### Action Requested:

Review and discussion of applicants to various City boards, commissions, committees, and corporations. (Vaughns)

### Background Information:

The City recently conducted an application process to fill open seats on various Boards, Commissions, Committees, and Corporations. The application period was open from June 26 to July 26, 2024. During this time, the City received a total of 82 applications from residents interested in serving in these capacities. Of the 82 applicants, 9 were not qualified due to residency; Council will review the remaining 73 applications.

There are currently 35 open seats across the various Boards and Commissions. These seats are crucial for ensuring that the City's advisory bodies are fully staffed and capable of providing the necessary input and recommendations to the City Council on a variety of issues.

Furthermore, I have educational and professional experience in sustainability, environmental stewardship, environmental justice, sustainable resource management, waste reduction, recycling and zero waste (including Certification as TRUE Zero Waste Advisor by GBCI).                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | In addition to the aforementioned, I served as Executive Director of Keep Dallas Beautiful a few years ago, thus I am knowledgeable of Keep Texas Beautiful and Keep America Beautiful and related work. I welcome the opportunity to serve on the Board and support the mission of the organization.                                                                                                             | No, I am not a current board/commission member.                                     |

I would like to continue on this board and bring my knowledge and experience to help make the tough decisions that growing communities need to make as the city footprint grows at a rapid pace.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | I believe my 30 years of commercial construction and planning experience are crucial to the success of the P&Z commission in a rapidly growing city such as ours. In addition my past tenure on this commission has given me the experience needed to make those tough decisions when it comes to the future planning of our City.                                                                                | I currently serve on the Planning and Zoning commission as the Chair                |

We have seen the area grow and welcome a diverse population. I lived in Frisco and was fortunate to be a part of lot of Frisco Chambers event/ribbon cuttings etc. I also gave my time to vounteering and was awarded Admin of the Year by Frisco Chamber in Feb 2024. I have been in real estate handling operations for a group of 15 realtors. My experience in running oeprations of a small business and helping clients for over 13 years that are moving to this area will be helpful to the boards I am applying for. I am passionate about growth and how City like Celina is becoming a home to so many people.                                                                                                                                                                                                                                                                                                                 | None                                                                                |

| Andrew     | Donaldson      | Economic Development Corporation                                                                                         | My wife and I moved to Celina in September 2022 with the intent to put down roots. We purchased our first home here, and hope to start our family here, for our future children to go to these schools, and to watch this city flourish and grow around us. I work and live in Celina, and I have a vested interest in the city's long-term future, especially in these key years of high growth and development. I believe continuing to serve on the EDC board will allow me to use my knowledge and skills to realize the future that we moved here for. | Over 9 years of banking experience has given me exposure to a plethora of business transactions, the majority relating to commercial real estate. I believe this experience translates directly to the needs of the EDC board. I know and understand how real estate deals are underwritten, I have extensive experience analyzing business financials across a range of industries, and I understand the mechanics of business finance. I have grown my loan portfolio at the bank by over \$30 million in 4.5 years of lending, financing a range of projects including residential development, retail center construction, railyard expansion, non-profit school expansion, asset-based lending, and more. Given that the EDC plays a significant role in judging the merit of new and existing businesses as well as potential development, I believe my financial skillset will be an asset to the Board. | EDC                                                                                 |

I apply to these commissions as they come up to fulfill what I feel is a civil duty to help the city my family calls home. I have no qualifying credentials other than I live and pay taxes in Celina.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | No                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |

| Barbara    | Ivey      | Arts & Culture,Downtown Commission,Special Events Advisory Committee                                      | I have lived in Celina for 15 years. I have the background and passion to serve on any one of three boards: Arts & Culture, Downtown Commission and/or Special Events Advisory Committee. Downtown Commission is my first choice. We moved to Celina in 2009 to a 100+ year old home less than a block from the square’s corner of W. Pecan and Arizona. We restored and updated the old house thinking it would be our forever home. In 2019 the City of Celina asked to purchase our home for downtown development and expansion. We looked everywhere for houses to buy or land where we could build. We wanted to stay in Downtown Celina. It had become our home and we value the community we created here. We purchased two lots on E. Malone St. and engaged all local resources to build two new homes, one for us and one for our Aunt who has owned multiple homes in Celina since 2002. Moved to 504 E. Malone St. in January 2021. I have researched and read and reread the Celina Downtown Master Plan and the Downtown Code approved in May 2021 multiple times. I am well educated and continue to keep up with our growth and future development plans for Celina. I am an active member of the Celina Chamber of Commerce as an ambassador for new members, member of the Celina Ladies of Influence Board and founding member of the Celina Rodeo. I attend the quarterly EDC meetings and either attend or watch the monthly City Council Meetings. | Enough about my Celina background, I am well trained in marketing, sales, special events, advertising, public relations, training & development, strategic planning, project management, contract negotiations and oral/written communication. I worked for large multi-national companies like Ericsson, aggressive entrepreneurial ventures like Barnes Oil and Gas Exploration, as well as multiple startups and turn-a-round companies. Love supporting family owned businesses and shopping local. I have an advantage to being older. I have experience and expertise in multiple business ventures and industries. Celina has a lot of young people working for the city and that is a great blessing. Yet, I believe my history and expertise will add value to our growing city. I want to serve and fill one of the open positions. Let’s talk’s requesting an interview for one of the open Board positions.I have submitted an application to attend the Citizen Government Academy 2024.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  | No                                                                                  |

Realizing this, I want to give back to the community. To this endeavor my wife and I are active fans of Celina High School football and baseball. Additionally, I substitute teach in the middle and high schools. Notwithstanding the aforementioned, I have two nephews who are sergeants on the Celina police department.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | I do not have personal working experience in any of the three commissions/boards of interest. My wife and I come from a long line of artists, are artists ourselves, and have grown 4 artists who graduated from Celina High. One is a cartoonist and graphic designer, another owns Celina's only full service advertising agency, another is a dessert artist, and the final one started LKDStudios, a character design and animation studio and won Celina's only state championship in animation. Additionally, I help my mother sell art at various festivals in the square and surrounding areas. My background helps me understand what our city would find delightful in the arts and the diversity of people and thought it produces. Additionally, I am extremely gifted at communicating ideas to get our people behind our Arts & Culture endeavors. | no                                                                                  |

I started on a small scale with being involved with several local businesses in Celina and now that this is becoming available I want to bring those experiences to a larger scale. Due to my age and experience I am a picture of the future art culture in Celina and have a great appreciation for the culture that has already grown here.                                                                                                                                                                                                                                 | I own the only full service marketing advertising agency in Celina. I understand the culture here from the high school level all the way up to the new business level and beyond. I have partnered with Celina Lifestyle Magazine as their designer for the past year and created relationships with businesses locally through advertising creation over the past 8 years I’ve been here. I am an artist and have a passion for direction. In college I oversaw every campus event, juried show, member meeting, and local arts guild festival as the Art Club President for two out of the three years of my college career. Yes the small town feel, and yet the diversity of this small town and all it has to offer stole my heart. I would love to participate in its growth and be a part of its development as it matures to the city that we all know is now in the making. Change is inevitable but I believe how we make that change is what matters. Having grown up in a house with family and friends who were in the arts I cannot imagine a better opportunity to get to be a part of the Arts &amp; Culture of this city.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | <p>Other than a family in the arts, none.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | No                                                                                  |

I’d love to be a part of shaping what Art is celebrated and nurtured as the city maneuvers through the new challenges the expansive growth brings. I’d love to explore the feasibility of bringing an Arts Festival to the square where talented artists can be showcased.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  | <p>I’ve hosted events and tours on my own property and historic barn as well as being a member in good standing with Celina’s Garden Club for the past 8 years.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | N/A                                                                                 |

Having lived in Celina for six years, I have witnessed firsthand the community's charm and the delicate balance between honoring our rich heritage and embracing thoughtful progress.</p> <p>My desire to serve on these boards stems from a deep appreciation for our local culture and a commitment to maintaining the traditional values that make Celina special. At the same time, I recognize the need for balanced development that can enrich our community without compromising its essence.</p> <p>As someone deeply integrated into the community, with multiple family members living in Celina and a proven track record of encouraging new families to move here, I am dedicated to ensuring that our city continues to thrive. I believe my background and experiences provide a unique perspective that will benefit the boards.</p> <p>I am passionate about preserving what makes Celina unique while fostering a welcoming environment for both long-term residents and newcomers. My goal is to support initiatives that respect our traditions while thoughtfully considering modern advancements, ensuring that Celina remains a vibrant and balanced community for years to come.</p> | <p>I am enthusiastic about contributing to the Art and Culture Board and the Downtown Commission in our city. With six years of residency in Celina, I have developed a deep appreciation for our community's unique character and traditions.</p> <p>Professionally, I bring a balanced perspective to the board. While I value traditional views of art and culture, I also recognize the importance of evolving and adapting to contemporary trends. This balance can help guide thoughtful decisions that respect our heritage while embracing necessary changes.</p> <p>Personally, as a Marine Corps veteran, I offer a distinct voice that can represent and advocate for our veteran community. Additionally, being part of the 100% work-from-home demographic, I understand the needs and preferences of this growing segment of our population, which is crucial for the development of both art and culture initiatives and downtown revitalization.</p> <p>My involvement in the community extends beyond my professional experience. My parents live in downtown Celina, and I frequently enjoy the area with my brother and his family, allowing me to engage with a diverse range of perspectives. Furthermore, I have successfully encouraged five high-income families to move to Celina, demonstrating my commitment to the community's growth and prosperity.</p> | N/A                                                                                 |

I have taken a great interest in the city, its communities and its people as an ambassador having completed all citizen academies offered by the city (government, police, fire). While I enjoy helping out by volunteering at all the events that the city offers its residents, there is always more that can be done to make our city the best place to live. I have also served on different boards of a non-profit sports organizations in different capacities.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | I have been involved in all events the city has put up, both as a participant early on as well as a repeat volunteer in the last few years. I am extremely organized always looking to improve things whenever and wherever I can. In my community, I work closely with the HOA to improve things at the local community level as well. I have come to enjoy the satisfaction one gets from helping and supporting others.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | No I am not currently serving on any board or commission at the city                |

We have such wonderful events here and that staff is great to work with even if we only meet 4 times a year. Would like to continue on to help make events better from past experience from Main Street. Have also never missed a meeting in 2 years, I think attendance is so important especially sine we only meet quarterly.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       | <p>Small business owner in Celina for 12 years. I would be honored to be a part of this committee. I believe that a library brings a sense of peace to all residents of our community. Itâ€™s a safe place for children and adults of all ages to come and escape their struggles, to get lost in the words on a page. Itâ€™s a place for our children to grow and enhance their knowledge. Iâ€™m excited for the opportunities this new library will bring! | Iâ€™m organized and can adapt to any challenge                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | No                                                                                  |

| Natalie          | Whitlow   | Community Development Corporation/ Parks & Recreation,Economic Development Corporation,Special Events Advisory Committee | I love this community. I would like to pair my marketing/public relations background with community service. Iâ€™ve been actively involved with various CelinaSD boards for years. My children are moving from elementary school. Elementary school involvement is more time consuming than upper levels. I would like to replace this time with city involvement.                                                              | N/A                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | N/A                                                                                 |

I believe that the EDC Board would be my highest and best use.                                                                                                                                                                                                                                                                                   | I have started and run multiple companies and led the charge for our portfolio of companies to move our Headquarters to Celina. I have worked with several EDC's, City Managers and Mayors across the Metroplex and feel like my experience with our HQ relocation as well as running a small business has given me a unique perspective that could be a huge benefit when talking with other business owners and helping to recruit the businesses that the city wants. I believe I could work well with the rest of the Board and the new EDC Director to help continue the strategic growth that the citizens and City Council want to see.                    | No                                                                                  |

| Brian      | Bender     | Arts & Culture       | <p>I want to continue serving on the board because my time on both the Arts and Culture Board and the Parks and Recreation Board has been incredibly rewarding. Being part of these boards has shown me firsthand the positive impact of community involvement in arts and recreation. It's strengthened my commitment to fostering a vibrant cultural scene and ensuring everyone has access to recreational activities.</p> <p>My background in public affairs and digital media has given me skills in communication, engagement, and content creation that I believe can contribute effectively to supporting and promoting our community's cultural and recreational initiatives.</p> <p>I've also gained insights into the operational challenges these initiatives face. I'm eager to work alongside fellow board members and community partners to tackle these challenges and help our programs thrive.</p> <p>In short, continuing on the board allows me to combine my professional skills with my passion for community service. My wife and I come from a long line of artists, are artists ourselves, and have grown 4 artists who graduated from Celina High. One is a cartoonist and graphic designer, another owns Celina's only full service advertising agency, another is a dessert artist, and the final one started LKDStudios, a character design and animation studio and won Celina's only state championship in animation. Additionally, I help my mother sell art at various festivals in the square and surrounding areas. My background helps me understand what our city would find delightful in the arts and the diversity of people and thought it produces. Additionally, I am extremely gifted at communicating ideas to get our people behind our Arts & Culture endeavors. | no                                                                                  |

| Jill       | Parsons   | Arts & Culture                                                                                           | Arts and culture is a passion that I’ve wanted to bring to Celina for many years. I started on a small scale with being involved with several local businesses in Celina and now that this is becoming available I want to bring those experiences to a larger scale. Due to my age and experience I am a picture of the future art culture in Celina and have a great appreciation for the culture that has already grown here.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              | I own the only full service marketing advertising agency in Celina. I understand the culture here from the high school level all the way up to the new business level and beyond. I have partnered with Celina Lifestyle Magazine as their designer for the past year and created relationships with businesses locally through advertising creation over the past 8 years I’ve been here. I am an artist and have a passion for direction. In college I oversaw every campus event, juried show, member meeting, and local arts guild festival as the Art Club President for two out of the three years of my college career. I have two degrees, one in Strategic Communication, one in Graphic Design from Ouachita Baptist University.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | N/A                                                                                 |

Yes the small town feel, and yet the diversity of this small town and all it has to offer stole my heart. I would love to participate in its growth and be a part of its development as it matures to the city that we all know is now in the making. Change is inevitable but I believe how we make that change is what matters. Having grown up in a house with family and friends who were in the arts I cannot imagine a better opportunity to get to be a part of the Arts & Culture of this city.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | Other than a family in the arts, none.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | No                                                                                  |

I have been in real estate handling operations for a group of 15 realtors. My experience in running oeprations of a small business and helping clients for over 13 years that are moving to this area will be helpful to the boards I am applying for. | Barbara    | Ivey       | Arts & Culture,Downtown Commission,Special Events Advisory Committee                                                                                                                                                                 | I have lived in Celina for 15 years. I have the background and passion to serve on any one of three boards: Arts & Culture, Downtown Commission and/or Special Events Advisory Committee. Downtown Commission is my first choice. We moved to Celina in 2009 to a 100+ year old home less than a block from the square's corner of W. Pecan and Arizona. We restored and updated the old house thinking it would be our forever home. In 2019 the City of Celina asked to purchase our home for downtown development and expansion. We looked everywhere for houses to buy or land where we could build. We wanted to stay in Downtown Celina. It had become our home and we value the community we created here. We purchased two lots on E. Malone St. and engaged all local resources to build two new homes, one for us and one for our Aunt who has owned multiple homes in Celina since 2002. Moved to 504 E. Malone St. in January 2021. I have researched and read and reread the Celina Downtown Master Plan and the Downtown Code approved in May 2021 multiple times. I am well educated and continue to keep up with our growth and future development plans for Celina. I am an active member of the Celina Chamber of Commerce as an ambassador for new members, member of the Celina Ladies of Influence Board and founding member of the Celina Rodeo. I attend the quarterly EDC meetings and either attend or watch the monthly City Council Meetings. | Enough about my Celina background, I am well trained in marketing, sales, special events, advertising, public relations, training & development, strategic planning, project management, contract negotiations and oral/written communication. I worked for large multi-national companies like Ericsson, aggressive entrepreneurial ventures like Barnes Oil and Gas Exploration, as well as multiple startups and turn-a-round companies. Love supporting family owned businesses and shopping local. I have an advantage to being older. I have experience and expertise in multiple business ventures and industries. Celina has a lot of young people working for the city and that is a great blessing. Yet, I believe my history and expertise will add value to our growing city. I want to serve and fill one of the open positions. Let's talk requesting an interview for one of the open Board positions.I have submitted an application to attend the Citizen Government Academy 2024. | No                                                                                  |

I would like to pair my marketing/public relations background with community service. I've been actively involved with various CelinaISD boards for years. My children are moving from elementary school. Elementary school involvement is more time consuming than upper levels. I would like to replace this time with city involvement.                                                                                                                                                                                                                                                                                                                                                         | N/A                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | N/A                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |

My goal is to support initiatives that respect our traditions while thoughtfully considering modern advancements, ensuring that Celina remains a vibrant and balanced community for years to come.</p> | <p>I am enthusiastic about contributing to the Art and Culture Board and the Downtown Commission in our city. With six years of residency in Celina, I have developed a deep appreciation for our community's unique character and traditions.</p> <p>Professionally, I bring a balanced perspective to the board. While I value traditional views of art and culture, I also recognize the importance of evolving and adapting to contemporary trends. This balance can help guide thoughtful decisions that respect our heritage while embracing necessary changes.</p> <p>Personally, as a Marine Corps veteran, I offer a distinct voice that can represent and advocate for our veteran community. Additionally, being part of the 100% work-from-home demographic, I understand the needs and preferences of this growing segment of our population, which is crucial for the development of both art and culture initiatives and downtown revitalization.</p> <p>My involvement in the community extends beyond my professional experience. My parents live in downtown Celina, and I frequently enjoy the area with my brother and his family, allowing me to engage with a diverse range of perspectives. Furthermore, I have successfully encouraged five high-income families to move to Celina, demonstrating my commitment to the community's growth and prosperity.</p> <p>I am committed to leveraging my background, experiences, and passion for Celina to support and enhance the initiatives of the Art and Culture Board and the Downtown Commission.</p> | N/A                                                                                 |

| Barbara      | Ivey       | Arts & Culture,Downtown Commission,Special Events Advisory Committee                                                                                                               | I have lived in Celina for 15 years. I have the background and passion to serve on any one of three boards: Arts & Culture, Downtown Commission and/or Special Events Advisory Committee. Downtown Commission is my first choice. We moved to Celina in 2009 to a 100+ year old home less than a block from the square’s corner of W. Pecan and Arizona. We restored and updated the old house thinking it would be our forever home. In 2019 the City of Celina asked to purchase our home for downtown development and expansion. We looked everywhere for houses to buy or land where we could build. We wanted to stay in Downtown Celina. It had become our home and we value the community we created here. We purchased two lots on E. Malone St. and engaged all local resources to build two new homes, one for us and one for our Aunt who has owned multiple homes in Celina since 2002. Moved to 504 E. Malone St. in January 2021. I have researched and read and reread the Celina Downtown Master Plan and the Downtown Code approved in May 2021 multiple times. I am well educated and continue to keep up with our growth and future development plans for Celina. I am an active member of the Celina Chamber of Commerce as an ambassador for new members, member of the Celina Ladies of Influence Board and founding member of the Celina Rodeo. I attend the quarterly EDC meetings and either attend or watch the monthly City Council Meetings. | Enough about my Celina background, I am well trained in marketing, sales, special events, advertising, public relations, training & development, strategic planning, project management, contract negotiations and oral/written communication. I worked for large multi-national companies like Ericsson, aggressive entrepreneurial ventures like Barnes Oil and Gas Exploration, as well as multiple startups and turn-around companies. Love supporting family owned businesses and shopping local. I have an advantage to being older. I have experience and expertise in multiple business ventures and industries. Celina has a lot of young people working for the city and that is a great blessing. Yet, I believe my history and expertise will add value to our growing city. I want to serve and fill one of the open positions. Let’s talk requesting an interview for one of the open Board positions.I have submitted an application to attend the Citizen Government Academy 2024. | No                                                                                  |

I would like to keep it that way. I was selected last year to serve but had to decline due to a conflict of interest with the city and my employer at the time. Starting August 1st I will no longer have restrictions on what I can do.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | I have been in the financial services industry for nearly a decade. Realizing this, I want to give back to the community. To this endeavor my wife and I are active fans of Celina High School football and baseball. Additionally, I substitute teach in the middle and high schools. Notwithstanding the aforementioned, I have two nephews who are sergeants on the Celina police department.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | I do not have personal working experience in any of the three commissions/boards of interest. I lived in Frisco and was fortunate to be a part of lot of Frisco Chambers event/ribbon cuttings etc. I also gave my time to vounteering and was awarded Admin of the Year by Frisco Chamber in Feb 2024. I have been in real estate handling operations for a group of 15 realtors. My experience in running oeprations of a small business and helping clients for over 13 years that are moving to this area will be helpful to the boards I am applying for. I am passionate about growth and how City like Celina is becoming a home to so many people.                                                                                                                                                                                                                                                                                                                                              | None                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |

I take pride in my out of the box thinking and ability to clearly convey an idea so that all parties have a clear understanding of what I stand. In addition my experience in the construction and development industry gives me added knowledge and exposure to working through a variety needs that may arise while serving the city.                                                                                                                                                                                                                                                                                                                                                                   | No                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |

| Andrew                                                       | Donaldson | Economic Development Corporation | My wife and I moved to Celina in September 2022 with the intent to put down roots. We purchased our first home here, and hope to start our family here, for our future children to go to these schools, and to watch this city flourish and grow around us. I work and live in Celina, and I have a vested interest in the city’s long-term future, especially in these key years of high growth and development. I believe continuing to serve on the EDC board will allow me to use my knowledge and skills to realize the future that we moved here for.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | Over 9 years of banking experience has given me exposure to a plethora of business transactions, the majority relating to commercial real estate. I believe this experience translates directly to the needs of the EDC board. I know and understand how real estate deals are underwritten, I have extensive experience analyzing business financials across a range of industries, and I understand the mechanics of business finance. I have grown my loan portfolio at the bank by over \$30 million in 4.5 years of lending, financing a range of projects including residential development, retail center construction, railyard expansion, non-profit school expansion, asset-based lending, and more. Given that the EDC plays a significant role in judging the merit of new and existing businesses as well as potential development, I believe my financial skillset will be an asset to the Board.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  | EDC                                                                                 |

These primary jobs are key to bringing further development in secondary jobs that will make Celina grow and continuing to make this a desirable place with all amenities and parks for others, but also to my family. Being involved in the planning stages of development can also allow me to make a difference in the long term for the City.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | My original background as a Telecom engineer in Dallas (Sales, Sales Engineering, Business Development, Network Design, and Field Engineering) helped to not only become detailed oriented, but also be able to communicate and present in a customer facing role. I also think I possess unique skills and training from my various roles in corporate America, to apply and help the board/commission focus on planning & outcomes. People also encourage me to get more involved.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | I bring broad experience in strategic planning and roadmap building. Each of the boards/commissions have an aspect of this, and I'd like to bring the thousands of dollars invested in my training, and the subsequent thousands of hours of experience I've gained planning/delivering/reporting/adjusting, to benefit the town where we plan to live for the next 20 years.                                                                                                                            | No                                                                                                                                                       |

I would like to pair my marketing/public relations background with community service. I've been actively involved with various CelinaISD boards for years. My children are moving from elementary school. Elementary school involvement is more time consuming than upper levels. I would like to replace this time with city involvement.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | N/A                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | N/A                                                                                                                                                      |

Realizing this, I want to give back to the community. To this endeavor my wife and I are active fans of Celina High School football and baseball. Additionally, I substitute teach in the middle and high schools. Notwithstanding the aforementioned, I have two nephews who are sergeants on the Celina police department.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | I do not have personal working experience in any of the three commissions/boards of interest. We have seen the area grow and welcome a diverse population. I lived in Frisco and was fortunate to be a part of lot of Frisco Chambers event/ribbon cuttings etc. I also gave my time to vounteering and was awarded Admin of the Year by Frisco Chamber in Feb 2024. I have been in real estate handling operations for a group of 15 realtors. My experience in running oeprations of a small business and helping clients for over 13 years that are moving to this area will be helpful to the boards I am applying for. I am passionate about growth and how City like Celina is becoming a home to so many people.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | None                                                                                |

In this time i have become more knowledgeable about the workings and plans for not only our current library, but the upcoming library expansion. I would like to continue in my current capacity on the Library Board. I feel the board that you have put together works well together and if I’m allowed to remain on the board, we will be able to move forward with fluidity and continue on with the things we already have in progress.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                | I have been in education for 25 years. | Lisa       | West      | Library Board        | I love this city!! I would be honored to be a part of this committee. I believe that a library brings a sense of peace to all residents of our community. It's a safe place for children and adults of all ages to come and escape their struggles, to get lost in the words on a page. It's a place for our children to grow and enhance their knowledge. I'm excited for the opportunities this new library will bring! | I'm organized and can adapt to any challenge                                                                 | No                                                                                  |

These primary jobs are key to bringing further development in secondary jobs that will make Celina grow and continuing to make this a desirable place with all amenities and parks for others, but also to my family. Being involved in the planning stages of development can also allow me to make a difference in the long term for the City.                                                                                                                                                                    | My original background as a Telecom engineer in Dallas (Sales, Sales Engineering, Business Development, Network Design, and Field Engineering) helped to not only become detail oriented, but also be able to communicate and present in a customer facing role. | Barbara    | Ivey       | Arts & Culture,Downtown Commission,Special Events Advisory Committee                                                                                                                 | I have lived in Celina for 15 years. I have the background and passion to serve on any one of three boards: Arts & Culture, Downtown Commission and/or Special Events Advisory Committee. Downtown Commission is my first choice. We moved to Celina in 2009 to a 100+ year old home less than a block from the square’s corner of W. Pecan and Arizona. We restored and updated the old house thinking it would be our forever home. In 2019 the City of Celina asked to purchase our home for downtown development and expansion. We looked everywhere for houses to buy or land where we could build. We wanted to stay in Downtown Celina. It had become our home and we value the community we created here. We purchased two lots on E. Malone St. and engaged all local resources to build two new homes, one for us and one for our Aunt who has owned multiple homes in Celina since 2002. Moved to 504 E. Malone St. in January 2021. I have researched and read and reread the Celina Downtown Master Plan and the Downtown Code approved in May 2021 multiple times. I am well educated and continue to keep up with our growth and future development plans for Celina. I am an active member of the Celina Chamber of Commerce as an ambassador for new members, member of the Celina Ladies of Influence Board and founding member of the Celina Rodeo. I attend the quarterly EDC meetings and either attend or watch the monthly City Council Meetings.                                                                                                                                 | Enough about my Celina background, I am well trained in marketing, sales, special events, advertising, public relations, training & development, strategic planning, project management, contract negotiations and oral/written communication. I worked for large multi-national companies like Ericsson, aggressive entrepreneurial ventures like Barnes Oil and Gas Exploration, as well as multiple startups and turn-a-round companies. Love supporting family owned businesses and shopping local. I have an advantage to being older. I have experience and expertise in multiple business ventures and industries. Celina has a lot of young people working for the city and that is a great blessing. Yet, I believe my history and expertise will add value to our growing city. I want to serve and fill one of the open positions. Let’s talk’s requesting an interview for one of the open Board positions.I have submitted an application to attend the Citizen Government Academy 2024. | No                                                                                  |

I have 7 years of marketing and event experience, and currently work with large corporate brands on their community and influencer focused events in Dallas. My professional roles have equipped me with valuable insights for large scale event planning, marketing, and community engagement.</p> <p>I am particularly passionate about creating inclusive and diverse events that cater to the varied interests of our city's residents, while protecting the culture that has been fostered in Celina and bring new residents into that. My ability to develop compelling promotional materials, combined with my strategic planning skills, would enable me to contribute effectively to the board's mission. I am passionate and energized, and also provide a young voice of families and couples moving to Celina to give a slightly different perspective. As someone who moved to the area in 2008, and returned after college, I have witnessed the area grow from the ground up, and am passionate about the opportunity to continue to help being apart of that growth.</p> <p>Joining the City Board for Special Events Advisement would allow me to leverage my skills for the betterment of our community. I am eager to collaborate with other board members, local businesses, and community organizations to create memorable and impactful events that bring our city together.</p> | Outside of personal event planning and coordination, I have worked in digital marketing and events for just over 7 years now. With a degree in marketing, I'm focused heavily on creating an environment for the decided audience for each event or promotion. I have worked with everyone from national brands in beauty, wellness, and food to local brands on their large scale activations, as well as large city events in Dallas. I manage a team of 5 in my current role, helping to guide other team members as well as work alongside them to achieve goals!                                                                                                                                                                                                                                                                                                                                                                                                                                 | No.                                                                                 |

| Raymond    | Tingle     | Community Development Corporation/ Parks & Recreation,Downtown Commission,Economic Development Corporation,Keep Celina Beautiful,Planning & Zoning,Special Events Advisory Committee | Civic involvement is important to me. I also think I possess unique skills and training from my various roles in corporate America, to apply and help the board/commission focus on planning & outcomes. People also encourage me to get more involved.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  | I bring broad experience in strategic planning and roadmap building. I have taken a great interest in the city, its communities and its people as an ambassador having completed all citizen academies offered by the city (government, police, fire). While I enjoy helping out by volunteering at all the events that the city offers its residents, there is always more that can be done to make our city the best place to live. I have also served on different boards of a non-profit sports organizations in different capacities. | I have been involved in all events the city has put up, both as a participant early on as well as a repeat volunteer in the last few years. I am extremely organized always looking to improve things whenever and wherever I can. In my community, I work closely with the HOA to improve things at the local community level as well. I have come to enjoy the satisfaction one gets from helping and supporting others. | No I am not currently serving on any board or commission at the city                |
