Based on the Budgeted Costs of the Phase #6 Projects and costs incurred in the issuance of the Phases #2-9 Refunding and Improvement Bonds, as set forth in Tables III-I and Table-M, the City Council has determined that the benefit to Phase #6 Assessed Property is at least equal to the Assessments levied on the Phase #6 Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Lot Type based on the ratio of the Equivalent Unit applicable to each Lot Type at the time residential Lots are platted to the total Equivalent Units of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council. The result of this approach will be that each final residential Lot within a recorded subdivision plat with similar values will have the same Assessment, with larger, more valuable Lots having a proportionately larger share

of the Assessments than smaller, less valuable Lots. As part of the determination as to the ability of different Lot Types to utilize and benefit from the Authorized Improvements, the City Council has taken into consideration that larger, more expensive homes, on average, will create more vehicle trips and greater demands for water and wastewater consumption, and larger, more expensive homes are likely to be built on larger, more valuable lots placing greater demand on the Authorized Improvements.

The Assessment and Annual Installments for each Parcel or Lot located within Phase #6 is shown on the Phase #6 Assessment Roll, attached as Appendix L, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

8. Assessment Methodology for Phase #7

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Phase #7 Projects shall be allocated to the Phase #7 Assessed Property by spreading the entire Assessment across the Parcels within Phase #7 based on the estimated Equivalent Units anticipated to be developed on each Parcel.

Based on the Budgeted Costs of the Phase #7 Projects and costs incurred in the issuance of the Phases #2-9 Refunding and Improvement Bonds, as set forth in Tables III-J and Table-M, the City Council has determined that the benefit to Phase #7 Assessed Property is at least equal to the Assessments levied on the Phase #7 Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Lot Type based on the ratio of the Equivalent Unit applicable to each Lot Type at the time residential Lots are platted to the total Equivalent Units of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council. The result of this approach will be that each final residential Lot within a recorded subdivision plat with similar values will have the same Assessment, with larger, more valuable Lots having a proportionately larger share of the Assessments than smaller, less valuable Lots. As part of the determination as to the ability of different Lot Types to utilize and benefit from the Authorized Improvements, the City Council has taken into consideration that larger, more expensive homes, on average, will create more vehicle trips and greater demands for water and wastewater consumption, and larger, more expensive homes are likely to be built on larger, more valuable lots placing greater demand on the Authorized Improvements.

The Assessment and Annual Installments for each Parcel or Lot located within Phase #7 is shown on the Phase #7 Assessment Roll, attached as Appendix M, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

9. Assessment Methodology for Phases #8-9

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Phases #8-9 Projects shall be allocated to the Phases #8-9 Assessed Property by

spreading the entire Assessment across the Parcels within Phases #8-9 based on the estimated Equivalent Units anticipated to be developed on each Parcel.

Based on the Budgeted Costs of the Phases #8-9 Projects and costs incurred in the issuance of the Phases #8-9 Improvement Bonds, as set forth in Tables III-L, the City Council has determined that the benefit to Phases #8-9 Assessed Property is at least equal to the Assessments levied on the Phases #8-9 Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Lot Type based on the ratio of the Equivalent Unit applicable to each Lot Type at the time residential Lots are platted to the total Equivalent Units of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council. The result of this approach will be that each final residential Lot within a recorded subdivision plat with similar values will have the same Assessment, with larger, more valuable Lots having a proportionately larger share of the Assessments than smaller, less valuable Lots. As part of the determination as to the ability of different Lot Types to utilize and benefit from the Authorized Improvements, the City Council has taken into consideration that larger, more expensive homes, on average, will create more vehicle trips and greater demands for water and wastewater consumption, and larger, more expensive homes are likely to be built on larger, more valuable lots placing greater demand on the Authorized Improvements.

The Assessment and Annual Installments for each Parcel or Lot located within Phases #8-9 is shown on the Phases #8-9 Assessment Roll, attached as Appendix N, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

F. ASSESSMENTS

The Assessments for the Phases #2-9 Major Improvement Area, Phase #1, Phase #2, Phase #3, Phase #4, Phase #5, Phase #6, Phase #7, and Phases #8-9 are levied on each Parcel according to the Phases #2-9 Major Improvement Area Assessment Roll, the Phase #1 Assessment Roll, the Phase #2 Assessment Roll, the Phase #3 Assessment Roll, the Phase #4 Assessment Roll, the Phase #5 Assessment Roll, the Phase #6 Assessment Roll, the Phase #7 Assessment Roll, and the Phases #8-9 Assessment Roll attached hereto as Appendix F, Appendix G, Appendix H, Appendix I, Appendix J, Appendix K, Appendix L, Appendix M, and Appendix N, respectively. The Annual Installments of the Assessments will be collected at the times and in the amounts shown on the Assessment Rolls, subject to any revisions made during an Annual Service Plan Update. Non-Benefited Property will not be subject to any Assessments.

G. ADMINISTRATIVE EXPENSES

The cost of administering the PID and collecting the Annual Installments shall be paid for on a pro rata basis by each Parcel based on the amount of Assessment levied against the Parcel. The Administrative Expenses shall be collected as part of and in the same manner as Annual

Installments in the amounts shown on the Assessment Roll, which may be revised based on Actual Costs incurred in Annual Service Plan Updates.

H. Additional Interest Reserve

Pursuant to the PID Act, the interest rate for Assessments that secure a series of Bonds may exceed the actual interest rate per annum paid on the related Bonds by no more than one half of one percent (0.50%). The interest rate used to determine the Assessments which secure a series of Bonds is one half of one percent (0.50%) per annum higher than the actual rate paid on the Bonds (the "Additional Interest Component").

Funds generated by the Additional Interest Component related to the Phase #1 Refunding Bonds, the Phases #2-9 Refunding and Improvement Bonds, and the Phases #8-9 Improvement Bonds are held in reserves held under the applicable Trust Indenture, which may be used to fund the associated interest charged between the date of prepayment of an Assessment and the date on which Phase #1 Refunding Bonds, the Phases #2-9 Refunding and Improvement Bonds, or the Phases #8-9 Improvement Bonds are prepaid, to offset any possible delinquent payments and pay Administrative Expenses provided for in the applicable Trust Indenture.

J. REALLOCATION OF ASSESSMENTS

1. Subdivision

Upon the subdivision of any Parcel, the Assessment for the Parcel prior to the subdivision shall be reallocated among the new subdivided Parcels according to the following formula:

$$A = B \times (C \div D)$$

Where the terms have the following meanings:

A = the Assessment for each new subdivided Parcel
B = the Assessment for the Parcel prior to subdivision
C = the estimated number of Equivalent Units to be built on each new subdivided Parcel
D = the sum of the estimated number of Equivalent Units to be built on all of the new subdivided Parcels

The calculation of the estimated number of Equivalent Units to be built on a Parcel shall be performed by the Administrator and confirmed by the City Council based on the information available regarding the use of the Parcel. The estimate as confirmed shall be conclusive. The number of Equivalent Units to be built on a Parcel may be estimated by net land area and reasonable density ratios.

The sum of the Assessments for all newly subdivided Parcels shall equal the Assessment for the Parcel prior to subdivision. The calculation shall be made separately for each newly subdivided Parcel. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation and to the extent the reallocation would exceed such amount, it shall be prepaid by such amount by the party requesting the subdivision of the Parcels. Any reallocation pursuant to this section shall be reflected in an Annual Service Plan Update approved by the City Council.

2. Consolidation

Upon the consolidation of two or more Parcels, the Assessment for the consolidated Parcel shall be the sum of the Assessments for the Parcels existing prior to consolidation. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation and to the extent the reallocation would exceed such amount, it shall be prepaid by such amount and related Prepayment Costs by the party requesting the consolidation of the Parcels. Any reallocation pursuant to this section shall be reflected in an Annual Service Plan Update approved by the City Council.

K. MANDATORY PREPAYMENT OF ASSESSMENTS

1. If a Parcel subject to Assessments is transferred to a party that is exempt from the payment of the Assessment under applicable law, or if an owner causes a Parcel subject to Assessments to become Non-Benefited Property, the party making such transfer of such Parcel shall pay to

the City the full amount of the principal portion of the Assessment on such Parcel, plus all Prepayment Costs, prior to any such transfer or act.

2. Payments required as described in Section I or this Section J shall be treated the same as any Assessment that is due and owing under the PID Act, the Assessment Ordinance, and this Service and Assessment Plan, including the same lien priority, penalties, procedures, and foreclosure specified by the PID Act.

L. REDUCTION OF ASSESSMENTS

1. If after all Authorized Improvements to be funded with a series of Bonds and/or an obligation due under the Reimbursement Agreement have been completed and Actual Costs for such Authorized Improvements are less than the Actual Costs or Budgeted Costs of the Authorized Improvements used to calculate the Assessments securing such series of Bonds and/or obligation under the Reimbursement Agreement, resulting in excess Bond proceeds or Assessment Revenues being available to redeem Bonds of such series and/or a need to reduce the related obligation under the Reimbursement Agreement, as the case may be, then the Assessment securing such series of Bonds and/or obligations under the Reimbursement Agreement for each Parcel of Assessed Property shall be reduced by the City Council as described in the applicable Trust Indenture or Reimbursement Agreement such that the sum of the resulting reduced Assessments for all applicable Assessed Properties equals the actual reduced Actual Costs and such excess Bond proceeds or Assessment Revenues shall applied to redeem Bonds of such series, or as provided in the Indenture or to reduce the obligation under the Reimbursement Agreement, as applicable. The Assessments shall not be reduced to an amount less than the related outstanding series of Bonds and/or amounts due under the Reimbursement Agreement. If all of the Authorized Improvements are not completed, the City may, as and if permitted in the applicable Trust Indenture, reduce the Assessments in another method if it determines such method would better reflect the benefit received by the Parcels from the Authorized Improvements completed.

2. If all the Authorized Improvements are not undertaken, resulting in excess Bond proceeds being available to redeem Bonds and/or a need to reduce the obligations under the Reimbursement Agreement, then the Assessments and Annual Installments for each Parcel shall be appropriately reduced by the City Council to reflect only the amounts required to repay obligations under the Reimbursement Agreement and/or to repay the Bonds, including interest on the Bonds and Administrative Expenses, and such excess Bond proceeds shall be applied to redeem Bonds or as described in the applicable Trust Indenture. The City Council may reduce the Assessments and the Annual Installments for each Parcel (i) in an amount that represents the Authorized Improvements provided for each Parcel or (ii) by an equal percentage calculated based on number of units, if determined by the City Council to be the most fair and practical means of reducing the Assessments for each Parcel, such that the sum of the resulting reduced Assessments equals the amount required to repay the Bonds and/or repay the obligations under the Reimbursement Agreement, including interest thereon and Administrative Expenses. The principal portion of the Assessment for each Parcel shall be reduced based on the reduction in the Assessments for each Parcel such that the sum of the resulting reduced principal portion of the Bonds and/or obligations under the Reimbursement

Agreement is equal to the outstanding principal amount of the Bonds and/or the amount outstanding under the Reimbursement Agreement.

M. PAYMENT OF ASSESSMENTS

1. Payment in Full

(a) The Assessment for any Parcel may be paid in full at any time. Such payment shall include all Prepayment Costs. If prepayment in full will result in redemption of Bonds, the payment amount shall be reduced by the amount, if any, of interest through the date of redemption of Bonds and reserve funds applied to the redemption under the Trust Indenture, net of any other costs applicable to the redemption of Bonds.

(b) If an Annual Installment has been billed prior to payment in full of an Assessment, the Annual Installment shall be due and payable and shall be credited against the payment-in-full amount.

(c) Upon payment in full of the Assessment and all Prepayment Costs, the City shall deposit the payment in accordance with the Trust Indenture or applicable reimbursement agreement; whereupon, the Assessment shall be reduced to zero, and the owner's obligation to pay the Assessment and Annual Installments thereof shall automatically terminate.

(d) At the option of the owner responsible to pay an Assessment, the Assessment on any Parcel plus Prepayment Costs related thereto may be paid in part; provided, however, if PID Bonds have been issued, then such payment shall be in an amount sufficient to allow for a convenient redemption of Bonds as determined by the Administrator and approved by the City. Upon the payment of such amounts for a Parcel, the Assessment for the Parcel shall be reduced, the Assessment Roll shall be updated to reflect such partial payment, and the obligation to pay the Annual Installment for such Parcel shall be reduced to the extent the partial payment is made.

2. Payment in Annual Installments

The PID Act provides that an Assessment for a Parcel may be paid in full at any time. If not paid in full, the PID Act authorizes the Assessment to be paid in installments and additionally allows the City to collect interest, Administrative Expenses and other authorized charges in installments. An Assessment for a Parcel that is not paid in full will be collected in Annual Installments each year in the amounts shown on the Assessment Rolls, as updated as provided for herein, which include interest, Administrative Expenses, and payments required for the Additional Interest Component.

VIII. MISCELLANEOUS PROVISIONS

A. ADMINISTRATIVE REVIEW

The City may elect to designate a third party to serve as Administrator. The City shall notify Developer in writing at least thirty (30) days in advance before appointing a third party Administrator.

To the extent consistent with the PID Act, an owner of Assessed Property claiming that a calculation error has been made in the Assessment Roll(s), including the calculation of the Annual Installment, shall send a written notice describing the error to the City not later than thirty (30) days after the date any amount which is alleged to be incorrect is due prior to seeking any other remedy. The Administrator shall promptly review the notice, and if necessary, meet with the Assessed Property owner, consider written and oral evidence regarding the alleged error and decide whether, in fact, such a calculation error occurred.

If the Administrator determines that a calculation error has been made and the Assessment Roll should be modified or changed in favor of the Assessed Property owner, such change or modification shall be presented to the City Council for approval to the extent permitted by the PID Act. A cash refund may not be made for any amount previously paid by the Assessed Property owner (except for the final year during which the Annual Installment shall be collected or if it is determined there are sufficient funds to meet the expenses of the PID for the current year), but an adjustment may be made in the amount of the Annual Installment to be paid in the following year. The decision of the Administrator regarding a calculation error relating to the Assessment Roll may be appealed to the City Council. GENERAL NOTES:

- IT IS IMPORTANT TO NOTE THAT THIS REPORT IS LIMITED IN ACCURACY BECAUSE IT WAS PREPARED WITHOUT THE BENEFIT OF PERMITTED CONSTRUCTION DOCUMENTS AND/OR ENGINEERING REPORTS, THAT MAY BE REQUIRED FOR PERMITTING AND THAT MAY YIELD NEW INFORMATION WHICH COULD AFFECT THE FINAL DEVELOPMENT COST.
- ALL INFRASTRUCTURE COST IDENTIFIED ABOVE ARE PREDICATED ON THE ASSUMPTIONS AND EXCLUSIONS IDENTIFIED IN THE DETAILED COST "BREAK-DOWN" OF PROBABLE COST BY TRACT.
- THE COST ILLUSTRATED ABOVE FOR EACH TRACT ARE ONLY FOR THOSE CATEGORIES SPECIFICALLY OUTLINED BY THE DETAILED COST BREAK-DOWN AND DO NOT NECESSARILY REPRESENT THE TOTAL DEVELOPMENT COST FOR THE PROJECT. IN ADDITION, IN SOME INSTANCES, THE FUTURE DEVELOPMENT OF ONE TRACT MAY NECESSITATE THE EXPENDITURE OF MONIES ALLOCATED WITHIN ANOTHER.
- THIS OPINION OF PROBABLE COST IS ASSOCIATED WITH THE SPECIFIC LAND PLAN SHOWN AT THE TOP OF THIS PAGE. THE SCOPE OF ANY FUTURE LAND PLAN REVISIONS WILL HAVE A DIRECT BEARING ON THE DEVELOPMENT COST.
- UNIT PRICES ARE BASED ON SIMILAR PROJECTS BID IN 2014, HOWEVER SHOULD BE VERIFIED WITH A CONTRACTOR DUE TO THE VOLATILITY OF PRICES TODAY.
- IMPACT FEES DUE AT TIME OF BUILDING PERMIT
- ASSUMES PROJECT SHALL BE DEVELOPED IN 8 DIFFERENT PHASES
- ASSUMES CITY WILL APPROVE ZONING CHANGE
- PREPARED WITHOUT THE BENEFIT OF A GEOTECHNICAL REPORT AND PHASE 1 ENVIRONMENTAL ASSESSMENT
- PREPARED WITHOUT THE BENEFIT OF A CITY MEETING REGARDING THE CONCEPT PLAN

B) Calculation of Equivalent Units

As explained under Section V.A for purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Authorized Improvements shall be allocated to the parcel of the Assessed Property receiving benefit from such Authorized Improvements by spreading the entire Assessment across the Parcels based on the estimated Equivalent Units.

For purposes of this Service and Assessment Plan, the City Council has determined that the Assessments shall be allocated to the Assessed Property on the basis of the average home value of each Lot Type, and that such method of allocation will result in the imposition of equal shares of the Assessments on Parcels similarly benefited. In determining the average home value of each Lot Type, the City Council has taken into consideration (i) the type of Lots (i.e., One-acre, 100 Ft, etc.); (ii) current and projected home prices; (iii) the costs of the Authorized Improvements, and (iv) the ability of different property types to utilize and benefit from the Authorized Improvements. Having taken into consideration the matters described above, the City Council has determined that allocating the Assessments among Parcels based on average home value is best accomplished by creating classifications of benefited Parcels based on the "Lot Types" defined above. These classifications from Lot Type 1 (One-acre Lots) representing the highest value to Lot Type 9 (35 Ft Lot) representing the lowest value for residential lots are set forth in Table E-21. Assessments are allocated to each Lot Type on the basis of the average home value for each class of Lots. This

is accomplished by giving each Lot Type an Equivalent Unit factor. Equivalent Units are the ratio of the average value of lots within each assessment class, setting the Equivalent Unit factor for Lot Type 1 (One-acre Lots) to 1.0.

Table E-19 shows the original Equivalent Unit factors within the PID that were used to allocate the Initial Major Improvements between Phase #1 and Phases #2-9 Major Improvement Area, as well as reallocate the Phases #2-9 Major Improvement Area share of the Initial Major Improvements, to Phase #2, Phase #3, and Phase #4.

Table E-19
Equivalent Unit Factors - Original

Lot Type	Estimated Average Unit Value	Equivalent Unit Factor	
Lot Type 1 (One-acre Lot)	$825,000	1.00	per dwelling unit
Lot Type 2 (100 Ft Lot)	$725,000	0.88	per dwelling unit
Lot Type 3 (86 Ft Lot)	$688,000	0.83	per dwelling unit
Lot Type 4 (74 Ft Lot)	$592,000	0.72	per dwelling unit
Lot Type 5 (60 Ft Lot)	$480,000	0.58	per dwelling unit
Lot Type 6 (50 Ft Lot)	$400,000	0.48	per dwelling unit

The Lot Type classifications and Equivalent Unit calculations described above were revised by the City Council in 2021 following additional changes to the development process and the request from the Developer. These classifications were expanded to cover from Lot Type 1 (One-Acre Lot) representing the highest value to Lot Type 6 (50 Ft Lot) representing the lowest value for residential Lots. Equivalent Units are the ratio of the average value of Lots within each assessment class, setting the 2021 updated Equivalent Unit factor for Lot Type 1 (One-Acre Lot) to 1.0.

Table E-20 shows the 2021 revised Equivalent Unit factors within the PID that were used to 1.) include Lot Type 7, 2.) allocate costs of the Phase #5 Improvements, and 3.) reallocate the Phases #2-9 Major Improvement Area's share of the Initial Major Improvements to Phase #5.

Table E-20
Equivalent Unit Factors – 2021 Revised

Lot Type	Estimated Average Unit Value	Equivalent Unit Factor	
Lot Type 1 (One-acre Lot)	$825,000	1.00	per dwelling unit
Lot Type 2 (100 Ft Lot)	$725,000	0.88	per dwelling unit
Lot Type 3 (86 Ft Lot)	$688,000	0.83	per dwelling unit
Lot Type 4 (74 Ft Lot)	$592,000	0.72	per dwelling unit
Lot Type 5 (60 Ft Lot)	$480,000	0.58	per dwelling unit
Lot Type 6 (50 Ft Lot)	$400,000	0.48	per dwelling unit
Lot Type 7 (65 Ft Lot)	$537,000	0.65	per dwelling unit

The Lot Type classifications and Equivalent Unit calculations described above are being revised by the City Council in 2022 following additional changes to the development process, substantial changes to the estimated average home prices and the request from the Developer. These classifications were expanded to cover from Lot Type 1 (One-Acre Lot) representing the highest value to Lot Type 9 (35 Ft Lot) representing the lowest value for residential Lots. Equivalent Units are calculated as the ratio of the average value of Lots within each assessment class, setting the 2022 revised Equivalent Unit factor for Lot Type 1 (One-Acre Lot) to 1.0.

Table E-21 shows the 2022 revised Lot Types and Equivalent Unit factors within the PID that are used to 1.) include Lot Type 8 and Lot Type 9, 2.) allocate Phase #6 Projects, and 3.) allocate the Additional Major Improvements to Phase #1, Phase #2, Phase #3, Phase #4, Phase #5, Phase #6, Phase #7, and Phases #8-9.

C) Original Allocation of Assessments to Lots within Phase #1 (Before Refunding)

As shown in Table E-40, the total amount of the Phase #1 Bonds, which represented the total Assessment originally allocated to all Parcels within Phase #1, was $9,000,000. As shown in Table E-22, there were a total of 334 residential units representing a total of 209.97 estimated original Equivalent Units for the residential development in Phase #1, resulting in an original Assessment per Equivalent Unit of $42,863.27.

The original Assessment per dwelling unit was calculated as the product of (i) $42,863.27 multiplied by (ii) the applicable original Equivalent Unit value for each Lot Type. For example, the original Assessment for a Lot Type 1 (One-Acre Lot) dwelling unit was $42,863.27 (i.e., $42,863.27 × 1.00). The original Assessment for a Lot Type 3 (86 Ft Lot) dwelling unit was $35,576.51 (i.e., $42,863.27 × 0.83). The original Assessment for a Lot Type 4 (74 Ft Lot) dwelling unit was $30,861.55 (i.e., $42,863.27 × 0.72). The original Assessment for a Lot Type 5 (60 Ft Lot) dwelling unit was $24,860.69 (i.e., $42,863.27 × 0.58). The original Assessment for a Lot Type 6 (50 Ft Lot) dwelling unit is $20,574.37 (i.e., $42,863.27 × 0.48). Table E-40 sets forth the original Assessment per dwelling unit for each of the five Lot Types in Phase #1.

As shown in Table E-54 the total amount of the Phases #2-9 Major Improvement Area Bonds and obligation under the Reimbursement Agreement, which represents the total Assessment allocated on all Parcels within the Phases #2-9 Major Improvement Area, is $18,150,000. As shown in Table E-26, there were a total of 1,437 residential units representing a total of 888.39 estimated 2016 revised Equivalent Units for the residential development in the Phases #2-9 Major Improvement Area, resulting in a 2016 revised Assessment per Equivalent Unit of $20,430.22.

The 2016 revised Assessment per dwelling unit was calculated as the product of (i) $20,430.22 multiplied by (ii) the applicable original Equivalent Unit value for each Lot Type. For example, the 2016 revised Assessment for a Lot Type 1 (One-Acre Lot) dwelling unit was $20,430.22 (i.e., $20,430.22 × 1.00). The 2016 revised Assessment for a Lot Type 2 (100 Ft Lot) dwelling unit was $17,978.59 (i.e., $20,430.22 × 0.88). The 2016 revised Assessment for a Lot Type 3 (86 Ft Lot) dwelling unit was $16,957.08 (i.e., $20,430.22 × 0.83). The 2016 revised Assessment for a Lot Type 4 (74 Ft Lot) dwelling unit was $14,709.76 (i.e., $20,430.22 × 0.72). The 2016 revised Assessment for a Lot Type 5 (60 Ft Lot) dwelling unit was $11,849.53 (i.e., $20,430.22 × 0.58). The 2016 revised Assessment for a Lot Type 6 (50 Ft Lot) dwelling unit was $9,806.50 (i.e., $20,430.22 × 0.48). Table E-54 sets forth the 2016 revised Assessment per dwelling unit for each of the six Lot Types in the Phases #2-9 Major Improvement Area.

J) 2024 Revised Allocation of Assessments to Lot Types in the Phases #2-9 Major Improvement Area (After Refunding)

As shown in Table E-63 the total amount of the Phases #2-9 Refunding and Improvement Bonds, which represents the total Assessment allocated on all Parcels within the Phases #2-9 Major Improvement Area, is $11,515,000. As shown in Table E-28.2, there were a total of 1,251 residential units representing a total of 488.06 estimated 2024 revised Equivalent Units for the residential development in the Phases #2-9 Major Improvement Area, resulting in an original Assessment per Equivalent Unit of $23,593.41.

The updated Assessment per dwelling unit was calculated as the product of (i) $23,593.41 multiplied by (ii) the applicable 2024 revised Equivalent Unit value for each Lot Type. For example, the updated Assessment for a Lot Type 1 (One-Acre Lot) dwelling unit is $23,593.41 (i.e., $23,593.41 × 1.00). The updated Assessment for a Lot Type 2 (100 Ft Lot) dwelling unit is $15,335.72 (i.e., $23,593.41 × 0.65). The updated Assessment for a Lot Type 3 (86 Ft Lot) dwelling unit is $11,560.77 (i.e., $23,593.41 × 0.49). The updated Assessment for a Lot Type 4 (74 Ft Lot) dwelling unit is $10,145.17 (i.e., $23,593.41 × 0.43). The updated Assessment for a Lot Type 5 (60 Ft Lot) dwelling unit is $8,021.76 (i.e., $23,593.41 × 0.34). Section 1. **Terms**.

Terms not otherwise defined herein are defined in the Service and Assessment Plan.

Section 2. Findings.

The findings and determinations set forth in the preambles hereof are hereby incorporated by reference and made a part of this Ordinance for all purposes as if the same were restated in full in this Section. The City Council hereby finds, determines, and ordains, as follows:

(a) The apportionment of the Actual Costs of the Improvement Area #2 Improvements (as reflected in the Service and Assessment Plan), and the Administrative Expenses (as defined in and as described by the Service and Assessment Plan) is fair and reasonable, reflects an accurate presentation of the special benefit each assessed parcel of Improvement Area #2 Assessed Property will receive from the construction of the Improvement Area #2 Improvements identified in the Service and Assessment Plan, and is hereby approved;

(b) The Service and Assessment Plan (i) covers a period of at least five years, (ii) defines the annual indebtedness and projected costs for the Improvement Area #2 Improvements, and (iii) includes a copy of the notice form required by Section 5.014 of the Texas Property Code, as amended. The Service and Assessment Plan has been reviewed and updated annually, including the updated Service and Assessment Plan attached hereto as ***Exhibit A***;

(c) The Service and Assessment Plan apportions the Actual Costs of the Improvement Area #2 Improvements to be assessed against the Improvement Area #2 Assessed Property as Assessments and such apportionment is made on the basis of special benefits accruing to the Improvement Area #2 Assessed Property because of the Improvement Area #2 Improvements;

(d) All of the real property in Improvement Area #2 of the District which is being assessed in the amounts shown in the Improvement Area #2 Assessment Roll will be benefited by the Improvement Area #2 Improvements proposed to be constructed as

described in the Service and Assessment Plan, and each assessed parcel of Improvement Area #2 Assessed Property will receive special benefits during the term of the Assessments equal to or greater than the total amount assessed;

(e) The method of apportionment of the Actual Costs of the Improvement Area #2 Improvements and Administrative Expenses set forth in the Service and Assessment Plan results in imposing equal shares of the Actual Costs of the Improvement Area #2 Improvements and Administrative Expenses on property similarly benefited, and results in a reasonable classification and formula for the apportionment of the Actual Costs of the Improvement Area #2 Improvements;

(f) The Service and Assessment Plan should be approved as the service plan and assessment plan for the District as described in Sections 372.013 and 372.014 of the PID Act;

(g) The Improvement Area #2 Assessment Roll should be approved as the assessment roll for the Improvement Area #2 Assessed Property within the District;

(h) The provisions of the Service and Assessment Plan relating to due and delinquency dates for the Assessments, interest on Annual Installments, interest and penalties on delinquent Assessments and delinquent Annual Installments, and procedures in connection with the imposition and collection of Assessments should be approved and will expedite collection of the Assessments in a timely manner in order to provide the services and improvements needed and required for Improvement Area #2 of the District; and

(i) A written notice of the date, hour, place and subject of this meeting of the City Council was posted at a place convenient to the public for the time required by law preceding this meeting, as required by the Open Meetings Act, Chapter 551, Texas Government Code, as amended, and this meeting has been open to the public as required by law at all times during which this Ordinance and the subject matter hereof has been discussed, considered, and formally acted upon.

Section 3. Service and Assessment Plan.

The Service and Assessment Plan is hereby accepted and approved pursuant to Sections 372.013 and 372.014 of the PID Act as the service plan and the assessment plan for the District.

Section 4. Improvement Area #2 Assessment Roll.

The Improvement Area #2 Assessment Roll is hereby accepted and approved pursuant to Section 372.016 of the PID Act as the Improvement Area #2 Assessment Roll of Improvement Area #2 of the District.

Section 5. Levy and Payment of Assessments for Actual Costs of the Improvement Area #2 Improvements.

(a) The City Council hereby levies an assessment on each parcel of Improvement Area #2 Assessed Property (excluding Non-Benefitted Property, as defined in the Service and Assessment Plan), as shown and described in the Service and Assessment Plan and the Improvement Area #2 Assessment Roll, in the respective amounts shown on the Improvement Area #2 Assessment Roll, as a special assessment on the properties set forth in the Improvement Area #2 Assessment Roll.

(b) The levy of the Assessments shall be effective on the date of the adoption of this Ordinance levying the Assessments and strictly in accordance with the terms of the Service and Assessment Plan and the PID Act.

(c) The collection of the Assessments shall be as described in the Service and Assessment Plan and the PID Act.

(d) Each Assessment may be paid in a lump sum at any time or may be paid in Annual Installments pursuant to the terms of the Service and Assessment Plan.

(e) Each Assessment shall bear interest at the rate or rates specified in the Service and Assessment Plan.

(f) Each Annual Installment shall be collected each year in the manner set forth in the Service and Assessment Plan.

(g) The Administrative Expenses for the Assessed Property shall be calculated and collected pursuant to the terms of the Service and Assessment Plan.

Section 6. **Method of Assessment**.

The method of apportioning the Actual Costs of the Improvement Area #2 Improvements and Administrative Expenses is set forth in the Service and Assessment Plan.

Section 7. **Penalties and Interest on Delinquent Assessments.**

Delinquent Assessments shall be subject to the penalties, interest, procedures, and foreclosure sales set forth in the Service and Assessment Plan and as allowed by law.

Section 8. **Prepayments of Assessments**.

As provided in Section VI of the Service and Assessment Plan, the owner of any Improvement Area #2 Assessed Property subject to an Assessment may prepay the Assessments levied by this Ordinance.

Section 9. **Lien Priority**.

The City Council and the Landowners intend for the obligations, covenants and burdens on the Landowners of each parcel of Improvement Area #2 Assessed Property, including without limitation such Landowners' obligations related to payment of the Assessments and the Annual Installments thereof, to constitute covenants that shall run with the land. The Assessments and the Annual Installments thereof which are levied hereby shall be binding upon the Landowners,

as the owners of each parcel of Improvement Area #2 Assessed Property, and their respective transferees, legal representatives, heirs, devisees, successors and assigns in the same manner and for the same period as such parties would be personally liable for the payment of ad valorem taxes under applicable law. Assessments shall have lien priority as specified in the Service and Assessment Plan and the PID Act.

Section 10. **Appointment of Administrator and Collector of Assessments**.

(a) Appointment of Administrator.

The Administrator shall perform the duties of the Administrator described in the Service and Assessment Plan and in this Ordinance. The Administrator's fees, charges and expenses for providing such service shall constitute an Administrative Expense.

(b) Appointment of Collector.

The Tax Assessor/Collector of Denton County is hereby appointed and designated as the collector of the Assessments.

Section 11. **Applicability of Tax Code.**

To the extent not inconsistent with this Ordinance, and not inconsistent with the PID Act or the other laws governing public improvement districts, the provisions of the Texas Tax Code shall be applicable to the imposition and collection of the Assessments by the City.

Section 12. **Filing in Land Records**. The City Secretary is directed to cause a copy of this Ordinance, including the Service and Assessment Plan and the Improvement Area #2 Assessment Roll, to be recorded in the real property records of Denton County, not later than the seventh day after the date the City Council adopts this Ordinance approving the Service and Assessment Plan. The City Secretary is further directed to similarly file each Annual Service Plan Update (as defined in the Service and Assessment Plan) approved by the City Council not later than the seventh day after the date that the City Council approves each Annual Service Plan Update.

Section 13. Severability.

If any provision, section, subsection, sentence, clause, or phrase of this Ordinance, or the application of the same to any person or set of circumstances is for any reason held to be unconstitutional, void, or invalid, the validity of the remaining portions of this Ordinance or the application to other persons or sets of circumstances shall not be affected thereby, it being the intent of the City Council that no portion hereof, or provision or regulation contained herein shall become inoperative or fail by reason of any unconstitutionality, voidness, or invalidity or any other portion hereof, and all provisions of this ordinance are declared to be severable for that purpose.

Section 14. Effective Date.

This Ordinance shall take effect, and the levy of the Assessments, and the provisions and terms of the Service and Assessment Plan shall be and become effective upon passage hereof.

A. INTRODUCTION

The property in the PID is proposed to be developed in approximately three phases, and the PID will finance public improvements for each phase as each phase is developed. Assessments will be imposed on all property in the PID for the public improvements that benefit the entire PID and on the property in each phase for the public improvements to be constructed for the benefit of that phase.

Chapter 372 of the Texas Local Government Code, the "Public Improvement District Assessment Act" (as amended, the "PID Act"), governs the creation and operation of public improvement districts within the State of Texas. The Edgewood Creek Public Improvement District Service and Assessment Plan (the "Service and Assessment Plan") has been prepared in accordance with the PID Act and specifically Sections 372.013, 372.014, 372.015 and 372.016, which address the requirements of a service and assessment plan and the assessment roll. According to Section 372.013 of the PID Act, a service plan must (i) cover a period of at least five years; (ii) define the annual indebtedness and the projected costs for improvements; and (iii) include a copy of the notice form required by Section 5.014, Property Code." The service plan is described in Section IV of this Service and Assessment Plan. The copy of the notice form required by Section 5.014 of the Texas Property Code, as amended, is attached hereto as Appendix H. The plan shall be reviewed and updated annually for the purpose of determining the annual budget for improvements." The service plan is described in Section IV of this Service and Assessment Plan.

Section 372.014 of the PID Act requires that "an assessment plan must be included in the annual service plan." The assessment plan is described in Section V of this Service and Assessment Plan.

Section 372.015 of the PID Act requires that "the governing body of the municipality or county shall apportion the cost of an improvement to be assessed against property in an improvement district." The method of assessing the costs of the Authorized Improvements and apportionment of such costs to the property in the PID is included in Section V of this Service and Assessment Plan.

Section 372.016 of the PID Act requires that "after the total cost of an improvement is determined, the governing body of the municipality or county shall prepare a proposed assessment roll. The roll must state the assessment against each parcel of land in the district, as determined by the method of assessment chosen by the municipality or county under this subchapter." The

Assessment Rolls for the PID are included as Appendix E, Appendix F, and Appendix G of this Service and Assessment Plan. The Assessments as shown on each Assessment Roll are based on the method of assessment and apportionment of costs described in Section V of this Service and Assessment Plan.

The Improvement Area #2 Improvements descriptions are presented below as provided by the project engineer. The costs of the Improvement Area #2 Improvements are shown in Table III-C. The costs shown in Table III-C are estimates and may be revised in Annual Service Plan Updates, including such other improvements as deemed necessary to further improve the properties within the PID.

A description of the Improvement Area #2 Improvements are as follows.

Road Improvements

The road improvement portion of the Improvement Area #2 Improvements consists of the construction of road improvements, including related paving, drainage, curbs, gutters, sidewalks, retaining walls, signage, and traffic control devices, which benefit the Improvement Area #2 Assessed Property. All roadway projects will be designed and constructed in accordance with City standards and specifications and will be owned and operated by the City.

Water Improvements

The water improvements portion of the Improvement Area #2 Improvements consists of construction and installation of a looped water main network, waterlines, mains, pipes, valves and appurtenances, necessary for the portion of the water distribution system that will service the Improvement Area #2 Assessed Property. IV. SERVICE PLAN

A. SOURCES AND USES OF FUNDS

The PID Act requires the service plan to cover a period of at least five years. The service plan is required to define the annual projected costs and indebtedness for the Authorized Improvements undertaken within the PID during the five-year period. The Phases #2-3 Major Improvements financed with the Phases #2-3 Major Improvement Bonds have been constructed and accepted by the City or MSUD, as applicable. The Phase #1 Projects financed with the Phase #1 Bonds have been constructed and accepted by the City or MSUD, as applicable. It is anticipated that the Improvement Area #2 Improvements will be completed and accepted by the City or MSUD, as applicable, in the first quarter of 2025. After Improvement Area #2 is developed, it is anticipated that the remaining portion of phase #2 and phase #3 will begin development, with each Future Phase to be subsequently developed corresponding to the Service and Assessment Plan to be updated with that development.

The Actual Costs for Phases #2-3 Major Improvements plus costs related to the issuance of the Phases #2-3 Major Improvement Bonds and payment of expenses incurred in the establishment, administration and operation of the PID is $3,460,000 as shown in Table IV-A. The Actual Costs for Phase #1 Projects plus costs related to the issuance of the Phase #1 Bonds and payment of expenses incurred in the establishment, administration and operation of the PID is $8,959,757 as shown in Table IV-B.

The Budgeted Costs for Improvement Area #2 Improvements and payment of expenses incurred in the establishment, administration and operation of the PID is $6,320,698 as shown in Table IV-C. The service plan shall be reviewed and updated at least annually for the purpose of determining the annual budget for Administrative Expenses, updating the estimated Authorized Improvement costs, and updating the Assessment Roll(s). Any update to this Service and Assessment Plan is herein referred to as an "Annual Service Plan Update."

As Future Phases are developed in connection with the issuance of Phased PID Bonds or entering into a related reimbursement agreement, this Service and Assessment Plan will be amended (e.g. Table IV-D will be added for the next phase of development, etc.).

The Phases #2-3 Major Improvement Bonds shown in Table IV-A were issued in 2021 and financed a portion of the costs of Phases #2-3 Major Improvements.

C. PID ASSESSMENT NOTICE

The PID Act requires that this Service and Assessment Plan and each Annual Service Plan Update include a copy of the notice form required by Section 5.014 of the Texas Property Code. The "PID Assessment Notice" is attached hereto as Appendix H and may be updated in an Annual Service Plan Update.

V. SERVICE PLAN

A. INTRODUCTION

The PID Act requires the City Council to apportion the costs of the Authorized Improvements on the basis of special benefits conferred upon the property because of the Authorized Improvements. The PID Act provides that the costs of the Authorized Improvements may be assessed: (i) equally per front foot or square foot; (ii) according to the value of the property as determined by the governing body, with or without regard to improvements on the property; or (iii) in any other manner that results in imposing equal shares of the cost on property similarly benefited. The PID Act further provides that the governing body may establish by ordinance or order reasonable classifications and formulas for the apportionment of the cost between the municipality and the area to be assessed and the methods of assessing the special benefits for various classes of improvements.

The proposed bond issuance program entails a series of bond financings that are intended to finance the public infrastructure required for the development. This financing will necessarily be undertaken in phases to coincide with the private investment and development of the Authorized Improvements. Following the initial Phase #1 Bonds and the Phases #2-3 Major Improvement Bonds issued in 2021, and the obligation under the Improvement Area #2 Reimbursement Agreement created in 2025, subsequent financings may be issued over the upcoming decade as the subsequent phases (Phase #2 and Phase #3) of the development are gradually constructed.

The purpose of this gradual issuance of bonds in phases is to mirror the actual private development of the Authorized Improvements. The bonds to be issued are most prudently and efficiently utilized when directly coinciding with construction of public infrastructure needed for private development that is to occur once the infrastructure is completed; it is most effective to issue the Bonds when the infrastructure is needed, not before. Furthermore, there is no economic advantage, and several disadvantages, to issuing debt and encumbering property within the PID prior to the need for the Authorized Improvements.

Additionally, phased issuance of debt will maintain a prudent value to lien ("VtL") within the financing program. In order to maintain a prudent VtL, the initial issuance of bonds for a specific set of Authorized Improvements may not fund the entire desired level of public infrastructure because the property value is not high enough to support the entire debt load at the VtL chosen for the development. In that case, the Developer will need to fund the additional infrastructure costs with cash at closing. This cash investment by the Developer for certain Authorized Improvements, if necessary, can be reimbursed by a subsequent parity lien bond financing, secured by the same special assessments, once the assessed property is partially or fully developed and the value has increased sufficiently to permit the issuance of the additional bonds in a prudent fashion.

(remainder of this page is intentionally left blank)

For purposes of this Service and Assessment Plan, the City Council has determined that the costs of the Phases #2-3 Major Improvements, Phase #1 Projects, and Improvement Area #2 Improvements were allocated as described on the following page:

1. The costs of the Major Improvements and portion of the Phase #1 Improvements shall be allocated on the basis of the relative value of Parcels once such property is developed, and that such method of allocation will result in the imposition of equal shares of the costs of the Authorized Improvements to Parcels similarly benefited.

2. The Major Improvement costs are proportionally allocated to the Phases #2-3 Assessed Property and the Phase #1 Assessed Property based on the ratio of total estimated number of units for the Phases #2-3 Assessed Property and the Phase #1 Assessed Property.

3. The Phases #2-3 Assessed Property's proportional share of the costs for the Major Improvements is allocated to each Parcel within the Phases #2-3 Assessed Property based on the total estimated number of units for each Parcel.

4. The Phase #1 Projects costs are allocated to each Parcel within the Phase #1 Assessed Property based on the total estimated number of units for each Parcel.

5. The Improvement Area #2 Improvements costs are allocated to each Parcel within the Improvement Area #2 Assessed Property based on the total estimated number of units for each Parcel.

Table V-A and Table V-B provides the estimated allocation of costs of the Authorized Improvements constituting Major Improvements.

At this time it is impossible to determine with absolute certainty the amount of special benefit each Parcel within Future Phases will receive from the direct Authorized Improvements that will benefit each individual phase and that are to be financed with Phased PID Bonds. Therefore, Parcels will only be assessed for the special benefits conferred upon the Parcel at this time because of the Major Improvements, Phase #1 Improvements, and Improvement Area #2 Improvements, as applicable.

In connection with the issuance of Phased PID Bonds and/or execution of related reimbursement agreements, this Service and Assessment Plan will be updated to reflect the special benefit each Parcel of Assessed Property within a Future Phase receives from the specific Authorized Improvements funded with those Phased PID Bonds issued with respect to that Future Phase. Prior to assessing Parcels located within Future Phases in connection with issuance of Phased PID Bonds, each owner of the Parcels to be assessed must acknowledge that the Authorized Improvements to be financed confer a special benefit on their Parcel and must consent to the imposition of the Assessments to pay for the Actual Costs of such Authorized Improvements.

This section of this Service and Assessment Plan currently (i) describes the special benefit received by each Parcel within the PID as a result of the Major Improvements, Phase #1

Improvements, and Improvement Area #2 Improvements, as applicable, (ii) provides the basis and justification for the determination that this special benefit exceeds the amount of the Assessments levied on the Phase #1 Assessed Property and Phases #2-3 Assessed Property, and levied on the Improvement Area #2 Assessed Property for such improvements, and (iii) establishes the methodologies by which the City Council allocates and reallocates the special benefit of the Major Improvements, Phase #1 Improvements, and Improvement Area #2 Improvements, as applicable, to Parcels in a manner that results in equal shares of the Actual Costs of such improvements being apportioned to Parcels similarly benefited. The determination by the City Council of the assessment methodologies set forth below is the result of the discretionary exercise by the City Council of its legislative authority and governmental powers and is conclusive and binding on the Developer and all future owners and developers of the Assessed Property.

As Future Phases are developed, in connection with the issuance of Phased PID Bonds or entering into a reimbursement agreement, this Service and Assessment Plan will be updated based on the City's determination of the assessment methodology for each Future Phase.

B. SPECIAL BENEFIT

Assessed Property must receive a direct and special benefit from the Authorized Improvements, and this benefit must be equal to or greater than the amount of the Assessments. The Authorized Improvements are provided specifically for the benefit of the Assessed Property. The Authorized Improvements (more particularly described in line-item format in Appendix B to this Service and Assessment Plan) and the costs of issuance and payment of costs incurred in the establishment of the PID shown in Table IV-A, Table IV-B, and Table IV-C are authorized by the PID Act. These Authorized Improvements are provided specifically for the benefit of the Assessed Property.

Each owner of the Assessed Property has acknowledged that the Authorized Improvements confer a special benefit on the Assessed Property and has consented to the imposition of the Assessments to pay for the Actual Costs associated therewith. Each of the owners is acting in its interest in consenting to this apportionment and levying of the Assessments because the special benefit conferred upon the Assessed Property by the Authorized Improvements exceeds the amount of the Assessments.

The Authorized Improvements provide a special benefit to the Assessed Property as a result of the close proximity of these improvements to the Assessed Property and the specific purpose of these improvements of providing infrastructure for the Assessed Property. In other words, the Assessed Property could not be used in the manner proposed without the construction of the Authorized Improvements. The Authorized Improvements are being provided specifically to meet the needs of the Assessed Property as required for the proposed use of the property.

The Assessments are being levied to provide the Authorized Improvements that are required for the highest and best use of the Assessed Property (i.e., the use of the property that is most valuable, including any costs associated with that use). Highest and best use can be defined as "the reasonably probable and legal use of property, which is physically possible, appropriately supported, financially feasible, and that results in the highest value." (*Dictionary of Real Estate*

Appraisal, Third Edition.) The Authorized Improvements are expected to be required for the proposed use of the Assessed Property to be physically possible, appropriately supported, financially feasible, and maximally productive.

The Developer has evaluated the potential use of the property and has determined that the highest and best use of the property is the use intended and the legal use for the property as described in Section II of this Service and Assessment Plan. The use of the Assessed Property as described herein will require the construction of the Authorized Improvements.

The special assessments will repay financing that is on advantageous terms, as the Bonds issued to finance the Authorized Improvements will pay interest that is exempt from federal income tax. As a result, all other terms being equal (e.g., maturity, fixed vs. variable rate, credit quality), the tax- exempt bonds will have a lower interest rate than debt that is not tax-exempt. The Bonds also have a longer term than other available financings and may either be repaid or assumed by a buyer at the buyer's option. As a result of these advantageous terms, the financing provided by the PID is the most beneficial means of financing the Authorized Improvements.

Each owner of the Assessed Property will ratify, confirm, accept, agree to and approve: (i) the determinations and finding by the City Council as to the special benefits described in this Service and Assessment Plan and the Assessment Ordinance; (ii) the Service and Assessment Plan and the Assessment Ordinance, and (iii) the levying of Assessments on the Assessed Property. Use of the Assessed Property as described in this Service and Assessment Plan and as authorized by the PID Act requires that Authorized Improvements be acquired, constructed, installed, and/or improved. Funding the Actual Costs of the Authorized Improvements through the PID has been determined by the City Council to be the most beneficial means of doing so. As a result, the Authorized Improvements result in a special benefit to the Assessed Property, and this special benefit exceeds the amount of the Assessment. This conclusion is based on and supported by the evidence, information, and testimony provided to the City Council.

In summary, the Authorized Improvements result in a special benefit to the Assessed Property for the following reasons:

1. The Authorized Improvements are being provided specifically for the use of the Assessed Property, are necessary for the proposed best use of the property and provide a special benefit to the Assessed Property as a result;

2. The Developer has consented to the imposition of the Assessments for the purpose of providing the Authorized Improvements and the Developer is acting in its interest by consenting to this imposition;

3. The Authorized Improvements are required for the highest and best use of the property;

4. The highest and best use of the Assessed Property is the use of the Assessed Property that is most valuable (including any costs associated with the use of the Assessed Property);

5. Financing of the costs of the Authorized Improvement through the PID is determined to be the most beneficial means of providing for the Authorized Improvements; and,

6. As a result, the special benefits to the Assessed Property from the Authorized Improvements will be equal to or greater than the Assessments.

C. ALLOCATION OF COSTS TO ASSESSED PROPERTY

The Major Improvements will provide a special benefit to all property in the PID. Accordingly, the estimated Major Improvement costs must be allocated throughout all Assessed Property in the District. Table V summarizes the allocation of Actual Costs for each type of Major Improvement. The costs shown in Table V are estimates and may be revised in Annual Service Plan Updates, but the related Assessment may not be increased.

Phase #1 is projected to contain 301 residential units. Phases #2-3 are projected to contain 546 residential units, resulting in a total projected number of units in the PID of 847. As a result, 35.54% of the Actual Costs of Major Improvements (i.e. 301 ÷ 847 = 35.54%) are allocated to the Phase #1 Assessed Property and 64.46% of the Actual Costs Major Improvements (i.e., 546 ÷ 847 = 64.46%) are allocated to the Phases #2-3 Assessed Property. The Phases #2-3 Major Improvement Bonds will fund the proportionate share of the Actual Costs of the Major Improvements allocated to Phases #2-3 and the Phase #1 Bonds and Phase #1 Reimbursement Agreement will fund Phase #1's proportionate share of the Actual Costs of the Major Improvements and the Phase #1 Improvements. One hundred percent (100%) of the Phase #1 Improvements are allocated to the Phase #1 Assessed Property. One hundred percent (100%) of the Improvement Area #2 Improvements are allocated to the Improvement Area #2 Assessed Property.

As a result, 28.94% of the Actual Costs of Major Improvements (i.e. 158 ÷ 546 = 28.94%) are allocated to Improvement Area #2 Assessed Property and 71.06% of the Actual Costs Major Improvements (i.e., 388 ÷ 546 = 71.06%) are allocated to the Phases #2-3 Assessed Property, excluding Improvement Area #2 Assessed Property, as shown on Table V-B. The Phases #2-3 Major Improvement Bonds will fund the proportionate share of the Actual Costs of the Major Improvements allocated to Phases #2-3, including the portion in Improvement Area #2.

D. ASSESSMENT METHODOLOGY

The costs of the Authorized Improvements may be assessed by the City Council against the Assessed Property so long as the special benefit conferred upon the Assessed Property by the Authorized Improvements equals or exceeds the Assessments. The costs of the Authorized Improvements may be assessed using any methodology that results in the imposition of equal shares of the Actual Costs on Assessed Property similarly benefited.

1. Assessment Methodology for the Major Improvements for Phases #2-3

For purpose of this Service and Assessment Plan, the City Council has determined that the portion of the Major Improvement costs to be allocated to Phases #2-3 shall be allocated to the Phases #2-3 Assessed Property by spreading the entire Assessment for such improvements across the Parcels based on the estimated number of units anticipated to be developed on each Parcel.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the estimated number of units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Parcel based on the ratio of the estimated number of units at the time residential Lots are platted to the total estimated number of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council.

The Assessment and Annual Installments for each Parcel or Lot located within Phases #2-3 is shown on the Phases #2-3 Major Improvement Assessment Roll, attached as Appendix E, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

2. Assessment Methodology for Phase #1

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Phase #1 Projects to be financed with the Phase #1 Bonds and Phase #1 Reimbursement Agreement, shall be allocated to the Phase #1 Assessed Property by spreading the entire Assessment across the Parcels based on the estimated number of units anticipated to be developed on each Parcel within Phase #1.

Based on the estimates of the costs of the Phase #1 Projects, as set forth in Table III-B, the City Council has determined that the benefit to Phase #1 Assessed Property of the Phase #1 Projects is at least equal to the Assessments levied on the Phase #1 Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the estimated number of units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Parcel based on the ratio of the estimated number of units at the time residential Lots are platted to the total estimated number of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council.

The Assessment and Annual Installments for each Parcel or Lot located within Phase #1 is shown on the Phase #1 Assessment Roll, attached as Appendix F, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

3. Assessment Methodology for Improvement Area #2

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Improvement Area #2 to be financed under the Improvement Area #2 Reimbursement Agreement, shall be allocated to the Improvement Area #2 Assessed Property by spreading the entire Assessment across the Parcels based on the estimated number of units anticipated to be developed on each Parcel within Improvement Area #2.

Based on the estimates of the costs of the Improvement Area #2 Improvements, as set forth in Table III-C, the City Council has determined that the benefit to Improvement Area #2 Assessed Property of the Improvement Area #2 Improvements is at least equal to the Assessments levied on the Improvement Area #2 Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the estimated number of units of each newly created Parcel. For residential Lots,

when final residential building sites are platted, Assessments will be apportioned proportionately among each Parcel based on the ratio of the estimated number of units at the time residential Lots are platted to the total estimated number of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council.

The Assessment and Annual Installments for each Parcel or Lot located within Improvement Area #2 is shown on the Improvement Area #2 Assessment Roll, attached as Appendix G, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

4. Assessment Methodology for Future Phases

When any given Future Phase is developed, and Phased PID Bonds for that Future Phase are to be issued, this Service and Assessment Plan will be amended to determine the assessment methodology that results in the imposition of equal shares of the Actual Costs on Assessed Property similarly benefited within that Phase.

E. ASSESSMENTS

The Assessments for the Phases #2-3 Major Improvement Bonds, the Phase #1 Bonds, the Phase #1 Reimbursement Agreement, and Improvement Area #2 Reimbursement Agreement were levied on each Parcel or Lot according to the Phases #2-3 Major Improvement Assessment Roll, the Phase #1 Assessment Roll, and Improvement Area #2 Assessment Roll, as applicable. The Annual Installments for the Phases #2-3 Major Improvement Bonds, the Phase #1 Bonds, the Phase #1 Reimbursement Agreement, and Improvement Area #2 Reimbursement Agreement will be collected on the dates and in the amounts shown on the Phases #2-3 Major Improvement Assessment Roll, the Phase #1 Assessment Roll, and Improvement Area #2 Assessment Roll, respectively, subject to revisions made during an Annual Service Plan Update. Non-Benefited Property will not be subject to any Assessments.

See Appendix D for Assessment per unit, leverage, and estimated tax rate equivalent calculation details.

F. ADMINISTRATIVE EXPENSES

The cost of administering the PID and collecting the Annual Installments shall be paid for on a pro rata basis by each Parcel based on the amount of Assessment levied against the Parcel. The Administrative Expenses shall be collected as part of and in the same manner as Annual Installments in the amounts shown on each Assessment Roll, which may be revised based on actual costs incurred in Annual Service Plan Updates.

(remainder of this page is intentionally left blank)

G. Additional Interest Reserve

Pursuant to the PID Act, the interest rate for Assessments securing a series of bonds may exceed the actual interest rate per annum paid on the related Bonds by no more than one half of one percent (0.50%) (the "Additional Interest"). The interest rate used to determine the Assessments is one half of one percent (0.50%) per annum higher than the actual rate paid on the Bonds, with the Additional Interest Component of the Annual Installments allocated to fund a reserve to be used for paying interest associated with a prepayment and to offset any possible delinquency related costs (the "Additional Interest Reserve"). The Additional Interest Reserve shall be funded until it reaches 5.50% of the outstanding Bonds unless otherwise stipulated in the Bond documents. Once the Additional Interest Reserve is funded in full, the City may allocate the Additional Interest Component of the Annual Installments as provided in the applicable Trust Indenture. Additional Interest will not be collected as a part of any Annual Installment related to an Assessment which does not secure a series of bonds.

H. TIRZ Credit

Pursuant to the TIRZ Ordinance, the City has agreed to use TIRZ Revenues representing 47% of the City's increments generated from each Parcel to offset a portion of such Parcel's Assessments (the "TIRZ Annual Credit Amount"). The Annual Installment for each Parcel shall be calculated by taking into consideration any TIRZ Annual Credit Amount applicable to the Parcel then on deposit in the TIRZ No. 12 tax increment fund. The TIRZ Annual Credit Amount applicable to each Parcel shall be calculated as described under Section VI of this Service and Assessment Plan.

(remainder of this page is intentionally left blank)

VI. TERMS OF THE ASSESSMENTS

A. AMOUNT OF ASSESSMENTS AND ANNUAL INSTALLMENTS FOR PARCELS LOCATED WITHIN PHASES #2-3

The Assessment and Annual Installments for each Assessed Property located within Phases #2-3 are shown on the Phases #2-3 Major Improvement Assessment Roll, attached as Appendix E, and no Assessment shall be changed except as authorized by this Service and Assessment Plan and the PID Act.

The Annual Installments shall be collected from Phases #2-3 Assessed Property in an amount sufficient to pay (i) principal and interest on the Phases #2-3 Major Improvement Bonds, (ii) to fund the Additional Interest Reserve described in Section V, and (iii) to pay Administrative Expenses related to the PID. The Annual Installment for each Parcel shall be calculated by taking into consideration any available capitalized interest and TIRZ Annual Credit Amount applicable to the Parcel. The TIRZ Annual Credit Amount shall be calculated separately for each Parcel and such TIRZ Annual Credit Amount shall be applied on a Parcel-by-Parcel basis. As described in Section V.H., the TIRZ Revenues attributable to each Parcel of Assessed Property collected in any given year shall be used to calculate each Parcel's TIRZ Annual Credit Amount for such Parcel in the following year (i.e., TIRZ Revenues collected in 2021 shall be used to calculate the TIRZ Annual Credit Amount applicable to Annual Installments to be collected in 2022). TIRZ Annual Credit Amounts shall be calculated for those Parcels that are subject to Assessments in the PID. The number of units to be used for the calculation of the TIRZ Annual Credit Amount, if applicable, shall be determined by the Administrator based on the information available to the Administrator at the time of such calculations.

B. AMOUNT OF ASSESSMENTS AND ANNUAL INSTALLMENTS FOR PARCELS LOCATED WITHIN PHASE #1

The Assessment and Annual Installments for each Assessed Property located within Phase #1 is shown on the Phase #1 Assessment Roll, attached as Appendix F, and no Assessment shall be changed except as authorized by this Service and Assessment Plan and the PID Act.

The Annual Installments shall be collected from Phase #1 Assessed Property in an amount sufficient to pay (i) principal and interest on the Phase #1 Bonds and Phase #1 Reimbursement Agreement, (ii) to fund the Additional Interest Reserve described in Section V, and (iii) to pay Administrative Expenses related to the PID. The Annual Installment for each Parcel shall be calculated by taking into consideration any available capitalized interest and TIRZ Annual Credit Amount applicable to the Parcel. The TIRZ Annual Credit Amount shall be calculated separately for each Parcel and such TIRZ Annual Credit Amount shall be applied on a Parcel-by-Parcel basis. As described in Section V.H., the TIRZ Revenues attributable to each Parcel of Assessed Property collected in any given year shall be used to calculate each Parcel's TIRZ Annual Credit Amount for such Parcel in the following year (i.e., TIRZ Revenues collected in 2021 shall be used to calculate the TIRZ Annual Credit Amount applicable to Annual Installments to be collected in

2022). TIRZ Annual Credit Amounts shall be calculated for those Parcels that are subject to Assessments in the PID. The number of units to be used for the calculation of the TIRZ Annual Credit Amount, if applicable, shall be determined by the Administrator based on the information available to the Administrator at the time of such calculations.

C. Amount of Assessments and Annual Installments for Parcels Located Within Improvement Area #2

The Assessment and Annual Installments for each Assessed Property located within Improvement Area #2 is shown on the Improvement Area #2 Assessment Roll, attached as Appendix G, and no Assessment shall be changed except as authorized by this Service and Assessment Plan and the PID Act.

The Annual Installments shall be collected from Improvement Area #2 Assessed Property in an amount sufficient to pay (i) principal and interest on the Improvement Area #2 Reimbursement Agreement Obligation and (ii) to pay Administrative Expenses related to the PID. The Annual Installment for each Parcel shall be calculated by taking into consideration any available capitalized interest and TIRZ Annual Credit Amount applicable to the Parcel. The TIRZ Annual Credit Amount shall be calculated separately for each Parcel and such TIRZ Annual Credit Amount shall be applied on a Parcel-by-Parcel basis. As described in Section V.H., the TIRZ Revenues attributable to each Parcel of Assessed Property collected in any given year shall be used to calculate each Parcel's TIRZ Annual Credit Amount for such Parcel in the following year (i.e., TIRZ Revenues collected in 2025 shall be used to calculate the TIRZ Annual Credit Amount applicable to Annual Installments to be collected in 2026). TIRZ Annual Credit Amounts shall be calculated for those Parcels that are subject to Assessments in the PID. The number of units to be used for the calculation of the TIRZ Annual Credit Amount, if applicable, shall be determined by the Administrator based on the information available to the Administrator at the time of such calculations.

D. Amount of Assessments and Annual Installments for Parcels Located Within Future Phases

As Future Phases are developed, this Service and Assessment Plan will be amended to determine the Assessment and Annual Installments for each Assessed Property located within Future Phases (e.g., an Appendix will be added as the Assessment Roll for phase #3, etc.). The Assessments shall not exceed the benefit received by the Assessed Property.

(remainder of this page is intentionally left blank)

E. REALLOCATION OF ASSESSMENTS

1. Subdivision

Upon the subdivision of any Parcel, the Assessment for the Parcel prior to the subdivision shall be reallocated among the new subdivided Parcels according to the following formula:

$$A = B \times (C \div D)$$

Where the terms have the following meanings:

A = the Assessment for each new subdivided Parcel
B = the Assessment for the Parcel prior to subdivision
C = the estimated number of units to be built on each new subdivided Parcel
D = the sum of the estimated number of units to be built on all of the new subdivided Parcels

The calculation of the estimated number of units to be built on a Parcel shall be performed by the Administrator and confirmed by the City Council based on the information available regarding the use of the Parcel. The estimate as confirmed shall be conclusive. The number of units to be built on a Parcel may be estimated by net land area and reasonable density ratios.

The sum of the Assessments for all newly subdivided Parcels shall equal the Assessment for the Parcel prior to subdivision. The calculation shall be made separately for each newly subdivided Parcel. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation and to the extent the reallocation would exceed such amount, it shall be prepaid by such amount by the party requesting the subdivision of the Parcels. Any reallocation pursuant to this section shall be reflected in an Annual Service Plan Update approved by the City Council.

2. Consolidation

Upon the consolidation of two or more Parcels, the Assessment for the consolidated Parcel shall be the sum of the Assessments for the Parcels prior to consolidation. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation and to the extent the reallocation would exceed such amount, it shall be prepaid by such amount by the party requesting the consolidation of the Parcels. Any reallocation pursuant to this section shall be reflected in an Annual Service Plan Update approved by the City Council.

F. MANDATORY PREPAYMENT OF ASSESSMENTS

1. If a Parcel subject to Assessments is transferred to a party that is exempt from the payment of the Assessment under applicable law, or if an owner causes a Parcel subject to Assessments to become Non-Benefited Property, the owner of such Parcel shall pay to the City the full amount of the principal portion of the Assessment on such Parcel, plus all Prepayment Costs, prior to any such transfer or act.

2. If at any time the Assessment per Unit on a Parcel exceeds the applicable Phase #1 Maximum Assessment per Unit, the Phases #2-3 Major Improvement Maximum Assessment per Unit, or Improvement Area #2 Maximum Assessment per Unit calculated in this Service and Assessment Plan as a result of any changes in land use, subdivision, consolidation or reallocation of the Assessment authorized by this Service and Assessment Plan and initiated by the owner of the Parcel, then such owner shall pay to the City prior to the recordation of the document subdividing the Parcel the amount calculated by the Administrator by which the Assessment per Unit for the Parcel exceeds the applicable Phase #1 Maximum Assessment per Unit, the Phases #2-3 Major Improvement Maximum Assessment per Unit, or Improvement Area #2 Maximum Assessment per Unit calculated in this Service and Assessment Plan.

3. The payments required above shall be treated the same as any Assessment that is due and owing under the PID Act, the Assessment Ordinance, and this Service and Assessment Plan, including the same lien priority, penalties, procedures, and foreclosure specified by the PID Act.

G. REDUCTION OF ASSESSMENTS

1. If after all Authorized Improvements to be funded with a series of Bonds have been completed and Actual Costs for such Authorized Improvements are less than the Actual Costs of the Authorized Improvements used to calculate the Assessments securing such series of Bonds, resulting in excess Bond proceeds being available to redeem Bonds of such series, then the Assessment securing such series of Bonds for each Parcel of Assessed Property shall be reduced by the City Council pro rata such that the sum of the resulting reduced Assessments for all Assessed Properties equals the actual reduced Actual Costs and such excess Bond proceeds shall applied to redeem Bonds of such series. The Assessments shall not be reduced to an amount less than the related outstanding series of Bonds. If all of the Authorized Improvements are not completed, the City may reduce the Assessments in another method if it determines such method would better reflect the benefit received by the Parcels from the Authorized Improvements completed.

2. If all the Authorized Improvements are not undertaken, resulting in excess Bond proceeds being available to redeem Bonds, then the Assessments and Annual Installments for each Parcel shall be appropriately reduced by the City Council to reflect only the amounts required to repay the Bonds, including interest on the Bonds and Administrative Expenses, and such excess Bond proceeds shall be applied to redeem Bonds. The City Council may reduce the Assessments and the Annual Installments for each Parcel (i) in an amount that represents the Authorized Improvements provided for each Parcel or (ii) by an equal percentage calculated based on number of units, if determined by the City Council to be the most fair and practical means of reducing the Assessments for each Parcel, such that the sum of the resulting reduced Assessments equals the amount required to repay the Bonds, including interest on the Bonds and Administrative Expenses. The principal portion of the Assessment for each Parcel shall be reduced pro rata to the reduction in the Assessments for each Parcel such that the sum of the resulting reduced principal portion of the Bonds is equal to the outstanding principal amount of the Bonds.

H. PAYMENT OF ASSESSMENTS

1. Payment in Full

(a) The Assessment for any Parcel may be paid in full at any time. Such payment shall include all Prepayment Costs. If prepayment in full will result in redemption of Bonds, the payment amount shall be reduced by the amount, if any, of interest through the date of redemption of Bonds and reserve funds applied to the redemption under the Trust Indenture, net of any other costs applicable to the redemption of Bonds.

(b) If an Annual Installment has been billed prior to payment in full of an Assessment, the Annual Installment shall be due and payable and shall be credited against the payment-in-full amount.

(c) Upon payment in full of the Assessment and all Prepayment Costs, the City shall deposit the payment in accordance with the Trust Indenture; whereupon, the Assessment shall be reduced to zero, and the owner's obligation to pay the Assessment and Annual Installments thereof shall automatically terminate.

(d) At the option of the owner, the Assessment on any Parcel plus Prepayment Costs may be paid in part in an amount sufficient to allow for a convenient redemption of Bonds as determined by the Administrator. Upon the payment of such amounts for a Parcel, the Assessment for the Parcel shall be reduced, the Assessment Roll shall be updated to reflect such partial payment, and the obligation to pay the Annual Installment for such Parcel shall be reduced to the extent the partial payment is made.

2. Payment in Annual Installments

The PID Act provides that an Assessment for a Parcel may be paid in full at any time. If not paid in full, the PID Act authorizes the Assessment to be paid in installments and additionally allows the City to collect interest, administrative expenses and other authorized charges in installments. An Assessment for a Parcel that is not paid in full will be collected in Annual Installments each year in the amounts shown on the Assessment Rolls, as updated as provided for herein, which include interest, Administrative Expenses, and payments required for the Additional Interest Reserve. Payment of the Annual Installments shall commence with tax bills mailed after the initial issuance of Bonds.

Each Assessment shall be paid with interest of no more than the lesser of the actual interest rate paid on the Bonds and/or related reimbursement agreement. The Phases #2-3 Major Improvement Assessment Roll sets forth for each year the Annual Installment for each Parcel within Phases #2-3 based on an interest rate of 4.750% for years 2021 through 2031, 5.250% for years 2032 through 2041, and 5.50% for years 2042 through 2050, and additional interest at the rate of 0.5% for the Additional Interest Reserve. The Phase #1 Assessment Roll sets forth for each year the Annual Installment for each Parcel within Phase #1 based on an interest rate of 3.250% for years 2021 through 2026, 3.750% for years 2027 through 2031, 4.250% for years 2032 through 2041, and

4.50% for years 2042 through 2050 for the Phase #1 Bonds and 4.57% for the Phase #1 Reimbursement Agreement based on the Bond Buyer index for December 24, 2020, and an additional interest at the rate of 0.5% for the Additional Interest Reserve.

The Improvement Area #2 Assessment Roll sets forth for each year the Annual Installment for each Parcel within Improvement Area #2 based on an interest rate of 6.39% for the Improvement Area #2 Reimbursement Agreement based on the Bond Buyer index. Furthermore, the Annual Installments may not exceed the amounts shown on the Assessment Roll, shown as Appendix G.

The Annual Installments shall be reduced to equal the actual costs of repaying the Bonds and actual Administrative Expenses (as provided for in the definition of such term), taking into consideration any other available funds for these costs, such as interest income on account balances.

The City reserves and shall have the right and option to refund the Bonds in accordance with Section 372.027 of the PID Act. In the event of such refunding, the Administrator shall recalculate the Annual Installments, and if necessary, may adjust, or decrease, the amount of the Annual Installments so that total Annual Installments of Assessments will be produced in annual amounts that are required to pay the refunding bonds when due and payable as required by and established in the ordinance and/or the indenture authorizing and securing the refunding bonds, and such refunding bonds shall constitute Bonds for purposes of this Service and Assessment Plan.

I. COLLECTION OF ANNUAL INSTALLMENTS

No less frequently than annually, the Administrator shall prepare, and the City Council shall consider, an Annual Service Plan Update to allow for the billing and collection of Annual Installments. Each Annual Service Plan Update shall include updated Assessment Rolls and a calculation of the Annual Installment for each Parcel. Administrative Expenses shall be allocated among Parcels in proportion to the amount of the Annual Installments for the Parcels. Each Annual Installment shall be reduced by any credits applied under the applicable Trust Indenture, such as capitalized interest, interest earnings on any account balances, and any other funds available to the Trustee for such purpose, including any existing deposits for a prepayment reserve and any applicable TIRZ Credits. Annual Installments shall be collected by the City in the same manner and at the same time as ad valorem taxes and shall be subject to the same penalties, procedures, and foreclosure sale in case of delinquencies as are provided for ad valorem taxes of the City. The City Council may provide for other means of collecting the Annual Installments to the extent permitted under the PID Act. The Assessments shall have lien priority as specified in the PID Act.

Any sale of property for nonpayment of the Annual Installments shall be subject to the lien established for the remaining unpaid Annual Installments against such property and such property may again be sold at a judicial foreclosure sale if the purchaser thereof fails to make timely payment of the non-delinquent Annual Installments against such property as they become due and payable.

Improvement Area #2

The collection of the first Annual Installment for an Improvement Area #2 Lot or Parcel shall commence upon the earlier of: (i) September 1, 2025, or (ii) with tax bills sent the first October after issuance of a series of Bonds, secured by the Improvement Area #2 Assessment Revenues.

J. SURPLUS FUNDS REMAINING IN THE PHASES #2-3 MAJOR IMPROVEMENT BOND ACCOUNT

If proceeds from the Phases #2-3 Major Improvement Bonds still remain after all of the Phases #2-3 Major Improvements are constructed and accepted by the City, the proceeds may be utilized in accordance with Section VI.F of this SAP.

K. SURPLUS FUNDS REMAINING IN THE PHASE # 1 BOND ACCOUNT

If proceeds from the Phase #1 Bonds and Phase #1 Reimbursement Agreement remain after all of the Phase #1 Projects, are constructed and accepted by the City, the proceeds may be utilized in accordance with Section VI.F of this SAP.

VII. THE ASSESSMENT ROLL

A. PHASES #2-3 MAJOR IMPROVEMENT ASSESSMENT ROLL

The City Council has evaluated each Parcel within Phases #2-3 (based on numerous factors such as the applicable zoning for developable area, the use of proposed Homeowner Association Property, the Public Property, the types of public improvements, and other development factors deemed relevant by the City Council) to determine the amount of Assessed Property within Phases #2-3.

The Phases #2-3 Assessed Property has been assessed for the special benefits conferred upon the property resulting from the Phases #2-3 Major Improvements. Table VII-A summarizes the $3,460,000 in special benefit received by the Phases #2-3 Assessed Property from the Phases #2-3 Major Improvements, a portion of the costs of the PID formation, and the Phases #2-3 Major Improvement Bond issuance costs. The par amount of the Phases #2-3 Major Improvement Bonds is $3,460,000, which is equal to the benefit received by the Phases #2-3 Major Improvement Assessed Property. Accordingly, the total Assessment to be applied to all the Phases #2-3 Assessed Property is $3,460,000 plus annual Administrative Expenses. The Assessment for each Phases #2-3 Assessed Property is calculated based on the allocation methodologies described in Section V.D. The Phases #2-3 Major Improvement Assessment Roll is attached hereto as Appendix E.

B. PHASE #1 ASSESSMENT ROLL

The City Council has evaluated each Parcel in Phase #1 (based on numerous factors such as the applicable zoning for developable area, the use of proposed Homeowner Association Property, the Public Property, the types of public improvements, and other development factors deemed relevant by the City Council) to determine the amount of Assessed Property within the Phase #1.

The Phase #1 Assessed Property has been assessed for the special benefits conferred upon the property resulting from the Phase #1 Projects. Table VII-B summarizes the $8,959,757 in special benefit received by the Phase #1 Assessed Property from the Phase #1 Projects, a portion of the costs of the PID formation, and the Phase #1 Bond issuance costs. The par amount of the Phase #1 Bonds and Phase #1 Reimbursement Agreement is $8,959,757, which is equal to the benefit received by the Phase #1 Assessed Property. Accordingly, the total Assessment to be applied to all the Phase #1 Assessed Property is $8,959,757 plus annual Administrative Expenses. The Assessment for each Phase #1 Assessed Property is calculated based on the allocation methodologies described in Section V.D. The Phase #1 Assessment Roll is attached hereto as Appendix F.

C. Improvement Area #2 Assessment Roll

The City Council has evaluated each Parcel in Improvement Area #2 (based on numerous factors such as the applicable zoning for developable area, the use of proposed Homeowner Association Property, the Public Property, the types of public improvements, and other development factors deemed relevant by the City Council) to determine the amount of Assessed Property within the Improvement Area #2.

The Improvement Area #2 Assessed Property has been assessed for the special benefits conferred upon the property resulting from the Improvement Area #2 Improvements. Table VII-C summarizes the $6,320,698 in special benefit received by the Improvement Area #2 Assessed Property from the Improvement Area #2 Improvements. The amount of the obligation under the Improvement Area #2 Reimbursement Agreement is $4,205,000, which is less than the benefit received by the Improvement Area #2 Assessed Property. Accordingly, the total Assessment to be applied to all the Improvement Area #2 Assessed Property is $4,205,000 plus annual Administrative Expenses. The Assessment for each Improvement Area #2 Assessed Property is calculated based on the allocation methodologies described in Section V.D. The Improvement Area #2 Assessment Roll is attached hereto as Appendix G.

Table VII-C

D. Future Phase Assessment Roll

As Future Phases are developed, this SAP will be amended to determine the Assessment for each Parcel or Lot located within such Future Phase (e.g. an appendix will be added as the Assessment Roll for Future Phase).

(remainder of this page is intentionally left blank)

E. ANNUAL ASSESSMENT ROLL UPDATES

The Administrator shall prepare, and shall submit to the City Council for approval, annual updates to the Phases #2-3 Major Improvement Assessment Roll, Phase #1 Assessment Roll, and Improvement Area #2 Assessment Roll in conjunction with the Annual Service Plan Update to reflect the following matters, together with any other changes helpful to the Administrator or the City and permitted by the PID Act: (i) the identification of each Parcel (ii) the Assessment for each Parcel of Assessed Property, including any adjustments authorized by this Service and Assessment Plan or in the PID Act; (iii) the Annual Installment for the Assessed Property for the year (if the Assessment is payable in installments); and (iv) payments of the Assessment, if any, as provided by Section VI.G of this Service and Assessment Plan.

Once Bonds are issued, the Assessment Rolls shall be updated, which update may be done in the next Annual Service Plan Update, to reflect any changes resulting from the issuance of the Bonds. This update shall reflect the actual interest on the Bonds on which the Annual Installments shall be paid, any reduction in the Assessments, and any revisions in the Actual Costs to be funded by the Bonds and Developer funds.

(remainder of this page is intentionally left blank)

VIII. MISCELLANEOUS PROVISIONS

A. ADMINISTRATIVE REVIEW

The City may elect to designate a third party to serve as Administrator. The City shall notify Developer in writing at least thirty (30) days in advance before appointing a third party Administrator.

To the extent consistent with the PID Act, an owner of an Assessed Parcel claiming that a calculation error has been made in the Assessment Roll(s), including the calculation of the Annual Installment, shall send a written notice describing the error to the City not later than thirty (30) days after the date any amount which is alleged to be incorrect is due prior to seeking any other remedy. The Administrator shall promptly review the notice, and if necessary, meet with the Assessed Parcel owner, consider written and oral evidence regarding the alleged error and decide whether, in fact, such a calculation error occurred.

If the Administrator determines that a calculation error has been made and the Assessment Roll should be modified or changed in favor of the Assessed Parcel owner, such change or modification shall be presented to the City Council for approval to the extent permitted by the PID Act. A cash refund may not be made for any amount previously paid by the Assessed Parcel owner (except for the final year during which the Annual Installment shall be collected or if it is determined there are sufficient funds to meet the expenses of the PID for the current year), but an adjustment may be made in the amount of the Annual Installment to be paid in the following year. The decision of the Administrator regarding a calculation error relating to the Assessment Roll may be appealed to the City Council. Any amendments made to the Assessment Roll(s) pursuant to calculation errors shall be made pursuant to the PID Act.

The decision of the Administrator, or if such decision is appealed to the City Council, the decision of the City Council shall be conclusive as long as there is a reasonable basis for such determination. This procedure shall be exclusive and its exhaustion by any property owner shall be a condition precedent to any other appeal or legal action by such owner.

B. TERMINATION OF ASSESSMENTS

Each Assessment shall be extinguished on the date the Assessment is paid in full, including unpaid Annual Installments and Delinquent Collection Costs, if any. After the extinguishment of an Assessment and the collection of any delinquent Annual Installments and Delinquent Collection Costs, the City shall provide the owner of the affected Parcel a recordable "Notice of the PID Assessment Termination".

C. AMENDMENTS

Amendments to the Service and Assessment Plan can be made as permitted or required by the PID Act and under Texas law.

The City Council reserves the right to the extent permitted by the PID Act to amend this Service and Assessment Plan without notice under the PID Act and without notice to property owners of Parcels:(i) to correct mistakes and clerical errors; (ii) to clarify ambiguities; and (iii) to provide procedures for the collection and enforcement of Assessments, Prepayment Costs, Collection Costs, and other charges imposed by the Service and Assessment Plan.

D. Administration and Interpretation of Provisions

The City Council shall administer the PID, this Service and Assessment Plan, and all Annual Service Plan Updates consistent with the PID Act, and shall make all interpretations and determinations related to the application of this Service and Assessment Plan unless stated otherwise herein or in the Trust Indenture, such determination shall be conclusive.

E. Severability

If any provision, section, subsection, sentence, clause or phrase of this Service and Assessment Plan or the application of same to an Assessed Parcel or any person or set of circumstances is for any reason held to be unconstitutional, void or invalid, the validity of the remaining portions of this Service and Assessment Plan or the application to other persons or sets of circumstances shall not be affected thereby, it being the intent of the City Council in adopting this Service and Assessment Plan that no part hereof or provision or regulation contained herein shall become inoperative or fail by reason of any unconstitutionality, voidness or invalidity of any other part hereof, and all provisions of this Service and Assessment Plan are declared to be severable for that purpose.

If any provision of this Service and Assessment Plan is determined by a court to be unenforceable, the unenforceable provision shall be deleted from this Service and Assessment Plan and the unenforceable provision shall, to the extent possible, be rewritten to be enforceable and to give effect to the intent of the City.

        i. Calculation of Improvement Area #2 Assessments and the first Annual Installment for a Lot or Parcel shall begin as provided for in the SAP and the Assessment Ordinance.

        ii. This Reimbursement Agreement shall not, under any circumstances, give rise to or create a charge against the general credit or taxing power of the City or any other taxing unit, or a debt or other obligation of the City payable from any source other than Improvement Area #2 Assessment Revenues received, collected and deposited into Improvement Area #2 Assessment Fund. The Developer further agrees to look solely to the Improvement Area #2 Assessment Revenues, and not the City's general fund or any other revenues, taxes, income, property, or other funds of the City or any other taxing unit, for reimbursement of the Unpaid Balance. The City covenants that it will comply with the provisions of this Reimbursement Agreement and the PID Act, including provisions relating to the administration of the District and the enforcement and collection of assessments, and all other covenants provided therein. Ohio Celina, Texas 75009. Within thirty (30) days of receipt of any Reimbursement Payment Request, the City Engineer shall either (i) approve and execute the Reimbursement Payment Request, and upon such approval the City shall tender payment from those funds available in Improvement Area #2 Assessment Fund, or (ii) in the event the City Engineer disapproves the Reimbursement Payment Request, give written notification to the Developer of the City's disapproval, in whole or in part, of such Reimbursement Payment Request, specifying the reasons for such disapproval and the additional requirements to be satisfied for approval of such Reimbursement Payment Request. If a Reimbursement Payment Request seeking reimbursement is approved only in part, the City Engineer and/or the Administrator shall specify the extent to which the Reimbursement Payment Request

is approved and shall deliver payment for such partially approved Reimbursement Payment Request.

5. The Developer has the right to convey, transfer, assign, mortgage, pledge, or otherwise encumber, in whole or in part without the consent of (but with written notice to) the City, the Developer's right, title, or interest to payments under this Reimbursement Agreement (but not performance obligations) including, but not limited to, any right, title, or interest of the Developer in and to payment of the Unpaid Balance (any of the foregoing, a "Transfer," and the person or entity to whom the Transfer is made, a "Transferee"). Notwithstanding the foregoing, however, no Transfer shall be effective until five days after notice of the Transfer, including for each Transferee the information required by Section 9 below, is received by the City. The City may rely on any notice of a Transfer received from the Developer without obligation to investigate or confirm the validity or occurrence of such Transfer. No conveyance, transfer, assignment, mortgage, pledge or other encumbrance shall be made by the Developer or any successor or assignee of the Developer that results in (i) the City being an "obligated person" within the meaning of Rule 15c2-12 of the United States Securities and Exchange Commission or (ii) the Developer's interests under this Reimbursement Agreement being assigned to an out-of-state issuer without the express written consent of the City. Any assignment by a Transferee of its rights, title or interest under this Reimbursement Agreement shall be subject to the requirements of the Developer under this Section. The Developer waives all rights or claims against the City for any such funds provided to a third party as a result of a Transfer for which the City has received notice and the Developer's sole remedy shall be to seek the funds directly from the Transferee.

6. The obligations of the City under this Reimbursement Agreement are non-recourse and payable only from Improvement Area #2 Assessment Fund and such obligations do not create a debt or other obligation payable from any other City revenues, taxes, income, or property. None of the City or any of its elected or appointed officials or any of its officers or employees shall incur any liability hereunder to the Developer or any other party in their individual capacities by reason of this Reimbursement Agreement or their acts or omissions under this Reimbursement Agreement.

7. Following the City's inspection and approval of the Improvement Area #2 Improvements, there will be no conditions or defenses to the obligation of the City to use funds in Improvement Area #2 Assessment Fund to pay the Unpaid Balance.

8. Nothing in this Reimbursement Agreement is intended to constitute a waiver by the City of any remedy the City may otherwise have outside this Reimbursement Agreement against the Developer, any Transferee, or any other person or entity involved in the design, construction or installation of the Improvement Area #2 Improvements. The obligations of the Developer hereunder shall be those as a Party hereto and not solely as an owner of property in the District. Nothing herein shall be constructed, nor is intended, to affect the City's or the Developer's rights and duties to perform their respective obligations under other agreements, regulations and ordinances.

9. This Reimbursement Agreement is being executed and delivered, and is intended to be performed in the State of Texas. Except to the extent that the laws of the United States may apply to the terms hereof, the substantive laws of the State of Texas shall govern the validity, construction, enforcement, and interpretation of this Reimbursement Agreement. In the event of a dispute involving this Reimbursement Agreement, venue for such dispute shall lie in any court of competent jurisdiction in Denton County, Texas.

10. Any notice required or contemplated by this Reimbursement Agreement shall be signed by or on behalf of the Party giving the Notice, and shall be deemed effective as follows: (i) when delivered by a national company such as FedEx or UPS with evidence of delivery signed by any person at the delivery address regardless of whether such person was the named addressee; or (ii) 72 hours after the notice was deposited with the United States Postal Service, Certified Mail, Return Receipt Requested. Any Party may change its address by delivering written notice of such change in accordance with this section. All Notices given pursuant to this Section shall be addressed as follows:

To the City:	City of Celina, Texas Attn: City Manager City of Celina, Texas 142 N. Ohio Celina, Texas 75009 Telephone: (972) 382-2682
With a copy to:	City Attorney Attn: Julie Fort Messer, Fort & McDonald 6371 Preston Road, Suite 200 Frisco, TX 75034
To the Developer:	First Texas Homes, Inc. 500 Crescent Court, Suite 350 Dallas, Texas 75201
And to:	Attn: Travis Boghetich Boghetich Law, PLLC 1800 Valley View Lane, Suite 360 Farmers Branch, Texas 75234

11. Failure; Default; Remedies:

    a. If either Party fails to perform an obligation imposed on such Party by this Reimbursement Agreement (a "Failure") and such Failure is not cured after written notice and the expiration of the cure periods provided in this section, then such Failure shall constitute a "Default." Upon the occurrence of a Failure by a non-performing Party, the other Party shall notify the non-performing Party and all Transferees of the non-performing Party in writing specifying in reasonable detail

the nature of the Failure. The non-performing Party to whom notice of a Failure is given shall have at least 30 days from receipt of the notice within which to cure the Failure; however, if the Failure cannot reasonably be cured within 30 days and the non-performing Party has diligently pursued a cure within such 30-day period and has provided written notice to the other Party that additional time is needed, then the cure period shall be extended for an additional 30 day period so long as the non-performing Party is diligently pursuing a cure. Any Transferee shall have the same rights as the Developer to enforce the obligations of the City under this Reimbursement Agreement and shall also have the right, but not the obligation, to cure any alleged Failure by the Developer within the same time periods that are provided to the Developer. The election by a Transferee to cure a Failure by the Developer shall constitute a cure by the Developer but shall not obligate the Transferee to be bound by this Reimbursement Agreement with respect to Developer obligations under this Reimbursement Agreement unless the Transferee agrees to be bound.

b. If the Developer is in Default, the City shall have available all remedies at law or in equity, provided that no Default by the Developer shall: (1) affect the obligations of the City to use the amounts transferred to Improvement Area #2 Assessment Fund as provided in Sections 2 and 3 of this Reimbursement Agreement; or (2) entitle the City to terminate this Reimbursement Agreement.

c. If the City is in Default, the Developer's sole and exclusive remedies shall be to: (1) seek a writ of mandamus to compel performance by the City; or (2) seek specific enforcement of this Reimbursement Agreement.

12. The failure by a Party to insist upon the strict performance of any provision of this Reimbursement Agreement by the other Party, or the failure by a Party to exercise its rights upon a Default by the other Party shall not constitute a waiver of such Party's right to insist and demand strict compliance by such other Party with the provisions of this Reimbursement Agreement.

13. The City does not waive or surrender any of its governmental powers, immunities, or rights except to the extent permitted by law and necessary to allow the Developer to enforce its remedies under this Reimbursement Agreement.

14. Nothing in this Reimbursement Agreement, express or implied, is intended to or shall be construed to confer upon or to give to any person or entity other than the City and the Developer and its assigns any rights, remedies, or claims under or by reason of this Reimbursement Agreement, and all covenants, conditions, promises, and agreements in this Reimbursement Agreement shall be for the sole and exclusive benefit of the City and the Developer.

15. The Parties acknowledge that each has been actively involved in negotiating this Reimbursement Agreement. Accordingly, the rule of construction that any ambiguities are to be resolved against the drafting Party will not apply to interpreting this Reimbursement

Agreement. In the event of any dispute over the meaning or application of any provision of this Reimbursement Agreement, the provision will be interpreted fairly and reasonably and neither more strongly for nor against any Party, regardless of which Party originally drafted the provision.

16. In this Reimbursement Agreement, time is of the essence and compliance with the times for performance herein is required.

17. The City represents and warrants that this Reimbursement Agreement has been approved by official action by the City Council of the City in accordance with all applicable public notice requirements (including, but not limited to, notices required by the Texas Open Meetings Act) and that the individual executing this Reimbursement Agreement on behalf of the City has been duly authorized to do so. The Developer represents and warrants that this Reimbursement Agreement has been approved by appropriate action of the Developer, and that the individual executing this Reimbursement Agreement on behalf of the Developer has been duly authorized to do so. Each Party respectively acknowledges and agrees that this Reimbursement Agreement is binding upon such Party and is enforceable against such Party, in accordance with its terms and conditions and to the extent provided by law.

18. This Reimbursement Agreement constitutes the entire agreement between the Parties and supersedes all prior agreements, whether oral or written, covering the subject matter of this Reimbursement Agreement. This Reimbursement Agreement shall not be modified or amended except in writing signed by the Parties. If any provision of this Reimbursement Agreement is determined by a court of competent jurisdiction to be unenforceable for any reason, then: (a) such unenforceable provision shall be deleted from this Reimbursement Agreement; (b) the unenforceable provision shall, to the extent possible and upon mutual agreement of the parties, be rewritten to be enforceable and to give effect to the intent of the Parties; and (c) the remainder of this Reimbursement Agreement shall remain in full force and effect and shall be interpreted to give effect to the intent of the Parties.

19. This Reimbursement Agreement may be executed in any number of counterparts, each of which shall be deemed an original.

20. The Parties agree that at any time after execution of this Reimbursement Agreement, they will, upon request of another Party, execute and deliver such further documents and do such further acts and things as the other Party may reasonably request in order to effectuate the terms of this Reimbursement Agreement. This provision shall not be construed as limiting or otherwise hindering the legislative discretion of the City Council seated at the time that this Reimbursement Agreement is executed or any future City Council.

21. The term of this Reimbursement Agreement is thirty (30) years, or until the Unpaid Balance is paid in full, whichever occurs first.

22. Each Party shall use good faith, due diligence and reasonable care in the performance of its respective obligations under this Reimbursement Agreement, and time shall be of the

essence in such performance; however, in the event a Party is unable, due to force majeure, to perform its obligations under this Reimbursement Agreement, then the obligations affected by the force majeure shall be temporarily suspended by the amount of the delay actually so caused. Within three (3) business days after the occurrence of a force majeure, the Party claiming the right to temporarily suspend its performance, shall give Notice to all the Parties, including a detailed explanation of the force majeure and a description of the action that will be taken to remedy the force majeure and resume full performance at the earliest possible time. The term "force majeure" shall include events or circumstances that are not within the reasonable control of Party whose performance is suspended and that could not have been avoided by such Party with the good faith exercise of good faith, due diligence and reasonable care.

23. Representations.

a. The Developer makes the following representation and verifications to enable the City to comply with Chapters 2252, 2271, 2274, and 2276, Texas Government Code, as heretofore amended (the "Government Code"), in entering into this Reimbursement Agreement. As used in such verifications, "affiliate" means an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit. Liability for breach of any such verification during the term of this Reimbursement Agreement shall survive until barred by the applicable statute of limitations, and shall not be liquidated or otherwise limited by any provision of this Reimbursement Agreement, notwithstanding anything in this Reimbursement Agreement to the contrary.

b. Not a Sanctioned Company. The Developer represents that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Government Code. The foregoing representation excludes the Developer and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization.

c. No Boycott of Israel. The Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott Israel and will not boycott Israel during the term of this Reimbursement Agreement. As used in the foregoing verification, "boycott Israel" has the meaning provided in Section 2271.001, Government Code.

d. No Discrimination Against Firearm Entities. The Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate against a firearm entity or firearm trade association during the term of this Reimbursement Agreement. As used

in the foregoing verification, "discriminate against a firearm entity or firearm trade association" has the meaning provided in Section 2274.001(3), Government Code.

e. No Boycott of Energy Companies. The Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott energy companies and will not boycott energy companies during the term of this Reimbursement Agreement. As used in the foregoing verification, "boycott energy companies" has the meaning provided in Section 2276.001(1), Government Code.

24. Form 1295. Submitted herewith is a completed Form 1295 in connection with the Developer's participation in the execution of this Reimbursement Agreement generated by the Texas Ethics Commission's (the "TEC") electronic filing application in accordance with the provisions of Section 2252.908 of the Texas Government Code and the rules promulgated by the TEC (the "Form 1295"). The City hereby confirms receipt of the Form 1295 from the Developer, and the City agrees to acknowledge such form with the TEC through its electronic filing application not later than the 30th day after the receipt of such form. The Developer and the City understand and agree that, with the exception of information identifying the City and the contract identification number, neither the City nor its consultants are responsible for the information contained in the Form 1295; that the information contained in the Form 1295 has been provided solely by the Developer; and, neither the City nor its consultants have verified such information.

Affirmation of Recitals. The findings set forth in the Recitals of this Agreement are hereby incorporated as the official findings of the City Council.

I.
AGREEMENTS OF LANDOWNER

A. Affirmation and Acceptance of Agreements and Findings of Benefit. Landowner hereby ratifies, confirms, accepts, agrees to, and approves:

(i) the creation and boundaries of the District, and the boundaries of the Landowner's Parcel, as shown on **Exhibit I,** and the location and development of the Improvement Area #2 Improvements on the Landowner Parcel and on the property within Improvement Area #2 of the District;

(ii) the determinations and findings as to the benefits by the City Council in the Service and Assessment Plan and the Improvement Area #2 Improvements Assessment Ordinance; and

(iii) the Improvement Area #2 Improvements Assessment Ordinance and the Service and Assessment Plan.

B. Acceptance and Approval of Assessments and Lien on Property. Landowner consents to, agrees to, acknowledges and accepts the following:

(i) each Assessment levied by the City on the Landowner Parcel within Improvement Area #2 of the District, as shown on the assessment roll attached as Exhibit G to the Service and Assessment Plan (the "Assessment Roll");

(ii) the Improvement Area #2 Improvements specially benefit Improvement Area #2 of the District and the Landowner's Parcel, in an amount at least equal to the Assessment levied on the Landowner's Parcel within Improvement Area #2 of the District as such Assessment is shown on the Assessment Roll;

(iii) each Assessment is final, conclusive and binding upon Landowner and any subsequent owner of the Landowner's Parcel, regardless of whether such landowner may be required to prepay a portion of, or the entirety of, such Assessment upon the occurrence of a mandatory prepayment event as provided in the Service and Assessment Plan;

(iv) the obligation to pay the Assessment levied on the Landowner's Parcel owned by it when due and in the amount required by and stated in the Service and Assessment Plan and the Improvement Area #2 Improvements Assessment Ordinance;

(v) each Assessment or reassessment, with interest, the expense of collection, and reasonable attorney's fees, if incurred, is a first and prior lien against the Landowner's Parcel, superior to all other liens and monetary claims except liens or monetary claims for state, county, school district, or municipal ad valorem taxes, and is a personal liability of and charge against the owner of the Landowner's Parcel regardless of whether such owner is named;

(vi) the Assessment lien on the Landowner Parcel is a lien and covenant that runs with the land and is effective from the date of the Improvement Area #2 Improvements

Assessment Ordinance and continues until the Assessment is paid and may be enforced by the governing body of the City in the same manner that an ad valorem tax lien against real property may be enforced by the City;

(vii) delinquent installments of the Assessment shall incur and accrue interest, penalties, and attorney's fees as provided in the PID Act;

(viii) the owner of the Landowner Parcel may pay at any time the entire Assessment, with interest that has accrued on the Assessment, on any parcel in the Landowner Parcel;

(ix) the Annual Installments of the Assessments (as defined in the Service and Assessment Plan and Assessment Roll) may be adjusted, decreased and extended; and, the assessed parties shall be obligated to pay their respective revised amounts of the annual installments, when due, and without the necessity of further action, assessments or reassessments by the City, the same as though they were expressly set forth herein; and

(x) Landowner has received, or hereby waives, all notices required to be provided to it under Texas law, including the PID Act, prior to the Effective Date (defined herein).

C. Mandatory Prepayment of Assessments. Landowner agrees and acknowledges that Landowner or subsequent landowners may have an obligation to prepay an Assessment upon the occurrence of a mandatory prepayment event, at the sole discretion of the City and as provided in the Service and Assessment Plan, as amended or updated.

D. Notice of Assessments. Landowner further agrees as follows:

(i) the Declaration of Covenants, Conditions and Restrictions in the form attached hereto as **Exhibit II** shall be terms, conditions and provisions running with the Landowner's Parcel and shall be recorded (the contents of which shall be consistent with the Improvement Area #2 Improvements Assessment Ordinance and the Service and Assessment Plan as reasonably determined by the City), in the records of the County Clerk of Denton County, as a lien and encumbrance against such Landowner's Parcel, and Landowner hereby authorizes the City to so record such documents against the Landowner's Parcel owned by Landowner;

(ii) in the event of any subdivision, sale, transfer or other conveyance by the Landowner of the right, title or interest of the Landowner in the Landowner's Parcel or any part thereof, the Landowner's Parcel, or any such part thereof, shall continue to be bound by all of the terms, conditions and provisions of such Declaration of Covenants, Conditions and Restrictions and any purchaser, transferee or other subsequent owner shall take such Landowner's Parcel subject to all of the terms, conditions and provisions of such Declaration of Covenants, Conditions and Restrictions; and

(iii) Landowner shall comply with and shall contractually obligate (and promptly provide written evidence of such contractual provisions to the City) any party who purchases the Landowner Parcel, or any portion thereof, for the purpose of constructing residential properties that are eligible for "homestead" designations under

State law, to comply with, the Homebuyer Education Program described on **Exhibit III** to this Agreement. Such compliance obligation shall terminate as to each Lot (as defined in the Service and Assessment Plan) if, and when, (i) a final certificate of occupancy for a residential unit on such Lot is issued by the City, and (ii) there is a sale of a Lot to an individual homebuyer, it being the intent of the undersigned that the Homebuyer Education Program shall apply only to a commercial builder who is in the business of constructing and/or selling residences to individual home buyers (a "Builder") but not to subsequent sales of such residence and Lot by an individual home buyer after the initial sale by a Builder.

Notwithstanding the provisions of this Section, upon the Landowner's request and the City's consent, in the City's sole and absolute discretion, the Declaration of Covenants, Conditions and Restrictions may be included with other written restrictions running with the land on property within the District, provided they contain all the material provisions and provide the same material notice to prospective property owners as does the document attached as **Exhibit II.**

II.
OWNERSHIP AND CONSTRUCTION OF THE IMPROVEMENT AREA #2 IMPROVEMENTS

A. Ownership and Transfer of Improvement Area #2 Improvements. Landowner acknowledges that the portion of the Improvement Area #2 Improvements and the land (or easements, as applicable) needed therefor shall be owned by the City and/or Mustang Special Utility District ("MSUD") as constructed and/or conveyed to the City and/or MSUD and Landowners will execute such conveyances and/or dedications of public rights of way and easements as may be reasonably required to evidence such ownership, as generally described on the current plats of the property within the District.

B. Grant of Easement and License, Construction of Improvement Area #2 Improvements.

(i) Any subsequent owner of the Landowner's Parcel shall, upon the request of the City, MSUD, or Landowner, grant and convey to the City, MSUD, or Landowner and its contractors, materialmen and workmen a temporary license and/or easement, as appropriate, to construct the Improvement Area #2 Improvements on the property within Improvement Area #2, to stage on the property within Improvement Area #2, construction trailers, building materials and equipment to be used in connection with such construction of the Improvement Area #2 Improvements and for passage and use over and across parts of the property within Improvement Area #2 of the District as shall be reasonably necessary during the construction of the Improvement Area #2 Improvements. This representation and warranty is qualified to the extent the enforceability of this Agreement may be limited by applicable bankruptcy, insolvency, moratorium, reorganization or other similar laws of general application affecting the rights of creditors in general.

(iii) Neither the execution and delivery hereof, nor the taking of any actions contemplated hereby, will conflict with or result in a breach of any of the provisions of, or constitute a default, event of default or event creating a right of acceleration, termination or cancellation of any obligation under, any instrument, note, mortgage, contract, judgment, order, award, decree or other agreement or restriction to which Landowner is a party, or by which Landowner or the Landowner's Parcel is otherwise bound.

As used in the foregoing verification, "discriminate against a firearm entity or firearm trade association" has the meaning provided in Section 2274.001(3), Government Code.

METES AND BOUNDS DESCRIPTION OF LANDOWNER'S PARCEL

LANDOWNER AGREEMENT - EXHIBIT II

DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS

This **DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS** (as it may be amended from time to time, this "Declaration") is made as of _____, 2025 by First Texas Homes**,** Inc**,** a Texas corporation (the "Landowner").

RECITALS:

A. The Landowner holds record title to that portion of the real property located in Denton County, Texas, which is described in the attached **Exhibit I** (the "Landowner's Parcel").

B. The City Council of the City of Celina (the "City Council") upon a petition requesting the establishment of a public improvement district covering the property within the District to be known as the Edgewood Creek Public Improvement District (the "District") by the then current owners of 100% of the appraised value of the taxable real property and 100% of the area of all taxable real property within the area requested to be included in the District created such District, in accordance with the Public Improvement District Assessment Act, Chapter 372, Texas Local Government Code, as amended (the "PID Act").

C. The City Council has adopted an assessment ordinance to levy assessments for certain public improvements (including all exhibits and attachments thereto, the "Improvement Area #2 Improvements Assessment Ordinance") and the Service and Assessment Plan included as an exhibit to the Improvement Area #2 Improvements Assessment Ordinance (as amended from time to time, the "Service and Assessment Plan"), and has levied the assessments (as amended from time to time, the "Assessments") on property in Improvement Area #2 of the District.

D. The statutory notification required by Texas Property Code, Section 5.014, as amended, to be provided by the seller of residential property that is located in a public improvement district established under Chapter 372 of the Texas Local Government Code, as amended, to the purchaser, is incorporated into these Covenants, Conditions and Restrictions.

DECLARATIONS:

NOW, THEREFORE, the Landowner hereby declares that the Landowner's Parcel is and shall be subject to, and hereby imposes on the Landowner's Parcel, the following covenants, conditions and restrictions:

1. Acceptance and Approval of Assessments and Lien on Property:

(a) Landowner accepts each Assessment levied on the Landowner's Parcel owned by such Landowner.

(b) The Assessment (including any reassessment, the expense of collection, and reasonable attorney's fees, if incurred) is (a) a first and prior lien (the "Assessment Lien") against the property assessed, superior to all other liens or claims except for

liens or claims for state, county, school district or municipality ad valorem property taxes whether now or hereafter payable, and (b) a personal liability of and charge against the owners of the property to the extent of their ownership regardless of whether the owners are named. The Assessment Lien is effective from the date of the Improvement Area #2 Improvements Assessment Ordinance until the Assessments are paid and may be enforced by the City in the same manner as an ad valorem property tax levied against real property that may be enforced by the City. The owner of any assessed property may pay, at any time, the entire Assessment levied against any such property. Foreclosure of an ad valorem property tax lien on property within Improvement Area #2 of the District will not extinguish the Assessment or any unpaid but not yet due annual installments of the Assessment, and will not accelerate the due date for any unpaid and not yet due annual installments of the Assessment.

It is the clear intention of all parties to these Declarations of Covenants, Conditions and Restrictions, that the Assessments, including any annual installments of the Assessments (as such annual installments may be adjusted, decreased or extended), are covenants that run with the Landowner's Parcel and specifically binds the Landowner, its successors and assigns.

In the event of delinquency in the payment of any annual installment of the Assessment, the City is empowered to order institution of an action in district court to foreclose the related Assessment Lien, to enforce personal liability against the owner of the real property for the Assessment, or both. In such action the real property subject to the delinquent Assessment may be sold at judicial foreclosure sale for the amount of such delinquent property taxes and Assessment, plus penalties, interest and costs of collection.

2. Landowner or any subsequent owner of the Landowner's Parcel waives:

(a) any and all defects, irregularities, illegalities or deficiencies in the proceedings establishing the District and levying and collecting the Assessments or the annual installments of the Assessments;

(b) any and all notices and time periods provided by the PID Act including, but not limited to, notice of the establishment of the District and notice of public hearings regarding the levy of Assessments by the City Council concerning the Assessments;

(c) any and all defects, irregularities, illegalities or deficiencies in, or in the adoption of, the Improvement Area #2 Improvements Assessment Ordinance by the City Council;

(d) any and all actions and defenses against the adoption or amendment of the Service and Assessment Plan, the City's finding of a 'special benefit' pursuant to the PID Act and the Service and Assessment Plan, and the levy of the Assessments; and

(e) any right to object to the legality of any of the Assessments or the Service and Assessment Plan or to any of the previous proceedings connected therewith which occurred prior to, or upon, the City Council's levy of the Assessments.

3. **Amendments:** This Declaration may be terminated or amended only by a document duly executed and acknowledged by the then-current owner(s) of the Landowner's Parcel and the City. No such termination or amendment shall be effective until a written instrument setting forth the terms thereof has been executed by the parties by whom approval is required as set forth above and recorded in the real Property Records of Denton County, Texas.

4. **Third Party Beneficiary:** The City is a third party beneficiary to this Declaration and may enforce the terms hereof.

5. **Notice to Subsequent Purchasers:** Upon the sale of a dwelling unit within the District, the purchaser of such property shall be provided a written notice that reads substantially similar to the following:

THE BONDS

Section 2.1. Granting Clauses

(a) In order to secure the payment of debt service on all Bonds, and the performance and observance by the City of all the covenants expressed or implied herein, the City does hereby grant to the Trustee, as good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, a security interest in, mortgage, create a first lien on, and pledge to the Trustee, all of its right, title, and interest, whether now owned or hereafter acquired, in, to, and under the following (the "Trust Estate"):

(i) All Pledged Revenues and all moneys and investments held in the Pledged Funds, including any and all proceeds thereof and any contract or any evidence of indebtedness related thereto or other rights of the City to receive any of such moneys or investments, whether now existing or hereafter coming into existence, and whether now or hereafter acquired; and

(ii) Any and all other property or money of every name and nature which is, from time to time hereafter by delivery or by writing of any kind, conveyed, pledged, assigned or transferred, to the Trustee as additional security hereunder by the City or by anyone on its behalf or with its written consent, and the Trustee is hereby authorized to receive any and all such property or money at any and all times and to hold and apply the same subject to the terms thereof.

(b) The Trustee shall have and hold the Trust Estate, whether now owned or hereafter acquired or received by the Trustee and its successors or assigns, in trust upon the terms and trusts herein set forth for the benefit of all present and future Owners of the Bonds from time to time issued under and secured by this Indenture, and for enforcement of the payment of the Bonds in accordance with their terms, and for the performance of and compliance with the obligations, covenants, and conditions of this Indenture. Provided, however, if the City or its assigns shall well and truly pay, or cause to be paid, the principal or Redemption Price of and the

interest on all the Bonds at the times and in the manner stated in the Bonds, according to the true intent and meaning thereof, then this Indenture and the rights hereby granted shall cease, terminate and be void; otherwise this Indenture is to be and shall remain in full force and effect.

(c) Except as otherwise provided in the remaining provisions of this Indenture, nothing in this Section 2.1 shall prohibit the Trustee from bringing any actions or proceedings for the enforcement of the obligation of the City hereunder except that nothing in this Section shall prejudice the rights of the Trustee under Articles IX and XI hereof; provided further that the priority of payment and the source for the repayment of the debt service on the Bonds shall be subject to the terms as set forth herein, including without limitation Article VI herein; provided further that the right to direct remedies following an Event of Default shall be limited to the Owners of the Bonds to the extent provided as set forth in Articles XI and XV herein.

Section 2.2. Security for the Bonds.

The Bonds, as to both principal and interest, are and shall be equally and ratably secured by and payable from a first lien on and pledge of the Trust Estate.

If Texas law is amended at any time while the Bonds are Outstanding such that the pledge of the Trust Estate granted by the City under this Indenture is to be subject to the filing requirements of Texas Business and Commerce Code, Chapter 9, as amended, then in order to preserve to the registered owners of the Bonds the perfection of the security interest in said pledge, the City agrees to take such measures as it determines are reasonable and necessary under Texas law to comply with the applicable provisions of Texas Business and Commerce Code, Chapter 9, as amended, and enable a filing to perfect the security interest in said pledge to occur.

Section 2.3. Limited Obligations.

The Bonds are special and limited obligations of the City, payable solely from and secured solely by the Trust Estate, including the Pledged Revenues and the Pledged Funds; and the Bonds shall never be payable out of funds raised or to be raised by taxation or from any other revenues, properties or income of the City.

(a) The Bonds shall be executed on behalf of the City by the Mayor or Mayor Pro Tem and City Secretary, by their manual or facsimile signatures, and the official seal of the City shall be impressed or placed in facsimile thereon. Such facsimile signatures on the Bonds shall have the same effect as if each of the Bonds had been signed manually and in person by each of said officers, and such facsimile seal on the Bonds shall have the same effect as if the official seal of the City had been manually impressed upon each of the Bonds.

(b) In the event that any officer of the City whose manual or facsimile signature appears on the Bonds ceases to hold such office before the authentication of such Bonds or before the delivery thereof, such manual or facsimile signature nevertheless shall be valid and sufficient for all purposes as if such officer had remained in such office.

(e) Each exchange Bond delivered in accordance with this Section shall constitute an original contractual obligation of the City and shall be entitled to the benefits and security of this Indenture to the same extent as the Bond or Bonds in lieu of which such exchange Bond is delivered.

The Paying Agent/Registrar, however, may require the Owner to pay a sum sufficient to cover any tax or other governmental charge that is authorized to be imposed in connection with the registration, transfer, or exchange of a Bond.

(g) Neither the City nor the Paying Agent/Registrar shall be required to issue, transfer, or exchange any Bond or portion thereof called for redemption prior to maturity within 45 days prior to the date fixed for redemption; provided, however, such limitation shall not be applicable to an exchange by the Owner of the uncalled principal balance of a Bond redeemed in part.

Section 3.8. Cancellation.

All Bonds paid or redeemed before scheduled maturity in accordance with this Indenture, and all Bonds in lieu of which exchange Bonds or replacement Bonds are authenticated and delivered in accordance with this Indenture, shall be cancelled, and proper records shall be made regarding such payment, redemption, exchange, or replacement. The Paying Agent/Registrar shall dispose of cancelled Bonds in accordance with the records retention requirements of the Trustee.

(b) Until exchanged for Bonds in definitive form, such Bonds in temporary form shall be entitled to the benefit and security of this Indenture.

(c) The City, without unreasonable delay, shall prepare, execute and deliver to the Trustee the Bonds in definitive form; thereupon, upon the presentation and surrender of the Bond or Bonds in temporary form to the Paying Agent/Registrar, the Paying Agent/Registrar shall cancel the Bonds in temporary form and the Trustee shall authenticate and deliver in exchange therefor a Bond or Bonds of the same maturity and series, in definitive form, in an Authorized Denomination, and in the same aggregate principal amount, as the Bond or Bonds in temporary form surrendered. Such exchange shall be made without the making of any charge therefor to any Owner.

Section 3.10. Replacement Bonds.

(a) Upon the presentation and surrender to the Paying Agent/Registrar of a mutilated Bond, the Trustee shall authenticate and deliver in exchange therefor a replacement Bond of like tenor and principal amount, bearing a number not contemporaneously outstanding. The City or the Paying Agent/Registrar may require the Owner of such Bond to pay a sum sufficient to cover any tax or other governmental charge that is authorized to be imposed in connection therewith and any other expenses connected therewith.

(b) In the event that any Bond is lost, apparently destroyed or wrongfully taken, the Trustee, pursuant to the Applicable Laws of the State of Texas and in the absence of notice or knowledge that such Bond has been acquired by a bona fide purchaser, shall authenticate and deliver a replacement Bond of like tenor and principal amount bearing a number not contemporaneously outstanding, provided that the Owner first complies with the following requirements:

(i) furnishes to the Paying Agent/Registrar satisfactory evidence of his or her ownership of and the circumstances of the loss, destruction or theft of such Bond;

(ii) furnishes such security or indemnity as may be required by the Paying Agent/Registrar and the Trustee to save them and the City harmless;

(iii) pays all expenses and charges in connection therewith, including, but not limited to, printing costs, legal fees, fees of the Trustee and the Paying Agent/Registrar and any tax or other governmental charge that is authorized to be imposed; and

(iv) satisfies any other reasonable requirements imposed by the City and the Trustee.

(c) After the delivery of such replacement Bond, if a bona fide purchaser of the original Bond in lieu of which such replacement Bond was issued presents for payment such original Bond, the City and the Paying Agent/Registrar shall be entitled to recover such replacement Bond from the Person to whom it was delivered or any Person taking therefrom, except a bona fide purchaser, and shall be entitled to recover upon the security or indemnity provided therefor to the extent of any loss, damage, cost, or expense incurred by the City, the Paying Agent/Registrar or the Trustee in connection therewith.

(d) In the event that any such mutilated, lost, apparently destroyed or wrongfully taken Bond has become or is about to become due and payable, the Paying Agent/Registrar, in its discretion, instead of issuing a replacement Bond, may pay such Bond if it has become due and payable or may pay such Bond when it becomes due and payable.

(e) Each replacement Bond delivered in accordance with this Section shall constitute an original additional contractual obligation of the City and shall be entitled to the benefits and security of this Indenture to the same extent as the Bond or Bonds in lieu of which such replacement Bond is delivered.

Section 3.11. Book-Entry Only System.

The Bonds shall initially be issued in book-entry-only form and shall be deposited with DTC, which is hereby appointed to act as the securities depository therefor, in accordance with the letter of representations from the City to DTC. On the Closing Date the definitive Bonds shall be issued in the form of a single typewritten certificate for each maturity thereof registered in the name of Cede & Co., as nominee for DTC.

With respect to Bonds registered in the name of Cede & Co., as nominee of DTC, the City, the Trustee, and the Paying Agent/Registrar shall have no responsibility or obligation to any DTC Participant or to any Person on behalf of whom such a DTC Participant holds an interest in the Bonds. Without limiting the immediately preceding sentence, the City, the Trustee, and the Paying Agent/Registrar shall have no responsibility or obligation with respect to (i) the accuracy of the records of DTC, Cede & Co. or any DTC Participant with respect to any ownership interest in the Bonds, (ii) the delivery to any DTC Participant or any other Person, other than an Owner, as shown on the Register, of any notice with respect to the Bonds, including any notice of redemption, or (iii) the payment to any DTC Participant or any other Person, other than an Owner, as shown in the Register of any amount with respect to principal of, premium, if any, or interest on the Bonds. Notwithstanding any other provision of this Indenture to the contrary, the City, the Trustee, and the Paying Agent/Registrar shall be entitled to treat and consider the Person in whose name each Bond is registered in the Register as the absolute owner of such Bond for the purpose of payment of principal of, premium, if any, and interest on Bonds, for the purpose of giving notices of redemption and other matters with respect to such Bond, for the purpose of registering transfer with respect to such Bond, and for all other purposes whatsoever. The Paying Agent/Registrar shall pay all principal of, premium, if any, and interest on the Bonds only to or upon the order of the respective Owners as shown in the Register, as provided in this Indenture, and all such payments shall be valid and effective to fully satisfy and discharge the City's obligations with respect to payment of principal of, premium, if any, and interest on the Bonds to the extent of the sum or sums so paid. No Person other than an Owner, as shown in the Register, shall receive a certificate evidencing the obligation of the City to make payments of amounts due pursuant to this Indenture. Upon delivery by DTC to the Paying Agent/Registrar of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions in this Indenture with respect to interest checks or drafts being mailed to the registered owner at the close of business on the relevant Record Date, the word "Cede & Co." in this Indenture shall refer to such new nominee of DTC.

Section 3.12. Successor Securities Depository: Transfer Outside Book-Entry-Only System.

In the event that the City determines that DTC is incapable of discharging its responsibilities described herein and in the letter of representations from the City to DTC, the City shall (i) appoint a successor securities depository, qualified to act as such under Section 17A of

the Securities and Exchange Act of 1934, as amended, notify DTC and DTC Participants of the appointment of such successor securities depository and transfer one or more separate Bonds to such successor securities depository; or (ii) notify DTC and DTC Participants of the availability through DTC of certificated Bonds and cause the Paying Agent/Registrar to transfer one or more separate registered Bonds to DTC Participants having Bonds credited to their DTC accounts. In such event, the Bonds shall no longer be restricted to being registered in the Register in the name of Cede & Co., as nominee of DTC, but may be registered in the name of the successor securities depository, or its nominee, or in whatever name or names Owners transferring or exchanging Bonds shall designate, in accordance with the provisions of this Indenture.

Section 3.13. Payments to Cede & Co.

Notwithstanding any other provision of this Indenture to the contrary, so long as any Bonds are registered in the name of Cede & Co., as nominee of DTC, all payments with respect to principal of, premium, if any, and interest on such Bonds, and all notices with respect to such Bonds shall be made and given, respectively, in the manner provided in the blanket letter of representations from the City to DTC.

*Stated Maturity

(b) At least 45 days prior to each mandatory sinking fund redemption date, and subject to any prior reduction authorized by subparagraphs (c) and (d) of this Section 4.2, the Trustee shall select a principal amount of Bonds (in accordance with Section 4.5) of such maturity equal to the Sinking Fund Installment amount of such Bonds to be redeemed, in accordance with Section 4.5(b), shall call such Bonds for redemption on such scheduled mandatory sinking fund redemption date, and shall give notice of such redemption, as provided in Section 4.6.

(c) The principal amount of Bonds of a Stated Maturity required to be redeemed on any mandatory sinking fund redemption date pursuant to subparagraph (a) of this Section 4.2 shall be reduced, at the option of the City, by the principal amount of any Bonds of such maturity which, at least 45 days prior to the mandatory sinking fund redemption date shall have been acquired by the City at a price not exceeding the principal amount of such Bonds plus accrued and unpaid interest to the date of purchase thereof, and delivered to the Trustee for cancellation.

(d) The principal amount of Bonds required to be redeemed on any mandatory sinking fund redemption date pursuant to subparagraph (a) of this Section 4.2 shall be reduced on a pro rata basis among Sinking Fund Installments by the principal amount of any Bonds which, at least 45 days prior to the mandatory sinking fund redemption date, shall have been redeemed pursuant to the optional redemption or extraordinary optional redemption provisions hereof and not previously credited to a mandatory sinking fund redemption.

Section 4.3. Optional Redemption.

The City reserves the right and option to redeem Bonds maturing on or after September 1, 20___, before their respective scheduled maturity dates, in whole or in part, on any date on or after September 1, 20___, such redemption date or dates to be fixed by the City, at the Redemption Price.

Section 4.4. Extraordinary Optional Redemption.

Notwithstanding any provision in this Indenture to the contrary, the City reserves the right and option to redeem Bonds before their respective scheduled maturity dates, in whole or in part and in an amount and on a date specified in a City Certificate, at the Redemption Price of such Bonds, or portions thereof, to be redeemed plus accrued interest to the date of redemption from amounts on deposit in the Redemption Fund as a result of Prepayments (including related transfers to the Redemption Fund made pursuant to the terms of this Indenture) or any other transfers to the Redemption Fund under the terms of this Indenture or as a result of unexpended amounts transferred from the Project Fund pursuant to the terms of this Indenture.

Section 4.5. Partial Redemption.

(a) If less than all of the Bonds are to be redeemed pursuant to Sections 4.2, 4.3, or 4.4, Bonds shall be redeemed in minimum principal amounts of $1,000 or any integral multiple thereof. Each Bond shall be treated as representing the number of bonds that is obtained by dividing the principal amount of such Bond by $1,000. No redemption shall result in a Bond in a denomination of less than the Authorized Denomination in effect at that time; provided, however, if the amount of the Outstanding Bond is less than an Authorized Denomination after giving effect to such partial redemption, a Bond in the principal amount equal to the unredeemed portion, but not less than $1,000, may be issued.

(b) In selecting the Bonds to be redeemed pursuant to Section 4.2, the Trustee may select Bonds in any method that results in a random selection.

(c) In selecting the Bonds to be redeemed pursuant to Section 4.3, the Trustee may rely on the directions provided in a City Certificate.

(d) If less than all of the Bonds are called for extraordinary optional redemption pursuant to Section 4.4 hereof, the Bonds or portion of a Bond, as applicable, to be redeemed shall be selected in the following manner:

(i) with respect to a Substantial Amount Redemption, the principal amount called for redemption shall be allocated on a pro-rata basis among all Outstanding Bonds; and

(ii) with respect to a Minor Amount Redemption, the Outstanding Bonds or Bond, as applicable, shall be redeemed in inverse order of maturity.

(e) Upon surrender of any Bond for redemption in part, the Trustee, in accordance with Section 3.7 of this Indenture, shall authenticate and deliver an exchange Bond or Bonds in an aggregate principal amount equal to the unredeemed portion of the Bond so surrendered, such exchange being without charge.

Section 4.6. Notice of Redemption to Owners.

(a) The Trustee shall give notice of any redemption of Bonds by sending notice by United States mail, first-class, postage prepaid, not less than 30 days before the date fixed for redemption, to the Owner of each Bond or portion thereof to be redeemed, at the address shown in the Register. So long as the Bonds are in book-entry-only form and held by DTC as security depository, references to Owner in this Indenture means Cede & Co., as nominee for DTC.

(b) The notice shall state the redemption date, the Redemption Price, the place at which the Bonds are to be surrendered for payment, and, if less than all the Outstanding Bonds are to be redeemed, and subject to Section 4.5 hereof, an identification of the Bonds or portions thereof to be redeemed, any conditions to such redemption and that on the redemption date, if all conditions, if any, to such redemption have been satisfied, such Bond shall become due and payable.

(c) Any notice given as provided in this Section shall be conclusively presumed to have been duly given, whether or not the Owner receives such notice.

(d) The City has the right to rescind any optional redemption or extraordinary optional redemption described in Section 4.3 or 4.4 by written notice to the Trustee on or prior to the date fixed for redemption. Any notice of redemption shall be cancelled and annulled if for any reason funds are not available on the date fixed for redemption for the payment in full of the Bonds then called for redemption, and such cancellation shall not constitute an Event of Default under the Indenture. The Trustee shall mail notice of rescission of redemption in the same manner notice of redemption was originally provided.

(e) With respect to any optional redemption of the Bonds, unless the Trustee has received funds sufficient to pay the Redemption Price of the Bonds to be redeemed before giving of a notice of redemption, the notice may state the City may condition redemption on the receipt of such funds by the Trustee on or before the date fixed for the redemption, or on the satisfaction of any other prerequisites set forth in the notice of redemption. If a conditional notice of redemption is given and such prerequisites to the redemption are not satisfied and sufficient funds are not received, the notice shall be of no force and effect, the City shall not redeem the Bonds and the Trustee shall give notice, in the manner in which the notice of redemption was given, that the Bonds have not been redeemed.

Section 4.7. Payment Upon Redemption.

(a) The Trustee shall make provision for the payment of the Bonds to be redeemed pursuant to Section 4.3 or 4.4 hereof on such date by setting aside and holding in trust an amount from the Redemption Fund or otherwise received by the Trustee from the City and shall use such funds solely for the purpose of paying the Redemption Price on the Bonds being redeemed.

(b) Upon presentation and surrender of any Bond called for redemption at the Designated Payment/Transfer Office of the Trustee on or after the date fixed for redemption, the Trustee shall pay the Redemption Price on such Bond to the date of redemption from the moneys set aside for such purpose.

Section 4.8. Effect of Redemption.

Notice of redemption having been given as provided in Section 4.6 of this Indenture, the Bonds or portions thereof called for redemption shall become due and payable on the date fixed for redemption provided that funds for the payment of the Redemption Price are on deposit with the Trustee; thereafter, such Bonds or portions thereof shall cease to bear interest from and after the date fixed for redemption, whether or not such Bonds are presented and surrendered for payment on such date.

ARTICLE V

FORM OF THE BONDS

Section 5.1. Form Generally.

(a) The Bonds, including the Registration Certificate of the Comptroller of Public Accounts of the State of Texas, the Certificate of the Trustee, and the Assignment to appear on each of the Bonds, (i) shall be substantially in the form set forth in Exhibit A to this Indenture with such appropriate insertions, omissions, substitutions, and other variations as are permitted or required by this Indenture, and (ii) may have such letters, numbers, or other marks of identification (including identifying numbers and letters of the Committee on Uniform Securities Identification Procedures of the American Bankers Association) and such legends and endorsements (including any reproduction of an opinion of counsel) thereon as, consistently herewith, may be determined by the City or by the officers executing such Bonds, as evidenced by their execution thereof.

(d) The Initial Bond submitted to the Attorney General of the State of Texas may be typewritten and photocopied or otherwise reproduced.

Section 5.2. CUSIP Registration.

The City may secure identification numbers through the CUSIP Services managed by S&P Global Market Intelligence on behalf of The American Bankers Association, New York, New York, and may authorize the printing of such numbers on the face of the Bonds. It is expressly provided, however, that the presence or absence of CUSIP numbers on the Bonds shall be of no significance or effect as regards the legality thereof and neither the City, the Trustee nor the attorneys approving said Bonds as to legality are to be held responsible for CUSIP numbers incorrectly printed on the Bonds.

Section 5.3. Legal Opinion.

The approving legal opinion of Bond Counsel may be printed on or attached to each Bond over the certification of the City Secretary of the City, which may be executed in facsimile.

(d) Except as provided in Section 6.10(f), interest earnings and profit on each respective Fund and Account established by this Indenture shall be applied or withdrawn for the purposes of such Fund or Account as specified below.

Section 6.3. Pledged Revenue Fund.

(a) On or before February 15 of each year while the Bonds are Outstanding and beginning February 15, 2025, the City shall deposit or cause to be deposited the Pledged Revenues into the Pledged Revenue Fund. From amounts deposited into the Pledged Revenue Fund, the City shall deposit or cause to be deposited Pledged Revenues as follows: (i) first, to the Bond Pledged Revenue Account of the Pledged Revenue Fund in an amount sufficient to pay debt service on the Bonds next coming due in such calendar year, (ii) second, to the Reserve Account of the Reserve Fund in an amount to cause the amount in the Reserve Account to equal the Reserve Account Requirement in accordance with Section 6.7 hereof, (iii) third, to the Additional Interest Reserve Account in an amount equal to the Additional Interest collected, if any,

in accordance with Section 6.7(a) hereof, and (iv) fourth, to pay other costs permitted by the PID Act, including paying costs related to the Phases #8-9 Projects.

(b) From time to time as needed to pay the obligations relating to the Bonds, but no later than five Business Days before each Interest Payment Date, the Trustee shall withdraw from the Bond Pledged Revenue Account of the Pledged Revenue Fund and transfer to the Principal and Interest Account of the Bond Fund, an amount, taking into account any amounts then on deposit in such Principal and Interest Account and any expected transfers from the Capitalized Interest Account to the Principal and Interest Account of the Bond Fund, such that the amount on deposit in the Principal and Interest Account of the Bond Fund equals the principal (including any Sinking Fund Installments) and interest due on the Bonds on the next Interest Payment Date.

(c) If, after the foregoing transfers and any transfer from the Reserve Fund as provided in Section 6.7 herein, there are insufficient funds to make the payments provided in paragraph (b) above, the Trustee shall apply the available funds in the Principal and Interest Account of the Bond Fund first, to the payment of interest, and second, to the payment of principal (including any Sinking Fund Installments) on the Bonds.

(d) Notwithstanding Section 6.3(a) hereof, the Trustee shall deposit Prepayments to the Pledged Revenue Fund and as soon as practicable after such deposit shall transfer such Prepayments to the Redemption Fund.

(e) Notwithstanding Section 6.3(a) hereof, the Trustee shall deposit Foreclosure Proceeds to the Pledged Revenue Fund and as soon as practicable after such deposit shall transfer Foreclosure Proceeds first, to the Reserve Account to restore any transfers from the Reserve Account made with respect to the Assessed Parcel(s) to which the Foreclosure Proceeds relate, second, to the Additional Interest Reserve Account to restore any transfers from the Additional Interest Reserve Account made with respect to the Assessed Parcel(s) to which the Foreclosure Proceeds relate, and third, to the Redemption Fund.

(f) After satisfaction of the requirement to provide for the payment of the principal and interest on the Bonds and to fund any deficiency that may exist in an Account of the Reserve Fund and the other deposits described in subsection (a) above, the City may direct the Trustee by City Certificate to apply Assessments for any lawful purposes permitted by the PID Act for which Assessments may be paid.

(g) Any additional Pledged Revenues remaining after the satisfaction of foregoing shall be applied by the Trustee, as instructed by the City pursuant to a City Certificate, for any lawful purpose permitted by the PID Act for which such additional Pledged Revenues may be used, including transfers to other Funds and Accounts created pursuant to this Indenture.

Section 6.4. Bond Fund.

(a) On each Interest Payment Date, the Trustee shall withdraw from the Principal and Interest Account of the Bond Fund and transfer to the Paying Agent/Registrar the principal (including any Sinking Fund Installments) and/or interest then due and payable on the Bonds, less any amount to be used to pay interest on the Bonds on such Interest Payment Date from the Capitalized Interest Account, as provided below.

(b) If amounts in the Principal and Interest Account of the Bond Fund are insufficient for the purposes set forth in paragraph (a) above, the Trustee shall withdraw from the Reserve Fund amounts to cover the amount of such insufficiency in the order described in Section 6.7(f) hereof. Amounts so withdrawn from the Reserve Fund shall be deposited in the Principal and Interest Account of the Bond Fund and transferred to the Paying Agent/Registrar.

(c) Moneys in the Capitalized Interest Account shall be used for the payment of interest on the Bonds in the following dates and in the following amounts:

Date	**Amount ($)**

Any amounts on deposit in the Capitalized Interest Account after the payment of interest on the dates and in the amounts listed above shall be transferred to the Phases #8-9 Projects Account of the Project Fund, or if the Phases #8-9 Projects Account of the Project Fund has been closed as provided herein, such amounts shall be transferred to the Redemption Fund to be used to redeem Bonds and the Capitalized Interest Account shall be closed.

Section 6.5. Project Fund.

(a) Money on deposit in the Project Fund shall be used for the purposes specified in Section 3.1 hereof.

(b) Disbursements from the Costs of Issuance Account of the Project Fund shall be made by the Trustee to pay costs of issuance of the Bonds pursuant to one or more City Certificates.

(c) Disbursements from the Phases #8-9 Projects Account of the Project Fund to pay Actual Costs of the Phases #8-9 Projects shall be made by the Trustee upon receipt by the Trustee of either a properly executed and completed Certification for Payment or written direction from the City or its designee approving the disbursement to the Developer or the Developer's designee. The disbursement of funds from the Phases #8-9 Projects Account pursuant to a Certification for Payment shall be pursuant to and in accordance with the disbursement procedures described in the PID Reimbursement Agreement or as provided in such written direction. Such provisions and procedures related to such disbursements contained in the PID Reimbursement Agreement, and no other provisions of the PID Reimbursement Agreement, are herein incorporated by reference and deemed set forth herein in full.

(d) In making any determination pursuant to this Section, the City representative may conclusively rely upon a certificate of an Independent Financial Consultant.

(e) If the City Representative determines in his or her sole discretion that amounts then on deposit in the Phases #8-9 Projects Account of the Project Fund are not expected to be expended for purposes of the Phases #8-9 Projects Account of the Project Fund due to the abandonment or constructive abandonment, of the Phases #8-9 Projects such that, in the opinion

of the City Representative, it is unlikely that the amounts in the Phases #8-9 Projects Account of the Project Fund will ever be expended for the purposes of the Phases #8-9 Projects Account of the Project Fund, the City Representative shall file a City Certificate with the Trustee which identifies the amounts then on deposit in the Phases #8-9 Projects Account of the Project Fund that are not expected to be used for purposes of the Phases #8-9 Projects Account of the Project Fund. If such City Certificate is so filed, the amounts on deposit in the Phases #8-9 Projects Account of the Project Fund shall be transferred to the Redemption Fund to redeem Bonds on the earliest practicable date after notice of redemption has been provided in accordance with the Indenture.

(f) Upon the filing of a City Certificate stating that all Phases #8-9 Projects have been completed and that all Actual Costs of the Phases #8-9 Projects have been paid, or that any such Actual Costs of the Phases #8-9 Projects are not required to be paid from the Phases #8-9 Projects Account of the Project Fund pursuant to a Certification for Payment, or written direction from the City or its designee, the Trustee (i) shall transfer the amount, if any, remaining within the Phases #8-9 Projects Account of the Project Fund to the Principal and Interest Account of the Bond Fund and (ii) shall close the Phases #8-9 Projects Account of the Project Fund. If the Phases #8-9 Projects Account has been closed pursuant to the provisions of this Section as provided above and the Costs of Issuance Account of the Project Fund has been closed pursuant to the provisions of Section 6.5(g), the Project Fund shall be closed.

(g) Not later than six months following the Closing Date, or upon a determination by the City Representative that all costs of issuance of the Bonds have been paid, any amounts remaining in the Costs of Issuance Account shall be transferred to another Account of the Project Fund and used to pay Actual Costs of the Phases #8-9 Projects or to the Principal and Interest Account of the Bond Fund and used to pay interest on the Bonds, as directed by the City in a City Certificate filed with the Trustee, and the Costs of Issuance Account shall be closed.

Section 6.6. Redemption Fund.

(a) The Trustee shall cause to be deposited to the Redemption Fund from the Pledged Revenue Fund an amount sufficient to redeem Bonds as provided in Sections 4.3 and 4.4 on the dates specified for redemption as provided in Sections 4.3 and 4.4. Amounts on deposit in the Redemption Fund shall be used and withdrawn by the Trustee to redeem Bonds as provided in Article IV.

Section 6.7. Reserve Fund.

(a) The City agrees with the Owners of the Bonds to accumulate from the deposits described in Sections 6.2 and Section 6.3(a) hereof, and when accumulated, maintain in the Reserve Account of the Reserve Fund, an amount equal to not less than the Reserve Account Requirement except to the extent such deficiency is due to the application of Section 6.7(d) hereof. All amounts deposited in the Reserve Account of the Reserve Fund shall be used and withdrawn by the Trustee for the purpose of making transfers to the Principal and Interest Account of the Bond Fund as provided in this Indenture.

(b) The Trustee, if needed, will transfer from the Bond Pledged Revenue Account of the Pledged Revenue Fund to the Additional Interest Reserve Account on March 1 and September 1 of each year, commencing March 1, 2026, an amount equal to the Additional Interest collected, if any, as shown in the Phases #8-9 Assessment Roll attached to the Service and

Assessment Plan or an Annual Service Plan Update, until the Additional Interest Reserve Requirement has been accumulated in the Additional Interest Reserve Account. If the amount on deposit in the Additional Interest Reserve Account shall at any later time be less than the Additional Interest Reserve Requirement, the Trustee shall notify the City, in writing, of the amount of such shortfall, and the City shall resume collecting the Additional Interest and shall file a City Certificate with the Trustee instructing the Trustee to resume depositing the Additional Interest from the Bond Pledged Revenue Account of the Pledged Revenue Fund into the Additional Interest Reserve Account until the Additional Interest Reserve Requirement has been accumulated in the Additional Interest Reserve Account; provided, however, that the City shall not be required to replenish the Additional Interest Reserve Account in the event funds are transferred from the Additional Interest Reserve Account to the Redemption Fund as a result of an extraordinary optional redemption of Bonds from the proceeds of a Prepayment pursuant to Section 4.4 of this Indenture. In the event the amount on deposit in the Additional Interest Reserve Account is less than the Additional Interest Reserve Requirement then the deposits described in the immediately preceding sentence shall continue until the Additional Interest Reserve Account has been fully replenished. If, after such deposits, there is surplus Additional Interest remaining, the Trustee shall transfer such surplus Additional Interest to the Redemption Fund, and shall notify the City of such transfer in writing. In calculating the amounts to be transferred pursuant to this Section, the Trustee may conclusively rely on the Annual Installments as shown on the Phases #8-9 Assessment Roll in the Service and Assessment Plan or an Annual Service Plan Update, unless and until it receives a City Certificate directing that a different amount be used.

(c) Whenever a transfer is made from an Account of the Reserve Fund to the Bond Fund due to a deficiency in the Bond Fund, the Trustee shall provide written notice thereof to the City, specifying the amount withdrawn and the source of said funds.

(d) Whenever Bonds are to be redeemed with the proceeds of Prepayments pursuant to Section 4.4, the Trustee shall transfer, on the Business Day prior to the redemption date (or on such other date as agreed to by the City and the Trustee), from the Reserve Account of the Reserve Fund to the Redemption Fund, an amount specified in a City Certificate to be applied to the redemption of the Bonds. The amount so transferred from the Reserve Account of the Reserve Fund shall be equal to the principal amount of Bonds to be redeemed with Prepayments multiplied by the lesser of: (i) the amount required to be in the Reserve Account of the Reserve Fund divided by the principal amount of Outstanding Bonds prior to the redemption, and (ii) the amount actually in the Reserve Account of the Reserve Fund divided by the principal amount of Outstanding Bonds prior to the redemption. If after such transfer, and after applying investment earnings on the Prepayments toward payment of accrued interest, there are insufficient funds in the Redemption Fund to pay the principal amount plus accrued and unpaid interest to the date fixed for redemption of the Bonds to be redeemed, as identified in a City Certificate, as a result of such Prepayments and as a result of the transfer from the Reserve Account under this Section 6.7(d), the Trustee shall transfer an amount equal to the shortfall, and/or any additional amounts necessary to permit the Bonds to be redeemed in minimum principal amounts of $1,000, from the Additional Interest Reserve Account to the Redemption Fund to be applied to the redemption of the Bonds.

(e) Whenever, on any Interest Payment Date, or on any other date at the written request of a City Representative, the amount in the Reserve Account exceeds the Reserve Account Requirement, the Trustee shall provide written notice to the City Representative of the amount of the excess. Such excess shall be transferred to the Principal and Interest Account of the Bond Fund to be used for the payment of debt service on the Bonds on the next Interest

Payment Date in accordance with Section 6.4 hereof, unless within 30 days of such notice to the City Representative, the Trustee receives a City Certificate instructing the Trustee to apply such excess: (i) to pay amounts due under Section 6.8 hereof, (ii) to a specified Account of the Project Fund if such application and the expenditure of funds is expected to occur with three years of the Closing Date, or (iii) for such other use specified in such City Certificate if the City receives a written opinion of counsel nationally recognized in the field of municipal bond law to the effect that such alternate use will not adversely affect the exemption from federal income tax of the interest on any Bond.

(f) Whenever, on any Interest Payment Date, the amount on deposit in the Bond Fund is insufficient to pay the debt service on the Bonds due on such date, the Trustee shall transfer first, from the Additional Interest Reserve Account of the Reserve Fund to the Bond Fund and second, from the Reserve Account of the Reserve Fund to the Bond Fund the amounts necessary to cure such deficiency.

(g) At the final maturity of the Bonds, the amount on deposit in the Reserve Account and the Additional Interest Reserve Account shall be transferred to the Principal and Interest Account of the Bond Fund and applied to the payment of the principal of the Bonds.

(h) If, after a Reserve Account withdrawal pursuant to Section 6.7(f), the amount on deposit in the Reserve Account of the Reserve Fund is less than the Reserve Account Requirement, the Trustee shall transfer from the Pledged Revenue Fund to the Reserve Account of the Reserve Fund the amount of such deficiency, in accordance with Section 6.3.

(i) If the amount held in the Reserve Fund together with the amount held in the Bond Fund and Redemption Fund is sufficient to pay the principal amount of all Outstanding Bonds on the next Interest Payment Date, together with the unpaid interest accrued on such Outstanding Bonds as of such Interest Payment Date, the moneys shall be transferred to the Redemption Fund and thereafter used to redeem all Outstanding Bonds as of such Interest Payment Date.

Section 6.8. Rebate Fund: Rebate Amount.

(a) There is hereby established a special fund of the City to be designated “City of Celina, Texas, Rebate Fund” (the “Rebate Fund”) to be held by the Trustee in accordance with the terms and provisions of this Indenture. Amounts on deposit in the Rebate Fund shall be used solely for the purpose of paying amounts relating to the Bonds due the United States Government, in accordance with the Code.

(b) In order to assure that Rebate Amount is paid to the United States rather than to a third party, investments of funds on deposit in the Rebate Fund shall be made in accordance with the Code and the Tax Certificate.

(c) The Trustee conclusively shall be deemed to have complied with the provisions of this Section and Section 7.5(h) and shall not be liable or responsible if it follows the instructions of the City and shall not be required to take any action under this Section and Section 7.5(h) in the absence of written instructions from the City.

(d) If, on the date of each annual calculation, the amount on deposit in the Rebate Fund exceeds the Rebate Amount, the City may direct the Trustee, pursuant to a City Certificate, to transfer the amount in excess of the Rebate Amount to the Bond Fund.

Section 6.9. Administrative Fund.

(a) The City shall deposit or cause to be deposited to the District Administration Account of the Administrative Fund the amounts collected each year to pay Administrative Expenses and Delinquent Collection Costs.

(b) Moneys in the District Administration Account of the Administrative Fund shall be held by the Trustee separate and apart from the other Funds and Accounts created and administered hereunder and used as directed by a City Certificate solely for the purposes set forth in the Service and Assessment Plan.

Section 6.10. Investment of Funds.

(a) Money in any Fund or Account established pursuant to this Indenture shall be invested by the Trustee as directed by the City pursuant to a City Certificate filed with the Trustee at least two days in advance of the making of such investment. The money in any Fund or Account shall be invested in time deposits or certificates of deposit secured in the manner required by law for public funds or be invested in direct obligations of, including obligations the principal and interest on which are unconditionally guaranteed by, the United States of America, in obligations of any agencies or instrumentalities thereof, or in such other investments as are permitted under the Public Funds Investment Act, Texas Government Code, Chapter 2256, as amended, or any successor law, as in effect from time to time; provided that all such deposits and investments shall be made in such manner (which may include repurchase agreements for such investment with any primary dealer of such agreements) that the money required to be expended from any Fund will be available at the proper time or times. Notwithstanding the preceding sentences, amounts in the Additional Interest Reserve Account may not be invested above the Yield (as defined in Section 7.5(a) hereof) on the Bonds, unless and until the City receives a written opinion of counsel nationally recognized in the field of municipal bond law to the effect that such investment and/or the failure to comply with such yield restriction will not adversely affect the exemption from federal income tax of the interest on any Bond. Investments shall be valued each year in terms of current market value as of September 30. For purposes of maximizing investment returns, to the extent permitted by law, money in such Funds or Accounts may be invested in common investments of the kind described above, or in a common pool of such investment which shall be kept and held at an official depository bank, which shall not be deemed to be or constitute a commingling of such money or funds provided that safekeeping receipts or certificates of participation clearly evidencing the investment or investment pool in which such money is invested and the share thereof purchased with such money or owned by such Fund or Account are held by or on behalf of each such Fund or Account. If necessary, such investments shall be promptly sold to prevent any default.

(b) Obligations purchased as an investment of moneys in any Fund or Account shall be deemed to be part of such Fund or Account, subject, however, to the requirements of this Indenture for transfer of interest earnings and profits resulting from investment of amounts in Funds and Accounts. Whenever in this Indenture any moneys are required to be transferred by the City to the Trustee, such transfer may be accomplished by transferring a like amount of Investment Securities.

(c) The Trustee and its affiliates may act as sponsor, advisor, depository, principal or agent in the acquisition or disposition of any investment. The Trustee shall have no investment discretion and the Trustee's only responsibility for investments shall be to follow the written instructions contained in any City Certificate and to ensure that an investment it is directed to purchase is a permitted investment pursuant to the terms of this Indenture. The Trustee shall not incur any liability for losses arising from any investments made pursuant to this Section. The Trustee shall not be required to determine the suitability or legality of any investments.

(d) Investments in any and all Funds and Accounts may be commingled in a separate fund or funds for purposes of making, holding and disposing of investments, notwithstanding provisions herein for transfer to or holding in or to the credit of particular Funds or Accounts of amounts received or held by the Trustee hereunder, provided that the Trustee shall at all times account for such investments strictly in accordance with the Funds and Accounts to which they are credited and otherwise as provided in this Indenture.

(e) The Trustee will furnish the City and the Administrator monthly cash transaction statements which include detail for all investment transactions made by the Trustee hereunder; and, unless the Trustee receives a written request, the Trustee is not required to provide brokerage confirmations so long as the Trustee is providing such monthly cash transaction statements.

(f) If, following an annual calculation of the Rebate Amount in accordance with Sections 6.8 and 7.5(h) hereof, it is determined that a Rebate Amount is owed with respect to the Bonds, the City shall direct the Trustee, pursuant to a City Certificate, to transfer to the Rebate Fund an amount equal to the Rebate Amount owed by the City from investment earnings derived from the investment of the amount on deposit in Pledged Funds. The City Certificate shall specify the amount to be transferred and identify the Pledged Fund or Pledged Funds from which the investment earnings shall be transferred.

Section 6.11. Security of Funds.

All Funds or Accounts heretofore created, to the extent not invested as herein permitted, shall be secured in the manner and to the fullest extent required by law for the security of public funds, and such Funds or Accounts shall be used only for the purposes and in the manner permitted or required by this Indenture.

ARTICLE VII

COVENANTS

Section 7.1. Confirmation of Assessments.

The City hereby confirms, covenants, and agrees that the Assessments to be collected from the Assessed Parcels are as so reflected in the Service and Assessment Plan (as it may be updated from time to time) and, in accordance with the Assessment Ordinance, it has levied the Assessments against the respective Assessed Parcels from which the Pledged Revenues will be collected and received.

Section 7.2. Collection and Enforcement of Assessments.

(a) For so long as any Bonds are Outstanding, the City covenants, agrees and warrants that it will take and pursue all actions permissible under Applicable Laws to cause the Assessments to be collected and the liens thereof enforced continuously, in the manner and to the maximum extent permitted by Applicable Laws, and, to the extent permitted by Applicable Laws, to cause no reduction, abatement or exemption in the Assessments.

(b) The City will determine or cause to be determined, no later than February 15 of each year, whether or not any Annual Installment is delinquent and, if such delinquencies exist, the City will order and cause to be commenced as soon as practicable any and all appropriate and legally permissible actions to obtain such Annual Installment, and any delinquent charges and interest thereon, including diligently prosecuting an action in district court to foreclose the currently delinquent Annual Installment. Notwithstanding the foregoing, the City shall not be required under any circumstances to purchase or make payment for the purchase of the delinquent Assessment or the corresponding Assessed Parcel. Furthermore, nothing shall obligate the City, the City Attorney, or any appropriate designee to undertake collection or foreclosure actions against delinquent accounts in violation of applicable state law, court order, or existing contractual provisions between the City and its appropriate collections enforcement designees.

Section 7.3. Against Encumbrances.

(a) Other than Refunding Bonds, the City shall not create and, to the extent Pledged Revenues are received, shall not suffer to remain, any lien, encumbrance or charge upon the Trust Estate, other than that specified in Section 9.6 of this Indenture, or upon any other property pledged under this Indenture, except the pledge created for the security of the Bonds, and other than a lien or pledge subordinate to the lien and pledge of such property related to the Bonds.

(b) So long as Bonds are Outstanding hereunder, and except as set forth in Section 13.2 hereof, the City shall not issue any bonds, notes or other evidences of indebtedness other than the Bonds and Refunding Bonds, if any, secured by any pledge of or other lien or charge on the Trust Estate or other property pledged under this Indenture, except for other indebtedness incurred in compliance with Section 13.2 hereof.

Section 7.4. Records, Accounts, Accounting Reports.

The City hereby covenants and agrees that so long as any of the Bonds or any interest thereon remain Outstanding and unpaid, it will keep and maintain a proper and complete system of records and accounts pertaining to the Assessments. The Trustee and Owners of any Bonds or any duly authorized agent or agents of such holders shall have the right at all reasonable times to inspect all such records, accounts, and data relating thereto, upon written request to the City by the Trustee or duly authorized representative, as applicable. The City shall provide the Trustee or duly authorized representative, as applicable, an opportunity to inspect such books and records relating to the Bonds during the City's regular business hours and on a mutually agreeable date not later than 30 days after the City receives such request.

Section 7.5. Covenants to Maintain Tax-Exempt Status.

(a) Definitions. When used in this Section, the following terms shall have the following meanings:

> "*Closing Date*" means the date on which the Bonds are first authenticated and delivered to the Purchaser against payment therefor.
>
> *"Code"* means the Internal Revenue Code of 1986, as amended by all legislation, if any, effective on or before the Closing Date.
>
> *"Computation Date"* has the meaning set forth in Section 1.148-1(b) of the Regulations.
>
> *"Gross Proceeds"* means any proceeds as defined in Section 1.148-1(b) of the Regulations, and any replacement proceeds as defined in Section 1.148-1(c) of the Regulations, of the Bonds.
>
> *"Investment"* has the meaning set forth in Section 1.148-1(b) of the Regulations.
>
> *"Nonpurpose Investment"* means any investment property, as defined in section 148(b) of the Code, in which Gross Proceeds of the Bonds are invested and which is not acquired to carry out the governmental purposes of the Bonds.
>
> *"Regulations"* means any proposed, temporary or final Income Tax Regulations issued pursuant to sections 103 and 141 through 150 of the Code, and 103 of the Internal Revenue Code of 1954, which are applicable to the Bonds. Any reference to any specific Regulation shall also mean, as appropriate, any proposed, temporary or final Income Tax Regulation designed to supplement, amend or replace the specific Regulation referenced.
>
> *"Yield"* of (1) any Investment has the meaning set forth in Section 1.148-5 of the Regulations; and (2) the Bonds has the meaning set forth in Section 1.148-4 of the Regulations.

(b) Not to Cause Interest to Become Taxable. The City shall not use, permit the use of, or omit to use Gross Proceeds or any other amounts (or any property the acquisition, construction or improvement of which is to be financed directly or indirectly with Gross Proceeds) in a manner which if made or omitted, respectively, would cause the interest on any Bond to become includable in the gross income, as defined in section 61 of the Code, of the owner thereof for federal income tax purposes. Without limiting the generality of the foregoing, unless and until the City receives a written opinion of counsel nationally recognized in the field of municipal bond law to the effect that failure to comply with such covenant will not adversely affect the exemption from federal income tax of the interest on any Bond, the City shall comply with each of the specific covenants in this Section.

(c) No Private Use or Private Payments. Except as permitted by Section 141 of the Code and the Regulations and rulings thereunder, the City shall at all times prior to the last Stated Maturity of Bonds:

(i) exclusively own, operate and possess all property the acquisition, construction or improvement of which is to be financed or refinanced directly or indirectly with Gross Proceeds of the Bonds, and not use or permit the use of such Gross Proceeds (including all contractual arrangements with terms different than those applicable to the general public) or any property acquired, constructed or improved with such Gross Proceeds in any activity carried on by any person or entity (including the United States or any agency, department and instrumentality thereof) other than a state or local government, unless such use is solely as a member of the general public; and

(ii) not directly or indirectly impose or accept any charge or other payment by any person or entity who is treated as using Gross Proceeds of the Bonds or any property the acquisition, construction or improvement of which is to be financed or refinanced directly or indirectly with such Gross Proceeds, other than taxes of general application within the City or interest earned on investments acquired with such Gross Proceeds pending application for their intended purposes.

(d) No Private Loan.

(i) Except to the extent permitted by Section 141 of the Code and the Regulations and rulings thereunder, the City shall not use Gross Proceeds of the Bonds to make or finance loans to any person or entity other than a state or local government. For purposes of the foregoing covenant, such Gross Proceeds are considered to be "loaned" to a person or entity if: (1) property acquired, constructed or improved with such Gross Proceeds is sold or leased to such person or entity in a transaction which creates a debt for federal income tax purposes; (2) capacity in or service from such property is committed to such person or entity under a take-or-pay, output or similar contract or arrangement; or (3) indirect benefits, or burdens and benefits of ownership, of such Gross Proceeds or any property acquired, constructed or improved with such Gross Proceeds are otherwise transferred in a transaction which is the economic equivalent of a loan.

(ii) The City covenants and agrees that the levied Assessments will meet the requirements of the "tax assessment loan exception" within the meaning of Section 1.141-5(d) of the Regulations on the date the Bonds are delivered and will ensure that the Assessments continue to meet such requirements for so long as the Bonds are outstanding hereunder.

(e) Not to Invest at Higher Yield. Except to the extent permitted by section 148 of the Code and the Regulations and rulings thereunder, the City shall not at any time prior to the final Stated Maturity of the Bonds directly or indirectly invest Gross Proceeds in any Investment (or use Gross Proceeds to replace money so invested) if, as a result of such investment, the Yield from the Closing Date of all Investments acquired with Gross Proceeds (or with money replaced thereby), whether then held or previously disposed of, exceeds the Yield of the Bonds.

(f) Not Federally Guaranteed. Except to the extent permitted by Section 149(b) of the Code and the Regulations and rulings thereunder, the City shall not take or omit to take any

action which would cause the Bonds to be federally guaranteed within the meaning of Section 149(b) of the Code and the Regulations and rulings thereunder.

(g) Information Report. The City shall timely file the information required by Section 149(e) of the Code with the Secretary of the Treasury on Form 8038-G or such other form and in such place as the Secretary may prescribe.

(h) Rebate of Arbitrage Profits. Except to the extent otherwise provided in section 148(f) of the Code and the Regulations and rulings thereunder:

(i) The City shall account for all Gross Proceeds (including all receipts, expenditures and investments thereof) on its books of account separately and apart from all other funds (and receipts, expenditures and investments thereof) and shall retain all records of accounting for at least six years after the day on which the last outstanding Bond is discharged. However, to the extent permitted by law, the City may commingle Gross Proceeds of the Bonds with other money of the City, provided that the City separately accounts for each receipt and expenditure of Gross Proceeds and the obligations acquired therewith.

(ii) Not less frequently than each Computation Date, the City shall calculate the Rebate Amount in accordance with rules set forth in section 148(f) of the Code and the Regulations and rulings thereunder. The City shall maintain such calculations with its official transcript of proceedings relating to the issuance of the Bonds until six years after the final Computation Date.

(iii) As additional consideration for the purchase of the Bonds by the Purchaser and the loan of the money represented thereby and in order to induce such purchase by measures designed to insure the excludability of the interest thereon from the gross income of the owners thereof for federal income tax purposes, the City shall, pursuant to a City Certificate, direct the Trustee to transfer to the Rebate Fund from the funds or subaccounts designated in such City Certificate and direct the Trustee to pay to the United States from the Rebate Fund the amount that when added to the future value of previous rebate payments made for the Bonds equals (i) in the case of a Final Computation Date as defined in Section 1.148-3(e)(2) of the Regulations, 100% of the Rebate Amount on such date; and (ii) in the case of any other Computation Date, 90% of the Rebate Amount on such date. In all cases, the rebate payments shall be made at the times, in the installments, to the place and in the manner as is or may be required by section 148(f) of the Code and the Regulations and rulings thereunder, and shall be accompanied by Form 8038-T or such other forms and information as is or may be required by Section 148(f) of the Code and the Regulations and rulings thereunder.

(iv) The City shall exercise reasonable diligence to assure that no errors are made in the calculations and payments required by paragraphs (ii) and (iii), and if an error is made, to discover and promptly correct such error within a reasonable amount of time thereafter (and in all events within 180 days after discovery of the error), including payment to the United States of any additional Rebate Amount owed to it, interest thereon, and any penalty imposed under Section 1.148-3(h) of the Regulations.

(i) Not to Divert Arbitrage Profits. Except to the extent permitted by section 148 of the Code and the Regulations and rulings thereunder, the City shall not, at any time prior to the

earlier of the Stated Maturity or final payment of the Bonds, enter into any transaction that reduces the amount required to be paid to the United States pursuant to Subsection (h) of this Section because such transaction results in a smaller profit or a larger loss than would have resulted if the transaction had been at arm's length and had the Yield of the Bonds not been relevant to either party.

(j) Elections. The City hereby directs and authorizes the Mayor, Mayor Pro Tem, City Manager, Assistant City Manager, Finance Director, or City Secretary, individually or jointly, to make elections permitted or required pursuant to the provisions of the Code or the Regulations, as they deem necessary or appropriate in connection with the Bonds, in the Tax Certificate or similar or other appropriate certificate, form or document.

ARTICLE VIII

LIABILITY OF CITY

The City shall not incur any responsibility in respect of the Bonds or this Indenture other than in connection with the duties or obligations explicitly herein or in the Bonds assigned to or imposed upon it. The City shall not be liable in connection with the performance of its duties hereunder, except for its own willful default or act of bad faith. The City shall not be bound to ascertain or inquire as to the performance or observance of any of the terms, conditions covenants or agreements of the Trustee herein or of any of the documents executed by the Trustee in connection with the Bonds, or as to the existence of a default or event of default thereunder.

In the absence of bad faith, the City may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the City and conforming to the requirements of this Indenture. The City shall not be liable for any error of judgment made in good faith unless it shall be proved that it was negligent in ascertaining the pertinent facts.

No provision of this Indenture, the Bonds, the Assessment Ordinance, the Bond Ordinance, or any agreement, document, instrument, or certificate executed, delivered or approved in connection with the issuance, sale, delivery, or administration of the Bonds (the "Bond Documents"), shall require the City to expend or risk its own general funds or otherwise incur any financial liability (other than with respect to the Trust Estate and the Administrative Expenses) in the performance of any of its obligations hereunder, or in the exercise of any of its rights or powers, if in the judgment of the City there are reasonable grounds for believing that the repayment of such funds or liability is not reasonably assured to it.

Neither the Owners nor any other Person shall have any claim against the City or any of its officers, officials, agents, or employees for damages suffered as a result of the City's failure to perform in any respect any covenant, undertaking, or obligation under any Bond Documents or as a result of the incorrectness of any representation in, or omission from, any of the Bond Documents, except to the extent that any such claim relates to an obligation, undertaking, representation, or covenant of the City, in accordance with the Bond Documents and the PID Act. Any such claim shall be payable only from the Trust Estate, the funds available for such payment in any of the Pledged Funds, if any, or the amounts collected to pay Administrative Expenses on deposit in the Administrative Fund. Nothing contained in any of the Bond Documents shall be construed to preclude any action or proceeding in any court or before any governmental body, agency, or instrumentality against the City or any of its officers, officials, agents, or employees to

enforce the provisions of any of the Bond Documents or to enforce all rights of the Owners of the Bonds by mandamus or other proceeding at law or in equity.

The City may rely on and shall be protected in acting or refraining from acting upon any notice, resolution, request, consent, order, certificate, report, warrant, bond, or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or proper parties. The City may consult with counsel with regard to legal questions, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it hereunder in good faith and in accordance therewith.

Whenever in the administration of its duties under this Indenture the City shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action hereunder, such matter (unless other evidence in respect thereof be herein specifically prescribed) may, in the absence of willful misconduct on the part of the City, be deemed to be conclusively proved and established by a certificate of the Trustee, an Independent Financial Consultant, an independent inspector or City Manager or other person designated by the City Council to so act on behalf of the City, and such certificate shall be full warrant to the City for any action taken or suffered under the provisions of this Indenture upon the faith thereof, but in its discretion the City may, in lieu thereof, accept other evidence of such matter or may require such additional evidence as to it may seem reasonable.

In order to perform its duties and obligations hereunder, the City may employ such persons or entities as it deems necessary or advisable. The City shall not be liable for any of the acts or omissions of such persons or entities employed by it in good faith hereunder, and shall be entitled to rely, and shall be fully protected in doing so, upon the opinions, calculations, determinations, and directions of such persons or entities.

ARTICLE IX

THE TRUSTEE

Section 9.1. Trustee as Paying Agent/Registrar.

The Trustee is hereby designated and agrees to act as Paying Agent/Registrar for and in respect to the Bonds.

Section 9.2. Trustee Entitled to Indemnity.

The Trustee shall be under no obligation to spend its own funds, to institute any suit, or to undertake any proceeding under this Indenture, or to enter any appearance or in any way defend in any suit in which it may be made defendant, or to take any steps in the execution of the trusts hereby created or in the enforcement of any rights and powers hereunder, until it shall be indemnified, to the extent permitted by law, to its satisfaction against any and all costs and expenses, outlays, and counsel fees and other reasonable disbursements, and against all liability except as a consequence of its own negligence or willful misconduct; provided, however, the Trustee may not request or require indemnification as a condition to making any deposits, payments, or transfers when required hereunder, or delivering any notice when required hereunder. Nevertheless, the Trustee may begin suit, or appear in and defend suit, or do anything else in its judgment proper to be done by it as the Trustee, without indemnity, and in such case the Trustee may make transfers from the District Administration Account of the Administrative

Fund, and to the extent money in the District Administration Account is insufficient, from the Pledged Revenue Fund, to pay all costs and expenses, outlays, and counsel fees and other reasonable disbursements properly incurred in connection therewith and shall, to the extent permitted by law, be entitled to a preference therefor over any Bonds Outstanding hereunder.

Section 9.3. Responsibilities of the Trustee.

The recitals contained in this Indenture and in the Bonds shall be taken as the statements of the City and the Trustee assumes no responsibility for the correctness of the same. The Trustee makes no representations as to the validity or sufficiency of the offering documents, this Indenture, or the Bonds or with respect to the security afforded by this Indenture, and the Trustee shall incur no liability with respect thereto. Except as otherwise expressly provided in this Indenture, the Trustee shall have no responsibility or duty with respect to: (i) the issuance of Bonds for value; (ii) the application of the proceeds thereof, except to the extent that such proceeds are received by it in its capacity as Trustee; (iii) the application of any moneys paid to the City or others in accordance with this Indenture, except as to the application of any moneys paid to it in its capacity as Trustee; or (iv) any calculation of arbitrage or rebate under the Code. The Trustee has the right to act through agents and attorneys.

The duties and obligations of the Trustee shall be determined by the express provisions of this Indenture, and the Trustee shall not be liable except for the performance of such duties and obligations as are specifically set forth in this Indenture.

The Trustee shall not be liable for any action taken or omitted by it in the performance of its duties under this Indenture, except for its own negligence or willful misconduct, both before and after default by the City. In no event shall the Trustee be liable for incidental, indirect, special or consequential damages in connection with or arising from this Indenture for the existence, furnishing or use of the Phases #8-9 Projects.

The Trustee shall not be required to take notice, and shall not be deemed to have notice, of any default or Event of Default hereunder, unless the Trustee shall be notified specifically of the default or Event of Default in a written instrument or document delivered to it by the City or by the holders of at least a majority of the aggregate principal amount of Bonds then Outstanding. In the absence of delivery of a notice satisfying those requirements, the Trustee may assume conclusively that there is no default or Event of Default.

In case a default or an Event of Default has occurred and is continuing hereunder (of which the Trustee has been notified), the Trustee shall exercise those rights and powers vested in it by this Indenture and shall use the same degree of care and skill in its exercise, as a prudent person would exercise or use under the circumstances in the conduct of his own affairs.

Section 9.4. Property Held in Trust.

All moneys and securities held by the Trustee at any time pursuant to the terms of this Indenture shall be held by the Trustee in trust for the purposes and under the terms and conditions of this Indenture.

Section 9.5. Trustee Protected in Relying on Certain Documents.

The Trustee may rely upon any order, notice, request, consent, waiver, certificate, statement, affidavit, requisition, bond, or other document provided to the Trustee in accordance

with the terms of this Indenture that it shall in good faith reasonably believe to be genuine and to have been adopted or signed by the proper board or Person or to have been prepared and furnished pursuant to any of the provisions of this Indenture, or upon the written opinion of any counsel, architect, engineer, insurance consultant, management consultant, or accountant believed by the Trustee to be qualified in relation to the subject matter, and the Trustee shall be under no duty to make any investigation or inquiry into any statements contained or matters referred to in any such instrument. The Trustee may consult with counsel, who may or may not be Bond Counsel, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken, suffered, or omitted to be taken by it in good faith and in accordance therewith.

Whenever the Trustee shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action under this Indenture, such matter may be deemed to be conclusively proved and established by a City Certificate, unless other evidence in respect thereof be hereby specifically prescribed. Such City Certificate shall be full warrant for any action taken or suffered in good faith under the provisions hereof, but in its sole discretion the Trustee may in lieu thereof accept other evidence of such fact or matter or may require such further or additional evidence as it may deem reasonable. Except as otherwise expressly provided herein, any request, order, notice, or other direction required or permitted to be furnished pursuant to any provision hereof by the City to the Trustee shall be sufficiently executed if executed in the name of the City by the City Representative.

The Trustee shall not be under any obligation to see to the recording or filing of this Indenture, or otherwise to the giving to any Person of notice of the provisions hereof except as expressly required in Section 9.13 herein.

Section 9.6. Compensation.

Unless otherwise provided by contract with the Trustee, the Trustee shall transfer from the District Administration Account of the Administrative Fund, from time to time, reasonable compensation for all services rendered by it hereunder, including its services as Paying Agent/Registrar, together with all its reasonable expenses, charges, and other disbursements and those of its counsel, agents and employees, incurred in and about the administration and execution of the trusts hereby created and the exercise of its powers and the performance of its duties hereunder, subject to any limit on the amount of such compensation or recovery of expenses or other charges as shall be prescribed by specific agreement, and the Trustee shall have a lien therefor on any and all funds at any time held by it in the Administrative Fund. None of the provisions contained in this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties or in the exercise of any of its rights or powers, if in the judgment of the Trustee there are reasonable grounds for believing that the repayment of such funds or liability is not reasonably assured to it. If the City shall fail to make any payment required by this Section, the Trustee may make such payment from any moneys in its possession in the Administrative Fund.

Section 9.7. Permitted Acts.

The Trustee and its directors, officers, employees, or agents may become the owner of or may in good faith buy, sell, own, hold and deal in Bonds and may join in any action that any Owner of Bonds may be entitled to take as fully and with the same rights as if it were not the Trustee. The Trustee may act as depository, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, the City or any committee formed to protect the rights

of Owners or to effect or aid in any reorganization growing out of the enforcement of the Bonds or this Indenture, whether or not such committee shall represent the Owners of a majority in aggregate outstanding principal amount of the Bonds.

Section 9.8. Resignation of Trustee.

The Trustee may at any time resign and be discharged of its duties and obligations hereunder by giving not fewer than 30 days' written notice, specifying the date when such resignation shall take effect, to the City and each Owner of any Outstanding Bond. Such resignation shall take effect upon the appointment of a successor as provided in Section 9.10 and the acceptance of such appointment by such successor.

Section 9.9. Removal of Trustee.

The Trustee may be removed at any time by (i) the Owners of at least a majority of the aggregate Outstanding principal of the Bonds by an instrument or concurrent instruments in writing signed and acknowledged by such Owners or by their attorneys-in-fact, duly authorized and delivered to the City, or (ii) the City, so long as the City is not in default under this Indenture. Copies of each such instrument shall be delivered by the City to the Trustee and any successor thereof. The Trustee may also be removed at any time for any breach of trust or for acting or proceeding in violation of, or for failing to act or proceed in accordance with, any provision of this Indenture with respect to the duties and obligations of the Trustee by any court of competent jurisdiction upon the application of the City or the Owners of not less than 10% of the aggregate Outstanding principal of the Bonds.

Section 9.10. Successor Trustee.

If the Trustee shall resign, be removed, be dissolved, or become incapable of acting, or shall be adjudged as bankrupt or insolvent, or if a receiver, liquidator, or conservator of the Trustee or of its property shall be appointed, or if any public officer shall take charge or control of the Trustee or of its property or affairs, the position of the Trustee hereunder shall thereupon become vacant.

If the position of Trustee shall become vacant for any of the foregoing reasons or for any other reason, a successor Trustee may be appointed within one year after any such vacancy shall have occurred by the Owners of at least 25% of the aggregate outstanding principal of the Bonds by an instrument or concurrent instruments in writing signed and acknowledged by such Owners or their attorneys-in-fact, duly authorized and delivered to such successor Trustee, with notification thereof being given to the predecessor Trustee and the City.

Unless such successor Trustee shall have been appointed by the Owners of the Bonds, the City shall forthwith appoint a Trustee to act hereunder. Copies of any instrument of the City providing for any such appointment shall be delivered by the City to the Trustee so appointed. The City shall mail notice of any such appointment to each Owner of any Outstanding Bonds within 30 days after such appointment. Any appointment of a successor Trustee made by the City immediately and without further act shall be superseded and revoked by an appointment subsequently made by the Owners of Bonds, in accordance with the immediately preceding paragraph.

If in a proper case no appointment of a successor Trustee shall be made within 45 days after the giving by any Trustee of any notice of resignation in accordance with Section 9.8 herein

or after the occurrence of any other event requiring or authorizing such appointment, the Trustee or any Owner of Bonds may apply to any court of competent jurisdiction for the appointment of such a successor, and the court may thereupon, after such notice, if any, as the court may deem proper, appoint such successor and the City shall be responsible for the costs of such appointment process.

Any successor Trustee appointed under the provisions of this Section shall be a commercial bank or trust company or national banking association (i) having a capital and surplus and undivided profits aggregating at least $50,000,000, if there be such a commercial bank or trust company or national banking association willing and able to accept the appointment on reasonable and customary terms, and (ii) authorized by law to perform all the duties of the Trustee required by this Indenture.

Each successor Trustee shall mail, in accordance with the provisions of the Bonds, notice of its appointment to the Trustee, any rating agency which, at the time of such appointment, is providing a rating on the Bonds and each of the Owners of the Bonds.

Section 9.11. Transfer of Rights and Property to Successor Trustee.

Any successor Trustee appointed under the provisions of Section 9.10 shall execute, acknowledge, and deliver to its predecessor and the City an instrument in writing accepting such appointment, and thereupon such successor, without any further act, deed, or conveyance, shall become fully vested with all moneys, estates, properties, rights, immunities, powers, duties, obligations, and trusts of its predecessor hereunder, with like effect as if originally appointed as Trustee. However, the Trustee then ceasing to act shall nevertheless, on request of the City or of such successor, execute, acknowledge, and deliver such instruments of conveyance and further assurance and do such other things as may reasonably be required for more fully and certainly vesting and confirming in such successor all the rights, immunities, powers, and trusts of such Trustee and all the right, title, and interest of such Trustee in and to the Trust Estate, and shall pay over, assign, and deliver to such successor any moneys or other properties subject to the trusts and conditions herein set forth. Should any deed, conveyance, or instrument in writing from the City be required by such successor for more fully and certainly vesting in and confirming to it any such moneys, estates, properties, rights, powers, duties, or obligations, any and all such deeds, conveyances, and instruments in writing, on request and so far as may be authorized by law, shall be executed, acknowledged, and delivered by the City.

Section 9.12. Merger, Conversion or Consolidation of Trustee.

Any corporation or association into which the Trustee may be merged or with which it may be consolidated or any corporation or association resulting from any merger, conversion or consolidation to which it shall be a party or any corporation or association to which the Trustee may sell or transfer all or substantially all of its corporate trust business shall be the successor to such Trustee hereunder, without any further act, deed or conveyance, provided that such corporation or association shall be a commercial bank or trust company or national banking association qualified to be a successor to such Trustee under the provisions of Section 9.10, or a trust company that is a wholly-owned subsidiary of any of the foregoing.

Section 9.13. Trustee to File Continuation Statements.

If necessary, the Trustee shall file or cause to be filed, such continuation statements as are delivered to the Trustee by the City, or on behalf of the City, and which may be required by

the Texas Uniform Commercial Code, as from time to time in effect (the "UCC"), in order to continue perfection of the security interest of the Trustee in such items of tangible or intangible personal property and any fixtures as may have been granted to the Trustee pursuant to this Indenture in the time, place and manner required by the UCC.

Section 9.14. Construction of Indenture.

The Trustee may construe any of the provisions of this Indenture insofar as the same may appear to be ambiguous or inconsistent with any other provision hereof, and any construction of any such provisions hereof by the Trustee in good faith shall be binding upon the Owners of the Bonds. Permissive rights of the Trustee are not to be construed as duties.

ARTICLE X

MODIFICATION OR AMENDMENT OF THIS INDENTURE

Section 10.1. Amendments Permitted.

(a) This Indenture and the rights and obligations of the City and of the Owners of the Bonds may be modified or amended at any time by a Supplemental Indenture, except as provided below, pursuant to the affirmative vote at a meeting of Owners of the Bonds, or with the written consent without a meeting, of the Owners of at least a majority of the aggregate principal amount of the Bonds then Outstanding. No such modification or amendment shall (i) extend the maturity of any Bond or reduce the interest rate thereon, or otherwise alter or impair the obligation of the City to pay the principal of, and the interest and any premium on, any Bond, without the express consent of the Owner of such Bond, (ii) permit the creation by the City of any pledge or lien upon the Trust Estate superior to or on a parity with the pledge and lien created for the benefit of the Bonds (except as otherwise permitted by Applicable Laws and this Indenture), or (iii) reduce the percentage of Owners of Bonds required for the amendment hereof. Any such amendment may not modify any of the rights or obligations of the Trustee without its written consent.

(b) This Indenture and the rights and obligations of the City and of the Owners may also be modified or amended at any time by a Supplemental Indenture, without the consent of any Owners, only to the extent permitted by law and only for any one or more of the following purposes:

(c) Any such modification or amendment made pursuant to Section 10.1(b) shall not be subject to the notice procedures specified in Section 10.3 below.

(d) Notwithstanding the above, no Supplemental Indenture under this Section shall be effective unless the City first delivers to the Trustee an opinion of Bond Counsel to the effect that such amendment or supplement: (i) is permitted under Applicable Laws and the provisions of this Indenture in effect after taking into account the proposed amendment or supplement; (ii) will not adversely affect the interests of the Owners in any material respect,; provided, however, that an appointment of a successor trustee in accordance with the provisions hereof and the issuance of Refunding Bonds in accordance with the provisions of Section 13.2 hereof are each deemed to not be a material adverse effect for purposes of such opinion; and (iii) will not adversely affect the exclusion of interest on any Bond from gross income for purposes of federal income taxation.

Section 10.2. Owners' Meetings.

The City may at any time call a meeting of the Owners of the Bonds. In such event the City is authorized to fix the time and place of said meeting and to provide for the giving of notice thereof, and to fix and adopt rules and regulations for the conduct of said meeting.

A copy of such Supplemental Indenture, together with a request to Owners for their consent thereto, shall be mailed by first-class mail, by the Trustee to each Owner of Bonds from whom consent is required under this Indenture, but failure to mail copies of such Supplemental Indenture and request shall not affect the validity of the Supplemental Indenture when assented to as in this Section provided.

Such Supplemental Indenture shall not become effective (except as provided in Section 10.1(c)) unless there shall be filed with the Trustee the written consents of the Owners as required by this Indenture and a notice shall have been mailed as hereinafter in this Section provided and the City or Bond Counsel, acting on the City's behalf, has delivered to the Trustee an opinion of Bond Counsel to the effect that such amendment is permitted and will not adversely affect the exclusion of interest on any Bond from gross income for purposes of federal income taxation. Each such consent shall be effective only if accompanied by proof of ownership of the Bonds for which such consent is given, which proof shall be such as is permitted by Section 11.6 herein. Any such consent shall be binding upon the Owner of the Bonds giving such consent and on any subsequent Owner (whether or not such subsequent Owner has notice thereof), unless such consent is revoked in writing by the Owner giving such consent or a subsequent Owner by filing such revocation with the Trustee prior to the date when the notice hereinafter in this Section provided for has been mailed.

Proof of the mailing of such notice shall be filed with the Trustee. A record, consisting of the papers required by this Section 10.3 to be filed with the Trustee, shall be proof of the matters therein stated until the contrary is proved. The Supplemental Indenture shall become effective upon the filing with the Trustee of the proof of mailing of such notice, and the Supplemental Indenture shall be deemed conclusively binding (except as otherwise hereinabove specifically provided in this Article) upon the City and the Owners of all Bonds at the expiration of sixty (60) days after such filing, except in the event of a final decree of a court of competent jurisdiction setting aside such consent in a legal action or equitable proceeding for such purpose commenced within such sixty-day period; provided, however, that the Trustee during such sixty day period and any such further period during which any such action or proceeding may be pending shall be entitled in its sole discretion to take such action, or to refrain from taking such action, with respect to such Supplemental Indenture, as it may deem expedient; provided, further, that the Trustee shall have no obligation to take or refrain from taking any such action and the Trustee shall have no liability with respect to any action taken or any instance of inactions.

Section 10.4. Effect of Supplemental Indenture.

From and after the time any Supplemental Indenture becomes effective pursuant to this Article X, this Indenture shall be deemed to be modified and amended in accordance therewith, the respective rights, duties, and obligations under this Indenture of the City, the Trustee, and all Owners of Outstanding Bonds shall thereafter be determined, exercised and enforced hereunder subject in all respects to such modifications and amendments, and all the terms and conditions of any such Supplemental Indenture shall be deemed to be part of the terms and conditions of this Indenture for any and all purposes.

The City may determine that new Bonds, so modified as in the opinion of the City is necessary to conform to such Owners' action, shall be prepared, executed, and delivered. In that case, upon demand of the Owner of any Bonds then Outstanding, such new Bonds shall be exchanged at the designated office of the Trustee without cost to any Owner, for Bonds then Outstanding, upon surrender of such Bonds.

Section 10.6. Amendatory Endorsement of Bonds.

The provisions of this Article X shall not prevent any Owner from accepting any amendment as to the particular Bonds held by such Owner, provided that due notation thereof is made on such Bonds.

Section 10.7. Waiver of Default.

With the written consent of at least a majority of the Owners in aggregate principal amount of the Bonds then Outstanding, the Owners may waive non-compliance by the City with certain past defaults under the Indenture and their consequences. Any such consent shall be conclusive and binding upon the Owners and upon all future Owners.

Notices and consents given by mail in accordance with this Section shall be deemed to have been given five Business Days after the date of dispatch; notices and consents given by any other means shall be deemed to have been given when received.

(b) The Trustee shall mail to each Owner of a Bond notice of (i) any substitution of the Trustee; or (ii) the redemption or defeasance of all Bonds Outstanding.

(c) The Trustee shall have the right to accept and act upon instructions, including funds transfer instructions ("Instructions") given pursuant to this Indenture and delivered using Electronic Means ("Electronic Means" means the following communications methods: e-mail, facsimile transmission, secure electronic transmission containing applicable authorization codes, passwords and/or authentication keys issued by the Trustee, or another method or system specified by the Trustee as available for use in connection with its services hereunder); provided, however, that the City shall provide to the Trustee an incumbency certificate listing officers with the authority to provide such Instructions ("Authorized Officers") and containing specimen signatures of such Authorized Officers, which incumbency certificate shall be amended by the City whenever a person is to be added or deleted from the listing. If the City elects to give the Trustee Instructions using Electronic Means and the Trustee in its discretion elects to act upon such Instructions, the Trustee's understanding of such Instructions shall be deemed controlling. The City understands and agrees that the Trustee cannot determine the identity of the actual sender of such Instructions and that the Trustee shall conclusively presume that directions that purport to have been sent by an Authorized Officer listed on the incumbency certificate provided to the Trustee have been sent by such Authorized Officer. The City shall be responsible for ensuring that only Authorized Officers transmit such Instructions to the Trustee and the City and all Authorized Officers are solely responsible to safeguard the use and confidentiality of applicable user and authorization codes, passwords and/or authentication keys upon receipt by the City. The Trustee shall not be liable for any losses, costs or expenses arising directly or indirectly from the Trustee's reliance upon and compliance with such Instructions notwithstanding such directions conflict or are inconsistent with a subsequent written instruction. The City agrees: (i) to assume all risks arising out of the use of Electronic Means to submit Instructions to the Trustee, including without limitation the risk of the Trustee acting on unauthorized Instructions, and the risk of

interception and misuse by third parties; (ii) that it is fully informed of the protections and risks associated with the various methods of transmitting Instructions to the Trustee and that there may be more secure methods of transmitting Instructions than the method(s) selected by the City; (iii) that the security procedures (if any) to be followed in connection with its transmission of Instructions provide to it a commercially reasonable degree of protection in light of its particular needs and circumstances; and (iv) to notify the Trustee immediately upon learning of any compromise or unauthorized use of the security procedures.

Section 15.6. Partial Invalidity.

If any Section, paragraph, sentence, clause, or phrase of this Indenture shall for any reason be held illegal or unenforceable, such holding shall not affect the validity of the remaining portions of this Indenture. The City hereby declares that it would have adopted this Indenture and each and every other Section, paragraph, sentence, clause, or phrase hereof and authorized the issue of the Bonds pursuant thereto irrespective of the fact that any one or more Sections, paragraphs, sentences, clauses, or phrases of this Indenture may be held illegal, invalid, or unenforceable.

Section 15.7. Applicable Laws.

This Indenture shall be governed by and enforced in accordance with the laws of the State of Texas applicable to contracts made and performed in the State of Texas.

Section 15.8. Payment on Business Day.

In any case where the date of the maturity of interest or of principal (and premium, if any) of the Bonds or the date fixed for redemption of any Bonds or the date any action is to be taken pursuant to this Indenture is other than a Business Day, the payment of interest or principal (and premium, if any) or the action need not be made on such date but may be made on the next succeeding day that is a Business Day with the same force and effect as if made on the date required and no interest shall accrue for the period from and after such date.

Section 15.9. Counterparts.

This Indenture may be executed in counterparts, each of which shall be deemed an original. The City and the Trustee agree that electronic signatures to this Indenture may be regarded as original signatures.

Section 15.10. Statutory Verifications.

The Trustee makes the following representation and verifications to enable the City to comply with Chapters 2252, 2271, 2274, and 2276, Texas Government Code, as heretofore amended (the "Government Code"), in entering into this Indenture. As used in such verifications, "affiliate" means an entity that controls, is controlled by, or is under common control with the Trustee within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit. Liability for breach of any such verification during the term of this Indenture shall survive until barred by the applicable statute of limitations, and shall not be liquidated or otherwise limited by any provision of this Indenture, notwithstanding anything in this Indenture to the contrary.

(a) Not a Sanctioned Company. The Trustee represents that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Government Code. The foregoing representation excludes the Trustee and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization.

(b) No Boycott of Israel. The Trustee hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott Israel and will not boycott Israel during the term of this Indenture. As used in the foregoing verification, "boycott Israel" has the meaning provided in Section 2271.001, Government Code.

(c) No Discrimination Against Firearm Entities. The Trustee hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate against a firearm entity or firearm trade association during the term of this Indenture. As used in the foregoing verification, "discriminate against a firearm entity or firearm trade association" has the meaning provided in Section 2274.001(3), Government Code.

(d) No Boycott of Energy Companies. The Trustee hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott energy companies and will not boycott energy companies during the term of this Indenture. As used in the foregoing verification, "boycott energy companies" has the meaning provided in Section 2276.001(1), Government Code.

IN WITNESS WHEREOF, the City and the Trustee have caused this Indenture of Trust to be executed all as of the date hereof.

Capitalized terms appearing herein that are defined terms in the Indenture, defined below, have the meanings assigned to them in the Indenture. Reference is made to the Indenture for such definitions and for all other purposes.

The principal of this Bond shall be payable without exchange or collection charges in lawful money of the United States of America upon presentation and surrender of this Bond at the corporate trust office in Dallas, Texas (the "Designated Payment/Transfer Office"), of U.S. Bank Trust Company, National Association, as trustee and paying agent/registrar (the "Trustee", which term includes any successor trustee under the Indenture), or, with respect to a successor trustee and paying agent/registrar, at the Designated Payment/Transfer Office of such successor. Interest on this Bond is payable by check dated as of the Interest Payment Date, mailed by the Trustee to the registered owner at the address shown on the registration books kept by the Trustee or by such other customary banking arrangements acceptable to the Trustee, requested by, and at the risk and expense of, the Person to whom interest is to be paid. For the purpose of the payment of interest on this Bond, the registered owner shall be the Person in whose name this Bond is registered at the close of business on the "Record Date," which shall be the 15th calendar day of the month next preceding such Interest Payment Date; provided, however, that in the event of nonpayment of interest on a scheduled Interest Payment Date, and for 30 days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Trustee, if and when funds for the payment of such interest have been received from the City. Notice of the Special Record Date and of the scheduled payment date of the past due interest (the "Special Payment Date," which shall be 15 days after the Special Record Date) shall be sent at least five Business Days prior to the Special Record Date by United States mail, first-class, postage prepaid, to the address of each Owner of a Bond appearing on the books of the Trustee at the close of business on the last Business Day preceding the date of mailing such notice.

If a date for the payment of the principal of or interest on the Bonds is a Saturday, Sunday, legal holiday, or a day on which banking institutions in the city in which the Designated Payment/Transfer Office is located are authorized by law or executive order to close, then the date for such payment shall be the next succeeding Business Day, and payment on such date shall have the same force and effect as if made on the original date payment was due.

This Bond is one of a duly authorized issue of assessment revenue bonds of the City having the designation specified in its title (herein referred to as the "Bonds"), dated February 27, 2025 and issued in the aggregate principal amount of $_____ and issued, with the limitations described herein, pursuant to an Indenture of Trust, dated as of February 1, 2025 (the "Indenture"), by and between the City and the Trustee, to which Indenture reference is hereby made for a description of the amounts thereby pledged and assigned, the nature and extent of the lien and security, the respective rights thereunder to the holders of the Bonds, the Trustee, and the City, and the terms upon which the Bonds are, and are to be, authenticated and delivered and by this reference to the terms of which each holder of this Bond hereby consents. All Bonds issued under the Indenture are equally and ratably secured by the amounts thereby pledged and assigned. The Bonds are being issued for the purpose of (i) paying a portion of the Actual Costs of the Phases #8-9 Projects; (ii) funding a reserve fund for payment of principal and interest on the Bonds, (iii) paying a portion of the interest on the Bonds during and after the acquisition and construction of the Phases #8-9 Projects; (iv) paying a portion of the costs incidental to the organization and administration of the District and (v) paying the costs of issuing the Bonds.

The Bonds are special, limited obligations of the City payable solely from the Trust Estate as defined in the Indenture. Reference is hereby made to the Indenture, copies of which are on file with and available upon request from the Trustee, for the provisions, among others, with respect to the nature and extent of the duties and obligations of the City, the Trustee and the Owners. The Owner of this Bond, by the acceptance hereof, is deemed to have agreed and consented to the terms, conditions and provisions of the Indenture.

Notwithstanding any provision hereof, the Indenture may be released and the obligation of the City to make money available to pay this Bond may be defeased by the deposit of money and/or certain direct or indirect Defeasance Securities sufficient for such purpose as described in the Indenture.

The Bonds are issuable as fully registered bonds only in Authorized Denominations, subject to the provisions of the Indenture authorizing redemption in denominations of $100,000 and any multiple of $1,000 in excess thereof.

The Bonds are subject to sinking fund redemption prior to their Stated Maturity and will be redeemed by the City in part at a price equal to the principal amount thereof plus accrued and unpaid interest thereon to the date set for redemption from moneys available for such purpose in the Principal and Interest Account of the Bond Fund pursuant to Article VI of the Indenture, on the dates and in the Sinking Fund Installment amounts as set forth in the following schedule:

At least 45 days prior to each mandatory sinking fund redemption date, and subject to any prior reduction authorized by the Indenture, the Trustee shall select for redemption pursuant to the provisions of the Indenture, a principal amount of Bonds of such maturity equal to the Sinking Fund Installments of such Bonds to be redeemed, shall call such Bonds for redemption on such scheduled mandatory sinking fund redemption date, and shall give notice of such redemption, as provided in the Indenture.

The principal amount of Bonds required to be redeemed on any mandatory sinking fund redemption date shall be reduced, at the option of the City, by the principal amount of any Bonds of such maturity which, at least 45 days prior to the mandatory sinking fund redemption date shall have been acquired by the City at a price not exceeding the principal amount of such Bonds plus accrued and unpaid interest to the date of purchase thereof, and delivered to the Trustee for cancellation.

The principal amount of Bonds required to be redeemed on any mandatory sinking fund redemption date shall be reduced on a pro rata basis among Sinking Fund Installments by the principal amount of any Bonds which, at least 45 days prior to the mandatory sinking fund redemption date shall have been redeemed pursuant to the optional redemption or extraordinary optional redemption provisions and not previously credited to a mandatory sinking fund redemption.

The City reserves the right and option to redeem Bonds maturing on or after September 1, 20__, before their scheduled maturity dates, in whole or in part, on any date on or after September 1, 20__, such redemption date or dates to be fixed by the City, at the redemption price of par plus accrued interest to the date of redemption.

Bonds are subject to extraordinary optional redemption prior to maturity in whole or in part, and in an amount and on a date specified in a City Certificate, at a redemption price equal to the principal amount of the Bonds called for redemption, plus accrued and unpaid interest to the date fixed for redemption, pursuant to the provisions of the Indenture, from amounts on deposit in the Redemption Fund as a result of Prepayments, other transfers to the Redemption Fund pursuant to the Indenture, or as a result of unexpended amounts transferred from the Project Fund as provided in the Indenture.

If less than all of the Bonds are redeemed pursuant to the mandatory sinking fund redemption, optional redemption or extraordinary optional redemption provisions, the Bonds to be redeemed shall be selected in accordance with the terms of the Indenture.

The Trustee shall give notice of any redemption of Bonds by sending notice by United States mail, first-class, postage prepaid, not less than 30 days before the date fixed for redemption, to the Owner of each Bond (or part thereof) to be redeemed, at the address shown on the Register. The notice shall state the redemption date, the Redemption Price, the place at

which the Bonds are to be surrendered for payment, and, if less than all the Bonds Outstanding are to be redeemed, an identification of the Bonds or portions thereof to be redeemed. Any notice so given shall be conclusively presumed to have been duly given, whether or not the Owner receives such notice.

With respect to any optional redemption of the Bonds, unless the Trustee has received funds sufficient to pay the redemption price of the Bonds to be redeemed before giving of a notice of redemption, the notice may state the City may condition redemption on the receipt of such funds by the Trustee on or before the date fixed for the redemption, or on the satisfaction of any other prerequisites set forth in the notice of redemption. If a conditional notice of redemption is given and such prerequisites to the redemption are not satisfied and sufficient funds are not received, the notice shall be of no force and effect, the City shall not redeem the Bonds, and the Trustee shall give notice, in the manner in which the notice of redemption was given, that the Bonds have not been redeemed.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the City and the rights of the holders of the Bonds under the Indenture at any time Outstanding affected by such modification. The Indenture also contains provisions permitting the holders of specified percentages in aggregate principal amount of the Bonds at the time Outstanding, on behalf of the holders of all the Bonds, to waive compliance by the City with certain past defaults under the Bond Ordinance or the Indenture and their consequences. Any such consent or waiver by the holder of this Bond or any predecessor Bond evidencing the same debt shall be conclusive and binding upon such holder and upon all future holders thereof and of any Bond issued upon the transfer thereof or in exchange therefor or in lieu thereof, whether or not notation of such consent or waiver is made upon this Bond.

As provided in the Indenture, this Bond is transferable upon surrender of this Bond for transfer at the Designated Payment/Transfer Office, with such endorsement or other evidence of transfer as is acceptable to the Trustee, and upon delivery to the Trustee of such certifications and/or opinion of counsel as may be required under the Indenture for the transfer of this Bond. Upon satisfaction of such requirements, one or more new fully registered Bonds of the same Stated Maturity, of Authorized Denominations, bearing the same rate of interest, and for the same aggregate principal amount will be issued to the designated transferee or transferees.

Neither the City nor the Trustee shall be required to issue, transfer or exchange any Bond called for redemption where such redemption is scheduled to occur within 45 calendar days of the transfer or exchange date; provided, however, such limitation shall not be applicable to an exchange by the registered owner of the uncalled principal balance of a Bond redeemed in part.

The City, the Trustee, and any other Person may treat the Person in whose name this Bond is registered as the owner hereof for the purpose of receiving payment as herein provided (except interest shall be paid to the Person in whose name this Bond is registered on the Record Date or Special Record Date, as applicable) and for all other purposes, whether or not this Bond be overdue, and neither the City nor the Trustee shall be affected by notice to the contrary.

The City has reserved the right to issue Refunding Bonds and Additional Obligations on the terms and conditions specified in the Indenture.

NEITHER THE FULL FAITH AND CREDIT NOR THE GENERAL TAXING POWER OF THE CITY OF CELINA, TEXAS, THE STATE OF TEXAS, OR ANY POLITICAL SUBDIVISION THEREOF, IS PLEDGED TO THE PAYMENT OF THE BONDS.

IT IS HEREBY CERTIFIED AND RECITED that the issuance of this Bond and the series of which it is a part is duly authorized by law; that all acts, conditions and things required to be done precedent to and in the issuance of the Bonds have been properly done and performed and have happened in regular and due time, form and manner, as required by law; and that the total indebtedness of the City, including the Bonds, does not exceed any Constitutional or statutory limitation.

IN WITNESS WHEREOF, the City Council of the City has caused this Bond to be executed under the official seal of the City.

CITY OF CELINA, TEXAS,
SPECIAL ASSESSMENT REVENUE BONDS, SERIES 2025
(THE LAKES AT MUSTANG RANCH PUBLIC IMPROVEMENT DISTRICT PHASES #8-9 PROJECT)

BOND PURCHASE AGREEMENT

January 14, 2025

City of Celina, Texas
142 N. Ohio St.
Celina, Texas 75009

Ladies and Gentlemen:

The undersigned, FMSbonds, Inc. (the "Underwriter"), offers to enter into this Bond Purchase Agreement (this "Agreement") with the City of Celina, Texas (the "City"), which will be binding upon the City and the Underwriter upon the acceptance of this Agreement by the City. This offer is made subject to its acceptance by the City by execution of this Agreement and its delivery to the Underwriter on or before 10:00 p.m., Central Time, on the date hereof and, if not so accepted, will be subject to withdrawal by the Underwriter upon written notice delivered to the City at any time prior to the acceptance hereof by the City.

All capitalized terms not otherwise defined herein shall have the meanings given to such terms in the Indenture (defined herein), between the City and U.S. Bank Trust Company, National Association, as trustee (the "Trustee"), authorizing the issuance of the Bonds (defined herein), and the Limited Offering Memorandum (defined herein).

1. Purchase and Sale of Bonds. Upon the terms and conditions and upon the basis of representations, warranties, and agreements hereinafter set forth, the Underwriter hereby agrees to purchase from the City, and the City hereby agrees to sell to the Underwriter, all (but not less than all) of the $10,800,000 aggregate principal amount of the "City of Celina, Texas, Special Assessment Revenue Bonds, Series 2025 (The Lakes at Mustang Ranch Public Improvement District Phases #8-9 Project)" (the "Bonds"), at a purchase price of $_____ (representing the aggregate principal amount of the Bonds, less an Underwriter's discount of $_____).

Inasmuch as this purchase and sale represents a negotiated transaction, the City understands, and hereby confirms, that the Underwriter is not acting as a municipal advisor or fiduciary of the City (including, without limitation, a "municipal advisor" (as such term is defined in Section 975(e) of the Dodd Frank Wall Street Reform and Consumer Protection Act)), but rather is acting solely in its capacity as Underwriter for its own account. The City acknowledges and agrees that (i) the purchase and sale of the Bonds pursuant to this Agreement is an arm's length commercial transaction between the City and the Underwriter, (ii) in connection with the

discussions, undertakings, and procedures leading up to the consummation of this transaction, the Underwriter is and has been acting solely as a principal and is not acting as the agent, municipal advisor, financial advisor, or fiduciary of the City, (iii) the Underwriter has not assumed an advisory or fiduciary responsibility in favor of the City with respect to the offering described herein or the discussions, undertakings, and procedures leading thereto (regardless of whether the Underwriter has provided other services or is currently providing other services to the City on other matters) and the Underwriter has no obligation to the City with respect to the offering described herein except the obligations expressly set forth in this Agreement, (iv) the City has consulted its own legal, financial, and other advisors to the extent it has deemed appropriate, (v) the Underwriter has financial and other interests that differ from those of the City, and (vi) the Underwriter has provided to the City prior disclosures under Rule G-17 of the Municipal Securities Rulemaking Board ("MSRB"), which have been received by the City. The City further acknowledges and agrees that following the issuance and delivery of the Bonds, the Underwriter has indicated that it may have periodic discussions with the City regarding the expenditure of proceeds of the Bonds and the construction of the Phases #8-9 Projects financed with the Bonds and, in connection with such discussions, the Underwriter shall be acting solely as a principal and will not be acting as the agent or fiduciary, and will not be assuming an advisory or fiduciary responsibility in favor, of the City.

The Bonds shall be dated as of the Closing Date, and shall have the maturities and redemption features, if any, and bear interest at the rates per annum shown on Schedule I hereto. Payment for and delivery of the Bonds, and the other actions described herein, shall take place on February 27, 2025 (or such other date as may be agreed to by the City and the Underwriter) (the "Closing Date").

2. Authorization Instruments and Law. The Bonds were authorized by the Bond Ordinance enacted by the City Council of the City (the "City Council") on January 14, 2025, and shall be issued pursuant to the provisions of the PID Act, and the Indenture of Trust, dated as of February 1, 2025, between the City and the Trustee (the "Indenture"). The Bonds shall be substantially in the form described in, and shall be secured under the provisions of, the Indenture.

The Bonds and interest thereon shall be secured by the Trust Estate, consisting primarily of the Assessments levied pursuant to the Assessment Ordinance against the Assessed Property, all to the extent and upon the conditions described in the Indenture. The District was established by a resolution (the "Creation Resolution"), enacted by the City Council on March 10, 2008, in accordance with the PID Act. The Service and Assessment Plan for the District was initially approved on January 13, 2015, and was most recently updated on January 14, 2025, in connection with the issuance of the Bonds. The Creation Resolution, the Assessment Ordinance, the Bond Ordinance, and the Indenture are collectively referred to herein as the "Authorizing Documents."

The Bonds shall be as described in Schedule I attached hereto, the Indenture, and the Limited Offering Memorandum. The proceeds of the Bonds shall be used for the purposes described in the Limited Offering Memorandum under "PLAN OF FINANCE – The Bonds" and shall be generally applied as described in the Limited Offering Memorandum under "SOURCES AND USES OF FUNDS."

3. Initial Offering. The Underwriter agrees to make an initial offering of all of the Bonds in accordance with Section 4 hereof and to limit the initial offering of the Bonds to persons that qualify as "Accredited Investors" (as defined in Rule 501 of Regulation D under the Securities Act of 1933, as amended and as then in effect (the "Securities Act")) or "Qualified Institutional Buyers" (within the meaning of Rule 144A under the Securities Act). On or before the third (3rd) Business Day prior to the Closing Date, the Underwriter shall execute and deliver to Bond Counsel the Issue Price Certificate (defined herein), in substantially the form attached hereto as Appendix B.

4. Establishment of Issue Price.

a. The Underwriter agrees to assist the City in establishing the issue price of the Bonds and shall execute and deliver to the City on or before the third (3rd) Business Day prior to the Closing Date an "issue price" or similar certificate, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as Appendix B (the "Issue Price Certificate"), with such modifications as may be appropriate or necessary, in the reasonable judgment of the Underwriter, the City and Bond Counsel, to accurately reflect, as applicable, the sales price or prices or the initial offering price or prices to the public of the Bonds. All actions to be taken by the City under this Section to establish the issue price of the Bonds may be taken on behalf of the City by the City's Financial Advisor (defined herein) and any notice or report to be provided to the City may be provided to the Financial Advisor or to Bond Counsel.

b. The Underwriter confirms that it has offered all the Bonds of each maturity to the public on or before the date of this Agreement at the respective offering price (the "initial offering price"), or at the corresponding yield or yields, set forth in Schedule I attached hereto, except as otherwise set forth therein. The City will treat the first price at which 10% of each maturity of the Bonds is sold to the public as of the sale date as the issue price of that maturity (the "10% test"). At or promptly after the execution of this Agreement, the Underwriter shall report to the City on Schedule A to the Issue Price Certificate the first price at which the Underwriter has sold to the public each maturity of Bonds and shall identify to the City on Schedule A to the Issue Price Certificate those maturities of the Bonds for which the 10% test has not been satisfied. If different interest coupons apply within a maturity, each separate CUSIP number within that maturity will be treated as a separate maturity for this purpose.

c. The City and the Underwriter agree that the restrictions set forth in the next sentence shall apply to those maturities of the Bonds for which the 10% test has not been met as of the date of this Agreement, which will allow the City to treat the initial offering price to the public of each such maturity as of the sale date as the issue price of that maturity (the "hold-the-offering-price rule"). So long as the hold-the-offering-price rule remains applicable to any maturity of the Bonds, the Underwriter will neither offer nor sell unsold Bonds of that maturity to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

(i) the close of the fifth (5^{th}) Business Day after the sale date; or

(ii) the date on which the Underwriter has sold at least 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

The Underwriter shall promptly advise the City when the Underwriter has sold 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public, if such sale occurs prior to the close of the fifth (5^{th}) Business Day after the sale date.

d. The Underwriter confirms that any selling group agreement and each retail distribution agreement relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each dealer who is a member of the selling group and each broker-dealer that is a party to such retail distribution agreement, as applicable, to (A) comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the Underwriter and as set forth in the related pricing wires, (B) promptly notify the Underwriter of any sales of Bonds that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Bonds to the public, and (C) acknowledge that, unless otherwise advised by the dealer or broker-dealer, the Underwriter shall assume that each order submitted by the dealer or broker-dealer is a sale to the public. The City acknowledges that, in making the representation set forth in this subsection, the Underwriter will rely on (i) in the event a selling group has been created in connection with the initial sale of the Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the hold-the-offering-price rule, if applicable, as set forth in a selling group agreement and the related pricing wires, and (ii) in the event that a retail distribution agreement was employed in connection with the initial sale of the Bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the hold-the-offering-price rule, if applicable, as set forth in the retail distribution agreement and the related pricing wires. The City further acknowledges that the Underwriter shall not be liable for the failure of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a retail distribution agreement, to comply with its corresponding agreement regarding the hold-the-offering-price rule as applicable to the Bonds.

e. The Underwriter acknowledges that sales of any Bonds to any person that is a related party to the Underwriter shall not constitute sales to the public for purposes of this Section. Further, for purposes of this Section:

(i) "public" means any person other than an underwriter or a related party to an underwriter;

(ii) "underwriter" means (A) any person that agrees pursuant to a written contract with the City (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person

described in clause (A) to participate in the initial sale of the Bonds to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the public);

(iii) a purchaser of any of the Bonds is a "related party" to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (i) at least 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other); and

(iv) "sale date" means the date of execution of this Agreement by all parties.

5. Limited Offering Memorandum.

a. Delivery of Limited Offering Memorandum. The City previously has delivered, or caused to be delivered, to the Underwriter the Preliminary Limited Offering Memorandum for the Bonds dated December __, 2024 (the "Preliminary Limited Offering Memorandum"), in a "designated electronic format," as defined in the MSRB Rule G-32 ("Rule G-32"). The City will prepare, or cause to be prepared, a final Limited Offering Memorandum relating to the Bonds (as more particularly defined below, the "Limited Offering Memorandum") which will be (i) dated the date of this Agreement, (ii) complete within the meaning of the United States Securities and Exchange Commission's Rule 15c2-12, as amended ("Rule 15c2-12"), (iii) in a "designated electronic format," and (iv) substantially in the form of the most recent version of the Preliminary Limited Offering Memorandum provided to the Underwriter before the execution hereof, except for the inclusion of the information permitted to be excluded from the Preliminary Limited Offering Memorandum by Section (b)(1) of Rule 15c2-12. The Limited Offering Memorandum, including the cover page thereto, all exhibits, schedules, appendices, maps, charts, pictures, diagrams, reports, and statements included or incorporated therein or attached thereto, and all amendments and supplements thereto that may be authorized for use with respect to the Bonds are collectively referred to herein as the "Limited Offering Memorandum." Until the Limited Offering Memorandum has been prepared and is available for distribution, the City shall provide to the Underwriter, upon request, sufficient quantities (which may be in electronic format) of the Preliminary Limited Offering Memorandum as the Underwriter reasonably deems necessary to satisfy the obligation of the Underwriter under Rule 15c2-12 with respect to distribution to each potential customer.

b. Preliminary Limited Offering Memorandum Deemed Final. The Preliminary Limited Offering Memorandum has been prepared for use by the

Underwriter in connection with the public offering, sale, and distribution of the Bonds. The City hereby represents and warrants that the Preliminary Limited Offering Memorandum has been deemed "final" by the City as of its date, except for the omission of such information which is dependent upon the final pricing of the Bonds for completion, all as permitted to be excluded by Section (b)(1) of Rule 15c2-12.

c. Use of Limited Offering Memorandum in Offering and Sale. The City hereby authorizes the Limited Offering Memorandum and the information therein contained to be used by the Underwriter in connection with the public offering and the sale of the Bonds. The City consents to the use by the Underwriter prior to the date hereof of the Preliminary Limited Offering Memorandum in connection with the public offering of the Bonds. The City shall provide, or cause to be provided, to the Underwriter as soon as practicable after the date of the City's acceptance of this Agreement (but, in any event, not later than the earlier of the Closing Date or seven (7) Business Days after the City's acceptance of this Agreement) copies of the Limited Offering Memorandum which is complete as of the date of its delivery to the Underwriter. The City shall provide the Limited Offering Memorandum, or cause the Limited Offering Memorandum to be provided, (i) in a "designated electronic format" consistent with the requirements of Rule G-32, and (ii) in a printed format in such quantity as the Underwriter shall reasonably request in order for the Underwriter to comply with Section (b)(4) of Rule 15c2-12 and the rules of the MSRB.

d. Updating of Limited Offering Memorandum. If, after the date of this Agreement, up to and including the date the Underwriter is no longer required to provide a Limited Offering Memorandum to potential customers who request the same pursuant to Rule 15c2-12 (the earlier of (i) ninety (90) days from the "end of the underwriting period" (as defined in Rule 15c2-12) and (ii) the time when the Limited Offering Memorandum is available to any person from the MSRB, but in no case less than the twenty-fifth (25^{th}) day after the "end of the underwriting period" for the Bonds), the City becomes aware of any fact or event which might or would cause the Limited Offering Memorandum, as then supplemented or amended, to contain any untrue statement of a material fact or to omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, or if it is necessary to amend or supplement the Limited Offering Memorandum to comply with law, the City will promptly notify the Underwriter (and for the purposes of this clause provide the Underwriter with such information as it may from time to time reasonably request), and if, in the reasonable judgment of the Underwriter, such fact or event requires preparation and publication of a supplement or amendment to the Limited Offering Memorandum, the City will forthwith prepare and furnish, at no expense to the Underwriter (in a form and manner approved by the Underwriter), either an amendment or a supplement to the Limited Offering Memorandum so that the statements therein as so amended or supplemented will not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading or so that the Limited Offering Memorandum will comply with law; provided, however, that for all purposes of this Agreement and any representation, warranty, or covenant made herein, or any

certificate delivered by the City in accordance herewith, the City makes no representations with respect to the following information (collectively, the "Non-City Disclosures") (i) the descriptions in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum of The Depository Trust Company, New York, New York ("DTC"), or its book-entry-only system, and (ii) the information in the Preliminary Limited Offering Memorandum or the Limited Offering Memorandum in the maps therein or under the captions and subcaptions "PLAN OF FINANCE" (except for the information under the subcaption "– The Bonds"), "LIMITATIONS APPLICABLE TO INITIAL PURCHASERS," "BOOK-ENTRY ONLY SYSTEM," "THE PHASES #8-9 PROJECTS," "THE DEVELOPMENT," "THE DEVELOPER," "THE PID ADMINISTRATOR," "BONDHOLDERS' RISKS" (only as it pertains to the Developer, the Phases #8-9 Projects, and the Development (as defined in the Limited Offering Memorandum)), "LEGAL MATTERS – Litigation – The Developer," "CONTINUING DISCLOSURE – The Developer" and "– The Developer's Compliance with Prior Undertakings," "INFORMATION RELATING TO THE TRUSTEE," and "APPENDIX E-2." If such notification shall be subsequent to the Closing (defined herein), the City, at no expense to the Underwriter, shall furnish such legal opinions, certificates, instruments, and other documents as the Underwriter may reasonably deem necessary to evidence the truth and accuracy of such supplement or amendment to the Limited Offering Memorandum. The City shall provide any such amendment or supplement or cause any such amendment or supplement to be provided, (i) in a "designated electronic format" consistent with the requirements of Rule G-32 and (ii) in a printed format in such quantity as the Underwriter shall reasonably request in order for the Underwriter to comply with Section (b)(4) of Rule 15c2-12 and the rules of the MSRB.

e. Filing with MSRB. The Underwriter hereby agrees to timely file the Limited Offering Memorandum (and any amendment or supplement to the Limited Offering Memorandum prepared in accordance with Section 5(d) above)with the MSRB through its Electronic Municipal Market Access ("EMMA") system within one (1) Business Day after receipt but no later than the Closing Date. Unless otherwise notified in writing by the Underwriter, the City can assume that the "end of the underwriting period" for purposes of Rule 15c2-12 is the Closing Date.

f. Limited Offering. The Underwriter hereby represents, warrants, and covenants that the Bonds were initially sold pursuant to a limited offering. The Bonds were sold to not more than thirty-five (35) persons that qualify as "Accredited Investors" (as defined in Rule 501 of Regulation D under the Securities Act) or "Qualified Institutional Buyers" (within the meaning of Rule 144A under the Securities Act).

6. City Representations, Warranties and Covenants. The City represents, warrants, and covenants that:

a. Due Organization, Existence and Authority. The City is a political subdivision of the State of Texas (the "State"), and has, and at the Closing Date will have, full legal right, power, and authority:

(i) to enter into and perform its duties and obligations under:

(1) this Agreement;

(2) the Assessment Ordinance;

(3) the Bond Ordinance;

(4) the Indenture;

(5) the Amended and Restated Development Agreement entered into between the City and the Developer as of October 23, 2014, and all amendments thereto (the "Development Agreement");

(6) the PID Reimbursement Agreement; and

(7) the Continuing Disclosure Agreement of Issuer with respect to the Bonds, dated as of February 1, 2025 (the "Continuing Disclosure Agreement of Issuer"), executed and delivered by the City, the Administrator, and HTS Continuing Disclosure Services, a division of Hilltop Securities Inc., as Dissemination Agent (the "Dissemination Agent");

(ii) to issue, sell, and deliver the Bonds to the Underwriter as provided herein; and

(iii) to carry out and consummate the transactions on its part described in (1) the Authorizing Documents, (2) this Agreement, (3) the Development Agreement, (4) the PID Reimbursement Agreement, (5) the Continuing Disclosure Agreement of Issuer, (6) the Limited Offering Memorandum, and (7) any other documents and certificates described in any of the foregoing (the documents described by subclauses (1) through (7) being referred to collectively herein as the "City Documents").

b. Due Authorization and Approval of City. By all necessary official action of the City, the City has duly authorized and approved the adoption or execution and delivery by the City of, and the performance by the City of the obligations on its part contained in, the City Documents and, as of the date hereof, such authorizations and approvals are in full force and effect and have not been amended, modified, or rescinded, except as may have been approved by the Underwriter. When validly executed and delivered by the other parties thereto, the City Documents will constitute the legally valid and binding obligations of the City enforceable upon the City in accordance with their respective terms, except insofar as enforcement may be limited by principles of sovereign immunity, bankruptcy, insolvency, reorganization, moratorium, or similar laws or equitable principles relating to or affecting creditors' rights generally. The City has complied, and will at the Closing be in compliance, in all material respects, with the obligations on its part to be performed on or prior to the Closing Date under the City Documents.

c. Due Authorization for Issuance of the Bonds. The City has duly authorized the issuance and sale of the Bonds pursuant to the Bond Ordinance, the Indenture, and the PID Act. The City has, and at the Closing will have, full legal right, power, and authority (i) to enter into, execute, deliver, and perform its obligations under this Agreement and the other City Documents, (ii) to issue, sell, and deliver the Bonds to the Underwriter pursuant to the Indenture, the Bond Ordinance, the PID Act, and as provided herein, and (iii) to carry out, give effect to, and consummate the transactions on the part of the City described by the Bond Ordinance and the other City Documents.

d. No Breach or Default. As of the time of acceptance hereof, and to its knowledge, the City is not, and as of the Closing Date the City will not be, in breach of or default in any material respect under any applicable constitutional provision, law, or administrative rule or regulation of the State or the United States, or any applicable judgment or decree or any trust agreement, loan agreement, bond, note, resolution, ordinance, agreement, or other instrument related to the Bonds and to which the City is a party or is otherwise subject, and no event has occurred and is continuing which, with the passage of time or the giving of notice, or both, would constitute a default or event of default under any such instrument which breach, default, or event of default could have a material adverse effect on the City's ability to perform its obligations under the Bonds or the City Documents; and, as of such times, the authorization, execution, and delivery of the Bonds and the City Documents and compliance by the City with the obligations on its part to be performed in each of such agreements or instruments does not and will not conflict with or constitute a breach of or default under any applicable constitutional provision, law, or any administrative rule or regulation of the State or the United States, or any applicable judgment, decree, license, permit, trust agreement, loan agreement, bond, note, resolution, ordinance, agreement, or other instrument to which the City (or any of its officers in their respective capacities as such) is subject, or by which it or any of its properties are bound, nor will any such authorization, execution, delivery, or compliance result in the creation or imposition of any lien, charge, or other security interest or encumbrance of any nature whatsoever upon any of its assets or properties or under the terms of any such law, regulation, or instrument, except as may be permitted by the City Documents.

e. No Litigation. At the time of acceptance hereof there is no action, suit, proceeding, inquiry, or investigation, at law or in equity, before or by any court, government agency, public board or body (collectively and individually, an "Action") pending against the City with respect to which the City has been served with process, nor to the knowledge of the City is any Action threatened against the City, in which any such Action (i) in any way questions the existence of the City or the rights of the members of the City Council to hold their respective positions, (ii) in any way questions the formation or existence of the District, (iii) affects, contests, or seeks to prohibit, restrain, or enjoin the issuance or delivery of any of the Bonds, or the payment or collection of any amounts pledged or to be pledged to pay the principal of and interest on the Bonds, or in any way contests or affects the validity of the City Documents or the consummation of the transactions on the part of the City described therein, or contests the exclusion of the interest on the Bonds from federal income taxation, or (iv) which may result in any material adverse change in the financial condition of the City; and, as of the time of

acceptance hereof, to the City's knowledge, there is no basis for any action, suit, proceeding, inquiry, or investigation of the nature described in clauses (i) through (iv) of this sentence.

f. Bonds Issued Pursuant to Indenture. The City represents that the Bonds, when issued, executed, and delivered in accordance with the Indenture and sold to the Underwriter as provided herein, will be validly issued and outstanding obligations of the City subject to the terms of the Indenture, entitled to the benefits of the Indenture and the security of a first lien on and pledge of the proceeds of the Trust Estate, all to the extent provided for in the Indenture. The Indenture creates a valid first lien on and pledge of the Trust Estate, consisting of certain revenues and the monies in certain funds and accounts established pursuant to the Indenture to the extent provided for in the Indenture, including the investments thereof, subject in all cases to the provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth therein.

g. Assessments. The Assessments constituting the primary security for the Bonds have been levied by the City in accordance with the PID Act on those parcels of land identified in the Phases #8-9 Assessment Roll. According to the PID Act, such Assessments constitute a valid and legally binding first and prior lien against the Assessed Property, superior to all other liens and claims, except liens or claims for state, county, school district, or municipality ad valorem taxes.

h. Consents and Approvals. All authorizations, approvals, licenses, permits, consents, elections, and orders of or filings with any governmental authority, legislative body, board, agency, or commission having jurisdiction in the matters which are required by the Closing Date for the due authorization of, which would constitute a condition precedent to, or the absence of which would adversely affect the due performance by the City of its obligations in connection with the City Documents have been duly obtained or made and are in full force and effect, except the approval of the Bonds by the Attorney General of the State, registration of the Bonds by the Comptroller of Public Accounts of the State, and the approvals, consents, and orders as may be required under Blue Sky or securities laws of any jurisdiction.

i. Public Debt. Prior to the Closing, the City will not offer or issue any bonds, notes, or other obligations for borrowed money or incur any material liabilities, direct or contingent, payable from or secured by a lien on and pledge of the Trust Estate which secures the Bonds without the prior approval of the Underwriter.

j. Preliminary Limited Offering Memorandum. The information contained in the Preliminary Limited Offering Memorandum is true and correct in all material respects, and such information does not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; provided, however, that the City makes no representations with respect to the Non-City Disclosures.

k. Limited Offering Memorandum. At the time of the City's acceptance hereof and (unless the Limited Offering Memorandum is amended or supplemented pursuant to paragraph (d) of Section 5 of this Agreement) at all times subsequent thereto during the period up to and including the twenty-fifth (25th) day subsequent to the "end of the underwriting period," the information contained in the Limited Offering Memorandum does not and will not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; provided, however, that the City makes no representations with respect to the Non-City Disclosures; and further provided, however, that if the City notifies the Underwriter of any fact or event as required by Section 5(d) hereof, and the Underwriter determines that such fact or event does not require preparation and publication of a supplement or amendment to the Limited Offering Memorandum, then the Limited Offering Memorandum in its then-current form shall be conclusively deemed to be complete and correct in all material respects.

l. Supplements or Amendments to Limited Offering Memorandum. If the Limited Offering Memorandum is supplemented or amended pursuant to paragraph (d) of Section 5 of this Agreement, at the time of each supplement or amendment thereto and (unless subsequently again supplemented or amended pursuant to such paragraph) at all times subsequent thereto during the period up to and including the twenty-fifth (25th) day subsequent to the "end of the underwriting period," the Limited Offering Memorandum as so supplemented or amended will not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; provided, however, that if the City notifies the Underwriter of any fact or event as required by Section 5(d) hereof, and the Underwriter determines that such fact or event does not require preparation and publication of a supplement or amendment to the Limited Offering Memorandum, then the Limited Offering Memorandum in its then-current form shall be conclusively deemed to be complete and correct in all material respects.

m. Compliance with Rule 15c2-12. During the past five (5) years, the City has complied in all material respects with its previous continuing disclosure undertakings made by it in accordance with Rule 15c2-12, except as described in the Limited Offering Memorandum.

n. Use of Bond Proceeds. The City will apply, or cause to be applied, the proceeds from the sale of the Bonds as provided in and subject to all of the terms and provisions of the Indenture and will not take or omit to take any action which action or omission will adversely affect the exclusion from gross income for federal income tax purposes of the interest on the Bonds.

o. Blue Sky and Securities Laws and Regulations. The City will furnish such information and execute such instruments and take such action in cooperation with the Underwriter as the Underwriter may reasonably request, at no expense to the City, (i) to (y) qualify the Bonds for offer and sale under the Blue Sky or other securities laws and

regulations of such states and other jurisdictions in the United States as the Underwriter may designate, and (z) determine the eligibility of the Bonds for investment under the laws of such states and other jurisdictions, and (ii) to continue such qualifications in effect so long as required for the initial distribution of the Bonds by the Underwriter (provided, however, that the City will not be required to qualify as a foreign corporation or to file any general or special consents to service of process under the laws of any jurisdiction) and will advise the Underwriter immediately of receipt by the City of any notification with respect to the suspension of the qualification of the Bonds for sale in any jurisdiction or the initiation or threat of any proceeding for that purpose.

p. Certificates of the City. Any certificate signed by any official of the City authorized to do so in connection with the transactions described in this Agreement shall be deemed a representation and/or warranty, as applicable in the legal context, by the City to the Underwriter as to the statements made therein and can be relied upon by the Underwriter as to the statements made therein.

q. Intentional Actions Regarding Representations and Warranties. The City covenants that between the date hereof and the Closing Date it will not intentionally take actions which will cause the representations and warranties made in this Section to be untrue as of the Closing Date.

r. Financial Advisor. The City has engaged Hilltop Securities Inc. as its financial advisor (the "Financial Advisor") in connection with its offering and issuance of the Bonds.

By delivering the Limited Offering Memorandum to the Underwriter, the City shall be deemed to have reaffirmed, with respect to the Limited Offering Memorandum, the representations, warranties, and covenants set forth above.

7. Developer's Letter of Representations. At the signing of this Agreement, the City and Underwriter shall receive from the Developer an executed Developer's Letter of Representations (the "Developer's Letter of Representations") in the form of Appendix A hereto, and at the Closing, a certificate signed by the Developer as described in Section 10(e) hereof and set forth in Appendix E (the "Developer Closing Certificate").

8. The Closing. At 10:00 a.m., Central time, on the Closing Date, or at such other time or on such earlier or later Business Day as shall have been mutually agreed upon by the City and the Underwriter, (i) the City will deliver or cause to be delivered to DTC through its "FAST" System the Bonds in the form of one fully registered Bond for each maturity, registered in the name of Cede & Co., as nominee for DTC, duly executed by the City and authenticated by the Trustee as provided in the Indenture, and (ii) the City will deliver the closing documents hereinafter mentioned to Norton Rose Fulbright US LLP ("Bond Counsel"), or a place to be mutually agreed upon by the City and the Underwriter. Settlement will be through the facilities of DTC. The Underwriter will accept delivery and pay the purchase price of the Bonds as set forth in Section 1 hereof by wire transfer in federal funds payable to the order of the City or its designee. These payments and deliveries, together with the delivery of the aforementioned documents, are

herein called the "Closing." The Bonds will be made available to the Underwriter or Underwriter's Counsel (defined herein) for inspection not less than twenty-four (24) hours prior to the Closing.

9. Underwriter's Closing Conditions. The Underwriter has entered into this Agreement in reliance upon the representations and covenants herein and in the Developer's Letter of Representations and the performance by the City of its obligations under this Agreement, both as of the date hereof and as of the Closing Date. Accordingly, the Underwriter's obligations under this Agreement to purchase, accept delivery of, and pay for the Bonds shall be conditioned upon the performance by the City of its obligations to be performed hereunder at or prior to Closing and shall also be subject to the following additional conditions:

a. Bring-Down Representations of the City. The representations and covenants of the City contained in this Agreement shall be true and correct in all material respects as of the date hereof and at the time of the Closing, as if made on the Closing Date.

b. Executed Agreements and Performance Thereunder. At the time of the Closing:

(i) the City Documents shall be in full force and effect, and shall not have been amended, modified, or supplemented except with the written consent of the Underwriter;

(ii) the Authorizing Documents shall be in full force and effect;

(iii) there shall be in full force and effect such other ordinances, resolutions, or actions of the City as, in the opinion of Bond Counsel and Underwriter's Counsel, shall be necessary on or prior to the Closing Date in connection with the transactions on the part of the City described in this Agreement and the City Documents;

(iv) there shall be in full force and effect such other resolutions or actions of the Developer as, in the opinions of Shupe Ventura, PLLC, and _____ (collectively, "Developer's Counsel"), shall be necessary on or prior to the Closing Date in connection with the transactions on the part of the Developer described in the Developer's Letter of Representations, the Development Agreement, the PID Reimbursement Agreement, and the Continuing Disclosure Agreement of Developer with respect to the Bonds, dated as of February 1, 2025, executed and delivered by the Developer, the Administrator, and the Dissemination Agent (the "Continuing Disclosure Agreement of Developer" and, together with the Developer's Letter of Representations, the Development Agreement, and the PID Reimbursement Agreement, the "Developer Documents"); and

(v) the City shall perform or have performed its obligations required or specified in the City Documents to be performed at or prior to Closing.

c. No Default. At the time of the Closing, no default shall have occurred or be existing and no circumstances or occurrences that, with the passage of time or giving

of notice, shall constitute an event of default under this Agreement, the Indenture, the City Documents, the Developer Documents, or other documents relating to the financing and construction of the Phases #8-9 Projects and the Development (as defined in the Limited Offering Memorandum), and the Developer shall not be in default in the payment of principal of or interest on any of its indebtedness which default shall materially adversely impact the ability of the Developer to pay the Assessments when due or to complete the Phases #8-9 Projects.

d. Closing Documents. At or prior to the Closing, the Underwriter or Underwriter's Counsel shall have received each of the documents required under Section 10 below.

e. Termination Events. The Underwriter shall have the right to cancel its obligation to purchase the Bonds and to terminate this Agreement without liability therefor by written notification to the City if, between the date of this Agreement and the Closing, in the Underwriter's sole and reasonable judgment, any of the following shall have occurred:

(i) the market price or marketability of the Bonds, or the ability of the Underwriter to enforce contracts for the sale of the Bonds, shall be materially adversely affected by the occurrence of any of the following:

(1) legislation shall have been introduced in or enacted by the Congress of the United States or adopted by either chamber thereof, or legislation pending in the Congress of the United States shall have been amended, or legislation shall have been recommended to the Congress of the United States or otherwise endorsed for passage (by press release, other form of notice, or otherwise) by the President of the United States, the Treasury Department of the United States, or the Internal Revenue Service or legislation shall have been proposed for consideration by either the U.S. Senate Committee on Finance or the U.S. House of Representatives Committee on Ways and Means or legislation shall have been favorably reported for passage to either chamber of the Congress of the United States by a Committee of such chamber to which such legislation has been referred for consideration, or a decision by a court of the United States or the Tax Court of the United States shall be rendered or a ruling, regulation, or official statement (final, temporary, or proposed) by or on behalf of the Treasury Department of the United States, the Internal Revenue Service, or other federal agency shall be made, which would result in federal taxation of revenues or other income of the general character expected to be derived by the City or upon interest on securities of the general character of the Bonds or which would have the effect of changing, directly or indirectly, the federal income tax consequences of receipt of interest on securities of the general character of the Bonds in the hands of the holders thereof, and which in either case, makes it, in the reasonable judgment of the Underwriter, impracticable or inadvisable to proceed with the offer,

sale, or delivery of the Bonds on the terms and in the manner described in the Limited Offering Memorandum; or

(2) legislation shall be enacted by the Congress of the United States, or a decision by a court of the United States shall be rendered, or a stop order, ruling, regulation or official statement by, or on behalf of, the Securities and Exchange Commission (the "SEC") or any other governmental agency having jurisdiction of the subject matter shall be issued or made to the effect that the issuance, offering or sale of obligations of the general character of the Bonds, or the issuance, offering or sale of the Bonds, including all underlying obligations, as described herein or by the Limited Offering Memorandum, is in violation or would be in violation of, or that obligations of the general character of the Bonds, or the Bonds, are not exempt from registration under, any provision of the federal securities laws, including the Securities Act, or that the Indenture needs to be qualified under the Trust Indenture Act of 1939, as amended and as then in effect (the "Trust Indenture Act"); or

(3) a general suspension of trading in securities on the New York Stock Exchange, the establishment of minimum prices on such exchange, the establishment of material restrictions (not in force as of the date hereof) upon trading securities generally by any governmental authority or any national securities exchange, a general banking moratorium declared by federal, State of New York, or State officials authorized to do so; provided, however that such suspension in trading or any disruption in securities settlement, payment or clearance services is not in force on the date hereof; or

(4) there shall have occurred (whether or not foreseeable) (i) any outbreak of hostilities (including, without limitation, an act of terrorism) including, but not limited to, an escalation of hostilities that existed prior to the date hereof, (ii) national or international calamity or crisis, including, but not limited to, an escalation in the scope or magnitude of any pandemic or natural disaster, or (iii) material financial crisis or adverse change in the financial or economic conditions affecting the United States government or the securities markets in the United States; or

(5) there shall have occurred since the date of this Agreement any materially adverse change in the affairs or financial condition of the City, except as disclosed or described in the Limited Offering Memorandum; or

(6) any state blue sky or securities commission or other governmental agency or body in any state in which more than ten percent (10%) of the Bonds have been offered and sold shall have withheld registration, exemption or clearance of the offering of the Bonds as

described herein, or issued a stop order or similar ruling relating thereto; or

(7) any amendment to the federal or State Constitution or action by any federal or state court, legislative body, regulatory body, or other authority materially adversely affecting the tax status of the City, its property, income, securities (or interest thereon), or the validity or enforceability of the Assessments and the liens created thereby, such Assessments being the primary asset of the Trust Estate pledged to pay principal of and interest on the Bonds; or

(ii) the New York Stock Exchange or other national securities exchange or any governmental authority shall impose, as to the Bonds or as to obligations of the general character of the Bonds, any material restrictions not now in force, or increase materially those now in force, with respect to the extension of credit by, or the charge to the net capital requirements of, the Underwriter; or

(iii) any event occurring, or information becoming known which, in the reasonable judgment of the Underwriter, makes untrue in any material respect any statement or information contained in the Limited Offering Memorandum, or has the effect that the Limited Offering Memorandum contains any untrue statement of a material fact or omits to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, which change shall occur subsequent to the date of this Agreement and shall not be due to the malfeasance, misfeasance or nonfeasance of the Underwriter; or

n. Attorney General Opinion and Comptroller Registration. The approving opinion of the Attorney General of the State regarding the Bonds (the "Attorney General Opinion") and the Comptroller of the State's Certificate of Registration for the Initial Bond.

20. No Assignment. The rights and obligations created by this Agreement shall not be subject to assignment by the Underwriter or the City without the prior written consent of the other party hereto.

21. No Personal Liability. None of the members of the City Council, nor any officer, representative, agent, or employee of the City, shall be charged personally by the Underwriter with any liability, or be held liable to the Underwriter under any term or provision of this Agreement, or because of execution or attempted execution, or because of any breach or attempted or alleged breach of this Agreement.

The Underwriter and the City understand and agree that, with the exception of information identifying the City and the contract identification number, neither the City nor its consultants are responsible for the information contained in the Form 1295; that the information contained in the Form 1295 has been provided solely by the Underwriter; and, neither the City nor its consultants have verified such information.

24. Underwriter Standing Letter and Bringdown Verification. The Underwriter represents that it has, or will have prior to the date of Closing, on file with the Texas Attorney General a standing letter addressing the representation and verifications contained in Section 22 of this Agreement in a form accepted by the Texas Attorney General. In addition, if the Underwriter or the parent company, a wholly- or majority-owned subsidiary or another affiliate of the Underwriter receives or has received a letter from the Texas Comptroller of Public Accounts pursuant to Chapter 809, Texas Government Code seeking written verification that it does not boycott energy companies (a "Comptroller Request Letter"), such Underwriter shall promptly

notify the City and Bond Counsel (if it has not already done so) and provide to the City or Bond Counsel, two Business Days prior to Closing and additionally upon request by the City or Bond Counsel, written verification to the effect that its standing letter described in the preceding sentence remains in effect and may be relied upon by the City and the Texas Attorney General (the "Bringdown Verification"). The Bringdown Verification shall also confirm that the Underwriter (or the parent company, a wholly- or majority-owned subsidiary or other affiliate of the Underwriter that received the Comptroller Request Letter) intends to timely respond or has timely responded to the Comptroller Request Letter. The Bringdown Verification may be in the form of an e-mail.

Ladies and Gentlemen:

This letter is being delivered to the City of Celina, Texas (the "City") and FMSbonds, Inc. (the "Underwriter"), in consideration for your entering into the Bond Purchase Agreement dated the date hereof (the "Bond Purchase Agreement") for the sale and purchase of the $10,800,000 "City of Celina, Texas, Special Assessment Revenue Bonds, Series 2025 (The Lakes at Mustang Ranch Public Improvement District Phases #8-9 Project)" (the "Bonds"). Pursuant to the Bond Purchase Agreement, the Underwriter has agreed to purchase from the City, and the City has agreed to sell to the Underwriter, the Bonds. In order to induce the City to enter into the Bond Purchase Agreement and as consideration for the execution, delivery, and sale of the Bonds by the City and the purchase of them by the Underwriter, Celina 682 Partners, L.P., a Texas limited partnership (the "Developer"), makes the representations, warranties, and covenants contained in this Developer's Letter of Representations. Unless the context clearly indicates otherwise, each capitalized term used in this Developer's Letter of Representations will have the meaning set forth in the Bond Purchase Agreement.

1. Purchase and Sale of Bonds. Inasmuch as the purchase and sale of the Bonds represents a negotiated transaction, the Developer understands, and hereby confirms, that the Underwriter is not acting as a fiduciary of the Developer, but rather is acting solely in its capacity as Underwriter of the Bonds for its own account.

2. Updating of the Limited Offering Memorandum. If, after the date of this Developer's Letter of Representations up to and including the date the Underwriter is no longer

3. Developer Documents. The Developer has executed and delivered each of the below listed documents (individually, a "Developer Document" and collectively, the "Developer Documents") in the capacity provided for in each such Developer Document, and each such Developer Document constitutes a valid and binding obligation of the Developer, enforceable against the Developer in accordance with its terms:

a. this Developer's Letter of Representations;

b. the Development Agreement;

c. the PID Reimbursement Agreement; and

The Developer has complied in all material respects with all of the Developer's agreements and covenants and satisfied all conditions required to be complied with or satisfied by the Developer under the Developer Documents on or prior to the date hereof.

The representations and warranties of the Developer contained in the Developer Documents are true and correct in all material respects on and as of the date hereof.

a. Due Organization and Existence. The Developer is duly organized and validly existing as a limited partnership under the laws of the State of Texas.

b. Organizational Documents. The copies of the organizational documents of the Developer provided by the Developer (the "Developer Organizational Documents") to the City and the Underwriter are fully executed, true, correct, and complete copies of such documents and such documents have not been amended or supplemented since delivery to the City and the Underwriter and are in full force and effect as of the date hereof.

c. No Breach. The execution and delivery of the Developer Documents by the Developer does not violate any judgment, order, writ, injunction, or decree binding on the Developer or any indenture, agreement, or other instrument to which the Developer is a party.

d. No Litigation. There are no proceedings pending or threatened in writing before any court or administrative agency against the Developer that are either not covered by insurance or which singularly or collectively would have a material, adverse effect on the ability of the Developer to perform its obligations under the Developer Documents in all material respects or that would reasonably be expected to prevent or prohibit the development of the District in accordance with the description thereof in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum.

e. Information. The information prepared and submitted by the Developer to the City or the Underwriter in connection with the preparation of the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum was, and is as of this date, true and correct in all material respects.

f. Preliminary Limited Offering Memorandum and Limited Offering Memorandum. The Developer represents and warrants that the information set forth in the Developer's Disclosures in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum is true and correct and does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading. The Developer agrees to provide a certificate dated the Closing Date affirming, as of such date, the representations contained in this subsection (f) with respect to the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum.

g. Events of Default. No "Event of Default" or "event of default" by the Developer under any of the Developer Documents, any documents to which the Developer is a party described in the Limited Offering Memorandum, or under any material documents relating to the financing and construction of the Phases #8-9 Projects to which the Developer is a party, or event that, with the passage of time or the giving of notice or both, would constitute such "Event of Default" or "event of default" by the Developer has occurred and is continuing.

5. Indemnification.

a. The Developer will indemnify and hold harmless the City and the Underwriter and each of their officers, directors, employees, and agents against any losses,

claims, damages or liabilities to which any of them may become subject, under the Securities Act of 1933 or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained or incorporated by reference in the Developer's Disclosures in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum, or any amendment or supplement to the Limited Offering Memorandum amending or supplementing the information contained under the aforementioned captions (as qualified above), or arise out of or are based upon the omission, untrue statement, or alleged untrue statement or omission to state therein a material fact necessary to make the statements under the aforementioned captions (as qualified above) not misleading under the circumstances under which they were made and will reimburse any indemnified party for any reasonable legal or other expenses reasonably incurred by them in connection with investigating or defending any such action or claim as such expenses are incurred.

b. Promptly after receipt by an indemnified party under subsection (a) above of notice of the commencement of any action, such indemnified party shall, if a claim in respect thereof is to be made against the indemnifying party under such subsection, notify the indemnifying party in writing of the commencement thereof; but the omission so to notify the indemnifying party shall not relieve the indemnifying party from any liability which it may have to the indemnified party otherwise than under such subsection, unless such indemnifying party was prejudiced by such delay or lack of notice. In case any such action shall be brought against an indemnified party, it shall promptly notify the indemnifying party of the commencement thereof, the indemnifying party shall be entitled to participate therein and, to the extent that it shall wish, to assume the defense thereof, with counsel reasonably satisfactory to such indemnified party (who shall not, except with the consent of the indemnified party, be counsel to the indemnifying party), and, after notice from the indemnifying party to such indemnified party of its election so to assume the defense thereof, the indemnifying party shall not be liable to such indemnified party under such subsection for any legal expenses of other counsel or any other expenses, in each case subsequently incurred by such indemnified party, in connection with the defense thereof other than reasonable costs of investigation. The indemnifying party shall not be liable for any settlement of any such action effected without its consent, but if settled with the consent of the indemnifying party or if there is a final judgment for the plaintiff in any such action, the indemnifying party will indemnify and hold harmless any indemnified party from and against any loss or liability by reason of such settlement or judgment. The indemnity herein shall survive delivery of the Bonds and shall survive any investigation made by or on behalf of the City, the Developer, or the Underwriter.

6. Survival of Representations, Warranties and Covenants. All representations, warranties, and agreements in this Developer's Letter of Representations will survive regardless of (a) any investigation or any statement in respect thereof made by or on behalf of the Underwriter, (b) delivery of any payment by the Underwriter for the Bonds, and (c) any termination of the Bond Purchase Agreement.

7. Binding on Successors and Assigns. This Developer's Letter of Representations will be binding upon the Developer and its successors and assigns and inure solely to the benefit

of the Underwriter and the City, and no other person or firm or entity will acquire or have any right under or by virtue of this Developer's Letter of Representations.

CITY OF CELINA, TEXAS,
SPECIAL ASSESSMENT REVENUE BONDS, SERIES 2025
(THE LAKES AT MUSTANG RANCH PUBLIC IMPROVEMENT DISTRICT PHASES #8-9 PROJECT)

Ladies and Gentlemen:

We are the Attorney for the City of Celina, Texas (the "City"), and are rendering this opinion in connection with the issuance and sale of $10,800,000 "City of Celina, Texas, Special Assessment Revenue Bonds, Series 2025 (The Lakes at Mustang Ranch Public Improvement District Phases #8-9 Project)" (the "Bonds"), by the City, a political subdivision of the State of Texas.

The Bonds are authorized pursuant to Ordinance No. _____ and enacted by the City Council of the City (the "City Council") on January 14, 2025 (the "Bond Ordinance"), and shall be issued pursuant to the provisions of Subchapter A of the Public Improvement District Assessment Act, Chapter 372, Texas Local Government Code, as amended (the "Act"), the Indenture of Trust, dated as of February 1, 2025 (the "Indenture"), by and between the City and U.S. Bank Trust Company, National Association, as trustee (the "Trustee"). The Bonds are being sold to FMSbonds, Inc. pursuant to the Bond Purchase Agreement dated January 14, 2025, between the City and FMSbonds Inc. (the "Bond Purchase Agreement"). Capitalized terms not defined herein shall have the same meanings as in the Indenture, unless otherwise stated herein.

In our capacity as City Attorney, and for the purpose of rendering opinions set forth herein, we have reviewed the following:

(a) Resolution No. 2008-06R enacted by the City Council on March 10, 2008 (the "Creation Resolution");

(b) The Assessment Ordinance;

(c) The Bond Ordinance;

(d) The Indenture;

(e) the Amended and Restated Development Agreement entered into between the City and Celina 682 Partners, L.P., a Texas limited partnership, as of October 23, 2014, and all amendments thereto;

(f) the PID Reimbursement Agreement; and

(g) That certain Continuing Disclosure Agreement of Issuer with respect to the Bonds, dated as of February 1, 2025, executed and delivered by the City, MuniCap, Inc., as Administrator (the "Administrator"), and HTS Continuing Disclosure Services, a Division of Hilltop Securities, Inc., as Dissemination Agent.

The Creation Resolution, the Assessment Ordinance, and the Bond Ordinance shall hereinafter be referred to as the "Authorizing Documents" and the remaining documents shall hereinafter be collectively referred to as the "Reviewed Documents."

In rendering the opinions expressed below, we have, with your concurrence and without any inquiry or other investigation, made and relied upon the following assumptions: (a) the due authorization, execution, and delivery of each of the Reviewed Documents by all parties thereto other than the City; (b) the genuineness of all signatures to the Reviewed Documents; (c) the correctness and truthfulness of all the statements of fact contained in the Reviewed Documents; (d) the authenticity of the Reviewed Documents; (e) the conformity to original documents of the Reviewed Documents submitted to us as copies; and (f) the additional assumptions set forth on **Exhibit A** attached to this letter and the exclusions set forth on **Exhibit B** attached to this letter. Our opinions are limited to matters expressly stated herein and no opinion is to be inferred or may be implied beyond the matters expressly stated.

In rendering the opinions set forth below, we have also relied upon: (a) the representations and warranties contained in the Reviewed Documents; (b) the resolutions and other documents of the parties to the Reviewed Documents authorizing or approving the Reviewed Documents; (c) the Developer Closing Certificate delivered pursuant to the Bond Purchase Agreement; (d) the Developer's Letter of Representations delivered pursuant to the Bond Purchase Agreement; (e) the legal opinion delivered pursuant to the Bond Purchase Agreement by Shupe Ventura, PLLC, and _____ (together, "Developer's Counsel"); and (f) the Administrator's Letter of Representations delivered pursuant to the Bond Purchase Agreement (collectively, the "Reliance Materials"). We have not made any independent or other investigation, review, analysis, or inquiry as to any of the facts, matters, circumstances, or legal opinions or conclusions contained in the

Reviewed Documents or Reliance Materials or the accuracy or completeness thereof. Additionally, we have assumed that none of the Reviewed Documents or Reliance Materials contains any untrue statement of a material fact or omits to state a material fact necessary to make the statements made, in the light of the circumstances in which they are made, not misleading. We have not made any examination of any accounting or financial matters, and we express no opinion with respect thereto.

The opinions expressed herein are subject to the correctness in understanding that no beneficiary to this opinion letter may rely on this opinion letter to the extent that such beneficiary or its counsel has actual knowledge of any: (a) applicable laws, facts, or circumstances which would make any opinion expressed herein incorrect, subject to question, or require further investigation of any laws, facts, or circumstances; and (b) judicial decision which would make the opinions set forth herein incorrect.

Whenever our opinion or advice with respect to the existence or absence of facts is indicated to be based on our knowledge, we are referring to the actual knowledge of the Messer Fort, PLLC attorneys who have given substantive attention to matters concerning the City during the course of our representation of the City in connection with the Reviewed Documents, which knowledge has been obtained by such attorneys in their capacity as such. In particular, our response does not include matters known to any attorney of our firm in a capacity other than as counsel to the City. In basing the opinions and other matters set forth herein on "our knowledge," the words "our knowledge," "our actual knowledge" and similar expressions signify that, in the course of our representation of the City the principal attorneys in this firm involved in the current actual transaction do not have actual knowledge or actual notice that any such opinions or other matters are not accurate or that any of the documents, certificates, reports and information on which we have relied are not accurate and complete. Further, the words "our knowledge," "our actual knowledge" and similar expressions used in this opinion letter are intended to be limited to the actual knowledge of the attorneys within our firm who have been directly involved in preparation of the Reviewed Documents in representation of the City. We have not undertaken any independent investigation to determine the existence or absence of such facts, and no inference as to our knowledge concerning such facts should be drawn from the fact that such limited representation has been undertaken by us.

Based upon and subject to the foregoing and the additional qualifications and assumptions set forth herein, we are of the opinion that:

1. The City is a Texas political subdivision and has all necessary power and authority to enter into and perform its obligations under the Authorizing Documents and the Reviewed Documents. The City has taken or obtained all actions, approvals, consents, and authorizations required of it by applicable laws in connection with the execution of the Authorizing Documents and the Reviewed Documents and the performance of its obligations thereunder.

2. To the best of our knowledge, there is no action, suit, proceeding, inquiry, or investigation at law or in equity, before or by any court, public board or body, pending, or threatened against the City: (a) affecting the existence of the City or the titles of its officers to their respective offices, (b) in any way questioning the formation or existence of the District, (c) affecting, contesting, or seeking to prohibit, restrain, or enjoin the delivery of any of the Bonds, or

the payment, collection, or application of any amounts pledged or to be pledged to pay the principal of and interest on the Bonds, including the Assessments in Phases #8-9 of the District pursuant to the provisions of the Assessment Ordinance, and the Service and Assessment Plan referenced therein, (d) contesting or affecting the validity or enforceability or the City's performance of the Reviewed Documents, (e) contesting the exclusion of the interest on the Bonds from federal income taxation, or (f) which may result in any material adverse change relating to the financial condition of the City.

3. The Authorizing Documents were duly enacted by the City and remain in full force and effect on the date hereof.

4. The Reviewed Documents have been duly authorized, executed and delivered by the City and remain legal, valid, and binding obligations of the City enforceable against the City in accordance with their terms. However, the enforceability of the obligations of the City under such Reviewed Documents may be limited or otherwise affected by (a) bankruptcy, insolvency, reorganization, moratorium, and other laws affecting the rights of creditors generally, (b) principles of equity, whether considered at law or in equity, and (c) the application of Texas law relating to action by future councils and relating to governmental immunity applicable to governmental entities.

5. The performance by the City of the obligations under the Authorizing Documents and the Reviewed Documents will not violate any provision of any Federal or Texas constitutional or statutory provision.

6. Based upon our limited participation in the preparation of the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum (collectively, the "Limited Offering Memorandum"), the statements and information contained in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum with respect to the City under the captions and subcaptions "ASSESSMENT PROCEDURES – Assessment Methodology" (first paragraph only), "THE CITY – Background" and "– City Government," "THE DISTRICT – General" and "– Powers and Authority of the City," "LEGAL MATTERS – Litigation – The City" are a fair and accurate summary of the laws and the documents and facts summarized therein.

7. No further consent, approval, authorization, or order of any court or governmental agency or body or official is required to be obtained by the City as a condition precedent to the performance by the City of its obligations under the Authorizing Documents and the Reviewed Documents.

8. The adoption of the Authorizing Documents and the execution and delivery of the Reviewed Documents and the compliance with the provisions of the Authorizing Documents and the Reviewed Documents under the circumstances contemplated thereby, to the best of our knowledge: (a) do not and will not in any material respect conflict with or constitute on the part of the City a breach of or default under any agreement to which the City is a party or by which it is bound, and (b) do not and will not in any material respect conflict with or constitute on the part of the City a violation, breach of or default under any existing law, regulation, court order, or consent decree to which the City is subject.

The foregoing opinions are, with your concurrence, predicated on, limited by, and qualified in their entirety by the following:

(a) The foregoing opinions are based on and limited to the laws of the State of Texas, and we render no opinion with respect to the federal laws of the United States or to the laws of any other jurisdiction.

exercise by political subdivisions or governmental authorities or corporations acting on their behalf of sovereign or governmental immunity, legislative or governmental powers, police powers, taxing powers, or rights of appropriation; and (v) applicable court decisions relating to a duty or obligation to mitigate damages.

(d) We express no opinion regarding the effect of the laws of usury or similar laws regarding interest rate limitations on the provisions of the Reviewed Documents.

(e) We express no opinion with respect to the matters described on Exhibit B attached to this letter.

(f) The opinions set forth herein are also subject to the qualification that enforceability of the Reviewed Documents may be limited by (i) the provisions of Section 130.002 of the Texas Civil Practice and Remedies Code regarding limitations on indemnifications; (ii) Section 28 of the Texas Property Code regarding prompt payment to contractors and subcontractors; (iii) Section 16.071 of the Texas Civil Practice and Remedies Code regarding the time period for a claimant to give notice of a claim for damages as a condition precedent to the right to sue on a contract; (iv) Section 16.070 of the Texas Civil Practice and Remedies Code regarding permitted contractual limitations on when a claimant may bring suit on a contract; (v) Section 38.02 of the Texas Civil Practice and Remedies Code providing for the notice time period in order for a claimant to recover attorneys' fees; (vi) the "express negligence" and "clear and conspicuous" rules adopted by the Texas Supreme Court, as applied to any indemnity or release provisions in the Reviewed Documents; (vii) Section 35.52 of the Texas Business and Commerce Code; (viii) Section 162.001 et seq. of the Texas Property Code; (ix) Section 302.002 of the Texas Finance Code; (x) Section 28.009 of the Texas Property Code; and (xi) claims of sovereign or governmental immunity by political subdivisions or governmental authorities or corporations acting on their behalf.

3. The execution and delivery by the Developer of the Developer Related Documents and the performance by the Developer of its obligations under the Developer Related Documents will not (i) violate any Applicable Law (as defined in **Schedule I** attached hereto); (ii) conflict with or result in the breach of any court decree or order of any governmental body identified in the Developer Certificate or otherwise known to me binding upon or affecting the Developer, the conflict with which or breach of which would have a material, adverse effect on the ability of the Developer to perform its obligations under the Developer Related Documents; or (iii) constitute a violation of its partnership agreement or certificate of formation.

4. No Governmental Approval (as defined in Schedule I attached hereto) which has not been obtained or taken is required to be obtained or taken by Developer on or before the date hereof as a condition to (a) the execution and delivery by the Developer of the Developer Related Documents, or (b) the performance by the Developer of its obligations under the Developer Related Documents, except for Governmental Approvals that may be required to comply with certain covenants contained in the Developer Related Documents (including, without limitation, covenants to comply with applicable laws).

Upon such reminder, the Disclosure Representative shall either (i) provide the Dissemination Agent with an electronic copy of the Annual Collections Report no later than two (2) Business Days prior to the Annual Collections Report Filing Date, or (ii) instruct the Dissemination Agent in writing that the Issuer will not be able to provide the Annual Collections Report by the Annual Collections Report Filing Date, state the date by which the Annual Collections Report for such year will be provided, and instruct the Dissemination Agent to immediately send a notice to the MSRB in substantially the form attached as Exhibit A hereto; provided, however, that in the event the Disclosure Representative is required to act under either (i) or (ii) described above, the Dissemination Agent still must file the Annual Collections Report or the notice of failure to file, as applicable, to the MSRB no later than the Annual Collections Report Filing Date; provided further, however, that in the event the Disclosure Representative fails to act under either (i) or (ii) described above, the Dissemination Agent shall file a notice of failure to file no later than the last Business Day prior to the Annual Collections Report Filing Date; or the Issuer will notify the Dissemination Agent in writing that the Issuer will provide or cause to be provided the Annual Collections Report to the MSRB through alternate means. If the Issuer so notifies the Dissemination Agent, the Issuer will provide the Dissemination Agent with a written report certifying that the Annual Collections Report has been provided to the MSRB pursuant to this Disclosure Agreement, stating the date it was provided and that it was filed with the MSRB prior to the second (2^{nd}) Business Day prior to the Annual Collections Report Filing Date. In the event the Issuer fails to provide the Dissemination Agent with such a report, the Dissemination Agent shall file a notice of failure to file no later than the last Business Day prior to the applicable Annual Collections Report Filing Date.

(b) The Annual Collections Report for the Bonds shall contain, and the Issuer agrees to provide or cause to be provided to the Dissemination Agent to file by the Annual Collections Report Filing Date, certain financial information and operating data with respect to collection of the Assessments of the general type and in substantially similar form to that shown in the tables provided in Exhibit C attached hereto. Such information shall cover the period beginning the first (1st) day of the Fiscal Year succeeding the reporting Fiscal Year through the Collections Reporting Date. If the State Legislature amends the definition of Delinquency Date or Tax Year, the Issuer shall file notice of such change or changes with the MSRB prior to the next Annual Collections Report Filing Date. The Administrator, and if no Administrator is designated, Issuer's staff, shall prepare the Annual Collections Report. In all cases, the Issuer shall have the sole responsibility for the content, design, and other elements comprising substantive contents of the Annual Collections Report under this Section 5.

SECTION 6. Reporting of Significant Events.

12. Bankruptcy, insolvency, receivership or similar event of the Issuer.

13. The consummation of a merger, consolidation, or acquisition of the Issuer, or the sale of all or substantially all of the assets of the Issuer, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material.

Upon the occurrence of a Listed Event, the Issuer shall promptly notify the Dissemination Agent in writing and the Issuer shall direct the Dissemination Agent to file a notice of such occurrence with the MSRB. The Dissemination Agent shall file such notice no later than three (3) Business Days immediately following the day on which it receives written notice of such occurrence from the Issuer. Any such notice is required to be filed within ten (10) Business Days of the occurrence of such Listed Event; provided, however, the failure of the Issuer to provide timely written notice to the Dissemination Agent in accordance with this paragraph shall not constitute a failure of the Dissemination Agent to comply with the MSRB's ten (10) Business Day filing requirement.

Any notice under the preceding paragraphs shall be accompanied with the text of the disclosure that the Issuer desires to make, the written authorization of the Issuer for the Dissemination Agent to disseminate such information as provided herein, and the date the Issuer desires for the Dissemination Agent to disseminate the information.

In all cases, the Issuer shall have the sole responsibility for the content, design and other elements comprising substantive contents of all disclosures made pursuant to this Section 6. In addition, the Issuer

shall have the sole responsibility to ensure that any notice required to be filed under this Section 6 is filed within ten (10) Business Days of the occurrence of the Listed Event.

(b) The Dissemination Agent shall, promptly, and not more than five (5) Business Days after obtaining actual knowledge of the occurrence of any Listed Event with respect to the Bonds, notify the Disclosure Representative in writing of such Listed Event. The Dissemination Agent shall not be required to file a notice of the occurrence of such Listed Event with the MSRB unless and until it receives written instructions from the Disclosure Representative to do so. If the Dissemination Agent has been instructed in writing by the Disclosure Representative on behalf of the Issuer to report the occurrence of a Listed Event under this subsection (b), the Dissemination Agent shall file a notice of such occurrence with the MSRB no later than two (2) Business Days following the day on which it receives such written instructions. It is agreed and understood that the duty to make or cause to be made the disclosures herein is that of the Issuer and not that of the Dissemination Agent. It is agreed and understood that the Dissemination Agent has agreed to give the foregoing notice to the Issuer as an accommodation to assist it in monitoring the occurrence of such event, but is under no obligation to investigate whether any such event has occurred. As used above, "actual knowledge" means the actual fact or statement of knowing, without a duty to make any investigation with respect thereto. In no event shall the Dissemination Agent be liable in damages or in tort to the Issuer, the Participating Underwriter, the Trustee, any Owner or beneficial owner of any interests in the Bonds, or any other party as a result of its failure to give the foregoing notice or to give such notice in a timely fashion.

(c) If in response to a notice from the Dissemination Agent under subsection (b), the Issuer determines that the Listed Event under any of numbers 2, 7, 8 (as to bond calls only), 10, 13, 14, or 15 of subparagraph (a) above is not material under applicable federal securities laws, the Issuer shall promptly, but in no case more than five (5) Business Days after the occurrence of the event, notify the Dissemination Agent and the Trustee (if the Dissemination Agent is not the Trustee) in writing and instruct the Dissemination Agent not to report the occurrence pursuant to subsection (b).

SECTION 7. Termination of Reporting Obligations. The obligations of the Issuer, the Administrator, and the Dissemination Agent under this Disclosure Agreement shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds, when the Issuer is no longer an obligated person with respect to the Bonds, or upon delivery by the Disclosure Representative to the Dissemination Agent and the Administrator of an opinion of nationally recognized bond counsel to the effect that continuing disclosure is no longer required. So long as any of the Bonds remain Outstanding, the Administrator and the Dissemination Agent may assume that the Issuer is an obligated person with respect to the Bonds until they receive written notice from the Disclosure Representative stating that the Issuer is no longer an obligated person with respect to the Bonds, and the Dissemination Agent and the Administrator may conclusively rely upon such written notice with no duty to make investigation or inquiry into any statements contained or matters referred to in such written notice. If such termination occurs prior to the final maturity of the Bonds, the Issuer shall give notice of such termination in the same manner as for a Listed Event with respect to the Bonds under Section 6(a).

SECTION 8. Dissemination Agent. The Issuer may, from time to time, appoint or engage a Dissemination Agent or successor Dissemination Agent to assist it in carrying out its obligations under this Disclosure Agreement, and may discharge such Dissemination Agent, with or without appointing a successor Dissemination Agent. If the Issuer discharges the Dissemination Agent without appointing a successor Dissemination Agent, the Issuer shall use best efforts to appoint a successor Dissemination

Agent within 30 days of such discharge. The Dissemination Agent may resign at any time with 30 days' written notice to the Issuer. If at any time there is not any other designated Dissemination Agent, the Issuer shall be the Dissemination Agent. The initial Dissemination Agent appointed hereunder shall be HTS Continuing Disclosure Services, a division of Hilltop Securities Inc. The Issuer will give prompt written notice to the Developer, or any other party responsible for providing quarterly information pursuant to the Disclosure Agreement of Developer, of any change in the identity of the Dissemination Agent under the Disclosure Agreement of Developer.

SECTION 9. Amendment; Waiver. Notwithstanding any other provisions of this Disclosure Agreement, the Issuer, the Administrator, and the Dissemination Agent may amend this Disclosure Agreement (and the Dissemination Agent shall not unreasonably withhold its consent to any amendment so requested in writing by the Issuer or the Administrator), and any provision of this Disclosure Agreement may be waived, provided that the following conditions are satisfied:

(a) If the amendment or waiver relates to the provisions of Sections 3(a), 4, 5, or 6(a), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the Bonds, or the type of business conducted;

(b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the delivery of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment or waiver either (i) is approved by the Owners of the Bonds in the same manner as provided in the Indenture for amendments to the Indenture with the consent of Owners, or (ii) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the Owners or beneficial owners of the Bonds.

In the event of any amendment or waiver of a provision of this Disclosure Agreement, the Issuer shall describe such amendment in the next related Annual Financial Information, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the Issuer. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 6(a), and (ii) the Annual Financial Information for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles. No amendment which adversely affects the Dissemination Agent may be made without its prior written consent (which consent will not be unreasonably withheld or delayed).

SECTION 10. Additional Information. Nothing in this Disclosure Agreement shall be deemed to prevent the Issuer from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any Annual Issuer Report, Annual Collections Report, or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Agreement. If the Issuer

chooses to include any information in any Annual Issuer Report, Annual Collections Report, or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, the Issuer shall have no obligation under this Disclosure Agreement to update such information or include it in any future Annual Issuer Report, Annual Collections Report, or notice of occurrence of a Listed Event.

SECTION 11. Default. In the event of a failure of the Issuer to comply with any provision of this Disclosure Agreement, the Dissemination Agent or any Owner or beneficial owner of the Bonds may, and the Dissemination Agent (at the written request of the Owners of at least twenty-five percent (25%) in aggregate principal amount of Outstanding Bonds and upon being indemnified to its satisfaction) shall, take such actions as may be necessary and appropriate to cause the Issuer to comply with its obligations under this Disclosure Agreement. A default under this Disclosure Agreement shall not be deemed an Event of Default under the Indenture with respect to the Bonds, and the sole remedy under this Disclosure Agreement in the event of any failure of the Issuer to comply with this Disclosure Agreement shall be an action for mandamus or specific performance. A default under this Disclosure Agreement shall not be deemed a default under the Disclosure Agreement of Developer and a default under the Disclosure Agreement of Developer shall not be deemed a default under this Disclosure Agreement.

SECTION 12. Duties, Immunities and Liabilities of Dissemination Agent and Administrator.

(a) The Dissemination Agent shall not have any duty with respect to the content of any disclosures made pursuant to this Disclosure Agreement. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Agreement, and no implied covenants shall be read into this Disclosure Agreement with respect to the Dissemination Agent. To the extent permitted by law, the Issuer agrees to indemnify and hold harmless the Dissemination Agent, its officers, directors, employees and agents, but only from Assessments collected for Administrative Expenses from the property owners in Phases #8-9, against any losses, expenses, and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability arising under this Disclosure Agreement, but excluding (i) liabilities due to the Dissemination Agent's negligence or willful misconduct, and (ii) liabilities resulting from claims made by the Issuer against the Dissemination Agent; provided, however, that nothing herein shall be construed to require the Issuer to indemnify and hold harmless the Dissemination Agent for losses, expenses or liabilities arising from information provided to the Dissemination Agent by the Developer or the failure of the Developer to provide information to the Dissemination Agent as and when required under the Disclosure Agreement of Developer. The obligations of the Issuer under this Section shall survive termination of this Disclosure Agreement, resignation or removal of the Dissemination Agent, and payment in full of the Bonds. Nothing in this Disclosure Agreement shall be construed to mean or to imply that the Dissemination Agent is an "obligated person" under the Rule. If the Issuer does not provide the Dissemination Agent with the Annual Issuer Report in accordance with subsection 3(a) or the Annual Collections Report in accordance with subsection 5(a), the Dissemination Agent shall not be responsible for the failure to submit an Annual Issuer Report or an Annual Collections Report, as applicable, to the MSRB. The Dissemination Agent is not acting in a fiduciary capacity in connection with the performance of its obligations hereunder.

The Dissemination Agent may, from time to time, consult with legal counsel of its own choosing in the event of any disagreement or controversy, or question or doubt as to the construction of any of the provisions hereof or its duties hereunder, and the Dissemination Agent shall not incur any liability and shall be fully protected in acting in good faith upon the advice of such legal counsel.

The Issuer, the Administrator, and the Dissemination Agent agree that the legal expenses of the Dissemination Agent, which it is expressly entitled to be paid under this paragraph 12(a), are Administrative Expenses.

(b) The Administrator shall not have any duty with respect to the content of any disclosures made pursuant to the terms hereof. The Administrator shall have only such duties as are specifically set forth in this Disclosure Agreement, and no implied covenants shall be read into this Disclosure Agreement with respect to the Administrator. To the extent permitted by law, the Issuer agrees to hold harmless the Administrator, its officers, directors, employees, and agents, but only from Assessments collected for Administrative Expenses from the property owners in Phases #8-9, against any losses, expenses, and liabilities which the Administrator may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including reasonable attorneys' fees) of defending against any claim of liability under this Disclosure Agreement, but excluding (i) liabilities due to the Administrator's negligence or willful misconduct, and (ii) liabilities resulting from claims made by the Issuer against the Administrator; provided, however, that nothing herein shall be construed to require the Issuer to indemnify or hold harmless the Administrator for losses, expenses or liabilities arising from information provided to the Administrator by third parties, or the failure of any third party to provide information to the Administrator as and when required under this Disclosure Agreement, or the failure of the Developer to provide information to the Administrator as and when required under the Disclosure Agreement of Developer. The obligations of the Issuer under this Section shall survive resignation or removal of the Administrator and payment in full of the Bonds. Nothing in this Disclosure Agreement shall be construed to mean or to imply that the Administrator is an "obligated person" under the Rule. The Administrator is not acting in a fiduciary capacity in connection with the performance of its respective obligations hereunder. The Administrator shall not in any event incur any liability with respect to (i) any action taken or omitted to be taken in good faith upon advice of legal counsel given with respect to any question relating to duties and responsibilities of the Administrator hereunder, or (ii) any action taken or omitted to be taken in reliance upon any document delivered to the Administrator and believed to be genuine and to have been signed or presented by the proper party or parties.

The Administrator may, from time to time, consult with legal counsel of its own choosing in the event of any disagreement or controversy, or question or doubt as to the construction of any of the provisions hereof or its duties hereunder, and the Administrator shall not incur any liability and shall be fully protected in acting in good faith upon the advice of such legal counsel.

The Issuer, the Administrator, and the Dissemination Agent agree that the legal expenses of the Administrator, which it is expressly entitled to be paid under this paragraph 12(b), are Administrative Expenses.

(c) UNDER NO CIRCUMSTANCES SHALL THE DISSEMINATION AGENT, THE ADMINISTRATOR, OR THE ISSUER BE LIABLE TO THE OWNER OR BENEFICIAL OWNER OF ANY BOND OR ANY OTHER PERSON, IN CONTRACT OR TORT, FOR DAMAGES

RESULTING IN WHOLE OR IN PART FROM ANY BREACH BY ANY PARTY TO THIS DISCLOSURE AGREEMENT, WHETHER NEGLIGENT OR WITHOUT FAULT ON ITS PART, OF ANY COVENANT SPECIFIED IN THIS DISCLOSURE AGREEMENT, BUT EVERY RIGHT AND REMEDY OF ANY SUCH PERSON, IN CONTRACT OR TORT, FOR OR ON ACCOUNT OF ANY SUCH BREACH SHALL BE LIMITED TO AN ACTION FOR MANDAMUS OR SPECIFIC PERFORMANCE. THE DISSEMINATION AGENT AND THE ADMINISTRATOR ARE UNDER NO OBLIGATION NOR ARE THEY REQUIRED TO BRING SUCH AN ACTION.

SECTION 13. Assessment Timeline. The basic expected timeline for the collection of Assessments and the anticipated procedures for pursuing the collection of delinquent Assessments is set forth in Exhibit D which is intended to illustrate the general procedures expected to be followed in enforcing the payment of delinquent Assessments. Failure to adhere to such expected timeline shall not constitute a default by the Issuer under this Disclosure Agreement, the Indenture, the Bonds, or any other document related to the Bonds.

SECTION 14. No Personal Liability. No covenant, stipulation, obligation or agreement of the Issuer, the Administrator, or the Dissemination Agent contained in this Disclosure Agreement shall be deemed to be a covenant, stipulation, obligation or agreement of any present or future council members, officers, agents, or employees of the Issuer, the Administrator, or the Dissemination Agent in other than that person's official capacity.

SECTION 15. Severability. In case any section or provision of this Disclosure Agreement, or any covenant, stipulation, obligation, agreement, act or action, or part thereof made, assumed, entered into, or taken thereunder or any application thereof, is for any reasons held to be illegal or invalid, such illegality or invalidity shall not affect the remainder thereof or any other section or provision thereof or any other covenant, stipulation, obligation, agreement, act or action, or part thereof made, assumed, entered into, or taken thereunder (except to the extent that such remainder or section or provision or other covenant, stipulation, obligation, agreement, act or action, or part thereof is wholly dependent for its operation on the provision determined to be invalid), which shall be construed and enforced as if such illegal or invalid portion were not contained therein, nor shall such illegality or invalidity of any application thereof affect any legal and valid application thereof, and each such section, provision, covenant, stipulation, obligation, agreement, act or action, or part thereof shall be deemed to be effective, operative, made, entered into or taken in the manner and to the full extent permitted by law.

SECTION 16. Sovereign Immunity. The Dissemination Agent and the Administrator agree that nothing in this Disclosure Agreement shall constitute or be construed as a waiver of the Issuer's sovereign or governmental immunities regarding liability or suit.

SECTION 17. Beneficiaries. This Disclosure Agreement shall inure solely to the benefit of the Issuer, the Administrator, the Dissemination Agent, the Participating Underwriter, and the Owners and the beneficial owners from time to time of the Bonds, and shall create no rights in any other person or entity. Nothing in this Disclosure Agreement is intended or shall act to disclaim, waive or otherwise limit the duties of the Issuer under federal and state securities laws.

SECTION 18. Dissemination Agent and Administrator Compensation. The fees and expenses incurred by the Dissemination Agent and the Administrator for their respective services rendered in accordance with this Disclosure Agreement constitute Administrative Expenses and will be

included in the Annual Installments as provided in the annual updates to the Service and Assessment Plan. The Issuer shall pay or reimburse the Dissemination Agent and the Administrator, but only with funds to be provided from the Administrative Expenses component of the Annual Installments collected from the property owners in Phases #8-9, for the fees and expenses for their respective services rendered in accordance with this Disclosure Agreement.

SECTION 19. Statutory Verifications. The Dissemination Agent and the Administrator, each individually, make the following representation and verifications to enable the Issuer to comply with Chapters 2252, 2271, 2274, and 2276, Texas Government Code, as heretofore amended (the "Government Code"), in entering into this Disclosure Agreement. As used in such verifications, "affiliate" means an entity that controls, is controlled by, or is under common control with the Dissemination Agent or the Administrator, as the case may be, within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit. Liability for breach of any such verifications prior to the expiration or earlier termination of this Disclosure Agreement shall survive until barred by the applicable statute of limitations, and shall not be liquidated or otherwise limited by any provision of this Disclosure Agreement, notwithstanding anything in this Disclosure Agreement to the contrary.

(a) *Not a Sanctioned Company*. The Dissemination Agent and the Administrator, each individually, represents that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Government Code. The foregoing representation excludes the Dissemination Agent and the Administrator and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization.

(b) *No Boycott of Israel*. (c) *No Discrimination Against Firearm Entities*. The Dissemination Agent and the Administrator, each individually, hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate against a firearm entity or firearm trade association during the term of this Disclosure Agreement. As used in the foregoing verification, "discriminate against a firearm entity or firearm trade association" has the meaning provided in Section 2274.001(3), Government Code.

(d) *No Boycott of Energy Companies*. The Dissemination Agent and the Administrator, each individually, hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott energy companies and will not boycott energy companies during the term of this Disclosure Agreement. As used in the foregoing verification, "boycott energy companies" has the meaning provided in Section 2276.001(1), Government Code.

SECTION 20. Disclosure of Interested Parties. Pursuant to Section 2252.908(c)(4), Texas Government Code, as amended, the Dissemination Agent hereby certifies it is a publicly traded business entity and is not required to file a Certificate of Interested Parties Form 1295 related to this Disclosure Agreement. Submitted herewith is a completed Form 1295 in connection with the Administrator's participation in the execution of this Disclosure Agreement generated by the Texas Ethics Commission's (the "TEC") electronic filing application in accordance with the provisions of Section 2252.908 of the Texas Government Code and the rules promulgated by the TEC (the "Form 1295"). The Issuer hereby confirms receipt of the Form 1295 from the Administrator, and the Issuer agrees to acknowledge such form with the TEC through its electronic filing application not later than the thirtieth (30th) day after the receipt of such form. The Administrator and the Issuer understand and agree that, with the exception of information identifying the Issuer and the contract identification number, neither the Issuer nor its consultants are responsible for the information contained in the Form 1295; that the information contained in the Form 1295 has been provided solely by the Administrator; and, neither the Issuer nor its consultants have verified such information.

Memorandum

To:	**Honorable Mayor Tubbs and the Celina City Council**

Re:	The Lakes at Mustang Ranch Phase #2-7 Major Improvement Area PID Bond Refunding

Action Requested:
Consider and act upon an Ordinance of the City of Celina, Texas, approving and authorizing the issuance and sale of the City of Celina, Texas, Special Assessment Revenue Refunding and Improvement Bonds, Series 2025 (The Lakes at Mustang Ranch Public Improvement District Major Improvement Area and Phases #2-7 Project); calling for redemption certain currently outstanding bonds; approving and authorizing related agreements and an updated service and assessment plan; and providing an effective date. (Bromiley)

Background Information:
At this time, the City is considering issuing its Special Assessment Revenue Refunding and Improvement Bonds in order to (i) refund the 2015 bonds, (ii) acquire the portion of the major improvements currently secured under the reimbursement agreement, and (iii) acquire the improvements benefitting each of Phase #2, Phase #3, Phase #4, Phase #5, Phase #6, and Phase #7 which are currently secured under the reimbursement agreement. This refunding of the 2015 bonds and the financing of the improvements currently payable under the reimbursement agreement results in savings to the homeowners that are currently paying each of the related assessments.

In 2015, the City issued $13,150,000 in Special Assessment Revenue Bonds to pay for the portion of certain major improvements benefitting the Major Improvement Area of The Lakes at Mustang Ranch Public Improvement District (which Major Improvement Area is comprised of Phases #2-9 of the District). At the same time, the City entered into a reimbursement agreement with the Developer of the District to pay for both the costs of certain major improvements not paid for out of the proceeds of the bonds as well as costs related to improvements constructed in the future for

the benefit of specific phases located within the PID. In 2016, the City levied assessments against Phase #2 of the District to secure its obligation under the reimbursement agreement related to improvements benefitting only Phase #2 of the District. In 2019, the City levied assessments against Phase #3 of the District to secure its obligation under the reimbursement agreement related to improvements benefitting only Phase #3 of the District. In 2020, the City levied assessments against Phase #4 of the District to secure its obligation under the reimbursement agreement related to improvements benefitting only Phase #4 of the District. In 2021, the City levied assessments against Phase #5 of the District to secure its obligation under the reimbursement agreement related to improvements benefitting only Phase #5 of the District. In 2022, the City levied assessments against Phase #6 of the District to secure its obligation under the reimbursement agreement related to improvements benefitting only Phase #6 of the District as well as Phase #6's portion of certain additional projects benefitting the entire District. In 2023, the City levied assessments against Phase #7 of the District to secure its obligation under the reimbursement agreement related to improvements benefitting only Phase #7 of the District as well as Phase #7's portion of certain additional projects benefitting the entire District.

The proposed issuance will not extend the final maturity of the original bonds. Final pricing will be completed on Tuesday, January 14, and presented to City Council.

THE BONDS

Section 2.1. Granting Clauses

(a) In order to secure the payment of debt service on all Bonds, and the performance and observance by the City of all the covenants expressed or implied herein, the City does hereby grant to the Trustee, as good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, a security interest in, mortgage, create a first lien on, and pledge to the Trustee, all of its right, title, and interest, whether now owned or hereafter acquired, in, to, and under the following (the "Trust Estate"):

(i) All Pledged Revenues and all moneys and investments held in the Pledged Funds, including any contract or any evidence of indebtedness related thereto or other rights of the City to receive any of such moneys or investments, whether now existing or hereafter coming into existence, and whether now or hereafter acquired; and

(ii) Any and all other property or money of every name and nature which is, from time to time hereafter by delivery or by writing of any kind, conveyed, pledged, assigned or transferred, to the Trustee as additional security hereunder by the City or by anyone on its behalf or with its written consent, and the Trustee is hereby authorized to receive any and all such property or money at any and all times and to hold and apply the same subject to the terms thereof.

(b) The Trustee shall have and hold the Trust Estate, whether now owned or hereafter acquired or received by the Trustee and its successors or assigns, in trust upon the terms and trusts herein set forth for the benefit of all present and future Owners of the Bonds from time to time issued under and secured by this Indenture, and for enforcement of the payment of the Bonds in accordance with their terms, and for the performance of and compliance with the obligations, covenants, and conditions of this Indenture. Provided, however, if the City or its assigns shall well and truly pay, or cause to be paid, the principal or redemption price of and the interest on all the Bonds at the times and in the manner stated in the Bonds, according to the true intent and meaning thereof, then this Indenture and the rights hereby granted shall cease, terminate and be void; otherwise this Indenture is to be and shall remain in full force and effect.

(c) Except as otherwise provided in the remaining provisions of this Indenture, nothing in this Section 2.1 shall prohibit the Trustee from bringing any actions or proceedings for the enforcement of the obligation of the City hereunder except that nothing in this Section shall prejudice the rights of the Trustee under Articles IX and XI hereof; provided further that the priority of payment and the source for the repayment of the debt service on the Bonds shall be subject to the terms as set forth herein, including without limitation Article VI herein; provided further that the right to direct remedies following an Event of Default shall be limited to the Owners of the Bonds to the extent provided as set forth in Articles XI and XV herein.

(d) The Bonds are to be issued, registered, authenticated, and delivered, and the Trust Estate is to be held, dealt with and disposed of by the Trustee, upon and subject to the terms, covenants, conditions, uses, agreements and trusts set forth in this Indenture.

Section 2.2. Security for the Bonds.

The Bonds, as to both principal and interest, are and shall be equally and ratably secured by and payable from a first lien on and pledge of the Trust Estate.

The lien on and pledge of the Trust Estate shall be valid and binding and fully perfected from and after the Closing Date, without physical delivery or transfer of control of the Trust Estate, the filing of this Indenture or any other act; all as provided in Texas Government Code, Chapter 1208, as amended, which applies to the issuance of the Bonds and the pledge of the Trust Estate granted by the City under this Indenture, and such pledge is therefore valid, effective and perfected from and after the Closing Date. If Texas law is amended at any time while the Bonds are Outstanding such that the pledge of the Trust Estate granted by the City under this Indenture is to be subject to the filing requirements of Texas Business and Commerce Code, Chapter 9, as amended, then in order to preserve to the registered owners of the Bonds the perfection of the security interest in said pledge, the City agrees to take such measures as it determines are reasonable and necessary under Texas law to comply with the applicable provisions of Texas Business and Commerce Code, Chapter 9, as amended, and enable a filing to perfect the security interest in said pledge to occur.

Section 2.3. Limited Obligations.

The Bonds are special and limited obligations of the City, payable solely from and secured solely by the Trust Estate, including the Pledged Revenues and the Pledged Funds; and the Bonds shall never be payable out of funds raised or to be raised by taxation or from any other revenues, properties or income of the City.

Section 2.4. Authorization for Indenture.

The terms and provisions of this Indenture and the execution and delivery hereof by the City to the Trustee have been duly authorized by official action of the City Council of the City. The City has ascertained and it is hereby determined and declared that the execution and delivery of this Indenture is necessary to carry out and effectuate the purposes set forth in the preambles of this Indenture and that each and every covenant or agreement herein contained and made is necessary, useful or convenient in order to better secure the Bonds and is a contract or agreement necessary, useful and convenient to carry out and effectuate the purposes herein described.

Section 2.5. Purpose.

(a) The purposes of this Indenture are to establish a lien and the security for, and to prescribe the minimum standards for the authorization, issuance, execution and delivery of, the Bonds and to prescribe the rights of the Owners, and the rights and duties of the City and the Trustee.

(b) In consideration of the purchase and acceptance of any or all of the Bonds by those who shall purchase and hold the same from time to time, the provisions of this Indenture shall be a part of the contract of the City with the Owner, and shall be deemed to be and shall constitute a contract among the City, the Owners, and the Trustee.

ARTICLE III

AUTHORIZATION; GENERAL TERMS AND PROVISIONS REGARDING THE BONDS

Section 3.1. Authorization.

The Bonds are hereby authorized to be issued and delivered in accordance with the Constitution and laws of the State of Texas, including particularly the PID Act, as amended, and Chapter 1207, Texas Government Code, as amended. Section 3.3. Conditions Precedent to Delivery of Bonds.

The Bonds shall be executed by the City and delivered to the Trustee, whereupon the Trustee shall authenticate the Bonds and, upon payment of the purchase price of the Bonds, shall deliver the Bonds upon the order of the City, but only upon delivery to the Trustee of:

(a) a certified copy of the Initial Major Improvement Area Assessment Ordinance;

(b) a certified copy of the Phase #2 Assessment Ordinance;

(c) a certified copy of the Phase #3 Assessment Ordinance;

(d) a certified copy of the Phase #4 Assessment Ordinance;

Section 3.4. Medium, Method and Place of Payment.

(a) Principal of and interest on the Bonds shall be paid in lawful money of the United States of America, as provided in this Section.

(b) Interest on the Bonds shall be payable to the Owners thereof as shown in the Register at the close of business on the relevant Record Date; provided, however, that in the event of nonpayment of interest on a scheduled Interest Payment Date, and for 30 days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Trustee, if and when funds for the payment of such interest have been received from or on behalf of the City. Notice of the Special Record Date and of the scheduled payment date of the past due interest (the "Special Payment Date," which shall be 15 days after the Special Record Date) shall be sent at least five Business Days prior to the Special Record Date by United States mail, first-class, postage prepaid, to the address of each Owner of a Bond appearing on the books of the Trustee at the close of business on the last Business Day preceding the date of mailing such notice.

(c) Interest on the Bonds shall be paid by check, dated as of the Interest Payment Date, and sent, United States mail, first-class, postage prepaid, by the Paying Agent/Registrar to each Owner at the address of each Owner as such appears in the Register or by such other customary banking arrangement acceptable to the Paying Agent/Registrar and the Owner; provided, however, the Owner shall bear all risk and expense of such other banking arrangement.

(d) The principal of each Bond shall be paid to the Owner of such Bond on the due date thereof, whether at the maturity date or the date of prior redemption thereof, upon presentation and surrender of such Bond at the Designated Payment/Transfer Office of the Paying Agent/Registrar

(e) If the date for the payment of the principal of or interest on the Bonds shall be a Saturday, Sunday, legal holiday, or day on which banking institutions in the city where the Designated Payment/Transfer Office of the Paying Agent/Registrar is located are required or authorized by law or executive order to close, the date for such payment shall be the next succeeding day that is not a Saturday, Sunday, legal holiday, or day on which such banking institutions are required or authorized to close, and payment on such date shall for all purposes be deemed to have been made on the due date thereof as specified in Section 3.2 of this Indenture.

(f) Unclaimed payments of amounts due hereunder shall be segregated in a special account and held in trust, uninvested by the Paying Agent/Registrar, for the account of the Owner of the Bonds to which such unclaimed payments pertain. Subject to any escheat, abandoned property, or similar law of the State of Texas, any such payments remaining unclaimed by the Owners entitled thereto for two years after the applicable payment or redemption date shall be applied to the next payment or payments on such Bonds thereafter coming due and, to the extent any such money remains after the retirement of all Outstanding Bonds, shall be paid to the City to be used for any lawful purpose. Thereafter, none of the City, the Paying Agent/Registrar, or any other Person shall be liable or responsible to any Owners of such Bonds for any further payment of such unclaimed moneys or on account of any such Bonds, subject to any applicable escheat law or similar law of the State of Texas.

Section 3.5. Execution and Registration of Bonds.

(a) The Bonds shall be executed on behalf of the City by the Mayor or Mayor Pro Tem and City Secretary, by their manual or facsimile signatures, and the official seal of the City shall be impressed or placed in facsimile thereon. Such facsimile signatures on the Bonds shall have the same effect as if each of the Bonds had been signed manually and in person by each of said officers, and such facsimile seal on the Bonds shall have the same effect as if the official seal of the City had been manually impressed upon each of the Bonds.

(b) In the event that any officer of the City whose manual or facsimile signature appears on the Bonds no longer holds such office before the authentication of such Bonds or before the delivery thereof, such manual or facsimile signature nevertheless shall be valid and sufficient for all purposes as if such officer had remained in such office.

(c) Except as provided below, no Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit of this Indenture unless and until there appears thereon the Certificate of Trustee substantially in the form provided herein, included in the form of Bond attached hereto as Exhibit A, duly authenticated by manual or electronic execution by an officer or duly authorized signatory of the Trustee. It shall not be required that the same officer or authorized signatory of the Trustee sign the Certificate of Trustee on all of the Bonds. In lieu of the executed Certificate of Trustee described above, the Initial Bond delivered at the Closing Date shall have attached thereto the Comptroller's Registration Certificate substantially in the form provided herein, included in the form of Bond attached hereto as Exhibit A, manually or electronically executed by the Comptroller of Public Accounts of the State of Texas, or by his or her duly authorized agent, which certificate shall be evidence that such Initial Bond has been duly approved by the Attorney General of the State of Texas, is a valid and binding obligation of the City, and has been registered by the Comptroller of Public Accounts of the State of Texas.

(d) On the Closing Date, one Initial Bond representing the entire principal amount of all Bonds, payable in stated installments to the Purchaser, or its designee, executed with the manual or facsimile signatures of the Mayor or Mayor Pro Tem and the City Secretary, approved by the Attorney General, and registered and manually signed by the Comptroller of Public Accounts, will be delivered to the Purchaser or its designee. Upon payment for the Initial Bond, the Trustee shall cancel the Initial Bond and deliver to DTC on behalf of the Purchaser one registered definitive Bond for each year of maturity of the Bonds, in the aggregate principal amount of all Bonds for such maturity, registered in the name of Cede & CO., as nominee of DTC.

Section 3.6. Ownership.

(a) The City, the Trustee, the Paying Agent/Registrar and any other Person may treat the Person in whose name any Bond is registered as the absolute owner of such Bond for the purpose of making and receiving payment as provided herein (except interest shall be paid to the Person in whose name such Bond is registered on the relevant Record Date) and for all other purposes, whether or not such Bond is overdue, and neither the City nor the Trustee, nor the Paying Agent/Registrar, shall be bound by any notice or knowledge to the contrary.

(b) All payments made to the Owner of any Bond shall be valid and effectual and shall discharge the liability of the City, the Trustee and the Paying Agent/Registrar upon such Bond to the extent of the sums paid.

Section 3.7. Registration, Transfer and Exchange.

(a) So long as any Bond remains Outstanding, the City shall cause the Paying Agent/Registrar to keep at the Designated Payment/Transfer Office a Register in which, subject to such reasonable regulations as it may prescribe, the Paying Agent/Registrar shall provide for the registration and transfer of Bonds in accordance with this Indenture. The Paying Agent/Registrar represents and warrants that it will file and maintain a copy of the Register with the City, and shall cause the Register to be current with all registration and transfer information as from time to time may be applicable.

(b) A Bond shall be transferable only upon the presentation and surrender thereof at the Designated Payment/Transfer Office of the Paying Agent/Registrar with such endorsement or other evidence of transfer as is acceptable to the Paying Agent/Registrar. No transfer of any Bond shall be effective until entered in the Register.

(c) The Bonds shall be exchangeable upon the presentation and surrender thereof at the Designated Payment/Transfer Office of the Paying Agent/Registrar for a Bond or Bonds of the same maturity and bearing the same interest rate and in any Authorized Denomination and in an aggregate principal amount equal to the unpaid principal amount of the Bond presented for exchange.

(d) The Trustee is hereby authorized to authenticate and deliver Bonds transferred or exchanged in accordance with this Section. A new Bond or Bonds will be delivered by the Paying Agent/Registrar, in lieu of the Bond being transferred or exchanged, at the Designated Payment/Transfer Office, or sent by United States mail, first-class, postage prepaid, to the Owner or his designee. Each transferred Bond delivered by the Paying Agent/Registrar in accordance with this Section shall constitute an original contractual obligation of the City and shall be entitled to the benefits and security of this Indenture to the same extent as the Bond or Bonds in lieu of which such transferred Bond is delivered.

(e) Each exchange Bond delivered in accordance with this Section shall constitute an original contractual obligation of the City and shall be entitled to the benefits and security of this Indenture to the same extent as the Bond or Bonds in lieu of which such exchange Bond is delivered.

(f) No service charge shall be made to the Owner for the initial registration, subsequent transfer, or exchange for a different Authorized Denomination of any of the Bonds. The Paying Agent/Registrar, however, may require the Owner to pay a sum sufficient to cover any tax or other governmental charge that is authorized to be imposed in connection with the registration, transfer, or exchange of a Bond.

(g) Neither the City nor the Paying Agent/Registrar shall be required to issue, transfer, or exchange any Bond or portion thereof called for redemption prior to maturity within 45 days prior to the date fixed for redemption; provided, however, such limitation shall not be applicable to an exchange by the Owner of the uncalled principal balance of a Bond redeemed in part.

Section 3.8. Cancellation.

All Bonds paid or redeemed before scheduled maturity in accordance with this Indenture, and all Bonds in lieu of which exchange Bonds or replacement Bonds are authenticated and delivered in accordance with this Indenture, shall be cancelled, and proper records shall be made regarding such payment, redemption, exchange, or replacement. The Paying Agent/Registrar shall dispose of cancelled Bonds in accordance with the records retention requirements of the Trustee.

Section 3.9. Temporary Bonds.

(a) Following the delivery and registration of the Initial Bond and pending the preparation of definitive Bonds, the proper officers of the City may execute and, upon the City's request, the Trustee shall authenticate and deliver, one or more temporary Bonds that are printed, lithographed, typewritten, mimeographed or otherwise produced, in any denomination, substantially of the tenor of the definitive Bonds in lieu of which they are delivered, without coupons, and with such appropriate insertions, omissions, substitutions and other variations as the officers of the City executing such temporary Bonds may determine, as evidenced by their signing of such temporary Bonds.

(b) Until exchanged for Bonds in definitive form, such Bonds in temporary form shall be entitled to the benefit and security of this Indenture.

(c) The City, without unreasonable delay, shall prepare, execute and deliver to the Trustee the Bonds in definitive form; thereupon, upon the presentation and surrender of the Bond or Bonds in temporary form to the Paying Agent/Registrar, the Paying Agent/Registrar shall cancel the Bonds in temporary form and the Trustee shall authenticate and deliver in exchange therefor a Bond or Bonds of the same maturity and series, in definitive form, in the Authorized Denomination, and in the same aggregate principal amount, as the Bond or Bonds in temporary form surrendered. Such exchange shall be made without the making of any charge therefor to any Owner.

Section 3.10. Replacement Bonds.

(a) Upon the presentation and surrender to the Paying Agent/Registrar of a mutilated Bond, the Trustee shall authenticate and deliver in exchange therefor a replacement Bond of like tenor and principal amount, bearing a number not contemporaneously outstanding. The City or the Paying Agent/Registrar may require the Owner of such Bond to pay a sum sufficient to cover any tax or other governmental charge that is authorized to be imposed in connection therewith and any other expenses connected therewith.

(b) In the event that any Bond is lost, apparently destroyed or wrongfully taken, the Trustee, pursuant to the Applicable Laws of the State of Texas and in the absence of notice or knowledge that such Bond has been acquired by a bona fide purchaser, shall authenticate and deliver a replacement Bond of like tenor and principal amount bearing a number not contemporaneously outstanding, provided that the Owner first complies with the following requirements:

(i) furnishes to the Paying Agent/Registrar satisfactory evidence of his or her ownership of and the circumstances of the loss, destruction or theft of such Bond;

(ii) furnishes such security or indemnity as may be required by the Paying Agent/Registrar and the Trustee to save them and the City harmless;

(iii) pays all expenses and charges in connection therewith, including, but not limited to, printing costs, legal fees, fees of the Trustee and the Paying Agent/Registrar and any tax or other governmental charge that is authorized to be imposed; and

(iv) satisfies any other reasonable requirements imposed by the City and the Trustee.

(c) After the delivery of such replacement Bond, if a bona fide purchaser of the original Bond in lieu of which such replacement Bond was issued presents for payment such original Bond, the City and the Paying Agent/Registrar shall be entitled to recover such replacement Bond from the Person to whom it was delivered or any Person taking therefrom, except a bona fide purchaser, and shall be entitled to recover upon the security or indemnity provided therefor to the extent of any loss, damage, cost, or expense incurred by the City, the Paying Agent/Registrar or the Trustee in connection therewith.

(d) In the event that any such mutilated, lost, apparently destroyed or wrongfully taken Bond has become or is about to become due and payable, the Paying Agent/Registrar, in its discretion, instead of issuing a replacement Bond, may pay such Bond if it has become due and payable or may pay such Bond when it becomes due and payable.

(e) Each replacement Bond delivered in accordance with this Section shall constitute an original additional contractual obligation of the City and shall be entitled to the benefits and security of this Indenture to the same extent as the Bond or Bonds in lieu of which such replacement Bond is delivered.

Section 3.11. Book-Entry Only System.

The Bonds shall initially be issued in book-entry-only form and shall be deposited with DTC, which is hereby appointed to act as the securities depository therefor, in accordance with the letter of representations from the City to DTC. On the Closing Date the definitive Bonds shall be issued in the form of a single typewritten certificate for each maturity thereof registered in the name of Cede & Co., as nominee for DTC.

With respect to Bonds registered in the name of Cede & Co., as nominee of DTC, the City, the Trustee and the Paying Agent/Registrar shall have no responsibility or obligation to any DTC Participant or to any Person on behalf of whom such a DTC Participant holds an interest in the Bonds. Without limiting the immediately preceding sentence, the City, the Trustee and the Paying Agent/Registrar shall have no responsibility or obligation with respect to (i) the accuracy of the records of DTC, Cede & Co. or any DTC Participant with respect to any ownership interest in the Bonds, (ii) the delivery to any DTC Participant or any other Person, other than an Owner, as shown on the Register, of any notice with respect to the Bonds, including any notice of redemption, or (iii) the payment to any DTC Participant or any other Person, other than an Owner, as shown in the Register of any amount with respect to principal of, premium, if any, or interest on the Bonds. Notwithstanding any other provision of this Indenture to the contrary, the City, the

Trustee and the Paying Agent/Registrar shall be entitled to treat and consider the Person in whose name each Bond is registered in the Register as the absolute owner of such Bond for the purpose of payment of principal of, premium, if any, and interest on Bonds, for the purpose of giving notices of redemption and other matters with respect to such Bond, for the purpose of registering transfer with respect to such Bond, and for all other purposes whatsoever. The Paying Agent/Registrar shall pay all principal of, premium, if any, and interest on the Bonds only to or upon the order of the respective Owners as shown in the Register, as provided in this Indenture, and all such payments shall be valid and effective to fully satisfy and discharge the City's obligations with respect to payment of principal of, premium, if any, and interest on the Bonds to the extent of the sum or sums so paid. No Person other than an Owner, as shown in the Register, shall receive a Bond certificate evidencing the obligation of the City to make payments of amounts due pursuant to this Indenture. Upon delivery by DTC to the Paying Agent/Registrar of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions in this Indenture with respect to interest checks or drafts being mailed to the registered owner at the close of business on the relevant Record Date, the word "Cede & Co." in this Indenture shall refer to such new nominee of DTC.

Section 3.12. Successor Securities Depository: Transfer Outside Book-Entry-Only System.

In the event that the City determines that DTC is incapable of discharging its responsibilities described herein and in the letter of representations from the City to DTC, the City shall (i) appoint a successor securities depository, qualified to act as such under Section 17(a) of the Securities and Exchange Act of 1934, as amended, notify DTC and DTC Participants of the appointment of such successor securities depository and transfer one or more separate Bonds to such successor securities depository; or (ii) notify DTC and DTC Participants of the availability through DTC of certificated Bonds and cause the Paying Agent/Registrar to transfer one or more separate registered Bonds to DTC Participants having Bonds credited to their DTC accounts. In such event, the Bonds shall no longer be restricted to being registered in the Register in the name of Cede & Co., as nominee of DTC, but may be registered in the name of the successor securities depository, or its nominee, or in whatever name or names Owners transferring or exchanging Bonds shall designate, in accordance with the provisions of this Indenture.

Section 3.13. Payments to Cede & Co.

Notwithstanding any other provision of this Indenture to the contrary, so long as any Bonds are registered in the name of Cede & Co., as nominee of DTC, all payments with respect to principal of, premium, if any, and interest on such Bonds, and all notices with respect to such Bonds shall be made and given, respectively, in the manner provided in the rules and procedures of DTC or in the blanket letter of representations from the City to DTC.

(b) At least 45 days prior to each mandatory sinking fund redemption date, and subject to any prior reduction authorized by subparagraphs (c) and (d) of this Section, the Trustee shall select a principal amount of Term Bonds of such maturity equal to the Sinking Fund Installment amount of such Term Bonds to be redeemed, in accordance with Section 4.5(b), shall call such Term Bonds for redemption on such scheduled mandatory sinking fund redemption date, and shall give notice of such redemption, as provided in Section 4.6.

(c) The principal amount of Term Bonds of a Stated Maturity required to be redeemed on any mandatory sinking fund redemption date pursuant to subparagraph (a) of this Section 4.2 shall be reduced, at the option of the City, by the principal amount of any Term Bonds of such maturity which, at least 45 days prior to the mandatory sinking fund redemption date shall have been acquired by the City at a price not exceeding the principal amount of such Term Bonds plus accrued and unpaid interest to the date of purchase thereof, and delivered to the Trustee for cancellation.

(d) The principal amount of Term Bonds required to be redeemed on any mandatory sinking fund redemption date pursuant to subparagraph (a) of this Section 4.2 shall be reduced on a pro rata basis among Sinking Fund Installments by the principal amount of any Term Bonds which, at least 45 days prior to the mandatory sinking fund redemption date, shall have been redeemed pursuant to the optional redemption or extraordinary optional redemption provisions hereof and not previously credited to a mandatory sinking fund redemption.

Section 4.3. Optional Redemption.

The City reserves the right and option to redeem the Bonds maturing on or after September 1, 20___, before their respective scheduled maturity dates, in whole or in part, on any date on or after September 1, 20___, such redemption date or dates to be fixed by the City, at the Redemption Price.

Section 4.4. Extraordinary Optional Redemption.

Notwithstanding any provision in this Indenture to the contrary, the City reserves the right and option to redeem Bonds before their respective scheduled maturity dates, in whole or in part and in an amount and on any date specified in a City Certificate, at the Redemption Price of such Bonds, or portions thereof, to be redeemed including accrued interest to the date of redemption from amounts on deposit in the Redemption Fund as a result of Prepayments (including related transfers to the Redemption Fund made pursuant to the terms of this Indenture) or any other transfers to the Redemption Fund under the terms of this Indenture or as a result of unexpended amounts transferred from the Project Fund pursuant to the terms of this Indenture.

Section 4.5. Partial Redemption.

(a) If less than all of the Bonds are to be redeemed pursuant to Sections 4.2, 4.3, or 4.4, Bonds shall be redeemed in minimum principal amounts of $1,000 or any integral multiple thereof. Each Bond shall be treated as representing the number of Bonds that is obtained by dividing the principal amount of such Bond by $1,000. No redemption shall result in a Bond in a denomination of less than the Authorized Denomination in effect at that time; provided, however, if the amount of the Outstanding Bond is less than an Authorized Denomination after giving effect to such partial redemption, a Bond in the principal amount equal to the unredeemed portion may be issued.

(b) In selecting the Bonds to be redeemed pursuant to Section 4.2, the Trustee may select Bonds in any method that results in a random selection.

(c) In selecting the Bonds to be redeemed pursuant to Section 4.3, the Trustee may rely on the directions provided in a City Certificate.

(d) If less than all of the Bonds are called for extraordinary optional redemption pursuant to Section 4.4 hereof, the Bonds or portion of a Bond, as applicable, to be redeemed shall be selected in the following manner:

(i) with respect to a Substantial Amount Redemption, the principal amount called for redemption shall be allocated on a pro-rata basis among all Outstanding Bonds; and

(ii) with respect to a Minor Amount Redemption, the Outstanding Bonds or Bond, as applicable, shall be redeemed in the inverse order of maturity.

(e) Upon surrender of any Bond for redemption in part, the Trustee in accordance with Section 3.7 of this Indenture, shall authenticate and deliver an exchange Bond or Bonds in an aggregate principal amount equal to the unredeemed portion of the Bond so surrendered, such exchange being without charge.

Section 4.6. Notice of Redemption to Owners.

(a) The Trustee shall give notice of any redemption of Bonds by sending notice by United States mail, first-class, postage prepaid, not less than 30 days before the date fixed for redemption, to the Owner of each Bond or portion thereof to be redeemed, at the address shown in the Register. So long as the Bonds are in book-entry-only form and held by DTC as the securities depository, Owner means Cede & Co., as nominee for DTC.

(b) The notice shall state the redemption date, the Redemption Price, the place at which the Bonds are to be surrendered for payment, and, if less than all the Bonds Outstanding are to be redeemed, and subject to Section 4.5 hereof, an identification of the Bonds or portions thereof to be redeemed, any conditions to such redemption and that on the redemption date, if all conditions, if any, to such redemption have been satisfied, such Bond shall become due and payable.

(c) Any notice given as provided in this Section shall be conclusively presumed to have been duly given, whether or not the Owner receives such notice.

(d) The City has the right to rescind any optional redemption or extraordinary optional redemption described in Section 4.3 or 4.4 by written notice to the Trustee on or prior to the date fixed for redemption. Any notice of redemption shall be cancelled and annulled if for any reason funds are not available on the date fixed for redemption for the payment in full of the Bonds then called for redemption, and such cancellation shall not constitute an Event of Default under the Indenture. The Trustee shall mail notice of rescission of redemption in the same manner notice of redemption was originally provided.

(e) With respect to any optional redemption or extraordinary optional redemption of the Bonds, unless the Trustee has received funds sufficient to pay the Redemption Price

of the Bonds to be redeemed before giving of a notice of redemption, the notice may state that the City may condition redemption on the receipt of such funds by the Trustee on or before the date fixed for the redemption, or on the satisfaction of any other prerequisites set forth in the notice of redemption. If a conditional notice of redemption is given and such prerequisites to the redemption are not satisfied and sufficient funds are not received, the notice shall be of no force and effect, the City shall not redeem the Bonds and the Trustee shall give notice, in the manner in which the notice of redemption was given, that the Bonds have not been redeemed.

Section 4.7. Payment Upon Redemption.

(a) The Trustee shall make provision for the payment of the Bonds to be redeemed on such date by setting aside and holding in trust an amount from the Redemption Fund or otherwise received by the Trustee from the City and shall use such funds solely for the purpose of paying the Redemption Price on the Bonds being redeemed.

(b) Upon presentation and surrender of any Bond called for redemption at the Designated Payment/Transfer Office on or after the date fixed for redemption, the Paying Agent/Registrar shall pay the Redemption Price on such Bond to the date of redemption from the moneys set aside for such purpose.

Section 4.8. Effect of Redemption.

Notice of redemption having been given as provided in Section 4.6 of this Indenture, the Bonds or portions thereof called for redemption shall become due and payable on the date fixed for redemption provided that funds for the payment of the Redemption Price are on deposit with the Trustee; thereafter, such Bonds or portions thereof shall cease to bear interest from and after the date fixed for redemption, whether or not such Bonds are presented and surrendered for payment on such date.

It is expressly provided, however, that the presence or absence of CUSIP numbers on the Bonds shall be of no significance or effect as regards the legality thereof and neither the City, the Trustee or the attorneys approving said Bonds as to legality are to be held responsible for CUSIP numbers incorrectly printed on the Bonds. The Trustee may include in any redemption notice a statement to the effect that the CUSIP numbers on the Bonds have been assigned by an independent service and are included in such notice solely for the convenience of the Owners of the Bonds and that neither the City nor the Trustee shall be liable for any inaccuracies of such numbers.

Such provisions and procedures related to such disbursement contained in the PID Reimbursement Agreement, and no other provisions of the PID Reimbursement Agreement, are herein incorporated by reference and deemed set forth herein in full.

(e) If the City Representative determines in his or her sole discretion that amounts then on deposit in the Phase #2 Improvements Account, Phase #3 Improvements Account, Phase #4 Improvements Account, Phase #5 Improvements Account, Phase #6 Projects Account, Phase #7 Projects Account and/or Initial Major Improvement Projects Account, are not expected to be expended for respective purposes of such Account of the Project Fund due to the abandonment, or constructive abandonment, of the respective set of Authorized Improvements such that, in the opinion of the City Representative, it is unlikely that the amounts in the Phase #2 Improvements Account, Phase #3 Improvements Account, Phase #4 Improvements Account, Phase #5 Improvements Account, Phase #6 Projects Account, Phase #7 Projects Account and/or Initial Major Improvement Projects Account will ever be expended for the purposes of such Account, the City Representative shall file a City Certificate with the Trustee which identifies the amounts then on deposit in the Phase #2 Improvements Account, Phase #3 Improvements Account, Phase #4 Improvements Account, Phase #5 Improvements Account, Phase #6 Projects Account, Phase #7 Projects Account and/or the Initial Major Improvement Projects Account, as applicable, that are not expected to be used for purposes of the such Account. If such City Certificate is so filed, the amounts on deposit in the applicable Account shall be transferred to the Redemption Fund to redeem Bonds on the earliest practicable date after notice of redemption has been provided in accordance with the Indenture.

(f) Upon the filing of a City Certificate stating that all Phase #2 Improvements have been completed and that all Actual Costs of the Phase #2 Improvements have been paid, or that any such Actual Costs of the Phase #2 Improvements are not required to be paid from the Phase #2 Improvements Account of the Project Fund pursuant to a Certification for Payment, or written direction from the City or its designee, the Trustee (i) shall transfer the amount, if any, remaining within the Phase #2 Improvements Account of the Project Fund to the Principal and Interest Account of the Bond Fund and (ii) shall close the Phase #2 Improvements Account of the Project Fund. Upon the filing of a City Certificate stating that all Phase #3 Improvements have been completed and that all Actual Costs of the Phase #3 Improvements have been paid, or that any such Actual Costs of the Phase #3 Improvements are not required to be paid from the Phase #3 Improvements Account of the Project Fund pursuant to a Certification for Payment, or written direction from the City or its designee, the Trustee (i) shall transfer the amount, if any, remaining within the Phase #3 Improvements Account of the Project Fund to the Principal and Interest Account of the Bond Fund and (ii) shall close the Phase #3 Improvements Account of the Project Fund. Upon the filing of a City Certificate stating that all Phase #4 Improvements have been completed and that all Actual Costs of the Phase #4 Improvements have been paid, or that any such Actual Costs of the Phase #4 Improvements are not required to be paid from the Phase #4 Improvements Account of the Project Fund pursuant to a Certification for Payment, or written direction from the City or its designee, the Trustee (i) shall transfer the amount, if any, remaining within the Phase #4 Improvements Account of the Project Fund to the Principal and Interest Account of the Bond Fund and (ii) shall close the Phase #4 Improvement Account of the Project Fund. Upon the filing of a City Certificate stating that all Phase #5 Improvements have been

completed and that all Actual Costs of the Phase #5 Improvements have been paid, or that any such Actual Costs of the Phase #5 Improvements are not required to be paid from the Phase #5 Improvements Account of the Project Fund pursuant to a Certification for Payment, or written direction from the City or its designee, the Trustee (i) shall transfer the amount, if any, remaining within the Phase #5 Improvements Account of the Project Fund to the Principal and Interest Account of the Bond Fund and (ii) shall close the Phase #5 Improvements Account of the Project Fund. Upon the filing of a City Certificate stating that all Phase #6 Projects have been completed and that all Actual Costs of the Phase #6 Projects have been paid, or that any such Actual Costs of the Phase #6 Projects are not required to be paid from the Phase #6 Projects Account of the Project Fund pursuant to a Certification for Payment, or written direction from the City or its designee, the Trustee (i) shall transfer the amount, if any, remaining within the Phase #6 Projects Account of the Project Fund to the Principal and Interest Account of the Bond Fund and (ii) shall close the Phase #6 Projects Account of the Project Fund. Upon the filing of a City Certificate stating that all Phase #7 Projects have been completed and that all Actual Costs of the Phase #7 Projects have been paid, or that any such Actual Costs of the Phase #7 Projects are not required to be paid from the Phase #7 Projects Account of the Project Fund pursuant to a Certification for Payment, or written direction from the City or its designee, the Trustee (i) shall transfer the amount, if any, remaining within the Phase #7 Projects Account of the Project Fund to the Principal and Interest Account of the Bond Fund and (ii) shall close the Phase #7 Projects Account of the Project Fund. Upon the filing of a City Certificate stating that all Initial Major Improvement Projects have been completed and that all Actual Costs of the Initial Major Improvement Projects have been paid, or that any such Actual Costs of the Initial Major Improvement Projects are not required to be paid from the Initial Major Improvement Projects Account of the Project Fund pursuant to a Certification for Payment, or written direction from the City or its designee, the Trustee (i) shall transfer the amount, if any, remaining within the Initial Major Improvement Projects Account of the Project Fund to the Principal and Interest Account of the Bond Fund and (ii) shall close the Initial Major Improvement Projects Account of the Project Fund. If the Phase #2 Improvements Account, the Phase #3 Improvements Account, the Phase #4 Improvements Account, the Phase #5 Improvements Account, the Phase #6 Projects Account, the Phase #7 Projects Account and the Initial Major Improvement Projects Account have each been closed pursuant to the provisions of this Section and the Cost of Issuance Account of the Project Fund has been closed pursuant to the provisions of Section 6.5(g), the Project Fund shall be closed.

(g) Not later than 6 months following the Closing Date or upon an earlier determination by the City Representative that all costs of issuance of the Bonds have been paid, any amounts remaining in the Costs of Issuance Account shall be transferred to the Bond Fund and used to pay interest on the Bonds, as directed by the City in a City Certificate filed with the Trustee, and the Costs of Issuance Account shall be closed.

(h) In making the determination pursuant to this Section, the City Representative may conclusively rely upon a certificate of an Independent Financial Consultant.

Section 6.6. Redemption Fund.

(a) The Trustee shall cause to be deposited to the Redemption Fund from the Pledged Revenue Fund an amount sufficient to redeem Bonds as provided in Sections 4.3 and 4.4 on the dates specified for redemption as provided in Sections 4.3 and 4.4. Amounts on deposit in the Redemption Fund shall be used and withdrawn by the Trustee to redeem Bonds as provided in Article IV.

Section 6.7. Reserve Fund.

(a) At the Closing Date, the Reserve Account shall be funded as set forth in Section 6.2 above. The City agrees with the Owners of the Bonds to accumulate, and when accumulated maintain in the Reserve Account of the Reserve Fund, an amount equal to not less than the Reserve Account Requirement, which amount may be funded with cash, Investment Securities, and/or a Reserve Account Obligation, except to the extent such deficiency is due to the application of Section 6.7(d) hereof. Upon initial delivery of the Bonds, the Reserve Account Requirement will be funded 50% from the proceeds of the Bonds or cash available for such purpose, as described in Section 6.2 hereof, and 50% with a Reserve Account Obligation. All amounts deposited in the Reserve Account of the Reserve Fund shall be used and withdrawn by the Trustee for the purpose of making transfers to the Bond Fund or the Redemption Fund as provided in this Indenture.

(b) At the Closing Date, the Additional Interest Reserve Account shall be funded as set forth in Section 6.2 above. If the amount on deposit in the Additional Interest Reserve Account shall at any time, be less than the Additional Interest Reserve Requirement, the Trustee shall notify the City, in writing, of the amount of such shortfall, and the City shall file a City Certificate with the Trustee instructing the Trustee to transfer from the Bond Pledged Revenue Account to the Additional Interest Reserve Account on March 1 and September 1 of each year, an amount equal to the Additional Interest collected, if any, until the Additional Interest Reserve Requirement has been accumulated in the Additional Interest Reserve Account. If, after such deposits, there is surplus Additional Interest remaining in excess of the Additional Interest Reserve Requirement, the Trustee shall transfer such surplus Additional Interest to the Redemption Fund, and shall notify the City of such transfer in writing. Notwithstanding the foregoing, the City shall not be required to replenish the Additional Interest Reserve Account in the event funds are transferred from the Additional Interest Reserve Account to the Redemption Fund as a result of an extraordinary optional redemption of Bonds from the proceeds of a Prepayment pursuant to Section 4.4 of this Indenture, and the Additional Interest Reserve Requirement shall be reduced, accordingly. In the event the Additional Interest Reserve Requirement is reduced in accordance with the above provisions, the City will notify the Trustee, by a City Certificate, of the new Additional Interest Reserve Requirement. In calculating the amounts to be transferred pursuant to this Section, the Trustee may conclusively rely on the Annual Installments as shown on the Special Assessment Rolls in the Service and Assessment Plan or an Annual Service Plan Update, unless and until it receives a City Certificate directing that a different amount be used.

(c) Whenever a transfer is made from an Account of the Reserve Fund to the Bond Fund due to a deficiency in the Bond Fund, the Trustee shall provide written notice thereof to the City, specifying the amount withdrawn and the source of said funds.

(d) Whenever Bonds are to be redeemed with the proceeds of Prepayments pursuant to Section 4.4, the Trustee shall transfer, on the Business Day prior to the redemption date (or on such other date as agreed to by the City and the Trustee), from the Reserve Account of the Reserve Fund to the Redemption Fund, an amount specified in a City Certificate to be applied to the redemption of the Bonds. The amount so transferred from the Reserve Account of the Reserve Fund shall be equal to the principal amount of the Bonds to be redeemed with such Prepayments multiplied by the lesser of: (i) the amount required to be in the Reserve Account of the Reserve Fund divided by the principal amount of Outstanding Bonds prior to the redemption, and (ii) the amount actually in the Reserve Account of the Reserve Fund divided by the principal

amount of Outstanding Bonds prior to the redemption. If after such transfer, and after applying investment earnings on the Prepayment toward payment of accrued interest, there are insufficient funds in the Redemption Fund to pay the principal amount plus accrued and unpaid interest to the date fixed for redemption of the Bonds to be redeemed, as identified in a City Certificate, as a result of such Prepayment and as a result of the transfer from the Reserve Account under this Section 6.7(d), the Trustee shall transfer an amount equal to the shortfall, and/or any additional amounts necessary to permit the Bonds to be redeemed in minimum principal amounts of $1,000, from the Additional Interest Reserve Account to the Redemption Fund to be applied to the redemption of the Bonds.

(e) Whenever, on any Interest Payment Date, or on any other date at the written request of a City Representative, the amount in the Reserve Account (including the value of the cash together with the value of any Reserve Account Obligation and/or Investment Securities then on deposit in the Reserve Account) exceeds the Reserve Account Requirement, the Trustee shall provide written notice to the City Representative of the amount of the excess. Such excess shall be transferred to the Principal and Interest Account of the Bond Fund to be used for the payment of debt service on the Bonds on the next Interest Payment Date in accordance with Section 6.4 hereof, unless within 30 days of such notice to the City Representative, the Trustee receives a City Certificate instructing the Trustee to apply such excess: (i) to pay amounts due under Section 6.8 hereof, or (ii) for such other use specified in a City Certificate (including reducing the face amount of any Reserve Account Obligation) if the City receives a written opinion of counsel nationally recognized in the field of municipal bond law to the effect that such alternate use will not adversely affect the exemption from federal income tax of the interest on the Bond.

(f) Whenever, on any Interest Payment Date, the amount on deposit in the Bond Fund is insufficient to pay the debt service on the Bonds due on such date, the Trustee shall transfer first, from the Additional Interest Reserve Account of the Reserve Fund to the Bond Fund and, second, from the Reserve Account of the Reserve Fund to the Bond Fund the amounts necessary to cure such deficiency. If the City is required to make a withdrawal from the Reserve Account, the City shall promptly notify the provider of any Reserve Account Obligation of the necessity for such withdrawal, and shall make such withdrawal first from available cash or Investment Securities then on deposit in the Reserve Account and next from a drawing under any Reserve Account Obligation to the extent of such deficiency. In the event there is a draw upon the Reserve Account Obligation, the City shall reimburse the provider of such Reserve Account Obligation for such draw from Pledged Revenues available for such purpose and in accordance with the terms of any agreement or commitment pursuant to which the Reserve Account Obligation is used; provided, however, that such reimbursement from the available Pledged Revenues shall be subordinate and junior in right to the Owners' right to the payment of principal of and interest on the then Outstanding Bonds.

(g) At the final maturity of the Bonds, the amount on deposit in the Reserve Account and the Additional Interest Reserve Account shall be transferred to the Principal and Interest Account of the Bond Fund and applied to the payment of the principal of the Bonds.

(h) If, after a Reserve Account withdrawal pursuant to Section 6.7(f), the amount on deposit in the Reserve Account of the Reserve Fund is less than the Reserve Account Requirement, the Trustee shall transfer from the Pledged Revenue Fund to the Reserve Account of the Reserve Fund the amount of such deficiency, in accordance with Section 6.3.

(i) If the amount held in the Reserve Fund together with the amount held in the Bond Fund and Redemption Fund is sufficient to pay the principal amount of all Outstanding Bonds on the next Interest Payment Date, together with the unpaid interest accrued on such Outstanding Bonds as of such Interest Payment Date, the moneys shall be transferred to the Redemption Fund and thereafter used to redeem all Outstanding Bonds as of such Interest Payment Date.

(j) In the event the City is required to make a Reserve Account Obligation payment, funds on deposit in the Reserve Account may be used for such purpose. Reimbursements to the provider, if any, of a Reserve Account Obligation shall constitute the payment for a deficiency in the Reserve Account to the extent that such reimbursements result in the reinstatement, in whole or in part, as the case may be of the amount of the Reserve Account Obligation.

(k) The City may at any time deposit, supplement, replace or substitute a Reserve Account Obligation for cash or Investment Securities on deposit in the Reserve Account or in substitution for or replacement of any existing Reserve Account Obligation, provided that the deposit, supplement, replacement or substitution of the Reserve Account Obligation will not, in and of itself, cause any ratings then assigned to the Bonds by any Rating Agency to be lowered.

Section 6.8. Rebate Fund: Rebate Amount.

(a) There is hereby established a special fund of the City to be designated "City of Celina, Texas, Rebate Fund" (the "Rebate Fund") to be held by the Trustee in accordance with the terms and provisions of this Indenture. Amounts on deposit in the Rebate Fund shall be used solely for the purpose of paying amounts due the United States Government relating to the Bonds, in accordance with the Code.

(b) In order to assure that Rebate Amount is paid to the United States rather than to a third party, investments of funds on deposit in the Rebate Fund shall be made in accordance with the Code and the Tax Certificate.

(c) The Trustee conclusively shall be deemed to have complied with the provisions of this Section and Section 7.5(h) and shall not be liable or responsible if it follows the instructions of the City and shall not be required to take any action under this Section (including investment of amounts in the Rebate Fund) and Section 7.5(h) in the absence of written instructions from the City.

(d) If, on the date of each annual calculation, the amount on deposit in the Rebate Fund exceeds the Rebate Amount, the City may direct the Trustee, pursuant to a City Certificate, to transfer the amount in excess of the Rebate Amount to the Bond Fund.

Section 6.9. Administrative Fund.

(a) The City shall deposit or cause to be deposited to the Administrative Fund the amounts collected each year to pay the Administrative Expenses and Delinquent Collection Costs.

(b) Moneys in the Administrative Fund shall be held by the Trustee separate and apart from the other Funds created and administered hereunder and used as directed by a City Certificate solely for the purposes set forth in the Service and Assessment Plan.

(c) The Administrative Fund shall not be part of the Trust Estate and shall not be security for the Bonds.

Section 6.10. Investment of Funds.

(a) Money in any Fund or Account established pursuant to this Indenture shall be invested by the Trustee as directed by the City pursuant to a City Certificate filed with the Trustee at least two (2) days in advance of the making of such investment. The money in any Fund or Account shall be invested (i) in time deposits or certificates of deposit secured in the manner required by law for public funds, (ii) in direct obligations of, including obligations the principal and interest on which are unconditionally guaranteed by, the United States of America, (iii) in obligations of any agencies or instrumentalities thereof, or (iv) in such other investments as are permitted under the Public Funds Investment Act, Texas Government Code, Chapter 2256, as amended, or any successor law, as in effect from time to time; provided that all such deposits and investments shall be directed by the City to be made in such manner (which may include repurchase agreements for such investment with any primary dealer of such agreements) that the money required to be expended from any Fund will be available at the proper time or times. Such investments shall be valued each year in terms of current market value as of September 30. Notwithstanding the preceding sentences, amounts in the Additional Interest Reserve Account may not be invested above the Yield (as defined in Section 7.5(a) hereof) on the Bonds, unless and until the City receives a written opinion of counsel nationally recognized in the field of municipal bond law to the effect that such investment and/or the failure to comply with such yield restriction will not adversely affect the exemption from federal income tax of the interest on any Bond. For purposes of maximizing investment returns, to the extent permitted by law, money in such Funds or Accounts may be invested in common investments of the kind described above, or in a common pool of such investment which shall be kept and held at an official depository bank, which shall not be deemed to be or constitute a commingling of such money or funds provided that safekeeping receipts or certificates of participation clearly evidencing the investment or investment pool in which such money is invested and the share thereof purchased with such money or owned by such Fund or Account are held by or on behalf of each such Fund or Account. If necessary, upon written direction by the City to the Trustee, such investments shall be promptly sold to prevent any default.

(b) Obligations purchased as an investment of moneys in any Fund or Account shall be deemed to be part of such Fund or Account, subject, however, to the requirements of this Indenture for transfer of interest earnings and profits resulting from investment of amounts in Funds and Accounts. Whenever in this Indenture any moneys are required to be transferred by the City to the Trustee, such transfer may be accomplished by transferring a like amount of Investment Securities.

(c) The Trustee and its affiliates may act as sponsor, advisor, depository, principal or agent in the acquisition or disposition of any investment. The Trustee shall have no investment discretion and the Trustee's only responsibility for investments shall be to follow the written instructions contained in any City Certificate and to ensure that an investment it is directed to purchase is a permitted investment pursuant to the terms of this Indenture. The Trustee shall not

incur any liability for losses arising from any investments made pursuant to this Section. The Trustee shall not be required to determine the suitability or legality of any investments.

(d) Investments in any and all Funds and Accounts may be commingled in a separate fund or funds for purposes of making, holding and disposing of investments, notwithstanding provisions herein for transfer to or holding in or to the credit of particular Funds or Accounts of amounts received or held by the Trustee hereunder, provided that the Trustee shall at all times account for such investments strictly in accordance with the Funds and Accounts to which they are credited and otherwise as provided in this Indenture.

(e) The Trustee will furnish the City and the Administrator monthly cash transaction statements for such month which include detail for all investment transactions made by the Trustee hereunder; and, unless the Trustee receives a written request, the Trustee is not required to provide brokerage confirmations so long as the Trustee is providing such monthly cash transaction statements.

(f) If, following an annual calculation of the Rebate Amount in accordance with Sections 6.8 and 7.5(h) hereof, it is determined that a Rebate Amount is owed with respect to the Bonds, the City shall direct the Trustee, pursuant to a City Certificate, to transfer to the Rebate Fund an amount equal to the Rebate Amount owed by the City from investment earnings derived from the investment of the amount on deposit in Pledged Funds. The City Certificate shall specify the amount to be transferred and identify the Pledged Fund or Pledged Funds from which the investment earnings shall be transferred.

Section 6.11. Security of Funds.

All Funds or Accounts heretofore created, to the extent not invested as herein permitted, shall be secured in the manner and to the fullest extent required by law for the security of public funds, and such Funds or Accounts shall be used only for the purposes and in the manner permitted or required by this Indenture.

ARTICLE VII

COVENANTS

Section 7.1. Confirmation of Special Assessments.

The City hereby confirms, covenants, and agrees that the Special Assessments to be collected from the Assessed Property are as so reflected in the Service and Assessment Plan (as it may be updated from time to time) and, in accordance with the respective assessment ordinance, it has levied the Special Assessments against the respective Assessed Parcels from which the Pledged Revenues will be collected and received.

Section 7.2. Collection and Enforcement of Special Assessments.

(a) For so long as any Bonds are Outstanding, the City covenants, agrees and warrants that it will take and pursue all actions permissible under Applicable Laws to cause the Special Assessments to be collected and the liens thereof enforced continuously, in the manner

and to the maximum extent permitted by Applicable Laws, and, to the extent permitted by Applicable Laws, to cause no reduction, abatement or exemption in the Special Assessments.

(b) The City will determine or cause to be determined, no later than February 15 of each year, whether or not any Annual Installment is delinquent and, if such delinquencies exist, the City will order and cause to be commenced as soon as practicable any and all appropriate and legally permissible actions to obtain such Annual Installment, and any delinquent charges and interest thereon, including diligently prosecuting an action in district court to foreclose the currently delinquent Annual Installment. Notwithstanding the foregoing, the City shall not be required under any circumstances to purchase or make payment for the purchase of the delinquent Special Assessment or the corresponding Assessed Parcel. Furthermore, nothing shall obligate the City, the City Attorney, or any appropriate designee to undertake collection or foreclosure actions against delinquent accounts in violation of applicable state law, court order, or existing contractual provisions between the City and its appropriate collections enforcement designees.

Section 7.3. Against Encumbrances.

(a) Other than bonds issued to refund all or a portion of the Bonds, the City shall not create and, to the extent Pledged Revenues are received, shall not suffer to remain, any lien, encumbrance or charge upon the Trust Estate, other than that specified in Section 9.6 of this Indenture, or upon any other property pledged under this Indenture, except the pledge created for the security of the Bonds, and other than a lien or pledge subordinate to the lien and pledge of such property related to the Bonds.

(b) So long as Bonds are Outstanding hereunder, and except as set forth in Section 13.2 hereof, the City shall not issue any bonds, notes or other evidences of indebtedness other than the Bonds and bonds issued to refund all or a portion of the Bonds secured by any pledge of or other lien or charge on the Trust Estate or other property pledged under this Indenture, other than a lien or pledge subordinate to the lien and pledge of such property related to the Bonds.

Section 7.4. Records, Accounts, Accounting Reports.

The City hereby covenants and agrees that so long as any of the Bonds or any interest thereon remain Outstanding and unpaid, it will keep and maintain a proper and complete system of records and accounts pertaining to the Special Assessments. The Trustee and Owner or Owners of any Bonds or any duly authorized agent or agents of such Owners shall have the right at all reasonable times to inspect all such records, accounts, and data relating thereto, upon written request to the City by the Trustee, such Owner or duly authorized representative, as applicable. The City shall provide the Trustee, such Owner or duly authorized representative, as applicable, an opportunity to inspect such books and records relating to the Bonds during the City's regular business hours and on a mutually agreeable date not later than 30 days after the City receives such request.

Section 7.5. Covenants to Maintain Tax-Exempt Status.

(a) Definitions. When used in this Section, the following terms shall have the following meanings:

"*Closing Date*" means the date on which the Bonds are first authenticated and delivered to the Purchaser against payment therefor.

"Code" means the Internal Revenue Code of 1986, as amended by all legislation, if any, effective on or before the Closing Date.

"Computation Date" has the meaning set forth in section 1.148-1(b) of the Regulations.

"Gross Proceeds" means any proceeds as defined in section 1.148-1(b) of the Regulations, and any replacement proceeds as defined in section 1.148-1(c) of the Regulations, of the Bonds.

"Investment" has the meaning set forth in section 1.148-1(b) of the Regulations.

"Nonpurpose Investment" means any investment property, as defined in section 148(b) of the Code, in which Gross Proceeds of the Bonds are invested and which is not acquired to carry out the governmental purposes of the Bonds.

"Regulations" means any proposed, temporary or final Income Tax Regulations issued pursuant to sections 103 and 141 through 150 of the Code, and 103 of the Internal Revenue Code of 1954, which are applicable to the Bonds. Any reference to any specific Regulation shall also mean, as appropriate, any proposed, temporary or final Income Tax Regulation designed to supplement, amend or replace the specific Regulation referenced.

"Yield" of (1) any Investment has the meaning set forth in section 1.148-5 of the Regulations; and (2) the Bonds has the meaning set forth in section 1.148-4 of the Regulations.

(b) Not to Cause Interest to Become Taxable. The City shall not use, permit the use of, or omit to use Gross Proceeds or any other amounts (or any property the acquisition, construction or improvement of which is to be financed directly or indirectly with Gross Proceeds) in a manner which if made or omitted, respectively, would cause the interest on any Bond to become includable in the gross income, as defined in section 61 of the Code, of the owner thereof for federal income tax purposes. Without limiting the generality of the foregoing, unless and until the City receives a written opinion of counsel nationally recognized in the field of municipal bond law to the effect that failure to comply with such covenant will not adversely affect the exemption from federal income tax of the interest on any Bond, the City shall comply with each of the specific covenants in this Section.

(c) No Private Use or Private Payments. Except as permitted by section 141 of the Code and the Regulations and rulings thereunder, the City shall at all times prior to the last Stated Maturity of Bonds:

(i) exclusively own, operate and possess all property the acquisition, construction or improvement of which is to be financed or refinanced directly or indirectly with Gross Proceeds of the Bonds (including property financed with Gross Proceeds of the Refunded Bonds), and not use or permit the use of such Gross Proceeds (including all contractual arrangements with terms different than those applicable to the general public) or any property acquired, constructed or improved with such Gross Proceeds in any activity carried on by any person or entity (including the United States or any agency, department and instrumentality thereof) other than a state or local government, unless such use is solely as a member of the general public; and

(ii) not directly or indirectly impose or accept any charge or other payment by any person or entity who is treated as using Gross Proceeds of the Bonds or any property the acquisition, construction or improvement of which is to be financed or refinanced directly or indirectly with such Gross Proceeds (including property financed with Gross Proceeds of the Refunded Bonds), other than taxes of general application within the City or interest earned on investments acquired with such Gross Proceeds pending application for their intended purposes.

(d) No Private Loan.

(i) Except to the extent permitted by section 141 of the Code and the Regulations and rulings thereunder, the City shall not use Gross Proceeds of the Bonds to make or finance loans to any person or entity other than a state or local government. For purposes of the foregoing covenant, such Gross Proceeds are considered to be "loaned" to a person or entity if: (1) property acquired, constructed or improved with such Gross Proceeds is sold or leased to such person or entity in a transaction which creates a debt for federal income tax purposes; (2) capacity in or service from such property is committed to such person or entity under a take-or-pay, output or similar contract or arrangement; or (3) indirect benefits, or burdens and benefits of ownership, of such Gross Proceeds or any property acquired, constructed or improved with such Gross Proceeds are otherwise transferred in a transaction which is the economic equivalent of a loan.

(ii) The City covenants and agrees that the levied Special Assessments will meet the requirements of the "tax assessment loan exception" within the meaning of section 1.141-5(d) of the Regulations on the date the Bonds are delivered and will ensure that the Special Assessments continue to meet such requirements for so long as the Bonds are outstanding hereunder.

(e) Not to Invest at Higher Yield. Except to the extent permitted by section 148 of the Code and the Regulations and rulings thereunder, the City shall not at any time prior to the final Stated Maturity of the Bonds directly or indirectly invest Gross Proceeds in any Investment (or use Gross Proceeds to replace money so invested) if, as a result of such investment, the Yield from the Closing Date of all Investments acquired with Gross Proceeds (or with money replaced thereby), whether then held or previously disposed of, exceeds the Yield of the Bonds.

(f) Not Federally Guaranteed. Except to the extent permitted by section 149(b) of the Code and the Regulations and rulings thereunder, the City shall not take or omit to take any action which would cause the Bonds to be federally guaranteed within the meaning of section 149(b) of the Code and the Regulations and rulings thereunder.

(g) Information Report. The City shall timely file the information required by section 149(e) of the Code with the Secretary of the Treasury on Form 8038-G or such other form and in such place as the Secretary may prescribe.

(h) Rebate of Arbitrage Profits. Except to the extent otherwise provided in section 148(f) of the Code and the Regulations and rulings thereunder:

(i) The City shall account for all Gross Proceeds (including all receipts, expenditures and investments thereof) on its books of account separately and apart from all other funds (and receipts, expenditures and investments thereof) and shall retain all records of accounting for at least six years after the day on which the last outstanding Bond is discharged. However, to the extent permitted by law, the City may commingle Gross Proceeds of the Bonds with other money of the City, provided that the City separately accounts for each receipt and expenditure of Gross Proceeds and the obligations acquired therewith.

(ii) Not less frequently than each Computation Date, the City shall calculate the Rebate Amount in accordance with rules set forth in section 148(f) of the Code and the Regulations and rulings thereunder. The City shall maintain such calculations with its official transcript of proceedings relating to the issuance of the Bonds until six years after the final Computation Date.

(iii) As additional consideration for the purchase of the Bonds by the Purchaser and the loan of the money represented thereby and in order to induce such purchase by measures designed to insure the excludability of the interest thereon from the gross income of the owners thereof for federal income tax purposes, the City shall, pursuant to a City Certificate, direct the Trustee to transfer to the Rebate Fund from the funds or subaccounts designated in such City Certificate and direct the Trustee to pay to the United States from the Rebate Fund the amount that when added to the future value of previous rebate payments made for the Bonds equals (i) in the case of a Final Computation Date as defined in Section 1.148-3(e)(2) of the Regulations, 100% of the Rebate Amount on such date; and (ii) in the case of any other Computation Date, 90% of the Rebate Amount on such date. In all cases, the rebate payments shall be made at the times, in the installments, to the place and in the manner as is or may be required by section 148(f) of the Code and the Regulations and rulings thereunder, and shall be accompanied by Form 8038-T or such other forms and information as is or may be required by Section 148(f) of the Code and the Regulations and rulings thereunder.

(iv) The City shall exercise reasonable diligence to assure that no errors are made in the calculations and payments required by paragraphs (ii) and (iii), and if an error is made, to discover and promptly correct such error within a reasonable amount of time thereafter (and in all events within 180 days after discovery of the error), including payment to the United States of any additional Rebate Amount owed to it, interest thereon, and any penalty imposed under Section 1.148-3(h) of the Regulations.

(i) Not to Divert Arbitrage Profits. Except to the extent permitted by section 148 of the Code and the Regulations and rulings thereunder, the City shall not, at any time prior to the earlier of the Stated Maturity or final payment of the Bonds, enter into any transaction that reduces the amount required to be paid to the United States pursuant to Subsection (h) of this Section because such transaction results in a smaller profit or a larger loss than would have resulted if

the transaction had been at arm's length and had the Yield of the Bonds not been relevant to either party.

(j) Elections. The City hereby directs and authorizes the Mayor, Mayor Pro Tem, City Manager, Assistant City Manager, Finance Director, or City Secretary, individually or jointly, to make elections permitted or required pursuant to the provisions of the Code or the Regulations, as they deem necessary or appropriate in connection with the Bonds, in the Tax Certificate or similar or other appropriate certificate, form or document.

(k) Bonds Not Hedge Bonds.

(i) At the time the Refunded Bonds were issued, the City reasonably expected to spend at least 85% of the spendable proceeds of the Refunded Bonds within three years after the Refunded Bonds were issued.

(ii) Not more than 50% of the proceeds of the Refunded Bonds were invested in Nonpurpose Investments having a substantially guaranteed Yield for a period of four (4) years or more.

ARTICLE VIII

LIABILITY OF CITY

The City shall not incur any responsibility in respect of the Bonds or this Indenture other than in connection with the duties or obligations explicitly herein or in the Bonds assigned to or imposed upon it. The City shall not be liable in connection with the performance of its duties hereunder, except for its own willful default or act of bad faith. The City shall not be bound to ascertain or inquire as to the performance or observance of any of the terms, conditions covenants or agreements of the Trustee herein or of any of the documents executed by the Trustee in connection with the Bonds, or as to the existence of a default or event of default thereunder.

In the absence of bad faith, the City may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the City and conforming to the requirements of this Indenture. The City shall not be liable for any error of judgment made in good faith unless it shall be proved that it was negligent in ascertaining the pertinent facts.

No provision of this Indenture, the Bonds, the respective assessment ordinances, the Bond Ordinance, or any agreement, document, instrument, or certificate executed, delivered or approved in connection with the issuance, sale, delivery, or administration of the Bonds (the "Bond Documents"), shall require the City to expend or risk its own general funds or otherwise incur any financial liability (other than with respect to the Trust Estate and the Administrative Expenses) in the performance of any of its obligations hereunder, or in the exercise of any of its rights or powers, if in the judgment of the City there are reasonable grounds for believing that the repayment of such funds or liability is not reasonably assured to it.

Neither the Owners nor any other Person shall have any claim against the City or any of its officers, officials, agents, or employees for damages suffered as a result of the City's failure to perform in any respect any covenant, undertaking, or obligation under any Bond Documents or as a result of the incorrectness of any representation in, or omission from, any of the Bond

Documents, except to the extent that any such claim relates to an obligation, undertaking, representation, or covenant of the City, in accordance with the Bond Documents and the PID Act. Any such claim shall be payable only from the Pledged Revenues or the amounts collected to pay Administrative Expenses on deposit in the Administrative Fund. Nothing contained in any of the Bond Documents shall be construed to preclude any action or proceeding in any court or before any governmental body, agency, or instrumentality against the City or any of its officers, officials, agents, or employees to enforce the provisions of any of the Bond Documents or to enforce all rights of the Owners of the Bonds by mandamus or other proceeding at law or in equity.

The City may rely on and shall be protected in acting or refraining from acting upon any notice, resolution, request, consent, order, certificate, report, warrant, bond, or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or proper parties. The City may consult with counsel with regard to legal questions, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it hereunder in good faith and in accordance therewith.

Whenever in the administration of its duties under this Indenture the City shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action hereunder, such matter (unless other evidence in respect thereof be herein specifically prescribed) may, in the absence of willful misconduct on the part of the City, be deemed to be conclusively proved and established by a certificate of the Trustee, an Independent Financial Consultant, an independent inspector or City Manager or other person designated by the City Council to so act on behalf of the City, and such certificate shall be full warrant to the City for any action taken or suffered under the provisions of this Indenture upon the faith thereof, but in its discretion the City may, in lieu thereof, accept other evidence of such matter or may require such additional evidence as to it may seem reasonable.

In order to perform its duties and obligations hereunder, the City may employ such persons or entities as it deems necessary or advisable. The City shall not be liable for any of the acts or omissions of such persons or entities employed by it in good faith hereunder, and shall be entitled to rely, and shall be fully protected in doing so, upon the opinions, calculations, determinations, and directions of such persons or entities.

ARTICLE IX

THE TRUSTEE

Section 9.1. Trustee as Paying Agent/Registrar.

The Trustee is hereby designated and agrees to act as Paying Agent/Registrar for and in respect to the Bonds.

Section 9.2. Trustee Entitled to Indemnity.

The Trustee shall be under no obligation to spend its own funds, to institute any suit, or to undertake any proceeding under this Indenture, or to enter any appearance or in any way defend in any suit in which it may be made defendant, or to take any steps in the execution of the trusts hereby created or in the enforcement of any rights and powers hereunder, until it shall be indemnified, to the extent permitted by law, to its satisfaction against any and all costs and expenses, outlays, and counsel fees and other reasonable disbursements, and against all liability

except as a consequence of its own negligence or willful misconduct; provided, however, the Trustee may not request or require indemnification as a condition to making any deposits, payments, or transfers when required hereunder, or delivering any notice when required hereunder. Nevertheless, the Trustee may begin suit, or appear in and defend suit, or do anything else in its judgment proper to be done by it as the Trustee, without indemnity, and in such case the Trustee may make transfers from the District Administration Account of the Administrative Fund, and to the extent money in the District Administration Account is insufficient, from the Pledged Revenue Fund to pay all costs and expenses, outlays, and counsel fees and other reasonable disbursements properly incurred in connection therewith and shall, to the extent permitted by law, be entitled to a preference therefor over any Bonds Outstanding hereunder.

Section 9.3. Responsibilities of the Trustee.

The recitals contained in this Indenture and in the Bonds shall be taken as the statements of the City and the Trustee assumes no responsibility for the correctness of the same. The Trustee makes no representations as to the validity or sufficiency of any offering documents, this Indenture, or the Bonds or with respect to the security afforded by this Indenture, and the Trustee shall incur no liability with respect thereto. Except as otherwise expressly provided in this Indenture, the Trustee shall have no responsibility or duty with respect to: (i) the issuance of Bonds for value; (ii) the application of the proceeds thereof, except to the extent that such proceeds are received by it in its capacity as Trustee; (iii) the application of any moneys paid to the City or others in accordance with this Indenture, except as to the application of any moneys paid to it in its capacity as Trustee; or (iv) any calculation of arbitrage or rebate under the Code. The Trustee has the right to act through agents and attorneys and shall have no liability for the negligence or willful misconduct of the agents and attorneys appointed with due care.

The duties and obligations of the Trustee shall be determined by the express provisions of this Indenture, and the Trustee shall not be liable except for the performance of such duties and obligations as are specifically set forth in this Indenture. No implied covenants or obligations shall be read into this Indenture against the Trustee.

The Trustee shall not be liable for any action taken or omitted by it in the performance of its duties under this Indenture, except for its own negligence or willful misconduct, both before and after default by the City. In no event shall the Trustee be liable for incidental, indirect, special or consequential damages in connection with or arising from this Indenture for the existence, furnishing or use of the Phases #2-7 Projects or the Initial Major Improvement Projects.

The Trustee shall not be required to take notice, and shall not be deemed to have notice, of any default or Event of Default hereunder, unless the Trustee shall be notified specifically of the default or Event of Default in a written instrument or document delivered to it by the City or by the holders of at least a majority of the aggregate principal amount of Bonds then Outstanding. In the absence of delivery of a notice satisfying those requirements, the Trustee may assume conclusively that there is no default or Event of Default.

In case a default or an Event of Default has occurred and is continuing hereunder (of which the Trustee has been notified), the Trustee shall exercise those rights and powers vested in it by this Indenture and shall use the same degree of care and skill in its exercise, as a prudent person would exercise or use under the circumstances in the conduct of his own affairs.

Section 9.4. Property Held in Trust.

All moneys and securities held by the Trustee at any time pursuant to the terms of this Indenture shall be held by the Trustee in trust for the purposes and under the terms and conditions of this Indenture.

Section 9.5. Trustee Protected in Relying on Certain Documents.

The Trustee may rely upon any order, notice, request, consent, waiver, certificate, statement, affidavit, requisition, bond, or other document provided to the Trustee in accordance with the terms of this Indenture that it shall in good faith reasonably believe to be genuine and to have been adopted or signed by the proper board or Person or to have been prepared and furnished pursuant to any of the provisions of this Indenture, or upon the written opinion of any counsel, architect, engineer, insurance consultant, management consultant, or accountant believed by the Trustee to be qualified in relation to the subject matter, and the Trustee shall be under no duty to make any investigation or inquiry into any statements contained or matters referred to in any such instrument. The Trustee may consult with counsel, who may or may not be Bond Counsel, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken, suffered, or omitted to be taken by it in good faith and in accordance therewith.

Whenever the Trustee shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action under this Indenture, such matter may be deemed to be conclusively proved and established by a City Certificate, unless other evidence in respect thereof be hereby specifically prescribed. Such City Certificate shall be full warrant for any action taken or suffered in good faith under the provisions hereof, but in its sole discretion the Trustee may in lieu thereof accept other evidence of such fact or matter or may require such further or additional evidence as it may deem reasonable. Except as otherwise expressly provided herein, any request, order, notice, or other direction required or permitted to be furnished pursuant to any provision hereof by the City to the Trustee shall be sufficiently executed if executed in the name of the City by the City Representative.

The Trustee shall not be under any obligation to see to the recording or filing of this Indenture, or otherwise to the giving to any Person of notice of the provisions hereof except as expressly required in Section 9.13 herein.

Section 9.6. Compensation.

Unless otherwise provided by contract with the Trustee, the Trustee shall transfer from the District Administration Account of the Administrative Fund, from time to time, reasonable compensation for all services rendered by it hereunder, including its services as Paying Agent/Registrar, together with all its reasonable expenses, charges, and other disbursements and those of its counsel, agents and employees, incurred in and about the administration and execution of the trusts hereby created and the exercise of its powers and the performance of its duties hereunder, subject to any limit on the amount of such compensation or recovery of expenses or other charges as shall be prescribed by specific agreement, and the Trustee shall have a lien therefor on any and all funds at any time held by it in the Administrative Fund. None of the provisions contained in this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties or in the exercise of any of its rights or powers, if in the judgment of the Trustee there are reasonable grounds for believing that the repayment of such funds or liability is not reasonably assured to it. If the City

shall fail to make any payment required by this Section, the Trustee may make such payment from any moneys in its possession in the Administrative Fund.

Section 9.7. Permitted Acts.

The Trustee and its directors, officers, employees, or agents may become the owner of or may in good faith buy, sell, own, hold and deal in Bonds and may join in any action that any Owner of Bonds may be entitled to take as fully and with the same rights as if it were not the Trustee. The Trustee may act as depository, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, the City or any committee formed to protect the rights of Owners or to effect or aid in any reorganization growing out of the enforcement of the Bonds or this Indenture, whether or not such committee shall represent the Owners of a majority in aggregate outstanding principal amount of the Bonds.

Section 9.8. Resignation of Trustee.

The Trustee may at any time resign and be discharged of its duties and obligations hereunder by giving not fewer than 30 days' written notice, specifying the date when such resignation shall take effect, to the City and each Owner of any Outstanding Bond. Such resignation shall take effect upon the appointment of a successor as provided in Section 9.10 and the acceptance of such appointment by such successor.

Section 9.9. Removal of Trustee.

The Trustee may be removed at any time by (i) the Owners of at least a majority of the aggregate Outstanding principal of the Bonds by an instrument or concurrent instruments in writing signed and acknowledged by such Owners or by their attorneys-in-fact, duly authorized and delivered to the City, or (ii) the City, so long as the City is not in default under this Indenture. Copies of each such instrument shall be delivered by the City to the Trustee and any successor thereof. The Trustee may also be removed at any time for any breach of trust or for acting or proceeding in violation of, or for failing to act or proceed in accordance with, any provision of this Indenture with respect to the duties and obligations of the Trustee by any court of competent jurisdiction upon the application of the City or the Owners of not less than 10% of the aggregate Outstanding principal of the Bonds.

Section 9.10. Successor Trustee.

If the Trustee shall resign, be removed, be dissolved, or become incapable of acting, or shall be adjudged as bankrupt or insolvent, or if a receiver, liquidator, or conservator of the Trustee or of its property shall be appointed, or if any public officer shall take charge or control of the Trustee or of its property or affairs, the position of the Trustee hereunder shall thereupon become vacant.

If the position of Trustee shall become vacant for any of the foregoing reasons or for any other reason, a successor Trustee may be appointed within one year after any such vacancy shall have occurred by the Owners of at least 25% of the aggregate outstanding principal of the Bonds by an instrument or concurrent instruments in writing signed and acknowledged by such Owners or their attorneys-in-fact, duly authorized and delivered to such successor Trustee, with notification thereof being given to the predecessor Trustee and the City.

Unless such successor Trustee shall have been appointed by the Owners of the Bonds, the City shall forthwith appoint a Trustee to act hereunder. Copies of any instrument of the City providing for any such appointment shall be delivered by the City to the Trustee so appointed. The City shall mail notice of any such appointment to each Owner of any Outstanding Bonds within 30 days after such appointment. Any appointment of a successor Trustee made by the City immediately and without further act shall be superseded and revoked by an appointment subsequently made by the Owners of Bonds, in accordance with the immediately preceding paragraph.

If in a proper case no appointment of a successor Trustee shall be made within 45 days after the giving by any Trustee of any notice of resignation in accordance with Section 9.8 herein or after the occurrence of any other event requiring or authorizing such appointment, the Trustee or any Owner of Bonds may apply to any court of competent jurisdiction for the appointment of such a successor, and the court may thereupon, after such notice, if any, as the court may deem proper, appoint such successor and the City shall be responsible for the costs of such appointment process.

Any successor Trustee appointed under the provisions of this Section shall be a commercial bank or trust company or national banking association (i) having a capital and surplus and undivided profits aggregating at least $50,000,000, if there be such a commercial bank or trust company or national banking association willing and able to accept the appointment on reasonable and customary terms, and (ii) authorized by law to perform all the duties of the Trustee required by this Indenture.

Each successor Trustee shall mail, in accordance with the provisions of the Bonds, notice of its appointment to the Trustee, any rating agency which, at the time of such appointment, is providing a rating on the Bonds and each of the Owners of the Bonds.

Section 9.11. Transfer of Rights and Property to Successor Trustee.

Any successor Trustee appointed under the provisions of Section 9.10 shall execute, acknowledge, and deliver to its predecessor and the City an instrument in writing accepting such appointment, and thereupon such successor, without any further act, deed, or conveyance, shall become fully vested with all moneys, estates, properties, rights, immunities, powers, duties, obligations, and trusts of its predecessor hereunder, with like effect as if originally appointed as Trustee. However, the Trustee then ceasing to act shall nevertheless, on request of the City or of such successor, execute, acknowledge, and deliver such instruments of conveyance and further assurance and do such other things as may reasonably be required for more fully and certainly vesting and confirming in such successor all the rights, immunities, powers, and trusts of such Trustee and all the right, title, and interest of such Trustee in and to the Trust Estate, and shall pay over, assign, and deliver to such successor any moneys or other properties subject to the trusts and conditions herein set forth. Should any deed, conveyance, or instrument in writing from the City be required by such successor for more fully and certainly vesting in and confirming to it any such moneys, estates, properties, rights, powers, duties, or obligations, any and all such deeds, conveyances, and instruments in writing, on request and so far as may be authorized by law, shall be executed, acknowledged, and delivered by the City.

Section 9.12. Merger, Conversion or Consolidation of Trustee.

Any corporation or association into which the Trustee may be merged or with which it may be consolidated or any corporation or association resulting from any merger, conversion or

consolidation to which it shall be a party or any corporation or association to which the Trustee may sell or transfer all or substantially all of its corporate trust business shall be the successor to such Trustee hereunder, without any further act, deed or conveyance, provided that such corporation or association shall be a commercial bank or trust company or national banking association qualified to be a successor to such Trustee under the provisions of Section 9.10, or a trust company that is a wholly-owned subsidiary of any of the foregoing.

Section 9.13. Trustee to File Continuation Statements.

If necessary, the Trustee shall file or cause to be filed, such continuation statements as are delivered to the Trustee by the City, or on behalf of the City, and which may be required by the Texas Uniform Commercial Code, as from time to time in effect (the "UCC"), in order to continue perfection of the security interest of the Trustee in such items of tangible or intangible personal property and any fixtures as may have been granted to the Trustee pursuant to this Indenture in the time, place and manner required by the UCC.

Section 9.14. Accounts, Periodic Reports and Certificates.

The Trustee shall keep or cause to be kept proper books of record and account (separate from all other records and accounts) in which complete and correct entries shall be made of its transactions relating to the Funds and Accounts established by this Indenture and which shall at all times be subject to inspection by the City, and the Owner or Owners of not less than 10% in principal amount of any Bonds then Outstanding or their representatives duly authorized in writing.

Section 9.15. Construction of Indenture.

The Trustee may construe any of the provisions of this Indenture insofar as the same may appear to be ambiguous or inconsistent with any other provision hereof, and any construction of any such provisions hereof by the Trustee in good faith shall be binding upon the Owners of the Bonds. Permissive rights of the Trustee are not to be construed as duties.

ARTICLE X

MODIFICATION OR AMENDMENT OF THIS INDENTURE

Section 10.1. Amendments Permitted.

(a) This Indenture and the rights and obligations of the City and of the Owners of the Bonds may be modified or amended at any time by a Supplemental Indenture, except as provided below, pursuant to the affirmative vote at a meeting of Owners of the Bonds, or with the written consent without a meeting, of the Owners of at least 51% of the aggregate principal amount of the Bonds then Outstanding. No such modification or amendment shall (i) extend the maturity of any Bond or reduce the interest rate thereon, or otherwise alter or impair the obligation of the City to pay the principal of or the interest and any premium on, any Bond, without the express consent of the Owner of such Bond, (ii) permit the creation by the City of any pledge or lien upon the Trust Estate superior to or on a parity with the pledge and lien created for the benefit of the Bonds (except as otherwise permitted by Applicable Laws or this Indenture), or (iii) reduce the percentage of the Owners of Bonds required for the amendment hereof. Any such amendment may not modify any of the rights or obligations of the Trustee without its written consent.

(b) This Indenture and the rights and obligations of the City and of the Owners may also be modified or amended at any time by a Supplemental Indenture, without the consent of any Owners, only to the extent permitted by law and only for any one or more of the following purposes:

(i) to add to the covenants and agreements of the City in this Indenture contained, other covenants and agreements thereafter to be observed, or to limit or surrender any right or power herein reserved to or conferred upon the City;

(iii) to make such provisions for the purpose of curing any ambiguity, or of curing, correcting or supplementing any defective provision contained in this Indenture, or in regard to questions arising under this Indenture, as the City and the Trustee may deem necessary or desirable and not inconsistent with this Indenture, and that shall not adversely affect the rights of the Owners of the Bonds; and

(iv) to provide for the issuance of bonds issued to refund all or a portion of the Bonds, as set forth in Section 13.2; and

(v) to make such additions, deletions or modifications as may be necessary or desirable to assure exemption from federal income taxation of interest on the Bonds.

(c) Any such modification or amendment made pursuant to Section 10.1(b) shall not be subject to the notice procedures specified in Section 10.3 below.

(d) Notwithstanding the above, no Supplemental Indenture under this Section shall be effective unless the City first delivers to the Trustee an opinion of Bond Counsel to the effect that such amendment or supplement (i) is permitted under Applicable Laws and the provisions of this Indenture in effect after taking into account the proposed amendment or supplement; (ii) will not adversely affect the interests of the Owners in any material respect, without the consent of the Owners; provided, however, that issuance of bonds issued to refund all or a portion of the Bonds in accordance with the provisions of Section 13.2 hereof are each deemed to not be a material adverse effect for purposes of such opinion; and (iii) will not adversely affect the exclusion of interest on any Bond from gross income for purposes of federal income taxation.

Section 10.2. Owners' Meetings.

The City may at any time call a meeting of the Owners of the Bonds. In such event the City is authorized to fix the time and place of said meeting and to provide for the giving of notice thereof, and to fix and adopt rules and regulations for the conduct of said meeting.

Section 10.3. Procedure for Amendment with Written Consent of Owners.

The City and the Trustee may at any time adopt a Supplemental Indenture amending the provisions of the Bonds or of this Indenture, to the extent that such amendment is permitted by Section 10.1 herein, to take effect when and as provided in this Section. A copy of such

Supplemental Indenture, together with a request to Owners for their consent thereto, which Supplemental Indenture shall be mailed by first-class mail, by the Trustee to each Owner of Bonds from whom consent is required under this Indenture, but failure to mail copies of such Supplemental Indenture and request shall not affect the validity of the Supplemental Indenture when assented to as in this Section provided.

Such Supplemental Indenture shall not become effective (except as provided in Section 10.1(c)) unless there shall be filed with the Trustee the written consents of the Owners as required by this Indenture and a notice shall have been mailed as hereinafter in this Section provided. Each such consent shall be effective only if accompanied by proof of ownership of the Bonds for which such consent is given, which proof shall be such as is permitted by Section 11.6 herein. Any such consent shall be binding upon the Owner of the Bonds giving such consent and on any subsequent Owner (whether or not such subsequent Owner has notice thereof), unless such consent is revoked in writing by the Owner giving such consent or a subsequent Owner by filing such revocation with the Trustee prior to the date when the notice hereinafter in this Section provided for has been mailed.

After the Owners of the required percentage of Bonds shall have filed their consents to the Supplemental Indenture, the City shall mail a notice to the Owners in the manner hereinbefore provided in this Section for the mailing of the Supplemental Indenture, stating in substance that the Supplemental Indenture has been consented to by the Owners of the required percentage of Bonds and will be effective as provided in this Section (but failure to mail copies of said notice shall not affect the validity of the Supplemental Indenture or consents thereto). Proof of the mailing of such notice shall be filed with the Trustee. A record, consisting of the papers required by this Section 10.3 to be filed with the Trustee, shall be proof of the matters therein stated until the contrary is proved. The Supplemental Indenture shall become effective upon the filing with the Trustee of the proof of mailing of such notice, and the Supplemental Indenture shall be deemed conclusively binding (except as otherwise hereinabove specifically provided in this Article) upon the City and the Owners of all Bonds at the expiration of sixty (60) days after such filing, except in the event of a final decree of a court of competent jurisdiction setting aside such consent in a legal action or equitable proceeding for such purpose commenced within such sixty-day period; provided, however, that the Trustee during such sixty day period and any such further period during which any such action or proceeding may be pending shall be entitled in its sole discretion to take such action, or to refrain from taking such action, with respect to such Supplemental Indenture, as it may deem expedient; provided, further, that the Trustee shall have no obligation to take or refrain from taking any such action and the Trustee shall have no liability with respect to any action taken or any instance of inactions.

Section 10.4. Effect of Supplemental Indenture.

From and after the time any Supplemental Indenture becomes effective pursuant to this Article X, this Indenture shall be deemed to be modified and amended in accordance therewith, the respective rights, duties, and obligations under this Indenture of the City, the Trustee, and all Owners of Bonds Outstanding shall thereafter be determined, exercised and enforced hereunder subject in all respects to such modifications and amendments, and all the terms and conditions of any such Supplemental Indenture shall be deemed to be part of the terms and conditions of this Indenture for any and all purposes.

Section 10.5. Endorsement or Replacement of Bonds Issued After Amendments.

The City may determine that Bonds issued and delivered after the effective date of any action taken as provided in this Article X shall bear a notation, by endorsement or otherwise, in form approved by the City, as to such action. In that case, upon demand of the Owner of any Bond Outstanding at such effective date and presentation of his Bond for that purpose at the designated office of the Trustee or at such other office as the City may select and designate for that purpose, a suitable notation shall be made on such Bond. The City may determine that new Bonds, so modified as in the opinion of the City is necessary to conform to such Owners' action, shall be prepared, executed, and delivered. In that case, upon demand of the Owner of any Bonds then Outstanding, such new Bonds shall be exchanged at the designated office of the Trustee without cost to any Owner, for Bonds then Outstanding, upon surrender of such Bonds.

Section 10.6. Amendatory Endorsement of Bonds.

The provisions of this Article X shall not prevent any Owner from accepting any amendment as to the particular Bonds held by such Owner, provided that due notation thereof is made on such Bonds.

Section 10.7. Waiver of Default.

With the written consent of at least a majority of the Owners in aggregate principal amount of the Bonds then Outstanding, the Owners may waive non-compliance by the City with certain past defaults under the Indenture and their consequences. Any such consent shall be conclusive and binding upon the Owners and upon all future Owners.

Section 10.8. Execution of Supplemental Indenture

In executing, or accepting the additional trusts created by, any Supplemental Indenture permitted by this Article or the modification thereby of the trusts created by this Indenture, the Trustee shall receive, and shall be fully protected in relying upon, an opinion of counsel addressed and delivered to the Trustee and the City stating that the execution of such Supplemental Indenture is permitted by and in compliance with this Indenture. The Trustee may, but shall not be obligated to, enter into any such Supplemental Indenture which affects the Trustee's own rights, duties and immunities under this Indenture.

Upon such sale, the Trustee may make and deliver to the purchaser or purchasers a good and sufficient assignment or conveyance for the same, which sale shall be a perpetual bar both at law and in equity against the City, and all other Persons claiming such properties. No purchaser at any sale shall be bound to see to the application of the purchase money proceeds thereof or to inquire as to the authorization, necessity, expediency, or regularity of any such sale. Nevertheless, if so requested by the Trustee, the City shall ratify and confirm any sale or sales by executing and delivering to the Trustee or to such purchaser or purchasers all such instruments as may be necessary or, in the judgment of the Trustee, proper for the purpose which may be designated in such request.

Section 11.3. Restriction on Owner's Action.

(a) No Owner shall have any right to institute any action, suit or proceeding at law or in equity for the enforcement of this Indenture or for the execution of any trust thereof or any other remedy hereunder, unless (i) a default has occurred and is continuing of which the Trustee has been notified in writing, (ii) such default has become an Event of Default and the Owners of at least 25% of the aggregate principal amount of the Bonds then Outstanding have made written request to the Trustee and offered it reasonable opportunity either to proceed to exercise the powers hereinbefore granted or to institute such action, suit or proceeding in its own name, (iii) the Owners have furnished to the Trustee indemnity as provided in Section 9.2 herein, (iv) the Trustee has for 90 days after such notice failed or refused to exercise the powers hereinbefore granted, or to institute such action, suit, or proceeding in its own name, (v) no direction inconsistent with such written request has been given to the Trustee during such 90-day period by the Owners of at least a majority of the aggregate principal amount of the Bonds then Outstanding, and (vi) notice of such action, suit, or proceeding is given to the Trustee; however, no one or more Owners of the Bonds shall have any right in any manner whatsoever to affect, disturb, or prejudice this Indenture by its, his or their action or to enforce any right hereunder except in the manner provided herein, and that all proceedings at law or in equity shall be instituted and maintained in the manner provided herein and for the equal benefit of the Owners of all Bonds then Outstanding. The notification, request and furnishing of indemnity set forth above shall, at the option of the Trustee, be conditions precedent to the execution of the powers and trusts of this Indenture and to any action or cause of action for the enforcement of this Indenture or for any other remedy hereunder.

(b) Subject to Article VIII, nothing in this Indenture shall affect or impair the right of any Owner to enforce, by action at law, payment of any Bond at and after the maturity thereof, or on the date fixed for redemption or the obligation of the City to pay each Bond issued hereunder to the respective Owners thereof at the time and place, from the source and in the manner expressed herein and in the Bonds.

(c) In case the Trustee or any Owners shall have proceeded to enforce any right under this Indenture and such proceedings shall have been discontinued or abandoned for any reason or shall have been determined adversely to the Trustee or any Owners, then and in every such case the City, the Trustee and the Owners shall be restored to their former positions and rights hereunder, and all rights, remedies and powers of the Trustee shall continue as if no such proceedings had been taken.

Within 10 days of receipt of such good and available funds, the Trustee may fix a record and payment date for any payment to be made to Owners pursuant to this Section 11.4.

(b) In the event funds are not adequate to cure any of the Events of Default described in Section 11.1, the available funds shall be allocated to the Bonds that are Outstanding in proportion to the quantity of Bonds that are currently due and in default under the terms of this Indenture.

(c) The restoration of the City to its prior position after any and all defaults have been cured, as provided in Section 11.3, shall not extend to or affect any subsequent default under this Indenture or impair any right consequent thereon.

Section 11.5. Effect of Waiver.

No delay or omission of the Trustee, or any Owner, to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein; and every power and remedy given by this Indenture to the Trustee or the Owners, respectively, may be exercised from time to time and as often as may be deemed expedient.

Section 11.6. Evidence of Ownership of Bonds.

Where such execution is by an officer of a corporation or association or a member of a partnership, on behalf of such corporation, association or partnership, such signature guarantee, certificate, or affidavit shall also constitute sufficient proof of his authority.

(ii) The ownership of Bonds and the amount, numbers and other identification and date of holding the same shall be proved by the Register.

(b) Except as otherwise provided in this Indenture with respect to revocation of a consent, any request or consent by an Owner of Bonds shall bind all future Owners of the same Bonds in respect of anything done or suffered to be done by the City or the Trustee in accordance therewith.

Section 11.7. No Acceleration.

In the event of the occurrence of an Event of Default under Section 11.1 hereof, the right of acceleration of any Stated Maturity is not granted as a remedy hereunder and the right of acceleration under this Indenture is expressly denied.

Any such notice, demand, or request may also be transmitted to the appropriate party by telephone and shall be deemed to be properly given or made at the time of such transmission if, and only if, such transmission of notice shall be confirmed in writing and sent as specified above.

Any of such addresses may be changed at any time upon written notice of such change given to the other party by the party effecting the change. Notices and consents given by mail in accordance with this Section shall be deemed to have been given five Business Days after the date of dispatch; notices and consents given by any other means shall be deemed to have been given when received.

(b) The Trustee shall have the right to accept and act upon instructions, including funds transfer instructions ("Instructions") given pursuant to this Indenture and delivered using Electronic Means ("Electronic Means" means the following communications methods: e-mail, facsimile transmission, secure electronic transmission containing applicable authorization codes, passwords and/or authentication keys issued by the Trustee, or another method or system

specified by the Trustee as available for use in connection with its services hereunder); provided, however, that the City shall provide to the Trustee an incumbency certificate listing officers with the authority to provide such Instructions ("Authorized Officers") and containing specimen signatures of such Authorized Officers, which incumbency certificate shall be amended by the City whenever a person is to be added or deleted from the listing. If the City elects to give the Trustee Instructions using Electronic Means and the Trustee in its discretion elects to act upon such Instructions, the Trustee's understanding of such Instructions shall be deemed controlling. The City understands and agrees that the Trustee cannot determine the identity of the actual sender of such Instructions and that the Trustee shall conclusively presume that directions that purport to have been sent by an Authorized Officer listed on the incumbency certificate provided to the Trustee have been sent by such Authorized Officer. The City shall be responsible for ensuring that only Authorized Officers transmit such Instructions to the Trustee and the City and all Authorized Officers are solely responsible to safeguard the use and confidentiality of applicable user and authorization codes, passwords and/or authentication keys upon receipt by the City. The Trustee shall not be liable for any losses, costs or expenses arising directly or indirectly from the Trustee's reliance upon and compliance with such Instructions notwithstanding such directions conflict or are inconsistent with a subsequent written instruction. The City agrees: (i) to assume all risks arising out of the use of Electronic Means to submit Instructions to the Trustee, including without limitation the risk of the Trustee acting on unauthorized Instructions, and the risk of interception and misuse by third parties; (ii) that it is fully informed of the protections and risks associated with the various methods of transmitting Instructions to the Trustee and that there may be more secure methods of transmitting Instructions than the method(s) selected by the City; (iii) that the security procedures (if any) to be followed in connection with its transmission of Instructions provide to it a commercially reasonable degree of protection in light of its particular needs and circumstances; and (iv) to notify the Trustee immediately upon learning of any compromise or unauthorized use of the security procedures.

(c) The Trustee shall mail to each Owner of a Bond notice of (i) any substitution of the Trustee; or (ii) the redemption or defeasance of all Bonds Outstanding.

Section 15.6. Partial Invalidity.

If any Section, paragraph, sentence, clause, or phrase of this Indenture shall for any reason be held illegal or unenforceable, such holding shall not affect the validity of the remaining portions of this Indenture. The City hereby declares that it would have adopted this Indenture and each and every other Section, paragraph, sentence, clause, or phrase hereof and authorized the issue of the Bonds pursuant thereto irrespective of the fact that any one or more Sections, paragraphs, sentences, clauses, or phrases of this Indenture may be held illegal, invalid, or unenforceable.

Section 15.7. Applicable Laws.

This Indenture shall be governed by and enforced in accordance with the laws of the State of Texas applicable to contracts made and performed in the State of Texas.

Section 15.8. Payment on Business Day.

In any case where the date of the maturity of interest or of principal (and premium, if any) of the Bonds or the date fixed for redemption of any Bonds or the date any action is to be taken pursuant to this Indenture is other than a Business Day, the payment of interest or principal (and

premium, if any) or the action need not be made on such date but may be made on the next succeeding day that is a Business Day with the same force and effect as if made on the date required and no interest shall accrue for the period from and after such date.

Section 15.9. Counterparts.

This Indenture may be executed in counterparts, each of which shall be deemed an original.

Section 15.10. Statutory Verifications.

The Trustee makes the following representation and verifications to enable the City to comply with Chapters 2252, 2271, 2274, and 2276, Texas Government Code, as heretofore amended (the "Government Code"), in entering into this Indenture. As used in such verifications, "affiliate" means an entity that controls, is controlled by, or is under common control with the Trustee within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit. Liability for breach of any such verification during the term of this Indenture shall survive until barred by the applicable statute of limitations, and shall not be liquidated or otherwise limited by any provision of this Indenture, notwithstanding anything in this Indenture to the contrary.

(a) Not a Sanctioned Company. The Trustee represents that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Government Code. The foregoing representation excludes the Trustee and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization.

(b) No Boycott of Israel. The Trustee hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott Israel and will not boycott Israel during the term of this Indenture. As used in the foregoing verification, "boycott Israel" has the meaning provided in Section 2271.001, Government Code.

(c) No Discrimination Against Firearm Entities. The Trustee hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate against a firearm entity or firearm trade association during the term of this Indenture. As used in the foregoing verification, "discriminate against a firearm entity or firearm trade association" has the meaning provided in Section 2274.001(3), Government Code.

(d) No Boycott of Energy Companies. The Trustee hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott energy companies and will not boycott energy companies during the term of this Indenture. As used in the foregoing verification, "boycott energy companies" has the meaning provided in Section 2276.001(1), Government Code.

Section 15.11. Municipal Bond Insurance and Reserve Account Surety Policy.

The provisions relating to (i) the municipal bond insurance policy with respect to the Bonds and (ii) the reserve fund surety policy being deposited into the Reserve Account as a Reserve Account Obligation, being issued by _____, are set forth in Exhibit B hereto, and such provisions are incorporated herein by reference. The reserve fund surety policy is a credit agreement as described in Section 1371.001(1), Texas Government Code, and the City is authorized to and is entering into said credit agreement with _____ pursuant to Section 1371.056, Texas Government Code.

IN WITNESS WHEREOF, the City and the Trustee have caused this Indenture of Trust to be executed all as of the date hereof.

Capitalized terms appearing herein that are defined terms in the Indenture, defined below, have the meanings assigned to them in the Indenture. Reference is made to the Indenture for such definitions and for all other purposes.

The principal of this Bond shall be payable without exchange or collection charges in lawful money of the United States of America upon presentation and surrender of this Bond at the corporate trust office in Dallas, Texas (the "Designated Payment/Transfer Office"), of U.S. Bank Trust Company, National Association, as trustee and paying agent/registrar (the "Trustee", which term includes any successor trustee under the Indenture), or, with respect to a successor trustee and paying agent/registrar, at the Designated Payment/Transfer Office of such successor. Interest on this Bond is payable by check dated as of the Interest Payment Date, mailed by the Trustee to the registered owner at the address shown on the registration books kept by the Trustee or by such other customary banking arrangements acceptable to the Trustee, requested by, and at the risk and expense of, the Person to whom interest is to be paid. For the purpose of the payment of interest on this Bond, the registered owner shall be the Person in whose name this Bond is registered at the close of business on the "Record Date," which shall be the 15th calendar day of the month next preceding such Interest Payment Date; provided, however, that in the event of nonpayment of interest on a scheduled Interest Payment Date, and for 30 days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Trustee, if and when funds for the payment of such interest have been received from the City. Notice of the Special Record Date and of the scheduled payment date of the past due interest (the "Special Payment Date," which shall be 15 days after the Special Record Date) shall be sent at least five Business Days prior to the Special Record Date by United States mail, first-class, postage prepaid, to the address of each Owner of a Bond appearing on the books of the Trustee at the close of business on the last Business Day preceding the date of mailing such notice.

If a date for the payment of the principal of or interest on the Bonds is a Saturday, Sunday, legal holiday, or a day on which banking institutions in the city in which the Designated Payment/Transfer Office is located are authorized by law or executive order to close, then the date for such payment shall be the next succeeding Business Day, and payment on such date shall have the same force and effect as if made on the original date payment was due.

This Bond is one of a duly authorized issue of assessment revenue bonds of the City having the designation specified in its title (herein referred to as the "Bonds"), dated February 27, 2025 and issued in the aggregate principal amount of $_____ and issued, with the limitations described herein, pursuant to an Indenture of Trust, dated as of February 1, 2025 (the "Indenture"), by and between the City and the Trustee, to which Indenture reference is hereby made for a description of the amounts thereby pledged and assigned, the nature and extent of the lien and security, the respective rights thereunder to the holders of the Bonds, the Trustee, and the City, and the terms upon which the Bonds are, and are to be, authenticated and delivered and by this reference to the terms of which each holder of this Bond hereby consents. All Bonds issued under the Indenture are equally and ratably secured by the amounts thereby pledged and assigned. The Bonds are being issued for the purpose of (i) refunding the Refunded Bonds, (ii) paying a portion of the Actual Costs of the Phases #2-7 Projects and the Initial Major Improvement Projects; (iii) funding a reserve fund for payment of principal and interest on the Bonds, and (iv) paying the costs of issuing the Bonds.

The Bonds are special, limited obligations of the City payable solely from the Trust Estate as defined in the Indenture. Reference is hereby made to the Indenture, copies of which are on file with and available upon request from the Trustee, for the provisions, among others, with respect to the nature and extent of the duties and obligations of the City, the Trustee and the Owners. The Owner of this Bond, by the acceptance hereof, is deemed to have agreed and consented to the terms, conditions and provisions of the Indenture.

Notwithstanding any provision hereof, the Indenture may be released and the obligation of the City to make money available to pay this Bond may be defeased by the deposit of money and/or certain direct or indirect Defeasance Securities sufficient for such purpose as described in the Indenture.

The Bonds are issuable as fully registered bonds only in Authorized Denominations, subject to the provisions of the Indenture authorizing redemption in denominations of $5,000 and any multiple of $1,000 in excess thereof, except as otherwise provided in the Indenture.

The Bonds are subject to sinking fund redemption prior to their Stated Maturity and will be redeemed by the City in part at a price equal to the principal amount thereof plus accrued and unpaid interest thereon to the date set for redemption from moneys available for such purpose in the Principal and Interest Account of the Bond Fund pursuant to Article VI of the Indenture, on the dates and in the respective Sinking Fund Installments as set forth in the following schedule:

At least 45 days prior to each mandatory sinking fund redemption date and subject to any prior reduction authorized by the Indenture, the Trustee shall select in accordance with the terms of the Indenture, a principal amount of Bonds of such maturity equal to the Sinking Fund Installment amount of such Bonds to be redeemed, shall call such Bonds for redemption on such scheduled mandatory sinking fund redemption date, and shall give notice of such redemption, as provided in the Indenture.

The principal amount of Bonds of a Stated Maturity required to be redeemed on any mandatory sinking fund redemption date shall be reduced, at the option of the City, by the principal amount of any Bonds of such maturity which, at least 45 days prior to the mandatory sinking fund redemption date shall have been acquired by the City at a price not exceeding the principal amount of such Bonds plus accrued and unpaid interest to the date of purchase thereof, and delivered to the Trustee for cancellation.

The principal amount of Bonds required to be redeemed on any mandatory sinking fund redemption date shall be reduced on a pro rata basis among Sinking Fund Installments by the principal amount of any Bonds which, at least 45 days prior to the mandatory sinking fund redemption date, shall have been redeemed pursuant to the optional redemption or extraordinary optional redemption provisions appearing below and not previously credited to a mandatory sinking fund redemption.

The City reserves the right and option to redeem the Bonds maturing on or after September 1, 20__, before their respective scheduled maturity dates, in whole or in part, on any date on or after September 1, 20__, such redemption date or dates to be fixed by the City, at the Redemption Price.

The Bonds are subject to extraordinary optional redemption prior to maturity in whole or in part, and in an amount and on any date specified in a City Certificate, at a Redemption Price equal to the principal amount of the Bonds called for redemption, plus accrued and unpaid interest to the date fixed for redemption from amounts on deposit in the Redemption Fund as a result of Prepayments and other transfers to the Redemption Fund in accordance with the provisions of the Indenture.

If less than all of the Bonds are redeemed pursuant to the mandatory sinking fund redemption, optional redemption or extraordinary optional redemption provisions, the Bonds to be redeemed shall be selected in accordance with the terms of the Indenture.

The Trustee shall give notice of any redemption of Bonds by sending notice by United States mail, first-class, postage prepaid, not less than 30 days before the date fixed for redemption, to the Owner of each Bond (or part thereof) to be redeemed, at the address shown on the Register. The notice shall state the redemption date, the Redemption Price, the place at which the Bonds are to be surrendered for payment, and, if less than all the Bonds Outstanding

are to be redeemed, an identification of the Bonds or portions thereof to be redeemed. Any notice so given shall be conclusively presumed to have been duly given, whether or not the Owner receives such notice.

With respect to any optional redemption or extraordinary optional redemption of the Bonds, unless the Trustee has received funds sufficient to pay the Redemption Price of the Bonds to be redeemed before giving of a notice of redemption, the notice may state that the City may condition redemption on the receipt of such funds by the Trustee on or before the date fixed for the redemption, or on the satisfaction of any other prerequisites set forth in the notice of redemption. If a conditional notice of redemption is given and such prerequisites to the redemption are not satisfied and sufficient funds are not received, the notice shall be of no force and effect, the City shall not redeem the Bonds and the Trustee shall give notice, in the manner in which the notice of redemption was given, that the Bonds have not been redeemed.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the City and the rights of the holders of the Bonds under the Indenture at any time Outstanding affected by such modification. The Indenture also contains provisions permitting the Owners of specified percentages in aggregate principal amount of the Bonds at the time Outstanding, on behalf of the Owners of all the Bonds, to waive compliance by the City with certain past defaults under the Bond Ordinance or the Indenture and their consequences. Any such consent or waiver by the Owner of this Bond or any predecessor Bond evidencing the same debt shall be conclusive and binding upon such Owner and upon all future Owners thereof and of any Bond issued upon the transfer thereof or in exchange therefor or in lieu thereof, whether or not notation of such consent or waiver is made upon this Bond.

As provided in the Indenture, this Bond is transferable upon surrender of this Bond for transfer at the Designated Payment/Transfer Office, with such endorsement or other evidence of transfer as is acceptable to the Trustee, and upon delivery to the Trustee of such certifications and/or opinion of counsel as may be required under the Indenture for the transfer of this Bond. Upon satisfaction of such requirements, one or more new fully registered Bonds of the same Stated Maturity, of Authorized Denominations, bearing the same rate of interest, and for the same aggregate principal amount will be issued to the designated transferee or transferees.

Neither the City nor the Trustee shall be required to issue, transfer or exchange any Bond called for redemption where such redemption is scheduled to occur within 45 calendar days of the transfer or exchange date; provided, however, such limitation shall not be applicable to an exchange by the registered owner of the uncalled principal balance of a Bond redeemed in part.

The City, the Trustee, and any other Person may treat the Person in whose name this Bond is registered as the owner hereof for the purpose of receiving payment as herein provided (except interest shall be paid to the Person in whose name this Bond is registered on the Record Date or Special Record Date, as applicable) and for all other purposes, whether or not this Bond be overdue, and neither the City nor the Trustee shall be affected by notice to the contrary.

The City has reserved the right to issue Additional Obligations and bonds issued to refund all or a portion of the Bonds on the terms and conditions specified in the Indenture.

NEITHER THE FULL FAITH AND CREDIT NOR THE GENERAL TAXING POWER OF THE CITY OF CELINA, TEXAS OR THE STATE OF TEXAS, OR ANY POLITICAL SUBDIVISION THEREOF, IS PLEDGED TO THE PAYMENT OF THE BONDS.

IT IS HEREBY CERTIFIED AND RECITED that the issuance of this Bond and the series of which it is a part is duly authorized by law; that all acts, conditions and things required to be done precedent to and in the issuance of the Bonds have been properly done and performed and have happened in regular and due time, form and manner, as required by law; and that the total indebtedness of the City, including the Bonds, does not exceed any Constitutional or statutory limitation.

IN WITNESS WHEREOF, the City Council of the City has caused this Bond to be executed under the official seal of the City.

BOND PURCHASE AGREEMENT

January 14, 2025

City of Celina, Texas
142 N. Ohio St.
Celina, Texas 75009

Ladies and Gentlemen:

The undersigned, FMSbonds, Inc. (the "Underwriter"), offers to enter into this Bond Purchase Agreement (this "Agreement") with the City of Celina, Texas (the "City"), which will be binding upon the City and the Underwriter upon the acceptance of this Agreement by the City. This offer is made subject to its acceptance by the City by execution of this Agreement and its delivery to the Underwriter on or before 10:00 p.m., Central Time, on the date hereof and, if not so accepted, will be subject to withdrawal by the Underwriter upon written notice delivered to the City at any time prior to the acceptance hereof by the City.

All capitalized terms not otherwise defined herein shall have the meanings given to such terms in the Indenture (defined herein), between the City and U.S. Bank Trust Company, National Association, as trustee (the "Trustee"), authorizing the issuance of the Bonds (defined herein), and the Official Statement (defined herein).

1. Purchase and Sale of Bonds. Upon the terms and conditions and upon the basis of representations, warranties, and agreements hereinafter set forth, the Underwriter hereby agrees to purchase from the City, and the City hereby agrees to sell to the Underwriter, all (but not less than all) of the $34,084,000 aggregate principal amount of the "City of Celina, Texas, Special Assessment Revenue Refunding and Improvement Bonds, Series 2025 (The Lakes at Mustang Ranch Public Improvement District Major Improvement Area and Phases #2-7 Project)" (the "Bonds"), at a purchase price of $_____ (representing the aggregate principal amount of the Bonds, plus an original reoffering premium of $_____, and less an Underwriter's discount of $_____).

Inasmuch as this purchase and sale represents a negotiated transaction, the City understands, and hereby confirms, that the Underwriter is not acting as a municipal advisor or fiduciary of the City (including, without limitation, a "municipal advisor" (as such term is defined in Section 975(e) of the Dodd Frank Wall Street Reform and Consumer Protection Act)), but rather

is acting solely in its capacity as Underwriter for its own account. The City acknowledges and agrees that (i) the purchase and sale of the Bonds pursuant to this Agreement is an arm's length commercial transaction between the City and the Underwriter, (ii) in connection with the discussions, undertakings, and procedures leading up to the consummation of this transaction, the Underwriter is and has been acting solely as a principal and is not acting as the agent, municipal advisor, financial advisor, or fiduciary of the City, (iii) the Underwriter has not assumed an advisory or fiduciary responsibility in favor of the City with respect to the offering described herein or the discussions, undertakings, and procedures leading thereto (regardless of whether the Underwriter has provided other services or is currently providing other services to the City on other matters) and the Underwriter has no obligation to the City with respect to the offering described herein except the obligations expressly set forth in this Agreement, (iv) the City has consulted its own legal, financial, and other advisors to the extent it has deemed appropriate, (v) the Underwriter has financial and other interests that differ from those of the City, and (vi) the Underwriter has provided to the City prior disclosures under Rule G-17 of the Municipal Securities Rulemaking Board ("MSRB"), which have been received by the City. The City further acknowledges and agrees that following the issuance and delivery of the Bonds, the Underwriter has indicated that it may have periodic discussions with the City regarding the expenditure of proceeds of the Bonds and the construction of the Initial Major Improvement Projects and the Phases #2-7 Projects financed with the Bonds and, in connection with such discussions, the Underwriter shall be acting solely as a principal and will not be acting as the agent or fiduciary, and will not be assuming an advisory or fiduciary responsibility in favor, of the City.

The Bonds shall be dated as of the Closing Date, and shall have the maturities and redemption features, if any, and bear interest at the rates per annum shown on Schedule I hereto. Payment for and delivery of the Bonds, and the other actions described herein, shall take place on February 27, 2025 (or such other date as may be agreed to by the City and the Underwriter) (the "Closing Date").

2. Authorization Instruments and Law. The Bonds were authorized by the Bond Ordinance enacted by the City Council of the City (the "City Council") on January 14, 2025, and shall be issued pursuant to the provisions of the PID Act, and the Indenture of Trust, dated as of February 1, 2025, between the City and the Trustee (the "Indenture"). The Bonds shall be substantially in the form described in, and shall be secured under the provisions of, the Indenture.

The Bonds and interest thereon shall be secured by the Trust Estate, consisting primarily of the Special Assessments levied pursuant to the Initial Major Improvement Area Assessment Ordinance, the Phase #2 Assessment Ordinance, the Phase #3 Assessment Ordinance, the Phase #4 Assessment Ordinance, the Phase #5 Assessment Ordinance, the Phase #6 Assessment Ordinance, and the Phase #7 Assessment Ordinance (collectively, the "Special Assessment Ordinances") against the Assessed Property, all to the extent and upon the conditions described in the Indenture. The District was established by a resolution (the "Creation Resolution"), enacted by the City Council on March 10, 2008, in accordance with the PID Act. The Service and Assessment Plan for the District was initially approved on January 13, 2015, and was most recently updated on January 14, 2025, in connection with the issuance of the Bonds. The Creation Resolution, the Special Assessment Ordinances, the Bond Ordinance, and the Indenture are collectively referred to herein as the "Authorizing Documents."

The Bonds shall be as described in Schedule I attached hereto, the Indenture, and the Official Statement. The proceeds of the Bonds shall be used for the purposes described in the Official Statement under "PLAN OF FINANCE – The Bonds" and shall be generally applied as described in the Official Statement under "SOURCES AND USES OF FUNDS."

A portion of the proceeds of the Bonds and certain other funds of the City, if any, shall be deposited with U.S. Bank Trust Company, National Association, as paying agent for the Refunded Bonds (the "Refunded Bonds Paying Agent"), which deposit, together with any City contribution shall be sufficient to pay the principal of and interest on the Refunded Bonds when due at stated maturity or prior redemption, as applicable.

3. Public Offering. The Underwriter agrees to make a bona fide public offering of all of the Bonds in accordance with Section 4 hereof. On or before the third (3rd) Business Day prior to the Closing Date, the Underwriter shall execute and deliver to Bond Counsel the Issue Price Certificate (defined herein), in substantially the form attached hereto as Appendix B.

4. Establishment of Issue Price.

a. The Underwriter agrees to assist the City in establishing the issue price of the Bonds and shall execute and deliver to the City on or before the third (3rd) Business Day prior to the Closing Date an "issue price" or similar certificate, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as Appendix B (the "Issue Price Certificate"), with such modifications as may be appropriate or necessary, in the reasonable judgment of the Underwriter, the City and Bond Counsel, to accurately reflect, as applicable, the sales price or prices or the initial offering price or prices to the public of the Bonds. All actions to be taken by the City under this Section to establish the issue price of the Bonds may be taken on behalf of the City by the City's Financial Advisor (defined herein) and any notice or report to be provided to the City may be provided to the Financial Advisor or to Bond Counsel.

b. The Underwriter confirms that it has offered all the Bonds of each maturity to the public on or before the date of this Agreement at the respective offering price (the "initial offering price"), or at the corresponding yield or yields, set forth in Schedule I attached hereto, except as otherwise set forth therein. The City will treat the first price at which 10% of each maturity of the Bonds is sold to the public as of the sale date as the issue price of that maturity (the "10% test"). At or promptly after the execution of this Agreement, the Underwriter shall report to the City on Schedule A to the Issue Price Certificate the first price at which the Underwriter has sold to the public each maturity of Bonds and shall identify to the City on Schedule A to the Issue Price Certificate those maturities of the Bonds for which the 10% test has not been satisfied. If different interest coupons apply within a maturity, each separate CUSIP number within that maturity will be treated as a separate maturity for this purpose.

c. The City and the Underwriter agree that the restrictions set forth in the next sentence shall apply to those maturities of the Bonds for which the 10% test has not been met as of the date of this Agreement, which will allow the City to treat the initial

offering price to the public of each such maturity as of the sale date as the issue price of that maturity (the "hold-the-offering-price rule"). So long as the hold-the-offering-price rule remains applicable to any maturity of the Bonds, the Underwriter will neither offer nor sell unsold Bonds of that maturity to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

(i) the close of the fifth (5^{th}) Business Day after the sale date; or

(ii) the date on which the Underwriter has sold at least 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

The Underwriter shall promptly advise the City when the Underwriter has sold 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public, if such sale occurs prior to the close of the fifth (5^{th}) Business Day after the sale date.

d. The Underwriter confirms that any selling group agreement and each retail distribution agreement relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each dealer who is a member of the selling group and each broker-dealer that is a party to such retail distribution agreement, as applicable, to (A) comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the Underwriter and as set forth in the related pricing wires, (B) promptly notify the Underwriter of any sales of Bonds that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Bonds to the public, and (C) acknowledge that, unless otherwise advised by the dealer or broker-dealer, the Underwriter shall assume that each order submitted by the dealer or broker-dealer is a sale to the public. The City acknowledges that, in making the representation set forth in this subsection, the Underwriter will rely on (i) in the event a selling group has been created in connection with the initial sale of the Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the hold-the-offering-price rule, if applicable, as set forth in a selling group agreement and the related pricing wires, and (ii) in the event that a retail distribution agreement was employed in connection with the initial sale of the Bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the hold-the-offering-price rule, if applicable, as set forth in the retail distribution agreement and the related pricing wires. The City further acknowledges that the Underwriter shall not be liable for the failure of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a retail distribution agreement, to comply with its corresponding agreement regarding the hold-the-offering-price rule as applicable to the Bonds.

e. The Underwriter acknowledges that sales of any Bonds to any person that is a related party to the Underwriter shall not constitute sales to the public for purposes of this Section. Further, for purposes of this Section:

(i) "public" means any person other than an underwriter or a related party to an underwriter;

(ii) "underwriter" means (A) any person that agrees pursuant to a written contract with the City (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Bonds to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the public);

(iii) a purchaser of any of the Bonds is a "related party" to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (i) at least 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other); and

(iv) "sale date" means the date of execution of this Agreement by all parties.

5. Official Statement.

a. Delivery of Official Statement. The City previously has delivered, or caused to be delivered, to the Underwriter the Preliminary Official Statement for the Bonds dated December __, 2024 (the "Preliminary Official Statement"), in a "designated electronic format," as defined in the MSRB Rule G-32 ("Rule G-32"). The City will prepare, or cause to be prepared, a final Official Statement relating to the Bonds (as more particularly defined below, the "Official Statement") which will be (i) dated the date of this Agreement, (ii) complete within the meaning of the United States Securities and Exchange Commission's Rule 15c2-12, as amended ("Rule 15c2-12"), (iii) in a "designated electronic format," and (iv) substantially in the form of the most recent version of the Preliminary Official Statement provided to the Underwriter before the execution hereof, except for the inclusion of the information permitted to be excluded from the Preliminary Official Statement by Section (b)(1) of Rule 15c2-12. The Official Statement, including the cover page thereto, all exhibits, schedules, appendices, maps, charts, pictures, diagrams, reports, and statements included or incorporated therein or attached thereto, and all amendments and supplements thereto that may be authorized for use with respect to the Bonds are collectively referred to herein as the "Official Statement." Until the Official Statement has been prepared and is available for distribution, the City shall provide to the Underwriter, upon request, sufficient quantities (which may be in electronic format) of the Preliminary Official Statement as the

Underwriter reasonably deems necessary to satisfy the obligation of the Underwriter under Rule 15c2-12 with respect to distribution to each potential customer.

b. Preliminary Official Statement Deemed Final. The Preliminary Official Statement has been prepared for use by the Underwriter in connection with the public offering, sale, and distribution of the Bonds. The City hereby represents and warrants that the Preliminary Official Statement has been deemed "final" by the City as of its date, except for the omission of such information which is dependent upon the final pricing of the Bonds for completion, all as permitted to be excluded by Section (b)(1) of Rule 15c2-12.

c. Use of Official Statement in Offering and Sale. The City hereby authorizes the Official Statement and the information therein contained to be used by the Underwriter in connection with the public offering and the sale of the Bonds. The City consents to the use by the Underwriter prior to the date hereof of the Preliminary Official Statement in connection with the public offering of the Bonds. The City shall provide, or cause to be provided, to the Underwriter as soon as practicable after the date of the City's acceptance of this Agreement (but, in any event, not later than the earlier of the Closing Date or seven (7) Business Days after the City's acceptance of this Agreement) copies of the Official Statement which is complete as of the date of its delivery to the Underwriter. The City shall provide the Official Statement, or cause the Official Statement to be provided, (i) in a "designated electronic format" consistent with the requirements of Rule G-32, and (ii) in a printed format in such quantity as the Underwriter shall reasonably request in order for the Underwriter to comply with Section (b)(4) of Rule 15c2-12 and the rules of the MSRB.

d. Updating of Official Statement. If, after the date of this Agreement, up to and including the date the Underwriter is no longer required to provide an Official Statement to potential customers who request the same pursuant to Rule 15c2-12 (the earlier of (i) ninety (90) days from the "end of the underwriting period" (as defined in Rule 15c2-12) and (ii) the time when the Official Statement is available to any person from the MSRB, but in no case less than the twenty-fifth (25^{th}) day after the "end of the underwriting period" for the Bonds), the City becomes aware of any fact or event which might or would cause the Official Statement, as then supplemented or amended, to contain any untrue statement of a material fact or to omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, or if it is necessary to amend or supplement the Official Statement to comply with law, the City will promptly notify the Underwriter (and for the purposes of this clause provide the Underwriter with such information as it may from time to time reasonably request), and if, in the reasonable judgment of the Underwriter, such fact or event requires preparation and publication of a supplement or amendment to the Official Statement, the City will forthwith prepare and furnish, at no expense to the Underwriter (in a form and manner approved by the Underwriter), either an amendment or a supplement to the Official Statement so that the statements therein as so amended and supplemented will not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were

made, not misleading or so that the Official Statement will comply with law; provided, however, that for all purposes of this Agreement and any representation, warranty, or covenant made herein, or any certificate delivered by the City in accordance herewith, the City makes no representations with respect to the following information (collectively, the "Non-City Disclosures") (i) the descriptions in the Preliminary Official Statement or the Official Statement of The Depository Trust Company, New York, New York ("DTC"), or its book-entry-only system, or the information provided by _____ under the caption "BOND INSURANCE" and by _____ describing the Debt Service Reserve Surety Policy, and (ii) the information in the Preliminary Official Statement or the Official Statement in the maps therein or under the captions and subcaptions "BOOK-ENTRY ONLY SYSTEM," "THE PHASES #2-7 PROJECTS AND THE INITIAL MAJOR IMPROVEMENT PROJECTS," "THE DEVELOPMENT," "THE ADMINISTRATOR," "BONDHOLDERS' RISKS" (only as it pertains to the Developer, the Phases #2-7 Projects, the Initial Major Improvement Projects, and the Development (as defined in the Official Statement)), "LEGAL MATTERS – Litigation – The Developer," "CONTINUING DISCLOSURE – The Developer" and "– The Developer's Compliance with Prior Undertakings," "INFORMATION RELATING TO THE TRUSTEE," "APPENDIX E-2," "APPENDIX G," and "APPENDIX H." If such notification shall be subsequent to the Closing (defined herein), the City, at no expense to the Underwriter, shall furnish such legal opinions, certificates, instruments, and other documents as the Underwriter may reasonably deem necessary to evidence the truth and accuracy of such supplement or amendment to the Official Statement. The City shall provide any such amendment or supplement or cause any such amendment or supplement to be provided, (i) in a "designated electronic format" consistent with the requirements of Rule G-32 and (ii) in a printed format in such quantity as the Underwriter shall reasonably request in order for the Underwriter to comply with Section (b)(4) of Rule 15c2-12 and the rules of the MSRB.

e. Filing with MSRB. The Underwriter hereby agrees to timely file the Official Statement (and any amendment or supplement to the Official Statement prepared in accordance with Section 5(d) above) with the MSRB through its Electronic Municipal Market Access ("EMMA") system within one (1) Business Day after receipt but no later than the Closing Date. Unless otherwise notified in writing by the Underwriter, the City can assume that the "end of the underwriting period" for purposes of Rule 15c2-12 is the Closing Date.

6. City Representations, Warranties and Covenants. The City represents, warrants, and covenants that:

a. Due Organization, Existence and Authority. The City is a political subdivision of the State of Texas (the "State"), and has, and at the Closing Date will have, full legal right, power, and authority:

(i) to enter into and perform its duties and obligations under:

(1) this Agreement;

(2) the Bond Ordinance;

(3) the Indenture;

(4) the CPA Certificate;

(5) the Amended and Restated Development Agreement entered into between the City and the Developer as of October 23, 2014, and all amendments thereto (the "Development Agreement");

(6) the PID Reimbursement Agreement; and

(7) the Continuing Disclosure Agreement of Issuer with respect to the Bonds, dated as of February 1, 2025 (the "Continuing Disclosure Agreement of Issuer"), executed and delivered by the City, the Administrator, and HTS Continuing Disclosure Services, a division of Hilltop Securities Inc., as Dissemination Agent (the "Dissemination Agent");

(ii) to issue, sell, and deliver the Bonds to the Underwriter as provided herein; and

(iii) to carry out and consummate the transactions on its part described in (1) the Authorizing Documents, (2) this Agreement, (3) the CPA Certificate, (4) the Development Agreement, (5) the PID Reimbursement Agreement, (6) the Continuing Disclosure Agreement of Issuer, (7) the Official Statement, and (8) any other documents and certificates described in any of the foregoing (the documents described by subclauses (1) through (8) being referred to collectively herein as the "City Documents").

b. Due Authorization and Approval of City. By all necessary official action of the City, the City has duly authorized and approved the adoption or execution and delivery by the City of, and the performance by the City of the obligations on its part contained in, the City Documents and, as of the date hereof, such authorizations and approvals are in full force and effect and have not been amended, modified, or rescinded, except as may have been approved by the Underwriter. When validly executed and delivered by the other parties thereto, the City Documents will constitute the legally valid and binding obligations of the City enforceable upon the City in accordance with their respective terms, except insofar as enforcement may be limited by principles of sovereign immunity, bankruptcy, insolvency, reorganization, moratorium, or similar laws or equitable principles relating to or affecting creditors' rights generally. The City has complied, and will at the Closing be in compliance, in all material respects, with the obligations on its part to be performed on or prior to the Closing Date under the City Documents.

c. Due Authorization for Issuance of the Bonds. The City has duly authorized the issuance and sale of the Bonds pursuant to the Bond Ordinance, the Indenture, and the PID Act. The City has, and at the Closing will have, full legal right,

power, and authority (i) to enter into, execute, deliver, and perform its obligations under this Agreement and the other City Documents, (ii) to issue, sell, and deliver the Bonds to the Underwriter pursuant to the Indenture, the Bond Ordinance, the PID Act, and as provided herein, and (iii) to carry out, give effect to, and consummate the transactions on the part of the City described by the Bond Ordinance and the other City Documents.

d. No Breach or Default. As of the time of acceptance hereof, and to its knowledge, the City is not, and as of the Closing Date the City will not be, in breach of or default in any material respect under any applicable constitutional provision, law, or administrative rule or regulation of the State or the United States, or any applicable judgment or decree or any trust agreement, loan agreement, bond, note, resolution, ordinance, agreement, or other instrument related to the Bonds and to which the City is a party or is otherwise subject, and no event has occurred and is continuing which, with the passage of time or the giving of notice, or both, would constitute a default or event of default under any such instrument which breach, default, or event of default could have a material adverse effect on the City's ability to perform its obligations under the Bonds or the City Documents; and, as of such times, the authorization, execution, and delivery of the Bonds and the City Documents and compliance by the City with the obligations on its part to be performed in each of such agreements or instruments does not and will not conflict with or constitute a breach of or default under any applicable constitutional provision, law, or any administrative rule or regulation of the State or the United States, or any applicable judgment, decree, license, permit, trust agreement, loan agreement, bond, note, resolution, ordinance, agreement, or other instrument to which the City (or any of its officers in their respective capacities as such) is subject, or by which it or any of its properties are bound, nor will any such authorization, execution, delivery, or compliance result in the creation or imposition of any lien, charge, or other security interest or encumbrance of any nature whatsoever upon any of its assets or properties or under the terms of any such law, regulation, or instrument, except as may be permitted by the City Documents.

e. No Litigation. At the time of acceptance hereof there is no action, suit, proceeding, inquiry, or investigation, at law or in equity, before or by any court, government agency, public board or body (collectively and individually, an "Action") pending against the City with respect to which the City has been served with process, nor to the knowledge of the City is any Action threatened against the City, in which any such Action (i) in any way questions the existence of the City or the rights of the members of the City Council to hold their respective positions, (ii) in any way questions the formation or existence of the District, (iii) affects, contests, or seeks to prohibit, restrain, or enjoin the issuance or delivery of any of the Bonds, or the payment or collection of any amounts pledged or to be pledged to pay the principal of and interest on the Bonds, or in any way contests or affects the validity of the City Documents or the consummation of the transactions on the part of the City described therein, or contests the exclusion of the interest on the Bonds from federal income taxation, or (iv) which may result in any material adverse change in the financial condition of the City; and, as of the time of acceptance hereof, to the City's knowledge, there is no basis for any action, suit, proceeding, inquiry, or investigation of the nature described in clauses (i) through (iv) of this sentence.

f. Bonds Issued Pursuant to Indenture. The City represents that the Bonds, when issued, executed, and delivered in accordance with the Indenture and sold to the Underwriter as provided herein, will be validly issued and outstanding obligations of the City subject to the terms of the Indenture, entitled to the benefits of the Indenture and the security of a first lien on and pledge of the proceeds of the Trust Estate, all to the extent provided for in the Indenture. The Indenture creates a valid first lien on and pledge of the Trust Estate, consisting of certain revenues and the monies in certain funds and accounts established pursuant to the Indenture to the extent provided for in the Indenture, including the investments thereof, subject in all cases to the provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth therein.

g. Special Assessments. The Special Assessments constituting the primary security for the Bonds have been levied by the City in accordance with the PID Act on those parcels of land identified in the Special Assessment Rolls. According to the PID Act, such Special Assessments constitute a valid and legally binding first and prior lien against the Assessed Property, superior to all other liens and claims, except liens or claims for state, county, school district, or municipality ad valorem taxes.

h. Consents and Approvals. All authorizations, approvals, licenses, permits, consents, elections, and orders of or filings with any governmental authority, legislative body, board, agency, or commission having jurisdiction in the matters which are required by the Closing Date for the due authorization of, which would constitute a condition precedent to, or the absence of which would adversely affect the due performance by the City of its obligations in connection with the City Documents have been duly obtained or made and are in full force and effect, except the approval of the Bonds by the Attorney General of the State, registration of the Bonds by the Comptroller of Public Accounts of the State, and the approvals, consents, and orders as may be required under Blue Sky or securities laws of any jurisdiction.

i. Public Debt. Prior to the Closing, the City will not offer or issue any bonds, notes, or other obligations for borrowed money or incur any material liabilities, direct or contingent, payable from or secured by a lien on and pledge of the Trust Estate which secures the Bonds without the prior approval of the Underwriter.

j. Preliminary Official Statement. The information contained in the Preliminary Official Statement is true and correct in all material respects, and such information does not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; provided, however, that the City makes no representations with respect to the Non-City Disclosures.

k. Official Statement. At the time of the City's acceptance hereof and (unless the Official Statement is amended or supplemented pursuant to paragraph (d) of Section 5 of this Agreement) at all times subsequent thereto during the period up to and including the twenty-fifth (25th) day subsequent to the "end of the underwriting period,"

the information contained in the Official Statement does not and will not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; provided, however, that the City makes no representations with respect to the Non-City Disclosures; and further provided, however, that if the City notifies the Underwriter of any fact or event as required by Section 5(d) hereof, and the Underwriter determines that such fact or event does not require preparation and publication of a supplement or amendment to the Official Statement, then the Official Statement in its then-current form shall be conclusively deemed to be complete and correct in all material respects.

l. Supplements or Amendments to Official Statement. If the Official Statement is supplemented or amended pursuant to paragraph (d) of Section 5 of this Agreement, at the time of each supplement or amendment thereto and (unless subsequently again supplemented or amended pursuant to such paragraph) at all times subsequent thereto during the period up to and including the twenty-fifth (25^{th}) day subsequent to the "end of the underwriting period," the Official Statement as so supplemented or amended will not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; provided, however, that if the City notifies the Underwriter of any fact or event as required by Section 5(d) hereof, and the Underwriter determines that such fact or event does not require preparation and publication of a supplement or amendment to the Official Statement, then the Official Statement in its then-current form shall be conclusively deemed to be complete and correct in all material respects.

m. Compliance with Rule 15c2-12. During the past five (5) years, the City has complied in all material respects with its previous continuing disclosure undertakings made by it in accordance with Rule 15c2-12, except as described in the Official Statement.

n. Use of Bond Proceeds. The City will apply, or cause to be applied, the proceeds from the sale of the Bonds as provided in and subject to all of the terms and provisions of the Indenture and will not take or omit to take any action which action or omission will adversely affect the exclusion from gross income for federal income tax purposes of the interest on the Bonds.

o. Blue Sky and Securities Laws and Regulations. The City will furnish such information and execute such instruments and take such action in cooperation with the Underwriter as the Underwriter may reasonably request, at no expense to the City, (i) to (y) qualify the Bonds for offer and sale under the Blue Sky or other securities laws and regulations of such states and other jurisdictions in the United States as the Underwriter may designate, and (z) determine the eligibility of the Bonds for investment under the laws of such states and other jurisdictions, and (ii) to continue such qualifications in effect so long as required for the initial distribution of the Bonds by the Underwriter (provided, however, that the City will not be required to qualify as a foreign corporation or to file any general or special consents to service of process under the laws of any

jurisdiction) and will advise the Underwriter immediately of receipt by the City of any notification with respect to the suspension of the qualification of the Bonds for sale in any jurisdiction or the initiation or threat of any proceeding for that purpose.

p. Certificates of the City. Any certificate signed by any official of the City authorized to do so in connection with the transactions described in this Agreement shall be deemed a representation and/or warranty, as applicable in the legal context, by the City to the Underwriter as to the statements made therein and can be relied upon by the Underwriter as to the statements made therein.

q. Intentional Actions Regarding Representations and Warranties. The City covenants that between the date hereof and the Closing Date it will not intentionally take actions which will cause the representations and warranties made in this Section to be untrue as of the Closing Date.

r. Financial Advisor. The City has engaged Hilltop Securities Inc. as its financial advisor (the "Financial Advisor") in connection with its offering and issuance of the Bonds.

By delivering the Official Statement to the Underwriter, the City shall be deemed to have reaffirmed, with respect to the Official Statement, the representations, warranties, and covenants set forth above.

7. Developer's Letter of Representations. At the signing of this Agreement, the City and Underwriter shall receive from the Developer an executed Developer's Letter of Representations (the "Developer's Letter of Representations") in the form of Appendix A hereto, and at the Closing, a certificate signed by the Developer as described in Section 10(e) hereof and set forth in Appendix E (the "Developer Closing Certificate").

8. The Closing. At 10:00 a.m., Central time, on the Closing Date, or at such other time or on such earlier or later Business Day as shall have been mutually agreed upon by the City and the Underwriter, (i) the City will deliver or cause to be delivered to DTC through its "FAST" System the Bonds in the form of one fully registered Bond for each maturity, registered in the name of Cede & Co., as nominee for DTC, duly executed by the City and authenticated by the Trustee as provided in the Indenture, and (ii) the City will deliver the closing documents hereinafter mentioned to Norton Rose Fulbright US LLP ("Bond Counsel"), or a place to be mutually agreed upon by the City and the Underwriter. Settlement will be through the facilities of DTC. The Underwriter will accept delivery and pay the purchase price of the Bonds as set forth in Section 1 hereof by wire transfer in federal funds payable to the order of the City or its designee. These payments and deliveries, together with the delivery of the aforementioned documents, are herein called the "Closing." The Bonds will be made available to the Underwriter or Underwriter's Counsel (defined herein) for inspection not less than twenty-four (24) hours prior to the Closing.

9. Underwriter's Closing Conditions. The Underwriter has entered into this Agreement in reliance upon the representations and covenants herein and in the Developer's Letter of Representations and the performance by the City of its obligations under this Agreement, both as of the date hereof and as of the Closing Date. Accordingly, the Underwriter's obligations under

this Agreement to purchase, accept delivery of, and pay for the Bonds shall be conditioned upon the performance by the City of its obligations to be performed hereunder at or prior to Closing and shall also be subject to the following additional conditions:

a. Bring-Down Representations of the City. The representations and covenants of the City contained in this Agreement shall be true and correct in all material respects as of the date hereof and at the time of the Closing, as if made on the Closing Date.

b. Executed Agreements and Performance Thereunder. At the time of the Closing:

(i) the City Documents shall be in full force and effect, and shall not have been amended, modified, or supplemented except with the written consent of the Underwriter;

(ii) the Authorizing Documents shall be in full force and effect;

(iii) there shall be in full force and effect such other ordinances, resolutions, or actions of the City as, in the opinion of Bond Counsel and Underwriter's Counsel, shall be necessary on or prior to the Closing Date in connection with the transactions on the part of the City described in this Agreement and the City Documents;

(iv) there shall be in full force and effect such other resolutions or actions of the Developer as, in the opinions of Shupe Ventura, PLLC, and James Melino, Esquire (collectively, "Developer's Counsel"), shall be necessary on or prior to the Closing Date in connection with the transactions on the part of the Developer described in the Developer's Letter of Representations, the Development Agreement, the PID Reimbursement Agreement, and the Continuing Disclosure Agreement of Developer with respect to the Bonds, dated as of February 1, 2025, executed and delivered by the Developer, the Administrator, and the Dissemination Agent (the "Continuing Disclosure Agreement of Developer" and, together with the Developer's Letter of Representations, the Development Agreement, and the PID Reimbursement Agreement, the "Developer Documents"); and

(v) the City shall perform or have performed its obligations required or specified in the City Documents to be performed at or prior to Closing.

c. No Default. At the time of the Closing, no default shall have occurred or be existing and no circumstances or occurrences that, with the passage of time or giving of notice, shall constitute an event of default under this Agreement, the Indenture, the City Documents, the Developer Documents, or other documents relating to the financing and construction of the Initial Major Improvement Projects, the Additional Major Improvement Projects, or the Phases #2-7 Projects and the Development (as defined in the Official Statement), and the Developer shall not be in default in the payment of principal of or interest on any of its indebtedness which default shall materially adversely

impact the ability of the Developer to pay the Special Assessments when due or to complete the Phases #2-7 Projects and the Additional Major Improvement Projects.

d. Closing Documents. At or prior to the Closing, the Underwriter or Underwriter's Counsel shall have received each of the documents required under Section 10 below.

e. Termination Events. The Underwriter shall have the right to cancel its obligation to purchase the Bonds and to terminate this Agreement without liability therefor by written notification to the City if, between the date of this Agreement and the Closing, in the Underwriter's sole and reasonable judgment, any of the following shall have occurred:

(i) the market price or marketability of the Bonds, or the ability of the Underwriter to enforce contracts for the sale of the Bonds, shall be materially adversely affected by the occurrence of any of the following:

(1) legislation shall have been introduced in or enacted by the Congress of the United States or adopted by either chamber thereof, or legislation pending in the Congress of the United States shall have been amended, or legislation shall have been recommended to the Congress of the United States or otherwise endorsed for passage (by press release, other form of notice, or otherwise) by the President of the United States, the Treasury Department of the United States, or the Internal Revenue Service or legislation shall have been proposed for consideration by either the U.S. Senate Committee on Finance or the U.S. House of Representatives Committee on Ways and Means or legislation shall have been favorably reported for passage to either chamber of the Congress of the United States by a Committee of such chamber to which such legislation has been referred for consideration, or a decision by a court of the United States or the Tax Court of the United States shall be rendered or a ruling, regulation, or official statement (final, temporary, or proposed) by or on behalf of the Treasury Department of the United States, the Internal Revenue Service, or other federal agency shall be made, which would result in federal taxation of revenues or other income of the general character expected to be derived by the City or upon interest on securities of the general character of the Bonds or which would have the effect of changing, directly or indirectly, the federal income tax consequences of receipt of interest on securities of the general character of the Bonds in the hands of the holders thereof, and which in either case, makes it, in the reasonable judgment of the Underwriter, impracticable or inadvisable to proceed with the offer, sale, or delivery of the Bonds on the terms and in the manner described in the Official Statement; or

(2) legislation shall be enacted by the Congress of the United States, or a decision by a court of the United States shall be rendered, or a stop order, ruling, regulation or official statement by, or on behalf of, the

Securities and Exchange Commission (the "SEC") or any other governmental agency having jurisdiction of the subject matter shall be issued or made to the effect that the issuance, offering or sale of obligations of the general character of the Bonds, or the issuance, offering or sale of the Bonds, including all underlying obligations, as described herein or by the Official Statement, is in violation or would be in violation of, or that obligations of the general character of the Bonds, or the Bonds, are not exempt from registration under, any provision of the federal securities laws, including the Securities Act, or that the Indenture needs to be qualified under the Trust Indenture Act of 1939, as amended and as then in effect (the "Trust Indenture Act"); or

(3) a general suspension of trading in securities on the New York Stock Exchange, the establishment of minimum prices on such exchange, the establishment of material restrictions (not in force as of the date hereof) upon trading securities generally by any governmental authority or any national securities exchange, a general banking moratorium declared by federal, State of New York, or State officials authorized to do so; provided, however that such suspension in trading or any disruption in securities settlement, payment or clearance services is not in force on the date hereof; or

(4) there shall have occurred (whether or not foreseeable) (i) any outbreak of hostilities (including, without limitation, an act of terrorism) including, but not limited to, an escalation of hostilities that existed prior to the date hereof, (ii) national or international calamity or crisis, including, but not limited to, an escalation in the scope or magnitude of any pandemic or natural disaster, or (iii) material financial crisis or adverse change in the financial or economic conditions affecting the United States government or the securities markets in the United States; or

(5) there shall have occurred since the date of this Agreement any materially adverse change in the affairs or financial condition of the City, except as disclosed or described in the Official Statement; or

(6) any state blue sky or securities commission or other governmental agency or body in any state in which more than ten percent (10%) of the Bonds have been offered and sold shall have withheld registration, exemption or clearance of the offering of the Bonds as described herein, or issued a stop order or similar ruling relating thereto; or

(7) any amendment to the federal or State Constitution or action by any federal or state court, legislative body, regulatory body, or other authority materially adversely affecting the tax status of the City, its property, income, securities (or interest thereon), or the validity or enforceability of the Special Assessments and the liens created thereby,

If, after the date of this Developer's Letter of Representations up to and including the date the Underwriter is no longer required to provide a Official Statement to potential customers who request the same pursuant to Rule 15c2-12 (the earlier of (i) ninety (90) days from the "end of the underwriting period" (as defined in Rule 15c2-12) and (ii) the time when the Official Statement is available to any person from the MSRB, but in no case less than twenty-five (25) days after the "end of the underwriting period" for the Bonds), the Developer becomes aware of any fact or event which might or would cause the Official Statement, as then supplemented or amended, to contain any untrue statement of a material fact or to omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, or if it is necessary to amend or supplement the Official Statement to comply with law, the Developer will notify the Underwriter (and for the purposes of this clause provide the Underwriter with such information as it may from time to time request); however, that for the purposes of this Developer's Letter of Representations and any certificate delivered by the Developer in accordance with the Bond Purchase Agreement, the Developer makes no representations with respect to the information appearing in the Preliminary Official Statement or the Official Statement except for the information set forth in all maps included therein and under the captions and subcaptions "THE PHASES #2-7 PROJECTS AND THE INITIAL MAJOR IMPROVEMENT PROJECTS," "THE DEVELOPMENT" (except for the information under the subcaption "Outstanding Bonds and PID Reimbursement Obligation"), and, to the Developer's knowledge after due inquiry, under the captions "BONDHOLDERS' RISKS" (only as it pertains to the Developer, the Initial Major Improvement Projects and the Phases #2-7 Projects, and the Development (as defined in the Official Statement)), "LEGAL MATTERS – Litigation – The Developer," "CONTINUING DISCLOSURE – The Developer" and "– The Developer's Compliance with Prior Undertakings," "SOURCES OF INFORMATION – Source of Certain Information," and "APPENDIX E-2" (collectively, the "Developer Disclosures") in accordance with subsection 4(f) herein.

3. Developer Documents. The Developer has executed and delivered each of the below listed documents (individually, a "Developer Document" and collectively, the "Developer Documents") in the capacity provided for in each such Developer Document, and each such Developer Document constitutes a valid and binding obligation of the Developer, enforceable against the Developer in accordance with its terms:

a. this Developer's Letter of Representations;

b. the Development Agreement;

c. the PID Reimbursement Agreement; and

d. the Continuing Disclosure Agreement of Developer.

The Developer has complied in all material respects with all of the Developer's agreements and covenants and satisfied all conditions required to be complied with or satisfied by the Developer under the Developer Documents on or prior to the date hereof.

The representations and warranties of the Developer contained in the Developer Documents are true and correct in all material respects on and as of the date hereof.

4. Developer Representations, Warranties and Covenants. The Developer represents, warrants, and covenants to the City and the Underwriter that:

a. Due Organization and Existence. The Developer is duly organized and validly existing as a limited partnership under the laws of the State of Texas.

b. Organizational Documents. The copies of the organizational documents of the Developer provided by the Developer (the "Developer Organizational Documents") to the City and the Underwriter are fully executed, true, correct, and complete copies of such documents and such documents have not been amended or supplemented since delivery to the City and the Underwriter and are in full force and effect as of the date hereof.

c. No Breach. The execution and delivery of the Developer Documents by the Developer does not violate any judgment, order, writ, injunction, or decree binding on the Developer or any indenture, agreement, or other instrument to which the Developer is a party.

d. No Litigation. There are no proceedings pending or threatened in writing before any court or administrative agency against the Developer that are either not covered by insurance or which singularly or collectively would have a material, adverse effect on the ability of the Developer to perform its obligations under the Developer Documents in all material respects or that would reasonably be expected to prevent or prohibit the development of the District in accordance with the description thereof in the Preliminary Official Statement and the Official Statement.

e. Information. The information prepared and submitted by the Developer to the City or the Underwriter in connection with the preparation of the Preliminary Official Statement and the Official Statement was, and is as of this date, true and correct in all material respects.

f. Preliminary Official Statement and Official Statement. The Developer represents and warrants that the information set forth in the Developer's Disclosures in the Preliminary Official Statement and the Official Statement is true and correct and does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading. The Developer agrees to provide a certificate dated the Closing Date affirming, as of such date, the representations contained in this subsection (f) with respect to the Preliminary Official Statement and the Official Statement.

g. Events of Default. No "Event of Default" or "event of default" by the Developer under any of the Developer Documents, any documents to which the Developer is a party described in the Official Statement, or under any material documents relating to the financing and construction of the Phases #2-7 Projects and the Additional Major Improvement Projects to which the Developer is a party, or event that, with the passage of time or the giving of notice or both, would constitute such "Event of Default" or "event of default" by the Developer has occurred and is continuing.

5. Indemnification.

a. The Developer will indemnify and hold harmless the City and the Underwriter and each of their officers, directors, employees, and agents against any losses, claims, damages or liabilities to which any of them may become subject, under the

Securities Act of 1933 or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained or incorporated by reference in the Developer's Disclosures in the Preliminary Official Statement and the Official Statement, or any amendment or supplement to the Official Statement amending or supplementing the information contained under the aforementioned captions (as qualified above), or arise out of or are based upon the omission, untrue statement, or alleged untrue statement or omission to state therein a material fact necessary to make the statements under the aforementioned captions (as qualified above) not misleading under the circumstances under which they were made and will reimburse any indemnified party for any reasonable legal or other expenses reasonably incurred by them in connection with investigating or defending any such action or claim as such expenses are incurred.

b. Promptly after receipt by an indemnified party under subsection (a) above of notice of the commencement of any action, such indemnified party shall, if a claim in respect thereof is to be made against the indemnifying party under such subsection, notify the indemnifying party in writing of the commencement thereof; but the omission so to notify the indemnifying party shall not relieve the indemnifying party from any liability which it may have to the indemnified party otherwise than under such subsection, unless such indemnifying party was prejudiced by such delay or lack of notice. In case any such action shall be brought against an indemnified party, it shall promptly notify the indemnifying party of the commencement thereof, the indemnifying party shall be entitled to participate therein and, to the extent that it shall wish, to assume the defense thereof, with counsel reasonably satisfactory to such indemnified party (who shall not, except with the consent of the indemnified party, be counsel to the indemnifying party), and, after notice from the indemnifying party to such indemnified party of its election so to assume the defense thereof, the indemnifying party shall not be liable to such indemnified party under such subsection for any legal expenses of other counsel or any other expenses, in each case subsequently incurred by such indemnified party, in connection with the defense thereof other than reasonable costs of investigation. The indemnifying party shall not be liable for any settlement of any such action effected without its consent, but if settled with the consent of the indemnifying party or if there is a final judgment for the plaintiff in any such action, the indemnifying party will indemnify and hold harmless any indemnified party from and against any loss or liability by reason of such settlement or judgment. The indemnity herein shall survive delivery of the Bonds and shall survive any investigation made by or on behalf of the City, the Developer, or the Underwriter.

6. Survival of Representations, Warranties and Covenants. All representations, warranties, and agreements in this Developer's Letter of Representations will survive regardless of (a) any investigation or any statement in respect thereof made by or on behalf of the Underwriter, (b) delivery of any payment by the Underwriter for the Bonds, and (c) any termination of the Bond Purchase Agreement.

7. Binding on Successors and Assigns. This Developer's Letter of Representations will be binding upon the Developer and its successors and assigns and inure solely to the benefit of the Underwriter and the City, and no other person or firm or entity will acquire or have any right under or by virtue of this Developer's Letter of Representations.

Ladies and Gentlemen:

We are the Attorney for the City of Celina, Texas (the "City"), and are rendering this opinion in connection with the issuance and sale of $34,084,000 "City of Celina, Texas, Special Assessment Revenue Refunding and Improvement Bonds, Series 2025 (The Lakes at Mustang Ranch Public Improvement District Major Improvement Area and Phases #2-7 Project)" (the "Bonds"), by the City, a political subdivision of the State of Texas.

In our capacity as City Attorney, and for the purpose of rendering opinions set forth herein, we have reviewed the following:

(a) Resolution No. 2008-06R enacted by the City Council on March 10, 2008 (the "Creation Resolution");

(b) The Special Assessment Ordinances;

(c) The Bond Ordinance;

(d) The Indenture;

(e) the Amended and Restated Development Agreement entered into between the City and Celina 682 Partners, L.P., a Texas limited partnership, as of October 23, 2014, and all amendments thereto;

(f) the PID Reimbursement Agreement; and

(g) That certain Continuing Disclosure Agreement of Issuer with respect to the Bonds, dated as of February 1, 2025, executed and delivered by the City, MuniCap, Inc., as Administrator (the "Administrator"), and HTS Continuing Disclosure Services, a Division of Hilltop Securities, Inc., as Dissemination Agent.

The Creation Resolution, the Special Assessment Ordinances, and the Bond Ordinance shall hereinafter be referred to as the "Authorizing Documents" and the remaining documents shall hereinafter be collectively referred to as the "Reviewed Documents."

In rendering the opinions expressed below, we have, with your concurrence and without any inquiry or other investigation, made and relied upon the following assumptions: (a) the due authorization, execution, and delivery of each of the Reviewed Documents by all parties thereto other than the City; (b) the genuineness of all signatures to the Reviewed Documents; (c) the correctness and truthfulness of all the statements of fact contained in the Reviewed Documents; (d) the authenticity of the Reviewed Documents; (e) the conformity to original documents of the Reviewed Documents submitted to us as copies; and (f) the additional assumptions set forth on **Exhibit A** attached to this letter and the exclusions set forth on **Exhibit B** attached to this letter. Our opinions are limited to matters expressly stated herein and no opinion is to be inferred or may be implied beyond the matters expressly stated.

In rendering the opinions set forth below, we have also relied upon: (a) the representations and warranties contained in the Reviewed Documents; (b) the resolutions and other documents of the parties to the Reviewed Documents authorizing or approving the Reviewed Documents; (c) the Developer Closing Certificate delivered pursuant to the Bond Purchase Agreement; (d) the Developer's Letter of Representations delivered pursuant to the Bond Purchase Agreement; (e) the legal opinion delivered pursuant to the Bond Purchase Agreement by Shupe Ventura, PLLC, and _____ (together, "Developer's Counsel"); and (f) the Administrator's Letter of Representations delivered pursuant to the Bond Purchase Agreement (collectively, the "Reliance Materials"). We have not made any independent or other investigation, review, analysis, or inquiry as to any of the facts, matters, circumstances, or legal opinions or conclusions contained in the

Reviewed Documents or Reliance Materials or the accuracy or completeness thereof. Additionally, we have assumed that none of the Reviewed Documents or Reliance Materials contains any untrue statement of a material fact or omits to state a material fact necessary to make the statements made, in the light of the circumstances in which they are made, not misleading. We have not made any examination of any accounting or financial matters, and we express no opinion with respect thereto.

The opinions expressed herein are subject to the correctness in understanding that no beneficiary to this opinion letter may rely on this opinion letter to the extent that such beneficiary or its counsel has actual knowledge of any: (a) applicable laws, facts, or circumstances which would make any opinion expressed herein incorrect, subject to question, or require further investigation of any laws, facts, or circumstances; and (b) judicial decision which would make the opinions set forth herein incorrect.

Whenever our opinion or advice with respect to the existence or absence of facts is indicated to be based on our knowledge, we are referring to the actual knowledge of the Messer Fort, PLLC attorneys who have given substantive attention to matters concerning the City during the course of our representation of the City in connection with the Reviewed Documents, which knowledge has been obtained by such attorneys in their capacity as such. In particular, our response does not include matters known to any attorney of our firm in a capacity other than as counsel to the City. In basing the opinions and other matters set forth herein on "our knowledge," the words "our knowledge," "our actual knowledge" and similar expressions signify that, in the course of our representation of the City the principal attorneys in this firm involved in the current actual transaction do not have actual knowledge or actual notice that any such opinions or other matters are not accurate or that any of the documents, certificates, reports and information on which we have relied are not accurate and complete. Further, the words "our knowledge," "our actual knowledge" and similar expressions used in this opinion letter are intended to be limited to the actual knowledge of the attorneys within our firm who have been directly involved in preparation of the Reviewed Documents in representation of the City. We have not undertaken any independent investigation to determine the existence or absence of such facts, and no inference as to our knowledge concerning such facts should be drawn from the fact that such limited representation has been undertaken by us.

Based upon and subject to the foregoing and the additional qualifications and assumptions set forth herein, we are of the opinion that:

1. The City is a Texas political subdivision and has all necessary power and authority to enter into and perform its obligations under the Authorizing Documents and the Reviewed Documents. The City has taken or obtained all actions, approvals, consents, and authorizations required of it by applicable laws in connection with the execution of the Authorizing Documents and the Reviewed Documents and the performance of its obligations thereunder.

2. To the best of our knowledge, there is no action, suit, proceeding, inquiry, or investigation at law or in equity, before or by any court, public board or body, pending, or threatened against the City: (a) affecting the existence of the City or the titles of its officers to their respective offices, (b) in any way questioning the formation or existence of the District, (c) affecting, contesting, or seeking to prohibit, restrain, or enjoin the delivery of any of the Bonds, or

the payment, collection, or application of any amounts pledged or to be pledged to pay the principal of and interest on the Bonds, including the Special Assessments in Phases #2-7 and the Initial Major Improvement Area of the District pursuant to the provisions of the Special Assessment Ordinances, and the Service and Assessment Plan referenced therein, (d) contesting or affecting the validity or enforceability or the City's performance of the Reviewed Documents, (e) contesting the exclusion of the interest on the Bonds from federal income taxation, or (f) which may result in any material adverse change relating to the financial condition of the City.

3. The Authorizing Documents were duly enacted by the City and remain in full force and effect on the date hereof.

4. The Reviewed Documents have been duly authorized, executed and delivered by the City and remain legal, valid, and binding obligations of the City enforceable against the City in accordance with their terms. However, the enforceability of the obligations of the City under such Reviewed Documents may be limited or otherwise affected by (a) bankruptcy, insolvency, reorganization, moratorium, and other laws affecting the rights of creditors generally, (b) principles of equity, whether considered at law or in equity, and (c) the application of Texas law relating to action by future councils and relating to governmental immunity applicable to governmental entities.

5. The performance by the City of the obligations under the Authorizing Documents and the Reviewed Documents will not violate any provision of any Federal or Texas constitutional or statutory provision.

6. Based upon our limited participation in the preparation of the Preliminary Official Statement and the Official Statement (collectively, the "Official Statement"), the statements and information contained in the Preliminary Official Statement and the Official Statement with respect to the City under the captions and subcaptions "ASSESSMENT PROCEDURES – Assessment Methodology" (first paragraph only), "THE CITY – Background" and "– City Government," "THE DISTRICT – General" and "– Powers and Authority of the City," "LEGAL MATTERS – Litigation – The City" are a fair and accurate summary of the laws and the documents and facts summarized therein.

7. No further consent, approval, authorization, or order of any court or governmental agency or body or official is required to be obtained by the City as a condition precedent to the performance by the City of its obligations under the Authorizing Documents and the Reviewed Documents.

8. The adoption of the Authorizing Documents and the execution and delivery of the Reviewed Documents and the compliance with the provisions of the Authorizing Documents and the Reviewed Documents under the circumstances contemplated thereby, to the best of our knowledge: (a) do not and will not in any material respect conflict with or constitute on the part of the City a breach of or default under any agreement to which the City is a party or by which it is bound, and (b) do not and will not in any material respect conflict with or constitute on the part of the City a violation, breach of or default under any existing law, regulation, court order, or consent decree to which the City is subject.

The foregoing opinions are, with your concurrence, predicated on, limited by, and qualified in their entirety by the following:

Opinions and Assurances

Based solely upon the foregoing, and subject to the assumptions and limitations set forth herein, I am of the opinion that:

1. The Developer is a limited partnership, duly organized, validly existing and in good standing under the laws of the State of Texas, the General Partner is the sole general partner of the Developer and is a limited liability company duly organized, validly existing and in good standing under the laws of the State of Texas, and the Manager is the sole non-Member manager of the General Partner and is a corporation duly organized, validly existing and in good standing under the laws of the State of Texas.

3. The execution and delivery by the Developer of the Developer Related Documents and the performance by the Developer of its obligations under the Developer Related Documents will not (i) violate any Applicable Law (as defined in **Schedule I** attached hereto); (ii) conflict with or result in the breach of any court decree or order of any governmental body identified in the Developer Certificate or otherwise known to me binding upon or affecting the Developer, the conflict with which or breach of which would have a material, adverse effect on the ability of the

Developer to perform its obligations under the Developer Related Documents; or (iii) constitute a violation of its partnership agreement or certificate of formation.

4. No Governmental Approval (as defined in Schedule I attached hereto) which has not been obtained or taken is required to be obtained or taken by Developer on or before the date hereof as a condition to (a) the execution and delivery by the Developer of the Developer Related Documents, or (b) the performance by the Developer of its obligations under the Developer Related Documents, except for Governmental Approvals that may be required to comply with certain covenants contained in the Developer Related Documents (including, without limitation, covenants to comply with applicable laws).

6. There are no actions, suits or proceedings pending or threatened against the Developer identified in the Developer Certificate or otherwise known to me in any court of law or equity, or before or by any governmental instrumentality with respect to (i) its organization or existence or qualification to do business in the State of Texas; (ii) its authority to execute or deliver the Developer Related Documents; (iii) the validity or enforceability against it of such Developer Related Documents or the transactions described therein; (iv) the titles of the parties executing the Developer Related Documents on behalf of Developer; (v) the execution and delivery of the Developer Related Documents on behalf of the Developer; (vi) the operations or financial condition of the Developer that would materially adversely affect those operations or the financial condition of the Developer; or (vii) the acquisition and construction of the property and improvements identified in the Official Statement the cost of which is to be funded or reimbursed, in whole or in part, by proceeds of the Bonds.

7. The execution and delivery of the Developer Related Documents do not, and the transactions described therein may be consummated and the terms and conditions thereof may be observed and performed in a manner that does not, conflict with or constitute a breach of or default under any loan agreement, indenture, bond, note, resolution, agreement or other instrument to which the Developer is a party or is otherwise subject and which have been identified in the Developer Certificate which violation, breach or default would materially adversely affect the Developer or its performance of its obligations under the transactions described in the Developer Related Documents; nor will any such execution, delivery, adoption, fulfillment, or compliance result in the creation or imposition of any lien, charge, or other security interest or encumbrance of any nature whatsoever upon any of the property or assets of the Developer, except as expressly described in the Developer Related Documents (a) under Applicable Law or (b) under any such loan agreement, indenture, bond note, resolution, agreement, or other instrument.

The opinions expressed above concern only the effect of the laws (excluding the principles of conflict of laws) of Texas and the United States of America as currently in effect. I assume no obligation to supplement this opinion if any applicable laws change after the date of this opinion, or if I become aware of any facts that might change the opinions expressed above after the date of this opinion.

If the State Legislature amends the definition of Delinquency Date or Tax Year, the Issuer shall file notice of such change or changes with the MSRB prior to the next Annual Collections Report Filing Date. The Administrator, and if no Administrator is designated, Issuer's staff, shall prepare the Annual Collections Report. In all cases, the Issuer shall have the sole responsibility for the content, design, and other elements comprising substantive contents of the Annual Collections Report under this Section 5.

SECTION 6. Reporting of Significant Events.

(a) Pursuant to the provisions of this Section 6, each of the following is a Listed Event with respect to the Bonds:

1. Principal and interest payment delinquencies.

2. Non-payment related defaults, if material.

3. Unscheduled draws on debt service reserves reflecting financial difficulties.

4. Unscheduled draws on credit enhancements reflecting financial difficulties.

5. Substitution of credit or liquidity providers, or their failure to perform.

6. Adverse tax opinions, the issuance by the IRS of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds.

7. Modifications to rights of Owners, if material.

8. Bond calls, if material, and tender offers.

9. Defeasances.

10. Release, substitution, or sale of property securing repayment of the Bonds, if material.

11. Rating changes.

12. Bankruptcy, insolvency, receivership or similar event of the Issuer.

13. The consummation of a merger, consolidation, or acquisition of the Issuer, or the sale of all or substantially all of the assets of the Issuer, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material.

14. Appointment of a successor or additional trustee under the Indenture or the change of name of a trustee, if material.

15. Incurrence of a Financial Obligation of the Issuer, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the Issuer, any of which affect security holders, if material.

16. Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the Issuer, any of which reflect financial difficulties.

Any sale by the Developer of real property within the District in the ordinary course of the Developer's business will not constitute a Listed Event for the purposes of paragraph (10) above.

For these purposes, any event described in paragraph (12) above is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the Issuer in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the Issuer, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Issuer.

The Issuer intends the words used in paragraphs (15) and (16) above and the definition of Financial Obligation to have the same meanings as when they are used in the Rule, as evidenced by SEC Release No. 34-83885, dated August 20, 2018. For the avoidance of doubt, the incurrence of Additional Obligations without the filing of a corresponding official statement with the MSRB will constitute the incurrence of a material Financial Obligation for which a notice of a Listed Event in accordance with this Section 6 must be filed with the MSRB.

Upon the occurrence of a Listed Event, the Issuer shall promptly notify the Dissemination Agent in writing and the Issuer shall direct the Dissemination Agent to file a notice of such occurrence with the MSRB. The Dissemination Agent shall file such notice no later than three (3) Business Days immediately following the day on which it receives written notice of such occurrence from the Issuer. Any such notice is required to be filed within ten (10) Business Days of the occurrence of such Listed Event; provided, however, the failure of the Issuer to provide timely written notice to the Dissemination Agent in accordance with this paragraph shall not constitute a failure of the Dissemination Agent to comply with the MSRB's ten (10) Business Day filing requirement.

Any notice under the preceding paragraphs shall be accompanied with the text of the disclosure that the Issuer desires to make, the written authorization of the Issuer for the Dissemination Agent to disseminate such information as provided herein, and the date the Issuer desires for the Dissemination Agent to disseminate the information.

In all cases, the Issuer shall have the sole responsibility for the content, design and other elements comprising substantive contents of all disclosures made pursuant to this Section 6. In addition, the Issuer shall have the sole responsibility to ensure that any notice required to be filed under this Section 6 is filed within ten (10) Business Days of the occurrence of the Listed Event.

(b) The Dissemination Agent shall, promptly, and not more than five (5) Business Days after obtaining actual knowledge of the occurrence of any Listed Event with respect to the Bonds, notify the Disclosure Representative in writing of such Listed Event. The Dissemination Agent shall not be required to file a notice of the occurrence of such Listed Event with the MSRB unless and until it receives written instructions from the Disclosure Representative to do so. If the Dissemination Agent has been instructed in writing by the Disclosure Representative on behalf of the Issuer to report the occurrence of a Listed Event under this subsection (b), the Dissemination Agent shall file a notice of such occurrence with the MSRB no later than two (2) Business Days following the day on which it receives such written instructions. It is agreed and understood that the duty to make or cause to be made the disclosures herein is that of the Issuer and not that of the Dissemination Agent. It is agreed and understood that the Dissemination Agent has agreed to give the foregoing notice to the Issuer as an accommodation to assist it in monitoring the occurrence of such event, but is under no obligation to investigate whether any such event has occurred. As used above, "actual knowledge" means the actual fact or statement of knowing, without a duty to make any investigation with respect thereto. In no event shall the Dissemination Agent be liable in damages or in tort to the Issuer, the Participating Underwriter, the Trustee, any Owner or beneficial owner of any interests in the Bonds, or any other party as a result of its failure to give the foregoing notice or to give such notice in a timely fashion.

(c) If in response to a notice from the Dissemination Agent under subsection (b), the Issuer determines that the Listed Event under any of numbers 2, 7, 8 (as to bond calls only), 10, 13, 14, or 15 of subparagraph (a) above is <u>not</u> material under applicable federal securities laws, the Issuer shall promptly, but in no case more than five (5) Business Days after the occurrence of the event, notify the Dissemination Agent and the Trustee (if the Dissemination Agent is not the Trustee) in writing and instruct the Dissemination Agent not to report the occurrence pursuant to subsection (b).

SECTION 7. <u>Termination of Reporting Obligations</u>. The obligations of the Issuer, the Administrator, and the Dissemination Agent under this Disclosure Agreement shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds, when the Issuer is no longer an obligated person with respect to the Bonds, or upon delivery by the Disclosure Representative to the Dissemination Agent and the Administrator of an opinion of nationally recognized bond counsel to the effect that continuing disclosure is no longer required. So long as any of the Bonds remain Outstanding, the Administrator and the Dissemination Agent may assume that the Issuer is an obligated person with respect to the Bonds until they receive written notice from the Disclosure Representative stating that the Issuer is no longer an obligated person with respect to the Bonds, and the Dissemination Agent and the Administrator may conclusively rely upon such written notice with no duty to make investigation or inquiry into any statements contained or matters referred to in such written notice. If such termination

occurs prior to the final maturity of the Bonds, the Issuer shall give notice of such termination in the same manner as for a Listed Event with respect to the Bonds under Section 6(a).

SECTION 8. Dissemination Agent. The Issuer may, from time to time, appoint or engage a Dissemination Agent or successor Dissemination Agent to assist it in carrying out its obligations under this Disclosure Agreement, and may discharge such Dissemination Agent, with or without appointing a successor Dissemination Agent. If the Issuer discharges the Dissemination Agent without appointing a successor Dissemination Agent, the Issuer shall use best efforts to appoint a successor Dissemination Agent within 30 days of such discharge. The Dissemination Agent may resign at any time with 30 days' written notice to the Issuer. If at any time there is not any other designated Dissemination Agent, the Issuer shall be the Dissemination Agent. The initial Dissemination Agent appointed hereunder shall be HTS Continuing Disclosure Services, a division of Hilltop Securities Inc. The Issuer will give prompt written notice to the Developer, or any other party responsible for providing quarterly information pursuant to the Disclosure Agreement of Developer, of any change in the identity of the Dissemination Agent under the Disclosure Agreement of Developer.

SECTION 9. Amendment; Waiver. Notwithstanding any other provisions of this Disclosure Agreement, the Issuer, the Administrator, and the Dissemination Agent may amend this Disclosure Agreement (and the Dissemination Agent shall not unreasonably withhold its consent to any amendment so requested in writing by the Issuer or the Administrator), and any provision of this Disclosure Agreement may be waived, provided that the following conditions are satisfied:

(a) If the amendment or waiver relates to the provisions of Sections 3(a), 4, 5, or 6(a), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the Bonds, or the type of business conducted;

(b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the delivery of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment or waiver either (i) is approved by the Owners of the Bonds in the same manner as provided in the Indenture for amendments to the Indenture with the consent of Owners, or (ii) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the Owners or beneficial owners of the Bonds.

In the event of any amendment or waiver of a provision of this Disclosure Agreement, the Issuer shall describe such amendment in the next related Annual Financial Information, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the Issuer. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 6(a), and (ii) the Annual Financial Information for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles. No amendment which

adversely affects the Dissemination Agent may be made without its prior written consent (which consent will not be unreasonably withheld or delayed).

SECTION 10. Additional Information. Nothing in this Disclosure Agreement shall be deemed to prevent the Issuer from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any Annual Issuer Report, Annual Collections Report, or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Agreement. If the Issuer chooses to include any information in any Annual Issuer Report, Annual Collections Report, or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, the Issuer shall have no obligation under this Disclosure Agreement to update such information or include it in any future Annual Issuer Report, Annual Collections Report, or notice of occurrence of a Listed Event.

SECTION 11. Default. In the event of a failure of the Issuer to comply with any provision of this Disclosure Agreement, the Dissemination Agent or any Owner or beneficial owner of the Bonds may, and the Dissemination Agent (at the written request of the Owners of at least twenty-five percent (25%) aggregate principal amount of Outstanding Bonds and upon being indemnified to its satisfaction) shall, take such actions as may be necessary and appropriate to cause the Issuer to comply with its obligations under this Disclosure Agreement. A default under this Disclosure Agreement shall not be deemed an Event of Default under the Indenture with respect to the Bonds, and the sole remedy under this Disclosure Agreement in the event of any failure of the Issuer to comply with this Disclosure Agreement shall be an action for mandamus or specific performance. A default under this Disclosure Agreement shall not be deemed a default under the Disclosure Agreement of Developer and a default under the Disclosure Agreement of Developer shall not be deemed a default under this Disclosure Agreement.

SECTION 12. Duties, Immunities and Liabilities of Dissemination Agent and Administrator.

(a) The Dissemination Agent shall not have any duty with respect to the content of any disclosures made pursuant to this Disclosure Agreement. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Agreement, and no implied covenants shall be read into this Disclosure Agreement with respect to the Dissemination Agent. To the extent permitted by law, the Issuer agrees to indemnify and hold harmless the Dissemination Agent, its officers, directors, employees and agents, but only from Special Assessments collected for Administrative Expenses from the property owners in Phase #7, against any losses, expenses, and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability arising under this Disclosure Agreement, but excluding (i) liabilities due to the Dissemination Agent's negligence or willful misconduct, and (ii) liabilities resulting from claims made by the Issuer against the Dissemination Agent; provided, however, that nothing herein shall be construed to require the Issuer to indemnify and hold harmless the Dissemination Agent for losses, expenses or liabilities arising from information provided to the Dissemination Agent by the Developer or the failure of the Developer to provide information to the Dissemination Agent as and when required under the Disclosure Agreement of Developer. The obligations of the Issuer under this Section shall survive termination of this Disclosure Agreement, resignation or removal of the Dissemination Agent, and payment in full of the Bonds. Nothing in this Disclosure Agreement shall be construed to mean or to imply that the Dissemination

Agent is an "obligated person" under the Rule. If the Issuer does not provide the Dissemination Agent with the Annual Issuer Report in accordance with subsection 3(a) or the Annual Collections Report in accordance with subsection 5(a), the Dissemination Agent shall not be responsible for the failure to submit an Annual Issuer Report or an Annual Collections Report, as applicable, to the MSRB. The Dissemination Agent is not acting in a fiduciary capacity in connection with the performance of its respective obligations hereunder.

The Dissemination Agent may, from time to time, consult with legal counsel of its own choosing in the event of any disagreement or controversy, or question or doubt as to the construction of any of the provisions hereof or its duties hereunder, and the Dissemination Agent shall not incur any liability and shall be fully protected in acting in good faith upon the advice of such legal counsel.

The Issuer, the Administrator, and the Dissemination Agent agree that the legal expenses of the Dissemination Agent, which it is expressly entitled to be paid under this paragraph 12(a), are Administrative Expenses.

(b) The Administrator shall not have any duty with respect to the content of any disclosures made pursuant to the terms hereof. The Administrator shall have only such duties as are specifically set forth in this Disclosure Agreement, and no implied covenants shall be read into this Disclosure Agreement with respect to the Administrator. To the extent permitted by law, the Issuer agrees to hold harmless the Administrator, its officers, directors, employees, and agents, but only from Special Assessments collected for Administrative Expenses from the property owners in Phase #7, against any losses, expenses, and liabilities which the Administrator may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including reasonable attorneys' fees) of defending against any claim of liability under this Disclosure Agreement, but excluding (i) liabilities due to the Administrator's negligence or willful misconduct, and (ii) liabilities resulting from claims made by the Issuer against the Administrator; provided, however, that nothing herein shall be construed to require the Issuer to indemnify or hold harmless the Administrator for losses, expenses or liabilities arising from information provided to the Administrator by third parties, or the failure of any third party to provide information to the Administrator as and when required under this Disclosure Agreement, or the failure of the Developer to provide information to the Administrator as and when required under the Disclosure Agreement of Developer. The obligations of the Issuer under this Section shall survive resignation or removal of the Administrator and payment in full of the Bonds. Nothing in this Disclosure Agreement shall be construed to mean or to imply that the Administrator is an "obligated person" under the Rule. The Administrator is not acting in a fiduciary capacity in connection with the performance of its respective obligations hereunder. The Administrator shall not in any event incur any liability with respect to (i) any action taken or omitted to be taken in good faith upon advice of legal counsel given with respect to any question relating to duties and responsibilities of the Administrator hereunder, or (ii) any action taken or omitted to be taken in reliance upon any document delivered to the Administrator and believed to be genuine and to have been signed or presented by the proper party or parties.

The Administrator may, from time to time, consult with legal counsel of its own choosing in the event of any disagreement or controversy, or question or doubt as to the construction of any of the provisions hereof or its duties hereunder, and the Administrator shall not incur any liability and shall be fully protected in acting in good faith upon the advice of such legal counsel.

The Issuer, the Administrator, and the Dissemination Agent agree that the legal expenses of the Administrator, which it is expressly entitled to be paid under this paragraph 12(b), are Administrative Expenses.

(c) UNDER NO CIRCUMSTANCES SHALL THE DISSEMINATION AGENT, THE ADMINISTRATOR, OR THE ISSUER BE LIABLE TO THE OWNER OR BENEFICIAL OWNER OF ANY BOND OR ANY OTHER PERSON, IN CONTRACT OR TORT, FOR DAMAGES RESULTING IN WHOLE OR IN PART FROM ANY BREACH BY ANY PARTY TO THIS DISCLOSURE AGREEMENT, WHETHER NEGLIGENT OR WITHOUT FAULT ON ITS PART, OF ANY COVENANT SPECIFIED IN THIS DISCLOSURE AGREEMENT, BUT EVERY RIGHT AND REMEDY OF ANY SUCH PERSON, IN CONTRACT OR TORT, FOR OR ON ACCOUNT OF ANY SUCH BREACH SHALL BE LIMITED TO AN ACTION FOR MANDAMUS OR SPECIFIC PERFORMANCE. THE DISSEMINATION AGENT AND THE ADMINISTRATOR ARE UNDER NO OBLIGATION NOR ARE THEY REQUIRED TO BRING SUCH AN ACTION.

SECTION 13. Assessment Timeline. The basic expected timeline for the collection of Special Assessments and the anticipated procedures for pursuing the collection of delinquent Special Assessments is set forth in Exhibit D which is intended to illustrate the general procedures expected to be followed in enforcing the payment of delinquent Special Assessments. Failure to adhere to such expected timeline shall not constitute a default by the Issuer under this Disclosure Agreement, the Indenture, the Bonds, or any other document related to the Bonds.

SECTION 14. No Personal Liability. No covenant, stipulation, obligation or agreement of the Issuer, the Administrator, or the Dissemination Agent contained in this Disclosure Agreement shall be deemed to be a covenant, stipulation, obligation or agreement of any present or future council members, officers, agents, or employees of the Issuer, the Administrator, or the Dissemination Agent in other than that person's official capacity.

SECTION 15. Severability. In case any section or provision of this Disclosure Agreement, or any covenant, stipulation, obligation, agreement, act or action, or part thereof made, assumed, entered into, or taken thereunder or any application thereof, is for any reasons held to be illegal or invalid, such illegality or invalidity shall not affect the remainder thereof or any other section or provision thereof or any other covenant, stipulation, obligation, agreement, act or action, or part thereof made, assumed, entered into, or taken thereunder (except to the extent that such remainder or section or provision or other covenant, stipulation, obligation, agreement, act or action, or part thereof is wholly dependent for its operation on the provision determined to be invalid), which shall be construed and enforced as if such illegal or invalid portion were not contained therein, nor shall such illegality or invalidity of any application thereof affect any legal and valid application thereof, and each such section, provision, covenant, stipulation, obligation, agreement, act or action, or part thereof shall be deemed to be effective, operative, made, entered into or taken in the manner and to the full extent permitted by law.

SECTION 16. Sovereign Immunity. The Dissemination Agent and the Administrator agree that nothing in this Disclosure Agreement shall constitute or be construed as a waiver of the Issuer's sovereign or governmental immunities regarding liability or suit.

SECTION 17. Beneficiaries. This Disclosure Agreement shall inure solely to the benefit of the Issuer, the Administrator, the Dissemination Agent, the Participating Underwriter, and the Owners

and the beneficial owners from time to time of the Bonds, and shall create no rights in any other person or entity. Nothing in this Disclosure Agreement is intended or shall act to disclaim, waive or otherwise limit the duties of the Issuer under federal and state securities laws.

SECTION 18. Dissemination Agent and Administrator Compensation. The fees and expenses incurred by the Dissemination Agent and the Administrator for their respective services rendered in accordance with this Disclosure Agreement constitute Administrative Expenses and will be included in the Annual Installments as provided in the annual updates to the Service and Assessment Plan. The Issuer shall pay or reimburse the Dissemination Agent and the Administrator, but only with funds to be provided from the Administrative Expenses component of the Annual Installments collected from the property owners in Phase #7, for the fees and expenses for their respective services rendered in accordance with this Disclosure Agreement.

SECTION 19. Statutory Verifications. The Dissemination Agent and the Administrator, each individually, make the following representation and verifications to enable the Issuer to comply with Chapters 2252, 2271, 2274, and 2276, Texas Government Code, as heretofore amended (the "Government Code"), in entering into this Disclosure Agreement. As used in such verifications, "affiliate" means an entity that controls, is controlled by, or is under common control with the Dissemination Agent or the Administrator, as the case may be, within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit. Liability for breach of any such verifications prior to the expiration or earlier termination of this Disclosure Agreement shall survive until barred by the applicable statute of limitations, and shall not be liquidated or otherwise limited by any provision of this Disclosure Agreement, notwithstanding anything in this Disclosure Agreement to the contrary.

(a) *Not a Sanctioned Company*. The Dissemination Agent and the Administrator, each individually, represents that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Government Code. The foregoing representation excludes the Dissemination Agent and the Administrator and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization.

(b) *No Boycott of Israel*. The Dissemination Agent and the Administrator, each individually, hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott Israel and will not boycott Israel during the term of this Disclosure Agreement. As used in the foregoing verification, "boycott Israel" has the meaning provided in Section 2271.001, Government Code.

(c) *No Discrimination Against Firearm Entities*. The Dissemination Agent and the Administrator, each individually, hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate against a firearm entity or firearm trade association during the term of this Disclosure Agreement. As used in the foregoing verification, "discriminate against a firearm entity or firearm trade association" has the meaning provided in Section 2274.001(3), Government Code.

(d) *No Boycott of Energy Companies*. The Dissemination Agent and the Administrator, each individually, hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott energy companies and will not boycott energy companies during the term of this Disclosure Agreement. As used in the foregoing verification, "boycott energy companies" has the meaning provided in Section 2276.001(1), Government Code.

SECTION 20. Disclosure of Interested Parties. Pursuant to Section 2252.908(c)(4), Texas Government Code, as amended, the Dissemination Agent hereby certifies it is a publicly traded business entity and is not required to file a Certificate of Interested Parties Form 1295 related to this Disclosure Agreement. Submitted herewith is a completed Form 1295 in connection with the Administrator's participation in the execution of this Disclosure Agreement generated by the Texas Ethics Commission's (the "TEC") electronic filing application in accordance with the provisions of Section 2252.908 of the Texas Government Code and the rules promulgated by the TEC (the "Form 1295"). The Issuer hereby confirms receipt of the Form 1295 from the Administrator, and the Issuer agrees to acknowledge such form with the TEC through its electronic filing application not later than the thirtieth (30th) day after the receipt of such form. The Administrator and the Issuer understand and agree that, with the exception of information identifying the Issuer and the contract identification number, neither the Issuer nor its consultants are responsible for the information contained in the Form 1295; that the information contained in the Form 1295 has been provided solely by the Administrator; and, neither the Issuer nor its consultants have verified such information.

SECTION 22. Counterparts. This Disclosure Agreement may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument. I. PLAN DESCRIPTION AND DEFINED TERMS

A. INTRODUCTION

On March 10, 2008 the City Council of the City of Celina, Texas passed Resolution No. 2008-06R approving and authorizing the creation of The Lakes at Mustang Ranch Public Improvement District (the "PID") to finance the costs of certain public improvements for the benefit of property in the PID, all of which is located within the City, with authorization that became effective following the publication of such resolution on March 27, 2008.

The property in the PID is proposed to be developed in approximately nine phases, and the Assessments are levied against property within each phase or phases to finance public improvements for each phase as each phase is developed. Assessments have been and are being imposed on all property in the PID for the public improvements that benefit the entire PID and on the property in each phase for the public improvements to be provided for that phase. Additionally, certain improvements that benefit the entire PID and certain improvements that benefit property within each phase will be paid for by the Developer without reimbursement.

Chapter 372 of the Texas Local Government Code, the "Public Improvement District Assessment Act" (as amended, the "PID Act"), governs the creation and operation of public improvement districts within the State of Texas. The Service and Assessment Plan has been prepared in accordance with the PID Act and specifically Sections 372.013, 372.014, 372.015 and 372.016, which address the requirements of a service and assessment plan and the assessment roll. According to Section 372.013 of the PID Act, a service plan "must (i) cover a period of at least five years; (ii) define the annual indebtedness and the projected costs for improvements; and (iii) include a copy of the notice form required by Section 5.014, Property Code." The service plan is described in Section IV of this Service and Assessment Plan. The copy of the notice form required by Section 5.014 of the Texas Property Code, as amended, is attached hereto as Appendix D.

Section 372.014 of the PID Act requires that "an assessment plan must be included in the annual service plan." The assessment plan is described in Section V of this Service and Assessment Plan.

Section 372.015 of the PID Act requires that "the governing body of the municipality or county shall apportion the cost of an improvement to be assessed against property in an improvement district." The method of assessing the costs of the Authorized Improvements and apportionment of such costs to the property in the PID is included in Section V of this Service and Assessment Plan.

Section 372.016 of the PID Act requires that "after the total cost of an improvement is determined, the governing body of the municipality or county shall prepare a proposed assessment roll. The roll must state the assessment against each parcel of land in the district, as determined by the method of assessment chosen by the municipality or county under this subchapter". The Assessment Rolls for the PID are included as Appendix F, Appendix G, Appendix H, Appendix I, Appendix J, Appendix K, Appendix L, Appendix M, and Appendix N of this Service and Assessment Plan. The Assessments, as shown on each applicable Assessment Roll are based on

the method of assessment and apportionment of costs described in Section V of this Service and Assessment Plan.

C. PID Assessment Notice

The PID Act requires that this Service and Assessment Plan and each Annual Service Plan Update include a copy of the notice form required by Section 5.014 of the Texas Property Code. The "PID Assessment Notice" is attached hereto as Appendix D and may be updated in an Annual Service Plan Update.

V. ASSESSMENT PLAN

A. INTRODUCTION

The PID Act requires the City Council to apportion the costs of the Authorized Improvements on the basis of special benefits conferred upon the property because of the Authorized Improvements. The PID Act provides that the costs of the Authorized Improvements may be assessed: (i) equally per front foot or square foot; (ii) according to the value of the property as determined by the governing body, with or without regard to improvements on the property; or (iii) in any other manner that results in imposing equal shares of the cost on property similarly benefited. The PID Act further provides that the governing body may establish by ordinance or order reasonable classifications and formulas for the apportionment of the cost between the municipality and the area to be assessed and the methods of assessing the special benefits for various classes of improvements.

The proposed bond issuance program entails a series of bond financings and/or obligations under the Reimbursement Agreement that are intended to finance and/or reimburse the costs of the public infrastructure required for the development of property within the PID. This financing will necessarily be undertaken in phases to coincide with the private investment and development of the Authorized Improvements. The City previously issued the Phase #1 Bonds, the Phases #2-9 Major Improvement Area Bonds, and the Phase #1 Refunding Bonds to refund the Phase #1 Bonds. The City has also levied assessments on property within Phase #2, Phase #3, Phase #4, Phase #5, Phase #6, and Phase #7 in connection with obligations under the Reimbursement Agreement related to Authorized Improvements. This Service and Assessment Plan is being updated to provide for the Phases #2-9 Refunding and Improvement Bonds and Phases #8-9 Improvement Bonds being issued in 2025 and the levy of Assessments within Phases #8-9.

The purpose of this gradual issuance of bonds in phases is to mirror the actual private development of the Authorized Improvements. The Bonds to be issued are most prudently and efficiently utilized when directly coinciding with construction of public infrastructure needed for private development that is to occur once the infrastructure is completed; it is most effective to issue the Bonds when the infrastructure is needed, not before. Furthermore, there is no economic advantage, and several disadvantages, to issuing debt and encumbering property within the PID prior to the need for the Authorized Improvements.

For purposes of this Service and Assessment Plan, the City Council has determined that the costs of the Authorized Improvements shall be allocated as described below:

1. The Actual Costs of the Authorized Improvements shall be allocated to the Assessed Property on the basis of Equivalent Units calculated using the average home price of each Lot Type once such property is developed, and that such method of allocation will result in the imposition of equal shares of the costs of the Authorized Improvements to Parcels similarly benefited.

2. The City Council has concluded that larger more expensive homes are likely to be built on the larger lots, and that larger more expensive homes are likely to make greater use of and receive greater benefit from the Authorized Improvements. In determining the relative values of Parcels, the City Council has taken in to consideration: (i) the type of development (i.e., residential, commercial, etc.), (ii) single-family lot sizes and the size of homes likely to be built on lots of different sizes, (iii) current and projected home prices provided by the Developer, (iv) the Authorized Improvements to be provided and the estimated costs, and (v) the ability of different property types to utilize and benefit from the improvements.

3. The Assessed Property is classified into different Lot Types as described in Appendix E based on the type and size of proposed development on each Parcel.

4. Equivalent Units are calculated for each Lot Type based on the relative value of each Lot Type.

5. The Actual Costs of the Initial Major Improvements are proportionally allocated to the Phases #2-9 Major Improvement Area Assessed Property and the Phase #1 Assessed Property based on the ratio of total original Equivalent Units calculated for the Phases #2-9 Major Improvement Area Assessed Property and the Phase #1 Assessed Property.

6. The Phases #2-9 Major Improvement Area Assessed Property's proportional share of the costs for the Initial Major Improvements is allocated to each Parcel within the Phase #2, Phase #3, Phase #4, and Phase #5 based on the total 2016 revised Equivalent Units calculated for each Parcel.

7. The Phases #2-9 Major Improvement Area Assessed Property's proportional share of the costs for the Initial Major Improvements (excluding Phase #2, Phase #3, Phase #4, and Phase #5 allocable shared) is allocated to each Parcel within the Phase #6, Phase #7, and Phases #8-9 based on the ratio of the total 2022 revised Equivalent Units calculated for each Parcel of the Phase #6 Assessed Property, Phase #7 Assessed Property, and the Phases #8-9 Assessed Property.

8. The Phases #2-9 Major Improvement Area Assessed Property's proportional share of the costs for the Additional Major Improvements is allocated to each Parcel within the Phases #2-9 Major Improvement Area based on the total 2022 revised Equivalent Units calculated for each Parcel.

9. The Actual Costs of the Phase #1 Improvements are allocated to each Parcel within the Phase #1 Assessed Property based on the total 2016 revised Equivalent Units calculated for each Parcel.

10. The Phase #1 Assessed Property's proportional share of the costs of the Initial Major Improvements are allocated to each Parcel within the Phase #1 Assessed Property based on the total 2016 revised Equivalent Units calculated for each Parcel.

(remainder of this page is intentionally left blank)

11. The Phase #1 Assessed Property's proportional share of the costs of the Additional Major Improvements are allocated to each Parcel within the Phase #1 Assessed Property based on the total 2022 revised Equivalent Units calculated for each Parcel.

12. The Phase #2 Improvements are allocated to each Parcel within the Phase #2 Assessed Property based on the original total Equivalent Units calculated for each Parcel.

13. The Phase #3 Improvements are allocated to each Parcel within the Phase #3 Assessed Property based on the original total Equivalent Units calculated for each Parcel.

14. The Phase #4 Improvements are allocated to each Parcel within the Phase #4 Assessed Property based on the original total Equivalent Units calculated for each Parcel.

15. The Phase #5 Improvements are allocated to each Parcel within the Phase #5 Assessed Property based on the original total Equivalent Units calculated for each Parcel.

16. The Phase #6 Improvements are allocated to each Parcel within the Phase #6 Assessed Property based on the total 2022 revised Equivalent Units calculated for each Parcel.

17. The Phase #6 Assessed Property's proportional share of the costs of the Additional Major Improvements are allocated to each Parcel within the Phase #6 Assessed Property based on the total 2022 revised Equivalent Units calculated for each Parcel.

18. The Phase #7 Improvements are allocated to each Parcel within the Phase #7 Assessed Property based on the total 2022 revised Equivalent Units calculated for each Parcel.

19. The Phase #7 Assessed Property's proportional share of the costs of the Additional Major Improvements are allocated to each Parcel within the Phase #7 Assessed Property based on the total 2022 revised Equivalent Units calculated for each Parcel.

20. The Phases #8-9 Improvements are allocated to each Parcel within the Phases #8-9 Assessed Property based on the total 2022 revised Equivalent Units calculated for each Parcel.

21. The Phases #8-9 Assessed Property's proportional share of the costs of the Additional Major Improvements are allocated to each Parcel within the Phases #8-9 Assessed Property based on the total 2022 revised Equivalent Units calculated for each Parcel.

Table V-A provides the original allocation of costs of the Initial Major Improvements and Phase #1 Improvements. Table V-B provides the allocation of the costs of the Initial Major Improvements to property within Phase #2, Phase #3, Phase #4, Phase #5. Table V-C provides the allocation of the costs of the Initial Major Improvements to Phase #6, Phase #7, and Phases #8-9. Table V-D provides the allocation of the costs of the Additional Major Improvements to property within Phase #1, Phase #2, Phase #3, Phase #4, Phase #5, Phase #6, Phase #7, and Phases #8-9.

This section of this Service and Assessment Plan currently: (i) describes the special benefit received by each Parcel within the PID as a result of the Initial Major Improvements, Additional Major Improvements, Phase #1 Improvements, the Phase #2 Improvements, the Phase #3

Improvements, the Phase #4 Improvements, the Phase #5 Improvements, the Phase #6 Improvements, the Phase #7 Improvements, and the Phases #8-9 Improvements, (ii) provides the basis and justification for the determination that this special benefit exceeds the amount of the Assessments levied or being levied on the Phase #1 Assessed Property, Phases #2-9 Major Improvement Area Assessed Property, the Phase #2 Assessed Property, the Phase #3 Assessed Property, the Phase #4 Assessed Property, the Phase #5 Assessed Property, the Phase #6 Assessed Property, the Phase #7 Assessed Property, and the Phases #8-9 Assessed Property for that property's allocable portion of such improvements, and (iii) establishes the methodologies by which the City Council allocates and reallocates the special benefit of the Initial Major Improvements, Additional Major Improvements, Phase #1 Improvements, the Phase #2 Improvements, the Phase #3 Improvements, the Phase #4 Improvements, the Phase #5 Improvements, the Phase #6 Improvements, the Phase #7 Improvements, and the Phases #8-9 Improvements to Parcels in a manner that results in equal shares of the Actual Costs of such improvements being apportioned to Parcels similarly benefited. The determination by the City Council of the assessment methodologies set forth below is the result of the discretionary exercise by the City Council of its legislative authority and governmental powers and is conclusive and binding on the Developer and all future owners and developers of the Assessed Property.

B. SPECIAL BENEFIT

Assessed Property must receive a direct and special benefit from the Authorized Improvements, and this benefit must be equal to or greater than the amount of the Assessments. The Authorized Improvements are provided specifically for the benefit of the Assessed Property. The Authorized Improvements (more particularly described in line-item format in Appendix B to this Service and Assessment Plan) and the costs of issuance and payment of costs incurred in the establishment of the PID are authorized by the PID Act. These improvements are provided specifically for the benefit of the Assessed Property.

Each owner of the Assessed Property has acknowledged that the Authorized Improvements confer a special benefit on the Assessed Property and has consented to the imposition of the Assessments to pay for the Actual Costs associated therewith. Each of the owners is acting in its interest in consenting to this apportionment and levying of the Assessments because the special benefit conferred upon the Assessed Property by the Authorized Improvements exceeds the amount of the Assessments.

The Authorized Improvements provide a special benefit to the Assessed Property as a result of the close proximity of these improvements to the Assessed Property and the specific purpose of these improvements of providing infrastructure for the Assessed Property. In other words, the Assessed Property could not be used in the manner proposed without the construction of the Authorized Improvements. The Authorized Improvements are being provided specifically to meet the needs of the Assessed Property as required for the proposed use of the property.

The Assessments are being levied to provide the Authorized Improvements that are required for the highest and best use of the Assessed Property (i.e., the use of the property that is most valuable, including any costs associated with that use). Highest and best use can be defined as "the reasonably probable and legal use of property, which is physically possible, appropriately

supported, financially feasible, and that results in the highest value." (Dictionary of Real Estate Appraisal, Third Edition.) The Authorized Improvements are expected to be required for the proposed use of the Assessed Property to be physically possible, appropriately supported, financially feasible, and maximally productive.

The Developer has evaluated the potential use of the property and has determined that the highest and best use of the property is the use intended and the legal use for the property as described in Section II of this Service and Assessment Plan. The use of the Assessed Property as described herein will require the construction of the Authorized Improvements.

The Assessments will repay financing that is on advantageous terms, as the Bonds issued to finance the public improvements will pay interest that is exempt from federal income tax. As a result, all other terms being equal (e.g., maturity, fixed vs. variable rate, credit quality), the tax-exempt bonds will have a lower interest rate than debt that is not tax-exempt. The Bonds also have a longer term than other available financings and may either be repaid or assumed by a buyer at the buyer's option. As a result of these advantageous terms, the financing provided by the PID is the most beneficial means of financing the Authorized Improvements.

Each owner of the Assessed Property will ratify, confirm, accept, agree to and approve; (i) the determinations and finding by the City Council as to the special benefits described in this Service and Assessment Plan and the Assessment Ordinance; (ii) the Service and Assessment Plan and the Assessment Ordinance, and (iii) the levying of Assessments on the Assessed Property. Use of the Assessed Property as described in this Service and Assessment Plan and as authorized by the PID Act requires that Authorized Improvements be acquired, constructed, installed, and/or improved. Funding the Actual Costs of the Authorized Improvements through the PID has been determined by the City Council to be the most beneficial means of doing so. As a result, the Assessments result in a special benefit to the Assessed Property, and this special benefit exceeds the amount of the Assessment. This conclusion is based on and supported by the evidence, information, and testimony provided to the City Council.

In summary, the Authorized Improvements result in a special benefit to the Assessed Property for the following reasons:

1. The Authorized Improvements are being provided specifically for the use of the Assessed Property, are necessary for the proposed best use of the property and provide a special benefit to the Assessed Property as a result;

2. The property owner has consented to the imposition of the Assessments for the purpose of providing the Authorized Improvements and the property owner is acting in its interest by consenting to this imposition;

3. The Authorized Improvements are required for the highest and best use of the Assessed Property;

4. The highest and best use of the Assessed Property is the use of the Assessed Property that is most valuable (including any costs associated with the use of the Assessed Property);

5. Financing of the costs of the Authorized Improvement through the PID is determined to be the most beneficial means of providing for the Authorized Improvements; and,

6. As a result, the special benefits to the Assessed Property from the Authorized Improvements will be equal to or greater than the Assessments.

C. ALLOCATION OF INITIAL MAJOR IMPROVEMENTS TO ASSESSED PROPERTY

The Initial Major Improvements provide a special benefit to all property in the PID. Accordingly, the Actual Costs of the Initial Major Improvements must be allocated throughout all Assessed Property in the District. Table V-A summarizes the allocation of Actual Costs of the Initial Major Improvements to Phase #1 and each Phase within the Phases #2-9 Major Improvement Area.

Phase #1 contains 335 residential units, and the Phases #2-9 Major Improvement Area was, as part of the 2016 development plan update, projected to contain 1,437 residential units as shown in Appendix E on Table E-6 and Table E-8, respectively. As shown in Appendix E on Table E-23, the total projected 2016 revised Equivalent Units for Phase #1 was calculated as 210.80 and the total projected 2016 revised Equivalent Units for the Phases #2-9 Major Improvement Area was calculated as 888.39, as shown on Table E-26. The total projected 2016 revised Equivalent Units in the PID was, therefore, calculated to be 1,099.19 (i.e., 210.80 + 888.39 = 1,099.19). As a result, 19.18 percent of the Actual Costs of the Initial Major Improvements (i.e.,210.80 ÷ 1,099.19 = 19.18%) were allocated to the Phase #1 Assessed Property and 80.82 percent of the Actual Costs of the Initial Major Improvements (i.e., 888.39 ÷ 1,099.19 = 80.82%) were allocated to the Phases #2-9 Major Improvement Area Assessed Property. Table V-A summarizes the original allocation of Budgeted Costs of the Initial Major Improvements to Phase #1 and the Phases #2-9 Major Improvement Area.

Phases #2-9 Major Improvement Area	
Projected total Equivalent Units	888.39
% of total Equivalent Units	80.82%
Proportionate share of costs[1]	$13,578,272

[1]The Phases #2-9 Major Improvement Area share of Initial Major Improvement Costs is $13,578,272, which includes $1,347,708 in estimated bond issuance costs included in the original budget that has subsequently been substituted with other soft and miscellaneous costs.

As shown in Table V-A the total amount of the Actual Costs of the Initial Major Improvements originally allocated to the Phases #2-9 Major Improvement Area was $13,578,272.

Phase #2 contains 360 residential units. As shown in Table E-29 of Appendix E, the original total projected Equivalent Units for Phase #2 was calculated as 214.67. The Phases #2-9 Major Improvement Area was projected to contain 1,437 residential units in the 2016 development plan update, resulting in a total 2016 updated Equivalent Units of 888.39 as shown in Table E-26 of Appendix E. As a result, the percentage used to reallocate the Phases #2-9 Major Improvement Area's share of the Initial Major Improvements applicable to the Phase #2 Assessed Property was calculated as 24.16 percent of the costs of the Phases #2-9 Major Improvement Area Initial Major Improvements (i.e., 214.67 ÷ 888.39 = 24.16%) originally allocated to the Phases #2-9 Major Improvement Area Assessed Property. These costs are applicable to the Phase #2 Assessed Property and were reallocated Phase #2 Assessed Property.

Phase #3 contains 195 residential units. As shown in Table E-31 of Appendix E, the original total projected Equivalent Units for Phase #3 was calculated as 131.67. The Phases #2-9 Major Improvement Area was projected to contain 1,437 residential units in the 2016 development plan update, resulting in a total 2016 updated Equivalent Units was 888.39 as shown in Table E-26 of Appendix E. As a result, the percentage used to reallocate the Phases #2-9 Major Improvement Area's share of the Initial Major Improvements applicable to the Phase #3 Assessed Property was calculated as 14.82 percent of the costs of the Phases #2-9 Major Improvement Area Initial Major Improvements (i.e., 131.67 ÷ 888.39 = 14.82%) originally allocated to the Phases #2-9 Major

Improvement Area Assessed Property. These costs are applicable to the Phase #3 Assessed Property and were reallocated Phase #3 Assessed Property as shown in Table V-B.

Phase #4 contains 9 residential units. As shown in Table E-33 of Appendix E, the original total projected Equivalent Units for Phase #2 was calculated as 5.94. The Phases #2-9 Major Improvement Area was projected to contain 1,437 residential units in the 2016 development plan update, resulting in a total 2016 updated Equivalent Units was 888.39 as shown in Table E-26 of Appendix E. As a result, the percentage used to reallocate the Phases #2-9 Major Improvement Area's share of the Initial Major Improvements applicable to the Phase #4 Assessed Property was calculated as 0.67 percent of the costs of the Phases #2-9 Major Improvement Area Initial Major Improvements (i.e., 5.94 ÷ 888.39 = 0.67%) originally allocated to the Phases #2-9 Major Improvement Area Assessed Property. These costs are applicable to the Phase #2 Assessed Property and were reallocated Phase #2 Assessed Property as shown in Table V-B.

Phase #5 contains 96 residential units. As shown in Table E-36 of Appendix E, the 2021 revised total projected Equivalent Units for Phase #5 is calculated as 72.84. The Phases #2-9 Major Improvement Area was originally projected to contain 1,437 residential units in the 2016 development plan update, resulting in a total 2016 updated Equivalent Units was 888.39 as shown in Table E-26 of Appendix E. As a result, the percentage used to reallocate the Phases #2-9 Major Improvement Area's share of the Initial Major Improvements applicable to the Phase #5 Assessed Property was calculated as 8.20 percent of the costs of the Phases #2-9 Major Improvement Area Initial Major Improvements (i.e., 72.84 ÷ 888.39 = 8.20%) originally allocated to the Phases #2-9 Major Improvement Area Assessed Property. These costs are applicable to the Phase #5 Assessed Property and were reallocated Phase #5 Assessed Property as shown in Table V-B.

As shown in Table V-B, the total Initial Major Improvements allocable to Phases #2-9 Major Improvement Area was $13,578,272 and the specific phase proportional amount allocable to Phase #2, Phase #3, Phase #4, and Phase #5 were $3,281,045, $2,012,462, $90,788, and $1,113,296, respectively. As a result, the total Initial Major Improvements allocable to Phases #2-9 Major Improvement Area remaining to be reallocated to Phase #6, Phase #7, and the Phases #8-9 is $7,080,681 (i.e., $13,578,272 – $3,281,045, – $2,012,462 – $90,788 – $1,113,296 = $7,080,681).

As part of the 2022 development plan update, the Phases #2-9 Major Improvement Area is now projected to contain 1,366 residential units resulting in a total 2022 revised Equivalent Units of 534.07 as shown in Table E-27 of Appendix E. The total 2022 revised Equivalent Units for Phase #2, Phase #3 Phase #4, and Phase #5 are calculated to be 128.56, 77.97, 3.53, and 42.48 as shown in Table E-30, Table E-32, Table E-34, and Table E-36 of Appendix E, respectively. As a result, the Phases #2-9 Major Improvement Area's 2022 revised Equivalent Units applicable to Phase #6, Phase #7, and Phases #8-9 is 281.53 (i.e., 534.07 - 128.56 - 77.97 - 3.53 – 42.48 = 281.53).

Phase #6 contains 257 residential units. As shown in Table E-37 of Appendix E, the total Equivalent Units for Phase #6 is calculated as 83.22. As shown above, the Phases #2-9 Major Improvement Area 2022 revised Equivalent Units applicable to Phase #6, Phases #7 and Phases #8-9, collectively, is 281.03. As a result, the percentage used to reallocate the Phases #2-9 Major Improvement Area's share of the Initial Major Improvements applicable to the Phase #6 Assessed Property is 29.61 percent (i.e., 83.22 ÷ 281.03 = 29.61%).

Phase #7 contains 171 residential units. As shown in Table E-38 of Appendix E, the total Equivalent Units for Phase #7 is calculated as 93.51. As shown above, the Phases #2-9 Major Improvement Area 2022 revised Equivalent Units applicable to Phase #7 and Phases #8-9, collectively, is 281.03. As a result, the percentage used to reallocate the Phases #2-9 Major Improvement Area's share of the Initial Major Improvements applicable to the Phase #7 Assessed Property is 33.27 percent (i.e., 93.51 ÷ 281.03 = 33.27%) as shown in Table V-C.

Phases #8-9 contain 277 residential units. As shown in Table E-39 of Appendix E, the total Equivalent Units for Phases #8-9 is calculated as 104.92. As shown above, the Phases #2-9 Major Improvement Area 2022 revised Equivalent Units applicable to Phase #6, Phase #7 and Phases #8-9, collectively, is 281.03. As a result, the percentage used to reallocate the Phases #2-9 Major Improvement Area's share of the Initial Major Improvements applicable to the Phases #8-9 Assessed Property is 37.11 percent (i.e., 104.30 ÷ 281.03 = 37.11%) as shown in Table V-C.

D. Allocation of Additional Major Improvements to Assessed Property

As shown in Table E-24 and Table E-28 of Appendix E, the 2022 revised total Equivalent Units for Phase #1 and Phases #2-9 Major Improvement Area are calculated as 132.57 and 533.57, respectively, resulting in 666.14 2022 revised total Equivalent Units for the entire PID (i.e., 132.57 + 533.57 = 666.14). As a result, the percentage used to reallocate the Additional Major Improvements applicable to the Phase #1 Assessed Property is calculated as 19.90 percent of the costs of the Additional Major Improvements (i.e., 132.57 ÷ 666.14 = 19.90%) and the percentage

used to reallocate the Additional Major Improvements applicable to the Phases #2-9 Major Improvement Area Assessed Property is calculated as 80.10 percent of the costs of the Additional Major Improvements (i.e., 533.57 ÷ 666.14 = 80.10%) as shown in Table V-D.

As shown in Table E-30 of Appendix E, the 2022 revised total Equivalent Units for Phase #2 is calculated as 128.56. As shown above, the 2022 revised total Equivalent Units for the entire PID is 666.14. As a result, the percentage used to reallocate the Additional Major Improvements applicable to the Phase #2 Assessed Property is calculated as 19.30 percent of the costs of the Additional Major Improvements (i.e., 128.56 ÷ 666.14 = 19.30%) as shown in Table V-D.

As shown in Table E-32 of Appendix E, the 2022 revised total Equivalent Units for Phase #3 is calculated as 77.97. As shown above, the 2022 revised total Equivalent Units for the entire PID is 666.14. As a result, the percentage used to reallocate the Additional Major Improvements applicable to the Phase #3 Assessed Property is calculated as 11.70 percent of the costs of the Additional Major Improvements (i.e., 77.97 ÷ 666.14 = 11.70%) as shown in Table V-D.

As shown in Table E-34 of Appendix E, the 2022 revised total Equivalent Units for Phase #4 is calculated as 3.53. As shown above, the 2022 revised total Equivalent Units for the entire PID is 666.14. As a result, the percentage used to reallocate the Additional Major Improvements applicable to the Phase #4 Assessed Property is calculated as 0.53 percent of the costs of the Additional Major Improvements (i.e., 3.53 ÷ 666.14 = 0.53%) as shown in Table V-D.

As shown in Table E-36 of Appendix E, the 2022 revised total Equivalent Units for Phase #5 is calculated as 42.48. As shown above, the 2022 revised total Equivalent Units for the entire PID is 666.14. As a result, the percentage used to reallocate the Additional Major Improvements applicable to the Phase #5 Assessed Property is calculated as 6.38 percent of the costs of the Additional Major Improvements (i.e., 42.48 ÷ 666.14 = 6.38%) as shown in Table V-D.

As shown in Table E-37 of Appendix E, the total Equivalent Units for Phase #6 is calculated as 83.22. As shown above, the 2022 revised total Equivalent Units for the entire PID is 666.14. As a result, the percentage used to reallocate the Additional Major Improvements applicable to the Phase #6 Assessed Property is calculated as 12.49 percent of the costs of the Additional Major Improvements (i.e., 83.22 ÷ 666.14 = 12.49%) as shown in Table V-D.

As shown in Table E-38 of Appendix E, the total Equivalent Units for Phase #7 is calculated as 93.51. As shown above, the 2022 revised total Equivalent Units for the entire PID is 666.14. As a result, the percentage used to reallocate the Additional Major Improvements applicable to the Phase #7 Assessed Property is calculated as 14.04 percent of the costs of the Additional Major Improvements (i.e., 93.51 ÷ 666.14 = 14.04%) as shown in Table V-D.

As shown in Table E-39 of Appendix E, the total Equivalent Units for Phases #8-9 is calculated as 104.30. As shown above, the 2022 revised total Equivalent Units for the entire PID is 666.14. As a result, the percentage used to reallocate the Additional Major Improvements applicable to the Phases #8-9 Assessed Property is calculated as 15.66 percent of the costs of the Additional Major Improvements (i.e., 104.30 ÷ 666.14 = 15.66%) as shown in Table V-D.

The Additional Major Improvements provide a special benefit to all property in the PID. Accordingly, the Actual Costs of the Additional Major Improvements have been allocated throughout all Assessed Property in the District.

E. ASSESSMENT METHODOLOGY

The Actual Costs may be assessed by the City Council against the Assessed Property so long as the special benefit conferred upon the Assessed Property by the Authorized Improvements equals or exceeds the Assessments. The Actual Costs may be assessed using any methodology that results in the imposition of equal shares of the Actual Costs on Assessed Property similarly benefited.

1. Assessment Methodology for the Phases #2-9 Major Improvement Area

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Phases #2-9 Major Improvement Area Initial Projects financed with the Phases #2-9 Major Improvement Area Bonds and Phases #2-9 Refunding and Improvement Bonds shall be allocated to the Phases #2-9 Major Improvement Area Assessed Property by spreading the entire Assessment across the Parcels within the Phases #2-9 Major Improvement Area based on the estimated number of Equivalent Units anticipated to be developed on each Parcel.

Based on the Actual Costs of the Phases #2-9 Major Improvement Area Initial Projects and the Budgeted Costs of the Phases #2-9 Major Improvement Area Additional Projects and costs incurred in the issuance of the Phase #2-9 Major Improvement Area Bonds and the Phases #2-9 Refunding and Improvement Bonds, as set forth in Table III-A, Table III-B, and Table III-C, the City Council has determined that the benefit to the Phases #2-9 Major Improvement Area Assessed Property from the Phases #2-9 Major Improvement Area Initial Projects and the Phases #2-9 Major Improvement Area Additional Projects and costs incurred in the issuance of the Phases #2-9 Major Improvement Area Bonds and the Phases #2-9 Refunding and Improvement Bonds is at least equal to the Assessments levied on the Phases #2-9 Major Improvement Area Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Lot Type based on the ratio of the Equivalent Unit applicable to each Lot Type at the time residential Lots are platted to the total Equivalent Units of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council. As part of the determination as to the ability of different Lot Types to utilize and benefit from the Authorized Improvements, the City Council has taken into consideration that larger, more expensive homes, on average, will create more vehicle trips and greater demands for water and wastewater consumption, and larger, more expensive homes are likely to be built on larger, more valuable lots placing greater demand on the Authorized Improvements.

The Assessment and Annual Installments for each Parcel or Lot located within the Phases #2-9 Major Improvement Area is shown on the Phases #2-9 Major Improvement Area Assessment Roll, attached as Appendix F, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

(remainder of this page is intentionally left blank)

2. Assessment Methodology for Phase #1

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Phase #1 Initial Projects, shall be allocated to the Phase #1 Assessed Property by spreading the entire Assessment across the Parcels within Phase #1 based on the estimated Equivalent Units anticipated to be developed on each Parcel.

Based on the Actual Costs of the Phase #1 Initial Projects and the Actual Costs of the Phase #1 Additional Projects, and costs incurred in the issuance of the Phase #1 Bonds and the Phase #1 Refunding Bonds, as set forth in Table III-D, the City Council has determined that the benefit to Phase #1 Assessed Property from the Phase #1 Initial Projects and the Phase #1 Additional Projects, and costs incurred in the issuance of the Phase #1 Bonds and the Phase #1 Refunding Bonds, is at least equal to the Assessments levied on the Phase #1 Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Lot Type based on the ratio of the Equivalent Unit applicable to each Lot Type at the time residential Lots are platted to the total Equivalent Units of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council. The result of this approach will be that each final residential Lot within a recorded subdivision plat with similar values will have the same Assessment, with larger, more valuable Lots having a proportionately larger share of the Assessments than smaller, less valuable Lots. As part of the determination as to the ability of different Lot Types to utilize and benefit from the Authorized Improvements, the City Council has taken into consideration that larger, more expensive homes, on average, will create more vehicle trips and greater demands for water and wastewater consumption, and larger, more expensive homes are likely to be built on larger, more valuable lots placing greater demand on the Authorized Improvements.

The Assessment and Annual Installments for each Parcel or Lot located within Phase #1 is shown on the Phase #1 Assessment Roll, attached as Appendix G, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

Appendix E shows the detailed calculation of the Assessment per Equivalent Unit and the Assessment for each Lot Type.

3. Assessment Methodology for Phase #2

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Phase #2 Improvements shall be allocated to the Phase #2 Assessed Property by spreading the entire Assessment across the Parcels within Phase #2 based on the estimated Equivalent Units anticipated to be developed on each Parcel.

Based on the Actual Costs of the Phase #2 Initial Projects and the Actual Costs of the Phase #2 Additional Projects and costs incurred in the issuance of the Phases #2-9 Refunding and Improvement Bonds, as set forth in Table III-E and Table-M, the City Council has determined

that the benefit to Phase #2 Assessed Property is at least equal to the Assessments levied on the Phase #2 Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Lot Type based on the ratio of the Equivalent Unit applicable to each Lot Type at the time residential Lots are platted to the total Equivalent Units of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council. The result of this approach will be that each final residential Lot within a recorded subdivision plat with similar values will have the same Assessment, with larger, more valuable Lots having a proportionately larger share of the Assessments than smaller, less valuable Lots. As part of the determination as to the ability of different Lot Types to utilize and benefit from the Authorized Improvements, the City Council has taken into consideration that larger, more expensive homes, on average, will create more vehicle trips and greater demands for water and wastewater consumption, and larger, more expensive homes are likely to be built on larger, more valuable lots placing greater demand on the Authorized Improvements.

The Assessment and Annual Installments for each Parcel or Lot located within Phase #2 is shown on the Phase #2 Assessment Roll, attached as Appendix H, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

4. Assessment Methodology for Phase #3

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Phase #3 Improvements shall be allocated to the Phase #3 Assessed Property by spreading the entire Assessment across the Parcels within Phase #3 based on the estimated Equivalent Units anticipated to be developed on each Parcel.

Based on the Actual Costs of the Phase #3 Initial Projects and the Actual Costs of the Phase #3 Additional Projects and costs incurred in the issuance of the Phases #2-9 Refunding and Improvement Bonds, as set forth in Table III-F and Table-M, the City Council has determined that the benefit to Phase #3 Assessed Property is at least equal to the Assessments levied on the Phase #3 Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Lot Type based on the ratio of the Equivalent Unit applicable to each Lot Type at the time residential Lots are platted to the total Equivalent Units of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council. The result of this approach will be that each final residential Lot within a recorded subdivision plat with similar values will have the same Assessment, with larger, more valuable Lots having a proportionately larger share of the Assessments than smaller, less valuable Lots. As part of the determination as to the ability of different Lot Types to utilize and benefit from the Authorized Improvements, the City Council has taken into consideration that larger, more expensive homes, on average, will create more

vehicle trips and greater demands for water and wastewater consumption, and larger, more expensive homes are likely to be built on larger, more valuable lots placing greater demand on the Authorized Improvements.

The Assessment and Annual Installments for each Parcel or Lot located within Phase #3 is shown on the Phase #3 Assessment Roll, attached as Appendix I, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

5. Assessment Methodology for Phase #4

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Phase #4 Improvements shall be allocated to the Phase #4 Assessed Property by spreading the entire Assessment across the Parcels within Phase #4 based on the estimated Equivalent Units anticipated to be developed on each Parcel.

Based on the Actual Costs of the Phase #4 Initial Projects and the Actual Costs of the Phase #4 Additional Projects and costs incurred in the issuance of the Phases #2-9 Refunding and Improvement Bonds, as set forth in Table III-G and Table-M, the City Council has determined that the benefit to Phase #4 Assessed Property is at least equal to the Assessments levied on the Phase #4 Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Lot Type based on the ratio of the Equivalent Unit applicable to each Lot Type at the time residential Lots are platted to the total Equivalent Units of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council. The result of this approach will be that each final residential Lot within a recorded subdivision plat with similar values will have the same Assessment, with larger, more valuable Lots having a proportionately larger share of the Assessments than smaller, less valuable Lots. As part of the determination as to the ability of different Lot Types to utilize and benefit from the Authorized Improvements, the City Council has taken into consideration that larger, more expensive homes, on average, will create more vehicle trips and greater demands for water and wastewater consumption, and larger, more expensive homes are likely to be built on larger, more valuable lots placing greater demand on the Authorized Improvements.

The Assessment and Annual Installments for each Parcel or Lot located within Phase #4 is shown on the Phase #4 Assessment Roll, attached as Appendix J, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

6. Assessment Methodology for Phase #5

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Phase #5 Improvements shall be allocated to the Phase #5 Assessed Property by spreading the entire Assessment across the Parcels within Phase #5 based on the estimated Equivalent Units anticipated to be developed on each Parcel.

Based on the Actual Costs of the Phase #5 Initial Projects and the Actual Costs of the Phase #5 Additional Projects and costs incurred in the issuance of the Phases #2-9 Refunding and Improvement Bonds, as set forth in Table III-H and Table-M, the City Council has determined that the benefit to Phase #5 Assessed Property is at least equal to the Assessments levied on the Phase #5 Assessed Property

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Lot Type based on the ratio of the Equivalent Unit applicable to each Lot Type at the time residential Lots are platted to the total Equivalent Units of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council. The result of this approach will be that each final residential Lot within a recorded subdivision plat with similar values will have the same Assessment, with larger, more valuable Lots having a proportionately larger share of the Assessments than smaller, less valuable Lots. As part of the determination as to the ability of different Lot Types to utilize and benefit from the Authorized Improvements, the City Council has taken into consideration that larger, more expensive homes, on average, will create more vehicle trips and greater demands for water and wastewater consumption, and larger, more expensive homes are likely to be built on larger, more valuable lots placing greater demand on the Authorized Improvements.

The Assessment and Annual Installments for each Parcel or Lot located within Phase #5 is shown on the Phase #5 Assessment Roll, attached as Appendix K, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

7. Assessment Methodology for Phase #6

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Phase #6 Projects shall be allocated to the Phase #6 Assessed Property by spreading the entire Assessment across the Parcels within Phase #6 based on the estimated Equivalent Units anticipated to be developed on each Parcel.

Based on the Budgeted Costs of the Phase #6 Projects and costs incurred in the issuance of the Phases #2-9 Refunding and Improvement Bonds, as set forth in Tables III-I and Table-M, the City Council has determined that the benefit to Phase #6 Assessed Property is at least equal to the Assessments levied on the Phase #6 Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Lot Type based on the ratio of the Equivalent Unit applicable to each Lot Type at the time residential Lots are platted to the total Equivalent Units of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council. The result of this approach will be that each final residential Lot within a recorded subdivision plat with similar values will have the same Assessment, with larger, more valuable Lots having a proportionately larger share

of the Assessments than smaller, less valuable Lots. As part of the determination as to the ability of different Lot Types to utilize and benefit from the Authorized Improvements, the City Council has taken into consideration that larger, more expensive homes, on average, will create more vehicle trips and greater demands for water and wastewater consumption, and larger, more expensive homes are likely to be built on larger, more valuable lots placing greater demand on the Authorized Improvements.

The Assessment and Annual Installments for each Parcel or Lot located within Phase #6 is shown on the Phase #6 Assessment Roll, attached as Appendix L, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

8. Assessment Methodology for Phase #7

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Phase #7 Projects shall be allocated to the Phase #7 Assessed Property by spreading the entire Assessment across the Parcels within Phase #7 based on the estimated Equivalent Units anticipated to be developed on each Parcel.

Based on the Budgeted Costs of the Phase #7 Projects and costs incurred in the issuance of the Phases #2-9 Refunding and Improvement Bonds, as set forth in Tables III-J and Table-M, the City Council has determined that the benefit to Phase #7 Assessed Property is at least equal to the Assessments levied on the Phase #7 Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Lot Type based on the ratio of the Equivalent Unit applicable to each Lot Type at the time residential Lots are platted to the total Equivalent Units of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council. The result of this approach will be that each final residential Lot within a recorded subdivision plat with similar values will have the same Assessment, with larger, more valuable Lots having a proportionately larger share of the Assessments than smaller, less valuable Lots. As part of the determination as to the ability of different Lot Types to utilize and benefit from the Authorized Improvements, the City Council has taken into consideration that larger, more expensive homes, on average, will create more vehicle trips and greater demands for water and wastewater consumption, and larger, more expensive homes are likely to be built on larger, more valuable lots placing greater demand on the Authorized Improvements.

The Assessment and Annual Installments for each Parcel or Lot located within Phase #7 is shown on the Phase #7 Assessment Roll, attached as Appendix M, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

Based on the Budgeted Costs of the Phases #8-9 Projects and costs incurred in the issuance of the Phases #8-9 Improvement Bonds, as set forth in Tables III-L, the City Council has determined that the benefit to Phases #8-9 Assessed Property is at least equal to the Assessments levied on the Phases #8-9 Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Lot Type based on the ratio of the Equivalent Unit applicable to each Lot Type at the time residential Lots are platted to the total Equivalent Units of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council. The result of this approach will be that each final residential Lot within a recorded subdivision plat with similar values will have the same Assessment, with larger, more valuable Lots having a proportionately larger share of the Assessments than smaller, less valuable Lots. As part of the determination as to the ability of different Lot Types to utilize and benefit from the Authorized Improvements, the City Council has taken into consideration that larger, more expensive homes, on average, will create more vehicle trips and greater demands for water and wastewater consumption, and larger, more expensive homes are likely to be built on larger, more valuable lots placing greater demand on the Authorized Improvements.

The Assessment and Annual Installments for each Parcel or Lot located within Phases #8-9 is shown on the Phases #8-9 Assessment Roll, attached as Appendix N, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

F. ASSESSMENTS

The Assessments for the Phases #2-9 Major Improvement Area, Phase #1, Phase #2, Phase #3, Phase #4, Phase #5, Phase #6, Phase #7, and Phases #8-9 are levied on each Parcel according to the Phases #2-9 Major Improvement Area Assessment Roll, the Phase #1 Assessment Roll, the Phase #2 Assessment Roll, the Phase #3 Assessment Roll, the Phase #4 Assessment Roll, the Phase #5 Assessment Roll, the Phase #6 Assessment Roll, the Phase #7 Assessment Roll, and the Phases #8-9 Assessment Roll attached hereto as Appendix F, Appendix G, Appendix H, Appendix I, Appendix J, Appendix K, Appendix L, Appendix M, and Appendix N, respectively. The Annual Installments of the Assessments will be collected at the times and in the amounts shown on the Assessment Rolls, subject to any revisions made during an Annual Service Plan Update. Non-Benefited Property will not be subject to any Assessments.

G. ADMINISTRATIVE EXPENSES

The cost of administering the PID and collecting the Annual Installments shall be paid for on a pro rata basis by each Parcel based on the amount of Assessment levied against the Parcel. The Administrative Expenses shall be collected as part of and in the same manner as Annual

Installments in the amounts shown on the Assessment Roll, which may be revised based on Actual Costs incurred in Annual Service Plan Updates.

H. Additional Interest Reserve

Pursuant to the PID Act, the interest rate for Assessments that secure a series of Bonds may exceed the actual interest rate per annum paid on the related Bonds by no more than one half of one percent (0.50%). The interest rate used to determine the Assessments which secure a series of Bonds is one half of one percent (0.50%) per annum higher than the actual rate paid on the Bonds (the "Additional Interest Component").

Funds generated by the Additional Interest Component related to the Phase #1 Refunding Bonds, the Phases #2-9 Refunding and Improvement Bonds, and the Phases #8-9 Improvement Bonds are held in reserves held under the applicable Trust Indenture, which may be used to fund the associated interest charged between the date of prepayment of an Assessment and the date on which Phase #1 Refunding Bonds, the Phases #2-9 Refunding and Improvement Bonds, or the Phases #8-9 Improvement Bonds are prepaid, to offset any possible delinquent payments and pay Administrative Expenses provided for in the applicable Trust Indenture.

J. REALLOCATION OF ASSESSMENTS

1. Subdivision

Upon the subdivision of any Parcel, the Assessment for the Parcel prior to the subdivision shall be reallocated among the new subdivided Parcels according to the following formula:

$$A = B \times (C \div D)$$

Where the terms have the following meanings:

A = the Assessment for each new subdivided Parcel
B = the Assessment for the Parcel prior to subdivision
C = the estimated number of Equivalent Units to be built on each new subdivided Parcel
D = the sum of the estimated number of Equivalent Units to be built on all of the new subdivided Parcels

The calculation of the estimated number of Equivalent Units to be built on a Parcel shall be performed by the Administrator and confirmed by the City Council based on the information available regarding the use of the Parcel. The estimate as confirmed shall be conclusive. The number of Equivalent Units to be built on a Parcel may be estimated by net land area and reasonable density ratios.

The sum of the Assessments for all newly subdivided Parcels shall equal the Assessment for the Parcel prior to subdivision. The calculation shall be made separately for each newly subdivided Parcel. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation and to the extent the reallocation would exceed such amount, it shall be prepaid by such amount by the party requesting the subdivision of the Parcels. Any reallocation pursuant to this section shall be reflected in an Annual Service Plan Update approved by the City Council.

2. Consolidation

Upon the consolidation of two or more Parcels, the Assessment for the consolidated Parcel shall be the sum of the Assessments for the Parcels existing prior to consolidation. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation and to the extent the reallocation would exceed such amount, it shall be prepaid by such amount and related Prepayment Costs by the party requesting the consolidation of the Parcels. Any reallocation pursuant to this section shall be reflected in an Annual Service Plan Update approved by the City Council.

K. MANDATORY PREPAYMENT OF ASSESSMENTS

1. If a Parcel subject to Assessments is transferred to a party that is exempt from the payment of the Assessment under applicable law, or if an owner causes a Parcel subject to Assessments to become Non-Benefited Property, the party making such transfer of such Parcel shall pay to

the City the full amount of the principal portion of the Assessment on such Parcel, plus all Prepayment Costs, prior to any such transfer or act.

2. Payments required as described in Section I or this Section J shall be treated the same as any Assessment that is due and owing under the PID Act, the Assessment Ordinance, and this Service and Assessment Plan, including the same lien priority, penalties, procedures, and foreclosure specified by the PID Act.

L. REDUCTION OF ASSESSMENTS

1. If after all Authorized Improvements to be funded with a series of Bonds and/or an obligation due under the Reimbursement Agreement have been completed and Actual Costs for such Authorized Improvements are less than the Actual Costs or Budgeted Costs of the Authorized Improvements used to calculate the Assessments securing such series of Bonds and/or obligation under the Reimbursement Agreement, resulting in excess Bond proceeds or Assessment Revenues being available to redeem Bonds of such series and/or a need to reduce the related obligation under the Reimbursement Agreement, as the case may be, then the Assessment securing such series of Bonds and/or obligations under the Reimbursement Agreement for each Parcel of Assessed Property shall be reduced by the City Council as described in the applicable Trust Indenture or Reimbursement Agreement such that the sum of the resulting reduced Assessments for all applicable Assessed Properties equals the actual reduced Actual Costs and such excess Bond proceeds or Assessment Revenues shall applied to redeem Bonds of such series, or as provided in the Indenture or to reduce the obligation under the Reimbursement Agreement, as applicable. The Assessments shall not be reduced to an amount less than the related outstanding series of Bonds and/or amounts due under the Reimbursement Agreement. If all of the Authorized Improvements are not completed, the City may, as and if permitted in the applicable Trust Indenture, reduce the Assessments in another method if it determines such method would better reflect the benefit received by the Parcels from the Authorized Improvements completed.

2. If all the Authorized Improvements are not undertaken, resulting in excess Bond proceeds being available to redeem Bonds and/or a need to reduce the obligations under the Reimbursement Agreement, then the Assessments and Annual Installments for each Parcel shall be appropriately reduced by the City Council to reflect only the amounts required to repay obligations under the Reimbursement Agreement and/or to repay the Bonds, including interest on the Bonds and Administrative Expenses, and such excess Bond proceeds shall be applied to redeem Bonds or as described in the applicable Trust Indenture. The City Council may reduce the Assessments and the Annual Installments for each Parcel (i) in an amount that represents the Authorized Improvements provided for each Parcel or (ii) by an equal percentage calculated based on number of units, if determined by the City Council to be the most fair and practical means of reducing the Assessments for each Parcel, such that the sum of the resulting reduced Assessments equals the amount required to repay the Bonds and/or repay the obligations under the Reimbursement Agreement, including interest thereon and Administrative Expenses. The principal portion of the Assessment for each Parcel shall be reduced based on the reduction in the Assessments for each Parcel such that the sum of the resulting reduced principal portion of the Bonds and/or obligations under the Reimbursement

Agreement is equal to the outstanding principal amount of the Bonds and/or the amount outstanding under the Reimbursement Agreement.

M. PAYMENT OF ASSESSMENTS

1. Payment in Full

(a) The Assessment for any Parcel may be paid in full at any time. Such payment shall include all Prepayment Costs. If prepayment in full will result in redemption of Bonds, the payment amount shall be reduced by the amount, if any, of interest through the date of redemption of Bonds and reserve funds applied to the redemption under the Trust Indenture, net of any other costs applicable to the redemption of Bonds.

(b) If an Annual Installment has been billed prior to payment in full of an Assessment, the Annual Installment shall be due and payable and shall be credited against the payment-in-full amount.

(c) Upon payment in full of the Assessment and all Prepayment Costs, the City shall deposit the payment in accordance with the Trust Indenture or applicable reimbursement agreement; whereupon, the Assessment shall be reduced to zero, and the owner's obligation to pay the Assessment and Annual Installments thereof shall automatically terminate.

(d) At the option of the owner responsible to pay an Assessment, the Assessment on any Parcel plus Prepayment Costs related thereto may be paid in part; provided, however, if PID Bonds have been issued, then such payment shall be in an amount sufficient to allow for a convenient redemption of Bonds as determined by the Administrator and approved by the City. Upon the payment of such amounts for a Parcel, the Assessment for the Parcel shall be reduced, the Assessment Roll shall be updated to reflect such partial payment, and the obligation to pay the Annual Installment for such Parcel shall be reduced to the extent the partial payment is made.

2. Payment in Annual Installments

The PID Act provides that an Assessment for a Parcel may be paid in full at any time. If not paid in full, the PID Act authorizes the Assessment to be paid in installments and additionally allows the City to collect interest, Administrative Expenses and other authorized charges in installments. An Assessment for a Parcel that is not paid in full will be collected in Annual Installments each year in the amounts shown on the Assessment Rolls, as updated as provided for herein, which include interest, Administrative Expenses, and payments required for the Additional Interest Component.

To the extent consistent with the PID Act, an owner of Assessed Property claiming that a calculation error has been made in the Assessment Roll(s), including the calculation of the Annual Installment, shall send a written notice describing the error to the City not later than thirty (30) days after the date any amount which is alleged to be incorrect is due prior to seeking any other remedy. The Administrator shall promptly review the notice, and if necessary, meet with the Assessed Property owner, consider written and oral evidence regarding the alleged error and decide whether, in fact, such a calculation error occurred.

If the Administrator determines that a calculation error has been made and the Assessment Roll should be modified or changed in favor of the Assessed Property owner, such change or modification shall be presented to the City Council for approval to the extent permitted by the PID Act. A cash refund may not be made for any amount previously paid by the Assessed Property owner (except for the final year during which the Annual Installment shall be collected or if it is determined there are sufficient funds to meet the expenses of the PID for the current year), but an adjustment may be made in the amount of the Annual Installment to be paid in the following year. The decision of the Administrator regarding a calculation error relating to the Assessment Roll may be appealed to the City Council. Any amendments made to the Assessment Roll(s) pursuant to calculation errors shall be made pursuant to the PID Act.

The decision of the Administrator, or if such decision is appealed to the City Council, the decision of the City Council shall be conclusive as long as there is a reasonable basis for such determination. This procedure shall be exclusive and its exhaustion by any property owner shall be a condition precedent to any other appeal or legal action by such owner.

B. TERMINATION OF ASSESSMENTS

Each Assessment shall be extinguished on the date the Assessment is paid in full, including unpaid Annual Installments and Delinquent Collection Costs, if any. After the extinguishment of an Assessment and the collection of any delinquent Annual Installments and Delinquent Collection Costs, the City shall provide the owner of the affected Parcel a recordable "Notice of the PID Assessment Termination".

C. AMENDMENTS

Amendments to the Service and Assessment Plan can be made as permitted or required by the PID Act and under Texas law.

B) Calculation of Equivalent Units

As explained under Section V.A for purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Authorized Improvements shall be allocated to the parcel of the Assessed Property receiving benefit from such Authorized Improvements by spreading the entire Assessment across the Parcels based on the estimated Equivalent Units.

For purposes of this Service and Assessment Plan, the City Council has determined that the Assessments shall be allocated to the Assessed Property on the basis of the average home value of each Lot Type, and that such method of allocation will result in the imposition of equal shares of the Assessments on Parcels similarly benefited. In determining the average home value of each Lot Type, the City Council has taken into consideration (i) the type of Lots (i.e., One-acre, 100 Ft, etc.); (ii) current and projected home prices; (iii) the costs of the Authorized Improvements, and (iv) the ability of different property types to utilize and benefit from the Authorized Improvements. Having taken into consideration the matters described above, the City Council has determined that allocating the Assessments among Parcels based on average home value is best accomplished by creating classifications of benefited Parcels based on the "Lot Types" defined above. These classifications from Lot Type 1 (One-acre Lots) representing the highest value to Lot Type 9 (35 Ft Lot) representing the lowest value for residential lots are set forth in Table E-21. Assessments are allocated to each Lot Type on the basis of the average home value for each class of Lots. This

is accomplished by giving each Lot Type an Equivalent Unit factor. Equivalent Units are the ratio of the average value of lots within each assessment class, setting the Equivalent Unit factor for Lot Type 1 (One-acre Lots) to 1.0.

Table E-19 shows the original Equivalent Unit factors within the PID that were used to allocate the Initial Major Improvements between Phase #1 and Phases #2-9 Major Improvement Area, as well as reallocate the Phases #2-9 Major Improvement Area share of the Initial Major Improvements, to Phase #2, Phase #3, and Phase #4.

Table E-19
Equivalent Unit Factors - Original

Lot Type	Estimated Average Unit Value	Equivalent Unit Factor	
Lot Type 1 (One-acre Lot)	$825,000	1.00	per dwelling unit
Lot Type 2 (100 Ft Lot)	$725,000	0.88	per dwelling unit
Lot Type 3 (86 Ft Lot)	$688,000	0.83	per dwelling unit
Lot Type 4 (74 Ft Lot)	$592,000	0.72	per dwelling unit
Lot Type 5 (60 Ft Lot)	$480,000	0.58	per dwelling unit
Lot Type 6 (50 Ft Lot)	$400,000	0.48	per dwelling unit

The Lot Type classifications and Equivalent Unit calculations described above were revised by the City Council in 2021 following additional changes to the development process and the request from the Developer. These classifications were expanded to cover from Lot Type 1 (One-Acre Lot) representing the highest value to Lot Type 6 (50 Ft Lot) representing the lowest value for residential Lots. Equivalent Units are the ratio of the average value of Lots within each assessment class, setting the 2021 updated Equivalent Unit factor for Lot Type 1 (One-Acre Lot) to 1.0.

Table E-20 shows the 2021 revised Equivalent Unit factors within the PID that were used to 1.) include Lot Type 7, 2.) allocate costs of the Phase #5 Improvements, and 3.) reallocate the Phases #2-9 Major Improvement Area's share of the Initial Major Improvements to Phase #5.

Table E-20
Equivalent Unit Factors – 2021 Revised

Lot Type	Estimated Average Unit Value	Equivalent Unit Factor	
Lot Type 1 (One-acre Lot)	$825,000	1.00	per dwelling unit
Lot Type 2 (100 Ft Lot)	$725,000	0.88	per dwelling unit
Lot Type 3 (86 Ft Lot)	$688,000	0.83	per dwelling unit
Lot Type 4 (74 Ft Lot)	$592,000	0.72	per dwelling unit
Lot Type 5 (60 Ft Lot)	$480,000	0.58	per dwelling unit
Lot Type 6 (50 Ft Lot)	$400,000	0.48	per dwelling unit
Lot Type 7 (65 Ft Lot)	$537,000	0.65	per dwelling unit

The Lot Type classifications and Equivalent Unit calculations described above are being revised by the City Council in 2022 following additional changes to the development process, substantial changes to the estimated average home prices and the request from the Developer. These classifications were expanded to cover from Lot Type 1 (One-Acre Lot) representing the highest value to Lot Type 9 (35 Ft Lot) representing the lowest value for residential Lots. Equivalent Units are calculated as the ratio of the average value of Lots within each assessment class, setting the 2022 revised Equivalent Unit factor for Lot Type 1 (One-Acre Lot) to 1.0.

Table E-21 shows the 2022 revised Lot Types and Equivalent Unit factors within the PID that are used to 1.) include Lot Type 8 and Lot Type 9, 2.) allocate Phase #6 Projects, and 3.) allocate the Additional Major Improvements to Phase #1, Phase #2, Phase #3, Phase #4, Phase #5, Phase #6, Phase #7, and Phases #8-9.

C) Original Allocation of Assessments to Lots within Phase #1 (Before Refunding)

As shown in Table E-40, the total amount of the Phase #1 Bonds, which represented the total Assessment originally allocated to all Parcels within Phase #1, was $9,000,000. As shown in Table E-22, there were a total of 334 residential units representing a total of 209.97 estimated original Equivalent Units for the residential development in Phase #1, resulting in an original Assessment per Equivalent Unit of $42,863.27.

The original Assessment per dwelling unit was calculated as the product of (i) $42,863.27 multiplied by (ii) the applicable original Equivalent Unit value for each Lot Type. For example, the original Assessment for a Lot Type 1 (One-Acre Lot) dwelling unit was $42,863.27 (i.e., $42,863.27 × 1.00). The original Assessment for a Lot Type 3 (86 Ft Lot) dwelling unit was $35,576.51 (i.e., $42,863.27 × 0.83). The original Assessment for a Lot Type 4 (74 Ft Lot) dwelling unit was $30,861.55 (i.e., $42,863.27 × 0.72). The original Assessment for a Lot Type 5 (60 Ft Lot) dwelling unit was $24,860.69 (i.e., $42,863.27 × 0.58). The original Assessment for a Lot Type 6 (50 Ft Lot) dwelling unit is $20,574.37 (i.e., $42,863.27 × 0.48). Table E-40 sets forth the original Assessment per dwelling unit for each of the five Lot Types in Phase #1.

F) Original Allocation of Assessments to Lot Types in the Phases #2-9 Major Improvement Area

As shown in Table E-51 the total amount of the Phases #2-9 Major Improvement Area Bonds and obligation under the Reimbursement Agreement, which represents the total Assessment allocated on all Parcels within the Phases #2-9 Major Improvement Area, is $18,150,000. As shown in Table E-25, there were a total of 1,465 residential units representing a total of 909.01 originally estimated Equivalent Units for the residential development in the Phases #2-9 Major Improvement Area, resulting in an original Assessment per Equivalent Unit of $19,966.78.

The original Assessment per dwelling unit was calculated as the product of (i) $19,966.78 multiplied by (ii) the applicable original Equivalent Unit value for each Lot Type. For example, the original Assessment for a Lot Type 1 (One-Acre Lot) dwelling unit was $19,966.78 (i.e.,

$19,966.78 × 1.00). The original Assessment for a Lot Type 2 (100 Ft Lot) dwelling unit was $17,570.76 (i.e., $19,966.78 × 0.88). The original Assessment for a Lot Type 3 (86 Ft Lot) dwelling unit was $16,572.42 (i.e., $19,966.78 × 0.83). The original Assessment for a Lot Type 4 (74 Ft Lot) dwelling unit was $14,376.08 (i.e., $19,966.78 × 0.72). The original Assessment for a Lot Type 5 (60 Ft Lot) dwelling unit was $11,580.73 (i.e., $19,966.78 × 0.58). The original Assessment for a Lot Type 6 (50 Ft Lot) dwelling unit was $9,584.05 (i.e., $19,966.78 × 0.48). G) 2016 Revised Allocation of Assessments to Lot Types in the Phases #2-9 Major Improvement Area

As shown in Table E-54 the total amount of the Phases #2-9 Major Improvement Area Bonds and obligation under the Reimbursement Agreement, which represents the total Assessment allocated on all Parcels within the Phases #2-9 Major Improvement Area, is $18,150,000. As shown in Table E-26, there were a total of 1,437 residential units representing a total of 888.39 estimated 2016 revised Equivalent Units for the residential development in the Phases #2-9 Major Improvement Area, resulting in a 2016 revised Assessment per Equivalent Unit of $20,430.22.

The 2016 revised Assessment per dwelling unit was calculated as the product of (i) $20,430.22 multiplied by (ii) the applicable original Equivalent Unit value for each Lot Type. For example, the 2016 revised Assessment for a Lot Type 1 (One-Acre Lot) dwelling unit was $20,430.22 (i.e., $20,430.22 × 1.00). The 2016 revised Assessment for a Lot Type 2 (100 Ft Lot) dwelling unit was $17,978.59 (i.e., $20,430.22 × 0.88). The 2016 revised Assessment for a Lot Type 3 (86 Ft Lot) dwelling unit was $16,957.08 (i.e., $20,430.22 × 0.83). The 2016 revised Assessment for a Lot Type 4 (74 Ft Lot) dwelling unit was $14,709.76 (i.e., $20,430.22 × 0.72). The 2016 revised Assessment for a Lot Type 5 (60 Ft Lot) dwelling unit was $11,849.53 (i.e., $20,430.22 × 0.58). The 2016 revised Assessment for a Lot Type 6 (50 Ft Lot) dwelling unit was $9,806.50 (i.e., $20,430.22 × 0.48). Table E-54 sets forth the 2016 revised Assessment per dwelling unit for each of the six Lot Types in the Phases #2-9 Major Improvement Area.

As shown in Table E-63 the total amount of the Phases #2-9 Refunding and Improvement Bonds, which represents the total Assessment allocated on all Parcels within the Phases #2-9 Major Improvement Area, is $11,515,000. As shown in Table E-28.2, there were a total of 1,251 residential units representing a total of 488.06 estimated 2024 revised Equivalent Units for the residential development in the Phases #2-9 Major Improvement Area, resulting in an original Assessment per Equivalent Unit of $23,593.41.

The updated Assessment per dwelling unit was calculated as the product of (i) $23,593.41 multiplied by (ii) the applicable 2024 revised Equivalent Unit value for each Lot Type. For example, the updated Assessment for a Lot Type 1 (One-Acre Lot) dwelling unit is $23,593.41 (i.e., $23,593.41 × 1.00). The updated Assessment for a Lot Type 2 (100 Ft Lot) dwelling unit is $15,335.72 (i.e., $23,593.41 × 0.65). The updated Assessment for a Lot Type 3 (86 Ft Lot) dwelling unit is $11,560.77 (i.e., $23,593.41 × 0.49). The updated Assessment for a Lot Type 4 (74 Ft Lot) dwelling unit is $10,145.17 (i.e., $23,593.41 × 0.43). The updated Assessment for a Lot Type 5 (60 Ft Lot) dwelling unit is $8,021.76 (i.e., $23,593.41 × 0.34). The 2022 revised Assessment for a Lot Type 6 (50 Ft Lot) dwelling unit is $6,842.09 (i.e., $23,593.41 × 0.29). The updated Assessment for a Lot Type 7 (65 Ft Lot) dwelling unit is $8,729.56 (i.e., $23,593.41 × 0.37). The 2024 revised Assessment for a Lot Type 8 (40 Ft Lot) dwelling unit is $5,662.42 (i.e., $23,593.41 × 0.24). The updated Assessment for a Lot Type 9 (35 Ft Lot) dwelling unit is $5,426.48 (i.e., $23,593.41 × 0.23). Table E-60 sets forth the updated Assessment per dwelling unit for each of the nine Lot Types in the Phases #2-9 Major Improvement Area.

There are a total of 93 residential units representing a total of 69.70 estimated 2022 revised Equivalent Units for the residential development in Phase #5, resulting in an updated Assessment per Equivalent Unit of $34,361.55.

The updated Assessment per dwelling unit was calculated as the product of (i) $34,361.55 multiplied by (ii) the applicable 2022 revised Equivalent Unit value for each Lot Type. For example, the updated Assessment for a Lot Type 3 (86 Ft Lot) dwelling unit is $28,520.09 (i.e., $34,361.55 × 0.83). The updated Assessment for a Lot Type 7 (65 Ft Lot) dwelling unit is $22,335.01 (i.e., $34,361.55 × 0.65). Table E-96 sets forth the original Assessment per dwelling unit for each of the two Lot Types in Phase #5.

Re:	Interlocal Agreement with Celina ISD for the Southeast Pump Station Transmission Waterline

---

Action Requested:
Consider and act to authorize an Interlocal Agreement with the Celina Independent School District for the installation of the Southeast Pump Station Transmission Waterline. (Glasgow)

Background Information:
On July 11, 2023, the City Council awarded a design contract to Freese and Nichols (FNI) for the design of the Southeast Pump Station and waterline. Currently, the City of Celina operates two pressure planes - high and low. The two systems are tied together at the Celina Road pump station, which causes inefficiencies in the water system. The new project will separate the two pressure planes to function independently of each other. The Southeast pump station and water line will construct a new pump station, ground storage tank, and series of new water lines along Glendenning Parkway from FM 428 to the Coit Road elevated storage tower to allow the high-pressure plane to operate independently of the low-pressure plane in the City of Celina.

As part of the project, a 42-inch water line will be installed along the entire southern and western boundaries of the Celina ISD Middle School #2 property. The current CISD construction schedule for the middle school will open the school in the Fall of 2026. The City's current construction schedule will not complete the water line before the school opens. If the city continues with the current construction schedule, heavy equipment will operate on the school campus while the school is in session, which does not benefit CISD or the City of Celina. The proposed agreement will allow Celina ISD's Construction Manager at Risk (CMAR) for the middle school to construct the 42-inch transmission waterline on the Middle School #2 property while the campus is still under construction, thereby eliminating the impact and disruption to the school site after it opens. CISD will also grant the city a 50' wide utility easement at no cost as part of the agreement. The

CISD CMAR is required by statute to follow the same process as a city CMAR.

Celina ISD School District approved the agreement on December 17, 2024.

Re:	Partnership Agreement with SBG Hospitality

Action Requested:
Consider and act to authorize a Partnership Agreement with SBG Hospitality, for two events located on Celina's Downtown Square in March 2025 and March 2026. (Monaco)

Background Information:
The City of Celina is seeking to secure a two-year Partnership Agreement with SBG Hospitality to host two significant events in March 2025 and March 2026 on the Downtown Square. SBG Hospitality is a well-respected event management company known for organizing high-profile events that engage and energize communities. Their portfolio includes a range of successful events such as the ACM County Music Kick-off at the Star, Fall Fest at the Star, Frisco Oktoberfest, McKinney Wine & Music Festival, and more, drawing large crowds and creating opportunities for local businesses.

Through this partnership, SBG Hospitality has secured HEB as the title sponsor for the event. This sponsorship not only supports the event's success but also allows for the development of economic relationships with HEB as the company is introduced to the Celina area. HEB's involvement promises to enhance the event's scope and create opportunities for local businesses, fostering long-term economic growth.

In exchange for waiving the Site Reservation Fee for the Downtown Square, the City of Celina would receive sponsorship credit for the event, showcasing the City's involvement and commitment to fostering community growth and partnerships. This event represents a valuable opportunity to enhance Celina's visibility, build relationships with key sponsors, and provide residents with exciting, engaging community experiences.

Legal Review:
Partnership Agreement has been previously reviewed and approved.

Supporting Documents:

PARTNERSHIP AGREEMENT

City of Celina:

- Will waive the amount of the Site Reservation Fee as part of a two-year agreement to host the Event in the Downtown Square intended to occur in March 2025 and March 2026.

- In exchange for waiving the Site Reservation Fee for the Downtown Square, the City shall be listed as a second-tier sponsor or any higher sponsorship level that aligns with the cost of the Site Reservation Fee for the Downtown Square.

SBG Hospitality:

- Would be responsible for completing the Special Events Permit Application and providing an Emergency Action Plan

- Would be responsible for providing approval traffic control plans, payment for any barricades around the Downtown Square for the safety of the attendees, four electronic message boards to be posted three days in advance, and any additional barricades that the City deems necessary.

PARTNERSHIP AGREEMENT

This **AGREEMENT** ("**Agreement**") is made by and between the CITY OF CELINA, TEXAS ("**City**") and SBG HOSPITALITY ("**Company**"), a premier, woman-owned and operated event production company. City and Company are also each referred to herein as a "Party" or collectively as the "Parties."

WHEREAS, the City is a Home Rule Municipality located in Collin County and Denton County, Texas, created in accordance with the provisions of the Texas Local Government Code and operating pursuant to the enabling legislation of the State of Texas; and

WHEREAS, the Company intends to organize and host an event ("**Event**") on the City's historic Downtown Square ("**Downtown Square**") and has applied for financial assistance from the City of Celina for such Event. The Company has indicated that a Partnership Agreement with the City, including the waiving of certain costs contained in the Master Fee Chart associated with hosting the Event would significantly encourage its decision to hold the Event in Celina. The Partnership Agreement with the City to waive costs of such Event would be in exchange for sponsorship credits; and

WHEREAS, the City intends to waive the amount of the Site Reservation Fee as part of a two-year agreement to host the Event on the Downtown Square intended to occur in March 2025 and March 2026; and

WHEREAS, the City has investigated and determined that the promotion of the Event is a benefit to local residents and encourages tourism and economic development; and

WHEREAS, the City desires to partner with the Company for the promotion and marketing of economic and business development and tourism activities, opportunities, and programs within the City related to the Event; and

NOW THEREFORE, in consideration of the foregoing, and on the terms and conditions hereinafter set forth, the sufficiency of which is hereby acknowledged, the Parties agree as follows:

ARTICLE I
TERM

The term ("**Term**") of this Agreement shall begin on the date of the last of the Parties to execute this Agreement (the "**Effective Date**") and continue until and through March 2026.

ARTICLE II
AFFIRMATIVE COVENANTS

2.1 **Affirmative Covenants of City**. The City will waive the Site Reservation

Fee for the Downtown Square as established in the City of Celina Master Fee Chart approved by the Celina City Council, as part of a two-year agreement for one (1) Event scheduled for March 2025 and March 2026. This Agreement does not guarantee a specific date for the Event and the City will not be held liable for any costs associated with the Event.

2.2 **Affirmative Covenants of Company**.

(A) In exchange for the City waiving the Site Reservation Fee for the Downtown Square, the Company shall consider the City as a second-tier Sponsor, and any higher sponsorship level that aligns with the cost of the Site Reservation Fee for the Downtown Square. The Company agrees to include the City in any marketing materials under such partnership.

(B) The Company will be responsible for completing the Special Events Permit Application and all of the necessary applications and/or processes within the Special Events Guidelines as approved by the Celina City Council. The Company will be responsible for complying with any and all applicable ordinances of the City.

(C) The Company will be responsible for providing approved traffic control plans and for payment of any barricades around the Downtown Square for the safety of the participants, attendees, and public safety officials. The Company will be responsible for the payment of four (4) Electronic Message Boards that will inform the public of an Event occurring within three (3) days prior to the agreed upon date. The Company will be responsible for the payment of any additional barricades that will be required by the City in order to provide a safe Event for the participants, attendees, and public safety officials.

(D) The Company will coordinate staff, contractors, and/or volunteers as available to assist in set-up, operations, load out, and clean-up efforts related to the Event

and return the premises of the Downtown Square to its original state before the Event occurred. The Downtown Square is made available to the Company "as is" and "with all faults", and the City makes no representation or warranty of any kind, express or implied, with respect to the Downtown Square, including habitability, fitness or suitability for a particular purpose. CITY HEREBY DISCLAIMS ANY AND ALL IMPLIED WARRANTIES, INCLUDING IMPLIED WARRANTIES OF HABITABILITY, FITNESS OR SUITABILITY FOR A PARTICULAR PURPOSE. THE COMPANY ACKNOWLEDGES THAT NEITHER THE CITY NOR ANY OFFICIALS, OFFICERS, AGENTS, REPRESENTATIVES, EMPLOYEES OR ANY OTHER AUTHORIZED THIRD PARTIES FOR WHOM THE CITY IS LEGALLY RESPONSIBLE HAS MADE ANY REPRESENTATION OR WARRANTY WITH RESPECT TO THE DOWNTOWN SQUARE OR THE SUITABILITY OF THE DOWNTOWN SQUARE FOR THE PURPOSE HEREIN INTENDED. BY OCCUPYING AND/OR USE OF THE DOWNTOWN SQUARE, THE COMPANY IS DEEMED TO HAVE ACCEPTED THE DOWNTOWN SQUARE AS SUITABLE FOR ITS PURPOSES.

(E) The Company will be responsible for all costs associated with the Event. The costs associated with the Event may include required Fire, Police, and Emergency Services. The Company agrees to pay for all additional municipal fees, including the Special Events Permit Application Fee as established in the Special Events Guidelines approved by the Celina City Council and non-related City Services at agreed-upon costs with those contractors.

(F) No later than 60 days before the Event, the Company will provide to the City a Special Events Permit Application and turn in all required submittals no later than 30 days prior to the Event, or as otherwise required by the City’s Code of Ordinances. The Company will adhere to the rules and regulations set forth in Article 1.12 Special Events, as amended, of the Celina Code of Ordinances. The Company will consult with the City

in the performance and/or the development of an Emergency Action Plan if the City determines that such modifications are in the interest of public health, safety, and welfare. In its discretion, the City may, but is not required to, waive or reduce the amount of time the Company can provide the Special Events Permit Application and all required submittals. Such a waiver or reduction in required time shall be provided for in writing as either an Addendum, Supplement, or an Amendment.

(G) Company agrees that the City shall have the right to market the Event as part of the City's updates to the community-at-large under this Agreement, including, but not limited to, the City's social media pages on various platforms, website announcements, resident newsletters, and other general announcements at City-hosted meetings and/or other City events.

(H) Company shall not have an uncured breach of this Agreement or any other agreement by and between Company and the City.

(I) Company shall hold insurance in amounts sufficient to reasonably cover any and all liabilities at the Event as specified in the Special Events Guidelines, or in amounts otherwise as required by the City under Chapter 1, Article 12, Division 3, under Section 1.12.097, and/or as lowered, increased, or waived by the City under the same section. The City reserves the right to review the insurance requirements initially required of Company and to adjust coverages and limits when deemed necessary and prudent by the City.

ARTICLE III

3.1 This Agreement may be terminated upon any one of the following:

(A) By either the City or the Company for any reason upon ninety (90) days advance written notice to the other Party;

(B) By mutual written agreement of the Parties;

(C) By City or Company, respectively, if the other Party defaults or breaches any of the terms or conditions of this Agreement in any material respect and such default or breach is not cured within thirty (30) days after written notice thereof by the City or Company, as the case may be;

iii. The filing of any lawsuit by Company against the City;

iv. If any applicable permits required for the Event and issued by the City are

revoked or expire, and Company fails to make reasonable efforts to obtain new permits, as determined by the City and such default is not cured by Company within thirty (30) days after written notice thereof; or

v. Any failure to adhere to the permit approval process as established by the Special Event Guidelines, as approved and amended by the Celina City Council, shall be deemed non-compliant with the City's regulatory framework. Such noncompliance may result in the denial, revocation, or suspension of permits, as well as any other remedies authorized under the City ordinance.

(E) Expiration of the Term, or any subsequent renewal of the Term.

ARTICLE IV
FORCE MAJEURE

4.1 Company and City will not be in breach or in default under this Agreement on account of, and will not be liable to the other Party for, any delay or failure to perform its obligations under this Agreement by reason of fire, earthquake, flood, explosion, strike, riot, war, terrorism, mass contagion or epidemic, or other similar event beyond the Party's reasonable control (each a "**Force Majeure Event**").
