluated each Parcel in Neighborhood Improvement Area #3 (based on numerous factors such as the applicable zoning for developable area, the use of proposed Owner's Association Property, the Public Property, the types of Authorized Improvements, and other development factors deemed relevant by the City Council) to determine the amount of Assessed Property within the Parcel.

The Neighborhood Improvement Area #3 Assessed Property was assessed for the special benefits conferred upon the property resulting from the Neighborhood Improvement Area #3 Improvements. Table VII-D summarizes the \$3,964,617 in special benefit received by the Neighborhood Improvement Area #3 Assessed Property from the Neighborhood Improvement Area #3 Improvements, a portion of the costs of the PID formation and administration, and the Neighborhood Improvement Areas #2-3 Bond issuance costs. The portion of the par amount of the Neighborhood Improvement Areas #2-3 Bonds relating to Neighborhood Improvement Area #3 is \$2,275,000, which is less than the benefit received by the Neighborhood Improvement Area #3 Assessed Property. Accordingly, the total Assessment to be applied to all the Neighborhood Improvement Area #3 Assessed Property is \$2,275,000 plus annual Administrative Expenses. The Assessment for each Neighborhood Improvement Area #3 Assessed Property is calculated based on the allocation methodologies described in Section V.D.4. The Neighborhood Improvement Area #3 Assessment Roll is attached hereto as Appendix H.

E. NEIGHBORHOOD IMPROVEMENT AREA #4 ASSESSMENT ROLL

The City Council has evaluated each Parcel in Neighborhood Improvement Area #4 (based on numerous factors such as the applicable zoning for developable area, the use of proposed Owner's Association Property, the Public Property, the types of Authorized Improvements, and other development factors deemed relevant by the City Council) to determine the amount of Assessed Property within the Parcel.

The Neighborhood Improvement Area #4 Assessed Property was assessed for the special benefits conferred upon the property resulting from the Neighborhood Improvement Area #4 Improvements. Table VII-E summarizes the \$7,258,014 in special benefit received by the Neighborhood Improvement Area #4 Assessed Property from the Neighborhood Improvement Area #4 Improvements, a portion of the costs of the PID formation and administration, and the Neighborhood Improvement Area #4 Bond issuance costs. The par amount of the Neighborhood Improvement Area #4 Bonds relating to Neighborhood Improvement Area #4 is \$5,255,000, which is less than the benefit received by the Neighborhood Improvement Area #4 Assessed Property. Accordingly, the total Assessment to be applied to all the Neighborhood Improvement Area #4 Assessed Property is \$5,255,000 plus annual Administrative Expenses. The Assessment for each Neighborhood Improvement Area #4 Assessed Property is calculated based on the allocation methodologies described in Section V.D.5. The Neighborhood Improvement Area #4 Assessment Roll is attached hereto as Appendix I.

F. NEIGHBORHOOD IMPROVEMENT AREA #5 ASSESSMENT ROLL

The City Council has evaluated each Parcel in Neighborhood Improvement Area #5 (based on numerous factors such as the applicable zoning for developable area, the use of proposed Owner's Association Property, the Public Property, the types of Authorized Improvements, and other development factors deemed relevant by the City Council) to determine the amount of Assessed Property within the Parcel.

The Neighborhood Improvement Area #5 Assessed Property will be assessed for the special benefits conferred upon the property resulting from the Neighborhood Improvement Area #5 Improvements. Table VII-F summarizes the \$6,727,440 in special benefit expected to be received by the Neighborhood Improvement Area #5 Assessed Property from the Neighborhood Improvement Area #5 Improvements, a portion of the costs of the PID formation and administration, and the Neighborhood Improvement Area #5 Bond issuance costs. The par amount of the Neighborhood Improvement Area #5 Bonds is \$6,463,000, which is less than the benefit received by the Neighborhood Improvement Area #5 Assessed Property. Accordingly, the total Assessment to be applied to all the Neighborhood Improvement Area #5 Assessed Property is \$6,463,000 plus annual Administrative Expenses. The Assessment for each Neighborhood Improvement Area #5 Assessed Property is calculated based on the allocation methodologies described in Section V.D.6. The Neighborhood Improvement Area #5 Assessment Roll is attached hereto as Appendix J.

G. NEIGHBORHOOD IMPROVEMENT AREA #6 ASSESSMENT ROLL

The City Council has evaluated each Parcel in Neighborhood Improvement Area #6 (based on numerous factors such as the applicable zoning for developable area, the use of proposed Owner's Association Property, the Public Property, the types of Authorized Improvements, and other development factors deemed relevant by the City Council) to determine the amount of Assessed Property within the Parcel.

The Neighborhood Improvement Area #6 Assessed Property will be assessed for the special benefits conferred upon the property resulting from the Neighborhood Improvement Area #6 Improvements. Table VII-G summarizes the \$3,000,529 in special benefit expected to be received by the Neighborhood Improvement Area #6 Assessed Property from the Neighborhood Improvement Area #6 Improvements, and other Assessment levy costs. The total amount of the Neighborhood Improvement Area #6 Reimbursement Agreement Obligation is \$2,785,000, which is less than the benefit received by the Neighborhood Improvement Area #6 Assessed Property. Accordingly, the total Assessment to be applied to all the Neighborhood Improvement Area #6 Assessed Property is expected to be \$2,785,000 plus annual Administrative Expenses. The Assessment for each Neighborhood Improvement Area #6 Assessed Property is calculated based on the allocation methodologies described in Section V.D.7. The Neighborhood Improvement Area #6 Assessment Roll is attached hereto as Appendix K.

H. FUTURE NEIGHBORHOOD IMPROVEMENT AREA ASSESSMENT ROLL

As Future Neighborhood Improvement Areas are developed, this SAP will be amended to determine the Assessment for each Parcel or Lot located within such Future Neighborhood Improvement Areas (e.g. an appendix will be added as the Assessment Roll for Future Improvement Areas).

(remainder of this page is intentionally left blank)

I. ANNUAL ASSESSMENT ROLL UPDATES

The Administrator shall prepare, and shall submit to the City Council for approval, annual updates to the Assessment Rolls in conjunction with the Annual Service Plan Update to reflect the following matters, together with any other changes helpful to the Administrator or the City and permitted by the PID Act: (i) the identification of each Parcel (ii) the Assessment for each Parcel of Assessed Property, including any adjustments authorized by this Service and Assessment Plan or in the PID Act; (iii) the Annual Installment for the Assessed Property for the year (if the Assessment is payable in installments); and (iv) payments of the Assessment, if any, as provided by Section VI.K of this Service and Assessment Plan.

Once PID Bonds are issued, the Assessment Rolls shall be updated, which update may be done in the next Annual Service Plan Update, to reflect any changes resulting from the issuance of the PID Bonds. This update shall reflect the actual interest on the PID Bonds on which the Annual Installments shall be paid, any reduction in the Assessments, and any revisions in the Actual Costs to be funded by the PID Bonds and Developer funds.

(remainder of this page is intentionally left blank)

VIII. MISCELLANEOUS PROVISIONS

A. ADMINISTRATIVE REVIEW

The City may elect to designate a third party to serve as Administrator. The City shall notify Developer in writing at least thirty (30) days in advance before appointing a third party Administrator.

To the extent consistent with the PID Act, if an owner of the Assessed Property claims that a calculation error has been made in the Assessment Roll, including the calculation of the Annual Installment, that owner must send a written notice describing the error to the Administrator no later than thirty (30) days after the date the invoice or other bill for the Annual Installment is received. If the owner fails to give such notice, such owners shall be deemed to have accepted the calculation of the Assessment Roll (including the Annual Installments) and to have waived any objection to the calculation. The Administrator shall promptly review the notice, and if necessary, meet with the Assessed Property owner, consider written and oral evidence regarding the alleged error and decide whether, in fact, such a calculation error occurred.

If the Administrator determines that a calculation error has been made and the Assessment Roll should be modified or changed in favor of the Assessed Property owner, such change or modification shall be presented to the City for approval, to the extent permitted by the PID Act. A cash refund may not be made for any amount previously paid by the Assessed Property owner (except for the final year during which the Annual Assessment shall be collected), but an adjustment may be made in the amount of the Annual Installment to be paid in the following year. The decision of the Administrator regarding a calculation error relating to the Assessment Roll may be appealed to City Council. Any amendments made to the Assessment Roll pursuant to calculation errors shall be made pursuant to the PID Act.

The decision of the Administrator, or if such decision is appealed to the City Council, the decision of the City Council shall be conclusive as long as there is a reasonable basis for such determination. This procedure shall be exclusive and its exhaustion by any property owner shall be a condition precedent to any other appeal or legal action by such owner.

B. TERMINATION OF ASSESSMENTS

Each Assessment shall terminate on the date the Assessment is paid in full, including payment of any unpaid Annual Installments and Delinquent Collection Costs, if any. After the termination of the Assessment, and the collection of any delinquent Annual Installments and Delinquent Collection Costs, the City shall provide the owner of the affected Parcel a recordable “Notice of the PID Assessment Termination.”

C. AMENDMENTS

Amendments to the Service and Assessment Plan can be made as permitted or required by the PID Act and under Texas law.

The City Council reserves the right to the extent permitted by the PID Act to amend this Service and Assessment Plan without notice under the PID Act and without notice to property owners of Parcels:(i) to correct mistakes and clerical errors; (ii) to clarify ambiguities; and (iii) to provide procedures for the collection and enforcement of Assessments, Prepayment Costs, collection costs, and other charges imposed by the Service and Assessment Plan.

D. ADMINISTRATION AND INTERPRETATION OF PROVISIONS

The City Council shall administer the PID, this Service and Assessment Plan, and all Annual Service Plan Updates consistent with the PID Act and shall make all interpretations and determinations related to the application of this Service and Assessment Plan unless stated otherwise herein or in the Trust Indenture, such determination shall be conclusive.

E. SEVERABILITY

If any provision, section, subsection, sentence, clause or phrase of this Service and Assessment Plan or the application of same to an assessed Parcel or any person or set of circumstances is for any reason held to be unconstitutional, void or invalid, the validity of the remaining portions of this Service and Assessment Plan or the application to other persons or sets of circumstances shall not be affected thereby, it being the intent of the City Council in adopting this Service and Assessment Plan that no part hereof or provision or regulation contained herein shall become inoperative or fail by reason of any unconstitutionality, voidness or invalidity of any other part hereof, and all provisions of this Service and Assessment Plan are declared to be severable for that purpose.

If any provision of this Service and Assessment Plan is determined by a court to be unenforceable, the unenforceable provision shall be deleted from this Service and Assessment Plan and the unenforceable provision shall, to the extent possible, be rewritten to be enforceable and to give effect to the intent of the City.

1 – The 9/1/XX dates represent the assessment (bond) year end for the Neighborhood Improvement Areas #2-3 Bonds.

2- Administrative Expenses are estimated and will be updated each year in the Annual Service Plan Updates. Assumes a 2% increase per year.

3- Annual Installments are calculated using a 2.50% interest rate for years 2021-2025, 3.125% interest rate for years 2026-2030, and 4.0% thereafter on the Neighborhood Improvement Areas #2-3 Bonds plus the Additional Interest plus Administrative Expenses.

ORDINANCE NO. 2023-__

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CELINA, TEXAS ACCEPTING AND APPROVING A SERVICE AND ASSESSMENT PLAN AND ASSESSMENT ROLL FOR THE PARVIN PUBLIC IMPROVEMENT DISTRICT; MAKING A FINDING OF SPECIAL BENEFIT TO THE PROPERTY WITHIN THE DISTRICT; LEVYING SPECIAL ASSESSMENTS AGAINST PROPERTY WITHIN THE DISTRICT AND ESTABLISHING A LIEN ON SUCH PROPERTY; PROVIDING FOR THE METHOD OF ASSESSMENT AND THE PAYMENT OF THE ASSESSMENTS IN ACCORDANCE WITH CHAPTER 372, TEXAS LOCAL GOVERNMENT CODE, AS AMENDED; PROVIDING PENALTIES AND INTEREST ON DELINQUENT ASSESSMENTS; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, a petition was submitted and filed with the City Secretary (the "City Secretary") of the City of Celina, Texas (the "City") pursuant to the Public Improvement District Assessment Act, Chapter 372, Texas Local Government Code, as amended (the "PID Act"), requesting the creation of a public improvement district consisting of certain property located within the extraterritorial jurisdiction of the City; and

WHEREAS, the petition contained the signature of the owner of taxable property representing more than fifty percent of the appraised value of taxable real property liable for assessment within the proposed district, as determined by the then current ad valorem tax rolls of the Denton Central Appraisal District, and the signature of the record owner of taxable real property that constitutes more than fifty percent of the area of all taxable property that is liable for assessment by the proposed district; and

WHEREAS, on April 11, 2023, after due notice, the City Council of the City (the "City Council") held a public hearing in the manner required by law on the advisability of the public improvements and services described in the petition as required by Section 372.009 of the PID Act and made the findings required by Section 372.009(b) of the PID Act and, by Resolution No. 2023-32R (the "Authorization Resolution") adopted by a majority of the members of the City Council, authorized and created the Parvin Public Improvement District (the "District") in accordance with its finding as to the advisability of the Authorized Improvements; and

WHEREAS, on April 17, 2022 the City Secretary filed a copy of Resolution No. 2023-32R with the county clerk of each county in which all or part of the District is located in accordance with the provisions of the PID Act; and

WHEREAS, no written protests regarding the creation of the District from any owners of record of property within the District were filed with the City Secretary; and

WHEREAS, on July 11, 2023, the City Council adopted a resolution approving a preliminary service and assessment plan, including a proposed assessment roll for the District; calling for a public hearing to consider an ordinance levying assessments on property within the District (the "Assessments"); authorizing and directing the City Secretary of the City to file the

proposed assessment roll for the District and make such assessment roll available for public inspection; authorizing and directing the publication of notice of a public hearing to consider the levying of the Assessments against the property within the District (the “Levy and Assessment Hearing”); authorizing and directing the mailing of notice of the Levy and Assessment Hearing to owners of property liable for assessment; and directing related action; and

WHEREAS, on July 12, 2023, the City Secretary filed the Assessment Roll (defined below) and made the same available for public inspection; and

WHEREAS, the City Secretary, pursuant to Section 372.016(b) of the PID Act, published notice of the Levy and Assessment Hearing on July 24, 2023 in the *Celina Record*, a newspaper of general circulation in the City and in the part of the City’s extraterritorial jurisdiction in which the District is located or in which the authorized improvements will be under taken; and

WHEREAS, the City Secretary, pursuant to Section 372.016(c) of the PID Act, mailed the notice of the Levy and Assessment Hearing to the last known addresses of the owners of the property liable for the Assessments; and

WHEREAS, the City Council opened the Levy and Assessment Hearing on August 8, 2023, and at which all persons who appeared, or requested to appear, in person or by their attorney, were given the opportunity to contend for or contest the Assessment Roll, and the proposed Assessments, and to offer testimony pertinent to any issue presented on the amount of the Assessments, the allocation of the Actual Costs of the improvements to be undertaken for the benefit of the Assessed Property (as defined in the Service and Assessment Plan) (the “Authorized Improvements”), the purposes of the Assessments, the special benefits of the Authorized Improvements, and the penalties and interest on annual installments and on delinquent annual installments of the Assessments; and

WHEREAS, the City Council finds and determines that the Assessment Roll and the Parvin Public Improvement District Service and Assessment Plan, dated August 8, 2023, in a form substantially similar to the attached **Exhibit A** (as updated, the “Service and Assessment Plan”), and which is incorporated herein for all purposes, should be approved and that the Assessments should be levied as provided in this Ordinance and the Service and Assessment Plan and the assessment roll attached thereto as Appendix G (the “Assessment Roll”); and

WHEREAS, the City Council further finds that there were no objections or evidence submitted to the City Secretary in opposition to the Service and Assessment Plan, the allocation of the Actual Costs of the Authorized Improvements (as described in the Service and Assessment Plan), the Assessment Roll, or the levy of the Assessments against the Assessed Property; and

WHEREAS, the owners (the “Landowners”), or their representatives, of the majority of the privately-owned and taxable property located within the District, who are the persons to be assessed pursuant to this Ordinance, have indicated their approval and acceptance of the Service and Assessment Plan, approval of the Assessment Roll, approval of this Ordinance, and approval of the levy of the Assessments against their property located within the District; and

WHEREAS, the City Council closed the hearing, and, after considering all written and documentary evidence presented at the hearing, including all written comments and statements filed with the City, determined to proceed with the adoption of this Ordinance in conformity with the requirements of the PID Act.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CELINA, TEXAS:

Section 1. Terms.

Terms not otherwise defined herein are defined in the Service and Assessment Plan.

Section 2. Findings.

The findings and determinations set forth in the preambles hereof are hereby incorporated by reference and made a part of this Ordinance for all purposes as if the same were restated in full in this Section. The City Council hereby finds, determines, and ordains, as follows:

(a) The apportionment of the Actual Costs of the Authorized Improvements (as reflected in the Service and Assessment Plan), and the Administrative Expenses (as defined in and as described by the Service and Assessment Plan) is fair and reasonable, reflects an accurate presentation of the special benefit each parcel of Assessed Property will receive from the construction of the Authorized Improvements identified in the Service and Assessment Plan, and is hereby approved;

(b) The Service and Assessment Plan (i) covers a period of at least five years, (ii) defines the annual indebtedness and projected costs for the Authorized Improvements, and (iii) includes a copy of the notice form required by Section 5.014 of the Texas Property Code, as amended;

(c) The Service and Assessment Plan apportions the Actual Costs of the Authorized Improvements to be assessed against the Assessed Property as Assessments and such apportionment is made on the basis of special benefits accruing to the property because of the Authorized Improvements;

(d) All of the real property in the District which is being assessed in the amounts shown in the Assessment Roll will be benefited by the Authorized Improvements proposed to be constructed as described in the Service and Assessment Plan, and each parcel of Assessed Property will receive special benefits during the term of the Assessments equal to or greater than the total amount assessed;

(e) The method of apportionment of the Actual Costs of the Authorized Improvements and Administrative Expenses set forth in the Service and Assessment Plan results in imposing equal shares of the Actual Costs of the Authorized Improvements and Administrative Expenses on property similarly benefited, and results in a reasonable classification and formula for the apportionment of the Actual Costs;

(f) The Service and Assessment Plan should be approved as the service plan and assessment plan for the District as described in Sections 372.013 and 372.014 of the PID Act;

(g) The Assessment Roll should be approved as the assessment roll for the Assessed Property within the District;

(h) The provisions of the Service and Assessment Plan relating to due and delinquency dates for the Assessments, interest on Annual Installments, interest and penalties on delinquent Assessments and delinquent Annual Installments, and procedures in connection with the imposition and collection of Assessments should be approved and will expedite collection of the Assessments in a timely manner in order to provide the services and improvements needed and required for the District; and

(i) A written notice of the date, hour, place and subject of this meeting of the City Council was posted at a place convenient to the public for the time required by law preceding this meeting, as required by the Open Meetings Act, Chapter 551, Texas Government Code, as amended, and this meeting has been open to the public as required by law at all times during which this Ordinance and the subject matter hereof has been discussed, considered, and formally acted upon.

Section 3. Service and Assessment Plan.

The Service and Assessment Plan is hereby accepted and approved pursuant to Sections 372.013 and 372.014 of the PID Act as the service plan and the assessment plan for the District.

Section 4. Assessment Roll.

The Assessment Roll is hereby accepted and approved pursuant to Section 372.016 of the PID Act as the assessment roll of the District.

Section 5. Levy and Payment of Assessments for Actual Costs of the Authorized Improvements.

(a) The City Council hereby levies an assessment on each parcel of Assessed Property (excluding Non-Benefitted Property, as defined in the Service and Assessment Plan), as shown and described in the Service and Assessment Plan and the Assessment Roll, in the respective amounts shown on the Assessment Roll, as a special assessment on the properties set forth in the Assessment Roll.

(b) The levy of the Assessments shall be effective on the date of the adoption of this Ordinance levying Assessments and strictly in accordance with the terms of the Service and Assessment Plan and the PID Act.

(c) The collection of the Assessments shall be as described in the Service and Assessment Plan and the PID Act.

(d) Each Assessment may be paid in a lump sum at any time or may be paid in Annual Installments pursuant to the terms of the Service and Assessment Plan.

(e) Each Assessment shall bear interest at the rate or rates specified in the Service and Assessment Plan.

(f) Each Annual Installment shall be collected each year in the manner set forth in the Service and Assessment Plan.

(g) The Administrative Expenses for Assessed Property shall be calculated and collected pursuant to the terms of the Service and Assessment Plan.

Section 6. Method of Assessment.

The method of apportioning the Actual Costs of the Authorized Improvements and Administrative Expenses are set forth in the Service and Assessment Plan.

Section 7. Penalties and Interest on Delinquent Assessments.

Delinquent Assessments shall be subject to the penalties, interest, procedures, and foreclosure sales set forth in the Service and Assessment Plan and as allowed by law.

Section 8. Prepayments of Assessments.

As provided in Section VI of the Service and Assessment Plan, the owner of any Assessed Property subject to an Assessment may prepay the Assessments levied by this Ordinance.

Section 9. Lien Priority.

The City Council and the Landowners intend for the obligations, covenants and burdens on the Landowners of each parcel of Assessed Property, including without limitation such Landowners' obligations related to payment of the Assessments and the Annual Installments thereof, to constitute covenants that shall run with the land. The Assessments and the Annual Installments thereof which are levied hereby shall be binding upon the Landowners, as the owners of each parcel of Assessed Property, and their respective transferees, legal representatives, heirs, devisees, successors and assigns in the same manner and for the same period as such parties would be personally liable for the payment of ad valorem taxes under applicable law. Assessments shall have lien priority as specified in the Service and Assessment Plan and the PID Act.

Section 10. Appointment of Administrator and Collector of Assessments.

(a) **Appointment of Administrator.**

MuniCap, Inc., is hereby appointed and designated to initially serve, or until otherwise determined by the City Council, as the Administrator of the Service and Assessment Plan and of the Assessments levied by this Ordinance. The Administrator shall perform the duties of the Administrator described in the Service and Assessment Plan and in this Ordinance. The

Administrator's fees, charges and expenses for providing such service shall constitute an Administrative Expense.

(b) Appointment of Collector.

The Denton County Tax Assessor and Collector is hereby appointed and designated as the collector of the Assessments.

Section 11. Applicability of Tax Code.

To the extent not inconsistent with this Ordinance, and not inconsistent with the PID Act or the other laws governing public improvement districts, the provisions of the Texas Tax Code shall be applicable to the imposition and collection of the Assessments by the City.

Section 12. Filing in Land Records. The City Secretary is directed to cause a copy of this Ordinance, including the Service and Assessment Plan and the Assessment Roll, to be recorded in the real property records of Denton County, not later than the seventh day after the date the City Council adopts this Ordinance approving the Service and Assessment Plan. The City Secretary is further directed to similarly file each Annual Service Plan Update (as defined in the Service and Assessment Plan) approved by the City Council not later than the seventh day after the date that the City Council approves each Annual Service Plan Update.

Section 13. Severability.

If any provision, section, subsection, sentence, clause, or phrase of this Ordinance, or the application of the same to any person or set of circumstances is for any reason held to be unconstitutional, void, or invalid, the validity of the remaining portions of this Ordinance or the application to other persons or sets of circumstances shall not be affected thereby, it being the intent of the City Council that no portion hereof, or provision or regulation contained herein shall become inoperative or fail by reason of any unconstitutionality, voidness, or invalidity or any other portion hereof, and all provisions of this ordinance are declared to be severable for that purpose.

Section 14. Effective Date.

This Ordinance shall take effect, and the levy of the Assessments, and the provisions and terms of the Service and Assessment Plan shall be and become effective upon passage hereof.

PASSED AND ADOPTED, this the 8th day of August, 2023.

I. PLAN DESCRIPTION AND DEFINED TERMS

A. INTRODUCTION

On April 11, 2023, the City Council of the City of Celina, Texas (the “City”), Texas passed and approved Resolution No. 2023-32R approving and authorizing the creation of the Parvin Public Improvement District (the “PID”) to finance the costs of certain public improvements for the benefit of property in such public improvement district, all of which was located within the extraterritorial jurisdiction of the City at the time the PID was created.

The property in the PID is proposed to be developed in one phase. Assessments will be imposed on the property that receives a special benefit from the public improvements to be financed.

Chapter 372 of the Texas Local Government Code, the “Public Improvement District Assessment Act” (as amended, the “PID Act”), governs the creation and operation of public improvement districts within the State of Texas. This Parvin Public Improvement District Service and Assessment Plan (the “Service and Assessment Plan”) has been prepared in accordance with the PID Act and specifically Sections 372.013, 372.014, 372.015 and 372.016, which address the requirements of a service and assessment plan and the assessment roll. According to Section 372.013 of the PID Act, a service plan “must (1) cover a period of at least five years; (2) define the annual indebtedness and the projected costs for improvements; and (3) include a copy of the notice form required by Section 5.014, Property Code.” Additionally, the PID Act requires that “the governing body of the municipality or county shall review and update the service plan annually for the purpose of determining the annual budget for improvements.” The service plan is described in Section IV of this Service and Assessment Plan. The copy of the notice form required by Section 5.014 of the Texas Property Code, as amended, is attached hereto as Appendix E.

Section 372.014 of the PID Act requires that “an assessment plan must be included in the annual service plan.” The assessment plan is described in Section V of this Service and Assessment Plan.

Section 372.015 of the PID Act requires that “the governing body of the municipality or county shall apportion the cost of an improvement to be assessed against property in an improvement district.” The method of assessing the costs of the Authorized Improvements and apportionment of such costs to the property in the PID is included in Section V of this Service and Assessment Plan.

Section 372.016 of the PID Act requires that “after the total cost of an improvement is determined, the governing body of the municipality or county shall prepare a proposed assessment roll. The roll must state the assessment against each parcel of land in the district, as determined by the method of assessment chosen by the municipality or county under this subchapter.” The Assessment Roll for the PID is included as Appendix G of this Service and Assessment Plan. The Assessments as shown on the Assessment Roll are based on the method of assessment and apportionment of costs described in Section V of this Service and Assessment Plan.

B. DEFINITIONS

Capitalized terms used herein shall have the meanings ascribed to them as follows:

“Actual Cost(s)” means, with respect to an Authorized Improvement, the demonstrated, reasonable, allocable, and allowable costs of constructing such Authorized Improvement. Actual Cost may include: (a) the costs for the design, planning, financing, administration, management, acquisition, installation, construction and/or implementation of such Authorized Improvement, including general contractor and construction management fees, if any, (b) the costs of preparing the construction plans for such Authorized Improvement, (c) the fees paid for obtaining permits, licenses or other governmental approvals for such Authorized Improvement, (d) the costs for external professional costs associated with such Authorized Improvement, such as engineering, geotechnical, surveying, land planning, architectural landscapers, advertising, marketing and research studies, appraisals, legal, accounting and similar professional services, and taxes, (e) the costs of all labor, bonds and materials, including equipment and fixtures, incurred by contractors, builders and material men in connection with the acquisition, construction or implementation of the Authorized Improvements, and (f) all related permitting, zoning and public approval expenses, architectural, engineering, legal, and consulting fees, financing charges, taxes, governmental fees and charges (including inspection fees, permit fees, development fees), insurance premiums and miscellaneous expenses.

Actual Costs may include general contractor’s fees in an amount up to a percentage equal to the percentage of work completed and accepted by the City or construction management fees in an amount up to five percent of the eligible Actual Costs described in a Certification for Payment. The amounts expended on legal costs, taxes, governmental fees, insurance premiums, permits, financing costs, and appraisals shall be excluded from the base upon which the general contractor and construction management fees are calculated.

“Additional Interest” means the 0.50% additional interest rate charged on Assessments (if applicable) pursuant to Section 372.018 of the PID Act.

“Additional Interest Component” means the amount collected by application of the Additional Interest.

“Additional Interest Reserve” has the meaning set forth in Section V.F of this Service and Assessment Plan.

“Administrative Expenses” means the administrative, organization, maintenance and operation costs associated with, or incidental to, the administration, organization, maintenance and operation of the PID, including, but not limited to, the costs of: (i) creating and organizing the PID, including conducting hearings, preparing notices and petitions, and all costs incident thereto, including engineering fees, legal fees and consultant fees, (ii) the annual administrative, organization, maintenance, and operation costs and expenses associated with, or incident and allocable to, the administration, organization, maintenance, and operation of the PID and the Authorized Improvements, (iii) computing, levying, billing and collecting Assessments or the Annual Installments thereof, (iv) maintaining the record of installments of the Assessments and

the system of registration and transfer of the Bonds, (v) issuing, paying and redeeming the Bonds, (vi) investing or depositing of monies, (vii) complying with the PID Act and other laws applicable to the Bonds, (viii) the Trustee's reasonable fees and expenses relating to the Bonds, (ix) legal counsel, engineers, accountants, financial advisors, investment bankers or other consultants and advisors, and (x) administering the construction of the Authorized Improvements. Administrative Expenses do not include payment of the actual principal of, redemption premium, if any, and interest on the Bonds or any costs of issuance associated with the Bonds. Administrative Expenses collected and not expended for actual Administrative Expenses shall be carried forward and applied to reduce Administrative Expenses in subsequent years to avoid the over-collection of amounts to pay Administrative Expenses.

“Administrator” means the employee or designee of the City, identified in any indenture of trust relating to the Bonds or in any other agreement approved by the City Council, who shall have the responsibilities provided for herein.

“Annual Installment” means, with respect to each Parcel, each annual payment of: (i) the Assessments including both principal and interest, as shown on the Assessment Roll attached hereto as Appendix G, as applicable, or in an Annual Service Plan Update, and calculated as provided in Section VI of this Service and Assessment Plan, (ii) the Additional Interest Component designated for the Additional Interest Reserve described in Section V of this Service and Assessment Plan, and (iii) the Administrative Expenses.

“Annual Service Plan Update” has the meaning set forth in the second paragraph of Section IV of this Service and Assessment Plan.

“Assessed Property” means the property that benefits from the Authorized Improvements to be provided by the PID on which Assessments have been imposed as shown in the Assessment Roll, as the Assessment Roll is updated each year by the Annual Service Plan Update. Assessed Property includes Parcels within the PID other than Non-Benefited Property.

“Assessment” means an assessment levied against a Parcel imposed pursuant to an Assessment Ordinance and the provisions herein, as shown on any Assessment Roll, subject to reallocation upon the subdivision of such Parcel or reduction according to the provisions herein and the PID Act. An Assessment for a Parcel consists of the Annual Installments to be collected in all years including the portion of those Annual Installments collected to pay Administrative Expenses and interest on all Assessments.

“Assessment Ordinance” means an Assessment Ordinance adopted by the City Council approving the Service and Assessment Plan (including amendments or supplements to the Service and Assessment Plan) and levying the Assessments.

“Assessment Revenues” mean the revenues actually received by or on behalf of the City from the collection of Assessments.

“Assessment Roll” means the Assessment Roll included in this Service and Assessment Plan as Appendix G or any other Assessment Roll in an amendment or supplement to this Service and

Assessment Plan or in an Annual Service Plan Update, as each may be updated, modified, or amended from time to time in accordance with the procedures set forth in this Service and Assessment Plan and in the PID Act.

“Authorized Improvements” mean those public improvements described in Appendix B of this Service and Assessment Plan and Section 372.003 of the PID Act, constructed and installed in accordance with this Service and Assessment Plan, and any future updates and/or amendments.

“Bonds” mean any bonds, including the PID Bonds, issued by the City in one or more series and secured in whole or in part by the Assessment Revenues.

“Budgeted Cost(s)” means the amounts budgeted to construct the Authorized Improvements as used in the preparation of this Service and Assessment Plan.

“Certification for Payment” means the certificate to be provided by the Developer, or his designee, to substantiate the Actual Cost of one or more Authorized Improvements in a payment request in a form that has been reviewed and approved by the City.

“City” means the City of Celina, Texas.

“City Council” means the duly elected governing body of the City.

“County” means Denton County, Texas.

“Delinquent Collection Costs” mean interest, penalties and expenses incurred or imposed with respect to any delinquent installment of an Assessment in accordance with the PID Act and the costs related to pursuing collection of a delinquent Assessment and foreclosing the lien against the Assessed Property, including attorney’s fees.

“Developer” means MM Celina Parvin 101, LLC, a Texas limited liability company.

“Development Agreement” means that certain Celina Parvin Development Agreement executed by and between the City and the Developer effective January 12, 2023, and as the same may be amended from time to time.

“Equivalent Units” means, as to any Parcel the number of dwelling units by lot type expected to be built on the Parcel multiplied by the factors calculated and shown in Appendix F attached hereto.

“Homeowner Association” means a homeowner’s association or property owners’ association established for the benefit of property owners within the boundaries of the PID.

“Homeowner Association Property” means property within the boundaries of the PID that is owned by or irrevocably offered for dedication to, whether in fee simple or through an exclusive use easement, a Homeowner Association.

“Lot” means a tract of land described as a “lot” in a subdivision plat recorded in the official public records of the County.

“Lot Type” means a classification of final building lots with similar characteristics (e.g. commercial, light industrial, multifamily residential, single family residential, etc.), as determined by the Administrator and confirmed by the City Council as shown in Appendix F. In the case of single family residential lots, the Lot Type shall be further defined by classifying the residential lots by the estimated average home value for each home at the time of assessment levy, considering factors such as density, lot size, proximity to amenities, view premiums, location, and any other factors that may impact the average home value on the lot, as determined by the Administrator and confirmed by the City Council.

“Maximum Assessment Per Equivalent Unit” means an Assessment per Lot of \$47,798.72.

“MSUD” means Mustang Special Utility District, which is anticipated to own and operate the onsite and offsite water and sewer infrastructure that will serve the property.

“Non-Benefited Property” means Parcels that accrue no special benefit from the Authorized Improvements, including Homeowner Association Property, Public Property and easements that create an exclusive use for a public utility provider. Property identified as Non-Benefited Property at the time the Assessments (i) are imposed or (ii) are reallocated pursuant to a subdivision of a Parcel, is not assessed. Assessed Property converted to Non-Benefited Property, if the Assessments may not be reallocated pursuant to the provisions herein, remains subject to the Assessments and requires the Assessments to be prepaid as provided for in Section VI.C.

“Parcel” or “Parcels” means a parcel or parcels within the PID identified by either a tax map identification number assigned by the Denton Central Appraisal District for real property tax purposes or by lot and block number in a final subdivision plat recorded in the real property records of the County.

“PID” has the meaning set forth in Section I.A of this Service and Assessment Plan.

“PID Act” means Texas Local Government Code Chapter 372, Public Improvement District Assessment Act, Subchapter A, Public Improvement Districts, as amended.

“PID Bonds” mean the certain City of Celina, Texas, Special Assessment Revenue Bonds, Series 2023 (Parvin Public Improvement District Project) that are secured primarily by Assessment Revenues.

“Prepayment Costs” mean interest and expenses to the date of prepayment, plus any additional expenses related to the prepayment, reasonably expected to be incurred by or imposed upon the City as a result of any prepayment of an Assessment.

“Public Property” means property within the boundaries of the PID that is owned by or irrevocably offered for dedication to, the federal government, the State of Texas, the County, the

City, a school district or any other public agency, whether in fee simple or through an exclusive use easement.

“Service and Assessment Plan” means this Service and Assessment Plan prepared for the PID pursuant to the PID Act, as the same may be amended from time to time.

“Trust Indenture” means an indenture of trust, ordinance or similar document setting forth the terms and other provisions relating to the Bonds, as modified, amended, and/or supplemented from time to time.

“Trustee” means the fiscal agent or trustee as specified in the Trust Indenture, including a substitute fiscal agent or trustee.

II. PROPERTY INCLUDED IN THE PID

A. PROPERTY INCLUDED IN THE PID

The PID is presently located within the extraterritorial jurisdiction of the City, and contains approximately 101.60 acres of land. A map of the property within the PID is shown on Appendix A to this Service and Assessment Plan.

At completion, the PID is expected to consist of approximately 313 single family residential units, landscaping, and infrastructure necessary to provide roadways, drainage, and utilities to the PID. The estimated number of lots and the classification of each lot are based upon the proposed development plan.

The property within the PID is proposed to be developed as shown in Table II-A.

Table II-A
Proposed Development within the PID

Proposed Development	Quantity	Measurement
Single-Family (50 Ft)	313	Units
Total	313	Units

The estimated number of units at the build-out of the PID is based on the land use approvals for the property, the anticipated subdivision of property in the PID, and the Developer's estimate of the highest and best use of the property within the PID.

III. DESCRIPTION OF THE AUTHORIZED IMPROVEMENTS

A. AUTHORIZED IMPROVEMENT OVERVIEW

372.003. Authorized Improvements

(a) If the governing body of a municipality or county finds that it promotes the interests of the municipality or county, the governing body may undertake an improvement project that confers a special benefit on a definable part of the municipality or county or the municipality's extraterritorial jurisdiction. A project may be undertaken in the municipality or county or the municipality's extraterritorial jurisdiction.

(b) A public improvement may include:

- (i) landscaping;
- (ii) erection of fountains, distinctive lighting, and signs;
- (iii) acquiring, constructing, improving, widening, narrowing, closing, or rerouting of sidewalks or of streets, any other roadways, or their rights-of way;
- (iv) construction or improvement of pedestrian malls;
- (v) acquisition and installation of pieces of art;
- (vi) acquisition, construction, or improvement of libraries;
- (vii) acquisition, construction, or improvement of off-street parking facilities;
- (viii) acquisition, construction, improvement, or rerouting of mass transportation facilities;
- (ix) acquisition, construction, or improvement of water, wastewater, or drainage facilities or improvements;
- (x) the establishment or improvement of parks;
- (xi) projects similar to those listed in Subdivisions (i)-(x);
- (xii) acquisition, by purchase or otherwise, of real property in connection with an authorized improvement;
- (xiii) special supplemental services for improvement and promotion of the district, including services relating to advertising, promotion, health and sanitation, water and wastewater, public safety, security, business recruitment, development, recreation, and cultural enhancement;
- (xiv) payment of expenses incurred in the establishment, administration and operation of the district; and
- (xv) the development, rehabilitation, or expansion of affordable housing

After analyzing the public improvement projects authorized by the PID Act, the City has determined at this time to undertake only Authorized Improvements listed in Section III.B. on the following page and shown in the opinion of probable costs included as Appendix B and on the

diagrams included as Appendix D for the benefit of the Assessed Property. Any change to the list of Authorized Improvements will require the approval of the City and an update to this Service and Assessment Plan.

B. DESCRIPTIONS OF THE AUTHORIZED IMPROVEMENTS

The Authorized Improvements benefit the entire PID. The costs of the Authorized Improvements are allocated proportionally throughout the entire PID, excluding Non-Benefited Property, in a manner that anticipates planned development of the PID based on the anticipated number of Equivalent Units.

The Authorized Improvements descriptions are presented below as provided by the project engineer. The Budgeted Costs are shown in Table III-A, and may be revised in Annual Service Plan Updates, including such other improvements as deemed necessary to further improve the properties within the PID. To the extent that an Authorized Improvement is oversized or otherwise provides special benefit to property outside of the PID, the costs of such oversizing are not included in this Service and Assessment Plan.

A description of the Authorized Improvements are as follows:

Roadway Improvements:

Onsite:

The onsite roadway portion of the Authorized Improvements consists of subgrade stabilization, concrete and reinforcing steel for roadways, testing, handicapped ramps, and streetlights. All related earthwork, excavation, erosion control, retaining walls, intersections, signage, lighting and re-vegetation of all disturbed areas within the right-of-way are included. The street improvements will provide access to each Lot within the PID, for the benefit of the Assessed Property. All onsite roadway projects will be designed and constructed in accordance with City standards and specifications, as modified by Development Agreement, and will be owned and operated by the City.

Offsite:

The offsite roadway portion of the Authorized Improvements consists of stabilization, concrete and reinforcing steel for roadways, testing, handicapped ramps, and streetlights. All related earthwork, excavation, erosion control, retaining walls, intersections, signage, lighting and re-vegetation of all disturbed areas within the right-of-way of the divided entry are included. The street improvements will provide access to each Lot within the PID, for the benefit of the Assessed Property. All offsite roadway projects will be designed and constructed in accordance with City standards and specifications, as modified by Development Agreement, and will be owned and operated by the City. The offsite roadway improvements are being constructed exclusively for the benefit of the Property within the PID.

Water Improvements:

Onsite:

The onsite water distribution system portion of the Authorized Improvements include trench excavation and embedment, trench safety, PVC piping, manholes, service connections, testing, related earthwork, excavation, and erosion control, and all necessary appurtenances required to provide water service to each Lot within the PID, for the benefit of the Assessed Property. All onsite water improvements will be designed and constructed in accordance with City standards and specifications, as modified by the Development Agreement, and will be owned and operated by MSUD.

Offsite:

The offsite water distribution system portion of the Authorized Improvements trench excavation and embedment, trench safety, PVC piping, manholes, service connections, testing, related earthwork, excavation, and erosion control, and all necessary appurtenances required to connect to existing service lines located east of the District to provide water service to each Lot within the PID, for the benefit of the Assessed Property. All offsite water improvements will be designed and constructed in accordance with City standards and specifications, as modified by the Development Agreement, and will be owned and operated by MSUD. The offsite water improvements are being constructed exclusively for the benefit of the Property within the PID.

Sanitary Sewer Improvements:

Onsite:

The onsite sanitary improvement portion of the Authorized Improvements include trench excavation and embedment, trench safety, PVC piping, ductile iron encasement, boring, manholes, service connections, testing, related earthwork, excavation, erosion control and all necessary appurtenances required to provide wastewater service to each Lot within the PID, for the benefit of the Assessed Property. All onsite sanitary sewer improvements will be designed and constructed in accordance with City standards and specifications, as modified by the Development Agreement, and will be owned and operated by MSUD.

Offsite:

The offsite sanitary improvement portion of the Authorized Improvements include trench excavation and embedment, trench safety, PVC piping, ductile iron encasement, boring, manholes, service connections, testing, related earthwork, excavation, erosion control and all necessary appurtenances required to connect to existing MSUD force main lines to provide wastewater service to each Lot within the PID, for the benefit of the Assessed Property. All offsite sanitary sewer improvements will be designed and constructed in accordance with City standards and

specifications, as modified by the Development Agreement, and will be owned and operated by MSUD. The offsite sanitary improvements are being constructed exclusively for the benefit of the Property within the PID.

Storm Drainage Improvements:

The storm drainage collection system portion of the Authorized Improvements includes pre and post development erosion control, silt fences, rock check dams, drainage structures, various size reinforced concrete pipes, reinforced concrete box culverts, curb inlets, headwalls, retention, detention areas, and detention structures and trench safety for the benefit of the Assessed Property. All storm drainage improvements will be designed and constructed in accordance with City standards and specifications and will be owned and operated by the City.

Soft and Miscellaneous Costs

Onsite:

The onsite soft and miscellaneous costs consist of costs related to designing, constructing, and installing the Authorized Improvements including engineering fees, legal fees, consulting fees, contingency, other costs associated with financing the Authorized Improvements, and the portion of the costs incurred in the administration and operation of the PID.

Offsite:

The offsite soft and miscellaneous costs consist of costs related to designing, constructing, and installing the Authorized Improvements including engineering fees, consulting fees, and other costs associated with financing the Authorized Improvements.

IV. SERVICE PLAN

A. PROJECTED SOURCES AND USES OF FUNDS

The PID Act requires the service plan to cover a period of at least five years. The service plan is required to define the annual projected costs and indebtedness for the Authorized Improvements undertaken within the PID during the five-year period. It is anticipated the Authorized Improvements will be constructed and accepted by the City in the 1st quarter of 2025.

The Budgeted Costs for Authorized Improvements plus costs related to the issuance of the PID Bonds and payment of expenses incurred in the establishment, administration, and operation of the PID are \$17,606,130 as shown in Table IV-A. The service plan shall be reviewed and updated at least annually for the purpose of determining the annual budget for Administrative Expenses, updating the Budgeted Costs of the Authorized Improvements, and updating the Assessment Roll(s). Any update to this Service and Assessment Plan is herein referred to as an “Annual Service Plan Update.”

Table IV-A shows the projected sources and uses of funds for the Authorized Improvements.

B. PROJECTED FIVE -YEAR SERVICE AND ASSESSMENT PLAN

The annual projected costs and annual projected indebtedness are shown in Table IV-B. The annual projected costs and indebtedness are subject to revision, and each shall be updated in the Annual Service Plan Update to reflect any changes in the costs or indebtedness expected for each year.

¹The other funding sources represent Budgeted Costs of the Authorized Improvements to be paid by the Developer without reimbursement through the PID. See Table IV-A for details.

²Administrative Expenses in year 2024 and 2025 are being funded with Bond proceeds, and interest on the PID Bonds for years 2024 and 2025 is being funded with capitalized interest.

The annual projected costs shown in Table IV-B are the annual expenditures relating to the Authorized Improvements shown in Table III-A, and the costs associated with setting up the PID and bond issuance costs including reserves shown in Table IV-A. The difference between the total projected cost and the total projected indebtedness, if any, is the amount contributed by the Developer.

C. PID ASSESSMENT NOTICE

The PID Act requires that this Service and Assessment Plan and each Annual Service Plan Update include a copy of the notice form required by Section 5.014 of the Texas Property Code (the “PID Assessment Notice”). The PID Assessment Notice is attached hereto as Appendix E and may be updated in an Annual Service Plan Update.

V. ASSESSMENT PLAN

A. INTRODUCTION

The PID Act requires the City Council to apportion the costs of the Authorized Improvements on the basis of special benefits conferred upon the property because of the Authorized Improvements. The PID Act provides that the costs of the Authorized Improvements may be assessed: (i) equally per front foot or square foot; (ii) according to the value of the property as determined by the governing body, with or without regard to improvements on the property; or (iii) in any other manner that results in imposing equal shares of the cost on property similarly benefited. The PID Act further provides that the governing body may establish by ordinance or order reasonable classifications and formulas for the apportionment of the cost between the municipality and the area to be assessed and the methods of assessing the special benefits for various classes of improvements.

For purposes of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Authorized Improvements shall be allocated as described below:

1. The Actual Costs of the Authorized Improvements shall be allocated on the basis of Equivalent Units once such property is developed, and that such method of allocation will result in the imposition of equal shares of the costs of the Authorized Improvements to Parcels similarly benefited.
2. The City Council has concluded that larger more expensive homes are likely to be built on the larger lots, and that larger more expensive homes are likely to make greater use of and receive greater benefit from the Authorized Improvements. In determining the relative values of Parcels, the City Council has taken into consideration (i) the type of development (i.e., residential, commercial, etc.), (ii) single-family lot sizes and the size of homes likely to be built on lots of different sizes, (iii) current and projected home prices provided by the Developer, (iv) the Authorized Improvements to be provided and the Budgeted Costs, and (v) the ability of different property types to utilize and benefit from the Authorized Improvements.
3. The Assessed Property is classified into different Lot Types as described in Appendix F based on the type and size of proposed development on each Parcel.
4. Equivalent Units are calculated for each Lot Type based on the relative value of each Lot Type.

This section of this Service and Assessment Plan currently (i) describes the special benefit received by each Parcel within the PID as a result of the Authorized Improvements, (ii) provides the basis and justification for the determination that this special benefit equals or exceeds the amount of the Assessments levied or to be levied on the Assessed Property for such Authorized Improvements, and (iii) establishes the methodologies by which the City Council allocates and reallocates the special benefit of the Authorized Improvements to Parcels in a manner that results in equal shares

of the Actual Costs of the Authorized Improvements being apportioned to Parcels similarly benefited. The determination by the City Council of the assessment methodologies set forth below is the result of the discretionary exercise by the City Council of its legislative authority and governmental powers and is conclusive and binding on the Developer and all future owners and developers of the Assessed Property.

B. SPECIAL BENEFIT

Assessed Property must receive a direct and special benefit from the Authorized Improvements, and this benefit must be equal to or greater than the amount of the Assessments. The Authorized Improvements are provided specifically for the benefit of the Assessed Property. The Authorized Improvements (more particularly described in line-item format in Appendix B to this Service and Assessment Plan) and the costs of issuance and payment of costs incurred in the establishment of the PID shown in Table IV-A are authorized by the PID Act. These Authorized Improvements are provided specifically for the benefit of the Assessed Property.

Each owner of the Assessed Property has acknowledged that the Authorized Improvements confer a special benefit on the Assessed Property and has consented to the imposition of the Assessments to pay for the Actual Costs associated therewith. Each of the owners is acting in its interest in consenting to this apportionment and levying of the Assessments because the special benefit conferred upon the Assessed Property by the Authorized Improvements exceeds the amount of the Assessments.

The Authorized Improvements provide a special benefit to the Assessed Property as a result of the close proximity of these improvements to the Assessed Property and the specific purpose of these improvements of providing infrastructure for the Assessed Property. In other words, the Assessed Property could not be used in the manner proposed without the construction of the Authorized Improvements. The Authorized Improvements are being provided specifically to meet the needs of the Assessed Property as required for the proposed use of the property.

The Assessments are being levied to provide the Authorized Improvements that are required for the highest and best use of the Assessed Property (i.e., the use of the property that is most valuable, including any costs associated with that use). Highest and best use can be defined as “the reasonably probable and legal use of property, which is physically possible, appropriately supported, financially feasible, and that results in the highest value.” (*Dictionary of Real Estate Appraisal, Third Edition.*) The Authorized Improvements are expected to be required for the proposed use of the Assessed Property to be physically possible, appropriately supported, financially feasible, and maximally productive.

The Developer has evaluated the potential use of the property and has determined that the highest and best use of the property is the use intended and the legal use for the property as described in Section II of this Service and Assessment Plan. The use of the Assessed Property as described herein will require the construction of the Authorized Improvements.

The Assessments will repay financing that is on advantageous terms, as the Bonds issued to finance the Authorized Improvements will pay interest that is exempt from federal income tax. As a result, all other terms being equal (e.g., maturity, fixed vs. variable rate, credit quality), the tax-exempt bonds will have a lower interest rate than debt that is not tax-exempt. The Bonds also have a longer term than other available financings and may either be repaid or assumed by a buyer at the buyer's option. As a result of these advantageous terms, the financing provided by the PID is the most beneficial means of financing the Authorized Improvements.

Each owner of the Assessed Property will ratify, confirm, accept, agree to and approve: (i) the determinations and finding by the City Council as to the special benefits described in this Service and Assessment Plan and the Assessment Ordinance; (ii) the Service and Assessment Plan and the Assessment Ordinance, and (iii) the levying of Assessments on the Assessed Property. Use of the Assessed Property as described in this Service and Assessment Plan and as authorized by the PID Act requires that Authorized Improvements be acquired, constructed, installed, and/or improved. Funding the Actual Costs of the Authorized Improvements through the PID has been determined by the City Council to be the most beneficial means of doing so. As a result, the Authorized Improvements result in a special benefit to the Assessed Property, and this special benefit exceeds the amount of the Assessment. This conclusion is based on and supported by the evidence, information, and testimony provided to the City Council.

In summary, the Authorized Improvements result in a special benefit to the Assessed Property for the following reasons:

1. The Authorized Improvements are being provided specifically for the use of the Assessed Property, are necessary for the proposed best use of the property and provide a special benefit to the Assessed Property;
2. The Developer has consented to the imposition of the Assessments for the purpose of providing the Authorized Improvements and the Developer is acting in its interest by consenting to this imposition;
3. The highest and best use of the Assessed Property is the use of the Assessed Property that is most valuable (including any costs associated with the use of the Assessed Property);
4. Financing of the costs of the Authorized Improvements through the PID is determined to be the most beneficial means of providing for the Authorized Improvements; and,
5. As a result, the special benefit to the Assessed Property from the Authorized Improvements will be equal to or greater than the Assessments.

C. ASSESSMENT METHODOLOGY

The costs of the Authorized Improvements may be assessed by the City Council against the Assessed Property so long as the special benefit conferred upon the Assessed Property by the Authorized Improvements equals or exceeds the Assessments. The costs of the Authorized

Improvements may be assessed using any methodology that results in the imposition of equal shares of the Actual Costs on Assessed Property similarly benefited.

1. Assessment Methodology for the Authorized Improvements

For purpose of this Service and Assessment Plan, the City Council has determined that the Budgeted Costs of the Authorized Improvements to be financed with the PID Bonds shall be allocated to the Assessed Property by spreading the entire Assessment across the Parcels based on the estimated Equivalent Units anticipated to be developed on each Parcel within the PID.

Based on the Budgeted Costs of the Authorized Improvements, as set forth in Table III-A, the City Council has determined that the benefit to the Assessed Property of the Authorized Improvements is at least equal to the Assessments levied on the Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the estimated Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Parcel based on the ratio of the estimated Equivalent Units at the time residential Lots are platted to the total estimated Equivalent Units of all Lots in the platted Parcel, as calculated and shown in Appendix F using the types, number and average home value of Lots anticipated to be developed on each Parcel.

The Assessment and Annual Installments for each Parcel or Lot located within the PID is shown on the Assessment Roll, attached as Appendix G, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

D. ASSESSMENTS

The Assessments will be levied on each Parcel according to the Assessment Roll, attached hereto as Appendix G. The Annual Installments will be collected at the time and in the amounts shown on the Assessment Roll subject to any revisions made during an Annual Service Plan Update.

E. ADMINISTRATIVE EXPENSES

The cost of administering the PID and collecting the Annual Installments shall be paid for on a pro rata basis by each Parcel based on the amount of Assessment levied against the Parcel. The Administrative Expenses shall be collected as part of and in the same manner as Annual Installments in the amounts shown on the Assessment Roll, attached as Appendix G, which may be revised based on Actual Costs incurred in Annual Service Plan Updates.

F. ADDITIONAL INTEREST RESERVE

Pursuant to the PID Act, the interest rate for the portion of the Assessments which secure a series of Bonds may exceed the actual interest rate per annum paid on the related Bonds by no more than one half of one percent (0.50%). The interest rate used to determine the Assessments that secure the PID Bonds is one half of one percent (0.50%) per annum higher than the actual rate paid on

the PID Bonds, with the Additional Interest Component of the Annual Installments allocated to fund a reserve to be used for paying interest associated with a prepayment and to offset any possible delinquency related costs. The Additional Interest Reserve shall be funded until it reaches 5.50% of the outstanding Bonds unless otherwise stipulated in the Trust Indenture. Once the Additional Interest Reserve is funded in full, the City may allocate the Additional Interest Component of the Annual Installments as provided in the applicable Trust Indenture.

(remainder of this page is intentionally left blank)

VI. TERMS OF THE ASSESSMENTS

A. AMOUNT OF ASSESSMENTS AND ANNUAL INSTALLMENTS FOR PARCELS LOCATED WITHIN THE PID

The Assessment and Annual Installments for each Assessed Property located within the PID is shown on the Assessment Roll, attached as Appendix G, and no Assessment shall be changed except as authorized by this Service and Assessment Plan and the PID Act.

The Annual Installments shall be collected from the Assessed Property in an amount sufficient to pay (i) principal and interest on the PID Bonds, (ii) to fund the Additional Interest Reserve described in Section V, and (iii) to pay Administrative Expenses related to the PID. The Annual Installment for each Parcel in the PID shall be calculated by taking into consideration any available capitalized interest applicable to the Parcel.

B. REALLOCATION OF ASSESSMENTS

1. Subdivision

Upon the subdivision of any Parcel, the Assessment for the Parcel prior to the subdivision shall be reallocated among the new subdivided Parcels according to the following formula:

$$A = B \times (C \div D)$$

Where the terms have the following meanings:

- A = the Assessment for each new subdivided Parcel
- B = the Assessment for the Parcel prior to subdivision
- C = the estimated total Equivalent Units to be built on each new subdivided Parcel
- D = the sum of the estimated total Equivalent Units to be built on all of the new subdivided Parcels

The calculation of the estimated Equivalent Units to be built on a Parcel shall be performed by the Administrator and confirmed by the City Council based on the information available regarding the use of the Parcel. The estimate as confirmed shall be conclusive. The number of Equivalent Units to be built on a Parcel may be estimated by net land area and reasonable density ratios.

The sum of the Assessments for all newly subdivided Parcels shall equal the Assessment for the Parcel prior to subdivision. The calculation shall be made separately for each newly subdivided Parcel. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation and to the extent the reallocation would exceed such amount, it shall be prepaid by such amount by the party requesting the subdivision of the Parcels. Any reallocation pursuant to this section shall be reflected in an Annual Service Plan Update approved by the City Council.

2. Consolidation

Upon the consolidation of two or more Parcels, the Assessment for the consolidated Parcel shall be the sum of the Assessments for the Parcels prior to consolidation. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation and to the extent the reallocation would exceed such amount, it shall be prepaid by such amount by the party requesting the consolidation of the Parcels. Any reallocation pursuant to this section shall be reflected in an Annual Service Plan Update approved by the City Council.

C. MANDATORY PREPAYMENT OF ASSESSMENTS

1. If a Parcel subject to Assessments is transferred to a party that is exempt from the payment of the Assessment under applicable law, or if an owner causes a Parcel subject to Assessments to become Non-Benefited Property, the owner of such Parcel shall pay to the City the full amount of the principal portion of the Assessment on such Parcel, plus all Prepayment Costs, prior to any such transfer or act.
2. If at any time the Assessment per unit on a Parcel exceeds the applicable Maximum Assessment Per Equivalent Unit shown in this Service and Assessment Plan as a result of any changes in land use, subdivision, consolidation or reallocation of the Assessment authorized by this Service and Assessment Plan and initiated by the owner of the Parcel, then such owner shall pay to the City prior to the recordation of the document subdividing the Parcel the amount calculated by the Administrator by which the Assessment per unit for the Parcel exceeds the applicable Maximum Assessment Per Equivalent Unit calculated in this Service and Assessment Plan.
3. The payments required above shall be treated the same as any Assessment that is due and owing under the PID Act, the Assessment Ordinance, and this Service and Assessment Plan, including the same lien priority, penalties, procedures, and foreclosure specified by the PID Act.

D. REDUCTION OF ASSESSMENTS

1. If after all Authorized Improvements to be funded with a series of Bonds have been completed and Actual Costs for such Authorized Improvements are less than the Actual Costs or Budgeted Costs of the Authorized Improvements used to calculate the Assessments securing such series of Bonds, resulting in excess Bond proceeds being available to redeem Bonds, as the case may be, and such excess proceeds shall be applied to redeem Bonds may be reduced as provided in the Indenture, then the Assessment securing such series of Bonds for each Parcel of Assessed Property shall be reduced by the City Council pro rata such that the sum of the resulting reduced Assessments for all Assessed Properties equals the reduced Actual Costs. The Assessments shall not be reduced to an amount less than the related outstanding series of Bonds. If all of the Authorized Improvements are not completed, the City may reduce the Assessments in another method if it determines such method would better reflect the benefit received by the Parcels from the Authorized Improvements completed.

2. If all the Authorized Improvements are not undertaken, resulting in excess Bonds proceeds being available to redeem Bonds, and such excess proceeds shall be applied to redeem Bonds, as the case may be, as provided in the Indenture, then the Assessments and Annual Installments for each Parcel shall be appropriately reduced by the City Council to reflect only the amounts required to repay the Bonds including interest on the Bonds (including Additional Interest) and Administrative Expenses. The City Council may reduce the Assessments and the Annual Installments for each Parcel (i) in an amount that represents the Authorized Improvements provided for each Parcel or (ii) by an equal percentage calculated based on number of units, if determined by the City Council to be the most fair and practical means of reducing the Assessments for each Parcel, such that the sum of the resulting reduced Assessments equals the amount required to repay the Bonds including interest thereon and Administrative Expenses. The principal portion of the Assessment for each Parcel shall be reduced pro rata to the reduction in the Assessments for each Parcel such that the sum of the resulting reduced principal portion of the Bonds is equal to the outstanding principal amount of the Bonds.

E. PAYMENT OF ASSESSMENTS

1. Payment in Full

- (a) The Assessment for any Parcel may be paid in full at any time. Such payment shall include all Prepayment Costs. If prepayment in full will result in redemption of Bonds, the payment amount shall be reduced by the amount, if any, of interest through the date of redemption of Bonds and reserve funds applied to the redemption under the Trust Indenture, net of any other costs applicable to the redemption of Bonds.
- (b) If an Annual Installment has been billed prior to payment in full of an Assessment, the Annual Installment shall be due and payable and shall be credited against the payment-in-full amount.
- (c) Upon payment in full of the Assessment and all Prepayment Costs, the City shall deposit the payment in accordance with the Trust Indenture; whereupon, the Assessment shall be reduced to zero, and the owner's obligation to pay the Assessment and Annual Installments thereof shall automatically terminate.
- (d) At the option of the owner, the Assessment on any Parcel plus Prepayment Costs may be paid in part in an amount sufficient to allow for a convenient redemption of Bonds as determined by the Administrator. Upon the payment of such amounts for a Parcel, the Assessment for the Parcel shall be reduced, the Assessment Roll shall be updated to reflect such partial payment, and the obligation to pay the Annual Installment for such Parcel shall be reduced to the extent the partial payment is made.

2. Payment in Annual Installments

The PID Act provides that an Assessment for a Parcel may be paid in full at any time. If not paid in full, the PID Act authorizes the Assessment to be paid in installments and additionally allows

the City to collect interest, administrative expenses and other authorized charges in installments. An Assessment for a Parcel that is not paid in full will be collected in Annual Installments each year in the amounts shown on the Assessment Roll, as updated as provided for herein, which include interest, Administrative Expenses, and payments required for the Additional Interest Reserve. Payment of the Annual Installments shall commence with tax bills mailed after the issuance of the PID Bonds.

The Assessment Roll sets forth for each year the Annual Installment for each parcel based on an interest rate of 6.00% on the PID Bonds and additional interest at the rate of 0.5% for the Additional Interest Reserve. Furthermore, the Annual Installments may not exceed the amounts shown on the Assessment Roll. The Assessment Roll is shown as Appendix G.

The Annual Installments shall be reduced to equal the Actual Costs of repaying the PID Bonds and actual Administrative Expenses (as provided for in the definition of such term), taking into consideration any other available funds for these costs, such as interest income on account balances.

The City reserves and shall have the right and option to refund the Bonds in accordance with Section 372.027 of the PID Act. In the event of such refunding, the Administrator shall recalculate the Annual Installments, and if necessary, may adjust, or decrease, the amount of the Annual Installments so that total Annual Installments of Assessments will be produced in annual amounts that are required to pay the refunding bonds when due and payable as required by and established in the ordinance and/or the indenture authorizing and securing the refunding bonds, and such refunding bonds shall constitute Bonds for purposes of this Service and Assessment Plan.

F. COLLECTION OF ANNUAL INSTALLMENTS

No less frequently than annually, the Administrator shall prepare, and the City Council shall consider, an Annual Service Plan Update to allow for the billing and collection of Annual Installments. Each Annual Service Plan Update shall include an updated Assessment Roll and a calculation of the Annual Installment for each Parcel. Administrative Expenses shall be allocated among Parcels in proportion to the amount of the Annual Installments for the Parcels. Each Annual Installment shall be reduced by any credits applied under the applicable Trust Indenture, such as capitalized interest, interest earnings on any account balances, and any other funds available to the Trustee for such purpose, including any existing deposits for a prepayment reserve. Annual Installments shall be collected by the City in the same manner and at the same time as ad valorem taxes and shall be subject to the same penalties, procedures, and foreclosure sale in case of delinquencies as are provided for ad valorem taxes of the City. The City Council may provide for other means of collecting the Annual Installments to the extent permitted under the PID Act. The Assessments shall have lien priority as specified in the PID Act.

Any sale of property for nonpayment of the Annual Installments shall be subject to the lien established for the remaining unpaid Annual Installments against such property and such property may again be sold at a judicial foreclosure sale if the purchaser thereof fails to make timely payment of the non-delinquent Annual Installments against such property as they become due and payable.

Each Annual Installment, including the interest on the unpaid amount of an Assessment, shall be updated annually. Each Annual Installment together with interest thereon shall be delinquent if not paid prior to February 1 of the following year. Collection of the initial Annual Installments relating to the Authorized Improvements that benefit the Assessed Property will be due when billed and will be delinquent if not paid prior to February 1, 2025 (subject to any offsets from capitalized interest and any other available funds).

G. SURPLUS FUNDS REMAINING IN THE PID BOND ACCOUNT

If proceeds from the PID Bonds remain after all of the Authorized Improvements are constructed and accepted by the City, the proceeds may be utilized in accordance with the applicable Trust Indenture.

VII. THE ASSESSMENT ROLL

A. ASSESSMENT ROLL

The City Council has evaluated each Parcel in the PID based on numerous factors such as the applicable zoning for developable area, the use of proposed Homeowner Association Property, the Public Property, the types of Authorized Improvements, and other development factors deemed relevant to determine the amount of Assessed Property within the PID.

The Assessed Property is being assessed for the special benefits conferred upon the property resulting from the Authorized Improvements. Table VII-A summarizes the \$17,606,130 in special benefit received by the Assessed Property from the Authorized Improvements, the costs of the PID formation, and the PID Bond issuance costs. The par amount of the PID Bonds is \$14,961,000, which is less than the benefit received by the Assessed Property. Accordingly, the total Assessment to be applied to all the Assessed Property is \$14,961,000 plus, interest, Additional Interest (as applicable), and annual Administrative Expenses. The Assessment for each Assessed Property is calculated based on the allocation methodologies described in Section V.C. The Assessment Roll is attached hereto as Appendix G.

B. ANNUAL ASSESSMENT ROLL UPDATES

The Administrator shall prepare, and shall submit to the City Council for approval, annual updates to the Assessment Roll in conjunction with the Annual Service Plan Update to reflect the following matters, together with any other changes helpful to the Administrator or the City and permitted by the PID Act: (i) the identification of each Parcel (ii) the Assessment for each Parcel of Assessed Property, including any adjustments authorized by this Service and Assessment Plan and in the PID Act; (iii) the Annual Installment for the Assessed Property for the year (if the Assessment is payable in installments); and (iv) payments of the Assessment, if any, as provided by Section VI.E. of this Service and Assessment Plan. The Assessment Roll shall be updated, which update may be done in the next Annual Service Plan Update, to reflect the issuance of Bonds, if any.

Once the PID Bonds are issued, the Assessment Roll shall be updated, which update may be done in the next Annual Service Plan Update, to reflect any changes resulting from the issuance of the PID Bonds. This update shall reflect the actual interest on the PID Bonds on which the Annual Installments shall be paid, any reduction in the Assessments, and any revisions in the Actual Costs to be funded by the PID Bonds and Developer funds.

VIII. MISCELLANEOUS PROVISIONS

A. ADMINISTRATIVE REVIEW

The City may elect to designate a third party to serve as Administrator. The City shall notify Developer in writing at least thirty (30) days in advance before appointing a third party Administrator.

To the extent consistent with the PID Act, an owner of an Assessed Parcel claiming that a calculation error has been made in the Assessment Roll(s), including the calculation of the Annual Installment, shall send a written notice describing the error to the City not later than thirty (30) days after the date any amount which is alleged to be incorrect is due prior to seeking any other remedy. The Administrator shall promptly review the notice, and if necessary, meet with the Assessed Parcel owner, consider written and oral evidence regarding the alleged error and decide whether, in fact, such a calculation error occurred.

If the Administrator determines that a calculation error has been made and the Assessment Roll should be modified or changed in favor of the Assessed Parcel owner, such change or modification shall be presented to the City Council for approval to the extent permitted by the PID Act. A cash refund may not be made for any amount previously paid by the Assessed Parcel owner (except for the final year during which the Annual Installment shall be collected or if it is determined there are sufficient funds to meet the expenses of the PID for the current year), but an adjustment may be made in the amount of the Annual Installment to be paid in the following year. The decision of the Administrator regarding a calculation error relating to the Assessment Roll may be appealed to the City Council. Any amendments made to the Assessment Roll(s) pursuant to calculation errors shall be made pursuant to the PID Act.

The decision of the Administrator, or if such decision is appealed to the City Council, the decision of the City Council shall be conclusive as long as there is a reasonable basis for such determination. This procedure shall be exclusive and its exhaustion by any property owner shall be a condition precedent to any other appeal or legal action by such owner.

B. TERMINATION OF ASSESSMENTS

Each Assessment shall be extinguished on the date the Assessment is paid in full, including unpaid Annual Installments and Delinquent Collection Costs, if any. After the extinguishment of an Assessment and the collection of any delinquent Annual Installments and Delinquent Collection Costs, the City shall provide the owner of the affected Parcel a recordable “Notice of the PID Assessment Termination”.

C. AMENDMENTS

Amendments to the Service and Assessment Plan can be made as permitted or required by the PID Act and under Texas law.

The City Council reserves the right to the extent permitted by the PID Act to amend this Service and Assessment Plan without notice under the PID Act and without notice to property owners of Parcels:

(i) to correct mistakes and clerical errors; (ii) to clarify ambiguities; and (iii) to provide procedures for the collection and enforcement of Assessments, Prepayment Costs, Collection Costs, and other charges imposed by the Service and Assessment Plan.

D. ADMINISTRATION AND INTERPRETATION OF PROVISIONS

The City Council shall administer the PID, this Service and Assessment Plan, and all Annual Service Plan Updates consistent with the PID Act and shall make all interpretations and determinations related to the application of this Service and Assessment Plan unless stated otherwise herein or in the Trust Indenture, such determination shall be conclusive. Tables in this Service and Assessment Plan may be rounded to the nearest whole number.

E. SEVERABILITY

If any provision, section, subsection, sentence, clause or phrase of this Service and Assessment Plan or the application of same to an Assessed Parcel or any person or set of circumstances is for any reason held to be unconstitutional, void or invalid, the validity of the remaining portions of this Service and Assessment Plan or the application to other persons or sets of circumstances shall not be affected thereby, it being the intent of the City Council in adopting this Service and Assessment Plan that no part hereof or provision or regulation contained herein shall become inoperative or fail by reason of any unconstitutionality, voidness or invalidity of any other part hereof, and all provisions of this Service and Assessment Plan are declared to be severable for that purpose.

If any provision of this Service and Assessment Plan is determined by a court to be unenforceable, the unenforceable provision shall be deleted from this Service and Assessment Plan and the unenforceable provision shall, to the extent possible, be rewritten to be enforceable and to give effect to the intent of the City.

RE: Celin Parvin PID ~ Off-site Road Cost Engineer's Allocation

At the request of Municap, Barraza Consulting Group, LLC evaluated the roadway main entrance to the Celina Parvin PID and the Sutton Fields East PID to determine the proportionate share of costs associated for each. The cost share allocation was determined by the minimum roadway section required by the City of Celina to provide access to each development. In conclusion, it is our recommendation that the cost associated with the shared, main entrance be split in half between each PID and the cost associated with the East-west connection road to be fully allocated to the Celina Parvin PID.

Please contact me with any further questions.

Sincerely,

A handwritten signature in blue ink that reads 'Art Barraza'.

NOTICE OF OBLIGATION TO PAY IMPROVEMENT DISTRICT ASSESSMENT TO
 CITY OF CELINA, TEXAS
 CONCERNING THE FOLLOWING PROPERTY

 STREET ADDRESS

LOT TYPE _____ PRINCIPAL ASSESSMENT: \$_____

As the purchaser of the real property described above, you are obligated to pay assessments to the City of Celina, Texas (the "City"), for the costs of a portion of a public improvement or services project (the "Authorized Improvements") undertaken for the benefit of the property within **Parvin Public Improvement District** (the "District") created under Subchapter A, Chapter 372, Local Government Code.

AN ASSESSMENT HAS BEEN LEVIED AGAINST YOUR PROPERTY FOR THE AUTHORIZED IMPROVEMENTS, WHICH MAY BE PAID IN FULL AT ANY TIME. IF THE ASSESSMENT IS NOT PAID IN FULL, IT WILL BE DUE AND PAYABLE IN ANNUAL INSTALLMENTS THAT WILL VARY FROM YEAR TO YEAR DEPENDING ON THE AMOUNT OF INTEREST PAID, COLLECTION COSTS, ADMINISTRATIVE COSTS, AND DELINQUENCY COSTS.

The exact amount of the assessment may be obtained from the City. The exact amount of each annual installment will be approved each year by the City Council in the annual service plan update for the District. More information about the assessments, including the amounts and due dates, may be obtained from the City.

Your failure to pay any assessment or any annual installment may result in penalties and interest being added to what you owe or in a lien on and the foreclosure of your property.

APPENDIX F
ASSESSMENT PER UNIT, PROJECTED LEVERAGE AND PROJECTED TAX RATE
EQUIVALENTS

Appendix F

For purposes of calculating and allocating the Assessments, the Assessed Property has been classified as one Lot Type.

“**Lot Type 1**” means lots identified as such on the Assessment Roll, being lots typically with a Lot width of approximately 50 feet, as provided by the development standards shown in the Development Agreement.

A) Proposed Development

Table F-1 shows the proposed residential units to be developed within the PID.

Table F-1
Proposed Development within the PID

Description		Proposed Development
Lot Type 1 (50 Ft)	313	Units
Total	313	Units

B) Calculation of Equivalent Units

As explained under Section V, for purpose of this Service and Assessment Plan, the City Council has determined that the Budgeted Costs of the Authorized Improvements to be financed with the PID Bonds shall be allocated to the Assessed Property by spreading the entire Assessment across the Parcels based on the estimated Equivalent Units.

For purposes of this Plan, the City Council has determined that the Assessments shall be allocated to the Assessed Property on the basis of the average home value of each Lot Type, and that such method of allocation will result in the imposition of equal shares of the Assessments on Parcels similarly benefited. In determining the average home value of each Lot Type, the City Council has taken into consideration (i) the type of lots (i.e., 50 Ft lots); (ii) current and projected home prices; (iii) the costs of the Authorized Improvements, and (iv) the ability of different property types to utilize and benefit from the Authorized Improvements.

Having taken into consideration the matters described above, the City Council has determined that allocating the Assessments among Parcels based on average home value is best accomplished by creating classifications of benefited Parcels based on the “Lot Types” defined above. This classification, Lot Type 1 (50 Ft Lots), represents the current projected highest value for residential lots is set forth in Table F-2. Assessments are allocated to each Lot Type on the basis of the average home value for each class of lots. This is accomplished by giving each Lot Type an Equivalent Unit factor. Equivalent Units are the ratio of the average value of lots within each assessment class, setting the Equivalent Unit factor for Lot Type 1 (50 Ft Lots) to 1.0.

Table F-2
Equivalent Unit Factors

Lot Type	Estimated Average Value	Equivalent Unit Factor
Lot Type 1 (50 Ft)	\$500,000	1.00 Per dwelling unit

The total Equivalent Units for the PID are shown in Table F-3 as calculated based on the Equivalent Unit factors shown in Table F-2, estimated Lot Types and number of units estimated to be built within the PID.

Table F-3
Equivalent Units – PID

Description	Planned No. of Units	Equivalent Unit Factor	Total Equivalent Units
Lot Type 1 (50 Ft)	313	1.00	313.00
Total	313		313.00

C) Allocation of Assessments to Lots within the PID

The total amount of the PID Bonds which represents the total Assessment to be allocated on all Parcels within the PID, is \$14,961,000 As shown in Table F-3, there are a total of 313.00 Equivalent Units, resulting in an Assessment per Equivalent Unit of \$47,798.72 (i.e., \$14,961,000 ÷ 313.00 = \$47,798.72).

The Assessment per dwelling unit is calculated as the product of (i) \$47,798.72 multiplied by (ii) the applicable Equivalent Unit value for each Lot Type. For example, the Assessment for a Lot Type 1 (50 Ft Lot) dwelling unit is \$47,798.72 (i.e. \$47,798.72 × 1.00).

Table F-4 sets forth the Assessment per dwelling unit within the PID.

Table F-4
Assessment Per Unit – PID

Description	Planned No. of Units	Assessment per Equivalent Unit	Equivalent Unit Factor	Assessment per Dwelling Unit	Total Assessments
Lot Type 1 (50 Ft)	313	\$47,798.72	1.00	\$47,798.72 Per dwelling unit	\$14,961,000
Total	313				\$14,961,000

The projected leverage calculated based on the estimated finished lot values and home values for each unit is shown in Table F-5.

Table F-5
Projected Leverage – PID

Description	Planned No. of Units	Estimated Finished Lot Value per unit	Projected Home Value per unit	Assessment per Unit	Leverage (Lot Value)	Leverage (Home Value)
Lot Type 1 (50 Ft)	313	\$96,000	\$500,000	\$47,798.72	2.01	10.46

The projected tax rate equivalent per unit calculated based on the estimated finished lot values and home values for each unit is shown in Table F-6.

Table F-6
Estimated Tax Rate Equivalent per unit – PID

Description	Planned No. of Units	Estimated Finished Lot Value per unit	Projected Home Value per unit	Projected Average Annual Installment per unit	Tax Rate Equivalent (per \$100 Lot Value)	Tax Rate Equivalent (per \$100 Home Value)
Lot Type 1 (50 Ft)	313	\$96,000	\$500,000	\$3,969.12	\$4.13	\$0.79

The Assessment and Annual Installments for each Parcel or Lot located within the PID is shown on the Assessment Roll, attached as Appendix G, and no Assessment shall be changed except as authorized by this Service and Assessment Plan and the PID Act.

ORDINANCE NO. 2023-__**AN ORDINANCE APPROVING AND AUTHORIZING THE ISSUANCE AND SALE OF THE CITY OF CELINA, TEXAS, SPECIAL ASSESSMENT REVENUE BONDS, SERIES 2023 (PARVIN PUBLIC IMPROVEMENT DISTRICT PROJECT); AND APPROVING AND AUTHORIZING RELATED AGREEMENTS.**

WHEREAS, the City of Celina, Texas (the "City"), pursuant to and in accordance with the terms, provisions and requirements of the Public Improvement District Assessment Act, Chapter 372, Texas Local Government Code (the "PID Act"), has previously established the "Parvin Public Improvement District" (the "District"), pursuant to Resolution No. 2023-32R adopted by the City Council of the City (the "City Council") on April 11, 2023; and

WHEREAS, pursuant to the PID Act, the City Council published notice of and convened a public hearing on August 8, 2023, regarding the levy of special assessments against benefitted property located within the District, and, after hearing testimony at such public hearing, the City Council closed the public hearing and adopted Ordinance No. 2023-__ (the "Assessment Ordinance") on August 8, 2023; and

WHEREAS, in the Assessment Ordinance, the City Council approved and accepted the Parvin Public Improvement District Service and Assessment Plan, dated August 8, 2023 (as updated, amended, and/or restated, the "Service and Assessment Plan") relating to the District and levied special assessments (the "Assessments") against the Assessed Property as shown on the Assessment Roll that is attached to the Service and Assessment Plan as Appendix G; and

WHEREAS, capitalized terms used in this Ordinance and not otherwise defined herein shall have the meanings assigned to them in the Service and Assessment Plan; and

WHEREAS, the City is authorized by the PID Act to issue its revenue bonds payable from the Assessments and other revenues received for the purposes of (i) paying a portion of the Actual Costs of the Authorized Improvements, (ii) paying a portion of the interest on the Bonds during and after the period of acquisition and construction of the Authorized Improvements, (iii) funding a reserve fund for payment of principal and interest on the Bonds, (iv) paying a portion of the costs incidental to the organization and administration of the District, and (v) paying costs of issuance of the Bonds; and

WHEREAS, the City Council hereby finds and determines that it is in the best interests of the City to issue its bonds to be designated "City of Celina, Texas, Special Assessment Revenue Bonds, Series 2023 (Parvin Public Improvement District Project)" (the "Bonds"), such series to be payable from and secured by the Trust Estate (as defined in the Indenture); and

WHEREAS, the City Council hereby finds and determines to (i) approve the issuance of the Bonds to finance a portion of the Actual Costs of the Authorized Improvements, as identified in the Service and Assessment Plan, (ii) approve the form, terms, and provisions of an Indenture (defined below) securing the Bonds authorized hereby, (iii) approve the form, terms and provisions of a Bond Purchase Agreement (defined below) between the City and the purchaser of the Bonds, (iv) approve a Preliminary Limited Offering Memorandum (defined below) and a Limited Offering Memorandum (defined below), (v) approve the form, terms and provisions of a Continuing Disclosure Agreement (defined below), (vi) approve the form, terms, and provisions of a Construction, Funding, and Acquisition Agreement (defined below), and (vii) approve the form, terms, and provisions of a Landowner Agreement (defined below); and

WHEREAS, the meeting at which this Ordinance is considered is open to the public as required by law, and the public notice of the time, place and purpose of said meeting was given as required by Chapter 551, Texas Government Code; now, therefore

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CELINA, TEXAS:

SECTION 1. Approval of Issuance of Bonds and Indenture of Trust.

(a) The issuance of the Bonds in the principal amount of \$____,____ for the purpose of providing funds for (i) paying a portion of the Actual Costs of the Authorized Improvements, (ii) paying a portion of the interest on the Bonds during and after the period of acquisition and construction of the Authorized Improvements, (iii) funding a reserve fund for payment of principal and interest on the Bonds, (iv) paying a portion of the costs incidental to the organization and administration of the District, and (v) paying costs of issuance of the Bonds, is hereby authorized and approved.

(b) The Bonds shall be issued and secured under that certain Indenture of Trust (the "Indenture") dated as of September 1, 2023, between the City and U.S. Bank Trust Company, National Association, as trustee (the "Trustee"), which Indenture is hereby approved in substantially the form attached hereto as **Exhibit A**, which is incorporated herein as a part hereof for all purposes, with such changes or additions thereto as may be approved by the Mayor or Mayor Pro Tem of the City (upon the advice of the City Manager or Interim City Manager) as evidenced by the execution and delivery thereof. The Mayor or Mayor Pro Tem of the City is hereby authorized and directed to execute the Indenture and the City Secretary is hereby authorized and directed to attest such signature of the Mayor or Mayor Pro Tem and such officials are hereby authorized to deliver the Indenture.

(c) The Bonds shall be dated, shall mature on the date or dates and in the principal amounts, shall bear interest, shall be subject to redemption and shall have such other terms and provisions as set forth in the Indenture. The Bonds shall be in substantially the form set forth in the Indenture with such insertions, omissions and modifications as may be required to conform the form of bond to the actual terms of the Bonds. The Bonds shall be payable from and secured by the Pledged Revenues (as defined in the Indenture) and other assets of the Trust Estate pledged to such series, and shall never be payable from ad valorem taxes.

SECTION 2. Sale of Bonds; Approval of Bond Purchase Agreement. The Bonds shall be sold to FMSbonds, Inc., (the "Underwriter") under that certain Bond Purchase Agreement (the "Bond Purchase Agreement"), dated the date hereof, between the City and the Underwriter, substantially in the form attached hereto as **Exhibit B** which is incorporated herein as a part hereof for all purposes, which terms of sale are declared to be in the best interests of the City at the price and on the terms and provisions set forth in the Bond Purchase Agreement. The form, terms and provisions of the Bond Purchase Agreement are hereby authorized and approved with such changes as may be necessary or desirable to carry out the intent of this Ordinance and as approved by the City Manager, such approval to be evidenced by the execution and delivery of the Bond Purchase Agreement by the Mayor, Mayor Pro Tem, City Manager, or Interim City Manager of the City. The Mayor, Mayor Pro Tem, City Manager, or Interim City Manager of the City is hereby authorized and directed to execute and deliver the Bond Purchase Agreement.

SECTION 3. Preliminary Limited Offering Memorandum and Limited Offering Memorandum. The form and substance of the Preliminary Limited Offering Memorandum for the Bonds and any addenda, supplement or amendment thereto (the "Preliminary Limited Offering

Memorandum”) and the final Limited Offering Memorandum (the “Limited Offering Memorandum”) are hereby in all respects approved and adopted. The Preliminary Limited Offering Memorandum and the Limited Offering Memorandum, as thus approved and delivered, with such appropriate variations as shall be approved by the Mayor or Mayor Pro Tem of the City and the Underwriter, may be used by the Underwriter in the offering and sale of the Bonds. The City Secretary, is hereby authorized and directed to include and maintain a copy of the Preliminary Limited Offering Memorandum and Limited Offering Memorandum and any addenda, supplement or amendment thereto thus approved among the permanent records of this meeting. The use and distribution of the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum in the offering of the Bonds is hereby ratified, approved and confirmed and the Preliminary Limited Offering Memorandum is hereby deemed “final” as of its date, within the meaning of Rule 15c2-12 of the Securities and Exchange Commission. Notwithstanding the approval and delivery of such Preliminary Limited Offering Memorandum and Limited Offering Memorandum by the Mayor or Mayor Pro Tem, this City Council, including the Mayor and Mayor Pro Tem, are not responsible for and proclaim no specific knowledge of the information contained in the Preliminary Limited Offering Memorandum and Limited Offering Memorandum pertaining to the Development (as defined in the Limited Offering Memorandum), the Developer (as defined in the Limited Offering Memorandum) or their financial ability, or of any builders, any landowners, or the appraisal of the property in the District.

SECTION 4. Continuing Disclosure Agreement. That certain “City of Celina, Texas, Special Assessment Revenue Bonds, Series 2023 (Parvin Public Improvement District Project) Continuing Disclosure Agreement of the Issuer” (the “Continuing Disclosure Agreement”) between the City, MuniCap, Inc., and HTS Continuing Disclosure Services, a Division of Hilltop Securities Inc., is hereby authorized and approved in substantially the form attached hereto as **Exhibit C** which is incorporated herein as a part hereof for all purposes and the City Manager, Interim City Manager, Mayor, and Mayor Pro Tem of the City is authorized and directed to execute and deliver such Continuing Disclosure Agreement with such changes as may be required to carry out the purpose of this Ordinance and as approved by the City Manager, Interim City Manager, Mayor or Mayor Pro Tem, such approval to be evidenced by the execution thereof.

SECTION 5. Construction, Funding, and Acquisition Agreement. That certain “Parvin Public Improvement District Construction, Funding and Acquisition Agreement” (the “Construction, Funding, and Acquisition Agreement”) between the City and MM Celina Parvin 101, LLC, is hereby authorized and approved in substantially the form attached hereto as **Exhibit D** which is incorporated herein as a part hereof for all purposes, and the City Manager, Interim City Manager, Mayor, and Mayor Pro Tem of the City is authorized and directed to execute and deliver such Construction, Funding, and Acquisition Agreement with such changes as may be required to carry out the purpose of this Ordinance and as approved by the City Manager, Interim City Manager, Mayor or Mayor Pro Tem, such approval to be evidenced by the execution thereof.

SECTION 6. Landowner Agreement. That certain “Parvin Public Improvement District Landowner Agreement” (the “Landowner Agreement”) between the City and MM Celina Parvin 101, LLC, is hereby authorized and approved in substantially the form attached hereto as **Exhibit E** which is incorporated herein as a part hereof for all purposes and the City Manager, Interim City Manager, Mayor, and Mayor Pro Tem of the City is authorized and directed to execute and deliver such Landowner Agreement with such changes as may be required to carry out the purpose of this Ordinance and as approved by the City Manager, Interim City Manager, Mayor or Mayor Pro Tem, such approval to be evidenced by the execution thereof.

SECTION 7. Additional Actions. The Mayor, the Mayor Pro Tem, the City Manager, the Interim City Manager, the Finance Director, and the City Secretary are each hereby authorized and directed to take any and all actions on behalf of the City necessary or desirable to carry out the intent and purposes of this Ordinance and to issue the Bonds in accordance with the terms of this Ordinance. The Mayor, the Mayor Pro Tem, the City Manager, the Interim City Manager, the Finance Director, and the City Secretary are each hereby authorized and directed to execute and deliver any and all certificates, agreements, notices, instruction letters, requisitions, and other documents which may be necessary or advisable in connection with the sale, issuance and delivery of the Bonds and the carrying out of the purposes and intent of this Ordinance or any other certificates, agreements, or other documents subsequent to the delivery of the Bonds which may be necessary or appropriate to carry out or fulfill the purpose and intent of the Service and Assessment Plan and the acquisition and construction of the Authorized Improvements.

SECTION 8. Governing Law. This Ordinance shall be construed and enforced in accordance with the laws of the State of Texas and the United States of America.

SECTION 9. Effect of Headings. The Section headings herein are for convenience only and shall not affect the construction hereof.

SECTION 10. Severability. If any provision of this Ordinance or the application thereof to any circumstance shall be held to be invalid, the remainder of this Ordinance or the application thereof to other circumstances shall nevertheless be valid, and this governing body hereby declares that this Ordinance would have been enacted without such invalid provision.

SECTION 11. Construction of Terms. If appropriate in the context of this Ordinance, words of the singular number shall be considered to include the plural, words of the plural number shall be considered to include the singular, and words of the masculine, feminine or neuter gender shall be considered to include the other genders.

SECTION 12. Incorporation of Findings and Determinations. The findings and determinations of the City Council contained in the preamble of this Ordinance are hereby incorporated by reference and made a part of this Ordinance for all purposes as if the same were restated in full in this Section.

SECTION 13. Effective Date. This Ordinance shall take effect and be in force immediately from and after its adoption on the date shown below in accordance with Texas Government Code, Section 1201.028, as amended.

PASSED AND ADOPTED, this August 8, 2023.

INDENTURE OF TRUST

THIS INDENTURE, dated as of September 1, 2023 is by and between the CITY OF CELINA, TEXAS (the “City”), and U.S. BANK TRUST COMPANY, NATIONAL ASSOCIATION, DALLAS, TEXAS, as trustee (together with its successors, the “Trustee”). Capitalized terms used in the preambles, recitals and granting clauses and not otherwise defined shall have the meanings assigned thereto in Article I.

WHEREAS, a petition was submitted and filed with the City Secretary of the City (the “City Secretary”) pursuant to the Public Improvement District Assessment Act, Texas Local Government Code, Chapter 372, as amended (the “PID Act”), requesting the creation of a public improvement district located within the extraterritorial jurisdiction of the City to be known as the Parvin Public Improvement District (the “District”); and

WHEREAS, the petition contained the signature of the owner of taxable property representing more than fifty percent of the appraised value of taxable real property liable for assessment within the District, as determined by the then current ad valorem tax rolls of the Denton Central Appraisal District, and the signature of the property owner who owns taxable real property that constitutes more than fifty percent of the area of all taxable property that is liable for assessment by the District; and

WHEREAS, on April 11, 2023, after due notice, the City Council of the City (the “City Council”) held the public hearing in the manner required by law on the advisability of the improvement projects and services described in the petition as required by Section 372.009 of the PID Act and on April 11, 2023, the City Council made the findings required by Section 372.009(b) of the PID Act and, by Resolution No. 2023-32R adopted by a majority of the members of the City Council, authorized the District in accordance with its finding as to the advisability of the improvement projects and services and also made findings and determinations relating to the estimated total costs of certain Authorized Improvements; and

WHEREAS, on April 17, 2023 the City Secretary filed a copy of Resolution 2023-32R with the county clerk of each county in which all or a part of the District is located in accordance with the provisions of the PID Act; and

WHEREAS, no written protests of the District from any owners of record of property within the District were filed with the City Secretary within 20 days after April 11, 2023; and

WHEREAS, on July 11, 2023 the City Council by Resolution No. 2023-54R made findings and determinations relating to the Actual Costs of certain Authorized Improvements, received and accepted a preliminary service and assessment plan and proposed assessment roll, called a public hearing for July 11, 2023, and directed City staff to (i) file the proposed assessment roll with the City Secretary and to make it available for public inspection as required by Section 372.016(b) of the PID Act, and (ii) publish and mail such notice of the August 8, 2023 public hearing as required by Section 372.016(b) of the PID Act; and

WHEREAS, on July 24, 2023, the City Council, pursuant to Section 372.016(b) of the PID Act, published notice of the public hearing in the *Celina Record*, a newspaper of general circulation in the City and in the part of the City’s extraterritorial jurisdiction in which the District is

located or in which the Authorized Improvements are to be undertaken, to consider the proposed Service and Assessment Plan and the Assessment Roll and the levy of the Assessments on the property within the District; and

WHEREAS, the City Council, pursuant to Section 372.016(c) of the PID Act, mailed notice of the public hearing to consider the proposed Assessment Roll and the Service and Assessment Plan and the levy of the Assessments on property within the District to the last known address of the owners of the property liable for the Assessments; and

WHEREAS, the City Council opened and convened the hearing on August 8, 2023 and at such public hearing all persons who appeared, or requested to appear, in person or by their attorney, were given the opportunity to contend for or contest the proposed Service and Assessment Plan, the proposed Assessment Roll, and the proposed Assessments, and to offer testimony pertinent to any issue presented on the amount of the Assessments, the allocation of estimated costs of the Authorized Improvements to the Assessed Property within the District, the purposes of the Assessments, the special benefits of the Authorized Improvements, and the penalties and interest on Annual Installments and on delinquent Annual Installments of the Assessments, and there were no written objections or evidence submitted to the City Secretary in opposition to the Service and Assessment Plan, the allocation of estimated costs of the Authorized Improvements to the Assessed Property within the District, the Assessment Roll, and the levy of the Assessments; and

WHEREAS, the City Council closed the hearing, and, after considering all written and documentary evidence presented at the hearing, including all written comments and statements filed with the City, the City Council approved and accepted Ordinance No. 2023-___, which levied the Assessments and approved and accepted the Service and Assessment Plan, in conformity with the requirements of the PID Act; and

WHEREAS, the City Council found and determined that the Assessments should be levied as provided in the Service and Assessment Plan; and

WHEREAS, the City Secretary of the City filed a copy of the Assessment Ordinance not later than the seventh day after the date the City Council approved the Assessment Ordinance and the Service and Assessment Plan with the County Clerk of Denton County; and

WHEREAS, the City Council is authorized by the PID Act to issue its revenue bonds payable from the Assessments for the purpose of (i) paying a portion of the Actual Costs of the Authorized Improvements, (ii) paying a portion of the interest on the Bonds during and after the period of acquisition and construction of the Authorized Improvements, (iii) funding a reserve fund for payment of principal and interest on the Bonds, (iv) paying a portion of the costs incidental to the organization and administration of the District, and (v) paying costs of issuance of the Bonds; and

WHEREAS, the City Council now desires to issue revenue bonds, in accordance with the PID Act, such bonds to be entitled "City of Celina, Texas, Special Assessment Revenue Bonds, Series 2023 (Parvin Public Improvement District Project)" (the "Bonds"), such Bonds being payable solely from the Trust Estate and for the purposes set forth in the preamble of this Indenture; and

WHEREAS, the Trustee has agreed to accept the trusts herein created upon the terms set forth in this Indenture;

NOW, THEREFORE, the City, in consideration of the foregoing premises and acceptance by the Trustee of the trusts herein created, of the purchase and acceptance of the Bonds by the Owners thereof, and of other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, does hereby GRANT, CONVEY, PLEDGE, TRANSFER, ASSIGN, and DELIVER to the Trustee for the benefit of the Owners, a security interest in all of the moneys, rights and properties described in the Granting Clauses hereof, as follows (collectively, the "Trust Estate"):

FIRST GRANTING CLAUSE

The Pledged Revenues, as herein defined, and all moneys and investments held in the Pledged Funds, including any and all proceeds thereof and any contract or any evidence of indebtedness related thereto or other rights of the City to receive any of such moneys or investments, whether now existing or hereafter coming into existence, and whether now or hereafter acquired; and

SECOND GRANTING CLAUSE

Any and all other property or money of every name and nature which is, from time to time hereafter by delivery or by writing of any kind, conveyed, pledged, assigned or transferred, to the Trustee as additional security hereunder by the City or by anyone on its behalf or with its written consent, and the Trustee is hereby authorized to receive any and all such property or money at any and all times and to hold and apply the same subject to the terms thereof;

TO HAVE AND TO HOLD the Trust Estate, whether now owned or hereafter acquired, unto the Trustee and its successors or assigns;

IN TRUST NEVERTHELESS, upon the terms and trusts herein set forth for the benefit of all present and future Owners of the Bonds from time to time issued under and secured by this Indenture, and for enforcement of the payment of the Bonds in accordance with their terms, and for the performance of and compliance with the obligations, covenants, and conditions of this Indenture;

PROVIDED, HOWEVER, that if and to the extent Assessments have been prepaid, the lien on real property associated with such Assessment prepayment shall be released and any rights of the Trustee and the Owners, as provided in this Indenture, to request the City to proceed with foreclosure procedures for the purpose of protecting and enforcing the rights of the Owners with respect to such property shall terminate;

PROVIDED, FURTHER, HOWEVER, if the City or its assigns shall well and truly pay, or cause to be paid, the principal or Redemption Price of and the interest on all the Bonds at the times and in the manner stated in the Bonds, according to the true intent and meaning thereof, then this Indenture and the rights hereby granted shall cease, terminate and be void; otherwise this Indenture is to be and remain in full force and effect;

THIS INDENTURE FURTHER WITNESSETH, and it is expressly declared, that all Bonds issued and secured hereunder are to be issued, authenticated, and delivered and the Trust Estate hereby created, assigned, and pledged is to be dealt with and disposed of under, upon and subject to the terms, conditions, stipulations, covenants, agreements, trusts, uses, and purposes as

hereinafter expressed, and the City has agreed and covenanted, and does hereby agree and covenant, with the Trustee and with the respective Owners from time to time of the Bonds as follows:

ARTICLE I

DEFINITIONS, FINDINGS AND INTERPRETATION

Section 1.1. Definitions.

Unless otherwise expressly provided or unless the context clearly requires otherwise in this Indenture, the following terms shall have the meanings specified below:

“Account” means any of the accounts established pursuant to Section 6.1 of this Indenture.

“Actual Costs” means, with respect to an Authorized Improvement, the demonstrated, reasonable, allocable, and allowable costs of constructing such Authorized Improvement, as specified in a payment request in a form that has been reviewed and approved by the City. Actual Cost may include (a) the costs for the design, planning, financing, administration, management, acquisition, installation, construction and/or implementation of such Authorized Improvement, including general contractor and construction management fees, if any, (b) the costs of preparing the construction plans for such Authorized Improvement, (c) the fees paid for obtaining permits, licenses or other governmental approvals for such Authorized Improvement, (d) the costs for external professional costs associated with such Authorized Improvement, such as engineering, geotechnical, surveying, land planning, architectural landscapers, advertising, marketing and research studies, appraisals, legal, accounting and similar professional services, and taxes, (e) the costs of all labor, bonds and materials, including equipment and fixtures, incurred by contractors, builders and material men in connection with the acquisition, construction or implementation of the Authorized Improvements, (f) all related permitting, zoning and public approval expenses, architectural, engineering, legal, and consulting fees, financing charges, taxes, governmental fees and charges (including inspection fees, permit fees, development fees), insurance premiums and miscellaneous expenses.

ARTICLE II

THE BONDS

Section 2.1. Security for the Bonds.

The Bonds, as to both principal and interest, are and shall be equally and ratably secured by and payable from a first lien on and pledge of the Trust Estate.

The lien on and pledge of the Trust Estate shall be valid and binding and fully perfected from and after the Closing Date, without physical delivery or transfer of control of the Trust Estate, the filing of this Indenture or any other act; all as provided in Texas Government Code, Chapter 1208, as amended, which applies to the issuance of the Bonds and the pledge of the Trust Estate granted by the City under this Indenture, and such pledge is therefore valid, effective and

perfected. If Texas law is amended at any time while the Bonds are Outstanding such that the pledge of the Trust Estate granted by the City under this Indenture is to be subject to the filing requirements of Texas Business and Commerce Code, Chapter 9, as amended, then in order to preserve to the registered owners of the Bonds the perfection of the security interest in such pledge, the City agrees to take such measures as it determines are reasonable and necessary under Texas law to comply with the applicable provisions of Texas Business and Commerce Code, Chapter 9, as amended, and enable a filing to perfect the security interest in such pledge to occur.

Section 2.2. Limited Obligations.

The Bonds are special and limited obligations of the City, payable solely from and secured solely by the Trust Estate, including the Pledged Revenues and the Pledged Funds; and the Bonds shall never be payable out of funds raised or to be raised by taxation or from any other revenues, properties or income of the City.

Section 2.3. Authorization for Indenture.

The terms and provisions of this Indenture and the execution and delivery hereof by the City to the Trustee have been duly authorized by official action of the City Council of the City. The City has ascertained and it is hereby determined and declared that the execution and delivery of this Indenture is necessary to carry out and effectuate the purposes set forth in the preambles of this Indenture and that each and every covenant or agreement herein contained and made is necessary, useful or convenient in order to better secure the Bonds and is a contract or agreement necessary, useful and convenient to carry out and effectuate the purposes herein described.

Section 2.4. Contract with Owners and Trustee.

(a) The purposes of this Indenture are to establish a lien and the security for, and to prescribe the minimum standards for the authorization, issuance, execution and delivery of, the Bonds and to prescribe the rights of the Owners, and the rights and duties of the City and the Trustee.

(b) In consideration of the purchase and acceptance of any or all of the Bonds by those who shall purchase and hold the same from time to time, the provisions of this Indenture shall be a part of the contract of the City with the Owners, and shall be deemed to be and shall constitute a contract among the City, the Owners, and the Trustee.

ARTICLE III

AUTHORIZATION; GENERAL TERMS AND PROVISIONS REGARDING THE BONDS

Section 3.1. Authorization.

The Bonds are hereby authorized to be issued and delivered in accordance with the Constitution and laws of the State of Texas, including particularly the PID Act, as amended. The Bonds shall be issued in the aggregate principal amount of \$_____ for the purpose of (i) paying a portion of the Actual Costs of the Authorized Improvements, (ii) paying a portion of the interest on the Bonds during and after the period of acquisition and construction of the

Authorized Improvements, (iii) funding a reserve fund for payment of principal and interest on the Bonds, (iv) paying a portion of the costs incidental to the organization and administration of the District, and (v) paying costs of issuance of the Bonds.

Section 3.2. Date, Denomination, Maturities, Numbers and Interest.

(a) The Bonds shall be dated September 6, 2023 (the "Bond Date") and shall be issued in Authorized Denominations. The Bonds shall be in fully registered form, without coupons, and shall be numbered separately from R-1 upward, except the Initial Bond, which shall be numbered T-1.

(b) Interest shall accrue and be paid on each Bond from the later of the Closing Date or the most recent Interest Payment Date to which interest has been paid or provided for, at the rate per annum set forth below until the principal thereof has been paid on the maturity date specified below or otherwise provided for. Such interest shall be payable semiannually on March 1 and September 1 of each year, commencing March 1, 2024, computed on the basis of a 360-day year of twelve 30-day months.

(c) The Bonds shall mature on September 1 in the years and in the principal amounts and shall bear interest as set forth below:

<u>Year</u>	<u>Principal Amount(\$)</u>	<u>Interest Rate (%)</u>
-------------	---------------------------------	------------------------------

(d) The Bonds shall be subject to mandatory sinking fund redemption, optional redemption, and extraordinary optional redemption prior to maturity as provided in Article IV herein, and shall otherwise have the terms, tenor, denominations, details, and specifications as set forth in the form of Bond set forth in Exhibit A to this Indenture.

Section 3.3. Conditions Precedent to Delivery of Bonds.

(a) The Bonds shall be executed by the City and delivered to the Trustee, whereupon the Trustee shall authenticate the Bonds and, upon payment of the purchase price of the Bonds, shall deliver the Bonds upon the order of the City, but only upon delivery to the Trustee of:

- (i) a copy of the executed Assessment Ordinance;
- (ii) a copy of the executed Bond Ordinance;
- (iii) a copy of the executed Construction, Funding, and Acquisition Agreement;
- (iv) a copy of this Indenture executed by the Trustee and the City; and
- (v) a City Certificate directing the authentication and delivery of the Bonds, describing the Bonds to be authenticated and delivered, designating the purchasers to

whom the Bonds are to be delivered, stating the purchase price of the Bonds and stating that all items required by this Section are therewith delivered to the Trustee in form and substance satisfactory to the City.

Section 3.4. Medium, Method and Place of Payment.

(a) Principal of and interest on the Bonds shall be paid in lawful money of the United States of America, as provided in this Section.

(b) Interest on the Bonds shall be payable to the Owners thereof as shown in the Register at the close of business on the relevant Record Date; provided, however, that in the event of nonpayment of interest on a scheduled Interest Payment Date, and for thirty (30) days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Trustee, if and when funds for the payment of such interest have been received from or on behalf of the City. Notice of the Special Record Date and of the scheduled payment date of the past due interest (the "Special Payment Date," which shall be fifteen (15) days after the Special Record Date) shall be sent at least five (5) Business Days prior to the Special Record Date by United States mail, first-class, postage prepaid, to the address of each Owner of a Bond appearing on the books of the Trustee at the close of business on the last Business Day preceding the date of mailing such notice.

(c) Interest on the Bonds shall be paid by check, dated as of the Interest Payment Date, and sent, United States mail, first-class, postage prepaid, by the Paying Agent/Registrar to each Owner at the address of each Owner as such appears in the Register or by such other customary banking arrangement acceptable to the Paying Agent/Registrar and the Owner; provided, however, the Owner shall bear all risk and expense of such other banking arrangement.

(d) The principal of each Bond shall be paid to the Owner of such Bond on the due date thereof, whether at the maturity date or the date of prior redemption thereof, upon presentation and surrender of such Bond at the Designated Payment/Transfer Office of the Paying Agent/Registrar.

(e) If the date for the payment of the principal of or interest on the Bonds shall be a Saturday, Sunday, legal holiday, or day on which banking institutions in the city where the Designated Payment/Transfer Office of the Paying Agent/Registrar is located are required or authorized by law or executive order to close, the date for such payment shall be the next succeeding day that is not a Saturday, Sunday, legal holiday, or day on which such banking institutions are required or authorized to close, and payment on such date shall for all purposes be deemed to have been made on the due date thereof as specified in Section 3.2 of this Indenture.

(f) Unclaimed payments of amounts due hereunder shall be segregated in a special account and held in trust, uninvested by the Paying Agent/Registrar, for the account of the Owner of the Bonds to which such unclaimed payments pertain. Subject to any escheat, abandoned property, or similar law of the State of Texas, any such payments remaining unclaimed by the Owners entitled thereto for two (2) years after the applicable payment or redemption date shall be applied to the next payment or payments on such Bonds thereafter coming due and, to the extent any such money remains after the retirement of all Outstanding Bonds, shall be paid to

the City to be used for any lawful purpose. Thereafter, none of the City, the Paying Agent/Registrar, or any other Person shall be liable or responsible to any Owners of such Bonds for any further payment of such unclaimed moneys or on account of any such Bonds, subject to any applicable escheat law or similar law of the State of Texas.

Section 3.5. Execution and Registration of Bonds.

(a) The Bonds shall be executed on behalf of the City by the Mayor or Mayor Pro Tem and City Secretary by their manual or facsimile signatures, and the official seal of the City shall be impressed or placed in facsimile thereon. Such facsimile signatures on the Bonds shall have the same effect as if each of the Bonds had been signed manually and in person by each of such officers, and such facsimile seal on the Bonds shall have the same effect as if the official seal of the City had been manually impressed upon each of the Bonds.

(b) In the event that any officer of the City whose manual or facsimile signature appears on the Bonds ceases to hold such office before the authentication of such Bonds or before the delivery thereof, such manual or facsimile signature nevertheless shall be valid and sufficient for all purposes as if such officer had remained in such office.

(c) Except as provided below, no Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit of this Indenture unless and until there appears thereon the Certificate of Trustee substantially in the form provided herein, duly authenticated by manual execution by an officer or duly authorized signatory of the Trustee. It shall not be required that the same officer or authorized signatory of the Trustee sign the Certificate of Trustee on all of the Bonds. In lieu of the executed Certificate of Trustee described above, the Initial Bond delivered at the Closing Date shall have attached thereto the Comptroller's Registration Certificate substantially in the form provided herein, manually executed by the Comptroller of Public Accounts of the State of Texas, or by his or her duly authorized agent, which certificate shall be evidence that the Initial Bond has been duly approved by the Attorney General of the State of Texas, is a valid and binding obligation of the City, and has been registered by the Comptroller of Public Accounts of the State of Texas.

(d) On the Closing Date, one Initial Bond representing the entire principal amount of all Bonds, payable in stated installments to the Purchaser, or its designee, executed with the manual or facsimile signatures of the Mayor or Mayor Pro Tem and the City Secretary approved by the Attorney General, and registered and manually signed by the Comptroller of Public Accounts, will be delivered to the Purchaser or its designee. Upon payment for the Initial Bond, the Trustee shall cancel the Initial Bond and deliver to DTC on behalf of the Purchaser one registered definitive Bond for each year of maturity of the Bonds, in the aggregate principal amount of all Bonds for such maturity, registered in the name of Cede & Co., as nominee of DTC.

Section 3.6. Ownership.

(a) The City, the Trustee, the Paying Agent/Registrar and any other Person may treat the Person in whose name any Bond is registered as the absolute owner of such Bond for the purpose of making and receiving payment as provided herein (except interest shall be paid to the Person in whose name such Bond is registered on the relevant Record Date) and for all other purposes, whether or not such Bond is overdue, and neither the City nor the Trustee, nor the Paying Agent/Registrar, shall be bound by any notice or knowledge to the contrary.

(b) All payments made to the Owner of any Bond shall be valid and effectual and shall discharge the liability of the City, the Trustee and the Paying Agent/Registrar upon such Bond to the extent of the sums paid.

Section 3.7. Registration, Transfer and Exchange.

(a) So long as any Bond remains Outstanding, the City shall cause the Paying Agent/Registrar to keep at the Designated Payment/Transfer Office a Register in which, subject to such reasonable regulations as it may prescribe, the Paying Agent/Registrar shall provide for the registration and transfer of Bonds in accordance with this Indenture. The Paying Agent/Registrar represents and warrants that it will file and maintain a copy of the Register with the City, and shall cause the Register to be current with all registration and transfer information as from time to time may be applicable.

(b) A Bond shall be transferable only upon the presentation and surrender thereof at the Designated Payment/Transfer Office of the Paying Agent/Registrar with such endorsement or other evidence of transfer as is acceptable to the Paying Agent/Registrar. No transfer of any Bond shall be effective until entered in the Register.

(c) The Bonds shall be exchangeable upon the presentation and surrender thereof at the Designated Payment/Transfer Office of the Paying Agent/Registrar for a Bond or Bonds of the same maturity and bearing the same interest rate and in any Authorized Denomination and in an aggregate principal amount equal to the unpaid principal amount of the Bond presented for exchange.

(d) The Trustee is hereby authorized to authenticate and deliver Bonds transferred or exchanged for other Bonds in accordance with this Section. A new Bond or Bonds will be delivered by the Paying Agent/Registrar, in lieu of the Bond being transferred or exchanged, at the Designated Payment/Transfer Office, or sent by United States mail, first-class, postage prepaid, to the Owner or his designee. Each transferred Bond delivered by the Paying Agent/Registrar in accordance with this Section shall constitute an original contractual obligation of the City and shall be entitled to the benefits and security of this Indenture to the same extent as the Bond or Bonds in lieu of which such transferred Bond is delivered.

(e) Each exchange Bond delivered in accordance with this Section shall constitute an original contractual obligation of the City and shall be entitled to the benefits and security of this Indenture to the same extent as the Bond or Bonds in lieu of which such exchange Bond is delivered.

(f) No service charge shall be made to the Owner for the initial registration, subsequent transfer, or exchange for a different Authorized Denomination of any of the Bonds. The Paying Agent/Registrar, however, may require the Owner to pay a sum sufficient to cover any tax or other governmental charge that is authorized to be imposed in connection with the registration, transfer, or exchange of a Bond.

(g) Neither the City nor the Paying Agent/Registrar shall be required to issue, transfer, or exchange any Bond or portion thereof called for redemption prior to maturity within forty-five (45) days prior to the date fixed for redemption; provided, however, such limitation shall

not be applicable to an exchange by the Owner of the uncalled principal balance of a Bond redeemed in part.

Section 3.8. Cancellation.

All Bonds paid or redeemed before scheduled maturity in accordance with this Indenture, and all Bonds in lieu of which exchange Bonds or replacement Bonds are authenticated and delivered in accordance with this Indenture, shall be cancelled, and proper records shall be made regarding such payment, redemption, exchange, or replacement. The Paying Agent/Registrar shall dispose of cancelled Bonds in accordance with the records retention requirements of the Trustee.

Section 3.9. Temporary Bonds.

(a) Following the delivery and registration of the Initial Bond and pending the preparation of definitive Bonds, the proper officers of the City may execute and, upon the City's request, the Trustee shall authenticate and deliver, one or more temporary Bonds that are printed, lithographed, typewritten, mimeographed or otherwise produced, in any denomination, substantially of the tenor of the definitive Bonds in lieu of which they are delivered, without coupons, and with such appropriate insertions, omissions, substitutions and other variations as the officers of the City executing such temporary Bonds may determine, as evidenced by their signing of such temporary Bonds.

(b) Until exchanged for Bonds in definitive form, such Bonds in temporary form shall be entitled to the benefit and security of this Indenture.

(c) The City, without unreasonable delay, shall prepare, execute and deliver to the Trustee the Bonds in definitive form; thereupon, upon the presentation and surrender of the Bond or Bonds in temporary form to the Paying Agent/Registrar, the Paying Agent/Registrar shall cancel the Bonds in temporary form and the Trustee shall authenticate and deliver in exchange therefor a Bond or Bonds of the same maturity and series, in definitive form, in the Authorized Denomination, and in the same aggregate principal amount, as the Bond or Bonds in temporary form surrendered. Such exchange shall be made without the making of any charge therefor to any Owner.

Section 3.10. Replacement Bonds.

(a) Upon the presentation and surrender to the Paying Agent/Registrar of a mutilated Bond, the Trustee shall authenticate and deliver in exchange therefor a replacement Bond of like tenor and principal amount, bearing a number not contemporaneously outstanding. The City or the Paying Agent/Registrar may require the Owner of such Bond to pay a sum sufficient to cover any tax or other governmental charge that is authorized to be imposed in connection therewith and any other expenses connected therewith.

(b) In the event that any Bond is lost, apparently destroyed or wrongfully taken, the Trustee, pursuant to the applicable laws of the State of Texas and in the absence of notice or knowledge that such Bond has been acquired by a bona fide purchaser, shall authenticate and deliver a replacement Bond of like tenor and principal amount bearing a number not

contemporaneously outstanding, provided that the Owner first complies with the following requirements:

- (i) furnishes to the Paying Agent/Registrar satisfactory evidence of his or her ownership of and the circumstances of the loss, destruction or theft of such Bond;
- (ii) furnishes such security or indemnity as may be required by the Paying Agent/Registrar and the Trustee to save them and the City harmless;
- (iii) pays all expenses and charges in connection therewith, including, but not limited to, printing costs, legal fees, fees of the Trustee and the Paying Agent/Registrar and any tax or other governmental charge that is authorized to be imposed; and
- (iv) satisfies any other reasonable requirements imposed by the City and the Trustee.

(c) After the delivery of such replacement Bond, if a bona fide purchaser of the original Bond in lieu of which such replacement Bond was issued presents for payment such original Bond, the City and the Paying Agent/Registrar shall be entitled to recover such replacement Bond from the Person to whom it was delivered or any Person taking therefrom, except a bona fide purchaser, and shall be entitled to recover upon the security or indemnity provided therefor to the extent of any loss, damage, cost, or expense incurred by the City, the Paying Agent/Registrar or the Trustee in connection therewith.

(d) In the event that any such mutilated, lost, apparently destroyed or wrongfully taken Bond has become or is about to become due and payable, the Paying Agent/Registrar, in its discretion, instead of issuing a replacement Bond, may pay such Bond if it has become due and payable or may pay such Bond when it becomes due and payable.

(e) Each replacement Bond delivered in accordance with this Section shall constitute an original additional contractual obligation of the City and shall be entitled to the benefits and security of this Indenture to the same extent as the Bond or Bonds in lieu of which such replacement Bond is delivered.

Section 3.11. Book-Entry Only System.

The Bonds shall initially be issued in book-entry-only form and shall be deposited with DTC, which is hereby appointed to act as the securities depository therefor, in accordance with the letter of representations from the City to DTC. On the Closing Date, the definitive Bonds shall be issued in the form of a single typewritten certificate for each maturity thereof registered in the name of Cede & Co., as nominee for DTC.

With respect to Bonds registered in the name of Cede & Co., as nominee of DTC, the City and the Paying Agent/Registrar shall have no responsibility or obligation to any DTC Participant or to any Person on behalf of whom such a DTC Participant holds an interest in the Bonds. Without limiting the immediately preceding sentence, the City and the Paying Agent/Registrar shall have no responsibility or obligation with respect to (i) the accuracy of the records of DTC, Cede & Co. or any DTC Participant with respect to any ownership interest in the Bonds, (ii) the delivery to any DTC Participant or any other Person, other than an Owner, as shown on the

Register, of any notice with respect to the Bonds, including any notice of redemption, or (iii) the payment to any DTC Participant or any other Person, other than an Owner, as shown in the Register of any amount with respect to principal of, premium, if any, or interest on the Bonds. Notwithstanding any other provision of this Indenture to the contrary, the City and the Paying Agent/Registrar shall be entitled to treat and consider the Person in whose name each Bond is registered in the Register as the absolute owner of such Bond for the purpose of payment of principal of, premium, if any, and interest on Bonds, for the purpose of giving notices of redemption and other matters with respect to such Bond, for the purpose of registering transfer with respect to such Bond, and for all other purposes whatsoever. The Paying Agent/Registrar shall pay all principal of, premium, if any, and interest on the Bonds only to or upon the order of the respective Owners as shown in the Register, as provided in this Indenture, and all such payments shall be valid and effective to fully satisfy and discharge the City's obligations with respect to payment of principal of, premium, if any, and interest on the Bonds to the extent of the sum or sums so paid. No Person other than an Owner, as shown in the Register, shall receive a Bond certificate evidencing the obligation of the City to make payments of amounts due pursuant to this Indenture. Upon delivery by DTC to the Paying Agent/Registrar of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions in this Indenture with respect to interest checks or drafts being mailed to the registered owner at the close of business on the relevant Record Date, the word "Cede & Co." in this Indenture shall refer to such new nominee of DTC.

Section 3.12. Successor Securities Depository: Transfer Outside Book-Entry-Only System.

In the event that the City determines that DTC is incapable of discharging its responsibilities described herein and in the letter of representations from the City to DTC, the City shall (i) appoint a successor securities depository, qualified to act as such under Section 17A of the Securities and Exchange Act of 1934, as amended, and notify DTC and DTC Participants of the appointment of such successor securities depository and transfer one or more separate Bonds to such successor securities depository; or (ii) notify DTC and DTC Participants of the availability through DTC of certificated Bonds and cause the Paying Agent/Registrar to transfer one or more separate registered Bonds to DTC Participants having Bonds credited to their DTC accounts. In such event, the Bonds shall no longer be restricted to being registered in the Register in the name of Cede & Co., as nominee of DTC, but may be registered in the name of the successor securities depository, or its nominee, or in whatever name or names Owners transferring or exchanging Bonds shall designate, in accordance with the provisions of this Indenture.

Section 3.13. Payments to Cede & Co.

Notwithstanding any other provision of this Indenture to the contrary, so long as any Bonds are registered in the name of Cede & Co., as nominee of DTC, all payments with respect to principal of, premium, if any, and interest on such Bonds, and all notices with respect to such Bonds shall be made and given, respectively, in the manner provided in the blanket letter of representations from the City to DTC.

ARTICLE IV

REDEMPTION OF BONDS BEFORE MATURITY

Section 4.1. Limitation on Redemption.

The Bonds shall be subject to redemption before their scheduled maturity only as provided in this Article IV.

Section 4.2. Mandatory Sinking Fund Redemption.

(a) The Bonds are subject to mandatory sinking fund redemption prior to their Stated Maturity and will be redeemed by the City in part at the Redemption Price from moneys available for such purpose in the Principal and Interest Account of the Bond Fund pursuant to Article VI, on the dates and in the respective Sinking Fund Installments as set forth in the following schedule:

(b) At least forty-five (45) days prior to each mandatory sinking fund redemption date, and subject to any prior reduction authorized by subparagraphs (c) and (d) of this Section 4.2, the Trustee shall select a principal amount of Bonds (in accordance with Section 4.5) of such maturity equal to the Sinking Fund Installment amount of such Bonds to be redeemed, shall call such Bonds for redemption on such scheduled mandatory sinking fund redemption date, and shall give notice of such redemption, as provided in Section 4.6.

(c) The principal amount of Bonds of a Stated Maturity required to be redeemed on any mandatory sinking fund redemption date pursuant to subparagraph (a) of this Section 4.2 shall be reduced, at the option of the City, by the principal amount of any Bonds of such maturity which, at least forty-five (45) days prior to the mandatory sinking fund redemption date shall have been acquired by the City at a price not exceeding the principal amount of such Bonds plus accrued and unpaid interest to the date of purchase thereof, and delivered to the Trustee for cancellation.

(d) The principal amount of Bonds required to be redeemed on any mandatory sinking fund redemption date pursuant to subparagraph (a) of this Section 4.2 shall be reduced on a pro rata basis among Sinking Fund Installments by the principal amount of any Bonds which, at least forty-five (45) days prior to the mandatory sinking fund redemption date, shall have been redeemed pursuant to the optional redemption or extraordinary optional redemption provisions hereof and not previously credited to a mandatory sinking fund redemption.

Section 4.3. Optional Redemption.

The City reserves the right and option to redeem Bonds maturing on or after September 1, 20__, before their respective scheduled maturity date, in whole or in part, on any date on or after September 1, 20__ at the Redemption Price.

Section 4.4. Extraordinary Optional Redemption.

Notwithstanding any provision in this Indenture to the contrary, the City reserves the right and option to redeem Bonds before their respective scheduled maturity dates, in whole or in part and in an amount and on any date specified in a City Certificate, at the Redemption Price of such Bonds, or portions thereof, to be redeemed plus accrued interest to the date of redemption from amounts on deposit in the Redemption Fund as a result of Prepayments (including related transfers to the Redemption Fund made pursuant to Sections 6.3(d), 6.7(b), or 6.7(d)), any other

transfers to the Redemption Fund under the terms of this Indenture, or as a result of unexpended amounts transferred from the Project Fund pursuant to the terms of this Indenture. The City will provide the Trustee a City Certificate directing the Bonds to be redeemed pursuant to this Section 4.4, and in accordance with the provisions Section 4.5 hereof.

Section 4.5. Partial Redemption.

(a) If less than all of the Bonds are to be redeemed pursuant to Sections 4.2, 4.3, or 4.4, Bonds shall be redeemed in minimum principal amounts of \$1,000 or any integral multiple thereof. Each Bond shall be treated as representing the number of Bonds that is obtained by dividing the principal amount of such Bond by \$1,000. No redemption shall result in a Bond in a denomination of less than the Authorized Denomination in effect at that time; provided, however, if the amount of the Outstanding Bond is less than an Authorized Denomination after giving effect to such partial redemption, a Bond in the principal amount equal to the unredeemed portion, but not less than \$1,000, may be issued.

(b) In selecting the Bonds to be redeemed pursuant to Section 4.2, the Trustee may select Bonds in any method that results in a random selection.

(c) In selecting the Bonds to be redeemed pursuant to Section 4.3, the Trustee may rely on the directions provided in a City Certificate.

(d) If less than all of the Bonds are called for extraordinary optional redemption pursuant to Section 4.4 hereof, the Bonds to be redeemed shall be selected in the following manner:

(i) with respect to a Substantial Amount Redemption, the principal amount called for redemption shall be allocated on a pro rata basis among all Outstanding Bonds of all maturities; and

(ii) with respect to a Minor Amount Redemption, the Outstanding Bonds of all maturities shall be redeemed in inverse order of maturity.

(e) Upon surrender of any Bond for redemption in part, the Trustee in accordance with Section 3.7 of this Indenture, shall authenticate and deliver an exchange Bond or Bonds in an aggregate principal amount equal to the unredeemed portion of the Bond so surrendered, such exchange being without charge.

Section 4.6. Notice of Redemption to Owners.

(a) The Trustee shall give notice of any redemption of Bonds by sending notice by United States mail, first-class, postage prepaid, not less than thirty (30) days before the date fixed for redemption, to the Owner of each Bond or portion thereof to be redeemed, at the address shown in the Register. So long as the Bonds are in book-entry-only form and held by DTC as security depository, references to Owner in this Indenture means Cede & Co., as nominee for DTC.

(b) The notice shall state the redemption date, the Redemption Price, the place at which the Bonds are to be surrendered for payment, and, if less than all the Bonds Outstanding

are to be redeemed, and subject to Section 4.5 hereof, an identification of the Bonds or portions thereof to be redeemed, any conditions to such redemption and that on the redemption date, if all conditions, if any, to such redemption have been satisfied, such Bond shall become due and payable.

(c) Any notice given as provided in this Section shall be conclusively presumed to have been duly given, whether or not the Owner receives such notice.

(d) The City has the right to rescind any optional redemption or extraordinary optional redemption described in Section 4.3 or 4.4 by written notice to the Trustee on or prior to the date fixed for redemption. Any notice of redemption shall be cancelled and annulled if for any reason funds are not available on the date fixed for redemption for the payment in full of the Bonds then called for redemption, and such cancellation shall not constitute an Event of Default under the Indenture. The Trustee shall mail notice of rescission of redemption in the same manner notice of redemption was originally provided.

(e) With respect to any optional redemption of the Bonds, unless the Trustee has received funds sufficient to pay the Redemption Price of the Bonds to be redeemed before giving of a notice of redemption, the notice may state the City may condition redemption on the receipt of such funds by the Trustee on or before the date fixed for the redemption, or on the satisfaction of any other prerequisites set forth in the notice of redemption. If a conditional notice of redemption is given and such prerequisites to the redemption are not satisfied and sufficient funds are not received, the notice shall be of no force and effect, the City shall not redeem the Bonds and the Trustee shall give notice, in the manner in which the notice of redemption was given, that the Bonds have not been redeemed.

Section 4.7. Payment Upon Redemption.

(a) The Trustee shall make provision for the payment of the Bonds to be redeemed on such date by setting aside and holding in trust an amount from the Redemption Fund or otherwise received by the Trustee from the City and shall use such funds solely for the purpose of paying the Redemption Price on the Bonds being redeemed.

(b) Upon presentation and surrender of any Bond called for redemption at the Designated Payment/Transfer Office of the Trustee on or after the date fixed for redemption, the Trustee shall pay the Redemption Price on such Bond to the date of redemption from the moneys set aside for such purpose.

Section 4.8. Effect of Redemption.

Notice of redemption having been given as provided in Section 4.6 of this Indenture, the Bonds or portions thereof called for redemption shall become due and payable on the date fixed for redemption provided that funds for the payment of the Redemption Price of such Bonds to the date fixed for redemption are on deposit with the Trustee; thereafter, such Bonds or portions thereof shall cease to bear interest from and after the date fixed for redemption, whether or not such Bonds are presented and surrendered for payment on such date.

ARTICLE V

FORM OF THE BONDS

Section 5.1. Form Generally.

(a) The Bonds, including the Registration Certificate of the Comptroller of Public Accounts of the State of Texas, the Certificate of the Trustee, and the Assignment to appear on each of the Bonds, (i) shall be substantially in the form set forth in Exhibit A to this Indenture with such appropriate insertions, omissions, substitutions, and other variations as are permitted or required by this Indenture, and (ii) may have such letters, numbers, or other marks of identification (including identifying numbers and letters of the Committee on Uniform Securities Identification Procedures of the American Bankers Association) and such legends and endorsements (including any reproduction of an opinion of counsel) thereon as, consistently herewith, may be determined by the City or by the officers executing such Bonds, as evidenced by their execution thereof.

(b) Any portion of the text of any Bonds may be set forth on the reverse side thereof, with an appropriate reference thereto on the face of the Bonds.

(c) The definitive Bonds shall be typewritten, printed, lithographed, or engraved, and may be produced by any combination of these methods or produced in any other similar manner, all as determined by the officers executing such Bonds, as evidenced by their execution thereof.

(d) The Initial Bond submitted to the Attorney General of the State of Texas may be typewritten and photocopied or otherwise reproduced.

Section 5.2. CUSIP Registration.

The City may secure identification numbers through the CUSIP Services, managed by S&P Global Market Intelligence on behalf of The American Bankers Association, New York, New York, and may authorize the printing of such numbers on the face of the Bonds. It is expressly provided, however, that the presence or absence of CUSIP numbers on the Bonds shall be of no significance or effect as regards the legality thereof; and none of the City, the Trustee, nor the attorneys approving the Bonds as to legality are to be held responsible for CUSIP numbers incorrectly printed on the Bonds. The Trustee may include in any redemption notice a statement to the effect that the CUSIP numbers on the Bonds have been assigned by an independent service and are included in such notice solely for the convenience of the Owners of the Bonds and that neither the City nor the Trustee shall be liable for any inaccuracies of such numbers.

Section 5.3. Legal Opinion.

The approving legal opinion of Bond Counsel may be printed on or attached to each Bond over the certification of the City Secretary of the City, which may be executed in facsimile.

ARTICLE VI
FUNDS AND ACCOUNTS

Section 6.1. Establishment of Funds and Accounts.

(a) Creation of Funds. The following Funds are hereby created and established under this Indenture:

- (i) Pledged Revenue Fund;
- (ii) Bond Fund;
- (iii) Project Fund;
- (iv) Reserve Fund;
- (v) Redemption Fund;
- (vi) Rebate Fund; and
- (vii) Administrative Fund.

(b) Creation of Accounts.

(i) The following Account is hereby created and established under the Pledged Revenue Fund:

- (A) Bond Pledged Revenue Account.

(ii) The following Accounts are hereby created and established under the Bond Fund:

- (A) Capitalized Interest Account; and
- (B) Principal and Interest Account.

(iii) The following Accounts are hereby created and established under the Project Fund:

- (A) Authorized Improvements Account;
- (B) Developer Improvement Account; and
- (C) Costs of Issuance Account.

(iv) The following Accounts are hereby created and established under the Reserve Fund:

- (A) Reserve Account; and

(B) Additional Interest Reserve Account.

(v) The following Account is hereby created and established under the Administrative Fund:

(A) District Administration Account.

(c) Each Fund and each Account created within such Fund shall be maintained by the Trustee separate and apart from all other funds and accounts of the City. The Pledged Funds shall constitute trust funds which shall be held in trust by the Trustee as part of the Trust Estate solely for the benefit of the Owners of the Bonds.

(d) Interest earnings and profit on each respective Fund and Account established by this Indenture shall be applied or withdrawn for the purposes of such Fund or Account as specified below.

Section 6.2. Initial Deposits to Funds and Accounts.

(a) The proceeds from the sale of the Bonds shall be paid to the Trustee and deposited or transferred by the Trustee as follows:

- (i) to the Capitalized Interest Account of the Bond Fund: \$_____;
- (ii) to the Authorized Improvements Account of the Project Fund: \$_____;
- (iii) to the Costs of Issuance Account of the Project Fund: \$_____;
- (iv) to the Reserve Account of the Reserve Fund: \$_____; and
- (v) to the District Administration Account of the Administrative Fund: \$_____.

(b) Funds received from the Developer on the Closing Date of the Bonds in the amount of \$_____ shall be paid to the Trustee and deposited or transferred by the Trustee into the Developer Improvement Account of the Project Fund.

Section 6.3. Pledged Revenue Fund.

(a) On or before February 15 of each year while the Bonds are Outstanding and beginning February 15, 2024, the City shall deposit or cause to be deposited the Pledged Revenues into the Pledged Revenue Fund. From amounts deposited to the Pledged Revenue Fund, the City shall deposit or cause to be deposited Assessment Revenues as follows: (i) first, to the Bond Pledged Revenue Account of the Pledged Revenue Fund in an amount sufficient to pay debt service on the Bonds next coming due in such calendar year, (ii) second, to the Reserve Account of the Reserve Fund in an amount to cause the amount in the Reserve Account to equal the Reserve Account Requirement, in accordance with Section 6.7(a) hereof, (iii) third, to the Additional Interest Reserve Account of the Reserve Fund in an amount equal to the Additional

Interest collected, if any, in accordance with Section 6.7(b) hereof, (iv) fourth, to pay Actual Costs of the Authorized Improvements, and (v) fifth, to pay other costs permitted by the PID Act.

(b) From time to time as needed to pay the obligations relating to the Bonds, but no later than five (5) Business Days before each Interest Payment Date, the Trustee shall withdraw from the Bond Pledged Revenue Account and transfer to the Principal and Interest Account of the Bond Fund, an amount, taking into account any amounts then on deposit in such Principal and Interest Account and any expected transfers from the Capitalized Interest Account to the Principal and Interest Account, such that the amount on deposit in the Principal and Interest Account equals the principal (including any Sinking Fund Installments) and interest due on the Bonds on the next Interest Payment Date.

(c) If, after the foregoing transfers and any transfer from the Reserve Fund as provided in Section 6.7 herein, there are insufficient funds to make the payments provided in paragraph (b) above, the Trustee shall apply the available funds in the Principal and Interest Account first, to the payment of interest and, second, to the payment of principal (including any Sinking Fund Installments) on the Bonds, as described in Section 11.4(a) hereof.

(d) Notwithstanding Section 6.3(a) hereof, the Trustee shall deposit Prepayments to the Pledged Revenue Fund and as soon as practicable after such deposit shall transfer such Prepayments to the Redemption Fund.

(e) Notwithstanding Section 6.3(a) hereof, the Trustee shall deposit Foreclosure Proceeds to the Pledged Revenue Fund and as soon as practicable after such deposit shall transfer Foreclosure Proceeds first, to the Reserve Account to restore any transfers from the Reserve Account made with respect to the Assessed Parcel(s) to which the Foreclosure Proceeds relate, second, to the Additional Interest Reserve Account to restore any transfers from the Additional Interest Reserve Account made with respect to the Assessed Parcel(s) to which the Foreclosure Proceeds relate, and third to the Redemption Fund.

(f) After satisfaction of the requirement to provide for the payment of the principal and interest on the Bonds and to fund any deficiency that may exist in an account of the Reserve Fund, the City may direct the Trustee by City Certificate to apply Assessments for any lawful purposes permitted by the PID Act for which Assessments may be paid.

(g) Any additional Pledged Revenues remaining after the satisfaction of the foregoing shall be applied by the Trustee, as instructed by the City pursuant to a City Certificate, for any lawful purpose permitted by the PID Act for which such additional Pledged Revenues may be used, including transfers to other Funds and Accounts created pursuant to this Indenture.

Section 6.4. Bond Fund.

(a) On each Interest Payment Date, the Trustee shall withdraw from the Principal and Interest Account and transfer to the Paying Agent/Registrar the principal (including any Sinking Fund Installments) and/or interest then due and payable on the Bonds, less any amount to be used to pay interest on the Bonds on such Interest Payment Date from the Capitalized Interest Account as provided below.

(b) If amounts in the Principal and Interest Account are insufficient for the purposes set forth in paragraph (a) above, the Trustee shall withdraw from the Reserve Fund amounts to cover the amount of such insufficiency in the order described in Section 6.7(f) hereof. Amounts so withdrawn from the Reserve Fund shall be deposited in the Principal and Interest Account and transferred to the Paying Agent/Registrar.

(c) Moneys in the Capitalized Interest Account shall be used for the payment of interest on the Bonds on the following date and in the following amount:

<u>Date</u>	<u>Amount (\$)</u>
-------------	--------------------

Any amounts on deposit in the Capitalized Interest Account after the payment of interest on the dates and in the amounts listed above shall be transferred to the Authorized Improvements Account of the Project Fund, or if the Authorized Improvements Account of the Project Fund has been closed as provided in Section 6.5(f) herein, such amounts shall be transferred to the Redemption Fund to be used to redeem Bonds and the Capitalized Interest Account shall be closed.

Section 6.5. Project Fund.

(a) Money on deposit in the Project Fund shall be used for the purposes specified in Section 3.1 hereof.

(b) Disbursements from the Costs of Issuance Account of the Project Fund shall be made by the Trustee to pay costs of issuance of the Bonds pursuant to either one or more City Certificates or an executed, completed, and accepted Closing Disbursement Request.

(c) Disbursements from the other Accounts of the Project Fund to pay Actual Costs of the Authorized Improvements shall be made by the Trustee upon receipt by the Trustee of either a properly executed and completed Certificate for Payment or written direction from the City or its designee approving the disbursement. The disbursement of funds from the Authorized Improvements Account or the Developer Improvement Account pursuant to a Certificate for Payment shall be pursuant to and in accordance with the disbursement procedures described in the Construction, Funding, and Acquisition Agreement; provided, however, that all disbursement of funds for the Actual Costs of the Authorized Improvements made pursuant to a Certification of Payment shall be made first, from the Authorized Improvements Account, and second, from the Developer Improvement Account. Such provisions and procedures related to such disbursement contained in the Construction, Funding and Acquisition Agreement and no other provisions of the Construction, Funding and Acquisition Agreement, are herein incorporated by reference and deemed set forth herein in full.

(d) If the City Representative determines in his or her sole discretion that amounts then on deposit in the Authorized Improvements Account of the Project Fund are not expected to be expended for purposes of the Project Fund due to the abandonment, or constructive abandonment of the Authorized Improvements, such that, in the opinion of the City Representative, it is unlikely that the amounts in the Authorized Improvements Account of the

Project Fund will ever be expended for the purposes of the Project Fund, the City Representative shall file a City Certificate with the Trustee which identifies the amounts then on deposit in the Authorized Improvements Account of the Project Fund that are not expected to be used for purposes of the Project Fund. If such City Certificate is so filed, the amounts on deposit in the Authorized Improvements Account of the Project Fund shall be transferred to the Redemption Fund to redeem Bonds on the earliest practicable date after notice of redemption has been provided in accordance with the Indenture.

(e) In making any determination pursuant to this Section, the City Representative may conclusively rely upon a certificate of an Independent Financial Consultant.

(f) Upon the filing of a City Certificate stating that all Authorized Improvements have been completed and that all Actual Costs of the Authorized Improvements have been paid, or that any such Actual Costs are not required to be paid from the Project Fund pursuant to either a Certificate for Payment or written direction from the City or its designee, the Trustee (i) shall transfer the amount, if any, remaining within the Authorized Improvements Account of the Project Fund to the Bond Fund and (ii) the Authorized Improvements Account of the Project Fund shall be closed. If the Authorized Improvements Account is closed as provided above, the Trustee shall transfer any remaining amounts in the Developer Improvement Account of the Project Fund to the Developer and shall close the Developer Improvement Account of the Project Fund. If both the Authorized Improvements Account of the Project Fund and the Developer Improvement Account of the Project Fund have been closed pursuant to the provisions of this Section and the Costs of Issuance Account of the Project fund has been closed pursuant to the provisions of Section 6.5(g), then the Project Fund shall be closed.

(g) Not later than six months following the Closing Date, or upon a determination by the City Representative that all costs of issuance of the Bonds have been paid, any amounts remaining in the Costs of Issuance Account shall be transferred to the Authorized Improvements Account in the Project Fund and used to pay Actual Costs of the Authorized Improvements, or to the Principal and Interest Account of the Bond Fund and used to pay interest on the Bonds, as directed by the City in a City Certificate filed with the Trustee, and following such transfer, the Costs of Issuance Account shall be closed.

Section 6.6. Redemption Fund.

(a) The Trustee shall cause to be deposited to the Redemption Fund from the Bond Pledged Revenue Account of the Pledged Revenue Fund an amount sufficient to redeem Bonds as provided in Sections 4.3 and 4.4 on the dates specified for redemption as provided in Sections 4.3 and 4.4. Amounts on deposit in the Redemption Fund shall be used and withdrawn by the Trustee to redeem Bonds as provided in Article IV.

Section 6.7. Reserve Fund.

(a) The City agrees with the Owners of the Bonds to accumulate from the deposits outlined in Section 6.3(a) hereof, and when accumulated, maintain in the Reserve Account of the Reserve Fund, an amount equal to not less than the Reserve Account Requirement except to the extent such deficiency is due to the application of Section 6.7(d) hereof. All amounts deposited in the Reserve Account of the Reserve Fund shall be used and withdrawn by the

Trustee for the purpose of making transfers to the Principal and Interest Account of the Bond Fund, as provided in this Indenture.

(b) The Trustee, if needed, will transfer from the Bond Pledged Revenue Account of the Pledged Revenue Fund to the Additional Interest Reserve Account on March 1 and September 1 of each year, commencing March 1, 2024, an amount equal to the Additional Interest collected, if any, until the Additional Interest Reserve Requirement has been accumulated in the Additional Interest Reserve Account. If the amount on deposit in the Additional Interest Reserve Account shall at any time be less than the Additional Interest Reserve Requirement, the Trustee shall notify the City, in writing, of the amount of such shortfall, and the City shall resume collecting the Additional Interest and shall file a City Certificate with the Trustee instructing the Trustee to resume depositing the Additional Interest from the Bond Pledged Revenue Account of the Pledged Revenue Fund into the Additional Interest Reserve Account until the Additional Interest Reserve Requirement has been accumulated in the Additional Interest Reserve Account; provided, however, that the City shall not be required to replenish the Additional Interest Reserve Account in the event funds are transferred from the Additional Interest Reserve Account to the Redemption Fund as a result of an extraordinary optional redemption of Bonds from the proceeds of a Prepayment pursuant to Section 4.4 of this Indenture. In the event the amount on deposit in the Additional Interest Reserve Account is less than the Additional Interest Reserve Requirement, then the deposits described in the immediately preceding sentence shall continue until the Additional Interest Reserve Account has been fully replenished to the Additional Interest Reserve Requirement. If, after such deposits, there is surplus Additional Interest remaining, the Trustee shall transfer such surplus Additional Interest to the Redemption Fund, and shall notify the City of such transfer in writing. In calculating the amounts to be transferred pursuant to this Section, the Trustee may conclusively rely on the Annual Installments as shown on the Assessment Roll in the Service and Assessment Plan or an Annual Service Plan Update unless and until it receives a City Certificate directing that a different amount be used.

(c) Whenever a transfer is made from an Account of the Reserve Fund to the Bond Fund due to a deficiency in the Bond Fund, the Trustee shall provide written notice thereof to the City, specifying the amount withdrawn and the source of such funds.

(d) Whenever Bonds are to be redeemed with the proceeds of Prepayments pursuant to Section 4.4, the Trustee shall transfer, on the Business Day prior to the redemption date (or on such other date as agreed to by the City and the Trustee), from the Reserve Account of the Reserve Fund to the Redemption Fund, an amount specified in a City Certificate to be applied to the redemption of the Bonds. The amount so transferred from the Reserve Account of the Reserve Fund shall be equal to the principal amount of Bonds to be redeemed with Prepayments multiplied by the lesser of: (i) the amount required to be in the Reserve Account of the Reserve Fund divided by the principal amount of Outstanding Bonds prior to the redemption, and (ii) the amount actually in the Reserve Account of the Reserve Fund divided by the principal amount of Outstanding Bonds prior to the redemption. If after such transfer, and after applying investment earnings on the Prepayments toward payment of accrued interest, there are insufficient funds in the Redemption Fund to pay the principal amount plus accrued and unpaid interest to the date fixed for redemption of the Bonds to be redeemed, as identified in a City Certificate as a result of such Prepayments and as a result of the transfer from the Reserve Account under this Section 6.7(d), the Trustee shall transfer an amount equal to the shortfall, and/or any additional amounts necessary to permit the Bonds to be redeemed in minimum principal amounts of \$1,000, from

the Additional Interest Reserve Account to the Redemption Fund to be applied to the redemption of the Bonds.

(e) Whenever, on any Interest Payment Date, or on any other date at the written request of a City Representative, the amount in the Reserve Account exceeds the Reserve Account Requirement, the Trustee shall provide written notice to the City Representative of the amount of the excess. Such excess shall be transferred to the Principal and Interest Account to be used for the payment of debt service on the Bonds on the next Interest Payment Date in accordance with Section 6.4 hereof, unless within thirty days of such notice to the City Representative, the Trustee receives a City Certificate instructing the Trustee to apply such excess: (i) to pay amounts due under Section 6.8 hereof, (ii) to an account of the Project Fund if such application and the expenditure of funds is expected to occur within three years of the date hereof, or (iii) for such other use specified in such City Certificate if the City receives a written opinion of counsel nationally recognized in the field of municipal bond law to the effect that such alternate use will not adversely affect the exemption from federal income tax of the interest on any Bond.

(f) Whenever, on any Interest Payment Date, the amount on deposit in the Bond Fund is insufficient to pay the debt service on the Bonds due on such date, the Trustee shall transfer first, from the Additional Interest Reserve Account of the Reserve Fund to the Bond Fund and second, from the Reserve Account of the Reserve Fund to the Bond Fund the amounts necessary to cure such deficiency.

(g) At the final maturity of the Bonds, the amount on deposit in the Reserve Account and the Additional Interest Reserve Account shall be transferred to the Principal and Interest Account of the Bond Fund and applied to the payment of the principal of the Bonds.

(h) If, after a Reserve Account withdrawal pursuant to Section 6.7(f) hereof, the amount on deposit in the Reserve Account of the Reserve Fund is less than the Reserve Account Requirement, the Trustee shall transfer from the Pledged Revenue Fund to the Reserve Account of the Reserve Fund the amount of such deficiency, in accordance with Section 6.3.

(i) If the amount held in the Reserve Fund together with the amount held in the Bond Fund and Redemption Fund is sufficient to pay the principal amount and of all Outstanding Bonds on the next Interest Payment Date, together with the unpaid interest accrued on such Outstanding Bonds as of such Interest Payment Date, the moneys shall be transferred to the Redemption Fund and thereafter used to redeem all Outstanding Bonds as of such Interest Payment Date.

Section 6.8. Rebate Fund: Rebate Amount.

(a) There is hereby established a special fund of the City to be designated "City of Celina, Texas, Rebate Fund" (the "Rebate Fund") to be held by the Trustee in accordance with the terms and provisions of this Indenture. Amounts on deposit in the Rebate Fund shall be used solely for the purpose of paying amounts relating to the Bonds due the United States Government in accordance with the Code.

(b) In order to assure that Rebate Amount is paid to the United States rather than to a third party, investments of funds on deposit in the Rebate Fund shall be made in accordance with the Code and the Tax Certificate.

(c) The Trustee conclusively shall be deemed to have complied with the provisions of this Section and Section 7.5(h) and shall not be liable or responsible if it follows the instructions of the City and shall not be required to take any action under this Section and Section 7.5(h) in the absence of written instructions from the City.

(d) If, on the date of each annual calculation, the amount on deposit in the Rebate Fund exceeds the Rebate Amount, the City may direct the Trustee, pursuant to a City Certificate, to transfer the amount in excess of the Rebate Amount to the Bond Fund.

Section 6.9. Administrative Fund.

(a) The City shall deposit or cause to be deposited to the District Administration Account of the Administrative Fund the amounts collected each year to pay the Administrative Expenses and Delinquent Collection Costs.

(b) Moneys in the District Administration Account of the Administrative Fund shall be held by the Trustee separate and apart from the other Funds and Accounts created and administered hereunder and used as directed by a City Certificate solely for the purposes set forth in the Service and Assessment Plan.

Section 6.10. Investment of Funds.

(a) Money in any Fund or Account established pursuant to this Indenture shall be invested by the Trustee as directed by the City pursuant to a City Certificate filed with the Trustee at least two (2) days in advance of the making of such investment. The money in any Fund or Account shall be invested in time deposits or certificates of deposit secured in the manner required by law for public funds, or be invested in direct obligations of, including obligations the principal and interest on which are unconditionally guaranteed by, the United States of America, in obligations of any agencies or instrumentalities thereof, or in such other investments as are permitted under the Public Funds Investment Act, Texas Government Code, Chapter 2256, as amended, or any successor law, as in effect from time to time; provided that all such deposits and investments shall be made in such manner (which may include repurchase agreements for such investment with any primary dealer of such agreements) that the money required to be expended from any Fund will be available at the proper time or times. Such investments shall be valued each year in terms of current market value as of September 30. Amounts in the Additional Interest Reserve Account may not be invested above the Yield (as defined in Section 7.5(a) hereof) on the Bonds, unless and until the City receives a written opinion of counsel nationally recognized in the field of municipal bond law to the effect that failure to comply with such yield restriction will not adversely affect the exemption from federal income tax of the interest on any Bond. For purposes of maximizing investment returns, to the extent permitted by law, money in such Funds may be invested in common investments of the kind described above, or in a common pool of such investment which shall be kept and held at an official depository bank, which shall not be deemed to be or constitute a commingling of such money or funds provided that safekeeping receipts or certificates of participation clearly evidencing the investment or investment pool in which such money is invested and the share thereof purchased

with such money or owned by such Fund are held by or on behalf of each such Fund. If necessary, such investments shall be promptly sold to prevent any default.

(b) Obligations purchased as an investment of moneys in any Fund or Account shall be deemed to be part of such Fund or Account, subject, however, to the requirements of this Indenture for transfer of interest earnings and profits resulting from investment of amounts in Funds and Accounts. Whenever in this Indenture any moneys are required to be transferred by the City to the Trustee, such transfer may be accomplished by transferring a like amount of Investment Securities.

(c) The Trustee and its affiliates may act as sponsor, advisor, depository, principal or agent in the acquisition or disposition of any investment. The Trustee shall have no investment discretion and the Trustee's shall follow the written instruction of any City Certificate. The Trustee shall not incur any liability for losses arising from any investments made pursuant to this Section. The Trustee shall not be required to determine the suitability or legality of any investments.

(d) Investments in any and all Funds and Accounts may be commingled in a separate fund or funds for purposes of making, holding and disposing of investments, notwithstanding provisions herein for transfer to or holding in or to the credit of particular Funds or Accounts of amounts received or held by the Trustee hereunder, provided that the Trustee shall at all times account for such investments strictly in accordance with the Funds and Accounts to which they are credited and otherwise as provided in this Indenture.

(e) The Trustee will furnish the City and the Administrator monthly cash transaction statements which include detail for all investment transactions made by the Trustee hereunder; and, unless the Trustee receives a written request, the Trustee is not required to provide brokerage confirmations so long as the Trustee is providing such monthly cash transaction statements.

Section 6.11. Security of Funds.

All Funds or Accounts heretofore created, to the extent not invested as herein permitted, shall be secured in the manner and to the fullest extent required by law for the security of public funds, and such Funds or Accounts shall be used only for the purposes and in the manner permitted or required by this Indenture.

ARTICLE VII

COVENANTS

Section 7.1. Confirmation of Assessments.

The City hereby confirms, covenants, and agrees that the Assessments to be collected from the Assessed Property are as so reflected in the Service and Assessment Plan (as it may be updated from time to time), and, in accordance with the Assessment Ordinance, it has levied the Assessments against the respective Assessed Parcels from which the Pledged Revenues will be collected and received.

Section 7.2. Collection and Enforcement of Assessments.

(a) For so long as any Bonds are Outstanding, and/or amounts are due to the Developer to pay it for its funds it has contributed to pay Actual Costs of the Authorized Improvements in accordance with the Construction, Funding and Acquisition Agreement, the City covenants, agrees and warrants that it will take and pursue all actions permissible under Applicable Laws to cause the Assessments to be collected and the liens thereof enforced continuously, in the manner and to the maximum extent permitted by Applicable Laws, and, to the extent permitted by Applicable Laws to cause no reduction, abatement or exemption in the Assessments.

(b) The City will determine or cause to be determined, no later than February 15 of each year, whether or not any Annual Installment is delinquent and, if such delinquencies exist, the City will order and cause to be commenced as soon as practicable any and all appropriate and legally permissible actions to obtain such Annual Installment, and any delinquent charges and interest thereon, including diligently prosecuting an action in district court to foreclose the currently delinquent Annual Installment. Notwithstanding the foregoing, the City shall not be required under any circumstances to purchase or make payment for the purchase of the delinquent Assessment or the corresponding Assessed Parcel. Furthermore, nothing shall obligate the City, the City Attorney, or any appropriate designee to undertake collection or foreclosure actions against delinquent accounts in violation of applicable state law, court order, or existing contractual provisions between the City and its appropriate collections enforcement designees.

Section 7.3. Against Encumbrances.

(a) Other than Refunding Bonds, the City shall not create and, to the extent Pledged Revenues are received, shall not suffer to remain, any lien, encumbrance or charge upon the Trust Estate, other than that specified in Section 9.6 of this Indenture, or upon any other property pledged under this Indenture, except the pledge created for the security of the Bonds, and other than a lien or pledge subordinate to the lien and pledge of such property related to the Bonds.

(b) So long as Bonds are Outstanding hereunder, the City shall not issue any bonds, notes or other evidences of indebtedness other than the Bonds and Refunding Bonds, if any, secured by any pledge of or other lien or charge on the Pledged Revenues or other property pledged under this Indenture, except for other indebtedness incurred in compliance with Section 13.2 of this Indenture.

Section 7.4. Records, Accounts, Accounting Reports.

The City hereby covenants and agrees that so long as any of the Bonds or any interest thereon remain Outstanding and unpaid, and/or the obligation to the Developer to pay it for funds it has contributed to pay Actual Costs of the Authorized Improvements in accordance with the Construction, Funding, Acquisition Agreement remain outstanding and unpaid, it will keep and maintain a proper and complete system of records and accounts pertaining to the Assessments. The Trustee and the Owners of any Bonds or any duly authorized agent or agents of such Owners shall have the right at all reasonable times to inspect all such records, accounts, and data relating thereto, upon written request to the City by the Trustee or duly authorized representative, as applicable. The City shall provide the Trustee or duly authorized representative, as applicable,

an opportunity to inspect such books and records relating to the Bonds during the City's regular business hours and on a mutually agreeable date not later than thirty days after the City receives such request.

Section 7.5. Covenants to Maintain Tax-Exempt Status.

(a) Definitions. When used in this Section, the following terms shall have the following meanings:

"Closing Date" means the date on which the Bonds are first authenticated and delivered to the initial purchasers against payment therefor.

"Code" means the Internal Revenue Code of 1986, as amended by all legislation, if any, effective on or before the Closing Date.

"Computation Date" has the meaning set forth in Section 1.148-1(b) of the Regulations.

"Gross Proceeds" means any proceeds as defined in Section 1.148-1(b) of the Regulations, and any replacement proceeds as defined in Section 1.148-1(c) of the Regulations, of the Bonds.

"Investment" has the meaning set forth in Section 1.148-1(b) of the Regulations.

"Nonpurpose Investment" means any investment property, as defined in Section 148(b) of the Code, in which Gross Proceeds of the Bonds are invested and which is not acquired to carry out the governmental purposes of the Bonds.

"Regulations" means any proposed, temporary or final Income Tax Regulations issued pursuant to Sections 103 and 141 through 150 of the Code, and 103 of the Internal Revenue Code of 1954, which are applicable to the Bonds. Any reference to any specific Regulation shall also mean, as appropriate, any proposed, temporary or final Income Tax Regulation designed to supplement, amend or replace the specific Regulation referenced.

"Yield" of (1) any Investment has the meaning set forth in Section 1.148-5 of the Regulations; and (2) the Bonds has the meaning set forth in Section 1.148-4 of the Regulations.

(b) Not to Cause Interest to Become Taxable. The City shall not use, permit the use of, or omit to use Gross Proceeds or any other amounts (or any property the acquisition, construction or improvement of which is to be financed directly or indirectly with Gross Proceeds) in a manner which if made or omitted, respectively, would cause the interest on any Bond to become includable in the gross income, as defined in Section 61 of the Code, of the owner thereof for federal income tax purposes. Without limiting the generality of the foregoing, unless

and until the City receives a written opinion of counsel nationally recognized in the field of municipal bond law to the effect that failure to comply with such covenant will not adversely affect the exemption from federal income tax of the interest on any Bond, the City shall comply with each of the specific covenants in this Section.

(c) No Private Use or Private Payments. Except as permitted by Section 141 of the Code and the Regulations and rulings thereunder, the City shall at all times prior to the last Stated Maturity of Bonds:

(i) exclusively own, operate and possess all property the acquisition, construction or improvement of which is to be financed or refinanced directly or indirectly with Gross Proceeds of the Bonds, and not use or permit the use of such Gross Proceeds (including all contractual arrangements with terms different than those applicable to the general public) or any property acquired, constructed or improved with such Gross Proceeds in any activity carried on by any person or entity (including the United States or any agency, department and instrumentality thereof) other than a state or local government, unless such use is solely as a member of the general public; and

(ii) not directly or indirectly impose or accept any charge or other payment by any person or entity who is treated as using Gross Proceeds of the Bonds or any property the acquisition, construction or improvement of which is to be financed or refinanced directly or indirectly with such Gross Proceeds, other than taxes of general application within the City or interest earned on investments acquired with such Gross Proceeds pending application for their intended purposes.

(d) No Private Loan.

(i) Except to the extent permitted by Section 141 of the Code and the Regulations and rulings thereunder, the City shall not use Gross Proceeds of the Bonds to make or finance loans to any person or entity other than a state or local government. For purposes of the foregoing covenant, such Gross Proceeds are considered to be "loaned" to a person or entity if: (1) property acquired, constructed or improved with such Gross Proceeds is sold or leased to such person or entity in a transaction which creates a debt for federal income tax purposes; (2) capacity in or service from such property is committed to such person or entity under a take-or-pay, output or similar contract or arrangement; or (3) indirect benefits, or burdens and benefits of ownership, of such Gross Proceeds or any property acquired, constructed or improved with such Gross Proceeds are otherwise transferred in a transaction which is the economic equivalent of a loan.

(ii) The City covenants and agrees that the levied Assessments will meet the requirements of the "tax assessment loan exception" within the meaning of Section 1.141-5(d) of the Regulations on the date the Bonds are delivered and will ensure that the Assessments continue to meet such requirements for so long as the Bonds are outstanding hereunder.

(e) Not to Invest at Higher Yield. Except to the extent permitted by Section 148 of the Code and the Regulations and rulings thereunder, the City shall not at any time prior to the final Stated Maturity of the Bonds directly or indirectly invest Gross Proceeds in any Investment (or use Gross Proceeds to replace money so invested) if, as a result of such investment, the

Yield from the Closing Date of all Investments acquired with Gross Proceeds (or with money replaced thereby), whether then held or previously disposed of, exceeds the Yield of the Bonds.

(f) Not Federally Guaranteed. Except to the extent permitted by Section 149(b) of the Code and the Regulations and rulings thereunder, the City shall not take or omit to take any action which would cause the Bonds to be federally guaranteed within the meaning of Section 149(b) of the Code and the Regulations and rulings thereunder.

(g) Information Report. The City shall timely file the information required by Section 149(e) of the Code with the Secretary of the Treasury on Form 8038-G or such other form and in such place as the Secretary may prescribe.

(h) Rebate of Arbitrage Profits. Except to the extent otherwise provided in Section 148(f) of the Code and the Regulations and rulings thereunder:

(i) The City shall account for all Gross Proceeds (including all receipts, expenditures and investments thereof) on its books of account separately and apart from all other funds (and receipts, expenditures and investments thereof) and shall retain all records of accounting for at least six years after the day on which the last outstanding Bond is discharged. However, to the extent permitted by law, the City may commingle Gross Proceeds of the Bonds with other money of the City, provided that the City separately accounts for each receipt and expenditure of Gross Proceeds and the obligations acquired therewith.

(ii) Not less frequently than each Computation Date, the City shall calculate the Rebate Amount in accordance with rules set forth in Section 148(f) of the Code and the Regulations and rulings thereunder. The City shall maintain such calculations with its official transcript of proceedings relating to the issuance of the Bonds until six years after the final Computation Date.

(iii) As additional consideration for the purchase of the Bonds by the Purchasers and the loan of the money represented thereby and in order to induce such purchase by measures designed to insure the excludability of the interest thereon from the gross income of the owners thereof for federal income tax purposes, the City shall, pursuant to a City Certificate, direct the Trustee to transfer to the Rebate Fund from the funds or subaccounts designated in such City Certificate and direct the Trustee to pay to the United States from the Rebate Fund the amount that when added to the future value of previous rebate payments made for the Bonds equals (i) in the case of a Final Computation Date as defined in Section 1.148-3(e)(2) of the Regulations, one hundred percent (100%) of the Rebate Amount on such date; and (ii) in the case of any other Computation Date, ninety percent (90%) of the Rebate Amount on such date. In all cases, the rebate payments shall be made at the times, in the installments, to the place and in the manner as is or may be required by Section 148(f) of the Code and the Regulations and rulings thereunder, and shall be accompanied by Form 8038-T or such other forms and information as is or may be required by Section 148(f) of the Code and the Regulations and rulings thereunder.

(iv) The City shall exercise reasonable diligence to assure that no errors are made in the calculations and payments required by paragraphs (ii) and (iii), and if an error

is made, to discover and promptly correct such error within a reasonable amount of time thereafter (and in all events within one hundred eighty (180) days after discovery of the error), including payment to the United States of any additional Rebate Amount owed to it, interest thereon, and any penalty imposed under Section 1.148-3(h) of the Regulations.

(i) Not to Divert Arbitrage Profits. Except to the extent permitted by Section 148 of the Code and the Regulations and rulings thereunder, the City shall not, at any time prior to the earlier of the Stated Maturity or final payment of the Bonds, enter into any transaction that reduces the amount required to be paid to the United States pursuant to Subsection (h) of this Section because such transaction results in a smaller profit or a larger loss than would have resulted if the transaction had been at arm's length and had the Yield of the Bonds not been relevant to either party.

(j) Elections. The City hereby directs and authorizes the Mayor, Mayor Pro Tem, City Manager, Assistant City Manager, or City Secretary, individually or jointly, to make elections permitted or required pursuant to the provisions of the Code or the Regulations, as they deem necessary or appropriate in connection with the Bonds, in the Tax Certificate or similar or other appropriate certificate, form or document.

ARTICLE VIII

LIABILITY OF CITY

The City shall not incur any responsibility in respect of the Bonds or this Indenture other than in connection with the duties or obligations explicitly herein or in the Bonds assigned to or imposed upon it. The City shall not be liable in connection with the performance of its duties hereunder, except for its own willful default or act of bad faith. The City shall not be bound to ascertain or inquire as to the performance or observance of any of the terms, conditions covenants or agreements of the Trustee herein or of any of the documents executed by the Trustee in connection with the Bonds, or as to the existence of a default or Event of Default thereunder.

In the absence of bad faith, the City may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the City and conforming to the requirements of this Indenture. The City shall not be liable for any error of judgment made in good faith unless it shall be proved that it was negligent in ascertaining the pertinent facts.

No provision of this Indenture, the Bonds, the Assessment Ordinance, or any agreement, document, instrument, or certificate executed, delivered or approved in connection with the issuance, sale, delivery, or administration of the Bonds (the "Bond Documents"), shall require the City to expend or risk its own general funds or otherwise incur any financial liability (other than with respect to the Trust Estate and the Administrative Expenses) in the performance of any of its obligations hereunder, or in the exercise of any of its rights or powers, if in the judgment of the City there are reasonable grounds for believing that the repayment of such funds or liability is not reasonably assured to it.

Neither the Owners nor any other Person shall have any claim against the City or any of its officers, officials, agents, or employees for damages suffered as a result of the City's failure to perform in any respect any covenant, undertaking, or obligation under any Bond Documents or

as a result of the incorrectness of any representation in, or omission from, any of the Bond Documents, except to the extent that any such claim relates to an obligation, undertaking, representation, or covenant of the City, in accordance with the Bond Documents and the PID Act. Any such claim shall be payable only from the Trust Estate, the funds available for such payment in any of the Pledged Funds, if any, or the amounts collected to pay Administrative Expenses on deposit in the Administrative Fund. Nothing contained in any of the Bond Documents shall be construed to preclude any action or proceeding in any court or before any governmental body, agency, or instrumentality against the City or any of its officers, officials, agents, or employees to enforce the provisions of any of the Bond Documents or to enforce all rights of the Owners of the Bonds by mandamus or other proceeding at law or in equity.

The City may rely on and shall be protected in acting or refraining from acting upon any notice, resolution, request, consent, order, certificate, report, warrant, bond, or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or proper parties. The City may consult with counsel with regard to legal questions, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it hereunder in good faith and in accordance therewith.

Whenever in the administration of its duties under this Indenture, the City shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action hereunder, such matter (unless other evidence in respect thereof be herein specifically prescribed) may, in the absence of willful misconduct on the part of the City, be deemed to be conclusively proved and established by a certificate of the Trustee, an Independent Financial Consultant, an independent inspector, the City Manager, or other person designated by the City Council to so act on behalf of the City, and such certificate shall be full warrant to the City for any action taken or suffered under the provisions of this Indenture upon the faith thereof, but in its discretion the City may, in lieu thereof, accept other evidence of such matter or may require such additional evidence as to it may seem reasonable.

In order to perform its duties and obligations hereunder, the City may employ such persons or entities as it deems necessary or advisable. The City shall not be liable for any of the acts or omissions of such persons or entities employed by it in good faith hereunder, and shall be entitled to rely, and shall be fully protected in doing so, upon the opinions, calculations, determinations, and directions of such persons or entities.

ARTICLE IX

THE TRUSTEE

Section 9.1. Trustee as Paying Agent/Registrar.

The Trustee is hereby designated and agrees to act as Paying Agent/Registrar for and in respect to the Bonds.

Section 9.2. Trustee Entitled to Indemnity.

The Trustee shall be under no obligation to spend its own funds, to institute any suit, or to undertake any proceeding under this Indenture, or to enter any appearance or in any way defend in any suit in which it may be made defendant, or to take any steps in the execution of the trusts

hereby created or in the enforcement of any rights and powers hereunder, until it shall be indemnified, to the extent permitted by law, to its satisfaction against any and all costs and expenses, outlays, and counsel fees and other reasonable disbursements, and against all liability except as a consequence of its own negligence or willful misconduct; provided, however, the Trustee may not request or require indemnification as a condition to making any deposits, payments, or transfers when required hereunder, or delivering any notice when required hereunder. Nevertheless, the Trustee may begin suit, or appear in and defend suit, or do anything else in its judgment proper to be done by it as the Trustee, without indemnity, and in such case the Trustee may make transfers from the Pledged Revenue Fund or the District Administration Account of the Administrative Fund to pay all costs and expenses, outlays, and counsel fees and other reasonable disbursements properly incurred in connection therewith and shall, to the extent permitted by law, be entitled to a preference therefor over any Bonds Outstanding hereunder.

Section 9.3. Responsibilities of the Trustee.

The recitals contained in this Indenture and in the Bonds shall be taken as the statements of the City and the Trustee assumes no responsibility for the correctness of the same. The Trustee makes no representations as to the validity or sufficiency of the offering documents, this Indenture, or the Bonds or with respect to the security afforded by this Indenture, and the Trustee shall incur no liability with respect thereto. Except as otherwise expressly provided in this Indenture, the Trustee shall have no responsibility or duty with respect to: (i) the issuance of Bonds for value; (ii) the application of the proceeds thereof, except to the extent that such proceeds are received by it in its capacity as Trustee; (iii) the application of any moneys paid to the City or others in accordance with this Indenture, except as to the application of any moneys paid to it in its capacity as Trustee; or (iv) any calculation of arbitrage or rebate under the Code. The Trustee has the right to act through agents and attorneys and shall have no liability for the negligence or willful misconduct of the agents and attorneys appointed with due care.

The duties and obligations of the Trustee shall be determined by the express provisions of this Indenture, and the Trustee shall not be liable except for the performance of such duties and obligations as are specifically set forth in this Indenture.

The Trustee shall not be liable for any action taken or omitted by it in the performance of its duties under this Indenture, except for its own negligence or willful misconduct, both before and after default by the City. In no event shall the Trustee be liable for incidental, indirect, special or consequential damages in connection with or arising from this Indenture for the existence, furnishing or use of the Authorized Improvements.

The Trustee shall not be required to take notice, and shall not be deemed to have notice, of any default or Event of Default hereunder, unless the Trustee shall be notified specifically of the default or Event of Default in a written instrument or document delivered to it by the City or by the holders of at least fifty-one percent (51%) of the aggregate principal amount of Bonds then Outstanding. In the absence of delivery of a notice satisfying those requirements, the Trustee may assume conclusively that there is no default or Event of Default.

In case a default or an Event of Default has occurred and is continuing hereunder (of which the Trustee has been notified), the Trustee shall exercise those rights and powers vested in it by this Indenture and shall use the same degree of care and skill in its exercise, as a prudent person would exercise or use under the circumstances in the conduct of his own affairs.

Section 9.4. Property Held in Trust.

All moneys and securities held by the Trustee at any time pursuant to the terms of this Indenture shall be held by the Trustee in trust for the purposes and under the terms and conditions of this Indenture.

Section 9.5. Trustee Protected in Relying on Certain Documents.

The Trustee may rely upon any order, notice, request, consent, waiver, certificate, statement, affidavit, requisition, bond, or other document provided to the Trustee in accordance with the terms of this Indenture that it shall in good faith reasonably believe to be genuine and to have been adopted or signed by the proper board or Person or to have been prepared and furnished pursuant to any of the provisions of this Indenture, or upon the written opinion of any counsel, architect, engineer, insurance consultant, management consultant, or accountant believed by the Trustee to be qualified in relation to the subject matter, and the Trustee shall be under no duty to make any investigation or inquiry into any statements contained or matters referred to in any such instrument. The Trustee may consult with counsel, who may or may not be Bond Counsel, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken, suffered, or omitted to be taken by it in good faith and in accordance therewith.

Whenever the Trustee shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action under this Indenture, such matter may be deemed to be conclusively proved and established by a City Certificate, unless other evidence in respect thereof be hereby specifically prescribed. Such City Certificate shall be full warrant for any action taken or suffered in good faith under the provisions hereof, but in its sole discretion the Trustee may in lieu thereof accept other evidence of such fact or matter or may require such further or additional evidence as it may deem reasonable. Except as otherwise expressly provided herein, any request, order, notice, or other direction required or permitted to be furnished pursuant to any provision hereof by the City to the Trustee shall be sufficiently executed if executed in the name of the City by the City Representative.

The Trustee shall not be under any obligation to see to the recording or filing of this Indenture, or otherwise to the giving to any Person of notice of the provisions hereof except as expressly required in Section 9.13 herein.

Section 9.6. Compensation.

Unless otherwise provided by contract with the Trustee, the Trustee shall transfer from the Administrative Fund, from time to time, reasonable compensation for all services rendered by it hereunder, including its services as Registrar and Paying Agent, together with all its reasonable expenses, charges, and other disbursements and those of its counsel, agents and employees, incurred in and about the administration and execution of the trusts hereby created and the exercise of its powers and the performance of its duties hereunder, subject to any limit on the amount of such compensation or recovery of expenses or other charges as shall be prescribed by specific agreement, and the Trustee shall have a lien therefor on any and all funds at any time held by it in the Administrative Fund. None of the provisions contained in this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties or in the exercise of any of its rights or powers, if in the judgment

of the Trustee there are reasonable grounds for believing that the repayment of such funds or liability is not reasonably assured to it. If the City shall fail to make any payment required by this Section, the Trustee may make such payment from any moneys in its possession in the Administrative Fund.

Section 9.7. Permitted Acts.

The Trustee and its directors, officers, employees, or agents may become the owner of or may in good faith buy, sell, own, hold and deal in Bonds and may join in any action that any Owner of Bonds may be entitled to take as fully and with the same rights as if it were not the Trustee. The Trustee may act as depository, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, the City or any committee formed to protect the rights of Owners or to effect or aid in any reorganization growing out of the enforcement of the Bonds or this Indenture, whether or not such committee shall represent the Owners of a majority in aggregate outstanding principal amount of the Bonds.

Section 9.8. Resignation of Trustee.

The Trustee may at any time resign and be discharged of its duties and obligations hereunder by giving not fewer than 30 days' written notice, specifying the date when such resignation shall take effect, to the City and each Owner of any Outstanding Bond. Such resignation shall take effect upon the appointment of a successor as provided in Section 9.10 and the acceptance of such appointment by such successor.

Section 9.9. Removal of Trustee.

The Trustee may be removed at any time by (i) the Owners of at least a majority of the aggregate outstanding principal of the Bonds by an instrument or concurrent instruments in writing signed and acknowledged by such Owners or by their attorneys-in-fact, duly authorized and delivered to the City, or (ii) so long as the City is not in default under this Indenture, the City. Copies of each such instrument shall be delivered by the City to the Trustee and any successor thereof. The Trustee may also be removed at any time for any breach of trust or for acting or proceeding in violation of, or for failing to act or proceed in accordance with, any provision of this Indenture with respect to the duties and obligations of the Trustee by any court of competent jurisdiction upon the application of the City or the Owners of not less than 10% of the aggregate outstanding principal of the Bonds.

Section 9.10. Successor Trustee.

If the Trustee shall resign, be removed, be dissolved, or become incapable of acting, or shall be adjudged as bankrupt or insolvent, or if a receiver, liquidator, or conservator of the Trustee or of its property shall be appointed, or if any public officer shall take charge or control of the Trustee or of its property or affairs, the position of the Trustee hereunder shall thereupon become vacant.

If the position of Trustee shall become vacant for any of the foregoing reasons or for any other reason, a successor Trustee may be appointed within one year after any such vacancy shall have occurred by the Owners of at least twenty-five percent (25%) of the aggregate outstanding principal of the Bonds by an instrument or concurrent instruments in writing signed and

acknowledged by such Owners or their attorneys-in-fact, duly authorized and delivered to such successor Trustee, with notification thereof being given to the predecessor Trustee and the City.

Until such successor Trustee shall have been appointed by the Owners of the Bonds, the City shall forthwith appoint a Trustee to act hereunder. Copies of any instrument of the City providing for any such appointment shall be delivered by the City to the Trustee so appointed. The City shall mail notice of any such appointment to each Owner of any Outstanding Bonds within 30 days after such appointment. Any appointment of a successor Trustee made by the City immediately and without further act shall be superseded and revoked by an appointment subsequently made by the Owners of Bonds.

If in a proper case no appointment of a successor Trustee shall be made within 45 days after the giving by any Trustee of any notice of resignation in accordance with Section 9.8 herein or after the occurrence of any other event requiring or authorizing such appointment, the Trustee or any Owner of Bonds may apply to any court of competent jurisdiction for the appointment of such a successor, and the court may thereupon, after such notice, if any, as the court may deem proper, appoint such successor and the City shall be responsible for the costs of such appointment process.

Any successor Trustee appointed under the provisions of this Section shall be a commercial bank or trust company or national banking association (i) having a capital and surplus and undivided profits aggregating at least \$50,000,000, if there be such a commercial bank or trust company or national banking association willing and able to accept the appointment on reasonable and customary terms, and (ii) authorized by law to perform all the duties of the Trustee required by this Indenture.

Each successor Trustee shall mail, in accordance with the provisions of the Bonds, notice of its appointment to the Trustee, any rating agency which, at the time of such appointment, is providing a rating on the Bonds and each of the Owners of the Bonds.

Section 9.11. Transfer of Rights and Property to Successor Trustee.

Any successor Trustee appointed under the provisions of Section 9.10 shall execute, acknowledge, and deliver to its predecessor and the City an instrument in writing accepting such appointment, and thereupon such successor, without any further act, deed, or conveyance, shall become fully vested with all moneys, estates, properties, rights, immunities, powers, duties, obligations, and trusts of its predecessor hereunder, with like effect as if originally appointed as Trustee. However, the Trustee then ceasing to act shall nevertheless, on request of the City or of such successor, execute, acknowledge, and deliver such instruments of conveyance and further assurance and do such other things as may reasonably be required for more fully and certainly vesting and confirming in such successor all the rights, immunities, powers, and trusts of such Trustee and all the right, title, and interest of such Trustee in and to the Trust Estate, and shall pay over, assign, and deliver to such successor any moneys or other properties subject to the trusts and conditions herein set forth. Should any deed, conveyance, or instrument in writing from the City be required by such successor for more fully and certainly vesting in and confirming to it any such moneys, estates, properties, rights, powers, duties, or obligations, any and all such deeds, conveyances, and instruments in writing, on request and so far as may be authorized by law, shall be executed, acknowledged, and delivered by the City.

Section 9.12. Merger, Conversion or Consolidation of Trustee.

Any corporation or association into which the Trustee may be merged or with which it may be consolidated or any corporation or association resulting from any merger, conversion or consolidation to which it shall be a party or any corporation or association to which the Trustee may sell or transfer all or substantially all of its corporate trust business shall be the successor to such Trustee hereunder, without any further act, deed or conveyance, provided that such corporation or association shall be a commercial bank or trust company or national banking association qualified to be a successor to such Trustee under the provisions of Section 9.10, or a trust company that is a wholly-owned subsidiary of any of the foregoing.

Section 9.13. Trustee to File Continuation Statements.

If necessary, the Trustee shall file or cause to be filed, such continuation statements as are delivered to the Trustee by the City, or on behalf of the City, and which may be required by the Texas Uniform Commercial Code, as from time to time in effect (the "UCC"), in order to continue perfection of the security interest of the Trustee in such items of tangible or intangible personal property and any fixtures as may have been granted to the Trustee pursuant to this Indenture in the time, place and manner required by the UCC.

Section 9.14. Accounts, Periodic Reports and Certificates.

The Trustee shall keep or cause to be kept proper books of record and account (separate from all other records and accounts) in which complete and correct entries shall be made of its transactions relating to the Funds and Accounts established by this Indenture and which shall at all times be subject to inspection by the City, and the Owner or Owners of not less than 10% in principal amount of any Bonds then Outstanding or their representatives duly authorized in writing.

Section 9.15. Construction of Indenture.

The Trustee may construe any of the provisions of this Indenture insofar as the same may appear to be ambiguous or inconsistent with any other provision hereof, and any construction of any such provisions hereof by the Trustee in good faith shall be binding upon the Owners of the Bonds. Permissive rights of the Trustee are not to be construed as duties.

ARTICLE X

MODIFICATION OR AMENDMENT OF THIS INDENTURE

Section 10.1. Amendments Permitted.

This Indenture and the rights and obligations of the City and of the Owners of the Bonds may be modified or amended at any time by a Supplemental Indenture, except as provided below, pursuant to the affirmative vote at a meeting of Owners of the Bonds, or with the written consent without a meeting, of the Owners of at least 51% of the aggregate principal amount of the Bonds then Outstanding. No such modification or amendment shall (i) extend the maturity of any Bond or reduce the interest rate thereon, or otherwise alter or impair the obligation of the City to pay the principal of, and the interest and any premium on, any Bond, without the express consent of the Owner of such Bond, or (ii) permit the creation by the City of any pledge or lien upon the Trust

Estate superior to or on a parity with the pledge and lien created for the benefit of the Bonds (except as otherwise permitted by Applicable Laws and this Indenture), or reduce the percentage of Owners of Bonds required for the amendment hereof. Any such amendment may not modify any of the rights or obligations of the Trustee without its written consent.

This Indenture and the rights and obligations of the City and of the Owners may also be modified or amended at any time by a Supplemental Indenture, without the consent of any Owners, only to the extent permitted by law and only for any one or more of the following purposes:

- (i) to add to the covenants and agreements of the City in this Indenture contained, other covenants and agreements thereafter to be observed, or to limit or surrender any right or power herein reserved to or conferred upon the City;
- (ii) to make modifications not adversely affecting any Outstanding Bonds in any material respect;
- (iii) to make such provisions for the purpose of curing any ambiguity, or of curing, correcting or supplementing any defective provision contained in this Indenture, or in regard to questions arising under this Indenture, as the City and the Trustee may deem necessary or desirable and not inconsistent with this Indenture, and that shall not adversely affect the rights of the Owners of the Bonds;
- (iv) to provide for the issuance of Additional Bonds or Refunding Bonds, as set forth in Section 13.2 herein; and
- (v) to make such additions, deletions or modifications as may be necessary or desirable to assure exemption from federal income taxation of interest on the Bonds.

Any modification or amendment made pursuant to this paragraph shall not be subject to the notice procedures specified in Section 10.3 below.

Notwithstanding the above, no Supplemental Indenture under subsections (i), (ii), (iii), (v) of this Section shall be effective unless the City first delivers to the Trustee an opinion of Bond Counsel to the effect that such amendment is permitted and will not adversely affect the: (i) interest of the Owners in any material respect, or (ii) exclusion of interest on any Bond from gross income for purposes of federal income taxation.

Section 10.2. Owners' Meetings.

The City may at any time call a meeting of the Owners of the Bonds. In such event the City is authorized to fix the time and place of such meeting and to provide for the giving of notice thereof, and to fix and adopt rules and regulations for the conduct of the meeting.

Section 10.3. Procedure for Amendment with Written Consent of Owners.

The City and the Trustee may at any time adopt a Supplemental Indenture amending the provisions of the Bonds or of this Indenture, to the extent that such amendment is permitted by Section 10.1 herein, to take effect when and as provided in this Section. A copy of such

Supplemental Indenture, together with a request to Owners for their consent thereto, shall be mailed by first-class mail, by the Trustee to each Owner of Bonds from whom consent is required under this Indenture, but failure to mail copies of such Supplemental Indenture and request shall not affect the validity of the Supplemental Indenture when assented to as in this Section provided.

Such Supplemental Indenture shall not become effective unless there shall be filed with the Trustee the written consents of the Owners as required by this Indenture and a notice shall have been mailed as hereinafter in this Section provided and the City or Bond Counsel, acting on the City's behalf, has delivered to the Trustee an opinion of Bond Counsel to the effect that such amendment is permitted and will not adversely affect the exclusion of interest on any Bond from gross income for purposes of federal income taxation. Each such consent shall be effective only if accompanied by proof of ownership of the Bonds for which such consent is given, which proof shall be such as is permitted by Section 11.6 herein. Any such consent shall be binding upon the Owner of the Bonds giving such consent and on any subsequent Owner (whether or not such subsequent Owner has notice thereof), unless such consent is revoked in writing by the Owner giving such consent or a subsequent Owner by filing such revocation with the Trustee prior to the date when the notice hereinafter in this Section provided for has been mailed.

After the Owners of the required percentage of Bonds shall have filed their consents to the Supplemental Indenture, the City shall mail a notice to the Owners in the manner hereinbefore provided in this Section for the mailing of the Supplemental Indenture, stating in substance that the Supplemental Indenture has been consented to by the Owners of the required percentage of Bonds and will be effective as provided in this Section (but failure to mail copies of such notice shall not affect the validity of the Supplemental Indenture or consents thereto). Proof of the mailing of such notice shall be filed with the Trustee. A record, consisting of the papers required by this Section 10.3 to be filed with the Trustee, shall be proof of the matters therein stated until the contrary is proved. The Supplemental Indenture shall become effective upon the filing with the Trustee of the proof of mailing of such notice, and the Supplemental Indenture shall be deemed conclusively binding (except as otherwise hereinabove specifically provided in this Article) upon the City and the Owners of all Bonds at the expiration of sixty (60) days after such filing, except in the event of a final decree of a court of competent jurisdiction setting aside such consent in a legal action or equitable proceeding for such purpose commenced within such sixty-day period; provided, however, that the Trustee during such sixty day period and any such further period during which any such action or proceeding may be pending shall be entitled in its sole discretion to take such action, or to refrain from taking such action, with respect to such Supplemental Indenture, as it may deem expedient; provided, further, that the Trustee shall have no obligation to take or refrain from taking any such action and the Trustee shall have no liability with respect to any action taken or any instance of inactions.

Section 10.4. Effect of Supplemental Indenture.

From and after the time any Supplemental Indenture becomes effective pursuant to this Article X, this Indenture shall be deemed to be modified and amended in accordance therewith, the respective rights, duties, and obligations under this Indenture of the City, the Trustee, and all Owners of Bonds Outstanding shall thereafter be determined, exercised and enforced hereunder subject in all respects to such modifications and amendments, and all the terms and conditions of any such Supplemental Indenture shall be deemed to be part of the terms and conditions of this Indenture for any and all purposes.

Section 10.5. Endorsement or Replacement of Bonds Issued After Amendments.

The City may determine that Bonds issued and delivered after the effective date of any action taken as provided in this Article X shall bear a notation, by endorsement or otherwise, in form approved by the City, as to such action. In that case, upon demand of the Owner of any Bond Outstanding at such effective date and presentation of his Bond for that purpose at the designated office of the Trustee or at such other office as the City may select and designate for that purpose, a suitable notation shall be made on such Bond. The City may determine that new Bonds, so modified as in the opinion of the City is necessary to conform to such Owners' action, shall be prepared, executed, and delivered. In that case, upon demand of the Owner of any Bonds then Outstanding, such new Bonds shall be exchanged at the designated office of the Trustee without cost to any Owner, for Bonds then Outstanding, upon surrender of such Bonds.

Section 10.6. Amendatory Endorsement of Bonds.

The provisions of this Article X shall not prevent any Owner from accepting any amendment as to the particular Bonds held by such Owner, provided that due notation thereof is made on such Bonds.

Section 10.7. Waiver of Default.

With the written consent of at least fifty-one percent (51%) in aggregate principal amount of the Bonds then Outstanding, the Owners may waive compliance by the City with certain past defaults under the Indenture and their consequences. Any such consent shall be conclusive and binding upon the Owners and upon all future Owners.

Section 10.8. Execution of Supplemental Indenture.

In executing, or accepting the additional trusts created by, any Supplemental Indenture permitted by this Article or the modification thereby of the trusts created by this Indenture, the Trustee shall receive, and shall be fully protected in relying upon, an opinion of counsel addressed and delivered to the Trustee and the City stating that the execution of such Supplemental Indenture is permitted by and in compliance with this Indenture. The Trustee may, but shall not be obligated to, enter into any such Supplemental Indenture which affects the Trustee's own rights, duties and immunities under this Indenture or otherwise.

ARTICLE XI

DEFAULT AND REMEDIES

Section 11.1. Events of Default.

(a) Each of the following occurrences or events shall be and is hereby declared to be an "Event of Default," to wit:

(i) The failure of the City to deposit the Pledged Revenues to the Bond Pledged Revenue Account of the Pledged Revenue Fund;

(ii) The failure of the City to enforce the collection of the Assessments, including the prosecution of foreclosure proceedings;

(iii) The failure to make payment of the principal of or interest on any of the Bonds when the same becomes due and payable and such failure is not remedied within thirty (30) days; provided, however, that the payments are to be made only from Pledged Revenues or other funds currently available in the Pledged Funds and available to the City to make any such payments; and

(iv) Default in the performance or observance of any covenant, agreement or obligation of the City under this Indenture and the continuation thereof for a period of ninety (90) days after written notice to the City by the Trustee, or by the Owners of at least 25% of the aggregate outstanding principal of the Bonds with a copy to the Trustee, specifying such default and requesting that the failure be remedied.

(b) Nothing in Section 11.1(a) will be an Event of Default if it is in violation of any applicable state law or court order.

Section 11.2. Immediate Remedies for Default.

(a) Subject to Article VIII, upon the happening and continuance of any of the Events of Default described in Section 11.1, the Trustee may, and at the written direction of the Owners of at least 25% of the Bonds then Outstanding and its receipt of indemnity satisfactory, shall proceed against the City for the purpose of protecting and enforcing the rights of the Owners under this Indenture, by action seeking mandamus or by other suit, action, or special proceeding in equity or at law, in any court of competent jurisdiction, for any relief to the extent permitted by Applicable Laws, including, but not limited to, the specific performance of any covenant or agreement contained herein, or injunction; provided, however, that no action for money damages against the City may be sought or shall be permitted. The Trustee retains the right to obtain the advice of counsel in its exercise of remedies of default.

(b) THE PRINCIPAL OF THE BONDS SHALL NOT BE SUBJECT TO ACCELERATION UNDER ANY CIRCUMSTANCES.

(c) If the assets of the Trust Estate are sufficient to pay all amounts due with respect to all Outstanding Bonds, in the selection of Trust Estate assets to be used in the payment of Bonds due under this Article, the City shall determine, in its absolute discretion, and shall instruct the Trustee by City Certificate, which Trust Estate assets shall be applied to such payment and shall not be liable to any Owner or other Person by reason of such selection and application. In the event that the City shall fail to deliver to the Trustee such City Certificate, the Trustee shall select and liquidate or sell Trust Estate assets as provided in the following paragraph, and shall not be liable to any Owner, or other Person, or the City by reason of such selection, liquidation or sale.

(d) Whenever moneys are to be applied pursuant to this Article XI, irrespective of and whether other remedies authorized under this Indenture shall have been pursued in whole or in part, the Trustee may cause any or all of the assets of the Trust Estate, including Investment Securities, to be sold. The Trustee may so sell the assets of the Trust Estate and all right, title, interest, claim and demand thereto and the right of redemption thereof, in one or more parts, at

any such place or places, and at such time or times and upon such notice and terms as the Trustee may deem appropriate and as may be required by law and apply the proceeds thereof in accordance with the provisions of this Section. Upon such sale, the Trustee may make and deliver to the purchaser or purchasers a good and sufficient assignment or conveyance for the same, which sale shall be a perpetual bar both at law and in equity against the City, and all other Persons claiming such properties. No purchaser at any sale shall be bound to see to the application of the purchase money proceeds thereof or to inquire as to the authorization, necessity, expediency, or regularity of any such sale. Nevertheless, if so requested by the Trustee, the City shall ratify and confirm any sale or sales by executing and delivering to the Trustee or to such purchaser or purchasers all such instruments as may be necessary or, in the judgment of the Trustee, proper for the purpose which may be designated in such request.

Section 11.3. Restriction on Owner's Action.

(a) No Owner shall have any right to institute any action, suit or proceeding at law or in equity for the enforcement of this Indenture or for the execution of any trust thereof or any other remedy hereunder, unless (i) a default has occurred and is continuing of which the Trustee has been notified in writing, (ii) such default has become an Event of Default and the Owners of not less than 25% of the aggregate principal amount of the Bonds then Outstanding have made written request to the Trustee and offered it reasonable opportunity either to proceed to exercise the powers hereinbefore granted or to institute such action, suit or proceeding in its own name, (iii) the Owners have furnished to the Trustee indemnity as provided in Section 9.2 herein, (iv) the Trustee has for ninety (90) days after such notice failed or refused to exercise the powers hereinbefore granted, or to institute such action, suit, or proceeding in its own name, (v) no direction inconsistent with such written request has been given to the Trustee during such 90-day period by the Owners of at least 51% of the aggregate principal amount of the Bonds then Outstanding, and (vi) notice of such action, suit is given to the Trustee; however, no one or more Owners of the Bonds shall have any right in any manner whatsoever to affect, disturb, or prejudice this Indenture by its, his, or their action or to enforce any right hereunder except in the manner provided herein, and that all proceedings at law or in equity shall be instituted and maintained in the manner provided herein and for the equal benefit of the Owners of all Bonds then Outstanding. The notification, request and furnishing of indemnity set forth above shall, at the option of the Trustee, be conditions precedent to the execution of the powers and trusts of this Indenture and to any action or cause of action for the enforcement of this Indenture or for any other remedy hereunder.

(b) Subject to Article VIII, nothing in this Indenture shall affect or impair the right of any Owner to enforce, by action at law, payment of any Bond at and after the maturity thereof, or on the date fixed for redemption or the obligation of the City to pay each Bond issued hereunder to the respective Owners thereof at the time and place, from the source and in the manner expressed herein and in the Bonds.

(c) In case the Trustee or any Owners shall have proceeded to enforce any right under this Indenture and such proceedings shall have been discontinued or abandoned for any reason or shall have been determined adversely to the Trustee or any Owners, then and in every such case the City, the Trustee and the Owners shall be restored to their former positions and rights hereunder, and all rights, remedies and powers of the Trustee shall continue as if no such proceedings had been taken.

Section 11.4. Application of Revenues and Other Moneys After Default.

(a) All moneys, securities, funds and Pledged Revenues and other assets of the Trust Estate and the income therefrom received by the Trustee pursuant to any right given or action taken under the provisions of this Article shall, after payment of the cost and expenses of the proceedings resulting in the collection of such amounts, the expenses (including its counsel), liabilities, and advances incurred or made by the Trustee, and the fees of the Trustee in carrying out this Indenture, during the continuance of an Event of Default, notwithstanding Section 11.2 hereof, shall be applied by the Trustee, on behalf of the City, to the payment of interest and principal or Redemption Price then due on Bonds, as follows:

FIRST: To the payment to the Owners entitled thereto all installments of interest then due in the direct order of maturity of such installments, and, if the amount available shall not be sufficient to pay in full any installment, then to the payment thereof ratably, according to the amounts due on such installment, to the Owners entitled thereto, without any discrimination or preference; and

SECOND: To the payment to the Owners entitled thereto of the unpaid principal of Outstanding Bonds, or Redemption Price of any Bonds which shall have become due, whether at maturity or by call for redemption, in the direct order of their due dates and, if the amounts available shall not be sufficient to pay in full all the Bonds due on any date, then to the payment thereof ratably, according to the amounts of principal due and to the Owners entitled thereto, without any discrimination or preference.

Within ten (10) days of receipt of such good and available funds, the Trustee may fix a record and payment date for any payment to be made to Owners pursuant to this Section 11.4.

(b) In the event funds are not adequate to cure any of the Events of Default described in Section 11.1, the available funds shall be allocated to the Bonds that are Outstanding in proportion to the quantity of Bonds that are currently due and in default under the terms of this Indenture.

(c) The restoration of the City to its prior position after any and all defaults have been cured, as provided in Section 11.3, shall not extend to or affect any subsequent default under this Indenture or impair any right consequent thereon.

Section 11.5. Effect of Waiver.

No delay or omission of the Trustee, or any Owner, to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein; and every power and remedy given by this Indenture to the Trustee or the Owners, respectively, may be exercised from time to time and as often as may be deemed expedient.

Section 11.6. Evidence of Ownership of Bonds.

(a) Any request, consent, revocation of consent or other instrument which this Indenture may require or permit to be signed and executed by the Owners of Bonds may be in

one or more instruments of similar tenor, and shall be signed or executed by such Owners in person or by their attorneys duly appointed in writing. Proof of the execution of any such instrument, or of any instrument appointing any such attorney, or the holding by any Person of the Bonds shall be sufficient for any purpose of this Indenture (except as otherwise herein expressly provided) if made in the following manner:

(i) The fact and date of the execution of such instruments by any Owner of Bonds or the duly appointed attorney authorized to act on behalf of such Owner may be provided by a guarantee of the signature thereon by a bank or trust company or by the certificate of any notary public or other officer authorized to take acknowledgments of deeds, that the Person signing such request or other instrument acknowledged to him the execution thereof, or by an affidavit of a witness of such execution, duly sworn to before such notary public or other officer. Where such execution is by an officer of a corporation or association or a member of a partnership, on behalf of such corporation, association or partnership, such signature guarantee, certificate, or affidavit shall also constitute sufficient proof of his authority.

(ii) The ownership of Bonds and the amount, numbers and other identification and date of holding the same shall be proved by the Register.

(b) Except as otherwise provided in this Indenture with respect to revocation of a consent, any request or consent by an Owner of Bonds shall bind all future Owners of the same Bonds in respect of anything done or suffered to be done by the City or the Trustee in accordance therewith.

Section 11.7. No Acceleration.

In the event of the occurrence of an Event of Default under Section 11.1 hereof, the right of acceleration of any Stated Maturity is not granted as a remedy hereunder and the right of acceleration under this Indenture is expressly denied.

Section 11.8. Mailing of Notice.

Any provision in this Article for the mailing of a notice or other document to Owners shall be fully complied with if it is mailed, first-class, postage prepaid, only to each Owner at the address appearing upon the Register.

Section 11.9. Exclusion of Bonds.

Bonds owned or held by or for the account of the City will not be deemed Outstanding for the purpose of consent or other action or any calculation of Outstanding Bonds provided for in this Indenture, and the City shall not be entitled with respect to such Bonds to give any consent or take any other action provided for in this Indenture.

Section 11.10. Remedies Not Exclusive.

No remedy herein conferred upon or reserved to the Trustee or to the Owners is intended to be exclusive of any other remedy and each and every such remedy shall be cumulative and

shall be in addition to any other remedy given hereunder or now or hereafter existing at law or in equity, by statute or by contract.

Section 11.11. Direction of Owners.

Anything herein to the contrary notwithstanding, the Owners of at least 25% of the aggregate outstanding principal of the Bonds shall have the right by an instrument in writing executed and delivered to the Trustee, to direct the choice of remedies and the time, method, and place of conducting a proceeding for any remedy available to the Trustee hereunder, under each Supplemental Indenture, or otherwise, or exercising any trust or power conferred upon the Trustee, including the power to direct or withhold directions with respect to any remedy available to the Trustee or the Owners, provided, (i) such direction shall not be otherwise than in accordance with Applicable Laws and the provisions hereof, (ii) that the Trustee may take any other action deemed proper by the Trustee which is not inconsistent with such direction, and (iii) that the Trustee shall have the right to decline to follow any such direction which, in the opinion of the Trustee, would be unjustly prejudicial to Owners not parties to such direction.

ARTICLE XII

GENERAL COVENANTS AND REPRESENTATIONS

Section 12.1. Representations as to Trust Estate.

(a) The City represents and warrants that it is authorized by Applicable Laws to authorize and issue the Bonds, to execute and deliver this Indenture and to pledge the Trust Estate in the manner and to the extent provided in this Indenture, and that the Pledged Revenues and the Trust Estate are and will be and remain free and clear of any pledge, lien, charge, or encumbrance thereon or with respect thereto prior to, or of equal rank with, the pledge and lien created in or authorized by this Indenture except as expressly provided herein.

(b) The City shall at all times, to the extent permitted by Applicable Laws, defend, preserve and protect the pledge of the Trust Estate and all the rights of the Owners and the Trustee, under this Indenture against all claims and demands of all Persons whomsoever.

(c) The City will take all steps reasonably necessary and appropriate, and will direct the Trustee to take all steps reasonably necessary and appropriate, to collect all delinquencies in the collection of the Assessments and any other amounts pledged to the payment of the Bonds to the fullest extent permitted by the PID Act and other Applicable Laws.

(d) To the extent permitted by law, notice of the Annual Installments shall be sent by, or on behalf of the City, to the affected property owners on the same statement or such other mechanism that is used by the City, so that such Annual Installments are collected simultaneously with ad valorem taxes and shall be subject to the same penalties, procedures, and foreclosure sale in case of delinquencies as are provided for ad valorem taxes of the City.

Section 12.2. Accounts, Periodic Reports and Certificates.

The Trustee shall keep or cause to be kept proper books of record and account (separate from all other records and accounts) in which complete and correct entries shall be made of its

transactions relating to the Funds and Accounts established by this Indenture and which shall at all times be subject to inspection by the City and the Owner or Owners of not less than 10% in principal amount of any Bonds then Outstanding or their representatives duly authorized in writing.

Section 12.3. General.

The City shall do and perform or cause to be done and performed all acts and things required to be done or performed by or on behalf of the City under the provisions of this Indenture.

ARTICLE XIII

SPECIAL COVENANTS

Section 13.1. Further Assurances; Due Performance.

(a) At any and all times the City will duly execute, acknowledge and deliver, or will cause to be done, executed and delivered, all and every such further acts, conveyances, transfers, and assurances in a manner as the Trustee shall reasonably require for better conveying, transferring, pledging, and confirming unto the Trustee, all and singular, the revenues, Funds, Accounts and properties constituting the Pledged Revenues, and the Trust Estate hereby transferred and pledged, or intended so to be transferred and pledged.

(b) The City will duly and punctually keep, observe and perform each and every term, covenant and condition on its part to be kept, observed and performed, contained in this Indenture.

Section 13.2. Additional Obligations or Other Liens.

(a) The City reserves the right, subject to the provisions contained in this Section 13.2, to issue Additional Obligations under other indentures, assessment ordinances, or similar agreements or other obligations which do not constitute or create a lien on the Trust Estate and are not payable from the Pledged Revenues.

(b) Other than Refunding Bonds, the City will not create or voluntarily permit to be created any debt, lien or charge on the Trust Estate, and will not do or omit to do or suffer to be or omitted to be done any matter or things whatsoever whereby the lien of this Indenture or the priority hereof might or could be lost or impaired.

(c) Additionally, the City has reserved the right to issue bonds or other obligations secured by and payable from Pledged Revenues so long as such pledge is subordinate to the pledge of Pledged Revenues securing payment of the Bonds.

(d) Notwithstanding anything to the contrary herein, no Refunding Bonds, Additional Obligations or subordinate obligations described by Section 13.2(c) above may be issued by the City unless: (1) the principal (including sinking fund installments) of such Refunding Bonds, Additional Obligations or subordinate obligations are scheduled to mature on September 1 of the years in which principal is schedule to mature, and (2) the interest on such Refunding Bonds, Additional Obligations or subordinate obligations must be scheduled to be paid on March 1 and/or September 1 of the years in which interest is scheduled to be paid.

Section 13.3. Books of Record.

(a) The City shall cause to be kept full and proper books of record and accounts, in which full, true and proper entries will be made of all dealing, business and affairs of the City, which relate to the Trust Estate and the Bonds.

(b) The Trustee shall have no responsibility with respect to the financial and other information received by it pursuant to this Section 13.3 except to receive and retain the same, subject to the Trustee's document retention policies, and to distribute the same in accordance with the provisions of this Indenture. Specifically, but without limitation, the Trustee shall have no duty to review such information, is not considered to have notice of the contents of such information or a default based on such contents, and has no duty to verify the accuracy of such information.

ARTICLE XIV

PAYMENT AND CANCELLATION OF THE BONDS AND SATISFACTION OF THE INDENTURE

Section 14.1. Trust Irrevocable.

The trust created by the terms and provisions of this Indenture is irrevocable until the Bonds secured hereby are fully paid or provision is made for their payment as provided in this Article.

Section 14.2. Satisfaction of Indenture.

If the City shall pay or cause to be paid, or there shall otherwise be paid to the Owners, principal of and interest on all of the Bonds, at the times and in the manner stipulated in this Indenture, and all amounts due and owing with respect to the Bonds have been paid or provided for, then the pledge of the Trust Estate and all covenants, agreements, and other obligations of the City to the Owners of such Bonds, shall thereupon cease, terminate, and become void and be discharged and satisfied. In such event, the Trustee shall execute and deliver to the City copies of all such documents as it may have evidencing that principal of and interest on all of the Bonds has been paid so that the City may determine if the Indenture is satisfied; if so, the Trustee shall pay over or deliver all moneys held by it in the in Funds and Accounts held hereunder to the Person entitled to receive such amounts, or, if no Person is entitled to receive such amounts, then to the City.

Section 14.3. Bonds Deemed Paid.

All Outstanding Bonds shall, prior to the Stated Maturity or redemption date thereof, be deemed to have been paid and to no longer be deemed Outstanding if (i) in case any such Bonds are to be redeemed on any date prior to their Stated Maturity, the Trustee shall have given notice of redemption on such date as provided herein, (ii) there shall have been deposited with the Trustee either moneys in an amount which shall be sufficient, or Defeasance Securities the principal of and the interest on which when due will provide moneys which, together with any moneys deposited with the Trustee for such purpose, shall be sufficient to pay when due the principal of and interest on of the Bonds to become due on such Bonds on and prior to the

redemption date or maturity date thereof, as the case may be, (iii) the Trustee shall have received a report by an independent certified public accountant or other authorized third-party, selected by the City verifying the sufficiency of the moneys and/or Defeasance Securities deposited with the Trustee to pay when due the principal of and interest on of the Bonds to become due on such Bonds on and prior to the redemption date or maturity date thereof, as the case may be, and (iv) if the Bonds are then rated, the Trustee shall have received written confirmation from each rating agency then publishing a rating on the Bonds that such deposit will not result in the reduction or withdrawal of the rating on the Bonds. Neither Defeasance Securities nor moneys deposited with the Trustee pursuant to this Section nor principal or interest payments on any such Defeasance Securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal of and interest on the Bonds. Any cash received from such principal of and interest on such Defeasance Securities deposited with the Trustee, if not then needed for such purpose, shall, be reinvested in Defeasance Securities as directed in writing by the City maturing at times and in amounts sufficient to pay when due the principal of and interest on the Bonds on and prior to such redemption date or maturity date thereof, as the case may be. Any payment for Defeasance Securities purchased for the purpose of reinvesting cash as aforesaid shall be made only against delivery of such Defeasance Securities.

ARTICLE XV

MISCELLANEOUS

Section 15.1. Benefits of Indenture Limited to Parties.

Nothing in this Indenture, expressed or implied, is intended to give to any Person other than the City, the Trustee and the Owners, any right, remedy, or claim under or by reason of this Indenture. Any covenants, stipulations, promises or agreements in this Indenture by and on behalf of the City shall be for the sole and exclusive benefit of the Owners and the Trustee.

Section 15.2. Successor is Deemed Included in All References to Predecessor.

Whenever in this Indenture or any Supplemental Indenture either the City or the Trustee is named or referred to, such reference shall be deemed to include the successors or assigns thereof, and all the covenants and agreements in this Indenture contained by or on behalf of the City or the Trustee shall bind and inure to the benefit of the respective successors and assigns thereof whether so expressed or not.

Section 15.3. Execution of Documents and Proof of Ownership by Owners.

Any request, declaration, or other instrument which this Indenture may require or permit to be executed by Owners may be in one or more instruments of similar tenor, and shall be executed by Owners in person or by their attorneys duly appointed in writing.

Except as otherwise herein expressly provided, the fact and date of the execution by any Owner or his attorney of such request, declaration, or other instrument, or of such writing appointing such attorney, may be proved by the certificate of any notary public or other officer authorized to take acknowledgments of deeds to be recorded in the state in which he purports to act, that the Person signing such request, declaration, or other instrument or writing acknowledged to him the execution thereof, or by an affidavit of a witness of such execution, duly sworn to before such notary public or other officer.

Except as otherwise herein expressly provided, the ownership of registered Bonds and the amount, maturity, number, and date of holding the same shall be proved by the Register.

Any request, declaration or other instrument or writing of the Owner of any Bond shall bind all future Owners of such Bond in respect of anything done or suffered to be done by the City or the Trustee in good faith and in accordance therewith.

Section 15.4. Waiver of Personal Liability.

No member, officer, agent, or employee of the City shall be individually or personally liable for the payment of the principal of, or interest or any premium on, the Bonds; but nothing herein contained shall relieve any such member, officer, agent, or employee from the performance of any official duty provided by law.

Section 15.5. Notices to and Demands on City and Trustee.

(a) Except as otherwise expressly provided in this Indenture, all notices or other instruments required or permitted under this Indenture, including any City Certificate, shall be in writing and shall be telexed, cabled, delivered by hand, mailed by first-class mail, postage prepaid, or transmitted by facsimile or e-mail and addressed as follows:

If to the City:

City of Celina, Texas
142 North Ohio Street
Celina, Texas 75009
Attn: City Manager

If to the Trustee
or the Paying Agent/Registrar:

U.S. Bank Trust Company National Association
Attention: Bond Operations
111 Fillmore Avenue East
St. Paul, Minnesota 55107-1402

Any such notice, demand, or request may also be transmitted to the appropriate party by telephone and shall be deemed to be properly given or made at the time of such transmission if, and only if, such transmission of notice shall be confirmed in writing and sent as specified above.

Any of such addresses may be changed at any time upon written notice of such change given to the other party by the party effecting the change. Notices and consents given by mail in accordance with this Section shall be deemed to have been given five Business Days after the date of dispatch; notices and consents given by any other means shall be deemed to have been given when received.

(b) The Trustee shall mail to each Owner of a Bond notice of (i) any substitution of the Trustee; or (ii) the redemption or defeasance of all Bonds Outstanding.

(c) The Trustee agrees to accept and act upon instructions or directions pursuant to this Indenture sent by unsecured e-mail, facsimile transmission or other similar unsecured electronic methods, provided, however, that the City shall provide to the Trustee an incumbency certificate listing designated persons authorized to provide such instructions, which incumbency certificate shall be amended whenever a person is to be added or deleted from the listing. If the

City elects to give the Trustee e-mail or facsimile instructions (or instructions by a similar electronic method) and the Trustee in its sole discretion elects to act upon such instructions, the Trustee's understanding of such instructions shall be deemed controlling. The Trustee shall not be liable for any losses, costs or expenses arising directly or indirectly from the Trustee's reliance upon and compliance with such instructions notwithstanding such instructions conflict or are inconsistent with a previous or subsequent written instruction. The City agrees to assume all risks arising out of the use of such electronic methods to submit instructions and directions to the Trustee, including without limitation the risk of the Trustee acting on unauthorized instructions, and the risk of interception and misuse by third parties.

Section 15.6. Partial Invalidity.

If any Section, paragraph, sentence, clause, or phrase of this Indenture shall for any reason be held illegal or unenforceable, such holding shall not affect the validity of the remaining portions of this Indenture. The City hereby declares that it would have adopted this Indenture and each and every other Section, paragraph, sentence, clause, or phrase hereof and authorized the issue of the Bonds pursuant thereto irrespective of the fact that any one or more Sections, paragraphs, sentences, clauses, or phrases of this Indenture may be held illegal, invalid, or unenforceable.

Section 15.7. Applicable Laws.

This Indenture shall be governed by and enforced in accordance with the laws of the State of Texas applicable to contracts made and performed in the State of Texas.

Section 15.8. Payment on Business Day.

In any case where the date of the maturity of interest or of principal (and premium, if any) of the Bonds or the date fixed for redemption of any Bonds or the date any action is to be taken pursuant to this Indenture is other than a Business Day, the payment of interest or principal (and premium, if any) or the action need not be made on such date but may be made on the next succeeding day that is a Business Day with the same force and effect as if made on the date required and no interest shall accrue for the period from and after such date.

Section 15.9. Counterparts.

This Indenture may be executed in counterparts, each of which shall be deemed an original.

Section 15.10. No Boycott of Israel.

To the extent this Indenture constitutes a contract for goods or services for which a written verification is required under Section 2271.002, Texas Government Code, the Trustee hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott Israel and will not boycott Israel during the term of this Indenture. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Federal law. As used in the foregoing verification, 'boycott Israel,' a term defined in Section 2271.001, Texas Government Code, by reference to Section 808.001(1), Texas Government Code, means refusing to deal with,

terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes. The Trustee understands 'affiliate' to mean an entity that controls, is controlled by, or is under common control with the Trustee within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit.

Section 15.11. Iran, Sudan, and Foreign Terrorist Organizations.

The Trustee represents that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, and posted on any of the following pages of such officer's internet website:

<https://comptroller.texas.gov/purchasing/docs/sudan-list.pdf>,
<https://comptroller.texas.gov/purchasing/docs/iran-list.pdf>, or
<https://comptroller.texas.gov/purchasing/docs/fto-list.pdf>.

The foregoing representation is made solely to enable the City to comply with Section 2252.152, Texas Government Code, and to the extent such Section does not contravene applicable Federal law and excludes the Trustee and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization. The Trustee understands 'affiliate' to mean an entity that controls, is controlled by, or is under common control with the Trustee within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit.

Section 15.12. No Discrimination Against Fossil Fuel Companies.

To the extent this Indenture constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 13 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Trustee hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott energy companies and will not boycott energy companies during the term of this Indenture. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Texas or federal law. As used in the foregoing verification, "boycott energy companies," a term defined in Section 2274.001(1), Texas Government Code (as enacted by such Senate Bill) by reference to Section 809.001, Texas Government Code (also as enacted by such Senate Bill), shall mean, without an ordinary business purpose, refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company (A) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable federal and state law; or (B) does business with a company described by (A) above. The Trustee understands 'affiliate' to mean an entity that controls, is controlled by, or is under common control with the Trustee within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit.

Section 15.13. No Discrimination Against Firearm Entities and Firearm Trade Associations.

(a) To the extent this Indenture constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 19 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Trustee hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate against a firearm entity or firearm trade association during the term of this Indenture. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Texas or federal law. As used in the foregoing verification and the following definitions:

(i) 'discriminate against a firearm entity or firearm trade association,' a term defined in Section 2274.001(3), Texas Government Code (as enacted by such Senate Bill), (A) means, with respect to the firearm entity or firearm trade association, to (i) refuse to engage in the trade of any goods or services with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, (ii) refrain from continuing an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, or (iii) terminate an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association and (B) does not include (i) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories and (ii) a company's refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship (aa) to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency or (bb) for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity's or association's status as a firearm entity or firearm trade association;

(ii) 'firearm entity,' a term defined in Section 2274.001(6), Texas Government Code (as enacted by such Senate Bill), means a manufacturer, distributor, wholesaler, supplier, or retailer of firearms (defined in Section 2274.001(4), Texas Government Code, as enacted by such Senate Bill, as weapons that expel projectiles by the action of explosive or expanding gases), firearm accessories (defined in Section 2274.001(5), Texas Government Code, as enacted by such Senate Bill, as devices specifically designed or adapted to enable an individual to wear, carry, store, or mount a firearm on the individual or on a conveyance and items used in conjunction with or mounted on a firearm that are not essential to the basic function of the firearm, including detachable firearm magazines), or ammunition (defined in Section 2274.001(1), Texas Government Code, as enacted by such Senate Bill, as a loaded cartridge case, primer, bullet, or propellant powder with or without a projectile) or a sport shooting range (defined in Section 250.001, Texas Local Government Code, as a business establishment, private club, or association that operates an area for the discharge or other use of firearms for silhouette, skeet, trap, black powder, target, self-defense, or similar recreational shooting); and

(iii) 'firearm trade association,' a term defined in Section 2274.001(7), Texas Government Code (as enacted by such Senate Bill), means any person, corporation, unincorporated association, federation, business league, or business organization that (i) is not organized or operated for profit (and none of the net earnings of which inures to the benefit of any private shareholder or individual), (ii) has two or more firearm entities as members, and (iii) is exempt from federal income taxation under Section 501(a), Internal Revenue Code of 1986, as an organization described by Section 501(c) of that code.

(b) The Trustee understands 'affiliate' to mean an entity that controls, is controlled by, or is under common control with the Trustee within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit.

or registered assigns, on the Maturity Date, as specified above, the sum of

_____ DOLLARS

unless this Bond shall have been sooner called for redemption and the payment of the principal hereof shall have been paid or provision for such payment shall have been made, and to pay interest on the unpaid principal amount hereof from the later of the Date of Delivery, as specified above, or the most recent Interest Payment Date to which interest has been paid or provided for until such principal amount shall have been paid or provided for, at the per annum rate of interest specified above, computed on the basis of a 360-day year of twelve 30-day months, such interest to be paid semiannually on March 1 and September 1 of each year, commencing March 1, 2024, until maturity or prior redemption.

Capitalized terms appearing herein that are defined terms in the Indenture defined below, have the meanings assigned to them in the Indenture. Reference is made to the Indenture for such definitions and for all other purposes.

The principal of this Bond shall be payable without exchange or collection charges in lawful money of the United States of America upon presentation and surrender of this Bond at the corporate trust office in St. Paul, Minnesota (the "Designated Payment/Transfer Office"), of U.S. Bank Trust Company, National Association, as trustee and paying agent/registrar (the "Trustee", which term includes any successor trustee under the Indenture), or, with respect to a successor trustee and paying agent/registrar, at the Designated Payment/Transfer Office of such successor. Interest on this Bond is payable by check dated as of the Interest Payment Date, mailed by the

Trustee to the registered owner at the address shown on the registration books kept by the Trustee or by such other customary banking arrangements acceptable to the Trustee, requested by, and at the risk and expense of, the Person to whom interest is to be paid. For the purpose of the payment of interest on this Bond, the registered owner shall be the Person in whose name this Bond is registered at the close of business on the "Record Date," which shall be the fifteenth calendar day of the month next preceding such Interest Payment Date; provided, however, that in the event of nonpayment of interest on a scheduled Interest Payment Date, and for 30 days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Trustee, if and when funds for the payment of such interest have been received from the City. Notice of the Special Record Date and of the scheduled payment date of the past due interest (the "Special Payment Date," which shall be 15 days after the Special Record Date) shall be sent at least five Business Days prior to the Special Record Date by United States mail, first-class, postage prepaid, to the address of each Owner of a Bond appearing on the books of the Trustee at the close of business on the last Business Day preceding the date of mailing such notice.

If a date for the payment of the principal of or interest on the Bonds is a Saturday, Sunday, legal holiday, or a day on which banking institutions in the city in which the Designated Payment/Transfer Office is located are authorized by law or executive order to close, then the date for such payment shall be the next succeeding Business Day, and payment on such date shall have the same force and effect as if made on the original date payment was due.

This Bond is one of a duly authorized issue of assessment revenue bonds of the City having the designation specified in its title (herein referred to as the "Bonds"), dated September 6, 2023, issued in the aggregate principal amount of \$_____ and issued, with the limitations described herein, pursuant to an Indenture of Trust, dated as of September 1, 2023 (the "Indenture"), by and between the City and the Trustee, to which Indenture reference is hereby made for a description of the amounts thereby pledged and assigned, the nature and extent of the lien and security, the respective rights thereunder to the holders of the Bonds, the Trustee, and the City, and the terms upon which the Bonds are, and are to be, authenticated and delivered and by this reference to the terms of which each holder of this Bond hereby consents. All Bonds issued under the Indenture are equally and ratably secured by the amounts thereby pledged and assigned. The Bonds are being issued for the purpose of (i) paying a portion of the Actual Costs of the Authorized Improvements, (ii) paying a portion of the interest on the Bonds during and after the period of acquisition and construction of the Authorized Improvements, (iii) funding a reserve fund for payment of principal and interest on the Bonds, (iv) paying a portion of the costs incidental to the organization and administration of the District, and (v) paying costs of issuance of the Bonds.

The Bonds are limited obligations of the City payable solely from the Trust Estate as defined in the Indenture. Reference is hereby made to the Indenture, copies of which are on file with and available upon request from the Trustee, for the provisions, among others, with respect to the nature and extent of the duties and obligations of the City, the Trustee and the Owners. The Owner of this Bond, by the acceptance hereof, is deemed to have agreed and consented to the terms, conditions and provisions of the Indenture.

Notwithstanding any provision hereof, the Indenture may be released and the obligation of the City to make money available to pay this Bond may be defeased by the deposit of money and/or certain direct or indirect Defeasance Securities sufficient for such purpose as described in the Indenture.

The Bonds are issuable as fully registered bonds only in Authorized Denominations, subject to the provisions of the Indenture authorizing redemption in denominations of \$100,000 and any multiple of \$1,000 in excess thereof.

The Bonds are subject to sinking fund redemption prior to their respective maturities and will be redeemed by the City in part at a price equal to the principal amount thereof plus accrued and unpaid interest thereon to the date set for redemption from moneys available for such purpose in the Redemption Fund pursuant to Article VI of the Indenture, on the dates and in the Sinking Fund Installment amounts as set forth in the following schedule:

At least forty-five (45) days prior to each mandatory sinking fund redemption date, and subject to any prior reduction authorized by the Indenture, the Trustee shall select for redemption, pursuant to the provisions of the Indenture, a principal amount of Bonds of such maturity equal to the Sinking Fund Installments of such Bonds to be redeemed, shall call such Bonds for redemption on such scheduled mandatory sinking fund redemption date, and shall give notice of such redemption, as provided in the Indenture.

The principal amount of Bonds required to be redeemed on any mandatory sinking fund redemption date shall be reduced, at the option of the City, by the principal amount of any Bonds of such maturity which, at least 45 days prior to the mandatory sinking fund redemption date (i) shall have been acquired by the City at a price not exceeding the principal amount of such Bonds plus accrued and unpaid interest to the date of purchase thereof, and delivered to the Trustee for cancellation, or (ii) shall have been redeemed pursuant to optional redemption or extraordinary optional redemption and not previously credited to a mandatory sinking fund redemption.

The City reserves the right and option to redeem Bonds maturing on or after September 1, 20__ before their scheduled maturity dates, in whole or in part, on any date on or after September 1, 20__, such redemption date or dates to be fixed by the City, at a price of par (the "Redemption Price"), plus accrued interest to the date of redemption.

Bonds are subject to extraordinary optional redemption prior to maturity in whole or in part, on a date specified in a City Certificate, at a Redemption Price equal to the principal amount of the Bonds called for redemption, plus accrued and unpaid interest to the date fixed for redemption, pursuant to the provisions of the Indenture, from amounts on deposit in the Redemption Fund as a result of Prepayments, other transfers to the Redemption Fund pursuant to the Indenture, or as a result of unexpended amounts transferred from the Project Fund as provided in the Indenture.

The Trustee shall give notice of any redemption of Bonds by sending notice by United States mail, first-class, postage prepaid, not less than 30 days before the date fixed for redemption, to the Owner of each Bond (or part thereof) to be redeemed, at the address shown on the Register. The notice shall state the redemption date, the Redemption Price, the place at which the Bonds are to be surrendered for payment, and, if less than all the Bonds Outstanding are to be redeemed, an identification of the Bonds or portions thereof to be redeemed. Any notice so given shall be conclusively presumed to have been duly given, whether or not the Owner receives such notice.

With respect to any optional redemption of the Bonds, unless the Trustee has received funds sufficient to pay the Redemption Price of the Bonds to be redeemed before giving of a notice of redemption, the notice may state the City may condition redemption on the receipt of such funds by the Trustee on or before the date fixed for the redemption, or on the satisfaction of any other prerequisites set forth in the notice of redemption. If a conditional notice of redemption is given and such prerequisites to the redemption are not satisfied and sufficient funds are not received, the notice shall be of no force and effect, the City shall not redeem the Bonds and the Trustee shall give notice, in the manner in which the notice of redemption was given, that the Bonds have not been redeemed.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the City and the rights of the holders of the Bonds under the Indenture at any time Outstanding affected by such modification. The

Parvin PID Indenture of Trust

Indenture also contains provisions permitting the holders of specified percentages in aggregate principal amount of the Bonds at the time Outstanding, on behalf of the holders of all the Bonds, to waive compliance by the City with certain past defaults under the Bond Ordinance or the Indenture and their consequences. Any such consent or waiver by the holder of this Bond or any predecessor Bond evidencing the same debt shall be conclusive and binding upon such holder and upon all future holders thereof and of any Bond issued upon the transfer thereof or in exchange therefor or in lieu thereof, whether or not notation of such consent or waiver is made upon this Bond.

As provided in the Indenture, this Bond is transferable upon surrender of this Bond for transfer at the Designated Payment/Transfer Office, with such endorsement or other evidence of transfer as is acceptable to the Trustee, and upon delivery to the Trustee of such certifications and/or opinion of counsel as may be required under the Indenture for the transfer of this Bond. Upon satisfaction of such requirements, one or more new fully registered Bonds of the same Stated Maturity, of Authorized Denominations, bearing the same rate of interest, and for the same aggregate principal amount will be issued to the designated transferee or transferees.

Neither the City nor the Trustee shall be required to issue, transfer or exchange any Bond called for redemption where such redemption is scheduled to occur within 45 calendar days of the transfer or exchange date; provided, however, such limitation shall not be applicable to an exchange by the registered owner of the uncalled principal balance of a Bond redeemed in part.

The City, the Trustee, and any other Person may treat the Person in whose name this Bond is registered as the owner hereof for the purpose of receiving payment as herein provided (except interest shall be paid to the Person in whose name this Bond is registered on the Record Date or Special Record Date, as applicable) and for all other purposes, whether or not this Bond be overdue, and neither the City nor the Trustee shall be affected by notice to the contrary.

The City has reserved the right to issue Additional Obligations on the terms and conditions specified in the Indenture.

NEITHER THE FULL FAITH AND CREDIT NOR THE GENERAL TAXING POWER OF THE CITY OF CELINA, TEXAS, THE STATE OF TEXAS, OR ANY POLITICAL SUBDIVISION THEREOF, IS PLEDGED TO THE PAYMENT OF THE BONDS.

IT IS HEREBY CERTIFIED AND RECITED that the issuance of this Bond and the series of which it is a part is duly authorized by law; that all acts, conditions and things required to be done precedent to and in the issuance of the Bonds have been properly done and performed and have happened in regular and due time, form and manner, as required by law; and that the total indebtedness of the City, including the Bonds, does not exceed any Constitutional or statutory limitation.

IN WITNESS WHEREOF, the City Council of the City has caused this Bond to be executed under the official seal of the City.

BOND PURCHASE AGREEMENT

August 8, 2023

City of Celina, Texas
 142 N. Ohio Street
 Celina, Texas 76201

Ladies and Gentlemen:

The undersigned, FMSbonds, Inc. (the “Underwriter”), offers to enter into this Bond Purchase Agreement (this “Agreement”) with the City of Celina, Texas (the “City”), which will be binding upon the City and the Underwriter upon the acceptance of this Agreement by the City. This offer is made subject to its acceptance by the City by execution of this Agreement and its delivery to the Underwriter on or before 10:00 p.m., Central Time, on the date hereof and, if not so accepted, will be subject to withdrawal by the Underwriter upon written notice delivered to the City at any time prior to the acceptance hereof by the City. All capitalized terms not otherwise defined herein shall have the meanings given to such terms in the Indenture (defined herein) between the City and U.S. Bank Trust Company, National Association, as trustee (the “Trustee”), authorizing the issuance of the Bonds (defined herein), and in the Limited Offering Memorandum (defined herein).

1. Purchase and Sale of Bonds. Upon the terms and conditions and upon the basis of representations, warranties, and agreements hereinafter set forth, the Underwriter hereby agrees to purchase from the City, and the City hereby agrees to sell to the Underwriter, all (but not less than all) of the \$(PAR AMOUNT) aggregate principal amount of the “City of Celina, Texas, Special Assessment Revenue Bonds, Series 2023 (Parvin Public Improvement District Project)” (the “Bonds”), at a purchase price of \$_____ (representing the aggregate principal amount of the Bonds less an Underwriter’s discount of \$_____).

Inasmuch as this purchase and sale represents a negotiated transaction, the City understands, and hereby confirms, that the Underwriter is not acting as a municipal advisor or fiduciary of the City (including, without limitation, a Municipal Advisor (as such term is defined in Section 975(e) of the Dodd Frank Wall Street Reform and Consumer Protection Act)), but rather is acting solely in its capacity as Underwriter for its own account. The City acknowledges and agrees that (i) the purchase and sale of the Bonds pursuant to this Agreement is an arm’s length commercial transaction between the City and the Underwriter and the Underwriter has financial

and other interests that differ from any other party to this Agreement, (ii) in connection therewith and with the discussions, undertakings, and procedures leading up to the consummation of this transaction, the Underwriter is and has been acting solely as a principal and is not acting as the agent, municipal advisor, financial advisor, or fiduciary of the City, (iii) the Underwriter has not assumed an advisory or fiduciary responsibility in favor of the City with respect to the offering described herein or the discussions, undertakings, and procedures leading thereto (regardless of whether the Underwriter has provided other services or is currently providing other services to the City on other matters) and the Underwriter has no obligation to the City with respect to the offering described herein except the obligations expressly set forth in this Agreement, (iv) the City has consulted its own legal, financial and other advisors to the extent it has deemed appropriate, (v) the Underwriter has financial and other interests that differ from those of the City, and (vi) the Underwriter has provided to the City prior disclosures under Rule G-17 of the Municipal Securities Rulemaking Board (“MSRB”), which have been received by the City. The City further acknowledges and agrees that following the issuance and delivery of the Bonds, the Underwriter has indicated that it may have periodic discussions with the City regarding the expenditure of Bond proceeds and the construction of the Authorized Improvements financed with the Bonds and, in connection with such discussions, the Underwriter shall be acting solely as a principal and will not be acting as the agent or fiduciary of, and will not be assuming an advisory or fiduciary responsibility in favor of, the City.

The Bonds shall be dated September 1, 2023 and shall have the maturities and redemption features, if any, and bear interest at the rates per annum shown on Schedule I hereto. Payment for and delivery of the Bonds, and the other actions described herein, shall take place on September 6, 2023 (or such other date as may be agreed to by the City and the Underwriter) (the “Closing Date”).

2. Authorization Instruments and Law. The Bonds were authorized by an Ordinance enacted by the City Council of the City (the “City Council”) on August 8, 2023 (the “Bond Ordinance”) and shall be issued pursuant to the provisions of Subchapter A of Chapter 372, Texas Local Government Code, as amended (the “Act”), and the Indenture of Trust, dated as of September 1, 2023, between the City and the Trustee, authorizing the issuance of the Bonds (the “Indenture”). The Bonds shall be substantially in the form described in, and shall be secured under the provisions of, the Indenture.

The Bonds and interest thereon shall be secured by the proceeds of special assessments (the “Assessments”) levied on the assessable parcels within the Parvin Public Improvement District (the “District”). The District was established by a resolution enacted by the City Council on April 11, 2023 (the “Creation Resolution”) in accordance with the Act.

A Service and Assessment Plan (the “Service and Assessment Plan”) which sets forth the costs of the Authorized Improvements and the method of payment of the Assessments levied against assessable property located within the District, was approved pursuant to an assessment ordinance adopted by the City Council on August 8, 2023 (the “Assessment Ordinance” and, together with the Creation Resolution, the Indenture and the Bond Ordinance, the “Authorizing Documents”). The Bonds shall be further secured by certain applicable funds and accounts created under the Indenture.

The Bonds shall be as described in Schedule I, the Indenture, and the Limited Offering Memorandum. The proceeds of the Bonds shall be used for (i) paying a portion of the Actual Costs of the Authorized Improvements, which consist of the costs of the infrastructure benefitting the District, (ii) paying a portion of the interest on the Bonds during and after the period of acquisition and construction of the Authorized Improvements, (iii) funding a reserve fund for the payment of principal of and interest on the Bonds, (iv) paying a portion of the costs incidental to the organization and administration of the District, and (v) paying the costs of issuance of the Bonds.

3. Limited Public Offering. The Underwriter agrees to make a bona fide limited public offering of all of the Bonds in accordance with Section 11 hereof. On or before the third (3rd) business day prior to the Closing Date, the Underwriter shall execute and deliver to Bond Counsel the Issue Price Certificate, in substantially the form attached hereto as Appendix B.

4. Limited Offering Memorandum.

(a) Delivery of Limited Offering Memorandum. The City previously has delivered, or caused to be delivered, to the Underwriter the Preliminary Limited Offering Memorandum for the Bonds dated July 25, 2023 (the “Preliminary Limited Offering Memorandum”), in a “designated electronic format,” as defined in the Municipal Securities Rulemaking Board (“MSRB”) Rule G-32 (“Rule G-32”). The City will prepare, or cause to be prepared, a final Limited Offering Memorandum relating to the Bonds (the “Limited Offering Memorandum”) which will be (i) dated the date of this Agreement, (ii) complete within the meaning of the United States Securities and Exchange Commission’s Rule 15c2-12, as amended (“Rule 15c2-12”), (iii) in a “designated electronic format,” and (iv) substantially in the form of the most recent version of the Preliminary Limited Offering Memorandum provided to the Underwriter before the execution hereof. The Limited Offering Memorandum, including the cover page thereto, all exhibits, schedules, appendices, maps, charts, pictures, diagrams, reports, and statements included or incorporated therein or attached thereto, and all amendments and supplements thereto that may be authorized for use with respect to the Bonds are collectively referred to herein as the “Limited Offering Memorandum.” Until the Limited Offering Memorandum has been prepared and is available for distribution, the City shall provide to the Underwriter sufficient quantities (which may be in electronic format) of the Preliminary Limited Offering Memorandum as the Underwriter reasonably deems necessary to satisfy the obligation of the Underwriter under Rule 15c2-12 with respect to distribution to each potential customer, upon request, of a copy of the Preliminary Limited Offering Memorandum.

(b) Preliminary Limited Offering Memorandum Deemed Final. The Preliminary Limited Offering Memorandum has been prepared for use by the Underwriter in connection with the offering, sale, and distribution of the Bonds. The City hereby represents and warrants that the Preliminary Limited Offering Memorandum has been deemed final by the City as of its date, except for the omission of such information which is dependent upon the final pricing of the Bonds for completion, all as permitted to be excluded by Section (b)(1) of Rule 15c2-12.

(c) Use of Limited Offering Memorandum in Offering and Sale. The City hereby authorizes the Limited Offering Memorandum and the information therein contained to be used by the Underwriter in connection with the offering and the sale of the Bonds. The City consents to the use by the Underwriter prior to the date hereof of the Preliminary Limited Offering Memorandum in connection with the offering of the Bonds. The City shall provide, or cause to be provided, to the Underwriter as soon as practicable after the date of the City's acceptance of this Agreement (but, in any event, not later than the earlier of the Closing Date or seven (7) business days after the City's acceptance of this Agreement) copies of the Limited Offering Memorandum which is complete as of the date of its delivery to the Underwriter. The City shall provide the Limited Offering Memorandum, or cause the Limited Offering Memorandum to be provided, (i) in a "designated electronic format" consistent with the requirements of Rule G-32, and (ii) in a printed format in such quantity as the Underwriter shall reasonably request in order for the Underwriter to comply with Section (b)(4) of Rule 15c2-12 and the rules of the MSRB.

(d) Updating of Limited Offering Memorandum. If, after the date of this Agreement, up to and including the date the Underwriter is no longer required to provide a Limited Offering Memorandum to potential customers who request the same pursuant to Rule 15c2-12 (the earlier of (i) ninety (90) days from the "end of the underwriting period" (as defined in Rule 15c2-12), and (ii) the time when the Limited Offering Memorandum is available to any person from the MSRB, but in no case less than the 25th day after the "end of the underwriting period" for the Bonds), the City becomes aware of any fact or event which might or would cause the Limited Offering Memorandum, as then supplemented or amended, to contain any untrue statement of a material fact or to omit to state a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, or if it is necessary to amend or supplement the Limited Offering Memorandum to comply with law, the City will notify the Underwriter (and for the purposes of this clause provide the Underwriter with such information as it may from time to time request), and if, in the reasonable judgment of the Underwriter, such fact or event requires preparation and publication of a supplement or amendment to the Limited Offering Memorandum, the City will forthwith prepare and furnish, at no expense to the Underwriter (in a form and manner approved by the Underwriter), either an amendment or a supplement to the Limited Offering Memorandum so that the statements therein as so amended and supplemented will not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading or so that the Limited Offering Memorandum will comply with law; provided, however, that for all purposes of this Agreement and any certificate delivered by the City in accordance herewith, (i) the City makes no representations with respect to the descriptions in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum of The Depository Trust Company, New York, New York ("DTC"), or its book-entry-only system, and (ii) the City makes no representation with respect to the information in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum under the captions and subcaptions "PLAN OF FINANCE — Development Plan and Plan of Finance," "BOOK-ENTRY ONLY SYSTEM," "THE AUTHORIZED IMPROVEMENTS," "THE DEVELOPMENT," "THE DEVELOPER," "BONDHOLDERS' RISKS" (only as it pertains to the Developer, the Authorized

Improvements and the Development), “THE ADMINISTRATOR,” “APPRAISAL OF PROPERTY IN THE DISTRICT,” “LEGAL MATTERS — Litigation — The Developer,” “CONTINUING DISCLOSURE – The Developer” and “– The Developer’s Compliance with Prior Undertakings,” and “INFORMATION RELATING TO THE TRUSTEE.” If such notification shall be subsequent to the Closing Date, the City, at no expense to the Underwriter, shall furnish such legal opinions, certificates, instruments, and other documents as the Underwriter may reasonably deem necessary to evidence the truth and accuracy of such supplement or amendment to the Limited Offering Memorandum. The City shall provide any such amendment or supplement, or cause any such amendment or supplement to be provided, (i) in a “designated electronic format” consistent with the requirements of Rule G-32, and (ii) in a printed format in such quantity as the Underwriter shall request in order for the Underwriter to comply with Section (b)(4) of Rule 15c2-12 and the rules of the MSRB.

(e) Filing with MSRB. The Underwriter hereby agrees to timely file the Limited Offering Memorandum with the MSRB through its Electronic Municipal Market Access (“EMMA”) system within one business day after receipt but no later than the Closing Date. Unless otherwise notified in writing by the Underwriter, the City can assume that the “end of the underwriting period” for purposes of Rule 15c2-12 is the Closing Date.

(f) Limited Offering. The Underwriter hereby represents, warrants and covenants that the Bonds were initially sold pursuant to a limited offering. The Bonds were sold to not more than thirty-five persons that qualify as “Accredited Investors” (as defined in Rule 501 of Regulation D under the Securities Act (as defined herein)) or “Qualified Institutional Buyers” (within the meaning of Rule 144A under the Securities Act).

5. City Representations, Warranties and Covenants. The City represents, warrants and covenants that:

(a) Due Organization, Existence and Authority. The City is a political subdivision of the State of Texas (the “State”), and has, and at the Closing Date will have, full legal right, power and authority:

(i) to enter into:

(1) this Agreement;

(2) the Indenture;

(3) the “Development Agreement” between the City and MM Celina Parvin 101, LLC, a Texas limited liability company, (the “Developer”), effective as of January 12, 2023, (the “Development Agreement”);

(4) the Continuing Disclosure Agreement of the Issuer with respect to the Bonds, dated as of September 1, 2023 (the “City Continuing Disclosure Agreement”), executed and delivered by the City, MuniCap Inc.,

and HTS Continuing Disclosure Services, a division of Hilltop Securities, Inc., as Dissemination Agent;

(5) the Landowner Agreement, dated as of August 8, 2023 executed by the City and the Developer (the “Landowner Agreement”); and

(7) the Parvin Public Improvement District Construction, Funding, and Acquisition Agreement, dated as of August 8, 2023 executed by the City and the Developer (the “CFA Agreement”)

(ii) to issue, sell, and deliver the Bonds to the Underwriter as provided herein; and

(iii) to carry out and consummate the transactions on its part described in (1) the Authorizing Documents, (2) this Agreement, (3) the Development Agreement, (4) the City Continuing Disclosure Agreement, (5) the Landowner Agreement, (6) the CFA Agreement, (7) the Limited Offering Memorandum, and (8) any other documents and certificates described in any of the foregoing (the documents described by subclauses (1) through (6) being referred to collectively herein as the “City Documents”).

(b) Due Authorization and Approval of City. By all necessary official action of the City, the City has duly authorized and approved the adoption or execution and delivery by the City of, and the performance by the City of the obligations on its part contained in, the City Documents and, as of the date hereof, such authorizations and approvals are in full force and effect and have not been amended, modified or rescinded, except as may have been approved by the Underwriter. When validly executed and delivered by the other parties thereto, the City Documents will constitute the legally valid and binding obligations of the City enforceable upon the City in accordance with their respective terms, except insofar as enforcement may be limited by principles of governmental immunity, bankruptcy, insolvency, reorganization, moratorium, or similar laws or equitable principles relating to or affecting creditors’ rights generally. The City has complied, and will at the Closing (as defined herein) be in compliance, in all material respects, with the obligations on its part to be performed on or prior to the Closing Date under the City Documents.

(c) Due Authorization for Issuance of the Bonds. The City has duly authorized the issuance and sale of the Bonds pursuant to the Bond Ordinance, the Indenture, and the Act. The City has, and at the Closing Date will have, full legal right, power and authority (i) to enter into, execute, deliver, and perform its obligations under this Agreement and the other City Documents, (ii) to issue, sell and, deliver the Bonds to the Underwriter pursuant to the Indenture, the Bond Ordinance, the Act, and as provided herein, and (iii) to carry out, give effect to and consummate the transactions on the part of the City described by the City Documents and the Bond Ordinance.

(d) No Breach or Default. As of the time of acceptance hereof, and to the best of its knowledge, the City is not, and as of the Closing Date the City will not be, in breach

of or in default in any material respect under any applicable constitutional provision, law or administrative rule or regulation of the State or the United States, or any applicable judgment or decree or any trust agreement, loan agreement, bond, note, resolution, ordinance, agreement or other instrument related to the Bonds and to which the City is a party or is otherwise subject, and no event has occurred and is continuing which, with the passage of time or the giving of notice, or both, would constitute a default or event of default under any such instrument which breach, default or event could have a material adverse effect on the City's ability to perform its obligations under the Bonds or the City Documents; and, as of such times, the authorization, execution and delivery of the Bonds and the City Documents and compliance by the City with obligations on its part to be performed in each of such agreements or instruments does not and will not conflict with or constitute a breach of or default under any applicable constitutional provision, law or administrative rule or regulation of the State or the United States, or any applicable judgment, decree, license, permit, trust agreement, loan agreement, bond, note, resolution, ordinance, agreement or other instrument to which the City (or any of its officers in their respective capacities as such) is subject, or by which it or any of its properties are bound, nor will any such authorization, execution, delivery or compliance result in the creation or imposition of any lien, charge or other security interest or encumbrance of any nature whatsoever upon any of its assets or properties or under the terms of any such law, regulation or instrument, except as may be permitted by the City Documents.

(e) No Litigation. At the time of acceptance hereof there is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, government agency, public board or body (collectively and individually, an "Action") pending against the City with respect to which the City has been served with process, nor to the knowledge of the City is any Action threatened against the City, in which any such Action (i) in any way questions the existence of the City or the rights of the members of the City Council to hold their respective positions, (ii) in any way questions the formation or existence of the District, (iii) affects, contests or seeks to prohibit, restrain or enjoin the issuance or delivery of any of the Bonds, or the payment or collection of any amounts pledged or to be pledged to pay the principal of and interest on the Bonds, or in any way contests or affects the validity of the City Documents or the consummation of the transactions on the part of the City described therein, or contests the exclusion of the interest on the Bonds from federal income taxation, or (iv) which may result in any material adverse change in the financial condition of the City; and, as of the time of acceptance hereof, to the City's knowledge, there is no basis for any action, suit, proceeding, inquiry, or investigation of the nature described in clauses (i) through (iv) of this sentence.

(f) Bonds Issued Pursuant to Indenture. The City represents that the Bonds, when issued, executed, and delivered in accordance with the Indenture and sold to the Underwriter as provided herein, will be validly issued and outstanding obligations of the City subject to the terms of the Indenture, entitled to the benefits of the Indenture and the security of the pledge of the proceeds of the levy of the Assessments received by the City, all to the extent provided for in the Indenture. The Indenture creates a valid pledge of the monies in certain funds and accounts established pursuant to the Indenture to the extent provided for in the Indenture, including the investments thereof, subject in all cases to the

provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth therein.

(g) Assessments. The Assessments constituting the security for the Bonds have been levied by the City in accordance with the Act on those parcels of land identified in the Assessment Roll for the District (as defined in the Service and Assessment Plan). According to the Act, such Assessments constitute a valid and legally binding first and prior lien against the properties assessed, superior to all other liens and claims, except liens or claims for state, county, school district, or municipality ad valorem taxes.

(h) Consents and Approvals. All authorizations, approvals, licenses, permits, consents, elections, and orders of or filings with any governmental authority, legislative body, board, agency, or commission having jurisdiction in the matters which are required by the Closing Date for the due authorization of, which would constitute a condition precedent to or the absence of which would adversely affect the due performance by the City of, its obligations in connection with the City Documents have been duly obtained or made and are in full force and effect, except the approval of the Bonds by the Attorney General of the State, registration of the Bonds by the Comptroller of Public Accounts of the State, and the approvals, consents and orders as may be required under Blue Sky or securities laws of any jurisdiction.

(i) Public Debt. Prior to the Closing, the City will not offer or issue any bonds, notes or other obligations for borrowed money or incur any material liabilities, direct or contingent, payable from or secured by a pledge of the Assessments which secure the Bonds without the prior approval of the Underwriter.

(j) Preliminary Limited Offering Memorandum. The information contained in the Preliminary Limited Offering Memorandum is true and correct in all material respects, and such information does not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; provided, however, that the City makes no representations with respect to (i) the descriptions in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum of DTC, or its book-entry-only system, and (ii) the City makes no representation with respect to the information in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum under the captions and subcaptions “PLAN OF FINANCE — Development Plan and Plan of Finance,” “BOOK-ENTRY ONLY SYSTEM,” “THE AUTHORIZED IMPROVEMENTS,” “THE DEVELOPMENT,” “THE DEVELOPER,” “BONDHOLDERS' RISKS” (only as it pertains to the Developer, the Authorized Improvements and the Development), “THE ADMINISTRATOR,” “APPRAISAL OF PROPERTY IN THE DISTRICT,” “LEGAL MATTERS — Litigation — The Developer,” “CONTINUING DISCLOSURE — The Developer” and “— The Developer’s Compliance with Prior Undertakings,” and “INFORMATION RELATING TO THE TRUSTEE.”

(k) Limited Offering Memorandum. At the time of the City’s acceptance hereof and (unless the Limited Offering Memorandum is amended or supplemented

pursuant to paragraph (d) of Section 4 of this Agreement) at all times subsequent thereto during the period up to and including the 25th day subsequent to the “end of the underwriting period,” the information contained in the Limited Offering Memorandum does not and will not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading; provided, however, that the City makes no representations with respect to (i) the descriptions in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum of DTC, or its book-entry-only system, and (ii) the City makes no representation with respect to the information in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum under the captions and subcaptions “PLAN OF FINANCE — Development Plan and Plan of Finance,” “BOOK-ENTRY ONLY SYSTEM,” “THE AUTHORIZED IMPROVEMENTS,” “THE DEVELOPMENT,” “THE DEVELOPER,” “BONDHOLDERS’ RISKS” (only as it pertains to the Developer, the Authorized Improvements and the Development), “THE ADMINISTRATOR,” “APPRAISAL OF PROPERTY IN THE DISTRICT,” “LEGAL MATTERS — Litigation — The Developer,” “CONTINUING DISCLOSURE – The Developer” and “– The Developer’s Compliance with Prior Undertakings,” and “INFORMATION RELATING TO THE TRUSTEE;” and further provided, however, that if the City notifies the Underwriter of any fact or event as required by Section 4(d) hereof, and the Underwriter determines that such fact or event does not require preparation and publication of a supplement or amendment to the Limited Offering Memorandum, then the Limited Offering Memorandum in its then-current form shall be conclusively deemed to be complete and correct in all material respects.

(l) Supplements or Amendments to Limited Offering Memorandum. If the Limited Offering Memorandum is supplemented or amended pursuant to paragraph (d) of Section 4 of this Agreement, at the time of each supplement or amendment thereto and (unless subsequently again supplemented or amended pursuant to such paragraph) at all times subsequent thereto during the period up to and including the 25th day subsequent to the “end of the underwriting period,” the Limited Offering Memorandum as so supplemented or amended will not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading; provided, however, that if the City notifies the Underwriter of any fact or event as required by Section 4(d) hereof, and the Underwriter determines that such fact or event does not require preparation and publication of a supplement or amendment to the Limited Offering Memorandum, then the Limited Offering Memorandum in its then-current form shall be conclusively deemed to be complete and correct in all material respects.

(m) Compliance with Rule 15c2-12. During the past five years, the City has complied in all material respects with its previous continuing disclosure undertakings made by it in accordance with Rule 15c2-12, except as described in the Limited Offering Memorandum.

(n) Use of Bond Proceeds. The City will apply, or cause to be applied, the proceeds from the sale of the Bonds as provided in and subject to all of the terms and provisions of the Indenture and will not take or omit to take any action which action or

omission will adversely affect the exclusion from gross income for federal income tax purposes of the interest on the Bonds.

(o) Blue Sky and Securities Laws and Regulations. The City will furnish such information and execute such instruments and take such action in cooperation with the Underwriter as the Underwriter may reasonably request, at no expense to the City, (i) to (y) qualify the Bonds for offer and sale under the Blue Sky or other securities laws and regulations of such states and other jurisdictions in the United States as the Underwriter may designate and (z) determine the eligibility of the Bonds for investment under the laws of such states and other jurisdictions and (ii) to continue such qualifications in effect so long as required for the initial distribution of the Bonds by the Underwriter (provided, however, that the City will not be required to qualify as a foreign corporation or to file any general or special consents to service of process under the laws of any jurisdiction) and will advise the Underwriter immediately of receipt by the City of any notification with respect to the suspension of the qualification of the Bonds for sale in any jurisdiction or the initiation or threat of any proceeding for that purpose.

(p) Certificates of the City. Any certificate signed by any official of the City authorized to do so in connection with the transactions described in this Agreement shall be deemed a representation and warranty by the City to the Underwriter as to the statements made therein and can be relied upon by the Underwriter as to the statements made therein.

(q) Intentional Actions Regarding Representations and Warranties. The City covenants that between the date hereof and the Closing it will not intentionally take actions which will cause the representations and warranties made in this Section to be untrue as of the Closing.

(r) Financial Advisor. The City has engaged Hilltop Securities Inc., as its financial advisor in connection with its offering and issuance of the Bonds.

By delivering the Limited Offering Memorandum to the Underwriter, the City shall be deemed to have reaffirmed, with respect to the Limited Offering Memorandum, the representations, warranties and covenants set forth above.

6. Developer Letter of Representations. At the signing of this Agreement, the City and Underwriter shall receive from the Developer, an executed Developer Letter of Representations (the “Developer Letter of Representations”) in the form of Appendix A hereto, and at the Closing, a certificate signed by the Developer as set for in Section 9(e) hereof.

7. The Closing. At 10:00 a.m., Central time, on the Closing Date, or at such other time or on such earlier or later business day as shall have been mutually agreed upon by the City and the Underwriter, (i) the City will deliver or cause to be delivered to DTC through its “FAST” System, the Bonds in the form of one fully registered Bond for each maturity, registered in the name of Cede & Co., as nominee for DTC, duly executed by the City and authenticated by the Trustee as provided in the Indenture, and (ii) the City will deliver the closing documents hereinafter mentioned to Norton Rose Fulbright US LLP (“Bond Counsel”), or a place to be mutually agreed upon by the City and the Underwriter. Settlement will be through the facilities of

DTC. The Underwriter will accept delivery and pay the purchase price of the Bonds as set forth in Section 1 hereof by wire transfer in federal funds payable to the order of the City or its designee. These payments and deliveries, together with the delivery of the aforementioned documents, are herein called the “Closing.” The Bonds will be made available to the Underwriter for inspection not less than twenty-four (24) hours prior to the Closing.

8. Underwriter’s Closing Conditions. The Underwriter has entered into this Agreement in reliance upon the representations and covenants herein and the performance by the City of its obligations under this Agreement, both as of the date hereof and as of the date of the Closing. Accordingly, the Underwriter’s obligations under this Agreement to purchase, accept delivery of, and pay for the Bonds shall be conditioned upon the performance by the City of its obligations to be performed hereunder at or prior to Closing and shall also be subject to the following additional conditions:

(a) Bring-Down Representations of the City. The representations and covenants of the City contained in this Agreement shall be true and correct in all material respects as of the date hereof and at the time of the Closing, as if made on the Closing Date.

(b) Executed Agreements and Performance Thereunder. At the time of the Closing (i) the City Documents shall be in full force and effect, and shall not have been amended, modified, or supplemented except with the written consent of the Underwriter; (ii) the Authorizing Documents shall be in full force and effect; (iii) there shall be in full force and effect such other resolutions or actions of the City as, in the opinion of Bond Counsel and Counsel to the Underwriter, shall be necessary on or prior to the Closing Date in connection with the transactions on the part of the City described in this Agreement and the City Documents; (iv) there shall be in full force and effect such other resolutions or actions of the Developer as, in the opinion of Boghetich Law, PLLC (“Developer’s Counsel”), shall be necessary on or prior to the Closing Date in connection with the transactions on the part of the Developer described in the Developer Letter of Representations, the Development Agreement, the CFA Agreement, the Landowner Agreement, and the Continuing Disclosure Agreement of Developer with respect to the Bonds, dated as of September 1, 2023, executed and delivered by the Developer and MuniCap, Inc., as PID Administrator, and HTS Continuing Disclosure Services, a division of Hilltop Securities, Inc. as dissemination agent (the “Continuing Disclosure Agreement of the Developer,” and together with the Developer Letter of Representations, the Development Agreement, the Landowner Agreement, and the CFA Agreement (collectively, the “Developer Documents”); and (v) the City shall perform or have performed its obligations required or specified in the City Documents to be performed at or prior to Closing.

(c) No Default. At the time of the Closing, no default shall have occurred or be existing and no circumstances or occurrences that, with the passage of time or giving of notice, shall constitute an event of default under this Agreement, the Indenture, the City Documents, the Developer Documents or other documents relating to the financing and construction of the Authorized Improvements and the Development, and the Developer shall not be in default in the payment of principal or interest on any of its indebtedness

which default shall materially adversely impact the ability of such Developer to pay the Assessments when due.

(d) Closing Documents. At or prior to the Closing, the Underwriter shall have received each of the documents required under Section 9 below.

(e) Termination Events. The Underwriter shall have the right to cancel its obligation to purchase the Bonds and to terminate this Agreement without liability therefor by written notification to the City if, between the date of this Agreement and the Closing, in the Underwriter's sole and reasonable judgment, any of the following shall have occurred:

(i) the market price or marketability of the Bonds, or the ability of the Underwriter to enforce contracts for the sale of the Bonds, shall be materially adversely affected by the occurrence of any of the following:

(1) legislation shall have been introduced in or enacted by the Congress of the United States or adopted by either House thereof, or legislation pending in the Congress of the United States shall have been amended, or legislation shall have been recommended to the Congress of the United States or otherwise endorsed for passage (by press release, other form of notice, or otherwise) by the President of the United States, the Treasury Department of the United States, or the Internal Revenue Service or legislation shall have been proposed for consideration by either the U.S. Senate Committee on Finance or the U.S. House of Representatives Committee on Ways and Means or legislation shall have been favorably reported for passage to either House of the Congress of the United States by a Committee of such House to which such legislation has been referred for consideration, or a decision by a court of the United States or the Tax Court of the United States shall be rendered or a ruling, regulation, or official statement (final, temporary, or proposed) by or on behalf of the Treasury Department of the United States, the Internal Revenue Service, or other federal agency shall be made, which would result in federal taxation of revenues or other income of the general character expected to be derived by the City or upon interest on securities of the general character of the Bonds or which would have the effect of changing, directly or indirectly, the federal income tax consequences of receipt of interest on securities of the general character of the Bonds in the hands of the holders thereof, and which in either case, makes it, in the reasonable judgment of the Underwriter, impracticable or inadvisable to proceed with the offer, sale, or delivery of the Bonds on the terms and in the manner described in the Limited Offering Memorandum; or

(2) legislation shall be enacted by the Congress of the United States, or a decision by a court of the United States shall be rendered, or a stop order, ruling, regulation or official statement by, or on behalf of, the Securities and Exchange Commission ("SEC") or any other governmental

agency having jurisdiction of the subject matter shall be issued or made to the effect that the issuance, offering or sale of obligations of the general character of the Bonds, or the issuance, offering or sale of the Bonds, including all underlying obligations, as described herein or by the Limited Offering Memorandum, is in violation or would be in violation of, or that obligations of the general character of the Bonds, or the Bonds, are not exempt from registration under, any provision of the federal securities laws, including the Securities Act of 1933, as amended and as then in effect (the “Securities Act”), or that the Indenture needs to be qualified under the Trust Indenture Act of 1939, as amended and as then in effect (the “Trust Indenture Act”); or

(3) a general suspension of trading in securities on the New York Stock Exchange, the establishment of minimum prices on such exchange, the establishment of material restrictions (not in force as of the date hereof) upon trading securities generally by any governmental authority or any national securities exchange, a general banking moratorium declared by federal, State of New York, or State officials authorized to do so; or

(4) there shall have occurred any outbreak of hostilities (including, without limitation, an act of terrorism) or other national or international calamity or crisis, including, but not limited to, an escalation of hostilities that existed prior to the date hereof, and the effect of any such event on the financial markets of the United States shall be such as would make it impracticable, in the reasonable judgment of the Underwriter, for it to sell the Bonds on the terms and in the manner contemplated by the Limited Offering Memorandum; or

(5) there shall have occurred since the date of this Agreement any materially adverse change in the affairs or financial condition of the City, except as disclosed in or contemplated by the Limited Offering Memorandum; or

(6) any state blue sky or securities commission or other governmental agency or body in any state in which more than 10% of the Bonds have been offered and sold shall have withheld registration, exemption or clearance of the offering of the Bonds as described herein, or issued a stop order or similar ruling relating thereto; or

(7) any amendment to the federal or state Constitution or action by any federal or state court, legislative body, regulatory body, or other authority materially adversely affecting the tax status of the City, its property, income, securities (or interest thereon), or the validity or enforceability of the Assessments to pay principal of and interest on the Bonds; or

(ii) the New York Stock Exchange or other national securities exchange or any governmental authority shall impose, as to the Bonds or as to obligations of the general character of the Bonds, any material restrictions not now in force, or increase materially those now in force, with respect to the extension of credit by, or the charge to the net capital requirements of, the Underwriter; or

(iii) any event occurring, or information becoming known which, in the reasonable judgment of the Underwriter, makes untrue in any material respect any statement or information contained in the Limited Offering Memorandum, or has the effect that the Limited Offering Memorandum contains any untrue statement of material fact or omits to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, which change shall occur subsequent to the date of this Agreement and shall not be due to the malfeasance, misfeasance or nonfeasance of the Underwriter; or

(iv) any fact or event shall exist or have existed that, in the Underwriter's reasonable judgment, requires or has required an amendment of or supplement to Limited Offering Memorandum; or

(v) a general banking moratorium shall have been declared by federal or State authorities having jurisdiction and be in force; or

(vi) a material disruption in securities settlement, payment or clearance services shall have occurred; or

(vii) a decision by a court of the United States shall be rendered, or a stop order, release, regulation or no-action letter by or on behalf of the SEC or any other governmental agency having jurisdiction of the subject matter shall have been issued or made, to the effect that the issuance, offering or sale of the Bonds, including the underlying obligations as contemplated by this Agreement or by the Limited Offering Memorandum, or any document relating to the issuance, offering or sale of the Bonds, is or would be in violation of any provision of the federal securities laws on the date of Closing, including the Securities Act, the Securities Exchange Act of 1934 (the "Securities Exchange Act") and the Trust Indenture Act; or

(viii) the purchase of and payment for the Bonds by the Underwriter, or the resale of the Bonds by the Underwriter, on the terms and conditions herein provided shall be prohibited by any applicable law, governmental authority, board, agency or commission, which prohibition shall occur subsequent to the date hereof and shall not be due to the malfeasance, misfeasance, or nonfeasance of the Underwriter.

With respect to the conditions described in subparagraphs (ii), (vii) and (viii) above, the Underwriter is not aware of any current, pending or proposed law or government inquiry or investigation as of the date of execution of this Agreement which would permit the Underwriter to invoke its termination rights hereunder.

9. Closing Documents. At or prior to the Closing, the Underwriter shall receive the following documents:

(a) Bond Opinion. The approving opinion of Bond Counsel, dated the Closing Date and substantially in the form included as Appendix C to the Limited Offering Memorandum, together with a reliance letter from Bond Counsel, dated the date of the Closing and addressed to the Underwriter, which may be included in the supplemental opinion required by Section 9(b), to the effect that the foregoing opinion may be relied upon by the Underwriter to the same extent as if such opinion were addressed to it.

(b) Supplemental Opinion. A supplemental opinion of Bond Counsel dated the Closing Date and addressed to the City and the Underwriter, in form and substance acceptable to counsel for the Underwriter, to the following effect:

(i) Except to the extent noted therein, Bond Counsel has not verified and is not passing upon, and does not assume any responsibility for, the accuracy, completeness or fairness of the statements and information contained in the Limited Offering Memorandum but that such firm has reviewed the information describing the Bonds in the Limited Offering Memorandum under the captions or subcaptions “PLAN OF FINANCE — The Bonds,” “DESCRIPTION OF THE BONDS,” “SECURITY FOR THE BONDS” (except for the last paragraph under the subcaption “General”), “ASSESSMENT PROCEDURES” (except for the subcaptions “Assessment Methodology” and “Assessment Amounts”), “THE DISTRICT,” “TAX MATTERS,” “LEGAL MATTERS — Legal Proceedings,” “LEGAL MATTERS — Legal Opinions,” “SUITABILITY FOR INVESTMENT,” “CONTINUING DISCLOSURE — The City,” “REGISTRATION AND QUALIFICATION OF BONDS FOR SALE,” “LEGAL INVESTMENT AND ELIGIBILITY TO SECURE PUBLIC FUNDS IN TEXAS” and APPENDIX A and Bond Counsel is of the opinion that the information relating to the Bonds and legal issues contained under such captions and subcaptions is an accurate and fair description of the laws and legal issues addressed therein and, with respect to the Bonds, such information conforms to the Bond Ordinance and Indenture;

(ii) The Bonds are not subject to the registration requirements of the Securities Act, and the Indenture is exempt from qualification pursuant to the Trust Indenture Act;

(iii) The City has full power and authority to adopt the Creation Resolution, the Assessment Ordinance, and the Bond Ordinance (collectively, the foregoing documents are referred to herein as the “City Actions”) and perform its obligations thereunder and the City Actions have been duly adopted, are in full force and effect and have not been modified, amended or rescinded; and

(iv) The Indenture, the Development Agreement, the Landowner Agreement, the CFA Agreement, the City Continuing Disclosure Agreement, and this Agreement have been duly authorized, executed and delivered by the City and, assuming the due authorization, execution and delivery of such instruments,

documents, and agreements by the other parties thereto, constitute the legal, valid, and binding agreements of the City, enforceable in accordance with their respective terms, except as enforcement thereof may be limited by bankruptcy, insolvency, or other laws affecting enforcement of creditors' rights, or by the application of equitable principles if equitable remedies are sought and to the application of Texas law relating to governmental immunity applicable to local governmental entities.

(c) City Legal Opinion. An opinion of an attorney for the City, dated the Closing Date and addressed to the Underwriter, the City and the Trustee, with respect to matters relating to the City, substantially in the form of Appendix C hereto or in form otherwise agreed upon by the Underwriter.

(d) Opinion of Developer's Counsel. An opinion of Developer's Counsel, substantially in the form of Appendix D hereto, dated the Closing Date and addressed to the City, Bond Counsel, the Attorney for the City, the Underwriter, Underwriter's Counsel and the Trustee.

(e) Developer Certificate. The certificate of the Developer dated as of the Closing Date, signed by an authorized officer of the Developer in substantially the form of Appendix E hereto.

(f) City Certificate. A certificate of the City, dated the Closing Date, to the effect that, to an authorized City official's knowledge:

(i) the representations and warranties of the City contained herein and in the City Documents are true and correct in all material respects on and as of the Closing Date as if made on the date thereof;

(ii) the Authorizing Documents and City Documents are in full force and effect and have not been amended, modified, or supplemented;

(iii) except as disclosed in the Limited Offering Memorandum, no litigation or proceeding against the City is pending or, to the knowledge of such person, threatened in any court or administrative body nor is there a basis for litigation which would (a) contest the right of the members or officials of the City to hold and exercise their respective positions, (b) contest the due organization and valid existence of the City or the establishment of the District, (c) contest the validity, due authorization and execution of the Bonds or the City Documents, or (d) attempt to limit, enjoin or otherwise restrict or prevent the City from levying and collecting the Assessments pledged to pay the principal of and interest on the Bonds, or the pledge thereof; and

(iv) the City has, to such person's knowledge, complied with all agreements and covenants and satisfied all conditions set forth in the City Documents, on its part to be complied with or satisfied hereunder at or prior to the Closing.

(g) Trustee's Certificate. A certificate of the Trustee, dated the date of Closing, in form and substance acceptable to counsel for the Underwriter to the following effect:

(i) The Trustee is duly organized and validly existing as a national banking association organized under the laws of the United States of America, having the full power and authority, including trust powers, to accept and perform its duties under the Indenture; and

(ii) No consent, approval, authorization or other action by any governmental authority having jurisdiction over the Trustee that has not been obtained is or will be required for the authentication of the Bonds or the consummation by the Trustee of the other transactions contemplated to be performed by the Trustee in connection with the authentication of the Bonds and the acceptance and performance of the obligations created by the Indenture.

(h) Underwriter Counsel's Opinion. An opinion, dated the Closing Date and addressed to the Underwriter, of Locke Lord LLP, counsel to the Underwriter, to the effect that:

(i) based on (A) such counsel's review of the Bond Ordinance, the Indenture, and the Limited Offering Memorandum; (B) its discussions with bond counsel and with the Underwriter; (C) its review of the documents, certificates, opinions and other instruments delivered at the closing of the sale of the Bonds on the date hereof; and (D) such other matters as it deems relevant, such counsel is of the opinion that the Bonds are exempt securities under the Securities Act, and the Trust Indenture Act, and it is not necessary, in connection with the offering and sale of the Bonds, to register the Bonds under the Securities Act and the Indenture is not required to be qualified under the Trust Indenture Act;

(ii) based upon (A) such counsel's review of Rule 15c2-12 and interpretive guidance published by the SEC relating thereto; (B) its review of the continuing disclosure undertaking of the City contained in the City Continuing Disclosure Agreement; and (C) the inclusion in the Limited Offering Memorandum of a description of the specifics of such undertaking, and assuming that the Bond Ordinance, the Indenture, and the City Continuing Disclosure Agreement have been duly adopted by the City and are in full force and effect, such undertaking provides a suitable basis for the Underwriter, to make a reasonable determination that the City has met the qualifications of paragraph (b)(5)(i) of Rule 15c2-12; and

(iii) although such counsel has not verified and is not passing upon, and does not assume any responsibility for, the accuracy, completeness or fairness of the information contained in the Limited Offering Memorandum, it has participated in the preparation of the Limited Offering Memorandum and without independent verification, no facts came to its attention that caused it to believe that the Limited Offering Memorandum (except for the Appendices as well as any other financial, engineering and statistical data contained therein or included therein by reference or any litigation disclosed therein, as to which it expresses no view) as of its date

contained any untrue statement of a material fact or omitted to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(i) Limited Offering Memorandum. The Limited Offering Memorandum and each supplement or amendment, if any, thereto.

(j) Delivery of City Documents and Developer Documents. The City Documents and Developer Documents shall have been executed and delivered in form and content satisfactory to the Underwriter.

(k) Form 8038-G. Evidence that the federal tax information form 8038-G has been prepared by Bond Counsel for filing.

(l) Federal Tax Certificate. A certificate of the City in form and substance satisfactory to Bond Counsel and counsel to the Underwriter setting forth the facts, estimates and circumstances in existence on the date of the Closing, which establish that it is not expected that the proceeds of the Bonds will be used in a manner that would cause the Bonds to be “arbitrage bonds” within the meaning of Section 148 of the Internal Revenue Code of 1986, as amended (the “Code”), and any applicable regulations (whether final, temporary or proposed), issued pursuant to the Code.

(m) Attorney General Opinion and Comptroller Registration. The approving opinion of the Attorney General of the State regarding the Bonds and the Comptroller of the State’s Certificate of Registration for the Initial Bond.

(n) Continuing Disclosure Agreements. The City Continuing Disclosure Agreement and the Continuing Disclosure Agreement of the Developer, shall have been executed by the parties thereto in substantially the forms attached to the Preliminary Limited Offering Memorandum as Appendix D-1 and Appendix D-2.

(o) Letter of Representation of the Appraiser. (i) Letter of Representation of the Appraiser, substantially in the form of Appendix F hereto, addressed to the City, Bond Counsel, the Underwriter, counsel to the Underwriter, and the Trustee, or in form otherwise agreed upon by the Underwriter, and (ii) a copy of the real estate appraisal of the property within the District attached to the Limited Offering Memorandum as Appendix E.

(p) Letter of Representation of PID Administrator. Letter of Representation of the PID Administrator, substantially in the form of Appendix G hereto, addressed to the City, Bond Counsel, the Underwriter, counsel to the Underwriter, and the Trustee, or in form otherwise agreed upon by the Underwriter.

(q) Evidence of Filing of Creation Resolution, Assessment Ordinance and Landowner Agreement. Evidence that (i) the Creation Resolution, (ii) the Assessment Ordinance, including the Assessment Roll for the District and a statement indicating the contact for and address of where a copy of the Service and Assessment Plan, and any updates thereto may be obtained or viewed, and (iii) the Landowner Agreement have been filed of record in the real property records of Collin County, Texas.

(r) Rule 15c2-12 Certification. A resolution or certificate of the City (which may be included in the Bond Ordinance) whereby the City has deemed the Preliminary Limited Offering Memorandum final as of its date, except for permitted omissions, as contemplated by Rule 15c2-12 in connection with the offering of the Bonds.

(s) Dissemination Agent. Evidence acceptable to the Underwriter in its sole discretion that the City has engaged a dissemination agent acceptable to the Underwriter for the Bonds, with the execution of the City Continuing Disclosure Agreement and the Continuing Disclosure Agreement of the Developer by other parties thereto being conclusive evidence of such acceptance by the Underwriter.

(t) Lender Consent Certificate. Lender Consent Certificate of Chambers Bank, consenting to and acknowledging the creation of the District, the adoption of the Assessment Ordinance, the levy of the Assessments and the subordination of its lien to the lien created by the Assessments in a form acceptable to the Underwriter.

(u) BLOR. A copy of the Blanket Letter of Representation to DTC relating to the Bonds and signed by the City.

(v) Additional Documents. Such additional legal opinions, certificates, instruments, and other documents as the Underwriter or their counsel may reasonably deem necessary.

10. City's Closing Conditions. The obligation of the City hereunder to deliver the Bonds shall be subject to receipt on or before the date of the Closing of the purchase price set forth in Section 1 hereof, and the opinion of Bond Counsel described in Section 9(a) hereof.

11. Establishment of Issue Price.

(a) The Underwriter agrees to assist the City in establishing the issue price of the Bonds and shall execute and deliver to the City on or before Closing an "issue price" or similar certificate, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as Appendix B, with such modifications as may be appropriate or necessary, in the reasonable judgment of the Underwriter, the City and Bond Counsel, to accurately reflect, as applicable, the sales price or prices or the initial offering price or prices to the public of the Bonds. All actions to be taken by the City under this Section to establish the issue price of the Bonds may be taken on behalf of the City by the City's Financial Advisor identified herein and any notice or report to be provided to the City may be provided to the City's Financial Advisor.

(b) The Underwriter confirms that it has offered all the Bonds of each maturity to the public on or before the date of this Agreement at the respective offering price (the "initial offering price"), or at the corresponding yield or yields, set forth in Schedule I attached hereto, except as otherwise set forth therein. At or promptly after the execution of this Agreement, the Underwriter shall report to the City as of the sale date the first price at which the Underwriter has sold to the public at least 10% of each maturity of Bonds (the "10% test"), and shall identify to the City as of the sale date those maturities of the Bonds for which the 10% test has not been satisfied. If different interest coupons apply within a

maturity, each separate CUSIP number within that maturity will be treated as a separate maturity for this purpose.

(c) The City and the Underwriter agree that the restrictions set forth in the next sentence shall apply to those maturities of the Bonds for which the 10% test has not been met as of the sale date, which will allow the City to treat the initial offering price to the public of each such maturity as of the sale date as the issue price of that maturity (the “hold-the-offering-price rule”). So long as the hold-the-offering-price rule remains applicable to any maturity of the Bonds, the Underwriter will neither offer nor sell unsold Bonds of that maturity to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

- (1) the close of the fifth (5th) business day after the sale date; or
- (2) the date on which the Underwriter has sold at least 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

The Underwriter shall promptly advise the City when the Underwriter has sold 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public, if such sale occurs prior to the close of the fifth (5th) business day after the sale date.

(d) The Underwriter confirms that any selling group agreement and each third-party distribution agreement relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each dealer who is a member of the selling group, and each broker-dealer that is a party to such third-party distribution agreement, as applicable, to (A) to comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the Underwriter and as set forth in the related pricing wires, (B) to promptly notify the Underwriter of any sales of Bonds that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Bonds to the public, and (C) to acknowledge that, unless otherwise advised by the dealer or broker-dealer, the Underwriter shall assume that each order submitted by the dealer or broker-dealer is a sale to the public. The City acknowledges that, in making the representation set forth in this subsection, the Underwriter will rely on (i) in the event a selling group has been created in connection with the initial sale of the Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds, as set forth in a selling group agreement and the related pricing wires, and (ii) in the event that the Underwriter is a party to a third-party distribution agreement that was employed in connection with the initial sale of the Bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds, as set forth in the third-party distribution agreement and the related pricing wires. The City further acknowledges that the Underwriter shall not be liable for the failure of any dealer who is a member of a selling

group or of any broker-dealer that is a party to a third-party distribution agreement, to comply with its corresponding agreement to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds.

(e) The Underwriter acknowledges that sales of any Bonds to any person that is a related party to the Underwriter shall not constitute sales to the public for purposes of this Section. Further, for purposes of this Section:

(i) “public” means any person other than an underwriter or a related party,

(ii) “underwriter” means (A) any person that agrees pursuant to a written contract with the City (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the public, and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Bonds to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the public),

(iii) a purchaser of any of the Bonds is a “related party to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (i) at least 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and

(iv) “sale date” means the date of execution of this Agreement by all parties.

12. Consequences of Termination. If the City shall be unable to satisfy the conditions contained in this Agreement or if the obligations of the Underwriter shall be terminated for any reason permitted by this Agreement, this Agreement shall terminate and the Underwriter and the City shall have no further obligation hereunder, except as further set forth in Sections 13, 15 and 16 hereof.

13. Costs and Expenses.

(a) The Underwriter shall be under no obligation to pay, and the City shall cause to be paid from proceeds of the Bonds the following expenses incident to the issuance of the Bonds and performance of the City’s obligations hereunder: (i) the costs of the preparation and printing of the Bonds; (ii) the cost of preparation, printing, and mailing of the Preliminary Limited Offering Memorandum, the final Limited Offering Memorandum

and any supplements and amendments thereto; (iii) the fees and disbursements of the City's financial advisor and legal counsel, the Trustee's counsel, Bond Counsel, Developer's Counsel, and the Trustee relating to the issuance of the Bonds; (iv) the Attorney General's review fees; (v) the fees and disbursements of accountants, advisers and any other experts or consultants retained by the City or the Developer, including but not limited to the fees and expenses of the Appraiser and the PID Administrator; and (vi) the expenses incurred by or on behalf of City employees and representatives that are incidental to the issuance of the Bonds and the performance by the City of its obligations under this Agreement.

(b) The Underwriter shall pay the following expenses: (i) all advertising expenses in connection with the offering of the Bonds; (ii) fees of Underwriter's Counsel; and (iii) all other expenses, including CUSIP fees (including out-of-pocket expenses and related regulatory expenses), incurred by it in connection with its offering and distribution of the Bonds, except as noted in Subsection 13(a) above.

(c) The City acknowledges that the Underwriter will pay from the Underwriter's expense allocation of the underwriting discount the applicable per bond assessment charged by the Municipal Advisory Council of Texas, a nonprofit corporation whose purpose is to collect, maintain and distribute information relating to issuing entities of municipal securities.

14. Notice. Any notice or other communication to be given to the City under this Agreement may be given by delivering the same in writing to: City of Celina, Texas, 142 N. Ohio Street, Celina, Texas 76201, Attention: City Manager. Any notice or other communication to be given to the Underwriter under this Agreement may be given by delivering the same in writing to: FMSbonds, Inc., 5 Cowboys Way, Suite 300-25, Frisco, Texas 75034, Attention: Tripp Davenport, Director.

15. Entire Agreement. This Agreement is made solely for the benefit of the City and the Underwriter (including their respective successors and assigns), and no other person shall acquire or have any right hereunder or by virtue hereof. All of the City's representations, warranties, and agreements contained in this Agreement shall remain operative and in full force and effect regardless of: (i) any investigations made by or on behalf of the Underwriter, provided the City shall have no liability with respect to any matter of which the Underwriter has actual knowledge prior to the purchase of the Bonds; or (ii) delivery of any payment for the Bonds pursuant to this Agreement. The agreements contained in this Section and in Sections 16 and 18 shall survive any termination of this Agreement.

16. Survival of Representations and Warranties. All representations and warranties of the parties made in, pursuant to or in connection with this Agreement shall survive the execution and delivery of this Agreement, notwithstanding any investigation by the parties. All statements contained in any certificate, instrument, or other writing delivered by a party to this Agreement or in connection with the transactions described in by this Agreement constitute representations and warranties by such party under this Agreement to the extent such statement is set forth as a representation and warranty in the instrument in question.

17. Counterparts. This Agreement may be executed by the parties hereto in separate counterparts, each of which when so executed and delivered shall be an original, but all such counterparts shall together constitute but one and the same instrument.

18. Severability. In case any one or more of the provisions contained herein shall for any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision hereof.

19. State Law Governs. The validity, interpretation, and performance of this Agreement shall be governed by the laws of the State of Texas.

20. No Assignment. The rights and obligations created by this Agreement shall not be subject to assignment by the Underwriter or the City without the prior written consent of the other parties hereto.

21. No Personal Liability. None of the members of the City Council, nor any officer, representative, agent, or employee of the City, shall be charged personally by the Underwriter with any liability, or be held liable to the Underwriter under any term or provision of this Agreement, or because of execution or attempted execution, or because of any breach or attempted or alleged breach of this Agreement.

22. Indemnification. The Underwriter will indemnify and hold harmless the City against any losses, claims, damages or liabilities to which the City may become subject, under the Securities Act or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in the Limited Offering Memorandum, or any amendment or supplement thereto, or arise out of or are based upon any untrue statement or alleged untrue statement of material fact, or any omission or alleged omission of any material fact necessary to make the statements therein in light of the circumstances under which they were made, not misleading, in each case to the extent, but only to the extent, that such untrue statement or alleged untrue statement or omission was made in the Limited Offering Memorandum or any such amendment or supplement in reliance upon and in conformity with information under the heading "UNDERWRITING" in the Limited Offering Memorandum, and will reimburse the City for any legal or other expenses reasonably incurred by the City in connection with investigating or defending any such actions or claims as such expenses are incurred.

23. Form 1295. Submitted herewith or on a date prior hereto is a completed Form 1295 in connection with the Underwriter's participation in the execution of this Agreement generated by the Texas Ethics Commission's (the "TEC") electronic filing application in accordance with the provisions of Section 2252.908 of the Texas Government Code and the rules promulgated by the TEC (the "Form 1295"). The City hereby confirms receipt of the Form 1295 from the Underwriter. The Underwriter and the City understand and agree that, with the exception of information identifying the City and the contract identification number, neither the City nor its consultants are responsible for the information contained in the Form 1295; that the information contained in the Form 1295 has been provided solely by the Underwriter; and, neither the City nor its consultants have verified such information.

24. Anti-Boycott Verification. The Underwriter hereby verifies that the Underwriter and its parent companies, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott Israel and, to the extent this Contract is a contract for goods or services, will not boycott Israel during the term of this Contract. The foregoing verification is made solely to comply with Section 2271.002, Texas Government Code, and to the extent such Section does not contravene applicable State or Federal Law. As used in the foregoing verification, ‘boycott Israel’ means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes. The Underwriter understands “affiliate” to mean an entity that controls, is controlled by, or is under common control with the Underwriter within the meaning of SEC Rule 405, 17. C.F.R. § 230.405 and exists to make a profit.

25. Iran, Sudan and Foreign Terrorist Organizations. The Underwriter hereby represents that neither the Underwriter nor any of its parent companies, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, and posted on any of the following pages of such officer’s internet website: <https://comptroller.texas.gov/purchasing/docs/sudan-list.pdf>, <https://comptroller.texas.gov/purchasing/docs/iran-list.pdf>, or <https://comptroller.texas.gov/purchasing/docs/fto-list.pdf>. The foregoing representation is made solely to comply with Section 2252.152, Texas Government Code, and to the extent such Section does not contravene applicable State or Federal law and excludes the Underwriter and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization. The Underwriter understands “affiliate” to mean an entity that controls, is controlled by, or is under common control with the Underwriter within the meaning of SEC Rule 405, 17. C.F.R. § 230.405 and exists to make a profit.

26. Verification Regarding Energy Company Boycotts. To the extent this Agreement constitutes a contract for goods or services for which a written verification statement is required under Section 2274.002 (as added by Senate Bill 13 in the 87th Texas Legislative Session), Texas Government Code, as amended, the Underwriter hereby verifies that it and its parent company, wholly- or majority- owned subsidiaries, and other affiliates, if any, do not boycott energy companies and, will not boycott energy companies during the term of this Agreement. The foregoing verification is made solely to comply with Section 2274.002, Texas Government Code, as amended, to the extent Section 2274.002, Texas Government Code does not contravene applicable Texas or federal law. As used in the foregoing verification, “boycott energy companies” shall mean, without an ordinary business purpose, refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company (A) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable federal and state law; or (B) does business with a company described by (A) above. The Underwriter understands “affiliate” to mean an entity that controls, is controlled by, or is under common control

with the Underwriter within the meaning of SEC Rule 405, 17. C.F.R. § 230.405 and exists to make a profit.

27. Verification Regarding Discrimination Against Firearm Entity or Trade Association. To the extent this Agreement constitutes a contract for goods or services for which a written verification statement is required under Section 2274.002 (as added by Senate Bill 19 in the 87th Texas Legislative Session, “SB 19”), Texas Government Code, as amended, the Underwriter hereby verifies that it and its parent company, wholly- or majority- owned subsidiaries, and other affiliates, if any

- (1) do not have a practice, policy, guidance or directive that discriminates against a firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association; and
- (2) will not discriminate during the term of this Agreement against a firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association.

The foregoing verification is made solely to comply with Section 2274.002, Texas Government Code, as amended, to the extent Section 2274.002, Texas Government Code does not contravene applicable Texas or federal law. As used in the foregoing verification, “discriminate against a firearm entity or firearm trade association” (A) means, with respect to the entity or association, to (i) refuse to engage in the trade of any goods or services with the entity or association based solely on its status as a firearm entity or firearm trade association; (ii) refrain from continuing an existing business relationship with the entity or association based solely on its status as a firearm entity or firearm trade association; or (iii) terminate an existing business relationship with the entity or association based solely on its status as a firearm entity or firearm trade association; and (B) does not include: (i) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories; and (ii) a company’s refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship: (aa) to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency; or (bb) for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity’s or association’s status as a firearm entity or firearm trade association. As used in the foregoing verification, (B) ‘firearm entity’ means a manufacturer, distributor, wholesaler, supplier, or retailer of firearms (i.e., weapons that expel projectiles by the action of explosive or expanding gases), firearm accessories (i.e., devices specifically designed or adapted to enable an individual to wear, carry, store, or mount a firearm on the individual or on a conveyance and items used in conjunction with or mounted on a firearm that are not essential to the basic function of the firearm, including detachable firearm magazines), or ammunition (i.e., a loaded cartridge case, primer, bullet, or propellant powder with or without a projectile) or a sport shooting range (as defined by Section 250.001, Texas Local Government Code), and (C) ‘firearm trade association’ means a person, corporation, unincorporated association, federation, business league, or business organization that (i) is not organized or operated for profit (and none of the net earnings of which inures to the benefit of any private shareholder or individual), (ii) has two or more firearm entities as members, and (iii) is exempt from federal income taxation under Section 501(a), Internal Revenue Code of 1986, as an organization described by Section 501(c) of that

code. The Underwriter understands “affiliate” to mean an entity that controls, is controlled by, or is under common control with the Underwriter within the meaning of SEC Rule 405, 17. C.F.R. § 230.405 and exists to make a profit.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed as of the date first set forth above.

Ladies and Gentlemen:

This letter is being delivered to the City of Celina, Texas (the “City”) and FMSbonds, Inc. (the “Underwriter”), in consideration for your entering into the Bond Purchase Agreement dated the date hereof (the “Bond Purchase Agreement”) for the sale and purchase of the \$(PAR AMOUNT) “City of Celina, Texas, Special Assessment Revenue Bonds, Series 2023 (Parvin Public Improvement District Project)” (the “Bonds”). Pursuant to the Bond Purchase Agreement, the Underwriter has agreed to purchase from the City, and the City has agreed to sell to the Underwriter, the Bonds. In order to induce the City to enter into the Bond Purchase Agreement and as consideration for the execution, delivery, and sale of the Bonds by the City and the purchase of them by the Underwriter, the undersigned, MM Celina Parvin 101, LLC, a Texas limited liability company (the “Developer”), makes the representations, warranties, and covenants contained in this Developer Letter of Representations. Unless the context clearly indicates

otherwise, each capitalized term used in this Developer Letter of Representations will have the meaning set forth in the Bond Purchase Agreement.

1. Purchase and Sale of Bonds. Inasmuch as the purchase and sale of the Bonds represents a negotiated transaction, the Developer understands, and hereby confirms, that the Underwriter is not acting as a fiduciary of the Developer, but rather is acting solely in its capacity as Underwriter of the Bonds for its own account.

2. Updating of the Limited Offering Memorandum. If, after the date of this Developer Letter of Representations, up to and including the date the Underwriter is no longer required to provide a Limited Offering Memorandum to potential customers who request the same pursuant to Rule 15c2-12 (the earlier of (i) ninety (90) days from the “end of the underwriting period” (as defined in Rule 15c2-12), and (ii) the time when the Limited Offering Memorandum is available to any person from the MSRB, but in no case less than twenty-five (25) days after the “end of the underwriting period” for the Bonds), the Developer becomes aware of any fact or event which might or would cause the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum, as then supplemented or amended, to contain any untrue statement of a material fact or to omit to state a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, or if it is necessary to amend or supplement the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum to comply with law, the Developer will notify the Underwriter (and for the purposes of this clause provide the Underwriter with such information as it may from time to time request); however, that for the purposes of this Developer Letter of Representations and any certificate delivered by the Developer in accordance with the Bond Purchase Agreement, the Developer makes no representations with respect to (i) the descriptions in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum of The Depository Trust Company, New York, New York, or its book-entry-only system, and (ii) the information in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum under the captions “THE CITY,” “THE DISTRICT,” “BONDHOLDERS’ RISKS” (except as it pertains to the Developer, the Authorized Improvements and the Development, as defined in the Limited Offering Memorandum), “TAX MATTERS,” “LEGAL MATTERS — Litigation — The City,” “CONTINUING DISCLOSURE — The City” and “— The City’s Compliance with Prior Undertakings,” and “INFORMATION RELATING TO THE TRUSTEE.”

3. Developer Documents. The Developer has executed or caused the execution of and delivered each of the below listed documents (individually, a “Developer Document” and collectively, the “Developer Documents”) in the capacity provided for in each such Developer Document, and each such Developer Document constitutes a valid and binding obligation of Developer, enforceable against the Developer in accordance with its terms:

- (a) this Developer Letter of Representations;
- (b) the Development Agreement;
- (c) the Landowner Agreement;
- (d) the CFA Agreement; and

- (e) the Continuing Disclosure Agreement of the Developer.

The Developer has complied in all material respects with all of the Developer's agreements and covenants and satisfied all conditions required to be complied with or satisfied by the Developer under the Developer Documents on or prior to the date hereof.

4. Developer Representations, Warranties and Covenants. The Developer represents, warrants, and covenants to the City and the Underwriter that:

(a) Due Organization and Existence. The Developer is duly formed and validly existing as a limited liability company under the laws of the State of Texas.

(b) Organizational Documents. The copies of the organizational documents of the Developer provided by the Developer (the "Developer Organizational Documents") to the City and the Underwriter are fully executed, true, correct, and complete copies of such documents and such documents have not been amended or supplemented and are in full force and effect as of the date hereof.

(c) No Breach. The execution and delivery of the Developer Documents by the Developer does not violate any judgment, order, writ, injunction or decree binding on the Developer or any indenture, agreement, or other instrument to which the Developer is a party.

(d) No Litigation. Other than as described in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum, there are no proceedings pending or threatened in writing before any court or administrative agency against the Developer that is either not covered by insurance or which singularly or collectively would have a material, adverse effect on the ability of the Developer to perform its obligations under the Developer Documents in all material respects or that would reasonably be expected to prevent or prohibit the development of the Development in accordance with the description thereof in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum.

(e) Information. The information prepared and submitted by the Developer to the City or the Underwriter in connection with the preparation of the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum was, and is, as of this date, true and correct in all material respects.

(f) Preliminary Limited Offering Memorandum. The Developer represents and warrants that the information set forth in the Preliminary Limited Offering Memorandum under the captions "PLAN OF FINANCE — Development Plan and Plan of Finance," "THE AUTHORIZED IMPROVEMENTS" "THE DEVELOPMENT," "THE DEVELOPER," "CONTINUING DISCLOSURE – The Developer" and "– The Developer's Compliance with Prior Undertakings," "APPENDIX D-2," and "APPENDIX F" and, to the best of the Developer's knowledge after due inquiry, under the captions "BONDHOLDERS' RISKS" (only as it pertains to the Developer, the Authorized Improvements and the Development, as defined in the Limited Offering Memorandum),

“LEGAL MATTERS — Litigation — The Developer,” and “SOURCES OF INFORMATION; MISCELLANEOUS” (only as it pertains to the Developer) is true and correct and does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading. The Developer agrees to provide a certificate dated the Closing Date affirming, as of such date, the representations contained in this subsection (f) with respect to the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum.

(g) Events of Default. No “Event of Default” or “event of default” by the Developer under any of the Developer Documents, any documents to which the Developer is a party described in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum, or under any material documents relating to the financing and construction of the Authorized Improvements to which the Developer is a party, or event that, with the passage of time or the giving of notice or both, would constitute such “Event of Default” or “event of default,” by the Developer has occurred and is continuing.

5. Indemnification.

(a) The Developer will indemnify and hold harmless the City and the Underwriter and each of their officers, directors, employees and agents against any losses, claims, damages or liabilities to which any of them may become subject, under the Securities Act or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained or incorporated by reference in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum under the captions “PLAN OF FINANCE — Development Plan and Plan of Finance,” “THE AUTHORIZED IMPROVEMENTS,” “THE DEVELOPMENT,” “THE DEVELOPER,” “BONDHOLDERS’ RISKS” (only as it pertains to the Developer, the Authorized Improvements, and the Development), “LEGAL MATTERS — Litigation – The Developer,” “SOURCES OF INFORMATION; MISCELLANEOUS” (only as it pertains to the Developer) “CONTINUING DISCLOSURE – The Developer” and “– The Developer’s Compliance with Prior Undertakings,” and “APPENDIX D-2,” and “APPENDIX F” or any amendment or supplement to the Limited Offering Memorandum amending or supplementing the information contained under the aforementioned captions (as qualified above), or arise out of or are based upon the omission or alleged untrue statement or omission to state therein a material fact necessary to make the statements under the aforementioned captions (as qualified above) not misleading under the circumstances under which they were made and will reimburse any indemnified party for any reasonable legal or other expenses reasonably incurred by them in connection with investigating or defending any such action or claim as such expenses are incurred.

(b) Promptly after receipt by an indemnified party under subsection (a) above of notice of the commencement of any action, such indemnified party shall, if a claim in respect thereof is to be made against the indemnifying party under such subsection, notify the indemnifying party in writing of the commencement thereof; but the omission so to notify the indemnifying party shall not relieve the indemnifying party from any liability

which it may have to the indemnified party otherwise than under such subsection, unless such indemnifying party was prejudiced by such delay or lack of notice. In case any such action shall be brought against an indemnified party, it shall promptly notify the indemnifying party of the commencement thereof, the indemnifying party shall be entitled to participate therein and, to the extent that it shall wish, to assume the defense thereof, with counsel reasonably satisfactory to such indemnified party (who shall not, except with the consent of the indemnified party, be counsel to the indemnifying party), and, after notice from the indemnifying party to such indemnified party of its election so to assume the defense thereof, the indemnifying party shall not be liable to such indemnified party under such subsection for any legal expenses of other counsel or any other expenses, in each case subsequently incurred by such indemnified party, in connection with the defense thereof other than reasonable costs of investigation. The indemnifying party shall not be liable for any settlement of any such action effected without its consent, but if settled with the consent of the indemnifying party or if there is a final judgment for the plaintiff in any such action, the indemnifying party will indemnify and hold harmless any indemnified party from and against any loss or liability by reason of such settlement or judgment. The indemnity herein shall survive delivery of the Bonds and shall survive any investigation made by or on behalf of the City, the Developer or the Underwriter.

6. Survival of Representations, Warranties and Covenants. All representations, warranties, and agreements in this Developer Letter of Representations will survive regardless of (a) any investigation or any statement in respect thereof made by or on behalf of the Underwriter, (b) delivery of any payment by the Underwriter for the Bonds hereunder, and (c) any termination of the Bond Purchase Agreement.

7. Binding on Successors and Assigns. This Developer Letter of Representations will be binding upon the Developer and its successors and assigns and inure solely to the benefit of the Underwriter and the City, and no other person or firm or entity will acquire or have any right under or by virtue of this Developer Letter of Representations.

\$[PAR AMOUNT]

CITY OF CELINA, TEXAS, SPECIAL ASSESSMENT REVENUE BONDS, SERIES 2023 (PARVIN PUBLIC IMPROVEMENT DISTRICT PROJECT)

ISSUE PRICE CERTIFICATE

The undersigned, on behalf of FMSbonds, Inc. (“FMS”), hereby certifies as set forth below with respect to the sale and issuance of the above-captioned obligations (the “Bonds”) of the City of Celina, Texas (the “Issuer”).

1. ***Sale of the General Rule Maturities.*** As of the date of this certificate, for each Maturity of the General Rule Maturities, the first price at which at least 10% of such Maturity was sold to the Public is the respective price listed in Schedule A.

2. ***Initial Offering Price of the Hold-the-Offering-Price Maturities.***

(a) FMS offered the Hold-the-Offering-Price Maturities to the Public for purchase at the respective initial offering prices listed in Schedule A (the “Initial Offering Prices”) on or before the Sale Date. A copy of the pricing wire or equivalent communication for the Bonds is attached to this certificate as Schedule B.

(b) As set forth in the Bond Purchase Agreement, FMS agreed in writing on or prior to the Sale Date that, (i) for each Maturity of the Hold-the-Offering-Price Maturities, it would neither offer nor sell any of the Bonds of such Maturity to any person at a price that is higher than the Initial Offering Price for such Maturity during the Holding Period for such Maturity (the “hold-the-offering-price rule”), and (ii) any selling group agreement shall contain the agreement of each dealer who is a member of the selling group, and any retail or other third-party distribution agreement shall contain the agreement of each broker-dealer who is a party to the retail or other third-party distribution agreement, to comply with the hold-the-offering-price rule. Pursuant to such agreement, no Underwriter (as defined below) offered or sold any Maturity of the Hold-the-Offering-Price Maturities at a price that is higher than the respective Initial Offering Price for that Maturity of the Bonds during the Holding Period.

3. ***Defined Terms.***

(a) *General Rule Maturities* means those Maturities of the Bonds listed in Schedule A hereto as the “General Rule Maturities.”

(b) *Hold-the-Offering-Price Maturities* means those Maturities of the Bonds listed in Schedule A hereto as the “Hold-the-Offering-Price Maturities.”

(c) *Holding Period* means, with respect to a Hold-the-Offering-Price Maturity, the period starting on the Sale Date and ending on the earlier of (i) the close of the fifth business day after the Sale Date, or (ii) the date on which FMS sold at least 10% of such Hold-the-Offering-

Price Maturity to the Public at prices that are no higher than the Initial Offering Price for such Hold-the-Offering-Price Maturity.

(d) *Maturity* means Bonds with the same credit and payment terms. Bonds with different maturity dates, or Bonds with the same maturity date but different stated interest rates, are treated as separate maturities.

(e) *Public* means any person (including an individual, trust, estate, limited liability company, association, company, or corporation) other than an Underwriter or a related party to an Underwriter. The term “related party” for purposes of this certificate generally means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.

(f) *Sale Date* means the first day on which there is a binding contract in writing for the sale of a Maturity of the Bonds. The Sale Date of the Bonds is August 8, 2023.

(g) *Underwriter* means (i) any person that agrees pursuant to a written contract with the Issuer (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

The representations set forth in this certificate are limited to factual matters only. Nothing in this certificate represents FMS’s interpretation of any laws, including specifically Sections 103 and 148 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations thereunder. The undersigned understands that the foregoing information will be relied upon by the Issuer with respect to certain of the representations set forth in the Tax Certificate with respect to the Bonds and with respect to compliance with the federal income tax rules affecting the Bonds, and by Norton Rose Fulbright US LLP in connection with rendering its opinion that the interest on the Bonds is excluded from gross income for federal income tax purposes, the preparation of the Internal Revenue Service Form 8038-G, and other federal income tax advice that it may give to the Issuer from time to time relating to the Bonds.

CITY OF CELINA, TEXAS,
SPECIAL ASSESSMENT REVENUE BONDS, SERIES 2023
(PARVIN PUBLIC IMPROVEMENT DISTRICT PROJECT)

Ladies and Gentlemen:

This firm has acted as special counsel to the City of Celina, Texas (the “City”) and are rendering this opinion for limited purposes in connection with the issuance and sale of \$[PAR AMOUNT] “City of Celina, Texas, Special Assessment Revenue Bonds, Series 2023 (Parvin Public Improvement District Project)” (the “Bonds”), by the City, a political subdivision of the State of Texas.

The Bonds are authorized pursuant to Ordinance No. [] and enacted by the City Council of the City (the “City Council”) on August 8, 2023 (the “Bond Ordinance”) and shall be issued pursuant to the provisions of Subchapter A of the Public Improvement District Assessment Act, Chapter 372, Texas Local Government Code, as amended (the “Act”), and the Indenture of Trust dated as of September 1, 2023 (the “Indenture”) by and between the City and U.S. Bank Trust Company, National Association, as trustee (the “Trustee”). The Bonds are being sold to FMSbonds, Inc. pursuant to the Bond Purchase Agreement dated August 8, 2023 between the City and FMSbonds, Inc. (the “Bond Purchase Agreement”). This opinion is being delivered pursuant to Section 9(c) of the Bond Purchase Agreement. Capitalized terms not defined herein shall have the same meanings as in the Bond Purchase Agreement, unless otherwise stated herein.

(a) Resolution No. _____ (the “Creation Resolution”), enacted by the City Council on April 11, 2023;

(b) The Assessment Ordinance, adopted by the City Council on August 8, 2023 (the “Assessment Ordinance”);

- (c) The Bond Ordinance;
- (d) The Indenture;
- (e) That certain “Parvin Development Agreement” between the City and MM Celina Parvin 101, LLC, a Texas limited liability company (the “Developer”), effective as of January 12, 2023;
- (f) That certain Continuing Disclosure Agreement of the Issuer with respect to the Bonds, dated as of September 1, 2023 (the “Continuing Disclosure Agreement of the Issuer”), executed and delivered by the City, MuniCap Inc., as Administrator, and HTS Continuing Disclosure Services, a division of Hilltop Securities, Inc.;
- (g) That certain Landowner Agreement, dated as of August 8, 2023 executed by the City and the Developer; and
- (h) That certain Parvin Public Improvement District Construction, Funding, and Acquisition Agreement, dated as of August 8, 2023 executed by the City and the Developer.

The Creation Resolution, the Assessment Ordinance, and the Bond Ordinance shall hereinafter be referred to as the “Authorizing Documents” and the remaining documents shall hereinafter be collectively referred to as the “Reviewed Documents.”

In rendering the opinions expressed below, we have, with your concurrence and without any inquiry or other investigation, made and relied upon the following assumptions: (a) the due authorization, execution and delivery of each of the Reviewed Documents by all parties thereto other than the City; (b) the genuineness of all signatures to the Reviewed Documents; (c) the correctness and truthfulness of all the statements of fact contained in the Reviewed Documents; (d) the authenticity of the Reviewed Documents; (e) the conformity to original documents of the Reviewed Documents submitted to us as copies; and (f) the additional assumptions set forth on **Exhibit A** attached to this letter and the exclusions set forth on **Exhibit B** attached to this letter. Our opinions are limited to matters expressly stated herein and no opinion is to be inferred or may be implied beyond the matters expressly stated.

In rendering the opinions set forth below, we have also relied upon: (a) the representations and warranties contained in the Reviewed Documents; (b) the resolutions and other documents of the parties to the Reviewed Documents authorizing or approving the Reviewed Documents; (c) the Closing Certificate of the Developer delivered pursuant to the Bond Purchase Agreement; (d) the Developer Letter of Representations delivered pursuant to the Bond Purchase Agreement; (e) the legal opinion delivered pursuant to the Bond Purchase Agreement by Boghetich Law, PLLC, counsel to the Developer; (f) the PID Administrator’s Letter of Representations delivered pursuant to the Bond Purchase Agreement; and (g) the Appraiser’s Letter of Representations delivered pursuant to the Bond Purchase Agreement (collectively, the “Reliance Materials”). We have not made any independent or other investigation, review, analysis, or inquiry as to any of the facts, matters, circumstances or legal opinions or conclusions contained in the Reviewed Documents or Reliance Materials or the accuracy or completeness thereof. Additionally, we have assumed that none of the Reviewed Documents or Reliance Materials contains any untrue statement of a material fact or omits to state a material fact necessary to make the statements made, in light of the

circumstances in which they are made, not misleading. We have not made any examination of any accounting or financial matters, and we express no opinion with respect thereto.

The opinions expressed herein are subject to the correctness in understanding that no beneficiary to this opinion letter may rely on this opinion letter to the extent that such beneficiary or its counsel has actual knowledge of any: (a) applicable laws, facts, or circumstances which would make any opinion expressed herein incorrect, subject to question, or require further investigation of any laws, facts or circumstances; and (b) judicial decision which would make the opinions set forth herein incorrect.

Whenever our opinion or advice with respect to the existence or absence of facts is indicated to be based on our knowledge, we are referring to the actual knowledge of the Messer, Fort & McDonald, PLLC attorneys who have given attention to matters concerning the City during the course of our representation of the City in connection with the Reviewed Documents, which knowledge has been obtained by such attorneys in their capacity as such. In particular, our response does not include matters known to any attorney of our firm in a capacity other than as special counsel to the City. In basing the opinions and other matters set forth herein on “our knowledge,” the words “our knowledge,” “our actual knowledge” and similar expressions signify that, in the course of our representation of the City the principal attorneys in this firm involved in the current actual transaction do not have actual knowledge or actual notice that any such opinions or other matters are not accurate or that any of the documents, certificates, reports and information on which we have relied are not accurate and complete. Further, the words “our knowledge,” “our actual knowledge” and similar expressions used in this opinion letter are intended to be limited to the actual knowledge of the attorneys within our firm who have been directly involved in preparation of the Reviewed Documents in representation of the City. We have not undertaken any independent investigation to determine the existence or absence of such facts, and no inference as to our knowledge concerning such facts should be drawn from the fact that such limited representation has been undertaken by us.

Based upon and subject to the foregoing and the additional qualifications and assumptions set forth herein, we are of the opinion that:

1. The City is a Texas political subdivision and has all necessary power and authority to enter into and perform its obligations under the Authorizing Documents and the Reviewed Documents. The City has taken or obtained all actions, approvals, consents and authorizations required of it by applicable laws in connection with the execution of the Authorizing Documents and the Reviewed Documents and the performance of its obligations thereunder.

2. To the best of our knowledge, there is no action, suit, proceeding, inquiry or investigation at law or in equity, before or by any court, public board or body, pending, or threatened against the City: (a) affecting the existence of the City or the titles of its officers to their respective offices, (b) in any way questioning the formation or existence of the District, (c) affecting, contesting or seeking to prohibit, restrain or enjoin the delivery of any of the Bonds, or the payment, collection or application of any amounts pledged or to be pledged to pay the principal of and interest on the Bonds, including the Assessments in the District pursuant to the provisions of the Assessment Ordinance and the Service and Assessment Plan referenced therein, (d) contesting or affecting the validity or enforceability or the City’s performance of the Reviewed Documents, (e) contesting the exclusion of the interest on the Bonds from federal income taxation,

or (f) which may result in any material adverse change relating to the financial condition of the City.

3. The Authorizing Documents and the Reviewed Documents have been duly authorized, executed and delivered by the City and remain legal, valid and binding obligations of the City enforceable against the City in accordance with their terms. However, the enforceability of the obligations of the City under such Reviewed Documents may be limited or otherwise affected by (a) bankruptcy, insolvency, reorganization, moratorium and other laws affecting the rights of creditors generally, (b) principles of equity, whether considered at law or in equity, or (c) the application of Texas law relating to action by future councils and relating to governmental immunity applicable to governmental entities.

4. The performance by the City of the obligations under the Authorizing Documents and the Reviewed Documents will not violate any provision of any Federal or Texas constitutional or statutory provision.

5. No further consent, approval, authorization, or order of any court or governmental agency or body or official is required to be obtained by the City as a condition precedent to the performance by the City of its obligations under the Authorizing Documents and the Reviewed Documents.

6. Based upon our limited participation in the preparation of the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum (collectively, the "Limited Offering Memorandum"), the statements and information contained in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum with respect to the City under the captions and subcaptions "ASSESSMENT PROCEDURES — Assessment Methodology" (first paragraph only), "THE CITY — Background," "THE CITY — City Government," "THE DISTRICT," and "LEGAL MATTERS — Litigation — The City," are a fair and accurate summary of the laws and the documents and facts summarized therein.

7. The execution and delivery of the Reviewed Documents and the compliance with the provisions of the Reviewed Documents under the circumstances contemplated thereby, to the best of our knowledge: (a) do not and will not in any material respect conflict with or constitute on the part of the City a breach of or default under any agreement to which the City is a party or by which it is bound, and (b) do not and will not in any material respect conflict with or constitute on the part of the City a violation, breach of or default under any existing law, regulation, court order or consent decree to which the City is subject.

The foregoing opinions are, with your concurrence, predicated on, limited by and qualified in their entirety by the following:

(a) The foregoing opinions are based on and limited to the laws of the State of Texas, and we render no opinion with respect to the federal laws of the United States or to the laws of any other jurisdiction.

(b) We express no opinion with respect to the enforceability of provisions of the Reviewed Documents that relate to (i) mediation or arbitration; (ii) limitations or restrictions on, or waiver of, legal or equitable remedies; (iii) indemnity or release; (iv) limitations or restrictions

on assignment or transfer of rights, interests or property; (v) the rights or obligations of third parties; (vi) evidentiary standards; (vii) waiver of rights to notice or the obligations of good faith, fair, dealing, diligence or reasonableness; (viii) self-help, subrogation, delay or omission to enforce rights or remedies, contribution or severability; (ix) the availability of specific performance, injunctive relief or any other equitable remedy (regardless of whether such question is considered in a proceeding in equity or at law); (x) fixed, stipulated or liquidated damages; (xi) the making of determinations in the sole and absolute (or similarly described) discretion of a party to the Reviewed Documents; (xii) authorizing any party to exercise any rights other than in accordance with applicable law; (xiii) liability of any party for payment of any amount payable under the Reviewed Documents to the extent such amounts (A) accrue, or are attributable to any period of time, after the termination of any of the Reviewed Documents, (B) allow any other party to recover more than the “benefit of its bargain” or (C) exceed the amount of any party’s actual damages; (xiv) rendering inapplicable any otherwise applicable law (other than those laws which by their terms may be rendered inapplicable); (xv) requiring all amendments, waivers and terminations be in writing or requiring disregard of any course of dealing between the parties; (xvi) establishing any obligation of the parties as absolute or unconditional regardless of the occurrence or non-occurrence or existence or non-existence of any event or other state of facts; (xvii) obligations of the parties by reference to and/or incorporation of any provision of any agreement other than the Reviewed Documents, or that consist of or employ provisions (whether operative or definitional) contained in any such other agreement; (xviii) obligating any party to take action it has no legal right to take, or to take or not take an action if taking or failing to take the same would constitute, or aid or abet, a violation of applicable law; (xix) certain agreements of non-signatories, or obligations of signatories with respect to non-signatories or other persons or entities, whether or not signatories, not under the control of such signatories; (xx) selection of venue; (xxi) modifying the time at which any applicable statute of limitation begins to run or at which any cause of action begins to accrue; (xxii) an exemption from any sales or other taxes; (xxiii) disclaiming or limiting warranties implied by or required pursuant to law; (xxiv) waiving the defense that an adequate remedy at law exists; and (xxv) waiving any suretyship defenses.

(c) The validity, binding effect, and enforceability of the Reviewed Documents may be limited by (i) applicable bankruptcy, insolvency, reorganization, receivership, moratorium, liquidation, redemption, conservatorship, rearrangement, fraudulent conveyance, or other similar statutes, regulations or laws affecting creditor’s rights and remedies generally; (ii) general principles of equity; (iii) judicial discretion; (iv) the exercise by political subdivisions or governmental authorities or corporations acting on their behalf of sovereign or governmental immunity, legislative or governmental powers, police powers, taxing powers, or rights of appropriation; and (v) applicable court decisions relating to a duty or obligation to mitigate damages.

(d) We express no opinion regarding the effect of the laws of usury or similar laws regarding interest rate limitations on the provisions of the Reviewed Documents.

(e) We express no opinion with respect to the matters described on Exhibit B attached to this letter.

(f) The opinions set forth herein are also subject to the qualification that enforceability of the Reviewed Documents may be limited by (i) the provisions of Section 130.002 of the Texas Civil Practice and Remedies Code regarding limitations on indemnifications; (ii) Section 28 of the Texas Property Code regarding prompt payment to contractors and subcontractors;

(iii) Section 16.071 of the Texas Civil Practice and Remedies Code regarding the time period for a claimant to give notice of a claim for damages as a condition precedent to the right to sue on a contract; (iv) Section 16.070 of the Texas Civil Practice and Remedies Code regarding permitted contractual limitations on when a claimant may bring suit on a contract; (v) Section 38.02 of the Texas Civil Practice and Remedies Code providing for the notice time period in order for a claimant to recover attorneys' fees; (vi) the "express negligence" and "clear and conspicuous" rules adopted by the Texas Supreme Court, as applied to any indemnity or release provisions in the Reviewed Documents; (vii) Section 35.52 of the Texas Business and Commerce Code; (viii) Section 162.001 et seq. of the Texas Property Code; (ix) Section 302.002 of the Texas Finance Code; (x) Section 28.009 of the Texas Property Code; and (xi) claims of sovereign or governmental immunity by political subdivisions or governmental authorities or corporations acting on their behalf.

We express no opinion as to the laws of any jurisdiction other than the laws of Texas and the laws of the United States of America. The opinions expressed above concern only the effect of the laws (excluding the principles of conflict of laws) of Texas and the United States of America as currently in effect.

We assume there are no material misstatements in the legal opinions delivered by the other parties and entities to this transaction; and further specifically rely upon Bond Counsel to the City with regard to the Bond Ordinance, Indenture, Continuing Disclosure Agreement of the Issuer, bond purchase agreement or other documents prepared, delivered or executed in connection with the Bonds and Bond documents, and the Attorney General's review and approval of the transaction.

This opinion letter has been rendered solely for the benefit of the addressees named above in connection with the transactions described therein, and may not be used, circulated, quoted, relied upon or otherwise referred to for any other purpose or by any other person without our prior written consent. This opinion letter does not constitute a warranty or guarantee or an opinion as to matters of fact and should not be construed or relied upon as such. This opinion letter is as of the date hereof only, and we undertake no, and hereby disclaim any, obligation to advise you of any change in any matter set forth herein.

Very truly yours,

MESSER, FORT & MCDONALD, PLLC

EXHIBIT A TO OPINION LETTER

ADDITIONAL ASSUMPTIONS

In addition to the assumptions contained in the letter to which this Exhibit A is attached, we have, with your concurrence and without any inquiry or other investigation, made and relied upon the following additional assumptions:

1. The legal capacity of all natural persons executing the Authorizing Documents and the Reviewed Documents;

2. No undue influence, duress, fraud, or deceit exists with respect to the transactions described in the Authorizing Documents and the Reviewed Documents, and there has not been any mutual mistake of fact or misunderstanding with respect to the same;
3. The conduct of the parties to the Reviewed Documents has complied, and will comply, with any requirement of good faith, fair dealing, and conscionability;
4. There are no agreements or understandings, written or oral, among the parties to the Reviewed Documents, and there is no usage or trade or course of prior dealing among the parties to the Reviewed Documents that would, in either case, define, supplement, or qualify the terms of the Reviewed Documents;
5. All statutes and ordinances enacted by an official legislative body were validly enacted and are constitutional, and all rules and regulations promulgated or issued by an official administrative body and not adjudicated invalid or unenforceable are valid and enforceable;
6. All parties to the Reviewed Documents have complied with all legal requirements that are applicable to them to the extent necessary to authorize such parties to enter into the Reviewed Documents and, except as to the Developer, the Reviewed Documents are enforceable against the other parties thereto;
7. There has been no modification of any provision of the Authorizing Documents and the Reviewed Documents, and no waiver or release of any right or remedy thereunder;
8. All parties to the Authorizing Documents and the Reviewed Documents will act in accordance with, and will refrain from taking any action that is forbidden by, the terms and conditions of the Authorizing Documents and the Reviewed Documents; and
9. All parties to the Reviewed Documents will obtain all permits and governmental approvals required in the future, and take all actions similarly required, relevant to subsequent consummation of the transactions evidenced by the Reviewed Documents or performance of the Reviewed Documents.
10. There are no material misstatements in the legal opinions delivered pursuant to the Bond Purchase Agreement by: (i) Norton Rose Fulbright US LLP Bond Counsel to the City; (ii) Boghetich Law, PLLC; and (iii) Locke Lord LLP counsel to the Underwriter;
11. There are no material misstatements in the Letters of Representations delivered pursuant to the Bond Purchase Agreement by: (i) Peyco Southwest Realty, Inc., Appraiser; and (ii) Municap, Inc., PID Administrator; and
12. None of the parties to the Reviewed Documents (other than the City) is a party to any court or regulatory proceeding relating to or otherwise affecting the Reviewed Documents or is subject to any order, writ, injunction, or decree of any court or federal, state, or local governmental agency or commission that would prohibit the execution and delivery of the Reviewed Documents, or the consummation of the transactions therein contemplated in the manner therein provided, or impair the validity or enforceability thereof.

\$[PAR AMOUNT]
CITY OF CELINA, TEXAS,
SPECIAL ASSESSMENT REVENUE BONDS, SERIES 2023
(PARVIN PUBLIC IMPROVEMENT DISTRICT PROJECT)

Ladies & Gentlemen:

We have acted as special counsel to MM Celina Parvin 101, LLC, a Texas limited liability company (the “*Developer*”) in connection with the issuance and sale by the City of Celina, Texas (the “*City*”), of \$[PAR AMOUNT] City of Celina, Texas, Special Assessment Revenue Bonds, Series 2023 (Parvin Public Improvement District Project) (the “*Bonds*”), pursuant to the Indenture of Trust dated as of September 1, 2023 (the “*Indenture*”), by and between the City and U.S. Bank Trust Company, National Association, as trustee (the “*Trustee*”). Proceeds from the sale of the Bonds will be used, in part, to fund certain public infrastructure improvements in the development known as “Lily Estates” (the “*Development*”) located in the City.

The Bonds are being sold by FMSbonds, Inc. (the “*Underwriter*”), pursuant to that certain Bond Purchase Agreement dated August 8, 2023 (the “*Bond Purchase Agreement*”), between the City and the Underwriter.

All capitalized terms used herein and not otherwise defined shall have the meanings ascribed thereto in the Bond Purchase Agreement.

In our capacity as special counsel to the Developer, and for purposes of rendering the opinions set forth herein, we have examined originals or copies, certified or otherwise identified to our satisfaction, of:

(a) The following documents (collectively, the “*Material Documents*”):

- (1) the *Development Agreement*;
- (2) the *Landowner Agreement*;
- (3) the *CFA Agreement*;
- (4) the *Continuing Disclosure Agreement of Developer*; and
- (5) the *Developer Letter of Representations*;

(b) General Certificate of the Developer and the Closing Certificate of the Developer, each dated as of the date hereof (together, the “*Developer Certificate*”);

(c) The Preliminary Limited Offering Memorandum, dated July 25, 2023 relating to the issuance of the Bonds (the “*Preliminary Limited Offering Memorandum*”);

(d) The final Limited Offering Memorandum, dated August 8, 2023, relating to the issuance of the Bonds (collectively with the Preliminary Limited Offering Memorandum, the “*Limited Offering Memorandum*”); and

(e) Such other documents, records, agreements, and certificates of the Developer as we have deemed necessary or appropriate to render the opinions expressed below.

In basing the opinions and other matters set forth herein on “our knowledge,” the words “our knowledge” signify that, in the course of our representation of the Developer, the principal attorneys in this firm involved in the current actual transaction do not have actual knowledge or actual notice that any such opinions or other matters are not accurate or that any of the documents, certificates, reports and information on which we have relied are not accurate and complete. Except as otherwise stated herein, we have undertaken no independent investigation or certification of such matters. The words “our knowledge” and similar language used herein are intended to be limited to the knowledge of the attorneys within our firm who have worked on the matters contemplated by our representation as special counsel.

In rendering the opinions set forth herein, we have assumed, without independent investigation (other than the Developer), that: (i) the due authorization, execution, and delivery of each of the documents referred to in this opinion letter by all parties thereto and that each such document constitutes a valid, binding, and enforceable obligation of each party thereto, (ii) all of the parties to the documents referred to in this opinion letter are duly organized, validly existing, in good standing and have the requisite power, authority (corporate, limited liability company, partnership or other) and legal right to execute, deliver, and perform its obligations under such documents (except to the extent set forth in our opinions set forth herein regarding valid existence and power and authority of the Developer to execute, deliver, and perform its obligations under the Material Documents), (iii) each certificate from governmental officials reviewed by us is accurate, complete, and authentic, and all official public records are accurate and complete, (iv)

the legal capacity of all natural persons, (v) the genuineness of all signatures (other than those of the Developer in respect of the Material Documents), (vi) the authenticity and accuracy of all documents submitted to us as originals, (vii) the conformity to original documents of all documents submitted to us as photostatic or certified copies, (viii) that no laws or judicial, administrative, or other action of any governmental authority of any jurisdiction not expressly opined to herein would adversely affect the opinions set forth herein, and (ix) that the execution and delivery by each party of, and performance of its agreements in, the Material Documents do not breach or result in a default under any existing obligation of such party under any agreements, contracts or instruments to which such party is a party to or otherwise subject to or any order, writ, injunction or decree of any court applicable to such party.

In addition, we have assumed that the Material Documents accurately reflect the complete understanding of the parties with respect to the transactions contemplated thereby and the rights and obligations of the parties thereunder. We have also assumed that the terms and conditions of the transaction as reflected in the Material Documents have not been amended, modified or supplemented, directly or indirectly, by any other agreement or understanding of the parties or waiver of any of the material provisions of the Material Documents.

We assume that none of the parties to the Material Documents (other than the Developer) is a party to any court or regulatory proceeding relating to or otherwise affecting the Material Documents or is subject to any order, writ, injunction or decree of any court or federal, state or local governmental agency or commission that would prohibit the execution and delivery of the Material Documents, or the consummation of the transactions therein contemplated in the manner therein provided, or impair the validity or enforceability thereof. We assume that each of the parties to the Material Documents (other than Developer) has full authority to close this transaction in accordance with the terms and provisions of the Material Documents.

We assume that neither the Underwriter nor the City nor their respective counsel has any current actual knowledge of any facts not known to us or any law or judicial decision which would make the opinions set forth herein incorrect, and that no party upon whom we have relied for purposes of this opinion letter has perpetrated a fraud.

We have only been engaged by our clients in connection with the Material Documents (and the transactions contemplated in the Material Documents) and do not represent these clients generally.

Opinions and Assurances

Based solely upon the foregoing, and subject to the assumptions and limitations set forth herein, we are of the opinion that:

1. The execution and delivery by the Developer of the Material Documents and the performance by the Developer of its obligations under the Material Documents will not (i) violate any applicable law; or (ii) conflict with or result in the breach of any court decree or order of any governmental body identified in the Developer Certificate or otherwise actually known to the lawyers who have provided substantive attention to the representation reflected in this opinion binding upon or affecting the Developer, the conflict with which or breach of which would have a

material, adverse effect on the ability of the Developer to perform its obligations under the Material Documents to which it is a party.

2. To our knowledge, no governmental approval which has not been obtained or taken is required to be obtained or taken by the Developer on or before the date hereof as a condition to the performance by the Developer of its obligations under the Material Documents to which it is a party, except for governmental approvals that may be required to comply with certain covenants contained in the Material Documents (including, without limitation, covenants to comply with applicable laws).

3. The Developer has duly executed and delivered each of the Material Documents to which it is a party, and each of the Material Documents constitute the legal, valid, and binding obligations of the Developer, enforceable against the Developer in accordance with their respective terms, subject to the following qualifications: (i) the effect of applicable bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting the rights of creditors generally, (ii) the effect of the exercise of judicial discretion in accordance with general principles of equity (whether applied by a court of law or of equity), and (iii) the effect that enforceability of the indemnification provisions therein may be limited, in whole or in part. The execution, delivery, and performance by the Developer of its obligations under the Material Documents do not violate any existing laws of the State of Texas applicable to the Developer.

4. To our knowledge after reasonable inquiry, there are no actions, suits or proceedings pending or threatened against the Developer identified in the Developer Certificate or otherwise actually known to the lawyers who have provided substantive attention to the representation reflected in this opinion in any court of law or equity, or before or by any governmental instrumentality with respect to the validity or enforceability against it of such Material Documents or the transactions described therein.

5. The execution and delivery of the Material Documents do not, and the transactions described therein may be consummated and the terms and conditions thereof may be observed and performed in a manner that does not, conflict with or constitute a breach of or default under any loan agreement, Indenture, bond note, resolution, agreement or other instrument to which the Developer is a party or is otherwise subject and which have been identified in the Developer Certificate which violation, breach or default would materially adversely affect the Developer or its performance of its obligations under the transactions described in the Material Documents; nor will any such execution, delivery, adoption, fulfillment, or compliance result in the creation or imposition of any lien, charge, or other security interest or encumbrance of any nature whatsoever upon any of the property or assets of the Developer, except as expressly described in the Material Documents (a) under applicable law or (b) under any such loan agreement, indenture, bond note, resolution, agreement, or other instrument.

6. The information set forth in the Limited Offering Memorandum under the captions “*PLAN OF FINANCE — Development Plan and Plan of Finance*,” “*THE AUTHORIZED IMPROVEMENTS*,” “*THE DEVELOPMENT*,” “*THE DEVELOPER*,” “*BONDHOLDERS’ RISKS*” (only as it pertains to the Developer, the Authorized Improvements, and the Development, as defined in the Limited Offering Memorandum),” “*LEGAL MATTERS — Litigation — The*

Developer,” “SOURCES OF INFORMATION; MISCELLANEOUS” (only as it pertains to the Developer), “CONTINUING DISCLOSURE – The Developer” and “– The Developer’s Compliance with Prior Undertakings,” and “APPENDIX D-2,” and “APPENDIX F” adequately and fairly describe the information summarized under such captions and are correct as to matters of law.

7. Subject to the below qualifications and based upon our participation in the preparation of the Limited Offering Memorandum and our participation at conferences with representatives of the Underwriter and its counsel, of the City and its counsel, and with representatives of the Developer and its lawyers, at which the Limited Offering Memorandum and related matters were discussed, and although we have not independently verified the information in the Limited Offering Memorandum and are not passing upon and do not assume any responsibility for the accuracy, completeness or fairness of the statements contained in the Limited Offering Memorandum and any amendment or supplement thereto, no facts have come to our attention that lead us to believe that the information set forth under the captions referenced in the preceding paragraph as of the date of the Limited Offering Memorandum and the date hereof, contained or contains any untrue statement of a material fact, or omitted or omits to state any material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

Qualifications

In addition to any assumptions, qualifications and other matters set forth elsewhere herein, the opinions set forth above are subject to the following assumptions and qualifications:

(a) We have not examined any court dockets, agency files or other public records regarding the entry of any judgments, writs, decrees or orders or the pendency of any actions, proceedings, investigations or litigation.

(b) We have relied upon the Developer Certificate, as well as the representations of the Developer contained in the Material Documents, with respect to certain facts material to our opinion. Except as otherwise specifically indicated herein, we have made no independent investigation regarding any of the foregoing documents or the representations contained therein.

(c) Our opinion delivered pursuant to Section 3 above is subject to the effect of any applicable bankruptcy, insolvency, reorganization, fraudulent conveyance, moratorium or other laws affecting creditors’ rights generally and to the effect of general principles of equity, including (without limitation) remedies of specific performance and injunctive relief and concepts of materiality, reasonableness, good faith and fair dealing (regardless of whether considered in a proceeding in equity or at law).

(d) Except for the Material Documents, we have not reviewed, and express no opinion as to, any other contracts or agreements to which the Developer is a party or by which the Developer is or may be bound.

(e) The opinions expressed herein are based upon and limited to the applicable laws of the State of Texas and the laws of the United States of America, excluding the principles of conflicts of laws thereof, as in effect as of the date hereof, and our knowledge of the facts relevant

to such opinions on such date. In this regard, we note that we are members of the Bar of the State of Texas, we do not express any opinion herein as to matters governed by the laws of any other jurisdiction, except the United States of America, we do not purport to be experts in any other laws and we can accept no responsibility for the applicability or effect of any such laws. In addition, we assume no obligation to supplement the opinions expressed herein if any applicable laws change after the date hereof, or if we become aware of any facts or circumstances that affect the opinions expressed herein.

(f) This letter is strictly limited to the matters expressly set forth herein and no statements or opinions should be inferred beyond such matters.

(g) Notwithstanding anything contained herein to the contrary, we express no opinion whatsoever concerning the status of title to any real or personal property.

(h) The opinions expressed herein regarding the enforceability of the Material Documents are subject to the qualification that certain of the remedial, waiver or other provisions thereof may not be enforceable; but such unenforceability will not, in our judgment, render the Material Documents invalid as a whole or substantially interfere with the practical realization of the principal legal benefits provided in the Material Documents, except to the extent of any economic consequences of any procedural delays which may result therefrom.

(i) The opinion expressed herein as to the enforceability of the Material Documents is specifically subject to the qualification that enforceability of the Material Documents is limited by the following: (i) the rights of the United States under the Federal Tax Lien Act of 1966, as amended; (ii) principles of equity, public policy and unconscionability which may limit the availability of certain remedies; (iii) bankruptcy, insolvency, reorganization, fraudulent conveyance, liquidation, probate, conservatorship and other laws applicable to creditors' rights or the collection of debtors' obligations generally; and (iv) requirements of due process under the United States Constitution, the Constitution of the State of Texas and other laws or court decisions limiting the rights of creditors to repossess, foreclose or otherwise realize upon the property of a debtor without appropriate notice or hearing or both.

(j) We express no opinion as to whether a court would grant specific performance or any other equitable remedy with respect to the enforcement of the Material Documents.

(k) We express no opinion as to the validity, binding effect, or enforceability of: (i) provisions which purport to waive rights or notices, including rights to trial by jury, counterclaims or defenses, jurisdiction or venue; (ii) provisions relating to consent judgments, waivers of defenses or the benefits of statutes of limitations, marshaling of assets, the transferability of any assets which by their nature are nontransferable, sales in inverse order of alienation, or severance; (iii) provisions purporting to waive the benefits of present or of future laws relating to exemptions, appraisal, valuation, stay of execution, redemption, extension of time for payment, setoff and similar debtor protection laws; or (iv) provisions requiring a party to pay fees and expenses regardless of the circumstances giving rise to such fees or expenses or the reasonableness thereof.

(l) The opinions expressed herein are subject to the effect of generally applicable rules of law that provide that forum selection clauses in contracts are not necessarily binding on the court(s) in the forum selected.

(m) We express no opinion as to the enforceability of any provisions in the Material Documents purporting to entitle a party to indemnification in respect of any matters arising in whole or in part by reason of any negligent, illegal or wrongful act or omission of such party.

This opinion is furnished to those parties addressed in this letter solely in connection with the transactions, for the purposes and on the terms described above and may not be relied upon for any other purpose or by any other person in any manner or for any purpose.

Very truly yours,
Boghetich Law, PLLC

Attachment: Draft Ordinance (Celina Parvin 101 – Bond Ordinance)

APPENDIX E

CLOSING CERTIFICATE OF DEVELOPER

MM Celina Parvin 101, LLC, a Texas limited liability company (the “Developer”) DOES HEREBY CERTIFY the following as of the date hereof. All capitalized terms not otherwise defined herein shall have the meaning given to such term in the Limited Offering Memorandum and the Bond Purchase Agreement.

1. The Developer is a limited liability company organized, validly existing and in good standing under the laws of the State of Texas.

2. Representatives of the Developer have provided information to the City of Celina, Texas (the “City”) and FMSbonds, Inc. (the “Underwriter”) to be used in connection with the offering by the City of its \$[PAR AMOUNT] aggregate principal amount of Special Assessment Revenue Bonds, Series 2023 (Parvin Public Improvement District Project) (the “Bonds”), pursuant to the City’s Preliminary Limited Offering Memorandum, dated _____, 2023 and Limited Offering Memorandum dated August 8, 2023 (together, the “Limited Offering Memorandum”).

3. The Developer has delivered to the Underwriter and the City true, correct, complete and fully executed copies of the Developer’s organizational documents, and such documents have not been amended or supplemented and are in full force and effect as of the date hereof.

4. The Developer has delivered to the Underwriter and the City a (i) Certificate of Status from the Texas Secretary of State, and (ii) verification of franchise tax account status from the Texas Comptroller of Public Accounts for the Developer.

5. The Developer has executed or caused the execution of, and delivered each of the below listed documents (individually, a “Developer Document” and collectively, the “Developer Documents”) in the capacity provided for in each such Developer Document, and each such Developer Document constitutes a valid and binding obligation of the Developer, enforceable against the Developer in accordance with its terms:

- (a) the Developer Letter of Representations;
- (b) the Development Agreement;
- (c) the Landowner Agreement;
- (d) the CFA Agreement; and
- (e) the Continuing Disclosure Agreement of Developer.

6. The Developer has complied in all material respects with all of the Developer’s agreements and covenants and satisfied all conditions required to be complied with or satisfied by the Developer under the Developer Documents on or prior to the date hereof.

7. The execution and delivery of the Developer Documents by the Developer does not violate any judgment, order, writ, injunction or decree binding on the Developer or any indenture, agreement, or other instrument to which the Developer is a party. To the Developer's knowledge, after due inquiry, there are no proceedings pending or threatened in writing before any court or administrative agency against the Developer that is either not covered by insurance or which singularly or collectively would have a material, adverse effect on the ability of the Developer to perform its obligations under the Developer Documents in all material respects or that would reasonably be expected to prevent or prohibit the development of the Development in accordance with the description thereof in the Limited Offering Memorandum.

8. The Developer has reviewed and approved the information contained in the Limited Offering Memorandum under the captions "PLAN OF FINANCE – Development Plan and Plan of Finance," "THE AUTHORIZED IMPROVEMENTS," "THE DEVELOPMENT," "THE DEVELOPER," "BONDHOLDERS' RISKS" (only as it pertains to the Developer, the Authorized Improvements, and the Development), "LEGAL MATTERS — Litigation — The Developer," "SOURCES OF INFORMATION; MISCELLANEOUS" (only as it pertains to the Developer), "CONTINUING DISCLOSURE – The Developer," and "– The Developer's Compliance with Prior Undertakings," and "APPENDIX D-2," and "APPENDIX F" and certify that the same does not contain any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements made therein, in the light of the circumstances under which they are made, not misleading respecting such Developer and the portion of the Development owned by such Developer, provided, however, that the foregoing certification is not a certification as to the accuracy, completeness or fairness of any of the other statements contained in the Limited Offering Memorandum.

9. The Developer is in compliance in all material respects with all provisions of applicable law in all material respects relating to the Developer in connection with the Development. Except as otherwise described in the Limited Offering Memorandum: (a) there is no default of any zoning condition, land use permit or development agreement binding upon the Developer or any portion of the Development that would materially and adversely affect the Developer's ability to complete or cause to be completed the development of such portion of the Development as described in the Limited Offering Memorandum; and (b) we have no reason to believe that any additional permits, consents and licenses required to complete the Development as and in the manner described in the Limited Offering Memorandum will not be reasonably obtainable in due course.

10. The Developer is not insolvent and have not made an assignment for the benefit of creditors, filed or consented to a petition in bankruptcy, petitioned or applied (or consented to any third party petition or application) to any tribunal for the appointment of a custodian, receiver or any trustee or commenced any proceeding under any bankruptcy, reorganization, arrangement, readjustment of debt, dissolution or liquidation law or statute of any jurisdiction.

11. The levy of the Assessments (as defined in the Limited Offering Memorandum) on property in the District owned by the Developer will not conflict with or constitute a breach of or default under any agreement, indenture or other instrument to which the Developer is a party or to which the Developer or any of its property or assets is subject.

12. The Developer is not in default under any mortgage, trust indenture, lease or other instrument to which it or any of its assets is subject, which default would have a material and adverse effect on the Bonds or the development of the Development.

13. The Developer has no knowledge of any physical condition of the Development owned or to be developed by the Developer that currently requires, or currently is reasonably expected to require in the process of development investigation or remediation under any applicable federal, state or local governmental laws or regulations relating to the environment in any material and adverse respect.

Re: City of Celina, Texas, Special Assessment Revenue Bonds, Series 2023 (Parvin Public Improvement District Project) (the “Bonds”)

Ladies and Gentlemen:

The undersigned, _____, appraiser of the property contained in the Parvin Public Improvement District (the “District”), does hereby represent the following:

1. On behalf of Peyco Southwest Realty, Inc. I have supplied certain information contained in the Preliminary Limited Offering Memorandum for the Bonds, dated July 25, 2023, and the Limited Offering Memorandum for the Bonds, dated on or about August 8, 2023 (together, the “Limited Offering Memorandum”), relating to the issuance of the Bonds by the City of Celina, Texas, as described above. The information I have provided is the real estate appraisal of the property within the District, located in APPENDIX E to the Limited Offering Memorandum, and the description thereof, set forth under the caption “APPRAISAL OF PROPERTY IN THE DISTRICT — The Appraisal”.

2. To the best of my professional knowledge and belief, as of the date of my appraisal report, the portion of the Limited Offering Memorandum described above does not contain an untrue statement of a material fact as to the information and data set forth therein, and does not omit to state a material fact necessary to make the statements made therein, in the light of the circumstances under which they were made, not misleading.

3. I agree to the inclusion of the Appraisal in the Limited Offering Memorandum and the use of the name of my firm in the Limited Offering Memorandum for the Bonds.

4. I agree that, to the best of my ability, I will inform you immediately should I learn of any event(s) or information of which you are not aware subsequent to the date of this letter and prior to the actual time of delivery of the Bonds (anticipated to occur on or about September 6,

2023) which would render any such information in the Limited Offering Memorandum untrue, incomplete, or incorrect, in any material fact or render any statement in the appraisal materially misleading.

5. The undersigned hereby represents that he has been duly authorized to execute this letter of representations.

Sincerely yours,

PEYCO SOUTHWEST REALTY, INC.

Re: City of Celina, Texas, Special Assessment Revenue Bonds, Series 2023 (Parvin Public Improvement District Project) (the “Bonds”)

Ladies and Gentlemen:

The undersigned, an authorized representative of MuniCap, Inc. (“MuniCap,” consultant in connection with the creation by the City of Celina, Texas (the “City”), of the Parvin Public Improvement District (the “District”), does hereby represent the following:

1. MuniCap has supplied certain information contained in the Preliminary Limited Offering Memorandum, dated July 25, 2023 (the “Preliminary Limited Offering Memorandum”), and the final Limited Offering Memorandum, dated on or about August 8, 2023 (together with the Preliminary Limited Offering Memorandum, the “Limited Offering Memorandum”), both in connection with the Bonds, relating to the issuance of the Bonds by the City, as described above. The information MuniCap provided for the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum is located (a) under the captions “ASSESSMENT PROCEDURES — Assessment Methodology,” “ASSESSMENT PROCEDURES — Assessment Amounts,” “OVERLAPPING TAXES AND DEBT,” and “THE ADMINISTRATOR,” and (b) in the Service and Assessment Plan (the “SAP”) for the City located in APPENDIX B to the Limited Offering Memorandum.

2. To our professional knowledge and belief, the portions of the Limited Offering Memorandum described above do not contain an untrue statement of a material fact as to the information and data set forth therein, and do not omit to state a material fact necessary to make the statements made therein, in the light of the circumstances under which they were made, not misleading.

3. We agree to the inclusion of the SAP in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum and to the use of the name of our firm in

the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum for the Bonds.

4. We agree that, to the best of our ability, we will inform you immediately should we learn of any event(s) or information of which you are not aware subsequent to the date of this letter and prior to the actual time of delivery of the Bonds (anticipated to occur on or about September 6, 2023) which would render any such information in the Limited Offering Memorandum untrue, incomplete, or incorrect, in any material fact or render any such information materially misleading.

5. The undersigned hereby represents that he or she has been duly authorized to execute this letter of representation.

Sincerely yours,

MUNICAP, INC.

EXHIBIT C
CONTINUING DISCLOSURE AGREEMENT

Attachment: Draft Ordinance (Celina Parvin 101 – Bond Ordinance)

**CITY OF CELINA, TEXAS,
SPECIAL ASSESSMENT REVENUE BONDS, SERIES 2023
(PARVIN PUBLIC IMPROVEMENT DISTRICT PROJECT)**

CONTINUING DISCLOSURE AGREEMENT OF THE ISSUER

This Continuing Disclosure Agreement of the Issuer dated as of September 1, 2023 (this “Disclosure Agreement”) is executed and delivered by and between the City of Celina, Texas (the “Issuer”), MuniCap, Inc., (the “Administrator”), and HTS Continuing Disclosure Services, a division of Hilltop Securities Inc. (in such capacity, the “Dissemination Agent”) with respect to the Issuer’s “Special Assessment Revenue Bonds, Series 2023 (Parvin Public Improvement District Project)” (the “Bonds”). The Issuer, the Administrator, and the Dissemination Agent covenant and agree as follows:

SECTION 1. Purpose of the Disclosure Agreement. This Disclosure Agreement is being executed and delivered by the Issuer, the Administrator, and the Dissemination Agent for the benefit of the Owners (defined below) and beneficial owners of the Bonds. Unless and until a different filing location is designated by the MSRB (defined below) or the SEC (defined below), all filings made by the Dissemination Agent pursuant to this Disclosure Agreement shall be filed with the MSRB through EMMA (defined below).

SECTION 2. Definitions. In addition to the definitions set forth above and in the Indenture of Trust dated as of September 1, 2023, relating to the Bonds (the “Indenture”), which apply to any capitalized term used in this Disclosure Agreement, as amended or supplemented, including the Exhibits hereto, unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

“Administrative Expenses” shall have the meaning assigned to such term in the Service and Assessment Plan.

“Administrator” shall mean an employee of the Issuer or third-party designee of the Issuer who shall have the responsibilities provided in the Service and Assessment Plan, this Indenture, or any other agreement or document approved by the Issuer related to the duties and responsibilities of the administration of the District. The initial Administrator is MuniCap, Inc.

“Affiliate” shall have the meaning assigned to such term in Section 22 of this Disclosure Agreement.

“Annual Financial Information” shall mean annual financial information as such term is used in paragraph (b)(5)(i) of the Rule and specified in Section 4(a) of this Disclosure Agreement.

“Annual Installment” shall have the meaning assigned to such term in the Indenture.

“Annual Service Plan Update” shall have the meaning assigned to such term in the Indenture.

“Assessment” shall have the meaning assigned to the term “Assessments” in the Indenture.

“Audited Financial Statements” shall mean the audited financial statements of the Issuer that have been prepared in accordance with generally accepted accounting principles applicable from time to time to the Issuer and that have been audited by an independent certified public accountant.

“Authorized Improvements” shall mean the Authorized Improvements which benefit property within the District, as described in Section III of the Service and Assessment Plan.

“Business Day” shall mean any day other than a Saturday, Sunday or legal holiday in the State of Texas observed as such by the Issuer or the Trustee.

“Developer” shall mean MM Celina Parvin 101, LLC, a Texas limited liability company, and its designated successors and assigns.

“Disclosure Agreement of Developer” shall mean the Continuing Disclosure Agreement of Developer relating to the Bonds dated as of September 1, 2023 executed and delivered by the Developer, the Administrator and the Dissemination Agent.

“Disclosure Representative” shall mean the Finance Manager of the Issuer or his or her designee, or such other officer or employee as the Issuer, may designate in writing to the Dissemination Agent from time to time.

“Dissemination Agent” shall mean HTS Continuing Disclosure Services, a division of Hilltop Securities Inc., acting solely in its capacity as dissemination agent, or any successor Dissemination Agent designated in writing by the Issuer and which has filed with the Trustee a written acceptance of such designation.

“District” shall mean the Parvin Public Improvement District.

“EMMA” shall mean the Electronic Municipal Market Access System available on the internet at <http://emma.msrb.org>.

“Filing Due Date” shall mean the expiration of six (6) months after the end of each fiscal year.

“Financial Obligation” shall mean a (a) debt obligation; (b) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (c) guarantee of a debt obligation or any such derivative instrument; provided that “financial obligation” shall not include

municipal securities as to which a final official statement (as defined in the Rule) has been provided to the MSRB consistent with the Rule.

“Fiscal Year” shall mean the Issuer’s fiscal year, currently the calendar year from October 1 through September 30.

“Foreclosure Proceeds” shall have the meaning assigned to such term in the Indenture.

“Listed Events” shall mean any of the events listed in Section 5(a) of this Disclosure Agreement.

“MSRB” shall mean the Municipal Securities Rulemaking Board or any other entity designated or authorized by the SEC to receive continuing disclosure reporting pursuant to the Rule.

“Outstanding” shall have the meaning assigned to such term in the Indenture.

“Owner” shall have the meaning assigned to such term in the Indenture.

“Participating Underwriter” shall mean FMSbonds, Inc. and its successors and assigns.

“PID Act” means Chapter 372, Texas Local Government Code, as amended.

“Rule” shall mean Rule 15c2-12 adopted by the SEC under the Securities Exchange Act of 1934, as the same may be amended from time to time.

“SEC” shall mean the United States Securities and Exchange Commission.

“Service and Assessment Plan” shall have meaning assigned to such term in the Indenture.

“Trustee” shall mean U.S. Bank Trust Company, National Association, and its successors, and any other corporation or association that may at any time be substituted in its place.

SECTION 3. Provision of Annual Financial Information and Audited Financial Statements.

(a) Commencing with the Fiscal Year ending September 30, 2023, the Issuer shall provide or cause to be provided to the MSRB, in the electronic or other format required by the MSRB (i) not later than six (6) months after the end of the Issuer’s Fiscal Year, its Annual Financial Information and (ii) not later than twelve (12) months after the end of the Issuer’s Fiscal Year, its Audited Financial Statements. In each case, the Annual Financial Information and the Audited Financial Statements, as applicable, may be submitted as a single document or as separate documents comprising a package and may include by reference other information as provided in Section 4 of this Disclosure Agreement. If the Issuer’s Fiscal Year changes, it shall file notice of

such change (including the date of the new Fiscal Year) with the MSRB prior to the next date by which the Issuer otherwise would be required to provide the Annual Financial Information or Audited Financial Statements, as applicable, pursuant to Section 4 of this Disclosure Agreement. All documents provided to the MSRB shall be accompanied by identifying information as prescribed by the MSRB.

(b) Upon delivery by the Issuer of the Annual Financial Information or the Audited Financial Statements, as applicable, to the Dissemination Agent together, with written instructions to file such information or financial statements, as applicable, with the MSRB, the Dissemination Agent shall:

- (i) determine the filing address or other filing location of the MSRB each year prior to filing the Annual Financial Information or the Audited Financial Statements, as applicable, on the respective dates required in subsection (a); and
- (ii) file the Annual Financial Information or the Audited Financial Statements, as applicable, on the respective dates required, containing or incorporating by reference the information set forth in Section 4 hereof;

(c) If the Issuer has provided the Dissemination Agent with the completed Annual Financial Information or the Audited Financial Statements, as applicable, together with written instructions to file such financial information or financial statements with the MSRB and the Dissemination Agent has filed such financial information or financial statements with the MSRB, then the Dissemination Agent shall file a report with the Issuer certifying that the Annual Financial Information or the Audited Financial Statements, as applicable, has been provided pursuant to this Disclosure Agreement, stating the date it was provided and that it was filed with the MSRB, which such financial information or financial statements shall include a filing receipt from the MSRB.

SECTION 4. Content and Timing of Annual Financial Information and Audited Financial Statements. The Annual Financial Information and the Audited Financial Statements shall contain or incorporate by reference, and the Issuer agrees to provide or cause to be provided to the Dissemination Agent, the following:

(a) *Annual Financial Information.* Within six (6) months after the end of each Fiscal Year, the Annual Financial Information of the Issuer (any or all of which may be unaudited) being:

- (i) Tables setting forth the following information, as of the end of such Fiscal Year:
 - (A) For the Bonds, the maturity date or dates, the interest rate or rates, the original aggregate principal amount and principal amount remaining Outstanding;
 - (B) The amounts in the funds and accounts under the Indenture securing the Bonds and a description of the related investments; and
 - (C) The assets and liabilities of the Trust Estate.

(ii) Financial information and operating data with respect to the Issuer of the general type, in substantially similar form to that shown in the tables provided under Sections 4(a)(ii)(A) and 4(a)(ii)(B) of Exhibit B attached hereto. Such information shall be provided: (a) as of the end of the Fiscal Year (for tables in Section 4(a)(ii)(A) of Exhibit B), and (b) both as of the end of the Fiscal Year and through February 1 of the calendar year immediately succeeding such Fiscal Year (for tables in Section 4(a)(ii)(B) of Exhibit B).

(iii) Updates to the information in the Service and Assessment Plan or the Annual Service Plan Update as most recently amended or supplemented, including any changes to the methodology for levying the Assessments in the District.

(iv) Until building permits have been issued for parcels or lots representing, in the aggregate, ninety-five percent (95%) of the total the Assessments levied within the District, the Annual Financial Information (in the Annual Service Plan Update or otherwise) shall include the number of certificates of occupancy (“COs”) issued for new homes completed in the District during such Fiscal Year and the aggregate number of COs issued for new homes completed within the District since filing the initial Annual Financial Information for Fiscal Year ending September 30, 2023.

(v) If the total amount of delinquencies greater than 150 days equals or exceeds ten percent (10%) of the amount of Assessments due in any fiscal year, a list of delinquent property owners.

(vi) A description of any amendment to this Disclosure Agreement and a copy of any restatements to the Issuer’s Audited Financial Statements during such Fiscal Year.

(b) *Audited Financial Statements.* Within twelve (12) months after the end of each Fiscal Year, the Audited Financial Statements of the Issuer, prepared in accordance with generally accepted accounting principles applicable from time to time to the Issuer. If such Audited Financial Statements are not complete within twelve (12) months after the end of each Fiscal Year, then the Issuer shall provide unaudited financial statements within such period and shall provide Audited Financial Statements for the applicable Fiscal Year when and if the audit report on such statements becomes available.

See Exhibit B hereto for a form for submitting the information set forth in the preceding paragraphs. The Issuer has designated MuniCap, Inc., as the initial Administrator. The Administrator, and if no Administrator is designated, Issuer’s staff, shall prepare the Annual Financial Information. In all cases, the Issuer shall have the sole responsibility for the content, design and other elements comprising substantive contents of the Annual Financial Information and Audited Financial Statements under this Section 4.

Any or all of the items listed above may be included by specific reference to other documents, including disclosure documents of debt issues of the Issuer, which have been submitted to and are publicly accessible from the MSRB. If the document included by reference is a final offering document, it must be available from the MSRB. The Issuer shall clearly identify each such other document so included by reference.

SECTION 5. Reporting of Significant Events.

(a) Pursuant to the provisions of this Section 5, each of the following is a Listed Event with respect to the Bonds:

1. Principal and interest payment delinquencies.
2. Non-payment related defaults, if material.
3. Unscheduled draws on debt service reserves reflecting financial difficulties.
4. Unscheduled draws on credit enhancements reflecting financial difficulties.
5. Substitution of credit or liquidity providers, or their failure to perform.
6. Adverse tax opinions, the issuance by the IRS of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds.
7. Modifications to rights of Owners, if material.
8. Bond calls, if material, and tender offers.
9. Defeasances.
10. Release, substitution, or sale of property securing repayment of the Bonds,
if material.
11. Rating changes.
12. Bankruptcy, insolvency, receivership or similar event of the Issuer.
13. The consummation of a merger, consolidation, or acquisition of the Issuer, or the sale of all or substantially all of the assets of the Issuer, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material.
14. Appointment of a successor or additional trustee under the Indenture or the change of name of a trustee, if material.
15. Incurrence of a Financial Obligation of the Issuer, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the Issuer, any of which affect security holders, if material.

16. Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the Issuer, any of which reflect financial difficulties.

Any sale by the Developer of real property within the District in the ordinary course of the Developer's business will not constitute a Listed Event for the purposes of paragraph (10) above.

For these purposes, any event described in paragraph (12) above is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the Issuer in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the Issuer, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Issuer.

The Issuer intends the words used in paragraphs (15) and (16) above and the definition of Financial Obligation to have the same meanings as when they are used in the Rule, as evidenced by SEC Release No. 34-83885, dated August 20, 2018.

Upon the occurrence of a Listed Event, the Issuer shall promptly notify the Dissemination Agent in writing and the Issuer shall direct the Dissemination Agent, in writing, to immediately file a notice of such occurrence with the MSRB. The Dissemination Agent shall file such notice no later than the Business Day immediately following the day on which it receives written notice of such occurrence from the Issuer. Any such notice is required to be filed within ten (10) Business Days of the occurrence of such Listed Event.

Additionally, the Issuer shall notify the MSRB, in a timely manner, of any failure by the Issuer to provide Audited Financial Statements (or unaudited financial statements, if Audited Financial Statements are not available) or Annual Financial Information, as applicable, as required under this Disclosure Agreement. See Exhibit A hereto for a form for submitting "Notice to MSRB of Failure to File."

Any notice under the preceding paragraphs shall be accompanied with the text of the disclosure that the Issuer desires to make, the written authorization of the Issuer for the Dissemination Agent to disseminate such information as provided herein, and the date the Issuer desires for the Dissemination Agent to disseminate the information (which date shall not be more than ten (10) Business Days after the occurrence of the Listed Event or failure to file).

In all cases, the Issuer shall have the sole responsibility for the content, design and other elements comprising substantive contents of all disclosures made pursuant to Sections 4 and 5 of this Disclosure Agreement. In addition, the Issuer shall have the sole responsibility to ensure that any notice required to be filed under this Section 5 is filed within ten (10) Business Days of the occurrence of the Listed Event.

(b) The Dissemination Agent shall, promptly, and not more than three (3) Business Days after obtaining actual knowledge of the occurrence of any Listed Event with respect to the Bonds, notify the Disclosure Representative in writing of such Listed Event. The Dissemination Agent shall not be required to file a notice of the occurrence of such Listed Event with the MSRB unless and until it receives written instructions from the Disclosure Representative to do so. If the Dissemination Agent has been instructed by the Disclosure Representative on behalf of the Issuer to report the occurrence of a Listed Event under this subsection (b), the Dissemination Agent shall file a notice of such occurrence with the MSRB no later than the Business Day immediately following the day on which it receives written instructions from the Issuer. It is agreed and understood that the duty to make or cause to be made the disclosures herein is that of the Issuer and not that of the Trustee or the Dissemination Agent. It is agreed and understood that the Dissemination Agent has agreed to give the foregoing notice to the Issuer as an accommodation to assist it in monitoring the occurrence of such event but is under no obligation to investigate whether any such event has occurred. As used above, “actual knowledge” means the actual fact or statement of knowing, without a duty to make any investigation with respect thereto. In no event shall the Dissemination Agent be liable in damages or in tort to the Issuer, the Participating Underwriter, the Trustee, or any Owner or beneficial owner of any interests in the Bonds as a result of its failure to give the foregoing notice or to give such notice in a timely fashion.

(c) If in response to a notice from the Dissemination Agent under subsection (b), the Issuer determines that the Listed Event under number 2, 7, 8 (as to Bond calls only), 10, 13, 14, or 15 of subparagraph (a) above is not material under applicable federal securities laws, the Issuer shall promptly, but in no case more than five (5) Business Days after occurrence of the event, notify the Dissemination Agent and the Trustee (if the Dissemination Agent is not the Trustee) in writing and instruct the Dissemination Agent not to report the occurrence pursuant to subsection (b).

SECTION 6. Termination of Reporting Obligations. The obligations of the Issuer, the Administrator, and the Dissemination Agent under this Disclosure Agreement shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds, when the Issuer is no longer an obligated person with respect to the Bonds, or upon delivery by the Disclosure Representative to the Dissemination Agent of an opinion of nationally recognized bond counsel to the effect that continuing disclosure is no longer required. So long as any of the Bonds remain Outstanding, the Dissemination Agent may assume that the Issuer is an obligated person with respect to the Bonds until it receives written notice from the Disclosure Representative stating that the Issuer is no longer an obligated person with respect to the Bonds, and the Dissemination Agent may conclusively rely upon such written notice with no duty to make investigation or inquiry into any statements contained or matters referred to in such written notice. If such termination occurs prior to the final maturity of the Bonds, the Issuer shall give notice of such termination in the same manner as for a Listed Event with respect to the Bonds under Section 5(a).

SECTION 7. Dissemination Agent. The Issuer may, from time to time, appoint or engage a Dissemination Agent or successor Dissemination Agent to assist it in carrying out its obligations under this Disclosure Agreement, and may discharge such Dissemination Agent. If the Issuer discharges the Dissemination Agent, the Issuer shall use best efforts to appoint a successor Dissemination Agent within 30 days of such discharge. If at any time there is not any other

designated Dissemination Agent, the Issuer shall be the Dissemination Agent. The initial Dissemination Agent appointed hereunder shall be HTS Continuing Disclosure Services, a division of Hilltop Securities Inc. The Issuer will give prompt written notice to the Developer, or any other party responsible for providing quarterly information pursuant to the Disclosure Agreement of Developer, of any change in the identity of the Dissemination Agent under the Disclosure Agreement of Developer.

SECTION 8. Amendment; Waiver. Notwithstanding any other provisions of this Disclosure Agreement, the Issuer and the Dissemination Agent may amend this Disclosure Agreement (and the Dissemination Agent shall not unreasonably withhold its consent to any amendment so requested by the Issuer), and any provision of this Disclosure Agreement may be waived, provided that the following conditions are satisfied:

(a) If the amendment or waiver relates to the provisions of Sections 3(a), 4, or 5(a), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the Bonds, or the type of business conducted;

(b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the delivery of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment or waiver either (i) is approved by the Owners of the Bonds in the same manner as provided in the Indenture for amendments to the Indenture with the consent of Owners, or (ii) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the Owners or beneficial owners of the Bonds.

In the event of any amendment or waiver of a provision of this Disclosure Agreement, the Issuer shall describe such amendment in the next related Annual Financial Information or Audited Financial Statements, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the Issuer. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 5(a), and (ii) the Audited Financial Statements for the fiscal year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles. No amendment which adversely affects the Dissemination Agent may be made without its prior written consent (which consent will not be unreasonably withheld or delayed).

SECTION 9. Additional Information. Nothing in this Disclosure Agreement shall be deemed to prevent the Issuer from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any Annual Financial Information and Audited Financial Statements or notice of occurrence of a Listed Event, in addition to that which is required by this

Disclosure Agreement. If the Issuer chooses to include any information in any Annual Financial Information, Audited Financial Statements or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, the Issuer shall have no obligation under this Disclosure Agreement to update such information or include it in any future Annual Financial Information, Audited Financial Statements or notice of occurrence of a Listed Event.

SECTION 10. Default. In the event of a failure of the Issuer to comply with any provision of this Disclosure Agreement, the Dissemination Agent or any Owner or beneficial owner of the Bonds may, and the Trustee (at the request of any Participating Underwriter or the Owners of at least twenty-five percent (25%) aggregate principal amount of Outstanding Bonds and upon being indemnified to its satisfaction) shall, take such actions as may be necessary and appropriate to cause the Issuer to comply with its obligations under this Disclosure Agreement. A default under this Disclosure Agreement shall not be deemed an Event of Default under the Indenture with respect to the Bonds, and the sole remedy under this Disclosure Agreement in the event of any failure of the Issuer to comply with this Disclosure Agreement shall be an action for mandamus or specific performance. A default under this Disclosure Agreement by the Issuer shall not be deemed a default under the Disclosure Agreement of Developer by the Developer, and a default under the Disclosure Agreement of Developer by the Developer shall not be deemed a default under this Disclosure Agreement by the Issuer.

SECTION 11. Duties, Immunities and Liabilities of Dissemination Agent and Administrator.

(a) The Dissemination Agent shall not be responsible in any manner for the content of any notice or report (including without limitation the Annual Financial Information and the Audited Financial Statements) prepared by the Issuer pursuant to this Disclosure Agreement. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Agreement, and no implied covenants shall be read into this Disclosure Agreement with respect to the Dissemination Agent. To the extent permitted by law, the Issuer agrees to hold harmless the Dissemination Agent, its officers, directors, employees and agents, but only with funds to be provided by the Developer or from Administrative Expenses collected from the property owners in the District, against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct; provided, however, that nothing herein shall be construed to require the Issuer to indemnify the Dissemination Agent for losses, expenses or liabilities arising from information provided to the Dissemination Agent by the Developer or the failure of the Developer to provide information to the Dissemination Agent as and when required under the Disclosure Agreement of Developer. The obligations of the Issuer under this Section shall survive resignation or removal of the Dissemination Agent and payment in full of the Bonds. Nothing in this Disclosure Agreement shall be construed to mean or to imply that the Dissemination Agent is an "obligated person" under the Rule. The Dissemination Agent shall not be responsible for the Issuer's failure to submit a complete Annual Financial Information or Audited Financial Statements to the MSRB. The Dissemination Agent is not acting in a fiduciary capacity in connection with the performance of its respective obligations hereunder. The

fact that the Dissemination Agent may have a banking or other business relationship with the Issuer or any person with whom the Issuer contracts in connection with the transaction described in the Indenture, apart from the relationship created by the Indenture or this Disclosure Agreement, shall not be construed to mean that the Dissemination Agent has actual knowledge of any event described in Section 5 above, except as may be provided by written notice to the Dissemination Agent pursuant to this Disclosure Agreement.

The Dissemination Agent may, from time to time, consult with legal counsel of its own choosing in the event of any disagreement or controversy, or question or doubt as to the construction of any of the provisions hereof or their respective duties hereunder, and the Dissemination Agent shall not incur any liability and shall be fully protected in acting in good faith upon the advice of such legal counsel.

(b) The Administrator shall not have any duty with respect to the content of any disclosures made pursuant to the terms hereof. The Administrator shall have only such duties as are specifically set forth in this Disclosure Agreement, and no implied covenants shall be read into this Disclosure Agreement with respect to the Administrator. To the extent permitted by law, the Issuer agrees to hold harmless the Administrator, its officers, directors, employees and agents, but only with funds to be provided by the Developer or from Administrative Expenses collected from the property owners in the District, against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including reasonable attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Administrator's negligence or willful misconduct; provided, however, that nothing herein shall be construed to require the Issuer to indemnify the Administrator for losses, expenses or liabilities arising from information provided to the Administrator by third parties, or the failure of any third party to provide information to the Administrator as and when required under this Disclosure Agreement, or the failure of the Developer to provide information to the Administrator as and when required under the Disclosure Agreement of Developer. The obligations of the Issuer under this Section shall survive resignation or removal of the Administrator and payment in full of the Bonds. Nothing in this Disclosure Agreement shall be construed to mean or to imply that the Administrator is an "obligated person" under the Rule. The Administrator is not acting in a fiduciary capacity in connection with the performance of its respective obligations hereunder. The Administrator shall not in any event incur any liability with respect to (i) any action taken or omitted to be taken in good faith upon advice of legal counsel given with respect to any question relating to duties and responsibilities of the Administrator hereunder, or (ii) any action taken or omitted to be taken in reliance upon any document delivered to the Administrator and believed to be genuine and to have been signed or presented by the proper party or parties.

The Administrator may, from time to time, consult with legal counsel of its own choosing in the event of any disagreement or controversy, or question or doubt as to the construction of any of the provisions hereof or their respective duties hereunder, and the Administrator shall not incur any liability and shall be fully protected in acting in good faith upon the advice of such legal counsel.

(c) UNDER NO CIRCUMSTANCES SHALL THE DISSEMINATION AGENT, THE ADMINISTRATOR, OR THE ISSUER BE LIABLE TO THE OWNER OR BENEFICIAL

OWNER OF ANY BOND OR ANY OTHER PERSON, IN CONTRACT OR TORT, FOR DAMAGES RESULTING IN WHOLE OR IN PART FROM ANY BREACH BY THE ISSUER, THE ADMINISTRATOR, OR THE DISSEMINATION AGENT, RESPECTIVELY, WHETHER NEGLIGENT OR WITHOUT FAULT ON ITS PART, OF ANY COVENANT SPECIFIED IN THIS DISCLOSURE AGREEMENT, BUT EVERY RIGHT AND REMEDY OF ANY SUCH PERSON, IN CONTRACT OR TORT, FOR OR ON ACCOUNT OF ANY SUCH BREACH SHALL BE LIMITED TO AN ACTION FOR MANDAMUS OR SPECIFIC PERFORMANCE. EXCEPT AS DESCRIBED IN SECTION 10 WITH RESPECT TO THE DISSEMINATION AGENT, NEITHER THE DISSEMINATION AGENT NOR THE ADMINISTRATOR IS UNDER ANY OBLIGATION NOR IS IT REQUIRED TO BRING SUCH AN ACTION.

SECTION 12. Assessments Timeline. The basic expected timeline for the collection of Assessments and the anticipated procedures for pursuing the collection of delinquent Assessments is set forth in Exhibit C which is intended to illustrate the general procedures expected to be followed in enforcing the payment of delinquent Assessments. Failure to adhere to such expected timeline shall not constitute a default by the Issuer under this Disclosure Agreement, the Indenture, the Bonds or any other document related to the Bonds.

SECTION 13. No Personal Liability. No covenant, stipulation, obligation or agreement of the Issuer, the Administrator, or Dissemination Agent contained in this Disclosure Agreement shall be deemed to be a covenant, stipulation, obligation or agreement of any present or future council members, officer, agent or employee of the Issuer, the Administrator, or Dissemination Agent in other than that person's official capacity.

SECTION 14. Severability. In case any section or provision of this Disclosure Agreement, or any covenant, stipulation, obligation, agreement, act or action, or part thereof made, assumed, entered into, or taken thereunder or any application thereof, is for any reasons held to be illegal or invalid, such illegality or invalidity shall not affect the remainder thereof or any other section or provision thereof or any other covenant, stipulation, obligation, agreement, act or action, or part thereof made, assumed, entered into, or taken thereunder (except to the extent that such remainder or section or provision or other covenant, stipulation, obligation, agreement, act or action, or part thereof is wholly dependent for its operation on the provision determined to be invalid), which shall be construed and enforced as if such illegal or invalid portion were not contained therein, nor shall such illegality or invalidity of any application thereof affect any legal and valid application thereof, and each such section, provision, covenant, stipulation, obligation, agreement, act or action, or part thereof shall be deemed to be effective, operative, made, entered into or taken in the manner and to the full extent permitted by law.

SECTION 15. Sovereign Immunity. The Dissemination Agent and the Administrator agree that nothing in this Disclosure Agreement shall constitute or be construed as a waiver of the Issuer's sovereign or governmental immunities regarding liability or suit.

SECTION 16. Beneficiaries. This Disclosure Agreement shall inure solely to the benefit of the Issuer, the Administrator, the Dissemination Agent, the Participating Underwriter, and the Owners and the beneficial owners from time to time of the Bonds and shall create no rights

in any other person or entity. Nothing in this Disclosure Agreement is intended or shall act to disclaim, waive or otherwise limit the duties of the Issuer under federal and state securities laws.

SECTION 17. Dissemination Agent and Administrator Compensation. The fees and expenses incurred by the Dissemination Agent and the Administrator for their respective services rendered in accordance with this Disclosure Agreement constitute Administrative Expenses and will be included in the Annual Installments as provided in the annual updates to the Service and Assessment Plan. The Issuer shall pay or reimburse the Dissemination Agent and the Administrator, but only with funds to be provided from the Administrative Expenses component of the Annual Installments collected from the property owners in the District, for the fees and expenses for their respective services rendered in accordance with this Disclosure Agreement.

SECTION 18. Anti-Boycott Verification. To the extent this Disclosure Agreement constitutes a contract for goods or services for which a written verification is required under Section 2271.002, Texas Government Code, the Dissemination Agent and the Administrator, each respectively, hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott Israel and will not boycott Israel during the term of this Disclosure Agreement. The foregoing verification is made solely to enable the Issuer to comply with such Section and to the extent such Section does not contravene applicable Federal or Texas law. As used in the foregoing verification, 'boycott Israel' means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes.

SECTION 19. Iran, Sudan and Foreign Terrorist Organizations. The Dissemination Agent and the Administrator, each respectively, represents that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, and posted on any of the following pages of such officer's internet website:

<https://comptroller.texas.gov/purchasing/docs/sudan-list.pdf>,
<https://comptroller.texas.gov/purchasing/docs/iran-list.pdf>, or
<https://comptroller.texas.gov/purchasing/docs/fto-list.pdf>.

The foregoing representation is made solely to enable the Issuer to comply with Section 2252.152, Texas Government Code, and to the extent such Section does not contravene applicable Federal law and excludes the Dissemination Agent and the Administrator, each respectively, and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization.

SECTION 20. No Discrimination Against Fossil-Fuel Companies. To the extent this Disclosure Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 13 in the 87th Texas Legislature,

Regular Session), Texas Government Code, as amended, the Dissemination Agent and the Administrator, each respectively, hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott energy companies and will not boycott energy companies during the term of this Disclosure Agreement. The foregoing verification is made solely to enable the Issuer to comply with such Section and to the extent such Section does not contravene applicable Federal or Texas law. As used in the foregoing verification, “boycott energy companies” shall mean, without an ordinary business purpose, refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company (A) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable Federal or Texas law; or (B) does business with a company described by (A) above.

SECTION 21. No Discrimination Against Firearm Entities and Firearm Trade Associations. To the extent this Disclosure Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 19 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Dissemination Agent and the Administrator, each respectively, hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate against a firearm entity or firearm trade association during the term of this Disclosure Agreement. The foregoing verification is made solely to enable the Issuer to comply with such Section and to the extent such Section does not contravene applicable Federal or Texas law. As used in the foregoing verification, (a) ‘discriminate against a firearm entity or firearm trade association’ (A) means, with respect to the firearm entity or firearm trade association, to (i) refuse to engage in the trade of any goods or services with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, (ii) refrain from continuing an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, or (iii) terminate an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association and (B) does not include (i) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories and (ii) a company’s refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship (aa) to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency or (bb) for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity’s or association’s status as a firearm entity or firearm trade association. As used in the foregoing verification, (b) ‘firearm entity’ means a manufacturer, distributor, wholesaler, supplier, or retailer of firearms (i.e., weapons that expel projectiles by the action of explosive or expanding gases), firearm accessories (i.e., devices specifically designed or adapted to enable an individual to wear, carry, store, or mount a firearm on the individual or on a conveyance and items used in conjunction with or mounted on a firearm that are not essential to the basic function of the firearm, including detachable firearm magazines), or ammunition (i.e., a loaded cartridge case, primer, bullet, or propellant powder with or without a projectile) or a sport

shooting range (as defined by Section 250.001, Texas Local Government Code), and (c) ‘firearm trade association’ means a person, corporation, unincorporated association, federation, business league, or business organization that (i) is not organized or operated for profit (and none of the net earnings of which inures to the benefit of any private shareholder or individual), (ii) has two or more firearm entities as members, and (iii) is exempt from federal income taxation under Section 501(a), Internal Revenue Code of 1986, as an organization described by Section 501(c) of that code.

SECTION 22. Affiliate. As used in Sections 18 through 21, the Dissemination Agent and Administrator, each respectively, understands ‘affiliate’ to mean an entity that controls, is controlled by, or is under common control with the Dissemination Agent or the Administrator within the meaning of SEC Rule 405, 17.C.F.R. § 230.405, and exists to make a profit.

SECTION 23. Disclosure of Interested Parties. Pursuant to Section 2252.908(c)(4), Texas Government Code, as amended, the Dissemination Agent hereby certifies it is a publicly traded business entity and is not required to file a Certificate of Interested Parties Form 1295 related to this Disclosure Agreement.

SECTION 24. Governing Law. This Disclosure Agreement shall be governed by the laws of the State of Texas.

SECTION 25. Counterparts. This Disclosure Agreement may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument. The Issuer, the Administrator and the Dissemination Agent agree that electronic signatures to this Disclosure Agreement may be regarded as original signatures.

COLLECTIONS AND PURSUIT OF DELINQUENCIES¹**

<u>Date</u>	<u>Delinquency Clock (Days)</u>	<u>Activity</u>
January 31		Assessments are due.
February 1	1	Assessments delinquent if not received. Upon receipt but no later than February 15, Issuer forwards payment to Trustee for all collections received, along with detailed breakdown. Subsequent payments and relevant details will follow monthly thereafter. Issuer and/or Administrator should be aware of actual and specific delinquencies Administrator should be aware if Reserve Fund needs to be utilized for debt service payments during the corresponding Fiscal Year. If there is to be a shortfall of any Annual Installments due to be paid that Fiscal Year, the Dissemination Agent should be immediately notified in writing. Issuer and/or Administrator should determine if previously collected surplus funds, if any, plus actual Annual Installment collections will be fully adequate for debt service in the corresponding March and September.
March 1	28/29	Issuer and/or Administrator should be aware of actual and specific delinquencies. Trustee pays bond interest payments to Owners. Issuer, or the Trustee on behalf of the Issuer, to notify Dissemination Agent in writing of the occurrence of draw on the Reserve Fund and, following receipt of

¹ Illustrates anticipated dates and procedures for pursuing the collection of delinquent Assessments, which dates and procedures shall be in accordance with Chapters 31, 32, 33 and 34, Texas Tax Code, as amended (the "Code"), and the County Tax/Assessor Collector's procedures, and are subject to adjustment by the Issuer. If the collection and delinquency procedures under the Code are subsequently modified, whether due to an executive order of the Governor of Texas or an amendment to the Code, such modifications shall control.

such notice, Dissemination Agent to notify MSRB of such draw or the Reserve Fund.

At this point, if total delinquencies are under 5% and if there is adequate funding for September payments, no further action is anticipated for collection of Assessments except that the Issuer or Administrator, working with the City Attorney or an appropriate designee, will begin process to cure delinquency. **For properties delinquent by more than one year or if the delinquency exceeds \$10,000 the matter will be referred for commencement of foreclosure, in accordance with the County Tax/Assessor Collector's procedures.**

If there are over 5% delinquencies or if there is insufficient funding in the Pledged Revenue Fund for transfer to the Principal and Interest Account of the Bond Fund such amounts as shall be required for the full March and September payments, the collection-foreclosure procedure will proceed against all delinquent properties, in accordance with the County Tax/Assessor Collector's procedures.

July 1

152/153

Issuer, or the Administrator on behalf of the Issuer, determines whether or not any Annual Installments are delinquent and, if such delinquencies exist, the Issuer commences as soon as practicable appropriate and legally permissible actions to obtain such delinquent Annual Installments, in accordance with the County Tax/Assessor Collector's procedures.

Issuer and/or Administrator to notify Dissemination Agent in writing for disclosure to MSRB of all delinquencies.

Preliminary Foreclosure activity commences, and Issuer to notify Dissemination Agent in writing of the commencement of preliminary foreclosure activity.

If Dissemination Agent has not received Foreclosure Schedule and Plan of Collections, Dissemination Agent to request same from the Issuer.

If the Issuer has not provided the Dissemination Agent with Foreclosure Schedule and Plan of Collections, and

if instructed by the Owners under Section 11.2 of the Indenture, Dissemination Agent requests that the Issuer commence foreclosure or provide plan for collection.

August 15

197/198

The designated lawyers or law firm will be preparing the formal foreclosure documents and will provide periodic updates to the Dissemination Agent for dissemination to those Owners who have requested to be notified of collections progress. The goal for the foreclosure actions is a filing by no later than August 15 (day 197/198).

Foreclosure action to be filed with the court.

Issuer notifies Trustee and Dissemination Agent of Foreclosure filing status in writing. Dissemination Agent notifies Owners.

If Owners and Dissemination Agent have not been notified of a foreclosure action, Dissemination Agent will notify the Issuer that it is appropriate to file action.

A committee of not less than 25% of the Owners may request a meeting with the City Manager or Director of Finance to discuss the Issuer's actions in pursuing the repayment of any delinquencies. This would also occur after day 30 if it is apparent that a Reserve Fund draw is required. Further, if delinquencies exceed 5%, Owners may also request a meeting with the Issuer at any time to discuss the Issuer's plan and progress on collection and foreclosure activity. If the Issuer is not diligently proceeding with the foreclosure process, the Owners may seek an action for mandamus or specific performance to direct the Issuer to pursue the collections of delinquent Special Assessments.

ARTICLE II RECITALS

Section 2.01. The District and the Authorized Improvements.

(a) The City has created the District under the Act for the financing of, among other things, the acquisition, construction and installation of the Authorized Improvements.

(b) The City has authorized the issuance of the Bonds in accordance with the provisions of the Act, the Bond Ordinance and the Indenture, the proceeds of which Bonds shall be used, in part, to finance all or a portion of the Authorized Improvements in accordance with the terms and limitations of the Development Agreement, this Agreement, and the Service and Assessment Plan.

(c) All Authorized Improvements are eligible to be financed with proceeds of the Bonds, to the extent specified herein.

(d) The proceeds from the issuance and sale of the Bonds and funds received from the Developer concurrently with the closing of the Bonds shall be deposited in accordance with the Indenture.

(e) The Developer will undertake, oversee, or ensure the construction and development of the Authorized Improvements for acquisition and acceptance by the City or Mustang SUD, as applicable, in accordance with the terms and conditions contained in the Development Agreement and this Agreement.

Section 2.02. Agreements. In consideration of the mutual promises and covenants set forth herein, and for other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the City and the Developer agree that the foregoing recitals, as applicable to each, are true and correct and further make the agreements set forth herein.

ARTICLE III FUNDING

Section 3.01. Bonds.

(a) The City, in connection with this Agreement, is proceeding with the issuance and delivery of the Bonds.

(b) The projects to be partially financed with the proceeds of the Bonds are the Authorized Improvements. The payment of costs from the proceeds of the Bonds for such Authorized Improvements shall be made from the Authorized Improvements Account of the Project Fund established under the Indenture.

(c) The payment of costs of the Authorized Improvements from the Development Improvement Account of the Project Fund established under the Indenture shall be made in accordance with the provisions of Section 5.03 hereof and the terms of the Indenture.

(d) The City's obligation with respect to the payment of the Authorized Improvements shall be limited to the lesser of the Actual Costs or Budgeted Costs, and shall be payable solely from amounts on deposit for the payment of such costs as provided herein and in the Indenture. The Developer agrees and acknowledges that it is responsible for all Cost Overruns and all expenses related to the Authorized Improvements, qualified, however, by the distribution of Cost Underrun (as defined in Section 4.04 hereof) monies, as detailed in Section 4.04.

(e) The City shall have no responsibility whatsoever to the Developer with respect to the investment of any funds held in the Project Fund by the Trustee under the provisions of the Indenture, including any loss of all or a portion of the principal invested or any penalty for liquidation of an investment.

(f) The Developer acknowledges that any lack of availability of amounts in the funds or accounts established in the Indenture to pay the Costs of the Authorized Improvements shall in no way diminish any obligation of the Developer with respect to the construction of or contributions for the Authorized Improvements required by this Agreement, the Development Agreement, or any other agreement to which the Developer is a party or any governmental approval to which the Developer or any land within the District is subject.

Section 3.02 Accounts. All disbursements from the Authorized Improvements Account of the Project Fund and the Developer Improvement Account of the Project Fund shall be made by the City in accordance with provisions of the Development Agreement, the Service and Assessment Plan, this Agreement, and the Indenture.

ARTICLE IV CONSTRUCTION OF THE AUTHORIZED IMPROVEMENTS

Section 4.01. Duty of Developer to Construct.

(a) All Authorized Improvements shall be constructed by or at the direction of the Developer in accordance with the Plans and in accordance with this Agreement and the Development Agreement. The Developer shall perform, or cause to be performed, all of its obligations and shall conduct, or cause to be conducted, all operations with respect to the construction of Authorized Improvements in a good, workmanlike and commercially reasonable manner, with the standard of diligence and care normally employed by duly qualified persons utilizing their commercially reasonable efforts in the performance of comparable work and in accordance with generally accepted practices appropriate to the activities undertaken. The Developer shall employ, at all times, adequate staff or consultants with the requisite experience necessary to administer and coordinate all work related to the design, engineering, acquisition, construction and installation of all Authorized Improvements to be acquired and accepted by the City or Mustang SUD, from the Developer, as provided in this Agreement.

(b) The Developer shall not be relieved of its obligation to construct or cause to be constructed each Authorized Improvement and, upon completion, inspection, and acceptance, convey each such Authorized Improvement to the City or Mustang SUD, in accordance with the terms hereof, even if there are insufficient funds in the Project Fund or other funds or accounts created under the Indenture to pay the Actual Costs thereof. In any event, this Agreement shall not affect any obligation of the Developer under any other agreement to which the Developer is a party or any governmental approval to which the Developer or any land within the District is subject, with respect to the Authorized Improvements required in connection with the development of the land within the District.

Section 4.02. No Competitive Bidding. The Authorized Improvements shall not require competitive bidding pursuant to Section 252.022(a)(9) of the Texas Local Government Code, as amended.

Section 4.03. Independent Contractor. In performing this Agreement, the Developer is an independent contractor and not the agent or employee of the City or Mustang SUD with respect to the Authorized Improvements.

Section 4.04. Remaining Funds After Completion of an Authorized Improvement. Upon the Final Completion of an Authorized Improvement and payment of all outstanding invoices for such Authorized Improvement, if the Actual Cost of such Authorized Improvement is less than the Budgeted Cost (a “Cost Underrun”), any remaining Budgeted Cost may be made available to pay Cost Overruns on any other Authorized Improvement. The City shall promptly confirm to the Administrator that such remaining amounts are available to pay such Cost Overruns, and the Developer, the Administrator and the City Representative will agree how to use such moneys to secure the payment and performance of the work for other Authorized Improvements and shall include an update reflecting such change in the subsequent Annual Service Plan Update. Any Cost Underrun for any Authorized Improvement is available to pay Cost Overruns on any other Authorized Improvement.

Section 4.05. Contracts and Change Orders. The Developer shall be responsible for entering into all contracts and any supplemental agreements (herein referred to as “change orders”) required for the construction of the Authorized Improvements. Developer or its contractors may approve and implement any change orders, even if such change order would increase the Cost of an Authorized Improvement, but the Developer shall be solely responsible for payment of any Cost Overruns resulting from such change orders except to the extent amounts are available, or become available, pursuant to Section 4.04. If any change order is for work that requires changes to be made by an engineer to the construction and design documents and plans previously approved under Section 4.01, then such revisions made by an engineer must be submitted to the City for approval by the City’s engineer prior to execution of the change order.

ARTICLE V ACQUISITION, CONSTRUCTION, AND PAYMENT

Section 5.01. Payment Requests for Disbursements at Closing. In order to receive disbursement from the Costs of Issuance Account of the Project Fund at closing of the Bonds related to costs of issuance of the Bonds or costs incurred in the creation of the District, the Developer shall execute a Closing Disbursement Request, substantially in the form of **Exhibit B** hereto or otherwise acceptable and agreed to by the City, to be delivered to the City no less than five (5) business days prior to the scheduled Closing Date for the Bonds for payment in accordance with the provisions of the Indenture. In order to receive disbursement for an Authorized Improvement from the Authorized Improvements Account of the Project Fund or the Developer Improvement Account of the Project Fund at closing of the Bonds, the Developer shall execute a Certificate for Payment, substantially in the form of **Exhibit A** hereto or otherwise agreed to by the City, to be delivered to the City no later than ten (10) business days prior to the scheduled Closing Date for the Bonds for payment in accordance with the provisions of the Indenture. Upon approval by the City, the City shall submit a Closing Disbursement Request or a Certificate for Payment, as applicable, to the Trustee for disbursement to be made from the Costs of Issuance Account of the Project Fund, or the Authorized Improvements Account of the Project Fund or the Developer Improvement Account of the Project Fund, as applicable.

Section 5.02. Certificate for Payment for an Authorized Improvement.

(a) No payment hereunder shall be made from the Project Fund to the Developer for work on an Authorized Improvement until a Certificate for Payment is received from the Developer. Upon receipt of a Certificate for Payment substantially in the form of **Exhibit A** hereto (and all accompanying documentation required by the City) from the Developer, the City Inspector shall conduct a review in order to confirm that such request is complete, that the work with respect to such Authorized Improvement identified therein for which payment is requested was completed in accordance with all applicable governmental laws, rules and regulations and applicable Plans therefor and with the terms of this Agreement, the Development Agreement, and to verify and approve the Actual Cost of such work specified in such Certificate for Payment (collectively, the “Developer Compliance Requirements”). The City Inspector and/or the City Representative shall also conduct such review as is required in his discretion to confirm the matters certified in the Certificate for Payment. The Developer agrees to cooperate with the City Inspector and/or City Representative in conducting each such review and to provide the City Inspector and/or City Representative with such additional information and documentation as is reasonably necessary for the City Inspector and/or City Representative to conclude each such review.

(b) Within fifteen (15) business days of receipt of any Certificate for Payment, the City Representative shall either (i) approve and execute the Certificate for Payment and forward the same to the Administrator for approval and delivery to the Trustee for payment to the Developer in accordance with Section 5.03(a) hereof or (ii) in the event the City Representative disapproves the Certificate for Payment, give written notification to the Developer of the City Representative’s disapproval, in whole or in part, of such Certificate for Payment, specifying the reasons for such disapproval and the additional requirements to be satisfied for approval of such Certificate for Payment. If a Certificate for Payment seeking reimbursement is approved only in part, the City Representative shall specify the extent to which the Certificate for Payment is approved and shall deliver such partially approved Certificate for Payment to the Administrator for approval in accordance with Section 5.03 hereof and delivery to the Developer in accordance with Section 5.02(c) hereof, and any such partial work shall be processed for payment under Section 5.03 notwithstanding such partial disapproval.

(c) If the City Representative disapproves the Certificate for Payment, the disapproval must be in writing, stating the reason(s) for disapproval. The disapproval may be appealed to the City Council by the Developer in writing within thirty (30) days after Developer’s receipt of the City’s disapproval pursuant to Section 5.02(b) of this Agreement. Disapproval of the Certificate for Payment by the City Council shall be attempted to be resolved by half-day mediation between the parties in the event an agreement is not otherwise reached by the parties, with the mediator’s fee being paid by Developer. The Certificate for Payment shall not be forwarded to the Trustee for payment until the dispute is resolved by the City and the Developer.

(d) The Developer shall deliver the approved or partially approved Certificate for Payment to the Trustee for payment and the Trustee shall make such payment from the Project Fund in accordance with Section 5.03 below.

Section 5.03. Payment for an Authorized Improvement.

(a) Upon receipt of a reviewed and approved Certificate for Payment, the Trustee shall make payment from the following funds: (1) first from the Authorized Improvements Account of the Project Fund; and then (2) second from the Developer Improvement Account of the Project Fund and designated in the Certificate for Payment pursuant to the terms of the Certificate for Payment and the Indenture in an amount not to exceed the Budgeted Cost for the particular Authorized Improvement, unless a Cost Overrun amount has been approved for a particular Authorized Improvement. If a Cost Overrun amount has been approved, then the amount reimbursed shall not exceed the Budgeted Amount plus the approved Cost Overrun amount.

(b) Approved Certifications for Payment that await reimbursement shall not accrue interest.

(c) Notwithstanding any other provisions of this Agreement, when payment is made, the Trustee shall make payment (i) directly to the general contractor or supplier of materials or services, or (ii) jointly to Developer (or any permitted assignee of such Developer) and the general contractor or supplier of materials or services, as indicated in an approved Certificate for Payment, out of available and appropriate funds in the Project Fund. If the request for payment results in ninety percent (90%) or more of the Budgeted Costs for such Authorized Improvement identified in such request for payment being paid, then Trustee shall hold the payment until work with respect to that Authorized Improvement has been completed and accepted by the City. If an unconditional lien release related to the items referenced in the Certificate for Payment is attached to such Certificate for Payment, the Trustee shall make such payment to the Developer or any permitted assignee of the Developer. In the event the Developer provides a general contractor's or supplier of materials' unconditional lien release for a portion of the work covered by a Certificate for Payment, the Trustee will make such payment directly to the Developer or any permitted assignee of the Developer to the extent of such lien release.

(d) Withholding Payments.

Nothing in this Agreement shall be deemed to prohibit the Developer or the City from contesting in good faith the validity or amount of any mechanics or materialman's lien and/or judgment nor limit the remedies available to the Developer or the City with respect thereto, including the withholding of any payment that may be associated with the exercise of such remedy, so long as such delay in performance shall not subject the Authorized Improvement to foreclosure, forfeiture, or sale. In the event that any such mechanics or materialman's lien and/or judgment with respect to any Authorized Improvement is contested, the Developer shall post or cause delivery of a surety bond in the amount reasonably determined by the City or City may decline to accept the Authorized Improvements until such mechanics or materialman's lien and/or judgment is satisfied.

ARTICLE VI OWNERSHIP AND TRANSFER OF AN AUTHORIZED IMPROVEMENT

Section 6.01. Authorized Improvement to be Owned by the City or Mustang SUD – Title Evidence. If required by the City or Mustang SUD, the Developer shall furnish to the City or Mustang SUD, as applicable, a preliminary title report for land with respect to an Authorized Improvement to be acquired and accepted by the City or Mustang SUD, as applicable, from the Developer, and not previously dedicated or otherwise conveyed to the City or Mustang SUD, as applicable, for review and approval at least thirty (30) calendar days prior to the transfer of title of an Authorized Improvement to the City or Mustang SUD, as applicable. The City shall approve the preliminary title report unless it reveals a matter which, in the reasonable judgment of the City, could materially affect the City's clean title or use and enjoyment of any part of the property or easement covered by the preliminary title report. Mustang SUD is expected to follow its standard procedures to approve the title report. In the event the City or Mustang SUD, as applicable, does not approve the preliminary title report, the City or Mustang SUD, as applicable, shall not be obligated to accept title to the Authorized Improvement until the Developer has cured such objections to title to the reasonable satisfaction of the City, or Mustang SUD, as applicable.

Section 6.02. Authorized Improvement Constructed on City Land or Developer Land. If the Authorized Improvement is on land owned by the City, the City hereby grants to the Developer a license to enter upon such land for purposes related to construction (and maintenance pending acquisition and acceptance by the City) of the Authorized Improvement. If the Authorized Improvement is on land owned by the Developer, the Developer hereby grants to the City a nonexclusive easement to enter upon such land for purposes related to inspection and maintenance (pending acquisition and acceptance by the City) of the Authorized Improvement. The grant of the permanent easement shall not relieve the Developer of any obligation to grant the City or Mustang SUD title to property and/or easements related to the Authorized Improvement as required by the Development Agreement or as should, in the City's reasonable judgment, be granted to provide for convenient access to and routine and emergency maintenance of such Authorized Improvement. The provisions for inspection and acceptance of such Authorized Improvement otherwise provided herein shall apply.

ARTICLE VII REPRESENTATIONS, WARRANTIES AND COVENANTS

Section 7.01. Representations, Covenants and Warranties of the Developer. The Developer represents and warrants for the benefit of the City as follows:

(a) Organization. The Developer consists of one limited liability company duly formed, organized and validly existing under the laws of the State of Texas, is in compliance with the laws of the State of Texas, and has the power and authority to own its properties and assets and to fulfill its obligations in this Agreement and the Development Agreement and to carry on its business in the State of Texas as now being conducted as hereby contemplated.

(b) Authority. The Developer has the power and authority to enter into this Agreement and has taken all action necessary to cause this Agreement to be executed and delivered, and this Agreement has been duly and validly executed and delivered by the Developer.

(c) Binding Obligation. This Agreement is a legal, valid and binding obligation of the Developer, enforceable against the Developer in accordance with its terms, subject to bankruptcy and other equitable principles.

(d) Compliance with Law. The Developer shall not commit, suffer or permit any act to be done in, upon or to the lands in the District or the Authorized Improvements in violation of any law, ordinance, rule, regulation or order of any governmental authority or any covenant, condition or restriction now or hereafter affecting the lands in the District or the Authorized Improvements.

(e) Requests for Payment. The Developer represents and warrants that (i) it will not request payment from the Project Fund for the acquisition construction or installation of any improvements that are not part of the costs associated with the Authorized Improvements, and (ii) it will diligently follow all procedures set forth in this Agreement with respect to the Certificate for Payments.

(f) Financial Records. For a period of two years after completion of the Authorized Improvements, the Developer covenants to maintain proper books of record and account for the construction of the Authorized Improvements and all Costs related thereto. Such accounting books shall be maintained in accordance with generally accepted accounting principles, and shall be available for inspection by the City or its agents at any reasonable time during regular business hours on reasonable notice.

(g) Plans. The Developer represents that it has obtained or will obtain approval of the Plans from all appropriate departments of the City and from any other public entity or public utility from which such approval must be obtained. The Developer further agrees that, subject to the terms hereof, the Authorized Improvements have been or will be constructed in full compliance with such Plans and any change orders thereto consistent with the Act, this Agreement and the Development Agreement. Developer shall provide as-built plans for all Authorized Improvements to the City.

(h) Additional Information. The Developer agrees to cooperate with all reasonable written requests for nonproprietary information by the initial purchaser of the Bonds, the City Manager and the City Representative related to the status of construction of the Authorized Improvements within the District, the anticipated completion dates for future improvements and any other matter that the initial purchaser of the Bonds or City Representative deems material to the investment quality of the Bonds.

(i) Continuing Disclosure Agreement. The Developer agrees to provide the information required pursuant to the Continuing Disclosure Agreement executed by the Developer in connection with the Bonds.

(j) Tax Certificate. The City will deliver a certificate relating to the Bonds (such certificate, as it may be amended and supplemented from time to time, being referred to herein as the "Tax Certificate") containing covenants and agreements designed to satisfy the requirements of 26 U.S. Code Sections 103 and 141 through 150, inclusive, and the federal income tax

regulations issued thereunder relating to the use of the proceeds of the Bonds or of any monies, securities or other obligations on deposit to the credit of any of the funds and accounts created by the Indenture or this Agreement or otherwise that may be deemed to be proceeds of the Bonds within the meaning of 26 U.S. Code Section 148 (collectively, "Bond Proceeds").

The Developer covenants to provide, or cause to be provided, such facts and estimates as the City reasonably considers necessary to enable it to execute and deliver its Tax Certificate. The Developer further covenants that (i) such facts and estimates will be based on its reasonable expectations on the date of issuance of the Bonds and will be, to the best of the knowledge of the officers of the Developer providing such facts and estimates, true, correct and complete as of that date, and (ii) the Developer will make reasonable inquiries to ensure such truth, correctness and completeness. The Developer covenants that it will not make, or (to the extent that it exercises control or direction) permit to be made, any use or investment of the Bond Proceeds (including, but not limited to, the use of the Authorized Improvements) that would cause any of the covenants or agreements of the City contained in the Tax Certificate to be violated or that would otherwise have an adverse effect on the tax-exempt status of the interest payable on the Bonds for federal income tax purposes.

(k) Financial Resources. The Developer represents and warrants that it has the financial resources, or the ability to obtain sufficient financial resources, to meet its obligations under this Agreement, the Service and Assessment Plan and the Development Agreement.

Section 7.02. Indemnification and Hold Harmless. THE DEVELOPER SHALL INDEMNIFY AND HOLD HARMLESS THE CITY INSPECTOR, THE CITY, ITS OFFICIALS, EMPLOYEES, OFFICERS, REPRESENTATIVES AND AGENTS (EACH AN "INDEMNIFIED PARTY"), FROM AND AGAINST ALL ACTIONS, DAMAGES, CLAIMS, LOSSES OR EXPENSE OF EVERY TYPE AND DESCRIPTION TO WHICH THEY MAY BE SUBJECTED OR PUT: (I) BY REASON OF, OR RESULTING FROM THE BREACH OF ANY PROVISION OF THIS AGREEMENT BY THE DEVELOPER; (II) THE NEGLIGENT DESIGN, ENGINEERING, AND/OR CONSTRUCTION BY THE DEVELOPER OR ANY ARCHITECT, ENGINEER OR CONTRACTOR HIRED BY THE DEVELOPER OF ANY OF THE AUTHORIZED IMPROVEMENTS ACQUIRED FROM THE DEVELOPER HEREUNDER; (III) THE DEVELOPER'S NONPAYMENT UNDER CONTRACTS BETWEEN THE DEVELOPER AND ITS CONSULTANTS, ENGINEERS, ADVISORS, CONTRACTORS, SUBCONTRACTORS AND SUPPLIERS IN THE PROVISION OF THE AUTHORIZED IMPROVEMENTS; (IV) ANY CLAIMS OF PERSONS EMPLOYED BY THE DEVELOPER OR ITS AGENTS TO CONSTRUCT THE AUTHORIZED IMPROVEMENTS; OR (V) ANY CLAIMS AND SUITS OF THIRD PARTIES, INCLUDING BUT NOT LIMITED TO DEVELOPER'S RESPECTIVE PARTNERS, OFFICERS, DIRECTORS, EMPLOYEES, REPRESENTATIVES, AGENTS, SUCCESSORS, ASSIGNEES, VENDORS, GRANTEEES AND/OR TRUSTEES, REGARDING OR RELATED TO THE AUTHORIZED IMPROVEMENTS OR ANY AGREEMENT OR RESPONSIBILITY REGARDING THE AUTHORIZED IMPROVEMENTS, INCLUDING CLAIMS AND CAUSES OF ACTION WHICH MAY ARISE OUT OF THE SOLE OR PARTIAL NEGLIGENCE OF AN INDEMNIFIED PARTY (THE "CLAIMS"). NOTWITHSTANDING THE FOREGOING, NO INDEMNIFICATION IS GIVEN HEREUNDER FOR ANY ACTION, DAMAGE, CLAIM,

LOSS OR EXPENSE DETERMINED BY A COURT OF COMPETENT JURISDICTION TO BE DIRECTLY ATTRIBUTABLE TO THE WILLFUL MISCONDUCT OR GROSS NEGLIGENCE OF ANY INDEMNIFIED PARTY, DEVELOPER IS EXPRESSLY REQUIRED TO DEFEND CITY AGAINST ALL SUCH CLAIMS, AND CITY IS REQUIRED TO REASONABLY COOPERATE AND ASSIST DEVELOPER IN PROVIDING SUCH DEFENSE.

IN ITS REASONABLE DISCRETION, CITY SHALL HAVE THE RIGHT TO APPROVE OR SELECT DEFENSE COUNSEL TO BE RETAINED BY DEVELOPER IN FULFILLING ITS OBLIGATIONS HEREUNDER TO DEFEND AND INDEMNIFY THE INDEMNIFIED PARTIES, UNLESS SUCH RIGHT IS EXPRESSLY WAIVED BY CITY IN WRITING. THE INDEMNIFIED PARTIES RESERVE THE RIGHT TO PROVIDE A PORTION OR ALL OF THEIR/ITS OWN DEFENSE, AT THEIR/ITS SOLE COST; HOWEVER, INDEMNIFIED PARTIES ARE UNDER NO OBLIGATION TO DO SO. ANY SUCH ACTION BY AN INDEMNIFIED PARTY IS NOT TO BE CONSTRUED AS A WAIVER OF DEVELOPER'S OBLIGATION TO DEFEND THE INDEMNIFIED PARTIES OR AS A WAIVER OF DEVELOPER'S OBLIGATION TO INDEMNIFY THE INDEMNIFIED PARTIES, PURSUANT TO THIS AGREEMENT. DEVELOPER SHALL RETAIN CITY-APPROVED DEFENSE COUNSEL WITHIN SEVEN (7) BUSINESS DAYS OF WRITTEN NOTICE FROM AN INDEMNIFIED PARTY THAT IT IS INVOKING ITS RIGHT TO INDEMNIFICATION UNDER THIS AGREEMENT. IF DEVELOPER FAILS TO RETAIN COUNSEL WITHIN SUCH TIME PERIOD, THE INDEMNIFIED PARTIES SHALL HAVE THE RIGHT TO RETAIN DEFENSE COUNSEL ON ITS OWN BEHALF, AND DEVELOPER SHALL BE JOINTLY AND SEVERALLY LIABLE FOR ALL REASONABLE COSTS INCURRED BY INDEMNIFIED PARTIES.

THIS SECTION 7.02 SHALL SURVIVE THE TERMINATION OF THIS AGREEMENT.

THE PARTIES AGREE AND STIPULATE THAT THIS INDEMNIFICATION COMPLIES WITH THE CONSPICUOUSNESS REQUIREMENT AND THE EXPRESS NEGLIGENCE TEST, AND IS VALID AND ENFORCEABLE AGAINST THE DEVELOPER.

Section 7.03. Use of Monies by City; Changes to Indenture. The City agrees not to take any action or direct the Trustee to take any action to expend, disburse or encumber the monies held in the Project Fund and any monies to be transferred thereto for any purpose other than the purposes permitted by the Indenture. Prior to the acceptance of all the Authorized Improvements, the City agrees not to modify or supplement the Indenture without the approval of the Developer if as a result or as a consequence of such modification or supplement: (a) the amount of monies that would otherwise have been available under the Indenture for disbursement for the Costs of the Authorized Improvements is reduced, delayed or deferred, (b) the obligations or liabilities of the Developer are or may be increased or otherwise adversely affected in any manner, or (c) the rights of the Developer are or may be modified, limited, restricted or otherwise substantially adversely affected in any manner.

Section 7.04. No Reduction of Assessments. The Developer agrees not to take any action or actions to reduce the total amount of such Assessments to be levied as of the effective date of this Agreement.

ARTICLE VIII TERMINATION

Section 8.01. Mutual Consent. This Agreement may be terminated by the mutual, written consent of the City and the Developer, in which event the City may either execute contracts for or perform any remaining work related to the Authorized Improvements not accepted by the City or other appropriate entity and use all or any portion of funds on deposit in the Project Fund or other amounts transferred to the Project Fund under the terms of the Indenture to pay for same, and the Developer shall have no claim or right to any further payments for the Costs of a Authorized Improvement hereunder, except as otherwise may be provided in such written consent.

Section 8.02. City's Election for Cause.

(a) The City, upon notice to Developer and the passage of the cure period identified in subsection (b) below, may terminate this Agreement, without the consent of the Developer if the Developer shall breach any material covenant or default in the performance of any material obligation hereunder.

(b) If any such breach or default described in Section 8.02(a) occurs, the City shall give written notice of its knowledge of such breach or default to the Developer (and any mortgagee or trust deed beneficiary specified in writing by the Developer to the City to receive such notice). Upon receipt of such notice, Developer agrees to promptly meet and confer with the City Inspector and other appropriate City staff and consultants as to available options to assure timely completion, subject to the terms of this Agreement, of the Authorized Improvements. The City shall allow the Developer a minimum of forty-five (45) days to eliminate or to mitigate such breach or default to the reasonable satisfaction of the City ("Cure Period"). The Cure Period may be extended, at the sole discretion of the City, if the Developer, to the reasonable satisfaction of the City, is proceeding with diligence to eliminate or mitigate such breach or default. If at the end of the Cure Period (and any extension thereof), as determined reasonably by the City, the Developer has not eliminated or completely mitigated such grounds to the reasonable satisfaction of the City, the City may then terminate this Agreement. Upon termination of this Agreement, the City shall (i) provide written notice of such termination the Developer (and any mortgagee or trust deed beneficiary specified in writing by the Developer to the City to receive such notice) and (ii) instruct the Trustee to cease making payments for the Actual Costs and/or Budgeted Costs, as appropriate, of Authorized Improvements, provided that the Developer shall receive payment of the Actual Costs or Budgeted Costs, as appropriate, of any Authorized Improvements that were accepted by the City at the time of termination, so long as the Developer has complied with the requirements of the Development Agreement, this Agreement and the Indenture.

(c) If this Agreement is terminated by the City for cause, the City may either execute contracts for or perform any remaining work related to the Authorized Improvements not accepted by the City and use all or any portion of the funds on deposit in the Project Fund or other amounts

transferred to the Project Fund and the Developer shall have no claim or right to any further payments for the Authorized Improvements hereunder, except as otherwise may be provided upon the mutual written consent of the City and the Developer. The City shall have no obligation to perform any work related to an Authorized Improvement or to incur any expense or cost in excess of the remaining balance of the Project Fund.

Section 8.03. Termination Upon Redemption or Defeasance of Bonds. This Agreement will terminate automatically and with no further action by the City or the Developer upon the redemption or defeasance of all outstanding Bonds (including any refunding bonds issued to fund the Bonds) issued under the Indenture.

Section 8.04. Construction of the Authorized Improvements Upon Termination of this Agreement. Notwithstanding anything to the contrary contained herein, upon the termination of this Agreement pursuant to this Article VIII, the Developer shall perform its obligations with respect to the Authorized Improvements in accordance with this Agreement and the Development Agreement.

Section 8.05. Force Majeure. Whenever performance is required of a party hereunder, that party shall use all due diligence and take all necessary measures in good faith to perform, but if completion of performance is delayed by reasons of floods, earthquakes or other acts of God, war, civil commotion, riots, strikes, picketing or other labor disputes, damage to work in progress by casualty or by other cause beyond the reasonable control of the party (financial inability excepted), then the specified time for performance shall be extended by the amount of the delay actually so caused. The extension of time to perform allowed by this Section 8.05 shall not apply unless, within ten (10) business days of the occurrence of an event of Force Majeure, the party needing additional time to perform notifies the other party of the event of Force Majeure and the amount of additional time reasonably required as a result of the occurrence of the event of Force Majeure.

ARTICLE IX MISCELLANEOUS

Section 9.01. Limited Liability of City. The Developer agrees that any and all obligations of the City arising out of or related to this Agreement are special obligations of the City, and the City's obligations to make any payments hereunder are restricted entirely to the moneys, if any, in the Project Fund and from no other source. Neither the City, the City Inspector, City Representative nor any other City employee, officer, official or agent shall incur any liability hereunder to the Developer or any other party in their individual capacities by reason of their actions hereunder or execution hereof.

Section 9.02. Audit. The City Inspector, City Representative or a finance officer of the City shall have the right, during normal business hours and upon the giving of three business days' prior written notice to a Developer, to review all books and records of the Developer pertaining to costs and expenses incurred by the Developer with respect to any of the Authorized Improvements and any bids taken or received for the construction thereof or materials therefor.

Section 9.03. Notices. Any notice, payment or instrument required or permitted by this Agreement to be given or delivered to any party shall be deemed to have been received when personally delivered or transmitted by telecopy or facsimile transmission (which shall be immediately confirmed by telephone and shall be followed by mailing an original of the same within 24 hours after such transmission) or 72 hours following deposit of the same in any United States Post Office, registered or certified mail, postage prepaid, addressed as follows:

To the City:	Attn: City Manager City of Celina, Texas 142 N. Ohio Celina, Texas 75009
With a copy to:	Attn: Julie Fort Messer, Fort & McDonald 6371 Preston Road, Suite 200 Frisco, TX 75034
And to:	Attn: Bond Counsel Robert Dransfield Norton Rose Fulbright US LLP 2200 Ross Avenue, Suite 3600 Dallas, Texas 75201
To the Developer:	Attn: Mehrdad Moayedi MM Celina Parvin 101, LLC 1800 Valley View Lane, Suite 300 Farmers Branch, Texas 75234
With a copy to:	Attn: Travis Boghetich Boghetich Law, PLLC 1800 Valley View Lane, Suite 360 Farmers Branch, Texas 75234

Any party may change its address or addresses for delivery of notice by delivering written notice of such change of address to the other party.

The City shall advise the Developer of the name and address of any person who is to receive any notice or other communication pursuant to this Agreement.

Section 9.04. Severability. If any part of this Agreement is held to be illegal or unenforceable by a court of competent jurisdiction, the remainder of this Agreement shall be given effect to the fullest extent possible.

Section 9.05. Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the successors and assigns of the parties hereto. Any receivables due under this Agreement may be assigned by the Developer without the consent of, but upon written notice to

the City pursuant to Section 9.03 of this Agreement. The obligations, requirements, or covenants of this Agreement shall be able to be assigned to an affiliate or related entity of the Developer, or any lien holder on the Property, without prior written consent of the City. The obligations, requirements, or covenants of this Agreement shall not be assigned by the Developer to a non-affiliate or non-related entity of the Developer without prior written consent of the City Manager, (which consent shall not be unreasonably withheld if assignee demonstrates financial ability to perform), except pursuant to a collateral assignment to any person or entity providing construction financing to the Developer for an Authorized Improvement, provided such person or entity expressly agrees to assume all obligations of the Developer hereunder if there is a default under such financing and such Person elects to complete the Authorized Improvement. No such assignment shall be made by the Developer or any successor or assignee of the Developer that results in the City being an “obligated person” within the meaning of Rule 15c2-12 of the United States Securities and Exchange Commission without the express written consent of the City. In any event, any such assignment shall be in writing, shall clearly identify the scope of the rights and/or obligations assigned and may not otherwise amend the terms of this Agreement. The City may assign by a separate writing certain rights as described in this Agreement and in the Indenture, to the Trustee and the Developer hereby consents to such assignment.

Section 9.06. Other Agreements. The obligations of the Developer hereunder shall be those of a party hereto and not as an owner of property in the District. Nothing herein shall be construed as affecting the City’s or the Developer’s rights or duties to perform their respective obligations under other agreements, use regulations, ordinances or subdivision requirements relating to the development of the lands in the District, including the applicable Construction Contracts and the Development Agreement. To the extent there is a conflict between this Agreement and the Development Agreement, the Development Agreement shall control. To the extent there is a conflict between this Agreement and the Indenture, the Indenture shall control.

Section 9.07. Waiver. Failure by a party to insist upon the strict performance of any of the provisions of this Agreement by any other party, or the failure by a party to exercise its rights upon the default of any other party, shall not constitute a waiver of such party’s right to insist and demand strict compliance by such other party with the terms of this Agreement thereafter.

Section 9.08. Merger. No other agreement, statement or promise made by any party or any employee, officer or agent of any party with respect to any matters covered hereby that is not in writing and signed by all the parties to this Agreement shall be binding.

Section 9.09. Parties in Interest. Nothing in this Agreement, expressed or implied, is intended to or shall be construed to confer upon or to give to any person or entity other than the City and the Developer any rights, remedies or claims under or by reason of this Agreement or any covenants, conditions or stipulations hereof, and all covenants, conditions, promises and agreements in this Agreement contained by or on behalf of the City or the Developer shall be for the sole and exclusive benefit of the City and the Developer.

Section 9.10. Amendment. Except as otherwise provided in Section 9.05, upon agreement by the parties, this Agreement may be amended, from time to time in a manner consistent with the

Act, the Indenture, and the Bond Ordinance by written supplement hereto and executed in counterparts, each of which shall be deemed an original.

Section 9.11. Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original.

Section 9.12. Effective Date. This Agreement has been dated as of the date first above written solely for the purpose of convenience of reference and shall become effective upon its execution and delivery, on the Closing Date of the Bonds, by the parties hereto. All representations and warranties set forth therein shall be deemed to have been made on the Closing Date of the Bonds.

Section 9.13. Term. The term of this Agreement, other than the provisions contained in Section 7.02, which shall survive the termination of this Agreement, shall be thirty (30) years or upon redemption or defeasance of the Bonds (including any refunding bonds issued to refund the Bonds) issued under the Indenture. If the Developer defaults under this Agreement, or the Development Agreement, this Agreement, and the Development Agreement shall not terminate with respect to the costs of the Authorized Improvements that have been approved by the City pursuant to a Certificate for Payment prior to the date of termination based on such default.

Section 9.14. No Waiver of Powers or Immunity. The City does not waive or surrender any of its governmental powers, immunities, or rights except as necessary to allow Developer to enforce its remedies under this Agreement.

Section 9.15. No Boycott Israel. To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2271.002, Texas Government Code, the Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott Israel and will not boycott Israel during the term of this Agreement. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Federal law. As used in the foregoing verification, 'boycott Israel,' a term defined in Section 2271.001, Texas Government Code, by reference to Section 808.001(1), Texas Government Code, means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes. The Developer understands 'affiliate' to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit.

Section 9.16. Not a Listed Company. The Developer represents that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, and posted on any of the following pages of such officer's internet website: <https://comptroller.texas.gov/purchasing/docs/sudan-list.pdf>, <https://comptroller.texas.gov/purchasing/docs/iran-list.pdf>, or <https://comptroller.texas.gov/purchasing/docs/fto-list.pdf>. The foregoing representation is made solely to enable the

City to comply with Section 2252.152, Texas Government Code, and to the extent such Section does not contravene applicable Federal law and excludes the Developer and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization. As used in this Section, the Developer understands ‘affiliate’ to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit.

Section 9.17. Verification Regarding Energy Company Boycotts. To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 13 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott energy companies and will not boycott energy companies during the term of this Agreement. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Texas or federal law. As used in the foregoing verification, “boycott energy companies,” a term defined in Section 2274.001(1), Texas Government Code (as enacted by such Senate Bill) by reference to Section 809.001, Texas Government Code (also as enacted by such Senate Bill), shall mean, without an ordinary business purpose, refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company (A) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable federal and state law; or (B) does business with a company described by (A) above. As used in this Section, the Developer understands ‘affiliate’ to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit.

Section 9.18. Verification Regarding Discrimination Against Firearm Entity or Trade Association.

To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 19 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate against a firearm entity or firearm trade association during the term of this Agreement. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Texas or federal law. As used in the foregoing verification and the following definitions:

- (i) ‘discriminate against a firearm entity or firearm trade association,’ a term defined in Section 2274.001(3), Texas Government Code (as enacted by such Senate Bill), (A) means, with respect to the firearm entity or firearm trade association, to (i) refuse to engage in the trade of any goods or services with the firearm entity or firearm trade

association based solely on its status as a firearm entity or firearm trade association, (ii) refrain from continuing an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, or (iii) terminate an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association and (B) does not include (i) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories and (ii) a company's refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship (aa) to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency or (bb) for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity's or association's status as a firearm entity or firearm trade association;

(ii) 'firearm entity,' a term defined in Section 2274.001(6), Texas Government Code (as enacted by such Senate Bill), means a manufacturer, distributor, wholesaler, supplier, or retailer of firearms (defined in Section 2274.001(4), Texas Government Code, as enacted by such Senate Bill, as weapons that expel projectiles by the action of explosive or expanding gases), firearm accessories (defined in Section 2274.001(5), Texas Government Code, as enacted by such Senate Bill, as devices specifically designed or adapted to enable an individual to wear, carry, store, or mount a firearm on the individual or on a conveyance and items used in conjunction with or mounted on a firearm that are not essential to the basic function of the firearm, including detachable firearm magazines), or ammunition (defined in Section 2274.001(1), Texas Government Code, as enacted by such Senate Bill, as a loaded cartridge case, primer, bullet, or propellant powder with or without a projectile) or a sport shooting range (defined in Section 250.001, Texas Local Government Code, as a business establishment, private club, or association that operates an area for the discharge or other use of firearms for silhouette, skeet, trap, black powder, target, self-defense, or similar recreational shooting); and

(iii) 'firearm trade association,' a term defined in Section 2274.001(7), Texas Government Code (as enacted by such Senate Bill), means any person, corporation, unincorporated association, federation, business league, or business organization that (i) is not organized or operated for profit (and none of the net earnings of which inures to the benefit of any private shareholder or individual), (ii) has two or more firearm entities as members, and (iii) is exempt from federal income taxation under Section 501(a), Internal Revenue Code of 1986, as an organization described by Section 501(c) of that code.

As used in this Section, the Developer understands 'affiliate' to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit.

Section 9.19. Form 1295. Submitted herewith is a completed Form 1295 in connection with the Developer's participation in the execution of this Agreement generated by the Texas Ethics Commission's (the "TEC") electronic filing application in accordance with the provisions of Section 2252.908 of the Texas Government Code and the rules promulgated by the TEC (the

“Form 1295”). The City hereby confirms receipt of the Form 1295 from the Developer, and the City agrees to acknowledge such form with the TEC through its electronic filing application not later than the 30th day after the receipt of such form. The Developer and the City understand and agree that, with the exception of information identifying the City and the contract identification number, neither the City nor its consultants are responsible for the information contained in the Form 1295; that the information contained in the Form 1295 has been provided solely by the Developer; and, neither the City nor its consultants have verified such information.

CERTIFICATE FOR PAYMENT NO. _____

The undersigned is a lawfully authorized representative for MM Celina Parvin 101, LLC, (the “Developer”) and requests payment from the [Authorized Improvements Account of the Project Fund] [Developer Improvement Account of the Project Fund] from U.S. Bank Trust Company, National Association (the “Trustee”) in the amount of _____ for labor, materials, fees, and/or other general costs related to the construction and installation of the following Authorized Improvements related to the Parvin Public Improvement District (the “Authorized Improvements”):

[insert specific Authorized Improvement this request is for here]

Unless otherwise defined, any capitalized terms used herein shall have the meanings ascribed to them in the Parvin Public Improvement District Construction, Funding, and Acquisition Agreement.

In connection to the above referenced payment, the Developer represents and warrants to the City as follows:

1. The undersigned is a duly authorized officer of the Developer, is qualified to execute this Certificate for Payment Form on behalf of the Developer, and is knowledgeable as to the matters set forth herein.
2. The payment requested for the below referenced Authorized Improvement(s) has not been the subject of any prior payment request submitted for the same work to the City or, if previously requested, no disbursement was made with respect thereto.
3. The itemized amounts listed for the Authorized Improvement(s) below is a true and accurate representation of the Actual Costs incurred by Developer with the construction and installation of said Authorized Improvement(s) identified above, and such costs are (i) in compliance with the Parvin Public Improvement District Construction, Funding and Acquisition Agreement, and (ii) consistent with the Service and Assessment Plan.
4. The Developer is in compliance with the terms and provisions of the Parvin Public Improvement District Construction, Funding and Acquisition Agreement, the Indenture, or the Service and Assessment Plan.
5. All conditions set forth in the Indenture (as defined in the Parvin Public Improvement District Construction, Funding and Acquisition Agreement) for the payment hereby requested have been satisfied.
6. The work with respect to the Authorized Improvement(s) identified above (or its completed segment, portion or segment) has been completed and the City or Mustang

Attachment: Draft Ordinance (Celina Parvin 101 – Bond Ordinance)

Special Utility District has inspected or may begin inspection of the Authorized Improvement(s). If this request for payment results in ninety percent (90%) or more of the Budgeted Costs for the Authorized Improvement(s) identified above being paid, then the work with respect to the Authorized Improvement(s) have been completed and the City has inspected and accepted the Authorized Improvement(s).

7. The Developer agrees to cooperate with the City in conducting its review of the requested payment, and agrees to provide additional information and documentation as is reasonably necessary for the City to complete said review.

Payments requested are as follows:

Payee / Description of Authorized Improvement	Total Cost of Authorized Improvement	Budgeted Cost of Authorized Improvement	Amount to be paid from the Project Fund

Attached hereto, are receipts, purchase orders, change orders, and similar instruments which support and validate the above requested payments.

Pursuant to the Parvin Public Improvement District Construction, Funding, and Acquisition Agreement, after receiving this Payment Request, the City is authorized to inspect the Authorized Improvement (or completed segment, portion or segment) and confirm that said work has been completed in accordance with all applicable governmental laws, rules, and Plans.

I hereby declare that the above representations and warranties are true and correct.

PARVIN PUBLIC IMPROVEMENT DISTRICT LANDOWNER AGREEMENT

This **PARVIN PUBLIC IMPROVEMENT DISTRICT LANDOWNER AGREEMENT** (the “Agreement”), is entered into as of _____, 2023 between the City of Celina, Texas (the “City”), a home rule municipality of the State of Texas (the “State”), and MM Celina Parvin 101, LLC, a Texas limited liability company (the “Landowner”).

RECITALS:

WHEREAS, Landowner owns all of the Assessed Property located within the property described by a metes and bounds description attached as **Exhibit I** to this Agreement, which is incorporated herein for all purposes, comprising all of the non-exempt, privately-owned land described in **Exhibit I** (the “Landowner’s Parcel”) which is located (i) within the Parvin Public Improvement District (the “District”) and (ii) within the extraterritorial jurisdiction of the City; and

WHEREAS, the City Council has adopted an Assessment Ordinance for the Authorized Improvements (including all exhibits and attachments thereto, the “Assessment Ordinance”) and the Service and Assessment Plan included as **Exhibit A** to the Assessment Ordinance (the “Service and Assessment Plan”) and which is incorporated herein for all purposes, and has levied an assessment on each parcel of Assessed Property in the District (as identified in the Service and Assessment Plan) that will be used to reimburse the Landowner for the cost of constructing the Authorized Improvements and/or will be pledged as the security for the payment of bonds or other obligations (the “Bonds”) to be issued for the purpose of paying the costs of certain Authorized Improvements that will benefit the Assessed Property; and

WHEREAS, the Covenants, Conditions and Restrictions attached to this Agreement as **Exhibit II** and which are incorporated herein for all purposes, include the statutory notification required by Texas Property Code, Section 5.014, as amended, to be provided by the seller of residential property that is located in a public improvement district established under Chapter 372 of the Texas Local Government Code, as amended (the “PID Act”), to the purchaser.

NOW, THEREFORE, for and in consideration of the mutual promises, covenants, obligations and benefits hereinafter set forth, the City and the Landowner hereby contract, covenant and agree as follows:

DEFINITIONS; APPROVAL OF AGREEMENTS

Definitions. Capitalized terms used but not defined herein (including each exhibit hereto) shall have the meanings ascribed to them in the Service and Assessment Plan.

Affirmation of Recitals. The findings set forth in the Recitals of this Agreement are hereby incorporated as the official findings of the City Council.

I. AGREEMENTS OF LANDOWNER

A. Affirmation and Acceptance of Agreements and Findings of Benefit. Landowner hereby ratifies, confirms, accepts, agrees to, and approves:

(i) the creation and boundaries of the District, and the boundaries of the Landowner's Parcel, as shown on Exhibit I, and the location and development of the Authorized Improvements on the Landowner's Parcel and on the property within the District;

(ii) the determinations and findings as to the benefits by the City Council in the Service and Assessment Plan and the Assessment Ordinance;

(iii) the Assessment Ordinance and the Service and Assessment Plan.

B. Acceptance and Approval of Assessments and Lien on Property. Landowner consents to, agrees to, acknowledges and accepts the following:

(i) each Assessment levied by the City on the Landowner's Parcel within the District as shown on the assessment roll attached as Appendix G to the Service and Assessment Plan (the "Assessment Roll");

(ii) the Authorized Improvements specially benefit the District, and the Landowner's Parcel, in an amount in excess of the Assessment levied on the Assessed Property within the District, as such Assessment is shown on the Assessment Roll;

(iii) each Assessment is final, conclusive and binding upon Landowner and any subsequent owner of the Landowner's Parcel, regardless of whether such landowner may be required to prepay a portion of, or the entirety of, such Assessment upon the occurrence of a mandatory prepayment event as provided in the Service and Assessment Plan;

(iv) the obligation to pay the Assessment levied on the Landowner's Parcel owned by it when due and in the amount required by and stated in the Service and Assessment Plan and the Assessment Ordinance;

(v) each Assessment or reassessment, with interest, the expense of collection, and reasonable attorney's fees, if incurred, is a first and prior lien against the Landowner's Parcel, superior to all other liens and monetary claims except liens or monetary claims for state, county, school district, or municipal ad valorem taxes, and is a personal liability of and charge against the owner of the Landowner's Parcel regardless of whether such owner is named;

(vi) the Assessment lien on the Landowner's Parcel is a lien and covenant that runs with the land and is effective from the date of the Assessment Ordinance and continues until the Assessment is paid and may be enforced by the governing body of the City in the same manner that an ad valorem tax lien against real property may be enforced by the City;

(vii) delinquent installments of the Assessment shall incur and accrue interest, penalties, and attorney's fees as provided in the PID Act;

(viii) the owner of the Landowner's Parcel may pay at any time the entire Assessment, with interest, that has accrued on the Assessment, including on any lot within the Landowner's Parcel;

(ix) the Annual Installments of the Assessments may be adjusted, decreased and extended; and, the assessed parties shall be obligated to pay their respective revised amounts of the annual installments, when due, and without the necessity of further action, assessments or reassessments by the City, the same as though they were expressly set forth herein; and

(x) Landowner has received, or hereby waives, all notices required to be provided to it under Texas law, including the PID Act, prior to the Effective Date (defined herein).

C. Mandatory Prepayment of Assessments. Landowner agrees and acknowledges that Landowner or subsequent landowners may have an obligation to prepay an Assessment upon the occurrence of a mandatory prepayment event, at the sole discretion of the City and as provided in the Service and Assessment Plan, as amended or updated.

D. Notice of Assessments. Landowner further agrees as follows:

(i) the Covenants, Conditions and Restrictions attached hereto as **Exhibit II** shall be terms, conditions and provisions running with the Landowner's Parcel and shall be recorded (the contents of which shall be consistent with the Assessment Ordinance and the Service and Assessment Plan as reasonably determined by the City), in the records of the County Clerk of Denton County, as a lien and encumbrance against such Landowner's Parcel, and Landowner hereby authorizes the City to so record such documents against the Landowner's Parcel owned by Landowner;

(ii) reference to the Covenants, Conditions and Restrictions attached hereto as **Exhibit II** shall be included on all recordable subdivision plats and such plats shall be recorded in the real property records of Denton County, Texas;

(iii) in the event of any subdivision, sale, transfer or other conveyance by the Landowner of the right, title or interest of the Landowner in the Landowner's Parcel or any part thereof, the Landowner's Parcel, or any such part thereof, shall continue to be bound by all of the terms, conditions and provisions of such Covenants, Conditions and Restrictions and any purchaser, transferee or other subsequent owner shall take such Landowner's Parcel subject to all of the terms, conditions and provisions of such Covenants, Conditions and Restrictions; and

(iv) Landowner shall comply with, and shall contractually obligate (and promptly provide written evidence of such contractual provisions to the City) any party who purchases the Landowner's Parcel owned by Landowner, or any portion thereof, for the purpose of constructing residential properties that are eligible for "homestead" designations under State law, to comply with, the Homebuyer Education Program

described on **Exhibit III** to this Agreement. Such compliance obligation shall terminate as to each Lot (as defined in the Service and Assessment Plan) if, and when, (i) a final certificate of occupancy for a residential unit on such Lot is issued by the City, and (ii) there is a sale of a Lot to an individual homebuyer, it being the intent of the undersigned that the Homebuyer Education Program shall apply only to a commercial builder who is in the business of constructing and/or selling residences to individual home buyers (a “**Builder**”) but not to subsequent sales of such residence and Lot by an individual home buyer after the initial sale by a Builder.

Notwithstanding the provisions of this Section, upon the Landowner’s request and the City’s consent, in the City’s sole and absolute discretion, the Covenants, Conditions and Restrictions may be included with other written restrictions running with the land on property within the District, provided they contain all the material provisions and provide the same material notice to prospective property owners as does the document attached as **Exhibit II**.

II. OWNERSHIP AND CONSTRUCTION OF THE AUTHORIZED IMPROVEMENTS

A. Ownership and Transfer of Authorized Improvements. Landowner acknowledges that all of the Authorized Improvements and the land (or easements, as applicable) needed therefor shall be owned by the City, or Mustang Special Utility District (“**Mustang SUD**”), as constructed and/or conveyed to the City or Mustang SUD, as applicable, and Landowner will execute such conveyances and/or dedications of public rights of way and easements as may be reasonably required to evidence such ownership, as generally described on the current plats of the property within the District.

B. Grant of Easement and License, Construction of the Authorized Improvements.

(i) Any subsequent owner of the Landowner’s Parcel shall, upon the request of the City or Landowner, grant and convey to the City or Landowner and its contractors, materialmen and workmen a temporary license and/or easement, as appropriate, to construct the Authorized Improvements on the property within the District, to stage on the property within the District construction trailers, building materials and equipment to be used in connection with such construction of the Authorized Improvements and for passage and use over and across parts of the property within the District as shall be reasonably necessary during the construction of the Authorized Improvements. Any subsequent owner of the Landowner’s Parcel may require that each contractor constructing the Authorized Improvements cause such owner of the Landowner’s Parcel to be indemnified and/or named as an additional insured under liability insurance reasonably acceptable to such owner of the Landowner’s Parcel. The right to use and enjoy any easement and license provided above shall continue until the construction of the Authorized Improvements is complete; provided, however, any such license or easement shall automatically terminate upon the recording of the final plat for the Landowner’s Parcel in the real property records of Denton County, Texas.

(ii) Landowner hereby agrees that any right or condition imposed by the Development Agreement, or other agreement, with respect to the Assessments has been

satisfied, and that Landowner shall not have any rights or remedies against the City under the Development Agreement, or under any law or principles of equity concerning the Assessments, with respect to the formation of the District, approval of the Service and Assessment Plan and the City's levy and collection of the Assessments.

III. COVENANTS AND WARRANTIES; MISCELLANEOUS

A. Special Covenants and Warranties of Landowner.

Landowner represents and warrants to the City as follows:

(i) Landowner is duly organized, validly existing and, as applicable, in good standing under the laws of the state of its organization and has the full right, power and authority to enter into this Agreement, and to perform all the obligations required to be performed by Landowner hereunder.

(ii) This Agreement has been duly and validly executed and delivered by, and on behalf of, Landowner and, assuming the due authorization, execution and delivery thereof by and on behalf of the City and the Landowner, constitutes a valid, binding and enforceable obligation of such party enforceable in accordance with its terms. This representation and warranty is qualified to the extent the enforceability of this Agreement may be limited by applicable bankruptcy, insolvency, moratorium, reorganization or other similar laws of general application affecting the rights of creditors in general.

(iii) Neither the execution and delivery hereof, nor the taking of any actions contemplated hereby, will conflict with or result in a breach of any of the provisions of, or constitute a default, event of default or event creating a right of acceleration, termination or cancellation of any obligation under, any instrument, note, mortgage, contract, judgment, order, award, decree or other agreement or restriction to which Landowner is a party, or by which Landowner or the Landowner's Parcel is otherwise bound.

(iv) Landowner is, subject to all matters of record in the Denton County, Texas Real Property Records, the sole owner of the Landowner's Parcel.

(v) The Landowner's Parcel owned by Landowner is not subject to, or encumbered by, any covenant, lien, encumbrance or agreement which would prohibit (i) the creation of the District, (ii) the levy of the Assessments, or (iii) the construction of the Authorized Improvements on those portions of the property within the District which are to be owned by the City, as generally described on the current plats of the property within the District (or, if subject to any such prohibition, the approval or consent of all necessary parties thereto has been obtained).

(vi) Landowner covenants and agrees to execute any and all documents necessary, appropriate or incidental to the purposes of this Agreement, as long as such documents are consistent with this Agreement and do not create additional liability of any type to, or reduce the rights of, such Landowner by virtue of execution thereof.

B. Waiver of Claims Concerning the Authorized Improvements. The Landowner, with full knowledge of the provisions, and the rights thereof pursuant to such provisions, of applicable law, waives any claims against the City and its successors, assigns and agents, pertaining to the installation of the Authorized Improvements.

C. Notices.

Any notice or other communication to be given to the City or Landowner under this Agreement shall be given by delivering the same in writing to:

To the City:	City of Celina, Texas Attn: City Manager City of Celina, Texas 142 N. Ohio Celina, Texas 75009 Telephone: (972) 382-2682
With a copy to:	City Attorney Attn: Julie Fort Messer, Fort & McDonald 6371 Preston Road, Suite 200 Frisco, TX 75034
To the Landowner:	MM Celina Parvin 101, LLC Attn: Mehrdad Moayed 1800 Valley View Lane, Suite 300 Farmers Branch, Texas 75234
With a copy to:	Boghetich Law, PLLC Attn: Travis Boghetich 1800 Valley View Lane, Suite 360 Farmers Branch, Texas 75234

Any notice sent under this Agreement (except as otherwise expressly required) shall be written and mailed, or sent by electronic or facsimile transmission confirmed by mailing written confirmation at substantially the same time as such electronic or facsimile transmission, or personally delivered to an officer of the recipient as the address set forth herein.

Each recipient may change its address by written notice in accordance with this Section. Any communication addressed and mailed in accordance with this provision shall be deemed to be given when so mailed, any notice so sent by electronic or facsimile transmission shall be deemed to be given when receipt of such transmission is acknowledged, and any communication so delivered in person shall be deemed to be given when receipted for, or actually received by, the addressee.

D. Parties in Interest.

This Agreement is made solely for the benefit of the City and the Landowner and is not assignable, except, in the case of Landowner, in connection with the sale or disposition of all or substantially all of the parcels which constitute the Landowner's Parcel. However, the parties expressly agree and acknowledge that the City, the Landowner, each current owner of any parcel which constitutes the Landowner's Parcel, and the holders of or trustee for any bonds secured by Assessment revenues of the City or any part thereof to finance the costs of the Authorized Improvements, are express beneficiaries of this Agreement and shall be entitled to pursue any and all remedies at law or in equity to enforce the obligations of the parties hereto. This Agreement shall be recorded in the real property records of Denton County, Texas.

E. Amendments.

This Agreement may be amended only by written instrument executed by the City and the Landowner. No termination or amendment shall be effective until a written instrument setting forth the terms thereof has been executed by the then-current owners of the property within the District and recorded in the Real Property Records of Denton County, Texas.

F. Effective Date.

This Agreement shall become and be effective (the "Effective Date") upon the date of final execution by the latter of the City and the Landowner and shall be valid and enforceable on said date and thereafter.

G. Estoppels.

Within 10 days after written request from a party hereto, the other party shall provide a written certification, indicating whether this Agreement remains in effect as to the Landowner's Parcel, and whether any party is then in default hereunder.

H. Termination.

This Agreement shall terminate and be of no further force and effect as to the Landowner's Parcel upon payment in full of the Assessment(s) against such Landowner's Parcel.

I. No Boycott of Israel.

To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2271.002, Texas Government Code, the Landowner hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott Israel and will not boycott Israel during the term of this Agreement. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Federal law. As used in the foregoing verification, 'boycott Israel,' a term defined in Section 2271.001, Texas Government Code, by reference to Section 808.001(1), Texas Government Code, means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes. The Landowner understands 'affiliate' to mean an entity that

controls, is controlled by, or is under common control with the Landowner within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit.

J. No Business With Sanctioned Countries.

The Landowner represents that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, and posted on any of the following pages of such officer's internet website: <https://comptroller.texas.gov/purchasing/docs/sudan-list.pdf>, <https://comptroller.texas.gov/purchasing/docs/iran-list.pdf>, or <https://comptroller.texas.gov/purchasing/docs/fto-list.pdf>. The foregoing representation is made solely to enable the City to comply with Section 2252.152, Texas Government Code, and to the extent such Section does not contravene applicable Federal law and excludes the Landowner and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization. As used in this Section, the Landowner understands 'affiliate' to mean an entity that controls, is controlled by, or is under common control with the Landowner within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit.

K. Verification Regarding Energy Company Boycotts.

To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 13 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Landowner hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott energy companies and will not boycott energy companies during the term of this Agreement. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Texas or federal law. As used in the foregoing verification, "boycott energy companies," a term defined in Section 2274.001(1), Texas Government Code (as enacted by such Senate Bill) by reference to Section 809.001, Texas Government Code (also as enacted by such Senate Bill), shall mean, without an ordinary business purpose, refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company (A) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable federal and state law; or (B) does business with a company described by (A) above. As used in this Section, the Landowner understands 'affiliate' to mean an entity that controls, is controlled by, or is under common control with the Landowner within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit.

L. Verification Regarding Discrimination Against Firearm Entity or Trade Association.

To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 19 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Landowner hereby

verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate against a firearm entity or firearm trade association during the term of this Agreement. The foregoing verification is made solely to enable the City to comply with such Section and to the extent such Section does not contravene applicable Texas or federal law. As used in the foregoing verification and the following definitions:

(i) ‘discriminate against a firearm entity or firearm trade association,’ a term defined in Section 2274.001(3), Texas Government Code (as enacted by such Senate Bill), (A) means, with respect to the firearm entity or firearm trade association, to (i) refuse to engage in the trade of any goods or services with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, (ii) refrain from continuing an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, or (iii) terminate an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association and (B) does not include (i) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories and (ii) a company’s refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship (aa) to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency or (bb) for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity’s or association’s status as a firearm entity or firearm trade association;

(ii) ‘firearm entity,’ a term defined in Section 2274.001(6), Texas Government Code (as enacted by such Senate Bill), means a manufacturer, distributor, wholesaler, supplier, or retailer of firearms (defined in Section 2274.001(4), Texas Government Code, as enacted by such Senate Bill, as weapons that expel projectiles by the action of explosive or expanding gases), firearm accessories (defined in Section 2274.001(5), Texas Government Code, as enacted by such Senate Bill, as devices specifically designed or adapted to enable an individual to wear, carry, store, or mount a firearm on the individual or on a conveyance and items used in conjunction with or mounted on a firearm that are not essential to the basic function of the firearm, including detachable firearm magazines), or ammunition (defined in Section 2274.001(1), Texas Government Code, as enacted by such Senate Bill, as a loaded cartridge case, primer, bullet, or propellant powder with or without a projectile) or a sport shooting range (defined in Section 250.001, Texas Local Government Code, as a business establishment, private club, or association that operates an area for the discharge or other use of firearms for silhouette, skeet, trap, black powder, target, self-defense, or similar recreational shooting); and

(iii) ‘firearm trade association,’ a term defined in Section 2274.001(7), Texas Government Code (as enacted by such Senate Bill), means any person, corporation, unincorporated association, federation, business league, or business organization that (i) is not organized or operated for profit (and none of the net earnings of which inures to the benefit of any private shareholder or individual), (ii) has two or more firearm entities as

members, and (iii) is exempt from federal income taxation under Section 501(a), Internal Revenue Code of 1986, as an organization described by Section 501(c) of that code.

As used in this Section, the Landowner understands ‘affiliate’ to mean an entity that controls, is controlled by, or is under common control with the Landowner within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit.

M. Form 1295 Certificate. Landowner represents that it has complied with Texas Government Code, Section 2252.908 and in connection therewith, the Landowner has completed a Texas Ethics Commission Form 1295 Certificate generated by the Texas Ethics Commission’s electronic filing system in accordance with the rules promulgated by the Texas Ethics Commission. The Landowner further agrees to print the completed certificate and execute the completed certificate in such form as is required by Texas Government Code, Section 2252.908 and the rules of the Texas Ethics Commission and provide to the City at the time of delivery of an executed counterpart of this Agreement, a duly executed completed Form 1295 Certificate. The Parties agree that, except for the information identifying the City and the contract identification number, the City is not responsible for the information contained in the Form 1295 completed by the Landowner. The information contained in the Form 1295 completed by the Landowner has been provided solely by the Landowner and the City has not verified such information.

LANDOWNER AGREEMENT - EXHIBIT II

DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS

This **DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS** (as it may be amended from time to time, this “Declaration”) is made as of _____ by MM Celina Parvin 101, LLC, a Texas limited liability company (the “Landowner”).

RECITALS:

- A. The Landowner holds record title to that portion of the real property located in Denton County, Texas, which is described in the attached **Exhibit I** (the “Landowner’s Parcel”).
- B. The City Council of the City of Celina (the “City Council”) upon a petition requesting the establishment of a public improvement district covering the property within the District to be known as the Parvin Public Improvement District (the “District”) by the then owners of more than 50% of the appraised value of the taxable real property and owners of more than 50% of the area of all taxable real property within the area requested to be included in the District created such District, in accordance with the Public Improvement District Assessment Act, Chapter 372, Texas Local Government Code, as amended (the “PID Act”).
- C. The City Council has adopted an Assessment Ordinance to levy assessments for certain Authorized Improvements (including all exhibits and attachments thereto, the “Assessment Ordinance”) and the Service and Assessment Plan included as an exhibit to the Assessment Ordinance (as amended from time to time, the “Service and Assessment Plan”), and has levied the assessments (as amended from time to time, the “Assessments”) on property in the District.
- D. The statutory notification required by Texas Property Code, Section 5.014, as amended, to be provided by the seller of residential property that is located in a public improvement district established under Chapter 372 of the Texas Local Government Code, as amended, to the purchaser, is incorporated into these Covenants, Conditions and Restrictions.

DECLARATIONS:

NOW, THEREFORE, the Landowner hereby declares that the Landowner’s Parcel is and shall be subject to, and hereby imposes on the Landowner’s Parcel, the following covenants, conditions and restrictions:

1. **Acceptance and Approval of Assessments and Lien on Property:**

- (a) Landowner accepts each Assessment levied on the Landowner’s Parcel owned by such Landowner.
- (b) The Assessment (including any reassessment, the expense of collection, and reasonable attorney’s fees, if incurred) is (a) a first and prior lien (the “Assessment Lien”) against the property assessed, superior to all other liens or claims except for

liens or claims for state, county, school district or municipality ad valorem property taxes whether now or hereafter payable, and (b) a personal liability of and charge against the owners of the property to the extent of their ownership regardless of whether the owners are named. The Assessment Lien is effective from the date of the Assessment Ordinance until the Assessments are paid and may be enforced by the City in the same manner as an ad valorem property tax levied against real property that may be enforced by the City. The owner of any Assessed Property may pay, at any time, the entire Assessment levied against any such property. Foreclosure of an ad valorem property tax lien on property within the District will not extinguish the Assessment or any unpaid but not yet due annual installments of the Assessment, and will not accelerate the due date for any unpaid and not yet due annual installments of the Assessment.

It is the clear intention of all parties to these Declarations of Covenants, Conditions and Restrictions, that the Assessments, including any annual installments of the Assessments (as such annual installments may be adjusted, decreased or extended), are covenants that run with the Landowner's Parcel and specifically binds the Landowner, its successors and assigns.

In the event of delinquency in the payment of any annual installment of the Assessment, the City is empowered to order institution of an action in district court to foreclose the related Assessment Lien, to enforce personal liability against the owner of the real property for the Assessment, or both. In such action the real property subject to the delinquent Assessment may be sold at judicial foreclosure sale for the amount of such delinquent property taxes and Assessment, plus penalties, interest and costs of collection.

2. Landowner or any subsequent owner of the Landowner's Parcel waives:

- (a) any and all defects, irregularities, illegalities or deficiencies in the proceedings establishing the District and levying and collecting the Assessments or the annual installments of the Assessments;
- (b) any and all notices and time periods provided by the PID Act including, but not limited to, notice of the establishment of the District and notice of public hearings regarding the levy of Assessments by the City Council concerning the Assessments;
- (c) any and all defects, irregularities, illegalities or deficiencies in, or in the adoption of, the Assessment Ordinance by the City Council;
- (d) any and all actions and defenses against the adoption or amendment of the Service and Assessment Plan, the City's finding of a 'special benefit' pursuant to the PID Act and the Service and Assessment Plan, and the levy of the Assessments; and
- (e) any right to object to the legality of any of the Assessments or the Service and Assessment Plan or to any of the previous proceedings connected therewith which occurred prior to, or upon, the City Council's levy of the Assessments.

3. **Amendments:** This Declaration may be terminated or amended only by a document duly executed and acknowledged by the then-current owner(s) of the Landowner's Parcel and the City. No such termination or amendment shall be effective until a written instrument setting forth the terms thereof has been executed by the parties by whom approval is required as set forth above and recorded in the real Property Records of Denton County, Texas.
4. **Third Party Beneficiary:** The City is a third party beneficiary to this Declaration and may enforce the terms hereof.
5. **Notice to Subsequent Purchasers:** Upon the sale of a dwelling unit within the District, the purchaser of such property shall be provided a written notice as required by Section 5.014 of the Texas Property Code, as amended, and as included in the most recent Annual Service Plan Update of the Service and Assessment Plan filed in the real property records of Denton County, Texas.

LANDOWNER AGREEMENT - EXHIBIT III
HOMEBUYER EDUCATION PROGRAM

As used in this **Exhibit III**, the recorded Assessment Ordinance and the Covenants, Conditions and Restrictions in **Exhibit II** of this Agreement are referred to as the “Recorded Notices.”

1. Any Landowner, who is a Builder, shall attach the Recorded Notices and the final Assessment Roll for such Assessed Property (or if the Assessment Roll is not available for such Assessed Property, then a schedule showing the maximum 30-year payment for such Assessed Property) as an addendum to any residential homebuyer’s contract.
2. Any Landowner who is a Builder shall provide evidence of compliance with 1 above, signed by such residential homebuyer, to the City.
3. Any Landowner who is a Builder shall prominently display signage in its model homes, if any, substantially in the form of the Recorded Notices.
4. If prepared and provided by the City, any Landowner who is a Builder shall distribute informational brochures about the existence and effect of the District in prospective homebuyer sales packets.
5. Any Landowner who is a Builder shall include Assessments in estimated property taxes, if such Builder estimates monthly ownership costs for prospective homebuyers.

EXHIBIT A
INTERLOCAL COOPERATIVE AGREEMENT

Attachment: Draft Resolution (Celina Parvin 101 – Interlocal Agreement Resolution)

INTERLOCAL COOPERATIVE AGREEMENT BETWEEN THE CITY OF CELINA, TEXAS AND MUSTANG SPECIAL UTILITY DISTRICT PROVIDING THE TERMS PURSUANT TO WHICH CERTAIN PUBLIC IMPROVEMENTS LOCATED WITHIN THE PARVIN PUBLIC IMPROVEMENT DISTRICT WILL BE OWNED, OPERATED AND MAINTAINED BY THE MUSTANG SPECIAL UTILITY DISTRICT FOR THE BENEFIT OF THE RESIDENTS OF THE PARVIN PUBLIC IMPROVEMENT DISTRICT; AND OTHER MATTERS IN CONNECTION THEREWITH

This interlocal cooperative agreement (the *Agreement*), made to be effective as of the 1st day of August, 2023, is by and between the City of Celina, Texas, a Texas home-rule municipality (the *City*) and Mustang Special Utility District, a special utility district created pursuant to a special act of the Texas Legislature and political subdivision of the State of Texas (*Mustang*), for the purpose of memorializing the terms pursuant to which certain public improvements within the Parvin Public Improvement District (the *District*) will be owned, operated and maintained by Mustang. (The City and the Mustang may be referred to individually as a *Party* or collectively as the *Parties*).

RECITALS

WHEREAS, MM Celina Parvin 101, LLC, a Texas limited liability company (including its designated successors and assigns, the *Owner*) owns a total of approximately 101.60 acres of land located within the extraterritorial jurisdiction of the City (the *Property*); and

WHEREAS, in response to a petition filed by the Owner and by Resolution No. 2023-32R adopted by the City Council of the City (the *City Council*) on April 11, 2023, the City has created the District to finance certain public improvements for the benefit of the Property (the *Public Improvements*), pursuant to and in accordance with the provisions of Chapter 372, as amended, Texas Local Government Code (*Chapter 372*); and

WHEREAS, the portion of the Public Improvements consisting of water and sanitary sewer/wastewater improvements (the *Utilities*), as further described in the Service and Assessment Plan (the *Service and Assessment Plan*) in substantially the form attached hereto as Exhibit A and in the final form attached to the Ordinance adopted by the City on August 8, 2023 levying the assessments against the property located within the District, are expected to be dedicated to and owned, operated, and maintained by Mustang for the benefit of the residents of the District; and

WHEREAS, to memorialize the conditions by which Mustang will own, operate and maintain the Utilities, the Parties hereto now desire to enter into this Agreement; and

WHEREAS, this Agreement shall constitute an interlocal cooperative agreement as authorized pursuant to the provisions of Chapter 791, as amended, Texas Government Code; and

WHEREAS, the adoption of this Agreement is hereby found and determined to be in the best interest of the residents of the District; and

NOW, THEREFORE, in consideration of the foregoing, and for other good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

SECTION 1: Definition and Use of Terms. For all purposes of this Agreement, except as otherwise expressly provided or unless the context otherwise requires, (a) the capitalized terms used but not defined in this Agreement shall have respective meanings assigned thereto in the Service and Assessment Plan, which definitions are hereby incorporated by reference for all purposes as though reproduced herein; (b) all references in this Agreement to designated *Sections, Schedules, Exhibits*, and other subdivisions are to the designated Sections, Schedules, Exhibits, and other subdivisions of this Agreement as originally adopted; and (c) the words *herein, hereof*, and *hereunder* and other words of similar import refer to this Agreement as a whole and not to any particular Section or other subdivision.

SECTION 2: Representations.

2.1 Representations of City. City hereby represents to the Parties that:

- (a) The City is a political subdivision and a home-rule municipality under the laws of the State of Texas and is duly qualified and authorized to carry out the governmental functions and operations as contemplated by this Agreement.
- (b) The City has the power, authority, and legal right to enter into and perform under this Agreement and the execution, delivery, and performance hereof have been duly authorized.
- (c) The City has the authority to own and operate the Utilities within the City's extraterritorial jurisdiction.
- (d) The City has the authority to enter into an agreement with the Mustang for the provision of governmental services, including water and wastewater services.
- (e) This Agreement has been duly authorized, executed, and delivered and constitutes a legal, valid, and binding obligation of City enforceable in accordance with its terms.

2.2 Representations of Mustang. Mustang hereby represents to the Parties that:

- (a) Mustang is a political subdivision and is duly authorized, created, and existing in good standing under the laws of the State of Texas and is duly qualified and authorized to carry out the governmental functions and operations as contemplated by this Agreement.
- (b) Mustang has the power, authority, and legal right to enter into and perform under this Agreement and the execution, delivery, and performance hereof have been duly authorized.

- (c) Mustang has the authority to own and operate the Utilities within the City and within the City's extraterritorial jurisdiction.
- (d) Mustang has a Certificate of Convenience and Necessity from the Texas Commission on Environmental Quality (*TCEQ*) necessary to provide retail water and sewer service to the Property.
- (e) Mustang has the authority to enter into an agreement with the City for the provision of governmental services, including water and wastewater services.
- (f) This Agreement has been duly authorized, executed, and delivered and constitutes a legal, valid, and binding obligation of Mustang enforceable in accordance with its terms.

SECTION 3: Findings. Each of the Parties hereby find that the Utilities are being provided to or for the benefit of the residents of the District located within the extraterritorial jurisdiction of the City.

SECTION 4: Agreement of the Parties. The Parties hereby agree that the Owner will construct the Utilities pursuant to the Service and Assessment Plan and applicable City, Mustang, and TCEQ standards. In consideration for Mustang's ownership, operation and maintenance of the Utilities in accordance with the terms of this Agreement, the Utilities will be conveyed to Mustang upon completion, final inspection and acceptance by Mustang. Other than the consideration referenced in this section, no additional consideration will be required in connection with such conveyance.

SECTION 5: Term of this Agreement. This Agreement shall be for a term of 31 years or until any bonds (or refunding bonds issued to refund any bonds) issued to finance the construction of the Utilities are no longer outstanding.

SECTION 6: Obligations of Mustang. The obligations of Mustang pursuant to the terms of this Agreement shall be limited to the provision of water and wastewater services to the residents of the District through the ownership, operation and maintenance of the Utilities, subject to and in accordance with any applicable regulatory rules and regulations (including Mustang's rules and regulations).

SECTION 7: Liability of City and County. To the extent not limited by State law, neither the City nor any director, officer, employee, or agent of either shall be responsible for any liability arising from the Utilities or this Agreement.

SECTION 8: Amendment. This Agreement may be amended, modified, revised or changed by written instrument executed by all the Parties.

SECTION 9: Addresses and Notice. Unless otherwise provided herein, any notice, communication, request, reply, or advice (herein severally and collectively, for convenience, called *Notice*) herein provided or permitted to be given, made or accepted by any party to any other party must be in writing and may be given or be served by depositing the same in the United States mail postpaid and registered or certified and addressed to the party to be notified, with return

receipt requested, or by delivering the same to an officer of such party, or by prepaid telegram when appropriate, addressed to the party to be notified. Notice deposited in the mail in the manner hereinabove described shall be conclusively deemed to be effective, unless otherwise stated herein, from and after the expiration of three days after it is so deposited. Notice given in any other manner shall be effective only if and when received by the party to be notified. For the purposes of notice, the addresses of the parties hereto shall, until changed as hereinafter provided, be as follows:

A. If to the City, to:

City of Celina
Attn: Interim City Manager
142 N. Ohio Street
Celina, Texas 75009

With a copy to:

Norton Rose Fulbright US LLP
Attn: Robert Dransfield

Facsimile: (214) 855-8200

D. If to Mustang, to:

Mustang Special Utility District
Attn: General Manager
F.M. 2931
Aubrey, Texas

The Parties hereto shall have the right from time to time and at any time to change their respective addresses and each shall have the right to specify as its address any other address by at least ten (10) days' written notice to the other Parties hereto.

SECTION 10: Counterparts. This Agreement may be executed in any number of counterparts, each of such counterparts shall for all purposes be deemed to be an original, and all such counterparts shall together constitute one and the same instrument.

SECTION 11: Entire Agreement. This Agreement contains the entire agreement between the Parties pertaining to the subject matter hereof and fully supersedes all prior agreements and understandings between the parties pertaining to such subject matter.

SECTION 12: Captions. The section headings appearing in this Agreement are for convenience of reference only and are not intended, to any extent and for any purpose, to limit or define the text of any section or any subsection hereof.

SECTION 13: Incorporation of Preamble Recitals. The recitals contained in the preamble hereof are hereby found to be true, and such recitals are hereby made a part of this Agreement for all purposes and are adopted as a part of the judgment and findings of the respective governing body of each party hereto.

SECTION 14: Inconsistent Provisions. All orders or resolutions, or parts thereof, which are in conflict or inconsistent with any provision of this Agreement are hereby repealed to the extent of such conflict, and the provisions of this Agreement shall be and remain controlling as to the matters provided herein.

SECTION 15: Governing Law. This Agreement shall be construed and enforced in accordance with the laws of the State of Texas and the United States of America.

SECTION 16: Venue. Venue for any action to enforce or construe this Agreement shall be in Comal County, Texas.

SECTION 17: Severability. If any provision of this Agreement or the application thereof to any person or circumstance shall be held to be invalid, the remainder of this Agreement and the application of such provision to other persons and circumstances shall nevertheless be valid, and the Parties hereby declare that this Agreement would have been enacted without such invalid provision.

SECTION 18: Construction. Unless the context requires otherwise, words of the masculine gender shall be construed to include correlative words of the feminine and neuter genders and vice versa, and words of the singular number shall be construed to include correlative words of the plural number and vice versa. This Agreement and all the terms and provisions hereof shall be constructed to effectuate the purposes set forth herein and to sustain the validity of this Agreement.

SECTION 19: Compliance with Texas Open Meetings Act. It is officially found, determined, and declared that the meeting of each of the governing body of the Parties at which this Agreement was adopted was open to the public and public notice of the time, place, and subject matter of the public business to be considered at such meeting, including this Agreement, was given, all as required by Chapter 551, as amended, Texas Government Code.

I. PLAN DESCRIPTION AND DEFINED TERMS

A. INTRODUCTION

On April 11, 2023, the City Council of the City of Celina, Texas (the “City”), Texas passed and approved Resolution No. 2023-32R approving and authorizing the creation of the Parvin Public Improvement District (the “PID”) to finance the costs of certain public improvements for the benefit of property in such public improvement district, all of which was located within the extraterritorial jurisdiction of the City at the time the PID was created.

The property in the PID is proposed to be developed in one phase. Assessments will be imposed on the property that receives a special benefit from the public improvements to be financed.

Chapter 372 of the Texas Local Government Code, the “Public Improvement District Assessment Act” (as amended, the “PID Act”), governs the creation and operation of public improvement districts within the State of Texas. This Parvin Public Improvement District Service and Assessment Plan (the “Service and Assessment Plan”) has been prepared in accordance with the PID Act and specifically Sections 372.013, 372.014, 372.015 and 372.016, which address the requirements of a service and assessment plan and the assessment roll. According to Section 372.013 of the PID Act, a service plan “must (1) cover a period of at least five years; (2) define the annual indebtedness and the projected costs for improvements; and (3) include a copy of the notice form required by Section 5.014, Property Code.” Additionally, the PID Act requires that “the governing body of the municipality or county shall review and update the service plan annually for the purpose of determining the annual budget for improvements.” The service plan is described in Section IV of this Service and Assessment Plan. The copy of the notice form required by Section 5.014 of the Texas Property Code, as amended, is attached hereto as Appendix E.

Section 372.014 of the PID Act requires that “an assessment plan must be included in the annual service plan.” The assessment plan is described in Section V of this Service and Assessment Plan.

Section 372.015 of the PID Act requires that “the governing body of the municipality or county shall apportion the cost of an improvement to be assessed against property in an improvement district.” The method of assessing the costs of the Authorized Improvements and apportionment of such costs to the property in the PID is included in Section V of this Service and Assessment Plan.

Section 372.016 of the PID Act requires that “after the total cost of an improvement is determined, the governing body of the municipality or county shall prepare a proposed assessment roll. The roll must state the assessment against each parcel of land in the district, as determined by the method of assessment chosen by the municipality or county under this subchapter.” The Assessment Roll for the PID is included as Appendix G of this Service and Assessment Plan. The Assessments as shown on the Assessment Roll are based on the method of assessment and apportionment of costs described in Section V of this Service and Assessment Plan.

B. DEFINITIONS

Capitalized terms used herein shall have the meanings ascribed to them as follows:

“Actual Cost(s)” means, with respect to an Authorized Improvement, the demonstrated, reasonable, allocable, and allowable costs of constructing such Authorized Improvement. Actual Cost may include: (a) the costs for the design, planning, financing, administration, management, acquisition, installation, construction and/or implementation of such Authorized Improvement, including general contractor and construction management fees, if any, (b) the costs of preparing the construction plans for such Authorized Improvement, (c) the fees paid for obtaining permits, licenses or other governmental approvals for such Authorized Improvement, (d) the costs for external professional costs associated with such Authorized Improvement, such as engineering, geotechnical, surveying, land planning, architectural landscapers, advertising, marketing and research studies, appraisals, legal, accounting and similar professional services, and taxes, (e) the costs of all labor, bonds and materials, including equipment and fixtures, incurred by contractors, builders and material men in connection with the acquisition, construction or implementation of the Authorized Improvements, and (f) all related permitting, zoning and public approval expenses, architectural, engineering, legal, and consulting fees, financing charges, taxes, governmental fees and charges (including inspection fees, permit fees, development fees), insurance premiums and miscellaneous expenses.

Actual Costs may include general contractor’s fees in an amount up to a percentage equal to the percentage of work completed and accepted by the City or construction management fees in an amount up to five percent of the eligible Actual Costs described in a Certification for Payment. The amounts expended on legal costs, taxes, governmental fees, insurance premiums, permits, financing costs, and appraisals shall be excluded from the base upon which the general contractor and construction management fees are calculated.

“Additional Interest” means the 0.50% additional interest rate charged on Assessments (if applicable) pursuant to Section 372.018 of the PID Act.

“Additional Interest Component” means the amount collected by application of the Additional Interest.

“Additional Interest Reserve” has the meaning set forth in Section V.F of this Service and Assessment Plan.

“Administrative Expenses” means the administrative, organization, maintenance and operation costs associated with, or incidental to, the administration, organization, maintenance and operation of the PID, including, but not limited to, the costs of: (i) creating and organizing the PID, including conducting hearings, preparing notices and petitions, and all costs incident thereto, including engineering fees, legal fees and consultant fees, (ii) the annual administrative, organization, maintenance, and operation costs and expenses associated with, or incident and allocable to, the administration, organization, maintenance, and operation of the PID and the Authorized Improvements, (iii) computing, levying, billing and collecting Assessments or the Annual Installments thereof, (iv) maintaining the record of installments of the Assessments and

the system of registration and transfer of the Bonds, (v) issuing, paying and redeeming the Bonds, (vi) investing or depositing of monies, (vii) complying with the PID Act and other laws applicable to the Bonds, (viii) the Trustee's reasonable fees and expenses relating to the Bonds, (ix) legal counsel, engineers, accountants, financial advisors, investment bankers or other consultants and advisors, and (x) administering the construction of the Authorized Improvements. Administrative Expenses do not include payment of the actual principal of, redemption premium, if any, and interest on the Bonds or any costs of issuance associated with the Bonds. Administrative Expenses collected and not expended for actual Administrative Expenses shall be carried forward and applied to reduce Administrative Expenses in subsequent years to avoid the over-collection of amounts to pay Administrative Expenses.

“Administrator” means the employee or designee of the City, identified in any indenture of trust relating to the Bonds or in any other agreement approved by the City Council, who shall have the responsibilities provided for herein.

“Annual Installment” means, with respect to each Parcel, each annual payment of: (i) the Assessments including both principal and interest, as shown on the Assessment Roll attached hereto as Appendix G, as applicable, or in an Annual Service Plan Update, and calculated as provided in Section VI of this Service and Assessment Plan, (ii) the Additional Interest Component designated for the Additional Interest Reserve described in Section V of this Service and Assessment Plan, and (iii) the Administrative Expenses.

“Annual Service Plan Update” has the meaning set forth in the second paragraph of Section IV of this Service and Assessment Plan.

“Assessed Property” means the property that benefits from the Authorized Improvements to be provided by the PID on which Assessments have been imposed as shown in the Assessment Roll, as the Assessment Roll is updated each year by the Annual Service Plan Update. Assessed Property includes Parcels within the PID other than Non-Benefited Property.

“Assessment” means an assessment levied against a Parcel imposed pursuant to an Assessment Ordinance and the provisions herein, as shown on any Assessment Roll, subject to reallocation upon the subdivision of such Parcel or reduction according to the provisions herein and the PID Act. An Assessment for a Parcel consists of the Annual Installments to be collected in all years including the portion of those Annual Installments collected to pay Administrative Expenses and interest on all Assessments.

“Assessment Ordinance” means an Assessment Ordinance adopted by the City Council approving the Service and Assessment Plan (including amendments or supplements to the Service and Assessment Plan) and levying the Assessments.

“Assessment Revenues” mean the revenues actually received by or on behalf of the City from the collection of Assessments.

“Assessment Roll” means the Assessment Roll included in this Service and Assessment Plan as Appendix G or any other Assessment Roll in an amendment or supplement to this Service and

Assessment Plan or in an Annual Service Plan Update, as each may be updated, modified, or amended from time to time in accordance with the procedures set forth in this Service and Assessment Plan and in the PID Act.

“Authorized Improvements” mean those public improvements described in Appendix B of this Service and Assessment Plan and Section 372.003 of the PID Act, constructed and installed in accordance with this Service and Assessment Plan, and any future updates and/or amendments.

“Bonds” mean any bonds, including the PID Bonds, issued by the City in one or more series and secured in whole or in part by the Assessment Revenues.

“Budgeted Cost(s)” means the amounts budgeted to construct the Authorized Improvements as used in the preparation of this Service and Assessment Plan.

“Certification for Payment” means the certificate to be provided by the Developer, or his designee, to substantiate the Actual Cost of one or more Authorized Improvements in a payment request in a form that has been reviewed and approved by the City.

“City” means the City of Celina, Texas.

“City Council” means the duly elected governing body of the City.

“County” means Denton County, Texas.

“Delinquent Collection Costs” mean interest, penalties and expenses incurred or imposed with respect to any delinquent installment of an Assessment in accordance with the PID Act and the costs related to pursuing collection of a delinquent Assessment and foreclosing the lien against the Assessed Property, including attorney’s fees.

“Developer” means MM Celina Parvin 101, LLC, a Texas limited liability company.

“Development Agreement” means that certain Celina Parvin Development Agreement executed by and between the City and the Developer effective January 12, 2023, and as the same may be amended from time to time.

“Equivalent Units” means, as to any Parcel the number of dwelling units by lot type expected to be built on the Parcel multiplied by the factors calculated and shown in Appendix F attached hereto.

“Homeowner Association” means a homeowner’s association or property owners’ association established for the benefit of property owners within the boundaries of the PID.

“Homeowner Association Property” means property within the boundaries of the PID that is owned by or irrevocably offered for dedication to, whether in fee simple or through an exclusive use easement, a Homeowner Association.

“Lot” means a tract of land described as a “lot” in a subdivision plat recorded in the official public records of the County.

“Lot Type” means a classification of final building lots with similar characteristics (e.g. commercial, light industrial, multifamily residential, single family residential, etc.), as determined by the Administrator and confirmed by the City Council as shown in Appendix F. In the case of single family residential lots, the Lot Type shall be further defined by classifying the residential lots by the estimated average home value for each home at the time of assessment levy, considering factors such as density, lot size, proximity to amenities, view premiums, location, and any other factors that may impact the average home value on the lot, as determined by the Administrator and confirmed by the City Council.

“Maximum Assessment Per Equivalent Unit” means an Assessment per Lot of \$47,798.72.

“MSUD” means Mustang Special Utility District, which is anticipated to own and operate the onsite and offsite water and sewer infrastructure that will serve the property.

“Non-Benefited Property” means Parcels that accrue no special benefit from the Authorized Improvements, including Homeowner Association Property, Public Property and easements that create an exclusive use for a public utility provider. Property identified as Non-Benefited Property at the time the Assessments (i) are imposed or (ii) are reallocated pursuant to a subdivision of a Parcel, is not assessed. Assessed Property converted to Non-Benefited Property, if the Assessments may not be reallocated pursuant to the provisions herein, remains subject to the Assessments and requires the Assessments to be prepaid as provided for in Section VI.C.

“Parcel” or “Parcels” means a parcel or parcels within the PID identified by either a tax map identification number assigned by the Denton Central Appraisal District for real property tax purposes or by lot and block number in a final subdivision plat recorded in the real property records of the County.

“PID” has the meaning set forth in Section I.A of this Service and Assessment Plan.

“PID Act” means Texas Local Government Code Chapter 372, Public Improvement District Assessment Act, Subchapter A, Public Improvement Districts, as amended.

“PID Bonds” mean the certain City of Celina, Texas, Special Assessment Revenue Bonds, Series 2023 (Parvin Public Improvement District Project) that are secured primarily by Assessment Revenues.

“Prepayment Costs” mean interest and expenses to the date of prepayment, plus any additional expenses related to the prepayment, reasonably expected to be incurred by or imposed upon the City as a result of any prepayment of an Assessment.

“Public Property” means property within the boundaries of the PID that is owned by or irrevocably offered for dedication to, the federal government, the State of Texas, the County, the

City, a school district or any other public agency, whether in fee simple or through an exclusive use easement.

“Service and Assessment Plan” means this Service and Assessment Plan prepared for the PID pursuant to the PID Act, as the same may be amended from time to time.

“Trust Indenture” means an indenture of trust, ordinance or similar document setting forth the terms and other provisions relating to the Bonds, as modified, amended, and/or supplemented from time to time.

“Trustee” means the fiscal agent or trustee as specified in the Trust Indenture, including a substitute fiscal agent or trustee.

II. PROPERTY INCLUDED IN THE PID

A. PROPERTY INCLUDED IN THE PID

The PID is presently located within the extraterritorial jurisdiction of the City, and contains approximately 101.60 acres of land. A map of the property within the PID is shown on Appendix A to this Service and Assessment Plan.

At completion, the PID is expected to consist of approximately 313 single family residential units, landscaping, and infrastructure necessary to provide roadways, drainage, and utilities to the PID. The estimated number of lots and the classification of each lot are based upon the proposed development plan.

The property within the PID is proposed to be developed as shown in Table II-A.

Table II-A
Proposed Development within the PID

Proposed Development	Quantity	Measurement
Single-Family (50 Ft)	313	Units
Total	313	Units

The estimated number of units at the build-out of the PID is based on the land use approvals for the property, the anticipated subdivision of property in the PID, and the Developer's estimate of the highest and best use of the property within the PID.

III. DESCRIPTION OF THE AUTHORIZED IMPROVEMENTS

A. AUTHORIZED IMPROVEMENT OVERVIEW

372.003. Authorized Improvements

(a) If the governing body of a municipality or county finds that it promotes the interests of the municipality or county, the governing body may undertake an improvement project that confers a special benefit on a definable part of the municipality or county or the municipality's extraterritorial jurisdiction. A project may be undertaken in the municipality or county or the municipality's extraterritorial jurisdiction.

(b) A public improvement may include:

- (i) landscaping;
- (ii) erection of fountains, distinctive lighting, and signs;
- (iii) acquiring, constructing, improving, widening, narrowing, closing, or rerouting of sidewalks or of streets, any other roadways, or their rights-of way;
- (iv) construction or improvement of pedestrian malls;
- (v) acquisition and installation of pieces of art;
- (vi) acquisition, construction, or improvement of libraries;
- (vii) acquisition, construction, or improvement of off-street parking facilities;
- (viii) acquisition, construction, improvement, or rerouting of mass transportation facilities;
- (ix) acquisition, construction, or improvement of water, wastewater, or drainage facilities or improvements;
- (x) the establishment or improvement of parks;
- (xi) projects similar to those listed in Subdivisions (i)-(x);
- (xii) acquisition, by purchase or otherwise, of real property in connection with an authorized improvement;
- (xiii) special supplemental services for improvement and promotion of the district, including services relating to advertising, promotion, health and sanitation, water and wastewater, public safety, security, business recruitment, development, recreation, and cultural enhancement;
- (xiv) payment of expenses incurred in the establishment, administration and operation of the district; and
- (xv) the development, rehabilitation, or expansion of affordable housing

After analyzing the public improvement projects authorized by the PID Act, the City has determined at this time to undertake only Authorized Improvements listed in Section III.B. on the following page and shown in the opinion of probable costs included as Appendix B and on the

diagrams included as Appendix D for the benefit of the Assessed Property. Any change to the list of Authorized Improvements will require the approval of the City and an update to this Service and Assessment Plan.

B. DESCRIPTIONS OF THE AUTHORIZED IMPROVEMENTS

The Authorized Improvements benefit the entire PID. The costs of the Authorized Improvements are allocated proportionally throughout the entire PID, excluding Non-Benefited Property, in a manner that anticipates planned development of the PID based on the anticipated number of Equivalent Units.

The Authorized Improvements descriptions are presented below as provided by the project engineer. The Budgeted Costs are shown in Table III-A, and may be revised in Annual Service Plan Updates, including such other improvements as deemed necessary to further improve the properties within the PID. To the extent that an Authorized Improvement is oversized or otherwise provides special benefit to property outside of the PID, the costs of such oversizing are not included in this Service and Assessment Plan.

A description of the Authorized Improvements are as follows:

Roadway Improvements:

Onsite:

The onsite roadway portion of the Authorized Improvements consists of subgrade stabilization, concrete and reinforcing steel for roadways, testing, handicapped ramps, and streetlights. All related earthwork, excavation, erosion control, retaining walls, intersections, signage, lighting and re-vegetation of all disturbed areas within the right-of-way are included. The street improvements will provide access to each Lot within the PID, for the benefit of the Assessed Property. All onsite roadway projects will be designed and constructed in accordance with City standards and specifications, as modified by Development Agreement, and will be owned and operated by the City.

Offsite:

The offsite roadway portion of the Authorized Improvements consists of stabilization, concrete and reinforcing steel for roadways, testing, handicapped ramps, and streetlights. All related earthwork, excavation, erosion control, retaining walls, intersections, signage, lighting and re-vegetation of all disturbed areas within the right-of-way of the divided entry are included. The street improvements will provide access to each Lot within the PID, for the benefit of the Assessed Property. All offsite roadway projects will be designed and constructed in accordance with City standards and specifications, as modified by Development Agreement, and will be owned and operated by the City. The offsite roadway improvements are being constructed exclusively for the benefit of the Property within the PID.

Water Improvements:*Onsite:*

The onsite water distribution system portion of the Authorized Improvements include trench excavation and embedment, trench safety, PVC piping, manholes, service connections, testing, related earthwork, excavation, and erosion control, and all necessary appurtenances required to provide water service to each Lot within the PID, for the benefit of the Assessed Property. All onsite water improvements will be designed and constructed in accordance with City standards and specifications, as modified by the Development Agreement, and will be owned and operated by MSUD.

Offsite:

The offsite water distribution system portion of the Authorized Improvements trench excavation and embedment, trench safety, PVC piping, manholes, service connections, testing, related earthwork, excavation, and erosion control, and all necessary appurtenances required to connect to existing service lines located east of the District to provide water service to each Lot within the PID, for the benefit of the Assessed Property. All offsite water improvements will be designed and constructed in accordance with City standards and specifications, as modified by the Development Agreement, and will be owned and operated by MSUD. The offsite water improvements are being constructed exclusively for the benefit of the Property within the PID.

Sanitary Sewer Improvements:*Onsite:*

The onsite sanitary improvement portion of the Authorized Improvements include trench excavation and embedment, trench safety, PVC piping, ductile iron encasement, boring, manholes, service connections, testing, related earthwork, excavation, erosion control and all necessary appurtenances required to provide wastewater service to each Lot within the PID, for the benefit of the Assessed Property. All onsite sanitary sewer improvements will be designed and constructed in accordance with City standards and specifications, as modified by the Development Agreement, and will be owned and operated by MSUD.

Offsite:

The offsite sanitary improvement portion of the Authorized Improvements include trench excavation and embedment, trench safety, PVC piping, ductile iron encasement, boring, manholes, service connections, testing, related earthwork, excavation, erosion control and all necessary appurtenances required to connect to existing MSUD force main lines to provide wastewater service to each Lot within the PID, for the benefit of the Assessed Property. All offsite sanitary sewer improvements will be designed and constructed in accordance with City standards and

specifications, as modified by the Development Agreement, and will be owned and operated by MSUD. The offsite sanitary improvements are being constructed exclusively for the benefit of the Property within the PID.

Storm Drainage Improvements:

The storm drainage collection system portion of the Authorized Improvements includes pre and post development erosion control, silt fences, rock check dams, drainage structures, various size reinforced concrete pipes, reinforced concrete box culverts, curb inlets, headwalls, retention, detention areas, and detention structures and trench safety for the benefit of the Assessed Property. All storm drainage improvements will be designed and constructed in accordance with City standards and specifications and will be owned and operated by the City.

Soft and Miscellaneous Costs

Onsite:

The onsite soft and miscellaneous costs consist of costs related to designing, constructing, and installing the Authorized Improvements including engineering fees, legal fees, consulting fees, contingency, other costs associated with financing the Authorized Improvements, and the portion of the costs incurred in the administration and operation of the PID.

Offsite:

The offsite soft and miscellaneous costs consist of costs related to designing, constructing, and installing the Authorized Improvements including engineering fees, consulting fees, and other costs associated with financing the Authorized Improvements.

IV. SERVICE PLAN

A. PROJECTED SOURCES AND USES OF FUNDS

The PID Act requires the service plan to cover a period of at least five years. The service plan is required to define the annual projected costs and indebtedness for the Authorized Improvements undertaken within the PID during the five-year period. It is anticipated the Authorized Improvements will be constructed and accepted by the City in the 1st quarter of 2025.

The Budgeted Costs for Authorized Improvements plus costs related to the issuance of the PID Bonds and payment of expenses incurred in the establishment, administration, and operation of the PID are \$17,606,130 as shown in Table IV-A. The service plan shall be reviewed and updated at least annually for the purpose of determining the annual budget for Administrative Expenses, updating the Budgeted Costs of the Authorized Improvements, and updating the Assessment Roll(s). Any update to this Service and Assessment Plan is herein referred to as an “Annual Service Plan Update.”

Table IV-A shows the projected sources and uses of funds for the Authorized Improvements.

B. PROJECTED FIVE -YEAR SERVICE AND ASSESSMENT PLAN

The annual projected costs and annual projected indebtedness are shown in Table IV-B. The annual projected costs and indebtedness are subject to revision, and each shall be updated in the Annual Service Plan Update to reflect any changes in the costs or indebtedness expected for each year.

¹The other funding sources represent Budgeted Costs of the Authorized Improvements to be paid by the Developer without reimbursement through the PID. See Table IV-A for details.

²Administrative Expenses in year 2024 and 2025 are being funded with Bond proceeds, and interest on the PID Bonds for years 2024 and 2025 is being funded with capitalized interest.

The annual projected costs shown in Table IV-B are the annual expenditures relating to the Authorized Improvements shown in Table III-A, and the costs associated with setting up the PID and bond issuance costs including reserves shown in Table IV-A. The difference between the total projected cost and the total projected indebtedness, if any, is the amount contributed by the Developer.

C. PID ASSESSMENT NOTICE

The PID Act requires that this Service and Assessment Plan and each Annual Service Plan Update include a copy of the notice form required by Section 5.014 of the Texas Property Code (the “PID Assessment Notice”). The PID Assessment Notice is attached hereto as Appendix E and may be updated in an Annual Service Plan Update.

(remainder of this page is intentionally left blank)

V. ASSESSMENT PLAN

A. INTRODUCTION

The PID Act requires the City Council to apportion the costs of the Authorized Improvements on the basis of special benefits conferred upon the property because of the Authorized Improvements. The PID Act provides that the costs of the Authorized Improvements may be assessed: (i) equally per front foot or square foot; (ii) according to the value of the property as determined by the governing body, with or without regard to improvements on the property; or (iii) in any other manner that results in imposing equal shares of the cost on property similarly benefited. The PID Act further provides that the governing body may establish by ordinance or order reasonable classifications and formulas for the apportionment of the cost between the municipality and the area to be assessed and the methods of assessing the special benefits for various classes of improvements.

For purposes of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Authorized Improvements shall be allocated as described below:

1. The Actual Costs of the Authorized Improvements shall be allocated on the basis of Equivalent Units once such property is developed, and that such method of allocation will result in the imposition of equal shares of the costs of the Authorized Improvements to Parcels similarly benefited.
2. The City Council has concluded that larger more expensive homes are likely to be built on the larger lots, and that larger more expensive homes are likely to make greater use of and receive greater benefit from the Authorized Improvements. In determining the relative values of Parcels, the City Council has taken into consideration (i) the type of development (i.e., residential, commercial, etc.), (ii) single-family lot sizes and the size of homes likely to be built on lots of different sizes, (iii) current and projected home prices provided by the Developer, (iv) the Authorized Improvements to be provided and the Budgeted Costs, and (v) the ability of different property types to utilize and benefit from the Authorized Improvements.
3. The Assessed Property is classified into different Lot Types as described in Appendix F based on the type and size of proposed development on each Parcel.
4. Equivalent Units are calculated for each Lot Type based on the relative value of each Lot Type.

This section of this Service and Assessment Plan currently (i) describes the special benefit received by each Parcel within the PID as a result of the Authorized Improvements, (ii) provides the basis and justification for the determination that this special benefit equals or exceeds the amount of the Assessments levied or to be levied on the Assessed Property for such Authorized Improvements, and (iii) establishes the methodologies by which the City Council allocates and reallocates the special benefit of the Authorized Improvements to Parcels in a manner that results in equal shares

of the Actual Costs of the Authorized Improvements being apportioned to Parcels similarly benefited. The determination by the City Council of the assessment methodologies set forth below is the result of the discretionary exercise by the City Council of its legislative authority and governmental powers and is conclusive and binding on the Developer and all future owners and developers of the Assessed Property.

B. SPECIAL BENEFIT

Assessed Property must receive a direct and special benefit from the Authorized Improvements, and this benefit must be equal to or greater than the amount of the Assessments. The Authorized Improvements are provided specifically for the benefit of the Assessed Property. The Authorized Improvements (more particularly described in line-item format in Appendix B to this Service and Assessment Plan) and the costs of issuance and payment of costs incurred in the establishment of the PID shown in Table IV-A are authorized by the PID Act. These Authorized Improvements are provided specifically for the benefit of the Assessed Property.

Each owner of the Assessed Property has acknowledged that the Authorized Improvements confer a special benefit on the Assessed Property and has consented to the imposition of the Assessments to pay for the Actual Costs associated therewith. Each of the owners is acting in its interest in consenting to this apportionment and levying of the Assessments because the special benefit conferred upon the Assessed Property by the Authorized Improvements exceeds the amount of the Assessments.

The Authorized Improvements provide a special benefit to the Assessed Property as a result of the close proximity of these improvements to the Assessed Property and the specific purpose of these improvements of providing infrastructure for the Assessed Property. In other words, the Assessed Property could not be used in the manner proposed without the construction of the Authorized Improvements. The Authorized Improvements are being provided specifically to meet the needs of the Assessed Property as required for the proposed use of the property.

The Assessments are being levied to provide the Authorized Improvements that are required for the highest and best use of the Assessed Property (i.e., the use of the property that is most valuable, including any costs associated with that use). Highest and best use can be defined as “the reasonably probable and legal use of property, which is physically possible, appropriately supported, financially feasible, and that results in the highest value.” (*Dictionary of Real Estate Appraisal, Third Edition.*) The Authorized Improvements are expected to be required for the proposed use of the Assessed Property to be physically possible, appropriately supported, financially feasible, and maximally productive.

The Developer has evaluated the potential use of the property and has determined that the highest and best use of the property is the use intended and the legal use for the property as described in Section II of this Service and Assessment Plan. The use of the Assessed Property as described herein will require the construction of the Authorized Improvements.

The Assessments will repay financing that is on advantageous terms, as the Bonds issued to finance the Authorized Improvements will pay interest that is exempt from federal income tax. As a result, all other terms being equal (e.g., maturity, fixed vs. variable rate, credit quality), the tax-exempt bonds will have a lower interest rate than debt that is not tax-exempt. The Bonds also have a longer term than other available financings and may either be repaid or assumed by a buyer at the buyer's option. As a result of these advantageous terms, the financing provided by the PID is the most beneficial means of financing the Authorized Improvements.

Each owner of the Assessed Property will ratify, confirm, accept, agree to and approve: (i) the determinations and finding by the City Council as to the special benefits described in this Service and Assessment Plan and the Assessment Ordinance; (ii) the Service and Assessment Plan and the Assessment Ordinance, and (iii) the levying of Assessments on the Assessed Property. Use of the Assessed Property as described in this Service and Assessment Plan and as authorized by the PID Act requires that Authorized Improvements be acquired, constructed, installed, and/or improved. Funding the Actual Costs of the Authorized Improvements through the PID has been determined by the City Council to be the most beneficial means of doing so. As a result, the Authorized Improvements result in a special benefit to the Assessed Property, and this special benefit exceeds the amount of the Assessment. This conclusion is based on and supported by the evidence, information, and testimony provided to the City Council.

In summary, the Authorized Improvements result in a special benefit to the Assessed Property for the following reasons:

1. The Authorized Improvements are being provided specifically for the use of the Assessed Property, are necessary for the proposed best use of the property and provide a special benefit to the Assessed Property;
2. The Developer has consented to the imposition of the Assessments for the purpose of providing the Authorized Improvements and the Developer is acting in its interest by consenting to this imposition;
3. The highest and best use of the Assessed Property is the use of the Assessed Property that is most valuable (including any costs associated with the use of the Assessed Property);
4. Financing of the costs of the Authorized Improvements through the PID is determined to be the most beneficial means of providing for the Authorized Improvements; and,
5. As a result, the special benefit to the Assessed Property from the Authorized Improvements will be equal to or greater than the Assessments.

C. ASSESSMENT METHODOLOGY

The costs of the Authorized Improvements may be assessed by the City Council against the Assessed Property so long as the special benefit conferred upon the Assessed Property by the Authorized Improvements equals or exceeds the Assessments. The costs of the Authorized

Improvements may be assessed using any methodology that results in the imposition of equal shares of the Actual Costs on Assessed Property similarly benefited.

1. Assessment Methodology for the Authorized Improvements

For purpose of this Service and Assessment Plan, the City Council has determined that the Budgeted Costs of the Authorized Improvements to be financed with the PID Bonds shall be allocated to the Assessed Property by spreading the entire Assessment across the Parcels based on the estimated Equivalent Units anticipated to be developed on each Parcel within the PID.

Based on the Budgeted Costs of the Authorized Improvements, as set forth in Table III-A, the City Council has determined that the benefit to the Assessed Property of the Authorized Improvements is at least equal to the Assessments levied on the Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the estimated Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Parcel based on the ratio of the estimated Equivalent Units at the time residential Lots are platted to the total estimated Equivalent Units of all Lots in the platted Parcel, as calculated and shown in Appendix F using the types, number and average home value of Lots anticipated to be developed on each Parcel.

The Assessment and Annual Installments for each Parcel or Lot located within the PID is shown on the Assessment Roll, attached as Appendix G, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

D. ASSESSMENTS

The Assessments will be levied on each Parcel according to the Assessment Roll, attached hereto as Appendix G. The Annual Installments will be collected at the time and in the amounts shown on the Assessment Roll subject to any revisions made during an Annual Service Plan Update.

E. ADMINISTRATIVE EXPENSES

The cost of administering the PID and collecting the Annual Installments shall be paid for on a pro rata basis by each Parcel based on the amount of Assessment levied against the Parcel. The Administrative Expenses shall be collected as part of and in the same manner as Annual Installments in the amounts shown on the Assessment Roll, attached as Appendix G, which may be revised based on Actual Costs incurred in Annual Service Plan Updates.

F. ADDITIONAL INTEREST RESERVE

Pursuant to the PID Act, the interest rate for the portion of the Assessments which secure a series of Bonds may exceed the actual interest rate per annum paid on the related Bonds by no more than one half of one percent (0.50%). The interest rate used to determine the Assessments that secure the PID Bonds is one half of one percent (0.50%) per annum higher than the actual rate paid on

the PID Bonds, with the Additional Interest Component of the Annual Installments allocated to fund a reserve to be used for paying interest associated with a prepayment and to offset any possible delinquency related costs. The Additional Interest Reserve shall be funded until it reaches 5.50% of the outstanding Bonds unless otherwise stipulated in the Trust Indenture. Once the Additional Interest Reserve is funded in full, the City may allocate the Additional Interest Component of the Annual Installments as provided in the applicable Trust Indenture.

(remainder of this page is intentionally left blank)

VI. TERMS OF THE ASSESSMENTS

A. AMOUNT OF ASSESSMENTS AND ANNUAL INSTALLMENTS FOR PARCELS LOCATED WITHIN THE PID

The Assessment and Annual Installments for each Assessed Property located within the PID is shown on the Assessment Roll, attached as Appendix G, and no Assessment shall be changed except as authorized by this Service and Assessment Plan and the PID Act.

The Annual Installments shall be collected from the Assessed Property in an amount sufficient to pay (i) principal and interest on the PID Bonds, (ii) to fund the Additional Interest Reserve described in Section V, and (iii) to pay Administrative Expenses related to the PID. The Annual Installment for each Parcel in the PID shall be calculated by taking into consideration any available capitalized interest applicable to the Parcel.

B. REALLOCATION OF ASSESSMENTS

1. Subdivision

Upon the subdivision of any Parcel, the Assessment for the Parcel prior to the subdivision shall be reallocated among the new subdivided Parcels according to the following formula:

$$A = B \times (C \div D)$$

Where the terms have the following meanings:

- A = the Assessment for each new subdivided Parcel
- B = the Assessment for the Parcel prior to subdivision
- C = the estimated total Equivalent Units to be built on each new subdivided Parcel
- D = the sum of the estimated total Equivalent Units to be built on all of the new subdivided Parcels

The calculation of the estimated Equivalent Units to be built on a Parcel shall be performed by the Administrator and confirmed by the City Council based on the information available regarding the use of the Parcel. The estimate as confirmed shall be conclusive. The number of Equivalent Units to be built on a Parcel may be estimated by net land area and reasonable density ratios.

The sum of the Assessments for all newly subdivided Parcels shall equal the Assessment for the Parcel prior to subdivision. The calculation shall be made separately for each newly subdivided Parcel. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation and to the extent the reallocation would exceed such amount, it shall be prepaid by such amount by the party requesting the subdivision of the Parcels. Any reallocation pursuant to this section shall be reflected in an Annual Service Plan Update approved by the City Council.

2. Consolidation

Upon the consolidation of two or more Parcels, the Assessment for the consolidated Parcel shall be the sum of the Assessments for the Parcels prior to consolidation. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation and to the extent the reallocation would exceed such amount, it shall be prepaid by such amount by the party requesting the consolidation of the Parcels. Any reallocation pursuant to this section shall be reflected in an Annual Service Plan Update approved by the City Council.

C. MANDATORY PREPAYMENT OF ASSESSMENTS

1. If a Parcel subject to Assessments is transferred to a party that is exempt from the payment of the Assessment under applicable law, or if an owner causes a Parcel subject to Assessments to become Non-Benefited Property, the owner of such Parcel shall pay to the City the full amount of the principal portion of the Assessment on such Parcel, plus all Prepayment Costs, prior to any such transfer or act.
2. If at any time the Assessment per unit on a Parcel exceeds the applicable Maximum Assessment Per Equivalent Unit shown in this Service and Assessment Plan as a result of any changes in land use, subdivision, consolidation or reallocation of the Assessment authorized by this Service and Assessment Plan and initiated by the owner of the Parcel, then such owner shall pay to the City prior to the recordation of the document subdividing the Parcel the amount calculated by the Administrator by which the Assessment per unit for the Parcel exceeds the applicable Maximum Assessment Per Equivalent Unit calculated in this Service and Assessment Plan.
3. The payments required above shall be treated the same as any Assessment that is due and owing under the PID Act, the Assessment Ordinance, and this Service and Assessment Plan, including the same lien priority, penalties, procedures, and foreclosure specified by the PID Act.

D. REDUCTION OF ASSESSMENTS

1. If after all Authorized Improvements to be funded with a series of Bonds have been completed and Actual Costs for such Authorized Improvements are less than the Actual Costs or Budgeted Costs of the Authorized Improvements used to calculate the Assessments securing such series of Bonds, resulting in excess Bond proceeds being available to redeem Bonds, as the case may be, and such excess proceeds shall be applied to redeem Bonds may be reduced as provided in the Indenture, then the Assessment securing such series of Bonds for each Parcel of Assessed Property shall be reduced by the City Council pro rata such that the sum of the resulting reduced Assessments for all Assessed Properties equals the reduced Actual Costs. The Assessments shall not be reduced to an amount less than the related outstanding series of Bonds. If all of the Authorized Improvements are not completed, the City may reduce the Assessments in another method if it determines such method would better reflect the benefit received by the Parcels from the Authorized Improvements completed.

2. If all the Authorized Improvements are not undertaken, resulting in excess Bonds proceeds being available to redeem Bonds, and such excess proceeds shall be applied to redeem Bonds, as the case may be, as provided in the Indenture, then the Assessments and Annual Installments for each Parcel shall be appropriately reduced by the City Council to reflect only the amounts required to repay the Bonds including interest on the Bonds (including Additional Interest) and Administrative Expenses. The City Council may reduce the Assessments and the Annual Installments for each Parcel (i) in an amount that represents the Authorized Improvements provided for each Parcel or (ii) by an equal percentage calculated based on number of units, if determined by the City Council to be the most fair and practical means of reducing the Assessments for each Parcel, such that the sum of the resulting reduced Assessments equals the amount required to repay the Bonds including interest thereon and Administrative Expenses. The principal portion of the Assessment for each Parcel shall be reduced pro rata to the reduction in the Assessments for each Parcel such that the sum of the resulting reduced principal portion of the Bonds is equal to the outstanding principal amount of the Bonds.

E. PAYMENT OF ASSESSMENTS

1. Payment in Full

- (a) The Assessment for any Parcel may be paid in full at any time. Such payment shall include all Prepayment Costs. If prepayment in full will result in redemption of Bonds, the payment amount shall be reduced by the amount, if any, of interest through the date of redemption of Bonds and reserve funds applied to the redemption under the Trust Indenture, net of any other costs applicable to the redemption of Bonds.
- (b) If an Annual Installment has been billed prior to payment in full of an Assessment, the Annual Installment shall be due and payable and shall be credited against the payment-in-full amount.
- (c) Upon payment in full of the Assessment and all Prepayment Costs, the City shall deposit the payment in accordance with the Trust Indenture; whereupon, the Assessment shall be reduced to zero, and the owner's obligation to pay the Assessment and Annual Installments thereof shall automatically terminate.
- (d) At the option of the owner, the Assessment on any Parcel plus Prepayment Costs may be paid in part in an amount sufficient to allow for a convenient redemption of Bonds as determined by the Administrator. Upon the payment of such amounts for a Parcel, the Assessment for the Parcel shall be reduced, the Assessment Roll shall be updated to reflect such partial payment, and the obligation to pay the Annual Installment for such Parcel shall be reduced to the extent the partial payment is made.

2. Payment in Annual Installments

The PID Act provides that an Assessment for a Parcel may be paid in full at any time. If not paid in full, the PID Act authorizes the Assessment to be paid in installments and additionally allows

the City to collect interest, administrative expenses and other authorized charges in installments. An Assessment for a Parcel that is not paid in full will be collected in Annual Installments each year in the amounts shown on the Assessment Roll, as updated as provided for herein, which include interest, Administrative Expenses, and payments required for the Additional Interest Reserve. Payment of the Annual Installments shall commence with tax bills mailed after the issuance of the PID Bonds.

The Assessment Roll sets forth for each year the Annual Installment for each parcel based on an interest rate of 6.00% on the PID Bonds and additional interest at the rate of 0.5% for the Additional Interest Reserve. Furthermore, the Annual Installments may not exceed the amounts shown on the Assessment Roll. The Assessment Roll is shown as Appendix G.

The Annual Installments shall be reduced to equal the Actual Costs of repaying the PID Bonds and actual Administrative Expenses (as provided for in the definition of such term), taking into consideration any other available funds for these costs, such as interest income on account balances.

The City reserves and shall have the right and option to refund the Bonds in accordance with Section 372.027 of the PID Act. In the event of such refunding, the Administrator shall recalculate the Annual Installments, and if necessary, may adjust, or decrease, the amount of the Annual Installments so that total Annual Installments of Assessments will be produced in annual amounts that are required to pay the refunding bonds when due and payable as required by and established in the ordinance and/or the indenture authorizing and securing the refunding bonds, and such refunding bonds shall constitute Bonds for purposes of this Service and Assessment Plan.

F. COLLECTION OF ANNUAL INSTALLMENTS

No less frequently than annually, the Administrator shall prepare, and the City Council shall consider, an Annual Service Plan Update to allow for the billing and collection of Annual Installments. Each Annual Service Plan Update shall include an updated Assessment Roll and a calculation of the Annual Installment for each Parcel. Administrative Expenses shall be allocated among Parcels in proportion to the amount of the Annual Installments for the Parcels. Each Annual Installment shall be reduced by any credits applied under the applicable Trust Indenture, such as capitalized interest, interest earnings on any account balances, and any other funds available to the Trustee for such purpose, including any existing deposits for a prepayment reserve. Annual Installments shall be collected by the City in the same manner and at the same time as ad valorem taxes and shall be subject to the same penalties, procedures, and foreclosure sale in case of delinquencies as are provided for ad valorem taxes of the City. The City Council may provide for other means of collecting the Annual Installments to the extent permitted under the PID Act. The Assessments shall have lien priority as specified in the PID Act.

Any sale of property for nonpayment of the Annual Installments shall be subject to the lien established for the remaining unpaid Annual Installments against such property and such property may again be sold at a judicial foreclosure sale if the purchaser thereof fails to make timely payment of the non-delinquent Annual Installments against such property as they become due and payable.

Each Annual Installment, including the interest on the unpaid amount of an Assessment, shall be updated annually. Each Annual Installment together with interest thereon shall be delinquent if not paid prior to February 1 of the following year. Collection of the initial Annual Installments relating to the Authorized Improvements that benefit the Assessed Property will be due when billed and will be delinquent if not paid prior to February 1, 2025 (subject to any offsets from capitalized interest and any other available funds).

G. SURPLUS FUNDS REMAINING IN THE PID BOND ACCOUNT

If proceeds from the PID Bonds remain after all of the Authorized Improvements are constructed and accepted by the City, the proceeds may be utilized in accordance with the applicable Trust Indenture.

VII. THE ASSESSMENT ROLL

A. ASSESSMENT ROLL

The City Council has evaluated each Parcel in the PID based on numerous factors such as the applicable zoning for developable area, the use of proposed Homeowner Association Property, the Public Property, the types of Authorized Improvements, and other development factors deemed relevant to determine the amount of Assessed Property within the PID.

The Assessed Property is being assessed for the special benefits conferred upon the property resulting from the Authorized Improvements. Table VII-A summarizes the \$17,606,130 in special benefit received by the Assessed Property from the Authorized Improvements, the costs of the PID formation, and the PID Bond issuance costs. The par amount of the PID Bonds is \$14,961,000, which is less than the benefit received by the Assessed Property. Accordingly, the total Assessment to be applied to all the Assessed Property is \$14,961,000 plus, interest, Additional Interest (as applicable), and annual Administrative Expenses. The Assessment for each Assessed Property is calculated based on the allocation methodologies described in Section V.C. The Assessment Roll is attached hereto as Appendix G.

B. ANNUAL ASSESSMENT ROLL UPDATES

The Administrator shall prepare, and shall submit to the City Council for approval, annual updates to the Assessment Roll in conjunction with the Annual Service Plan Update to reflect the following matters, together with any other changes helpful to the Administrator or the City and permitted by the PID Act: (i) the identification of each Parcel (ii) the Assessment for each Parcel of Assessed Property, including any adjustments authorized by this Service and Assessment Plan and in the PID Act; (iii) the Annual Installment for the Assessed Property for the year (if the Assessment is payable in installments); and (iv) payments of the Assessment, if any, as provided by Section VI.E. of this Service and Assessment Plan. The Assessment Roll shall be updated, which update may be done in the next Annual Service Plan Update, to reflect the issuance of Bonds, if any.

Once the PID Bonds are issued, the Assessment Roll shall be updated, which update may be done in the next Annual Service Plan Update, to reflect any changes resulting from the issuance of the PID Bonds. This update shall reflect the actual interest on the PID Bonds on which the Annual Installments shall be paid, any reduction in the Assessments, and any revisions in the Actual Costs to be funded by the PID Bonds and Developer funds.

VIII. MISCELLANEOUS PROVISIONS

A. ADMINISTRATIVE REVIEW

The City may elect to designate a third party to serve as Administrator. The City shall notify Developer in writing at least thirty (30) days in advance before appointing a third party Administrator.

To the extent consistent with the PID Act, an owner of an Assessed Parcel claiming that a calculation error has been made in the Assessment Roll(s), including the calculation of the Annual Installment, shall send a written notice describing the error to the City not later than thirty (30) days after the date any amount which is alleged to be incorrect is due prior to seeking any other remedy. The Administrator shall promptly review the notice, and if necessary, meet with the Assessed Parcel owner, consider written and oral evidence regarding the alleged error and decide whether, in fact, such a calculation error occurred.

If the Administrator determines that a calculation error has been made and the Assessment Roll should be modified or changed in favor of the Assessed Parcel owner, such change or modification shall be presented to the City Council for approval to the extent permitted by the PID Act. A cash refund may not be made for any amount previously paid by the Assessed Parcel owner (except for the final year during which the Annual Installment shall be collected or if it is determined there are sufficient funds to meet the expenses of the PID for the current year), but an adjustment may be made in the amount of the Annual Installment to be paid in the following year. The decision of the Administrator regarding a calculation error relating to the Assessment Roll may be appealed to the City Council. Any amendments made to the Assessment Roll(s) pursuant to calculation errors shall be made pursuant to the PID Act.

The decision of the Administrator, or if such decision is appealed to the City Council, the decision of the City Council shall be conclusive as long as there is a reasonable basis for such determination. This procedure shall be exclusive and its exhaustion by any property owner shall be a condition precedent to any other appeal or legal action by such owner.

B. TERMINATION OF ASSESSMENTS

Each Assessment shall be extinguished on the date the Assessment is paid in full, including unpaid Annual Installments and Delinquent Collection Costs, if any. After the extinguishment of an Assessment and the collection of any delinquent Annual Installments and Delinquent Collection Costs, the City shall provide the owner of the affected Parcel a recordable “Notice of the PID Assessment Termination”.

C. AMENDMENTS

Amendments to the Service and Assessment Plan can be made as permitted or required by the PID Act and under Texas law.

The City Council reserves the right to the extent permitted by the PID Act to amend this Service and Assessment Plan without notice under the PID Act and without notice to property owners of Parcels:

- (i) to correct mistakes and clerical errors; (ii) to clarify ambiguities; and (iii) to provide procedures for the collection and enforcement of Assessments, Prepayment Costs, Collection Costs, and other charges imposed by the Service and Assessment Plan.

D. ADMINISTRATION AND INTERPRETATION OF PROVISIONS

The City Council shall administer the PID, this Service and Assessment Plan, and all Annual Service Plan Updates consistent with the PID Act and shall make all interpretations and determinations related to the application of this Service and Assessment Plan unless stated otherwise herein or in the Trust Indenture, such determination shall be conclusive. Tables in this Service and Assessment Plan may be rounded to the nearest whole number.

E. SEVERABILITY

If any provision, section, subsection, sentence, clause or phrase of this Service and Assessment Plan or the application of same to an Assessed Parcel or any person or set of circumstances is for any reason held to be unconstitutional, void or invalid, the validity of the remaining portions of this Service and Assessment Plan or the application to other persons or sets of circumstances shall not be affected thereby, it being the intent of the City Council in adopting this Service and Assessment Plan that no part hereof or provision or regulation contained herein shall become inoperative or fail by reason of any unconstitutionality, voidness or invalidity of any other part hereof, and all provisions of this Service and Assessment Plan are declared to be severable for that purpose.

If any provision of this Service and Assessment Plan is determined by a court to be unenforceable, the unenforceable provision shall be deleted from this Service and Assessment Plan and the unenforceable provision shall, to the extent possible, be rewritten to be enforceable and to give effect to the intent of the City.

RE: Celina Parvin PID ~ Off-site Road Cost Engineer's Allocation

At the request of Municap, Barraza Consulting Group, LLC evaluated the roadway main entrance to the Celina Parvin PID and the Sutton Fields East PID to determine the proportionate share of costs associated for each. The cost share allocation was determined by the minimum roadway section required by the City of Celina to provide access to each development. In conclusion, it is our recommendation that the cost associated with the shared, main entrance be split in half between each PID and the cost associated with the East-west connection road to be fully allocated to the Celina Parvin PID.

Please contact me with any further questions.

Sincerely,

NOTICE OF OBLIGATION TO PAY IMPROVEMENT DISTRICT ASSESSMENT TO
 CITY OF CELINA, TEXAS
 CONCERNING THE FOLLOWING PROPERTY

 STREET ADDRESS

LOT TYPE _____ PRINCIPAL ASSESSMENT: \$_____

As the purchaser of the real property described above, you are obligated to pay assessments to the City of Celina, Texas (the "City"), for the costs of a portion of a public improvement or services project (the "Authorized Improvements") undertaken for the benefit of the property within **Parvin Public Improvement District** (the "District") created under Subchapter A, Chapter 372, Local Government Code.

AN ASSESSMENT HAS BEEN LEVIED AGAINST YOUR PROPERTY FOR THE AUTHORIZED IMPROVEMENTS, WHICH MAY BE PAID IN FULL AT ANY TIME. IF THE ASSESSMENT IS NOT PAID IN FULL, IT WILL BE DUE AND PAYABLE IN ANNUAL INSTALLMENTS THAT WILL VARY FROM YEAR TO YEAR DEPENDING ON THE AMOUNT OF INTEREST PAID, COLLECTION COSTS, ADMINISTRATIVE COSTS, AND DELINQUENCY COSTS.

The exact amount of the assessment may be obtained from the City. The exact amount of each annual installment will be approved each year by the City Council in the annual service plan update for the District. More information about the assessments, including the amounts and due dates, may be obtained from the City.

Your failure to pay any assessment or any annual installment may result in penalties and interest being added to what you owe or in a lien on and the foreclosure of your property.

APPENDIX F
ASSESSMENT PER UNIT, PROJECTED LEVERAGE AND PROJECTED TAX RATE
EQUIVALENTS

Appendix F

For purposes of calculating and allocating the Assessments, the Assessed Property has been classified as one Lot Type.

“**Lot Type 1**” means lots identified as such on the Assessment Roll, being lots typically with a Lot width of approximately 50 feet, as provided by the development standards shown in the Development Agreement.

A) Proposed Development

Table F-1 shows the proposed residential units to be developed within the PID.

Table F-1
Proposed Development within the PID

Description		Proposed Development
Lot Type 1 (50 Ft)	313	Units
Total	313	Units

B) Calculation of Equivalent Units

As explained under Section V, for purpose of this Service and Assessment Plan, the City Council has determined that the Budgeted Costs of the Authorized Improvements to be financed with the PID Bonds shall be allocated to the Assessed Property by spreading the entire Assessment across the Parcels based on the estimated Equivalent Units.

For purposes of this Plan, the City Council has determined that the Assessments shall be allocated to the Assessed Property on the basis of the average home value of each Lot Type, and that such method of allocation will result in the imposition of equal shares of the Assessments on Parcels similarly benefited. In determining the average home value of each Lot Type, the City Council has taken into consideration (i) the type of lots (i.e., 50 Ft lots); (ii) current and projected home prices; (iii) the costs of the Authorized Improvements, and (iv) the ability of different property types to utilize and benefit from the Authorized Improvements.

Having taken into consideration the matters described above, the City Council has determined that allocating the Assessments among Parcels based on average home value is best accomplished by creating classifications of benefited Parcels based on the “Lot Types” defined above. This classification, Lot Type 1 (50 Ft Lots), represents the current projected highest value for residential lots is set forth in Table F-2. Assessments are allocated to each Lot Type on the basis of the average home value for each class of lots. This is accomplished by giving each Lot Type an Equivalent Unit factor. Equivalent Units are the ratio of the average value of lots within each assessment class, setting the Equivalent Unit factor for Lot Type 1 (50 Ft Lots) to 1.0.

Table F-2
Equivalent Unit Factors

Lot Type	Estimated Average Value	Equivalent Unit Factor
Lot Type 1 (50 Ft)	\$500,000	1.00 Per dwelling unit

The total Equivalent Units for the PID are shown in Table F-3 as calculated based on the Equivalent Unit factors shown in Table F-2, estimated Lot Types and number of units estimated to be built within the PID.

Table F-3
Equivalent Units – PID

Description	Planned No. of Units	Equivalent Unit Factor	Total Equivalent Units
Lot Type 1 (50 Ft)	313	1.00	313.00
Total	313		313.00

C) Allocation of Assessments to Lots within the PID

The total amount of the PID Bonds which represents the total Assessment to be allocated on all Parcels within the PID, is \$14,961,000. As shown in Table F-3, there are a total of 313.00 Equivalent Units, resulting in an Assessment per Equivalent Unit of \$47,798.72 (i.e., \$14,961,000 ÷ 313.00 = \$47,798.72).

The Assessment per dwelling unit is calculated as the product of (i) \$47,798.72 multiplied by (ii) the applicable Equivalent Unit value for each Lot Type. For example, the Assessment for a Lot Type 1 (50 Ft Lot) dwelling unit is \$47,798.72 (i.e. \$47,798.72 × 1.00).

Table F-4 sets forth the Assessment per dwelling unit within the PID.

Table F-4
Assessment Per Unit – PID

Description	Planned No. of Units	Assessment per Equivalent Unit	Equivalent Unit Factor	Assessment per Dwelling Unit	Total Assessments
Lot Type 1 (50 Ft)	313	\$47,798.72	1.00	\$47,798.72 Per dwelling unit	\$14,961,000
Total	313				\$14,961,000

The projected leverage calculated based on the estimated finished lot values and home values for each unit is shown in Table F-5.

Table F-5
Projected Leverage – PID

Description	Planned No. of Units	Estimated Finished Lot Value per unit	Projected Home Value per unit	Assessment per Unit	Leverage (Lot Value)	Leverage (Home Value)
Lot Type 1 (50 Ft)	313	\$96,000	\$500,000	\$47,798.72	2.01	10.46

The projected tax rate equivalent per unit calculated based on the estimated finished lot values and home values for each unit is shown in Table F-6.

Table F-6
Estimated Tax Rate Equivalent per unit – PID

Memorandum

To: **Honorable Mayor Tubbs and the Celina City Council**
 From: Robin Bromiley, Director of Finance
 CC: Karla Stovall, Interim City Manager
 Date: August 8, 2023
 Re: FY 2023 - 2024 Proposed Tax Rate and Budget

Action Requested:

Consider and act upon a Resolution accepting the proposed property tax rate; establishing dates for public hearings on the proposed property tax rate and Fiscal Year 2023-2024 budget; providing for the dates for the City Council to approve the property tax rate and Fiscal Year 2023-2024 budget; and providing for publication of public hearing notices as provided by the Texas law. (Bromiley)

Background Information:

In accordance with the "Truth in Taxation" laws of the State of Texas, if an entity's proposed tax rate exceeds the No New Revenue tax rate, the entity is required to vote to place a proposal for adoption of budget and tax rate, publish notices and conduct a public hearing.

The City is required to provide the results of the roll call vote.

With City Council approval, the public hearing for the tax rate is scheduled for September 12, 2023. The public hearing for the proposed budget is scheduled for September 12, 2023.

The City Council's vote on the Tax Rate and Budget is scheduled for September 12, 2023. The City Council Meeting will be held at 5:00 p.m. at the Annex Building located within the Council Chambers at 112 N. Colorado Street, Celina, Texas 75009.

All public notice and meeting requirements will be completed and will adhere to the requirements outlined by Texas Tax Code Chapter 26, Local Government Code and the Truth in Taxation requirements established by the State of Texas.

Manager's Message

July 31, 2023

Honorable Mayor and Members of the City Council:

I am very pleased to present the Proposed Fiscal Year 2023-2024 (FY 24) budget for the City of Celina for your review. This budget, which begins October 1, 2023, is given to you in accordance with the laws of the State of Texas and the City of Celina Charter. The proposed 2023-2024 budget, as presented, is balanced for all funds and grants the opportunity to continue providing an exceptional array of services to the residents of Celina and those who visit here. The provisions within this budget are based on the guiding principles established and confirmed in the City's Strategic Plan, Comprehensive Plan, and Core Values.

As we look toward the endless possibilities for the City of Celina in the upcoming fiscal year, it helps to recall the successes we enjoyed and the strides we made during the previous fiscal year. Ever since the *Dallas Business Journal* recognized Celina as the Fastest Growing City in North Texas (based on population growth from 2016-2020), we have continued to experience high growth on every front.

With unprecedented population expansion, the ability to provide adequate public safety to our residents is essential and remains a highest priority. Construction of the Law Enforcement Center on Coit Road and Fire Station #3 on FM 1385 are well underway, and sites for future police and fire stations have been purchased and carefully planned so that these critical services stay ahead of the growth. Another imperative component for a growing City is healthcare. Methodist Health System is now building its \$200 million hospital campus at the corner of Dallas North Tollway and FM 428, and Scottish Rite for Children is designing a facility for their 76 acres of land near the intersection of Dallas Parkway and Punk Carter Parkway. With the opening of the Dallas Parkway expansion (future Dallas North Tollway) to the Collin/Grayson County line, this area is quickly becoming the newest healthcare corridor in North Texas.

Over the past year, the retail giants Costco and HEB have made significant land acquisitions, setting off a burst of commercial development activities along Preston Road. The announcement of their presence has sparked great interest from national chains. This activity has undoubtedly reshaped the retail landscape of Celina. Despite the emergence of these major players, the cherished small business community remains a vibrant and integral part of life in Celina. The Forge 1912, Mangiamo's Italian Market, and The Wick, will be among the newest additions to our Downtown. As commercial development progresses, numerous businesses are opening nearby, including Browning Showroom and A1 Locksmith, Legacy Bagels, Swig, 7Eleven, and The

Manager's Message

Silos, among others. Notably, the community's commitment to supporting local entrepreneurs hasn't wavered, and there is a welcoming atmosphere for even more businesses to thrive.

Our younger residents and their educators experienced greater opportunities to excel with the opening of Celina I.S.D.'s new Moore Middle School that welcomed students last Fall. The new Martin Elementary School is slated to open in August. Also, a benefit from the cherished relationship between Celina and our schools, construction recently began at the historic Bobcat Field Complex for our new Ralph O'Dell Senior Center. This amenity will be the first of several projects at the crown of the upcoming linear park to be built along Doe Branch.

Critical infrastructure projects continued in Downtown and throughout the City, per the Strategic Plan that was initially adopted by the City in May 2022. Much needed roadways, such as the Frontier Parkway expansion and desperately needed changes to Parvin Road continue. Necessary downtown drainage and parking solutions will afford downtown residents and guests some of the finest upgrades since the square was built in 1911. By adhering to the recently updated Strategic Plan, the City can focus fiscal decisions on actionable items that will impact our residents and visitors all over this community for generations to come.

The Budget Overview, City Fund Summary, and Fund Budgets that follow this letter will provide an overview of revenue and expenditure budgets for FY 2024 and the financial impact comparison to the previous fiscal year.

The same true spirit of Celina that pioneered our past will, undoubtedly, forge our future. This document ensures that every decision about the City be made through the lens of rightful actions, honesty, transparency, and mindfulness for our future success. We are leading a great City and will continue to achieve great things, together, in FY 2024.

Respectfully submitted,

Strategic Plan

Our mission is to preserve our agricultural heritage and flourish as a close-knit, ever-growing Celina family during the explosive and planned growth of our City. We will provide a unique and extraordinary quality of life complemented by a significant array of high-tech and desirable businesses, agritourism assets, unique destinations, and connections.

Strategic Plan Goals

1. Be the Life Connected. City

Living a Life Connected. is not just our tagline, it's our mission that extends into every decision made. Life Connected. touches on the social and physical aspects of connectivity. Objectives within this Strategic Plan goal touch upon quality of life enhancements that aim to keep residents invested long-term.

2. Be the Unique City

Celina is known for its small town charm, and nothing exhibits this better than our historic Downtown. This Strategic Plan goal seeks to preserve Celina's unique heritage through fortifying and expanding Downtown. Celina carries these unique attributes to other planning efforts around the City and infusing its agricultural past into City projects. Furthermore, this Strategic Plan goal seeks to embrace future residents through tradition and heritage efforts that share our story.

3. Be the City of the Future, Connected to its Past

How does Celina maintain its unique qualities while experiencing exponential population growth? This Strategic Plan goal seeks to connect current and future residents to Celina's unique past. Objectives in this Strategic Plan goal include recommending future projects that reflect Celina's unique culture.

4. Be the City Built on Public Safety

Safety and security are two of the most basic human needs, and one of the biggest drivers of quality of life in cities. Public safety and emergency services are a strength, and we intend to fortify them.

Life Connected.

Strategic Plan

5. Be the City of Servant Leaders

This goal speaks to our organizational culture to attract and retain the right employees in the right role, who are motivated to serve the community. The philosophy of Servant Leadership puts the needs and growth of others first.

6. Be the City of Innovative Infrastructure

Infrastructure innovation is a necessity in a high-growth city. With limited resources and a high demand for new infrastructure, a creative approach is required when addressing funding mechanisms. This Strategic Plan goal speaks to adopting innovative infrastructure policies and projects that ensures a sustainable path for growth.

7. Be the City of Small Business

Small business is one of our biggest strengths and opportunities. It represents the heart of our community, and we recognize its importance to our quality of life and economic development. Objectives in this Strategic Plan goal include adopting policies, codes, and ordinances that cultivate the right environment for small businesses to thrive.

8. Be the City that Shares Our Story

As a City, we want to share our story through what we say, what we publish, the improvements we construct, and the things we do. We want to share what we are working on, the great things happening, and who we are as a City. By infusing these communication strategies through each Strategic Plan goal, we will successfully communicate the stories, efforts, events, and information that matters to residents.

Budget Process

Budget Development

The annual operating budget for the City of Celina is the conclusion of many hours of work that continues through the year until the adoption of both the tax rate and proposed budget in September. The City Manager, Executive Team, department directors, and staff work together throughout the budget process regarding priorities by placing the needs of the community first and in line with the City Council's strategic plan and core values. A biennial citizen survey is conducted and used to update the strategic plan. Celina's core values are the foundation of the organization for which the departmental budgets are built and are as follows:

- Be **Service** focused
- Place the **Community** first
- Make ethical (**Integrity**) decisions
- Maximize efficiency through **Excellence**

The City of Celina's internal core value system stems from the philosophy of Servant Leadership and the belief that as public servants, all actions stem from the obligation to put the needs of the residents first and dedicate our decision making and actions to the ideal that City employees exist to serve the people. These Core Values represent our highest aspirations, our moral code, and what we are deeply passionate about.

All of this in tandem embodies "Life Connected." making a genuine connection from the City to all residents and businesses. Living "Life Connected." is how we as the City, bring life to our core values; ensuring every decision about the City is made through the lens of rightful actions, honesty, transparency, and mindfulness for our future success. These citizen surveys, strategic plans, and core values are designed to work in conjunction and are designed to serve as the foundation for each annual budget.

The City of Celina's mission is to preserve our agricultural heritage and flourish as a close-knit, ever-growing Celina family during the explosive and planned growth of our City. We will provide a unique and extraordinary quality of life complemented by a significant array of high-tech and desirable businesses, agritourism assets, unique destinations, and connections. In March 2023, to accomplish this mission, the City Council adopted its updated 2023-2025 Strategic Plan.

Life Connected.

Budget Overview

The eight strategic plan goals for 2023-2025 are:

- Be the **Life Connected.** City
- Be the **Unique** City
- Be the City of **the Future, Connected to its Past**
- Be the City **Built on Public Safety**
- Be the City of **Servant Leaders**
- Be the City of **Innovative Infrastructure**
- Be the City of **Small Business**
- Be the City that **Shares Our Story**

By adhering to the Strategic Plan, the City will focus fiscal decisions on actionable items that will impact the City.

In April 2021, the Celina 2040 Comprehensive Plan was implemented. The Comprehensive Plan provides a framework for sustainable fiscal decisions to ensure the community vitality over time. Every financial decision made by the City will use this framework to ensure that each initiative will adhere to the needs of the residents.

Budget Overview

The City Manager and Executive Team review all budget requests for alignment with Council direction with reference to the City's Strategic and Comprehensive Plans. Collectively, these plans outline a path that will ensure that Celina maintains its rural and welcoming feel while facilitating new development and improvements in the right way.

Budget Schedule

The annual budget process begins in January each year. The budget calendar outlining key dates for the upcoming budget year as well as the budget manual outlining the important components that each department is responsible for is provided. The City of Celina utilizes a budget planning software provided by McLain Decision Support Systems called mBudget to help develop the upcoming year's budget and future planning years. The software provides the detail budget and helps directors to complete their end of year forecasts along with capital requests, new service level requests and new staffing request for the new fiscal year. In February, mBudget is opened for directors to begin formulating their budgets.

In January and February, the City Council work on an annual strategic plan and strategic goal update. The direction given by the strategic plan drives the budget process forward by providing goals and direction.

Budget Overview

The Strategic Plan in Envisio Software is reviewed and updated monthly to review and update objectives to track our progress. This monthly update serves as a reminder to department directors and the executive team of the vision that City Council has identified for the upcoming fiscal year.

In March and April, Finance provides up-to-date information and helps to answer questions as departments begin finalizing their budget requests. In April, preliminary budgets are submitted for review by the Executive Team. After budgets have been submitted, Finance completes a review of all revenues and expenditures for the new year and will adjust as needed. This process is completed by the end of May each year.

Budget Workshop with the Executive Team and each department is held in June. During workshop the financial position of the City is discussed as well as budget priorities for the upcoming year. Base budgets, capital and new staff requests for each department are assessed and adjustments are made in order to balance the budget. This workshop lends itself to each member of the executive team with the City Manager to take ownership of the City's overall budget.

Certified appraisals from both Collin and Denton Counties are submitted at the end of July and Finance formulates a final proposed operating budget that is balanced and is in conformity with the City's fund balance requirements.

At the beginning of August, the City Manager presents a proposed budget to the City Council in council workshop. In September, public hearings are held for the proposed budget and proposed tax rate to gather public feedback. The last step is the formal adoption of the tax rate and budget by ordinance during the September council meeting. Once adopted, the tax rate and budget go into effect October 1st for the start of the new fiscal year.

Budget modifications after adoption are done via budget transfer by the Finance Department to reallocate budget authority within a fund or authorized by City Council with a Budget Amendment to increase or decrease the budget authority of a fund.

Citizen Involvement

Citizens are encouraged to be involved in the budget process. The FY 2024 budget is brought before City Council on three occasions. The first is the City Manager's Proposed Budget Workshop on July 31st. During this special meeting the City Manager's Proposed Budget is presented to City Council in detail. The second is at the regular City Council Meeting in August where the no-new-

revenue and voter-approved tax rates are submitted to City Council. The third is at the regular City Council meeting in September when the tax rates and budget are adopted after a public hearing.

The City of Celina conducted Citizen Surveys in 2018, 2020, and 2022 to gauge the level of satisfaction with City services and identify areas for improvement. The areas identified for greatest improvement are the roads, water and sewer services, and providing parks and recreation opportunities.

Highlights of the 2022 Citizen Survey

- Celina residents experience a high quality of life.
- The economy is healthy in Celina, though residents point to the following areas for possible improvement.
 - Downtown Development
 - Professional Services
 - Shopping Opportunities
 - Transportation and Parking
 - Culture and Arts
- Parks and Recreation is an area of opportunity specifically to:
 - Recreation Centers or Facilities
 - Recreational Opportunities
 - Walking paths and trails
 - Fitness opportunities
- Safety is an asset in Celina.

Budget Overview

Population Growth

Celina has established a reputation for having high development standards that has drawn businesses and families to the area. This rapid and smart growth of the city brings forth certain unique characteristics that set it apart from other cities. At present, the primary source of revenue for the General Fund comes from building permit fees, followed by property taxes and sales taxes. As the City continues to expand, meeting the demands of its growing population necessitates the addition of staff each fiscal year. (Further details regarding Full-Time Equivalents - FTE - is discussed later in the Budget Overview.)

In response to the increasing demands of the population, Celina is actively engaged in designing, constructing, and planning numerous Capital Improvement projects. These projects encompass various areas, such as streets, parks, administrative buildings, water distribution systems, and wastewater treatment enhancements. These investments in infrastructure aim to support the City's growth and provide enhanced facilities and services to its residents and businesses for years to come.

Financial Overview

Combined Budget Summary

The Combined Budget Summary is inclusive of the General Operating funds, Enterprise funds, Special Revenues funds, Governmental funds, Capital Improvements funds, and Component Units. The total proposed appropriations budget for all funds including the Capital Improvement Project funds and component units is \$195.52 million for FY 2023-24 and the total proposed revenues budget for all funding is \$135.0 million.

The Combined Budget Summary is in the section entitled City Fund Summary and shows a detailed look at revenues and expenditures by category. Each fund identified on this schedule shows beginning balances, revenues, and expenditures. Revenues are broken down by type and expenditures are broken down by category including General Government, Public Safety, Development Services and Engineering, Recreation and Culture, Public Services, Utilities, Debt Services, and Transfers Out.

The City of Celina utilizes a fiscally conservative strategy when projecting revenues and expenditures. Revenue and expenditure patterns are closely monitored so that adjustments can be made readily throughout the year with amendments going before the City Council for approval.

Total Combined Revenues

The City of Celina takes a stable approach when projecting revenues. Residential and commercial growth, along with economic expectations, are primary drivers in estimating revenues. In the past several years, the City of Celina has enjoyed a relatively stable upward revenue trend. This trend is caused by growth in population, property values, sales tax, and the development of residential communities. While monitoring changes in building permit fee revenues, the City still anticipates residential growth during the next several years, focus on the revenue structure for the future will shift more towards sales tax growth with commercial business.

The City of Celina is striving to diversify its revenues, expand the City tax base through economic expansion, maintain healthy financial reserves and hire and retain a top-quality workforce. The City strives to deliver services in a customer friendly, pro-business and pro-development manner.

The major Sources of revenue for the City of Celina are Ad Valorem Taxes, Sales Taxes, Licenses and Permits, and Rates, Fees, and Charges.

Ad Valorem or property tax is a major revenue source for the City. It provides revenue for general government operations, debt payments, and TIRZ funds. This year, \$33,778,486 has been budgeted for all property tax collections including delinquents, penalties, and for payments to the tax increment reinvestment zones (TIRZ).

Sales tax revenue for all funds is expected to grow 5.35% over last year. A budget of \$7.41 million has been forecast for the upcoming year across all funds. Celina has enjoyed continued sales tax growth year over year. The original adopted sales tax budget for FY 2021-22 was \$4.37 million and FY 2022-23 was \$7.03 million. Sales tax revenue is net of all sales tax rebates and contractual agreements.

Rates, fees, and charges for service is the main source of revenue for the City and is proposed in FY 2024 at \$58.58 million and represents about 44.72% of the City's revenue. The increase in rates, fees, and charges over FY 2023 is \$14.24 million or about 32.10% and is largely attributed to growth in population resulting in increased use of services in the utilities.

A percentage of the proposed city-wide rates, fees and charges for service are budgeted for water and wastewater services representing \$34.57 million or 59.02% of the \$58.58 million proposed for FY 2024. Of the water and wastewater \$34.57 million, \$17.27 million or 29.48% comes from water sales, \$10.20 million or 17.41% for wastewater sales, \$5.51 million or 9.41% from water/wastewater connection fees, and an additional \$1.59 million or 2.72% from other services including meter and developer revenue.

Budget Overview

In June 2022, the City created a new Enterprise fund from the Water/Wastewater Fund called the Solid Waste Fund. All revenues and expenditures for sales and services that were held in the Water/Wastewater Fund were transferred into the Solid Waste Fund. The Solid Waste Fund provides for the collection of solid waste and disposal along with recycling services and maintaining of the public rights-of-way in the City. Rates and fees for services are proposed at \$3,385,000 for the upcoming year. Other taxes and interest add \$280,000 to the total revenue for Solid Waste to \$3,665,000. Operational costs for contracted garbage and recycling services and maintaining of the rights-of way is budgeted at \$3,110,000.

Another major source of revenue originates from Licenses and Permits. These revenues are generated for services rendered and user fees charged for permits, construction inspection fees, fire/EMS and police fees, and other related services. Revenue of \$12,575,000 is proposed for FY 2023-24 which is an increase of \$2.55 million over the adopted FY 2022-23 budget.

Interest income is budgeted to increase by \$4.68 million or 802.08%. This is primarily due to recent debt issuances coincided with increased interest rates.

Transfers In are a part of the total sources of funds and is proposed at \$8,409,626. This number reflects one-time transfers for infrastructure improvements and reimbursement of in-kind services across the funds. The remaining revenue is attributable to other types of services and interest income. The transfers also include the funding for the vehicle equipment replacement funds for both the General Fund and the Water/Wastewater Fund.

Property Taxes

Property taxes are a revenue source for the General Fund and Debt Service Fund. Property taxes are the second largest revenue source of the City, behind rates, fees, and charges for services. They are largely considered a stable and inelastic revenue source.

Property Values and Tax Levy

According to the Collin and Denton Central Appraisal Districts, the certified taxable value after the homesteads with tax ceiling is estimated with appraisal review board (ARB) approved is \$5,897,434,904. This value is 42.5% or \$1.760 billion more in assessed valuation than tax year 2022 adjusted taxable value (as of 07/20/2023). Of this increase, \$847 million is attributable to new taxable values added to the tax roll which includes improvements and personal property.

Property Tax Rate

The City will strive to maintain a tax rate that keeps level with other cities and towns while still providing adequate revenue to fund the needs of a rapidly growing community now and into the future. As the City grows so will the demands for service, the tax revenue will also need to increase due to the growing population and rooftops. This year, the City has proposed a tax rate of \$0.612154 to meet these objectives.

The proposed tax rate of \$0.612154, is a tax rate reduction from the FY 2022-23 tax rate of \$.634759. Of the total tax rate of \$0.612154, \$0.315878 or 51.60% is dedicated to maintenance and operation expenses of the municipal government and \$0.296276 or 48.40% is dedicated to general obligation debt service.

The average taxable single-family home value is \$512,151 as of July 2023. At a property tax rate of \$0.612154, the City tax paid on the average single-family home will be approximately \$3,135. For comparison purposes, a single-family home valued at \$100,000 will pay \$612.

Tax Rate History by Tax Year

Historical picture of the City's tax rate history for maintenance & operations and interest & sinking.

Legislative Impact on Property Tax

In the past, local governing bodies have had the autonomy to realize up to 8% of revenue growth from property taxes at their discretion. However, in 2021 Senate Bill 2 – Texas Property Tax Reform and Transparency Act from the 86th legislative session was implemented. Senate Bill 2 caps tax rate calculations and revenue growth at 3.5%. New taxable property added to the tax rolls is not included in the 3.5% cap. Citizens may vote to increase revenues above the 3.5% cap.

Celina's conservative revenue forecasts will help mitigate any negative impacts of the revenue cap to the City's operations; however, the City will have to pay close attention to revenue numbers in future years and determine when an election is necessary to keep up with demands for service and growth.

Sales Tax

Over the past five years, Celina has situated itself among the top cities in terms of smart growth. By focusing on high standards and master planning, Celina residents can rest assured that they live in a unique and beautiful community. Celina has established a presence in North Texas and has now gained the attention of commercial developers. Sales tax revenue will continue to increase as commercial development begins matching the pace of Celina's population growth.

Life Connected.

Budget Overview

The sales tax rate for the City is 2.0% of which, half is allocated to the General Fund (1%), a quarter allocated to the Community Development Corporation (CDC) (0.5%), and a quarter is allocated to the Economic Development Corporation (EDC) (0.5%).

In October 2019, the State of Texas implemented a new regulation mandating online retailers to levy an 8.0% sales tax on sales made through online marketplaces. This change had a notable effect during the pandemic, as it led to an increase in revenue generated from sales tax for Celina. Unlike many other cities, Celina experienced a unique situation during the pandemic where the City did not suffer a decline in sales tax revenues due to the closure of big box retailers and commercial establishments. The reason behind this was the City's ability to collect sales tax from online sales without facing the negative impact of failing businesses. With new regulation and the continued addition of many new businesses, the City has experienced rapid growth in sales tax revenues. The charts below depicts City wide sales tax revenue that is net of any incentive agreements.

Licenses and Permits

License and permits constitute one of the primary sources of revenue for the City, making it the largest contributor to the General Fund. However, in FY 2021-22, the City experienced a decline in permits issued due to supply chain disruptions affecting building materials early in the year. Additionally, an increase in interest rates toward the year's end cooled down the housing market.

Despite these challenges, Celina's overall revenues have been steadily increasing, aligning with the growth in population and the escalating demands for services. As commercial development continues to expand, recurring sales tax revenues are expected to rise, providing greater flexibility in budget allocations. This shift will gradually reduce the City's reliance one-time permitting revenues.

Looking ahead, the revenue outlook for fiscal year 2024 appears promising, indicating positive prospects for the City's financial position and ability to meet its future needs.

Employee Compensation

The City offers competitive benefits to employees, including group medical, dental, and vision insurance with dependent coverage available. Life and long-term disability insurances are 100% City paid. Optional insurance offerings are provided for short-term disability and additional life insurance.

The City participates in Texas Municipal Retirement System ("TMRS"), a statewide administered pension plan. The City's TMRS plan is a 2 to 1 matching ratio with a 5-year vesting period. Service eligibility for retirement is age 60 with 5 years of service or any age with 20 years of service. The City provides pension benefits for all its full-time employees through TMRS. The City continues to contribute 100% of its annual required contribution (ARC) at an actuarially determined rate and is solid. Both the employees and the City make contributions monthly.

Most cities in North Texas utilize Update Service Credits ("USC") and Cost of Living ("COLA") adjustment within their TMRS benefit package. To be competitive and retain and attract new employees, it was necessary to update the City's current plan. This update increased the overall retirement benefit for an employee and was approved in October of 2022, it became available for employees January 1, 2023.

The proposed FY 2024 budget includes a step increase of 3% for general service employees and public works employees. Public Safety step plans for Police and Fire were updated with a 12% increase to the existing pay plan.

Budget Overview

Fund Balance and Reserve

There are multiple areas of reserves built into the budget. By ordinance, the City is required to maintain a 25% General Fund Balance. For FY 2024, this amount is approximately \$11.25 million.

The Water and Wastewater Fund predicts a working capital reserve of \$16.03 million which is approximately 40.89% of FY 2024 expenditures or 149 days of working capital. The Water and Wastewater Fund has multiple revenue sources; however, the main source of revenue is generated by water sales therefore is rate sensitive. Every effort is made to keep rate increases at a minimum with the last rate increase in fiscal year 2020.

Fund Summaries

General Fund

General Fund Revenue

General Fund revenues and budgeted transfers are budgeted at \$43,467,238 for FY 2024. This is an increase of 17.02% or \$6,321,876 over the FY 2023 estimate. The main source of revenue into the General Fund are Ad Valorem Taxes and Building Permits, they are forecasted at 67% of the total General Fund revenue for FY 2024. The revenue growth is a result of continued commercial development, new residential construction, and population growth in Celina.

Revenue	2022-23 Adopted	2022-23 Estimated	2023-24 Proposed

Budget Overview

Property Tax Revenue

General Fund property taxes for FY 2024 are budgeted at \$16,672,043, which is an increase of 47.88% over the FY 2023 budget. The increase is due to reduced contra account payments and new value added to the tax rolls. Certified property values for FY 2024 are \$5,897,434,904 which is \$1,760,044,401 or 42.5% more than FY 2023 adjusted values. Much of this increase is due to \$846,641,891 of new value that was added to the tax rolls as of January 1, 2023. The O&M tax rate is \$0.315878/\$100 of value. This is \$0.056824 below the O&M rate for FY 2023 of \$0.372702. Property tax values continue to increase in Celina as more new construction takes place.

Sales Tax Revenue

Celina's commercial development has not yet caught up to the residential expansion in recent years and as a result sales tax is only 8% of budgeted revenue in FY 2024. The FY 2024 sales tax budget is \$4,042,500 which is a 5% increase over FY 2023. Commercial development is picking up in Celina with land acquisitions by Costco and HEB and new businesses opening along Preston Road and Downtown. City staff will continue to monitor this revenue source closely.

Building Permit Revenue

General Fund building permit revenue for FY 2024 is budgeted at \$12,500,000 which is an increase of 25% over the FY 2023 budget. This is due to increased development resulting in higher fee revenue. There are estimated to be 2,075 building permits in FY 2023 and 2,100 in FY 2024. Building permit revenue is one time revenue. As the City builds out this revenue source will decrease and be replaced by an increase in sales and property tax revenue.

FY 2023 – 2024 General Fund Revenue

General Fund Expenditures

The General Fund encompasses the basic services of municipal government. These services include Police, Fire, Streets, Development Services, Parks, Public Works, Administration, and all other internal services.

General Fund operating expenditures total \$43,322,178 before transfers out. With transfers, the total General Fund budget for FY 2023 is \$44,310,436. This budget is a 27.36% increase or \$9,518,236 more than the FY 2023 budget.

The General Fund transfer to the Vehicle and Equipment Replacement (VERF) Fund for FY 2024 is budgeted at \$988,258. The VERF Fund is a separate fund that provides for the replacement of capital vehicles and equipment. FY 2024 will see an increase of \$142,344 from the adopted 2023 budget of \$845,914. This increase in transfers is a result of the increased number of capital vehicles and equipment.

Enterprise Funds

Water and Wastewater, Solid Waste, Utility Infrastructure, Impact Fees, Capital Recovery, Stormwater Drainage, and Utility Vehicle and Equipment Replacement Fund (VERF) account for the full-service operations of the water and wastewater system including water production, water distribution, wastewater collection, wastewater reclamation, solid waste collection and disposal, and capital improvements. The Enterprise funds are 100% self-supporting with revenues generated from rates, charges, and fees sufficient to cover operations, debt, scheduled capital outlay purchases, and capital infrastructure projects. They act as business enterprises, utilize full accrual accounting, and separate water and wastewater operations to make each operation self-supporting.

Water Storage Tanks

Water & Wastewater Fund

The Water & Wastewater Fund ("the utility system") accounts for water and wastewater operations of the City of Celina. The operations of the utility system include administration, water distribution, wastewater collection, wastewater reclamation, system maintenance, and Utility Customer Service. Water and Wastewater services are provided to both residential and

commercial customers. Currently, the City of Celina has 13,142 utility accounts that are serviced. Separately, the City is contracted by Denton County Fresh Water Supply District 10 which recently updated their name to Elm Ridge Water Control and Improvement District to perform and manage their water utility maintenance and billing.

Water & Wastewater Fund Revenues

The total Water & Wastewater Fund revenue is forecasted at \$36,334,900 for FY 2024. This includes water & wastewater sales, connections fees, meter and developer fees, and other fees and charges. Other fees and charges are related to services performed in the field for new connections as well as penalties on late payments and disconnects, and interest.

FY2023 – 2024 Water & Wastewater Fund Revenue

Sources of revenue supporting the City's utility system.

Other revenue sources include impact fees, capital fees and developer contributions. The City does assess and collect these fees to help support the costs of infrastructure associated with new development for both commercial and residential development.

Infrastructure projects include water, wastewater, and stormwater drainage. Some of the current and future projects that are funded from these revenues include waterline construction, wastewater treatment plant construction, and drainage improvements within the City. Revenues for these funds are proposed at \$14,990,000 for the 2023-24 fiscal year.

Special Revenue Funds

Integrity Fund

This fund plays a crucial role in enhancing the City's aesthetics and overall appeal. The revenues collected are dedicated to various beautification projects, such as sidewalk improvements, street landscaping, signage installations, lighting enhancements, and façade improvements. Additionally, the fund supports engaging community events like "Music on the Square" and the promotion of public art initiatives.

The primary sources of funding are generated from water tower rental fees, cell tower lease fees, tree mitigation fees, and warning device fees. With these resources, the City has been able to embark on significant improvements, making Celina a more attractive and inviting place for residents and visitors alike.

In FY 2022, Celina introduced the "Neighborhood Integrity Program," providing grants to Homeowners Associations to enhance neighborhood amenities and features. Furthermore, in the same budget year, the City began setting aside funds from this account specifically for the construction of storm warning devices, reinforcing community safety measures.

For FY 2023-24, the projected revenue for this fund is set at \$415,000, with operational expenses totaling \$365,000. Anticipated expenses in the coming fiscal year include supporting façade grants, the Neighborhood Integrity Program, "Music on the Square" events, public art initiatives, Arbor Day tree planting, and property abatement activities. These investments will further elevate the City's charm and create an appealing and well-maintained environment for residents, visitors, and businesses to enjoy.

Governmental Funds

Capital Acquisition Fund

The Capital Acquisition Fund is a fund that Celina uses to allocate a portion of surplus revenues for future capital expenditures. Fiscal Year 2023-24 scheduled expenditures include:

- | | |
|---|----------------------------------|
| ▪ Police Equipment \$144,700 | ▪ School Zone Flashers \$200,000 |
| ▪ Law Enforcement Center FF&E \$350,573 | ▪ Gateway Monuments \$150,000 |

Budget Overview

Tax Increment Reinvestment Zones (TIRZ)

A tax increment reinvestment zone (TIRZ) is created by ordinance with the City Council of the City of Celina. It designates a contiguous geographic area within the City as a reinvestment zone pursuant to Chapter 311 of the Texas Tax Code. The TIRZ is funded by an incremental allocation of percentage or rate basis for each and is an obligation of the City's property tax. This economic development tool is a fundamental component in creating the strong residential development in Celina. The majority of the TIRZs overlay Public Improvement Districts. TIRZ 11 is specific to the Downtown Corridor. TIRZ 11 is supported by the City, EDC, CDC and Collin County. This zone has collections from Property Tax and Sales Tax.

The City of Celina participates in eleven TIRZ, TIRZ #11 for Downtown (described below). These eleven TIRZ are dedicated to include:

- #2 Creeks of Legacy
- #4 Sutton Fields
- #5 Old Celina Limited
- #6 Glen Crossing
- #7 Ownsby Farms
- #8 Sutton Fields II
- #9 The Columns
- #10 Chalk Hill

Debt Service Fund

The Debt Service Fund accumulates and makes payments of principal and interest on long-term debt secured by the general taxing powers of the City of Celina. The Water and Wastewater Fund makes payments of principal and interest on long-term debt secured by utility revenues.

Debt Issuance

The City will not issue debt for current operations but rather for capital improvements and related expenses. Debt may be issued for purchasing land or rights-of-way, constructing capital improvements, or purchasing capital equipment. Bonds will be paid back within a period that does not exceed the useful life of the asset.

Bond Rating

	Standard & Poor's	Moody's
Ad Valorem backed Bonds	AA	Aa2

Note – Celina's bond rating increased from Aa3 to Aa2 in FY 2023.

Enterprise Fund Descriptions

Water & Wastewater Fund

The Water & Wastewater Fund is part of the Public Works Department and provides potable water and treats wastewater from its customers. The major functions of the fund are administration, water distribution, wastewater collection, wastewater treatment, utility billing, and water metering.

Solid Waste Fund

The Solid Waste Fund was established in fiscal year 2022 to more accurately track the revenues and expenses of the solid waste collection service. Prior to fiscal year 2022 Solid Waste activities were included in the Water & Wastewater Fund.

Infrastructure Fund

The Infrastructure Fund is used for capital infrastructure purchases from other funding sources.

Utility Impact Fee Fund

The Utility Impact Fee Fund provides a mechanism of funding to Water and Wastewater projects impacted by new development. Impact fees paid by developers for new construction or upsizing existing structures. The revenue is used to pay for the increased demand put on the system by the new development. These fees fund capital projects identified in impact fee studies for upsizing distribution systems, collection systems, and increasing plant capacity.

Stormwater Drainage Fund

The Stormwater Drainage Fund collects revenue from Stormwater Fees determined by the square footage of impermeable surfaces on a property. This money is designated for Stormwater operating and capital improvement activities.

Water Capital Recovery Fund

The Water Capital Recovery Fund is used for capital infrastructure and capital equipment purchases.

Sewer Capital Recovery Fund

The Sewer Capital Recovery Fund is used for capital infrastructure and capital equipment purchases.

Vehicle & Equipment Replacement Fund

The Vehicle and Equipment Replacement Fund provides a funding source to replace vehicles and equipment for each of the utility funds. Each utility pays a portion of the replacement cost of their vehicles and equipment over the life of the assets until the full replacement cost is recovered.

Special Revenue Fund Descriptions

Park Fee Fund

The Park Fee Fund receives revenue from developer agreements and is used for parks specific capital projects.

Downtown Fund

The Downtown Fund receives revenues from special events and uses those revenues to provide future funding to downtown special events and activities.

PEG Fund

The PEG Fund is used to track revenues and expenditures for Public, Educational, and Government Access Channels (PEG) related activities. Revenues are derived from fees charged to cable subscribers.

Grants Fund

The Grants Fund is used to track the various grant awards the City of Celina receives. There are specific requirements for each grant therefore a fund was set up to track the revenues and expenses separately.

Seizures and Forfeitures Fund

The Seizures and Forfeitures Fund is used to track revenue from seizures and used on Police Department specific expenses.

Court Security Fund

The Court Security Fund is set by Code of Criminal Procedure 102.017 and is used for security personnel, services, and items related to buildings that house the court. The revenue is set chapters 134 and 135 of the Local Government Code which includes court fees for filing civil cases and for criminal convictions.

Court Technology Fund

The Court Technology Fund is set by Code of Criminal Procedure 102.0172 and is used for purchase of or to maintain technological enhancements for a municipal court or municipal court record. The funding is from Local Government Code section 134.103, non-jailable misdemeanor convictions.

Technology Fund

The Technology Fund pays for technology infrastructure improvements and computer hardware and software needs. The funding comes from developer fees assigned when obtaining building permits.

Special Revenue Fund Descriptions

Integrity Fund

This fund helps with the beautification of the City of Celina. The revenues collected are allocated for improvements for sidewalks, street landscaping, signage, lighting, and façade improvements as well as Music on the Square and public art. The funding for this fund comes predominantly from Water Tower Rental fees, Tree Mitigation fees, and Warning Device fees.

TIRZ #11 Downtown Fund

The TIRZ #11 Downtown Fund receives property tax revenue from within the downtown TIRZ boundary. That revenue is reinvested within downtown Celina with capital improvement projects.

Developer Capital Fee Fund

The Developer Capital Fee Fund accounts for the fees paid to build capital projects per individual agreements with developers.

Wilson Park Fee Fund

The Wilson Park Fee Fund is used to track development revenue and expenses dedicated to Wilson Creek Park capital improvement projects.

Governmental Fund Descriptions

Street Construction Fund

The Street Construction Fund is used to support streets projects with general government revenue funding. Surplus revenues from General Fund are transferred to the street construction fund at year end.

The Roadway Impact Fee Fund

Roadway impact fees are fees assessed to new development in the city and are used specifically for roadway improvements within the city. These funds can be used along with a bond issuance to pay for streets and help to keep the amount of debt that needs to be issued lower.

Vehicle & Equipment Replacement Fund

The Vehicle and Equipment Replacement Fund is used to provide a funding source to replace vehicles and equipment for each of the General Fund departments. A portion of the replacement cost for each vehicle and piece of equipment is transferred to this fund over the life of the asset until the full replacement cost is recovered. The Fleet Department is included in this fund as of FY 2024.

Capital Acquisition Fund

The Capital Acquisition Fund is a fund that the City uses to allocate a portion of surplus revenues for future capital expenditures.

Roadway Capital Recovery Fund

The Roadway Capital Recovery Fund is used for roadway infrastructure and is paid by developers through development fees to the City. These funds can be used along with a bond issuance to pay for streets and help to keep the amount of debt that needs to be issued lower.

City of Celina, Texas

Memorandum

To: **Honorable Mayor Tubbs and the Celina City Council**
 From: Andy Glasgow, Director of Engineering
 CC: Kim Brawner, Assistant City Manager
 Date: August 8, 2023
 Re: Amendment #1 Interlocal with Denton County for Parvin

Action Requested:

Consider and act upon an amendment to the existing Interlocal Agreement between Denton County and City of Celina for Frontier Parkway/Parvin Road. (Brawner)

Background Information:

Frontier Parkway/Parvin Road extends from FM 1385 to Dallas Parkway (approximately 4.5 miles). This roadway serves as the boundary between the City of Celina and Town of Prosper. Because the City of Celina has a single roadway to access the western boundary, emergency services are restricted to utilizing FM 428 which adds time to emergency response. The City of Celina is constructing Parvin Road as an asphalt roadway from FM 1385 to Legacy Road to provide temporary relief for emergency services and residents, but an asphalt roadway is not the long-term solution.

In 2020, the City of Celina entered an Interlocal Agreement with Denton County and the Town of Prosper to fund preliminary engineering services for development of a design schematic and environmental documents for the construction of a 4-lane divided roadway from FM 1385 to North Dallas Parkway (DNT). In November 2022, Denton County residents approved a \$650M roadway bond package award. The City of Celina and the Town of Prosper were awarded \$31M from the \$650M bond award and have committed their funds to the Parvin/Frontier construction.

This project has completed schematic design, and we are ready to move forward with plans, specifications, and estimates (PS&E). The City of Celina entered into an Interlocal Agreement with the Town of Prosper for \$800,000 to contribute to the PS&E of Frontier Parkway from FM 1385 to DNT. In the ILA, Denton County has agreed to fund \$8.3M for the remainder of the design to allow this project to complete PS&E for a total commitment.

Alternatives:

Council could choose to not proceed with the ILA.

Financial Considerations:

The City of Celina has expended approximately \$1.4M towards the schematic design that was previously funded. No additional funds are necessary.

Legal Review:

The City Attorney has reviewed and approved the agreement.

 COUNTY OF DENTON §

**AMENDMENT TO INTERLOCAL COOPERATION AGREEMENT BETWEEN
 DENTON COUNTY, TEXAS, AND THE CITY OF CELINA, TEXAS**

THIS AMENDMENT to the Interlocal Cooperation Agreement is made and entered into by and between Denton County, Texas, hereinafter “the County”; and the City of Celina, Texas, hereinafter “the City.” The County and the City are collectively referred to herein as “the Parties.” On January 5, 2021, the Parties entered into an Interlocal Cooperation Agreement under Denton County Commissioners Court Order Number 21-0028, hereinafter “the original Agreement,” for the purpose of preparing a schematic design and an environmental impact study for the construction of Frontier Parkway/Parvin Road from its intersection with FM 1385 to Dallas Parkway for a distance of approximately 4.5 miles at a total estimated project cost of TWO MILLION THREE HUNDRED THOUSAND AND NO/100 DOLLARS (\$2,300,000.00).

WHEREAS, under the original Agreement, the County and City agreed the County would contribute an amount which shall not exceed FIVE HUNDRED THOUSAND AND NO/100 DOLLARS (\$500,000.00) toward satisfactory completion of the Project.

WHEREAS, under the original Agreement the County and the City agreed that the City would contribute an amount which shall not exceed ONE MILLION AND NO/100 DOLLARS (\$1,000,000.00). Phase Two of the Project was to be funded in the future. In addition, the City agreed to provide all necessary design required for satisfactory completion of the Project.

WHEREAS, the County and the City mutually desire to enter into this Amendment for the purpose of providing for all necessary advancement of the project to the PS&E phase associated with the widening of Frontier Parkway/Parvin Road as a 6-lane roadway from FM 1385 to Dallas Parkway for a length of approximately 4.5 miles, located within the municipal limits of the City of Celina and the Town of Prosper and Denton County Commissioner Precinct #1, hereinafter “the Project” which results in the expansion in scope of the work of the Project, and the total costs from \$2,300,000 to \$8,300,000.

WHEREAS, the Parties also desire to recognize that the “Phase Two” with funding of \$800,000 described in the original Agreement, will not occur, and is covered in the amended and expanded costs described in this Amendment.

NOW, THEREFORE, the County and the City for the mutual covenants and agreements contained in the original Agreement and as contained herein, and for the other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, agree to amend Section II, Section III, and Section IV of the original Agreement to reflect the change in the Project description, eastern limits, and an increase in the County and the City's contributions toward satisfactory completion of the Project. All other terms and conditions of the original Agreement are hereby affirmed by the Parties. The amended portions of the original Agreement are as follows:

AMENDED SECTION II

The County and the City hereby agree that the scope of the Project shall be schematic design; environmental impact study; and plans, specifications, and estimate (PS&E) associated with the widening of Frontier Parkway/Parvin Road from a 4-lane to a 6-lane roadway from FM 1385 to Legacy Drive for a distance of approximately 4.5 miles, at a total estimated Project cost of EIGHT MILLION THREE HUNDRED THOUSAND AND NO/100 DOLLARS (\$8,300,000.00).

AMENDED SECTION III

The County hereby agrees to contribute an amount which shall not exceed SIX MILLION AND NO/100 DOLLARS (\$6,000,000.00), based on current available funding, but this Agreement is intended to be amended at a future date to increase County commitment toward satisfactory completion of the Project, provided that any and all funding is approved by formal action of the Denton County Commissioners Court.

AMENDED SECTION IV

The City hereby agrees to contribute a amount which shall not exceed TWO MILLION THREE HUNDRED THOUSAND AND NO/DOLLARS (\$2,300,000.00) toward satisfactory completion of the Project, provided that any and all funding is approved by formal action of the City Council of the City, and to provide all necessary design required for satisfactory completion of the Project.

This Amendment to the original Agreement shall replace and supersede Section II, Section III, and Section IV of the original Agreement between the Parties. **All other provisions of the original Agreement shall remain in full force and effect unless modified by subsequent written amendment signed by both of the Parties to the original Agreement.**

This Amendment may be executed in multiple counterparts, attached to the original Agreement, and shall collectively constitute an Amendment to the original Agreement. All other terms and conditions of the original Agreement are hereby affirmed by the Parties.

**APPROVAL OF AMENDMENT NO. 1 TO THE INTERLOCAL COOPERATION
AGREEMENT BETWEEN DENTON COUNTY, TEXAS AND THE CITY OF CELINA**

Denton County, Texas, acting by and through the Denton County Commissioners Court, having been advised of the Project, hereby agrees to amend Section II, Section III, and Section IV of the Interlocal Cooperation Agreement which was approved on January 5, 2021, under Denton County Commissioners Court Order Number 21-0028.

Amendment No. 1 will amend the original Agreement to provide additional funding by the County toward satisfactory completion of the Project in the amount of SIX MILLION AND NO/100 DOLLARS (\$6,000,000.00), based on current available funding, but this Agreement is intended to be amended at a future date to increase County commitment. The scope of the Project shall be schematic design; environmental impact study; and plans, specifications, and estimate (PS&E) associated with the widening of Frontier Parkway/Parvin Road from a 4-lane to a 6-lane roadway from FM 1385 to Legacy Drive for a distance of approximately 4.5 miles.

All other provisions of the original Agreement shall remain in full force and effect unless modified by subsequent written amendment signed by both of the Parties to the original Agreement.

Denton County, Texas, hereby gives its specific written approval of the Parties prior to beginning the Project in satisfaction of the requirements of the Interlocal Cooperation Act, Texas Government Cod Chapter 791.

By vote on this date, the Denton County Commissioners Court has approved the Project identified above and authorized execution of this document by the presiding officer of the Denton County Commissioners Court.

To: **Honorable Mayor Tubbs and the Celina City Council**
 From: Dawn Berry, Purchasing Director
 CC: Kim Brawner, Assistant City Manager
 Date: August 8, 2023
 Re: Parvin Road / Frontier Parkway, R22

Action Requested:

Consider and act to authorize an agreement for engineering services for the design of Parvin Road and Frontier Parkway from FM 1385 to Legacy in Denton County and from Legacy Drive to Dallas Parkway South in Collin County in an amount not to exceed \$4,246,925.41. (Berry)

Background Information:

Services includes design schematic, environmental documents, and the preparation of plans, specifications and estimates for the expansion of 2 lane rural to 4 lane urban divided (ultimate 6 lane urban divided) widening of Parvin Road / Frontier Parkway. Project limits are from FM 1385 to Dallas Parkway South and is the border between City of Celina and Town of Prosper located in Denton and Collin Counties. The agreement including the fee schedule and timeline are attached.

The City maintains an executed Master Services Agreement (MSA) with the engineering firm for on-call engineering services.

Alternatives:

Council may reject the authorization and direct staff.

Financial Considerations:

Funding is available through bond funds and Denton County. Expenditures will not exceed funds appropriated and funds will be committed at the issuance of a purchase order

EXHIBIT A**SERVICES TO BE PROVIDED BY THE ENGINEER**

Schematic, Environmental, and PS&E for

Parvin Road / Frontier Parkway

From FM 1385 to Legacy Drive in Denton County

From Legacy Drive to Dallas Parkway South in Collin County

The work to be performed by the Engineer shall consist of providing a design schematic, environmental documents, and the preparation of plans, specifications and estimates (PS&E) for the expansion of 2-Lane Rural to 4-Lane Urban divided (ultimate 6-Lane Urban divided) widening of Parvin Road / Frontier Parkway. Project limits are from FM 1385 to Dallas Parkway South and is the border between City of Celina and Town of Prosper located in Denton and Collin Counties.

Design schematic services may include, but are not limited to, preparing the design schematic to an equivalent 30% PS&E level of detail, environmental documents/studies in support of the schematic work, public involvement, data collection analysis, drainage, conceptual traffic control, traffic projections, traffic engineering and operations, geotechnical investigation, surveying and mapping, subsurface utility engineering (SUE), environmental clearance, and utility coordination.

Additionally, the Engineer shall provide engineering services required for the preparation of PS&E and related documents. These services may include, but are not limited to, preparing roadway design, hydrologic and hydraulic design, storm drain design, bridge design, retaining wall design, survey and ROW mapping, traffic signal design, traffic control layout, roadway cross sections, bid phase and construction phase services necessary to support the design process.

Engineering design services will be performed in accordance with City of Celina (City) and TxDOT (State) standards and processes.

The Engineer shall prepare a project work schedule that incorporates an allocation of time for reviews of the design schematic, survey, ROW Mapping, PS&E and the environmental documents by City/State (when applicable) personnel. A separate project work schedule will be provided for the design schematic and PS&E. The Engineer shall present the work schedule to the City for review and acceptance upon receiving notice to proceed and provide assistance in interpreting the proposed work schedule.

The Engineer shall submit a written progress report to the City monthly indicating the actual work accomplished during the month, scheduled work to be accomplished for the month, and the estimated work to be accomplished for the coming month. The progress report will indicate the percentage complete of each task. The Engineer is required to meet with the designated City project manager and environmental coordinator monthly for progress tracking purposes unless prior agreement is made with City not to hold a meeting in any given month. The Engineer shall submit minutes of the meeting, summarizing the events of the meeting within ten calendar days after each meeting.

GENERAL REQUIREMENTS**1.1. Coordination.**

The Engineer shall coordinate issues and communications with City's internal resource areas through the City's Project Manager. The City will communicate the resolution of issues and provide the Engineer direction through the City's Project Manager.

The Engineer shall notify the City and coordinate with adjacent engineers on all controls at project interfaces. The Engineer shall document the coordination effort, and each engineer must provide written concurrence regarding the agreed project controls and interfaces. In the event the Engineer and the other adjacent engineers are unable to agree, the Engineer shall meet jointly with the City

Attachment: Parvin Work Authorization (Parvin Road / Frontier Parkway, R22)

and each adjacent engineer to resolve disagreements. If the engineers are unable to resolve an issue with the City as mediator, the City may decide the issue and the decision will be final.

The Engineer shall prepare each exhibit necessary for approval by each railroad, utility, and other governmental or regulatory agency in compliance with the applicable format and guidelines required by each entity and as approved by the City. The Engineer shall notify the City in writing prior to beginning any work on any outside agency's exhibit. The Engineer shall prepare all work in accordance with the latest version of applicable City/State's procedures, specifications, manuals, guidelines, standard drawings, and standard specifications or previously approved special provisions and special specifications, which include: the PS&E Preparation Manual.

1.2. Progress Reporting and Invoicing.

The Engineer shall invoice according to function code breakdowns shown herein and Exhibit B – Fee Schedule, of each work authorization. The Engineer shall submit each invoice in a format acceptable to the City.

The Engineer shall submit a monthly written progress report to the City indicating the actual work accomplished during the month, scheduled work to be accomplished for the month, the estimated work to be accomplished for the coming month, problems encountered, and actions taken to remedy them, list of meetings attended, and overall status, including percent complete of each task. The Engineer shall submit a monthly written progress report to the City's Project Manager regardless of whether the Engineer is invoicing for that month.

The Engineer is required to meet with the designated City project manager or environmental coordinator on a monthly basis for progress tracking purposes unless prior written agreement is made with City not to hold a meeting in any given month. The Engineer shall submit minutes of the meeting summarizing the events of the meeting within ten calendar days after each meeting.

The Engineer shall prepare a project work schedule that indicate tasks, subtasks, critical dates, milestones, deliverables, and review requirements in a format that depicts the interdependence of the various items. The work schedule must incorporate an allocation of time for reviews of the design schematic and the environmental documents by City/State (when applicable) personnel. The Engineer shall present the work schedule to the City for review and acceptance and provide assistance in interpreting the proposed work schedule. The Engineer shall provide advance written notice to the City if the Engineer is not able to meet the scheduled milestone review date.

Once the project has been completed and accepted by the City, the Engineer shall deliver all electronic files to the City within 30 calendar days of City's written request.

Final payment is contingent upon the City's receipt and confirmation by the City's Project Manager that the electronic files can be opened and are usable utilizing the current version of the software in use by the City/State, and all the review comments have been addressed.

The Engineer shall prepare a letter of transmittal to accompany each document submittal to the City. At a minimum, the letter of transmittal must include the TxDOT control-section-job (CSJ) number, the highway number, county, project limits, TxDOT contract number, and TxDOT work authorization number.

1.3. Design Criteria.

The Engineer shall prepare all work in accordance with the latest version of applicable City/State's procedures, specifications, manuals, guidelines, standard drawings, and standard specifications or previously approved special provisions and special specifications, which include: the PS&E Preparation Manual, Roadway Design Manual, Hydraulic Design Manual, the Texas Manual on Uniform Traffic Control Devices (TMUTCD), Standard Specifications for Construction and Maintenance of Highways, Streets and Bridges (latest Edition), and other City/State approved manuals. When design criteria are not identified in City/State manuals, the Engineer shall notify the City and refer to the American Association of State Highway and Transportation Officials

(AASHTO), A Policy on Geometric Design of Highways and Street, (latest Edition). In addition, the Engineer shall follow the State's District guidelines in developing the PS&E package. The Engineer shall prepare each PS&E package in a form suitable for letting through the State's construction contract bidding and awarding process.

1.4. Traffic Control.

The Engineer shall provide all planning, labor, and equipment to develop and to execute each traffic control plan (TCP) needed by the Engineer to perform services under each work authorization. The Engineer shall comply with the requirements of the most recent edition of the *Texas Manual on Uniform Traffic Control Devices (TMUTCD)*. The Engineer shall submit a copy of each TCP to the City/State (when applicable) for approval prior commencing any work on any City/State roadway. The Engineer shall provide all signs, flags, and safety equipment needed to execute the approved TCP. The Engineer shall notify the City in writing 24 hours in advance of executing each TCP requiring a lane closure and shall not begin lane closure without having obtained City's written approval. The Engineer shall ensure that its field crew possess a copy of the approved TCP on the job site at all times. Upon request by the City, the field crew must make the TCP available to the City for inspection. The Engineer shall assign charges for any required traffic control to the applicable function code.

1.5. Right of Entry.

Prior to performing any work outside of the City/State's right of way, the Engineer shall request right of entry from public and private landowners to allow services (e.g. environmental services, surveying services, geotechnical services) to be performed and shall request concurrence from the City/State (when applicable). The Engineer shall prepare right of entry permissions, which must be signed by the landowner. Letters or other materials seeking right of entry must contain explicit reference to the kinds of activities for which right of entry is requested and an indication of the impacts (if any) that will result from performance of these services. The Engineer shall not commit acts which will result in damages to private property and shall make every effort to comply with the wishes and address the concerns of private property owners.

1.6. State-Controlled Waters.

The placement of a new structure or modification of an existing structure(s) within State-Controlled waters will require confirmation that said structure(s) lie within the General Land Office (GLO) state owned land and whether the crossing is tidally influenced or not. Consequently, the Engineer shall request, as early in the design process as possible, that the City/State determine whether the proposed improvements are found within the tidal GLO, is a submerged GLO property or a non-tidal GLO property. The City may request assistance from the Engineer to prepare an exhibit demonstrating the location of the proposed improvements on the GLO State Owned Map for the project location of an assigned State's District.

1.7. Level of Effort.

For each work authorization, the Engineer shall base the level of effort at each phase on the prior work developed in earlier phases without unnecessary repetition or re-study. As directed by the City, the Engineer shall provide written justification regarding whether or not additional or repeated level of effort of earlier completed work is warranted, or if additional detail will be better addressed at a later stage in the project development.

1.8. Quality Assurance (QA) and Quality Control (QC).

The Engineer shall provide peer review at all levels. For each deliverable, the Engineer shall retain evidence of their internal review and mark-up of that deliverable as preparation for submittal. A milestone submittal is not considered complete unless the required milestone documents and associated internal mark-ups are submitted. If requested by the City's Project Manager, the Engineer shall submit the Engineer's internal mark-up (e.g., red-lines, comments) developed as part the Engineer's quality control step. When internal mark-ups are requested by the City in advance, the City may reject the actual deliverable if the Engineer fails to provide sufficient evidence of

quality control. The Engineer shall clearly label each document submitted for quality assurance as an internal mark-up document.

The Engineer shall perform QA and QC on all survey procedures, field surveys, data, and products prior to delivery to the City. If, at any time, during the course of reviewing a survey submittal it becomes apparent to the City that the submittal contains errors, omissions, or inconsistencies, the City may cease its review and immediately return the submittal to the Engineer for appropriate action by the Engineer. A submittal returned to the Engineer for this reason is not a submittal for purposes of the submission schedule.

1.9. Use of the State's Standards.

The Engineer shall identify and insert as frequently as is feasible the applicable, current State's Standard Details, District Standard Details, or miscellaneous details that have been approved for use in the plans. The Engineer shall sign, seal, and date each Standard and miscellaneous detail if the Standard selected has not been adopted for use in a District. The Engineer shall obtain approval for use of these details during the early stages of design from the City/State Project Manager or designated State Area Engineer. In addition, these details shall be accompanied by the appropriate general notes, special specifications, special provisions, and method of payment. The Engineer shall retain the responsibility for the appropriate selection of each Standard identified for use within its design.

1.10. Organization of Plan Sheets.

The PS&E shall be complete and organized in accordance with the latest edition of the TxDOT PS&E Preparation Manual. The PS&E package shall be suitable for the bidding and awarding of a construction contract, and in accordance with the latest State's policies and procedures, and the District's PS&E Checklist.

1.11. Organization of Design Project Folder and Files (Electronic Project Files).

The Engineer shall organize the electronic project files in accordance with the State's File Management System (FMS) format. With the approval of the State, the Engineer may maintain the project files in the State's ProjectWise Work Areas.

1.12. Limited Access to State's Transportation Project Lifecycle Management Systems (TxDOTCONNECT).

The Engineer or Engineering Coordinator shall receive limited access to the State's Transportation Project Lifecycle Management Systems to update responsible engineer information, develop project construction cost estimates, build specification lists, and seal construction cost estimates.

The following security roles are available for consultants in the current Transportation Project Lifecycle Management Systems:

Work Performed in Solution	Required License	Security Role
Update Responsible Engineer Information Develop Construction Cost Estimate Build Specifications Lists Seal Project Estimate	Consultant Registered Professional Engineer (PE)	Professional Engineer - Consultant
Update Responsible Engineer Information Develop Construction Cost Estimate Build Specifications Lists	Consultant does not have to be a PE	Engineer's Estimate Coordinator - Consultant

When requested by the State, the Engineer or Coordinator shall sign the required TxDOT forms to be issued a TxDOT network User ID. After the TxDOT User ID is issued, the Engineer or Coordinator shall request access to the Transportation Project Lifecycle Systems.

1.13. Underground excavation.

If necessary, the Engineer shall contact the Texas Excavation Safety System, Inc. (DIGTESS) or call telephone number 811 to have underground utilities marked prior to digging holes for right-of-way monuments, utility engineering investigation, geotechnical investigation, or other purposes. The Engineer shall separately contact utilities not a part of the DIGTESS organization. The Engineer shall maintain documentation of all notification calls. The Engineer shall comply with Texas's excavation laws.

1.14. Preventative Measures to Prevent the Spread of Oak Wilt Disease Contamination

The Engineer shall take the following preventive measures while cutting, pruning, or removing oak trees in counties which have confirmed cases of oak wilt disease or when directed by the City:

- A. When possible, employ alternative methods instead of pruning or cutting oak trees.
- B. When possible, perform necessary pruning and cutting of healthy trees during January or February when sap beetles are least active.
- C. Treat wounds with pruning paint in oak wilt disease infected counties to discourage insects, especially during warm weather.
- D. Sterilize all pruning tools between each use on each tree with either Lysol spray or a 70 percent rubbing alcohol solution.
- E. Dispose of the tree cuttings by burning, burying, or another approved method.

1.15. Personal Protective Equipment (PPE).

- A. The Engineer shall, and shall require its subcontractors to:
 - 1. Provide personal protective equipment (PPE) to their personnel,
 - 2. Provide business vehicles for their personnel, and
 - 3. Require their personnel to use PPE and drive only business vehicles while performing work on or near roadways.
- B. The PPE must meet all:
 - 1. Current standards set by Occupation Safety and Health Administration (OSHA)
 - 2. TxDOT requirements (e.g., safety glasses, Type 3 (TY 3) pants for night work).
- C. Each business vehicle must be clearly marked with the Engineer's business name, or the name of the appropriate subcontractor, such that the name can be identified from a distance.

1.16. Training Requirements. - OMITTED**1.17. Information Resources and Security Requirements.**

Engineer (as "Contractor") shall perform its work in accordance with Attachment I, Information Resources and Security Requirements. A Contractor-Related Entity might create, access, transmit, store, or use Public TxDOT data in a Contractor-Related Entity Environment. Contractor shall ensure that Contractor-Related Entity Environments comply with the TxDOT Low Security Baseline.

2.1. Engineer Designees.

The Engineer is responsible for designating and providing the services of the following individuals or entities:

- A. Utility Coordinator is the individual or entity performing Utility-related Services that are not required to be performed by a licensed engineer under Texas law.
- B. Utility Engineer is the individual or entity performing Utility-related Services that are required to be performed by a licensed engineer under Texas law.

2.2. Ensure.

As used below, “ensure” means to make certain that something has happened or will happen, and includes an obligation to deploy the appropriate level of engineering or other technical expertise, consistent with the complexity, cost, and level of risk associated with a task. Ensure does not require the completion of any task assigned to a separate entity under any other agreement.

TASK DESCRIPTIONS AND FUNCTION CODES

The Engineer shall categorize each task performed to correspond with the Function Codes (FC) and Task Descriptions.

FUNCTION CODE 102 (110) – FEASIBILITY STUDIES**ROUTE AND DESIGN STUDIES**

The Engineer shall collect, review, and evaluate data described below. The Engineer shall notify the City in writing whenever the Engineer finds disagreement with the information or documents provided in accordance with Attachment B “Services to be Provided by the City”.

The Engineer shall prepare an alignment and proposed roadway schematic layout that includes projected traffic volumes and existing and proposed typical sections. The Engineer shall furnish Microsoft Office and MicroStation and OpenRoads computer generated media containing the roadway schematic layout to the City. All supporting attachments and exhibits must accompany the schematic layout. All MicroStation and OpenRoads computer generated files containing the roadway design schematic must be fully compatible with the software used by the City/State.

The Engineer shall produce, obtain, review, and evaluate existing and twenty-year projected traffic data for use in the preparation of the schematic design layout. The data must be utilized in accordance with the requirements for schematic development and consistent with the policies of the State.

The Engineer shall prepare preliminary drawings to identify any potential impacts and constraints within the project corridor, including impacts to the nature, cultural, and human environment. The potential impacts and constraints identified must include all existing and proposed utilities (both public and private), structures, burial grounds, neighborhood communities, historical landmarks, and undeveloped areas. Any potential utility conflicts and structural impediments must be identified as such. The Engineer shall propose alternative alignments that avoid or minimize displacements and damages and prepare any additional attachments or exhibits required to illustrate a preferred alternative alignment. The Engineer shall assist the City with agency meetings during the development of the schematic design as requested by the City. If requested by the City, the Engineer shall prepare a Notice and Opportunity to Comment and assist the City with stakeholder meetings, a public meeting, and a public hearing, if requested.

An itemization of the schematic design and engineering work activity to be performed under this contract is detailed below. The Engineer shall prepare all designs in accordance with the latest version of:

- A. *Roadway Design Manual*, published by TxDOT
- B. *TxDOT Project Development Process Manual*, published by TxDOT;
- C. *Policy on Geometric Design of Highways and Streets*, published by the American Association of State Highway and Transportation Officials’ (AASHTO);
- D. *Standard Specifications for Construction of Highways, Streets, and Bridges*, published by TxDOT;
- E. *Texas Manual on Uniform Traffic Control Devices (TMUTCD)*, published by TxDOT;
- F. *Highway Capacity Manual (HCM)*, published by the Transportation Research Board (TRB);

- G. *Highway Safety Manual (HSM)*, published by AASHTO;
- H. *Hydraulic Design Manual*, published by TxDOT;
- I. *Access Management Manual*, published by TxDOT;
- J. *applicable City design criteria* and
- K. other City/State approved manuals and guides.

When design criteria are not identified in these manuals, the Engineer shall notify the City and request direction.

The design schematic horizontal layout must adhere to a design scale of 1 inch = 100 foot (or 1 inch = 200 foot, when directed by the City.) The Engineer shall develop the schematic layout, exhibits, and attachments in English units. All Microsoft Office, MicroStation, Keyhole Markup Language (KML), Keyhole Markup Language Zipped (KMZ), and Bentley OpenRoads computer graphic files furnished to the City must be submitted on USB flash drive to the City in their native format, which must be fully compatible with the programs currently used by the City/State. Schematics must follow TxDOT and Federal Highway Administration (FHWA) standards. The schematic must follow TxDOT's computer-aided design and drafting (CADD) standards. The Engineer shall submit the schematic as an original document, accompanied with an original MicroStation formatted graphics file. Final copies of the schematic design must be signed and sealed by a professional engineer licensed in the state of Texas.

110.1. Schematic Design Work Outline.

A. Develop Base Maps

The Engineer shall develop the base maps to be used for the analysis and proposed schematic layout from existing construction and right of way (ROW) plans as available. The Engineer shall re-establish the existing centerline horizontal alignments for all roadways, identify existing ROW and easements, property owners, and the approximate location of major utilities based on a utility engineering investigation in the preparation of base maps.

B. Analyze Existing Conditions

Using collected data and base maps, the Engineer shall develop an overall analysis of the existing conditions to develop the schematic design. The analysis must include the following:

1. ROW and easement determination
2. Horizontal alignment
3. Vertical alignment
4. Pavement cross slopes and pavement type
5. Soil exploration
6. Geotechnical testing
7. Highway-rail grade crossing studies, if applicable
8. Intersection design and analysis
9. Sight distance
10. Roadside signing
11. Level of service
12. Safety (i.e., crash data)
13. Locations of critical constraints
14. Drainage

15. Traffic control and construction phasing sequence

C. Schematic Alternatives

The Engineer shall identify and analyze schematic alternatives to minimize potential adverse operational impacts, crash impacts, ROW impacts, environmental impacts, major utility conflicts, structural impediments, or exceptions to the City/State and FHWA design criteria.

D. Deliverable Schematic

The Engineer shall evaluate and document the following in the analysis to optimize the design:

1. Efficient use of the allocated ROW
2. Driveway locations
3. Roadway and intersection geometry
4. Cross sections
5. Bicycle and pedestrian design
6. Drainage and hydraulic design
7. Stopping sight distance
8. Level of service
9. Safety
10. Traffic and signal operations
11. Construction, ROW, easement, and utility costs
12. Construction sequencing
13. Traffic control during construction
14. Roadside safety appurtenances
15. Environmental mitigation (e.g., noise walls, storm water best management practices (BMPs))
16. Bridge layouts and clearance
17. Railroads (if applicable)
18. Accommodation of ultimate corridor configuration.
19. Accommodation of future cross street expansion as described in local thoroughfare plan (if applicable)
20. Avoidance of utility lines (if feasible)
21. Impact of construction delays from utility relocations

E. Project Management and Coordination

1. The Engineer shall direct and coordinate the various elements and activities associated with developing the design schematic with the City and other involved agencies (Town of Prosper, Denton County, Collin County, NCTCOG, TxDOT, NTTA, FEMA, USACE).
2. The Engineer shall prepare the detailed graphic project work schedule indicating tasks, critical dates, milestones, deliverables, and City review requirements. The project work schedule must depict the order of the various tasks, milestones, and deliverables. The Engineer shall review the schedule monthly and provide updates regarding its progress on the schedule to the City.

3. The Engineer shall submit written monthly progress reports to the City.
4. The Engineer shall provide ongoing quality assurance and quality control to ensure completeness of product and compliance with the City/State procedures.

F. Data Collection and Field Reconnaissance

The Engineer shall collect, review, and evaluate data described below. The Engineer shall notify the City in writing whenever the Engineer finds disagreement with the information or documents:

1. Data, if available, from the City/State, including “as-built plans”, existing schematics, right-of-way maps, Utility Engineering Investigation mapping, existing cross sections, existing planimetric mapping, environmental documents, existing channel and drainage easement data, existing traffic counts, accident data, bridge inspection records, Project Management Information system (PMIS) data, identified endangered species, identified hazardous material sites, current unit bid price information, and current special provisions, special specifications, and standard drawings.
2. Documents for existing and proposed development along proposed route from local municipalities and local ordinances related to project development.
3. Utility plans and documents from appropriate municipalities and agencies.
4. Flood plain information and studies from the Federal Emergency Management Agency (FEMA), the United States Army Corps of Engineers (USACE), local municipalities, and other governmental agencies.
5. Conduct field reconnaissance and collect data including a photographic record of notable existing features.
6. Design data from record drawings of existing and proposed facilities
7. Existing and future design year traffic data
8. Historical crash data
9. Roadway inventory information, including the number of lanes, speed limits, pavement widths and rating, bridge widths and ratings, and ROW widths
10. Environmental data
11. Adopted land use maps and plans (if available)
12. Federal Emergency Management Agency (FEMA) flood boundary maps and flood insurance studies and models
13. Public and private utility information
14. Plat research for adjacent properties (if available)
15. Local major thoroughfare plan

G. Roadway Design Criteria

The Engineer shall develop the roadway design criteria based on the TxDOT *Roadway Design Manual* and AASHTO *Policy on Geometric Design of Highways and Streets* guidelines. The design criteria must include the following roadway design elements: design speed, lane and shoulder widths, pavement structure and slopes, horizontal curvatures, horizontal and vertical clearances, range of vertical profile grades, and side slopes. If there is a discrepancy between the two sources, the TxDOT *Roadway Design Manual* will govern unless otherwise directed by the City.

H. Preliminary Design Conference

The Engineer shall prepare and submit a preliminary Design Summary Report (DSR) to the City for review and approval and shall attend an initial kick-off meeting to establish and agree on fundamental aspects, basic features, concepts, and design criteria. This meeting will be coordinated with any adjacent roadway projects to ensure continuity with the design of the adjacent roadway projects.

110.2. Schematic Design – General Tasks.

A. ROW Property Base Map

The Engineer shall obtain information on existing ROW, easements, and property information from as-built plans, ROW maps, and tax records. The Engineer shall prepare a base map depicting the information.

B. Typical Sections

The Engineer shall develop both existing and proposed typical sections that depict the number and type of lanes, shoulders, median width, curb offsets, cross slope, border width, clear zone widths, and ROW limits.

C. Environmental Constraints

The Engineer shall evaluate and document impacts to environmentally sensitive sites (as identified by the Engineer and verified by the City/State) during the schematic design process. Environmentally sensitive sites include natural, cultural, and the human environment. Examples are historic and archeological resources, burial grounds, neighborhood communities and residential areas, farmland, floodplains, wetlands, endangered species, rare habitats, wildlife corridors, wildlife crossings, parks and nature preserves, geologic features, undeveloped areas, and significant trees.

D. Drainage

1. The Engineer shall use data from as-built plans and FEMA maps to locate drainage outfalls and to determine existing storm sewer and culvert sizes, design flows, and water surface elevations for use in the design of roadway geometry.
2. The Engineer shall conduct a preliminary drainage study to determine and evaluate the adequacy of the ROW needed to accommodate the proposed roadway and drainage system. The drainage study must:
 - a. identify the impacts to abutting properties and the 100-year floodplain due to proposed highway improvements
 - b. identify the water surface elevations for the 2, 5, 10, 25, 50, and 100-year storm events
 - c. identify and locate outfalls
 - d. provide drainage outfall descriptions
 - e. provide overall drainage area map, sub-drainage area map, and storm water detention facilities
 - f. provide a drainage study report identifying the results of the study.
3. The drainage report, which must be signed and sealed by a professional engineer licensed in Texas, must include applicable hydrologic and hydraulic models (e.g., HEC-RAS, HEC-HMS). The models must be approved by the local TxDOT district hydraulic engineer prior to generating any reports. If requested, the Engineer shall prepare a final drainage study in accordance with one or more of the following: TxDOT *Hydraulic Design*

Manual, local TxDOT district criteria, and any other specific guidance provided by the City/State. If requested by the City, the Engineer shall evaluate the adequacy of the existing drainage structures; otherwise, the Engineer shall not evaluate the adequacy of the existing drainage structures.

E. ROW Requirements

The Engineer shall determine the ROW requirements based on the proposed alignment, typical sections, design cross sections, access control, terrain, construction requirements, drainage, clear zone, maintenance, intelligent transportation system (ITS), and environmental constraints and mitigation requirements.

F. Construction Sequence

The Engineer shall evaluate and document the requirements for construction staging and traffic control throughout the development of schematic design to ensure that the proposed design can be constructed. The Engineer shall provide construction phasing assumptions to the City as requested and provide preliminary traffic control plan (TCP) layouts.

G. Design Exceptions - OMITTED

H. Traffic Data and Projections - OMITTED

I. Traffic and Operational Analysis - OMITTED

J. Safety Analysis - OMITTED

K. Bicycle and Pedestrian Accommodations

The Engineer shall comply with the *United States Department of Transportation Policy Statement on Bicycle and Pedestrian Accommodation Regulations and Recommendations*. The inclusion of bicycle and pedestrian facilities must be evaluated when the project is scoped. Public input when applicable, as well as local city and metropolitan planning organization for bicycle and pedestrian plans must be considered in this evaluation.

L. Project Implementation Plan - OMITTED

110.3. Conceptual Design Schematics.

The Engineer shall develop conceptual design schematics in MicroStation format to evaluate various methods of handling traffic while providing access in key areas; an initial design conceptual schematic and an alternative design conceptual schematic. It is anticipated that a single design alternative that optimizes traffic flow and access shall be produced.

The conceptual schematics are to be plan view only. Profile work must be done only to the extent necessary to lay out the proper horizontal geometry.

The schematics must contain the following design elements:

- A. Mainlane roadway alignment
 - 1. Up to 2 alternatives for the corridor (including vertical design) and schematic production
 - 2. 1 Alternative for the Bridges at Doe Branch
 - 3. 1 Alternative for the Frontier Pkwy Bridge
 - 4. 1 Alternative for the Wall at Doe Branch
- B. Pavement edges, face of curbs, intersections and connecting streets
- C. Typical sections of existing and proposed roadways
- D. Anticipated structure locations (including bridges and cross-drainage structures)

- E. Anticipated retaining wall locations
- F. Anticipated conveyance of major drainage elements
- G. Preliminary ROW and easement requirements
- H. Direction of traffic flow and the number of lanes on all roadways
- I. Existing utilities
- J. Waters of the United States (WOTUS)

110.4. Geometric Design Schematics.

The Engineer shall develop geometric design schematics based on the conceptual schematics after the basic layout, lane arrangement, and anticipated ROW and easement impacts depicted on the conceptual schematics are approved. The Engineer shall use Bentley OpenRoads tools in performing this task. The geometric design schematics must include both a plan view and profile view.

- A. The geometric schematic plan view must contain the following design elements:
 - 1. Bentley OpenRoads calculated roadway alignments for mainlanes, bridges, and cross streets at major intersections
 - 2. Horizontal curve data shown in tabular format
 - 3. Pavement edges, curb lines, and sidewalks for all roadway improvements
 - 4. Typical sections of existing and proposed roadways
 - 5. Proposed bridge structures, including bridge deck, abutment, bent, and rail locations
 - 6. Proposed retaining walls
 - 7. Proposed cross-drainage structures with outfall flow arrows and significant drainage features or waterways identified
 - 8. Existing utilities and proposed utilities
 - 9. Existing property lines and respective property ownership information
 - 10. Existing ROW and easements
 - 11. Proposed ROW and easements adequate for preparation of ROW maps
 - 12. Waters of the US (WOTUS)
 - 13. Lane lines and direction of traffic flow arrows indicating the number of lanes on all roadways
- B. The geometric schematic profile view must contain the following design elements:
 - 1. Calculated profile grade and vertical curve data including "K" values for all curves and sight distance values for crest vertical curves on the mainlanes
 - 2. Existing ground line profiles along the mainlanes
 - 3. Preliminary abutment and bent locations, girder type, and span lengths
 - 4. Calculated vertical clearances at bridges
 - 5. Anticipated cross-drainage structures with approximate inlet and outfall elevations
 - 6. Proposed ditch grading (special grading), if it does not follow the typical section.
 - 7. Approximate locations of existing and proposed major utility crossings

110.5. Cross-Sections.

The Engineer shall use a Bentley 3D OpenRoads model to generate preliminary cross-sections at 50 feet intervals (unless otherwise directed by the City) and at culvert locations in conjunction with the geometric schematic. The Engineer shall determine earthwork volumes for use in the cost estimate. The Engineer shall prepare 11 inch x17 inch or roll plots of the cross-sections.

110.6. Bridges.

The Engineer shall prepare a preliminary bridge layout to be shown on schematics.

- A. Determine span arrangements for bridges and identify bent locations and begin/end bridge stations.
- B. Develop bridge typical sections to be shown on the schematics.
- C. Coordinate with traffic control and ensure the bridge layout is constructible in accordance with criteria. Provide bridge quantities for cost estimates.

110.7. Retaining Walls.

The Engineer shall prepare preliminary retaining wall concepts to be shown on schematics, typical sections, and cross sections.

- A. The Engineer shall determine if any additional walls are required and verify the need for and length of the retaining wall as shown on the ultimate schematic.
- B. The Engineer shall compute and tabulate retaining wall quantities for preliminary design milestone plans submittal.

110.8. Renderings and Traffic Simulation. - OMITTED**110.9. Preliminary Construction Sequence.**

The Engineer shall prepare preliminary construction sequence layouts in conjunction with the geometric design schematic depicting the phasing and traffic detours anticipated to safely convey traffic. The layouts must demonstrate that adequate horizontal and vertical alignments are maintained, sufficient lane widths are feasible, and construction zones are adequate for constructability of all proposed features. Proposed construction detours must ensure that adequate superelevation is provided. The layouts must indicate how existing pedestrian and bicycle facilities are accommodated for each phase.

110.10. Preliminary Cost Estimate.

The Engineer shall prepare a preliminary cost estimate for the project, including the costs of construction, required ROW, and associated improvements. Current City/State unit bid prices must be used in preparation of the estimate.

110.11. Engineering Summary Report.

The Engineer shall prepare an engineering summary report to summarize the design criteria, traffic analysis, preliminary cost estimate and basis of estimate, construction sequence description, and utility conflict issues.

110.12. Support or Attendance at Value Engineering Study. - OMITTED**110.13. Agency Coordination and Public Involvement.**

- A. The Engineer shall assist the City in conducting meetings with property owners, stakeholders, and up to two agencies to discuss and review the schematic design. The Engineer shall document and respond to issues related to the schematic design.

- B. The Engineer shall prepare a Notice and Opportunity to Comment as needed and assist in conducting a public meeting and public hearing during the project development process. The Engineer shall prepare schematic exhibits, constraints maps, and other necessary exhibits, and assist the City with all presentations.
- C. The Engineer shall coordinate, schedule, reserve, and pay for all meeting locations and facilities.
- D. For all public involvement activities, the Engineer shall prepare the adjacent property owner list; mail out and pay for notices; draft letters to public officials; prepare, publish and pay for notices to major and local newspaper; hire court reporter and law enforcement for public meeting and hearing; and provide audio and visual rental equipment and changeable message boards.
- E. The Engineer shall attend pre-meetings at the local TxDOT district in preparation for every meeting and hearing, as directed by the City/State.
- F. The Engineer shall compile public comments received and responses to comments and prepare the required documentation for all public involvement activities. The Engineer shall comply with the environmental compliance toolkits related to public involvement.

110.14. Schematic Design Project Deliverables.

In conjunction with the performance of the services included under Function Code 110 of this attachment, the Engineer shall provide the following draft and final documents and associated electronic files as applicable

- A. Draft and final copies of the engineering summary report
- B. Draft copies of the preliminary drainage study
- C. Draft and final copies of the geometric schematic layouts on 11 inch x 17 inch cut sheets or rolls, as requested by the City
- D. Draft and final copies of the conceptual design schematics roll plots
- E. Draft and final copies of the geometric schematic layouts (1 inch = 100 feet)
- F. Draft and final copies of the design schematic profiles rolls
- G. Draft and final copies of the design schematic cross-sections on 11 inch x 17 inch cut sheets or roll plot format, as requested by the City
- H. Copy of the preliminary cross-sections in a roll plot format or 11 inch x 17 inch format, as requested by the City
- I. Electronic 3D model copy of the preliminary cross-sections created using OpenRoads tools
- J. Six final copies of the preliminary drainage study
- K. Electronic submittal of the hydrologic and hydraulic model digital files from the drainage study
- L. Electronic copy of the 3D rendering and traffic simulation for the reasonable build alternatives
- M. Electronic files shall be furnished to the City on a USB flash drive
- N. Traffic data schematics
- O. Traffic projections methodology memo
- P. Average daily corridor traffic projections report
- Q. Line schematics with traffic data shown
- R. Documentation of public involvement activities

- S. Utility plan – electronic file in latest version of MicroStation fully compatible with OpenRoads civil design system
- T. Hard copy of a draft hydraulic report for review and comment
- U. Culvert hydraulic data sheets and preliminary culvert layouts
- V. Drainage report – one hard copy of final drainage report, one electronic copy of the entire drainage report in PDF format, and computer files of hydrologic and hydraulic modeling with appropriate labeling of location, CSJ, and submittal date
- W. Bridge layouts
- X. Retaining wall layouts
- Y. Geotechnical report
- Z. Cost estimates for each milestone submittal
- AA. KMZ or KML file of conceptual design schematic created from applicable DGN files for reviewing in Google Earth
- BB. Final schematic 3D model created using OpenRoads software
- CC. Draft and final copies of traffic analysis report

110.15. Preliminary Cost Estimates.

The Engineer shall develop a preliminary cost estimate using the Average Low Bid Unit Price. The Engineer shall estimate the total project cost including preliminary engineering, final engineering, right-of-way (ROW) acquisition, environmental compliance and mitigation, construction, utility relocation, and construction engineering inspection (CEI).

110.16. Design Concept Conference

In accordance with the TxDOT Project Development Process Manual, the Engineer, in cooperation with the City, shall plan, attend, and document the Design Concept Conference (DCC) to be held prior to the 30 percent milestone submittal. In preparation for the DCC, the Engineer shall complete a DSR to serve as a checklist for the minimum required design considerations. The conference will provide for a brainstorming session in which decision makers, stakeholders, and technical personnel may discuss and agree on:

- A. Roadway and drainage design parameters
- B. Engineering and environmental constraints
- C. Project development schedule
- D. Other issues as identified by the City
- E. Any identified Design Exceptions and Waivers
- F. Preliminary Construction Cost Estimate

110.17. Geotechnical Borings and Investigations.

- A. The Engineer shall determine the location of proposed soil borings for bridge design, embankment settlement analysis, retaining walls, slope stability and along storm drain alignment in accordance with the latest edition of the TxDOT Geotechnical Manual. The City will review and provide comments for a boring layout submitted by the Engineer showing the general location and depths of the proposed borings. Once the Engineer receives the City's review comments, the Engineer shall perform soil borings (field work), soil testing, and prepare the boring logs in accordance with the latest edition of the TxDOT Geotechnical Manual and local TxDOT district's procedures and design guidelines.

- B. The Engineer shall perform all geotechnical work in accordance with the latest version of the TxDOT Geotechnical Manual. The Engineer shall perform all testing in accordance with TxDOT's Test Procedures, which are available at <https://www.txdot.gov/business/resources/testing.html>. American Society for Testing Materials (ASTM) test procedures can be used only in the absence of the City/State's procedures. All soil classification shall be done in accordance with the Unified Soil Classification System.
- C. If applicable, the Engineer shall perform any retaining wall analyses to include the settlement analysis. This analysis must include the computation of the factor of safety for bearing capacity, global stability, overturning, and sliding. In addition, the Engineer shall include allowable bearing pressure, passive earth pressure, friction factor, settlement analysis (consolidation report), and lateral earth pressure for the retaining walls.
- D. If applicable, the Engineer shall perform soil borings, rock coring, coring for pavement removal items, testing and analysis to include slope stability analysis, settlement analysis, and foundation design recommendations for retaining walls, overhead sign structures, along proposed storm sewer alignments, bridges, embankments, and any temporary soil retaining systems.
- E. The Engineer shall provide a signed, sealed, and dated geotechnical report that contains, but is not limited to, soil boring locations, boring logs, laboratory test results, generalized subsurface conditions, ground water conditions, analyses and recommendations for settlement and slope stability of the earthen embankments, skin friction tables, and design capacity curves including skin friction and point bearing. The skin friction tables and design capacity curves must be present for piling and drilled shaft foundation.
- F. If applicable, the Engineer shall perform scour analysis to include grain size distribution curves with D50 value for each soil layer and a D50 grain size for a sample in the stream bed at the upstream face of the bridge in the upper 1-foot of the stream bed.

In addition, the Engineer shall provide a subsurface profile including the following information for each layer:

- 1. Particle Size Analysis (Tex-110-E) including:
 - a. Median Grain Size (D50) and percent clay (percent passing No. 200 sieve)
 - b. Soil type based on grain dimensions of cohesionless materials
- 2. Liquid Limit (Tex-104-E) as required for clayey soils
- 3. Plastic Limit (Tex-105-E) as required for clayey soils
- 4. Plasticity Index (Tex-106-E) as required for clayey soils
- 5. USCS Soil Classification (Tex-142-E) as required for clayey soils
- G. The Engineer shall sign, seal and date soil boring sheets to be used in the PS&E package. The preparation of soil boring sheets must be in accordance with a State's District standards.
- H. Foundation Studies: The Engineer shall coordinate with the City to determine the location of soil borings to be drilled along the bridge, retaining wall alignments, and cross drainage structure locations. The soil borings must extend a minimum of 35 feet below the footing elevation or deeper as soil conditions warrant. Spacing of soil borings must not exceed 300 feet for wall and a minimum of 25 feet below the footing elevation for each of the cross drainage structure. Pavement section borings must extend a minimum of 20 feet below the finished pavement grades. Spacing of pavement soil borings shall not exceed 500 feet. The Engineer shall provide a boring layout for the City's review and comment.

- I. The Engineer shall incorporate soil boring data sheets prepared, signed, sealed, and dated by the geotechnical engineer. The soil boring sheets must be in accordance with the State's WINCORE software as can be found on the Texas Department of Transportation (TxDOT) website.

FUNCTION CODE 120 (120) – SOCIAL/ECON/ENV STUDIES

SOCIAL, ECONOMIC, AND ENVIRONMENTAL STUDIES AND PUBLIC INVOLVEMENT

120.1. Environmental Documentation Standards.

Each environmental service provided by the Engineer must have a deliverable. Deliverables must summarize the methods used for the environmental services and the results achieved. The summary of results must be sufficiently detailed to provide satisfactory basis for thorough review by the City/State, FHWA, and (where applicable) other agencies with regulatory oversight. All deliverables must meet regulatory requirements for legal sufficiency and adhere to the requirements for reports enumerated in the State's National Environmental Policy Act of 1969 (NEPA) Memorandum of Understanding (MOU).

A. Quality Assurance and Quality Control Review

For each deliverable, the Engineer shall perform quality assurance quality control (QA and QC) reviews of environmental documents and on all supporting environmental documentation to determine whether documents conform with:

1. Current Environmental Compliance Toolkit guidance, documentation requirements, and templates published by TxDOT's Environmental Affairs Division (ENV) and in effect as of the date of receipt of the documents or documentation to be reviewed;
2. Current state and federal laws, regulations, policies, guidance, agreements, and memoranda of understanding between the State and other state or federal agencies; and
3. Guidelines contained in *Improving the Quality of Environmental Documents, A Report of the Joint AASHTO and ACEC Committee in Cooperation with the Federal Highway Administration* (May 2006) for:
 - a. Readability, and
 - b. Use of evidence and data in documents to support conclusions.

Upon request by the City, the Engineer shall provide documentation that the QA and QC reviews were performed by qualified staff.

- B. Deliverables must contain all data acquired during the environmental service and be written to be understood by the public in accordance with the TxDOT's Environmental Toolkit guidance, documentation standards, and current guidelines, policies, and procedures.
- C. Electronic versions of each deliverable must be written in software that is fully compatible with the software currently used by the City and provided in the native format of the document for future use by the City. The Engineer shall supplement all hard copy deliverables with electronic copies in searchable Adobe Acrobat (.pdf) format unless another format is specified. Each deliverable must be a single, searchable .pdf file that mirrors the layout and appearance of the physical deliverable. The Engineer shall deliver the electronic files on USB flash drive in both the document's native format and the PDF format.
- D. When the environmental service is to apply for a permit (e.g., United States Coast Guard (USCG) permit or USACE permit), the Engineer shall provide the permit and all supporting documentation to the City as the deliverable.
- E. Submission of Deliverables

1. Deliverables must consist of documentation to support a categorical exclusion (CE) determination, or the preparation of an Environmental Assessment (EA) or an Environmental Impact Statement (EIS), as applicable. Technical reports and documentation must be prepared to support the applicable environmental classification (e.g. CE, EA, or EIS). Additionally, an Open-Ended (d) list Categorical Exclusion Classification Request Form must be prepared to classify the project as an Open Ended (d) list CE, if needed
2. All deliverables must comply with all applicable state and federal environmental laws, regulations, procedures, and TxDOT's Environmental Compliance Toolkits, documentation requirements, and templates.
3. On the cover page of any environmental documentation, the Engineer shall insert the following language in a way that is conspicuous to the reader or include it in a CE project record:

"The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT."

- F. The City will provide the City's and other agency comments on draft deliverables to the Engineer. The Engineer shall revise the deliverable:
 1. To include any City commitments, findings, agreements, or determinations (e.g., wetlands, endangered species consultation, Section 106, or Section 4(f)), required for the transportation activity as specified by the City;
 2. To incorporate the results of public involvement and agency coordination;
 3. To reflect mitigation measures resulting from comments received or changes in the transportation activity; and
 4. To include with the revised document a comment response form (matrix) in the format provided by the City.
- G. The Engineer shall provide photographs and graphics that clearly depict details relevant to an evaluation of the project area. Comparable quality electronic photograph presentations must be at least 1200 x 1600 pixel resolution. The City can request images/graphics be provided in another format or quality.

120.2. Environmental Assessment (EA) Content and Format.

- A. The Engineer shall provide an EA and ensure that:
 1. The EA meets the requirements of 23 CFR §771.119 and TAC, Title 43, Part 1, Chapter 2 and the EA content is sufficiently detailed to meet regulatory requirements for legal sufficiency and current (at the time of creation) TxDOT ENV guidance and Environmental Compliance Toolkits.
 2. Exhibits to be included in reports or EAs must not exceed 11 inches x 17 inches and must be in color. Text pages must be 8.5 inches x 11 inches. Exhibits and text in reports or EAs must be reproducible via photocopying without loss of legibility. The EA documents must be reproduced on plain white paper unless otherwise approved in advance in writing by the City.
 3. The EA must use quality maps and exhibits and must incorporate by reference and summarized background data and technical analyses to support the concise discussions of the alternatives and their impacts.
- B. Minimum Deliverables: (Additional deliverables to be identified in a work authorization based on work assigned.)
 1. Draft EA
 2. Revised Draft EA

3. Draft EA for Public Hearing
4. Final EA with FONSI

120.3. Environmental Impact Statement (EIS) Content and Format. – OMITTED

120.4. Environmental Technical Analyses and Documentation.

A. Definition of technical analyses and documentation for environmental services.

In general, technical analyses and documentation for environmental services might include a report, checklist, form, or analysis detailing resource-specific studies identified during the process of gathering data to make an environmental decision.

The City/State may determine what technical reports and documentation are necessary for any given project. The Engineer shall prepare all technical reports and documentation for the City/State with sufficient detail and clarity to support environmental determinations. All technical reports must be compliant with TxDOT's Environmental Compliance Toolkits, documentation requirements, and templates. The environmental document must reference the technical reports.

Environmental technical reports and documentation must include appropriate NEPA or federal regulatory language in addition to the purpose and methodology used in delivering the service. Technical reports and forms must use templates and documentation standards as applicable and include sufficient information to determine the significance of impacts.

B. Minimum Deliverables:

1. Draft technical analyses and documentation
2. Final technical analyses documentation

C. The exact environmental technical analyses and documentation must be determined at the work authorization level, but can include:

1. Section 4(f) Evaluations

The Engineer shall provide Section 4(f) Evaluations. The Section 4(f) Evaluation must conform to the appropriate TxDOT Section 4(f) checklist for exceptions, de minimus, and programmatic evaluations. For individual Section 4(f) Evaluations, the format and outline must be approved by the City/State beforehand. All Section 4(f) Evaluations must meet the requirements set forth in TxDOT's Environmental Compliance Toolkits. The 4(f) Section of the environmental document states the reason a Section 4(f) evaluation is being completed. The 4(f) Section of the environmental document discusses the presence of all Section 4(f) properties located in the project area.

2. Section 6(f) Evaluation - OMITTED
3. Environmental Public Involvement (23 CFR §771.111)

The Engineer shall provide public involvement activities, which might include:

- a. Developing a plan for public involvement activities, public involvement plan. The plan must specify all activities to be performed and alternatives to be discussed during public involvement activities. Public involvement activities must be carried out in compliance with Attachment A, Article 38, sections J and K of the contract. The plan must also discuss outreach strategies for both the general public and targeted strategies for environmental justice and limited English proficiency populations
- b. Compiling, maintaining, and updating a mailing list of people, agencies, and organizations interested in the transportation activity
- c. Making all arrangements for public meeting and hearing, including the site of the meetings, mailing and publishing notices, preparation of exhibits, provision for taping or transcription of proceedings, security, and any other arrangements as

directed by the City. The Engineer shall not hold public meeting or hearing in the absence of City personnel

- d. Submitting all legal notices to the City for review no less than six weeks prior to publication
 - e. Arranging a meeting with the City to review all exhibits and other materials to be used prior to public meeting or hearing
 - f. Obtaining the City's approval for all legal notices, exhibits, and other materials
 - g. Providing personnel to staff meetings and hearings; including, people to perform registration, make presentations, and answer questions. Staffing levels of personnel to be provided must be identified in the work authorization
 - h. Developing and submitting to the City a meeting or hearing documentation packet
 - i. Developing and sending acknowledgement or response letters to commenters at public meeting or hearing. The Engineer shall not distribute acknowledgement or response letters without prior approval by the City
 - j. Providing materials and information regarding the transportation activity to the City to be posted on the City-developed website.
4. Community Impacts Analysis

The Engineer shall provide community impact analyses. Community impacts includes environmental justice, limited English proficiency, and other issues as addressed in TxDOT environmental guidance. The Engineer shall perform community impact assessments including environmental justice analysis in accordance with Attachment A, Article 38, Sections J and K of the contract. Community impact analyses might include:

- a. Community Impacts Assessment Technical Report Form; or
- b. Community Technical Report. The report must follow guidance provided in TxDOT's Community Impacts Assessment Toolkit. The assessment may include:
 - (1) Identification of environmental justice communities within the study area;
 - (2) A community profile;
 - (3) A displacement analysis;
 - (4) An access and travel pattern analysis;
 - (5) A community cohesion analysis;
 - (6) Determination if the project would have disproportionately high and adverse impacts on environmental justice communities. All impacts identified in the Community Impact Assessment and other relevant studies (i.e. noise analysis) must be considered to determine if the impacts disproportionately affect environmental justice communities;
 - (7) Identification of possible mitigation measures to avoid or minimize any adverse impacts to the environmental justice population within the project area;
 - (8) Summary of public involvement process including methods used to accommodate persons with limited English proficiency; and
 - (9) Identification of possible mitigation measures including those to avoid and minimize any adverse impacts to the environmental justice population within the project area.

5. Induced Growth Impact Analysis and Cumulative Impacts Analysis

The Engineer shall perform analysis to fulfill the requirements of NEPA and the most current version of the TxDOT *Guidance on Preparing Impact Analyses and Cumulative Impacts Analysis Guidelines* in TxDOT's Environmental Compliance Toolkits. The extent of the analyses must be determined in the work authorization.

6. Air Quality Studies

The Engineer shall prepare all required technical reports and the air quality section of all environmental documents in accordance with the current version of the TxDOT *Environmental Handbook for Air Quality* and Air Quality Toolkit. The City/State may determine what technical reports and documentation are required for any given project. The required technical reports and documentation might include:

- a. Qualitative mobile source air toxics (MSAT) analysis,
- b. Applicable disclosure statements in the environmental document as prescribed in the TxDOT *Guidance for Preparing Air Quality Statements*,
- c. Air quality cumulative and induced growth impacts analysis as specified above in paragraph 120.5, C, 5-Induced Growth Impact Analysis and Cumulative Impacts Analysis of this Attachment and included in the environmental document, and
- d. Response to public comments received on air quality issues.

7. Noise Analysis Technical Reporting

The Engineer shall prepare all necessary noise analyses and technical reporting.

- a. Noise Analysis Technical Reporting Requirements. At the work authorization level, the noise analysis technical reporting might include:
 - (1) Computer modeling of existing and predicted noise levels;
 - (2) Field measurements of existing noise levels and validation of existing model;
 - (3) Determining predicted noise impact contours for undeveloped property;
 - (4) Barrier analysis for impacted receivers.
- b. Noise Analysis General Requirements.
 - (1) The Engineer shall use TxDOT's .DGN file coordinate system for all traffic noise modeling, so that all design files and traffic noise modeling software coordinate systems are the same.
 - (2) The Engineer shall provide TxDOT with all .DXF files used for the traffic noise model.
 - (3) The Engineer shall review all proposed noise barrier locations as part of the traffic noise modeling process.
 - (4) The Engineer shall not begin identification of noise sensitive land uses unless TxDOT's Environmental Affairs Division's Historical Studies Branch (ENV-Historical Studies) has approved a Project Coordination Request (PCR).

8. Water Resources Analysis and Documentation

The Engineer shall provide environmental documentation, conduct field surveys, and provide analysis of water resources for compliance with state and federal regulations as described in the *Environmental Guide: Volume 2 Activity Instructions*,

<http://ftp.dot.state.tx.us/pub/txdot-info/env/toolkit/060-06-gui.pdf>, and the associated forms, templates, and guidance found in the Water Resources section of the Natural Resources Toolkit, <https://www.txdot.gov/inside-txdot/division/environmental/compliance-toolkits/natural-resources.html>. The applicable water resource studies must be determined at the work authorization level. In the case that field surveys are required, then the Engineer shall contact TxDOT's Environmental Affairs Division's Natural Resource Management Section (ENV-NRM) for clearance prior to starting fieldwork. ENV-NRM will verify that approved methods and appropriately permitted and experienced staff will be used.

At the request of the City/State, the Engineer shall provide the following water analysis:

- a. Surface Water Analysis Form, including analysis of:
 - (1) Section 404 of the Clean Water Act
 - (2) Section 303(d) of the Clean Water Act
 - (3) General Bridge Act/Section 9 of the Rivers and Harbors Act
 - (4) Section 10 of the Rivers and Harbors Act
 - (5) Section 401 of the Clean Water Act
 - (6) Executive Order 11990, Protection of Wetlands
- b. WOTUS Delineation report prepared in accordance with ENV's Documentation Standard for Waters of the U.S. Delineation Report using ENV's Template: Waters of the U.S. Delineation Report including all supporting forms and exhibits
- c. Section 404/10 Impacts Table prepared in accordance with TxDOT ENV's Section 404/10 *Impacts Table and Instructions – Preparing a Section 404/10 Impacts Table*
- d. Section 404/10/9 Permitting Package, including:
 - (1) USACE PCN Permitting Application prepared in accordance with TxDOT ENV's *Documentation Standard for PCN*
 - (2) USACE IP Permitting Application prepared in accordance with TxDOT ENV's *Documentation Standard for IP*
 - (3) Conditional/Functional Assessment
 - (4) Permittee-responsible Mitigation Plan
 - (5) 401 Certification
- e. For all WOTUS surveys, the Engineer shall:
 - (1) Provide the results of the land survey in electronic DGN file format to be incorporated into the schematic and plans. GIS and KMZ files of the land survey must also be provided.
 - (2) Determine the acres of permanent and temporary impacts and linear feet of impacts at each WOTUS and provide figures of the WOTUS and associated impacts overlaying the schematic and plan sheets.

9. Biological/Natural Resources Management Analysis and Documentation

The Engineer shall provide environmental documentation, conduct field surveys, and provide analysis of biological natural resources for compliance with state and federal regulations as described in the TxDOT *Environmental Guide: Volume 2 Activity Instructions*, <http://ftp.dot.state.tx.us/pub/txdot-info/env/toolkit/060-06-gui.pdf>, and the

associated forms, templates, and guidance found in the Natural Resources Toolkit, <https://www.txdot.gov/inside-txdot/division/environmental/compliance-toolkits/natural-resources.html>. The applicable natural resource studies must be determined at the work authorization level. In the case that field surveys are required, then the Engineer must contact ENV-NRM for clearance prior to starting work. ENV-NRM will verify that approved methods and appropriately permitted and experienced staff will be used. At the request of the City/State, the Engineer shall provide the following biological/natural resource analysis:

- a. Species Analysis Form, including:
 - (1) Species Analysis Spreadsheet, which can include a habitat analysis for the entire project area, field surveys for protected species, and presence/absence surveys.
 - (2) Tier 1 Site Assessment, which can include early coordination or administrative coordination with TPWD.
 - (3) Bald and Golden Eagle Protection Act (BGEPA) analysis and coordination assistance.

10. Initial Site Assessment (ISA) with Hazardous Materials Project Impact Evaluation Report

The Engineer shall provide an ISA with Hazardous Materials Project Impact Evaluation Report for the limits of the proposed project in accordance with Statement of Work for Hazardous Materials Processes related to NEPA in the TxDOT Hazardous Materials Management Toolkit (<http://www.txdot.gov/inside-txdot/division/environmental/compliance-toolkits/haz-mat.html>).

11. Archeological Documentation Services

The Engineer shall provide archeological studies and documentation. All archeological studies must be sufficient to satisfy the current TxDOT Archeological Sites and Cemeteries Toolkit. An archeological background study must be performed prior to field work. If the Engineer was provided with a background study by the City/State, a new background study is not required.

The Engineer shall provide archeological resource identification, evaluation, and documentation services. In compliance with TxDOT's Environmental Compliance Toolkits, the Engineer shall provide the following archeological services/deliverables:

- a. Archeological background study
- b. Archeological reconnaissance survey
- c. Archeological intensive survey

An archeological survey (reconnaissance or intensive) must be sufficient to satisfy state and federal regulations. The applicable archeological survey must be determined at the work authorization level. The Engineer shall contact TxDOT's Environmental Affairs Division's Archeological Studies Branch (ENV-ARCH) for approval prior to starting field and survey work. ENV-ARCH will verify that approved methods and appropriately permitted and experienced staff will be used.

12. Historic Resource Identification, Evaluation, and Documentation Services

The Engineer shall provide historic resource identification, evaluation, and documentation services. In compliance with TxDOT's Environmental Compliance Toolkits, the Engineer shall provide the following historic resource services/deliverables:

- a. Historic Resources PCR,

- b. Historic Resources Research Design, and
- c. Historic Resource Survey Report, including windshield, reconnaissance, or intensive level documentation.

All services, except the historic resource PCR, must have prior approval by TxDOT's Environmental Affairs Division's Historical Studies Branch (ENV-HIST) to be performed. The historic resource PCR must be accepted by ENV-HIST prior to survey field work.

13. Floodplain Impacts

The Engineer shall determine whether the transportation activity has the potential to affect floodplains. The Engineer shall document Trinity River Corridor Development Certificate Regulatory Zone requirements (Dallas and Fort Worth Districts), and IBWC requirements (transportation activity within the floodplain of the Rio Grande) if the project is within the area covered by these regulations. Studies for floodplain impacts must fulfill the requirements of Executive Order 11988 and 23 CFR 650, Subpart A. Documentation must:

- a. Briefly describe the watershed characteristics of the study area in terms of land uses and changes in land use that may affect stream discharge.
- b. Briefly describe the streams in the study area, including evidence of stream migration, down cutting, or aggradations.
- c. Identify the presence and nature (e.g., zone A, zone AE, zone AE with floodway) of any FEMA mapped floodplains; including the panel number.
- d. Indicate the existence of any significant development associated with the mapped area and identify the jurisdiction responsible for the floodplain.
- e. Identify the locations where an alternative might encroach on the base (100-year) floodplain (encroachments), where an alternative might support incompatible floodplain development, and the potential impacts of encroachments and floodplain development. This identification must be included in the text and on a map.
- f. Include a list of all jurisdictions having control over floodplains for each alternative.
- g. Where an encroachment or support of incompatible floodplain development results in impacts, provide more detailed information on the location, impacts, and appropriate mitigation measures. In addition, if any alternative (1) results in a floodplain encroachment or supports incompatible floodplain development having significant impacts, or (2) requires a commitment to a particular structure size or type, the report must include an evaluation and discussion of practicable alternatives to the structure or to the significant encroachment. The report must include exhibits that display the alternatives, the base floodplains and, where applicable, the regulatory floodplains.
- h. For each alternative encroaching on a designated or regulatory floodplain, provide a preliminary indication of whether the encroachment is consistent with or requires a revision to the regulatory floodplain. If the preferred alternative encroaches on a regulatory floodplain, the report must discuss the consistency of the action with the regulatory floodplain. In addition, the report must document coordination with FEMA and local or state agencies with jurisdiction indicating that a revision is acceptable or that a revision is not required.
- i. If the preferred alternative includes a floodplain encroachment having significant impacts, the report must include a finding that it is the only practicable alternative as required by 23 CFR 650, Subpart A. The finding must refer to Executive Order

11988 and 23 CFR 650, Subpart A. In such cases the report must document compliance with the Executive Order 11988 requirements and must be supported by the following information:

- (1) The reasons why the proposed action must be located in the floodplain;
- (2) The alternatives considered and why they were not practicable; and
- (3) A statement indicating whether the action conforms to applicable state or local floodplain protection standards

14. Stormwater Permits (Section 402 of the Clean Water Act)

The Engineer shall:

- a. describe the need to use the TPDES General Permit, TX 150000. The text must describe how the project will comply with the terms of the TPDES, including the Stormwater Pollution Prevention Plan; and
- b. describe the need for Municipal Separate Storm Sewer System (MS4) notification. List MS4 participating municipalities.

120.5. Informal Meetings.

The Engineer shall provide technical assistance with, preparation of exhibits for, and minutes of informal meetings that are either requested by the public to discuss the pending impacts to neighborhoods and businesses due to roadway shutdowns, detours and access restrictions, or deemed necessary by the City. This is not to be confused with the formal public meeting held during the National Environmental Policy Act (NEPA) process during schematic approval for Public Involvement.

120.6. Public Involvement.

Based upon the issues (as determined by the City), additional public involvement may be required. If required, public involvement may include: i) small group meetings with local officials; ii) stakeholder meetings.

120.7. Environmental Permits Issues and Commitments (EPIC) Sheets.

The Engineer shall complete the latest version of the EPIC sheets per information provided by the City. These sheets must be signed, sealed and dated by the Engineer as indicated in signature block. The final sheets must be submitted for the City/State's signature.

120.8. Cut and Fill Exhibits.

If the information is available, the Engineer shall prepare cut and fill exhibits for delineated wetland.

FUNCTION CODE 130 (130) – RIGHT-OF-WAY DATA

RIGHT-OF-WAY (ROW) DATA AND UTILITY ENGINEERING INVESTIGATION

For Function Codes 130 and 150, the term Surveyor means the firm (prime provider or subprovider) that is providing the surveying services shown in this scope.

The Engineer shall ensure that the following general standards for survey work are followed for Function Codes 130 and 150:

Unless otherwise indicated, any reference in this attachment to a manual, specification, policy, rule or regulation, or law means the version in effect at the time the work is performed. TxDOT manuals are available at: <http://onlinemanuals.txdot.gov/manuals/>.

All surveys must meet or exceed all applicable requirements and standards provided by: (1) Professional Land Surveying Practices Act, (2) General Rules of Procedures and Practices promulgated by the Texas Board of

Professional Engineers and Land Surveyors (TBPELS), and (3) *TxDOT Survey Manual*. The Surveyor shall perform all work in an organized and professional manner. All surveys are subject to the approval of the City.

The Surveyor shall use the *TxDOT ROW Preliminary Procedures for Authority to Proceed Manual* and *TxDOT Survey Manual* as the basis for the format and preparation of all right of way (ROW) documents produced, including ROW maps, written parcel descriptions, parcel plats, and other ROW work products, unless otherwise specified by the City.

Unless otherwise directed by the City, the Surveyor shall use (1) the North American Datum of 1983 (NAD83), Texas Coordinate System of 1983 (State Plane Coordinates) applicable to the zone or zones in which the work is performed, with values in U.S. survey feet, as the basis for all horizontal coordinates derived and (2) the datum adjustment currently in use by TxDOT.

Project or surface coordinates must be calculated by applying a combined adjustment factor (CAF) to State Plane Coordinate values. If provided by the City, the Surveyor shall use a project specific CAF.

Elevations must be based on the North American Vertical Datum 88 (NAVD88), unless otherwise specified by the City.

All work using the Global Positioning System (GPS), whether primary control surveys or other, must meet or exceed the requirements provided by the *TxDOT Survey Manual* to the order of accuracy specified in the categories listed below or in a work authorization. If the order of accuracy is not specified in this attachment or in a work authorization, the work must meet or exceed the order of accuracy specified in the publication listed in this paragraph.

All conventional horizontal and vertical control surveys must meet or exceed the order of accuracy specified in the *TxDOT Survey Manual* unless specified otherwise in the contract.

All boundary determination surveys, whether for ROW acquisition, ROW re-establishment, or other boundary needs, must meet or exceed the accuracy specified in the *TxDOT Survey Manual* unless specified otherwise in the contract.

The City may authorize the Surveyor to use an Unmanned Aircraft System (UAS) to perform services under this contract. The use of UAS is regulated by the Federal Aviation Administration (FAA). All UAS operators must comply with Federal Aviation Administration (FAA) regulations and the *TxDOT Unmanned Aircraft System (UAS) Flight Operations and User's Manual*.

The survey data must be fully compatible with the City/State's computer system and with programs in use by the City/State at the time of the submission, without further modification or conversion. The current programs used by TxDOT are: Microsoft Word, Bentley MicroStation, Bentley OpenRoads civil design system, Bentley GEOPAK Survey, Excel, and ESRI ArcGIS. Data collection programs must be compatible with the current import formats allowed by GEOPAK Survey and be attributed with current feature codes. These programs may be replaced at the discretion of the City/State.

Drawing sizes are defined, based on American National Standards Institute (ANSI) standard paper sizes, as follows: A-size means 8.5 inches by 11.0 inches, B-size means 11.0 inches by 17.0 inches, C-size means 17.0 inches by 22.0 inches, and D-size means 22 inches by 34.0 inches.

Variations from these software applications or other requirements listed above shall only be allowed if requested in writing by the Surveyor and approved by the City/State.

The Surveyor shall perform quality control/quality assurance on all procedures, field surveys, data, and products prior to delivery to the City. The City may also require the Surveyor to review the survey work performed by others. If, at any time, during the course of reviewing a submittal of any item it becomes apparent to the City that the submittal contains a substantial number of errors, omissions, and inconsistencies, the City may cease its review and return the submittal to the Surveyor immediately for appropriate corrective action. A submittal returned to the Surveyor for this reason is not a submittal for purposes of the submission schedule.

The standards for services that are not boundary-related but that relate to surveying for engineering projects may be determined by the construction specifications, design specifications, or as specified by the City:

130.1. Right-Of-Way Surveys (15.1.1).

This includes the performance of surveys to establish land boundaries, preparation of parcel descriptions and parcel plats, and the preparation of right-of-way (ROW) maps.

The Surveyor shall prepare:

- A. boundary surveys and create Property Descriptions (metes and bounds plus plats);
- B. create GIS files for ROWD/ Real Property Asset Map system; and
- C. traditional ROW map as requested by a TxDOT district.

The standards and deliverables are detailed in Chapter 4, Section 8 of the *TxDOT ROW Preliminary Procedures for the Authority to Proceed Manual*, and the checklist provided by the State.

130.2. Right-Of-Way Mapping – Traditional ROW Map.

If requested in a work authorization, the Surveyor shall conduct traditional ROW mapping.

Traditional ROW mapping includes ground surveying and preparation of parcel maps, legal descriptions also known as metes and bounds descriptions, and ROW maps.

A. Purpose

The purpose of traditional ROW mapping is:

- 1. To prepare mapping documents suitable for use in the acquisition of real property and the issuance of a title policy.
- 2. To prepare a map of a resurvey of existing ROW where it is necessary to update or redefine ROW lines.

B. Definitions

In this attachment, the following definitions shall apply:

- 1. Abstract Map means a scale drawing prepared from record documents depicting proposed ROW lines, existing ROW lines, easement lines, and private property lines with relevant grantee names, recording data, and recording dates.
- 2. Closure/Area Calculation Sheet means a computer-generated print-out of the area and the perimeter bearings, distances, curve data, and coordinates of an individual parcel of land to be acquired, including the degree of angular and distance mis-closure for each individual parcel.
- 3. Denial of Access Line means a line that indicates specific location where access to the roadway is denied.
- 4. Owner means the current title holder of record as determined by the Real Property Records.
- 5. Parent Tract means a unit or contiguous units of land under single ownership, comprising a single marketable tract of land consistent with the principle of highest and best use.
A parent tract may be described by a single instrument or several instruments. A single parent tract cannot be severed by a public ROW easement, or separate ownership which destroys unity of use.
- 6. Parent Tract Inset means a small map to an appropriate scale, of the parent tract perimeter placed upon the ROW map in the proximity of the respective parcel. Parent

tract insets are used in cases where the parent tract cannot be shown to the same scale as the ROW map. Since parent tract insets are used to identify the limits and location of parent tracts, they must include public ROW, utility easements and fee strips, and identifiable water courses which bound the parent tract.

7. Point of Beginning or POB means a corner of the parcel of land to be acquired, located on the proposed ROW line and being the beginning terminus of the first course of the written property description or plat.
8. Point of Commencing or POC means a monumented property corner identifiable in the real property records that is located outside the proposed ROW corridor. For title purposes, the POC must be a monumented back corner of the parent tract. In the event a monumented back corner of the parent tract cannot be recovered, the nearest identifiable monumented property corner located outside the proposed ROW corridor may be used.
9. Preliminary ROW Layout means a scaled drawing depicting proposed ROW lines, existing ROW lines, proposed pavement, access denial lines, the proposed centerline alignment, private property lines, easement lines, visible improvements, visible utilities, and the station and offset from the centerline alignment to each point of curvature (PC), point of tangency (PT), and angle point in the proposed ROW lines and to each PC, PT, and the angle point in the existing ROW lines in areas of no proposed acquisition.
10. Property Description means a document prepared as an exhibit for the conveyance of a property interest and issuance of a title policy, reflecting the results of a boundary survey, and signed and sealed by a registered professional land surveyor (RPLS), attached to an acquisition deed as Exhibit A, and consisting of the following two parts:
 - a. Written metes and bounds description delineating the area and the boundary and describing the location of an individual parcel of land unique to all other parcels of land.
 - b. Parcel plat, which is an A-size scaled drawing depicting the information recited in the metes and bounds description in 10 a. above, which represents the parcel(s) of land to be acquired.
11. ROW Maps means a series of D-size scaled drawings depicting the results of relevant elements of records research, field work, analysis, computation, and mapping required to determine title, delineate areas and boundaries, and locate and describe utilities and improvements to the extent necessary to appraise the value and negotiate the acquisition of individual parcels of private land for a proposed ROW project.

C. Procedure

All standards, procedures, and equipment used by the Surveyor must be such that, at a minimum, the results of the survey is in compliance with the precision and accuracy requirements set forth by the TBPELS rules.

1. Abstract Map

The Surveyor shall prepare an Abstract Map sufficient to determine the following:

- a. All interests of public record held in the land to be acquired.
- b. The total record holdings to be acquired from an owner contiguous to a land.
- c. All interests in land held in common to be acquired (shopping mall parking lots, subdivision reserves, etc.)
- d. All improvements proposed by other agencies that might have a bearing on project development.

e. All called monuments, bearings, and distances in recorded information.

2. ROW Map

The Surveyor shall field locate items such as: property corners, existing ROW markers, improvements, and visible utilities. The Surveyor shall verify and update the planimetric file as directed by the City.

Using the State's standard title, index, and plan sheets, the Surveyor shall prepare a ROW map for each proposed ROW project. A ROW map must include a title sheet, an index sheet, a survey control index sheet, a horizontal control data sheet, and sufficient plan sheets to cover the proposed project. If requested by the City, the Engineer shall prepare additional sheets.

By mutual agreement between the TBPELS and the State, ROW maps need not be signed and sealed by a RPLS.

Plan sheets must include the following:

- a. Proposed ROW lines. Proposed ROW lines must be labeled with appropriate bearings, distances, and curve data. Curve data must include the radius, delta angle, arc length, and long chord bearing and distance.
- b. Existing ROW lines. Existing ROW lines must be labeled with appropriate bearings, distances, and curve data to the extent necessary to describe the individual parcels of land to be acquired. Curve data must include the radius, delta angle, arc length, and long chord bearing and distance.
- c. Proposed project baseline alignment. The proposed project baseline alignment must be labeled with appropriate bearings, distances, and curve data. Curve data must include the station of the curve, point of intersection (PI), radius, delta angle, arc length, tangent length, long chord bearing and distance, and the northing (N) and easting (E) coordinates of the curve PI. All alignment PCs, PTs, and even 500 foot stations must be labeled with its station value.
- d. Proposed paving lines. Proposed paving lines combined with relevant existing paving lines must be shown to the extent necessary to compile a complete picture of proposed traffic movements. Proposed paving on the final map submitted to the City must be shaded with a dot pattern or highlighted by some other means acceptable to the City.
- e. Denial of Access lines. Denial of Access lines must be drawn to clearly indicate areas where access is to be denied and where access is to be permitted.
- f. Private property lines. Private property lines must be delineated with appropriate bearings, distances, and curve data to the extent necessary to describe the individual parcels of land to be acquired. Curve data must include the radius, delta angle, arc length, and long chord bearing and distance.
- g. League lines and survey lines. League lines and survey lines must be shown and identified by name and abstract number.
- h. County lines and city limit lines. County lines and city limit lines must be located and identified by name.
- i. North arrow. A north arrow must be shown on each sheet, in the upper right corner of the sheet.
- j. Monuments. Monumentation must be shown with a description of material and size and if the monument is found or set.

- k. PC, PT, and angle points. Station and offset must be shown for each PC, PT, and angle point in the proposed ROW lines. Stations and offsets must be shown with respect to the proposed centerline alignment.
- l. Intersecting and adjoining public ROW. Intersecting and adjoining public ROW must be shown and identified by name, ROW width, and recording data.
- m. Railroads. Railroads must be shown and identified by name, ROW width, and recording data.
- n. Utility corridors. Utility corridors must be identified as to easement or fee.
- o. Easements and fee strips. Easements and fee strips must be shown and identified by width, owner, and recording data.
- p. Set-back lines. Set-back lines (e.g., building lines) must be shown and identified.
- q. Improvements. Visible improvements located within the proposed ROW corridor or within 50 feet of a proposed ROW line must be shown and identified.
- r. Structures
 - (1) Structures must be identified as commercial or residential, by number of stories, and as to construction material type (e.g., brick, wood frame).
 - (2) Structures that are severed by a proposed ROW line must be dimensioned to the extent necessary to completely delineate the severed parts.
 - (3) Parking areas, billboards, and other on-premise signs that are severed by a proposed ROW line must be dimensioned to the extent necessary to delineate that portion of the parking area, billboard, or sign that is located within the proposed ROW corridor.
 - (4) For a structure outside of, but within ten feet of, the proposed ROW line, the distance of the structure to the proposed line must be shown. If the location of the structure is determined using a TxDOT supplied planimetric map, any structure within three feet of the proposed ROW line must be verified by field survey.
- s. Utilities. Visible utilities located within the proposed ROW corridor or within 50 feet of a proposed ROW line must be shown and identified.
- t. Underground fuel storage tanks. Visible location of vents and filler caps of underground fuel storage tanks situated within the proposed ROW corridor or within 50 feet of the corridor must be determined and shown.
- u. Points of commencing and points of beginning. POCs and POBs must be shown and labeled. POBs must be shown with their respective N and E surface coordinates. As an exception, a POC will not be required in the case of a total taking without a remainder.
- v. Parcels. Each parcel of land to be acquired must be identified by a parcel number, which must appear in the ownership tabulation and on the ROW map in the proximity of the respective parcel. If the Surveyor is unfamiliar with the criteria used by the City to assign parcel numbers, the Surveyor shall seek the assistance of the City at the time the Abstract Map is complete.
- w. Ownership tabulation. An ownership tabulation must be shown that includes the parcel number, existing area of the parent tract, lots and blocks constituting the parent tract when applicable, owner's name, type of conveyance, film code, county clerk's file number, taking area, and remaining area of the parent tract located left or

right of the centerline alignment or both. The Surveyor shall provide several blank lines in the tabulation block to facilitate future map additions.

- x. Parent tract inset. A parent tract inset must be shown for each parent tract that cannot be shown to scale on the ROW map. When parent tract insets are used, the point of commencing with the appropriate bearing and distance to the point of beginning may be shown on the parent tract inset.
- y. Data sources. A note must be included on the title sheet and each map sheet stating the source of bearings, coordinates, and datum used. The note must also include the National Geodetic Survey (NGS) or other basis monument(s) name or identification number, Texas Coordinate System Zone information, epoch information, grid or surface values and the combined adjustment factor or surface adjustment factor.
- z. Notes. Appropriate notes must be included on the title sheet and each map sheet stating the following:
 - (1) Month (or months) and year of the abstracting upon which the map is based.
 - (2) Month (or months) and year the field surveys were conducted upon which the map is based.
 - (3) Month and year the map was completed by the Surveyor.
- aa. ROW CSJ number. The ROW CSJ number, if available, must be shown on each ROW map sheet.
- bb. Tick marks. The Surveyor shall place four tick marks, one in each quadrant of the map sheet, showing the latitude and longitude (Lat/Long) in decimal degrees and the surface coordinate of each mark. The tick marks may be placed on the match lines of each map sheet, if convenient. A foot note must also be placed on the sheet defining the tick marks as Lat/Long in decimal degrees.

3. Property Descriptions

The Surveyor shall prepare a Property Description for each parcel (or tract for surplus property) consisting of two parts: (1) a metes and bounds description of the property and (2) a parcel plat. Each part of a Property Description must be signed and sealed by a RPLS.

a. Metes and bounds description

The Surveyor shall prepare a metes and bounds description for each parcel of land to be acquired. The Surveyor shall use the TxDOT standard format for metes and bounds descriptions. Metes and bounds descriptions must be submitted in Microsoft Word format and must include the following information:

- (1) State, county, and original land grant survey within which the proposed parcel of land to be acquired is located.
- (2) Reference to unrecorded and recorded subdivisions by name, lot, block, and recording data to the extent applicable.
- (3) Reference by name to the grantor and grantee, date and recording data of the most current instrument(s) of conveyance describing the parent tract.

The Surveyor shall use the execution date when citing deed references. The Surveyor shall use the recording or filing dates, making clear which date is being used if the execution date is not explicit on the face of the document.

- (4) A POC.
- (5) A POB with the N and E surface coordinates.
- (6) A series of courses, identified by number and proceeding in a clockwise direction, describing the perimeter of the parcel of land to be acquired, and labeled with appropriate bearings, distances, and curve data.
- (7) Curve data must include the radius, delta angle, arc length, and long chord bearing and distance.
- (8) Each course must be identified either as a proposed ROW line, an existing ROW line, or a property line of the parent tract. Each property line of the parent tract must be described with an appropriate ad joiner call.
- (9) A description of all monumentation set or found, which must include size and material.
- (10) A reference to the source of bearings, coordinates, and datum used.

b. Parcel plat

The Surveyor shall prepare a parcel plat for each parcel of land to be acquired using the State's standard format. Parcel plats must include each and every item of information 1) written in the metes and bounds description and 2) shown on the ROW map (if requested by the City) for the individual parcel.

D. Adherence to Standards

For purposes of clarity, consistency, and ease of understanding, the City, as an acquiring agency of private property for public use, has adopted standards and formats for a ROW map to facilitate the processes of negotiation, appraisal, relocation assistance, and condemnation. The Surveyor shall adhere to these standards and formats to every extent possible.

E. General Specifications

The following general specifications for 1) description, 2) plat, and 3) ROW mapping apply:

1. Completed ROW maps must be submitted to the City in both Bentley MicroStation Design File (DGN) and Adobe Portable Document Format (PDF) format. The maps must have a layout that will produce a D-size final print with a 0.5 inch border.
2. Parcel plats must be submitted to the City on A-size bond paper with a 0.5 inch border. Match lines must be used where more than one sheet is required.
3. ROW maps must be drawn to a scale of 1 inch = 50 feet. Scales other than 1 inch = 50 feet may be used with prior approval by the City.
4. The minimum lettering size for ROW maps is 0.1 inches at print scale.
5. Parcel plats must be drawn to a scale of 1 inch = 50 feet. Scales other than 1 inch = 50 feet may be used with prior approval by the City. In the case of large parcels which are difficult to fit on a single A-size sheet, the Surveyor shall use multiple A-size sheets with match lines.
6. The minimum size lettering for a parcel plat is 0.3 inches at print scale.
7. Property Descriptions shall be submitted on A-size bond paper.

F. General Requirements

The Surveyor shall adhere to the following general requirements:

1. Copies of instruments of record submitted to the City must be indexed by parcel number.

2. Coordinates appearing on ROW maps, on parcel plats, and in written property descriptions must be surface coordinates based on the Texas State Plane Coordinate System. The appropriate combined adjustment factors (sea level factor multiplied by the scale factor) for each zone of the coordinate system, which have been developed by the City/State, must be noted.

To obtain surface coordinates, the Surveyor shall multiply grid coordinates by the appropriate combined adjustment factor for each zone, as provided by the City/State.

3. Line and curve tables may be used when necessary.
4. The number of centerline alignment stations shown on a single plan sheet shall be limited to allow approximately four inches between match lines and sheet borders for future details and notes.
5. A minimum four-inch by four-inch space must be reserved at the bottom right corner of each map sheet for future revision notes.
6. If requested by the City/State, the Surveyor shall set a 5/8-inch rebar with a TxDOT aluminum ROW cap (or another appropriate monument) on the proposed ROW line. and replace the rebar at a later date with a TxDOT Type II ROW marker.

When the 5/8" rebar with a TxDOT rod cap is set for PCs, PTs, Pls, and 1500 foot stations, the double asterisk symbol (**) must be shown on the map sheets and written into and shown in the Property Description and must be accompanied by the following note:

****The monument described and set may be replaced with the State's Type II ROW marker upon the completion of the construction project, under the supervision of a RPLS, either employed or retained by the State.**

When new ROW lines intersect boundary lines of properties creating new boundary corners in the new ROW line, the Surveyor shall place a 5/8-inch rebar with the State's 2-inch aluminum property corner rod cap.

G. GIS Submission Requirements and Standards

All ROW mapping project work authorizations are subject to the standards and required ArcGIS deliverables detailed in Chapter 4, Section 8 of the TxDOT *ROW Preliminary Procedures for the Authority to Proceed Manual*.

H. Electronic ROW Map Standards

The primary purpose of this section is to provide instructions on the graphics standards, file management structure, and naming conventions, for ROW mapping electronic deliverables submitted to the TxDOT Right of Way Division by surveying services providers, as part of the ROW package.

The Surveyor shall adhere to the following requirements for electronic map submittals:

1. Bentley MicroStation
All graphic files for map sheets and parcel plats must be native Bentley MicroStation DGN files created using Bentley OpenRoads civil design system with TxDOT's current seed files, resource files, workspace environment, and settings.
2. Level Library Files
The Surveyor shall use the TxDOT's current MicroStation level library files for ROW mapping. The files contain all the predefined levels that are typically needed for ROW mapping and include levels for existing utilities.

3. Separate DGN Files for Each Map Sheet

The Surveyor shall provide one DGN file for each map sheet. Each file must be spatially registered to the project coordinate system.

The sheet file naming convention is "ROW CSJ_Sheet Number.dgn" (e.g., 212104065_S01.dgn).

In the example above, the first nine numbers "212104065" is the ROW CSJ number for the project and "S01" is the sheet number, beginning with number 1 as the cover sheet.

4. Naming convention for the Master Design File or Master ROW Files and Map Sheet.

The recommended naming prefix for design files is MDF (for master design file). Therefore, the prefix must be different for the ROW files because the location of the existing and proposed ROW in the design files from the schematic will change to some degree after an on-the-ground survey is made for a ROW map. Therefore, the prefix might be MRF for master ROW file.

The Surveyor shall provide the corrected Master ROW Files to the design engineer to be used in the final plans, specifications, and estimate (PS&E) so that all features of construction and the relocation of utilities will be correctly placed in relation to the highway ROW and the ROW of cross streets or roadways.

The master ROW file naming convention is: "MRF ROW CSJ_Logical Name.dgn", with examples as follows:

MRF212104065_Schematic90.dgn (for schematic layout 90% submittal)

MRF212104065_Schematic100.dgn (for schematic layout 100% submittal)

MRF212104065_SchemApprov.dgn (for final approved [State & FHWA] schematic)

MRF212104065_PSEDesign.dgn (for final PS&E design)

MRF212104065_ExROW.dgn (for existing ROW determined by RPLS)

MRF212104065_PropROW.dgn (for proposed ROW of final design)

MRF212104065_DeedPlot.dgn (for deed record)

MRF212104065_Planimetric.dgn (for aerial mapping topography)

MRF212104065_ROWTopo.dgn (for improvements data collection)

MRF212104065_DesignTopo.dgn (for design level data collection topography)

MRF212104065_ExUtil.dgn (for existing utilities)

All sheet files with a plan view must have the MRF referenced to allow more than one sheet file to be worked on at the same time.

5. File Structure of Master and Reference DGN Files

If possible, the file structure should not contain subfolders.

6. Lines Weights, Line Styles, Colors, Text Size, Text Fonts, Scale, and Annotations

Legibility is the primary concern when choosing the scale, line weights and text size. Sheets must be legible at full scale sheet size (i.e., D-size drawing) and when reduced to half scale sheet size (B-size drawing size). It is not sufficient that originals or first generation plots are legible, reproductions (copies) must retain legibility.

The normal scales for a full-sized sheet (i.e., D-size) is 1 inch = 50 feet (urban) and 1 inch = 100 feet (rural). For a half-sized sheets (i.e., B-size) the scale is 1 inch = 100 feet (urban) and 1 inch = 200 feet (rural).

The standard cell library is: TxdotSurv_04.cel or current State cell files; The standard font is Leroy. The standard State color table is: V256COLR.ctb or Txgpk.ctb.

The Surveyor shall use the TxDOT's current GEOPAK Survey SMD file that sets up new feature codes in SMD file for alignment chains, parcel chains and survey chains that can be drawn by GEOPAK Survey from the GPK file with the correct line styles, colors and weights to the designated levels loaded into the DGN by the TxDOT's current level library files.

The Surveyor shall use MicroStation Packager for the submission of electronic deliverables, which captures any non-State standard files (e.g., rsc, cel, text) that were used in the map that look and plot differently in the TxDOT's MicroStation workspace.

7. Text and Line Color considerations

Text and line colors must be legible when using background imagery.

8. Required Data in the GEOPAK ROW GPK File

Alignments, chains of proposed and existing ROW lines, parent tracts and taking parcels, and all other points collected in the field (start with schematic or design GPK file) are required.

If the design GPK file is too detailed for ROW use, the Engineer shall create input files for the information needed for the design GPK file to load into the ROW GPK file.

9. Surface Coordinate and the ROW GIS Geo-Database

Surface adjustment factors and basis of datum must be well documented in the electronic deliverables "file structure/deliverables read me" file.

10. Requirements for Electronic Deliverables

- a. Native MicroStation DGN files (reference files, sheets files, and parcel plats files);
- b. GEOPAK Survey GPK files;
- c. Separate comma delimited point files (ASCII file) in the following coordinate systems: Surface or Projected Coordinates, Grid Coordinates (Texas Coordinate System of 1983 in U.S. Survey feet) and Geographic Coordinates (WGS-84 in decimal degrees). The file will have the following format: point number, northing or latitude, easting or longitude, elevation, feature code, and point description. File naming convention is: ROWCSJ_Type of Coordinates.csv (e.g., 212101065_Surface.csv, 212101065_Grid.csv, and 212101065_WGS84.csv);
- d. PDF files created in MicroStation of map sheets (both D-size and B-size sheets), one set in black and white and another set in color if there is orthoimagery for the background;
- e. PDF files and Microsoft Word documents of signed and sealed Property Descriptions and Surveyor's Reports;
- f. Raw and processed GPS files including adjustment reports.

I. ROW Mapping Tasks to be Completed

The Surveyor shall perform the following tasks:

1. Abstracting

The Surveyor shall obtain copies of all existing ownership documents for the parent tracts along with all subdivision plats and recorded documents defining existing easements within, along or intersecting the existing ROW, and prepare an Abstract Map.

2. Field Surveys

The Surveyor shall locate and set additional horizontal and vertical control points, as necessary, at the maximum spacing distance of 1,500 feet; field locate property corners, existing ROW markers, improvements, and visible utilities; verify and update the planimetric file; and as directed by the City, perform the following:

- a. Obtain right-of-entry to survey on private property and prepare a spreadsheet of the information.
- b. Locate existing horizontal and vertical control and verify the control information, locate property corners, and update the planimetric information with any missing visible improvements or visible utilities.

The Surveyor shall base all field work and calculations on the current controls and datum provided by the City/State.

3. Property Description

- a. The Surveyor shall prepare a Property Description(s) for each parcel or tract in the form of a preliminary and a final deliverable(s). Each part of a Property Description shall be signed and sealed by an RPLS. The Surveyor shall prepare preliminary Property Description(s)- for review by the City.

Metes and bounds descriptions

The Surveyor shall prepare a metes and bounds description for each parcel of land to be acquired. The Surveyor shall follow the standard formats for metes and bounds descriptions that TxDOT has developed. If requested by the Surveyor, the City will provide copies of the standard formats for metes and bounds descriptions for all purposes of the work authorizations.

Parcel plats

The Surveyor shall prepare a parcel plat for each parcel of land to be acquired. The Engineer shall follow the standard formats for parcel plats that the City has developed. If requested by the Engineer, the City will provide copies of the standard formats. Parcel plats must include all items of information shown on the ROW map that concerns the individual parcel.

- b. The Surveyor shall prepare final deliverables.

The Surveyor shall set appropriate monuments on the proposed ROW lines at intersecting property lines, and at all points of curvature (PC), points of tangency (PT), angle points, intersecting ROW lines of side streets, and at 1,500 foot stations.

The Surveyor shall set appropriate monuments on the existing ROW lines in areas of no acquisition at all PCs, PTs, angle points, and 1,500 foot stations, and as directed by the City.

The Surveyor shall set appropriate monuments at intersecting property lines with the new ROW lines.

The Surveyor shall prepare the final ROW (ArcGIS) database template "ROW_Parcels_Edits" populated with the final parcels, final alignment, and project control points in ArcGIS 10.6.1 format or the current version in use by the City.

The Surveyor shall prepare final, signed, sealed, and dated Property Descriptions.

4. Traditional ROW Map

The Surveyor shall prepare a traditional ROW map for the specific work location consisting of the existing and proposed ROW lines.

The Surveyor shall work closely with adjoining surveyors to incorporate all relevant information.

The Surveyor shall provide the following:

- a. The Surveyor shall prepare a preliminary ROW map for review purposes.
 - b. The Surveyor shall prepare an initial ROW map for review purposes
 - c. The Surveyor shall prepare a final ROW map.
5. The Surveyor shall prepare a ROW project cover sheet using the Microsoft Word document template. The ROW project cover sheet must contain the highway, project limits, county, RCSJ, CCSJ, length of project, equations and exceptions, begin and end project information, datum statement, utility table, and signature lines for acquisition.

6. Quality Assurance and Quality Control (QA/QC)

The Surveyor shall conduct a QA/QC review and prepare a check list for each task performed.

The Surveyor shall prepare a surveyor's report regarding their survey procedures, findings, and decisions made.

J. ROW Mapping Deliverables

The Surveyor shall provide the following:

1. Scanned copies of the ownership documents and one D-size paper copy of the Abstract Map and the associated MicroStation graphics files for review purposes.
2. Field Survey Data
 - a. A spreadsheet of the property owners and right-of-entry information.
 - b. Scanned copies of the field notes, control data sheets, and a graphics file of all field survey data.
3. Property Description Submittals
 - a. Preliminary Property Description Submittals

One paper copy of the preliminary Property Description(s) for review purposes marked "Preliminary – Not to be used for recording purposes", and an electronic copy of each Property Description in PDF format.

The ROW (ArcGIS) database template "ROW_Parcels_Edits" populated with the preliminary parcels, alignment, and project control points in ArcGIS 10.6.1 format or the current version in use by TxDOT.
 - b. Final Property Description Submittals

Two paper sets of the final Property Description(s) showing the metes and bounds descriptions and parcel plats, signed and sealed by a RPLS, and the associated electronic files in PDF and Word formats.

Bentley MicroStation parcel plat graphics files and master reference files (MRF).

The ROW (ArcGIS) database template "ROW Parcels Edits" populated with the final parcels, final alignment, and project control points in ArcGIS 10.6.1 format or the current version in use by the City.

4. ROW Map Submittals

a. Preliminary ROW Map Submittals

Two D-size paper copies and one B-size half-scale paper copy of the preliminary ROW map with the note "Preliminary – Not to be used for recording purposes", and the associated MicroStation graphics files.

b. Initial ROW Map Submittals

One D-size paper copy of the initial ROW map with the note "Preliminary – Not to be used for recording purposes", and the associated Bentley MicroStation and GIS graphics files.

c. Final R.O.W. Map Submittals

Two D-size paper copies and one B-size half-scale paper copy of the final ROW map, and the associated Bentley MicroStation and GIS graphics files.

PDFs of the final ROW map.

5. Two A-size paper copies of the ROW project cover sheet and the associated Word document file.

6. QA and QC

Documentation stating that the appropriate monuments were set on the proposed ROW lines at intersecting property lines, PC's, PT's, angle points, ROW lines of side streets and at 1,500 foot stations.

Documentation stating that the appropriate monuments were set on the existing ROW lines in areas of no acquisition at intersecting property lines, PC's, PT's, angle points, ROW lines of side streets and at 1,500 foot stations.

A copy of TxDOT's ROW map checklist signed by the surveyor, if required.

A copy of the surveyor's report signed by the surveyor.

130.3. State Land Surveying (15.5.1).

State Land Surveying consists of the following activities when the resulting field notes or maps are to be filed with the General Land Office: (1) determining by survey the location or relocation of original land grant boundaries and corners; (2) calculating area and the preparing field note descriptions of surveyed and un-surveyed land or any land in which the state or the permanent school fund has an interest; (3) the preparation of maps showing such survey results. (Reference: Tex. Occ. Code §1071.002(8)).

A. Purpose

The purpose of state land surveying is to survey all state-owned real property under the management of the General Land Office (GLO) or the School Land Board (SLB), to be used by the State for highway purposes.

A survey performed by a Texas Registered Professional Land Surveyor (RPLS) is acceptable except in those circumstances in which the anticipated improvements may cause permanent shoreline alteration or other change or modification of a GLO property shoreline boundary. In such cases, a coastal boundary survey in the form and manner provided by Section 33.136, Texas Natural Resources Code, must be performed by a Texas Licensed State Land Surveyor (LSLS).

B. Tasks to be Completed by a Licensed State Land Surveyor

When requested by the City, the Surveyor shall provide state land surveying services. State land surveying services include the following:

1. Surveying coastal and water boundaries, navigable streams or rivers, and other waters that are tidally affected and that require the determination of the gradient boundary or the mean high water, as appropriate.
2. Surveying the profile of the waterway, along the proposed baseline of the highway.
3. Surveying original land grant boundaries and un-surveyed lands.
4. Preparing field note descriptions, area calculations, parcel plats, and update to the current ROW maps, to be filed in the GLO.

C. Ground Control Accuracy Standards

The Surveyor shall provide:

1. Horizontal ground control in accordance with the current project datum.
2. Vertical ground control in accordance with the current project datum.

D. Deliverables For State Land Surveying

The Surveyor shall prepare all deliverables and presentations according to current ROW mapping standards.

130.4. ROW Hearing Services. - OMITTED**130.5. Utility Engineering Investigation.**

Utility engineering investigation includes utility investigations subsurface and above ground prepared in accordance with ASCE/CI Standard 38-02

[\[\(http://www.fhwa.dot.gov/programadmin/asce.cfm\)\]](http://www.fhwa.dot.gov/programadmin/asce.cfm) and Utility Quality Levels.

A. Utility Quality Levels (QL)

Utility Quality Levels are defined in cumulative order (least to greatest) as follows:

1. Quality Level D - Quality level value assigned to a utility segment or utility feature after a review and compilation of data sources such as existing records, oral recollections, locations marked by DIGTESS, and data repositories.
2. Quality Level C - Quality level value assigned to a utility segment or utility feature after surveying aboveground (i.e., visible) utility features and using professional judgement to correlate the surveyed locations of these features with those from existing utility records.
3. Quality Level B - Designate: Quality level value assigned to a utility segment or subsurface utility feature whose existence and position is based upon appropriate surface geophysical methods combined with professional judgment and whose location is tied to the project survey datum. Horizontal accuracy of Designated Utilities is 18" (including survey tolerances) unless otherwise indicated for a specific segment of the deliverable. Quality Level B incorporates quality levels C and D information. A composite plot is created.
4. Quality Level A – Quality level value assigned to a portion (x, y, and z geometry) of a point of a subsurface utility feature that is directly exposed, measured, and whose location and dimensions are tied to the project survey datum. Other measurable, observable, and judged utility attributes are also recorded (per District Best Practices). The utility location must be tied to the project survey datum with an accuracy of 0.1 feet (30-mm) vertical and to 0.2 feet (60-mm) horizontal. As test holes may be requested up

front or during the project, test holes done prior to completion of QL D, C, or B deliverables must be symbolized on the QL B deliverable with a call out indicating test holes number. This is in addition to and not in lieu of the test hole.

B. Utility Investigations Methodology

1. Utility Investigation Quality Level D

The Engineer shall:

- a. Perform records research from all available resources. Sources include: Texas811, Railroad Commission of Texas (Texas RRC), verbal recollection, as-built information from plans, plats, permits and any other applicable information provided by the utility owners or other stakeholders.
- b. Document utility owners and contact information.
- c. Create a utility drawing of information gathered.

2. Utility Investigation Quality Level C

The Engineer shall:

- a. In combination with existing Quality Level D information, utilize surveyed above-ground utility features and professional judgement to upgrade Quality Level D information to Quality Level C. For those utilities unable to be upgraded, retain as Quality Level D.
- b. Overhead utilities information must be gathered and depicted. Sag elevations of lowest utility must be documented at road crossings, per best practices document.
- c. Storm and sanitary sewer information must be gathered from Level D and upgraded to Level C as possible, unless otherwise directed by the City.
- d. Create composite utility drawing of information gathered.

3. Designate (Quality Level B)

Designate means to indicate the horizontal location of underground utilities by the application and interpretation of appropriate non-destructive surface geophysical techniques and reference to established survey control. Designating (Quality Level B) services are inclusive of Quality Levels C and D.

The Engineer must:

- a. As requested by the City, compile "as-built" information from plans, plats and other location data as provided by the utility owners.
- b. Coordinate with utility owner when utility owner's policy is to designate their own facilities at no cost for preliminary survey purposes. The Engineer shall examine utility owner's work to ensure accuracy and completeness.
- c. Designate, record, and mark the horizontal location of the existing utility facilities using non-destructive surface geophysical techniques.
- d. Using both active and passive scans to attempt to locate any additional utilities, at the direction of the City, may be investigated using additional methods such as rodding that would then classify them as Quality Level B. A non-water based pink paint or pink pin flags must be used on all surface markings of underground utilities.
- e. Correlate utility owner records with designating data and resolve discrepancies using professional judgment. The Engineer must prepare and deliver to City a color-coded composite utility facility plan with utility owner names, quality levels, line sizes

and subsurface utility locate (test hole) locations. The Engineer and City acknowledge that the line sizes of designated utility facilities detailed on the deliverable will be from the best available records and that an actual line size is normally determined from a test hole vacuum excavation. A note must be placed on the designate deliverable only that states "lines sizes are from best available records". All above-ground utility feature locations must be included in the deliverable to the City. The Engineer shall deliver the electronic file on USB flash drive, as requested by the City. A hard copy is required and must be signed, sealed, and dated by the registered engineer overseeing the utility engineering investigation. When requested by the City, the designated utility information must be over laid on the City's design plans.

- f. Determine and inform the City of the approximate electronic utility depths at critical locations as determined by the City. The limits of this additional information should be determined prior to the commencement of work. This depth indication is understood by both the Engineer and the City to be approximate only and is not intended to be used preparing the ROW and construction plans.
 - g. Provide a monthly summary, with weekly updates, of work completed and in process with adequate detail to verify compliance with agreed work schedule.
 - h. Close-out permits as required.
 - i. Clearly identify all utilities that were discovered from Quality Levels C and D investigation but cannot be depicted in Quality Level B standards. These utilities must have a unique line style and symbology in the designate (Quality Level B) deliverable.
 - j. Comply with all applicable TxDOT policy and procedural manuals.
4. Subsurface Utility Locate (Test Hole) Service (Quality Level A)

Locate is the process used to obtain precise horizontal and vertical position, material type, condition, size, and other data that may be obtainable about the utility facility and its surrounding environment through exposure by non-destructive excavation techniques that ensures the integrity of the utility facility. Subsurface Utility Locate (Test Hole) Services (Quality Level A) are inclusive of Quality Levels B, C, and D.

The Engineer must:

- a. Review requested test hole locations and advise the City in the development of an appropriate locate (test hole) work plan relative to the existing utility infrastructure and proposed highway design elements.
- b. Coordinate with utility owner inspectors as may be required by law or utility owner policy.
- c. Place Texas 811 ticket 48 hours prior to excavation.
- d. Neatly cut and remove existing pavement material, such that the cut does not exceed 0.10 square meters (1.076 square feet) unless unusual circumstances exist.
- e. Measure and record the following data on an appropriately formatted test hole data sheet that has been sealed and dated by the Engineer:
 - (1) Elevation of top of utility tied to the datum of the furnished plan.
 - (2) Minimum of two benchmarks utilized. Elevations must be within an accuracy of 15mm (.591 inches) of utilized benchmarks.
 - (3) Elevation of existing grade over utility at test hole location.

Schematic, Environmental, and PS&E for
Parvin Road / Frontier Parkway

- (4) Horizontal location referenced to project coordinate datum.
 - (5) Outside diameter of pipe or width of duct banks and configuration of non-encased multi-conduit systems.
 - (6) Utility facility materials.
 - (7) Utility facility condition.
 - (8) Pavement thickness and type.
 - (9) Coating/wrapping information and condition.
 - (10) Unusual circumstances or field conditions.
- f. Excavate test holes in such a manner as to prevent any damage to wrappings, coatings, cathodic protection, and other protective coverings and features. Water excavation can only be utilized with written approval from the appropriate TxDOT district office.
 - g. Be responsible for any damage to the utility during the locating process. In the event of damage, the Engineer must stop work, notify the appropriate utility facility owner, the City, and appropriate regulatory agencies. The regulatory agencies include: the Railroad Commission of Texas and the Texas Commission on Environmental Quality. The Engineer shall not resume work until the utility facility owner has determined the corrective action to be taken. The Engineer is liable for all costs involved in the repair or replacement of the utility facility.
 - h. Back fill all excavations with appropriate material, compact backfill by appropriate mechanical means, and restore pavement and surface material.
 - i. Furnish and install a permanent above-ground marker (as specified by the City, directly above center line of the utility facility).
 - j. Provide complete restoration of work site and landscape to equal or better condition than before excavation. If a work site and landscape is not appropriately restored, the Engineer shall return to correct the condition at no extra charge to the City.
 - k. Plot utility location position information to scale and provide a comprehensive utility plan signed and sealed by the responsible professional engineer. This information must be provided in the latest version of MicroStation and be fully compatible with the OpenRoads civil design system used by the City/State. The electronic file will be delivered on USB flash drive as requested. When requested by the City, the locate information must be over laid on the City's design plans.
 - l. Return plans, profiles, and test hole data sheets to the City. If requested, conduct a review of the findings with the City.
 - m. Close-out permits as required.

130.6. Utility Adjustment Coordination

Utility Adjustment Coordination includes communicating, coordinating, and conducting meetings with any one, combination, or all of the following: individual utility companies, Local Public Agencies (LPAs), TxDOT Project Manager, TxDOT Utility Staff, TxDOT Right of Way Project Delivery, design engineer, maintenance staff, and area office staff. The Engineer's utility coordination duties include, but are not limited to, preparation or assisting others in preparing utility agreement assemblies including utility agreements, utility reimbursable billings, joint use agreements, assisting utility companies with utility permit submittals, and assisting with documentation for advance funding agreements (AFAs).

A. Utility Coordination

The Utility Coordinator must perform utility coordination and liaison activities with involved utility owners, their consultants, and the City to achieve timely project notifications. In conjunction with formal coordination meetings, the Utility Coordinator must create meeting minutes, create and update the utility conflict matrix, create action item log, perform document control, and assist with conflict analysis and resolution. The Utility Coordinator must act as the "Responsible Party" as indicated in the State's – Utility Cooperative Management Process and Right of Way Utility Adjustment Subprocess (See the *TxDOT ROW Utilities Manual*, Chapter 2).

1. Utility Coordinator must coordinate utility related activities with the City, or its designee, to facilitate the orderly progress and timely completion of the City's design phase. The Utility Coordinator is responsible for the following:
 - a. Work Plan. Coordinate a work plan including a list of the proposed meetings and coordination activities, related tasks to be performed, schedule, and an estimate for the anticipated impacted utility facilities. The work plan must satisfy the requirements of the project and must be approved by the City prior to commencing work.
 - b. Orientation. Prepare and present, in collaboration with City staff, instruction and orientation sessions as required by the City. The instruction must introduce the Utility Engineering Investigation process, demonstrate the technology, and facilitate the preparation of Work Orders, billing, safety requirements, and contract related documentation.
 - c. Initial Project Meeting. Attend an initial meeting and an on-site inspection (when appropriate) to ensure familiarity with existing conditions and project requirements and prepare a written report of the meeting. The Engineer shall prepare the Notice of Proposed Construction (NOPC). If requested by the City, the Engineer shall send the NOPC to the Utility Companies 14 to 30 days prior to the initial project meeting. The Engineer shall send NOPC form to stakeholders in the project limits to give notice of the upcoming construction project.
 - d. External Communications. The Utility Coordinator must coordinate all activities with the City, its contractors, representatives, and stakeholders, as authorized by the City. The Utility Coordinator must provide the City with copies of diaries, correspondence, and other documentation of work-related communications between the Utility Coordinator, utility owners, and other outside entities at submittal milestones and upon request of the City.
 - e. Permits and rights of entry (for access into private property). The Utility Engineer must apply for and secure all necessary permits from city, county, municipality, railroad, or other jurisdiction to allow the Engineer to work within existing streets, roads, or private property for additional Designating and/or Utility Engineering Investigation within the project limits.

- f. The Engineer shall use the Notice of Required Accommodation (NORA) forms if the utility is found to be in conflict with the project. The Engineer shall ensure all appropriate documentation is sent with these forms.
 - g. Progress Meetings. The Utility Coordinator must implement a schedule of periodic meetings and milestone meetings with each utility company and owner or owner's representatives for coordination purposes. Such meetings must commence as early as possible in the design process and continue until completion of the project. The Utility Coordinator must notify the City at least five business days in advance of each meeting to allow the City the opportunity to participate in the meeting. The Utility Coordinator must provide and produce meeting minutes of all meetings with said utility companies, owners, or owners' representatives within seven business days. The frequency of these meetings must be appropriate to the matters under discussion with each utility owner.
2. As required, the Utility Coordinator must coordinate with the local utilities committees and councils to present a footprint of the City's projects with represented utility companies and owners. The Utility Coordinator must also coordinate with any other utility committees which might include county, city, or other officials, as needed.
 3. The Utility Coordinator must provide the City and all affected utility companies and owners with a contact list and Utility Conflict Matrix (UCM) for each project with information such as:
 - a. owner's name;
 - b. contact person;
 - c. telephone numbers;
 - d. emergency contact number;
 - e. e-mail addresses; and
 - f. pertinent information concerning their respective affected utilities and facilities, including but not limited to: size, number of poles, material, and other information that readily identifies.

The Engineer is responsible for updating the UCM throughout the project and at each milestone.
 4. The Utility Coordinator must advise utility companies and owners of the general characteristics of the Project and provide an illustration of the project footprint for mark-up of the utility facility locations that occupy the project area by distributing the Subsurface Utility Engineering (SUE) plan sheets or project layout sheets.
- B. Utility Agreements for Utility Adjustments - OMITTED
- C. Utility Adjustment Coordination Valuable Final Product (VFP)-
- End Result: stakeholders informed and fully engaged in the Project
- The Engineer shall:
1. List and document stakeholders and their respective representatives.
 2. Inform stakeholders via NOPC and get receipt of delivery.
 3. Create meetings so that stakeholders become aware of the scope of the project.
 - a. Create initial work plan (including milestones) for meetings and activities.
 - b. Conduct initial scope meeting for all stakeholders (to create interest).

- c. Conduct orientation meeting to introduce the technology (including SUE), methods, and forms required for utility activities related to the project. Provide roll plot or GIS maps showing details of the project area.
- 4. Document and work with required accommodation stakeholders and utility owners to program the accommodation.
- 5. When requested by City, assist with exception documentation and exception request.
- 6. When requested by City, assist with AFAs.
- D. Deliverables

The Engineer shall submit the following deliverables to the City:

 - 1. Initial meeting sign-in sheet, meeting scope, and meeting minutes.
 - 2. List of all stakeholders and their respective representatives with primary and secondary contact information.
 - 3. NOPC notices sent and acknowledged.
 - 4. Utility conflict matrix.
 - 5. NORA sent to utility companies that are found "in-conflict" with the project proposed construction.
 - 6. Each utility conflict with planned actions to address conflict. Typical strategies include Avoid-Minimize-Accommodate (AMA).
 - 7. Letters recommending approval of Reviewed Utility Installation Requests (UIR) (Form 1082).
 - 8. Ensure compliance with UAR.

FUNCTION CODE 145 (145, 164) – MANAGING CONTRACTED/DONATED PE

CONTRACT MANAGEMENT AND ADMINISTRATION

145.1. Contract Management and Administration.

The Engineer shall:

- A. Act as an agent for the City when specified in a work authorization.
- B. Produce a complete and acceptable deliverable for each environmental service performed for environmental documentation.
- C. Incorporate environmental data into identification of alternatives.
- D. Notify the City of its schedule, in advance, for all field activities.
- E. Notify the City as soon as practical, by phone and in writing, if performance of environmental services discloses the presence or likely presence of significant impacts (in accordance with 40 Code of Federal Regulations (CFR) 1500-1508). Inform the City of the basis for concluding there are significant impacts and the basis for concluding that the impacts might require mitigation.
- F. Notify the City as soon as practical, by phone and in writing, if performance of environmental services results in identification of impacts or a level of controversy that might elevate the

transportation activity's status from a categorical exclusion or environmental assessment. The City/State will reassess the appropriate level of documentation.

145.2. Project Management and Administration

The Engineer, in association with the City's Project Manager shall be responsible for directing and coordinating all activities associated with the project to comply with City/State policies and procedures, and to deliver that work on time.

Project Management and Coordination. The Engineer shall coordinate all subconsultant activity to include quality of and consistency of plans and administration of the invoices and monthly progress reports. The Engineer shall coordinate with necessary local entities.

The Engineer shall:

- A. Prepare monthly written progress reports for each project.
- B. Develop and maintain a separate detailed project schedule to track project conformance for the design schematic and PS&E. The schedule submittals shall be hard copy and electronic format.
- C. Meet on a scheduled basis with the City to review project progress. Prepare, distribute, and file both written and electronic correspondence.
- D. Prepare and distribute meeting minutes.
- E. Document phone calls and conference calls as required during the project to coordinate the work for various team members.
- F. Provide QC and QA documentation for all submittals, including the sub consultants.

FUNCTION CODE 160 (150) – ROADWAY DESIGN

DESIGN SURVEYS AND CONSTRUCTION SURVEYS

150.1. Design And Construction Survey.

- A. Definitions
 1. Design Survey (15.2.1)

A design survey gathers data in support of transportation systems design. A design survey includes the research, field work, analysis, computation, and documentation necessary to provide detailed topographic (3-dimensional) mapping of a project site (e.g. locating existing ROW, surveying cross-sections or developing data to create cross-sections and digital terrain models, horizontal and vertical location of utilities and improvements, collecting details of bridges and other structures, review of ROW maps, establishing control points).
 2. Construction Survey (15.2.2)

A construction survey provides data in support of transportation systems construction. A construction survey may include reconnaissance, field work, analysis, computation, and documentation necessary to provide horizontal and vertical positions of specific ground points to establish lines or grades or for the validation of quantities of materials placed or removed. Construction layout and staking is included in this category.
- B. Technical Requirements for Design and Construction Surveys
 1. Design surveys and construction surveys must be performed under the supervision of a RPLS currently registered with the TBPELS.

2. All control must meet the accuracy requirements of the City/State.
The Surveyor shall comply with the standards of accuracy for control traverses provided in the *TxDOT Survey Manual* or the *TSPS Manual of Practice for Land Surveying in the State of Texas*, as may be applicable.
3. Short traverse procedures used to determine horizontal and vertical locations must meet the following criteria:
 - a. Short traverses must begin and end on horizontal and vertical ground control as described above.
 - b. Required horizontal accuracy (unless otherwise stated):
 - (1) Bridges and other roadway structures: less than 0.1 feet.
 - (2) Utilities and improvements: less than 0.2 feet.
 - (3) Cross-sections and profiles: less than 1 foot.
 - (4) Bore holes: less than 3 feet.
 - c. Required vertical accuracy:
 - (1) Bridges and other roadway structures: less than 0.02 feet.
 - (2) Utilities and improvements: less than 0.1 feet.
 - (3) Cross-sections and profiles: less than 0.2 feet.
 - (4) Bore holes: less than 0.5 feet.

C. Data Requirements for Design and Construction Surveys

1. Planimetric DGN files must be fully compatible with the version of the MicroStation graphics program currently used by TxDOT without further modification or conversion.
2. Electronically collected and processed field survey data files must be fully compatible with TxDOT's computer systems without further modification or conversion. All files must incorporate only those feature codes currently being used by TxDOT.
3. Digital terrain models (DTMs) must be fully compatible with the version of the Bentley OpenRoads civil design system currently used by TxDOT without further modification or conversion. All DTM must be fully edited to provide a complete digital terrain model with all necessary break lines.

150.2. Design Survey (15.2.1).

A. Tasks to be Completed – Design Surveys

If requested by the City, the Surveyor shall perform one or more Design Surveys. Design Survey tasks include the following:

1. Collect data to create cross-sections and DTMs.
2. Locate existing utilities.
3. Locate existing improvements.
4. Provide details of existing bridge structures, including bridge limits, bents, columns, retaining walls, and natural ground elevations.
5. Locate details of existing drainage features including culverts, manholes, retention and detention ponds, flowlines, and associated features.
6. Locate all waters of the United States (WOTUS), including wetlands.

7. Review existing ROW maps and locate the existing ROW.
 - a. Review existing ROW maps
The Surveyor shall review ROW maps prepared by others for completeness using the current schematic and the checklist provided by the TxDOT district.
 - b. Locate existing ROW
The Surveyor shall resurvey the existing ROW where it is necessary to update or redefine ROW lines. All standard surveying procedures must be adhered to including record research, recovering existing monuments, and replacing monuments as appropriate. The Surveyor shall prepare an abstract map, preliminary map, final map, GIS graphics file, and a Surveyor's report. The final map must also include a monument table showing the property monuments that were found and set, and certified by the Surveyor. The Surveyor shall prepare maps either in standard map sheets format or roll map format as requested by the TxDOT district.
8. Locate boreholes.
9. Perform hydrographic surveys, according to details requested by the TxDOT district.
10. Verify the condition and usefulness of existing control points including verification of the values. Establish additional control as needed. Tie to other control points in the project vicinity including points established by the National Geodetic Survey (NGS), the Federal Emergency Management Agency (FEMA), and any other local entities as directed by the City.

The Engineer's Surveyor shall access the State's Virtual Reference System (VRS) to set pairs of control monuments throughout the project limits. The monument pairs are to be set a maximum of fifteen hundred (1500) feet apart, visible to themselves at approximately every two (2) miles. Control points shall be stamped with point names determined by the City. Control points will be observed at 180 epochs of data at a minimum of three different times during the day and averaged to a final value of 0.04 feet of the Northing, Easting, and Elevation. The Surveyor shall provide an 11"x17" Survey Control Index Sheet and Horizontal and Vertical Control Sheet. The Survey Index Sheet and the Horizontal and Vertical Control Index Sheets shall be signed and sealed by a Registered Professional Land Surveyor (RPLS).
11. Update existing control information and prepare new survey control data sheets, as directed by the City to be included in the construction plan set as described below:
 - a. The Surveyor shall prepare, sign, seal, and date a survey control index sheet and horizontal and vertical control sheet(s) to be inserted into the plan set.
 - b. The survey control index sheet provides an overview of the primary project control and must include:
 - (1) An unscaled vicinity map showing the general location of the project in relation to nearby towns or other significant cultural features.
 - (2) A scaled project map showing the extents of the project and the location of the primary control points. The map must show street networks, selected street names, control point identification, and significant cultural features necessary to provide a general location of the primary control.
 - (3) A table containing the primary control point values including the point number, northing, easting, elevation, stationing, and stationing offset values.

- (4) Map annotation including a graphic scale bar, north arrow, and standard TxDOT title block. The title block shall contain a section for the district name, county, highway, and CSJ number. The title block shall also contain a section for a Texas registered engineer to sign, seal and date the sheet to include the following statement, "The survey control information has been accepted and incorporated into this PS&E." The required format of the survey control index sheet can be downloaded from the TxDOT website.
 - (5) In the title block under the heading "Notes", identification of the horizontal and vertical datum on which the primary control is based with the date of the current adjustment, the surface adjustment factor used, and unit of measure. The Surveyor shall include a note stating that the coordinates are State Plane and a notation specifying either grid or surface adjusted coordinates.
- c. The Surveyor shall prepare horizontal and vertical control sheets providing detailed information about the construction, location, and monumentation of the primary control, which must include:
- (1) An unscaled location map for each primary control point showing the location of the monument in relation to physical features located in the vicinity. The location map must include a north arrow, the monument designation, the monument northing, easting, and elevation.
 - (2) Directly below the location map a text description of the monument including size, material, and construction followed by a description of the location of the monument starting with the county and state followed by a description suitable to locate the monument on the ground.
 - (3) Map annotation including a graphic scale bar, north arrow, and a standard TxDOT title block. The title block must contain a section for the district name, county, highway, and CSJ number and contain a section for a Texas registered engineer to sign, seal and date the sheet to include the following statement, "The survey control information has been accepted and incorporated into this PS&E." The required format of the survey control index sheet can be downloaded from the TxDOT website.
 - (4) In the title block under the heading "Notes", identification of the horizontal and vertical datum on which the primary control is based with the date of the current adjustment, the surface adjustment factor used, and unit of measure. The Surveyor shall include a note stating that the coordinates are either grid or surface adjusted coordinates.
- d. Provide low chord elevations of each existing bridge. Locate all piles or drilled shafts for interior bents and abutments, if visible.

150.3. Construction Survey (15.2.2).

A. Tasks to be Completed – Construction Surveys

If requested by the City, the Surveyor shall perform Construction Surveying. Construction Surveying tasks include the following:

1. Recover and check existing control points.
2. Establish additional control points.
3. Stake existing or proposed ROW.
4. Check elevations and locations of structures.

5. Determine and resolve conflicts within the survey data.

150.4. Deliverables for Design and Construction Surveys.

The Surveyor shall prepare and submit the deliverables as specified in individual work authorizations for design surveys and construction surveys. The deliverables might be any combination of the following:

- A. Digital terrain models (DTM) and the triangular irregular network (TIN) files in a format acceptable by the City.
- B. Maps, plans, or sketches prepared by the Surveyor showing the results of field surveys.
- C. Computer printouts or other tabulations summarizing the results of field surveys.
- D. Digital files or media acceptable by the City containing field survey data (ASCII data files).
- E. Maps, plats, plans, sketches, or other documents acquired from utility companies, private corporations, or other public agencies, the contents of which are relevant to the survey.
- F. Field survey notes, as electronic and hard copies.
- G. TxDOT Form 2462 for each primary and secondary control point. This form must be submitted in printed format on letter (i.e., A-size) and submitted electronically in PDF format.
- H. A digital and hard copy of all computer printouts of horizontal and vertical conventional traverses, GPS analysis and results, and survey control data sheets.
- I. All GEOPAK files and OpenRoad files.
- J. Survey reports in a format requested by the City.

150.5. Mapping (15.3).

Mapping includes the geospatial data collection and mapping by means of aerial photogrammetry, terrestrial (close range) photogrammetry, terrestrial LiDAR, mobile LiDAR, and other remote sensing technologies.

A. Purpose

The purpose of mapping is to provide map and related data to support transportation projects including project design and other uses.

B. Definitions

1. Aerial Photogrammetry (15.3.1) – Aerial Photogrammetry means the collection and processing of photography acquired from an airborne platform to develop DGN and DTM files.
2. Terrestrial Photogrammetry (15.1.2) – Terrestrial Photogrammetry means the collection and processing of photography acquired at or near ground level to develop DGN and DTM files.
3. Airborne LiDAR (15.3.4) – Airborne LiDAR means laser scanning equipment mounted on a helicopter or other airborne platform to collect data to process for DGN and DTM files.
4. Terrestrial LiDAR (15.3.3) – Terrestrial LiDAR means laser scanning equipment operated from a stationary base on the earth's surface to collect data to process for DGN and DTM files.
5. Mobile LiDAR (15.3.4) – Mobile LiDAR means laser scanning equipment mounted on a moving vehicle operating on the earth's surface to collect data to process for DGN and DTM files.
6. UAS means Unmanned Aircraft Systems (e.g., drones).

7. UAS LiDAR means laser scanning equipment on an unmanned aerial vehicle (e.g., drones) to collect data to process for DGN and DTM files.

- 150.10. **Mapping Services to be Provided. - OMITTED**
- 150.11. **Horizontal And Vertical Control (15.3.5).**

This includes the establishment of horizontal and vertical control for survey projects.

A. Overview of Horizontal and Vertical Control

A horizontal control survey is performed for the purpose of placing geographic coordinates of latitude and longitude on permanent monuments for referencing lower levels of surveys. A projection is used to place the coordinates on a plane of northing and easting values for simplified measurements. Scale and elevation factors are applied to make the distance measurements applicable to the exact location on the working surface and the type of projection chosen is an “equal angle” type.

A vertical control survey is performed for accurately determining the orthometric height (elevation) of permanent monuments to be used as bench marks for lower quality leveling. Spirit leveling is the usual method of carrying elevations across country from “sea level” tidal gauges. However, Global Positioning System (GPS) can be used indirectly but with less accuracy. Height measurements from the ellipsoid (as opposed to the “sea level” geoid) can be determined very accurately with GPS and only GPS. Trigonometric leveling, with a total station, is not acceptable for vertical control work.

B. Definitions

1. BM means bench mark, which is a relatively permanent object whose elevation above or below an adopted datum is known.
2. CORS means continuously operating reference station, which is a network of the highest quality horizontal stations, forming the National Spatial Reference System (NSRS).
3. Control Survey means a survey providing positions (horizontal or vertical) of points to which supplemental surveys are adjusted.
4. Datum means a mathematical model of the earth designed to fit part or all of the geoid.
5. Datum Point Rod or Deep Rod Monument means a monument driven to refusal by a power driver, used for major project control.
6. GPS means the Global Positioning System, which is based on a constellation of 24 satellites orbiting the earth at a very high altitude.
7. Horizontal Control Survey means placing geographic coordinates of latitude and longitude on permanent monuments.
8. Level 1 survey means RRP, CORS or major control densification.
9. Level 2 Survey means primary project control.
10. Level 3 Survey means secondary project control.
11. NGS means National Geodetic Survey

12. RRP means Regional Reference Point, which is a TxDOT Continuously Operating Reference Point.
13. Type II Monument means a disk driven onto a length of 5/8-inch rebar with the hole filled flush with concrete.
14. Vertical Control Surveys means a survey performed for accurately determining the orthometric height (elevation) of permanent monuments to be used as bench marks for lower quality leveling.

C. Procedure for Horizontal and Vertical Control

1. The Surveyor shall establish horizontal and vertical control points, including offsite points. The Surveyor shall prepare signed survey control data sheets, a survey control index sheet, and a composite layout of the horizontal and vertical controls, and as directed by the City.
2. The Surveyor shall update existing control information and prepare new survey control data sheets, as directed by the City, to be included in the construction plan set as described in Item 150.11, D.

D. Technical Requirements for Horizontal and Vertical Control

The Surveyor shall adhere to the following technical requirements.

1. Horizontal and vertical controls must be performed under the supervision of a RPLS currently registered with the TBPELS.
2. Horizontal ground control used for design surveys and construction surveys, furnished to the Surveyor by the City or based on acceptable methods conducted by the Surveyor, must meet the standards of accuracy required by the City/State.

The Surveyor shall comply with the standards of accuracy for horizontal control traverses, as described in the *TxDOT Survey Manual* or the *TSPS Manual of Practice for Land Surveying in the State of Texas*, as may be applicable.
3. Vertical ground control used for design surveys and construction surveys, furnished to the Surveyor by the City or based on acceptable methods conducted by the Surveyor, must meet the standards of accuracy required by the City/State.

The Surveyor shall comply with the standards of accuracy for vertical control traverses, as described in the *TxDOT Survey Manual* or the *TSPS Manual of Practice for Land Surveying in the State of Texas*, as may be applicable.
4. Monuments

The Surveyor shall install survey monuments for a horizontal and vertical control survey that are reasonably permanent and substantial. The monuments shall be easily identified and afforded reasonable protection against damage and or destruction.
 - a. Offsite primary control points whether set by GPS or conventional survey methods must be set in pairs approximately 2000 feet apart outside of the project on side roads. Offsite points must be constructed approximately every 2 miles and set approximately 6 inches below natural ground and must be inter-visible between each pair of points.
 - b. Secondary control points must be set approximately 6 inches below ground at a maximum distance of 1,500 feet apart.
5. Side shots or short traverse procedures for total stations used to determine horizontal and vertical locations must meet the following criteria:

Schematic, Environmental, and PS&E for
Parvin Road / Frontier Parkway

- a. Short traverses and instrument setups for side shots must begin and end on horizontal and vertical ground control as described above.
 - b. Standards, procedures, and equipment (e.g., GPS Equipment, LiDAR, Total Stations) used must be such that horizontal locations relative to the control can be reported within the specification to allow the engineer to accurately create the design to the following limits:
 - (1) Bridges and other roadway structures: less than 0.02 feet.
 - (2) Utilities and improvements: less than 0.2 feet.
 - (3) Cross-sections and profiles: less than 0.2 feet.
 - (4) Bore holes: less than 0.5 feet.
 - c. Standards, procedures, and equipment (e.g., GPS Equipment, LiDAR, Total Stations) used must be such that vertical locations relative to the control may be reported to within 0.02 feet.
6. The Surveyor shall update existing control information and prepare new survey control data sheets, as directed by the City, to be included in the construction plan set as described below:
- a. The Surveyor shall prepare, sign, seal, and date a survey control index sheet and horizontal and vertical control sheets to be inserted into the plan set.
 - b. The Surveyor shall prepare a survey control index sheet that provides an overview of the primary project control and must include:
 - (1) An unscaled vicinity map showing the general location of the project in relation to nearby towns or other significant cultural features.
 - (2) A scaled project map showing the extents of the project and the location of the primary control points. The map must show street networks, selected street names, control point identification, and significant culture features necessary to provide a general location of the primary control.
 - (3) A table containing the primary control point values including the point number, northing, easting, elevation, stationing, and stationing offset values.
 - (4) Map annotation including a graphic scale bar, north arrow, and standard TxDOT title block. The title block must contain a section for the district name, county, highway, and CSJ number. The title block must also contain a section for a Texas registered engineer to sign, seal, and date the sheet to include the following statement, "The survey control information has been accepted and incorporated into this PS&E".

The Surveyor shall download the required format of the survey control index sheet from the TxDOT website.
 - (5) In the title block under the heading "Notes", identification of the horizontal and vertical datum on which the primary control is based with the date of the current adjustment, the surface adjustment factor used, and unit of measure. The surveyor shall include a note stating that the coordinates are State Plane and a notation specifying either grid or surface adjusted coordinates.

E. Data Requirement

The Surveyor shall perform post processing of field data, which will be reviewed by the City. Data processed by standard calculators, computers, and other business hardware and software normally maintained and used by the Surveyor will be considered acceptable.

F. Tasks to be Completed

The Surveyor shall perform the following tasks:

1. The Surveyor shall establish horizontal and vertical control points, including offsite points. The Surveyor shall prepare signed survey control data sheets, a survey control index sheet, and a composite layout of the horizontal and vertical controls, and as directed by the City.
2. The Surveyor shall set primary offsite control points in pairs, approximately 2 miles apart outside of the project area.
3. The Surveyor shall set secondary control points approximately 6 inches below ground at a maximum distance of 1,500 feet apart.
4. The Surveyor shall establish horizontal and vertical control from the TxDOT Virtual Reference Station (VRS) Network, and as directed by the City.
5. The Surveyor shall tie and tabulate horizontal and vertical control to other control points and datums in the vicinity established by other sources such as the National Geodetic Survey (NGS), the Federal Emergency Management Agency (FEMA), TxDOT VRS Network, and as directed by the City.

G. Deliverables

The Surveyor shall provide the following:

1. A B-size plot and MicroStation graphics files of the index map showing an overall view of the project and the relationship of the primary monuments and control points established for the project, signed and sealed by a registered professional land surveyor (RPLS), and as directed by the City.
2. One A-size data sheet for each control point which shall include, but need not be limited to, a location sketch, a physical description of the point, surface coordinates, the elevation, and the datum used.
3. A USB flash-drive containing the graphics files and scanned images of the control data sheets.
4. A written statement describing the datum used, signed and sealed by a RPLS, along with copies of all relevant NGS and TxDOT data sheets.

FUNCTION CODE 160(160) - ROADWAY DESIGN**ROADWAY DESIGN CONTROLS**

The Engineer shall inform the City of changes made from previous initial meetings regarding each exception, waiver, and variance that may affect the design. The Engineer shall cease all work under this task until the exceptions, waivers, and variances have been resolved between the Engineer and the City unless otherwise directed by the City to proceed. The Engineer shall identify, prepare exhibits, and complete all necessary forms for Design Exceptions and Waivers within project limits prior to the 30% Submittal. These exceptions shall be provided to the City for coordination and processing of approvals.

160.1. Roadway Design.

The Engineer shall use Bentley's OpenRoads 3D Design technology in the design and preparation of the roadway plan sheets, using the version of MicroStation OpenRoads Designer and/or MicroStation Connect Edition that are implemented at TxDOT at the time the work authorization is executed. However, TxDOT may approve the use of other versions.

The Engineer shall provide roadway plan and profile drawings using CADD standards as required by the City/State (when applicable). The drawings must consist of a planimetric file of existing features and files of the proposed improvements. The roadway base map must contain line work that depicts existing surface features obtained from the schematic drawing. Existing major subsurface and surface utilities must be shown if requested by the City. Existing and proposed right-of-way lines must be shown. Depending on the width of the pavement, the plan view and profile view may be shown on separate sheets or the same sheets for main lanes, frontage roads, and direct connectors.

A. The plan view must contain the following design elements:

1. Calculated roadway centerlines for mainlanes and cross streets, as applicable. Horizontal control points must be shown. The alignments must be calculated using OpenRoads horizontal geometry tools.
2. Pavement edges for all improvements (mainlanes, cross streets, and driveways, if applicable).
3. Lane and pavement width dimensions.
4. The geometrics of mainlanes.
5. Proposed structure locations, lengths, and widths.
6. Direction of traffic flow on all roadways. Lane lines and arrows indicating the number of lanes must also be shown.
7. Drawing horizontal scale must be 1" = 100'
8. Control of access line, ROW lines, and easements.
9. Begin and end superelevation transitions and cross slope changes.
10. Limits of riprap, block sod, and seeding.
11. Existing utilities and structures.
12. Benchmark information.
13. Metal beam guard fence locations.
14. Radii call outs, curb location, Concrete Traffic Barrier (CTB), guard fence, crash safety items and American with Disabilities Act Accessibility Guidelines (ADAAG) compliance items.
15. Curve data shall be shown on each corresponding plan view sheet.
16. North arrow.

B. The profile view must contain the following design elements:

1. Calculated profile grade line (PGL) for proposed mainlanes (cite direction) and cross streets, if applicable. Vertical curve data, including "K" values must be shown. The profiles must be calculated using OpenRoads vertical geometry tools.
2. Existing and proposed profiles along the proposed centerline of the mainlanes.

3. Water surface elevations at major stream crossing for 2, 5, 10, 25, 50, and 100-year storms.
4. Calculated vertical clearances at grade separations and bridges, taking into account the appropriate superelevation rate, superstructure depth and required clearance.
5. The location of mainlanes and grade separations, and cross sections of any proposed or existing roadway, structure, or utility crossing.
6. Drawing vertical scale must be 1" = 10'.

C. Preliminary Geometric Project Layout.

The Engineer shall develop a preliminary geometric project layout (Layout) and a preliminary 3D corridor model for the full length of the project to be reviewed and approved by the City prior to the Engineer proceeding with the 30% milestone submittal package.

The Layout must consist of a planimetric file of existing features and the proposed improvements within the existing and any proposed ROW. The Layout must also include the following features: existing and proposed ROW, existing and proposed horizontal and vertical alignment and profile grade line, cross culverts, lane widths, cross slopes, ditch slopes, pavement structure, clear zone, dedicated right turn lanes, corner clips, retaining walls (if applicable) guard rail (if applicable), and water surface elevations for various rainfall frequencies, etc. Existing major subsurface and surface utilities must be shown on the Layout. The Engineer shall develop the proposed alignment to avoid the relocation of existing utilities as much as possible. The Engineer shall consider Americans with Disabilities Act (ADA) requirements when developing the Layout. The Layout must be prepared in accordance with the current TxDOT Roadway Design Manual. The Engineer shall provide horizontal and vertical alignment of the project layout in English units for main lanes and cross streets. Minor alignment alternatives must be considered to provide for an optimal design. The project layout must be coordinated with the City and adjacent Engineers, if any. The Engineer shall also provide proposed and existing typical sections with the profile grade line (PGL), lane widths, cross slopes, ROW lines, ditch shapes, pavement structures and clear zones depicted, etc.

The 3D corridor model must be created using Bentley's OpenRoads tools. The 3D corridor model must have enough details to verify the feasibility of the proposed design.

Prior to proceeding with the final preliminary geometric layout, the Engineer shall also present to the City for review and approval, alternatives for the design (e.g. flush or raised curb median) with recommendations and cost estimates for each alternative. The Engineer shall also attend all necessary meetings to discuss the outcome of the evaluations of the study.

160.2. Typical Sections.

The Engineer shall prepare typical sections for all proposed and existing roadways and structures. Typical sections must include width of travel lanes, shoulders, outer separations, border widths, curb offsets, managed lanes, and ROW. The typical section must also include PGL, centerline, pavement design, longitudinal joints, side slopes, sodding or seeding limits, concrete traffic barriers and sidewalks, if required, station limits, common proposed and existing structures including bridges, retaining walls, existing pavement removal, riprap, limits of embankment and excavation, etc.

160.3. Mainlane Design.

The Engineer shall provide the design of mainlanes. The design must be consistent with the approved schematic or refined schematic and the current *TxDOT Roadway Design Manual*.

160.4. Cross Streets.

The Engineer shall provide an intersection layout detailing the pavement design and drainage design at the intersection of each cross street. The layout must include the horizontal and vertical alignments, curb returns, geometrics, transition length, stationing, pavement, drainage details, and ADAAG compliance items. The Engineer shall design for full pavement width to the ROW and provide a transition to the existing roadway.

160.5. Cut and Fill Quantities.

The Engineer shall develop an earthwork analysis to determine cut and fill quantities and provide final design cross sections at 100 feet intervals. Cross sections must be created from the 3D corridor model and must be delivered in the standard TxDOT format on 11"x17" sheets or roll plots and electronic files. The Engineer shall provide all templates and corridors used to generate the design cross sections. Cross sections and quantities must include existing pavement removals. Annotation must include, at a minimum, existing and proposed ROW, side slopes (front & back), profiles, etc.

The Engineer shall submit the number of sets of drawings specified in the work authorization at the 30%, 60%, and 90%, and final submittals, respectively. The Engineer shall submit the current OpenRoads generated 3D corridor model for each submittal.

160.6. Plan Preparation.

The Engineer shall prepare roadway plans, profiles, and typical sections for the proposed improvements. Prior to the 30% submittal, the Engineer shall schedule a workshop to review profiles, OpenRoads 3D corridor models, and cross-sections with the City. The profile and cross sections must depict the 2, 5, 10, 25, 50, 100, and 500-year (if available) water surface elevations. The drawings must provide an overall view of the roadway and existing ground elevations with respect to the various storm design frequencies for the length of the project. This will enable the City to determine the most feasible proposed roadway profile. The Engineer shall not proceed with developing subsequent submittals until the City has approved the proposed profiles, 3D corridor models, and cross sections. The Engineer shall base the project level of effort on the services specified in the work authorization. The roadway plans must consist of the applicable types of sheets necessary for the project and be organized in the sequence as described in the *TxDOT PS&E Preparation manual*.

160.7. Wetlands Information.

From the information provided by the City, the Engineer shall stake and fence wetland areas. The Engineer shall survey the delineated wetlands and calculate the volumes for the delineated areas. The survey data must be electronically transferred to the plan and profile (P&P) sheets.

160.8. Pavement Design.

A. Perform Pavement Design

When required in the work authorization, the Engineer shall prepare pavement designs for the project in accordance with the latest edition of *TxDOT's Pavement Manual* or City of Celina Design Standards, whichever option is approved. Proposed pavement designs include permanent pavement and interim condition transition pavement. The latest edition of *TxDOT's Pavement Manual* may be accessed at <http://www.txdot.gov/business/resources.html>.

The Engineer shall submit a signed and sealed pavement design report to the City. The pavement design report must be reviewed and approved by the City prior to its implementation. The pavement design report must document assumptions and design considerations. The pavement design report must include the following:

1. Cover sheet with roadway designation, district, county, project control-section-job (CSJ) number, geographical limits, and signatures of persons involved in the preparation and approval

2. Existing and proposed typical sections
3. Soils map of the project area with a brief description of each type of soil located within the project area
4. Design input values and output
5. Conclusion consisting of recommended pavement design or designs based on the data, analyses, and procedures included in the report
6. Pavement design details specified for each location that includes structural layer materials, general specifications, and layer thicknesses
7. Relevant pavement evaluation data (structural and functional) and condition information on adjacent roads
8. Site conditions that might influence the design and performance of pavements
9. Relevant geotechnical data and drainage requirements including boring logs, laboratory soil test results, active or passive drainage system design, dynamic cone penetrometer (DCP) data, pavement coring and report log (up to 5-foot depth), and soil classifications with Atterberg limits
10. Results of the field explorations and testing of pavement sections
11. Recommended pavement designs for new pavements
12. Design criteria used in determining pavement designs, including traffic loads, pavement material characterization, environmental conditions, and pavement design life
13. Design summary from the program used to design the pavement structure (e.g., FPS 21, DARWin, TxCRCP-ME, MODULUS 6.1, WinPAS)
14. Life-cycle cost analysis, as required by TxDOT's Pavement Manual, including the periods for resurfacing, reconstruction, and other rehabilitation measures and what these activities are likely to entail
15. Traffic control plans required for subsurface geotechnical and pavement investigations
16. Other considerations used in developing the pavement designs, including subgrade preparations and stabilization procedures

160.9. Pedestrian and Bicycle Facilities.

The Engineer shall coordinate with the City to incorporate pedestrian and bicycle facilities as required or shown on the project's schematic. All pedestrian and bicycle facilities must be designed in accordance with the latest *Americans with Disabilities Act Accessibility Guidelines (ADAAG)*, the *Texas Accessibility Standards (TAS)*, and the *AASHTO Guide for the Development of Bicycle Facilities*.

FUNCTION CODE 160 (161) – ROADWAY DESIGN

DRAINAGE DESIGN

161.1. Data Collection.

The Engineer shall provide the following data collection services:

- A. Conduct field inspections to observe current conditions and the outfall channels, the cross-drainage structures, drainage easements, the tributary channel, and land development projects that contribute flow to the tributary. Document field inspections with digital photos.

- B. Collect available applicable data including GIS data and maps, site survey data, construction plans, previous reports and studies, and readily available rainfall history for the area. Particular sources of data collected must include, but are not limited to, the City, State, County, and Federal Emergency Management Agency (FEMA).
- C. Collect available Flood Insurance Rate Maps (FIRMs), Flood Insurance Study (FIS) study data, and best available hydraulics and hydrology (H&H) models for the area.
- D. Review survey data and coordinate any additional surveying needs with City.
- E. Present existing drainage structures in a 3D corridor OpenRoads model.
- F. Meet with local government officials to obtain historical flood records. Interview local residents or local government employees to obtain additional high-water information if available. Obtain frequency of road closure and any additional high-water information from the District Maintenance office.
- G. Submit a letter report to the City Project Manager detailing completion of data collection.

161.2. Hydrologic Studies.

The Engineer shall provide the following services:

- A. Incorporate in the hydrologic study an evaluation and selection of appropriate hydrologic method including comparison of the results of two or more methods, and calibration of results against measured data, where appropriate or needed.
- B. Calculate discharges using appropriate hydrologic methods and as approved by the City.
- C. Consider the pre-construction and post-construction conditions in the hydrologic study, as required in the individual work authorization.
- D. Obtain the drainage area boundaries and hydrologic parameters such as impervious covered areas, and overland flow paths and slopes from appropriate sources including, but not limited to, topographic maps, GIS modeling, construction plans, and existing hydrologic studies. The Engineer shall not use existing hydrologic studies without assessing of their validity. If necessary, obtain additional information such as local rainfall from official sites such as airports.
- E. Include, at a minimum, the “design” frequency specified in the work authorization and the 1% Annual Exceedance Probability (AEP) storm frequency. The report must include the full range of frequencies (50%, 20%, 10%, 4%, 2%, 1%, and 0.2% AEP).
- F. Compare calculated discharges to the effective FEMA flows. If calculated discharges are to be used in the model instead of the effective FEMA flows, full justification must be documented.

161.3. Bridge Drainage Crossing Hydraulic Design and Documentation.

The Engineer shall provide the following services:

- A. Gather information regarding existing drainage facilities and features from existing plans and other available studies or sources.
- B. Perform hydraulic design and analysis using appropriate hydraulic methods, which may include computer models such as HEC-RAS, unsteady HEC-RAS, or 2D models such as SWMM. The Engineer shall not develop 2D models without the express permission of the City. Data entry for appropriate hydraulic computer programs must consist of a combination of both on-the-ground survey and other appropriate sources including, but not limited to topographic maps, GIS modeling, construction plans, and existing hydrologic studies.
- C. Use the current effective FEMA models, where appropriate, as a base model for the analysis. If a “best available data” model is provided by the local floodplain administrator, it must be utilized accordingly for this analysis. Review the provided base model for correctness and update as

needed. If the provided effective model is not in a HEC-RAS format, convert it to HEC-RAS for this analysis.

- D. If the appropriate hydrologic model requires storage discharge relationships, develop HEC-RAS models or other City/State-approved models that will compute these storage discharge relationships along the channel.
- E. Consider pre-construction, present, and post-construction conditions, as well as future widening, as required in the work authorization.
- F. Quantify impacts, beneficial or adverse, in terms of increases in peak flow rates and water surface elevations for the above listed hydraulic conditions for any standard frequency event up to 1% AEP flood event and including the check-flood event. Impacts will be determined both upstream and downstream of the bridge crossings. Based on the impact analysis results, perform a risk-based evaluation of the potential for the project to cause adverse impacts to existing conditions.
- G. If required in the individual work authorization, compute right of way corridor 1% AEP flood plain volumes for existing and proposed roadway elevations. The Engineer shall provide mitigation to offset a decrease in 1% AEP flood plain volumes.
- H. Use hydrograph calculations and peak flows to determine the storage required.
- I. If necessary, present mitigation measures along with the advantages and disadvantages of each. Each method must consider the effects on the entire area. Include approximate construction costs in the report.
- J. Provide calculations which quantify the cut and fill within the 1% AEP flood plain, if any.
- K. Conduct a FEMA Conditional Letter of Map Revision (CLOMR) for Doe Branch Main Stem as needed and instructed by the City.

161.4. Storm Drains.

The Engineer shall provide the following services:

- A. Design and analyze storm drains using software as approved by the City/State.
- B. Size inlets, laterals, trunk line, and outfall. Develop designs that minimize the interference with the passage of traffic or incur damage to the highway and local property in accordance with the TxDOT Hydraulic Design Manual, District criteria, and any specific guidance provided by the City/State. The Engineer shall select storm drain design as directed in the work authorization.
- C. Determine hydraulic grade line starting at the outfall channel for each storm drain design. Use the design water surface elevation of the outfall as the starting basis (tailwater) for the design of the proposed storm sewer system.
- D. Calculate manhole headlosses. Compute manhole head losses as per FHWA's HEC-22.
- E. Limit discharge into existing storm drains and existing outfalls to the capacity of the existing system, which shall be determined by the Engineer. Evaluate alternate flow routes, if necessary, to relieve system overload. When oversized storm drains are used for detention, the Engineer shall evaluate the hydraulic gradeline throughout the whole system, within project limits, for the design frequency or frequencies. The Engineer shall coordinate with the City any proposed changes to the detention systems. The City will assess the effects of such changes on the comprehensive drainage studies.
- F. Identify areas requiring trench protection, excavation, shoring, and de-watering.

161.5. Cross-Drainage Structures.

The Engineer shall provide the following services:

- A. Determine drainage areas and flows for cross culvert drainage systems.
- B. Determine the sizing of the drainage crossings. The scope may include extending, adjusting, or replacing non-bridge class culvert crossing or crossings as specified in the work authorization. Develop designs that minimize the interference with the passage of traffic or cause damage to the highway and local property in accordance with the TxDOT Hydraulic Design Manual, District criteria, and any specific guidance provided by the City/State. Cross drainage design shall be performed using HY-8 or HEC RAS.

161.6. Temporary Drainage Facilities.

The Engineer shall develop plans for all temporary drainage facilities necessary to allow staged construction of the project and to conform with the phasing of adjacent construction projects without significant impact to the hydraulic capacity of the area. Drainage area maps are not required for temporary drainage.

161.7. Scour Analysis.

The Engineer shall provide the following services:

- A. Perform a scour analysis for each proposed bridge structure and bridge class culvert.
- B. Prepare each scour analysis using a City/State-approved methodology listed in the work authorization. The Engineer shall select the methodology based on the site conditions such as the presence of cohesive or cohesionless soil, rock or depth of rock, proposed foundation type, and existing site performance. The Engineer shall follow the methodology outlined in the TxDOT Geotechnical Manual. The Engineer shall coordinate with the City prior to commencing any work on any Stream Migration Study. This coordination must include consultation with the appropriate City/State technical expert.
- C. Provide the City with a completed Scour Summary Form (TxDOT Form 2605, which can be accessed at: <http://www.txdot.gov/inside-txdot/forms-publications/consultants-contractors/forms/bridge.html>), the potential scour depths, envelope, and any recommended countermeasures including bridge design modifications and revetment.

161.8. Drainage Report.

The Engineer shall develop a drainage report and submit the draft drainage report to the City for review at the 95% submittal. The drainage report must include applicable hydrologic and hydraulic models such as HY-8, OpenRoads for Drainage Utility (ORD-DU), HEC-RAS, HEC-HMS, XP-SWMM, and other applicable modeling tools. This modeling must evaluate existing versus proposed conditions. The drainage report must also include, but is not limited to, the following: drainage area maps, drainage outfall descriptions, tailwater selection and descriptions, storm water detention facilities, recommendations for mitigation of impacts, scour analysis, and pump station analysis and design including structural, mechanical, and electrical design.

The Engineer shall address the City's review comments on the draft drainage report and update the drainage report accordingly. The Engineer shall submit a final drainage report that is signed and sealed by a Professional Engineer to the City with the final PS&E submittal. The drainage report for the bridges and any drainage features may be combined into a single report.

161.9. Environmental Permits.

The Engineer shall notify the City project manager when site conditions may require environmental permits such as Nationwide Permit, §404 Individual Permits (including mitigation and monitoring) and U. S. Coast Guard and U.S. Army Corps of Engineers §10 Permits.

161.10. Plans, Specifications and Estimates (PS&E) Development for Hydraulics.

The Engineer shall provide the following services:

- A. Prepare the PS&E package in accordance with the applicable requirements of the State's specifications, standards, and manuals, including the TxDOT PS&E Preparation Manual. Include the following sheets and documents, as appropriate:
 - 1. Hydrologic Data Sheets
 - 2. Hydraulic Data Sheets
 - 3. Scour Data Sheets
 - 4. Culvert Layout Sheets
 - 5. Storm Drain Plan/Profile Sheets
 - 6. Roadway Plan & Profile Sheets including profile grade line of parallel ditches, if applicable
 - 7. All other relevant sheets
- B. Prepare culvert cross sections and identify each cross-section's station location.
- C. Identify areas requiring trench protection, excavation, shoring, and de-watering.
- D. Prepare drainage area maps.
- E. If applicable, prepare plan and profile sheets for storm drain systems and outfall ditches.
- F. Select any necessary standard details from State or District's list of standards for items such as inlets, manholes, junction boxes, and end treatments.
- G. Prepare details for non-standard inlets, manholes, and junction boxes.
- H. Prepare drainage details for outlet protection, outlet structures, and utility accommodation structures.
- I. Identify pipe strength requirements.
- J. Prepare drainage facility quantity summaries.
- K. Identify potential utility conflicts and, if feasible, design to mitigate or avoid those identified conflicts.
- L. Consider pedestrian facilities, utility impacts, driveway grades, retaining walls, and concrete traffic barrier drainage impacts.
- M. Identify existing ground elevation profiles at the ROW lines on storm sewer plan and profile sheets.
- N. Locate soil borings every 500 feet along the storm sewer alignment.
- O. Prepare Hydraulic Data Sheets for any bridge or cross drainage structures at the outfall channel and indicate site location (e.g., station and name of creek or bayou), if applicable.
- P. Develop a 3D model of the proposed drainage structures using the Drainage Utility (DU) capabilities of the OpenRoads Product.
- Q. Develop layouts for the following:
 - 1. Subsurface drainage at retaining walls.
 - 2. Outfall channels within existing ROW.

3. Bridge deck drainage systems, including internal drainage piping within the bents where required on structures.

FUNCTION CODE 160 (162) – ROADWAY DESIGN

SIGNING, PAVEMENT MARKINGS, AND SIGNALIZATION (PERMANENT)

162.1. Signing.

The Engineer shall prepare drawings, specifications, and details for all signs. The Engineer shall coordinate with the City (and other Engineers as required) for overall temporary, interim, and final signing strategies and placement of signs outside contract limits.

The Engineer shall:

- A. Prepare sign detail sheets for large guide signs showing dimensions, lettering, shields, borders, corner radii, etc., and shall provide a summary of large and small signs to be removed, relocated, or replaced.
- B. Designate the shields to be attached to guide signs.
- C. Illustrate and number the proposed signs on plan sheets.
- D. Select each sign foundation from City/State Standards.

162.2. Pavement Markings.

The Engineer shall detail both permanent and temporary pavement markings and channelization devices on plan sheets. The Engineer shall coordinate with the City (and other Engineers as required) for overall temporary, interim, and final pavement marking strategies. The Engineer shall select Pavement markings from the latest City/State standards.

The Engineer shall provide a 3D corridor model with the proposed pavement marking stenciled onto the model.

The Engineer shall provide the following information on signing and pavement marking layouts:

- A. Roadway layout
- B. Center line with station numbering
- C. Designation of arrow used on exit direction signs
- D. Culverts and other structures that present a hazard to traffic
- E. Location of utilities
- F. Existing signs to remain, be removed, be relocated, or be replaced
- G. Proposed signs (illustrated, numbered, and showing sign size)
- H. Proposed markings (illustrated and quantified) which include pavement markings, object markings, and delineation
- I. Quantities of existing pavement markings to be removed
- J. Proposed delineators, object markers, and mailboxes
- K. The location of mainlanes and grade separations
- L. The number of lanes in each section of proposed roadway and the location of changes in numbers of lanes
- M. Right-of-way limits

N. Direction of traffic flow on all roadways

162.3. Traffic Signal Warrant Studies. - OMITTED

162.4. Traffic Signals.

Based upon the results of the Traffic Signal Warrant Studies, the Engineer shall identify and prepare traffic signal plans for all warranted traffic signals. The Engineer shall confirm the power source for all signals and coordinate with the appropriate utility agency. Traffic Signal Plans must be signed and sealed by a Texas Registered Professional Engineer. The Engineer shall develop all quantities, general notes, and specifications and incorporate the appropriate agency standards required to complete construction. Traffic signal poles, fixtures, signs, and lighting must be designed per the Green Ribbon Report recommendations and standards.

The Engineer shall provide the following information in the traffic signal plans:

A. Layout

1. Title Sheet
2. Index of drawings
3. Estimate and quantity sheet
 - a. List of all bid items
 - b. Bid item quantities
 - c. Specification item number
 - d. Bid item description and unit of measure
4. Basis of estimate sheet (list of materials)
5. General notes and specification data
6. Condition diagram
 - a. Highway and intersection design features
 - b. Roadside development
 - c. Traffic control including illumination
7. Plan sheet(s)
 - a. Existing traffic control that will remain (signs and markings)
 - b. Existing utilities
 - c. Proposed highway improvements
 - d. Proposed installation
 - e. Proposed additional traffic controls
 - f. Proposed illumination attached to signal poles
 - g. Proposed power pole source
 - h. Proposed interconnect layout if applicable
 - i. Proposed ADA ramps per TxDOT standards
 - j. Proposed pavement markings refreshed per TxDOT Project Manager preference within the immediate vicinity of the intersection
8. Notes for plan layout

9. Phase sequence diagram(s)
 - a. Signal locations
 - b. Signal indications
 - c. Phase diagram
 - d. Signal sequence table
 - e. Flashing operation (normal and emergency)
 - f. Preemption operation (when applicable)
 - g. Contact responsible Agency to obtain interval timing, cycle length and offset
10. Construction detail sheets(s)
 - a. Poles (State standard sheets)
 - b. Detectors
 - c. Pull box and conduit layout
 - d. Controller foundation standard sheet
 - e. Electrical chart
11. Marking details (when applicable)
12. Aerial or underground interconnect details (when applicable)
- B. General Requirements
 1. Contact local utility company to confirm power source
 2. Prepare governing specifications and special provisions list
 3. Prepare project estimate
 4. Conduct traffic counts and prepare Traffic Signal Warrant Studies for all proposed and existing traffic signals at designated locations.
- C. Summary of Quantities
 1. Small signs tabulation
 2. Large signs tabulation including all guide signs
- D. Sign Detail Sheets
 1. All signs except route markers
 2. Design details for large guide signs
 3. Dimensioning (letters, shields, borders, etc.)
 4. Designation of shields attached to guide signs

FUNCTION CODE 160 (163) – ROADWAY DESIGN**MISCELLANEOUS ROADWAY****163.1. Utility Engineering**

Utility Engineering includes the identification of utility conflicts, coordination, compliance with the UAR, and resolution of utility conflicts. The Engineer shall coordinate all activities with the City, or

the City's designee, to facilitate the orderly progress and timely completion of the City's design phase.

A. Coordination of Engineering Activities

1. Utility Layout:

The Utility Engineer must maintain a utility layout in the current approved version of OpenRoads Civil Design system used by the City/State. This layout must include all existing utilities which are to remain in place or be abandoned, and all adjusted utilities. This layout must be utilized to monitor the necessity of relocation and evaluate alternatives. The Utility Engineer must utilize the layout of existing utilities as prepared, if available, and make a determination of the following:

- a. Facilities in conflict with the proposed project that are to be relocated.
- b. Facilities to be removed or abandoned in place.
- c. Facilities to remain in service and in place because of roadway design adjustments and meeting the current UAR.
- d. If there are additional facilities, not shown in the SUE documents, which require relocation, the Engineer shall coordinate this information with the City immediately upon discovery.
- e. For facilities with unknown owner that require utility accommodation, the Utility Engineer must coordinate with City for possible hot tap and removal. Engineer shall furnish all documents and exhibits to City. When construction sequence and adjustments will be included in the PS&E package, the Utility Engineer must coordinate with the PS&E design engineer for the construction sequence in regard to the utility adjustments. The Utility Engineer must include this in the PS&E package.

B. Public and Individual Meetings with Utility Companies

As required, to facilitate utility conflict identification and resolution, the Engineer shall:

1. Establish contact with all existing utilities within and adjacent to the project limits and set up utility coordination meetings to discuss concepts and options for construction.
2. Schedule all utility coordination meetings and ensure compatibility with the schedule of the City.
3. Set agenda for all coordination meetings as directed by the City.
4. Establish and promote the desired agenda and methodologies for utility construction within the project limits. Typical strategies include AMA. The agenda and methodologies may allow the construction of utilities as a part of the highway contract.
5. Orientation: Prepare and present, in collaboration with the City, instruction and orientation sessions as required. The instruction must introduce the SUE Plans, the proposed utility layout, processes, demonstrate the technology, and facilitate the preparation of work orders, billings, and contract related documentation as it pertains to utility adjustment work.
6. Initial Project Meeting following the NOPC: Attend an initial meeting and an on-site inspection (when appropriate) to ensure familiarity with existing conditions and project requirements and prepare a written report of the meeting.

7. Work Plan: Develop a work plan including a list of the tasks to be performed, a schedule, and an estimate. The work plan must satisfy the requirements of the project and must be approved by the City prior to commencing work.
- C. Review of Utility's Proposed Adjustments
1. Evaluate alternatives: The Utility Engineer must evaluate alternatives in the adjustment of utilities balancing the needs of both the City and the Utility. The Utility Engineer must use the AMA strategy as part of evaluating the alternatives.
 2. Review estimates and schedules: The Utility Engineer must, with the assistance of the TxDOT district, review the utility adjustment estimates for reasonableness of cost and the timely scheduling of the adjustment.
 3. The Utility Engineer must review plans for compliance with UAR and proposed location data.
 4. The Utility Engineer must ensure that utility owners are receiving updates for project design development so that utility owners are reviewing the most current plans, quality and accuracy of utility adjustment data, as well as compliance of UAR, as it pertains to the plans. The responsibility for compliance, quality, and accuracy of utility adjustment plans will remain with the utility company.
 5. The Utility Engineer must ensure compliance with the regulations of the most recent edition of the TMUTCD. The Utility Engineer must obtain approval from the City concerning the proposed method of handling traffic prior to allowing commencement of work.
- D. The Engineer shall not provide services under this contract that are for the sole benefit of a party or parties other than the City. The Engineer shall not invoice the City for any such services.
- E. The Engineer shall coordinate, and/or review PS&E for all utilities included in the construction contract.
- F. Utility Certification or Special Provisions: The Utility Engineer must submit, upon request from the City, Utility Certifications or Special Provisions. The Utility Certifications or Special Provisions must certify that all utilities are clear for highway construction. However, if the utility adjustments are not complete prior to highway project letting, the Utility Engineer must provide a Special Provision outlining all outstanding utility conflicts and their effects on highway construction. The Utility Engineer is responsible for ensuring that the utility management plan, utility certifications, and special provisions interface appropriately. With the certification and special provisions as noted above, the Utility Engineer must monitor the completion of the work, according to the utility clearance schedule signed by the utility owner. The formats for the certification and the clearance schedule will be provided by the City/State.
- G. The Utility Coordinator must submit the required executed copies of the Utility Agreement assemblies, which include the appropriate forms as detailed in the UAR and supplied by the City/State, a copy of the recorded easement deed, plans, and estimate to the City by transmittal letter recommending approval. The transmittal letter must include the following statement "The proposed utility adjustment will not conflict with proposed highway construction and will comply with UAR. The utility should be reimbursed, based on the establishment of the eligibility ratio and betterment ratio, as applicable for eligible costs." The transmittal letter must also provide a description of the work being done as well as the estimated cost and schedule of work. The Utility Engineer must not perform engineering of relocation plans relative to a particular utility agreement under this contract as this is a cost of Right of Way that is subsidiary to the specific Utility Agreement.

H. Utility Engineering VFP-

End Result: Fully reviewed and approved engineering plans (done by utility owners) of constructible utility accommodations.

The Utility Engineer must:

1. Identify potential conflicts using the AMA process, the design, and SUE
 - a. Avoid – work with designers to avoid conflicts.
 - b. Minimize – Cost analyzed of safe available options to minimize cost and project delay.
 - c. Accommodate – NORA sent out and acknowledgement of receipt obtained.
2. Hold meetings with utilities requiring accommodation (NORA) to strategize and program the accommodation.
3. Document all activities.
4. Track all ROW acquisitions to assist with scheduling accommodations.
5. Review documentation and justifications for Utility Exceptions.

I. Deliverables:

The Engineer shall submit the following deliverables to the City:

1. Identification of utility conflicts.
2. Composite DGN file showing all utilities with abandoned, removed, and added utilities.
3. Documentation showing review of engineering plans created by utility owners to ensure compliance with UAR, etc.
4. Scheduling of accommodation to minimize issues (downtime, etc.) while maximizing the use of resources (e.g. Traffic Control) in a manner consistent with overall project timelines.
5. Documentation showing that exceptions were reviewed for viability.

163.2. Geotechnical Borings and Investigations

- A. The Engineer shall determine the location of proposed soil borings for bridge design, embankment settlement analysis, retaining walls, slope stability and along storm drain alignment in accordance with the latest edition of the TxDOT *Geotechnical Manual* and City of Celina Design Standards. The City will review and provide comments for a boring layout submitted by the Engineer showing the general location and depths of the proposed borings. Once the Engineer receives the City's review comments, the Engineer shall perform soil borings (field work), soil testing, and prepare the boring logs in accordance with the latest edition of the TxDOT *Geotechnical Manual* and the local TxDOT district's procedures and design guidelines or City of Celina Design Standards, whichever option is approved.
- B. All geotechnical work must be performed in accordance with the latest version of the TxDOT *Geotechnical Manual*. All testing must be performed in accordance with TxDOT's Test Procedures, which are available at <https://www.txdot.gov/business/resources/testing.html>. American Society for Testing Materials (ASTM) test procedures may be used only in the absence of the TxDOT procedures. All soil classification must be done in accordance with the Unified Soil Classification System.
- C. If applicable, the Engineer shall perform any retaining wall analyses including the settlement analysis. This analysis must include the computation of the factor of safety for bearing

capacity, global stability, overturning, and sliding. In addition, the Engineer shall include allowable bearing pressure, passive earth pressure, friction factor, settlement analysis (consolidation report), and lateral earth pressure for the retaining walls.

- D. If applicable, the Engineer shall perform soil borings, coring for pavement removal items, testing and analysis to include slope stability analysis, settlement analysis, and foundation design recommendations along storm drain alignment, retaining walls, overhead sign structures, bridges, embankments, and any temporary soil retaining systems.
- E. The Engineer shall provide a signed, sealed, and dated geotechnical report that contains soil boring locations, boring logs, laboratory test results, generalized subsurface conditions, ground water conditions, analyses and recommendations for settlement and slope stability of the earthen embankments, skin friction tables, and design capacity curves including skin friction and point bearing. The skin friction tables and design capacity curves must be present for piling and drilled shaft foundation.
- F. If applicable, the Engineer shall provide data for scour analysis. The data will include grain size distribution curves with D50 value for the applicable soil layer and a D50 grain size for a sample in the stream bed at the upstream face of the bridge in the upper 1-foot of the stream bed.

In addition, the Engineer shall provide a subsurface profile including the following information for the applicable layer:

- 1. Particle Size Analysis (Tex-110-E) including:
 - a. Median Grain Size (D50) and percent clay (percent passing No. 200 sieve)
 - b. Soil type based on grain dimensions of cohesionless materials
- 2. Liquid Limit (Tex-104-E) as required for clayey soils
- 3. Plastic Limit (Tex-105-E) as required for clayey soils
- 4. Plasticity Index (Tex-106-E) as required for clayey soils
- 5. USCS Soil Classification (Tex-142-E) as required for clayey soils
- G. The Engineer shall sign, seal, and date soil boring sheets to be used in the PS&E package. The preparation of soil boring sheets must be in accordance with a State's District standards.
- H. Foundation Studies: The Engineer shall coordinate with the City to determine the location of soil borings to be drilled along the bridge, retaining wall alignments, and cross drainage structure locations. The soil borings must extend a minimum of 35 feet below the footing elevation or deeper as soil conditions warrant. Spacing of soil borings shall not exceed 300 feet for wall and a minimum of 25 feet below the footing elevation for each of the cross drainage structure. Pavement section borings must extend a minimum of 20 feet below the finished pavement grades. Spacing of pavement soil borings shall not exceed 500 feet.. The Engineer shall provide a boring layout for the City's review and comment.
- I. The Engineer shall incorporate soil boring data sheets prepared, signed, sealed, and dated by the geotechnical engineer overseeing the work. The soil boring sheets shall be in accordance with the State's WINCORE software, which is available on the Texas Department of Transportation (TxDOT) website.
- J. Deliverables
 - 1. Pavement Design Report
 - 2. Geotechnical Report
 - 3. DGN files containing drilling log data from Geotechnical analysis

163.3. Retaining Walls and Miscellaneous Structures**A. Retaining wall design.**

The Engineer shall develop each retaining wall design and determine the location of each soil boring needed for the foundation design of each retaining wall in accordance with the TxDOT Geotechnical Manual. The Engineer shall submit the retaining wall layouts to obtain approval from the City early in the plan preparation process. The Engineer shall incorporate all necessary information from above referenced manuals and respective checklists into the retaining wall layouts. For stage construction, the Engineer shall indicate limits of existing retaining walls for removal and reconstruction and determine limits of temporary retaining walls to be shown on the TCP.

For projects that have retaining walls, the Engineer shall develop the retaining wall layouts in the 3D corridor model.

The approximate limits of each retaining wall must be based on station or length.

Retaining wall types considered by the Engineer must include:

1. Mechanically Stabilized Earth (MSE) Walls. The Engineer shall prepare the retaining wall layouts showing plan and profile or retaining walls for design by a City approved vendor. The Engineer is responsible for design of geometry and wall stability. The Engineer shall incorporate a slope of 4:1 or flatter from the existing and finished ground line elevation to the face of the retaining wall.
2. Concrete Block Walls (Structural and Landscape)

The Engineer shall provide layouts (scale 1" = 100'), elevations, quantity estimate, summary of quantities, typical cross sections, and structural details of all retaining walls within the project. If available, approximate lengths of the retaining walls as shown on the schematic will be specified in the work authorization. The Engineer shall determine if any additional walls are required and verify the need for and length of the retaining walls as shown on the schematic.

If applicable, the City will provide architectural standard drawings for the retaining walls. The Engineer shall incorporate architectural standard drawings into the design details.

B. Retaining Wall Plan Requirements.

The Engineer shall provide the following information in the retaining wall plans:

1. Layout Plan
 - a. Designation of reference line
 - b. Beginning and ending retaining wall stations
 - c. Offset from reference line
 - d. Horizontal curve data
 - e. Total length of wall
 - f. Indication of face of wall
 - g. All wall dimensions and alignment relations (alignment data as necessary)
 - h. Soil boring locations
 - i. Drainage, signing, lightning, etc. that is mounted on or passing through the wall
 - j. Subsurface drainage structures or utilities that could be impacted by wall construction

2. Elevation
 - a. Top of wall elevations
 - b. Existing and finished ground line elevations
 - c. Vertical limits of measurement for payment
 - d. Type, limits, and anchorage details of railing (only required if traffic railing foundation standard is not being used on the project)
 - e. Top and bottom of wall profiles plotted at correct station & elevation
 - f. Underdrains
 - g. Any soil improvement, if applicable
 - h. Drainage, signing, lighting etc. as noted above
 - i. Drainage structures and utilities as noted above
3. Sectional View
 - a. Reinforced volume
 - b. Underdrain location
 - c. Soil improvements, if applicable
4. General Guidelines for Retaining Walls
 - a. The Engineer shall perform design calculations to check the external stability of the walls including slope stability, bearing, sliding, and overturning and provide detail drawings in accordance with the standard requirements of the City/State
 - b. For retaining wall submittals, the Engineer shall follow the current requirements shown on the TxDOT Bridge Division website.

163.4. Traffic Control Plan, Detours, and Sequence of Construction.

The Engineer shall prepare Traffic Control Plans (TCP) including TCP typical sections, for the project. The Engineer shall complete Form 2229-Significant Project Procedures along with Page 4 of Form 1002, specifically titled Accelerated Construction Procedures. A detailed TCP must be developed in accordance with the latest edition of the TMUTCD. The Engineer shall implement the current Barricade and Construction (BC) standards and TCP standards as applicable. The Engineer shall interface and coordinate phases of work, including the TCP, with adjacent Engineers.

The Engineer shall:

- A. Provide a written narrative of the construction sequencing and work activities per phase and determine the existing and proposed traffic control devices (regulatory signs, warning signs, guide signs, route markers, construction pavement markings, barricades, flag personnel, temporary traffic signals, etc.) to be used to handle traffic during each construction sequence. Show proposed traffic control devices for at-grade intersections during each construction phase (stop signs, flag personnel, signals, etc.). Show temporary roadways, ramps, structures (including railroad shoo-fly), and detours required to maintain lane continuity throughout the construction phasing. If temporary shoring is required, prepare layouts and show the limits on the applicable TCP.
- B. Coordinate with the City in scheduling a Traffic Control Workshop and submittal of the TCP for approval by the Traffic Control Approval Team (TCAT). Assist the City in coordinating mitigation of impacts to adjacent schools, emergency vehicles, pedestrians, bicyclists, and neighborhoods.

- C. Develop each TCP to provide continuous, safe access to each adjacent property during all phases of construction and to preserve existing access. Notify the City in the event existing access must be eliminated and receive approval from the City prior to elimination of any existing access.
- D. Design temporary drainage to replace existing drainage disturbed by construction activities or to drain detour pavement. Show horizontal and vertical location of culverts and required cross sectional area of culverts.
- E. Prepare each TCP in coordination with the City. The TCP must include interim signing for every phase of construction. Interim signing must include regulatory, warning, construction, route, and guide signs. Interface and coordinate phases of work, including the TCP, with the engineers that are responsible for the preparation of the PS&E for adjacent projects.
- F. Maintain continuous access to abutting properties during all phases of the TCP. Develop a list of each abutting property along the roadway alignment. Prepare exhibits for and attend meetings with the public, as requested by the City.
- G. Make every effort to prevent detours and utility relocations from extending beyond the proposed right-of-way lines. If it is necessary to obtain additional permanent or temporary easements and right-of-entry, notify the City in writing of the need and justification for such action. Identify and coordinate with all utility companies for relocations required.
- H. Describe the type of work to be performed for each phase of the sequence of construction and any special instructions (e.g. storm drain, culverts, bridges, railing, illumination, signals, retaining walls, signing, paving surface sequencing or concrete placement, ROW restrictions, utilities, etc.) that the contractor should be made aware of, including limits of construction, obliteration, and shifting or detouring of traffic required prior to beginning the subsequent phase.
- I. Include the work limits, the location of channelizing devices, positive barrier, location and direction of traffic, work area, stations, pavement markings, and other information deemed necessary for each phase of construction.
- J. Identify and delineate any outstanding ROW parcels.
- K. Delineate areas of wetlands on traffic control plans.

163.5. Temporary Traffic Signals and Illumination: - OMITTED

163.6. Landscape Design

The Landscape shall develop a landscape design with plans, specifications, and details after the basic layout, lane arrangement, ROW and easements requirements depicted on the conceptual schematics are approved.

The landscape plans shall contain the following design elements:

- A. Develop a plan for preserving and removing existing trees.
- B. Develop landscape design aesthetics.
- C. Develop a plant material palette to be guide the development of the roadway.
- D. Divide the corridor into development zones that show bed locations, ornamental planting beds, plant types, and irrigated areas.
- E. Develop an irrigation design for the landscape.

163.7. Illumination.

The Engineer shall refer to the TxDOT Highway Illumination Manual and other deemed necessary City/State approved manuals for design of continuous lighting and safety lighting for all conventional lighting. The Engineer shall include safety lighting as part of each design on each flashing beacon and traffic signal. The Engineer shall provide a preliminary layout for initial review and approval by the City. The Engineer shall prepare circuit wiring diagrams showing the number of luminaires on each circuit, electrical conductors, length of runs, and service pole assemblies. The Engineer shall integrate existing illumination within the project limits into the proposed design.

163.8. Storm Water Pollution Prevention Plans (SWP3).

The Engineer shall develop special details to accommodate or adjust utilities. Prior to developing any special utility detail, the Engineer shall notify the City in writing regarding each utility conflict that may require an accommodation. As directed by the City, the Engineer shall coordinate with each utility to develop each special detail. The Engineer shall develop each utility detail or accommodation in compliance with the UAR. The Engineer shall prepare each plan sheet, detail sheet, special specification, special provision, and special note required to incorporate the details into the City's plans.

163.9. Compute and Tabulate Quantities.

The Engineer shall provide the summaries and quantities within all formal submittals.

163.10. Special Utility Details (Water, Sanitary Sewer, etc.). - OMITTED**163.11. Miscellaneous Structural Details.**

The Engineer shall provide necessary details required to supplement standard details.

163.12. Testimony for Right of Way Hearings. - OMITTED**163.13. Estimate.**

The Engineer shall independently develop and report quantities necessary to construct the contract in standard City/State (when applicable) bid format at the specified milestones and final PS&E submittals. The Engineer shall prepare each construction cost estimate using Estimator or any approved method. The Engineer shall provide the estimate at each milestone submittal or in electronic format at the 95% and Final PS&E submittals per State's District requirement.

163.14. Contract time determination.

The Engineer shall prepare a detailed contract time estimate to determine the approximate time required for construction of the project in calendar and working days (based on the City standard definitions of calendar and working days) at the 95% and final PS&E milestone. The schedule must include tasks, subtasks, critical dates, milestones, deliverables, and review requirements in a format that depicts the interdependence of the various items and adjacent construction packages. The Engineer shall provide assistance to the City in interpreting the schedule.

163.15. Specifications and General Notes.

The Engineer shall identify necessary standard specifications, special specifications, special provisions, and the appropriate reference items. The Engineer shall prepare General Notes from the District's master list of General Notes, Special Specifications, and Special Provisions for inclusion in the plans and bidding documents. The Engineer shall provide General Notes, Special Specifications, and Special Provisions in the required format.

163.16. Constructability Review.

The Engineer shall provide Independent Quality Review of the constructability of the PS&E sets.

The Engineer shall perform constructability reviews at major project design milestones (e.g. 30%, 60%, 90%, and final plan) to identify potential constructability issues and options that would provide substantial time savings during construction. The constructability review must be performed for all roadway and structural elements such as sequence of work and traffic control, drainage (temporary and permanent), Storm Water Pollution Prevention Plan (SWP3), Environmental Permits, Issues and Commitments (EPIC) addressed, identification of utility conflicts; ensuring accuracy and appropriate use of items, quantities, general notes, standard and special specifications, special provisions, contract time/schedule, standards; and providing detailed comments in an approved format. Reviews must be captured in a constructability log identifying areas of concern and potential conflict. The Engineer shall provide the results of all constructability reviews and recommendations to the City at major project design milestone submittals.

FUNCTION CODE 160 (170) – ROADWAY DESIGN**DESIGN VERIFICATION, CHANGES, AND ALTERATIONS****170.1. Bridge Layout.**

- A. The Engineer shall prepare a bridge layout plan sheet for each bridge and bridge class culvert. The Engineer shall determine the location of each soil boring needed for foundation design in accordance with the TxDOT Geotechnical Manual.
- B. The proposed replacement bridge is assumed to incorporate minimal aesthetics and follow TxDOT standard detailing practice (round columns, square bent caps, standard railings, no formliner). As such, development of Bridge Aesthetic Details are not included in this scope of work. The Engineer shall utilize TxDOT statewide standards as much as possible. A recommended design with justification should be provided by the Engineer.
- C. The Engineer shall submit a preliminary bridge layout for each structure early in the plan preparation process to obtain approval from the City (typically after 30% comments are addressed). The Engineer shall submit a 3D bridge model utilizing OpenBridge Modeler (OBM). When the 3D bridge model is referenced into the 3D corridor, the bridge shall align, both vertically and horizontally, in the bridge location of the 3D corridor. The 3D bridge model shall consist of 3D elements for slab, beams, abutments, wingwalls, caps, columns, and foundations. Quantities and geometry from OBM 3D bridge model shall be verified by other means. The Engineer shall comply with all relevant sections of the latest edition of the TxDOT *Bridge Design Manual - LRFD*, TxDOT *Bridge Project Development Manual*, TxDOT *Bridge Detailing Guide*, and AASHTO *LRFD Bridge Design Specifications*, and respective checklists. Each bridge layout sheet must include bridge typical sections, structural dimensions, abutment and bent locations, and superstructure and substructure types. The Engineer shall locate and plot all soil borings and utilities, show proposed retaining walls, and, for staged construction, indicate limits of existing bridge for removal and reconstruction.

170.2. Bridge Detail Summary.

The Engineer shall prepare total bridge quantities, estimates, and summary sheets for each bridge or bridge class culvert.

170.3. Bridge Structural Details.

The Engineer shall prepare each structural design and develop detailed structural drawings of all required details in compliance with above-listed manuals and guidelines. The Engineer shall assemble and complete all applicable State Standard Details sheets.

Additionally, the Engineer shall:

- A. Perform calculations for design of bridge abutments;
- B. Perform calculations for bridge slab design;
- C. Perform calculations to determine elevations of bridge substructure and super structure elements;
- D. Perform calculations for bridge box beam design;
- E. Prepare necessary foundation details and plan sheets;
- F. Prepare plan sheets for abutment design;
- G. Prepare plan sheets for additional abutment details;
- H. Prepare framing plan and slab plan sheets;
- I. Compute and prepare tables for slab and bearing seat elevations, dead load deflections, etc;
- J. Design beams and prepare beam design tables; and
- K. Prepare special provisions and special specifications in accordance with the above-listed manuals and guidelines.

FUNCTION CODE 300 (351) – DESIGN VERIF/CHANGES/ALTER**DESIGN VERIFICATION, CHANGES, AND ALTERATIONS****300.1 Bid Phase Services**

- A. The City will prepare the Notice to Bidders. The City will publish the appropriate legal notice and be responsible for the cost for such publications.
- B. Prepare and distribute plans electronically via CivCast and / or the City's website.
- C. Distribute information on plan holders to interested contractors and vendors on request, with City's permission.
- D. Assist the City by responding to questions and interpreting bid documents. Prepare and issue addenda to the bid documents to plan holders, if necessary.
- E. Attend Pre-bid Meeting.
- F. Assist the City in the opening, tabulating, and analyzing the bids received. Review the qualification information provided by the apparent low bidder to determine if, based on the information available, they appear to be qualified to construct the Project. Recommend award of contract(s) or other actions as appropriate to be taken by the City.
- G. Furnish City contract documents and conformed copies of the drawings for construction.
- H. Assist the City in issuing a Notice to Proceed to the construction contractor.

300.2 Construction Phase Services

The Engineer shall provide Construction Phase Services at the written request of the City's Project Manager. The written request must include a description of the work requested, a mutually agreed upon time limit, and any special instructions for coordination and submittal.

These services include, but are not limited to the following:

- I. Attend preconstruction meeting;
- J. Attend partnering meeting;
- K. Attend field meetings and make visits to site;
- L. Calculate quantities and assist the area engineer with preparing change orders;
- M. Review and approval of shop drawings;
- N. Review and approval of forming details;
- O. Respond to requests for information (RFIs);
- P. Provide minor redesign (major redesign should be handled with a contract supplement), which will include changes to the affected plan sheets and an updated copy of the 3D corridor model;
- Q. Answer general questions;
- R. Provide clarification; and
- S. Perform other project related tasks in support of the City during construction
- T. Conduct a FEMA Letter of Map Revision (LOMR) for Doe Branch Main Stem as needed and instructed by the City.
- U. Conduct a FEMA Letter of Map Revision (LOMR) for Doe Branch Tributary 6.1/Tributary C as needed and instructed by the City.

300.3 Utility Construction Management and Verification

- A. The Utility Engineer must provide a Utility Coordinator to coordinate all activities with the City, or the City's designee, for the orderly progress and timely completion of the City construction phase.
- B. The Utility Engineer must provide a Utility Coordinator to perform non-engineering utility coordination services consisting of coordinating with City, or City's designee, regarding all utility-related activities for the orderly progress and timely completion of the construction phase of the project. At a minimum, the Utility Coordinator must prepare the following:
 - 1. Work Plan. The Utility Coordinator must create and maintain a work plan that includes a list of the proposed meetings, coordination activities, and related tasks to be performed; a schedule; and an estimate. The work plan must satisfy the requirements of the project and must be approved by the City prior to commencing work.
 - 2. Conflict Matrix. The Utility Coordinator must create and maintain a list of utility conflicts and their impact to the project. The Utility Coordinator must update the list following each progress meeting.
 - 3. Initial Project Meeting. The Utility Coordinator must attend an initial meeting and an on-site inspection (when appropriate) to ensure familiarity with existing conditions and project requirements. The Utility Coordinator must prepare a written report of the meeting.
 - 4. External Communications. The Utility Coordinator must coordinate all activities with the City, contractors, and agents as specified by the City. The Utility Coordinator must

provide the City copies of diaries, correspondence, and other documentation of work-related communications between the Utility Coordinator, utility owners, and other outside entities when requested by the City.

5. Progress Meetings. The Utility Coordinator must implement a schedule of periodic meetings in the field with each utility company and owner or owner's representatives for coordination purposes. These meetings must commence as early as possible and continue until completion of the project. The Utility Coordinator must notify the City at least two business days in advance of each meeting to allow the City the opportunity to participate in the meeting. The Utility Coordinator must provide and produce meeting minutes of all meetings between City (or City's representatives) and utility companies within seven business days. The frequency of these meetings must be appropriate to the matters under discussion with each utility owner.

C. Utility Construction Management and Verification VFP-

End Result: The Utility Coordinator must perform communication and coordination that allows orderly progress and timely completion of the City's construction phase.

D. Deliverables:

The Utility Coordinator must submit the following deliverables to City:

1. Documentation that work plan was developed and followed
2. Utility Conflict matrix
3. Documentation of project meetings (including regularly scheduled and as-needed meetings)
4. Documentation of external communications and management of communications
5. Documentation of progress meetings
6. Documentation of any "lessons learned" on the completed work plan (for the purpose of continuous improvement).

Notes:

These deliverables must be maintained throughout the construction phase.

Documentation of meetings includes documentation for notification of meetings, agenda, sign in sheets, and meeting minutes.

DESIGN DELIVERABLES

DELIVERABLES FOR PS&E DEVELOPMENT

The Engineer shall submit the following deliverables to the City:

DEL.1. Reports.

A. Letter Report

The Engineer shall prepare a letter report which includes the preliminary findings. The report must also include conceptual and generic discussions of the alternatives considered, along with a comparative cost associated with each alternative and a recommended solution.

Recommendations at this point must be generic and conceptual in nature, mainly for discussions with the City and the local government entities. The recommended solution must be analyzed in detail to reflect the mitigation requirements for the roadway development.

Cross-Drainage Structure reports must include existing hydraulic conditions, FEMA floodplain status, proposed structure design, and proposed hydraulic conditions, preliminary detention storage volumes (if required) based on hydrograph and initial recommendations on how to mitigate the storm impact on the receiving streams.

B. Draft Hydraulic Report

The Engineer shall submit a draft Hydraulic Report for review and comment. The report must document and justify all data, boundary conditions, assumptions, methodologies, and results. The text, tables, exhibits, and appendices must document clearly and concisely the work performed and results found. The report must provide recommendations for critical review by the City. Such recommendations may include corrective actions by the City, corrective actions by others, or need for further detailed analysis such as an unsteady model analysis or the development of mitigation measures. The text, tables, exhibits, and appendices (including computer models) must be saved on a compact disc and included with each report.

C. Geotechnical Report

D. Assume one round of comments will be provided by the City for draft reports. The Engineer shall address all City comments.

E. Final Hydraulic Report

The Engineer shall submit the finalized Hydraulic Report. The final report must be signed and sealed by a Professional Engineer.

DEL.2. Plans.

The Engineer shall provide the following information at each submittal:

A. 30% Plans Submittal

1. Eight sets of 11" x 17" plan sheets for the City/State District Review.
2. Estimate of construction cost.
3. Preliminary traffic control plan and significant project procedures form (State Form 2229) to present at the review meeting.
4. Engineer's internal QA and QC markup set.
5. Form 1002 and Design Exceptions with existing and proposed typical sections, location map, and design exception exhibits.
6. A Preliminary 3D corridor model, in the most current format, created using Bentley's OpenRoads tools, and with detail to verify the design of the 30% plan sheets.
7. Preliminary proposed cross sections.
8. Google Earth .kmz file of proposed project.
9. Utility Conflict Matrix prior to initial utility coordination meeting.
10. If applicable, a preliminary 3D bridge model utilizing Bentley's OBM, and with detail to verify the design of the 30% plan sheets. When the 3D bridge model is referenced into the 3D corridor, the bridge shall align, both vertically and horizontally, in the bridge location of the 3D corridor.

B. Between 30% Submittal and 60% Submittal

1. Eight sets of 11" x 17" bridge and retaining wall layouts for the City/State District review.
2. External stability analysis for retaining walls.
3. Engineer's internal QA and QC marked up set.

4. One set of a roll format TCP phasing layouts, one .pdf of plan sheets for TCP concept, and significant project procedures form (State Form 2229) to present at the TCAT for the City/State review.
 5. One set of a roll format of illumination plan concept for City/State review.
 6. For Division hydraulic review of existing bridge class culverts, five sets of 11" x 17" Bridge Class Culvert Plan and Profile sheets, Hydrology & Hydraulics sheets, project title sheet, and project layout sheet.
 7. Provide the City/State with a review set of plans for the Bridge Division PBLR (Preliminary Bridge Layout Review) submittal. The PBLR submittal shall consist of the preliminary bridge layout with supporting sheets. Supporting sheets are described in the Bridge Project Development Manual and as directed by the City/State District. Review and respond to any comments from the PBLR submittal.
 8. A preliminary 3D corridor model, in the most current format, created using Bentley's OpenRoads tools, and with detail to verify the design of the Bridge and Retaining Wall layouts.
 9. If applicable, a preliminary 3D bridge model utilizing Bentley's OBM, and with detail to verify the design of the Bridge and Retaining Wall Layouts.
- C. 60% Plans Submittal
1. Eight sets of 11" x 17" plan sets for the City/State District review.
 2. Estimate of construction cost.
 3. Engineer's internal QA and QC marked up set.
 4. One set of a roll format TCP phasing layouts, one .pdf of plan sheets for TCP concept, and significant project procedures form (State Form 2229) to present at the TCAT for the City/State review.
 5. A preliminary 3D model, in the most current format, created using Bentley's OpenRoads tools, and with detail to verify the design of the 60% plan sheets. The level of detail of the surface and subsurface features will be at the direction of the City.
 6. If applicable, a preliminary 3D bridge model utilizing Bentley's OBM, and with detail to verify the design of the 60% plan sheets. When the 3D bridge model is referenced into the 3D corridor, the bridge shall align, both vertically and horizontally, in the bridge location of the 3D corridor. The 3D bridge model shall consist of 3D elements for slab, beams, abutments, wingwalls, caps, columns, and foundations. The level of detail of the bridge elements will be at the direction of the City.
 7. Proposed cross sections.
 8. Google Earth .kmz file of the proposed project.
 9. Updated Utility Conflict Matrix.
- D. City/State Bridge Review
1. Seven sets of Bridge Layouts
 2. A preliminary 3D corridor model, in the most current format, created using Bentley's OpenRoads tools, and with enough detail to verify the design of the Bridge layouts.
 3. A preliminary 3D bridge model utilizing Bentley's OBM, and with detail to verify the design of the of the Bridge Layouts.

E. District Review Submittal (95%)

1. 12 sets of 11" x 17" plan sheets for the City/State district review
2. List of governing Specifications and Special Provisions in addition to those required.
3. Marked up general notes.
4. Plans estimate.
5. New Special Specifications and Special Provisions with Form 1814, if applicable.
6. Triple Zero Special Provisions.
7. Metal beam guard fence calculations
8. Engineer sign, seal and date supplemental sheets (8 ½" x 11").
9. Contract time determination summary.
10. Significant project procedures form.
11. Right-of-Way and utilities certification.
12. Temporary road closure letters.
13. Construction speed zone request.
14. Engineer's internal QA and QC marked-up set.
15. Other supporting documents.
16. A detailed 3D corridor model, in the most current format, created using Bentley's OpenRoads tools, and with detail to verify the design of the 95% plan sheets. The level of detail of the surface and subsurface features will be at the direction of the City/State.
17. If applicable, a 3D bridge model utilizing Bentley's OBM, and with detail to verify the design of the 95% plan sheets. When the 3D bridge model is referenced into the 3D corridor, the bridge shall align, both vertically and horizontally, in the bridge location of the 3D corridor. The 3D bridge model shall consist of 3D elements for slab, beams, abutments, wingwalls, caps, columns, and foundations. The level of detail of the bridge elements will be at the direction of the City.

F. Final submittal (100%)

1. 14 paper sets of 11" x 17"
2. Revised supporting documents from 95% review comments.
3. List of governing Specifications and Special Provisions in addition to those required.
4. Plans estimate and combined estimate (if multiple CSJs are in one bid contract).
5. New Special Specifications and Special Provisions with Form 1814, if applicable.
6. Updated Utility Conflict Matrix.
7. Contract Time Determination. Two paper copies signed and dated in blue and one color pdf.
8. Metal beam guard fence calculations.
9. Engineer's internal QA and QC marked-up set.
10. Updated Form 1002 (PS&E Transmittal Data).
11. Updated Form 2229 (Significant Project Procedures).

12. Updated Form 2443 (State Gate Checklist).
13. Updated DSR with completed Site Visit Record.
14. CADD seals (one paper copy signed and dated in blue and one color pdf).
15. Responsible Engineer Updated in DCIS. Date in DCIS must match date on CADD seal
16. A final 3D corridor model, in the most current format, created using Bentley's OpenRoads tools. The level of detail of the surface and subsurface features will be at the direction of the City.
17. A final 3D earthwork model in either .XML or .ICM format (as directed by the City) created using Bentley's OpenRoads tools. The level of detail of the surface and subsurface features will be at the direction of the City.
18. If applicable, a final 3D bridge model utilizing Bentley's OBM. When the 3D bridge model is referenced into the 3D corridor, the bridge shall align, both vertically and horizontally, in the bridge location of the 3D corridor. The 3D bridge model shall consist of 3D elements for slab, beams, abutments, wingwalls, caps, columns, and foundations. The level of detail of the bridge elements shall be at the direction of the City.
19. The Engineer shall prepare a letter report which includes the findings of the comparison of OBM 3D bridge model geometry and quantities verified by traditional design methods. The report shall include a detailed discussion of the differences between methods and recommended enhancements to address issues in OBM software.
20. Proposed cross sections in pdf and .XSR format. One .XSR file will show existing and the other .XSR files will show proposed.
21. Google Earth .kmz file of the proposed project.
22. A copy of the drawings shall be submitted to the RAS for TDLR review. The submittal should be done no later than 20 calendar days from the time the drawings are released for regulatory review or public bids. These shall be a .pdf as well as a full size paper copy.

DEL.3. Electronic Copies.

The Engineer shall furnish the City with a USB flash drive of the final plans in the format of the current CADD system used by the City/State, .pdf format, and in the State's File Management System (FMS) format.

The Engineer shall also provide a separate USB flash drive containing cross section information (in dgn, XLR, & ASCII formats) for the City's construction contractor to use.

The Engineer shall provide an electronic copy of the Primavera file or the latest scheduling program used by the City for the construction time estimate.

With the approval of the State, and in lieu of the above, the Engineer may maintain the project files in the State's ProjectWise Work Areas. The handoff of the electronic files will be via email to the State, with a URN link to the project location in ProjectWise provided in the email.

DEL.4. Calculations.

The Engineer shall provide the following:

- A. A 3-ring binder with all quantity and non-structural design calculations.
- B. A bound copy of all engineering calculations, analysis, input calculations, quantities, geometric designs (OpenRoads Designer and/or OpenBridge Designer files), etc. relating to the project's structural elements. Project structural elements include, but are not limited to: bridges,

retaining walls, overhead sign foundations, high-mast illumination foundations, non-standard culverts, custom headwalls, and drainage appurtenances.

- C. Working copies of all spreadsheets and output from any programs utilized on a USB flash drive in a universally reliable format.

The Engineer may provide the calculations in .pdf format in lieu of the bound hard copies. The .pdf file should be submitted through Box.com or in ProjectWise (if applicable).

DEL.5. Archiving File for Bridge Design Calculations and Notes.

The Engineer shall scan the design notes (or convert electronic files) and submit a single PDF file for each bridge in accordance with the *TxDOT Bridge Design Manual - LRFD*. In the case of a single design done for twin structures, submit the same notes under two separate NBI numbers.
